

A Killer 1781

Chapter 1781: Weird situation

Just when he was thinking about it all by himself, a terrifying scene suddenly appeared.

I saw the Duguxie who was originally like a dead corpse and the ghost servant lying on the bed, but they didn't know what was going on, they straightened up suddenly.

At the same time, the eyes that had been closed tightly opened suddenly at this moment.

It's just that there is no human emotion in their eyes, and there is just a feeling of emptiness.

At the moment when Duguxie and the ghost servant suddenly straightened up, Anan only felt how cold his back was...as if there was something ominous behind it.

Suddenly looking back, my God, I don't know when, the Duguxie and the ghost servant stood motionless behind him just like a dead person, and at the same time two pairs of godless eyes stared at them unblinkingly. Hold him.

Scary and weird.

After Na Anan turned his head, he suddenly saw such a horrible scene and screamed for a moment.
what

With a scream, he quickly backed away, and at the same time opened his horrified eyes, looking at the two dead corpses and the ghost servants.

However, after the Duguxie and the ghost servant stood up in such a daze, they did not speak, nor did any other actions. They just lifted their hollow hands and looked around the room, as if they were Looking for something... Then the two of them walked stiffly to the outside of the room.

Acts like zombies.

Anan was stunned for an instant when he stared at the two guys stiffly walking out.

"Oh my God, how did they wake up?"

"Also, how do they say a word? And how do their eyes look more terrifying than dead people?"
Thinking of this, Anan felt an unprecedented sense of fear in his heart.

"No, looking at what they looked like just now, they seem to be looking for something?" Anan said inwardly.

After thinking this way in his mind, Anan felt more and more strange.

He knew that the Duguxie and the ghost servant were both poisoned by the puppet of the **** gate master, but Anan didn't know why the two were so sober and their expressions like zombies.

In order to understand the mystery of the happy, Anan quickly followed, he wanted to see what Duguxie and the ghost servant were doing!

But he said that when Anan quickly followed from behind, the Duguxie and the ghost servant were still walking there like zombies, dong, dong.

The steps are extremely heavy, and the actions are dull.

It was as if the two of them were completely unaware and were completely dominated by others.

The limbs of the two of them were stiff, and they looked very awkward every step of the way. At the same time, they added those hollow eyes at this moment, how to look, how to save the zombie like crawling out of the grave.

But what are they going to do with Duguxie and the ghost servant? No one knows.

All I know is that after they got down the stairs, they turned around and walked towards the dining hall inside the hotel.

There are four or five guys in the dining hall at this moment.

Because this time is a break time, the four or five guys in the dining hall are not busy, just get together to play cards.

But when Duguxie and the ghost servant walked in stiffly, the four or five guys glanced at the two, but they didn't care much... still playing cards there.

But while they were playing cards, they saw that Duguxie and the ghost servant suddenly walked into the dining hall, grabbed the scarlet raw pork beside them and ate them directly, the whole behavior was exactly like a beast.

Eat raw pork?

Gosh!

I saw that Duguxie and the ghost servant behaved like wild animals, grabbing the raw pork and stuffing them into their mouths. The faces, mouths, and hands of the two were covered with blood.

"Hey, hello, look at you..."

"Fuck him, are these two lunatics?" I heard that the few guys in the dining hall who were playing cards were startled when they saw the actions of the Duguxie and the ghost servant, and couldn't help but say there. .

The other guys looked silly at this moment.

"Fuck? People eat raw pork? This is the first time I've seen it."

"Hey, two perverted things."

Just listen to those 5 guys scolding and talking in surprise at the same time.

However, when Anan, who was hiding in the dark, saw this moment, his eyes widened, and he looked at Duguxie and the ghost servant there in disbelief.

But what about the ghost servant and Duguxie? But it was as if he couldn't hear any sound, he just kept holding the raw pork and looking at the stuffed mouth.

"What to do? Brother He...what do these two perverted things do?" One of the guys stared at the guy named He next to him and said.

The grade named Ge He was slightly older than the other four, and he was also looking at the scene in disbelief at this moment.

Suddenly he held the stool under his **** in his hand, and said angrily at the Duguxie and the ghost servant in front of him: "Kill the baby stuff...what the **** is it? You actually eat raw meat...Go, go! Get out."

When Brother He raised the bench in his hand and roared out, the Duguxie and the ghost servant didn't hear them at all, and they continued to hold the **** raw meat and looked at the stuffed mouth.

When the other guys saw that Duguxie and the ghost servant were not moved at all, they suddenly picked up the bench sitting on the ground and stared at the Duguxie and the ghost servant cautiously.

When these guys saw that Duguxie and the ghost servant didn't react at all, they got angry for a moment.

"Brother He, cut these two perverted things..."

"Yes, Brother He, severely teach these two dogs...let them get out."

After these guys said so, Brother He finally couldn't help it.

So he raised the bench in his hand and said, "Okay, give Lao Tzu a hand to teach these two perverted things."

With a roar, but seeing Brother He taking the lead, he slammed the back of the Duguxie with the bench in his hand... and the guy on the other side also lifted the bench and hit the ghost servant.

But after hearing a click, the two benches slammed on the Duguxie and the ghost servant...

The wooden hard bench shattered in an instant... and where about Duguxie and the ghost servant? But he was completely indifferent, as if nothing had happened, still hunched over and continued to eat the raw pork around him.

Looking at the beaten Duguxie and the ghost servant, there was no response at all, and the guys here were completely dumbfounded.

Good deed, what are these two things?

There was no reaction at all when the bench hit them both.

As these guys were stunned, Brother He finally couldn't help but suddenly grabbed the shoulder of Duguxie.

"Fuck me, get out of me." Following Brother He's roar, he suddenly stretched out his fist to hit the Duguxie who was eating raw pork on his stomach.

But seeing that as his fist slammed, the blood-stained face of Duguxie suddenly turned around, and at the same time the godless pupils stared at him unblinkingly...

An unprecedented fear came directly from that brother He's heart, and before he could react, that Duguxie suddenly grabbed the neck of that brother He with one hand, and then twisted vigorously with a click. , Brother He's entire head was directly cut off, and he fell to the ground with a plop, and died.

It was so easily pinched to death by Du Guxie.

Chapter 1782: The police are coming

The rest of the guys saw that their brother He was killed in this way, and suddenly stayed...

"Killed..."

"Killed..." Then they ran out one by one like crazy, screaming uncontrollably while running. .

And what about Duguxie and ghost servants here?

They are still eating raw pork there.

Scarlet blood covered their mouths, hands, and bodies, **** and strange.

When Anan, who was hiding in the dark, saw this shocking scene, his whole body was completely shocked.

Just when he was deeply scared in his heart, suddenly the stiff Duguxie and the ghost servant fell to the ground with a thump... Then the two instantly recovered their previous "death" state... ..

Looking at the Duguxie and the ghost servant who suddenly fell to the ground, Anan who was hiding in the dark was instantly stunned.

"what happened?"

"What happened to the two of them? How could they suddenly fall to the ground?"

Anan thought to herself, while slowly walking out of her hiding place.

Then he cautiously walked towards the Duguxie and the ghost servant who fell on the ground, but saw that the two of them had no consciousness at all, their eyes were closed tightly, just like the previous death state, unconscious.

After seeing this situation, Na Anan was depressed.

Slowly stretched out his hand and touched the body of Duguxie, but saw that Duguxie did not react at all... Then Anan touched the ghost servant on one side with his hand again. The ghost servant is almost the same as Duguxie. People close their eyes tightly, without breathing, and without any signs of being alive.

"Oh my God, how come they are the same again? They died again?" Anan couldn't help muttering there.

Except for the Duguxie and the blood stains on the ghost servant, everything else was exactly the same as before.

"What happened to them?"

