

A Killer 1801

Chapter 1801: Crash

"Xiaolong, what's the matter?" Li Tianzai only asked Tang Xiaolong, who was looking in front of him with solemn brows.

I saw Tang Xiaolong pointing at the quiet road at the corner of the street in front of him, and said: "I saw... I saw my master and Senior Dugu..."

When Tang Xiaolong suddenly said this, the brothers looked up in shock.

Through the window glass, but seeing that the distant street was completely empty... the brothers were all depressed.

"Xiaolong, is your grandma's eyes dazzling? Didn't you read it wrong?" Chen Qiaozhi on one side didn't believe Tang Xiaolong's words said there.

"That's right, Xiaolong, there are no ghosts and senior Dugu people there!" Xue Wuhen didn't believe Tang Xiaolong's words either.

But when I saw Tang Xiaolong, he said: "Really, really, I fucked, I really saw... Those two people are definitely my master and senior lonely person, 100%."

"You said you saw it? What about people?"

"That road can't even see a ghost, there are ghost servants and senior loneliness there!" The brothers didn't believe Tang Xiaolong's words.

Tang Xiaolong flushed anxiously and said, "Nima, don't I even believe what I said? I just saw my master and senior Dugu...they were at the intersection of the road and turned around and disappeared. Go!!!"

The brothers curled their lips at Tang Xiaolong, expressing their disbelief.

After the brothers had finished saying this, only Li Tian looked at the place Tang Xiaolong said with a deep and solemn brow, staring at the place without blinking...At the same time, his mind was rapidly turning.

"Little boss, you have to believe me. I really didn't read it wrong. Those two people are definitely my master and senior Dugu. I clearly saw the backs of the two of them and I definitely did not admit my mistake." Tang Xiaolong was anxious, at this moment Started to speak to Li Tian.

After Li Tian pondered for a few seconds, he suddenly raised his head and said: "Okay, then let's go over and take a look."

"Huh? Brother God, really want to go there?" Xue Wuhen said in surprise over there.

At this moment, even Chen Qiaozhi and Brigadier Wang Zhen were taken aback.

Tang Xiaolong used to like to make jokes. As brothers, everyone knows that this guy's mouth is leaking, so at this moment everyone doesn't feel much believe in his words...

But Li Tian believed it!

Looking at Tang Xiaolong's serious expression, Li Tian knew in his heart that even if Xiaolong liked to mess around, he would not make jokes at this knot... and his expression was not joking at all... if Xiaolong saw it. If they are correct, if they didn't go, then it would be a problem...

So after Li Tian thought this way, he chose to believe in Tang Xiaolong.

"I believe Xiaolong...Go, let's go over and take a look."

After Li Tian said this, the brothers did not speak too much, and were silent, but only the excitement on Tang Xiaolong's face, and said to Li Tiandao: "Little boss, it's hello, you believe I."

Li Tian smiled at him slightly...

Then Li Tian asked the soldier in front of him to drive towards the quiet street pointed by Tang Xiaolong.

As they drove toward that street, everyone blinked their eyes and looked over there.

As the car came slowly, but after seeing the intersection, there was no trace of the Duguxie or the ghost servant.

"No one!" Xue Wuhen said over there.

Chen Qiaozhi glanced at Tang Xiaolong contemptuously and said: "I said your kid must be dazzling..."

Tang Xiaolong was extremely embarrassed when he was said by his brothers. He pointed to the alley in front and said, "Perhaps, maybe, my master and Senior Dugu got in here..."

"Fart, how is it possible! What are the ghost servants and senior Dugu people doing here in such a small alley?" Chen Qiaozhi retorted there at the moment.

Seeing that the alley is extremely narrow, and the place in front belongs to a residential area, how could Duguxie and the ghost servants come here with ease?

At this moment when all the brothers didn't believe in Tang Xiaolong, Li Tiandao said, "Since you are here, let's go to that alley and have a look... If not, then we will continue to the police station."

As Li Tian said this, the brothers thought for a while, so they drove towards the entrance of the alley in front. They wanted to see if Tang Xiaolong was really dazzling...

But they said that when their car drove this way, they never thought that the black Ford car was also closely following them.

When Li Tian and his car finally reached the entrance of this alley, the brothers had not reported any hope, but when the car suddenly drove over, they suddenly discovered that there were two familiars at one end of the alley. The figure walked forward stiffly, step by step.

"Look... Then, that's my master..."

Tang Xiaolong screamed immediately after seeing it.

"I **** said that I didn't lie to you... I didn't look away... You and his grandmother didn't believe me... Fortunately, the little boss believed me!" Tang Xiaolong shouted and complained for himself.

And the brothers were all stunned at this time, because the back of the two people in front were indeed the Duguxie and the ghost servant.

At this moment, the two people are walking forward step by step with weird steps, no one knows what they are doing!

"Really...really Brother Ghost? And Senior Dugu...?" Xue Wuhen looked at the figure in front of him silently.

At this moment, Li Tian was also shocked.

My God, Duguxie and the Ghost Servant are really awake... they have really stood up from their coma.

"Quickly, call them!" At the moment, I just listened to the words of Brigadier Wang Zhen in front of me.

So Tang Xiaolong hurriedly opened the window of the car, then stretched his head and shouted there, "Master...Master...Senior Dugu...we are here..."

Tang Xiaolong's voice was extremely loud, but when he shouted out, the Duguxie and the ghost servants in front seemed to have not heard them at all. They still walked forward step by step with stiff steps, watching their whereabouts. It looks very weird.

After Tang Xiaolong yelled a few times, when the Duguxie and the ghost servant didn't respond at all, the brothers were stunned, how could they not hear it?

What about Li Tian? Also at this moment, not only was the whole heart beating violently, and then an extremely bad premonition suddenly poured out of my heart.

When this inexplicable bad premonition suddenly came out of his heart, Li Tian subconsciously turned his head and looked around. After looking back, he saw a black car suddenly facing them at an extremely fast speed. The car hit from behind.

Obviously, I wanted to kill them alive.

When seeing such a dangerous situation, Li Tian was shocked and suddenly exclaimed: "Be careful!"

Chapter 1802: Fierce battle

As he yelled, the brothers hadn't fully reacted yet, and saw the black Ford sedan behind with a thud and slammed into the back of their car.

A terrifying impact, but with a bang, their military off-road vehicle was hit and scrapped. The entire body was hit directly on the front wall, and the front cover suddenly flew... and the body Also completely damaged...

Inside the car, but seeing that the brothers were all bumped into their heads rumbling, then Tang Xiaolong's head was even more bleeding out.

Because Li Tian was the first to discover the danger, except for the buzzing inside his head, he was okay. After seeing that he was not injured, he quickly asked, "Xiaolong, Qiaozhi, Wuhen... ..How are you doing?"

"Little boss...I...I'm fine!"

"I'm fine..."

With the voices of the brothers, Li Tian finally felt relieved.

It's a pity that the young man who was driving in the front was hit and killed alive. The steering wheel of the car in front of him was against his chest, and his **** face was lying on the completely deformed steering wheel and died. .

"Fuck, who did it?"

"Who the **** hit our car?" Tang Xiaolong touched the blood on his head and couldn't help yelling.

As the brothers were still wondering, the Ford car behind them slammed and the door was banged open.

Then when the brothers looked back, they saw a burly and domineering foreign hunk.

The fierce man has golden hair, is extremely burly, and his muscles rise up looking like a beast, carrying a black box in his hand, and is walking out of the car.

On a face like a lion, a hideous scar was drawn directly from the corner of the eye to the inside of his neck.

Destroy the tank: Long!

