

A Killer 1911

Chapter 1911: Li Tian shocked

After seeing Li Tian sitting down, Miss Mary smiled slightly and said, "I hope you won't be shocked when I say our identity."

Li Tian nodded.

He wanted to know in his head now, what kind of monster were they in front of him? What kind?

So at this moment, he put his ears upright and carefully prepared to listen to Miss Mary in front of him.

"We are members of the clan of the ancient blood clan." Miss Mary suddenly revealed their identities to Li Tian in front of her.

When Li Tian heard what Miss Mary said, he was immediately shocked.

"What? The ancient blood?" Li Tian asked in shock.

But seeing that Miss Mary nodded silently: "Yes! In Western countries, we have another name, it's called: Vampire!"

When Miss Mary said the word "vampire" all at once, Li Tian suddenly felt a little choked.

"vampire?"

How can this kind of things that were only seen in legends and movies in the past actually appear among humans? And right in front of him right now?

i Li Tian's first feeling is that he doesn't believe it!

But when he saw the pale and bloodless face of Miss Mary, his mind slowly began to believe.

"You...you are actually vampires?" Li Tian was completely shocked there.

But seeing Miss Mary nodded silently and said: "Yes."

"In the West, our clan has survived in this world a long, long time ago, but our blood clan has very few people, so we can only hide our whereabouts with the appearance of human beings... We have been lurking in humans for thousands of years. Around, until now." Miss Mary said word by word.

Listening to what Miss Mary said, Li Tian said at once: "No wonder...no wonder so many people who died in Binjiang City were sucked up blood...all sucked to death! It turns out that this was all done by you. You vampires killed them."

"No, you are wrong." When Li Tian said so, Miss Mary directly rejected it.

Li Tiandao: "Why am I wrong? Didn't you kill the ordinary citizens? Didn't you absorb the blood on your body?"

Miss Mary said: "Yes! We did not kill it indeed! It was killed by a member of the Gangelo family."

"what?"

"What Gangelo family?" Li Tiannu asked.

But I heard Miss Mary explain there: "Although we are vampires, we are not like other vampires outside, because the vampires of our Torrido family have been drinking artificial blood since ancient times, and we have never harmed humans. ...Never **** human blood." Miss Mary said.

After Li Tian heard what Miss Mary said, his mind was a little confused.

What Gangelo family? What Toredo family? Are they all vampires? Why are you still divided into clans?

After thinking this in his mind, Li Tian asked immediately: "You can tell me clearly...what kind of clan? What is the Gangelo family?"

Faced with Li Tian's question, Miss Mary said: "Well, since you want to hear, then I will tell you the ancient history of our blood."

After Miss Mary said so, the silver-haired Karel suddenly exclaimed: "Miss Mary, tell the humans about our blood family...I'm afraid it's wrong?"

Mary was silent for a while and said: "Now there is no other way, you can only do this! Carell, don't worry, I will take care of all things alone."

The silver-haired Carell sighed helplessly after hearing what Miss Mary said, then nodded there, and then stepped back.

I saw Miss Mary slowly turning her head to look at Li Tiandao: "Tell me, what do you want to hear?"

Li Tiandao: "I want to hear everything! I want to know why you come to our country."

When Mary heard Li Tian say this, she smiled.

"Well, since you want to hear everything about the blood race, then I will tell you."

"When the earliest civilization originated, our kinsmen already appeared. At that time, our ancestors were nothing more than walking corpses for humans, a group of monsters that could only survive on blood... They lived in the Balkans and Eastern Slavs. In this area, when civilization is more and more rejuvenated and the times develop, mankind began to wage wars that lasted for centuries with the blood race. At that time, our blood ancestors only wanted to survive in this world."

"The centuries-long war has cost both sides a lot of people, but because our kind of blood race itself is very few, and human beings are getting smarter and smarter, and they have developed a special way to deal with our blood race. So our ancestors have always been at a disadvantage in the subsequent centuries of wars. In the final war, mankind undoubtedly won!"

"After the end of the jihad, mankind reached an ancient contract with our blood race. The contract is that the two parties have nothing to do with each other. Since then, the blood race has left the place of human existence. They were exiled and wandered, choosing to live in a wild corner of the world. Because the blood clan was at a disadvantage back then, he signed an ancient contract. Since then, our blood clan has been wandering for thousands of years..."

"In the process of wandering, mankind began to gradually forget the past of the blood family, they seem to have forgotten our existence. And our ancient blood family? Also in the thousands of years of wandering, found their own habitat, and A lot of blood clan members have also been developed.

Because of the continuous growth of blood clan and the spread of population, we have begun to choose to have our own clan!"

"And these clans are called the ancient thirteen blood clan families, and these families are each led by the third generation of vampire elders."

After Miss Mary said so, Li Tian was not only more and more shocked in his heart!

Is this the secret of the blood family? So they have always survived in this world? It's just that humans don't know it?

Just listen to Miss Mary at that moment and continue to say: "When the blood family thirteen appeared, our blood family was in an unprecedented state of prosperity, but because of the continuous increase of blood family members, it also led to the beginning of the last hidden danger!"

"Among the thirteen blood clans, there is one clan that is the strongest and the most sturdy. They are called the Gangelo Family!"

"The ancestor of the Gangaro family is Cain, who has the purest blood of the blood family, so their clan is the strongest among us, and the third-generation vampire lord who rules the Gangaro family is also the bloodiest and most violent. ."

Chapter 1912: Blood family history

"Due to the remoteness of history, our descendants in modern times can only recognize the existence of these ancestors in legends. The third-generation vampire masters have the highest authority within the existing blood races. They are the core of vampires and are owned by all blood races. Fear. The thirteen blood lodgings fought bravely and slaughtered creatures in order to improve the strength of themselves and their families. They found that the blood of the blood can immortalize mortals and make the blood of the blood holy, which opened the prelude to the vampire's sinful bloodline. This period of time is called: the end of mankind! Among them, many ordinary humans were killed, and some were turned into members of the blood clan... Hundreds of years of brutal killing have caused more and more severe injuries to humans. ."

"Finally, due to the continuous expansion of the power of each family, the thirteen blood clan finally turned back, fighting endlessly for years, and spreading their own blood. The blood clan called this war the millennium holy war jihad. The victims of the war were mostly mortals. Later. Although the flood caused by God did not take blood and fatal life, it caused severe damage and had to go into a dormant state..."

"In order to continue the jihad, the thirteen blood lodgings each have the fourth to sixth generations of a clan, and each clan inherits the characteristics of the creator, so they are different. And our Toredo family also appeared at that time. Because Most of the members of the Torrido family evolved from humans, so in essence, we were all ordinary humans before, because the blood of vampires made us such monsters, although we became vampires, but We still retain a little bit of humanity...so our clan has never been an enemy of humans. In ancient times, our ancestors created artificial blood. Although this blood is very ugly, it can make us. Surviving, the most important thing is that after our members of the Torrido family have artificial blood, they can survive without relying on human blood."

