

A Killer 1831

Chapter 1831: Li Tian understands

As the long and tall body was suddenly knocked down by Li Tian, Jess and Rowling over there leaped over and saw Li Tian standing in the flames.

With endless anger and hatred in Jace's eyes, Li Tian stared in front of him, and what about Rowling? He also held two crescent scimitars in his hands, staring at Li Tian at the moment.

But he said that a scorpion of Na Long got up from the ground, a pair of blood-red eyes full of anger, and he was about to rush towards Li Tian with his fists, but was suddenly stopped by the dead saint Jace in front of him.

He didn't let Long make a move, but looked at Li Tian weirdly, and suddenly said a word from his mouth.

"Lee, let's make a deal!"

Suddenly a word came out from Na Jace's mouth gloomily.

When Li Tian saw these three foreigners again, an invisible anger burst from his heart. It was these three guys who robbed Duguxie and the ghost servants. It was these three ***** foreigners who often seemed to be fools. Pester yourself.

But now he suddenly wants to negotiate a deal with himself?

"What deal?" Although Li Tian wished to kill these three people at this moment, since he said so, Li Tian still needs to ask.

As Li Tian asked, Na Jies said: "I will return the two people I caught... and you, return me what I want!"

After Jace said so, Li Tian was taken aback.

"What is it?" Li Tian asked.

"The key of destiny!" Jess said.

The key of destiny?

When Li Tian heard Jace say so, Li Tian was not only depressed.

What key of fate? He doesn't even know! This was the first time he had heard of the four words "Key of Destiny".

"Where do I have the key to fate..." Li Tian said angrily.

But seeing that Jess was gloomy and said: "Although you don't have one, your father does!"

"Cthulhu!"

"It's him who stole the key of our pope's sacred destiny twenty-five years ago. If you give me the key of destiny now, I won't let you die today, and I will release two of yours. Friends..." Jace said there.

When Li Tian heard this Jace suddenly say this, a picture suddenly appeared in his mind. It was indeed that the Cthulhu had stolen the key to the fate of the Pope's relic in the Vatican. Although Li Tian did not understand, What is the use of that key, or why did the Cthulhu take away the key, but since that was what his father had done, Li Tian must believe that it would not be a bad thing! And these **** foreigners have been entangled with themselves over and over again and again, and Li Tian's hatred for them can be said to be pouring from his heart.

So after hearing what Jace said in front of me, Li Tian suddenly laughed wildly.

"It turns out that you are chasing me over and over again because of what you lost back then?"

"finally, I understand!"

"Yellow-haired foreigner, today I tell you, even if the key to fate is in my hands, I will not give you these bastards! Also, I warn you again that you were killed by my father back then. He fled back to the Vatican like a dog... If I provoke me again, I will let you gangsters get out of the country one by one like my father, angering me, I dare to kill you Vatican rudder, I want to make you popes restless!"

After Li Tian said this angrily, that Jace was already full of murderous aura.

He knew that Li Tian would not trade with him, so he now had to use hard means.

"Li, since you want to die, then I will let you die!"

As Jess said so, the destruction tank beside him: Long, directly rushed towards Li Tian.

Two hammer-like fists roared at Li Tian!

At the same time, Rowling the dark night fox, with the deadly flying knife in his hand, flew towards Li Tian's chest with a swish.

Faced with the attack of the two, Li Tian swept up.

The flying knife wiped Li Tian's cheek and flew in the air...

But after seeing Li Tian's body swept away, his palms out of his hands, he attacked Luolin and Long.

Long's giant-like body was motionless, and with an iron fist stretched out, he forced Li Tian's move, but what about Rowling? The body quickly avoided Li Tian's palm.

After the two dodged, Li Tian took out his palms again. The vast palm strength made Na Rowling still long. There was no effort at all, and the two of them could only be passively restrained by Li Tian.

After attacking a few moves, Long couldn't get close to Li Tian, suddenly annoyed, grabbed a coffee table next to him with both hands, and slammed it at Li Tian fiercely.

Li Tian flew a kick and kicked directly on the coffee table. The wooden coffee table was shattered by Li Tian's kick.

On the left, the scimitar in Rowling's hand also pierced Li Tian's neck.

Li Tian flicked his head slightly, dodge Rowling with a blow, and used Xuantian **** with his right hand, swishing **** pierced through the air and shot towards Rowling.

Rowling knew that Li Tian's Xuantian ***** was so powerful that she could only dodge her delicate body.

Seeing that Rowling and Long couldn't surrender that Li Tian at all, at this moment Jace finally couldn't help but want to shoot!

His gloomy eyes rested on Li Tian, his hands slowly clenched.

Suddenly, his body was deceived into the battle very fast, and his hands were like electric shocks towards Li Tian.

When Li Tian saw that Jace burst into action, his palms were wrong, and he shook Na Rowling and Long away, and then backflipped his body to avoid Jace's fierce move.

He could feel that the strength of this Jace was far more powerful than that of Rowling!

So I dare not care about it at the moment.

But seeing Jace glanced at Li Tian gloomily, the cross tattooed on the backs of his hands looked weird and weird. Suddenly he waved his hand at Nalong and Rowling, and instructed the two in English: "Lee, I'll deal with it, you go and catch other people!"

After he finished speaking, Na Long and Luo Lin glared at Li Tian, then turned to the side room to look for Chen Qiaozhi and Xue Wuhen.

Here, when Li Tian saw Jace asking the two to find Chen Qiaozhi and them, he cried out inwardly!

You know, Chen Qiaozhi is now dying, and Wang Zhen's combat effectiveness is not very good at all. The only one who can fight Xue Wuhen can't beat the foreign giant in front of him, and Luo who can use a flying knife. Lynn!

So Li Tian couldn't help worrying for his brothers.

The only thing he can do now is to quickly get rid of Jace in front of him, and then he can save the brothers.

After thinking like this in his heart, Li Tian suddenly had his hands full of anger. He was about to put a heavy hand on this Jace, because he had to solve the battle quickly and then help his brothers.

After Li Tian had delivered his true energy, he suddenly attacked Na Jies with a sudden move.

But seeing the foreigner Jace spread his hands, like a big Peng spreading his wings, his right hand hit Huanglong, and his left hand hit Li Tian's bottom plate.

Li Tian's majestic qi surged out of his body, his left palm changed tricks in the air and hit Na Jace's chest directly, while his right hand made a move without sword tactics, and the invincible sword energy shot out from the palm of his hand.

When Na Jace saw Li Angel's tricks, his brow wrinkled, and his body quickly backed back. Obviously he didn't dare to take Li Tian's tricks.

But seeing that the invisible sword energy in Li Tian's right hand didn't stab the dead saint Jace, but went to leave a deep and deep sword mark on the cold wall behind Jace...

Na Jess glanced at the deep sword marks on the wall behind, shocked in his eyes!

He couldn't believe it, that a burst of energy could draw the wall so deep...If this sword aura pierced people, wouldn't it be more like cutting tofu?

Chapter 1832: Moment of life and death

After taking a look at the sword marks on the wall, Jace finally took out a knife from his hand!

A very short and sharp knife!

There is a deep blood groove on the blade, and the blade is slightly bent. .

This is how a short knife appeared in his hand.

He held the knife across his chest, with one hand on the left side as if opening and closing.

Li Tian saw that Jace had an extra knife in his hand, gave him a cold look, and then he didn't even care at all, and directly attacked again.

The short knife in Na Jess's hand also stabbed out at this moment.

I have to say that Jace's knife skills are really fast and very poisonous!

Thorn, chop, pick, pierce!

Every knife is so fate, every knife is so cruel.

Li Tian didn't dare to be careless, he made a mistake with both palms, and started fighting with Na Jess empty-handed.

With a hiss, when Li Tian was not paying attention, the blade cut through the clothes on Li Tian's arm, and at the same time, it also scratched a blood mark on Li Tian's arm!

Looking at the blood marks on his arm, Li Tian suddenly became angry!

Suddenly, his palms held his hands like one, Qiankun's True Qi quickly poured into his arms, and then both palms slammed into Jace's chest quickly.

Jace felt the turbulent qi, and didn't dare to take this move. He stepped back quickly, and at the same time the short knife in his right hand suddenly stabbed out!

