

## **A Killer 1921**

Chapter 1921: Dragon, show up

"Earl Spike, the \*\*\*\* gang of the Torrido family have cooperated with humans!" A cold voice came from the dark residence.

As the voice sounded, suddenly another evil voice was heard.

"Yes, they actually broke the blood family's thousand-year contract and dared to defy the blood family history. The Toredo family is about to be destroyed."

"If the other blood clans know this news, huh, heaven and earth, the stupid things of the Toredo family will perish."

"Other families of the blood clan will definitely issue death orders. At that time, even the gods will not be able to protect them."

In the dark residence, I saw the black Earl Spike speaking slightly to his subordinates beside him.

It seems that they already know about Miss Mary and Li Tian teaming up.

"What about those damned humans?" The Gangelo family members beside him suddenly looked at Earl Spike.

There was a grinning smile on Count Spike's face.

"I've found out that the kid who saved Mary a few days ago is... a descendant of the evil god!" Earl Spike said.

what?

"That kid turned out to be a descendant of Cthulhu?" The members around him seemed surprised.

"Yes."

"I didn't expect it to be such a coincidence, but it doesn't matter. The most important thing for Huaxia people is feelings. If we have a chance to catch that \*\*\*\* kid, I believe we will be able to force the evil \*\*\*\* to come out. Then, we can. Get the key of fate." Earl Spike said.

The Gangelo members beside him heard Earl Spike say so, and they nodded slightly.

"However, Earl Spike, the family is already urging... let us get the key of destiny as soon as possible."

"Otherwise, the elder will be angry." The subordinate said.

When Earl Spike heard the elders, his pale face trembled slightly, and he suddenly said coldly, "I see!"

"Don't worry, I will definitely get the key of destiny on the day the blood moon opens."

When Earl Spike was speaking to his hand, his pale face suddenly turned, and then he said coldly, "Someone is coming!"

As he said this, the members of the Gangelo family around him flew out with a swish.

After the Gangelo family flew out, I really saw a man in a black robe coming in only without any promise.

Take a closer look, it turned out to be Father Gammarelli!

This Father Gammarelli has not appeared for a long time. Since the arrival of the vampires of the Gangeuro family, this Father Gammarelli has become an unnecessary shadow.

However, how could he suddenly appear here?

When he saw Father Gammarelli coming, the pale face of the vampire Count Spike stared at the priest in front of him coldly.

When Father Gammarelli saw the vampires of the Gangaro family, he was instinctively horrified, and he walked over slowly, shaking his body.

"How did you come?"

"Didn't I tell you...here, don't you people from the Vatican intervene?" Count Spike said coldly.

After Earl Spike finished speaking so coldly, Father Gammarelli said quickly there: "Your Royal Highness, please forgive my presumption... I have important things to convey to you, so I came here."

After Father Gammarelli said this suddenly, Count Spike sneered, "Is it important?"

"Okay, tell me, I want to hear what is important?" Earl Spike asked.

Father Gammarelli took a deep breath, and said respectfully there quickly: "Earl Spike, I have heard about you recently... I also know that you have encountered a little trouble..."

"Nonsense, who said we are in trouble?" Earl Spike's suddenly pale face was murderous and now the Father Gammarelli staring in front of him.

But seeing the extreme of Father Gammarelli, he quickly changed his words: "I'm sorry... I'm sorry... I was wrong..."

"Hmph, tell me what you haven't finished speaking, and get out of here as soon as you finish!" Earl Spike suddenly angered.

Father Gammarelli quickly wiped the cold sweat from his face: "Earl Spike...That's it...Although you are strong enough to be able to deal with the situation here, you have to admit that you I'm not familiar with the place of life here...so things are restricted everywhere! So, I would like to recommend a human being with you, and then deal with the evil gods and other people...In this way, you can get twice the result with half the effort, also Can get the key of fate as soon as possible."

After Father Gammarelli said so, Earl Spike suddenly arrived in front of Father Gammarelli with a flash, and a cold hand suddenly pinched Father Gammarelli's neck!

"Damn, what are you talking about? You let me work with ignorant humans?" Earl Spike's face was annoyed, as if he wanted to pinch Father Gammarelli alive.

Father Gammarelli was almost scared to death, his eyes widened, and he quickly explained: "No, no..."

"Earl Spike... you may not know... the person I introduced to you... is also the enemy of the evil god... he also wants to kill the evil god, and his skill is definitely one of the best in China! The level of power is definitely beyond the imagination of normal people...He is the incarnation of the magic way!"

"Earl Spike, I really don't mean anything else. Really, I just want your Royal Highness to quickly get the key of destiny..."

Following the plea of Father Gammarelli in front of him, the jewel-like blue eyes of Earl Spike suddenly radiated evil light, and the cold paw of Father Gammarelli that had been tightly held tightly, slowly relaxed.

"What you said is true?"

"Is there really such a master among human beings? And he believes in the darkness?" Earl Spike suddenly asked in a gloomy voice.

But after seeing that Father Gammarelli was handed over to Panasonic by Count Naspik, he kept coughing and panting, and then quickly said: "Yes...Yes!"

"He has become a demon...become the incarnation of evil..." Father Gammarelli said.

Count Spike laughed weirdly when he heard Father Gammarelli say this.

"Who is he? Where is he?" Earl Spike asked weirdly.

Father Gammarelli took a few breaths, and then slowly said a name.

"His surname is Long... his name is Long Yin, he is in an abandoned dead kiln mine on the outskirts of Binjiang City!" Father Gammarelli said.

## Chapter 1922: Looking for Long Yin

As Father Gammarelli said so, Earl Spike frowned slightly.

"Long Yin?"

"In the dead kiln mine?" Earl Spike repeated depressedly.

After Earl Spike said so, Father Gammarelli said quickly.

"Yes, because the surnamed dragon was injured in the dead kiln mine before, he stayed in the dark underground kiln mine all the time...now he is inside, if Earl Spike agrees, We will find him immediately." Father Gammarelli said.

As Father Gammarelli said this, the Earl Spike in front of him thought for a while, suddenly raised his cold eye mask and stared at Father Gammarelli in front of him, and then said coldly: "Okay! If you say so, then I promise you!"

"But, you remember, if this person is not as powerful as you said...huh, then, the consequences, I think you should be very clear." The Earl Spike suddenly faced that grimly. Father Gammarelli smiled evilly.

Father Gammarelli looked at the weird smile of Count Spike before him, not only his face twitched.

"Yes, yes, yes, your Royal Highness, I believe that fellow will definitely satisfy you, Earl."

Count Na Spike laughed loudly: "Okay!"

"After sunset, you will take me to find him." Earl Spike said coldly at last.

Binjiang City, suburbs.

The long-abandoned dead kiln mine. Because of the disappearance of children, the dead kiln mine is now like a ghost domain. Now no one dares to approach it because they all know that there have been terrible murders there. At present, there are no residents living around the dead kiln mine. Many people have moved out, leaving most of them in ruins.

What about the dead kiln mine? It has been completely blown up, and the location of the exit is tightly sealed by a thick rock.

It is unimaginable that there are still living people inside such a ruined kiln.

Night, here comes.

The darkness completely surrounded this area as if it had swallowed the entire earth. I saw in the darkness, suddenly I saw four black shadows appearing here in a flash.

Their speed is like a bat in the night, so big, so scary.

Take a closer look, the four people standing in the dark are the vampires of the Gangelo family, Count Spike.

After they arrived, Earl Spike lifted those jewel-like blue eyes and looked at the dead kiln mine in front of him weirdly, then he frowned in the darkness.

"Are there any living people here?"

"This place has been destroyed...you dare to lie to me?" Earl Spike suddenly exasperated.

Following Earl Spike's roar, he saw Father Gammarelli appearing behind him, and he said with a chilling face: "Your Royal Highness, although this place has been blown up, the bottom of this dead kiln mine is indeed that The dragon lives."