When Miss Mary said this, Li Tianyi was taken aback: "You mean, you never **** human blood? Instead, live on artificial blood?"

Miss Mary nodded: "Yes!"

"Carell, show him our artificial blood," Miss Mary said suddenly.

After Miss Mary said this, Na Carrell slowly walked into the room, and then walked out with a transparent glassware in his hand. Upon closer inspection, the large transparent glassware could be seen inside. It was a blood-red liquid, which was taken in front of Li Tian.

Li Tian took a close look at the blood-red liquid in the glassware. At first he thought it was blood, but when he got it close, he smelled it with his nose, and a strange smell of medicinal herbs passed into Li Tian's nose. Li Tian clicked The son felt it, it turned out that this blood-red liquid, which looked like blood, was really not blood, but a chemical substance developed.

"Really not blood?" Li Tianzai said in shock.

After seeing that Li Tian finally believed the truth, Miss Mary showed a smile on Qiao's face.

"Now you should believe it? Members of our Torrido family never drink human blood!" Mary said.

Li Tian did not speak, and was silent there.

Mary continued there and said: "I will continue to explain to you the history of our blood."

"After the Blood Lords of the Thirteen Clan were dormant, a few centuries later, they awakened again. After waking up, the war began again, and this war was the cruelest and most massive in the history of the blood family. War, this war, we kinsmen call it: kinship chronicles!"

"In that centuries-long blood family chronicle, the alliance of the blood family thirteen families, the destruction of the destruction... the blood sages also began to kill each other, so that only the thirteen family left The next **** lord."

"He is the blood leader of the Gangelo family. Although he was not killed, he was sealed with blood by the clan lords of other alliances, sealed under the endless coffin, when he was sealed , The Lord of the Gangaro family once prophesied the doomsday. He once said: When I awaken, there will be no night in the world. The scorching sun will be high, the mortals will be turned into steam, and the blood race will be turned into pine powder. Only a piece of scorched earth was recovered."

"Because of the chronicle of the blood clan, it has led to the weakness of the blood clan. In the long years to come, the major clans never fought again...their respective occupying parties did not have too much contact."

Listening to Miss Mary's explanation of the blood family history, Li Tian suddenly interrupted: "You have told me so much, it seems that you didn't tell me, why did you vampires come to our country?"

Miss Mary heard Li Tian say this, and said: "Because of the Gangelo family."

"Gangelo family?" Li Tian questioned. From the explanation of Miss Mary just now, Li Tian already knew roughly that the clan called the Gangelo family should be the most powerful of the thirteen blood clan families. race!

And now Miss Mary's mouth suddenly talked about this Gangelo family? why?

Just listen to Miss Mary said: "Remember the day before yesterday, when you rescued? It was the members of the Gangelo family who dealt with us."

After Miss Mary in front of her said so, Li Tian was not only shocked.

"What? They are members of the Gungro family of vampires?"

Miss Mary nodded and said, "Yes."

"But why, you want to kill each other? Aren't you all vampires?" Li Tian asked.

Na Marie said: "We and the Gangeuro family are the deepest enemies in the history of the blood chronicles. The Gangeuro family advocates violence and darkness. They specialize in killing humans and **** their blood, while our Toredo family is It is rebelling against human beings, so long ago, we were enemies."

Listening to what Miss Mary said, Li Tian finally understood what was going on now.

It seems that my previous guess is not bad. The vampires of the Torrido family should be on the "good" side, while the other vampires of the Gangelo family must be on the "evil" side.

"Then tell me, why did the vampires of the Gangelo family come to our country? And they kill ordinary citizens?" Li Tian asked.

Miss Mary hesitated, as if there was something unspeakable.

But she finally chose to speak: "Because of an ancient key!"

"Ancient key" Li Tianyi was stunned at the moment.

Is it because of the "key of fate"? Li Tian remembered it directly, but he didn't say anything.

Chapter 1913: your name

He just questioned: "What key? What connection does that key have to vampires?"

Mary in front of her then preached: "Because that ancient key is the only token that can unlock the thousand-year seal! Only that key can open the coffin of the Vatican St. Petersburg Underground Church."

"Coffin?" When Li Tian heard it, he suddenly seemed to understand a lot!

Just listen to Li Tian widening his eyes and saying: "The coffin you said...could it be...could it be the sealed coffin in the blood family chronicle you just explained? The blood sage called the Gangeuro family? The chief's coffin?"

After Li Tian said it all at once, Mary looked at Li Tian in surprise: "How do you know?"

Li Tiandao: "You told me just now!"

Mary looked at Li Tian's Jingyi eyes and said, "You are so smart."

"The reason why the vampires of the Gangelo family came to your country is for the key. Once they get the key of destiny, they will definitely open the coffin at the time of the blood moon. At that time, the only survivor will be The blood deity in this world is resurrected...The consequences will be unimaginable! Not only will human beings be devastated, but also the vampire members of other clans will suffer..."

"You have to know that a third-generation kinship lord has the ability to compare with gods!" Miss Mary finally said.

Listening to what Miss Mary said, Li Tian finally understands what everything is going on now, and knows even more why these vampires come to his country!

It turns out that what they did was the "Key of Destiny". It turned out that the "Key of Destiny" was hiding such a huge secret!

And where is the key of fate?

Li Tian knew in his heart that the key of fate was in his father's hands! It is precisely because his father went west with a sword, created the Vatican Church, and then won the weird key in the Vatican, but he did not expect that the key of fate would have such a huge secret.

Thinking back to everything, Li Tian was deeply depressed at the moment.

After he was silent for a long time, he looked up at Miss Mary in front of him and asked, "Then your members of the Torrido family came to our country to deal with the vampires of the Ganglo family?"

Miss Mary smiled and nodded.

"Yes."

"We are at odds with the Gangelo family, and they are absolutely not allowed to harm humans." Miss Mary said.

Li Tian thought about it and looked at Miss Mary and said, "Then why are you telling me this?"

Miss Mary said: "Because I want to cooperate with you humans."

"Cooperation?" When Li Tian heard her say this, he was not only depressed all of a sudden.

"Yes, you should have seen it the day before yesterday. Although we and the members of the Gangelo Family are both vampires, we are not their opponents. At the moment, in order to prevent the disaster from happening, we can only cooperate with your humans. Only then can the members of the Gangelo family be prevented from getting the key of fate." Miss Mary said.

Listening to what Miss Mary said, Li Tian finally understood why this Mary would lure herself to come here late at night!

It turns out that their vampires want to cooperate with themselves!

After Li Tian heard this, he only thought about it.

Miss Mary was looking at him with blinking jewels, waiting for Li Tian's answer.

"Then if we want to cooperate, how do we cooperate?" Just listen to Li Tian asked.