What about Li Tian? Just when the short knife in Na Jace's right hand pierced out, the hand that had been out of the palm suddenly changed to grasp, and then grabbed Na Jace's veins at an incredible speed. Jace only felt his arm for a moment. Tingling...

Then the whole arm instantly lost strength, and the blade in his hand fell to the ground with a bang.

And Li Tian also took advantage of the victory and chased him, his left palm hit directly on Jace's chest, Jace groaned in his mouth, his whole body flew upside down suddenly, and threw a heavy thump on the cold ground.

Looking at Li Tian again, there was a sudden kick at his feet, and the short knife that had fallen to the ground was suddenly kicked up by him. Then he stretched out one of his hands and caught the knife accurately.

After catching the knife, his body style was as fast as lightning, and he dazzled in front of Jace.

Jace just got up from the ground, and the whole person has not yet reacted. The cold blade has reached his neck at this moment, and the sharp blade has drawn scarlet blood on Jace's neck...

"Don't move, move again, I'll let you die!" Li Tian said angrily.

Na Jess was forced by Li Tian's blade, and he was completely immobile at the moment, and could only obey Li Tian's arrangement.

"Say, where are Duguxie and the ghost servant?" Li Tianan asked.

But seeing Jace snorted coldly in front of him, he seemed unwilling to answer.

Li Tian stretched out a hand and suddenly grabbed it on Na Jace's shoulder. The powerful innocence emerging from the palm of his hand directly caused Na Jace's entire shoulder collarbone to crack!

Even if it was an iron man, I couldn't bear it, the pain of this bone being crushed alive.

But seeing that even if it was the Dead Saint Jace, he couldn't help crying out in pain, and cold sweat came out drop by drop from his forehead.

"Say it?" Li Tian no longer gave Jace a chance, his body was full of murderous spirit.

Just when Jace in front of him couldn't bear Li Tian's torture immediately, the place over there suddenly only heard Rowling say: "Let go of Jace...or I will kill them!"

Following the eyes, I saw that Xue Wuhen, Brigadier Wang Zhen and the dying Chen Qiaozhi all fell into the hands of Na Rowling and Long!

I saw Rowling holding a scimitar in her hand and forcing it against Xue Wuhen's neck, while Chen Qiaozhi fell to the ground dying. Where is Brigadier Wang Zhen? It was like a chicken that was held in his hand by Na Long, Long's other hand was holding a pistol, against Wang Zhen's head.

When Li Tian suddenly saw such a situation, he was stunned!

A confrontation situation has formed at this moment!

Li Tian held the Death Saint Jace in his hands, and in the hands of Rowling and Long, it was Chen Qiaozhi, Xue Wuhen and Brigadier Wang Zhen.

Li Tian was also standing there at a loss...he didn't know what to do.

"Let go of Jace...or else, I'll kill them first." The blonde Rowling woman said fiercely.

But seeing that Xue Wuhen and Wang Zhen, after hearing the vicious Rowling say this, shouted there, "My God, don't listen to this **** woman... You don't care about us... Kill that **** !"

"Yeah, Li Tian, leave us alone!" Wang Zhen also roared there.

Where is Li Tian?

Do you put Jace?

He knew in his heart that if he released Jace today, then I'm afraid that their brothers and himself will not escape bad luck today, but what if he doesn't let him go? How could he watch his brother die in front of him?

But what about over there? When Long and Rowling saw that Li Tianhai refused to release Jace, they saw that Long hit Wang Zhen's nose with a punch, and Wang Zhen wailed in pain, which came out of his nose and mouth. The blood instantly stained his clothes.

"Don't let it go?"

Li Weather's eyes were red, and his whole body was trembling with excessive anger, but he didn't let it go!

Rowling saw that Li Tian still refused to let Jace go, and at this moment the scimitar in her hand slammed into Xue Wuhen's body!

"Since you refuse to let go, then I want you to watch, your people die in front of you!"

After Rowling said so fiercely, with a chuckle, the vicious machete in her slender hand directly pierced Xue Wuhen's left chest, and Xue Wuhen's painful legs thumped on her knees on the ground with one hand. Holding his bleeding chest...

When Rowling made a stab and was about to make a second stab again, Li Tian finally compromised!

He really couldn't help it, how could he watch his brother endure such pain in front of him!

"Stop, bastard!"

"I let him go..." Li Tian's angry eyes were screaming like bleeding!

After Li Tian said so suddenly, Luo Lin and Long sneered.

The two of them were holding one of Li Tian's brothers in their hands. At this moment, they sneered at Li Tian, waiting for him to let go.

What about Xue Wuhen and Brigadier Wang Zhen?

Seeing that they are going to drag Li Tian alive, how can they be willing to...

"My God...no...don't...don't care about us..."

Xue Wuhen knelt on the ground, and said with one hand covering his bleeding chest.

And where is Brigadier Wang Zhen over there? I was also looking at Li Tiandao: "Li Tian, don't let it go...don't...you do it, it hurts yourself...don't..."

"You bastard, I'm fighting with you!" Wang Zhen was afraid of hurting Li Tian, and at this moment he desperately attacked Na Long.

But how could he be Na Long's opponent? His fist hadn't hit Long's body yet, but seeing Long squeezed his neck with one hand, and after the giant arm pinched the neck of Brigadier Wang Zhen, Brigadier Wang Zhen couldn't breathe instantly. Struggling with his face suffocated as if he was about to die.

"Stop, stop!" Li Tian roared there.

But seeing Long and Rowling staring at Li Tiandao in front of him: "You want to save them... just let Jace go!"

"Okay, I'll let it go, I'll let it go!" Li Tian said helplessly.

The knife in his hand tightly against Na Jace's neck finally slowly fell...

He really let go of that Jace!

Chapter 1833: Life hanging by a thread

Li Tian knew that this was the worst decision, and of course he knew in his heart that this was the most helpless decision!

He knew that he might really have finished playing with his brothers today, but the good news is that at least he can die with his brothers.

After the knife in Li Tian's hand was put down, Jace, who had been caught by him before, suddenly turned his head and stared at Li Tian in front of him.

Then he stretched out a hand and slowly grabbed the knife in Li Tian's hand!

Jace held the knife in his hand, turned it twice in the palm of his hand, and suddenly said, "My knife must never get my blood!"

"If you want to drink, you also drink other people's blood!"

After he finished saying this, he suddenly pierced Li Tian's chest with a sharp knife!

But after hearing a chuckle, Li Tian was stabbed directly in the chest by the cruel Jace... A heart-piercing pain came over.

A trace of blood flowed out of Li Tian's chest.

His body was trembling at me, and his hands covering his chest were all dyed red by blood...

He knelt on the ground with a plop, his face pale as white paper.

After all, Li Tian is not a god, he is also a human being, so after being stabbed by Jace, he can hardly stand up in pain.

Na Jess drew out the knife, reached out to touch the blood stains on the blade, couldn't help but laughed.

"Brother Heaven..."

"Li Tian!" Seeing that Li Tian was stabbed into the chest by this cruel Jess, Xue Wuhen and Wang Zhen screamed like crazy, they hated themselves, hating themselves is too useless, At the same time, I hate myself for causing Li Tian in front of him.

"Let...let...let my brothers...let them..." Li Tian knelt on the ground, resting one hand on the ground and holding the **** chest with the other, and said in pain.

But would Jace let Xue Wuhen release them?

When Jace heard Li Tian say this, he gave a sneer and flew up and kicked Li Tian's chin. Li Tian was kicked and flew upside down. He fell to the ground with a bang, and the blood followed. The corners of his mouth flowed out.

"You don't have the right to bargain with me now!" Jace said with a sneer there.

Li Tianbei kicked and fell to the ground, enduring the pain, struggling to get up.

His eyes were full of **** anger, staring at Jace and said: "If you don't let go of my brothers...I...I...even if you die...I won't let you go!"

"Death? You want to die, it's not that easy!"

"I must use you to get back the key of our pope's sacred destiny." I saw that Jace said there.

Then he suddenly walked towards that Li Tian, and stepped on Li Tianzhong's chest with one foot. This cruel Jace stepped **** Li Tian's injured chest...

"Lee, tell me, where is your father? And the key to our pope's fate?" Najas said coldly.

Li Tian's painful teeth bite and bleed... the piercing pain deeply tortured him, and his wound was also irritated by the blood that the cruel Jace guessed.

