

A Killer 1901

Chapter 1901: go alone

After Li Tian finished listening, his sword brows wrinkled deeply.

"You said those weird people... are foreigners?" Li Tiandao.

On one side, Tang Xiaolong nodded and said, "Well, they are all foreigners! They are all monsters with a pale face, like a ***** leukemia."

Listening to the brothers saying this, Li Tian asked again: "Then you don't have any clues now? Have you never caught a trace of them?"

The brothers shook their heads depressed.

"Brother Tian, you may not know yet, those abnormal things move as fast as flying, even faster than flying...We don't know how to catch him, let alone how to deal with him."

"Yes, the last time Dashan and Brigadier Wang Zhen were injured, he almost lost his life." The brothers said.

After listening to them, even Li Tian was deeply depressed.

He didn't know what the brothers were talking about at the moment, nor did he know what they were saying was reliable or not, but he deeply believed that the gringy who came this time should be the same as the Vatican's last time. The group of killers are extremely connected.

"Now, as soon as the night of Binjiang City arrives, no one dares to go out. The city seems to become an empty city at night, because they are afraid of being killed by that monster." Chen Qiaozhi said aside.

Li Tiandao: "I heard you say so much, do you mean, that kind of thing only kills at night?"

Chen Qiaozhi was startled, then nodded.

"It seems...anyway, there has never been a murder in the daytime."

"When did the most recent murder happen?" Li Tian asked hurriedly.

Chen Qiaozhi said: "Just last night, the deceased was a middle-aged man in his 30s. Like the previous deceased, he was bitten by a throat tube and all his blood was sucked up."

Upon hearing this, Li Tian asked, "Where is the corpse? Where is the corpse now?"

"It's in the morgue of the police station." Tang Xiaolong said.

"Take me to see the corpse..." Li Tian suddenly stood up from his seat and said.

After Li Tian asked so, the brothers nodded.

Then under the leadership of Brigadier Wang Zhen, Li Tian was going to take a look at the corpse of the dead person in person.

Soon, I saw that Brigadier Wang Zhen brought Li Tian and his brothers to the morgue.

The cold air in the morgue was blowing out, blowing on the body to make people cold.

The brothers walked in along the passage and saw a forensic doctor in white clothes and a mask on his face.

Wang Zhen stepped forward and communicated, but saw that the forensic doctor pointed to the morgue on the left and said, "This is it... who died last night."

Wang Zhen said thank you to the forensic doctor, so he turned his head and said to Li Tiandao, "Li Tian, here."

Li Tian heard Wang Zhen say this, so he walked over.

After coming over, Wang Zhen stretched out his hand to pull the morgue open. After slowly pulling the morgue out with his hands, he saw the corpse in a transparent plastic bag. Wang Zhen stretched out. He opened the zipper of the transparent plastic bag with his hand, and then a male body in his 30s appeared in Li Tian's eyes.

After Li Tian saw the corpse, he approached and saw that the corpse was extremely pale, his eyes closed tightly, there was no trace of wounds on his body, only the throat was bitten off by some animal in his neck. .

"Is this the wound?" Li Tian asked in that question.

The brothers around and Wang Zhen nodded.

"En, yes."

After they said so, Li Tian began to look at the wound carefully, and he found that the wound was really bitten by something, but he was not sure what beast was bitten by the wound...

After watching for a while, Li Tiandao: "By the way, the blood of these dead people has also been absorbed?"

"Yeah, my brother! The blood of every dead person is sucked up alive." Xue Wuhen said.

When Li Tian heard the brothers say this, his face became ugly. He frowned tightly and looked at the corpse for a while, then slowly closed the zipper of the corpse's plastic bag...

"I've finished reading it." Li Tian walked out of the morgue after saying this.

The brothers followed him, and they didn't know what Li Tian was thinking at the moment.

After Li Tian went out of the morgue, his face was blue and ugly, and he went outside, but when he saw Li Tiancai he suddenly said, "These dead people seem to have been killed by something."

"The problem I don't understand now is that these dead people have no connection. To put it bluntly, they are just ordinary people. Why should that abnormal thing kill them so cruelly?" Li Tian suddenly muttered to himself.

Yes, Li Tian's guess is correct. These dead people are indeed ordinary people. There is no suspicious thing about being killed at all, but why are they all brutally killed by the same "thing"?

After Li Tian said so, the brothers were also depressed.

"do not know....."

Li Tianning frowned and thought for a long time before suddenly saying, "Unless...unless these dead are not the real target, and the people who really want to kill have not been killed yet."

"Li Tian, you mean that the foreigners might have other goals?" Chen Qiaozhi asked in surprise.

Li Tian nodded silently.

"Although I don't know why the **** thing killed these ordinary people, I'm sure they must have come here for some purpose."

"Now if we really want to deal with these monsters, we must find their purpose. We need to know what they want and why they came to Binjiang City."

After Li Tian finished speaking, the brothers felt very reasonable and nodded in agreement.

"Now, only by catching one of them can we know the truth." Li Tian continued.

The brothers were depressed and said: "Brother Tian, it's not easy to catch! The speed of that group of things is too fast...and too powerful."

Li Tian smiled slightly and said, "Really? Then I'll go see it myself tonight."

what?

Hearing what Li Tian said, the brothers were all astonished.

"Boss, what are you going to do tonight?"

"Yeah, Brother Tian, you don't want someone to prepare to deal with those things, right?" Xue Wuhen also asked in surprise.

But seeing Li Tian turned his head to look at the brothers and said, "You won't be a tiger if you don't enter the tiger's den. Now that there is a lot of trouble in Binjiang City, I will be alone on the street tonight. I have to see if it is Something weird is at work!"

Chapter 1902: track

"That's not going to happen... Little boss, let's accompany you..." Tang Xiaolong said right now.

"I'll go too, I'll be with Brother Tian." Xue Wuhen said.

But Li Tian suddenly shook his head and turned to the brothers: "No, you are all here to stay for me tonight...I will go out alone."

"Little boss, why?"

"Brother, how dangerous are you?" The brothers were all there to persuade.

But Li Tian was determined to be certain, and only listened to him: "Listen to me, no one is allowed to go."

After Li Tian resolutely said this, the brothers never said anything again. Although they were worried about Li Tian, they all knew Li Tian's character. As long as he decided something, almost no one could make him change his mind. .

After returning to the room, the brothers were all depressed, but Li Tian was studying the information the brothers had obtained these past few days.

night

Coming soon!

When the night fell, Li Tian simply ate some food, and then said to the brothers: "I'm going out."

Looking at Li Tian who was about to leave, the brothers were all looking at him.

"Little boss, let me go with you..."

"Yeah, Brother Tian, you are alone... it's not so good anyway." Xue Wuhen said.

Li Tian looked at them and smiled: "Don't worry, brothers...just wait for me in peace at home!"

After speaking, Li Tian walked towards the night of Binjiang City without looking back.

Looking at Li Tian who just left, all the brothers could not help sighing.

"Hey, why didn't the little boss let us go with him?" Tang Xiaolong complained.

Chen Qiaozhi said: "I believe Li Tian must have his own ideas."

"Well, my god, I will definitely come back safely."

"Have you noticed that Brother Tian looks different from before?" Xue Wuhen said suddenly.

Tang Xiaolong thought for a while and nodded there and said: "Don't tell me, it's really a bit...I think the little boss seems to have added some domineering..."

"I feel so too!"

"Is it because our brother Tian has trained some martial arts?" Xue Wuhen said excitedly.

Tang Xiaolong smiled and said: "Sure! The little boss was in retreat for two months, definitely not blowing... His current strength must be quite terrifying."

"I hope this time we can overcome this difficulty under the leadership of Li Tian." Chen Qiaozhi sighed while looking at the dark night!

The night is getting deeper and deeper!

