

A Killer 182

Chapter 182: Decision (10 more)

After this conversation with Situ Ningbing, Li Tian suddenly understood a lot, and also knew what he should do and pursue at this moment.

But what worries Li Tian the most now is the poison in Situ Ningbing's body.

He tried to ask what kind of poison was in her body? And how can this poison be detoxified?

But what about her? But did not tell him.

Moreover, what surprised Li Tian was that Situ Ningbing seemed to avoid him intentionally or unintentionally for the past two days, which made him very depressed.

Isn't this? Today Li Tianyi hadn't seen Situ Ningbing in the morning, and was about to find her now.

I searched around in the courtyard, and then went to the small riverside where Situ Ningbing loves to go, and found no trace of her.

This made Li Tian depressed.

So he hurried back to the courtyard, looking for Qiu Si.

Inside the hall, but seeing Qiu Si closed his eyes sitting in the middle of the hall, the room was filled with incense, which was quite artistic.

When Li Tian walked in, Old Qiu didn't seem to hear him, he still sat upright, his hands slightly folded, placed on his chest, and closed his eyes quietly.

Li Tian, who walked in, glanced at the old man Qiu who was sitting there, and shouted, "Old man Qiu."

Qiu Lao opened his eyes slightly, turned his burly figure, and looked at Li Tian.

"You came."

When the words came out, Li Tian was taken aback for a moment, as if the old man was waiting for him.

Li Tian nodded.

Old Qiu slowly stood up from the ground, looking at his tall figure through the bright light, he couldn't help being a little old.

Li Tian suddenly discovered that Qiu Lao was indeed a dying old man.

Although he was still full of the domineering gangsters of the past, he could still clearly feel that he was indeed old.

"Old Qiu, how about her? Why don't you see her all day?" Li Tian asked when he went up.

I saw that Old Qiu didn't leave to answer Li Tian's words, but slowly turned around, then raised his vicissitudes of life and looked at him unblinkingly.

"Binger is gone."

When a word suddenly came out of Qiu Si's mouth, Li Tian was completely shocked there.

"what?"

"She's gone? Where did she go?" Li Tiantian suddenly felt a sense of loss that he had never felt before.

That kind of feeling is like a sudden loss of flesh in my heart, pain.

Qiu Si sighed long, and said with a sad expression in his eyes: "Binger has gone to the south."

"Why, why did she go to the south? Why didn't she even tell me when she left?" Li Tian shouted there loudly.

Looking at Li Tian, Qiu Si slowly said, "Surely you know about her poisoning?"

Li Tianyi was taken aback: "I know."

"But she didn't tell me what poison was in..."

"Old Qiu, you tell me, how did she get poisoned? The **** caused her to be poisoned? And why did she choose to go to the south?" Li Tian asked almost like a roar.

"The poison in Binger is called Sanshengmen."

When Qiu Lao said the "three-life gate", Li Tian was stunned.

"Sanshengmen?"

Li Tian certainly knows what Sanshengmen is. When he was in the cave, the rickety old man told him that one of the most powerful things in the Duanmu family was poison: poison was the poison of Sanshengmen, and the second was martial arts: Rashomon's effort.

So when Li Tian suddenly heard the poison of the Sanshengmen, his whole person was completely stunned.

"The poison of Duanmu family?" Li Tian exclaimed suddenly.

When Li Tian said the four words of Duanmu family, Qiu Lao was taken aback and stared at Li Tian: "How do you know that the poison of Sanshengmen belongs to Duanmu family?"

Li Tian was taken aback, and said quickly: "I, I listen to what others say."

Old Qiu frowned, but didn't ask Li Tian too much.

"Yes, what you said is all right, Bing'er has indeed been poisoned by the Duanmu family's Sanshengmen...This kind of poison has been spread by the outside world as a poison that cannot be cured at all." Old Qiu said slowly.

"The poison that cannot be cured?" Li Tian was stunned when he heard this.

Doesn't it mean that Situ Ningbing's poison cannot be eliminated at all?

"How could this be?"

"Poison can't be solved? Isn't that..." Li Tian couldn't imagine.

Qiu Lao said: "Although it is rumored by the outside world that basically all people who have been poisoned by the Sanshengmen have died, they said that. But is there an antidote to the poison of the

Duanmu Family? Maybe only members of their family know about this. So Binger went to the south this time to find the people of this family and find the antidote."

"But can she be alone?" Li Tian said worriedly.

Old Qiu smiled slightly.

"Trust her!"

"For so many years, how many lives and deaths she has experienced, maybe more than you think..." Qiu Laodao said.

Yes, since Situ Ningbing became the killer of Desperate End of the World, how many times have he walked in the gate of ghosts, but the result? She is not all well.

"Old Qiu, can you tell me something about the Duanmu family? Where is the mysterious Duanmu family that you have been talking about?" Li Tian asked anxiously.

"Why do you ask?" Qiu Si frowned and looked at Li Tian.

Li Tian didn't want to say it, but after hearing the old Qiu say this, he had to admit: "Because I want to go to the south to help her."

"Are you going to the south?" Qiu Si was obviously a little surprised.

"Yes." Li Tian said firmly.

After hearing that Situ Ningbing had gone to the south, Li Tian thought in his heart that he would also go there because he was going to help his future wife... Is she still suffering so much poison in her body now? If you really meet someone from the Duanmu family at that time, if you don't agree with each other and then fight, wouldn't it be a big loss?

No, I must help her.

"You'd better not go to the south... let alone look for someone from the Duanmu family." Qiu Si persuaded.

"Why?" Li Tian asked.

"Because no one knows where the Duanmu family's real dwelling place is... The Duanmu family has always been known for its mystery in the outside world. No one has ever known where their real residence is. Besides, kid, you don't know the southern city, let alone The Duanmu family, there is their territory, maybe you say a word or do something to offend them, it is very likely to be life-threatening."

Listening to what Qiu Si said before him, Li Tian was shocked.

But he was not afraid. For her, even if it was dangerous, what would it matter?

"Old man, don't worry, I will be fine."

Old Qiu stared at Li Tian in front of him and found that this young man was indeed very stubborn, and he could only sigh helplessly: "So, you really decided to go to the south to find someone from the Duanmu family?"

"Ok!"

Li Tian finally said.

"Well, since you insist on going, then I can't help it, but you must remember and try to be careful in everything."

Known as one of the four major domestic crews, and the Duanmu family known as the Dark Family, does Li Tian really want to go by himself?
