

A Killer 1941

Chapter 1941: To ashes

He is a vampire after all, with an immortal body.

I saw that after Danny stood up, his eyes became those of a vampire, and at the same time the long pointed fangs suddenly stretched out of his mouth, and the whole person roared there, facing him, standing motionless. The man called the dragon in front of him!

Look carefully at the dragon that attacked Carrell and Danny.

He turned out to be a human!

He is the enchanted Dragon Yin!

Looking closely at Long Yin, his eyes were filled with endless murderous aura, and his whole body was completely enveloped by demonic aura, layer by layer, with Karel and Danny staring in front of him.

Na Karel and Danny, never thought that this ***** Earl Spike would let a human with such a heavy devilish energy to deal with them, and he was stunned.

"Who is he?" Carell asked in shock.

But they don't even know.

The only thing that can be seen is that Long Yin's murderous steps step by step towards Karel and Danny.

Seeing that there is no way to go back, Carell and Danny can only fight.

But seeing the vampire Danny of the Toredo family, his body flashed to the back of Long Yin, and his two cold claws slammed towards Long Yin's head in terror.

But what about Long Yin? Faced with such a quick attack by the vampire Danny, he did not evade, flipped his right hand, and the whole person whirled, directly pinching Danny's cold arm.

After Na Long Yin pinched Na Danny's arm, Danny the vampire only felt a scorching tingling sensation from the arm...

what

A scream of scream came out of the mouth of the vampire Danny, his scream was so stern, so painful.

Suddenly, his entire arm was burnt and changed shape instantly.

"silver!"

"Silver nitrate!" Karel was shocked when he saw that Danny's arm was almost destroyed by Long Yin.

It turned out that Earl Naspik deliberately covered Long Yin's hands with silver nitrate, so that Danny's undead body was so terribly injured. Of course, this was also to kill Miss Mary and the group of vampires

When Karel saw that Danny was about to be burned to death by silver nitrate, he roared and rushed to rescue Danny desperately.

Na Long Yin saw Karel rushing forward, his left palm changed slightly, and a turbulent devilish energy hit Na Karel.

Karel only felt a strong qi hitting his face door, and suddenly his body flashed, quickly out of the way, and then suddenly grabbed the dragon with one hand.

Although Long Yin was extremely powerful, he was a human being after all, and of course there was no way to compare with a vampire.

Seeing Karel attacking again, Long Yin suddenly released the painful Danny with his right hand, then switched his palms and quickly attacked Karel in front of him.

Karel flashed flexibly, wandering through the dark room.

The momentary weird changes in his eyes, as he flew towards that Long Yin at a speed, his eyes instantly turned into a strange red color, and then the whole person quickly bullied the Long Yin in front of him.

"Dragon, don't look into his eyes!" Suddenly when Karel wanted to get close to Long Yin, the Earl Spike here suddenly called out.

Karel is the most unique descendant of the Bren family of the blood clan, so he has unique abilities, and his unique abilities are his eyes. His eyes are forgotten, confused, blinded, and so on.

Function... After any human or vampire sees his eyes, his mind will be controlled by Karel for a short time. This is of course the real reason why Karel's eyes changed in an instant.

However, after hearing the reminder from Earl Spike, Na Long Yin suddenly turned his head to the left, and his palms instantly smashed into Na Karel's chest.

Karel didn't expect that the damned Earl Spike would remind Long Yin in front of him at this moment, but now he has no way to retreat.

But hearing a bang, Long Yin's terrifying palm force directly hit the silver-haired Karel's chest.

With a bang, Karel's body was shocked to fly, and then suddenly he let out a miserable scream, and his whole body was shaken to the ground.

At the same time, because Long Yin's palm was covered with silver powder, after Na Karel took a heavy palm, his chest seemed to be burned by fire, and the pain was unbearable.

At this moment, Danny and Carell were already seriously injured.

Because of Long Yin's terrifying power and the silver powder coated on his palm, Karel and Danny in front of him are even more not his opponents.

The Earl Spike in front of him looked at all this with a grinning grin on his lips.

"Carrel, can you give me the key of fate now?" Earl Spike stepped forward step by step, looking at Carrel who was trembling on the ground.

Karel's chest was painful and uncomfortable, and his whole body choked on the ground, but one of his hands was always grasping the brown leather box in his hands.

Count Naspik certainly noticed this detail. At this moment, his eyes were suddenly placed on the brown leather suitcase in Na Karel's hand, and he walked over step by step.

"Asshole...Don't even want to get the key of destiny." When Danny the vampire over there saw Earl Spike trying to **** the brown box in Karel's hands, he suddenly rushed over to stop him.

It's a pity that just when he lunged, Long Yin suddenly arrived directly in front of him. One hand pinched Danny's neck like a ghost, and the silver powder in his hand also began to corrode Danny's. Body neck.

Danny was scorched by silver powder and screamed...

His face was distorted, and his body was trembling, but it was a pity that Long Yin did not let go from beginning to end.

The silver powder coated on his hand slowly burned Danny's neck in front of him, and then the entire head and body.

Finally, Danny stopped screaming because his body had been reduced to ashes!

His entire body was completely corroded by silver.

died.

Danny, the vampire of the Torrido family, died in Long Yin's hands like this!

He didn't even have a dead body, his whole body turned into a mass of ashes.

Looking at Danny who had just turned into ashes, Karel called out in pain.

"Danny!"

It's a pity that his voice is so weak.

Earl Spike glanced at the ashes of Danny, his brows not only frowned, and then he walked towards Karel in front of him step by step.