More than 11 o'clock!

The entire Binjiang City is inaccessible, except for the occasional few cars passing quickly, no one person appears on the street.

At night in Binjiang City, everyone is afraid of being killed, so no one dares to go out hastily.

Although the Bund City has the reputation of "Night Market", it is now empty.

There is nothing on the broad and lonely road except for the solitary street lights emitting dim yellow lights...

A blast of cold wind blows, making the entire night of the Bund city so cold and terrifying.

But seeing that in such a shady night, suddenly a figure slowly appeared in the line of sight.

Look at his figure carefully. Of course he is not someone else, but Li Tian who came to the Bund City alone.

At this moment, Li Tian was wearing a black jacket and leather jacket, wrapped around his body, with his eyes staring coldly around like a distance of light.

Along the way, Li Tian did not see a single figure!

This made him feel weird, and at the same time, it seemed that what the brothers said was all right. There was indeed a big trouble in Binjiang City.

Li Tian, who walked towards the Bund City step by step, didn't notice anything strange!

Except for the occasional cold wind, the entire Bund city seemed to be turned into ruins, without any movement.

Li Tian just wandered the dark streets alone, vowing to lure the "monster" out.

When Li Tian was wandering in the dark streets alone, three strange figures appeared on the front of the Bund Road.

I saw their speed is so fast, as if flying forward in the dark night.

Suddenly stopped in the side lane.

In the darkness, one of the women's voice rang.

"right here....."

He looked at the voice, but it was Miss Mary of the Torrido who was speaking.

The two people beside him were Karel and the strong man Danny.

At this moment, they seemed to be tracking something, and they suddenly stopped at the entrance of the alley.

"Carrel, you can make sure, whether this breath belongs to the Gangelo family?" Just listen to Miss Mary.

As she said, the silver-haired Karel slowly walked forward, and then took a deep breath with his nose, and then his pale face became strange.

Said: "Yes, Miss Mary..."

"I'm sure that the members of the Gangeuro family are nearby! And the distance is definitely not too far." Carell said.

Miss Mary blinked her beautiful eyes and looked around, muttering in her mouth, "Where are they hiding?"

As she muttered in her mouth, her eyes suddenly focused on the old declining building in front, which was an old church in Europe, but it was now deserted.

After Miss Mary suddenly saw the ancient church, she suddenly said: "I know...it turns out that the Gangaro family has been hiding here! No wonder we can't find them!"

Listening to Miss Mary saying so excitedly, the strong man Danny and Carrell in front of him all saw the ancient church!

"Miss Mary...you said...the Gangaro family are here?" The strong man Danny suddenly raised a pair of unbelievable eyes.

You know that vampires are afraid of churches, but now Miss Mary actually said that vampires of the Gangelo family are hiding in this church? Real or fake?

Miss Mary said, "Yes!"

"The vampires of the Gangaro family have already united with the old church members in the Vatican... decades ago, so I guess that the members of the Gangaro family should be in this church." Miss Mary said. .

Listening to what Miss Mary said, the strong man Danny in front of him and the silver-haired Carell were silent. At the moment, you look at me and I look at you with a strange expression on their faces.

"Go, let's go and take a look." Suddenly Miss Mary said.

As Miss Mary said so, the silver-haired Karel suddenly stopped her and said, "Miss Mary..."

She turned her head slowly and looked at Carrell.

"what happened?"

"Miss Mary, even if members of the Gangelo family are in this church... Isn't it too presumptuous for us to find them now?" Carell said with blinking eyes there.

Chapter 1903: Kindred origin

After Carrell finished saying this, Miss Mary suddenly said: "The Torrido family has been at odds with the Gangelo family since ancient times... We were born this time to fight them! Now that we know they are here... Why don't you go in and find them? Why are you afraid of the members of the Gangelo family?"

After Miss Mary said so, a look of guilt appeared on Carell's face.

But he was still there: "Miss Mary, the Duke of Barnea personally told me to take care of Miss Mary...so I am not afraid, I am just worried about you, Miss you."

"Huh, what's to worry about! I will convince my father when I go back!"

"I am at odds with the Gangelo family. I must enter this church today."

As Miss Mary suddenly said this stubbornly, she suddenly turned around and flashed towards the church, and then she reached that side.

Looking at Miss Mary, insisting on going her own way, the silver-haired Karel in front of her could only sigh helplessly.

"Hey!"

"Quickly follow, don't let Miss Mary have an accident." Just listen to Karel talking to the strong man Danny.

The strong man Danny nodded, and then the two of them flashed and followed.

The ancient church exudes a dark and gloomy atmosphere at this moment. This church has long lost its sacred protection. At this moment, it is like a ruin of a demon!

Above the old church, there were rows of crows. Those crows stood in flocks on the top of the church, with their terrifying eyes open and watching Miss Mary of the Torrido family in the darkness. , And Carell, and Danny.

But he said that as they arrived next to the ancient church, Na Karel took a deep sniff and said: "The breath here is getting heavier... It seems that the Gangaro family is indeed here. Hidden."

"En!" Miss Mary nodded.

"Everyone, be careful!"

As she was talking, she should walk forward first.

I saw that the door of the ancient church in front had been cracked, and the cold wind poured in from the cracked opening.

The mottled and rusty gate showed traces of ancient years.

Miss Mary glanced at the entrance, without hesitation, her delicate body turned into a black shadow, and she reached the inside in a flash, and Na Karel and Na Danny also followed closely at this moment.

After arriving inside, I saw that the dark church was in tatters, with tables and chairs littered everywhere. The cross of **** in the front was left on the ground, covered with a lot of dust, and the front wall was even more dusty. Climbing layers of spider webs.

The whole church is as if no one has been in for hundreds of years.

But they said that after Miss Mary walked in, they raised their eyes and looked around, while looking at the surrounding environment, while carefully walking forward step by step.

The faces of the three of them all looked very cautious, and they didn't seem to be careless.

Just as the three of them were about to walk forward, a ghastly breath suddenly came to the nose!

Na Karel was the first to feel the breath, and his face suddenly changed.

"Miss Mary, they're here!" As the silver-haired Carell said so, Miss Mary hurriedly looked around cautiously, and the strong man Danny was also looking around with an ugly face.

Suddenly an oil-burning lamp in the front place suddenly ignited...

As the weird fire flashed out, the entire dark ancient church was suddenly reflected brightly.

Then a terrible voice came from around the church.

"Mary Jesmia..."

After the strange voice called out the full name of Miss Mary, then suddenly a dark shadow flashed, and four members of the Gangelo family wearing black robes suddenly appeared in the ancient church.

In the middle is the elegant and blond Count Spike!

His face has completely recovered at this moment, pale smiling, eyes shining strangely at Miss Mary, who is looking in front of him, Carrell, and Danny beside him.

"Spike!" Miss Mary seemed to have a deep hatred with Spike of the Gangelo family. The moment she saw him, her beautiful eyes flashed with hatred.

"Torrado, the biological daughter of the Duke of Barnea, Miss Mary, hello!" Earl Naspik said to Miss Mary politely like a gentleman, and said and acted slightly It is an ancient European etiquette of the sixteenth century.

As Spike said so gracefully, what about Miss Mary? It was true that Spike stared at Spike with his beautiful eyes round.

"You bastard... don't insult my father's name! Your mouth is dirty and blasphemous!" Miss Maria suddenly said angrily.

I never thought that Miss Mary would be so disagreeable with this Earl Spike!

However, she said that with the anger of Miss Mary, the Gangelo family members behind Earl Spike suddenly roared with an ugly face and prepared to take action, but Spike gave him his hand to stop it.

Earl Spike did not get angry because of Miss Mary's scolding, but continued with a graceful smile: "Why is Miss Mary so angry? Did Spike do something to sorry you?"