After getting out of the car in a murderous manner, he suddenly opened the black box in his hand and took out a German hk416 heavy automatic rifle that was already prepared.

This kind of automatic rifle has a terrifying range and extremely strong penetrating power. When he saw the foreign hunk pull out such a guy suddenly, the brigade commander Wang Zhen in the car was stunned.

Exclaimed: "hk416?"

"Get out of the car... Get out of the car."

As Wang Zhen screamed, he first started to run under the scrapped car like crazy.

Tuk tuk

Suddenly, the sound of gunfire shot at their scrapped military off-road vehicle like dense rain.

I saw that the "Long" at the back held the hk416 automatic rifle at Li Tian's car and fired wildly.

Li Tian and his brothers hid in the car hurriedly. The glass of the car windows was completely shattered, and the splashed glass **** stuck on their prisoners, but they could not move.

Seeing that the trunk of the car was completely filled with bullet holes, Li Tian knew that it would not work anymore. He roared and kicked on the side door with a bang. The door was kicked directly by Li Tian. Flying...

Then Li Tian rolled off the car.

Just after he rolled to the ground, a row of bullets shot at him.

Li Tian continued to dodge, and then dodged to the side suddenly, the bullet grazed his body and shot into the air.

After Li Tian escaped, his heart was extremely confused.

Foreigner?

How could foreigners chase them down? And judging from the attack, the other party clearly came prepared! ! !

why? why? why? Li Tian's mind was full of questions at this moment.

And brothers? When they shot at Li Tian through the "Long", they all rolled out of the scrapped car, and then all hid in the dark, panting, hiding there in shock.

The car was hit in the fuel tank and exploded with a bang after the brothers escaped.

A group of fierce fire suddenly soared into the sky, and behind the flame, that Long was still holding the extremely strong and crazy burst of fire.

The bullet banged on the wall.

Brothers are in shock, hiding there one by one, you look at me, I look at you.

"Damn, what's the situation?"

"Who the **** is that **** foreign guy?" Tang Xiaolong yelled at the moment, rubbing blood over there because of the bleeding on his face.

The area of Xue Wuhen's shoulders was also scratched by the glass. At this moment, her ugly face was pressed against the wall, and she couldn't help breathing.

Brigadier Wang Zhen and the remaining Chen Qiaozhi were also there, and no one dared to go out hastily, because as long as they went out, they would be shot by a row of bullets.

However, Na Long saw the brothers escape from the car. At this moment, the hk416 with a capacity of 80 rounds was very powerful. After the crazy blast, the bullets in the magazine finally finished.

But seeing that Long stretched out his hand skillfully to escape a magazine from his waist, then he was ready to change.

What about Li Tian? Hearing the sound of the other party's magazine changing in this indirect effort, his body suddenly rushed out. He knew that it was an opportunity at this moment, and it was the best opportunity for the situation to change.

At the moment when he suddenly rushed out, Li Tian directly transported his feet and palms, and slammed into the "long" chest as fast as a photoelectric.

The extremely burly foreign hunk "Long" saw a black shadow suddenly flash in front of his eyes, before he had time to react, he was hit by Li Tian's heavy palm on his chest.

With a bang, accompanied by strong palm strength erupted from Li Tian's palm, I saw that the foreign macho "Long" didn't move his body, but took Li Tian's palm...

Then the "Long" was violently shaken by Li Tian's palm strength and then took a step back. The originally terrifying face became extremely distorted in amazement, staring at Li Tian angrily.

What about Li Tian? Also completely startled!

Although Li Tian is still injured, but the strong palm strength just now has at least 50% of the power, but the heavy blow on the strong man "Long", the guy was only shocked to take a step back! ! !

So strong?

Is this foreigner so tough?

Following Li Tian's shock, then Li Tian soared up, kicking his feet against the "long" chest again.

The "Long" dodges Li Tian's two feet, but did not dodge the third foot. Li Tian kicked his chest again, then shook his body, still standing there.

Chapter 1803: Rowling, flying knife!

What about Li Tian? The body flew back upside down.

After flying back, Li Tian was depressed. Good deed, why is this **** foreign guy so resistant to fights? The body is exactly like steel!

But he said that after Li Tian shot him twice and shot that "Long", he was angry at the moment. He was still holding the hk416 automatic rifle in his hand, but at this moment he suddenly threw the gun in his hand!

fight!

He wants to really fight Li Tianlai! ! !

With his eyes wide open, his two hands were like giants and grabbed Li Tian at once, extremely vicious.

Li Tian saw that this guy had dropped the gun in his hand. Of course he wouldn't be afraid of him at this moment. The energy of his entire body poured his arms into his arms. He suddenly shook his body and rushed towards the "Long".

Li Tian's body is very fast. Although the fast "Long" has a brute force, he can't touch Li Tian's clothes at all. Although the "Long" is mighty, he can't touch Li Tian at all. Screaming.

He was spitting out foreign language that Li Tian couldn't understand at all. The only thing he could understand was his violent cry: fuck!

After seeing that "Long" hit the air again, Li Tian took the opportunity to use Xuantian fingering.

The terrifying finger Jin suddenly shot towards that long chest.

Although the "Long" looked clumsy and mighty, but when he saw Li Tian's Xuantian **** shoot, he was not only shocked, his body retreated suddenly, avoiding Li Tian's fingering, just when Li Tian wanted to shoot. When he pointed the second finger, those "Long" hands suddenly held up a huge heavy stone beside him, and slammed it at Li Tian fiercely.

Extremely powerful, like a giant.

Li Tian was taken aback, and his body suddenly avoided the violent blow, evading it.

Just when Li Tian was about to fight back, a strange whistle suddenly came.

Li Tian and his brothers were all startled when they heard the weird whistle.

Then he saw that the giant "Long"'s complexion changed slightly, his fierce eyes glared at Li Tian angrily, and then he turned and ran back suddenly.

No one knows why this guy runs!

Seeing that guy ran away suddenly, Li Tian was startled, and said to himself: What's the matter? Why did he run away?

The brothers also saw the extremely tough foreign guy running away. After seeing him running, Tang Xiaolong suddenly became angry.

"Fuck, want to run? I let you run!"

"Look at Lao Tzu catching up with you, how can I teach you a bullshit!!!" He roared, and couldn't help the anger in his heart, so he chased him wildly.

Li Tian shouted: "Little Dragon, don't be reckless, come back..."

"No, I must teach that bastard!"

But then Tang Xiaolong didn't listen to him at all, Tang Xiaolong was now full of anger...How could he be so angry?

The car was blown up somehow, and then somehow almost killed by the opponent's bullet. Now that **** even said to run and run? According to Xiaolong's temper, even if he is chased to death, he must be chased to the end!

Seeing Tang Xiaolong chasing him angrily at this moment, Li Tian hurriedly said to Xue Wuhen next to him, "Wuhen, you should follow Xiaolong...Don't let him have an accident."

"Yes, Brother Tian." After Xue Wuhen promised Li Tian, he chased Tang Xiaolong with extreme speed.

And what about Li Tian, Chen Qiaozhi and Brigadier Wang Zhen?

I saw Li Tian first observed the surrounding environment, and then said: "Today's things are getting more and more strange... However, the first thing to do now is to quickly find Dugu and Ghost Servant! I want to see them in the end. what happened....."

Li Tian said as he looked at the place where the lone lonely and the ghost servant had just appeared.

But in the empty alley at this moment, the Duguxie and the ghost servant have long since disappeared.

"The two of them must have gone in which direction..." Li Tian said while pointing at the alley where the Duguxie and the ghost servant appeared just now.

Then Brigadier Wang Zhen and Chen Qiaozhi nodded.

"chase!"