"Asshole...you bastard...you can't die!" Xue Wuhen over there saw this Jace torturing Li Tian like this, and couldn't help yelling.

And what about Jace? But with a cruel smile on his face, he stepped on the foot on Li Tian's chest, harder!

But what about Li Tian? The pain of the knife wound made him worse than dead at this moment. His face was as gray as death. He held Jace's foot with one hand, but he didn't have any strength!

"Li, your blood is almost draining...say it?" Jace continued to torment Li Tian there.

Li Tian's blood has indeed shed too much, now his face is like white paper, and there is a trance in his head...

If the blood in his body dries like this, then, it is estimated that even if the immortal Daluo comes, I am afraid that Li Tian will never be saved.

Just when Li Tian was about to be tortured to death by this cruel dead saint Jace, suddenly a strong cold wind blew in from outside the corridor.

The glass windows in this room and the remaining tea cups on the coffee table were all shattered by the nameless cold energy!

Even the standing Jess, Long, and Rowling were almost shaken by the tremendous energy!

The energy flew in from the corridor with anger and fierce qi.

When this strong energy suddenly came in, Na Jace still had Long and Rowling in front of him, and couldn't help but stared at the empty corridor outside.

"Who?" Jace roared with a cold face!

He knew someone was coming! But at this moment, I don't know who the other party is!

Just as Jess called out, a weird sound suddenly came in from the empty corridor.

Although the voice is very low, it makes people's eardrums seem to be pierced when they are in the ears. At this moment, after hearing such a weird and harsh sound, the expressions of Jess and Ron and Rowling changed. At the same time, it was ugly, and I couldn't help but quickly covered my ears with my hands, as if I didn't dare to listen to that sound at all!

Just in this gap, a figure suddenly entered the room in front of you at a speed that was completely invisible!

His speed is too fast, as fast as a shadow!

At the moment when he entered, Na Jess and Long, and Na Rowling only felt a blackness in front of her eyes, followed by a bang, and saw that the destroyer tank was the first to be shaken by the figure: Long!

After his giant body was hit by the black shadow on his chest, Na Long felt that his heart seemed to be broken. With a scream, his whole body flew upside down, slamming a wall. It collapsed!

And Rowling, the foreign woman on the other side? Seeing his companion Long just flew out inexplicably in this way, his face became extremely ugly right now, and he tightly grasped the crescent scimitar in his hand and looked around there.

Suddenly, a black shadow flashed in front of her, Rowling had not fully reacted, even before the scimitar in her hand had time to pierce her, a strong blow hit her chest, and then she wowed a mouthful of blood from her mouth. The inside sprayed out directly, and his body flew out like Na Long!

The whole person fell to the ground in pain, unable to stand up!

What about Jace? After seeing Rowling and Long being knocked to the ground by the mysterious and invisible figure, the whole person was completely stunned...

He stared at the dark shadow in front of him with wide eyes!

Suddenly the dark shadow appeared in front of him!

"You...you..." Jace's mouth seemed to be blocked by something, and he was completely stunned at this moment.

Then Jace's jewel-like blue eyes widened, because the man in front of him had already pinched his neck with one hand!

His hands were so strong and so generous, when he pinched Jace's neck, Jace only felt that he was suffocated!

Jace was struggling there, staring at him with wide eyes!

Unfortunately, he couldn't see his face clearly.

Because his face was completely covered by the loose long hair, the only thing that could be felt was the innate domineering feeling all over his body!

Then with a wave of his hand, Na Jace's body suddenly flew out, directly hitting the fire behind... Jace screamed, and after hitting his body in the fire, he could hardly get up.

Such a domineering but mysterious person appeared and turned the tide of the battle all at once.

The badly wounded Xue Wuhen on the other side, as well as the brigade commander Wang Zhen, were completely dumbfounded... They almost couldn't believe the general looking at the black shadow man in front of him, looking at his heavenly back and behind him. The sword that is about seven feet long with a dragon pattern on his back!

Unparalleled in the world!

What about Li Tian? Because of the excessive bleeding, his spirit has fallen into a coma.

The only thing he could see was a shadow... and then slowly walked towards him... approached... then his glasses went black and he knew nothing!

Chapter 1834: Li Tian's doubts

His appearance made all the three dead saints stunned!

At the same time, it was severely hit!

The black shadow man stood there, looking at Li Tian lying on the ground unconscious with his disheveled face, and sighed deeply.

He walked over slowly, then stretched out two kind hands and hugged him in his arms.

After picking up Li Tian's body, he turned and walked towards this side step by step!

Na Jess also had a badly injured Long, and Rowling. When they saw that Li Tian was about to be taken away by the shadow man, the three of them stood up suddenly, as if they wanted to stop!

But at this moment, there was a dragon roar from Tingcang, and a sword engraved with a flying dragon suddenly ejected from the back of the shadow man from the scabbard.

With a bang, the domineering sword was directly inserted into the hard ground in front of him, and it was more than a foot into the cold ground, and the blade was trembling violently.

The whole body of the sword was filled with a wordless evil spirit, and there was a faint sword light covering the whole body of the sword!

The sword is like a dragon, out of its sheath!

"Today, I don't want to kill people...Don't force me!" a cold word came out of the black shadow man's mouth with the beatles.

The domineering words heard Na Jess, Rowling, and Na Long's mouth, the three of them stared together...

"Tell me, where are the Dugu and the ghost servants? I'll let you make a living!" His words definitely don't have the slightest right to doubt. His domineering words directly made the three dead saints completely startled. !

At this moment, Jace, they look at me, I look at you, no one knows what to do.

The sword engraved with the flying dragon in front of him was full of cold air, sullen and cautious, and the sound of the sword sound was getting louder and louder, and everyone could feel the endless terrifying murderous aura emanating from the black shadow man.

In the end, Jace looked at Long beside him helplessly, and Na Rowling, the last three of them endured the serious physical injuries helplessly, and helplessly said the hiding address of Duguxie and the ghost servant!

If they don't say it, they will definitely die at this moment!

Although the skills of the three of them are not weak, the strength of the black shadow man in front of them is too terrifying, so terrifying that they have no chance of winning at all. In order to survive and continue to survive, the three of them can only say Duguxie There is also the hiding place of the ghost servant.

After they said it, but seeing the shadow man did not even look at them, just coldly spit out a word from his mouth: Get out!

And Na Jess still had Rowling and Long in front of him, the three of them could only help me in embarrassment, I helped you, and then left the room in front of me.

After the three dead saints left, the black shadow man waved his right hand, and the sword with the dragon carved on the ground more than a foot, suddenly broke out of the stone, with a clanging sound, it seemed that it was flying very spiritually. Back in the scabbard behind the shadow man.

Looking at the weird black shadow man in front of him, the surviving Brigadier Wang Zhen and Xue Wuhen in front of him were shocked!

Who is he?

Why did he save Li Tian? And yourself?

The two of them were looking at the dark shadow man in front of them with eyes wide open.

But seeing the black shadow man did not look at them, he just held Li Tian in his arms and suddenly walked outside step by step.

When Na Xue Wuhen and Brigadier Wang Zhen saw Li Tian being taken away like this, they couldn't help shouting, but the Black Shadow Man did not give them a chance and disappeared in a blink of an eye!

In an ancient room, I saw Li Tian with a pale face lying on a bed.

Next to him is a white sand belt stained with blood.

The knife wound on the chest was also completely bandaged.

On the other side, there was the black shadow man standing, and he slowly walked over, looking at Li Tian who was in a coma with a pair of kind distressed eyes.

He stretched out a big broad hand and gently stroked Li Tian's face... as if he was touching his son.

Looking at him in front of him, the black shadow man finally sighed slightly, then he straightened Li Tian's body, and then began to slowly input his body's true energy into Li Tian's body!

Obviously this shadow man was using his true energy to heal that Li Tian.

Because of the excessive blood loss, Li Tian's body is extremely weak at this moment, coupled with the previous injuries, so Li Tian must extradite Zhen Qi, so that his body can quickly recover.

That black shadow man did not hesitate to consume his true qi, bit by bit all the turbulent true qi was input into Li Tian's body.

After the vast amount of true energy entered Li Tian's body, seeing Li Tian's pale face slowly eased, a hint of blush began to appear...