"You demon, bastard, murdering my mother... I won't let you go." Suddenly, angrily screamed from Miss Mary's mouth.

Count Na Spike heard Miss Mary say this, suddenly his expression was suspicious, and he pretended to think for a while and said: "Oh...I remember, Serinda, that beautiful Italy with sapphire eyes Woman, it's your mother, right?" Earl Spike looked at Miss Mary with a wicked smile suddenly.

When Miss Mary heard him call out her mother's name, she couldn't help trembling in her anger.

"Don't call my mother's name, you bastard."

But seeing that Earl Spike smiled weirdly: "Do you think I really like to call that **** human woman's name? Huh..."

"It is to blame, your father, Barnea!"

"The blood family stipulates that you must never marry a human being. Your father, regardless of the safety of the blood family for thousands of years, dares to marry a human woman. It is he himself that takes the blame. It is your **** mother **** it!"

"I killed her for the good of the whole blood, and for your good." Earl Spike said with a weird smile.

It turns out that in the 17th century, Miss Mary's mother Serinda was a beautiful human woman in Italy. One day, the Count of Banya of the Toledo tribe wandered to Italy and met this woman. Because of love, they walked together, but one is a vampire, the other is a human Serinda is destined not to be stable forever, because the ancient kinship regulations, kinship personnel are determined not to marry humans together. In this regard It is for the safety of vampires. On the other hand, the blood clan firmly does not allow any impure members to join them. Therefore, after the blood clan learned of this fact, the race headed by Gangaluo slaughtered the Earl of Narbania. , And the poor human woman, Barnia knew that the danger was coming, so he took his beloved woman Serinda to wander around. In the process of wandering, they gave birth to a young Mary, and this Mary inherited his father Their blood became vampires. When they were in Rome, they were unfortunately caught by the blood knights of the Gangelo family led by Earl Spike... They sucked up the beauty in front of Barnia. Of Serinda's blood, and then let Banya watch his woman die there, this is history

All the truth is revealed! No wonder Miss Mary looked for this Earl Spike in desperation, and she vowed to kill her.

"You villain kills my mother, I will definitely let you die! Let you disappear from this world!" Miss Mary said angrily.

Earl Spike suddenly laughed.

"Only you? There is also a trash from the Buren family, and a stupid big man?" Earl Spike suddenly sneered in front of him.

Who is the trash of the Burren family he is talking about? There is another stupid man?

The big silly man obviously said that Danny, and who is the trash of the Buren family?

Could it be Karel with silver hair!

The Buren family, the most weird family of the blood family thirteen family, because the Buren family possesses extremely abnormal weird energies in the blood family, such as coma, such as making people forget, such as fire spells, and various weird abilities. , This is the most powerful existence of the Buren family, and it is also one of the reasons why they have become the weirdest existence of the blood family! Originally, the Buren family can be said to be the most powerful among the blood races, because many of their members have extremely powerful abilities, such as sound wave control, which emits a terrible sound wave that can be heard by the surrounding vampires. People are crazy, for example, thunder and lightning, can summon thunder and lightning, and there are many abilities... But, because the Buren family members are very few, and those with abilities are extremely rare, so although the Buren family Among the thirteen blood races, they form a family of their own, but they are very weak and weak. Compared with other blood-sucking races, they are a little vulnerable, unless they can gather all the supernaturalists together.

It turned out that the silver-haired Karel was a member of the Buren family. Later, when Karel was wandering in Romanesia, he met the Count of Banya of the Toledo family, and then followed Banya. Count, this birth is also because Count Barnea asked him to take care of Miss Mary, so Carell came here.

Listening to Earl Spike saying this all of a sudden, the expressions of Karel and Danny in front of them became extremely ugly.

Chapter 1904: Run away

"Spike, today, you must die!" After Miss Mary uttered a roar, the whole person suddenly rushed to Count Na Spike. .

Her hands were like lightning and grabbed towards Count Spike.

Just when she rushed, another vampire of the Gangelo family beside Count Spike suddenly stretched out its pointed fangs and attacked Mary in front of her.

Although Mary is a female generation, she is not weak. With a rotation under her feet, her body suddenly disappeared, and she suddenly grabbed the throat of the Ganglo family vampire from the other side. She clearly wanted to end the Ganglo family with one move. Vampire.

But the vampire was not a weak one. Seeing Mary attacked, his body swished and disappeared...Looking at the others, he was already five meters away.

After the battle of Miss Mary here, the silver-haired Karel and the strong man Danny also started their hands. The two attacked this side separately, and saw the vampires of the Gangelo family here. Quickly enter the battle.

At this moment, in the entire dark church, only Count Spike stood there coldly, with a strange smile on his face, looking at the situation in front of him.

It was a vampire from the Gangelo family that Karel faced, and when the vampire rushed towards him, Karel suddenly shot out a strange light in his eyes... the light was: the eye of forgetting!

This is also a special ability possessed by Karel as the Buren family!

When his eyes were fixed on the vampire of the Gangelo family, the vampire's eyes began to lose sight of him instantly, and the whole person seemed to be confused...The pale hands he held stagnated in the air.

Karel took this opportunity to punch the vampire. The vampire's body that had been severely beaten by Karel flew out, and then slammed into the hard rock wall. The huge rock wall was It was like cracking.

After the Gangelo family members here were shot flying by Nakarel with the Eye of Forgotten, Earl Spike's face suddenly became extremely pale and ugly, he suddenly hummed in his mouth, and reached there in a flash. In front of Karel.

Karel felt the dark aura rushing towards her face, and then retreated abruptly, but he was still a little too late, and saw Earl Spike suddenly grabbed Karel's arm with one hand, and then slammed it hard, Karel Er's body was directly thrown away, with a bang, flew out and hit the old table inside the church...

When Miss Mary over there saw that Carell lost to this Spike, she flew up, kicked the vampire of the Gangelo family nearby, and then rushed at Na Spike.

Count Spike flashed, and flew out a few meters away, and Miss Mary rushed into the air.

"Carell, how are you?" Mary glanced at the silver-haired Carell who fell on the ground.

But seeing Karel's face becoming paler, he slowly got up from the ground, and then shook his head.

At this moment, Miss Mary glared at Earl Spike, Spike's eyes were full of fear of destruction.

Suddenly the two fought together.

Mary makes a fatal move, and every blow seems to want to kill Na Spike, but Earl Spike's strength is obviously higher than that of Mary, and the blood flowing by Earl Spike is the purest vampire blood, so no matter what No matter how Miss Mary can't fight.

Soon, Miss Mary was gradually at a disadvantage, and what about Earl Spike? It is the more courageous the war.

Suddenly, with a roar, Earl Spike suddenly hit Miss Mary's shoulder with a pale hand. Miss Mary screamed, and her whole body flew upside down and hit a stone pillar, so big and hard. The stone pillar was cracked, and the stone chips on it also fell down.

Spike succeeded in one blow and pursued the victory.

Danny, who saw that Miss Mary was in danger, hurried over to save Miss Mary.

But as soon as he lunged over, Spike was hit by a punch.

As the earl, the vampire Spike still possesses extremely powerful strength.

After Danny was knocked into the air, he stood up hard from the ground.

But Miss Mary here was in a dangerous situation. Count Spike walked towards Miss Mary step by step with a grim smile.

"Toredo, you violated the rules of the blood clan, today I will destroy you on behalf of the blood clan!"

As Count Naspik said so, his face suddenly became distorted, and his pointed fangs stretched out, and then he was about to pounce on Mary of the Toredo clan.

At this critical moment, Miss Mary's body flashed abruptly, and then desperately to avoid the blow, Na Spike failed with one blow, and endless anger reappeared in her eyes.

When Mary saw that the person on her side was really not the opponent of the Gangelo family, she could only escape at this moment! If you don't leave again, I'm afraid they will all die here today.

