

A Killer 181

Chapter 181: Allure with that smile (9 more)

Hearing what Qiu Si said, Li Tianduo wanted to tell him that, in fact, the rickety old man could speak and hear.

But he didn't say, because after all he agreed to the old man.

"It turned out to be like this." Li Tianning frowned, thinking.

Qiu Si suddenly turned his eyes and looked at Li Tian at this moment: "It's you, I think it's getting more and more weird."

Qiu Si said as he looked at Li Tian's whole body with his eyes.

Li Tian smiled awkwardly: "Me?"

Qiu Si nodded cautiously.

"The first time I saw you make a move, I think your moves are weird. The second time I saw you make a move, it was still the same as before, but the last time you made a move, it was even more powerful than the previous two? In such a short time, I want to know, how could you suddenly become like that?"

Qiu Si suddenly looked at Li Tiandao and said.

Yes, Li Tian, who was not even K's opponent, could be so powerful after suddenly disappearing and appearing again!

After Qiu Si suddenly asked, Li Tian didn't know how to answer.

Of course he can't tell Qiu Lao what he has learned (Rashomon: Nine Types).

He hesitated and said: "No! I just..."

"Is there anything I can't say?" Qiu Si asked Li Tian, who looked at the hesitation.

Li Tian is really hard to say.

Nodded there.

"Well, since it is not convenient to say, then I will not ask, I am just curious."

Old Qiu smiled slightly, then turned and walked inside.

"Old Qiu...Where is she?" Li Tian asked, looking at the old Qiu who turned around.

Old Qiu turned his head and smiled slightly. Naturally, Li Tian asked who was it.

Tao said: "Binger, there is by the river."

After listening to Li Tian, he smiled: "Thank you Qiu Lao."

Then he turned around and quickly walked towards the river.

It was Qiu Lao who blinked his eyes and looked at the back of Li Tian, before slowly turning around and walking towards the courtyard.

The trees are shaded and the river is turbulent.

Next to the clear river, the reed grass swayed with the breeze.

Her lonely and beautiful figure was standing alone by the river.

The slender figure is like a goddess, and her black hair like a waterfall is a little messy with the breeze blowing, covering the exquisite face of melon seeds.

A person stood quietly by the river, with the sound of running water in his ears, just like that.

When he approached and saw her lonely back, a feeling he had never felt before suddenly rose in his heart.

That kind of feeling made him hold her lonely figure tightly in his arms...everything.

Li Tian, who walked past gently, did not intentionally disturb her, but approached her with contempt.

"Are you in good health?" Just when Li Tian approached her side, her voice suddenly reached Li Tian's ears.

Li Tian stood there and said, "Well, it's almost done."

She looked back at him lightly.

He saw her face pale.

"How about you?" Li Tian suddenly looked at her and asked.

Situ Ning wrinkled her eyes coldly: "Me? What happened to me?"

"Your poison?" Li Tiandao said.

Situ Ningbing thought he didn't know, but he didn't expect Li Tian to say it all at once. It seemed that he really knew everything.

She suddenly smiled bitterly at the corner of her mouth, and did not say any more about the poisoning in her body, apparently deliberately avoiding this question.

"Unexpectedly, I was killed twice. You happened to be there both times, and you helped me."

Li Tian smiled: "Maybe it's fate."

"Do you really like me? Want to marry me as a wife?" Situ Ningbing suddenly blinked her beautiful eyes and stared at Li Tiandao.

Li Tian was startled, but she didn't expect that she would say it so bluntly.

He swallowed and said, "Of course."

"Good!" she said suddenly.

This "good word" shocked Li Tian, did she agree?

"If you really want to marry me as a wife, then you should leave me now." Situ Ningbing said slowly.

Listening to Situ Ningbing's words, Li Tian was taken aback suddenly, what this woman said turned her face and turned her face.

"Why?" Li Tian couldn't help asking.

"Because I am going to cure my own poison!"

"If I don't understand the poison in my body, I am a dead person. Would you like to take a dead person to be your wife in the future?" Situ Ning asked with a sneer.

Li Tian didn't know if he was stunned.

"But I can help you, I can go with you to detoxify! No matter what happens, I will help you..." Li Tiandao said.

"No need!" Situ Ningbing flatly refused.

"You should understand my personality, what I say will never go back."

"So I will solve my poison myself!"

"I can tell you now, if I'm really lucky enough to survive, I promise you that in the future..."

"In the future... I am yours! I will marry you."

When this sentence came out of her mouth, the powder cheek suddenly had a shy redness.

"But, you..." Li Tian wanted to say more, but was stopped by Situ Ningbing's hand.

"Don't say it. Since you believe in fate and fate, then everything is still going according to fate. If I am yours and your wife, then one day you will get me, on the contrary, I will marry you. , If we have no fate, we will never be together no matter what."

Listening to what he said, Li Tian suddenly stood there stupidly, not knowing what to say.

A breeze blew her black silk to cover her exquisite face, and she raised her delicate hand and stroked her hair.

"Why are you so disappointed? Don't you believe that I will be your wife in this life?" She smiled suddenly, looking at the bitter Li Tiandao with a worldly smile.

Li Tian raised his head and looked at her exquisite face that suddenly looked like a fox.

If this woman is not so glamorous, if she has always been like this, how many men would have to make it crazy...

Situ Ningbing, what kind of woman are you? Li Tian exclaimed in his heart.

Li Tiancai wants to marry such a woman to be a wife, even if it takes ten, a hundred years, a lifetime, Li Tian will ask to be a wife.

Li Tian told himself silently.

Destiny?

Do they really believe it? Are Situ Ningbing's words true or false? Li Tian didn't know and didn't want to think about it.

He knew he was still too far away from marrying this woman... She was like a proud phoenix standing on a branch, but what about him? There is nothing left now... Even if Situ Ningbing in front of him now agrees to be Li Tian's wife, will Li Tian marry?

I don't think he dare.

The empty word promises that it is really not as good as the Jiangshan that got it. Once all the things are in hand, maybe Li Tian will have the courage to marry such a woman as his wife.

Maybe from this moment on, Li Tian will know what he needs to do and what he needs to get.

For the first time in his life, there has been a long-term plan...that is to get what others want and what others can't get...