"Why did you suddenly wake up just now? And... and... eating raw meat?" Anan couldn't help feeling disgusting and terrifying when he thought of the scene just now.

But in the end he looked carefully at the Duguxie and the ghost servant on the ground.

After a struggle in his mind, Anan finally began to slowly support the Duguxie, and then he began to slowly drag Duguxie's dead body towards the hotel above...

After dragging the body of Duguxie to the top, he began to drag the body of the ghost servant up again.

The two people were like dead people, and they didn't move at all during the dragging process, and they didn't have any breath.

But he said that after Na Anan dragged Duguxie and the ghost servant to the hotel again with difficulty, one of his children was panting and sweating.

At this moment, he was standing at the door. Although he was tired, he didn't care about wiping the sweat on his face. He opened a pair of horrified eyes and stared at the bed without blinking. Duguxie once again "dead" in the past. There are ghost servants.

Because he was scared, afraid that these two weird guys would stand up again for no reason and do some "terrible" things.

After about ten minutes of observing, the Duguxie and the ghost servant still did not move, then Anan finally let go.

He breathed out gently, then gently closed the door again and walked in.

But even though he walked in, his eyes were afraid to leave the bed from beginning to end, because he was afraid that the two would stand up again.

The scene just now was terrible, and now that Anan's heart was still pounding in retrospect, he kept his eyes on the bed over there.

However, Duguxie and ghost servants murdered people have spread.

And the four guys who ran out just now have already called the police very quickly!

In a short while, I heard the hooting of police cars coming downstairs.

After hearing the sound of the police car, Na Anan murmured: No!

"Those people just now must have called the police!"

"What should I do if the police come?" Anan thought hurriedly in his mind, and quickly opened the window to look at the situation below.

But seeing that two police cars had arrived outside the small hotel, and many passers-by were surrounded. Among them, Anan also saw one of the buddies at the time of the incident, with a pale face talking to the policeman on the side.

Upon seeing this situation, Anan didn't know what to do at the moment.

The police have already arrived and the scene has been sealed off. If there is no accident, the police will not find the murderer. They will definitely search the small hotel right now. Today's small hotel is so small and there are only a few rooms. You can find Duguxie and Ghost Servant...

what can we do about it?

What can I do? Anan was walking back and forth in the room with a numb scalp, thinking of a way.

It's a pity that this small hotel has no way at all. Even if there is a way to escape, how could Anan's teenage child take away the two coma and ghost servants like Duguxie and corpse?

In this way, Anan was lost in confusion.

At this moment, I saw 78 plainclothes policemen in the hotel dining hall downstairs. They were looking at the surrounding conditions while looking at the victim's body.

Brother He's body was lying on his back on the ground, his eyes rolled, and his whole person was dead in horror.

After one of the policemen glanced at the body, he looked at one of the buddies and asked, "How was he killed?"

"By two lunatics...by two perverts..." the guy said with horrified eyes.

The policeman became unhappy when he heard it.

"Speak well, what is a lunatic? Pervert?"

"Tell me honestly about the specific situation!!!" the policeman asked angrily.

As the police said this, the guy wiped the cold sweat from his face and said, "That's what happened... Originally, Brother He and a few other brothers were playing cards in this room, and suddenly they were playing cards. Two lunatics came out... After they came in, they got into the place and started eating the raw pork that they just bought from the vegetable market this morning!"

"Huh? What did you say? You said the gangsters eat raw pork?" The policeman asked with a frown and disbelief.

"really."

"We saw it with our own eyes...the two lunatics grabbed the **** raw pork and stuffed it in their mouths..." the guy said.

When the surrounding police heard it, they all frowned slightly, and then all of them appeared disgusting.

"You are not allowed to tell lies? If you tell lies, you will be subject to criminal punishment later." The police thought that the guy was making up and scaring him. .

But seeing that after hearing the police say this, the guy raised his hands and said, "Mr. Policeman, I really didn't lie to you. I told you the truth every word. I'm going to lie to you. I'm thundering."

"If you don't believe me, you can ask my brothers present." The guy said while pointing at the other three guys over there.

But seeing those three guys also nodded vigorously.

After the police saw such a situation, they were astonished: Is it true that the perpetrators were mad? Even daring to eat raw pork...Apart from lunatics and perverts, who else?

Chapter 1783: Weird gringo

"You all remember what the murderer looked like?" Just listen to the policeman continuing to ask.

"Remember, remember."

The guys over there said.

"Tell me, what does the murderer look like?" the policeman asked.

The guys said, "The two lunatics, one of them has only one arm... his face is cold, his eyes are hollow, and the other is wearing a terrible grimace mask... I don't know what it is..."

As these guys said so, the policemen said in amazement: "Hey, is this case really done by abnormal people?"

When the police on their side asked for the news, they saw that there were more and more onlookers around.

Because this area is close to the Bund of Binjiang City, there are still a few foreigners watching it lively.

Among the foreigners, one of the white men was particularly conspicuous.

He is about 185 cm tall, wearing a pale white shirt with a black package slung behind his back, a pair of jewel-like blue eyes with a weird light, and he is looking at the situation around him, inside his ears He even listened to the conversation between the guy and the police.

There is nothing unusual about him in such a attire, but the black **** cross hanging on his neck is indeed quite eye-catching, especially the black cross tattoo on his wrist that was exposed intentionally or unintentionally, which filled him even more. mysterious.

However, he said that he stood there and listened indifferently to the conversation between the policeman and the buddy, and then quickly evacuated from the crowd, and then quickly opened the backpack behind him with one hand, and there was one in his backpack. Portfolio.

After he opened the portfolio, he saw two photos on it. The first one was a man with one hand. His other hand was holding a sword. The sword was a bronze sword! After looking at the photo in front of him, he quickly took the second photo, and then the second photo was quickly taken out by him, but he saw that the second photo showed a man wearing a grimace mask. The remarks below are annotated in English, translated in Chinese, Ghost Servant.

After he looked at the two photos, he suddenly became excited when he saw him.

"Could it be them?"

"Duguxie...there is another ghost servant named mr?" Although his Mandarin is very non-standard, if you listen carefully, you can still hear the foreigner's words.

He unexpectedly knew that Duguxie had ghost servants! ! !

After the foreign white man said this, he quickly squeezed the portfolio and the two photos into his backpack, and then walked into the crowd again to look at the surrounding situation.

But the police over there have already begun to survey the body.

One of the policemen pointed to the victim's corpse and said, "This guy was severely broken by his neck... The technique was neat and clean, and he killed him with one move. You can see that the person who did it was definitely an expert."

After another policeman heard what he said, he said depressed: "It's impossible...According to what they said, the perpetrator is completely a lunatic...How could he be so powerful?"

"If you don't believe me, come and see for yourself."

"There are no other wounds on the corpse of the deceased, only this neck... and I can feel that the other party definitely squeezed his neck with extremely fast hand speed, you see, otherwise his corpse would not go wide. The eyes are full of panic, full of disbelief." The policeman said in that analysis very cleverly.

When the police on the other side heard him say this, they all nodded in agreement.

"Hey, I didn't expect this murderous lunatic to be a practicer!"

"What to do?"

"If there is no accident, the murderer must still be in this small hotel... Now you inform Team Liu and ask him to seal off the entire scene. No one can get out of this hotel..." the policeman said while pointing at Road in front of the small hotel.

After he finished speaking, he came over suddenly, grabbed one of the guys who called the police and said, "Don't you recognize the murderer? From now on you, you follow me, and we search the hotel together. Up and down, we must find the murderer."

After the policeman in front of him said so, the boy's face was as pale and ugly as dead gray.

"What? I want to search with you...but I dare not...I'm afraid...the two lunatics!" the guy said with a distressed expression.

"What are you afraid of? With so many of us by your side, are you still afraid?" the police reprimanded him.