After Li Tian asked this question, Miss Mary's eyes suddenly brightened. Since Li Tian said this, it seems that the cooperation should be certain.

Just listen to Miss Mary: "If you can really cooperate with you, I will tell you the real weakness of the blood race, and then you can attack their fatal weakness to defeat them, otherwise, the blood race's immortal body is No human being can beat it." Mary said.

Li Tianyi felt that what Miss Mary said was not bad.

Last time Li Tian witnessed the immortal bodies of those vampires with his own eyes, and his Xuantian ***** hit the vampire with no response at all! If he could know how to defeat that vampire, Li Tian would of course be the happiest.

I saw Li Tiandao say: "As long as you don't harm human beings, I will cooperate with you to deal with the vampires of the Gangaro family."

After Li Tian finished speaking, Miss Mary laughed.

"Don't worry, the vampires of our Torrido family will never harm humans. I dare to swear by my life." Miss Mary said.

After listening to Li Tian, he nodded.

"That's good!"

"Well, now can you tell me how to deal with that vampire? Where are their weaknesses?" Li Tian asked.

After Li Tian asked this, Miss Mary was ready to blurt out the weakness of the vampire.

"The weakness of the blood race is..."

Just as Miss Mary wanted to speak out, Karel quickly stopped Miss Mary.

I saw that Karel looked at Miss Mary who was looking in front of her with a weird look: "Miss Mary...it's late, we are about to rest, or tomorrow, let's talk to them about cooperation. "

Listening to Carrell's words, of course Miss Mary knew that Carrell was a perfunctory remark. He probably didn't want Miss Mary to say the fatal weakness of the blood, so it was so.

Of course Li Tian also saw it, but he did not force that Miss Mary.

But seeing that Miss Mary thought for a while and looked at Li Tiandao and said, "I'm sorry, the time is indeed late. We want to rest. If possible, tomorrow night, can we continue to talk about cooperation?"

After Miss Mary said this, Li Tian was silent for a while, then stood up and said, "Okay!"

"Then since you want to rest, then I will take a step!"

After Li Tian said it, he immediately turned around and prepared to leave.

"Wait a minute..." When Miss Mary watched Li Tian preparing to leave, she suddenly stopped him there.

Li Tian was taken aback, not only turned his head slowly to look at the Miss Mary and said, "Anything else?"

Just listen to Miss Mary looking at Li Tiandao: "I have been talking to you for so long, and I don't know your name. Can you tell me?"

Listening to what Miss Mary said, Li Tian suddenly smiled: "Li Tian!"

After he said his name, he then turned and left the room in front of him.

However, after Li Tian walked out of the building, Miss Mary in the dark was still looking at Li Tian's figure from the window.

Chapter 1914: vampire

This is the first time that Miss Mary has spoken so many words to a strange human man in hundreds of years. She has lived in the dark castle since the day she became a vampire. , Except for the vampire members of the Torrido family, there are no humans, so this is also the first time Miss Mary has traveled since she left the castle!

Miss Mary, who was standing by the window, suddenly heard Karel looking at Miss Mary in a shocked voice from behind, "Miss Mary, how can we tell the human beings about the fate of the blood? Once they are told what they say, if they turn to deal with us, wouldn't we be very dangerous? The whole blood clan will also fall into a panic situation?"

It turned out that Karel was worried about this kind of thing! No wonder he quickly stopped Miss Mary when she was about to talk about the fatal weakness of the bleeding race.

After Karel said so, Miss Mary turned her head and said, "If you cooperate, of course you have to tell them these things?"

"If you don't tell them, how can they hurt the members of the Gangelo family?"

Na Karel said: "But Miss Mary, you have to think about it, if once you tell the humans that they will pass these secrets to others, then how much danger will the blood family face? The peace of thousands of years, I am afraid Mary Miss, you will break it completely with a single sentence? At that time, it will not simply be a member of the Gangaluo clan, but the whole blood clan will be faced soon!!!"

What Karel said is not bad, the blood race has been hidden around humans for thousands of years!

Although they also have a lot of vampires to kill humans, they generally dare not to attack openly... only sneakily, but once humans know that vampires exist around them, then what is about to happen will be terrible. Now, it's a war between humans and vampires!

And once Miss Mary told the blood family's fatal weakness, if the war broke out, it would be an extremely fatal blow to the vampire! So when Miss Mary considered this, she also hesitated, after all, behind her was the whole blood family.

"Should I really tell him the Achilles' heel of our blood?" Miss Mary muttered while looking at the night.

Now for Li Tian, he is also anxious to know the fatal weakness of the blood race!

Because if he doesn't know, he will be unable to fight those vampires!

After all, that vampire possesses an immortal body!

On the way back, Li Tian told the truth that he was full of shock in his heart. He was shocked by everything he had heard and seen tonight! And I also learned that there are really terrible vampires in this world.

The word "vampire" kept appearing in Li Tian's mind along the way.

With a shocked mood, Li Tian returned to the police station.

When he came back, he found that the lights in the brothers' rooms were all on.

Not only does he feel a little strange, do brothers know that he is out?

Let's say that as Li Tian entered the police station and pushed away the brothers' room, he saw that the brothers were all dressed neatly and sat there looking worried.

When they saw Li Tian's return, they suddenly became happy.

"Brother Tian, you are finally back!" I saw that Xue Wuhen was the first to say it, and at the same time she stood up from her seat and ran to Li Tian's side.

"Little boss, where did you go? Why did you disappear all by yourself?" Tang Xiaolong asked depressedly.

"Yes, Li Tian, why did you disappear just now?"

Faced with the doubts of the brothers one by one, Li Tian finally knew that the brothers were worried about themselves, no wonder they hadn't slept so late and sat here.

It seems that they must have seen that they are no longer, so they are all worried.

I saw that Li Tian smiled slightly after hearing the brothers say this, and looked at everyone there and said: "I just went out to meet some people! Oh, no, they are not human..."

Listening to Li Tian's words, the brothers were immediately depressed, and they didn't know what Li Tian meant.

"Brother Tian, what do you mean? What did you see?" Xue Wuhen looked at Li Tiandao speechlessly.

Then Chen Qiaozhi and Brigadier Wang Zhen were also depressed. They looked at Li Tian in wonder and asked, "I saw something that is not human?"

Listening to the brothers' questions, Li Tian told them the truth.

"That's it. When I was resting in the room just now, I saw a dark shadow..." Li Tian then told the brothers in front of him about Karel's seduction. The matter where Miss Mary is.

After the brothers heard Li Tian say this, the whole moment was stunned.

"what?"

"My God, those monsters seduce you?"

"Little boss, are they trying to harm you?" Xue Wuhen over there said worriedly.

Li Tian smiled and shook his head: "No! They didn't intend to harm me. They lured me where to go, they just wanted to discuss something with me."

The brothers were stunned when they heard Li Tian say this.