Chapter 1942: Night of death

Karel was unable to fight back. After Earl Spike came over, he snatched the brown leather suitcase in his hand.

Karel could only watch the brown leather suitcase in his hand being snatched by Earl Spike!

After the brown leather suitcase was snatched by Earl Spike in front of him, he saw Earl Spike slowly opening the box with a smile. After opening, he saw an old bronze key appearing inside.

The moment he saw this key, Earl Spike's eyes instantly brightened.

"The key of destiny!"

"I finally got it... I finally got the relic of the blood clan." Earl Spike laughed weirdly there like crazy.

The terrible laughter penetrated the entire night.

"You will definitely die! Your Gangaro family will surely perish!" Karel yelled a vicious curse in front of him.

But seeing Earl Spike, he didn't even look at him... He just turned around with a smirk, and said to Long Yin behind him: "Kill him!"

After speaking, he suddenly turned and walked outside.

And what about the devilish Long Yin?

At this moment, he walked towards Karel in front of him like a ***** of death.

Karel knew he was going to die, he knew he was in a catastrophe today, he only slightly closed his eyes, waiting for death.

I saw Long Yin's palm covered with silver powder lifted up, and slammed Karel's head in front of him.

The terrible palm force directly slammed Na Karel's head to the ground.

The corrosive power of the silver powder gradually caused his entire head to slowly corrode... Gradually the corrosion began to spread to his whole body, and within a few seconds, Karel's entire body had turned into a pile of ashes.

Carrell and Danny are dead, and even the key of fate has been snatched by Lord Spike from the Gangelo family.

At this moment, Earl Spike, who was standing in the dark, was holding the thousand-year relic of the blood family: the key of fate, and the light of endless slaughter of sentient beings flashed in his eyes.

"The Gangelo family is going to revive the glory of the year. Once the blood moon comes, open the immortal coffin, our blood lord of the Gangelo family will be born...At that time, the whole world will become a scorched earth!"

The arrogant roar sounded in the dark and unbounded night.

Darkness filled his body violently.

At this moment, the vampire of the Gangelo family standing under him suddenly walked to Count Naspik: "Your Royal Highness, something is coming."

Earl Spike suddenly showed a weird smile.

"I've already noticed it."

"she is back!"

she was?

In the darkness, I saw a black shadow flying towards here at a speed like a ghost.

She is the only Miss Mary living in the Torrido family.

Miss Mary was horrified and worried all the way, because she could smell the ***** and violent breath of the Gungro family vampire along the way.

Now her only hope is that Carrell and Danny can hold on, and can hold her back.

I saw Miss Mary running back from the darkness desperately.

Finally, Miss Mary came back.

When she came back, she smelled the **** and violent vampires around her, but she couldn't take care of that much anymore, she was now bent on finding Karel and Danny.

"Danny, Carell!"

After returning, Miss Mary shouted in the dark, and walked towards the room while exclaiming.

After she walked in, she saw that the room was in a mess, it was clear that she had just fought, and there were the shadows of Karel and Danny in this room...

When Miss Mary in front of her saw this place, her heart not only thumped.

"Danny, where's Carell?"

Miss Mary shouted all at once in the room.

Just as Miss Mary yelled out, a ghastly laugh came from all around.

With that terrible voice, Miss Mary in front of her was stunned!

Then he turned his head in shock and saw that, outside the room, Earl Spike of the Gangro family, and three vampires behind him, and beside them stood a human being, a strangeness exuding endless demonic power. Humanity!

"Spike!" Mary roared out the moment she saw Spike.

Then her eyes saw the brown box that Count Spike was holding! The moment she saw the brown box, Miss Mary screamed badly. It seems that the key of fate has been taken away by the **** Gangelo family vampire!

But since the brown box has been taken away by Lord Spike of the Gangelo family, what about Carrel and Danny?

Where are they?

"Spike, Carrell and Danny, where are they?" Miss Mary roared in front of her with blood-red eyes.

But seeing Earl Spike in front of him suddenly smiled.

He pointed his finger at the place on Miss Mary's left, and said with a gloomy smile: "Mary, don't you see the ashes next to you?"

With the words of Earl Spike, Miss Mary was instantly astonished.

Then she slowly turned her head back, looking at a pile of ashes on the side... the whole person was stunned there instantly!

Carell and Danny are dead?

Are they all turned to ashes?

Miss Mary screamed there suddenly in pain.

"Mary, Carrell and Danny are all dead, now you are the only one left, hehe, do you still want to fight me?" Earl Spike said with a grinning smile standing there.

At this moment, Miss Mary's eyes are all blood red, she is angry, she hates.

I saw that Earl Spike ignored her, and continued to say: "The key of destiny, I have already got the key, now should I deal with you?"

"Mary, tell me, how do you want to die?" Count Spike looked at the miserable Miss Mary.

That Miss Mary was already disheartened, and there was hatred in her body, endless hatred.

"Spike, you bastard! I'm going to kill you!"

Following Miss Mary's roar, she rushed towards Earl Spike like a madman.

Earl Spike is the bloodsucking earl of the Gangelo family. How could he be hit by Miss Mary, but seeing that as Mary rushed, Earl Spike had already reached another position with the flash of his body.

Standing there sneered at Miss Mary and said: "Just because you want to kill me?"

"I tell you Mary, this time I will not only kill you, but also your entire family of Toledo, I will destroy them all, and I will let your Toledo family disappear from the history of the blood clan I want to destroy your entire clan!"

"When my Gangaluo family is in glory, it will be the day when the whole blood clan rises. At that time, the scorching sun will be swallowed by darkness, and the world will become a piece of blood!"

