

## A Killer 1791

Chapter 1791: The truth before

After Li Tian followed the brothers to the room, he saw Fairy Baihua sitting over there.

"Tian'er." After seeing Li Tian, Fairy Baihua stood up quickly with a smile.

Li Tian also kindly called out: "Auntie Hua", and then walked over.

"Tian'er, are you in any better health? How are your injuries recovered?" Fairy Baihua first looked at Li Tian with concern and asked.

After asking this question, Li Tiandao said: "Auntie Hua, don't worry, my body is fine...I only need to recover for a while and I will be safe."

"Well, that's good." Fairy Baihua said.

"By the way, Tian'er, there is something I want to ask you." Suddenly Baihua Fairy turned the topic around and looked at Li Tiandao and asked.

Li Tian was not only startled, and then said: "Auntie Hua, please say..."

"Tian'er, for so long, I haven't had a chance to ask you about your disappearance before. Now the situation has finally settled down temporarily. Aunt Hua wants to ask you. At the beginning, you and your fourth brother went to explore the nest of \*\*\*\*\* gate. What happened? How did you suddenly disappear at that time? And where did you go for so many days?" Baihua Fairy looked at Li Tian and asked.

The brothers on one side also looked at Li Tian with eyes wide open at this time, because they didn't know why Li Tian disappeared some time ago...

After Fairy Baihua asked so, Li Tian not only fell silent for a moment.

Then he slowly raised his eyes and looked at Fairy Baihua and said, "Auntie Hua...the reason why we disappeared was because we met him."

When the word "he" was uttered, Fairy Baihua could clearly feel the aura of hatred in Li Tian's words.

Fairy Baihua was not only taken aback, and asked, "Who?"

"The \*\*\*\*\* who killed my father back then." Li Tian roared.

When Baihua Fairy heard it, she was stunned for an instant.

"Ah? Is it the master of the gate of hell?" A shocking word suddenly came out of Fairy Baihua's mouth, and her eyes were filled with disbelief and deep fear.

"Yes, that \*\*\*\*\* bastard." Li Tian said with his fists tightly clenched.

Fairy Baihua had already mentioned her throat with a heart, and at the moment she asked in shock, "What then? Then how did you escape?"

"No, we didn't escape...because we are not his opponents at all!"

"The ghost servant and I were also caught there by him." Li Tiandao.

As Li Tian said this, the brothers over there were all surprised.

"Tian'er, you mean that you and your fourth brother were all taken away by the master of the gate of hell?" Fairy Baihua asked in surprise.

But seeing Li Tian nodded silently, he said, "Yes."

"The ghost servant and I were caught by him into the lair of the \*\*\*\* gate, and then locked in a closed stone room." Li Tiandao.

"Oh my God, you and the fourth brother were both caught? You were also caught in the lair of the \*\*\*\* gate? Then...that...how did you escape? And the fourth brother? How about him?" Baihua Fairy asked worriedly.

The brothers next to him also stared at Li Tian with their eyes widened.

But when Li Tian said, "We were saved by a mysterious person."

Li Tian in front of him then told the brothers in front of him and the fairy Baihua all about the mysterious person's rescue of them at this moment.

When Fairy Baihua and the brothers in front of him heard Li Tian say this, they were all stunned, especially when they heard that Duguxie was also locked in the door of hell, Fairy Baihua's eyes were dull. Up...

"Second brother..."

"Second brother was also caught in the gate of hell?" Fairy Baihua looked shocked.

But seeing the brothers next to him, one by one, he said, "Oh my God, how can Senior Dugu be caught in the gate of hell?"

"I guess Senior Dugu must be arrested just like Li Tian and the others for seeking revenge at the gate of hell." said Chen Qiaozhi over there.

"How is the second and fourth brothers? Are they in danger?" Baihua Fairy asked in fear and worry.

Li Tian said slightly: "The two of them are currently poisoned...but fortunately, they have been rescued by me. From the current state, there should be no problem."

"By the way, you just said that someone saved you, who is that person?" the vernacular fairy asked depressed.

But seeing Li Tian shook his head: "Actually, I don't know, but I can feel that the man is definitely living in the old lair in the gate of hell."

"Tian'er, you mean that the mysterious person is from the gate of hell? He saved you?" Fairy Baihua said with an unbelievable expression.

Li Tiandao: "Yes."

"Although I don't know who that mysterious man is, he is definitely in the nest of the gate of hell, and his martial arts are absolutely amazing... When I was with him, I couldn't feel any breath in him... It seems that the mysterious person is deliberately hiding his breath, if a person deliberately hides the terrifying breath from his body, it is destined to show that that person is absolutely terrifying."

As Li Tian said so, everyone was speechless.

The people at the gate of \*\*\*\*\* saved Li Tian?

And let them escape? how is this possible?

Fairy Baihua blinked with her beautiful eyes...She was full of doubts. She really couldn't figure out what kind of people would help Li Tian in the gate of hell.

"What about the last?" Baihua Fairy asked again after thinking about it.

Li Tiandao: "In the end I took them to escape, and then returned to Binjiang City. After arriving in Binjiang City, I couldn't find you, so I just found a place to stay here. As for the loneliness, there are ghost servants. They are still in Binjiang City..."

Hearing what Li Tian said, the brothers and Fairy Baihua finally understood the causes and consequences of everything.

"In that case, the second and fourth brothers don't have much things right now, are they?" Fairy Baihua said with joy.

Li Tian nodded: "En, yes."

"It's just that the two of them are still unconscious..." Li Tiandao.

Fairy Baihua thought for a while and asked, "Tian'er, do you know what poison the second and fourth brothers have been poisoned?"

"I heard that the mysterious person who saved me said that they said that the poison of the puppet in Dugu and the ghost servant."

When the fairy Baihua heard the words "Puppet Poison", not only was he startled, his expression became extremely ugly.

"I've never heard of this poison." Just listen to Fairy Baihua muttering there.

Li Tian also said there, "I haven't heard of it either."

"But I believe that Dugu and Ghost Servant will get better... and no matter what, they are now in a safe place, there shouldn't be any major problems."

Fairy Baihua thought for a while, and felt that what Li Tian said made sense, so he nodded.

"When tomorrow, I will go to Binjiang City, pick them up here... and then detoxify them properly." Just listen to Li Tiandao.

"Tomorrow are you going to pick up your second and fourth brothers in Binjiang City?" Baihua Fairy asked.

"Yep."

"Tian'er, are you okay with your body? Or I'll go, you stay here to rest." Fairy Baihua worried about Li Tiandao.

Li Tiandao: "I'm fine..."

"Besides, Aunt Hua, if I don't go, you don't know where they are. Besides, there is a teenage child in the hotel...so I'd better go personally." Li Tiandao said.

The Baihua Fairy and the brothers all learned about "Anan" in Li Tian's narration just now, so after hearing Li Tian say this, they all nodded silently and agreed. Come down.

Chapter 1792: Contest

In this way, Li Tian decided to arrive at Binjiang City tomorrow to pick up Duguxie, the ghost servant, and Na Anan. .

He still doesn't know that Anan, Duguxie, and the ghost servant were taken away by the police.

After this decision, the brothers all left.

Li Tian was the only one left in the room now.

Li Tian sat on the bed and adjusted his breath for a while, then slowly circulated the true energy of his body for a week, and then slowly exhaled his breath. Finally, his breath was much smoother, but his chest injury looked like Still very serious.

Taking off his clothes and taking a look at the place where he was injured, Li Tian couldn't help but let out a helpless smile.

At the same time, he suddenly recalled the \*\*\*\* devil Long Yin in his heart!