"Discuss things? What is there to discuss with those abnormal monsters? I think that group of things must be uneasy and kind." Tang Xiaolong said there.

Obviously, Tang Xiaolong had an extremely hostile eye-centered attitude towards Miss Mary and Karel.

But seeing Li Tian said there, "No, you are wrong!"

"I've said before that although the girl and the group are also weird, they are not evil people. On the contrary, I think they can help us this time." Li Tiandao.

"Help us?" Hearing what Li Tian said, the brothers didn't understand even more.

Li Tian nodded and said, "Yes."

"When I went to see them, they had already told me the real reason they came to Binjiang City, and also told me what kind of weird they are." Li Tian said.

what?

"Brother Tian, you mean, which monsters do you know now?"

Yeah, little boss, you know? "

The brothers here asked Li Tian who was looking in front of him with a look of surprise.

But what about Li Tian? Nodded there.

"My God, what kind of monster is that abnormal group of things?"

"What kind of alien are they?" The brothers all stood their ears up and looked at Li Tian in front of him, hoping to know the answer.

But seeing Li Tian slowly spit out a few words from his mouth: "They are the ancient blood family in the West, vampires."

Chapter 1915: Unspeakable hidden

When Li Tian suddenly uttered the word "vampire", the brothers in front of him were startled and dumbfounded.

The horrified eyes were completely stunned.

"Blood clan...sucking blood...vampires?" Xue Wuhen said with eyes widening there unbelievably.

"Oh my God, vampires... are there really vampires in the world?"

...

When the brothers first sounded one by one, their faces were full of horror and fear.

Vampires may not be heard of many in Asia, but many ancient legends have been circulated in the Western world, but after all, those legends are all in the Bible, or are ancient records. As for whether the truth is true, neither knows.

But now Li Tian actually told the brothers that there really are "bloods" in the world, and they still exist around them, how can this not shock the brothers in front of them.

But seeing that Li Tian had already guessed it, and after he told his brothers the truth, they would be shocked and unbelievable.

So he continued to say: "All this is true!"

"Before, I didn't believe that there really existed aliens in this world, but when I saw their blood family members, I began to believe that there are indeed aliens living around us in this world." Li Heavenly.

Hearing what Li Tian said, it took a long time for the brothers to relax.

"My god, that...that...that bunch of things are really vampires?" they asked.

Li Tian nodded seriously.

"No wonder, no wonder the people who were killed were all drained of blood... It turned out to be those **** vampires doing it." Tang Xiaolong said suddenly in front of him.

Thinking of the deceased who had been drained of blood before, and then contacting the words Li Tian said at the moment, the brothers would have no choice but to believe the truth.

It seems that vampires really exist in the world.

"Little boss, those **** vampires, who **** our human blood and slaughter innocent people, should they talk to us about cooperation? Talk about the fuck!" Tang Xiaolong suddenly roared.

"Yes, Li Tian, that group of vampires are inhumane and completely a group of monsters. How can we cooperate with that group of beasts?" Brigadier Wang Zhen in front of him also said suddenly.

Obviously, the brothers are in a state of extreme rejection of working with vampires.

But what about Li Tian? After hearing what my brothers said, he quickly said there: "No, you understand it wrong."

"We got it wrong, Brother Tian, what do you mean?" Xue Wuhen asked aside.

But see Li Tiandao: "Although the members of the blood clan are indeed extremely dangerous aliens, they are bloodthirsty, and they also have immortal bodies, but not every member of the blood clan slaughters innocent humans, at least as far as I know, Among them is a member of the vampire family named Torrido who will not harm humans."

After Li Tian said the name of an odd family, the brothers were all stunned.

"The Torrido family?"

"Brother Tian, what family are you talking about?" The brothers asked inexplicably.

But seeing Li Tian, he said: "The Torrido family is one of the thirteen blood clan families. Although they are also vampires, they are completely different from the vampires of other clans. They never harm humans, and Even the blood sucked is homemade artificial blood."

"Artificial blood?" The brothers became more confused as they listened.

Li Tiandao: "The reason why the blood race can exist in this world forever is because they live by sucking blood... and the blood that the Torrido family **** is blood that is researched with chemical substances, that kind of blood, They call it: artificial blood."

After Li Tian said so, the brothers were still not very clear. They didn't understand the Toledo family, what was artificial blood, let alone the thirteen blood clan in Li Tian's mouth.

Li Tian knew that none of the brothers knew very well, so he immediately told the brothers present in front of him about the blood family that Miss Mary had explained.

After the brothers listened to Li Tian's blood epic, they were all completely shocked.

This was the first time they heard the story about the "blood clan" legend, and they knew even more that the old vampire had such a long history.

After listening, everyone was shocked!

Especially the Nagangro family and the Torrido family.

After the brothers listened, they saw their eyes widened and said: "Brother Tian...this, this, this is true?"

"The blood family really has thirteen huge families?" Xue Wuhen asked over there.

Li Tian frowned slightly and said: "According to what Miss Mary said, there should be thirteen ancient clans in the blood clan, but at present, there are two blood clans. One is the strongest and the most powerful among the blood clan. The cruel Gangelo family members, and the other is the Torrido family on Miss Mary's side."

"Li Tian, according to what you mean, what is the name of the vampires of the Toledo family of those women? Are they bad? Are they good?" Brigadier Wang Zhen suddenly asked.

Li Tiandao: "Well, I think I should believe them!"

"Besides, they also said that if they can cooperate, they will tell the vampire's fatal weakness. If we tell us, we will no longer have to fear those vampires... In that case, we can deal with him." Li God said.

The brothers felt that Li Tian was indeed saying this.

Brothers have all seen the strength of the immortal body of the vampire before. Whether they use a gun or hit the vampire publicly, they have no effect at all, and the vampire's figure is almost unclear with the naked eye. , If you don't find a way to deal with the vampire, then the brothers will definitely be defeated by the group of monsters.

So when the brothers heard Li Tian say this, they were not only excited.

"Really? That woman really said to tell us the fatal weakness of vampires?" the brothers in front of me asked curiously.

Li Tian smiled and nodded.

"Yes, she said so."

After saying this, Li Tian said another sentence: "But she didn't tell me immediately. She explained that she would go to that place to talk again next night."

Listening to Li Tian's words, the brothers questioned: "Why do you want to talk again? Why don't they tell us directly?"

Li Tian thought about it for a while and said, "Maybe they also have unspeakable concealment!"

Chapter 1916: Negotiate again

"Don't forget, they are also vampires. Once we tell us the Achilles heel of the blood clan, this is also a very dangerous thing for them. I think they should be worried about this." Li Tian was very smart about guessing there. Say.

After hearing what Li Tian said, the brothers nodded silently there.

"Brother Tian is right... It seems that those vampires are also very worried."