Chapter 1943: he came

Words like evil spells roared from the mouth of Count Spike.

Then Miss Mary knew that she could only fight to the death, and now Carrell and Danny had been reduced to ashes, but she was the only one left.

She will fight desperately.

Miss Mary rushed towards Count Spike of the Gangelo family in front of her like a madman.

As she leaped over, she yelled: "I want you to die... I want to kill you bastard."

As Miss Mary rushed forward, he saw only a sneer at the corner of Earl Spike's mouth, and his body did not move.

And Long Yin, who was one meter away from him, suddenly moved at this moment.

With a bang, Long Yin stretched out his left palm and forcibly accepted Miss Mary's move.

When Miss Mary's attacking tactics were suddenly blocked by Long Yin, she immediately roared, and another slender hand rushed towards that Long Yin's head.

What skill is Long Yin? How can you be seriously injured by Miss Mary in front of you?

I saw Long Yin's right hand turned quickly, and his left palm cut straight into Miss Mary's neck.

Miss Mary saw Long Yin attacking at an extraordinary speed, and her body suddenly disappeared quickly.

Then swish suddenly appeared behind that Long Yin, and then attacked Long Yin in front of him.

But when Miss Mary suddenly appeared behind that Long Yin, Long Yin's back looked like eyes, and he didn't even turn his head back. The left hand flew directly, bursting out from the palm of his hand. The sturdy breath hit Miss Mary's shoulder suddenly.

With a bang, there was a cry of pain from Miss Mary's mouth, and the whole person was knocked out by Long Yin, and then fell to the ground.

Miss Mary was hit on the ground hard, she got up with difficulty, her pretty face was pale and ugly, and her eyes were filled with endless anger.

She didn't know who was this terrifying human being full of demons in front of her?

But she can definitely feel that the devilish guy in front of her is the most powerful guy she has ever seen.

"Mary, if you beg me, I might let you go once." Earl Spike suddenly smiled and looked at Mary's plump body.

His eyes are full of evil and obscene.

Miss Mary was even more annoyed when he saw that Spike insulted herself so much: "You bastard... you will die."

Count Spike gave a weird smile; "Hmph, it seems that you are really not being praised, since you want to die, then I will fulfill you."

"Dragon, get rid of her quickly."

Spike finally said impatiently.

After receiving the order, Long Yin coldly spit out the word "En!"

Then the eyes with endless demonic energy stared at Mary in front of her viciously, and then walked towards Miss Mary in front of her like a death messenger step by step.

Mary already deeply knew the terrible human beings, and she didn't dare to care about it right now.

Long Yin made a sudden move, and attacked her fiercely and viciously in front of Mary. The devilish energy from his whole body filled his whole body like a layer of fog. All braved surgingly.

Mary dodged, avoiding the attack of Long Yin.

But Mary is not Long Yin's opponent in front of her after all.

What's more, Long Yin's hands are coated with silver powder that vampires fear most.

After a few rounds, Mary was in danger, and she was almost hit by Long Yin's terrifying palms covered with silver powder several times.

Suddenly in the midst of the fighting between the two, Long Yin suddenly increased his devilish energy, and his eyes full of killing flashed with terrible evil light, and his palms cut towards Mary like a knife.

Marie stretched out and quickly wanted to dodge, but just as Marie's body just moved and wanted to dodge, that Long Yin suddenly attacked her with another hand.

Miss Mary can't avoid it now.

But with a bang, the terrifying palm of Long Yin suddenly hit Miss Mary's left shoulder in front of her.

The silver powder on Long Yin's palm also stuck to Miss Mary's shoulder.

A scream came out from Miss Mary's mouth. Mary was hit and flew up. With a bang, her beautiful body hit the wall over there, and the huge hard wall was smashed to pieces. Got out.

Mary, who was hit by Long Yin, fell to the ground at this moment, but seeing the pain on her shoulders like a flame burning, her delicate body was trembling all over.

Earl Spike over there showed a very evil smile on his mouth after seeing Miss Mary being beaten like this.

And what about the enchanted Long Yin? It is Mary who is walking step by step towards the state of death.

Miss Mary may be dying this time!

Her body could no longer withstand the corrosion of the silver powder. Her shoulders and her body began to slowly rot away. Her whole body was trembling... There was an endless sense of weakness in her eyes.

"Kill her!"

Earl Spike stood there and said mercilessly.

As a common blood, Na Spike has no mercy, he seems to be an extremely cold-blooded animal.

Following the words of Earl Spike in front of him, Long Yin suddenly raised his palm.

The silver powder smeared on the palm of the hand exudes light, and a palm hit the Tianling Gai of Miss Mary.

Miss Mary saw death approaching...

She saw her ashes disappear.

So she closed her last beautiful eyes in despair, waiting for her body and the cold wind to turn to ashes.

At the moment when Long Yin's terrifying clutches were raised, suddenly above the dark sky, a dragon roaring sword rang through the dark night sky.

Then I saw a sword engraved with a flying dragon, stabbing towards the dragon Yin here like a light.

The sword is like a rainbow, and the cold sword aura is rushing to everyone present!

In an instant, the entire darkness was completely surrounded by the extremely terrifying sword aura.

That Long Yin wanted to kill the Miss Mary in front of him with a slap, but he never thought that a sword would stab him with extreme dominance at this moment, and the cold sword aura rushed into his whole body. The six magic arts did not dare to take this sword.

Long Yin had no choice but to roar in his mouth, his right palm flew up, bringing up a dark magic wind, and then his body suddenly dodged the terrible sword light, and then he shot a palm with his backhand.