At the moment, the guy has no choice but to bite the bullet and say: "Well, then, then...but you must, you must protect my safety."

"Don't worry, let's go." The policeman gave the boy a push, and then took the other plainclothes policemen behind him and walked towards the hotel.

It seems that they are really ready to search the hotel in front of them.

Under the leadership of the policeman in front of him, he followed five policemen with guns under his hands, so he began to walk towards the stairs, while the guy behind him followed him with his head and tail.

There are only five rooms in this hotel, so it is quite easy to search.

Seeing that the policeman had arrived upstairs at the moment, the policeman in the front motioned to the policemen behind, and then they started searching from here.

After they arrived at the door of the room, they first knocked gently on the very edge of the room, and after knocking on the door, they saw that the door inside opened, and the one who lived in his 30s Woman.

As soon as the police looked down on her, they began to search the second room. There was no one in the second room. After the police opened it forcibly, they found that there was indeed no one inside, so they began to search the third room.

After they arrived in the third room, there was no sound inside. At this moment, there were police officers on the left and right sides of the doorway. After signalling at this moment, they opened the door forcibly with a slam.

As the door opened, I saw a teenager sitting in the room with a pale face.

"A child?" After the police came in, they saw him.

He is none other than Na Anan.

Where is Anan? When I saw that the police had searched in, my face also changed color.

"Hey, boy, why are you alone in this hotel? Are there anyone else besides you?" The policeman in front of you asked, looking at Anan sternly.

Anan was so scared that he hesitated.

"Child, what am I asking you? Why don't you say it?"

While the policeman was questioning, a plainclothes person here suddenly saw two people lying motionless on the left side.

"Team Liu, there are people on the bed here."

As he exclaimed, the man named Liu Team suddenly pointed the gun in his hand while the policemen behind him raised their guns cautiously.

Chapter 1784: Taken away by the police

After they raised their guns and aimed them at the person lying on the bed over there, Anan on this side was stunned.

"Well, why are there two motionless guys lying on this bed?" Team Liu who came over asked in surprise.

Several police officers here also came over curiously at this time, and then looked at them with surprised eyes.

But seeing the guy who brought the police up, he was taking a step forward at this moment, glanced at it, and immediately screamed.

"It's them..."

"It's them."

After the guy's scream came, the policemen here were taken aback, and then they all pointed their guns at the Duguxie and the ghost servant on the bed.

But seeing the two lying there quietly, as if they were in a dead state, without breathing or doing anything.

"The people who killed Brother He were these two lunatics...Hurry up and catch them." The guy at the moment yelled.

The police also walked over and took a look at the Duguxie and the ghost servant on the bed. They both found blood on their bodies.

"Is it really these two people?" The Liu team asked, blinking.

"Team Liu, how do these two people look like a dead person?" When the policeman next to him saw that Duguxie and the ghost servant didn't react at all, he couldn't help but wonder.

As they said this, Team Liu in front of them quickly turned their heads at this moment, and then frowned and walked towards the bed.

Gently pushed the body of the Duguxie and the ghost servant with his hand, and found that there was no reaction at all.

Then he carefully touched the Duguxie and the breath of the ghost servant with his hands... After touching it, he was immediately stunned, because the two did not breathe at all.

"Dead?" A word came out of Team Liu's mouth in shock.

After he said it, the surrounding police were all stunned.

Even the guy over there who was yelling just now was puzzled.

"What? Dead man?"

"Impossible... Just now these two lunatics killed Brother He alive... How could they, how could they die so soon?" The guy said with a face of disbelief.

He just listened to the Liu team staring at him coldly.

"You don't believe it? If you don't believe it, come and see for yourself."

The guy had the courage, and really walked over step by step, and then took a look at the Duguxie and the ghost servant lying on the bed... But seeing the two of them did not react at all, the whole body was stiff like a dead body. After seeing this situation, he was stunned for a moment.

"How could this be?"

"How could these two lunatics suddenly die?"

While he was muttering to himself, Captain Liu and the police around him all turned their eyes to Anan who was sitting in the corner.

"Boy, who are you?"

"Also, how did these two perpetrators die?" I saw Team Liu staring coldly at Anan and asked.

Anan shook his head in fear, and said nothing.

"Boy, if you don't speak anymore, don't blame me for being impolite." Team Liu roared at the moment, and suddenly stretched out a big hand and grabbed Na Anan's neckline.

"Don't tell me? What does these two gangsters have to do with you? How did they die?" I saw Team Liu grabbing Na Anan's collar tightly and asked angrily.

Anan was caught by the neckline, his entire face turned pale in fright, and his mouth suddenly said: "They...they...are my friends..."

"your friend?"

"Hmph, then tell me, how did they die? Also, why did they kill?" Team Liu continued to ask.

But seeing Anan said: "They are not dead."

"What? Not dead?" After hearing Anan's words, the Liu team was startled in surprise.

"Boy, are you talking nonsense with your eyes open? Seeing that they have no breath at all, dare you say that they are not dead?" Team Liu felt that Anan in front of him was completely teasing him, so he was even more annoyed at the moment.

But when Na Anando said: "What I said is true, they really are not dead, they are just poisoned...with an extremely terrible poison."

"Poison?" After hearing what Anan said, the policemen looked at Anan in horror.

"Boy, you have to speak honestly, or there will be a lawsuit against you." Team Liu scared Anan there.

But seeing Anan stubbornly said: "Everything I say is the truth."

When the policemen saw what Anan said in front of them, they were all suspicious at the moment. After all, when Anan said it was serious, it seemed to be true, so the policemen in front of them were also puzzled.

"Team Liu, what should we do now?" One of the policemen over there asked the team Liu in a low voice.

But seeing that Captain Liu thought for a while, he pondered for a moment, and then looked back at Duguxie and the ghost servant who were lying motionless on the bed.

"Take them all to me!"

"I don't believe it, I still can't find out."

Captain Liu finally decided to take away everyone in front of him.

After he said that, the plainclothes policemen over there said: Yes!

Then he took out the handcuffs from his waist one by one, and then buckled Anan, the Duguxie and the ghost servant lying on the bed in front of him, and then led them to the outside of the hotel.

A lot of passersby had gathered outside at this moment, and everyone was watching what happened here.

I saw the white gringle in the crowd staring unblinkingly at the criminal brought by the policeman.

Everyone saw that the police brought out a teenage child, and two dead corpses and ghost servants who were carried by others. They couldn't help but talk about them one by one. stand up.

Only the white man blinked jewel-like blue eyes and stared at the Duguxie and the ghost servant who was carrying on the back of the policeman.

"Keep away, get away..."

Driven by the police, the crowd watching the crowds finally dispersed, and then the police took Anan, the Duguxie and the ghost servant into the car...and then amidst the crowd's discussions, The police car started and drove towards the distance.

And Anan, Duguxie and the ghost servant were taken to the police station.

After they left, the people watching the excitement around here gradually began to disperse.

I saw the guy who brought the police upstairs just now, standing depressed at the door of the hotel, smoking a cigarette with one hand, and smoking a cigarette with the other in his trouser pocket. Everything that happened today It made him too depressed, so his expression looked very ugly. There were a few other guys beside him, who were also the three guys in the dining room with him before.

Chapter 1785: Cold-blooded

But at this moment, I saw the other three guys walking quickly to him.

"What's wrong? Why did the two lunatics lie down? Did they get shot by the police?" the guy next to him asked.

I saw that guy smoked a cigarette and said depressedly: "Shit."

"Damn, I don't know what's going on... Those two **** perverts, after the police arrived, they were lying motionless on the bed like dead people." He said, he couldn't help but twitch. Smoke in the mouth.

what?

"There is such a thing?"

"The two lunatics were fine just now... Did they pretend to be dead?" asked the other guy next to them.