"Then tell me, where do you go in to find him?" Earl Spike asked suddenly angrily.

Following the words of Count Spike, Father Gammarelli said quickly: "Your Highness, please come with me!"

As he said, Father Gammarelli hurriedly walked to the front place, and at this moment Earl Spike and the three Gungaro family vampires behind him followed him closely.

Father Gammarelli slowly walked around the ruins of the kiln mine in front of him and reached the rear position. Count Spike didn't know what the \*\*\*\* was doing, and followed him depressed.

But after seeing Father Gammarelli circling around behind the ruins of the kiln mine, he suddenly pointed his finger at the entrance of a dark hole about one meter in front and said: "Your Royal Highness, this is the entrance to the mine." Father Gammarelli In that way.

Count Naspik and the vampires behind him came over and looked at the dark hole that was only more than one meter wide, and not only stood there with a cold face.

"That's it?" Earl Spike asked depressedly.

Father Gammarelli said quickly: "Yes, your Royal Highness."

"This dead kiln mine has been bombed before, so the front entrance can't be entered at all. The only way to enter is here! This cave is a patio created by the workers when they were drilling well, so only by going in from here can you get there. The bottom of the dead kiln mine." Father Gammarelli explained there.

Listening to Father Gammarelli's words, Count Spike thought for a while.

"Are you sure you can find the human being in here?" Earl Spike asked again.

Father Gammarelli said: "Yes, sure, absolutely sure!"

"Okay, then I will believe you once." Earl Spike said suddenly.

Then after he finished speaking, he looked at the dark cave courtyard and said, "Go in!"

Following the two-character exit, his body jumped directly into the dark patio, and after his silhouette jumped in, the three Gangelo family vampires behind him also followed quickly. Counting the figure of Earl Spike jumped directly in.

Inside the dark patio, I saw four figures flying in like ghosts.

The patio is extremely deep, the bottom is almost invisible, and there is an extremely disgusting smell coming from below.

Count Naspik and his men flew down, but saw that there was a cave at the bottom of the patio. The space inside was huge, but there were piles of briquettes piled up in the piles, and there was some rust in the front. Forklift, and some things with spades.

Looking at everything around him, Earl Spike looked around with a gloomy face.

It took a long time, but when I saw that Father Gammarelli climbed down from the top of the well alone, the patio was extremely deep. Of course Father Gammarelli could not compare to these vampires of the Gungaro family, so when he climbed down, Is already dyspnea.

After finally getting down from the well that day, Father Gammarelli was panting, and said, "Your Royal Highness, right ahead...just ahead!"

Count Spike looked at the place where Father Gammarelli was pointing, and turned his head to look, but he saw that there were deep tunnels in front of him. At first glance, there were not as many as a dozen tunnels.

Earl Spike said angrily: "Damn, so many tunnels, which one should I enter?"

Chapter 1923: Unkillable

"His Royal Highness, it's the middle one...the middle one..." Father Gammarelli said.

Following Father Gammarelli's words, Earl Spike took a look at the dark tunnel in the middle, but saw that the tunnel was extremely dark and looked gloomy, and strange steaming breath continued to emerge from the entrance.

Earl Spike glanced at the tunnel entrance, flashed his body, took the three vampire members behind him, and rushed directly over there.

Father Gammarelli behind him also hurriedly followed.

After they all reached inside, the priest Gammarelli said in front: "It's inside, it's here."

"it is good!"

After Earl Spike spit out the word coldly, he then began to walk towards the dark tunnel in front of him.

A strange breath came out from the gloomy tunnel, and that breath filled the entire tunnel like a devil.

When Earl Spike walked into the dark tunnel with his vampire before him, he felt the raging demonic energy around him.

A wicked smile suddenly appeared at the corner of Na Spike's mouth: "What a heavy devil!"

Father Gammarelli walked forward and said: "His Royal Highness, this human being I introduced will definitely satisfy you..."

Just as he had just finished saying these words, suddenly a thick black devilish energy suddenly rushed towards Earl Spike and Father Gammarelli. The devilish energy came suddenly, as if attacking them.

Count Na Spike saw the terrifying devilish energy coming, and his body suddenly flashed and dodged. At this time, the three Gangelo family vampires around him suddenly flashed and dodged, and then their faces. They all showed a color of anger and hatred, and the long fangs in their mouths suddenly stretched out, looking at the terrifying surroundings with a grin.

"Damn, dare to attack us? Looking for death!" The vampire of the Gangelo family even saw the demonic energy attacking them in the dark, and said angrily.

The pointed fangs were stretched out there, and the pale face looked around fiercely, as if to kill the guy who attacked them.

But at this moment, Earl Spike did suddenly wave his hand, with a grinning smile at the corner of his mouth and said, "No!"

"Don't do it casually!"

"Hey, this human, I feel a little more and more interesting!" Earl Spike said with a weird smile looking at the endless darkness.

Just after Earl Spike said these words, a black figure suddenly appeared in the dark tunnel like a black mist. His whole body exuded endless magical power, and his whole body was spread out like a madman. Standing motionless.

The strange eyes flashed strange light in the darkness.

"Do you want to die? You dare to trespass into my territory!" Suddenly a violent roar came out from the mouth of the devilish man.

With this utterance, the member of the Gangelo family said coldly: "Ignorant things...Our count is here, do you dare to be so rampant?"

Just when a member of the Gangelo family suddenly said this sentence, suddenly the furious demon shadow rushed over, and a thick demon aura suddenly radiated from his palm.

That energy is so huge, so fast, that even members of the Gangaro family of vampires can't avoid it!

But after hearing a loud bang, the endless demonic energy directly hit the vampire's body, and the vampire's mouth made a stern cry, and then the whole body banged against the rock wall, the hard rock wall was hit. Shattered directly.

But what about the vampire? Although he was hit hard, he did not die... According to common sense, any person or master who received such a terrible hit would definitely die on the spot, but this vampire member just twisted and was shaken into his internal organs. The body, which was almost completely broken, slowly stood up again.

His face was twisted, the fangs in his mouth stretched out, and the brutal light of vampires appeared in his eyes!

what

With a scream, the vampire was also angry, and the figure flashed towards the demon shadow.

As he rushed to the demon shadow extremely fast, suddenly Earl Spike here suddenly made a move, and then suddenly stopped the man in front of him with lightning speed.

"Stop!" a cold anger roared from the mouth of Count Spike.

As he said, the angry vampire was forced to stop.

He took a look at that respectfully, Earl Spike said in Nanno: "Yes, Earl!" Then he retreated to the side with endless anger.

However, after Earl Spike stopped his men, he smiled and looked at the dark shadow not far ahead.

Then step by step he walked towards the dark shadow.

"You are that human? Your name is Long Yin?" Suddenly Earl Spike looked at the dark shadow.

But seeing the dark shadow, is it really Long Yin?

Looking closely, I saw who the guy with the disheveled demonic energy is?

It really is Long Yin! It really is that guy!

He really is not dead!

After Li Tian's brothers used explosives to completely blow up the dead kiln mine, it was unexpected that this demon was not dead!

I saw that his face was completely deformed, and his eyes were filled with endless hostility. There was a weird and terrible light in the pupils, and his dangling hair had turned blue-purple, weird and weird, his body Enveloping a deep layer of devilish energy...In every gesture, the entire body's devilish energy is surgingly exposed.

This demon Dragon Yin looks even stronger than before. Could it be that his six magic skills have been cultivated!

Yes, in the last battle between Li Tian and him, although the brothers razed this place to the ground with explosives, this also just prompted the situation that the demon could not come out, because this demon has been living in In the endless darkness of the dead kiln mine, he has practiced the bloodthirsty six magic arts, and now his six magic arts of \*\*\*\* have been practiced... his whole body of magic energy is enough to explain everything.

However, he said that at this moment, Count Naspikes was calling out the name of Devil Dragon Yin.

That Long Yin suddenly raised his eyes with the full of devilish energy, staring at the vampire count, Spike in front of him.