"What kind of weird skill did that demon use when he finally dealt with himself? Why does it look so weird and so scary?" Li Tian wondered as he thought.

Although the dead kiln mine had completely exploded now, to be honest, Li Tian always felt uneasy in his heart because he felt that the \*\*\*\* Long Yin would probably not die.

That demon always has an extremely strange power, as if he can always escape on the edge of death, so when Li Tian didn't see the corpse of Long Yin, Li Tian always felt that the abnormal Long Yin belonged to him. Knot.

After thinking about this for a while, Li Tian shook his head vigorously, trying to stop thinking about these things.

Then he got off the bed, and stepped out of the door in front of him.

Situ Ningbing, Ouyang Shiqing, and Duanmuying all live in this North China Field Army at this moment.

Since Li Tian came back, the mood of the three beauties is also very good.

But seeing that at the moment in the coaching field on the left of the military area, I saw Ouyang Shiqing sitting gently on the bamboo chair on one side.

And in front of him is a burly hunk who is more than 2 meters tall.

The muscular man has strong limbs and looks like a beast. He is practicing there at the moment.

His punches and kicks carried strong dominance, such a powerful fist, the entire North China Field Army, I am afraid that no one would dare to face him head-on.

It's just that this person looks mighty and majestic, but his face is dull and honest, especially those dumb eyes, he looks like a fool at first sight.

"Man'er, are you tired? If you're tired, take a break." Just listen to Ouyang Shiqingzai's distressed brother who is sitting and watching the silly man's practice.

But seeing that silly man's smile hehe, then shook his head vigorously, and then slammed his punch towards the hard ground.

With a bang, the hard ground withstood the tyrannical punch of the hunk, and the entire ground suddenly cracked a huge hole. Such a powerful fist really made people feel chills.

Just when the silly man hit this earth-shattering punch, a laugh suddenly came over.

"What a powerful boxing technique!"

Then I saw him slowly walking over while clapping his hands.

Take a closer look, it was Li Tian who came over, and I don't know when he actually arrived here.

"Li Tian?" Suddenly seeing Li Tian come here, Ouyang Shiqing became excited, and at the same time quickly stood up and walked towards Li Tian.

Li Tian also smiled at the affairs of Ouyang he loved.

"Why are you here? How is your physical injury?" Ouyang Shi looked at Li Tian affectionately and asked.

The whole pair of eyes are full of love for Li Tian.

Li Tian said slightly: "I'm fine...I came here first to see you, and second to see Man'er."

Hearing Li Tian's words, Ouyang Shiqing's pretty face blushed slightly.

At this moment, I saw that stupid man also quickly ran towards Li Tian.

After running over quickly, he just smiled at Li Tianhan with a funny and cute expression.

"Man'er, how's your training done recently?" Li Tian asked, looking at the stupid man'er. While asking, he reached out and patted the silly man's muscular chest.

But seeing the silly man said: "I, I, I am very strong!"

Li Tianyi laughed: "Really?"

"En." Silly Man'er nodded vigorously.

On one side, Ouyang Shiqing smiled and said, "Li Tian, don't listen to Man's nonsense... He also cultivated for almost two months, how strong can he become!"

After hearing Ouyang Shiqing's words, that silly man suddenly became unhappy.

He walked vigorously and said: "I am really, really strong!"

"Don't believe me, you fight with me." The stupid man suddenly pointed to Li Tiandao and said.

Li Tian was not only shocked when he heard that Silly Man'er said so.

He was only able to get out of bed just now... Now his body hasn't recovered at all, and the injury in his chest still exudes intense pain, can Li Tian do it? Can you do something with this big guy?

At this moment, I saw Li Tiandao say: "No..."

But what about that stupid man? After stubbornly came up, no one could stop it.

"Fight with me, fight with me." Silly Man'er repeated over there like a child.

Seeing this silly guy trying to make gestures with himself, Li Tian thought, since he wants to make gestures, then please satisfy him.

After thinking about it this way, Li Tian smiled and said, "Okay, then I will play with you."

"Li Tian, your injury isn't healed yet...how can you do it?" Ouyang Shiqing looked at Li Tian worriedly.

Li Tiandao: "Don't worry, I'm fine."

"But, I'm worried." Ouyang Shiqing said.

"Don't worry, Man'er shouldn't make heavy moves." Li Tiandao.

At this moment, Ouyang Shiqing turned her head and looked at that Man'er and said, "Man'er, you can lighten your hands, you must know that Li Tian is still injured!"

The silly man smiled and nodded there.

Even so, Ouyang Shiqing's beautiful eyes are still full of concern.

Because she knew in her heart the power of her brother's fist... By the time he was less than ten years old, this hunk was able to lift the stone lion that was almost a hundred catties at the door of their house. It is conceivable how powerful he should be now! !

But he said that Li Tian was going to start with the silly man'er. The silly man'er stood at attention, stood up straight, his fists were tightly clenched, and the original silly eyes became sharp and dazzling at this moment.

"Come on." Li Tianxiao said to the silly man.

But seeing the silly man's stride, he rushed forward, and hit the face facing Li Tian with a straight fist.

The violent fist wind with a whistling breath, brave and formidable.

Although Li Tian had a very serious injury, he was fortunate to have infuriating body protection. At this moment, his head gently twitched and dodged, but otherwise, the fist wind carried by the stupid stupid fist still pressed his cheeks. Giving a hot pain...

That silly man missed a punch, and now he turned his head back with another uppercut.

Li Tian dodged again.

After dodging, Li Tian raised his right hand and grabbed the silly man's shoulder with a small grab. The silly man moved his body and kicked with his feet. Li Tian didn't dare to smash him because of his injuries. Can go back.

In the process of Li Tian's retreat, the silly Man'er suddenly ran into Li Tian like a wall.

With a huge body like steel, Li Tian quickly backed away... avoiding his tricks.

But when Li Tian avoided coming, the silly Man'er suddenly folded his hands together, and an invisible energy filled his body.

When Li Tian saw it, he was stunned.

"Blessed Maha?"

Chapter 1793: Li Tian is injured

There is no doubt that the silly man's at this moment is using the kung fu above the immeasurable Maha.

But seeing layers of vigor permeating the whole body of the silly man, this man is already extremely powerful and his fist has bursting explosive power. At this moment, coupled with the fierce vigor permeating all over his body, Li Tian wrinkled. brow.

As the silly man's energy ran through his whole body, the energy quickly penetrated his two arms, suddenly roared, and attacked Li Tian with a palm.

This time, Silly Maner did not use brute force, but used supreme internal force.

The stubborn inner strength is intertwined with the silly man's inherent physical explosiveness, and he fought fiercely towards Li Tian.

But seeing Li Tian seeing the foolish man's use of Maha Boundless, he was first surprised, and then he was not only happy again, and he secretly said: It seems that he is not wrong at all to let Maner learn this Maha Boundless. Comprehending the essence of the immeasurable Maha, if Li Tian is not mistaken, Man'er should have cultivated to the third level!

Having said that, as the silly man attacked, Li Tian quickly dodges and dodges. Originally, Li Tian could easily dodge this trick, but because of the pain on his body, his action was still a little slower, but it is not. In this way, Li Tian escaped quickly.

After hiding, Li Tian squeezed the finger art, Xuantian \*\*\*\* broke out.

It's just that the strength is very small, very small, even if it hits people, it won't hurt people.

Of course Li Tian wouldn't hurt that Man'er.

But what about that idiot? Seeing Xuantian \*\*\*\* shooting towards him, he suddenly raised his fist and smashed Li Tian's Xuantian \*\*\*\* into the air, and then suddenly a fierce tiger descended from the mountain and rushed towards Li Tian, while his two open arms were like eagles. The same goes for Li Tian.