I don't know how much true energy the black shadow man had input for Li Tian, but as a result, Li Tian finally became sober!

When Li Tian slowly opened his eyes, the first thing he saw was the bright and dazzling sunlight.

Li Tian subconsciously pricked his eyes slightly, and then raised his eyes to look around!

Where is myself?

He was shocked at the moment.

Because he saw the people walking around, the crowded and prosperous market... and he also saw deafening vehicles!

Gosh! I was on the street!

Yes, he unexpectedly appeared on the street inexplicably, but his body was leaning against a wall.

"Why did I appear here?"

"Where is Xue Wuhen? What about Brigadier Wang Zhen and them? How are they?"

"And me... how could I appear in the urban streets of Binjiang City?"

Li Tian thought like this in his mind, and patted his head vigorously. He thought he was dreaming!

But when he heard the real noise around him and the crowd of people coming and going in his ears, he was stunned. This was not a dream, not a dream, but real!

I actually appeared here!

In the last memory in his mind, he only saw a black figure walking towards him step by step, and also saw the appearance of his brothers injured... and then he fell into a coma!

But how did you get here?

Just when Li Tianzhen was horrified, he inadvertently raised his right hand, and a deep tingling pain in his chest suddenly passed over.

wound!

Li Tian suddenly remembered that he had suffered a bayonet that was killed by the foreign guy!

At this moment, Li Tian quickly opened his clothes and looked at his chest, but saw that there was indeed a stab wound on his chest, but the stab wound had been bandaged... and he was also given medicine.

Although Li Tian can still faintly feel the pain of the knife wound, it is obvious that the knife wound is much better now. It is only a skin trauma now, and Li Tian also feels the fullness of his body. It wasn't the sluggish appearance of just recovering from the injury, on the contrary, his body seemed to be instilled with a powerful innocence!

Seeing his wounds being so bandaged and feeling the vigor in his body, Li Tian was suddenly shocked there!

It is clear that someone saved himself... and also bandaged his wounds!

But who could this be?

Li Tian raised those confused eyes, silently looking at the people around him, his heart was full of surprise, full of speechless shock...

But in the crowded street, a man with loose hair was blinking a pair of loving eyes, looking at him, looking at him!

His eyes were so unwilling and unbearable, but he could only watch it like this... and couldn't reach him.

Chapter 1835: Who is the one who saved me?

Li Tian is lost!

Standing on the crowded streets of Binjiang City, he didn't know what he should be doing now. His mind was filled with one question after another, and he had no idea what was going on.

Xue Wuhen, Brigadier Wang Zhen, and how about Chen Qiaozhi?

Have they been killed by that cruel gangster? Where are they now?

These one by one question all flooded into Li Tian's heart at this moment, and there were also his own affairs.

Now Li Tian's head only feels like a mass of paste, one word: chaos!

However, Li Tian still worked hard to keep himself awake, he now had to choose what he should do.

Looking at the crowded streets, Li Tian finally decided to return to the hotel first!

Because he didn't know that Xue Wuhen and Chen Qiaozhi were there, let alone how everything was going on, so he finally chose to return to the hotel where they lived together before...

After Li Tian made this decision, he quickly stopped a taxi on the side of the road and got in.

After telling the driver where he was going, the driver took him to the direction of the hotel.

And where is Li Tian in the car? The head keeps turning there.

"Xue Wuhen, are Chen Qiaozhi and Brigadier Wang Zhen in the hotel?"

"Have they been tortured by those foreigners like themselves?"

"Also, is the black shadow man he saw before he fell into a coma... or is it real?" Li Tian is now eager to figure out all of this.

The car quickly drove in the direction of the hotel and arrived there in a short while.

Li Tian got off the car quickly, and then ran to the hotel where he and his brothers lived.

After Li Tian quickly arrived at the hotel room, he reached the room where he and his brothers lived, but saw the door of the room closed tightly there.

Li Tian then stretched out his hand to knock, and after he reached out and knocked, the sound of footsteps came.

After opening the door, he was shocked to see that it turned out to be Xue Wuhen.

"Wuhen..." Li Tian was shocked there!

But what about Xue Wuhen? When I saw Li Tian, I was stunned right there.

"Brother Tian...??"

"Brother Tian...you...you...you... are you back?" Xue Wuhen in front of her was suddenly excited and hugged Li Tian tightly like a woman.

But after hearing Xue Wuhen's cry over there, I saw Brigadier Wang Zhen and the seriously injured Chen Qiaozhi also ran out.

"Li Tian..."

"You, you, are you back?" All of them stared at Li Tian in disbelief.

What about Li Tian? At this moment, the inside of his head was completely stunned, and he nodded silently, then opened a pair of extremely surprised eyes, looking silently at the brothers who were intact in front of them!

What's going on?

How did they escape?

Li Tian was completely puzzled.

"Brother Tian, it would be great if you could come back... Brothers are worried to death!" Xue Wuhen said while holding Li Tian's hand tightly.

Chen Qiaozhi over there said, "Yeah! Hey, it was we who hurt you... You almost died..."

"We can't help you!" Chen Qiaozhi in front of him.

Li Tian was listening to the brothers saying this, trying hard to clear his head.

The brothers who looked in front of him in horror said: "I... I don't understand... You speak slowly!"

"Tell me, what happened? How did you escape the ***** gringles? And me... I... what happened to me?"

"Why just now when I woke up, I was on the bustling street in Binjiang City? Also, who helped me bandage the wound? Who healed me?" Li Tian had all his doubts at this moment. Asked it out.

After he said these words, the brothers were also taken aback, blinking at him one by one.

"Brother Tian, don't you know anything? You don't remember anything?" Xue Wuhen asked incredulously.

Then Li Tian shook his head depressedly... After he was in a coma, to just inexplicably sober on the street, he certainly didn't remember anything!

After seeing Li Tianguo really knowing nothing, but listening to one of Chen Qiao coughing violently, he said, "I know, Li Tian may have lost too much blood at the time, so he was in a coma and did not know what happened. ."

"You tell me, what happened?" Li Tian asked hurriedly.

But seeing that Xue Wuhen said: "Brother Tian, we were saved by a mysterious person!"

"Mysterious man?" Li Tianyi was immediately surprised.

When he saw that Li Tianguo really didn't know anything, that Xue Wuhen told Li Tian about the appearance of the mysterious man in the one-hundred-and-tenth, and also told how the mysterious man defeated that. The three dead saints... Finally, they left with Li Tian.

After Li Tian listened this way, he was instantly stunned.

"You mean...I...I was finally taken away by the mysterious man who saved us?" Li Tian said in shock.

But seeing Xue Wuhen and Chen Qiaozhi over there nodded deeply.

"Yes, when the mysterious person took you away, we wanted to stop him, but there was no chance at all!" Xue Wuhen rebuked himself.

When Li Tian heard the brothers tell the truth, the whole rumbling sound in his mind.

Then strange images began to appear in his mind.

In his hazy consciousness, he suddenly felt that a person was inputting vast infuriating energy for him...still bandaging his injured chest, and at the same time he saw his back...his back was so broad, so powerful, with his back facing him.

The pictures of Li Tian that came to mind were what he saw when he was half unconscious at the time, but because Li Tian lost too much blood at the time, he couldn't remember after he was sober.

But after saying that after such a picture suddenly appeared in Li Tian's mind, Li Tian was stunned.

"Could it be that he saved himself?"

"Is he not hesitating to spend his true energy to heal himself?"

Li Tian's mind suddenly became stunned.

Who is he? Why did he save himself... Why did he feel so kind when thinking of him in his mind?

"Brother Tian, Brother Tian, what's wrong with you?" Xue Wuhen in front of him saw Li Tian who was in a daze, and couldn't help calling him there quickly.

But seeing Li Tian suddenly wake up: "No...nothing..."

"My brother, how is your injury? It has been two days...For two days, we have been looking for you everywhere...Unfortunately, we couldn't find you. Brothers are so worried about you, so worried about your injury." Xue Wuhen said there.

Li Tianyi was depressed at the moment.

"what?"

"It's been two days? You mean, I have disappeared for two days?" Li Tianzai said in shock.

But seeing Xue Wuhen silently nodded there and said, "Yes, it's been two days!"