"who are you?"

"Dare to break here? Are you afraid of death?" Long Yin roared.

But seeing that after hearing Long Yin's words, Na Spike suddenly laughed strangely.

"dead?"

"Haha!"

"Come... let me see if you can kill me?" Count Spike suddenly smiled strangely, standing still.

That devil dragon Yin has never been so irritated!

Beneath the world, the current demon Long Yin no longer puts anyone in his eyes, and at this moment, this \*\*\*\* foreign guy actually talked like this, which immediately angered Long Yin!

"Well, if you want to die, I will fulfill you!"

Following his utterance, his figure had already rushed towards Earl Spike.

The dark demon energy immediately enveloped the entire gloomy tunnel, and as Na Long Yin rushed forward, one of his heavy palms suddenly hit the heart of Count Spike.

The endless demonic energy was exposed, but seeing that Earl Spike was standing there without moving, with an evil smile on his mouth, he just looked at Long Yin who was jumping in front of him...

"go to hell!"

Accompanied by the endless roar, Long Yin slammed the heart of Count Spike with a heavy palm, and with a click, Spike's heart directly heard the sound of shattering and cracking. What is even more terrifying is that Long Yin. One of his hands directly penetrated Count Spike's chest... Count Spike's body was directly punched out by Long Yin... but there was no bleeding!

Even the whole body was stunned by Long Yin and flew out, with a thump, and directly hit the heavy ice-cold stone. The hard stone was smashed to pieces, and his body also broke his bones.

Earl Spike, who was beaten up like this, suddenly shook the bones of his head, and then glanced at the hole in his heart that was punched through!

"Good hand!"

Under such a vast and domineering palm of Long Yin, Earl Spike could still speak? Still alive?

I saw that Earl Spike's body parts had been completely deformed after being beaten, and the pierced heart hole could be seen opposite, but there was still a strange smile on his face, I saw him slowly stand up. Distorted body, and stood up!

And what about Long Yin?

At this moment, he was also stunned. He never thought that he could not kill this \*\*\*\*\* guy with his vast and boundless palm? And his body has been transformed into that way, so he can talk? ? Can move around...

This...this...what is going on?

The enchanted Long Yin also widened his eyes, his face couldn't believe it.

"Father Gammarelli seems to be really good this time...you, really good, I like it!" Earl Spike suddenly said with a weird smile.

Then his body limped over, but saw that his heart was sunken, and the pierced heart hole exuded endless fear on the body of Count Spike.

"You...you...are not dead?" Long Yin asked Earl Spike in disbelief.

I saw Earl Spike walking up to Long Yin with a wicked smile, and then glanced at Long Yin in front of him. He suddenly smiled and pointed his finger at the place where his heart was pierced and said, "You mean this?"

As he said this, he suddenly saw Earl Spike's body change. The skin of his punctured chest began to heal slowly, and the rotten skin healed slowly. Soon, I saw that the hole in the body of Count Spike was automatically restored...

Chapter 1924: Long Yin joins

"You, you are not human!" Suddenly a sentence came out of the enchanted Long Yin's mouth.

His eyes exuding endless evil spirit stared coldly at the vampire count: Spike.

But seeing that Earl Spike smiled strangely after hearing Long Yin say this, and then did not directly answer the words of Long Yin in front of him, but paused for a while, and suddenly his eyes looked at Long Yindao.

"Your name is Long Yin?" Earl Spike asked Long Yin who was smiling and looking in front of him.

But seeing the enchanted Long Yin exudes endless demonic energy, he coldly said, "What are you guys? Why do you know my name?"

But seeing Earl Spike suddenly laughed strangely.

"You want to know? Well, since you want to know, then I'll tell you! We are members of the Gangaluo family of blood: vampires." Count Spike smiled there.

The enchanted Long Yin was stunned when he heard Earl Spike say this.

"Vampire? So you really are not human!" Even the enchanted Long Yin was not only shocked there.

Count Na Spike gave a grimace.

"Yes, you guessed it all right, we are indeed not humans!"

After Earl Spike told the truth all of a sudden, the enchanted Long Yin was immediately shocked.

"I heard that there is hatred between you and the evil god, right?"

As Lord Spike of the Gangelo Family suddenly said this, Long Yin stared at him with puzzled eyes and asked angrily: "How do you know?"

"Hey, I not only know, I also know that the reason why you are trapped in this dead kiln mine is because of the son of Cthulhu." Earl Spike continued to say.

When Earl Naspik mentioned Li Tian, the murderous aura of Long Yin's enchanted Long Yin surged.

His hatred for Li Tian can be said to be indescribable.

He wanted to eat Li Tian's meat and drink Li Tian's blood.

"How would you know? How would you know this?" Long Yin roared angrily, and the whole dark tunnel filled the dark tunnel deeply.

Count Naspik smiled and looked at Long Yin in front of him and said: "You Huaxia has a saying, "Know yourself and the enemy!"

"So, since I came to invite you, of course I want to get to know you first."

The enchanted Long Yin heard Earl Spike saying this and suddenly snorted, "Please me?"

"Yes." Earl Spike said.

"Why do you please?" Long Yin said angrily.

But seeing Spike said: "Please join us in dealing with the evil god, as well as his son, Li Tian and others."

After Earl Spike said so, Long Yin not only stood there coldly.

"How do you know that I will definitely help you?" Long Yin said angrily.

Count Spike turned his head to look at Long Yin at the moment and said: "What? Do you want to refuse our invitation?"

Long Yin in front of him did not speak, but raised a pair of extremely cold eyes and looked at Earl Spike and the three vampire members behind him coldly, but saw that the three vampire members were all looks Standing motionless in that cold, pale face.

"If you join us, I promise to let the kid surnamed Li die! I will definitely let him die in front of you." Earl Spike said again.

Hearing the words of Earl Spike, Long Yin remained silent.

In the dark tunnel, everyone is waiting for his answer! Is he a vampire who joined the Gangelo family?

After that Long Yin was silent for about 2 minutes, he suddenly heard Long Yin saying, "Okay!"

"I join you!"

"But, I have one condition!" Long Yin said coldly.

As Na Long Yin said so, Earl Spike laughed strangely.

"Very good! Let's talk, what do you have?"

But seeing that Long Yin said suddenly there: "My condition is that Li Tian, you absolutely can't kill him... I alone can do it! I will kill him personally!"

After hearing Long Yin's offer of this condition, Earl Naspiki not only laughed wildly and said: "Okay, very good, I promise you."

In this way, the enchanted Long Yin joined the Gangaluo family's vampire team.

For Earl Spike, the strength of this enchanted human really opened his eyes, because he had witnessed the extremely terrifying strength of Long Yin with his own eyes, and that strength can be said to have reached the peak of mankind, if he had come. If you help them vampires, then surely the Cthulhu gang of humans will definitely be frustrated.

The Dark Alliance is now, and now the main thing to watch is how Li Tian and Miss Mary should respond!

The cooperation between Li Tian and his brothers and Miss Mary did not achieve the expected results.

The first time they searched for the vampire of the Gangel family, they went all out.

Now they each return to their place of residence and continue to wait for answers.

"Brother Tian, we can't find those bad vampires now, what can we do?" Na Xue Wuhen looked at Li Tian and asked in the room at this moment.

In the room, the brothers were all sitting there one by one, looking at Li Tian.

After experiencing this time, Li Tian was also very depressed to be honest.

The whereabouts of those vampires are ethereal and they have no fixed place. Once they are empty this time, where do you go to find them next time?

But seeing Li Tian also shook his head depressed at the moment and said, "I don't know either."

"The only hope now is that Miss Mary can find other clues!" Li Tiandao.

After hearing Li Tian say this, the brothers on one side sighed there one by one: "Yes, it seems that we can only count on the vampires of the Toredo family."

Just listen to Tang Xiaolong over there saying: "Hey, do you think these western vampires are all undead? Have they lived for a long time?"