This silly shot was not light or heavy, and it really exhausted all his strength.

Li Tianzai saw that silly man's rushing towards him like this, and he whispered that it was not good, his body wanted to evade quickly, but the domineering aura in that silly man's hands had already rushed to his face, and it happened at this moment. , Li Tian felt a fierce pain in his chest, which made his body tremble uncontrollably, almost unsteady on his feet...

"Man'er...Stop!" Ouyang Shiqing saw that Li Tian's handsome face had begun to turn pale after a few moves, and immediately stopped his brother there, for fear that he would hurt Li Tian.

But when she called out, it was obviously a little late.

Because the stupid guy had already rushed towards him at the moment.

But seeing Li Tian watching the foolish man's rush, he had no choice at the moment, but he had no choice but to raise his true qi abruptly and infuse his whole body. The true qi of the unity of the universe quickly covered his whole body, and then he directed his backhand with his palm. The silly man attacked.

With a bang, Li Tian's palms collided with that silly man's fierce palm, but seeing the silly man's body was suddenly shaken back.

The huge body darts and stays back a few steps, but what about Li Tian? I was shocked by this stupid guy and couldn't help but retreat...

"Li Tian, you, are you okay?" Ouyang Shiqing couldn't help exclaiming when she saw Li Tian's face pale and turned aside.

But seeing Li Tian smiled awkwardly, suddenly his mouth opened, and a mouthful of blood spurted out of his mouth.

"Li Tian, Li Tian...Don't scare me..."

"How are you?" Ouyang Shiqing was so scared that her eyes reddened, and she hurriedly supported Li Tian there and shouted.

What about the silly man? I was also stupid at the moment, standing there blankly, looking at this side, a strange expression on his face.

"I, I'm okay..." Li Tian stood up from the ground with difficulty, then raised his arm and wiped the blood from the corner of his mouth as Ouyang Shiqing tried to squeeze out a smile.

Ouyang Shiqing knew that Li Tian was enduring...

Li Tian had just been sober, and he was seriously injured. At this moment, this stupid brother didn't know the depth and hurt Li Tian all at once. How could she not be sad!

"It's all bad guys... you hurt... I'm sorry... I'm sorry..." Ouyang Shiqing said while supporting Li Tian.

I saw Li Tian waved his hand slightly and said, "It's okay...It's really okay..."

"Man'er didn't hurt me, just because I was already injured...so I vomited blood just now...but don't worry, the blood I vomited is the congestion in my heart...this vomited it out to me instead I am better."

Following Li Tian's words, Ouyang Shiqing didn't know whether Li Tian's words were true or false, and looked at him with concern.

"Really? Are you really okay?" Ouyang Shi said, looking affectionately.

Li Tian gently raised his hand to touch the delicate face of Ouyang Shiqing and said: "Fool, I'm really fine..."

"That's good, that's good..."

"Don't have an accident... You have an accident... I have to regret it in my life." Ouyang Shiqing said, her eyes all red.

Li Tian gently put Ouyang Shiqing in his arms, and said warmly: "Fool!"

When they were warm, the silly man stood there like a fool, with his head down, like a kid who did something wrong.

After a while, Ouyang Shiqing looked at her stupid brother and rebuked: "Man'er, didn't I tell you just now, Li Tian is still injured... Why are you doing so hard? Could it be you Do you not listen to your sister at all?"

The stupid man, who was so reprimanded by Ouyang Shiqing, lowered his head now, with a look of guilt on his face.

Just when Ouyang Shiqing wanted to blame her brother, Li Tian in front of him slightly stopped Ouyang Shiqing, and then shook his head slightly at her.

"Don't blame Maner anymore, I'm really fine."

Then Li Tian raised his head and looked at the man in front of him and said, "Man'er...don't blame you, really don't blame you, if you want to blame, you can only blame your kid for making too fast progress..."

Listening to what Li Tian said, the silly man's suddenly became happy, and raised his head and smiled there.

"I, I, aren't you amazing?" His words and expressions were like a brave child.

Li Tian laughed and said, "Awesome!"

"The world is number one, Ouyang Man!" Li Tiandao said.

When Na Man'er heard Li Tian say this to himself, he jumped happily there.

This product was originally more than two meters tall and had a body like a savage. At this moment, it happily jumped on the ground, looking really cute and funny.

The expression at the moment not only made Li Tian laugh.

Even Ouyang Shiqing, who wanted to blame him, not only made a laugh.

"Hey, this silly brother." Ouyang Shiqing couldn't help but sigh as she looked at her brother.

After Li Tian said a few words to Ouyang Shiqing, he said, "Shiqing, I have something to do, so I will go back to the room first."

Then Ouyang Shiqing looked at Li Tian's expression a little uncomfortable, so she said, "Okay, then you should go back and rest quickly...Your face is very pale and ugly..."

Li Tian smiled slightly and said, "Well, that's good, then I'll go first."

Li Tian beckoned at Ouyang Shiqing and the silly man, and walked towards this place alone.

After walking to the corner of Ouyang Shiqing and that silly man's invisible, Li Tian suddenly became weak, and at the same time his body staggered and he almost fell to the ground...

His face became paler and paler, as bloodless as white paper, and there were bursts of needle tingling sensations in his chest, and at the same time a burst of blood came out directly from his throat.

If it weren't for Li Tian's efforts to hold back, I'm afraid Li Tian would have vomited blood again...

After his body was slightly calm, he quickly secretly transported his true energy, suppressing the blood tumbling in his chest...

After a while of hard work, he took a long breath from his mouth.

With a pale face, he murmured, "Hey, that brute has only been there for a few days... his skill has increased to this point... I can't imagine."

It turns out that Li Tian's uncomfortable appearance at this moment is all caused by the violent blow of the silly man.

In order not to worry Ouyang Shiqing, and not to let him blame that stupid man, Li Tian could only hold back the \*\*\*\* chest at the place just now. At this moment, he finally endured it. It seemed that he couldn't admit it anymore, and finally supported him. The wall stood panting violently.

Chapter 1794: Rowling, Long!

After Li Tian rested for a long time, he slowly recovered.

After recovering a little bit, Li Tian walked hard towards his room step by step.

When I arrived at the door of the room, I happened to see Tang Xiaolong and Xue Wuhen at the door.

That Tang Xiaolong and Xue Wuhen were originally looking for Li Tian, but when they saw Li Tian there, they waited here for a while. At this moment, they saw Li Tian walking back from a distance with a pale complexion. At the same time startled.

"Brother Tian, what's the matter? Why is your face so ugly?" Xue Wuhen looked at Li Tian and asked in a panic.

Tang Xiaolong on one side also hurriedly said, "Yes, little boss, why is your complexion so ugly? What happened?"

But seeing Li Tian squeezed out a smile and said, "I, I'm fine... It's just that there was some pain in the injured place."

When Tang Xiaolong heard Xue Wuhen, he hurried over to help Li Tian.

"Little boss, is your injury serious?"

"Would you like me to tell the other brothers and let them come and see you?"

Li Tian quickly waved his hands and said, "No, no need."

"I just need to rest for a while!"

After Li Tian insisted on saying this, Tang Xiaolong and Xue Wuhen had no other way, so they could only obey Li Tian's instructions, and then slowly helped Li Tian in front of him into the room.

After returning to the room, Li Tian said to the brothers: "You go out first... I need someone to take a good rest."