But seeing that the guy threw away half of the cigarette **** in his hand, he spit out and said, "I don't know the fuck..."

"No matter...the man has been taken away by the police anyway. His grandmother's. I didn't expect to be so **** unlucky today. Forget it, I don't want to do it today. I want to go home and rest.

He said as he walked forward.

The three guys behind him looked at him and said, "Hey, are you not going to work today?"

"Last hair...no more, I want to go home and sleep." The man said as he walked into the distance, and the three guys here didn't say much.

But he said that when this guy was walking on his way home, he saw a white man closely following him.

His tracking methods are so sophisticated that the guy in front can't see it at all.

Because the guy lived in a relatively simple house in the city, he did not choose to walk on the street, but turned and walked from the alley on the corner of the street.

When he arrived in the front corner alley, it was basically empty.

Just as this guy was humming a little song in his mouth and was about to turn in front, suddenly a cold hand pinched his neck directly, and then the opponent's elbow hit his chest directly, passing straight through the chest. The sound of a broken rib.

Hearing a scream instantly came out of his mouth, and then a cold hand directly covered his mouth, and then pushed his body directly against the cold wall in the alley.

In the face of such a sudden terrorist attack, the guy only felt his chest was about to crack, and a knife-stinging sensation surged from his heart, but the other party covered his mouth and made no sound at all.

"Don't speak out, speak out again, I will kill you." A non-standard Mandarin came out of his mouth.

At this time, the man opened his bloodshot eyes and saw the person in front of him.

The man holding him in front of him is a foreigner... tall, strong, and his eyes are vicious.

After seeing the inexplicable attack, the guy nodded in fright.

"Okay, let me ask one question, and answer one question. If you dare to lie...I will kill you," the foreigner continued coldly.

But seeing the guy nodding desperately, the pain of broken bones came from inside his chest, and tears flowed down his eyes.

"I ask you, do you know the two people who were taken away by the police?" The white man suddenly asked indifferently.

But seeing that guy shook his head with a pained expression on his face.

"I'll ask you again, why are those two people like dead bodies? Aren't they the ones who killed you?"

As the white man asked, the guy opened his mouth and said in pain: "I...I...actually don't know...I only know that those two people are like lunatics... As for why they lie suddenly The bed is motionless, I really don't know."

Listening to his painful words, the white man was slightly startled.

"Please... please... let me go... I really don't know anything..."

After he said these words, he saw a fierce killing light suddenly appeared in the white man's eyes, and then his right hand quickly took out a silver needle from his pocket. The needle was filled with black liquid. Before that guy could react, the needle was directly inserted into his neck.

As the black liquid from the needle was injected into the guy's body, the guy's entire face turned into a dead black color, and then the whole person was mad in the uncontrollable spasms, choked, and spit out from his mouth. A mouthful of white foam... Those eyes stared like he was about to bleed. After two seconds of violent struggle, his head tilted and he died directly in the corner.

After the white man got rid of the guy in front of him neatly, he didn't even glance at the corpse in front of him, then turned and left the place in front of him.

Cruel and cold-blooded.

After he turned and left the alley, he took out a cell phone from his arms and made a call.

The phone rang after a few beeps, and then he communicated briefly with the other party in a low voice in English.

After speaking a few words, he immediately hung up the phone, and hurriedly left the scene of the incident.

And what about that guy? He died here for no reason.

North China Field Army Military Region.

When Li Tian, who had been in a coma for almost a day and a night, woke up, he only felt his whole head violently noisy, and he could still feel faint tingling sensations in his chest.

However, in the end he slowly opened his eyes.

The first moment he opened his eyes, he saw Situ Ningbing lying next to him on his hospital bed.

In the empty room, Situ Ningbing was the only one lying beside him tiredly.

Li Tian was not only taken aback when he saw Situ Ningbing.

"Where did I get here? How could Ningbing be here?"

"Have I been brought back by my brothers?"

Then Li Tian glanced at the shape of the surrounding houses, and he understood at once, it seemed that he had already arrived in the North China Field Army.

After thinking like this in his mind, he began to look at his beloved Situ Ningbing, and when he looked at her, Li Tian felt a warm feeling in his heart.

I haven't seen Ningbing for a long time. Of course, Li Tian missed her ten thousand in his heart. Looking at her exquisite face, Li Tian couldn't help but stretch out a hand and caress gently. Her face.

As he gently stretched out his hand to touch the delicate face of Situ Ningbing, Situ Ningbing suddenly became sober, and her beautiful eyes opened in an instant.

"Li Tian, are you awake?" An excited exclamation suddenly called out from Situ Ningbing's mouth.

Li Tian looked at him and smiled softly.

"Yep."

"Great, you are finally awake." Situ Ningbing said, clutching Li Tian's arm tightly.

"Sorry for making you worried." Li Tian looked at Situ Ningbing and said sincerely.

Chapter 1786: Conversation between grandpa and grandson

Situ Ningbing shook his head slightly: "It's okay, as long as I look at you safe and sound, I will be 10,000 happy."

"Silly girl."

"By the way, how about Xiaolong and my brothers?" Li Tian had difficulty getting up because his body hadn't fully recovered yet, but with the help of Situ Ningbing, he slowly straightened up.

After sitting up against the bed, Situ Ningbing told him: "Xiaolong and your brothers are all outside."

"Oh, then tell them to come in." Li Tiandao.

Situ Ningbing said hello, and then went outside to call the brothers.

On the corridor outside, Tang Xiaolong, Xue Wuhen, and Chen Qiaozhi were indeed guarding them.

When Situ Ningbing said that Li Tian was awake, he ran in one by one with excitement.

"Little boss..."

"My God."

"My son, you are finally awake..."

With the cry, he saw a heavy white bandage on his shoulders, and all the brothers ran in quickly and said excitedly.

Li Tian looked at the unharmed brothers and smiled slightly: "I'm fine."

"Little boss, we are not good, every time it hurts you... you hurt and suffer for us." Tang Xiaolong said suddenly full of guilt in his heart.

"Fool, don't say that."

"Are we brothers? If we are brothers, never tell me this." Li Tiandao.

Listening to Li Tian's words, Tang Xiaolong's eyes were almost red, but he was a big man after all, so he forced himself to endure his tears of excitement, and then gave a good grace.

"Li Tian, you finally wake up... Hey, everyone is worried about you, especially your grandfather." Chen Qiaozhi said there.

Li Tianyi heard his grandfather, and a feeling of affection suddenly rose from his heart.

"Yeah, how is my grandpa? I heard that his health is getting worse..." Li Tian said suddenly in pain.

"I want to see my grandfather, I want to see his old man." Li Tian suddenly stubbornly got off the bed.

But seeing the brothers quickly stopped him.

"Little boss, you just woke up, and your body is very weak, so should you take a good rest?" But Tang Xiaolong, who was seeing him, persuaded him.

But what about Li Tian? But stubbornly shook his head.

"No, I must see my grandpa... I miss him."

Li Tian has lived for so many years, and the only relatives he saw are his grandfather and his aunt. Now Li Tian has come alive several times, and the feeling of family affection is more deeply ingrained in his heart, so he is sober at this moment. I want to see my grandpa.

After seeing Li Tian being so stubborn, the brothers were of no avail.

So I saw my brothers saying: "Since the little boss insists on seeing Commander Mu, let's help the little boss."

Tang Xiaolong said, holding Li Tian like a cane while Xue Wuhen held Li Tian on the other side.

So with the help of the brothers, I saw Li Tian walking step by step towards the headquarters.

He wants to see his grandfather, see old commander Namu.

However, he said that during the period when Li Tian was in a coma, Commander Mu sent guards to ask about his grandson almost every two or three hours. At this moment, Commander Mu was

really worried about Li Tian's safety yesterday. I rested very late, and now I am resting on my stomach alone in the study.