"It should be in theory."

"Miss Mary once said that they have immortality, as long as they can absorb blood and gain energy, they can live forever..." Li Tian explained to the brothers.

"My God, it seems that these ancient vampires have some background!" Tang Xiaolong said with emotion there.

"I think the most important thing is that there are many, many, many vampires, my god, didn't Miss Mary once said that there are 13 ancient clans in their blood clan? And each clan has a distinct level..." Xue on the other side Wuhen Road.

Li Tian nodded silently, and frowned slightly, "Yes, Miss Mary said so! But from the current point of view, only two clans of blood have appeared."

"As for the other eleven clans, I am not very clear at present." Li Tiandao.

"Little boss, will the other blood clans come to join in the fun? If they come to us, it will be bad..." Tang Xiaolong said worriedly.

But seeing Li Tian smiled slightly: "Don't worry, I don't think this is possible."

Chapter 1925: Interview with Li Tian

The brothers sighed: "Hope, now these \*\*\*\* vampires are making us scorched. If there are more, it will be really troublesome."

Yes, my brothers are worried.

Now Binjiang City has 4 vampire members of the Gangelo family, three vampires at the bottom and a vampire at the earl level. If there are more vampires, why not? Besides, what if a higher-level vampire comes? For example, the elders... wouldn't it be even more powerful?

Li Tian couldn't imagine it!

Such a dull day was passed silently.

"Dead again?"

"Yes, Miss Mary, this time 6 ordinary humans died in Binjiang City!" In a gloomy residence, I saw the silver-haired Carell whispering to Miss Mary in front of him and telling the outside. Case!

It turned out that in a silent day, a terrible murder happened again in Binjiang City, and more people died this time than usual! Six innocent citizens died overnight!

When Miss Mary heard the bad news, her pale and beautiful face was full of anger.

"Damn it! The members of the Gangelo Family are crazy... They are killing humans like this!" Miss Mary roared.

The silver-haired Karel in front of him said: "Miss Mary, I feel that the members of the Gangelo Family seem to be anxious... as if they are going to grab the key of fate!"

"These cruel things...!" Miss Mary said angrily.

"Carell, do you really think that the key of fate lies in Binjiang City?" Miss Mary asked suddenly.

Na Karel nodded with eyes filled with strange eyes.

"Absolutely!"

"I can invisibly feel the aura radiated by the key of fate...so the key of fate must be in Binjiang City." Carell said.

Karel's perception ability is exceptionally powerful, which is also a unique ability possessed by members of the blood family Bren family

Then Miss Mary said: "But where is the key of fate?"

"Is it really on the human being called Cthulhu?" Miss Mary said.

Karel nodded silently: "Yes, Miss Mary!"

"The key of destiny has been kept in the Vatican Underground Inquisition before. There is a restricted area for our blood family. No matter how powerful the blood family members are, they cannot enter the Vatican Underground Inquisition, but only humans can, more than 20 years ago. , I heard that the character called Cthulhu broke into the underground Inquisition in St. Petersburg, Vatican City, and then accidentally stabbed and seized the sacred key of fate... Later, the Cthulhu went back to the country and disappeared... No one knows about him either."

When Miss Mary heard Carrell say this, not only Liu frowned slightly: "You mean, the person called Cthulhu should be in Binjiang City now?"

But when the silver-haired Carell said, "In theory, it should be."

"It seems that if we can find the evil god, we can get the key of destiny one step ahead of time, and we can destroy the key of evil." Miss Mary said.

Karel with silver hair in front of him nodded deeply and said, "Yes."

"It's just that human being called Cthulhu, how should he look for him?" Miss Mary wondered.

Then Karel thought for a while and said, "That evil \*\*\*\* is human, so I think I should ask Li Tian about them...After all, they are all humans, I think they should know something."

As Carell said so, Miss Mary said: "You are right!"

"I have to find Li... I hope he can tell me something about the evil god." Miss Mary smiled.

Karel stood aside and nodded.

The night is getting deeper and deeper.

It's already October, so the city of Binjiang is very cold right after night. In addition, Binjiang City is already on the river, so the cold wind blows in at night.

I saw a slender figure flying in the street like a ghost in the darkness.

Such a dark night, such an astonishing speed, if a normal person saw it, he would definitely think he had seen a ghost, but such a slim figure was flying towards the place where Li Tian and his brothers stayed.

Li Tian had already rested early that night, and he was almost asleep at the moment.

While he was asleep, a figure suddenly flashed in the dark room.

Li Tian was so alert. Although he was asleep, when the black shadow flashed and disappeared, Li Tian turned up directly from the bed, and then yelled: " Who?"

Following his body, he got up neatly, but saw a slender figure in the middle of the house standing motionless in his room.

"Sorry, it's so late to interrupt you to rest." Suddenly a beautiful and stiff voice came.

Li Tian heard it immediately.

"Miss Mary... is it you?" Li Tian called out in astonishment.

Of course he remembered the voice of Miss Mary, this beautiful vampire girl with Italian descent, although she speaks very neatly in Mandarin, but she is a foreigner after all, so when she spit out Mandarin, she was still slightly rigid, and Li Tianyi Of course you can hear it.

Look carefully at the person standing in the middle of Li Tian's room in the dark, it is the blond Miss Mary, who stands smilingly at the astonished Li Tian.

"You, you, why did you come here?" Li Tian sat up straight and looked at Miss Mary curiously and asked.

But seeing Miss Mary smiled slightly and looked at Li Tiandao: "What? Can I come to see you?"

As Miss Mary said so, Li Tian not only moved in his heart...a little embarrassed.

Miss Mary seemed to realize that her words contained ambiguous meaning, so she smiled and said: "I was joking with you. I came here today because I have something to tell you."

Li Tian heard Miss Mary say so and asked: "Miss Mary, please say..."

"Members of the Gangelo family have slaughtered innocent humans again... Just two hours ago, there were six innocent citizens on the Bund who had their blood drained alive." Miss Mary said.

After Li Tian in front of him heard the news all at once, his eyes suddenly became blood red.

"what?"

"That \*\*\*\* group of vampires murdered again?" Li Tian asked in shock.

Chapter 1926: Midnight people

He and his brothers didn't even know about the deaths in Binjiang City. Now they heard Miss Mary say so. Of course, Li Tian in front of him was shocked, especially when he heard that 6 innocent people died this time. Li Tian was completely stunned there!

"Six dead...6 innocent humans died in one day?" Li Tian muttered with pain in his eyes.

Miss Mary nodded silently and looked at Li Tiandao: "Don't be too sad, after all, things have happened."

But seeing the painful look on Li Tian's face, he clenched his fists tightly: "Damn bastard...damn vampire...why do you want to kill innocent people...why!"

Miss Mary in front of her saw Li Tian's painful look, and said in a slight comfort: "Li, don't be angry, it's normal for them to kill, because if they don't \*\*\*\* blood, their bodies will be exhausted and they will die... "

"So as long as you get rid of the vampires of the Gangelo family, you can truly guarantee the safety of human beings in your country." Miss Mary in front of her said.

Li Tian clenched his fists angrily, and said with blood red eyes: "I will kill them, I will."

Miss Mary looked at Li Tian's blood-red eyes, startled for a moment, and said nothing.

"Li, there is something, I want to ask you a question." After being silent for a while, Miss Mary suddenly looked at Li Tian and asked.

Li Tian eased his anger just now, and then said, "What's the matter?"

"About the key of fate." Miss Mary said.

When Li Tian heard the words of Miss Mary in front of him, he was not only taken aback: "The key to fate?"

But seeing that Miss Mary nodded there and said: "Yes."

"Presumably you also know that members of the Gangelo family came to Binjiang City for the key of fate, because that key is the only key to open the door of the devil." Miss Mary said.

Li Tiandao: "I know this."

Miss Mary then continued: "So now we must first get the key of destiny, and we must get the key in front of the members of the Gangelo family. In this case, the members of the Gangelo family will lose the opportunity... "

When Li Tian heard this, he was depressed and asked, "But the key to fate is not here at all?"