Following Li Tian's words, Chen Qiaozhi and Brigadier Wang Zhen immediately followed Li Tian to the alley.

After the three of them ran to one end of the alley, they found that the front was an intersection, and there were no traces of Duguxie or ghost servants at both ends of the intersection.

After seeing this situation, Li Tian was taken aback.

"Li Tian, what should I do now? Where to go?"

After they asked, Li Tian frowned deeply.

He didn't know where to go, looking at the crossroads on both sides, he was in a state of confusion. Suddenly at this moment, the sound of fighting came from the road on the right. Although the sound was extremely small, it was still heard by Li Tian with excellent ears.

When Li Tian heard it, he pointed to the path and said: "Here!"

As he said it, he quickly ran towards the front, Wang Zhen and Chen Qiaozhi behind him also followed closely.

After Li Tian rushed to this side, he saw that there was a fight in front of him, and there was a SUV parked there.

And it was the Duguxie who did it! Next to him was a white man who wore a cross on his neck, and his hand was cruel and acrimonious. In a blink of an eye, the Duguxie had been put down on the ground.

Duguxie's tricks seem to be very rigid, not at the same level as when he was before... After being brought down, he lay motionless on the ground, and the ghost servants beside him had already lain down on the ground at this time. ,Do not move

But he said that Li Tian was angry when he saw that Duguxie and the ghost servant were knocked down by the white foreign man.

"Asshole! Let go of Dugu and the ghost servant..."

Then Li Tian roared and flew over, trying to save Duguxie and the ghost servant.

But just as his body just took off, a sharp flying knife in the air flew towards him.

When Li Tian felt the flying knife thrust towards him, his body was upside down in the air and flew back.

Seeing that the flying knife didn't stab Li Tian, it whizzed and flew back.

And the one who caught the throwing knife?

It is a woman, a glamorous woman with the appearance of an angel.

Night Fox: Rowling!

She held the flying knife in her slender hand, spinning there, a pair of jewel-like blue eyes staring at Li Tian and the brothers viciously.

"What the **** is going on?"

"How do these foreigners deal with Duguxie and the ghost servants? And... why are they dealing with me and my brothers?" A series of questions all flooded Li Tian's heart.

Chapter 1804: Don't force me to kill a woman

But what about Li Tian? At the moment, he can't think about so much.

He just stared at the two foreigners in front of him.

"Who the **** are you? Why do you want to catch Dugu and ghost servants?"

After Li Tian asked, the white man standing behind gave Li Tian a cold look.

"You will know!" His Mandarin was very substandard, but when he said it, Li Tianhai could hear him clearly.

When Li Tian heard him say this, he immediately said angrily: "Well, since you refuse to let go of the ghost servants and lonely loneliness today, then I will tell you, no matter who you are, I will let you all die here! !!!"

"Really?" The white man suddenly sneered.

Then he glanced at Rowling beside him and said to Rowling in English: "It is said that China is the hometown of martial arts. In that case, Lin, you can play with him..."

After the white man in front of him said so, Rowling glanced at Li Tian with blue eyes like jewels.

Then, before Li Tian could see clearly, two rotating flying knives suddenly flew out of Rowling's sleeves. The speed was surprisingly fast, and it was impossible to react.

However, the person he faced was Li Tian.

When Li Tian saw the two rotating crescent flying knives stab him towards him, Li Tian dangled and avoided.

But after Li Tian evaded, he didn't expect that the two rotating flying knives seemed to be spiritual, and they turned the direction again and continued shooting towards Li Tian.

Li Tianshan stepped back, roared, and his palms came out.

The horrible palm Jin directly shook the two crescent flying knives that were spinning over, and all the two flying knives hit the cold wall, and then fell from the wall.

After seeing that all of her two flying knives were shaken to the ground by Li Tianji, Rowling's delicate and pretty face suddenly became cold, and then there was a brush between her hands, not knowing when it has been again. There are two more deadly crescent knives.

The blade is very thin and curved, and there are two blood grooves on the blade. If this kind of weird blade pierces a human body, it will definitely break open and die.

After the two crescent knives flashed out of Na Rowling's hands, she suddenly swooped toward Li Tian with a stride, and the two crescent knives in her hand drew a strange arc, piercing Li Tian in front of her.

But he said that Li Tian was seeing Rowling stabbing towards him and snorted coldly. The right hand was originally a fist, but at this moment, he flipped it and turned his palm directly, and then the infuriating energy gathered from the dantian suddenly struck towards Luolin.

Rowling's delicate body dodges, the person is in the air, and the two swords are stab at Li Tian.

Li Tian stepped back slightly, evading this move, and then grabbed forward with his right hand suddenly, extremely fast. Then Rowling watched Li Tian grabbing his shoulders, and quickly backed away, and quickly dodged.

After she quickly dodged over, the crescent knife in her hand suddenly stabbed Li Tian again.

Her swordsmanship is completely different from those of domestic swordsmen. Her swordsmanship is weird and cold. Every sword seems to kill people, just like the Japanese ninja swordsmanship.

He quickly stabbed a few knives, all of which were dodged by Li Tian.

When Jace, the white man with blond hair on the other side, saw Li Tian's tricks, his jewel-like blue eyes became more and more ugly.

Suddenly there was a scream, and Luo Lin's body suddenly rose into the air, and the crescent knife in her hand suddenly stab Li Tian strangely.

Li Tian could feel the cold blade cut fatally across his face... Then Li Tian became angry.

But seeing Li Tian let out a violent rage, his palms were extremely lucky, and then he used the Wujian Jue in the "Ten Jue Sword Qi" all at once.

Senhan's sword aura pierced towards Luolin in terror.

When Luo Lin felt a terrifying sword aura suddenly pierced towards her, her eyes changed suddenly, and her body suddenly retreated, but at the moment when she just hid from Li Tian's invincible sword aura, another invisible sword aura was directly Slashed towards her body again.

Rowling's beautiful eyes widened this time, because she couldn't avoid this sword aura at all.

But hesitated

With a sound, Li Tian's invisible sword aura directly hit Na Rowling's chest. She was wearing a tight black leather jacket, and she was suddenly drawn with a sword edge! The weird cross on the neck was also cut off by Li Tian's sword aura, and it fell to the ground with a scream.

"Don't force me to kill a woman!" A cold roar came out of Li Tian's mouth.

It turned out that this sword was Li Tian's taking back his domineering sword aura. If not, I am afraid that Rowling was not so lucky with this sword.

After Li Tian finished saying this, Rowling stood there with an ugly face, and a pair of blue jewel-like eyes stared at Li Tian fiercely.

And what about Jace, the dead saint? When he saw this scene, a strange smile suddenly appeared at the corner of his mouth.

"withdraw!"

After he finished speaking, Na Jace suddenly took out an object from his arms and threw it towards Li Tian and the others. After the object hit the ground, it exploded with a bang, and then A cloud of white smoke flashed out suddenly.

It's almost the same as a smoke bomb!

Li Tian, Brigadier Wang Zhen and Chen Qiaozhi behind him quickly covered his mouth and nose...

Then he heard the sound of the car starting, Li Tian didn't care much, and rushed out of the smoke to look, but it was too late.

The dead saint Jace in front of him had already drove away with Na Rowling, the Duguxie and the ghost servant.

Li Tian looked at the driving car and stood there disappointed.

Chasing, I can't catch up at all...

Not chasing, but Duguxie and the ghost servant were taken away by mysterious foreigners like this!

At this moment, I saw Brigadier Wang Zhen and Chen Qiaozhi behind him also rushing over quickly, looking at the leaving car, the three of them stood there speechlessly.