"En! Whoever it is, everyone will be so worried." The brothers also understood that the vampires of the Torrido family got up.

"Little boss, are we really going to talk to those vampires again tomorrow night?" Tang Xiaolong asked on the side.

Li Tian nodded silently: "Yes."

After hearing Li Tian's decision, the brothers didn't talk too much.

"It's getting late, so hurry up and take a good rest."

After Li Tian finished speaking, the brothers all responded, and then went back to their respective rooms. Where is Li Tian? He also returned to his bedroom. After returning to the bedroom, Li Tian lay on the bed alone, and then the story of the vampire that Miss Mary told him began to emerge in his mind.

Moreover, Li Tianwan did not expect that the cause of everything was a "key", a "key of destiny" that his father had taken away from the Vatican.

And now these vampires came to the country to **** the "key of destiny".

But what is the state of his father? Li Tian didn't know at all.

The only thing he knows is that his father may be in Tianshan. Follow the legendary old man Wuji, and according to the old Wuji, his father has always been in a "living dead" state. Although he is still alive, he can't wake up, Li Tian Thinking of this, I felt a sharp pain in my heart.

He doesn't know how his father is now? I don't know if he was saved by the old man Wuji. Now he can only lie in the dark, thinking like that...

The night passed quickly!

On the next day, the brothers did not do anything else, they were all waiting for the darkness to come, because as long as they arrived at night, they were ready to follow Li Tian to find Miss Mary again, and then discuss them with the vampire Cooperation between things.

Now the cooperation with vampires has become their top priority.

After a long day spent, it finally got dark.

Tang Xiaolong and Xue Wuhen started getting ready to go early in the morning, preparing to follow Li Tian on the vampire appointment.

To be honest, they have never really seen a vampire. Although they had a relationship before, the brothers thought that they were all humans just like themselves, but now they know that they are ancient Western vampires. At that time, everyone in the brothers felt a sense of horror. After all, the vampire was the embodiment of the devil.

After the night became darker, Li Tian glanced at the dark sky and said, "It's time to set off."

The brothers nodded there one by one and then followed Li Tian to prepare to set off.

The two vehicles prepared are two Jeep off-road vehicles of the North China Field Army.

After the brothers jumped into the car in front of them one by one, Li Tian started to show the soldier driving in front of him.

After hearing Li Tian's words, the soldier who drove the car started and started to drive towards the dark street in front.

As the car drove forward, the brothers sat in the car and didn't talk too much, as if everyone was thinking about things in their hearts.

Suddenly Xue Wuhen spoke up.

"Brother Tian, if those Western vampires really survived for so long, where did they live in seclusion? Why didn't anyone find it?" Xue Wuhen asked.

After he asked, Li Tian smiled slightly: "I actually don't know, but I heard that Miss Mary said...the place where they live is an old castle, which is closed and in the remote mountains and old forests. In."

Hearing what Li Tian said in front of him, Xue Wuhen's eyes lit up and said, "Oh, that's how it is!"

"However, I think vampires are pretty good. At least they can have an immortal body and live forever in this world." Tang Xiaolong over there said with a smile.

Chen Qiaozhi in front of him gave Tang Xiaolong a glance and said, "What? Do you want to be a vampire too?"

Tang Xiaolong smiled awkwardly: "I don't want to, that's what I said."

Chen Qiaozhi did not pay attention to Tang Xiaolong in front of him.

The car continued to move forward under Li Tian's instructions. Due to the continuous deaths in Binjiang City during this period of time, the streets in the night were abnormally deserted, and it looked as if there was no one, like a dead block.

After the car reached the front, Li Tian pointed to an old building not far to the left and said, "That's it."

The soldier who drove in front glanced at the place pointed to by Li Tian's hand, and then drove towards the old dark building.

At this time, the brothers also saw the ancient building exuding a gloomy atmosphere.

But there was no light in that building, and the whole building was dark.

After taking a look at the dark building, the brothers on one side said in confusion: "This is where the vampire stays?"

"Looking ghastly!"

"It's cold all over." They said one by one.

Li Tian glanced at them and said with a smile: "What's the fear? I don't think they are scary."

Xue Wuhen on the other side asked at this time: "Brother Tian, why is there no light in it? Could the group of vampires have not come yet?"

"Yes, this building is dark and looks very cautious." Tang Xiaolong over there also said.

But when I saw Li Tian, he said, "They should have already come."

"Stop, let's go down." After Li Tian finished speaking, he motioned to the soldier in front of him to stop, and then opened the door of the car vigorously. After opening, he quickly jumped out of the car. come out.

As Li Tian jumped out of the car, the brothers behind him quickly followed out one by one.

After they walked out, a cold air rushed toward them, and the group glanced at the lonely building in the dark, and only listened to Li Tian walking to the front and saying, "Go, go in."

As he said that he was the first to walk forward, Tang Xiaolong, Xue Wuhen, Chen Qiaozhi and other brothers were closely following Li Tian at this moment.

The door of the dark building was concealed. After Li Tian arrived here, he opened the door gently with his hands.

Chapter 1917: The weakness of the blood

It was dark inside, and there was nothing to see. Fortunately, Brigadier Wang Zhen also brought two bright flashlights. They turned on at this moment and looked into the strange building.

After the flashlight radiated bright light and entered, I saw that the building was a ruin, with messy old furniture inside and some dust that had been sealed for many years.

Looking at everything in front of him, the brothers frowned.

"What about the vampires? Where are they?" Tang Xiaolong murmured in his mouth while shining forward with a flashlight in his hand.

While he was shining around with a flashlight, suddenly his flashlight shone a very pale and cold face, which was staring at him motionlessly!

Tang Xiaolong was taken aback by this, and he yelled "Ah", and the whole body jumped back and yelled, "What is...?"

Following Tang Xiaolong's speechless scream, the brothers gradually saw the figure standing motionless in front.

I took a flashlight and took a look at his body, but saw this man with silver hair and a pale face looking at Li Tian motionlessly, and his brothers in front of him.

"Is it him?" The brothers recognized him!

He is Karel of the Torrido family.

Li Tian also saw Na Karel at this moment, walked over slowly, and said hello to Na Karel.

Then he said to Karel: "These are my good brothers..."

Following Li Tian's introduction, Na Karel raised his cold eyes and glanced at Xue Wuhen behind Li Tian. Chen Qiaozhi and the others took a look, then coldly spit out a few words from his mouth: "Our lady is waiting for you on it. ."

Li Tian raised his head and glanced at it, and found that it was an attic.

So he nodded.

"Well, I'm going to see her now."

Following Li Tian's words, Na Karel suddenly turned around coldly, and then said nothing, and walked towards the top of the attic step by step.

Li Tian also followed right now, where are the brothers behind him? They all looked at Na Karel in shock, following Li Tian at the moment.

I saw Jiang Dashan walking towards the attic on that side, while whispering in his mouth: "This...Is this a vampire?"