"No, you are wrong! The key to fate is in Binjiang City!" Miss Mary said decisively.

Li Tian was immediately depressed!

You must know that the key of fate was stolen by his father from the underground Inquisition in St. Petersburg in the Vatican. To put it bluntly, the key of fate must be in his father's hands, and Li Tian knew that his father is now a living dead. Far away on the top of the mountain, the legendary old man Wuji guarded him... How could this key of fate be in Binjiang City?

As Li Tian thought about it this way, but listening to Li Tian looking at the sure-speaking Miss Mary, he asked: "How can you be so sure that the key to fate is in Binjiang City?"

Following Li Tian's question, but seeing Miss Mary said: "You may not be clear. In the ancient blood race, a huge part of the members have extremely high induction ability, and this induction ability is something you humans do not have. Have...that's why the members of the Gangelo family came here all the way...come to Binjiang City because they sensed the appearance of the key of destiny!"

"So I'm sure, the key of fate is in Binjiang City!" Miss Mary said solemnly.

Li Tian was shocked when she heard what Miss Mary said.

Could it be true that what Miss Mary in front of you said was true?

Is the key to destiny really in Binjiang City?

What's wrong, isn't this key to fate in the hands of his father? How could it be possible to come to Binjiang City... Could it be that... Could it be that... My father came to Binjiang City?

Li Tian was shocked there!

But the old man Wuji once said that his father had been living dead for decades, how could he come here?

All the questions flooded Li Tian's heart, Li Tian couldn't understand.

There is a question circling in his mind now. If what Miss Mary said is true, then who brought the key of fate to Binjiang City? Could the person with the key of fate be his father? Has his own father really recovered from the living dead...

When suddenly thinking of all this in his mind, Li Tian's heart was thumping.

Miss Mary didn't know the great changes in Li Tian's heart. She looked at Li Tian without talking for a long time, and said, "Li, what I said is the truth!"

"Now I ask you one thing... Excuse me, do you know the human being called the evil god?" Miss Mary asked suddenly.

As the word Cthulhu was mentioned in Miss Mary's mouth, Li Tian's tall body suddenly trembled slightly.

"You ask him..." Li Tian said strangely.

Miss Mary didn't know why Li Tian had such an expression, and said in confusion: "Li, what's the matter with you?"

But seeing Li Tian shook his head, then took a deep breath, raised his eyes and looked at the blonde Miss Mary in front of him and said: "Do you want to know about the evil god?"

Miss Mary nodded earnestly: "Yes."

"Now we know that the key of destiny must be in Binjiang City... If nothing else, the human being called Cthulhu who stole the key should also be in Binjiang City, so we would like to ask you some questions about this human Cthulhu." Miss Mary said.

As Miss Mary said so, Li Tian suddenly smiled bitterly.

"Do you ask me if I understand the evil god?" Li Tiandao.

Then Miss Mary looked at Li Tian's weird smile, nodded suspiciously, "Yes, what's wrong?"

But seeing Li Tian suddenly laughed, he suddenly said, "He is my father! Cthulhu is my father!"

When Li Tian suddenly laughed so wildly and said the result, Miss Mary was instantly depressed, and she looked at Li Tiandao in front of her with a pair of unbelievable beautiful eyes: "What?"

"Lee... you are... you are... the son of the evil god?" Miss Mary said in horror.

But see Li Tiandao: "Yes!"

"You didn't lie to me, did you?" Miss Mary could not believe it at the moment.

Li Tiandao: "Do you think I lie to you? Will I admit my father wrong?"

After hearing what Li Tian said, Miss Mary was instantly stunned.

"Gosh, I didn't expect that evil \*\*\*\* is your father." Miss Mary said.

Yes, Miss Mary would never have thought that Li Tian in front of her was actually the son of the Cthulhu. If that was the case, she would have asked Li Tian about the Cthulhu...and she would not come to Li Tian stupidly.

Now when Miss Mary knew the truth, she saw that Miss Mary said happily: "Since the evil \*\*\*\* is your father, it would be even better. Li, please contact your father and tell him that he is twenty The

key seized many years ago is the sacred thing of the blood race, it is the key of fate...it must be destroyed immediately! Otherwise, once the blood moon comes, the key of fate opens the coffin of the demon, and the whole world will fall into a huge disaster." Miss Mary said to Li Tiandao.

Li Tianyi was almost crying when she heard Miss Mary say this!

How can he contact the evil god?

From the day he remembered, he hadn't seen his biological parents, let alone remembered their appearance... So when the Miss Mary in front of him said that, Li Tian suddenly felt depressed.

"Miss Mary, you may not know my deeds. The only thing I can tell you now is...I can't contact my father at all." Li Tiandao.

As Li Tian said so, Miss Mary frowned deeply, and saw her asking suspiciously: "Why? He is your father, how can you not reach him?"

But seeing Li Tian suddenly laughed bitterly.

He stood there and said silently: "Although he is my father, do you know? I don't even know what he looks like until now." Li Tian said in a disappointed voice.

When Miss Mary heard Li Tian suddenly say this, she was depressed.

"Why? How could it be possible?" Miss Mary asked very puzzled.

But see Li Tiandao: "If you experience my deeds, you will understand all the causes and consequences!"

"Tell you, I haven't seen my father since the day I remembered it. Until now... I always thought he was dead, but then I learned that my father was not dead, he was just murdered... .."

After Li Tian said the truth in this way, Miss Mary's eyes widened, and now she finally knew what Li Tian meant by saying that she couldn't be connected.

I saw her looking at Li Tian, who was full of grief, and said in comfort, "Li, I'm sorry..."

Li Tian smiled and said, "It's okay! I'm used to it."

"Li, although you have experienced a lot of misfortune, I believe you will be well in the future."

"And your father will appear soon, and your father and son will definitely be reunited at that time." Miss Mary said kindly.

Li Tian looked at the boundless darkness and muttered: "Hope...I hope I can see him! Call him father!"

In the darkness, Li Tian's voice is so long...

But seeing that in the darkness, in an unobtrusive corner, when Li Tian's words were uttered, a figure suddenly trembled in the darkness! Taking a closer look, I saw a tall and burly figure standing above Li Tian's roof.

His hair was dangled, and his body was wrapped in black clothes. He stood on Li Tian's roof like a god, listening to the conversation between Li Tian and Miss Mary, and he heard clearly.

How could he appear here?

Looked carefully, but saw that he was carrying a long sword engraved with a flying dragon on his back, and his loose hair was drifting with the cold wind, and an incomparable dominance emerged from his body.

He stood just like that, standing above Li Tian's roof like a protector.

Even Li Tian, whose skill has reached a terrifying level now, can't feel that there is someone on his head! ! !

Chapter 1927: Automatic delivery

"Li, no matter what, I will tell you that the key of fate did appear in Binjiang City, and it is in the hands of the evil god." Miss Mary in front of her suddenly said.

After Miss Mary said this, Li Tian was taken aback.

"what?"

"You said my father is in Binjiang City?"

Miss Mary nodded decisively and said: "Yes, Cthulhu is indeed in Binjiang City."

Li Tian's head suddenly stunned... his father is in Binjiang City? true or false?

You must know how much he wants to see his father in his heart, how much he wants to see him, but Li Tian knows that his father is still seriously injured, how could Miss Mary in front of him be so sure on the top of the remote Tianshan Mountains Where is your father in Binjiang City?

"Impossible...impossible...my father cannot be in Binjiang City!" Li Tian said suddenly.

"If he is in Binjiang City, he will definitely find me...definitely meet me..."

Facing Li Tian's questioning, Miss Mary sighed deeply and looked at Li Tian and said, "Li, please believe me!"

"Although I don't know what is going on between your father and son, I want to tell you, Cthulhu, I personally saw him a few days ago! At that time, he was holding the key of fate. "

"So everything I want to tell you is true, Cthulhu is really in Binjiang City." When Miss Mary said so for sure again, Li Tian was completely speechless.