In an alley, I saw Tang Xiaolong still chasing the destruction tank like a mad dog: Long!

While running, the "Long" looked back at Tang Xiaolong who was chasing after him.

Tang Xiaolong scolded while chasing, as if he would catch up with the foreign "Long" even if he went to hell.

"Fuck you uncle, I see you running there..."

Tang Xiaolong yelled at the chaser like crazy.

Suddenly Long, who was running wild in front of him, stopped there all of a sudden, and then stared at Tang Xiaolong who was running towards him with wide eyes.

What about Tang Xiaolong? Now the whole body was full of anger, and after seeing that "Long" stopped, he chased after him.

In a blink of an eye, the two became opposing positions,

Tang Xiaolong stood there while panting, looking angrily at the destruction tank like a giant in front of him: Long, cursed in his mouth: "Damn bastard, you run, if you have the ability to run the fuck?"

Na Long glanced fiercely at Tang Xiaolong who was chasing him, suddenly clenched his fists, and his joints exploded, showing that he was strong and burly.

"Looking for death!" Na Long suddenly spit out a very substandard Mandarin, and then the whole person suddenly rushed towards Tang Xiaolong in front of him. It seemed that they were really ready to fight.

Chapter 1805: Moment of crisis

What about Tang Xiaolong?

Not evasive, clenched his fist tightly and rushed over like a beast.

With a bang, Tang Xiaolong slammed his fist on Long's chest, but what about the burly and sturdy Long? Standing still, he took a heavy punch from Tang Xiaolong, but his body did not react at all, as if Tang Xiaolong's punch was tickling him...

This moment made Tang Xiaolong depressed, and he said to himself: This Nima, why is this pervert so hard?

Tang Xiaolong thought about it at the moment, and then he clenched his fists with both hands, bang bang bang, and then hit the chest of that Long with three punches, but how about that Long? He didn't fight back at all, it was as if he let Tang Xiaolong fight... there was no reaction at all, as if Tang Xiaolong's fists were not enough to hurt this hunk.

Just when Tang Xiaolong stayed for a few punches and made no response to others, Na Long suddenly roared and hit Tang Xiaolong's cheek with a punch...

Tang Xiaolong's body flew directly up, and he spewed blood from his mouth. The whole figure was thrown out like a ball, and fell to the ground with a thump.

Terrible punch!

What a fierce fist!

Tang Xiaolong just felt his head buzzing, and the blood from the corners of his mouth flowed down his neck, and then slowly climbed up from the ground.

Before Tang Xiaolong's whole body got up, Na Long had already walked over like a giant, and then suddenly kicked Tang Xiaolong's waist.

Tang Xiaolong only felt that his ribs had been kicked to pieces, and with a scream of pain, his whole body suddenly hit the hard wall next to him, making it difficult to get up.

Seeing that Tang Xiaolong was not this Long's opponent at all, that Long, like the ***** of death, began to walk step by step towards Tang Xiaolong who was difficult to get up.

Long's face didn't have the slightest expression, only the terrifying aura of destruction in his eyes.

It can be seen from his destruction eyes that he is preparing to kill Tang Xiaolong.

As this fierce man approached Tang Xiaolong step by step, Tang Xiaolong was still vomiting blood in his mouth, and his whole body struggled to get up on the ground...

At this moment, I saw that Long suddenly grabbed Tang Xiaolong's body with two big hands, and was about to lift Tang Xiaolong alive and then fell to the ground fiercely. The corners of his mouth were flowing. The ***** Tang Xiaolong suddenly hugged Na Long's shoulder like a lunatic, and then his blood-stained mouth bit on Na Long's ear like a beast.

Long was originally not afraid of Tang Xiaolong like steel, but after all his body is not steel, but also flesh and blood, so at this moment Tang Xiaolong bit his ear with his mouth, and he screamed in pain.

A trace of blood flowed out of Tang Xiaolong's mouth, his face was hideous, as if he would not let go of "Long" even if he died.

Roaring, he suddenly grabbed Tang Xiaolong's body and slammed to the ground.

After Tang Xiaolong was thrown to the ground, his body seemed difficult to get up, but the corner of his mouth had a bitten off ear...and that ***** ear was also the "long".

Seeing that "Long" was bitten off his ear alive, Rong's painful hand was covering the bleeding ear, and his whole body trembled violently.

And even though Tang Xiaolong, who was on the ground like a lunatic, was seriously injured, he was smiling with a blood-stained face... a happy smile, a scary smile.

The bitten ear that fell near the mouth was thrown on the ground in blood.

Na Longyan watched his ears being bitten off alive, and then roared angrily, angry like an angry lion, and all of a sudden he killed Tang Xiaolong like crazy, as if he was ready to take it Determined to kill Tang Xiaolong.

While rushing over angrily, he cursed at the foreign language he didn't understand.

Seeing that Tang Xiaolong was about to be killed alive by this fierce man, at this moment, a white weird thing suddenly hit the "Long" back at an extremely fast speed.

When Long felt a sudden attack from something powerful on his back, although he was angry, he didn't dare to take it carelessly. His burly body suddenly turned, trying to avoid the energy, but he never thought of it. The speed at which the opponent attacked was so fast... so that he couldn't avoid it.

There was a bang, but seeing that the white thing hit Long's chest suddenly, Long's steel-like body was shaken by the thing, and the whole person stepped back 45 big steps before holding his footsteps. , At the same time, a hot and painful feeling came from the place hit.

Take a closer look, my goodness, what hit his chest was an ice cube... and it was a small ice cube...

A small block of ice can actually damage the destruction tank: Long?

When Long widened his eyes to see the little ice cube on the ground that was about to melt, he screamed in anger, his eyes rolled around the roar, he wanted to see who attacked him.

"Who?"

"Come out... get out?"

Just as he was yelling in English, he suddenly swished again, and two energies shot at him extremely fast.

The extremely fast energy all shot towards his two leg joints...

And that fast speed made Long unable to dodge at all.

But after hearing two bangs, there was a sudden scream of pain in his mouth, and then the knee joints of both legs were shot by that energy, and the cool small ice cubes shot on his leg...

As the tiny ice block hit the destruction tank: Long,'s legs, Long's legs numb, and he suddenly knelt to the ground...

After Long was beaten on the ground by a mysterious master, a figure suddenly appeared at the entrance of the alley not far in front.

He was wearing a navy blue dress, standing motionless there, his breath was full of an innate breath of the world.

His hair is very long and long, as if he hasn't been trimmed for many years, and the whole person feels like an ancient person...Standing there.

His body turned his back to Na Long, and was also turned his back to Tang Xiaolong, who was lying on the ground with severe injuries.

After seeing the appearance of such a person with extremely high martial arts inexplicably, Nalong yelled at that moment while speaking in a foreign language that he could not understand.

The distance between that person and Long and Tang Xiaolong were more than 20 meters away, as if he didn't want to come closer.

Just after looking at the situation here, he suddenly spit out a few words in Na Long's mouth: "Go away, don't leave, I will let you die without a place to bury!"

Nalong understands Mandarin. After hearing this sentence, although his face was full of anger, he still got up from the ground with difficulty... Then he covered the **** ear that was bitten off by Tang Xiaolong with one hand. Then he limped and left here...

After he left, Tang Xiaolong lying on the ground was covered in blood... He wanted to straighten up slowly and thank the person who saved him, but because of the serious injury, he didn't have any strength...

And what about the one who saved him?

At this moment, no one knows where he went.

In the desolate alley, Xue Wuhen's shout suddenly came from behind.

"Xiaolong, Xiaolong, where are you?" It turned out that it was Xue Wuhen who came to Tang Xiaolong.