Li Tianyi was really depressed!

Unexpectedly, it has been two days since I was in a coma and now I am sober...

"It seems that in these two days, it should be the mysterious person who is healing himself!" Li Tiantian said in his heart, and at the same time he wanted to know more and more eagerly in his mind, what is the one who saved him? people!

"Brother Tian, don't you know who saved you? How did you wake up?" Xue Wuhen blinked at the moment and looked at Li Tiandao.

At the moment, Chen Qiaozhi and Brigadier Wang Zhen stared at Li Tian in wonder.

Li Tiandao: "I don't know...I remember everything, all I know is that as soon as I opened my eyes, I appeared on the busy streets of Binjiang City!"

what?

When I heard Li Tian say this, my brothers were depressed!

Chapter 1836: Night messenger

"Could it be that the mysterious man put you on the block of Binjiang City? Then he left?" Xue Wuhen asked with a gloomy look.

Li Tian actually didn't know what was going on, he didn't know why the mysterious man wanted to save himself, and after saving himself, he didn't let himself see him at all, so he disappeared inexplicably.

Thinking of these, Li Tian felt weird!

But he doesn't know why in his heart. Whenever he thinks of that mysterious person in his mind, he will give birth to a cordial feeling for no reason!

"Forget it, don't care about that, as long as everyone is okay, I can rest assured." Li Tian said at the end.

Although his body was treated by a mysterious person, he was still very weak. After all, the knife wound pierced Li Tian's breastbone!

After Li Tian said this, he slowly walked into the house, but what about the brothers? They are all sitting on one side!

But seeing Xue Wuhen's injuries is okay, most of them are skin injuries, only Chen Qiaozhi's injuries are the most serious!

He was blown up by the bomb, so although he can speak and act normally now, his face is extremely ugly, and his left arm has been burned by the fire, and Brigadier Wang Zhen has nothing to do with him. Several injuries on the body.

"My God, what shall we do next?"

"I want revenge!" Just listen to Xue Wuhen saying there.

Li Tian didn't speak, he was silent there!

This time, being designed and attacked by that group of foreigners was something that Li Tian had never expected before, and he would never have thought that the group of foreigners was tempting them, and they also came close to hit the dog!

If it weren't for the mysterious person to save himself and his brothers in time, I'm afraid they would all die there.

Thinking of this, Li Tian's heart felt angrily.

"Those ***** foreigners, I will let them pay this blood feud." Li Tiannu said.

"It's just that after this incident, if we want to find them in the next step, it will be even more difficult!"

The Tao of Chen Qiao over there: "Yes!"

"And Senior Duguxie and Senior Ghost Servant are still in the hands of that ***** foreign guy!"

Speaking of Duguxie and ghost servants, it is Li Tian's heart disease at present! He didn't know what happened to Duguxie and Ghost Servant now, and he was extremely worried about them.

This day just passed!

For this surprised day, Li Tian experienced too many fantastic things.

First, the mysterious man came out to save himself and his brothers, and finally threw himself on the street for no reason!

Since the mysterious man saved himself and his brothers, why didn't he show up and let himself thank you? Why would you not see yourself?

The night, slowly getting deeper, Li Tian lay on the bed quietly thinking about these things.

However, everything is very thankful! After all, the attack this time was shocking and without danger. If the mysterious people hadn't come out to rescue them, I'm afraid this time, they really could not escape bad luck!

Li Tian thought in his mind, not only slightly touched his wounded chest, but also felt warm in his heart.

The night is getting deeper and deeper!

Li Tian didn't know what was going on. Tonight, he seemed to be unable to sleep. He was lying on the bed alone, thinking so wildly in his mind.

Just when Li Tian was tossing and unable to sleep on the bed, his ears seemed to hear the sound of strong wind outside.

That voice was the voice of a master flying by, and Li Tian could definitely tell it.

Suddenly when he heard that a superb master came to them, Li Tian was taken aback, a wheel rolled off the bed, and then quickly ran to the outside, he wanted to see where the superb came.

The moment he was just about to open the door and go out, he suddenly heard a swish, as if something was nailed to the door.

Li Tian was taken aback and opened the door quickly, only to see a dark shadow flying into the distance at an extremely fast speed in the night.

His speed is too fast, and he almost never gives Li Tian a chance to catch up!

Li Tian stared at the disappearing figure in the night in amazement, and couldn't help but lining up in his heart: What does it mean that the super master suddenly came here just now?

Just as his mind was facing this way, he suddenly realized that there was something nailed to his door!

Look carefully, it is a sharp head, with a piece of paper in the middle of the sharp head!

Li Tian looked at the weird head and the white paper folded on top of the head, not only was slightly startled, then stretched out his hand to pull out the head on the door, and then quickly opened the white paper...

After opening it, I was shocked to see the words appearing above!

I saw it said: Dugu ghost servants are in the ***** area, go and rescue them!

When he saw these words on the white paper, Li Tian shook his heart!

"real or fake?"

"Could it be that the super master just now came to deliver the letter? Was it specially to inform me?"

Li Tian was stunned, staring at the blank paper in front of him speechlessly.

"Brother, what happened? We seem to hear something!" At this moment, the brothers who lived next to him also heard the sound just now, and quickly walked out of the room, looking at the Li standing at the door. Heaven questioned.

Chen Qiaozhi, Brigadier Wang Zhen and Tang Xiaolong also followed.

"What's the matter, little boss?" All the brothers looked at Li Tian suspiciously, and then their eyes were placed on the weird head in Li Tian's hand and the white paper. .

After the brothers asked, Li Tian slowly took out the white paper from his hand.

"Look at this!" Li Tian said as he passed the paper over.

After he handed it over, the brothers all looked at each other in surprise, and then lowered their heads to look at the blank paper. After seeing the words on it, they were stunned.

"what?"

"My master... and Senior Dugu... here?" Tang Xiaolong asked in horror.

Then Chen Qiaozhi and Xue Wuhen were also completely stunned.

"Brother Tian, who sent this, this, this?" They looked at Li Tian speechlessly and asked.

Li Tian looked into the dark distance and said: "I don't know who he is, but I know that he is definitely an extremely master!"

"When he flew here just now, it was just a blink of an eye, but when I wanted to chase him, his person was already a hundred meters away...It is conceivable how powerful this person is. !" Li Tian said silently there.

Listening to Li Tian's words, the brothers in front of him were completely stunned.

"Who would it be? Who would know the clues to Senior Dugu and Big Brother Ghost?" Xue Wuhen said, blinking in front of him.

"Grass, isn't it a trap made by those **** foreign guys again?" Tang Xiaolong said angrily.

But listen to Li Tiandao: "No, absolutely not!"

That foreigner can never have such great strength! "Li Tiandao.

"Who would it be?" The brothers said in doubt.

But seeing Chen Qiaozhi suddenly said: "Wuhen, do you still remember what the mysterious man did when we were killed two days ago? ... I clearly remember that he forced the gringos at the end and asked The ghost servants and the lonely predecessors..."

Hearing what Chen Qiaozhi said, Li Tian was taken aback: "The mysterious person who saved me?"

"Yes, it's him!"

"At that time, he persecuted the foreigners and asked them out." Chen Qiaozhi said.

Listening to what Chen Qiaozhi said, Xue Wuhen also suddenly remembered.

"Yes, how did I forget... it was him, he did ask the clues about Brother Ghost and Senior Dugu at the last time."

Chapter 1837: Find Duguxie, Ghost Servant

Could it be that the person sending the letter in the dark night was the mysterious person who rescued Li Tian and the others?

After the brothers thought so, everyone was stunned, one by one with extremely shocked eyes looking at me, I looked at you with a strange expression.

In the end, Li Tian spoke suddenly.

I saw him standing there and saying, "No matter why the other party wants to send this letter to us... Since the other party has told us where Duguxie and the ghost servant are, let's go and see first! Is it true? After we read it, we will naturally understand."

After Li Tian said so, the brothers nodded quickly.

"Okay, let's listen to Brother Tian." Xue Wuhen said on the side.

But seeing Li Tiandao: "Then it shouldn't be too late, let's prepare immediately and find Duguxie and ghost servants."

After Li Tian said this, the brothers quickly agreed and said, "Yes!"

Then they all hurried back to the room one by one, and after a little preparation, they ran out quickly.