I saw his body shake suddenly at this moment, and he looked at Miss Mary before him in disbelief.

"You, you, what you said is true?"

"Did you really see my father?" Li Tian asked blankly.

Miss Mary nodded.

"Yes."

Li Tian suddenly became confused.

"How can you be sure that this man is my father... How can you be sure that he is the evil god?" Li Tian asked.

But seeing that Miss Mary said: "Because he personally admitted! And he holds the key of fate in his hand."

As Miss Mary said so, Li Tian was completely speechless.

Really? fake? At this moment, it was such a puzzle question that hovered in his mind.

"Li, what I should tell you, I have already told you everything, now I want you to persuade your father to let him take out the key of fate as soon as possible, and then destroy him! Because only destroy the evil The key of the Gangelo family will leave here, otherwise, they will definitely do everything possible to get the key of fate." Miss Mary said.

Listening to Miss Mary's words, Li Tian stayed there blankly.

The only question in his mind now is his father!

Is Cthulhu really in Binjiang City? This is Li Tian's biggest concern so far...

Looking at Li Tian's dull face, Miss Mary knew that Li Tian had no intention of listening to her. She glanced at Li Tian in front of him, and Miss Mary sighed helplessly and said, "Li, I know you are in a mess right now. I won't disturb you..."

After she finished speaking, Miss Mary glanced at Li Tian who was standing motionless, and suddenly her figure flashed outside the room.

After reaching the darkness, Miss Mary looked at Li Tian hesitantly one last time, and then her figure suddenly disappeared.

In the room, I saw Li Tian standing there alone, his eyes were looking at the endless darkness, and his mouth muttered, "Is everything true? My father is really in Binjiang City." Huh?"

"If he is truly born, why not come to see himself?"

"Why..." Li Tian didn't know the answer, he just stayed in the room in a daze.

But at the moment, on the roof of Li Tian, the tall and burly figure is standing against the cold wind, and his beard-filled silhouette with a guilty mood on it, watching Li Tian below.

Suddenly he let out a long sigh, and his body flew up suddenly, floating towards the distance.

The tall figure disappeared after two ups and downs in the darkness.

What about Li Tian? But he didn't notice the dark figure on the roof.

Miss Mary returned to his and Carrell residence with a sad mood.

When they returned, the silver-haired Carrell and Danny were waiting for Miss Mary. After seeing Miss Mary coming back, they hurried forward.

"Miss Mary, how's it going? Lee, did you agree?" Carell, who only listened to a silver hair, looked at Miss Mary and asked.

But seeing Miss Mary, her expression was not so optimistic, she sat down and said, "Lee, I am in a bad mood now... so I didn't make a decision."

When Carrell heard what Miss Mary said, he not only asked in confusion, "What's the matter? Miss Mary?"

Following the question of Karel in front of him, Miss Mary said, "Hey, do you know? So the evil \*\*\*\* is Li's father!"

what!

When Miss Mary suddenly said this, Carell and Danny in front of them were all depressed.

"What? That evil \*\*\*\*\* is Li's father?"

"No... Such a coincidence?" Karel said incredulously.

But seeing Miss Mary said: "It is true, that evil \*\*\*\*\* is indeed Li's father!"

"I didn't know this at first, but after I told Li about Cthulhu, Li's expression changed strangely. After I finally asked about it, I realized that Cthulhu was his father." Miss Mary Tao.

Hearing what Miss Mary said, Karel was shocked.

"Miss Mary, if that evil \*\*\*\*\* is really Li's father, wouldn't it be better...Let Li find his father, and then persuade his father to hand over the key of fate, isn't it all right?" Carrell said.

But seeing Miss Mary said: "Things are not as simple as imagined!"

"Although Cthulhu is Li's father, do you know? Li has never seen his father since he was a child. To put it bluntly, their father and son are just like strangers... and Li doesn't even know about his father in Binjiang. I told him all this." Miss Mary said.

After Miss Mary said so, Carell was depressed.

"It turns out that everything is like this..." Karel murmured in that mouth.

"So, Li, he is also in a confused stage now, he doesn't even know where his father is?" Carell said.

Miss Mary nodded and said, "Yes."

"Now the problem is here. No one knows where the evil \*\*\*\*\* is. If we can find him in advance and persuade the evil \*\*\*\*\* to hand over the key of fate and destroy it quickly, that would be great." Miss Mary said .

Karel sighed deeply: "Hey, but it's not easy to find that evil god..."

What Carell said is not bad!

Although they had seen the evil \*\*\*\*\* before, it has been so long now... they didn't even know where the evil \*\*\*\*\* was! The only thing I know is that the Cthulhu is still in Binjiang City, but I don't know where he is... and now the vampires of the Gangaluo family are also looking for this evil-god, if once the Gangaluo family members are the first to find the evil If you do, the consequences would be unimaginable!

At this moment, Miss Mary, Carrell and Na Danny were all in the room, thinking deeply about the next step.

But when they were all staying in the room thinking about how to find the evil god, the door of the room that was closed tightly was suddenly blown open by a blast of cold wind at this moment, but with a click, follow. As the door was blown open, suddenly a tall and burly figure appeared in the darkness ahead.

Danny of the Toledo family roared: "Who?"

Then the long fangs in his mouth suddenly stretched out, his fingers spread out, and the vampire's tyrannical aura was exuding in his eyes, looking at the figure not far ahead.

And Carrell and Miss Mary also saw the dark and burly figure not far away.

Who is he? How come here suddenly to the Torrido family's territory!

"Didn't you always want to find me?" In the cold wind, he heard a calm word from his mouth.

After he said this sentence, he saw his figure.

He has messy hair, and his face is covered with beards, but even so, it is difficult to conceal his inherent domineering aura.

On his back was a three-foot-long sword, a sword engraved with a flying dragon.

The whole person was standing motionless in the cold wind, looking sharply at Miss Mary and Carrell in front of them.

"You, are you a Cthulhu?" A word suddenly screamed from Na Karel's mouth.

Then he saw clearly the face of the evil god!

Yes, he is indeed a world-renowned evil god!

The man who used to be the best!

"Cthulhu!" Even Miss Mary was instantly astonished. She never thought that the Cthulhu would automatically find them!

At this moment, Miss Mary, Carrell, and Na Danny were shocked after seeing the coming of the evil god.

But seeing the evil \*\*\*\*\* walking towards the vampire room of the Torrido family in front of him, he was not afraid, as if he had walked into a familiar place.

After the evil \*\*\*\*\* in front of them walked into the room of Miss Mary and Carrell in front of them like this, Miss Mary, Carrell and Danny all looked at the sudden visitor in surprise.

"You, why are you here?" The strong man Danny in front of him suddenly questioned.

But after seeing the Cthulhu walking in, he suddenly raised his sharp eyes and glanced at the nearby vampires such as Danny, Carrell and Miss Mary, and said, "Aren't you looking for me all the time?"

"What? I come to you automatically now, isn't it good?" Cthulhu sneered.

Chapter 1928: Cthulhu's decision

The sudden appearance of Cthulhu is indeed too weird!

How could he suddenly come to Miss Mary from the Torrido family? Why?

After the Cthulhu appeared, although Na Karel and Miss Mary were shocked, it was clear that they were still quite excited.

Because they wanted to find the evil \*\*\*\*\* from beginning to end, and now that the evil \*\*\*\*\* finally appeared in front of them, they were of course extremely happy.

However, Miss Mary still looked at the Heretic God questioningly: "You, why did you suddenly come to us?" After she finished speaking, she raised a pair of beautiful eyes at the Heretic God staring in front of her.

But seeing Cthulhu said: "Because I began to believe in you."

"Trust us?" Miss Mary was not only startled when she heard the words of the evil god, but obviously she didn't understand the meaning of the evil god.

"Yes."