Then Tang Xiaolong and Xue Wuhen looked at Li Tian's ugly face, and they could only nod their heads: "Okay, my brother, you have a good rest... If you have anything, just call us and I'll be right outside the door. Keep it for you."

Li Tian nodded silently in his heart when he heard the words of the brothers.

So Tang Xiaolong and Xue Wuhen left the room.

What about Li Tian? After arriving on the bed with difficulty, he then sat cross-legged and started to heal his injuries. He can't drag on like this anymore. If he drags on like this, his body will really have problems, so he has to do it wholeheartedly now. To heal yourself.

The furnishings and installations in a weird room are the same as those in a 17th century church.

The room was very dark with only one dim light.

Under the faint light, I saw a person wearing a Christian costume standing motionless in the middle position.

He was wearing a black dress with two white curtains in the middle, with a cross hanging from his neck, holding it in the palms of his hands.

His hair was dark and curly, and his face was carved with wrinkles.

This person is a Christian priest in the country.

Known as: Father Gammarelli.

Behind Father Gammarelli is a wooden cross, large, scratched on the wall.

At this moment, Father Gammarelli was using his proficient Latin to say some prayers that he didn't understand at all, his eyes closed tightly, his expression serious...

Following Ni Andong's Latin prayers silently in his mouth, the door that had been tightly closed was suddenly blown open by the gloomy wind at this moment.

The moment the extremely gloomy cold wind opened the door, Father Gammarelli's eyes suddenly opened at this moment.

Then he kept betting on the open door, as if waiting for something...

One second, two seconds...Three seconds...

Suddenly, three people suddenly appeared at the gate that was blown by the weird and gloomy cold wind.

But because the distance is too far, it is impossible to see their faces clearly, let alone who they are!

The only thing that can be felt is that the surrounding breath instantly changed, becoming extremely cold... as if their arrival had brought up the cold below the ground.

The moment Father Gammarelli watched the appearance of the three people, a smile was lifted up at the corner of his mouth, and then he muttered in Latin.

It means: You are here...

But seeing that the three people had no words, they just walked in coldly step by step.

Look at these three people carefully, but the one in the middle is a woman with short blond hair. Judging from her face and white complexion, this woman should be Italian.

She has a pair of beautiful gem-like eyes, looking beautiful and moving, but the cold gaze in her eyes makes anyone look full of gloomy breath.

She was wearing a tight black leather jacket, tightly wrapping her perfect body... When a pair of shiny black high heels stepped on the ground, they made a crisp sound.

A cross hung on her neck... weird and glamorous, and a religious symbol was tattooed on the back of each hand.

In general, this woman is like an eagle, a falcon flying in the dark! Strange and fierce.

To the left of the woman is a giant man.

The man is also blond, with a height of more than 190 centimeters, and he is stronger than a stupid man...Although he is wearing a loose robe, it is still difficult to block his undulating muscles.

This person has a hideous face, and his gray eyes are full of destruction... There is a scar on his face, and the scar extends from the corner of the eye to the neck, looking hideous and dazzling.

A cross that hung on his neck was completely incompatible with his body shape...Standing motionless there.

And where is the man on the right?

It was the dead saint before him, the white man, his name was Jace!

It was said that after such three strange foreigners suddenly came here, the atmosphere of the entire space changed instantly.

"Night Fox, Rowling, Destroy Tank, Long, I didn't expect that you were all sent to the country by the bishop." Suddenly a word came out from Father Gammarelli's mouth.

His words are in Latin, fluent and difficult to understand.

However, the person called Rowling, the night fox, is naturally the weird Italian woman with superb short hair, and the fierce man called the Destroyer Tank is the man named Long on the left.

Father Gammarelli smiled after saying this, then smiled while holding the cross in his hands, looking at the three of them.

Chapter 1795: Intimidate

Night Fox: Rowling, Destroy Tank: Long, maybe few people know their names in the domestic arena, but in Europe, the names of these two people are like thunder, like the evil stars in the night.

I just don't understand how such a few characters can suddenly reach the country.

Father Gammarelli looked at Rowling and Long and said with a smile: "Three of the ten saints have come, and the remaining seven? Didn't the bishop send them?"

As he asked, he saw Rowling, the Italian woman with short blond hair, suddenly sneered and said, "It is enough for three of us."

She uses English, but she has a strong Italian accent.

When Father Gammarelli heard the Night Fox Rowling say this, he just smiled slightly and said, "Well, no matter what, the main purpose of our trip is to \*\*\*\* our key of destiny... as long as we can get the key of destiny, Anyone can come."

After he finished speaking, he saw Jace, the white dead saint on the right, suddenly opened his mouth.

"Father Gammarelli, the target has already appeared...but the person named Li Tian has not been found yet." Jace said in blunt Mandarin.

Father Gammarelli nodded silently.

"I have seen the message you sent me. As far as I know, the two people you saw are the brothers of the evil god..." Father Gammarelli said slightly.

After hearing this, Jace said coldly: "Then catch them, can't you find the evil god?"

"According to the truth, it should be so." Father Gammarelli said.

"It's just that I heard rumors on the rivers and lakes of China that the evil \*\*\*\* has been dead for many years..." Father Gammarelli frowned slightly.

"His death does not mean that our holy relics will be lost." Rowling said suddenly, the blond night fox with a beautiful face.

Father Gammarelli laughed at Rowling's words.

"Miss Rowling is not bad at all. Although the Cthulhu is dead, it does not mean that our key to fate is lost... I think it must be related to the descendants of the Cthulhu, that is, the guy named Li Tian." gammarelli The priest said suddenly that his eyes became sinister.

Na Jess asked coldly: "Father Gammarelli meant that we are going to attack the man named Li Tian?"

"En, yes." Father Gammarelli said.

"I believe that only by catching the guy named Li Tian, everything will come to light... We will definitely be able to get the key of our pope's sacred destiny." Father Gammarelli said.

"Okay, leave that guy named Li Tian to us!" Jace said coldly.

Father Gammarelli smiled and nodded.

"Well, then I will trouble you three... If there is any need, I will support you at any time." Father Gammarelli continued to smile there.

But seeing the dead saint Jace suddenly said coldly: "No need!"

The indifferent words were like his people. After saying this, he suddenly took Rowling the night fox beside him and the destruction tank: Long, and walked outside.

In the darkness, the three figures gradually disappeared...

In the gloomy room, there was no one else except the priest Gammarelli at this moment.

Father Gammarelli held the cross in his heart with both hands, muttered a few words silently, and then walked towards Li Tian in the dark room with a weird smile.

Binjiang City Detention Center.

In a closed detention center room, Na Anan was handcuffed and locked in the room.

Behind him there are the Duguxie and the ghost servant, but the two of them are still fainted, motionless.

It has been a day since he was caught by the police. Little Anan's face was full of fear and fear. After all, he had never entered such a place.

The only thing he hopes now is that Li Tian can come to rescue them...

But thinking that Li Tian didn't know that he was there now, Anan became deeply worried.

What should I do?

In the end how to do?

When Anan was in a dilemma, he heard the messy footsteps coming in from the outside. Anan was taken aback, blinking bright eyes and looking there.

As the footsteps got closer and closer, I saw a few uniformed policemen approaching.

After walking over, Na Anan recognized it at a glance. This policeman was the policeman named Liu Team who had been caught by him before, and there were several others behind him.

At this moment, after the Liu team came over, Na Anan's face showed a look of fear.

Standing in the corner of the wall with her shrinking body, when Team Liu walked in, he first glanced at Anan who had shrunk in the corner, and then looked at the Duguxie and the ghost servant who were lying on the ground like a dead person. After that, his brows can't help but frown slightly.