The palm technique slammed into the sword light, but seeing that the sword slammed straight, the invincible sword energy split Long Yin's palm in half at once, and Long Yin quickly stepped back and retreated, full of devilish energy. The man with the sword in front of him stared with anger.

Even Earl Spike over there and the vampires of the Gangelo family beside him looked at the people in shock.

he came.

Chapter 1944: Vampire

Holding his sword in his hand, the sword engraved with a flying dragon rang in his hand like a hungry beast, eager to drink human blood.

A long stray hair was draped over him, and his person stood behind Miss Mary like a god.

With a sword in one hand, it is the best in the world.

Cthulhu!

"What a domineering swordsmanship." Suddenly, a hoarse voice came out from Long Yin's mouth.

He was even more devilish and stared at the evil **** holding the sword in front of him without blinking.

"Cthulhu!"

"It turned out to be you?"

"Are you here?" Earl Spike yelled angrily when he saw the evil **** come here suddenly.

Last time the Cthulhu attacked Count Na Spike with silver powder, the Earl Spike had not yet avenged him, but he did not expect the Cthulhu to throw himself into the net this time.

But what about Miss Mary here?

After walking for a while before the ghost gate, she was completely taken aback when she saw the evil **** suddenly saving her, and she looked at the evil **** standing in front of her in disbelief.

"Cthulhu...?" Miss Mary endured the corrosive pain on her shoulders and shouted in a trembling voice.

The Cthulhu didn't turn his head, and suddenly said in the cold wind: "You go! Get out of here..."

"But, what about you? What do you do?" Miss Mary looked at the Cthulhu Dao with her back facing him painfully.

Cthulhu stood in the dark cold wind and said: "Don't worry about me, you just go away..."

"Remember to promise me one thing and tell Tian'er for me...I...I...I...love him more than everything in the world!" Cthulhu's last word came out from his mouth.

Father and son love! How could he not love his son?

When Earl Spike of the Gangelu family heard the evil **** suddenly say this, his eyes were full of cruel killings.

"Want to go?"

"Kill them!"

There was a roar, but Earl Spike immediately said to the three vampire members beside him.

After the three vampires heard the command of Earl Spike, their eyes turned into bloodthirsty and terrible eyes, and at the same time all the pointed fangs in their mouths were suddenly exposed.

The blame is called the doctor, rushing towards the evil **** like a beast.

The evil **** stood there motionless, like a **** of war.

The roar of the sword in his hand was even louder.

Suddenly when the three vampires approached him, the Cthulhu doctor roared wildly, his whole body turned into a mad dragon, and the dragon sword in his hand was slashed violently at this moment!

Domineering sword!

The extremely fierce sword strokes slashed at the three vampires like a giant axe.

The endless sword aura shook the surrounding sand and rocks all flying up.

Above the dark sky, I saw that three vampires of the Gangaluo family came quickly as if they couldn't bear such a terrible sword aura, a scream came from the dark sky, and then the three vampires suddenly backed away!

None of the three vampires could bear such a terrifying sword of the evil god!

The mighty sword aura was in the air, standing in the darkness, Long Yin raised his enchanted eyes and looked at the evil god.

"Worthy of an evil god... Worthy of being a legendary figure for more than 20 years..." A low, hoarse voice roared from his mouth, and a perverted hot light suddenly appeared in his eyes. It's like seeing the strong and wanting to fight the kind of enthusiasm.

But what about this side?

Miss Mary is seeing the Cthulhu save herself... She didn't want to leave, but her body was already severely injured by the silver powder. If she stayed like this, she would only cause more trouble with the Cthulhu.

So after a painful decision, Miss Mary finally stood up trembling with her lingering body, looking at the Heretic God who stood there like a domineering world and said: "Thank you for saving me..."

"You must escape..."

After Miss Mary finished speaking, her body suddenly turned into a black shadow, rushing towards the darkness.

When one of the vampires of the Gangelu family saw Miss Mary actually going to escape, he screamed and turned into a black shadow trying to chase the badly injured Mary.

But just as soon as his figure flew out, the evil ***** suddenly raised the sword in his hand, and then the whole person flew down, and the sword light slashed down vigorously.

But in the dark space, a screaming scream suddenly came out.

That cry is so painful, so sad!

I took a closer look, but saw that the Cthulhu was slashed with a sword, and the Gangaluo family vampire who chased Mary was cut open by the Cthulhu's sword. Because the Cthulhu's sword was covered with silver powder, the vampire was chopped by a sword. After the two halves, the momentary body began to burn, and it turned into a mass of ashes in a blink of an eye.

died.

A vampire of the Gangelo family died under the sword of the evil god.

But it was said that Earl Naspikes suddenly stretched out his sharp fangs after seeing one of his vampires being cut in half by the evil god.

At the same time, those eyes instantly turned into strange green bloodthirsty rays.

"Useless things!"

"Fuck me, kill him!"

Following the roar of Earl Spike, the two vampires of the Gangaro family around him and Earl Spike himself suddenly rushed towards the evil ***** in front of them.

The speed of the vampire was really terrifying, and he almost reached the Cthulhu side in the blink of an eye.

The Cthulhu only held the sword in his hand, and suddenly encircled the sword, and the sharp sword light surrounded him.

Although Earl Spike and the vampires around him were terrifying, they were also a little scared when facing the evil spirit's silver-powdered sword... That will inevitably be reduced to ashes.

However, the evil ***** is one enemy three!

The Dragon Sword in his hand used his real sword technique, the Liangyi sword technique.

Two yi swordsmanship, there are yin and yang in the sword.