"Don't you vampires always want that key of fate?" The evil \*\*\*\*\* said suddenly there.

As he said, that Miss Mary and the silver-haired Karel glanced at each other, then raised her unbelievable eyes and looked at the evil \*\*\*\*\* in front of her unbelievably: "You, what do you mean... Are you ready to give us the key of destiny?"

"Not bad!" The cold words suddenly came out of Cthulhu's mouth.

As Cthulhu said so, Miss Mary and Carriton became excited!

My God, I didn't think that Cthulhu really wanted to hand over the key of fate and give it to Miss Mary of the Torrido family!

"Great." A word came from Miss Mary over there.

To know that this key of destiny is of great significance to the blood race, and now the Cthulhu actually wants to give them the key of destiny, of course they are extremely happy!

"Although I don't know what secret this key of destiny conceals, or what use this key of destiny has for you vampires, I want you to promise me a little bit." The evil \*\*\*\*\* suddenly said in a cold voice. .

After Cthulhu said so, Miss Mary said while still having Carriton in front of her: "Please say..."

"I want you to promise me that once I give you the key of fate, you must leave our country as soon as possible!" Cthulhu said.

"That's the requirement?" Miss Mary asked suspiciously.

But seeing the evil \*\*\*\*\* nodded indifferently.

"Yes."

"Too many innocent people have died here... I don't want to see more innocent people sacrifice..." Cthulhu said.

Listening to what the Cthulhu said, then Miss Mary finally understood the good intentions of the Cthulhu, it turned out that he didn't want to see more innocent humans die!

After thinking about it, Miss Mary nodded seriously and said: "Okay, we promise you! This condition, don't worry..."

"As long as you hand over the key of fate to us, we will surely destroy this ominous thing as soon as possible...At that time, the vampires of the Gangelo family will naturally not stay here." Miss Mary said.

After Miss Mary said so, the evil \*\*\*\* stood there coldly.

In front of her, Miss Mary of the Torrido family, Nakariel and Na Danny were all staring at the evil \*\*\*\* without blinking, waiting for him to take out the key of fate.

Suddenly the Cthulhu's hand was activated, and he slowly stretched towards his neck, and was shocked to see an ancient Western key hanging between his neck.

The key gave people an extremely strange feeling, and the bronze key was slowly taken from the neck of the evil god.

The key of destiny.

When the key of destiny appeared in the hands of the evil god, Miss Mary, Carrell and the strong man Danny all opened their eyes and looked at the key of destiny in the hands of evil \*\*\*\* without blinking.

"Here you!" Suddenly the evil \*\*\*\* stretched out his hand!

In the palm of his hand, it was the relic of the blood family that had been preserved for thousands of years, the key of fate.

Miss Mary looked at the key of fate in the hands of the evil god, paused, and then walked over step by step.

Her steps are very cautious, as if the thing to be taken over is something extremely precious.

As Miss Mary approached the evil \*\*\*\* step by step, she slowly stretched out her hand, and then picked up the key of destiny in the palm of the evil god!

The key to the fate of the relic of the blood family for thousands of years has finally reached the palm of Miss Mary's hand.

After reaching the palm of Miss Mary's hand, Miss Mary only felt the key of fate in her hand as heavy, which invisibly increased a lot of pressure in her heart.

"The key of destiny, I have handed it to you... I hope you can promise your promise as soon as possible!" The evil god's tall body stood there looking at Miss Mary.

Miss Mary nodded and looked at Cthulhu: "Don't worry! My Mary will definitely do what I say."

"That's the best!" Cthulhu said.

"I have one thing, I want to ask you! How did you get this key of fate from the Inquisition in St. Petersburg, Vatican City?" Miss Mary looked at the evil \*\*\*\* curiously and asked.

Cthulhu's tall body was standing in the middle of the house, and after being asked by Miss Mary, suddenly laughed loudly.

The thick laughter shook his tangled hair up, and a wave of invisible domineering came out of him.

"It's better not to mention the old things many years ago..."

"I should be going!"

As Cthulhu finished speaking, he really took steps to leave alone.

"Wait." Miss Mary called out again.

After hearing Miss Mary's cry, the evil \*\*\*\*\* carrying the dragon sword on his back slowly stopped.

"Is there anything else?" the evil \*\*\*\*\* asked coldly.

I saw that Miss Mary thought for a while and said: "You, you, why don't you want to see your son, Li?"

"He is your son, he has always wanted to see you, why do you keep hiding from him? Keep hiding yourself?"

After Miss Mary asked such a sentence, the tall body of the evil \*\*\*\*\* suddenly trembled slightly at this moment. In the cold wind, his burly figure was slightly bleak and lonely.

He did not look back, nor immediately answered Miss Mary's question and answer, but was silent in the cold wind.

Suddenly he heard him say without looking back: "One day, Tian'er will naturally understand what I have done!"

When the Cthulhu spoke such an inexplicable word, his tall and lonely figure had already flew up, and the two ups and downs disappeared into the endless darkness.

Cthulhu left like this!

Looking at the disappearance of the evil god, Miss Mary's eyes looked at the place where the evil \*\*\*\*\* disappeared, and she murmured: "This man is really strange..."

Chapter 1929: Incinerate

Karel here, where is Danny? They didn't have much interest in Cthulhu, and the two of them were most concerned about this key of fate.

At this moment, both of them were betting on the "Key of Destiny" in Miss Mary's hand, and saw the ancient bronze key of destiny held in his hand coldly, exuding a weird light.

"This, this, this is the legendary key of fate? The key to open the devil's coffin?" The strong man Danny opened his eyes wide and looked at the key in Miss Mary's hand in disbelief.

Miss Mary looked down at the key of destiny in her hand at the moment, and said: "Actually, I don't know whether this key is true or false, but I believe in the evil god, he should not lie to me."

"Miss Mary, please let me take a look at this key of destiny." Na Karel said suddenly.

Miss Mary knew that Karel had a unique ability to sense, nothing else, because Karel was the most unique among the thirteen blood clan: a member of the Buren family.

So Miss Mary slowly passed the Key of Destiny in her hand to Karel over there.

But seeing that Karel took over the key of fate, his eyes full of weird light, carefully looked at the bronze key of fate in front of him.

After watching carefully for a while, Na Karel suddenly said, "Miss Mary, this is true."

"This is indeed the relic of our blood for thousands of years: the key of destiny."

When Karel confirmed the truth, Miss Mary became excited.

"Great, now the key of destiny has finally reached our hands." Miss Mary said.

The strong man over there said: "Yes, Miss Mary, just in case, let's destroy this \*\*\*\* key as soon as possible."

Miss Mary nodded decisively.

"Danny is right."

"This key of fate is the origin of the disaster, so it must be destroyed as soon as possible."

"Carell, Danny, you come with me!" Miss Mary said suddenly there.

As Miss Mary said so, Carrell and Danny quickly followed Miss Mary in front of them to the place inside. No one knew what Miss Mary was going to do.

After Miss Mary arrived in the inner room, she suddenly turned around and looked at Carrel and Danny in front of her.

"Now, the key of destiny is in our hands. The only thing we need to do now is to destroy the key of the devil. I must know the ancient history of this key, and at the same time, you also know that if we once Destroyed this evil key, then other blood races will definitely be aware of it, especially the Gangaro family. If once the key is destroyed, I believe the blood race war will come soon... Therefore, I want you here Two oaths to destroy this evil key."

After Nakariel and Danny heard Miss Mary say so, they looked at each other, and then raised their left hands together.

"We swear... Regardless of the wars of the kinsmen, our members of the Torrido family must protect the peace of mankind, and must be the enemy of darkness, and will remain unswerving until death.

After Na Karel and Danny made the oath like this, there was a smile on Miss Mary's solemn face.

"Okay, it's okay now!"

"Now we can destroy this evil key." Miss Mary said with a smile there.

Karel said: "This key of fate is made of bronze, and there are blood stains of other blood lords on it. Once it is to be destroyed, it must be melted into the endless flames and burned with fire, so that it can truly Destroy this key."