"Child, come here." A word suddenly came out of Captain Liu's mouth.

After he said these words, Anan walked over step by step with a pale face.

After he walked over, I saw Team Liu asked: "My child, I am telling you very seriously that your friend committed a crime of homicide...Do you know the crime of homicide? This means that if it is found out, Not only will the two of them be sentenced, but you will also be impaired... So now I ask you something, you must tell me everything honestly... Otherwise, you will be impaired by that time. Trouble." Captain Liu frightened Anando in front of him.

After Captain Liu said so, Na Anan nodded slightly.

Then blinked and looked at Captain Liu in front of him.

Then Captain Liu began to ask.

"Child, I ask you, what are these two people doing? And why do they kill?" Captain Liu asked.

Na Anan didn't know anything about Duguxie and the ghost servant. At this moment, hearing Captain Liu asked like this, she shook her head depressedly.

"Why are you kid shaking his head? Don't you want to say it?" Captain Liu said angrily.

But when Anan said, "I really don't know... so I can only shake my head."

Captain Liu could only feel depressed when he heard Anan's words. He took a cigarette out of his pocket and held it in his mouth. Then he took out a lighter and lit it, took a deep breath, and looked at Anan. Then I will ask you again, how did these two people become like this?"

Chapter 1796: Go to Binjiang City

"Why don't they even move? What is the reason?"

Anan said, "I said it earlier, the two of them were poisoned."

"Poisoning? What kind of poison?" Captain Liu asked curiously.

Anan said, "You won't know the poison after I said it."

"Hey, you kid...how can I know if you don't tell me?" Captain Liu asked depressed.

But listening to Anan said: "Okay, then I tell you, the two of them are the poison of puppets."

"The poison of the puppet? What kind of mess..." Captain Liu became more mysterious as he listened, completely feeling that Anan was talking nonsense.

"If you kid doesn't tell the truth anymore, don't you regret betraying you when the time comes?" Captain Liu said.

Na Anan said, "What I said was true..."

Hearing what Anan said, Captain Liu felt more and more strange.

At this moment, a policeman beside him not only whispered to Captain Liu, "Team Liu, will that kid say the truth? Just now, the doctor had come to examine the bodies of the two suspects. The doctor said that the two of them did not die. Although they did not breathe, there was still a heartbeat, but even the doctor couldn't tell. Why did these two people die like this, lying on the ground!"

After the policeman next to him said so, Captain Liu frowned deeply in front of him, and then he took a bite of the cigarette in his hand, and then gave the cigarette \*\*\*\* to the ground.

Looking up at Anan, Duguxie and the ghost servant who are in the detention center, coldly said: "I still don't believe it...I can't find out this case? Lock them for me...I don't believe it, those two A gangster is not sober!"

After speaking, he turned angrily and left here.

After Captain Liu left so angrily, Anan sat helplessly in the detention center. He is also confused now, don't know what to do? I was just thinking there, when will Li Tian come to save himself...

North China Field Army.

After a long time after Li Tianyun gong healed his injury, his body gradually improved a lot. His pale face was now bloody, and at the same time, his whole person became more energetic.

On this day, Li Tian checked his wound first after getting up early in the morning. However, he saw that the bruise wound on his chest had gradually improved, but he still couldn't do much exercise, otherwise he would get tingling pain. , But compared to before, Li Tian is indeed much better.

At this moment, after he opened the door of the room, a piece of fresh air came in. Li Tian took a deep breath of fresh air, and then stepped forward to find his brothers.

At this time, the brothers all got up one by one and sat in the hall.

When Li Tian arrived, the brothers were all taken aback. No one thought that Li Tian would wake up so early.

"Little boss...you woke up so early?" Tang Xiaolong said while smiling at Li Tiandao.

Li Tian nodded slightly and said: "En."

"Brother Tian, are your injuries still serious?" Xue Wuhen asked concerned.

But seeing Li Tiandao: "Don't worry, it's much better..."

"Oh, all right."

"By the way, I'm here today, mainly to tell you something." Li Tian stood in the middle of the room and said to the brothers.

The brothers were taken aback for a moment and all looked at him in surprise.

"Little boss, what's the matter?" Tang Xiaolong couldn't help but asked curiously.

After the brothers asked this, Li Tian said, "I want you to accompany me to the downtown area of Binjiang City later."

After Li Tian said this suddenly, the brother said, "Go downtown?"

"Yep."

"Why are you going to the city?" Xue Wuhen asked in surprise over there.

But I heard Li Tiandao say: "I want to bring Dugu and Ghost Servant back."

"Yes, my master..." Tang Xiaolong on the other side jumped up and said as if he had been bitten by a snake.

"Ghost servants and Dugu are still in Binjiang City, and the two of them are still infected with a terrible poison, so I must pick them up as soon as possible." Li Tiandao.

The brothers immediately said, "Okay, let's go with Brother Tian, and pick up Brother Ghost and Senior Dugu."

"Well, you should clean up as soon as possible, I'll talk to Aunt Hua and my grandpa." Li Tiandao.

After Li Tian said this, the brothers nodded, and then they saw Li Tian walking outside.

When Li Tian arrived at Baihua Fairy's boudoir, Baihua Fairy had already finished washing.

Seeing Li Tian coming, Fairy Baihua greeted him with a smile, holding Li Tian's hand as if seeing a relative, saying, "Heaven, you are here..."

Li Tian smiled and said, "En."

"Auntie Hua, I'm here to tell you something, that is, today I am going to the downtown area of Binjiang, and then I will pick up Dugu and the ghost servants."

After Li Tian said his thoughts, the fairy Baihua immediately said: "Okay, okay, okay."

"Auntie Hua will go with you..." Fairy Baihua said excitedly there.

But what about Li Tian? But he shook his head slightly and said, "Auntie Hua, don't worry. I will bring them back this time. You stay in the North China Field Army and stay there. No afternoon, I Come back with Xiaolong and them."

Fairy Baihua heard Li Tian say this, so he nodded and said, "Well then..."

"Then you pay more attention along the way..." Fairy Baihua said.

Li Tian nodded.

After telling the Baihua Fairy, Li Tian told his grandfather about his going to Binjiang City. Commander Mu was a little reluctant, but when he heard Li Tianshuo, he just went to pick up people and didn't leave the afternoon. When he was able to return, he agreed, and personally arranged that Brigadier Wang Zhen lead someone to \*\*\*\* Li Tian.

Li Tian didn't want to bother Brigadier Wang Zhen, but the old Commander Mu insisted on doing this. Li Tian couldn't help it, so in the end he could only agree.

At 10 o'clock in the morning, Li Tian was ready to set off with his brothers.

At this moment, I saw that Wang Zhen had prepared a military jeep, and he was there with two guards waiting for Li Tian and his brothers.

Seeing Li Tian and his brothers walking towards this side, Wang Zhen quickly jumped out of the car.

"Li Tian." After Brigadier Wang Zhen jumped off the car, he shouted to Li Tian.

But seeing Li Tianxiao looked at the brigade commander Wang Zhen and said: "Brigadier Commander Wang, it seems that I will trouble you again this time!"

"It's troublesome there... I'm still happy and it's too late..."

"You may not know that the old commander has opinions about 10,000 people recently, so I must behave better now...or else the old commander will be angry, and his old man will not have to shoot me."

Hearing what Wang Zhen said, everyone couldn't help laughing there.

"Everything is ready, ready, let's get in the car and set off." Brigadier Wang said there.

Chapter 1797: Can't find brothers

Li Tian glanced at the brothers, then nodded, and then one by one they got into the military jeep in front of him. .