"Carell, Danny, run." As Miss Mary said.

The badly injured Danny and Carrell also hurriedly escaped to the outside of the church. Of course, Miss Mary couldn't pull it back, and hurriedly flew outside the Nagula church.

"Want to run?"

"Grab them... let them disappear forever in this world." Spike roared.

After hearing the order, the three vampires of the Gangelo family around him rushed out.

On the dark street, only a few ghostlike figures were chasing there.

This is a battle between vampires!

The Gangelo family is the most brave and eloquent among the blood races, so the vampires of the Torrido clan are invincible in face-to-face battles with them. Moreover, Naspik is still an earl of the Gangelo family. Is big.

At this moment on the dark street outside, they were chasing each other, their figures were surprisingly fast, and humans couldn't catch up at all.

It was also at this time that Li Tian heard the sound of cold wind on the dark streets of the Bund City.

When Li Tian felt the sound of the strong wind, his brows suddenly wrinkled.

"Someone is nearby!!! And definitely more than one person!"

After Li Tian suddenly noticed this, he suddenly stepped forward and flew quickly towards the sound of the strong wind. He was going to see what was going on.

Let's say that the vampire chasing battle here has come to the street.

Just when Mary, Danny and Carrell wanted to escape, they were suddenly blocked by Earl Spike.

He stood there with a sneer and looked at Mary before him, Carell, and Danny.

"Do you really think you can escape?"

Chapter 1905: Kill him

Following his words, several vampires from the Gangelo family completely surrounded Miss Mary, Nakariel and Danny.

Miss Mary glanced at the situation in front of her, and she secretly said in her heart: Oh, today I am afraid it is really doomed.

Then Karel and Danny beside him also stood there with ugly expressions.

"Miss Mary, what should I do now?" Carell, with silver hair, said worriedly here.

Miss Mary glared at Spike in front of her and said, "Get out!"

As Miss Mary said so, the three of them rushed to Count Naspik, preparing to escape.

But how could they be the opponent of Count Spike? Spike is one enemy three. Although he can't say that he has the upper hand everywhere, he can still stop Miss Mary in front of them.

And the vampires of the Gangelo family behind have also rushed forward.

After all the vampires of the Gangelo family behind that came all at once, Miss Mary here was lost!

Soon, Danny was beaten by Earl Spike and fell to the ground, and what about Carrell? It was also beaten back again and again, only Mary persisted there.

But how can she deal with Naspik alone?

I saw a carelessness. Count Na Spike hit with both hands and hit the body of Miss Mary. Miss Mary was knocked to the ground and could not stand up.

Count Naspik suddenly arrived at Miss Mary's side, a pale hand violently pinched Miss Mary's white neck.

"Just because you want to stop me?"

"I want you to taste the taste of death."

As Count Naspik said so viciously, suddenly his other cruel hand was about to pull the head of Miss Mary!

If Miss Mary's entire head is really torn off by him, then Miss Mary, who is a vampire, will definitely be destroyed on the spot.

Na Carrell and Danny watched as Miss Mary was about to suffer misfortune, exclaiming: "Miss Mary..."

However, the two of them have no solution.

At this critical moment, suddenly an angry shout came from the night.

That Miss Mary was prepared to meet death, but she didn't expect someone to rescue her at this moment, and she was taken aback.

I saw a figure in the darkness flying straight towards Count Spike at a speed that could not be reached.

At the same time, the strong palm power raged against Earl Spike in front of him.

Count Naspik suddenly saw someone coming to rescue this Mary. He screamed, his entire face instantly became distorted and terrifying, and his cold fangs also stretched out...

But he never thought that the people came so fast, and at the same time the palm strength was so strong.

But after hearing a bang, the person in the dark slapped Earl Spike's chest with a palm, in the darkness, but seeing Earl Spike's scream, the whole person was knocked out and fell down with a thump. On the ground.

And here? I saw a figure swiftly rushing to the front of Miss Mary.

"Hey, are you okay?" After he fell to the ground, he asked, looking at Miss Mary behind him.

Miss Mary looked at him in astonishment... it was an oriental handsome face, a straight nose, thick black sword eyebrows, and twinkling eyes.

"How are you?" Suddenly the man who saved him asked again.

Then Miss Mary found herself a little gaffe, her face was embarrassed, and she shook her head quickly and said: "I, I'm fine."

After hearing what Miss Mary said, the man didn't look at her again, but coldly looked at Earl Spike and the vampire members of the Gangelo family over there.

Of course it was Li Tian who came to save people.

However, the sudden arrival of Li Tian made the vampires of the two ancient families stunned, and they all looked at the outsider in surprise.

There, Earl Spike, who was hit by Li Tian suddenly in the palm of the hand, had already stood up from the ground with an extremely ugly face, and his eyes showed **** killing light on Li Tian who was staring at him.

And the vampires of the Gangelo family behind him also stared at Li Tian at the moment, clearly wanting to eat his meat and drink his blood.

Where is Li Tian? Of course I saw these foreigners too!

He saw that these foreigners all had pale faces, and there was no trace of blood on their entire faces. He didn't know who these foreigners were, let alone why they were fighting at the moment. He only knew that he was this time. To save this woman.

"Damn human being, you are looking for death!" Earl Spike suddenly roared.

When he roared, his body suddenly reached Li Tian's side, and then hit Li Tian's head with a blow.

Li Tian didn't expect this "Gringo" to teleport to him. He was shocked. Fortunately for Li Tian's skill, he would definitely be beaten to death by Count Spike.

Let's say that Earl Na Spike suddenly arrived in front of Li Tian. When he attacked his hand, Li Tian hurriedly retreated. At the same time, his left hand suddenly attacked. Earl Spike didn't move.

"Oh my god, how could this foreigner be overthrown by his own palms? How could he not react at all?" Li Tian was depressed.

However, before Li Tian could figure out what was going on, Earl Spike had attacked again.

Li Tian made a mistake with both palms, and Xuantian **** with his right hand, the horrible fingers shot at Count Na Spike like a bullet.

Whoosh

Terrible fingers penetrated through the body of Count Spike.

But what about Earl Spike? After the body was pierced by Li Tianyong's Xuantian fingering, he didn't even react at all, as if he didn't even know the pain.

Count Spike glanced at the hole pierced in his body. Right now, the whole person became even more violent, and he let out a stern cry, and the whole person rushed towards Li Tian like crazy.

Where is Li Tian? I've never seen such a "Gringo" before. He didn't react after eating a palm of his own, and even hit him with his own Xuantian fingering. That "Gringo" didn't even feel a bit?

Could it be that my kung fu can't hurt him at all? Li Tian's egg aches completely.

Of course he would not know that what he is dealing with at this moment is not human at all!

Just as Li Tian was fighting against Earl Naspark, Carrell and Danny rushed over here and supported Miss Mary.

"Miss Mary, let's get out of here quickly..."

Miss Mary was not only taken aback when she heard the two say this.

"But what about him? What about him?" Miss Mary looked at Li Tiandao who was fighting there.

Carrell said: "Miss Mary, that person is human...has nothing to do with us. If we don't leave, I am afraid it will be too late to leave."

Danny over there said, "Yes, Miss Mary, let's go quickly."

Listening to the two of them saying this, Miss Mary hesitated.

How could she be so ruthless?

She was rescued just now, did she leave like this?

But if you don't leave, it's more dangerous to stay. After looking at Miss Mary in this situation, she suddenly turned her head to Li Tiandao: "Hey, don't fight with him, you run away quickly... he is not something you can handle. Got it, because he is not human at all."

After Miss Mary said this to Li Tian, although Li Tian didn't look back, he heard Miss Mary's words clearly.

Li Tian was shocked at the moment: What? She said that what she is dealing with before is not human? true or false?