But seeing that as Cthulhu used the Liangyi swordsmanship, his body moved up and down, and his sword strokes pierced at Earl Spike and the two vampires around him like snowflakes.

Although the vampire was extremely mighty, he never thought that the Chinese swordsmanship was such an essence. At this time, Earl Spike could only roar back.

The two vampires around him also had to retreat quickly.

The Cthulhu saw the right time. When one of the vampires suddenly retreated, the body suddenly came up to the front, spotted the place where the vampire's body flashed, and then pierced out with a sudden sword move.

But after hearing a scream from the vampire, I saw that the vampire of the Gangaluo family was pierced by the sword of the evil god!

The vampire looked at the pierced belly, and the whole person screamed like crazy...

Then his body began to burn, and the silver instantly turned his body into a mass of ashes!

Chapter 1945: Six magic powers, the way of heaven

Although all the vampires of the Gangaluo family had immortal bodies in front of them, they were terrified in the face of the evil god's sword blade coated with silver powder.

At this moment, Cthulhu alone dominated the audience, and the sharp sword aura made Earl Spike and the other living vampire anxious but did not dare to go.

At this moment of effort, Long Yin, who was standing aside and exuding endless demonic energy, suddenly roared in a low and hoarse voice.

"It is said that the Heretic God is invincible in the world, and it really deserves its reputation at first sight today."

"I, Long Yin, have always wanted to learn about the evil ***** who was so powerful over 20 years ago. Today, I finally have the honor to fight."

With the moment that Long Yin's hoarse and unpleasant voice was exiting, the devilish energy of Long Yin in front of him suddenly increased.

The evil ***** who has been fighting Earl Spike of the Gangaluo family has actually noticed this guy with terrible demonic energy, but he has never known who he is.

After Long Yin suddenly said his name, Cthulhu was taken aback.

"Long Yin?"

"Is he the same guy named Long mentioned by his master Wuji before the retreat? The guy who grew up in the darkness and practiced the magic skills of the demon man over 100 years ago? Remember the old man Wuji. During the retreat, I once told the evil ***** that this son was born of darkness, especially after practicing the six magic arts, it will be extremely terrifying. Therefore, if the evil ***** meets this son, he must be eliminated, saving him. Woe to the world."

Just as the Cthulhu thought this way in his mind, Long Yin, who was full of demonic energy in front of him, let out a furious rage, and his body rolled towards the Cthulhu in front of him like a black cloud.

The terrifying devilish energy seemed to envelope the whole world, and the entire space was torn apart by the terrifying devilish energy, and it was violently attacking the evil ***** in front of him.

Cthulhu saw that Long Yin's terrifying demonic energy attacked, and the Dragon Sword in his hand was shocked, and his whole energy poured into his sword from the Ren Du Meridian.

The Dragon Sword instantly radiated an eye-shot light, and at the same time, the entire sword body seemed to have doubled in an instant.

An angry slash, the terrifying and domineering swordsmanship directly slashed towards the body of Long Yin's devilish energy.

With the arrival of the evil spirit's sword technique, the two invincible energy collided and fought together.

The space seemed to be torn apart, making a humming sound.

Long Yin's eyes in the devilish energy have turned into pure black fierce gazes, his hands are supporting the invincible devilish energy all over his body, but where is the evil god? The whole body of sword aura also faced Long Yin in front of him, and his scattered hair had all been flying up, holding a sword in his hand, invincible.

Two powerful qi collided together.

The vampire Earl Spike and the other vampires stood aside when they saw such a terrible battle between humans.

Although Earl Spike has always looked down on humans, he has always felt that humans are inferior creatures compared to their vampires, but when he saw Long Yin fighting against the evil god, his eyes not only flashed a light of shock. .

"Huaxia Kingdom's martial arts really should not be underestimated..." A word murmured from his mouth.

He just stared at the fierce battle between the two with his bloodthirsty vampire eyes blinking.

Suddenly, there was a blast of swords in the sky, and the Evil God's Dragon Sword violently turned, and the sword intent quickly enveloped the entire sky. Then, the moment his sword suddenly turned, what about Long Yin? The whole person retreated quickly.

Just after he retreated a few meters, with a bang, the entire hard ground was suddenly torn apart by the fierce sword energy where Long Yin was standing just now.

Open the world, dominate the sky with a sword!

The evil ***** stood there like a god, motionless, like a rock.

And what about Long Yin? He was full of devilish energy just now, but he seemed extremely angry. It was obvious that Long Yin was slightly at a disadvantage in the previous battle.

"It's a Cthulhu." That Long Yin suddenly roared in a low and hoarse voice.

The evil ***** stood there with a sword in his hand, looking at Long Yin, who was full of demonic energy in front of him, and said: "The son of disobedience is entangled with non-human creatures. You should kill, damn!"

When that Long Yin heard the Cthulhu say that, he suddenly laughed wildly.

That hell-like voice reverberated throughout the space.

Suddenly, Long Yin stared at those black pupils, and said in the darkness: "Magic way, right way, heavenly way, what is the real way? I, Long Yin, only pursue the way of slaughter for the rest of my life."

"Cthulhu, although you are facing the world with righteous energy, what have you got?"

"Huh, hasn't it been slain by the public? Hasn't it been destroyed? Wife is scattered?"

"Haha, if you don't slaughter the people who are responsible for me, what's the use of lingering on the surviving life?" That Long Yin roared with devilish energy.

His voice in the dark is so terrible, so bloody.

Cthulhu heard what Long Yin said in front of him, and stood there coldly said: "You are wrong."