After hearing what Carell said, Miss Mary said, "What are you waiting for? Let's start destroying this evil key now."

After Miss Mary said so, Karel and Danny in front of them walked towards the fireplace in the middle of the house.

There was a raging fire on the other side of the fireplace. The fire was burned with alkoxy, so the temperature was extremely high.

After Miss Mary, Carell and the strong man Danny arrived by the burning fireplace, Miss Mary slowly lifted the bronze key of fate in her hand.

She glanced at the blazing flame, and without a trace of hesitation on her face, she threw the key of fate in her hand into the flame!

Will the key of fate really be destroyed by Miss Mary and others like this?

But it was said that as Miss Mary threw the key of fate in her hand into the endless flames, both Carell and Danny blinked carefully and looked at the key of fate in the fire.

But seeing that the key of destiny was burning little by little in the fire... But strangely, the key of destiny did not react at all.

Looking at the key to fate that didn't react at all, Danny was depressed.

Saying there: "Miss Mary...Look, that evil key can't be melted at all?"

Miss Mary is also frowning deeply at this moment, looking at the key of fate that has been burnt red, but unfortunately it has not been melted, as if the key of fate in front of you is one no matter how high the temperature is. An impossible thing.

"How could this be?" Miss Mary was shocked.

Originally, she wanted to destroy the evil key, but now it seems that burning the key with flames is futile.

Then Karel looked at the key of destiny in front of him curiously and depressed there.

"Can the flames really burn this evil key?" Miss Mary said in shock.

Yes, judging from the current state, it is completely impossible to melt this evil key of fate with flames!

Because everyone can see that the fire has no effect on the key of fate.

"Miss Mary, what should we do? How can we destroy this evil key?" Danny over there looked at Miss Mary silently and asked.

But seeing Miss Mary frowning deeply in silence.

After a long time, she slowly lifted her pretty face and said: "It seems that we can only return to our family with the key of fate...I believe my father and the elders should know how to destroy this evil key."

As Miss Mary said this, the strong man Danny asked, "Miss Mary, you mean, shall we go back to the family? Leave here?"

Mary nodded silently: "Now there is no other way! The only way to do this..."

"The members of the Gangelo family are already eyeing...If I guess right, they must have sensed the floating of the key of fate...so we must leave here as soon as possible!" Miss Mary said.

Chapter 1930: All the girls come

Na Karel also said at the moment: "Miss Mary said nothing wrong!"

"The members of the Gangelo family must have felt the floating of the key of destiny... and they may have guessed that the key of destiny is in our hands."

"Then make arrangements like this, we will prepare to return to the family as soon as possible." Just listen to Miss Mary last.

The burning of the key of destiny has completely made the members of the blood family feel the floating breath.

Because the key of destiny is the first generation of blood sages who poured blood on the key of destiny, and these descendants of vampires are all descendants of the blood sages, they are afraid of flames, once they throw the key of fate into it. When burning in the flames, most vampires can feel the floating breath.

And now, did the vampires of the Gangelo family near Binjiang feel it?

I saw a few tightly fastened coffins in a dark residence, and at this moment, I suddenly saw the huge coffin in the middle made a loud bang, following the violent shock. There was a sound, and a body flew out of it suddenly and stupefied.

Take a closer look, it is the Count Spike, who is extremely pale and bloodless!

How could he come out of the coffin? And the complexion is so ugly?

But he said that after the Earl of Spike came out of the coffin, all the three coffins beside him made a sound at this time, and then they saw three figures suddenly flashed out. They were all Gunge. The vampire of the Luo family.

"It's not good!" Three cold words came out of Count Spike's mouth instantly.

"The \*\*\*\* gang from the Torrido family have gotten the key of destiny one step ahead of time." A sentence came out of Count Spike's mouth again.

Oh my God, this demon actually knows, knowing that Miss Mary has obtained the key of fate.

How would he know?

It turned out that Earl Spike, who was resting in the coffin just now, suddenly felt a flaming pain in his heart during the burning of the key of fate, and this feeling foreshadows it. Obviously someone moved the key of fate!

How smart is Earl Spike. He doesn't need to think about it. He must have obtained the key of fate on Miss Mary's side, and must use flames to destroy the key, because only flames can truly destroy the relics of the blood. .

But he said that when Earl Spike suddenly said this, the vampire under him also paled and said: "His Royal Highness, we must immediately chase the members of the Torrido family, and we must \*\*\*\* back the key of destiny."

Count Spike was full of murderous intent, staring at the darkness before his eyes.

"Since they want to die, then I will fulfill them!"

"Find the breath... You must find out the whereabouts of Mary's gang in the shortest time." Earl Spike looked at the dark sky and roared there.

The hunt really started.

The battle between vampires and vampires is about to begin.

What about Li Tian?

Ever since Li Tian heard Miss Mary tell him about his father's deeds, Li Tian seemed stunned.

He doesn't know whether what Miss Mary said is true, let alone whether his father is really in Binjiang City?

He was confused now in his mind!

He doesn't know who he should believe now. The old man Wuji once said that his father was far away on the top of Tianshan Mountain... But now Mary actually said that his father is in Binjiang City?

Li Tian was stunned.

Li Tian didn't go out much on this day.

The brothers didn't know what happened to Li Tian, let alone why Li Tian locked himself in the house.

"Little boss, what's the matter?" Tang Xiaolong, who was worried about Li Tian outside the room, asked suspiciously.

"The little boss was fine yesterday, why is he suddenly unhappy? He also shut himself in the room." Tang Xiaolong in front of him continued.

Xue Wuhen beside him also shook his head blankly, saying that he didn't know.

"Li Tian must have something happened." Chen Qiaozhi said aside.

"What happened to Brother Tian?" Xue Wuhen asked.

Chen Qiaozhi sighed and said: "This question can only be asked Li Tian."

"But I hope he can get better as soon as possible...because we have to deal with those \*\*\*\* vampires." Chen Qiaozhi said last.

After speaking, he glanced at the door that Li Tian was closing tightly, sighed helplessly, and then left.

All day, Li Tian did not come out of the room.

The brothers didn't know what happened to Li Tian, let alone why he was like this.

When I arrived at noon, I suddenly saw two military vehicles of the North China Field Army parked at the gate of the police station.

After the two North China Field Army military vehicles suddenly stopped at the gate of the police station, I saw two fully armed soldiers first came out of the vehicle, and then looked again, but saw a few beautiful shadows. Stepped out of the military vehicle.

Take a closer look, it turned out to be the beautiful Situ Ningbing, Duanmuying, and Ouyang Shiqing, and Tang Feifei and other women, and the last place was followed by the ecstasy with a broken hand. , Situ Xuan!

OMG, these women and Situ Xuan came to Binjiang City!

"It's here, right?" After the girls got out of the car, Mu Ying asked with her beautiful eyes.

Today's Duanmuying is very casual. She is wearing pink sportswear up and down. No matter how she looks, how beautiful and glamorous, behind her is the little girl ring.

After Duanmuying asked, Situ Ningbing blinked her beautiful eyes and said, "It should be here."

"Go, let's go in and ask."

Situ Ningbing, who was talking, walked in front, bringing Duanmuying and Ouyang Shiqing and other girls towards the police station in Binjiang City.

After they walked in, they happened to run into a few policemen who came over here.

When the policemen saw such a beautiful Situ Ningbing and other women, their eyes were straight, as if they were dumbfounded.

"Hello, may I ask, is Li Tian here?" Situ Ningbing, who walked forward, looked at the police officers politely.

After Situ Ningbing asked, the police reacted.

"Who? Li Tian?"

"Are you looking for Li Tian?" those policemen questioned.

Situ Ningbing smiled and nodded and said, "Yes."

"He's here, he's..." During this time, the police station gang knew Li Tian's name and knew that Li Tiannai was the head of Wang Zhen and his brothers.