Li Tian went to look at Count Spike carefully, but saw that his pale and bloodless face was hideous, and there were two long pointed fangs exposed at the corner of his mouth... After seeing this scene, Li Tian was stunned immediately.

"Really not human?"

After Li Tian felt this terrifying situation, to be honest, he was still a little scared. Now he finally knows why his palm and **** just now couldn't hurt the "monster" in front of him. It turns out that he is really not a human being. .

I saw Li Tian using both hands to use the supreme palm technique, and suddenly pushed forward, and the turbulent palm power attacked Count Na Spike.

Although Earl Spike possessed an immortal body, he was still slammed back by Li Tian's vast palm. His face was distorted, and his anger was screaming.

What about Li Tian? After repelling Count Spike, he flew a few meters away and turned his head to look behind. The woman he saved just now, the silver-haired gringo, and the strong man, have long been unknown. Whereabouts.

After seeing that they had all left, Li Tian knew that he would never stay here for long!

He must run! Must escape quickly.

At this moment, he suddenly ran towards the dark alley in front of him and ran very fast.

Earl Spike saw that Li Tian wanted to run, where could he tolerate it? Right now, Li roared: "Chasing him!"

"Kill him!"

Chapter 1906: came back

At this moment, Li Tian ran desperately.

He now knew that he was not dealing with humans, but another terrifying creature.

Although their faces are the same as humans, and their words and actions are no different from ordinary people, they are indeed not humans.

Li Tian walked through the dark streets with his agile posture, and saw that the vampire in the back was as fast as the speed of light, terrifying, and he was about to catch up with Li Tian soon.

When Li Tian saw this, he knew in his heart that if he ran like this again, he would definitely be overtaken by the "monster" behind him. He had no choice but to find a place to hide there first.

I saw that after Li Tian flew to the front corner of the street, his body suddenly flashed into the side corner of the dark alley next to it. Because there are no street lights on this road, if you don't look carefully with your eyes, , Can't find this narrow lane at all.

After Li Tian suddenly flashed into the narrow alleyway, the three figures behind had all swept over.

Their speed was as fast as lightning, and they reached the crossroads here.

"Where is the man?" Earl Spike suddenly exclaimed with a pale face.

The other vampires of the Gangelo family nearby looked around with gloomy gazes.

"Separately chase me. Be sure to catch him and eat him!" As Earl Spike roared so loudly, several vampires behind him suddenly flew out along the four-character intersection.

The figure moved away quickly in the darkness as far as the light. Li Tian, who was hiding in the dark, was completely shocked to see the disappearance of the vampires.

"Oh my God, what kind of monster are these things? How can they have such a terrifying speed?"

"And the whole body seems invulnerable...I can't kill at all? Why?"

"Could these be the monsters mentioned by the brothers? It is these monsters who have killed so many innocent people during their stay in Binjiang City?" Li Tian, who was hiding in the dark, couldn't help thinking about it. Thinking about it.

He didn't dare to go out rashly now, because he was worried that those "weird creatures" had not left here yet.

In this dark narrow alley, Li Tian stayed for half an hour. After making sure that he was completely safe outside, he quickly walked out of the narrow alley.

Then walked back quickly along a street.

Time passed by every minute, and it was already more than one o'clock in the morning.

The brothers in that room are anxiously waiting for Li Tian's return. They don't know what kind of things Li Tian will encounter tonight, let alone whether Li Tian is in danger. Now they are just waiting there.

Tang Xiaolong and Xue Wuhen stood on the street outside the police station, anxiously waiting for Li Tian's figure.

It's already more than one o'clock in the morning, why isn't Li Tian coming back?

"Hey, nothing will happen to the little old meeting? This is all his grandma's." Tang Xiaolong said worriedly.

Xue Wuhen comforted Xiaolong and said, "Brother Tian will definitely be fine, don't worry."

Tang Xiaolong muttered: "Hey, hope..."

The two of them said so, and continued to raise their eyes and look at the cold street.

Just after the two waited for more than ten minutes, suddenly a figure appeared in front of them.

After a closer look, he said that the figure was not someone else, it was Li Tian who rushed back.

When Tang Xiaolong and Xue Wuhen saw Li Tian's figure for an instant, the two became excited instantly.

"Little boss... Little boss is back!" An excited cry came out of Tang Xiaolong's mouth, and then he saw Tang Xiaolong rushing toward Li Tian like flying.

"Brother Tian." Na Xue Wuhen also saw Li Tian at the moment and ran towards Li Tian quickly.

But seeing Li Tian walked over quickly at this moment and saw his good brothers.

"Xiaolong, Wuhen." Li Tian called.

"Little boss, are you okay?"

"Brother Tian, are you in no danger tonight?" Xue Wuhen and Tang Xiaolong in front of him couldn't help but quickly asked Li Tian worriedly.

Li Tian smiled and shook his head: "Go, let's go back and talk."

Then Tang Xiaolong and Xue Wuhen nodded with a smile, and then led Li Tian to the police station where they lived.

Wang Zhen, Chen Qiaozhi, and Jiang Dashan sitting in the house here heard Tang Xiaolong's cry from a distance.

"Little boss is back."

After hearing this, Chen Qiaozhi suddenly bounced from his seat.

"Li Tian is back?"

Brigadier Wang Zhen also stood up excitedly at this moment.

"It should be, hurry, go out and have a look."

The iron gate who was talking hurriedly ran outside. After arriving outside, he really saw Li Tian who had returned safely.

After seeing Li Tianping come back safely, the brothers finally fell a big stone in their hearts.

After they exchanged greetings for a while, then Li Tian took his brothers back to the room in front of him one by one.

In the room, the brothers can finally feel relieved, each of them smiled relaxedly and said: "My God, if you don't come back, I'm afraid the brothers will go out to find you... Hey, luckily you are back. Up."

"Yes, little boss, we are worried about you!"

"I'm worried about you encountering that terrible thing."

"Hey, little boss, you may not know, the gang of strange things that appeared in the dark night during this period of time are simply **** powerful...it is simply a perverted thing." Tang Xiaolong and Li Tiandao.

After Tang Xiaolong finished saying this, Li Tian suddenly said a word.

"I know those things!"

His voice was cold and deep.

As Li Tian said such a sentence, Tang Xiaolong, Xue Wuhen, and the brothers were all stunned, and then one by one blinked unbelievable eyes and looked at Li Tian in front of him.

"Little boss...you...what...what did you...say? You said...you know? Don't...could it be that...you saw those weird things?" Tang Xiaolong widened his unbelievable eyes there. Looking at Li Tian asked.

The brothers on one side also said in amazement: "My God, shouldn't you encounter something like that tonight?"

They all looked at Li Tian in horror.

But what about Li Tian? But slowly turned his head and looked at the brothers.

Then he nodded cautiously and said: "You guessed it right. Tonight, I did see the weird things you told me before."

When Li Tian suddenly said this, the brothers suddenly screamed.

what?

"Little boss, you really...really... met those perverted things tonight?" Tang Xiaolong asked in surprise.

Chapter 1907: doubt

Chen Qiaozhi over there also looked at Li Tian with a sudden change of expression.

Li Tian nodded deeply and said, "Not only did I meet them, but I also fought them!"

"To be honest before, I didn't believe much about what you said, I didn't believe that there are alien creatures in this world, but tonight I convinced me that those things are really not humans! Because they can't kill at all!" Li Tian said slowly.

The brothers were all stunned when Li Tian said this, and no one interrupted Li Tian to continue talking.

"Not only are they unkillable, but they also move at least ten times faster than ordinary human masters. Moreover, their bodies are cold, as if they have no body temperature, and most importantly, their bodies are unscathed when they are attacked." Li Tian said there.

After Li Tian finished saying this, the brothers in front of him stared at Li Tian suddenly.