"The common people are destined to show the world with pity. You violated God's will and slaughtered the evil. Although your death is in vain, I will kill you, a demonized animal, in today's battle!"

After hearing the evil **** say this, Long Yin suddenly laughed strangely.

"it is good."

"Since you want to kill me... then come on!"

"I want to see if the Heretic God that dominated the world 20 years ago is really invincible."

As Long Yin said this, his hands suddenly folded strangely, and then the corners of his mouth began to mutter something like a spell.

After the squirming of his mouth, his whole body became more and more violent, and the black mist behind his whole body became more and more terrifying.

"The six magic arts, the way of heaven."

With a terrifying voice like thunder, darkness burst into the sky, and a gust of darkness suddenly rolled down from the sky like a giant python, and struck the evil **** in terror. .

Cthulhu knew that this dark Long Yin was about to use his truly peerless technique.

That exercise is the exercise method that the demon learned in the legend: six magic powers.

And now what Long Yin used was among the six realms, the way of heaven, the movement of heavenly thunder!

When the devilish energy like a giant python shot towards the evil **** in front of him, the evil **** didn't dare to take care of it at all. The Dragon Sword quickly flipped, and then the tip of the sword pointed upward, and his body suddenly roared, the sword rained down towards That burst of darkness chopped off.

The sound of puffing sword cutting came from the darkness.

The air of the black demon that was beheaded quickly turned into nothing.

But there were so many thunderous movements that day, but I saw a black market like a giant python-like black gas constantly pouring in.

The Cthulhu had no choice but to slash with the sword while dodged.

The terrifying black demon giant python hit the ground with a rumbling explosion, and the hard ground was shaken by the terrifying devilish energy into deep potholes.

Chapter 1946: The Way of Hungry Ghosts

The Heavenly Way of Long Yin's six magic powers is really extremely powerful.

But seeing that the dark sky was completely enveloped by his black devil's aura, the black devil's aura like a giant python shot at the evil spirit unscrupulously.

The Cthulhu used the Dragon Sword to chop off the black and reckless devil energy, and then dodge constantly.

This kind of thunder and demonic energy is constantly raining, which is difficult to deal with.

After the Cthulhu evaded Chutianlei's devilish energy, he suddenly screamed, his body turned into a sharp shadow, and the whole person began to rotate continuously.

That day, the Thunder Demon Qi still rushed towards the evil god.

At this moment, but seeing the evil **** raised his sword to the sky, the sword was thunderous, and the sword aura glowing with golden light pierced towards the dragon Yin's demon aura.

The sword energy is vertical and horizontal, wherever the golden light shines, the sword energy is everywhere.

broken!

The terrifying force of the mountains and rivers moved directly towards that Long Yin with a sword.

But seeing You Longjian pierced through that Long Yin's six devilish energy, converging with the surrounding supreme sword energy and sword, thunderously pierced towards Long Yin's chest.

Long Yin's six magic arts, the way of heaven, unexpectedly could be resolved by the evil god.

Long Yin immediately roared in his mouth, flipped his palms, and slammed, but he saw that his right palm was grasped on the hard ground like a ghost claw. With a roar, he lifted the entire cracked ground. The width of meters is really terrifying.

But he said that when Long Yin used the palm of a ghost claw to lift up a piece of the hard ground, he faced the evil god's dragon sword to block it.

The Dragon Sword in the Cthulhu's hand made a loud bang, and the Dragon Sword stabbed on the hard ground with a thunderous explosion.

Then the whole space seemed to shake violently, and the two figures scattered to one side.

In the dark space, the devilish energy is still constantly surging, and the surrounding area, at the same time, the evil god's huge sword energy hissing in the air.

This is the ultimate showdown after all,

This is destined to be an unprecedented battle.

"What a powerful sword! What a domineering sword!" Long Yin said with a hoarse voice standing behind.

He looked at the evil god, his black bloodthirsty eyes had to flash with admiration.

The Cthulhu that smashed the world more than 20 years ago really didn't blow it!

Unexpectedly, even after he has practiced the pinnacle of the magic way, the six magic skills still have no advantage.

Hahahaha!

Suddenly that Long Yin laughed wildly for some reason, his voice was full of weird feelings.

But seeing that one of the vampires of the Gangelo family who stood aside and didn't make any shots from beginning to end, facing the Count Spike in front of him, said: "Your Royal Highness, that dragon really talks a lot...Why didn't you want to kill the evil god? ?"

"You shut up!" Count Spike coldly roared as the vampire member just spit out words.

The vampire immediately resembled a grandson, no longer dared to talk too much, and took a step back.

I saw Earl Spike watching this peak confrontation between humans with great interest. His eyes were full of weird evil smiles, just as he watched with bloodthirsty eyes.

Suddenly, Long Yin spoke again.

"Cthulhu...Although you can win the heavenly way of my six magic arts, if I use the remaining five ways, can you still win me?" Long Yin said arrogantly.

Yes, the six magic powers are divided into: one, heaven, two, asura, three, humanity, four, beast, five, hungry ghost, six, hell.

But at present, the devil dragon Yin only uses the heavenly ways of the six magic powers. If he uses all the following five ways, what will be the consequences?

The evil ***** stood there still, like a mountain, like a god.

His loose hair was flying in vigor, and the bronze-colored face stared at Long Yin in the dark motionlessly.

"Long Yin thief, give it a try? Do you see if I can accept you today?"

The voice was domineering like a rainbow, as if he didn't pay attention to the six magic powers of Long Yin at all.

When that Long Yin heard the evil ***** in front of him say this, his whole person was furious.