This time Li Tian took only Na Xue Wuhen, Tang Xiaolong, Chen Qiaozhi, and Jiang Dashan. As for the silly man, and the seductive apostle Situ Xuan, Li Tian did not hand them over.

After all, I went to Binjiang City this time only to pick up people, so I didn't need to bring so many people.

After they got into the car, the soldiers who drove and started the car. After the car groaned, it left the North China Field Army and drove quickly in the direction of Binjiang City.

Because the North China Field Army is stationed in the outskirts of Binjiang City, the distance is not very far. There is only one highway. According to the speed, they should be able to enter Binjiang City in no more than half an hour!

At this moment, the military jeep was driving fast on the highway, and the brothers were all sitting in the car one by one.

"Little boss, where are my master and Senior Dugu in Binjiang City? Are they still in that Cuiwei Residence Hotel?" In the car, only Tang Xiaolong asked.

But seeing Li Tiandao: "No, I arranged them in another place."

"oh, I see....."

"By the way, little boss, my master and Senior Dugu are really poisoned?" Tang Xiaolong continued to ask.

Li Tianen said.

"Is it serious?" Tang Xiaolong said.

Li Tian said frankly: "It looks very serious. Anyway, since I left, I haven't seen the two of them sober... The two of them looked motionless, almost like the dead..."

"Oh... hey." Tang Xiaolong sighed deeply after listening, and couldn't help worrying about the ghost servant.

The car sprinted all the way quickly, and soon he had seen the city of Binjiang in front.

After gradually entering Binjiang City, Li Tian said to the soldier who was driving in front: "At Central Avenue..."

The soldier in front of him drove to the central avenue of Binjiang City according to Li Tian's instructions.

Everyone of the brothers is now ready to meet the Duguxie and the ghost servant with an excited state of mind, after all, they haven't seen it for a long time.

After the car reached the central avenue, Li Tian pointed to the front and said, "On the street at the corner ahead."

The soldier who drove so drove towards the street over there.

After arriving there, Li Tiandao said, "Have you seen that little hotel? It's there."

After he finished saying this, the brothers all leaned over the car window to look, but saw a small hotel located at the corner, surrounded by small shops, and there was an endless stream of pedestrians coming and going.

"Little boss, my master and senior Dugu are here?" Tang Xiaolong blinked and asked curiously at the small hotel.

Li Tian nodded and said, "Well, it's here."

"Let's park at a nearby place." Li Tian said there.

The soldier who drove the car slowly stopped at the door of the small hotel.

After the car stopped, Li Tian opened the door and jumped out of the car vigorously.

After Li Tian jumped out of the car, Tang Xiaolong, Xue Wuhen and Brigadier Wang Zhen behind him also walked down.

"It's here?" Tang Xiaolong said as he raised his eyes and looked at this small hotel.

"Let's go."

Li Tian walked in front alone and said, so he took his brothers to the top of the hotel step by step.

After quickly arriving at the hotel on the second floor above, Li Tian went straight to the room he lived in before.

"This is the room." Li Tian walked over and said.

When he reached the door, he raised his hand and knocked gently on the door.

The brothers waited with excited eyes, waiting to see that Duguxie and the ghost servant.

But unexpectedly, after Li Tian knocked on the door, there was no response in the room.

Li Tian was taken aback, and then quickly raised his hand and knocked on the door, but there was still no movement inside.

The brothers were all standing beside the door, one by one, stunned...

"Nobody?" Tang Xiaolong asked in surprise there suddenly.

At this moment Li Tian was also puzzled.

His heart suddenly became messy, and his heart was secretly lined with no one? Where is Anan?

Thinking like this in his heart, he hurriedly knocked on the door in front of him again, but no matter how Li Tian knocked on the door in front of him, there was no sound inside.

At this time, everyone present was not only stunned.

"What's going on?" This is the common doubt in everyone's mind at this moment.

But seeing that Li Tian was knocking on the door and there was no response at all, Li Tiandang's face became ugly.

"Will something happen?" A word suddenly came out of Li Tian's mouth.

Then, seeing luck with his left hand, he suddenly shook his palm towards the tightly locked door, but after hearing a bang, the door in front of him was directly shook open.

After the door was shaken open, Li Tian hurriedly raised his eyes to look, but saw the shadow of a lonely man and a ghost servant in the empty room... of course not to mention Na Anan.

"What about people?"

"Brother Tian... what's going on?" Xue Wuhen and Li Tian, who looked at him in doubt, said in front of him.

But seeing that Li Tian's face was extremely ugly, he took a close look around the room and said sharply, "No, Anan, Dugu, and the ghost servant must have something wrong."

The brothers in front of me were all stunned.

"Little boss, are you sure my master and them are here?" Tang Xiaolong asked there.

Li Tian looked ugly and said: "Of course I am sure, when I left, I clearly told that Anan let him look after Dugu and the ghost servant."

When the brothers heard, "Brother Tian, could it be that the kid named Anan did something? After all, you don't know his identity very well!" Xue Wuhen asked in confusion.

Li Tian secretly lined up for a while and thought about it: "No, it's not possible! I believe that kid."

"What should I do now? My master and Senior Dugu are not here at all!" Tang Xiaolong on one side couldn't help but worry.

Li Tian didn't say anything with a ugly expression, but carefully checked the room in front of him.

I saw that everything in the room was neat and tidy, there were no traces of fighting, and other clues. After looking around, Li Tian thought to himself...

Suddenly he jumped out quickly and ran towards the place downstairs.

The brothers followed Li Tian closely, and at this time they also ran down from upstairs.

But he said that after Li Tian ran downstairs, he started shouting at the counter in front of the small hotel: "Hey, where's the boss? The boss comes out..."

Chapter 1798: track

Following Li Tian's shout, I saw a man in his 30s who quickly walked out of the hotel. The man was wearing a gray suit and his hair was slightly bald. He walked out and looked at Li Tian in surprise.

"What's the matter, do you live in the hotel?" From his words, he could hear that this person should be the little owner of this hotel.

After hearing what he said, Li Tian immediately shook his head.

"No, it's not a hotel!"

"I want to ask you one thing. Didn't you have a little boy and two middle-aged men living in Room 206 on the second floor three days ago? Where are they? Where have they gone?" Li Tian immediately faced him. The little boss of the hotel asked.

After Li Tian asked, the little boss of the hotel was taken aback.

"You...what are you asking about this? What is your relationship with... and... that group of people?" The hotel owner looked at Li Tian with a weird expression, and the brothers behind Li Tian.

After Li Tian heard this, he immediately said: "We are their friends...so we came to them."

"I want to ask you, do you know where they went?" Li Tian asked anxiously.

After Li Tian asked again, the little hotel owner's complexion became more and more ugly.

"They murdered!" A word suddenly came out of the hotel owner's mouth.

"what?"

"What murder?"

When Li Tian was shocked to hear the boss of this hotel suddenly say this, the whole person was stunned, and the brothers on one side were completely shocked there, and no one knew what was going on.

He only heard the hotel owner in front of him and said to Li Tiandao in front of him: "Maybe you don't know it? Your friends have already caused a disaster... They killed someone and they have been taken away by the police. "

"Just 2 days ago... the police took the little boy here... and two other people." The little boss of the hotel added at this moment.

"Boss, please tell me more clearly, what's going on? How can you kill? Who killed it?" Li Tiandang asked in an ugly face, and the brothers on one side were shocked one by one. Looking at the hotel owner in front of him.

He only heard that the hotel owner said all the things that happened two days ago, and finally said how the police took away Anan, Duguxie, and the ghost servant.