"Brother Tian...you...you...you fought those monsters?" Xue Wuhen looked at Li Tian speechlessly.

Li Tian nodded.

"Yes."

"But fortunately, I escaped in time, otherwise the result will be unimaginable." Li Tian said sincerely.

Hearing that Li Tian had actually met those monsters, and he was fighting against those monsters personally, the brothers were all shocked.

"Little boss, how did you meet those monsters?"

"Could that group of abnormal monsters come out to kill again?" Tang Xiaolong couldn't help asking there.

You know, they could only see the monsters before they came out to kill people, but now Li Tian saw it. How did he see it? The brothers couldn't help but look at Li Tian and questioned.

But when he saw Li Tian, he told how he met the monsters.

"I was alone on a dark street, and suddenly heard the sound of a strong wind chasing ahead... So I went to look at it, and I saw that group of abnormal monsters was killing another group. Mysterious foreigners! Among them is a woman with blond hair, a man with silver hair, and a big, strong figure." Li Tian said.

After Li Tian said this, the brothers in front of him were stunned, and one by one looked at Li Tian in front of him with eyes widened in disbelief.

Are the three people Li Tian mentioned earlier obviously the three weird gringos who were at the airport that day? It's them!

"Ah? Are they?" A shocked word suddenly came out from Tang Xiaolong's mouth.

When Tang Xiaolong suddenly shouted like this, Li Tian was not only taken aback.

"Why, do you know those three foreigners?" Li Tian asked curiously.

Xue Wuhen over there quickly said: "Yes, of course, Brother Tian, those three gringos are also abnormal monsters!"

When Xue Wuhen suddenly said this, Li Tian was suddenly depressed.

"What are you talking about? You said the three foreigners, one woman and two men, are also abnormal things?" Li Tian asked.

But listening to Tang Xiaolong here: "Yes, little boss! Those three monsters appeared once at the Binjiang Airport some time ago...We have seen them with our own eyes! They are also abnormal species!" Tang Xiaolong affirmed Said the Tao.

Li Tian frowned and said: "It's impossible..."

"I clearly saw them fighting against the four pale-faced foreign metamorphosis creatures, and the foreign girl among them was almost killed... If it weren't for me, she would probably be buried there, how could she be that kind of monster? What?"

"If so, how could they kill each other?" Li Tian questioned.

Hearing what Li Tian said, the brothers were all tangled there.

At this moment, Chen Qiaozhi walked out and looked at Li Tian and asked, "Li Tian, what do you mean by that, did you save that foreign woman?"

Li Tiandao: "Yes."

"They were being chased by the four abnormal alien creatures, so I went to save her."

Listening to Li Tian's words, Chen Qiaozhi frowned tightly.

"It's weird, it's really weird...How could this be?" Chen Qiaozhi muttered there.

Li Tian asked: "What's wrong? What's weird?"

Chen Qiaozhi turned his head and said, "You may not know that the foreign woman, the white-haired man, and the strong man, the three of them are actually abnormal aliens!"

"We have seen it with our own eyes, and more than once, twice! We fought them the second time, but we didn't fight at the time, only knowing that the three people are definitely abnormal species, because they The body is also cold and stiff, his face is not bloody, and he is not afraid of any physical damage."

After hearing Chen Qiaozhi's words so seriously, Li Tian not only frowned.

He knew that 80% of what Chen Qiaozhi said had been carefully considered. Since he said so at this moment, he should be very sure!

"Could it be that the golden-haired woman I saved and the two other foreign men are all alien creatures? Both are monsters?" Li Tian was entangled there at the moment.

After thinking about it, Li Tian suddenly said, "So according to your meaning, they are the same kind of different kind?"

"But if they are of the same species, why would they kill each other?" Li Tian asked.

When Li Tian asked, Chen Qiaozhi frowned tightly there and said, "I am not very clear about this..."

"However, I have a feeling." Chen Qiaozhi suddenly added another sentence at this time.

Li Tiandao: "How does it feel?"

"I feel that the three alien alien creatures, one female and two males, are different from the bloodthirsty aliens before." Chen Qiaozhi said.

Li Tiandao: "Why do you say that?"

Just listen to Chen Qiao's way: "The last time the three aliens were against them, they seemed unwilling to fight with us, and they also said that they are not our enemies! Then they left."

When Li Tian heard what Chen Qiaozhi said, he was deeply entangled there.

What exactly is going on?

I thought that what I was saving today was an ordinary person... But when my brothers said that, Li Tian was very depressed. He didn't expect that what he was saving was a mutant species...

"Then tell me, who killed the ordinary people killed in Binjiang City?"

"Is it the woman I saved and the two men who killed them? Or was it the group of strangers who chased them?" Li Tian asked.

After Li Tian asked, Chen Qiaozhi hesitated.

Said: "This...this...actually not sure. I don't know if that woman and the group of people killed people, but I'm absolutely sure that those **** male xenobiotics absolutely killed people, and also drained their blood. "The Tao of Chen Qiao.

Listening to what Chen Qiaozhi said, Li Tian fell silent.

His head was turning quickly, looking for answers, and the brothers were all looking at Li Tian in front of him one by one, hoping Li Tian could find clues.

After Li Tian was silent for about 56 minutes, he just listened to him suddenly saying: "I think there may be a possibility that can explain today's phenomenon!"

"What's the possibility?" The brothers and Brigadier Wang Zhen asked Li Tianzai with blinking eyes at the moment. They all wanted to know the answer.

Just listen to Li Tian's eyes looking deep into the distance and said slightly: "The only possibility is that although they are the same kind of different creatures, they should be divided into good and evil."

"Boss, you mean that woman, and that guy with white hair may be good? And the guy on the other side may be bad?"

Chapter 1908: Human cooperation

"Yes! Very likely!"

"If they are a group, they will never kill each other, so I think although they are the same kind, they should be good or bad." Li Tiandao.

After Li Tian said this, Chen Qiaozhi, who had been silent, also nodded in favor at this moment.

"I think Li Tian's analysis is correct, and I think so too."

After seeing the words of Li Tian and Chen Qiaozhi, the other brothers, of course, would not have any other opinions, and nodded one by one.

"But, what are they? What kind of species are they?" Xue Wuhen over there asked with blinking eyes.

Listening to his question, Li Tian also frowned deeply.

Because he didn't know what they were... he had a pale and bloodless face, and he moved as fast as a ghost. The most important thing was that their bodies seemed to be incapable of any harm.

With these questions, the brothers were all entangled there.

"Who is that Asian? Why would he save us?"

"I don't know! But he is definitely a human."

In a dark room, but I saw Karel of the Torrido family and the strong man Danny questioning that.

Between them is a stone table. On the table is transparent glassware. Inside the glassware is a bright red liquid, artificial blood!

Artificial blood is the blood drunk by the Tori family, the only clan of the blood clan. For a thousand years, the vampires of the Toredo clan live on artificial blood. Although artificial blood is not as full of power as real blood, it can still maintain vampires. Life span, and the Toredo people have always relied on this kind of blood to live, they never **** human blood

At this moment, after Carrell and Danny finished speaking, they began to drink the artificial blood on the table.

I saw that after the bright red liquid entered their bodies, their eyes slowly rejuvenated, and their pale and weak faces returned to their original colors at this moment.

"Where's Miss Mary?" Carell, with silver hair, asked now.

Danny turned and pointed to one of the confined rooms and said, "She is inside."

When Carrell heard Danny say this, he slowly turned his head and glanced at the room where Miss Mary was staying, and then didn't talk too much.

Since Miss Mary came back, she has stayed deeply in that room, no one knows what happened to her? I don't even know why she shut herself in the room.

At this moment, in the dark room, Miss Mary was sitting quietly on a chair at one end, and beside her was glassware containing artificial blood.