The night is getting deeper and deeper!

There are fewer and fewer pedestrians on the streets of Binjiang City, and you can occasionally see a few cars sprinting fast under the neon lights.

After Li Tian and his brothers came out of the hotel quickly, they happened to see two taxis parked downstairs in the hotel.

After they saw it, they beckoned to the two taxis. After beckoning, the brothers quickly sat in.

"To **** road!" Li Tian, who got into the car, said to the driver's master.

After the driver heard Li Tian say this, he screamed, stepped on the gas pedal and drove away quickly.

In the dark, two taxis swiftly moved like this.

Soon, in less than twenty minutes, the car had reached the place stated on the paper.

I saw that the driver's master had stopped the car slightly at this moment, and said to Li Tian and the brothers: "Here, it's here..."

Li Tian glanced at the front, but saw that it was a residential area.

After taking a look, he then gave the driver the fare and slowly walked out of the car.

All the brothers over there followed.

Looking at the rows of residential buildings in front of them, the brothers were slightly surprised: "Senior Dugu, and Brother Gui, why are you here?" Xue Wuhen asked suspiciously.

Li Tian was also very strange in his heart, but he did not say anything.

He glanced at the note in his hand and said, "It says that Duguxie and the ghost servant are in room 106 of the residential building!"

"Go, let's go and see!"

Li Tian led the way while talking, and the brothers followed him closely and started to move forward.

No one of them now knows whether the content of the piece of paper sent by the mysterious person is true or false, let alone whether Duguxie and the ghost servant are really here?

They can only bite the bullet and look for it now.

After Li Tian brought his brothers to the front block, he then began to look for room 106 carefully.

"Brother Tian, here is 104..." Just listen to the words of Xue Wuhen, who pointed to one of the residential buildings.

Li Tian pointed his finger forward and said, "The 106 should be right in front, let's go over and take a look."

Following Li Tian's words, he hurriedly led the brothers in front of him and took a closer look at the place in front of him. He really saw that it was Room 106.

"It's here!" Xue Wuhen said excitedly.

I saw room 106, which looked extremely ordinary, exactly the same as the residential room next to it.

After looking at the room, Tang Xiaolong pointed at it and said, "Is it here?"

"It should be." Chen Qiaozhi said.

"Go in and take a look."

As they said this, they walked towards room 106 when they saw them. After reaching the door, they saw that the door was closed! I don't know if it is locked.

After seeing this, Li Tian tried to reach out and gently push the door in front of him.

After reaching out and pushing gently, the door in front of me opened naturally with a squeak.

After the door of this room opened for an instant, the brothers were not only taken aback.

Li Tian looked at the dark room and said to the brothers behind, "Be careful, everyone!"

The brothers who followed nodded.

In this way, under Li Tian's leadership, they began to slowly walk towards the inside of the room.

After entering this room, but seeing this room seems to be empty and empty.

Li Tian found the position of the light switch in the room and stretched out his hand to press it. As he stretched out his hand to press the light switch in the room, the whole room instantly brightened.

But in the empty room, no one was there, only two corpse-like figures lying motionless on the large sofa in front!

After seeing the two figures on the sofa, the brothers were stunned for an instant.

"Big Brother Ghost? Senior Dugu?" Xue Wuhen suddenly recognized it!

Then the brothers all raised their eyes and saw the two motionless bodies lying on the large sofa. They were really Duguxie and ghost servants.

When they were shocked to see Duguxie and the ghost servants, they all ran over excitedly.

"Master! Senior Dugu!" Tang Xiaolong in front of him also ran over quickly, and quickly helped the Duguxie and the ghost servant.

"Unexpectedly, the Ghost Servant and Dugu Senior are really here!" Chen Qiaozhi in front of him also said excitedly.

And Li Tian also looked at the two with satisfaction, his originally worried mood can finally be relieved! Finally found!

But the Duguxie and the ghost servants in front of them were completely dead, lying there motionless!

The brothers in front of them were not only stunned when they saw that Duguxie and ghost servants were like dead people, no matter how they called them, they didn't respond.

"Brother Tian, Brother Ghost and Senior Dugu?" Xue Wuhen asked worriedly there.

But seeing that Tang Xiaolong over there was also helping the ghost servant beside him and asked: "Yes, little boss, how come my master and senior Dugu are like this?"

Hearing what they said, Li Tian glanced at the deadly Duguxie and the ghost servant and said, "Hey, it seems that they are still the same as before!"

"What do you mean, Brother Tian?" Only Xue Wuhen asked.

The brothers beside him also blinked a pair of extremely puzzled eyes looking at Li Tian in front of him.

But seeing Li Tian, he said: "Dugu and ghost servants must be due to the poison of the puppet in the body! So they are not awake at this moment!"

"It's not right, Brother God, do you remember the last time we were at the police station... We saw with our own eyes that Senior Dugu and Brother Ghost had already stood up... How could it... How could it be poisoned again? The police didn't also say that they... They seem to have killed people..." Xue Wuhen asked with a depressed face.

When Li Tian heard what Xue Wuhen said in front of him, he suddenly thought in his mind that this is indeed the case!

If Xue Wuhen didn't say anything, he really almost forgot!

Last time, he did see Duguxie and the ghost servant walking straight ahead! It's just that Li Tian felt that the two of them were stiff and acting strangely. Li Tian didn't know what was going on with them.

But now? Duguxie and ghost servants once again looked like dead people, exactly the same as before. What's going on?

Li Tian thought about it for a while not only said: "I guess it may be related to the poison of the puppets on their bodies!"

Chapter 1838: secret

"Puppet poison?" The brothers all asked in confusion.

"I heard people say that the poison of this puppet is extremely weird, and only the person who puts the poison can control the mind of the poisoned person...So I feel that the reason why the lonely man and the ghost servant were like before should be the same as the puppet in their body. Poison has a great relationship."

After Li Tian said this, the brothers were all stunned, and no one knew what to do.

"Brother Tian, what should we do now? Shall we go to the hospital to see the poison on their bodies for Brother Ghost and Senior Dugu?" Xue Wuhen asked there.

But seeing Li Tiandao: "I am afraid that no matter how good a doctor is, it will not cure them!"
what?

"The little boss, according to what you mean...my master...and Senior Dugu, will you not be able to wake up for a lifetime?" Tang Xiaolong said in shock.

But see Li Tiandao: "No!"

"The only thing that can save them is the antidote to the poison of the puppet! And the antidote to the poison of the puppet is in the hands of the **** gate master, so as long as we can kill the most abominable **** gate master, we can Get the antidote! I can save the Dugu and the ghost servant..."
Li Tiandao.

After Li Tian said this, the brothers became depressed one by one.

Just listen to that Tang Xiaolong muttering in that mouth: "Hey, killing the sect master of the **** gate... it's not easy!"

Tang Xiaolong loves the truth!

But he did say nothing wrong, yes, with Li Tian and the strength of his current brothers, it would be impossible to kill the **** **** gate master!

Therefore, when Li Tian heard Tang Xiaolong's muttering words, he also fell silent!

However, blood feud is blood feud after all!

In order to take revenge, Li Tian will do everything possible to kill the sect master of the **** gate... even if... even if... even if he enters the **** that cannot be recovered!

After thinking about this in his mind, he saw him clenching his fist tightly, his blood-red eyes saying: "Don't worry, I will kill him one day! And I will take his life with my own hands!"

The brothers listened to Li Tian's **** words, looked at his blood-red eyes, and did not dare to speak too much.

In this way, Li Tian took the brothers to find Duguxie and the ghost servant!

They returned to the hotel with the two people who were like dead bodies.

After they came back, they put Duguxie and the ghost servants safely on the bed, and then sat down in the room.

"I didn't expect that the address of the mysterious note was actually true...I don't know if that good person has been helping us secretly!" Tang Xiaolong said in relief, in front of him.

The brothers in front of you also said in that mouth, they don't know who secretly gave them the note!

What about Li Tian? It was a person who was silent, maybe only he knew in his heart that the person who sent the note in the dark night should be the mysterious person before he rescued him! Just who will he be? Why help yourself all the time? In this way, Li Tian recalled what happened in the past few days.

Who will help secretly? What is his identity?

And how could he have such a powerful martial arts?