He said that it was only at this moment, but he saw Li Tianbei brothers walking in from the outside with their support.

When he saw Commander Mu lying on his back in the study, Li Tian felt distressed. Then he motioned to Tang Xiaolong and Xue Wuhen to let him go, and then waved to the brothers behind him. , Motioned them out.

After seeing Li Tian's actions, Tang Xiaolong and his brothers all understood in their hearts that Li Tian would be alone with his grandfather for a while, so they nodded silently, and then walked out one by one.

After the brothers left, Li Tian walked into his grandfather's study with difficulty.

When he saw his grandfather's snow-white hair, Li Tian felt a heartache in his heart.

He did not directly wake up the old Commander Mu in front of him, but slightly took a military green coat from one side, and then gently lifted it towards the old Commander Mu.

After Li Tian took the military coat and put it gently on his grandfather's body, Commander Mu suddenly became sober.

When he was awake, he suddenly saw the military coat he was wearing, and then he saw Li Tian next to him in a blink of an eye.

I saw Li Tian looking at him with a smile.

"Grandpa..."

Following this grandpa's call out, Commander Mu suddenly stood up with excitement.

"Tian'er...you, you, are you sober?"

"Have you recovered?" Commander Mu asked in surprise as he looked at Li Tianzai at this moment in disbelief.

But seeing Li Tian there smiled and nodded: "I don't have any serious problems."

"Okay, great..."

"Hey, I'm worried about my dead grandfather... as long as you are awake, so awake is good, then grandpa is more than minded." Commander Mu said, even his voice became a little choked.

"Grandpa, I'm sorry, it's all my fault, and you always worry about me." Li Tiantian said guiltily at that Mu Yunlong.

But seeing Commander Mu suddenly waved his hand, "Silly boy, what are you talking about!"

"Not only my heart, who is worried about you?" Commander Mu said with a smile.

When Li Tian heard this from Commander Mu, he felt an extremely sweet feeling in his heart and laughed there.

"God, do you know? Last time I heard them say that you were killed in Binjiang City... The old man almost drove the army to bomb Binjiang City... Damn bastard, I don't understand what kind of **** it is. Dare to deal with you all the time." Commander Mu became angry as he said.

Li Tian looked at his grandfather's white hair and said, "Grandpa, don't worry, there will be nothing wrong with me. Even if there is something wrong, you have to trust me and I will take care of it."

"En, en, grandpa believes in you, absolutely believes in you."

"But, silly boy, don't you work so hard? Don't forget, I'm your grandfather... Tell me what difficulties you have, I don't believe it, there are still people I can't deal with, Mu Yunlong." Commander Mu roared there.

The domineering voice filled the entire study.

As the commander-in-chief of the North China Field Military Region, to be honest, no one can shake his power.

Chapter 1787: drink

However, there is always a quagmire in the arena... Besides, it's not a good thing to dispatch troops in a large area, so Li Tian still smiled slightly, looking at his grandfather and saying, "Grandpa, let's not talk about it. Those things are."

"Is your old health bad recently?" Li Tian turned the subject and looked at Commander Mu.

At the same time, he couldn't help but stretch out a hand to hold his grandfather's old big hand tightly.

But seeing Commander Mu laughed, he patted his broad chest with his big hands and said: "Your grandfather, I am fine, I am strong... Although I am a little older for so many years, I am in good health."

When Li Tian heard this from Commander Mu, he not only laughed, he knew his grandfather was holding on, but he didn't say too much.

He now wholeheartedly hopes that Old Commander Nammu can be happy and healthy. That is Li Tian's greatest wish.

"Hey, to be honest, the old man hasn't been so happy in a long time."

"As long as I can be with you, I will be the happiest." Commander Mu said with satisfaction.

Every elder who is over half a hundred years old hopes that his relatives can be by his side, presumably this is the greatest happiness, and Mu Yunlong is no exception.

He only had two daughters in his life, the eldest daughter Mu Wanqiu, and the second daughter Mu Shuiyao.

More than 20 years ago, the eldest daughter caused a quarrel with the eldest daughter because of her love with the evil god. Finally, the elder Commander Mu said that he would sever the father-daughter relationship with Mu Wanqiu. He is now with the old commander. Only Mu Shuiyao is alone, and now that he finally recognizes Li Tian, Commander Mu is of course looking forward to spending more time with his grandson...

After Li Tian heard his grandfather say this, he felt guilty in his heart.

But I heard the old commander Namu continue to say: "So many years have passed...The old man finally understands a truth, a person will eventually grow old and die, but one can never ignore family affection in this life!"

"How many nights the old man can hardly fall asleep, boy, do you know why?" When Commander Mu said this, his voice trembled slightly.

Listening to his grandfather's words, Li Tian felt sour, lowered his head and said nothing.

"Because I miss your mother... miss her!"

After Commander Mu said this, the corners of his eyes suddenly turned red...

Listening to his grandfather saying this, Li Tian felt very sad, and not only softly called out, "Grandpa!!!"

But seeing Commander Mu turned around, raised his arm and gently wiped the corner of his eye, then laughed and said, "Okay, I won't tell you this..."

"Today, our grandfather and grandson are happy, happy... Come, you can drink a few cups with me."

Commander Mu said as he stood up and walked towards the wine rack over there.

Commander Mu is addicted to alcohol and always likes to drink alone when he is fine.

Now, so happy today, of course he still wants to drink.

Where is Li Tian?

When he heard his grandfather say that he was going to drink, he was not only a little startled, after all, he had just become sober, and his chest was still tingling...To be honest, he was a problem even standing for a while. Dare to drink strong alcohol now?

Although Li Tian thought so in his heart, but seeing his grandfather so happy today, even if Li Tian's injuries are serious, he still has to accompany his grandfather.

So he said: "Okay, let me have a few drinks with Grandpa."

But when I saw that old commander Mu laughed and said: "Is this right? This is my grandson of Mu Yunlong."

There are a lot of good wines on the wine rack of the old commander Namu!

There are high-end wines, famous wines from French estates, and famous wines from Ireland. Some of these wines were given to the old commander by people from the military area, and some were collected by the old commander himself. But at the moment, Commander Mu took a bottle of old Old wine... Moutai, came out.

This is what the old commander likes the most, so of course he has to drink this when he is happiest now.

After taking them, he found two more cups, so he poured one for Li Tian.

"Come on, God, take a drink with your grandfather first..." Commander Mu said as he raised the glass in his hand, and then drank it all in a bold manner.

Li Tian was holding a wine glass with a smile on his face. At this moment, he also drank the strong wine into his stomach. After the strong wine entered his stomach, Li Tian only felt a hot sensation in his stomach, especially The place where the chest was severely injured, there was even a heart-piercing pain...

The pain caused his body to choke.

But Li Tian still held back the pain forcefully.

After seeing Li Tian taking a sip of wine, Commander Mu's complexion changed slightly, and he couldn't help but ask with concern, "Tian'er, what's wrong, is it because you haven't recovered and you can't drink?"

Li Tian gritted his teeth and said with a smile: "Grandpa, I'm fine..."

"As long as I can open my heart to the outside world, it doesn't matter what I do... Besides, I am so happy today, of course I have to accompany my grandpa to a good drink.

"Come on, grandpa, I'll fill it for you, let's drink one more." Li Tian endured the tingling in his chest, stood up, and filled the wine cup with Commander Mu again, and then took the wine glass in his hand and talked directly with his grandfather. Started drinking.

Because Li Tian was happy, he didn't care about his chest injury at the moment, just drinking with the old commander.

The old commander had never been so happy before, so he had a good time with Li Tian.

The two drank up a pound of Moutai without realizing it!

