

## A Killer 185

Chapter 185: Black poppies

Li Tian gave a wry smile.

"The poison in her, the hospital can't treat it, because the poison in her is the poison of the Duanmu family, and it is the most powerful poison: the poison of the Sanshengmen."

Shen Feng was stunned when he heard Li Tian say this.

"The poison of Duanmu family?"

"How can the beautiful sister-in-law provoke such a dark family?" Shen Feng said in surprise.

Li Tian shook his head.

"I do not know either."

"Then what to do?"

"I am going to the south to find the Duanmu family." Li Tian said decisively.

"Huh?" Shen Feng was stunned when he heard Li Tian say this.

"Brother Tian, are you kidding? Are you going to the south? Looking for the Duanmu family?"

Li Tian smiled: "Do you think I am joking?"

"Brother Tian, you don't know anything about the Duanmu family. The reason why their family is so scared and terrified by the outside world is entirely because that family is too mysterious. Let's not talk about how powerful this family is, just say they The place of residence is still unknown."

"Most people only know that in the south, especially in Jinghai City, almost half of the companies are registered behind the scenes of the Duanmu family. Brother Tian, you can imagine how huge that family is."

What Shen Feng said was not wrong at all.

The Duanmu family can be said to be superior to the four major families.

Although it is not as beautiful as the other three families, everyone knows that the Duanmu family has always been known for its low-key.

If they want to make public, they may be stronger than the other three families.

"I don't care so much, I must detoxify her." Li Tian said firmly in his eyes.

There Shen Feng looked at Li Tian in front of him, not knowing what to say.

"I support you, no matter what you do, I will follow you." Shen Feng smiled.

Li Tian smiled and looked at his good brother.

"Besides, brother, I was born in the southern region anyway, and I am more familiar with it. If you really want to find someone from the Duanmu family, you'd better start in Jinghai City."

"Because there have always been rumors and legends that the old nest of the Duanmu family is in Jinghai City in the south."

Jinghai City is one of the famous prosperous cities in China.

His prosperous level is almost the same as that of Kyoto City, or even worse.

After Shen Feng said so, Li Tian smiled and nodded.

"However, I think it is best to find someone now. Only by finding him, maybe we can have a deeper understanding of the Duanmu family." Li Tiandao said.

Shen Feng was slightly taken aback: "Who are you looking for?"

"Find that \*\*\*\* Duanmu Lei."

"Duanmulei?" Shen Feng became excited when he heard it.

"Yes, that bastard, damn, after finding it out, he has to teach him well, this bitch's son almost killed Lao Tzu, I must clean up him." Shen Feng scolded.

Li Tiandao said: "From now on, let's go to find that Duanmu Lei separately."

"He was originally from the Duanmu family. Only by finding him can we learn more about the Duanmu family."

After the two decided so, they began to look for that Duanmu Lei.

Now Duanmulei is their only clue. Only by picking out the \*\*\*\* Duanmulei, can we thoroughly understand the Dark Family, one of the four major families in China, the Duanmu Family.

The Buddha said: There is no wind, no waves, no waves!

On the bustling streets of Kyoto, a silver BMWx6 with smooth lines is driving fast on the street.

Such a BMW may not be so conspicuous on the streets of Kyoto City, but the people in the car are blinking an eye.

Inside the car sits a woman.

First, I saw that the woman had a very white hand, which looked like carved from ivory, with a red rope tied to her wrist, and one end of the red rope was tied with a transparent white jade pendant.

Looking at her face again, I don't know why. The first attraction of this woman is not her exquisite fox-like appearance, but her cherry lips with a touch of scarlet, like the top-grade rouge, red as blood .

The face of a woman is like a fox, and even more charming than a fox. She smiles and upsets all beings.

But there is a smidge of insidious aura hidden in the reputation, which belongs to the kind of role that makes people only dare to see from a distance, but dare not touch at all.

Like, like, black poppies.

A red cheongsam wrapped around her plump and bumpy body, like a flower snake, \*\*\*\* and bloody.

That exquisite face was blinking at the moment with a pair of autumn-like eyes staring at the elegance of Kyoto City, as if she had been here for the first time.

The man sitting next to the woman is a bad-spoken man.

The man has a very upright face, which makes people mistakenly think that he is a dead person, without a trace of expression at all, just like Meng Chong beside Feng Wuye, silent and resolute.

Both hands are sturdy and powerful, with a flat head and a golden earring on his left ear.

"This city in the north is different from the city in the south!"

Suddenly, her voice sounded softly in the car, and her voice sounded like a natural sound.

The Ban Cuntou man sitting next to him nodded silently.

"Uncle Kui, I heard that you were chased and killed all the way from Kyoto City to Jinghai City thirteen years ago. Is this true or false?" The woman with a fox face beside her suddenly looked at the half-inch man with a smile. Say.

A trace of embarrassment suddenly appeared on the face of the man called Uncle Kui.

Then he nodded silently.

"Miss Ying said that is not bad."

It turns out that the woman has such a beautiful name: Ying!

"Who is so capable to make Uncle Kui run away?" The woman called Miss Ying opened her \*\*\*\* but blood-red lips and asked uncle Kui with a light smile.

The man called Uncle Kui smirked.

"Qiu Si."

"At that time, the tycoon in Kyoto city, Qiu Si," said the man. When he said this, his hands could not help clenching tightly, as if crushing something.

"Oh? He? I heard he was crazy in Kyoto City? Very powerful, isn't it?" the girl asked with her beautiful eyes.

"Yeah. It's crazy indeed."

"He covered the sky in the underground world of Kyoto City back then. Unfortunately, for so many years, Qiu Si has already retired. Otherwise, Ao Kui, I must meet him again."

Ao Kui?

What kind of person? If you open the records of the underworld, maybe you will find the name of this fierce man.

It is not too much to describe Ao Kui with the words of the lone thief.

After two decades of retreat, Ao Kui's name can be said to be thriving in Kyoto City. This guy kidnapped, blackmailed, and did everything, and he did it all by himself, never looking for help. The rich man kidnapped by him, celebrities don't know how many...

Twenty years ago, I don't know how this Ao Kui offended Fourth Master Qiu. At that time, Fourth Master Qiu was the king of Kyoto City, so he ordered a killing on the underworld.

Isn't this? Ao Kui fled all the way, only then escaped from Kyoto City desperately...

Unexpectedly, the once super character, now he is the bodyguard of this girl named (Sakura).

Who is she?