Li Tian can conclude that that person is definitely not an old man of Promise! First, there is no need for the old man Wuji to hide his head and tail. Second, the aura on the mysterious person's body is completely different from that of the old man... Although Li Tian has not seen the mysterious person with his own eyes, Li Tian can still I felt that the mysterious shadow man seemed to have a great connection with him!

Because every time the black shadow man appeared, his heart would beat thumping, as if he had met his relatives. This was something Li Tian could not explain so far.

"Forget it, brothers, let's take a good rest! Let's return to the North China Field Army tomorrow!" Li Tian suddenly looked at the brothers and said.

As Li Tian said so, the brothers were not only taken aback.

what?

"Brother Tian, are we going back?" Xue Wuhen asked in that question.

Li Tiandao: "Then what do you mean?"

"Let's not seek revenge from those **** foreigners?" Tang Xiaolong also asked in confusion.

But seeing Li Tian shook his head.

"Do not!"

"I have a lot of things that I haven't figured out right now... Regarding the gang of foreigners, let's leave it for one paragraph! After tomorrow, we will return to the North China Field Army."

After Li Tian finished speaking, he turned around and went back to his room.

The brothers looked at Li Tian who left in this way, and they all froze in the room one by one. No one knew why Li Tian was suddenly different from before!

But seeing that after Li Tian returned to the room, he washed his face deeply with cold cold water, and then kept his head in the best awake state!

Then I started to recall the events of the past few days in my mind!

First of all, Li Tian can be sure that the reason why this group of Christians and foreigners came to China was for his father Cthulhu!

And Li Tian still understands that his father should have had a big conflict with the Christians in the Vatican back then, and the reason why these Christians came here to deal with him is because his father took away. key! That thing called: the key of destiny!

As Li Tian thought about it in his mind, he slowly took out a folded piece of paper from his arms.

After taking it out, I saw this piece of paper. It was the piece of paper on the black bible that Li Tian had torn out in the dark room of the ancient church!

Slowly opened the piece of paper, but saw two black and white patterns on the piece of paper and ancient Latin characters appearing in Li Tian's eyes!

Li Tian focused his eyes on the second black and white painting, and saw that what was painted on the black and white painting was an ancient key!

Li Tian stared at the ancient key on the illustration at this moment, and suddenly couldn't help but lining up in his heart: Could the ancient key on this piece of paper be what the Vatican called the key to the key of destiny?

The more Li Tian thinks about it, the more strange it is, so he carefully looks at the two paintings on this piece of paper!

It's a pity that the text surrounding these two paintings are ancient Latin texts that Li Tian doesn't know, so he doesn't know what the annotation text beside them is besides knowing these paintings now! However, he has a feeling that the key to fate that the foreigners talked about should be the weird key that appeared in the Bible!

After Li Tian watched it carefully for a while, he couldn't help thinking: It seems that everything, only after returning to the North China Field Army and finding someone who can understand these ancient Latin characters can he understand this illustration with a key drawn. Is it really the key to fate?

Moreover, there is the first weird picture on this paper!

The first picture is a very noble coffin. The coffin seems to be used by the noble counts of Europe. It looks quite noble and powerful! But the lonely weird crow painted on the coffin makes the coffin even more weird and eerie!

The crow standing on the top of the coffin was painted particularly vividly, as if it were alive. A pair of black and bright eyes stared at the coffin, as if the person in the coffin was his master. It? It is the guard of the undead!

Li Tian looked at these two weird pictures for a while, thinking in his mind, but in the end he slowly put the paper away and put it in his pocket!

After lying down on the bed, Li Tian began to rest.

The night is already very deep!

I saw a burly dark figure standing on the roof of a building in the night, blowing the cold wind, blowing his scattered hair.

In the dark night, he could see his brilliant eyes staring at the hotel where Li Tian lived in the dark without blinking!

Chapter 1839: Back to North China Field Army

His eyes are so gentle, so kind...

In the end, after looking at it for a long time, he stretched his body and disappeared into the darkness out of thin air!

This night, Li Tian slept very soundly and very comfortably!

Because he had a peaceful dream while sleeping!

He dreamed of his father and mother. In the dream, although Li Tian did not see the appearance of his father and mother, he knew that it was his relatives and his parents. He saw the two Walking slowly towards him, smiling at him...

When the sun rose the next day, Li Tian took his brothers back to the North China Field Army!

After calling two taxis, they slowly carried the unconscious Duguxie and the ghost servant to the car first, and then they got into the car one by one! And also brought the child: Anan!

After telling the driver where to drive, the driver's master drove quickly toward the North China Field Army.

Along the way, Li Tian was silent, without saying a word, what was in his mind? Also thinking about some of my own thoughts.

In less than half an hour, only two taxis had reached the North China Field Army.

After getting out of the car, they entered the North China Field Army.

Because yesterday, when Li Tian said that he would return to the North China Field Army, Wang Zhen called here in advance, so after Li Tian and the others got off the car, they saw Fairy Baihua, Situ Ningbing, and Ouyang Shi from a distance. Love, and Duanmu Ying waiting for them at the gate of the military area.

After Li Tian got off the car, everyone rushed over.

"Tian'er, you are finally back." Seeing Li Tian who came back, the Baihua Fairy kindly grabbed Li Tian's hand and said as if he saw his son coming back.

Li Tian smiled at Fairy Baihua, and at the same time looked at his favorite women next to him!

They also looked at Li Tian affectionately, rejoicing that Li Tian was back.

"Tian'er, how about the second and fourth brothers?" Baihua Fairy asked suddenly.

I saw Li Tian pointing to the place behind and saying, "They are there!"

Fairy Baihua turned his head to look, and saw that Xue Wuhen, Tang Xiaolong, and the fainted Duguxie and the ghost servant.

After seeing them, Fairy Baihua walked over quickly, looked at the two fainted appearances and said, "The second brother and the fourth brother are not sober?"

"Yes!" Li Tian said helplessly.

Baihua Fairy heard Li Tian say that the poison in this Duguxie and the ghost servant is the poison of the puppets of the gate of hell, so he didn't ask too much at this moment.

She just looked worriedly at Duguxie and the ghost servant!

"Hey, when will the second and fourth brothers get better..." Fairy Baihua sighed deeply worried.

Li Tian looked at Baihua Fairy there and said, "Aunt Hua, don't worry, the two of them will definitely wake up."

"Well, hope!" Fairy Baihua said finally.

"Huh, who is he?" Baihua Fairy suddenly saw Anan who was following Li Tian on the other side, and asked not only in doubt.

Li Tian pointed to Na Anan and introduced to Fairy Baihua, "His name is Anan!"

"When I was at the gate of hell, he helped me, so I took him out of the gate of hell!" Li Tian said.

Hearing what Li Tian said, everyone just looked at that Anan a few more times, and then there was not much culture.

The crowd carried the Duguxie and the ghost servants back to the North China Field Army.

After placing Duguxie and the ghost servant, Li Tian stayed with Fairy Baihua and his brothers.

I saw Fairy Baihua looking at Li Tiandao: "I heard that you encountered a lot of danger in Binjiang City this time? Isn't it?"

Li Tian smiled and nodded slightly.

"Don't hide Aunt Hua, this time things are really troublesome!" Li Tiandao.

"Tell Aunt Hua, what is going on?" Baihua Fairy asked.

So Li Tian told the Hundred Flowers Fairy about the things before and after his trip to Binjiang City, and also told the fierce things about the gang of foreigners.

When Li Tian suddenly talked about the Vatican and those foreigners, Baihua Fairy was shocked there!

Her willow eyebrows instantly wrinkled, and she looked at Li Tiandao unbelievably there and said, "Vatican?"

"Auntie Hua, do you know?" Li Tian looked at Fairy Baihua suspiciously.

Fairy Baihua said: "Of course I know!"

"I can still remember the feuds between my eldest brother and the Vatican back then. How can I not know?" Fairy Baihua said there.

Li Tianyi listened, right! You must know that Fairy Baihua was the third sister of the Cthulhu, how could she not know about the Cthulhu and the Vatican!

Just listen to Fairy Baihua saying in shock with an ugly face: "I really didn't expect that after so many years, those high-nosed foreigners would come to China again!"