It was said that Li Tian was speechlessly stunned after hearing the little hotel boss in front of him say so, and the brothers on one side were all dumbfounded.

"Oh my God, what happened?"

"How could life be killed?"

"And listen to what he means...Is it my master and senior Dugu who kill people?" Tang Xiaolong said in front of him, his eyes widened.

Then Li Tian was stunned.

"Dugu, are the ghost servants awake? Are they really awake? Are they not the poison of the puppets in them?"

"Even if they wake up, how can they kill for no reason?" Li Tian's head was at a loss at the moment.

The brothers around him were also talking about like ants on a hot pot one by one, and no one knew what happened.

"By the way, did you just say that my friends were arrested in the police station?" Li Tian suddenly looked at the little boss of the hotel and asked.

The boss said, "Yes."

When Li Tian heard this, he didn't say much, and he turned and walked quickly outside the hotel.

When Li Tian quickly walked out of the hotel, the brothers were not only taken aback, they chased them out and asked, "Boss, what are you doing?"

"Go to the police station." Li Tian had already arrived outside at this moment.

Hearing what Li Tian said, the brothers all chased them out.

After they all followed out, one by one got into the car with a sad face.

"Brother Tian, how do we go to the police station to save Senior Dugu and Brother Ghost?" Xue Wuhen asked a crucial question.

"Yes, little boss, we can't forcefully break into the police station..." Tang Xiaolong on one side also said there.

Of course Li Tian thought of this question.

"Of course you can't rush into the police station." Li Tiandao.

Then he turned his head and looked at Brigadier Wang Zhen over there and said, "This may be a problem for Brigadier Wang Zhen... I believe that entering the police station on the basis of Brigadier Wang's reputation should be fine. Right?"

Brigadier Wang Zhen?

Yes, as the brigade commander of the 39th Army of the North China Field Army, the police station must give face.

After hearing what Li Tian said, but seeing Brigadier Wang Zhen in front of him, he smiled slightly and said, "Everyone, don't worry...I believe I still have the ability to take you to meet Dugu and the ghost servants. ... But if they really kill someone, then things will be a little troublesome."

Yes, although Brigadier Wang Zhen was able to take Li Tian and the others into the police station to see the lone lonely and the ghost servants, he could not take them out. After all, the murder was involved...

Then Li Tian still had his brothers heard it, but when he saw Li Tiandao said, "Of course it won't be difficult for Brigadier Wang... I just want to see Dugu and the ghost servants... I want to know how they kill? Both of them were poisoned and unconscious before, how could they suddenly wake up?"

After Li Tian said this, Brigadier Wang Zhen in front of him nodded.

"Okay, let's go to the police station."

After Brigade Commander Wang Zhen said this, the soldier who was driving the car drove forward quickly.

But he said that after the brothers' military jeep left the hotel in front of them, a black Ford sedan suddenly turned from the intersection in the back, and then began to follow Li Tian's car closely. .

The black Ford sedan did not rush to follow, and kept a distance of tens of meters from Li Tian and his military jeep.

Through the black car window glass, I saw that the car was a huge foreign hunk.

The macho stared with a pair of grayish blue eyes, and his bulging muscles symbolized his savagery, especially the blond hair, looking wild and mighty...the man's eyes and his chin had a hideous and terrifying look. Scar, it looks gloomy.

There is a cross hanging in the middle of his neck, and there is a black suitcase on the empty seat on the left. The black suitcase looks weird and mysterious. No one knows what is in the black suitcase. What is it?

This person is among the ten dead saints: Destroy Tank: Long!

## Chapter 1799: Cruel killing

At this moment, Li Tian and his brothers were very worried about the Duguxie and the ghost servants, so they didn't notice the mysterious car behind them. They just drove all the way towards the police station.

Binjiang City, inside the police station.

Na Anan is still being held in the detention center.

After 2 days, there was no news from Li Tian for 2 days, and Anan slowly became desperate...

He didn't know if Li Tian had really abandoned them, or why Li Tian had been looking for them all the time. Now he just shrank in the corner of the detention center and sat resignedly.

Behind him, lying flat with the Duguxie and the ghost servant, two people who looked like dead people, they had not been awake from beginning to end, as if completely dead.

There were three policemen standing outside the detention center, standing there, talking and laughing. They didn't pay much attention to the lonely lonely man, the ghost servant, and the child Anan in the detention center.

Suddenly at this moment, the eyes of the Duguxie and the ghost servant who were lying on the ground like a dead body suddenly opened.

There was no light in the eyes that they opened, and they looked hollow and absent, as if they were dead.

After opening their eyes for a moment, the bodies of the two who were lying down suddenly straightened up, as terrifying as zombies.

When Anan, who was originally curled up in the corner, saw Duguxie and the ghost servant suddenly stood up like a zombie again, his face changed in fright... the whole person shrank in the corner. More afraid.

They stood up like dead bodies again!

They are awake again!

Anan was thinking in that, while staring at the strangely standing Duguxie and the ghost servant with his horrified eyes open and unblinking.

I saw two of them standing up in a daze. At this moment, their bodies were twisted towards the iron fence of the detention center, and then they walked towards the iron fence in front of them with weird steps.

The stride is heavy and powerful!

The iron fence door that closed their detention center was locked from the outside. At this moment, when the three policemen standing at the door heard the footsteps behind, they not only turned their heads together, and then saw the rising Duguxie. And the ghost servants, and their empty eyes.

"Wake up?" This... this... these two guys awake? "A policeman suddenly opened his unbelievable eyes, pointing at the Duguxie and the ghost servant who were walking towards the iron fence step by step, exclaiming excitedly.

"Hey... are these two guys sober?"

"Fucking, I finally woke up... this case is finally over." I saw three police officers outside talking excitedly.

For a long time, hotel homicides have attracted much attention, but unfortunately, Duguxie and ghost servants lay there from the beginning, not breathing at all, so the police could not try the case even if they caught them. , So the police at this moment were of course extremely happy after seeing the suspect suddenly so sober.. But they didn't know that this was the real start of bad luck.

"Quickly, quickly, quickly notify Team Liu...Tell him that the suspect is finally awake." One of the policemen said excitedly there.

Another policeman beside him said hello, and then quickly ran towards the corridor.

The two policemen who remained here looked excitedly at Duguxie and the ghost servant.

"After guarding for a few days, these two guys finally woke up, not easy." A policeman said with a smile there.

The other one said in the same way: "Yes."

"Hey, what do you think these two are doing?" Suddenly the smile on one of the policemen's faces disappeared, and he looked dumbfounded at the Duguxie and the ghost servants over there.

At this moment, the Duguxie and the ghost servant stood up, just like a mummy, stiff and straight towards the iron fence.

Because the iron fence gate of the detention center was locked, the two of them suddenly touched it.

Their eyes looked forward blankly, not at the iron fence blocking them in front of them... as if they were invisible.

After being blocked by the iron fence door, the two of them then started to hit the iron fence in front of them with their heads.

Bang, bang, bang...

So hard, so hard!

So that Duguxie and the ghost servant instantly smashed scarlet blood on their heads... but they seemed to have no thoughts at all. Although blood was flowing from their heads, they still used their heads to face the iron fence door forcefully. Bumped up.

"This, this, this, what are the two of them doing?" The policeman was completely stunned after seeing such a strange situation.

"They, are they mentally ill...?" The other policeman asked with his eyes wide open at the moment in doubt.

Seeing that Duguxie and the ghost servant slammed their heads against the iron fence in front of them, the two policemen were shocked instantly!

"Suicide? Are they playing suicide?" A policeman suddenly shouted there.

