

A Killer 190

Chapter 190: I'm looking for Li Tian

"Hush, be quiet." Xia Xue said to Shen Feng suddenly very nervous.

Shen Feng was taken aback, frowning and looking at Xia Xue's appearance and said: "Sister Xue, what's wrong with you? Why is it mysterious?"

Xia Xue ignored Shen Feng's words, but directly said: "Did you see the woman in my restaurant?"

When Shen Feng heard Xia Xue say this, he was taken aback.

"See? What's wrong?"

Xia Xue said, "I think that woman is weird, and I can't tell the strangeness."

The only thing Shen Feng frowned.

"Sister Xue, what's wrong with you today? What's so strange about that woman? Isn't it just wearing a red cheongsam? Is she pretty?"

Xia Xue shook her head.

"No, I always feel something is wrong."

"Shen Feng, do you know? After she came in just now, I thought she was going to eat, but now she asked for a glass of water, nothing else, and then just sat there all the time." Xia Xue said.

Shen Feng heard: "She wants a glass of water when she comes to your restaurant?"

"Yes." Xia Xue said.

"It seems a bit strange indeed." Shen Feng thought for a while and said.

"Or, I'll go out and ask for you." Shen Feng said suddenly.

Xia Xue thought for a while: "That's also good..."

After speaking, the two people walked out of the cabin.

As soon as she walked out, Duanmuying had been alone in the small restaurant, and suddenly there was a burly man over 180 cm tall.

The man was stubborn and indifferent, with an earring on his left ear, standing behind the quietly sitting Duanmuying like a wooden stake, like a servant.

Shen Feng and Xia Xue who came out were taken aback.

"Why is there another person?"

"Moreover, it seems that this man with all his domineering appearance is standing behind her like a servant of this glamorous woman?"

Ao Kui.

This couldn't help making Xia Xue and Shen Feng in front of them more and more strange.

Shen Feng glanced at Xia Xue, and then walked towards Muying and Ao Kui at the end.

"This gentleman, and the young lady, would you like something to eat?" Shen Feng, who walked over, looked at the Duan Muying and Ao Kui with a smile.

Ao Kui put a pair of cold eyes on Shen Feng's body, and a cold chill suddenly came from the soles of Shen Feng's feet, the feeling as if he was facing an enemy.

Suddenly heard a beautiful and ***** voice.

"No need... a glass of water is enough."

The voice came softly from Duanmuying's mouth, and she said without even raising her head.

Shen Feng was startled.

"oh, I see."

"Miss, it's not early, our little restaurant is about to close... Look..." Shen Feng said.

Duankiyang suddenly turned her eyes: "Oh? Are you afraid that I won't pay for a glass of water?"

"Uncle Kui."

Duanmuying suddenly called Ao Kui next to her.

I saw Ao Kui suddenly stretched out his hand and took out several hundred-yuan bills, and then slapped them on the table.

"It should be all right now?" Duanmuying said with a smile.

Shen Feng secretly lined his heart: It seems that I really met a strange person today.

I could only smile helplessly: "Okay."

After speaking, he turned and walked towards Xia Xue.

Just took two steps, and suddenly heard the beautiful sound like a silver bell came again.

"Is there a character named Li Tian here?"

When her voice suddenly came out, Shen Feng, who had taken steps, was taken aback for a moment, and even Xia Xue's pretty face changed color.

Looking for brother? Why is this weird woman looking for Brother Tian?

"What did you just say?" Shen Feng turned his head and couldn't help asking again.

Duanmuying smiled and continued to say softly: "I want to find someone named Li Tian."

After hearing her words clearly again, Shen Feng froze for a moment, blinking his eyes to look at Duanmuying in front of him.

"I want to ask him something."

"whats the matter?"

"You seem to talk a lot." Duanmuying said suddenly in a cold voice.

She, who was as gentle as cherry blossoms just now, instantly became cold as winter.

Shen Feng was startled: "If you don't say anything, don't even think about seeing my big brother."

When Shen Feng said this, Ao Kui, who had been standing behind Duanmuying, took a sudden step, and the sturdy breath all over his body suddenly turned towards Shen in front of him like a lion about to get angry. The peak is coming.

Shen Feng already felt the arrogant arrogance, and could not help clenching his fists tightly at the moment, guarding.

But Ao Kui stood there and didn't make a move.

Because she stretched out a wrist tied with a thin red rope that was as white as a lotus root to stop Ao Kui.

Then looked at Shen Feng with a flowery smile.

"Don't get excited? I came to him from a long, far away place, can't you let me go for a run?" The words came out of her silver bell-like mouth, like a little loli acting like a baby Like, it sounds nice and pleasing.

It made Shen Feng stunned.

"You don't know my heavenly brother? Why are you looking for him?" Shen Feng asked in surprise.

"You don't have to worry about this."

When Shen Feng heard Duanmuying say this, he couldn't help but get angry. These strangers came to Tiange in confusion? Ask who are they? Not to mention, it's really strange.

"Since you don't say what it is, then I am helpless. If you want to stay here, just continue to stay. I won't say it anyway."

Shen Feng smirked and turned and walked towards Xia Xue.

"Really?" she said again with her voice.

She was sitting still and moved suddenly.

The white arm suddenly attacked Li Tian's body ghostly.

The speed reached an incredible point,

"Be careful!"

When Xia Xue saw the weird woman's action, she was shocked and her mouth almost opened into an O shape!

Although Shen Feng turned his back to Muying, he suddenly felt the strong wind coming from behind, and he hurriedly staggered away, and quickly threw his fist to block.

After all, Shen Feng, who had fought his life in the black market boxing match, was still a little capable.

It's a pity that he didn't expect that when his fist was punched out, he didn't know when a cold suffocating sharp blade was already on his neck.

And what about before? There was indeed a poppy-like terrifying smile on that weird woman.

Shen Feng's fist stopped at the distance between the **** in front of Duanmu Ying, and he was stunned.

Just listen to Duanmu Ying smiling like a fairy: "Will you talk now?"