His whole life has been waiting for this moment, waiting for him to stand at the peak of the strong.

Now, in the endless dark purgatory, Long Yin has finally realized the full power of the six magic arts. Now he has learned all of the six magic arts. What he wants is one battle, and one battle shows the world.

"it is good!"

"If you say so, then I will let you learn and teach my six magic skills!"

As Long Yin burst into his mouth, his entire body suddenly swayed and hung in the air, and then his hands moved quickly like ghosts. I don't know why with the dance of Long Yin's hands, his whole body suddenly transformed into a layer. A layer of ghosts and ghosts.

In the underworld fire, but seeing the ghosts with long pointed fangs all around him.

ghost!

It turned out to be a real ghost!

But seeing those evil spirits, each of them had extremely small heads and big stomachs, and masses of carrion were surrounding them. They opened a pair of turquoise ghosts and looked at the evil ***** in front of them.

A group of extremely smelly cold wind blows, and the entire space seems to have become a ***** on earth.

When Cthulhu saw this scene, he was not only a little shocked in his heart.

Secretly: What kind of martial arts does this surname Long use? Can actually summon the ghost of ***** in the underworld! ! !

No, this is actually not a real ghost.

It's just that among the six magic arts that Long Yin used, the fifth is extremely terrifying: the way of hungry ghosts!

Hungry ghosts are in power, killing lives.

The way of hungry ghosts among the six realms, the Buddhist scriptures say: If a hungry ghost is in the world, the world will be chaotic and everything will be plundered!

At this moment, when I saw that Long Yin was using the path of hungry ghosts in the six magic arts, the surrounding air had turned into a stench. In the weird underworld, the hungry ghosts with small heads and large bodies kept on. Squirming.

Suddenly, as Long Yin's hands danced, the nether fire suddenly shot toward the evil ***** in front of him like an arrow.

Groups of ghost fires rushed toward his face, smelling endless stench in his nose.

The Cthulhu had never dealt with this kind of thing, and had never seen such a weird kung fu. He slid his body and slammed out of the dragon sword warehouse in his hand.

With a puff, the nether fire was instantly slashed by the evil ***** with a sword, and the hungry ghost in the nether ghost fire also heard a scream in the darkness, and the nether ghost fire disappeared in the fishy wind, but there was nothing. Thinking of the crushed ghost fire, a thick yellow weird liquid suddenly splattered from the middle.

I saw that the thick yellow liquid splattered from the shattered ghost fire suddenly stuck to the evil god's robe.

Chapter 1947: All disasters

After the thick yellow slime stuck to the front of the Cthulhu's clothes, the Cthulhu was shocked and his body retreated suddenly.

Looking down at his skirt, it was as if it had been splashed with sulfuric acid, but it quickly corroded his skirt! Terrible.

The Cthulhu looked at it, and when the face underneath changed in shock, he suddenly slashed his sword out with a sudden thunder, and with a hiss, the piece of clothing stained with the thick yellow liquid was instantly cut off by the Cthulhu.

Look carefully at the beheaded robe, it has been completely rotted by the thick yellow liquid at this moment.

After seeing this situation, Cthulhu was shocked in his heart: Fortunately, he discovered it early. If this thick yellow liquid sticks to his skin, would it be worth it?

The Cthulhu who thought this way in his heart not only frowned deeply, but stared at Long Yin in front of him.

But seeing that Long Yin smiled evilly in mid-air.

The ghost fire surrounding him has been more and more with the weird dance of his hands. Just now, it was just a ghost fire that made the evil **** a little busy. If all the ghost fire around him were shooting towards the evil god, what should be done? ?

Cthulhu's mind was constantly spinning there, trying to figure out a solution as soon as possible.

And there were more and more ghost fires around the enchanted Long Yin.

The hungry ghost in the ghost fire is also snarling fangs, as if to hungry and thirsty to eat the body of the evil **** in front of him.

"The hungry ghost is coming to the world, Cthulhu, I see how you escaped this disaster!" Long Yin roared in a husky voice and roared in the fishy wind.

Following his voice, the hungry ghosts all over his body with grinning teeth suddenly all shot towards the evil god.

One by one, ghost fires shot at the evil **** in front of them with incredible speed.

The Cthulhu looked a little embarrassed at this moment. The Dragon Sword in his hand can only urge the powerful energy in his body, and then use the sword energy to cut off the ghost fires that are attacking one by one. Hungry ghosts will sputter extremely horrible and corrosive thick yellow mucus in an instant. Once those things corrode on the evil god's skin, the evil **** has only a dead end.

Therefore, at this moment, the Heretic God can only rely on his own endless true energy and then urge the sword energy to smash the evil ghosts from a distance with the sword energy.

However, such continuous use of True Qi to urge Sword Qi is extremely depleting internal strength!

However, within a minute or two, large beads of sweat had been left on the bronze face of the evil god, and it was clear that the true energy in his body was being depleted.

"I want to see your invincible Cthulhu, how much inner strength you can consume today!" Long Yin haha laughed wildly in the air.

The Cthulhu is extremely embarrassed at the moment, and at the same time the true energy is constantly beginning to leak out, such a consumption of true energy, when can this end?

Even if the Heretic God can win this battle with the world's invincible skill, but when the time comes, all his true qi will be exhausted, and the weak and quagmire will be dead by then?

What should I do?

What should Cthulhu do?

Amidst the fishy wind in the sky, I saw the beheaded Nether Hungry Ghost constantly screaming in the dark.

And Earl Spike stood there weird from beginning to end, with a grimly smile on his mouth, looking at the shocking battle before him.

...