At this moment, seeing Li Tian's face reddening, and the tingling in his chest, I don't know if it is due to the numbness of alcohol or other reasons. Anyway, it is not very painful anyway. At this moment, he said to the old commander while holding his glass. : "Grandpa, I will respect you again."

"it is good!"

The two drank the wine in the glass again.

Soon after a bottle of wine was drunk, Commander Mu happily drank it, and then took out the second bottle of wine, continued to fill it, and drank again...

Li Tian didn't know how much wine he had drunk. At the moment, there was a feeling of mist in his head.

He was holding a wine glass in his hand, his face flushed, looking at Old Commander Mu, and said, "Grandpa...actually...actually... there is something I haven't told you!!!"

Mu Yunlong drank the glass of spirits in his hand, haha laughed and said, "What's the matter?"

"Grandpa...you...you...maybe don't know...I...my father...father...actually, he is still alive." Just like that, Li Tian said a word.

After Li Tian suddenly said this sentence in his drunk mouth, the old Commander Mu, who was drinking strong alcohol, was suddenly startled.

"Tian'er, what did you say? You said he, he, he is still alive?"

Chapter 1788: Affection

Suddenly, the old commander Mu said in shock. .

As Commander Mu opened his eyes in horror, he nodded slowly when he saw Li Tian.

"Yes, grandpa... my father, my father is indeed alive."

"Tian'er, you, how did you know?" Only Commander Mu said in shock.

The drunken head just now was suddenly awakened by Li Tian's words.

After Commander Mu asked this, he saw Li Tiandao and said: "Because I saw a legendary old man... he told me... and it was because of him that my father was not caught by those gangsters. Killed."

Li Tian said as his blood boiled, and saw that he grabbed the wine glass and suddenly drank the glass of strong wine in his hand.

Thinking of his father, Li Tian boils all over.

Spicy spirits flowed directly from his throat to his whole body.

After hearing Li Tian's words, Old Commander Namu was completely astonished in shock.

"Really? Li, is Father Li Kua really alive?" Commander Mu said in disbelief.

For more than twenty years, for almost twenty years, Commander Mu has never admitted to others that the famous evil **** was his son-in-law...

Now, so many years have passed, the grievances and grievances may have already been resolved...what's left? Is it a pity, or what?

"It's just that, my father can't move now...because he has become a vegetable!" Li Tian said uncomfortably there.

When I heard Li Tian suddenly say this in amazement, Commander Mu was taken aback.

"What? Father Li Kua became a vegetative?" He said with his eyes widened in disbelief.

In my mind, I recalled that the character who was the most powerful person more than 20 years ago has now become a vegetable. How can this make Commander Mu not shocked.

"Yes, hey... it's all because of that gang of thieves." Li Tian said fiercely, grabbing the wine glass beside him and taking a sip.

Where is Commander Mu on the other side? But the whole person seemed to be stuck, holding the wine glass blankly, not talking, and froze there.

"Grandpa, I know, your relationship with my father is not very good..."

"I also understand what your old man did back then, but, grandpa, I hope that one day, your old man can reconcile with my father...nothing else, just because we are a family." Li Tian was there slowly. Said.

family?

Listening to Li Tian's words, the old Commander Mu was stunned.

He repeated Li Tian's words in his mouth: "A family..."

The infinite complex emotions all flooded into the heart of Commander Namu.

But when I saw Commander Mu grabbing the wine glass next to him, he took a big sip, and then suddenly said with red eyes, "God, don't worry... If I have a chance, I must find Li Kuafu."

"I want to ask him, what happened to my baby girl? I want to ask him how to take care of Wanqiu!!!"

As Commander Mu said so, his eyes slowly turned red.

Li Tian on the other side looked at his grandfather, with an unspeakable sorrow in his heart. In the end, he didn't say anything, and continued to accompany his grandfather to drink there.

But he said that when Li Tian and the old commander were here for a drink, and I was drinking a drink, the brothers standing at the door stood there worriedly.

"My God, the little boss just sober body dare to drink?" Tang Xiaolong muttered as he stood at the door depressed.

Xue Wuhen on the other side said, "Yes, Brother Tian couldn't even stand steady just now... Now he drank so much wine with the old commander..."

"Will it hurt your body?"

"What should we do? Can we go in and discourage the little boss from letting him drink?" Tang Xiaolong said with a sad expression on his face.

"Forget it... Commander Mu is inside."

"Besides, the grandfather and grandson of my family have finally been together and have a drink, which is actually nothing."

"But, the little boss has a problem with his body..."

But seeing the brothers one by one outside was worried.

They all know that Li Tian's body is not doing well... Besides, he was still sober just now. When he helped Li Tian in just now, Li Tian could hardly walk... and now he was drinking with Commander Mu. Get up, how can this not let the brothers worry about one by one...

But worried, no one dared to enter this room rashly.

At this moment, I saw my brothers lying at the door one by one.

"Look... I drank another bottle... Oh my god... How much did the little boss and Commander Mu drink!"

"If it were me, I would have fallen." Xue Wuhen frowned.

As they were lying on the front of the door and looking inside, suddenly a clear voice came.

"Several people, what are you doing?"

With a clear and sweet voice, I saw a very beautiful woman in a camouflage uniform looking at them with a smile.

This person is Mu Shuiyao and Li Tian's aunt.

When the brothers saw that it was Mu Shuiyao, all of them were not only embarrassed on their faces...

"I...we...we...we are waiting for Li Tian..." Chen Qiaozhi finally said it out.

Then Mu Shuiyao heard: "Oh? Tian'er wakes up? When did he wake up?" She asked excitedly there.

Listening to Mu Shuiyao's words, Chen Qiaozhi in front of him replied, "It's an hour to wake up."

"Where is he now?" Mu Shuiyao asked quickly.

Tang Xiaolong frowned and pointed to Commander Mu's study in front of him and said, "Here..."

"Huh, Tian'er came to see my dad?" Mu Shuiyao asked in surprise.

But seeing Tang Xiaolong said, "Yes, the two have been drinking for almost an hour."

"What? What to drink?" Mu Shuiyao asked Tang Xiaolong in surprise.

But seeing Tang Xiaolong said slightly, "They are drinking..."

"Ah? Drinking?" Mu Shuiyao became depressed immediately.

"Oh my god, my dad's body doctor had long told him not to let him drink... and how could Tian'er drink with my dad just after he was sober?" Mu Shuiyao said with a depressed face.

Tang Xiaolong spread his hands and stood there depressed.

"I want to go in and take a look." Mu Shuiyao said as she walked towards the room.

But he said that as Mu Shuiyao walked toward the room here, the local grandparents and grandparents were happily drinking.

As Na Mu Shuiyao slowly opened the door, a strong smell of strong alcohol swept into his nose, but seeing the place inside, Li Tian and Mu Lao Commander were just like The two drunks sat on the ground directly...

And on the ground? There are 23 empty wine bottles...

What about Li Tian and Commander Mu? Both of them were flushed, and they were still holding the wine glasses and pouring them into their mouths.

Among them, the old commander Namu even took Li Tian's shoulders and held him in his arms like a child, drinking and happy.

After seeing this situation, Mu Shuiyao was depressed right now.

"dad....."

"My God..."

"What are you doing? Oh my god, why did you drink so much wine?" Mu Shuiyao said as she hurried over.

But seeing that Li Tian on the ground also seemed to be drunk, he stared at Mu Shuiyao with his eyes straight and said, "Little, little, aunt..."

"I didn't...no...why...I just...just...and grandpa... have a good drink!"

As Li Tian said so drunkly, Commander Mu on the other side also laughed and said, "Yes, yeah..."

"I'm with Tian'er...just...just happy...drink...come... continue drinking!"

Said that the drunk Commander Mu grabbed the glass and drank the glass again.