"It should be." Xue Wuhen next to him said.

Jiang Dashan asked: "How do you tell if they are vampires? Isn't the rumor that vampires are terrifying?"

Xue Wuhen frowned and said, "I don't know this very well either. Maybe they didn't show their true colors."

Jiang Dashan nodded silently and said, "Oh, it turned out to be like this."

"Okay, don't talk about it, let's go up quickly."

With that said, they quickly followed Li Tian towards the top of the attic.

I saw that Li Tian had followed Karel to the top of the attic at that moment, and after a closer look, Miss Mary inside was really sitting there smiling and looking at Li Tian.

And beside her is another member of the Torrido family: Danny.

Li Tian brought the brothers in at this moment, and the brothers blinked curiously and looked at the Miss Mary and the others in front of them.

What about Miss Mary? Never thought that Li Tian would bring so many brothers here, not only blinked his eyes and looked at the brothers beside Li Tian.

"Are these people?" Suddenly Miss Mary opened her mouth and asked Li Tian.

But when Li Tian said there, "These are my brothers!"

After hearing what Li Tian said, Miss Mary took another look at Tang Xiaolong and the others, and suddenly murmured: "I remember them..."

The brothers also saw Miss Mary at this moment, and of course they remember her!

Just listen to Li Tiandao: "I heard my brothers talk about your affairs before, and the previous incident can be said to be a misunderstanding... Now I have explained it clearly to my brothers."

After Li Tian said this, Miss Mary didn't mind, and said, "Okay."

"How are you thinking about the cooperation?" Miss Mary looked at Li Tiandao suddenly.

Li Tiandao: "I have already said that as long as you do not harm innocent human beings, then we can cooperate."

Then Miss Mary said: "You can rest assured about this. What we promised by the Torrido family is absolutely true."

"Well, that's good." Li Tiandao.

Miss Mary smiled slightly and said, "Then we can say that we are partners now..." As she spoke, she stretched out a hand friendly to shake hands with Li Tian.

Li Tian hesitated for a moment, and slowly stretched out his hand, holding it slightly with the delicate hand of Miss Mary.

As the fingers touched Miss Mary's skin, but seeing that Miss Mary's entire hand was cold, like an ice cube, Li Tian touched her hand, not only was he shocked!

OMG, it's so cold!

Although Li Tiantian was shocked, his expression remained unchanged, and he shook hands with Miss Mary there.

"We all have a common goal now, and that is to deal with the members of the Gangaro family, I hope you can understand." Miss Mary finally said.

Li Tian nodded: "I know this."

"But I want to know where the weakness of vampires is? Can you tell me?"

"You also know that your blood has immortality. If we don't tell us the fatal weakness, we can't deal with the monsters." Li Tian said while looking at Miss Mary in front of him.

After Li Tian said this, a look of embarrassment flashed on Miss Mary's pretty face.

Danny of the Torrido family over there, and Carell also looked at Miss Mary at this moment.

Do you really want to talk about the fatal weakness of the blood? Do you really want to tell Li Tian and the other brothers?

Everyone is waiting, waiting for Miss Mary's words.

"Miss Mary, you can rest assured that I, Li Tian, and the group of brothers around me will never do anything inconsistent, let alone do anything to harm a friend. Now, you are exactly with us. Say, you are already a friend...So what you are worried about, in fact, I can understand, you are afraid that if you tell the weakness of the blood race, we will deal with you in the future. Regarding this, I, Li Tian, swear to you at this moment, As long as your members of the Toredon clan do not harm innocent human beings, I, Li Tian, and my brothers beside me, even if I die, I will not tell other people the fatal weakness of the blood clan, let alone deal with you." Li Tian said, looking at the beautiful eyes of Miss Mary seriously.

Chapter 1918: End of negotiation

After Li Tian said so, Miss Mary was slightly moved.

She was silent, her red lips moved slightly, and an extremely contradictory expression flashed on her face.

After a few minutes of silence, Miss Mary finally spoke.

"Okay, I believe you!"

As Miss Mary said so, Carrell and Danny beside them were all taken aback, staring at Miss Mary in front of them in amazement.

"Miss Mary, don't... Do you really want to tell the humans about the weakness of our blood?" Carell said in disbelief.

But seeing Miss Mary nodded decisively.

"Yes, I believe him!"

"I believe he can definitely do what he says." Miss Mary looked at Li Tiandao.

Nakarel said: "But..."

Before he finished speaking, Miss Mary directly reached out and stopped him.

"Don't tell me, I have already decided on this matter... If there is any responsibility, I will let Mary bear it alone!" Miss Mary said.

Listening to her insisting on saying this, Karel could only sigh helplessly.

After she finished speaking, Miss Mary raised her beautiful eyes and looked at Li Tiandao: "Now I tell you that the biggest weakness of our kinship is there... Our weakness is that we are creatures in the dark and can only act at night, never Dare to act in the sun, because once the scorching sun rises, it will burn our skin for so long until we die."

After Miss Mary said so, Li Tian and the brothers behind him were all horrified.

"Night activity? Afraid of the sun?" Li Tian asked in surprise.

Miss Mary nodded silently and said: "Yes."

"This is the most deadly weakness of the blood clan, and it is also the most fearful thing of the blood clan, so we all act in the dark." Miss Mary said.

Listening to Miss Mary's words, Li Tian finally understood why these vampires appeared at night, because they were afraid of the sun and the light.

After thinking about it, Li Tian asked again: "According to your intentions, after the darkness comes, members of your blood family can almost do whatever they want?"

Miss Mary said: "Theoretically yes."

"Because the body of the blood race is a body of darkness, we are not afraid of any harm. Even if we are injured, it will naturally recover after a while. Because of the special reasons of our body, we can recover from injuries much faster than any human being. It's a hundred times faster, but in fact, the members of our blood race are still afraid of something like yours." Miss Mary said.

After hearing what Miss Mary said, Li Tian quickly asked, "What are you afraid of?"

"Fear of silver!"

"Specially made silver nitrate!" said Miss Mary.

When Li Tian heard this, he was not only slightly puzzled.

"Afraid of silver?"

Miss Mary said, "Yes."

"Because silver is a monster of the ancient century... so we are afraid... it is an ominous thing!" Miss Mary said.

The ancient Bible records that **** was betrayed by Judas with twelve silver coins. Later, after **** was hanged, Judas became the world's greatest sinner. After his death, even the silverware was defiled because it is said that Judas Before he died, all the twelve silver coins were swallowed into his stomach. Because according to the Bible, Judas was a descendant of vampires, so from then on, the members of the blood family were afraid of silver objects...about these ancient times There is no way to verify the true or false of the legend, but it is true that vampires are afraid of silverware.

After Miss Mary said so and so, Li Tian not only understood immediately.

To be honest, it was the first time he knew that this vampire was afraid of silver objects.