Li Tian heard what Baihua Fairy said, so he hurriedly asked: "Auntie Hua, tell me what happened to my father and the group of Christians in the Vatican back then...why did the group of Christians repeat it? Come to find my father?"

Following Li Tianwen, but seeing, Baihua Fairy sighed slightly.

"Hey, this is a long story!" Fairy Baihua sighed there.

"Auntie Hua, please tell me carefully." Li Tian begged and said while looking at Fairy Baihua! He is now anxious to know what exactly the evil **** has had with the Vatican for what happened, and at the same time, he also wants to know why his father wanted to go to the Vatican alone with a sword in his hand, and he also killed the followers of the Vatican. , All this, Li Tian wants to know why!

After he asked, but seeing that Baihua Fairy first took a deep breath, and then began to say: "Well, since you want to listen, Aunt Hua will tell you about your father's past!"

"Twenty years ago, you were not born at that time. Above the rivers and lakes, everyone was vying for the three ancient relics, that is, the legendary Tianshu Danju, the supreme sword of the Yuwen family: Xuanyuan, and the pair that has been in religion. The hidden picture: the phoenix picture!"

"You must have heard about the functions of these three sacred relics. I think back then, many people from all over the world were fighting for these three sacred relics. It was terrible! Later, my big brother Cthulhu, seeing these people kill each other, really I couldn't bear it, so I decided to take the three holy artifacts personally!"

"In less than a year later, my eldest brother had already obtained the Celestial Book Pill scroll, as well as the Fiery Phoenix Picture. Because at that time, the Yuwen family was quite powerful, and coupled with the support of the four major families, almost no one dared Dong Yuwen family. Therefore, Xuanyuan sword has always been safely stored in Yuwen family sword mound."

Chapter 1840: Cthulhu thing

"The heavenly book pill scroll and the legendary phoenix picture that can predict the future have become the target of everyone's looting... But because these two sacred objects are in the hands of the elder brother, even if those people have the intention to **** them, they have no ability. ...Later, my eldest brother wanted to understand the mystery of the ancient times, so he united the four big families and prepared to take the three holy relics to the top of the Tianshan Mountains to find out. They wanted to see if this ancient mystery was true. Like the legend..."

When Fairy Baihua said this, Li Tian knew a lot!

Because he had heard about his father and the four big families uniting, and he had also heard that his father had crossed the top of the Tianshan Mountains!

"At that time, my eldest brother took us and the two holy objects in his hand to reach the top of the Tianshan Mountains, and the four big families, led by the old man Ouyang, also rushed to the top of the Tianshan Mountains, but what he didn't expect was, When the eldest brother took us to the snow-capped mountains at the top of the Tianshan Mountains, we happened to encounter a big snowstorm!"

"The blizzard was too fierce, almost destroying everything, and the cold was so strong that people could freeze to life almost instantly. Seeing the blizzard would kill everyone, the eldest brother in desperation was to protect the second brother. My brother still has my own safety, so I used internal force to infuse our whole body, and then resist the vast snowstorm!"

As Fairy Baihua talked, her voice became excited. It was obvious that the horror scene of the year was so shocking to remind her now.

Li Tian was also excited when he heard it, and wanted to know what happened afterwards.

So he hurriedly asked: "Auntie Hua, then? Then how did you get through the difficulties?"

Just listen to the fairy Baihua continuing to say: "It's the big brother! It's the big brother who used a powerful internal force to resist the pain of the ice and the blizzard of destruction!"

When Li Tian heard this, he finally let out a sigh of relief!

It turns out that all this is what his father did!

Just listen to the fairy Baihua said again: "Although the eldest brother used extremely deep internal strength to save our brothers and sisters, but because of excessive internal strength, he almost fainted... Fortunately, the blizzard at that time only had half an hour of raging time, if it takes longer For a little bit, we may all die under the Tianshan Mountains! But it is precisely because of this that we survived, we climbed out of the deep ice and snow, and when we climbed out, the whole world seemed to be given to by ice and snow. Covered... everything is destroyed!"

"And what about us? We are all exhausted, even all the urgently needed items on our body, as well as drinks and food, are all buried by the snow..."

"On the top of the Tianshan Mountains, there are few birds and nothing, except the frozen snow, almost nothing... Looking at the endless white snow, we finally gave up... because we can't climb the mountain anymore. ! So we can only go back... we can only go back!"

"But even going back is extremely difficult. In the absence of urgently needed items, although we can rely on our internal strength to resist the suffering of the cold, we cannot solve our physical hunger... We are under the difficult leadership of our big brother After walking for two days and two nights, we finally got out of Daxue Mountain!"

"When we walked out of the Snowy Mountains, everyone had reached the limit of their bodies. Even the eldest brother was already hungry... But at this time, we never expected that we would encounter the followers of the Vatican!"

what?

When Li Tian heard this, he was suddenly shocked there! To be honest, he didn't expect it to be like this!

"Then then..." Li Tian asked in shock!

But seeing Baihua Fairy's voice at this moment was full of anger and hatred, he said: "We never thought that when the country was fighting for the three ancient relics, even the high-nosed foreigners far away across the ocean knew The secret of the ancient relics...so they sent one of the top ten cardinals: Sauron, and came to the country with a group of people!"

"And we happened to meet that **** group of believers... After we met, that group of foreigners saw the eldest brother's celestial book pill scroll, the picture of the blazing phoenix and the look of each of us exhausted, nothing else He said he was going to **** it... Because of the severe decline in his physical strength, coupled with the fatigue along the way, after killing some of the high-nosed foreigners, he finally collapsed and was unable to fight again... which led to the book And the picture of the Fiery Phoenix was lost to the cardinal of the Vatican!"

"Fortunately, the people from the four major families also arrived at the time. Otherwise, we would definitely be killed by the **** Cardinal Sauron!"

"When the four big families arrived, it was a pity that it was too late. That day, the book pill scroll and the phoenix picture of the raging fire had already been snatched by the gang of foreigners... But luckily, we were also rescued! "

"Later, after the eldest brother's body was well maintained, he was going to retrieve the book and the phoenix picture of the burning fire on his own. The eldest brother once said: Whoever commits a crime against China will be punishable! No matter who he is... It's the **** Vatican Pope... he wants to get back his country's things too!"

"So, in the future, Big Brother traveled across the oceans to the Vatican alone..."

"After arriving at the Vatican, I don't know what happened... The only thing I know is that with the power of one person, the eldest brother made the entire Vatican panic up and down, and he also killed the one who robbed us. There is also the cardinal Archbishop Sauron with the picture of the Fiery Phoenix."

"After the death of the top ten cardinal Sauron, the prestige of the big brother has shocked the pope at the time..."

"Later I didn't know what was going on, my eldest brother went back to China alone. I remember that the day he came back, he had a weird key hanging on his neck, and the celestial book pill scroll in his right hand, which was recovered. What happened in the Vatican, but the eldest brother avoided talking about it. He seemed unwilling to tell us what happened in the Vatican... We saw that the eldest brother was reluctant to say, of course everyone would not ask again."

"So just like that, one of the two missing from the ancient relics was taken back, and the picture of the blazing phoenix, so far, we have not found it!" Fairy Baihua said slowly.

When he heard Fairy Baihua finally tell all of the mighty deeds of the evil **** back then to Yiwuyishi, Li Tian was stunned, his mind seemed to have returned to the years when the evil **** dominated the world..

The fairy Baihua next to him took a look at Li Tian in a daze, calling out, "Tian'er, Tian'er..."

Li Tian only woke up when he heard the cry!

"Auntie Hua..."

"My God, this is your father's deeds back then, and it is precisely because of this that your father formed a deep hatred with those Vatican followers!"

Li Tiandao: "I finally understand!"

"Tian'er, now these foreigners come to China, they must be the same as many years ago, they must come back for revenge!" Fairy Baihua said.

Li Tian said, "No, Aunt Hua, they are for a key!"

"Key?" When Baihua Fairy heard it, Liu eyebrows not only wrinkled slightly.

"Yes, that key is called: The Key of Destiny!"

"Furthermore, that group of foreigners once told me that my father got the key from their Vatican... and the key was still their Pope's holy treasure, so they came to China this time to find the key Take the key back."

Following Li Tian's words, seeing Baihua Fairy's pretty face suddenly become surprised and weird, she frowned tightly, seeming to be thinking about something.