"Dad, you can't drink anymore... The doctor has already told you..." Mu Shuiyao said worriedly, and quickly walked over and took the bottles of the two of them aside.

Then he said to Li Tiandao on one side: "There is still a day, you can't drink...I heard them say that you have just been sober, and your body has suffered such a serious injury. How dare you drink when you are sober?"

"Quickly, don't drink it...obedient."

Mu Shuiyao said at the moment, grabbing the wine glass in their hands, and then quickly took the other half bottle of liquor on the ground to a side.

And where is the drunk Li Tian on the ground?

He was drunk there and said, "Auntie... Don't worry, I'm fine... I am just happy, so I drink with Grandpa!"

"No matter how happy you are, you must take care of your body first! You know?" Mu Shuiyao said.

Li Tian didn't speak anymore, and he really couldn't speak anymore after drinking enough at the moment.

And what about Commander Mu? At this moment, the more he drank, the more excited he became. After drinking so much alcohol, he was dizzy at the moment, and he was still drinking at that moment.

Looking at her father and Li Tian, Mu Shuiyao frowned, but in the end she couldn't help but smile.

Because this is the picture she likes most, because she hasn't seen her father as happy as she is today.

"Hey, Xiaolong, Qiao Zhi, come in quickly." Mu Shuiyao said while looking at Li Tian, who was drunk and unconscious, and Commander Mu.

At this moment, Tang Xiaolong and his brothers quickly opened the door and ran in.

When I saw Li Tianzui become like that, I was not only stunned.

"Hurry up and help Tian'er back to take a good rest... Remember to drink more boiled water before going to bed... And I will immediately send someone to Tian'er to give Tian'er some anti-alcoholic medicine, and you will give Tian'er some food later." Shuiyao said in that caring way.

After hearing Mu Shuiyao's words, Tang Xiaolong and his brothers nodded quickly and said: "Okay, then let's help the little boss away."

"Yep!"

So Tang Xiaolong and his brothers hurriedly supported Li Tian and ran outside.

And here? The old commander Mu is still there clamoring to drink...

Mu Shuiyao himself was relatively weak, so at this moment, he could only run out and called the guards outside. With the help of the guards, they helped Commander Mu to the bed inside.

Chapter 1789: Li Tianqing

But he said that Li Tian drank the drunk, full of alcohol.

The brothers were also supporting him tightly at this time, and then walking towards the room with them.

As he walked, he said, "Be careful, be careful..."

I saw Li Tian's whole body smell of alcohol, while being supported by his brothers, while muttering unclear words in his mouth.

"Xiaolong, what are you talking about in Brother Tian's mouth?" Xue Wuhen asked as he helped Li Tian walk forward.

Tang Xiaolong said, "I can't hear you clearly either."

In this way, the brothers carried Li Tian in front of him back to the room.

After he was properly settled, the brothers could be regarded as a sigh of relief.

"Hey, why did Brother Tian drink so much wine!" Xue Wuhen muttered in that mouth.

Tang Xiaolong next to him said, "I must be happy...I haven't seen my grandfather for a long time. Of course I am happy to see him this time."

"Well, Xiaolong is right."

"Forget it, let's not disturb the little boss, let him rest." Tang Xiaolong said.

"it is good."

After the brothers said so, they retired one by one.

In one of the gloomy rooms of the North China Field Army, but seeing Jiang Dashan sitting there in pain, holding a bottle of spirits in his hand, he was drinking and staying there in silence.

On a bed next to him, there was also a pale corpse. Look carefully at the corpse, it was a smiling Buddha.

The Laughing Buddha died because of being hit hard by that Long Yin, and the body is still in the North China Field Army.

Because the brothers were worried about Li Tian, they had not had time to look at the body of the smiling Buddha.

At this moment, only Na Jiang Dashan was sitting in this room painfully, accompanied by the lonely corpse.

"Father...I Jiang Dashan toast you a glass!" Jiang Dashan said as he grabbed the wine glass in his hand and said to the smiling Buddha corpse on the other side, then he raised his head and gurgled the spicy spirits. He poured into his own throat.

The hot wine entered the stomach of Jiang Dashan, but he didn't feel spicy at all, but he felt a little bit sour.

"Father, you just left in such a hurry...Is it interesting?"

"Hey, no matter what, your life was caused by my Jiang Dashan. My Jiang Dashan has never owed anyone else in my life, but from now on I owe you a life."

"I'll pay it back to you, even if it comes to the underworld brothers, I will pay you back."

Jiang Dashan continued to drink spirits while talking.

A lonely room, a drunk man, and a cold corpse are intertwined into a strange and peculiar picture.

Just as Jiang Dashan was looking at his mouth with strong wine, the small door of the room was suddenly pushed open.

Then, Tang Xiaolong, Xue Wuhen, and Chen Qiaozhi and other brothers suddenly came in.

After they walked in, they saw Jiang Dashan who was sitting on the ground with an empty wine bottle in his hand.

But seeing Jiang Dashan's eyes full of confusion, he sat on the ground in pain.

"Dashan..." When the brothers saw Dashan sitting in the room alone, not only did they suddenly feel sad and desolate in their hearts.

What about Jiang Dashan? He slowly raised his blood-red eyes, and saw the brothers at the same time.

"You...you are here!!!" Jiang Dashan said as he helped the cold wall next to him and then slowly stood up.

The brothers looked at Jiang Dashan's drunken appearance and could only sigh slightly.

"Da Shan, the Laughing Buddha is dead, so don't blame yourself... His death is remembered by our brothers. Don't worry, one day we will avenge the Laughing Buddha." The brothers on one side looked at the river. Da Shandao said.

But seeing Jiang Dashan suddenly shook his head.

"Do not....."

"Father's death is because of me... the Lord Buddha who was killed to save me..."

Jiang Dashan said, kneeling in front of the smiling Buddha's body with a sudden plop.

"Dashan, don't do this..."

"Yes, Da Shan, get up quickly."

"The death of the Laughing Buddha is uncomfortable in everyone's hearts. Don't do this... the hatred, we will repay it one day." Chen Qiaozhi and his brothers tried to persuade Jiang Dashan in front of him, and hurriedly removed him from the ground. Help it up.

Jiang Dashan's eyes were red, and such a big man actually shed tears at this moment.

Looking at the body of the smiling Buddha, he choked over for a while.

"Little dragon, help Dashan go back to rest! Don't let him stay here alone." Chen Qiaozhi on one side said while looking at the painful Jiang Dashan.

Tang Xiaolong nodded quickly, then held Na Jiang Dashan and took him to a resting place.

Only Chen Qiaozhi, Xue Wuhen and other brothers remained in the room at the moment, as well as the body of the smiling Buddha.

"Hey, another brother was sacrificed." Suddenly a sentence came out of Chen Qiaozhi's mouth.

After he said these words, he suddenly recalled the old Aqiu and Old Monster Ge before... a strong sense of sorrow quickly covered his whole body.

Xue Wuhen, who was standing on the other side, also stood blankly without saying a word.

"By tomorrow, Li Tian will wake up... Let's prepare for Dashan's funeral." Just listen to Chen Qiaozhi's last words.

The brothers also nodded silently, so they left the room.

The smiling Buddha is dead.

So far, the drunk Li Tian still doesn't know.

The next day, the sun was shining brightly.

When Li Tian slowly became sober, he only felt that his head seemed to explode. What made him sober because of drinking too much, was that his head kept beating.

Shaking his head sober, Li Tian saw the bright light coming in from outside the window at a glance, dazzling and dazzling.

Then he rubbed his eyes and opened them.

"Brother Tian, you finally woke up..."

"Little boss, you finally woke up from alcohol."

But seeing Xue Wuhen and Tang Xiaolong standing beside the bed excitedly looking at Li Tiandao in front of him.

Li Tian was finally sober...but now he was a little confused in his head.