When Li Tian thought this way, the brothers in front of him suddenly said, "No wonder...No wonder!"

Li Tianyi was taken aback, looking at his brothers and questioning: "No wonder what?"

So the brothers in front of me told Li Tian about the last time that Jiang Dashan and Brigadier Wang Zhen were seriously injured by the Ganggro family vampire, and they also told Li Tian that they were given by a mysterious person. Silver powder just resolved the safety of the two.

Li Tianyi said, "It turned out to be like this!"

"Who gave you the silver powder at that time?" Li Tian asked in surprise.

The brothers shook their heads one by one and said, "I don't know."

"The mysterious person appeared once, and never appeared again." Chen Qiaozhi.

After Li Tian heard them say this, his brows not only frowned deeply, but he said to himself: Who is that mysterious person? Why do you know that vampires are afraid of silver? How would he know?

"What's the matter?" Miss Mary looked at Li Tian who was in doubt at this moment and the brothers couldn't help asking.

But seeing Li Tian slow down, he said slightly, "It's okay..."

Miss Mary didn't ask too much.

Then he said: "In addition to the above two things that can cause harm to the blood people, there is basically no other way to kill the members of our blood people."

After Miss Mary said so, Li Tian looked at Miss Mary and said: "Well, I know, thank you."

Miss Mary said: "You're welcome!"

"Now I know how to deal with vampires, Miss Mary, can you tell me where the vampire members of the Gangaro family are currently hiding in Binjiang City?" Li Tian asked.

After Li Tian asked, Miss Mary said: "Maybe in the ancient church on the Bund."

When Li Tian heard about the ancient church, he immediately remembered the ancient church they had visited last time. He didn't expect the **** vampires to hide there.

"Do you know the location of that church?" Miss Mary looked at Li Tian and asked.

Li Tian nodded silently and said, "I know!"

"If you know, that would be even better." Miss Mary said with a smile.

"What I should tell you, I have already told you everything. Excuse me, do you have any questions?" Miss Mary in front of her asked Li Tian with her beautiful eyes open.

Li Tian shook his head and said, "No more!"

"Thank you for trusting me, thank you for telling me this! After tomorrow, I will do everything possible to deal with the vampires of the Gangaro family." Li Tiandao.

Miss Mary said, "Let us be with you..."

"Don't underestimate the members of the Gangelo Family... They are the most powerful existence among the blood clan." Miss Mary reminded Li Tiandao there.

Li Tian smiled and said, "Well, that's fine."

So just like that, Li Tian and Miss Mary decided to go to the ancient church together the next night, and then deal with the vampires of the Gangelo family.

This night's negotiations ended in this way.

Chapter 1919: Hunting vampires

Li Tian finally knew the fatal weakness of vampires, and now he basically knew in his heart how to deal with those cruel bloodthirsty blood-sucking creatures.

After driving away with his brothers, Li Tian remained silent all the way, thinking about things in his heart.

In the car, but seeing the brothers frowning deeply when seeing Li Tian, they said nothing, they didn't know what happened to Li Tian.

"Little boss, what's wrong with you?" Tang Xiaolong finally asked.

But seeing Li Tian rubbing his head with his hands, he said slightly, "I'm thinking about the mysterious person who gave you silver powder last time..."

"Who would that mysterious man be? How could he know the weakness of vampires? And also knew how to use silver powder to deal with vampires?" Li Tiandao.

Listening to Li Tian's words, the brothers frowned one by one.

"Yes, how did that mysterious guy know that silver powder is the nemesis of vampires?" The brothers also became smart.

Li Tian looked at the endless night with his last eyes: "Could it be that someone has already known about vampires? Someone is secretly helping the brothers and himself? He... who would he... be?"

silver!

A silver-white precious metal.

When Li Tian learned that silver could restrain the vampire, after returning from Miss Mary, he began to send Brigadier Wang Zhen to quickly get some silver.

Wang Zhen lived up to his trust and quickly ordered his subordinates to go to the gold and silver shops around Binjiang City to start collecting silver powder and other equipment, and then let the craftsmen grind the silver into powder, and then apply it to the weapon.

At this moment, Tang Xiaolong and Xue Wuhen were all using silver powder to paint the knife in their hands and the top of their head.

Even the brothers who didn't use weapons in the past chose a weapon one by one, and then painted it with silver.

Tang Xiaolong was holding a sharp head in his hand, and now it was shining brightly after it was painted with silver powder.

Holding it in his hand, he smiled and said: "His grandma, with this thing, I don't believe that those **** vampires are not dead..."

Na Xue Wuhen also smiled and said, "Yes, this thing pierced the vampire's body with a single knife, and it will definitely make them burp immediately."

Where is Li Tian? Glancing at the weapons painted by the brothers, there was an unstoppable dark lining in his heart: Can this silver thing really kill those ancient vampires all at once? To be honest, Li Tian is a little worried! After all, he had seen the terrifying abilities of those vampires with his own eyes.

During this day, the brothers were fully prepared.

In addition to coating their weapons with silver powder, they also deliberately brought some sufficient silver powder for occasional needs.

The brothers now are waiting for the night to come, because once the darkness comes, they will hunt and kill the vampires of the Torrido family!

The night has finally come.

When the darkness came, the brothers became excited.

"Go, get in the car, let's go round with them from the Torrido family." Li Tiandao.

Following Li Tian's order, the brothers jumped into the car in front of them one by one. The car made a roar in the dark, and then drove away quickly.

The place they and the members of the Torrido family chose for the round was exactly where they discussed things yesterday. After the car arrived, the brothers and Li Tian jumped out of the car one by one.

I saw no one on the empty street.

After the brothers got out of the car, it was not only a little depressed to find that the members of the Torrido family were not there.

"These guys are actually late..." Tang Xiaolong muttered as he looked at the dark streets.

At the moment he just said this sentence, a cold voice suddenly rang behind him: "Who are you talking about?"

As the cold voice suddenly appeared from behind Tang Xiaolong, Tang Xiaolong was shocked and jumped back hurriedly.

"Nima...when did you show up?" He looked at the cold guy in horror.

But seeing the guy standing motionless behind him is the strong man Danny of the Torrido family!

He actually reached behind Tang Xiaolong silently, and to be honest, even Li Tian just now didn't see his strange figure clearly.

As the strong man Danny flashed out all of a sudden, he saw the figure of Miss Mary and Karel suddenly appearing from the darkness.

Their speeds are all that kind, and they are almost unclear to the naked eye... only to see them reach the brothers with a whistling sound.

The brothers looked at this weird speed one by one, and their eyes widened and looked at them in horror.

Besides, after the appearance of Miss Mary and others, Li Tian walked over.

Miss Mary glanced at Li Tiandao and said, "Are you all ready?"

Li Tian smiled and nodded and said, "Everything that should be prepared is ready."

"Okay, then let's set off! Go find a member of the Gangelo family."