There are many cases of this kind in police stations. Some murderers usually choose self-mutilation or suicide because they have mental problems after killing. Therefore, the two policemen in front of them mistakenly thought that the Duguxie and the ghost servant were committing suicide. ...

After the policeman said something like this, the policeman over here was taken aback for a moment, and then said, "Open the door... Never let these two \*\*\*\*\* have an accident before the case is over..."

When the other policeman heard him say this, he nodded quickly.

The case has not yet been settled. If the suspect died in this way, it would of course have an extremely bad effect on the police station, so the two policemen in front of him hurriedly wanted to stop what was happening.

I saw one of the policemen quickly took out the key in his pocket, and then went to open the door of the detention center in front of him.

After opening the iron fence door, the two police officers hurriedly walked over, one of them grabbed the Duguxie, the other grabbed the ghost servant.

"Stop...you stop..." The two police officers roared there while stopping the Duguxie and the ghost servant who bumped their heads.

It's a pity that when the two of them stretched out their hands towards Duguxie and the ghost servant who caught them, the ghost servant and Duguxie suddenly turned their icy eyes, holding those godless eyes and staring fiercely. Two people.

A chill of horror that had never happened before instantly rose from the hearts of the two policemen, and then when they were shocked, the Duguxie suddenly pinched the policeman's neck with one hand.

After the policeman was pinched by Duguxie's neck, he wanted to struggle, but unfortunately it was too late. His body was lifted alive by Duguxie's hand, and the hand that held his neck tightly It's like a ghost hand, getting tighter.

The policeman's pupils began to widen violently... widened... the body struggled vigorously, but it was in vain. With a click, the entire throat tube was directly crushed by Duguxie and died on the ground.

And the other policeman? At this time, he was pinched by the hands of the ghost servant alive, and his skull cracked and shattered, and his entire seven orifices were bleeding, and he fell to the ground with a thump.

In a twinkling of an eye, two policemen who had been watching Duguxie and the ghost servant died tragically on the ground like this.

Chapter 1800: Tang Xiaolong exclaimed

Anan, who was curled up in the corner, saw with his own eyes that Duguxie and the ghost servant had brutally killed the policeman in this way, completely stunned, and stared at the Duguxie and the ghost servant with those frightened eyes. .

It was said that after the Duguxie and the ghost servant killed the two policemen in front of them, they stiffened and walked toward the outside of the detention center step by step, as if they were about to escape from the detention center.

Na Anan watched them leave like this, her face pale in fright and she didn't know what to do.

Suddenly at this moment, the alarm bell outside rang for an instant, as if the police outside found something.

Then I heard the sound of messy footsteps rushing toward the detention center here.

"Team Liu, here." A voice came over.

"The two gangsters just couldn't help but wake up...No one knows how they woke up. Anyway, Xiao Zhang and Xiao Wang are watching over."

"Really? After waking up, did the gangsters say anything?" Captain Liu asked as he walked toward this side quickly.

The policeman behind him said: "Nothing to say..."

"Oh, I see, go, go and see the situation."

As the voice got closer and closer, I saw that 56 policemen ran over, and the leader was Captain Liu.

After they ran over, the first thing they saw was that the iron fence gate of the detention center had been opened. After seeing this, everyone was stunned, even Captain Liu was stunned.

"What's the matter? How did the iron fence of the detention center open?" Captain Liu asked in shock.

The police officers around were also completely taken aback, staying there one by one.

"Xiao Zhang, Xiao Wang, where are they?" Captain Liu asked in surprise, because he found that Xiao Zhang and Xiao Wang were not there at the gate of the detention center...

After asking those two people, the policeman who had just called Captain Liu was also speechless... His eyes stared at the road: "Yes? Where are they?"

As they approached this way step by step, a strong smell of blood suddenly came to the nose. When they smelled the smell of blood, Captain Liu and the policemen around him were agitated. After a while, they walked to see, and then their people appeared one by one at the door of the detention center.

In the detention center, there were two \*\*\*\*\* police corpses lying on the ground, and Anan curled up in a corner with a pale face, while Du Guxie and the ghost servant had disappeared.

"Oh my God, Xiao Zhang, Xiao Wang..." Captain Liu yelled, and hurriedly ran towards the two policemen who died on the ground.

The policemen behind him were all stunned at this moment, staring at the bodies of two colleagues on the ground in shock.

died! The two policemen have all died here.

At this moment, Captain Liu's eyes were red after seeing his two men die.

"Asshole, \*\*\*\* asshole...!!!" Captain Liu was annoyed and smashed against the cold wall with his fist.

"Where are the two bastards?"

"Ran away?"

"Bad son, I killed Xiao Wang and Xiao Zhang... I must catch them."

At this moment, Captain Liu's bloodshot eyes stared at Anan in the corner, and then he took a big step and jumped over. One hand directly grabbed the hem of Anan's chest, and slammed Anan's little girl. The body was against the wall.

"Tell me, tell me... Where are the two bastards? Where are the two \*\*\*\* bastards?" Captain Liu roared at the Anan in front of him like crazy.

But seeing Anan being pushed against the wall fiercely, with a pale and ugly face, he hesitated and said in fear: "They are gone... they left..."

Then Captain Liu suddenly shook off Anan in front of him, turned his head and roared, "Catch me! You must catch those two bastards..."

Following Captain Liu's words, the policemen behind him all drew out their guns from their waists, and then quickly ran to the outside of the detention center to catch the Duguxie and the ghost servant.

As Captain Liu went out to chase someone crazy, he shouted, "The prisoner ran away, the prisoner ran away..."

After the police inside the room heard the sound, they ran out one by one with their pistols.

"over there?"

"Here, there is movement here..."

"Catch me!"

After the sound came, a dozen policemen were seen rushing towards the gate of the police station over there.

After they ran over, my God, they saw two bodies lying on the ground at the door of the police station. One of them was an old policeman who was guarding the door, and the other was a policeman who had just graduated from the police academy. All of their bodies were killed by a single blow from the opponent. Although there were no wounds on their bodies, their internal organs and bones were completely shattered by the extremely powerful palm strength.

After Captain Liu and the dozen policemen behind him ran over at once, they were stunned when they saw the two bodies on the ground.

"Old Jiang, Xiao Jing, are also dead... and killed."

"My God, how could this be?"

"Team Liu, you, you, the two people you caught back... Exactly... what the \*\*\*\* is it?" A police officer here suddenly stared at Captain Liu in disbelief with wide-open eyes.

Captain Liu, who was already extremely angry, was completely stunned at this moment, looking at the two corpses at the door... He only felt his body trembling violently.

Except for the dead old policeman and the policeman who just graduated from the police school, no one was seen at the gate of the empty police station.

That Duguxie and the ghost servant seemed to have disappeared completely, and there was no trace of them anymore.

At the moment, Li Tian and his brothers were driving the military jeep closer and closer to the police station.

I just listened to the soldier who was driving in front, turning his head to the brothers while driving the car and said, "It will be here soon. Turn this street and you will see the police station."

As the soldier who drove in front said so, the brothers also nodded slightly, and then the car began to move forward.

The brothers all blinked at the crowd outside the car window...

At this moment, Tang Xiaolong glanced inadvertently. In the street on the left, he saw two very familiar figures, walking with their backs to the alley in the residential area. Their limbs were stiff and they were walking. The look looks strange.

When suddenly seeing these two figures, Tang Xiaolong yelled for an instant.

"Master... Senior Dugu!"

After Tang Xiaolong's inexplicable scream, all the brothers in front of him were stunned, and then they all turned their heads abruptly, looking at Tang Xiaolong with wide eyes in surprise.