She has golden hair draped over her tender shoulders, her slender waist and plump and well-proportioned figure have the unique charm of European women.

At this moment, she frowned slightly, thinking about things.

Her sapphire blue eyes looked deeply into the distance, and her red lips lightly activated and said, "What happened to that human?"

"He shouldn't have an accident, right?" Miss Mary's figure appeared in her mind and said slightly.

According to the truth, there will not be too many emotions in the thinking of a vampire!

But don't know why, Miss Mary is worried about a strange human being.

Is it just because he rescued himself in a crisis? Miss Mary is not sure, the only thing she knows is that she is worried about Li Tian.

Miss Mary, who had been in the room for almost half an hour, suddenly opened the confined room and walked out.

When she came out, Karel and Danny were standing there, looking at her suspiciously.

"Miss Mary." Carell cried out curiously.

But after seeing Mary walk out, he glanced at Carell and Danny and said: "I have been pondering for a long time, and there is an idea in my heart that I want to talk to you two." A word came out of Miss Mary's mouth.

After Miss Mary said this, Danny and Carrell in front of them were not only taken aback, but Miss Mary who was looking in front of them suspiciously asked, "Miss Mary, what do you think?"

After Carrell and Danny asked, but Miss Mary said: "I want to cooperate with humans!"

The moment she suddenly uttered such a sentence, Karel and Danny in front of them were suddenly shocked.

what?

"Miss Mary, what are you talking about? Cooperating with humans?"

"This...this...this...isn't it?" said Carrelton in front of him.

Danny, the strong man over there, also said, "Yes, Miss Mary, most humans are liars. They are hypocritical and cunning. They can't cooperate with them! Absolutely!"

The silver-haired Karel also said there: "Miss Mary, our blood hasn't cooperated with humans for thousands of years... and this is absolutely forbidden by our blood!"

"Once we let humans know that we vampires exist in this world, the consequences will be unimaginable. For thousands of years, our kinsmen have been wandering, hiding their whereabouts, and lurking among humans, in order to prevent humans from knowing us Life experience...Miss Mary, if you want to cooperate with human beings now, isn't this telling them that our blood family exists? This may cause war." Carrell said to Miss Mary who was in front of her discouraging her.

After Carrell and Danny finished saying this, Miss Mary hesitated there too.

Yes, what Carell said is not bad. The blood races have not appeared in public view for thousands of years. They are mysterious and huge. For human beings, they have no idea that there is such a special creature! And now if I really want to cooperate with humans, wouldn't it be that all the blood family matters will be made public? This terrible consequence will not only make other big families of the blood family face fear, even humans may also cause war.

After Miss Mary thought about it this way, she slowly raised her beautiful eyes and looked at Carrell and Danny in front of her and said: "Then tell me, what can be done to stop the Gangelu family members now? "

"They are so powerful and vow to seize the key of fate... If once members of the Gangelu family obtain the key of fate, when the blood moon opens, then the demon hidden in the coffin will be summoned and awakened. At that time, the whole world will be reduced to darkness, and the earth will become a piece of scorched earth. What should we do at that time?" Miss Mary looked at Carrell and asked Na Danny.

When Carrell and Danny heard Miss Mary say this, they suddenly became speechless.

They don't know how to answer this question.

Blood moon? The demon in the coffin was summoned and awakened?

"Miss Mary, that...that...are you really going to cooperate with humans?" Carell finally raised his eyes to look at the Miss Mary in front of him after a long silence.

But seeing Miss Mary looking at him there, she nodded cautiously.

"Yes."

"I know that cooperating with humans may cause major changes in the blood clan, and also cause panic among other blood clan clans, but for the entire human race, I must do this." Miss Mary said.

"Don't forget, the ancestors of our Torrido family are ancient humans... We must not expose humans to great danger." Miss Mary said.

After hearing what Miss Mary said, Karel and Danny didn't speak any more.

It seems that they are all in favor of things with humans.

Chapter 1909: Night seduction

After Li Tian went through that experience last night, he spent the entire day in deep contemplation.

He was thinking: What exactly is the group of monsters he encountered? Why do they have a human appearance? And even speaking, tone, and everything are undoubtedly like human beings, but how can their faces be so pale? Also, how could their bodies not be injured?

What on earth did they come to Binjiang for?

Why kill those innocent people, but also absorb their blood?

Li Tian was thinking deeply all day, and he also checked some information.

Unfortunately, so far, he has found nothing.

The brothers don't know what to do now, the monsters always come and go without a trace, and they are uncertain. They can only sit here now, and they can't do anything.

This day passed quickly. Fortunately, there was no news of the death of ordinary citizens on this day.

The night came again.

Originally, Li Tian planned to go out again tonight, but was discouraged by the brothers. They said that Brother Tian should have a good rest tonight. Li Tian couldn't help the brothers, so he nodded, and he was a little uncomfortable. , So he did not go out tonight.

The place he stayed was in the westernmost area of the police station, and he had a separate room.

After Li Tian had dinner, he said that he would go back to the room to rest. The brothers nodded when he heard Li Tian say this.

However, he said that after Li Tian returned to the room alone, his face was not so good-looking, he saw that his face was slightly pale, and at the same time he seemed to be trying to resist any pain. After returning to the room, he quickly found a place. The sit down.

What happened to him?

However, after Li Tian quietly found a place to sit down, his left hand trembled slightly, as if there was something wrong with his left hand.

I took a closer look, but saw that as his left hand stretched out, a blood-red blood mole appeared on his palm.

The blood-red blood mole was strange and terrifying on the palm of his hand, but Li Tian couldn't help sighing when he saw the blood mole on the palm of his left hand.

"Damn, this blood mole has appeared again!"

After Li Tian said so fiercely, he quickly sat down with his legs crossed, and quickly guided his body qi to his left arm.

With the continuous movement of Qi Jin, the blood mole that was originally exuding burning pain finally disappeared slowly under the catalysis of Li Tianli.

It took Li Tian more than half an hour to slowly remove the blood mole in the palm of his left hand.

Looking at the palm of his left hand, Li Tian sighed helplessly: "Hey, when will this blood mole disappear?"

He is now more entangled with the blood mole in the palm of his left hand, because if the blood mole does not disappear, Li Tian will not be able to cultivate the last layer of the immeasurable Maha: Gods and Demons!

Although his current strength has reached a level that can be said to be terrifying, he cannot guarantee that he will be able to defeat the damn: **** gate master by relying on the eighth level of the immeasurable Maha: I alone! So now Li Tian is more depressed.

After sitting idly for an hour, Li Tian turned off the light alone and then lay on the bed.

He wanted to sleep well, but it was a pity that when he closed his eyes, he recalled the previous scenes. He tossed over and over in bed and couldn't sleep.

In the dark night, I don't know why the cold wind blows.

The whirring cold wind was blowing in the darkness...It slapped Li Tian's glass windows.

Just when Li Tian couldn't sleep, a black shadow flashed in front of his window.

How alert Li Tian was. At the moment when he felt something flashing in front of the window, he gurgled up directly, and at the same time exclaimed, "Who?"

As he said his words, his people had reached the window.

But in the dark place outside, a figure stood in the darkness, looking at him, but because the night was too dark to see his face clearly, I only knew that he was standing like that, as if looking at Li Tian Like.

After seeing the figure, Li Tian was shocked: Who is that person? Why come here at night? And it seems that he is looking for himself?

"Can't you go out?" Li Tianxin suddenly flashed this question.

After thinking about it, Li Tian finally decided to go out and see what happened.

He is not the kind of man who shrinks his head, let alone the other person is already outside the window, if he doesn't go out, he will appear too timid.

With this thought, Li Tian opened the door directly, and then swept out.