As Miss Mary said this, in the darkness, the group of them walked towards the ancient church on the Bund.

Because it was already in the Binjiang City area, it was not very far from the ancient church, so instead of driving, they walked over.

Along the way, the brothers walked with Nakarell and Danny, without talking or saying hello, just going their own way.

Soon, they arrived at the ancient church.

From a distance, I saw that the ancient church exudes endless gloomy breath. When they arrived here, a group of crows above the church suddenly croaked and flew towards the distance.

Seeing the group of weird crows flying away, a weird feeling rose in the hearts of the brothers inexplicably.

Suddenly, Miss Mary turned her head to look at Li Tian and the brothers in front of her and said: "Once you enter, you must know that the sense of smell of the blood race is extremely sensitive, and the speed is much faster than that of your humans. Many, so you must protect yourself carefully!"

Li Tian looked at Miss Mary and said, "Well! Thank you!"

Miss Mary smiled slightly and said, "You're welcome!"

"Carrel, you have a keen sense of smell, you will protect them." Suddenly Miss Mary said to Carrel there.

The silver-haired Carell did not expect that Miss Mary would ask him to protect Li Tian's brothers. He was not only taken aback, "Miss Mary, what do you do?"

Mary said: "Don't worry, I will take care of myself."

"Go, go in."

Miss Mary who said this was the first to walk towards the dark church, and Danny behind her cautiously followed closely behind Miss Mary.

Chapter 1920: Four empty coffins

After Miss Mary said so, but seeing that Karel reluctantly followed Li Tian and the brothers, and Miss Mary and Danny of the Torrido family were walking in the forefront.

The old church exudes a gloomy feeling, the heavy door has long been ragged, and there is a hole in the middle that just allows them to get in.

At this moment, Miss Mary of the Torrido family took the lead and entered the ancient church in front of her. Li Tian and his brothers followed one by one.

Nothing can be seen inside the pitch-black church, and it is dark all around.

Brigadier Wang Zhen wanted to turn on the flashlight in his hand, but was suddenly stopped by Na Karel.

"Don't turn on the light." Carell said.

Listening to Karel saying so, then Brigadier Wang Zhen could only put the flashlight away.

I saw my brothers looking around in the dark and saying: "It's so dark, how can we find those guys?"

"Yeah, it's too dark." The brothers also said there.

Li Tian was not only frowning there, it was indeed too dark around him, and he couldn't see everything at all. Fortunately, Li Tian's inner strength was extremely high, so he could still see something in his eyes.

"Just follow me." The silver-haired Karel turned his head and suddenly said coldly.

After Karel finished saying this, the brothers were holding their breath, but they didn't talk too much.

Miss Mary has reached the forefront position at this moment, pointing to one end and saying, "Here."

As Miss Mary said so, Li Tian and his brothers quickly followed.

But the location that Miss Mary pointed to was the underground passage of the previous church.

"Passage?" After seeing this passage, Li Tian was not only surprised slightly.

When Miss Mary heard Li Tian say this, she not only asked curiously: "How do you know?"

Li Tiandao: "I have been to this church more than two months ago, and I have also been in this passage."

When Miss Mary heard Li Tian say this, she not only said: "So it is."

"I guess the members of the Gangelo family are right here." Miss Mary said suddenly.

Li Tian glanced at the dark passage: "If this is the case, let's go in and see what happens..."

"En!" Miss Mary nodded.

So they began to enter the passage in front of them.

Just after entering this dark passage, a tangy smell of blood came out.

After the brothers smelled the tangy ***** smell, they all felt a nausea directly coming up.

"What a heavy smell of blood." Li Tian frowned and said.

Miss Mary said: "The smell of blood is right. Members of the Gangelo family must be here."

As Miss Mary said so, Li Tian didn't say it any more. He knew in his heart that the blood vampires depend on sucking blood to survive. Since this place is full of ***** smell, then the vampires of the Gangelo family should Right here.

At this moment, Li Tian followed the Miss Mary step by step. After turning around a corner of the passage, there was a sudden bang inside, and then he heard the "quack, quack, quack" crowd of crows. Flew out of the passage.

When these evil crows flew out of the tunnel all at once, the brothers were all shocked.

"The crow..." they exclaimed, and then they held their heads in their hands.

But I saw that black crow flew past the passage, from the heads and bodies of the brothers, accompanied by a miserable cry.

After the group of inexplicable crows flew away, the brothers said in shock: "How come there are so many ***** crows?"

"The crow is a symbol of death...Because they live here, there will be crows there naturally."

Nakarel explained to the brothers in a cold voice.

Hearing Karel said that, the brothers didn't ask too much.

At this moment, Miss Mary has reached the front place, and Li Tian has followed her closely from beginning to end.

As they walked forward step by step, suddenly turning the corner in front of them, the ***** aura became heavier and heavier. Just when the brothers were surprised that the ***** aura was getting heavier, they suddenly found four statues in front of them. Weird coffin.

The coffin is so vast that each one presents an aura like a rainbow, and on the top of the coffin are pictures of skeletons. These pictures and texts are the family emblems of the Gangeuro family.

The moment they saw the coffin suddenly, the brothers suddenly felt cold.

But Miss Mary's complexion suddenly changed, and Danny beside her was also frowning tightly at the four coffins.

But the coffin lids of the four coffins had been opened and were parked aside.

Looking at the opened coffin, Miss Mary said suddenly: "No, those Gangelo family members have already left here..."

Li Tianyi was immediately puzzled when she heard Miss Mary say this.

"How do you know?" Li Tian asked, looking at Miss Mary.

But seeing Miss Mary pointed to the coffin in front of her and said: "This is very obvious evidence."

While talking, he walked towards the coffin, but saw that inside the four opened coffins, it was indeed empty. There were half of the Gangelo family members...

Looking at the empty coffin, Li Tian was completely stunned, and the brothers also opened their eyes wide and looked at the four coffins in front of them as if they could not believe it.

"Well, what does this coffin do?" Tang Xiaolong asked in disbelief.

Karel over there suddenly said, "This is the place where the vampires of the Gangelo family live."

"What? They... do they live in the coffin?" The brothers were speechless. They didn't expect that the coffin was actually a vampire living in it?

Karel snorted and didn't speak any more, as if he didn't want to introduce too much to his brothers.

Looking at the **** surroundings and the four empty coffins, Li Tian in front of him looked at Miss Mary and asked, "Then the Gangelo family members are not here now...what should I do?"

Miss Mary pondered for a while and said, "I don't know about this either."

"I think the members of the Gangelo Family must be alert..."

Li Tian frowned when she heard her say this.

Now the vampires of the Gangaro family have disappeared, brothers and Miss Mary can't help it. In the huge Binjiang City, the vampires of the Gangaro family can hide in any place. Li Tian wants to find them , Of course it's harder things,

What should they do now?