Tang Xiaolong endured the serious injury in his body, and responded with difficulty: "I...I...I am here..."

Xue Wuhen, who heard the sound, hurried over to the alley here.

"Xiaolong!" Xue Wuhen ran over in horror when he saw Tang Xiaolong lying on the ground covered in blood.

Hurriedly supported Tang Xiaolong and asked urgently, "Xiaolong, how are you? How are you?"

Tang Xiaolong gasped hard, then wiped the blood from the corner of his mouth: "I, I'm fine... can't die."

Chapter 1806: Who will he be?

"Oh my God, how could you suffer such a serious injury?" Xue Wuhen asked with worry while supporting Tang Xiaolong.

But what about Tang Xiaolong? At this moment, his body was seriously injured, with blood in his mouth, while being supported by Xue Wuhen with difficulty, he was still breathing heavily.

"Xiaolong, did you chase that foreign guy?" Xue Wuhen said, looking at the seriously injured Tang Xiaolong.

Tang Xiaolong nodded in pain, then clutched the injury on his chest, supported by Xue Wuhen, and finally stood up slowly. Although his body stood up, he still couldn't help trembling there.

After he stood up, he looked at the empty alley ahead with his blood-red eyes... his eyes filled with a weird light.

When Na Xue Wuhen saw Tang Xiaolong staring at this side with weird eyes, he asked, "Xiaolong, what are you looking at?"

"people....."

Xue Wuhen was stunned when she heard this, and said, "Who?"

"The one who saved me..." Tang Xiaolong said with difficulty raising his arm and wiping the blood from the corner of his mouth.

Xue Wuhen said: "Huh?"

"Are you saying that someone saved you?" Xue Wuhen said in surprise, and looked around with his eyes pricked.

In the empty alley, there was no trace of people, the person who mysteriously rescued Tang Xiaolong just now had already disappeared.

"Yes... someone saved me... but... but... I didn't see who he was..." Tang Xiaolong said in pain.

When Na Xue Wuhen heard Tang Xiaolong say this, she was startled for a while, and then looked at Tang Xiaolong who was seriously injured and said: "Xiaolong, don't talk too much, your injury is too serious..."

Tang Xiaolong really didn't have the strength to speak anymore. With the support of Xue Wuhen, he slowly leaned to one side and then gasped.

Xue Wuhen was wiping the blood off Tang Xiaolong's face, while constantly thinking about Tang Xiaolong's words in her mind.

"Did someone really rescue Xiaolong?"

"Who would it be?"

As he was thinking about it in his mind, he saw the voices of Li Tian, Chen Qiaozhi and others coming from the place in front.

"Little dragon, Wuhen..."

"Where are you?"

Hearing the voice, you could tell that Li Tian came to look for them.

After Xue Wuhen and Tang Xiaolong heard it, they saw Xue Wuhen and said excitedly, "Hey Brother Tian, they are here..."

"My God, we are here! We are here!"

After Xue Wuhen's voice called out, Li Tian, Brigadier Wang Zhen and Chen Qiaozhi over there heard the movement.

"Little dragon, Wuhen!"

Then he saw Li Tian rushing over here with Brigadier Wang Zhen and Chen Qiaozhi.

When he saw Tang Xiaolong lying here with blood on his face, Li Tian suddenly ran over with a heartache.

"Xiaolong, Xiaolong, how could you be like this? How could you get such a serious injury?" Li Tian asked in horror.

But seeing Tang Xiaolong's face covered with blood, but he tried to squeeze out a smile, looking at Li Tian there and gasping: "Little boss...I...I'm fine... I just hate, I... I don't... Keep that **** gringy!!!"

Listening to Tang Xiaolong's words, Li Tiansui knew what was going on.

Tang Xiaolong must have been seriously injured by that foreign hunk.

Looking at Tang Xiaolong who was so badly injured, Li Tian comforted: "Xiaolong, you can rest assured, those foreigners, one day I will catch them and let them pay back with blood!!!"

Tang Xiaolong took a deep breath, gritted his teeth and nodded.

"Brother Tian, Xiaolong just said that someone else saved him!" Xue Wuhen suddenly faced Li Tiandao in front of him.

Li Tianyi was taken aback. He thought it was Tang Xiaolong who Xue Wuhen came to help, but he didn't expect that there would be other people here. He hurriedly asked, "You mean someone else saved Xiaolong?"

Xue Wuhen nodded quickly.

"Yes, Brother God."

"Who?" Li Tian asked in doubt now.

Chen Qiaozhi and Brigadier Wang Zhen also blinked in wonder, they really couldn't figure out who would rescue Xiaolong.

But seeing that Xue Wuhen also shook his head at this moment, saying that he didn't know.

"It's a...a...man with long hair...high martial arts..." Tang Xiaolong said with difficulty enduring the injury in his chest.

After hearing the severely injured Tang Xiaolong suddenly say this, Li Tian was not only astonished.

"Are you sure someone else saved you?" Li Tian questioned.

Tang Xiaolong nodded deeply, and said: "I...I...Although I didn't see clearly...I saw his face clearly...but I know...His martial arts...absolutely...very high. ..."

"That **** foreign guy...on him...at all...it's impossible to withstand a single blow...by him...by him...by two strokes!" After Tang Xiaolong said these words, the whole person gasped. No, it can be seen that his injury is indeed too serious.

When Li Tian heard Tang Xiaolong say this, his brows wrinkled tightly.

He had personally fought with that foreign hunk just now, and he knew the terrifying power of that foreign hunk, but now Tang Xiaolong said that he was vulnerable in the hands of that mysterious person...

Who will it be?

Who would have such a strong strength to help himself and his brothers? Thinking of this in his heart, Li Tian was puzzled. .

"Xiaolong, do you see clearly what martial arts that man used to defeat the foreign guy?" Li Tian asked again.

Following Li Tianwen's exit, he only heard that Tang Xiaolong said with difficulty: "The use of... is... hidden weapon..."

"Hidden weapon?" Li Tian was not only startled when he heard it.

Then he bent his body and began to look for the place in front of him. He was looking to find out how the master Tang Xiaolong said he defeated the gringo.

I saw Li Tian carefully searching on the ground bit by bit, he wanted to find all the clues.

Suddenly his eyes were on a piece of ice that hadn't completely melted not far in front...The ice was about to melt at this moment, but there was still a little bit left that Li Tian noticed.

After Li Tian finally found the so-called "hidden weapon", Li Tian's heart shook.

"Ice ice?"

"The other party actually used this kind of cold ice as a hidden weapon?" When thinking of this in his heart, Li Tian couldn't help but chuckle.

It is the weather in September right now, and there is no possibility of ice appearing, and the ice appearing at this moment is obviously left over by the other party, but how did this ice form?

unless? Unless, he used internal force to condense the ice, and then sent it out as a hidden weapon, Li Tian suddenly thought this way.

When suddenly thinking this in his mind, Li Tian was shocked right now!

What a powerful internal force that a person can accumulate energy into ice with his internal force!

Who?

Who on earth would save his good brother? Why did he save Tang Xiaolong? A series of questions emerged in Li Tian's mind.

Chapter 1807: Looking for Anan

Looking at the seriously injured Tang Xiaolong, Li Tian finally decided to treat the severe injury of Tang Xiaolong first, and then make the next step.

After finding a hotel in Binjiang City, the brothers took the seriously injured Tang Xiaolong and settled down first.

In the room, I saw Tang Xiaolong lying on the bed, his face pale, resting.

The brothers here walked back and forth in the room with extremely uneasy faces.

Not to mention Li Tian, his head is full of questions and anger at this moment.