But seeing the black shadow outside after seeing Li Tianguo really come out, he suddenly reached the outside of the police station. His speed was incredible. Some of them were not like human beings. Even Li Tian did not see clearly. How did that person flash out like this.

At the moment that figure flashed out, Li Tian was taken aback: This, this, is it that group of monsters again?

After thinking like this in his heart, he couldn't worry too much at this moment. The situation was obviously that the thing was tempting him. Although Li Tian didn't know why the thing was tempting him, he was determined to see the situation.

At this moment, Li Tian quickly flew out, and then chased the figure in front of him.

When he chased it out, the figure had reached another ten meters away, and had kept a distance from Li Tian from beginning to end anyway.

The more Li Tian thought about it, the stranger he got, so he followed the figure of the guy in front.

After reaching the dark front corner, the figure suddenly stopped there.

After a pause, Li Tian was not only taken aback.

"Hey, who are you? Why are you trying to lure me here?" Li Tian looked at the figure that stopped in front, and suddenly asked in that cold voice.

After Li Tian said this, he saw that the figure in front was motionless.

Li Tian didn't move or speak when he saw the figure. At this moment, he approached him step by step, and at the same time accumulated all the energy in his body and poured it into his arms. He wanted to be just in case! Because he knew in his heart that these monsters weren't just waiting.

After he approached step by step, the figure in front remained motionless.

When he approached and took a look, he suddenly saw the figure of the man clearly, but he saw that it was a foreigner with silver hair, standing still and looking at Li Tian in front of him.

Karel!

It turned out to be Karel of the Torrido family.

The moment he saw this silver-haired guy, Li Tian was not only taken aback, because he recognized Karel at a glance, he was the person next to the woman Li Tian saved the night before!

Besides, after Li Tian saw him, he was not only depressed all of a sudden.

"It's you?" Li Tian asked in disbelief.

But seeing that Karel also spoke at the moment.

"Hello, please allow me to introduce myself, my name is Karel Marty." Just listen to Karel introducing herself there.

Li Tian looked at Karel in front of him, and then asked straightforwardly: "Why did you lure me here?"

But seeing that Karel smiled slightly and said: "Because our young lady wants to see you, so I went to you."

Hearing what Karel said in front of him, Li Tian couldn't help being stunned: "Miss you?"

Then I thought not only: Could it be the woman I saved the day before yesterday?

Chapter 1910: Discuss things

After thinking like this in his mind, Na Karel suddenly turned his head towards the dark place on the side, and then saw a beautiful woman with blond hair coming out from one side of the dark.

It was the beautiful Miss Mary of the Torrido family.

The moment he saw this woman, Li Tian not only felt a little cautious, after all, he now understands that the "them" in front of him are all alien.

But she said that after Miss Mary came out, her jewel-like beautiful eyes were staring at Li Tian.

Then there was a sweet smile: "Hello, my name is Mary."

While smiling, Miss Mary introduced herself to Li Tian.

Li Tian glanced at her and thought about it, "Hello."

"Thank you first for your last rescue." Miss Mary looked at Li Tiandao.

Li Tiandao: "You're welcome."

"It's a bit inconvenient to talk here, I don't know if you mind going to a place with us and talking about something?" Miss Mary suddenly faced Li Tiandao.

Li Tianyi hesitated when she heard this Miss Mary say this. After all, he didn't know whether the other party was good or bad, so it was presumptuous to follow the past like this.

But Li Tian then thought about it again, he saved her last time, she shouldn't hurt herself, right? Now that he has come out, follow them for so long to see what they want to do.

After thinking about it this way, Li Tian nodded decisively and said, "Okay!"

After hearing Li Tian say "good", Miss Mary not only glanced at Li Tian in admiration!

Then she smiled: "Please follow me..."

Miss Mary who was talking led Nakariel to the front, while Li Tian followed her closely.

After Miss Mary took Carrell and Li Tian around the block in front, she turned to one of the dark buildings and walked.

The light inside the building is very dark. If you don't look carefully, you can't see clearly, but Li Tian's internal skills are extremely strong, so his eyes are also very clear at night.

After following Miss Mary in, Li Tian carefully looked around.

But seeing this dark building seems to be abandoned for a long time, there is nothing in it except some excessive dust.

Looking ahead, Li Tian suddenly found a burly figure standing in the front place.

A closer look showed that the figure was the strong man Danny of the Torrido family. He stared at Li Tian motionlessly with a pair of cold eyes, full of hostility in his whole body.

But Li Tian didn't take him to heart, he just looked around curiously.

Miss Mary has arrived in front of the house at this moment, smiling and saying, "Please..."

Li Tian glanced at the room, so he strode in.

After arriving in the room, I saw that the room was still very tidy, with a few clean chairs in it, and a red lacquered round table in the middle.

After walking in, Miss Mary said politely: "Please sit down!"

Li Tian then sat down directly, Miss Mary also sat down slowly at this moment, and Danny and Carrell stood behind Miss Mary separately, raising their cold eyes there. Looking at Li Tian motionlessly, the situation was like a negotiation.

After everyone sat down, Li Tian asked straightforwardly.

"What do you want to do when you lure me here?" Li Tian asked directly.

After Li Tian asked, Miss Mary smiled faintly. When she laughed, two dimples appeared on her pale and beautiful face, which was very beautiful and charming.

"Please don't get me wrong. The reason why we brought you here is to discuss something with you." Miss Mary said.

Li Tianyi listened and said, "What are you discussing? Can you talk about it?"

Then Miss Mary hesitated for a moment, and then she didn't speak directly.

"Why? Why don't you speak?" Li Tian asked.

Miss Mary wrinkled her eyebrows slightly and said, "I'm just sorting out my thoughts and I don't know how to talk about it."

Li Tian suddenly sneered: "Really?"

"There is one thing, I want to confirm it first." Li Tian said suddenly.

Miss Mary looked at Li Tiandao: "Please say..."

"I want to ask you, are you human?" Just like that, a sentence came out of Li Tian's mouth.

When Li Tian suddenly said these words, Danny, who was standing behind Miss Mary, burst into a terrible breath, and at the same time, the staring eyes burst open, as if he was about to face Li immediately. It seems bad.

What about Li Tian? Although he was just sitting there quietly, the energy of his whole body had already filled his whole body. Of course he had to be prepared for everything!

However, when Li Tian asked these words, Miss Mary was silent.

In the dark room, a strange aura suddenly emerged.

Humanity? Or alien? Li Tian is waiting for the answer.

Suddenly the jewel eyes of Miss Mary became firm, as if she had decided something, she raised her beautiful eyes and looked at Li Tian.

"You guessed it right, we are indeed not human!" Just like that, a sentence came out of Miss Mary's mouth.

When Miss Mary suddenly admitted that she was not a human being, Li Tian stood up directly.

Roared: "So you really are not human!"

After he said this, his body was full of energy, and the whole room was suddenly filled with his breath.

Danny behind Miss Mary suddenly took a step forward at this moment, but was suddenly pulled by Carrell by his arm. Danny groaned in his mouth and stared at Li Tian.

And where is Miss Mary here? But he still sat calmly on that chair.

"Tell me, what are you guys? Why did you come to our country? Why did you come to Binjiang City?" Li Tianjing asked.

Although Li Tian had already guessed that these guys are not humans, when they really admit it, Li Tian still feels a little scared. After all, if the things in front of him are not real humans, then what kind of monsters are they? What? How can you have the features of a person's face, speech, etc.?

After hearing Li Tian, Miss Mary smiled slightly and looked at Li Tian said: "Don't be afraid. The reason why I told you our true identity will naturally tell you all the next things."

After Li Tian heard what Miss Mary said, he hesitated, looked at Miss Mary in front of him, then looked at Danny and Karel on the opposite side, and then he slowly sat down. Come down, and say: "Well, you can tell..."
