

A Killer 183

Chapter 183: return

Listening to Li Tian resolutely going to the south to find Situ Ningbing, Qiu Si couldn't help it.

Suddenly he took out a piece of remonstrance wrapped in a letter from his pocket and handed it to Li Tian.

"Yes, this is what Binger left for you." Qiu Si said as he slowly passed the letter paper in his hand.

Li Tianyi was taken aback: "She left it to me?"

Qiu Si smiled slightly and nodded.

Li Tian hurriedly reached out and took it. He, who had been extremely lost in his heart, couldn't help feeling a little excited.

"You go, I want to stay quiet for a while." Qiu Lao said.

Li Tian walked out silently, and after returning to his room, he quickly opened the letter paper.

The above is a beautiful font written in a pen.

The handwriting is delicate and beautiful, just like her people.

"Li Tian: When you read this letter, I have already left and went to the south. I know you will ask my godfather where I am going... I also believe that godfather must have told you that I am going. There, but I still hope that you don't come here to find me.

I was poisoned by the Sanshengmen of the Duanmu family...but it is not a mortal poison, so I will find an antidote.

If I am really unfortunate if I cannot find the cure, I can only say sorry to you, thank you for your heart to me, thank you for everything you have done for me.

If I find the medicine, I will promise you..."

At the end, the beautiful thin font signature: Situ Ningbing.

When Li Tian read these four words, his heart can be said to be one after another.

She really went to the south to find the antidote to the Sanshengmen. This means that the next step she will face is the darkest Duanmu family in the country. Can she be alone?

Li Tian didn't dare to think about it.

In so many short days, how much did Li Tian hear about the Duanmu family?

Everyone talks about how terrifying the Duanmu family is... Who is not afraid of the Duanmu family?

Is the Duanmu family really so powerful?

Li Tian held the letter paper in his hand tightly, and then slowly put it back into the envelope again, put it into his close-fitting pocket, and sat quietly in the room.

He was thinking about her silently in his heart.

Since so many people are saying that the four major families in China are more terrifying, isn't she dangerous alone? Besides being poisoned?

After thinking this way, Li Tian couldn't help his inner impulse anymore.

So he decided without hesitation, no matter what, he would go to the south to find her and help her.

When he had a goal in his mind, Li Tian decided to do it like this.

Li Tian, who had stayed in Qiu Si's courtyard for two or three hours, went to bid farewell to Old Qiu.

After all, things here are calm.

When he saw Old Qiu, Li Tian told him his thoughts.

Old Qiu looked at Li Tian with a smile, and said slightly on that old face: "Then you are leaving?"

"Ok."

"I have stayed here for such a long time. I want to go back to the city to find a job and settle down well." Li Tian did not directly tell Qiu Si about his going to the south, because he knew that once he told Qiu Lao, The old man Qiu must dissuade himself again.

Old Qiu smiled lightly when Li Tian said this, "Okay."

"Human, plain is true."

"But I believe you will be extraordinary one day."

"It's really boring to stay with me, an old man who is more than half a year old...hehe." Qiu Lao said with a smile.

Li Tiandao said: "Old hatred, don't get me wrong..."

"It's okay, I'm just playing."

"Young people always have to do with young people... Go ahead..." Old Qiu said softly.

Li Tian wanted to say something, but in the end he didn't say it. He looked at the old man: "The old man, goodbye."

After speaking, he turned and walked towards the road ahead.

Standing behind was the tall and burly Qiu Si, staring at Li Tian's figure until his figure disappeared at the end of the road, and then sighed slightly: "My child, the Duanmu family is not so easy to deal with. You'd better come back alive. ."

Could it be that the Qiu before him had already guessed Li Tian's intention to leave? Is it to find the Duanmu family in the south?

Yes, after all, the wise old man who has lived for most of his life can't even see Li Tian's careful thoughts?

—

After Li Tian left the courtyard of Qiu Si, to be honest, there was still a sense of loneliness in his heart.

After all, after staying there for so long, he has already developed a certain affection for the small courtyard house, not to mention that he met her there... Although the time is so short, the words they say are so few. , But for Li Tian is really content.

And I met the old enough sweeping man there...Who is his identity?

Li Tian could only guess that the old man who taught him Rashomon Kungfu was an old man of the Duanmu family, but he could not guess his identity in the Duanmu family? But it should be a pivotal figure, right?

Li Tian thought.

"Duanmu Heiming?"

The name of the object of the Rickety old man who wants to avenge him is Duanmu Heiming, who is he? What kind of identity does he have in the Duanmu family?

Li Tian, who had been walking along the way, thought silently in his mind.

Suddenly, a beeping horn came from behind, but a taxi was seen coming from the side of the road, beckoning him.

"Brother, take a taxi? Did you go to the city center? I just dropped in." The driver said, wanting to live more.

Li Tian nodded: "Yeah."

Then he opened the door and sat in.

This old city is already sparsely populated and taxis are even rarer. Li Tian didn't expect that his luck was pretty good, and he happened to catch a taxi.

Sitting in the car, the driver in front of there turned around and smiled and asked, "Brother, go there?"

"Go to the Kyoto People's Hospital first." Li Tiandao said.

Of course he still remembers his brother, Shen Feng, who had stayed in the People's Hospital after being seriously injured by K.

After the driver heard it, he said, "Hao Le."

He started the car, stepped on the accelerator and drove forward.

After staying in Qiu Si's courtyard for so many days, Li Tian suddenly saw the bustling city and the vehicles going back and forth in the past, and he couldn't help feeling like returning to his previous life.

Looking out the window, silently thinking about his own thoughts.

It's not a long distance from the old town to the People's Hospital of Kyoto. It takes about 40 minutes for a taxi to arrive.

At this moment, he reached the door of the People's Hospital and stopped with a hiss.

After Li Tian gave the car money to the master, he walked to the people's hospital to find his good brother.