"What is the origin of those foreigners today and why should they deal with us? And why did they rob Senior Dugu and Brother Ghost!!!" Xue Wuhen said in front of him.

Listening to Xue Wuhen's words, then Chen Qiaozhi and Brigadier Wang Zhen also looked incomprehensible.

Foreigner?

They have never dealt with foreigners for a long time. How could they suddenly come out in such a situation today?

At this moment, only Li Tian was sitting there with solemn brows, thinking about things in his heart.

Foreigner?

Foreigner?

Li Tian suddenly remembered in his mind what the mysterious man had said to him when he was at the Necropolis of Hell Gate. At that time, the weird mysterious man said: Pay attention to people in Western countries...

Suddenly thinking of this, Li Tian's heart was stunned.

"Is it really predicted by him?"

When Li Tian suddenly thought of these, he only heard and said, "I know!"

When he said that he knew, Chen Qiaozhi, Brigadier Wang Zhen and Xue Wuhen beside him were not only taken aback, they looked at Li Tian in front of him in surprise.

"Brother Tian, what's the matter? What do you know?" Xue Wuhen on one side couldn't help but look at Li Tian and asked.

After they asked, they only heard Li Tiandao say: "I know why those foreigners dealt with us."

"Why?" The brothers in front of me asked in surprise.

Just listen to Li Tiandao: "Because someone warned me to pay attention to people in the West."

"He also said that they will be my worst enemy in the future."

Listening to Li Tian's words, Xue Wuhen and Chen Qiao's Capital were not only taken aback, they asked in surprise, "Who? Who told you?"

"I actually don't know who he is!"

"But I know that he is in the rudder of the gate of hell."

As Li Tian said this sentence, the brothers in front of him were depressed.

"Ah? People at the gate of hell?" said Li Tiandao, the brothers staring at him with their eyes wide open. They all had expressions of disbelief. They could hardly believe that people at the gate of **** would tell Li Tian this news. .

But when I heard Li Tian knew what the brothers meant, he not only said, "In fact, this man helped me. The last time I was plunged into the rudder of the gate of hell, I was saved by him... Although I don't know what he is. Who, but I can feel it, he doesn't seem to be a villain at the gate of hell."

After Li Tian said this, the brothers were all confused.

"How can people from Western countries be disadvantaged to us? And the other party clearly came prepared..." Chen Qiaozhi.

Li Tian nodded silently and said: "Qiao Zhi's analysis is good...this is indeed a huge question."

"However, since the matter has already gotten into the head, hiding, it seems that I can't avoid it. For the current plan, I can only do it with them."

After Li Tian said this, the brothers also nodded and agreed.

After a while, only Xue Wuhen said, "In addition to those weird foreigners, there is a mysterious person who rescued Xiaolong today...I really don't know who helped Xiaolong?"

Li Tian also dignified his brows and thought. He could guess that the person who rescued Tang Xiaolong was definitely a master of the highest level, otherwise he wouldn't be able to accumulate energy into ice.

After thinking for a while, I just listened to him saying, "No matter who he is, he is not a symbol of the enemy for us at the moment!"

"And our only enemy right now is the ***** foreigners! We must find out the whereabouts of those foreigners as soon as possible...find out why they have to deal with us! And save Duguxie and ghost servants as soon as possible. ..."

After Li Tian finished saying this, all the brothers were there and nodded.

After speaking, Li Tian paced out of the room alone, and then leaned against the corridor outside, thinking deeply about things in his mind.

Suddenly he called to Brigadier Wang Zhen inside the room.

After hearing Li Tian's shouting, Brigadier Wang Zhen walked out of the room.

After walking out, he looked at Li Tian in surprise and asked, "What's wrong?"

"Brigadier Wang, I have to ask you to accompany me to do things!" Li Tian said solemnly.

Brigadier Wang Zhen was taken aback after hearing this: "What's the matter?"

"I want you to accompany me to the police station again." Li Tiandao.

Following Li Tian's words, Brigadier Wang Zhen asked without understanding, "Go to the police station? Why are you going to the police station? Haven't Senior Dugu and the ghost servants already come out?"

After Brigadier Wang Zhen said this, he only heard Li Tiandao: "You may not know, there is another person who should also be locked up in the police station..."

"Although Dugu and ghost servants have come out now, he is not there... I must find him, so I must go to the police station again."

After Li Tian finished saying this, Brigadier Wang Zhen frowned, "Who are you talking about?"

"It was when I was imprisoned at the gate of hell, a child who saved me, a child who was very young..."

After Li Tian said so, then Brigadier Wang Zhen didn't ask too much.

"Well, since you want to go to the police station again, I will accompany you later."

"Well, that's the best." Li Tiandao said.

So after making this decision, Li Tian planned to go to the police station again, and then as far as possible to find Na Anan.

He asked Xue Wuhen and Chen Qiao to stay in this hotel to take care of the seriously injured Tang Xiaolong, and then drove a car with the brigade commander Wang Zhen and drove quickly towards the police station.

It is very close to the police station, and within 20 minutes, I have reached the gate of the police station.

After getting out of the car and paying the driver's master fare, Li Tian followed Brigadier Wang Zhen in front of him to the guard gate of the police station.

Wang Zhen walked ahead, turning his head to Li Tiandao as he walked and said, "Wait a minute, don't talk, just leave things to me..."

Li Tian nodded, and then followed Wang Zhen.

But I saw a dozen police cars parked inside the police gate, and armed police officers and soldiers with guns were walking back and forth... It seemed like something major had happened in this police station.

After seeing this situation, Brigadier Wang Zhen and Li Tian were not only taken aback, but they didn't pay much attention to them, and walked towards the guard registration office at the gate of the police station.

Chapter 1808: Chief of Police

At the guard gate of the police station, two young policemen with serious faces were sitting upright there.

After Li Tian and the brigade commander Wang Zhen arrived at the gate of the police station, they only heard Wang Zhen asked in front: "Comrade police, hello! I want to go in and see a friend who was recently detained... No Do you know it?" Wang Zhen said politely.

After Wang Zhen said this, the two serious police officers first glanced at Wang Zhen with cold eyes, and then directly refused and said, "No!"

"No one can see the prisoners recently detained." Wang Zhen was not only taken aback when he heard the words of the two policemen with cold expressions in front of him.

"Why?" Wang Zhen asked.

One of the young policemen had a rather bad temper, and immediately said, "Why are there so many?"

After hearing that the young policeman suddenly said so, Wang became angry.

He originally wanted to talk to these policemen in a nice way, but he didn't expect to be rejected when he came up. How could he not get angry?

"Bastard!"

"Is the police station a private place? You said you wouldn't let it be seen? Tell your chief to come out!" A word roared from Brigade Commander Wang Zhen's mouth.

Hearing Wang Zhen's sudden anger there, the two policemen were slightly startled, and looked at Wang Zhen as if they were also suppressed by Wang Zhen's arrogance.

"I said, who on earth are you? You said that we will see the chief if we see the chief?" A policeman sneered at Wang Zhendao and said.

Without saying anything, Wang Zhen ran away from the officer's ID he was carrying, and then threw it on the table in front of the two young policemen with a snap.

The two policemen were not only stunned when they saw Wang Zhen's behavior, and then looked at each other, and then slowly picked up the officer ID that Wang Zhen had thrown out, and took a closer look. It said in amazement: Commander of the 39th Army of the North China Field Army!

When the two policemen suddenly saw Wang Zhen's officer certificate, they were dumbfounded. They never thought that the man in front of him was a member of the North China Field Army stationed outside Binjiang City, and he was also a colonel brigade commander!