"How long have I slept?" Li Tian said after looking at his brothers after waking up.

"One day and one night." Xue Wuhen said on one side.

Li Tian was startled and said, "It's been so long?"

"Yeah, little boss, you really drank too much, that's why you were in a coma for such a long time." Tang Xiaolong said.

Li Tian touched his swollen head with his hand, and couldn't help but secretly lined up: I didn't expect that he had slept unconsciously for a day and a night, which is really bad.

Tang Xiaolong on the side saw that Li Tian was just awake, so he quickly brought a cup of tea to Li Tian. Li Tian was indeed thirsty because he drank too much liquor, so he took it and drank it grunting A big mouthful.

Chapter 1790: Burial brothers

After Li Tian drank the cup of tea, he slowly got off the bed.

After coming down, he could still vaguely feel the tingling in his chest.

"Qiao Zhi, where are Dashan and the others?" Li Tian couldn't help asking, looking at Tang Xiaolong and Xue Wuhen in front of him.

Yes, besides Tang Xiaolong and Xue Wuhen in the room at this moment, Jiang Dashan and Chen Qiaozhi were indeed not there.

After hearing Li Tianwen's exit, Tang Xiaolong frowned slightly and said, "Sick ghost...Sick ghost...He is preparing funerals for the smiling Buddha!!"

When he heard that Tang Xiaolong in front of him said so in amazement, Li Tian was suddenly shocked there.

"what did you say?"

"Who? Whose funeral?" Tang Xiaolong asked in horror when he saw Li Tian with his eyes wide open and looking in front of him unbelievably.

Because Li Tian fought with Long Yin before, he didn't know about the death of the smiling Buddha. After he was in a coma, the brothers never had the opportunity to tell the smiling Buddha. So so far, Li Tian is still not at all. Knowing the death of the smiling Buddha, this time I heard Tang Xiaolong suddenly say this, and I was completely shocked there.

Hearing Li Tian's sudden question, Tang Xiaolong and Xue Wuhen not only lowered their heads in grief.

Then he paused for a while, then slowly said, "Little boss...you may not know...Laughing Buddha died."

"Laughing Buddha is dead?" When Li Tian was shocked to hear the news, there was a sigh in his heart.

Although the smiling Buddha said that he had not been with Li Tian for a long time, he was not considered a good brother of Li Tian.

But from Jinghai City to Binjiang City before, the smiling Buddha and Jiang Dashan have been looking forward to Li Tian, working hard for Li Tian.

When Li Tian heard that the smiling Buddha had sacrificed, how could he not feel sad?

"How could this be?"

"How could the smiling Buddha die?" Li Tian roared suddenly.

Looking at Li Tian with an extremely angry expression, Tang Xiaolong told all about the death of Laughing Buddha.

After speaking it out, Li Tian suddenly understood.

Originally, he thought that the last time he entered the dead kiln mine had rescued all the brothers, but he still did not expect that the Smiling Buddha would be killed.

Thinking of this in his heart, Li Tian sat down on one side of the bed in grief.

"What about the corpse? Where is the body of the Laughing Buddha?" Li Tian asked with bloodshot eyes in his eyes.

Tang Xiaolong lowered his head and told the location of the smiling Buddha's body.

Li Tian said nothing, and walked directly outside.

He was going to take a look at his brother for the last time.

When Li Tian, Tang Xiaolong and Xue Wuhen arrived, Chen Qiaozhi, Jiang Dashan and others were not only taken aback.

"The son."

"Li Tian, you are here..."

Chen Qiaozhi and Jiang Dashan looked at Li Tiandao.

Li Tian didn't speak, but fixed his eyes on the body of the smiling Buddha over there.

Because the body of the Laughing Buddha had been placed for almost three days, there was already a strong smell of dead bodies at this moment, but Li Tian and the brothers didn't mind anyone.

After Li Tian slowly walked to the body of the smiling Buddha, he raised his sad eyes and looked at the body of the smiling Buddha.

"Brother...I can't help you! I didn't protect you!"

"It's me who is not good, it's me who is a bad brother..."

A word of heartache came out of Li Tian's mouth, his voice full of feelings of sorrow and guilt.

The brothers on one side were also cold-hearted, and stood there without speaking for a long time.

The body of the Laughing Buddha cannot be parked like this.

Finally, after the brothers' decision, they decided to bury the Laughing Buddha.

The place of burial was chosen on the hillside behind the North China Field Army Command.

The hillside was very desolate, and there was nothing around except some bushes and weeds.

Li Tian personally set out to dig the soil... dig a grave!

The brothers wanted to help him, but they were all rejected by him. Just like that, the brothers watched Li Tian digging deep graves with a shovel one by one.

Finally, the tomb was dug...The brothers slowly took the smiling Buddha's body and put it in.

The smiling Buddha was buried just like that, buried under the loess.

Looking at the slightly bulging grave, each of the brothers felt an indescribable painful feeling in their hearts.

In the end, the brothers took a glass of wine and sprinkled them one by one on the grave of the smiling Buddha, which was regarded as a toast.

"You all go back first... I want to stay with him for a while." Suddenly Li Tian stood at the grave of the smiling Buddha and said slightly.

As Li Tian said so, the brothers were not only taken aback.

"My son... I will stay with you." Jiang Dashan said aside.

Tang Xiaolong in front of him also said, "Little boss, I will be with you too..."

But seeing Li Tian looked at the brothers and said, "No, no need...you should go back first. I want to stay alone and be quiet."

Listening to what Li Tian said, the brothers finally had no other way, so they nodded there.

In this way, the brothers left one by one.

At this moment, only Li Tian stayed there quietly.

But he said that when the brothers returned to the North China Field Army Military District, the fairy Baihua was waiting for them at the gate of the Military District.

When he saw the brothers who came back, the fairy Baihua walked over quickly.

"Xiaolong, where is Tian'er?" Baihua Fairy asked not only in surprise when he saw that Li Tian was not among them.

Following Baihua Fairy's question, Tang Xiaolong told Wei Wei what had just happened.

After that Baihua Fairy heard it, oh.

"What's wrong? Senior Hua, are you looking for our little boss?" Tang Xiaolong asked curiously.

But seeing Fairy Baihua paused, then said: "I want to ask Tian'er...about your master!"

"Master?" Tang Xiaolong's heart was shocked when he heard it.

Yes, Li Tian disappeared with the ghost servant at the beginning, but until now, Li Tian has returned alone, and the ghost servant did not have any clues from beginning to end, plus, it happened that Li Tian had been in a row for two consecutive days. He was in a coma, so Fairy Baihua didn't have much time to ask Li Tian. Now Li Tian finally wakes up, of course Baihua Fairy wants to ask for clues about the ghost servant.

"Yes, Brother Gui doesn't know what's going on?" Suddenly Xue Wuhen asked not only in surprise.

Fairy Baihua said with a solemn brow: "It seems that everything can only be understood after Tian'er comes back."

After she said so, the brothers also nodded silently.

Everyone first returned to the North China Field Military Region, and then quietly waited for Li Tian to return.

Li Tian stayed at the lonely grave for 34 hours. For those 34 hours, no one knew what Li Tian was doing...what exactly did he do.

All he knew was that he walked back from the outside step by step with a tired face.

After seeing Li Tian's return, the brothers from the North China Field Army hurriedly greeted him.

"Little boss, you are back." The brothers said while looking at Li Tiandao.

Li Tian nodded silently.

"Li Tian, Senior Baihua has been waiting for you in the room for a long time..." Chen Qiaozhi faced Li Tiandao.

Li Tianyi said, "Aunt Hua is looking for me?"

"Yes." Chen Qiaozhi nodded.

"Well, okay, I will go now." Li Tian, who was talking, followed his brothers and walked quickly to the room in front of him.