The bravery and good fighting of the North China Field Army and the prestige of the military region are well known in the Eight Military Regions. In Binjiang City, the North China Field Army is even more known to everyone, so I saw Brigadier Wang Zhen in those two police officers. After the officer certificate in his hand, there was a moment of horror.

"The North China Field Army..." one of the policemen murmured in embarrassment.

Another policeman also showed embarrassment on his face at this moment, looked at Wang Zhen, and then said, "Well...I, I, I will call our chief."

After he finished speaking, he walked quickly towards the police station.

As for Wang Zhen, he put away his military ID card angrily. He didn't want to use his military ID card to threaten the police in front of him... But there was no way at this moment.

After putting them away, Wang Zhen and Li Tian noticed that many special police officers in the police station were walking there, and they also saw forensic doctors moving inside. After a while, they saw several special police officers carrying them. A stretcher walked out of the police station with an ugly face. The person carrying the stretcher covered the body with a white cloth... Although they could not be seen, Wang Zhen and Li Tian were both smart people. After such a situation, I knew in my heart that something happened to this police station... because it seemed that more than one body was carried out, and there were as many as 34!

But he said that after Brigadier Wang Zhen and Li Tian saw this weird situation, they were not only shocked, they saw Li Tian step forward, looking at the policeman at the gate of the detention center and asking, "Comrade police, please ask. , Did something happen to your police station?" Li Tian asked while pointing at the special police officers who came out carrying the corpses.

As Li Tian asked this, the policeman's face suddenly flashed pale.

Hey!

He only listened to him sighed a long sigh, and then said: "You are right, we have a big event today...so so far we can't relax one by one."

After the policeman said so, the brigade commander Wang Zhen and Li Tian in front of them all glanced at each other. It seemed that they really guessed that something was wrong with this police station.

"Mind to ask, what happened?" Li Tian couldn't help asking again.

After Li Tian asked, he only listened to the policeman: "Initially we could not say... But since you are the North China Field Army, then I will tell you that this morning, several criminals in our detention center escaped from prison. ... and killed four of our colleagues."

After the policeman said so, Wang Zhen and Li Tian in front of them were not only shocked.

The prisoner escaped? Killed the police?

When Wang Zhen and Li Tian heard it, they suddenly understood that there were so many special police officers and some forensic doctors in this police station. Even the police officers at this door had ugly faces. It turned out that the prisoners had escaped.

After hearing the news in horror, Li Tian originally wanted to ask what kind of person escaped the prison and then killed the police...Suddenly a voice came from the left side.

"Brigade Commander Wang, it's been a long time..." As the voice heard, a middle-aged man in his 40s with a slightly blessed figure walked over there, looking at Brigadier Wang and said with a smile.

It seemed that the person knew Brigadier Wang Zhen.

After Wang Zhen saw the man walking over, a smile appeared on his face.

"Director Zhou!"

That man was obviously the chief of the police station in Binjiang City, whose surname was Zhou.

After the two met, I shook hands affectionately.

"Brigade Commander Wang, what brought you here?" Director Zhou, who walked over, smiled while holding the hand of Commander Wang Zhen.

But listening to Wang Zhen said slightly: "Warm wind, haha."

The two laughed.

"By the way, Chief Zhou, I heard that something went wrong in your police station?" Wang Zhen asked straightaway, looking at the many special police officers over there.

As Wang Zhen said this, Director Zhou's complexion turned ugly right now, and he sighed deeply, "Brigade Commander Wang, to tell you, something really happened..."

"Go, go, sit in my office, let's talk again." Director Zhou said there.

Wang Zhen then nodded, and walked towards the police station with Li Tian in front of him.

All I saw along the way were the police in a hurry and those special police...

Li Tian paid attention to the surrounding situation and followed the commander Wang Zhen to the office of Director Zhou.

Chapter 1809: I will save you

After sitting down, Director Zhou smiled and said, "Will you drink tea?"

"No, thank you." Wang Zhen said.

"Director Zhou, let's go, we are not outsiders. What happened to you here?" Wang Zhen asked again.

Following Wang Zhen's questioning, but I heard Director Zhou say: "Well, since Brigadier Wang asked, let's talk about it. Two days ago, Xiao Liu caught a few murderers and didn't want to fight today. Escaped in the morning... and killed four policemen..." Director Zhou said with an ugly face, and while sipping a teacup, he could see that his expression was quite anxious.

After he said so, then Brigadier Wang Zhen asked again: "Who is it? So courageous?"

Director Zhou said: "I don't know. Liu Hao of our criminal investigation team was responsible for this case. He told me that the three people who were caught killed people in the hotel...so they were detained. People, there is a kid among them, and two weird guys."

After Director Zhou said this, Li Tian suddenly felt a little bit in his heart.

"What? Killed someone in the hotel? And there is a child?" Li Tian exclaimed immediately.

After he said so, Director Zhou slowly raised his eyes to see Li Tian.

"Brigade Commander Wang, who is this?" Director Zhou asked in surprise at this moment when he didn't know Li Tian.

But seeing Wang Zhen laughed and said, "This is a friend of mine... who does business."

"Oh, that's it." Director Zhou did not ask too much.

However, at this moment, Li Tian's heart was like an ant on a hot pot, scorching anxiously there.

Listening to Director Zhou's words just now, could it be that the murderers are the lone lonely and the ghost servants?

Moreover, I heard that Duguxie and the ghost servant were arrested in the police station before, but within two hours they clearly saw that Duguxie and the ghost servant had left the police station... Could it be said that all this was due to the return A ghost servant fled the police station and then killed someone? Li Tian suddenly thought about it in horror.

"How can Dugu and ghost servants kill innocents? How can they kill even the police?" Li Tian's mind was full of ten thousand questions.

He really couldn't believe what he heard.

But everything in front of me explained that the so-called fugitives are the Duguxie and the ghost servant!

After thinking like this in Li Tian's mind, he was completely messed up, sitting there uneasy.

Of course, Wang Zhen could also hear it. At the moment, he was sitting there with a bad complexion.

"Director Zhou, did all the criminals escape?" Brigade Commander Wang Zhen asked suddenly.

Director Zhou said: "The two principal offenders escaped, and there is one child left... But the child doesn't know anything after asking three questions... It seems that he doesn't know anything."

Upon hearing the child, Wang Zhen said: "Director Zhou, can I go and see that child?"

Li Tian was also looking at the police chief with his eyes wide open at the moment.

But seeing Director Zhou stunned, he asked: "Brigadier Wang, what do you think that kid is doing?"

Wang Zhen laughed and said, "It's okay, it's just a look... Zhou Ju, won't you not even agree to this little thing, right?"

Hearing what Wang Zhen said, Director Zhou thought about it and said, "Well, since Brigadier Wang, you want to see it, I'll ask someone to take you there later..."

"Well, thank you Zhou Ju." Wang Zhen thanked him.

"You are polite." Director Zhou said there.

Then Brigadier Wang Zhen chatted with Director Zhou for a while, and what about Li Tian who was sitting on the side? His heart was filled with too many questions and too many weirdness. He was now anxious to see Na Anan quickly, and then asked him what happened to Duguxie and the ghost servant.

After the Brigade Commander Wang Zhen and Director Zhou talked for a while, they finally finished talking. Then Wang Zhen said that he was going to see Anan. Director Zhou did not refuse, and then called a police officer outside.

"Xiao Yang, take Brigadier Wang to see the kid in custody..." At the call of Director Zhou, a 30-year-old policeman walked in.

The policeman said, "Okay."

Then he took the commander Wang Zhen and Li Tian in front of him and walked towards the inside of the detention center.

"Here." Xiao Yang in front said to Li Tian and the others in the back while pointing at the road.

Brigadier Li Tiangen Wang Zhen followed behind him. As he walked, Brigadier Wang Zhen whispered to Li Tian, "Li Tian, shouldn't the murderer really have a ghost and a ghost?"

Li Tian said with an ugly face, "I don't know now..."

"Hey, if it's true, then it will be troublesome... No matter what, you can't kill innocent people... Besides, you killed the police, don't you?"

Li Tian did not speak, but was silent.

At this moment, under the leadership of Xiao Yang, Li Tian and Brigadier Wang Zhen were taken to the detention center.

Na Xiaoyang pointed to a guard room in front and said, "That's it..."

"Thank you." After Li Tian and Brigadier Wang Zhen said to the policeman, they quickly walked over.

After they walked over, across the iron fence, they saw Anan shrinking in the corner at a glance.

Anan's face was pale, and he was curled up alone, lying in the corner as if sleeping in a panic on his face. When Li Tian and the others came over, Na Anan didn't hear.

The moment he saw Anan, Li Tian became excited, and immediately shouted: "Anan..."

After Li Tian's voice called the exit, Na Anan slowly opened his eyes, and then saw Li Tian and Brigadier Wang Zhen standing outside the detention center at a glance.

"You? You are finally here..." Anan ran over with excitement.

There were tears in his eyes, as if excited to cry.

"I thought... I thought... you would never show up again... Never mind me anymore... I didn't expect you to finally come." Anan said, his eyes flushed.

Li Tian looked at him, feeling sour, and said there, "Sorry, I happened to have something to delay these days, so I didn't have time to pick you up."

Then Anan wiped the tears from the corner of his eyes and looked at Li Tiandao: "No matter what, as long as you come, I will be relieved."

"You want to save me...save me out, okay?" Anan looked at Li Tiandao imploringly.

Li Tiandao: "Don't worry, I will find a way to come out."

"But, Anan, first tell me what happened in the past few days? Why did the lone lonely and the ghost servant suddenly wake up? And I heard from the police station that you killed people... and you escaped from prison, even the police Massacre too? What is going on with all this?" Li Tian asked there.

Chapter 1810: Must save

Following Li Tian's shocking question, Na Anan said, "Actually... I don't even know."

"Don't you know?" Li Tian said depressed.

Then Anan said, "I don't know your two friends...why did they become like that!!!"

After hearing what Anan said, Li Tian's heart felt a little, and he hurriedly asked, "Dugu and ghost servants? What happened to them?"

"They changed!" A word came out of Anan's mouth.

When Anan suddenly said such a sentence, Li Tian was stunned.

"Changed? What do you mean?" Li Tian asked quickly.

Hearing that, Anan said, "They have become non-human... they become like zombies... even, even, they eat all the raw flesh and blood... and they kill people without blinking... completely dehumanized. ..."

"What? What did you say?"

"You said Dugu and ghost servants eat raw flesh and blood?" Li Tian asked in shock, his eyes filled with unbelievable.

Wang Zhen on the other side was also completely confused.

In his impression, Duguxie and the ghost servant are both good people, and they are also polite people. How could they say that like the kid in front of him? How could this be?

So Anan began to tell Li Tian the whole story.

He suddenly sobered Duguxie and the ghost servant, then ate raw pork, finally murdered, and finally was arrested by the police station to Li Tian in front of him.

After Anan said so suddenly, Li Tian was completely stunned.

"How could this happen? How could this happen? Impossible... Impossible... It's impossible for Dugu and Ghost Servant to be like this?" Li Tian said as if he had lost his soul, his eyes widened and unbelievable.

Na Anan said: "It's true, all of this is what I saw with my own eyes..."

"The two of them seem to have no humanity. No matter how I call them or call them, they have no reaction at all..."

Following Anan's words, Li Tian held the iron fence in front of him tightly with both hands, and a creaking sound rang out from his hands.

Although he really doesn't believe that Duguxie and the ghost servant will change! And he would do such cruel things, but the facts have now proved...that was indeed done by Duguxie and the ghost servant!

What's more, two hours ago, he saw the strange and stiff walking posture of Duguxie and the ghost servant, and no matter how they shouted, the two people did not react at all. After thinking about it in his mind, Li Tian felt Suddenly jumped.

It seems that everything is true... the brutal police killings were all done by Duguxie and the ghost servant!

After thinking like this in his mind, Li Tian suddenly remembered a sentence: the poison of the puppet!

Suddenly he remembered what the mysterious stranger said before. He said: Even if you save Duguxie and the Ghost Servant, the two of them will never be the same again...because of them It is the poison of the most evil puppet...It is a poison that is completely controlled by others...The world is so big that only the poisoner can save them, and only the poisoner can control them.

After Li Tian suddenly remembered these words, Li Tian understood.

"I know... I know..." Li Tian said there suddenly full of anger.

Brigadier Wang Zhen looked at Li Tian saying this strangely, and not only asked, "Li Tian, what do you know?"

"Poison, it is poison...Duguxie and the ghost servant must have become like this because of the poison on their bodies." Just like that, a sentence came out of Li Tian's mouth.

After Li Tian suddenly said this, the brigade commander Wang Zhen in front of him was stunned.

"Poison? Will poison make people inhumane?" Brigadier Wang Zhen didn't believe it very much.

But seeing Li Tian said there, "Yes."

"Because that kind of poison is a poison that controls people's mind, its name is: Puppet's Poison..." Li Tian vomited the name of the poison fiercely.

"Puppet poison?" Wang Zhen didn't quite understand it.

"This poison is from the sect master of the gate of hell... It's the **** evil Duguxie and the ghost servant who have become what they are now, everything is because of the enemy!" Li Tian's eyes were **** The anger roared there.

At this moment, his whole body had been burned by hatred, and even the brigade commander Wang Zhen who was standing next to him could deeply feel the flame of hatred on him.

Wang Zhen stood on Li Tian's side and didn't know what to say at the moment, and Anan was also silent in the detention center.

Everyone is looking at Li Tian at this moment.

Li Tian finally calmed down his angry mood after a while. He looked at Anan Dao in the detention center and said, "You haven't participated in all of this from beginning to end, right?"

Anan nodded quickly.

"Oh, that's good." Li Tiandao said.

Then Li Tian slowly turned his head to look at Brigadier Wang Zhen in front of him and said: "Brigadier Wang Zhen, now I get rid of your affairs and find a way to get Anan out!"

After Li Tian said this, Wang Zhen was quite embarrassed.

There was a moment of embarrassment and said, "Li Tian...it's not that I don't help you...but if you want him to come out now, I'm afraid it will be a little difficult."

Wang Zhen is telling the truth. Although Anan didn't participate in anything, he is still with Duguxie and the ghost servant. What's more, the current Duguxie and the ghost servant have already escaped from prison, and now they want to let them go Anan's words are even more difficult.

After Wang Zhen said so, but Li Tian suddenly became angry.

"I don't care how difficult you are, I only want him to come out... He didn't do anything... He didn't kill anyone, why should he be detained? Not to mention that he is still a child." Li Tian suddenly became angry. The eyes were blood red and roared there.

After Li Tian's roar, Brigadier Wang Zhen was shocked. To be honest, he had never seen Li Tian make such a big fire! I have never seen Li Tian still have such a terrible hostility of rage...

So after Li Tian roared, Brigadier Wang Zhen could only sigh and said, "Well, I will try my best to find a way..."

"Well, you guys wait for me here for a while...I'll talk to Director Zhou." Wang Zhen said embarrassedly.

Li Tian said coldly: "Okay, I'll wait for your news."

Following Li Tian's words, I saw that Brigade Commander Wang Zhen took difficult steps towards Director Zhou's office step by step.