The night was dark and darkness suddenly came to light.

In the endless dark night, I saw a fast and slender figure shooting at the speed of light towards the place where Li Tian and his brothers were staying.

In the dark, she could hear her breathless voice, her voice was so tired, so weak, as if her people would die soon.

However, she never stopped from beginning to end, because she had to see Li Tian.

However, Li Tian this evening was destined to be unable to be calm.

Since dinner, his heart has been beating violently.

He didn't know what was going on, and he didn't know what happened in the darkness outside. The only thing he knew was that in today's night, something extremely bad was destined to happen.

"Xiaolong, what's the matter with Brother Tian? Why is his complexion so ugly?" In the room, I saw Xue Wuhen on the side of Tang Xiaolong who had low reputation.

Tang Xiaolong glanced at Xue Wuhen, motioned to Xue Wuhen to speak quietly, and then said slightly to Xue Wuhen, "I don't know either."

"After eating, the little boss has been like this. Just now I asked the sick man about the little boss. The little boss lost his temper inexplicably...We are all a little afraid of him now!" Tang Xiaolong whispered.

Listening to Tang Xiaolong's words in front of him, Xue Wuhen frowned deeply, and couldn't help the dark lining: "What happened to Brother Tian?"

Besides, what is Li Tian doing right now?

I saw him standing alone at the window with an ugly face.

Sitting here is Brigadier Wang Zhen, and brothers such as Chen Qiaozhi, while beautiful women such as Ouyang Shiqing and Situ Ningbing are sitting there.

Everyone looked at Li Tian weirdly at this moment, because no one knew what happened to Li Tian? Why is he so indifferent today and his face is so ugly?

But he said that Li Tian, who had been standing by the window and looking at the endless darkness, suddenly muttered in his mouth.

"Something big... something big is about to happen."

Li Tian said silently in the dark like talking to himself.

He realized it, he did.

He has never been so flustered in his heart, but today, his heart has been beating non-stop, the beating heart seems to be popping out of his chest.

At the moment when Li Tiantian was in a state of confusion, suddenly there was a sound of something falling to the ground in the darkness outside.

The sound was so loud that all the brothers in the room could hear it clearly.

After hearing such a "plop" sound from outside, the brothers were all taken aback.

Xue Wuhen was the first to stand up from his seat and said, "What's wrong outside?"

Tang Xiaolong shook his head depressedly on one side, and stood up now.

Xue Wuhen said: "Go, go out and have a look."

With that said, but seeing him, he quickly ran towards the closed door. At this time, Tang Xiaolong, Chen Qiaozhi and the brigade commander Wang Zhen also quickly followed.

After Na Xue Wuhen quickly arrived at the door, he stretched out his hand to open the tightly closed door, and as soon as it opened, Xue Wuhen suddenly screamed.

what

Following Xue Wuhen's scream, Li Tian and Situ Ningbing in the room were all shocked.

"What's wrong? Wuhen?"

"Yeah, what's up?"

The brothers hurriedly walked over to take a look.

Chapter 1948: Li Tian's guess

"Oh my God... look... it's her... it's her...?" Xue Wuhen stared at her outside with an incredible pair of eyes wide open.

I saw outside the door, lying motionless with a cold body.

Taking a closer look at the delicate body, she had a head of blonde hair and fainted on the ground.

She was astonished as the vampire of the Torrido family: Miss Mary.

It's just that Miss Mary at this moment has completely fainted on the cold ground, her face is still as pale as before, her body is exceptionally cold, at the position of the left shoulder, but her skin seems to be burned. It seemed like a little crack, and the whole skin was completely damaged, lying there like a dead person.

"Miss Mary?"

"It turned out to be Miss Mary the vampire of the Torrido family!" Xue Wuhen finally called out at this moment.

Besides, after yelling out with him, Li Tian has already rushed over.

When he saw that Miss Mary was lying on the cold ground like this, his heart shook.

"How could this be?"

"Miss Mary?"

"Miss Mary...?"

Li Tian squatted down quickly, held Mary's cold skin with his hands and shouted.

The brothers were also completely astonished.

They don't know how this Miss Mary became like this? You must know that this Miss Mary was fine before an hour, and fortunately she left them in good faith, but after an hour, she became like a dead person...

Who hurt her?

What exactly happened?

All the doubts are now flooding into Li Tian's heart.

At this moment, Miss Mary is like a dead person, and the skin rot on her shoulders is still spreading continuously, spreading to her whole body. Obviously, this injury is her most deadly injury.

Li Tian glanced at the wound on her shoulder, and suddenly his eyes brightened.

"Silver! Silver nitrate!" An exclamation came out from Li Tian's mouth.

When Li Tian called out silver nitrate in amazement, the brothers were all shocked there!

Then one by one stared at Li Tian with wide-open eyes.

But seeing Li Tian stretched out a hand and slowly took out a small silver powder on the location of Miss Mary's wound. Upon closer inspection, it was indeed silver powder...

When they saw that Miss Mary was wounded like this by "Silver", they were all stunned!

Everyone knows that silver is a deadly item to deal with vampires. The reason why Miss Mary is seriously injured now is obviously caused by this "silver", but who would use silver to deal with Miss Mary in front of them? Where is the kind vampire?

Is it a vampire of the Gangelo family?

"Brother Tian, what should I do now?" The brothers were all staring at Li Tiandao in front of him.

Li Tian frowned deeply, looking at the dark night, and said: "It seems that my guess is not bad. Tonight, something big is destined to happen."

"Qiaozhi, you go to the room to clean up. Let's carry Miss Mary in first, hoping to wake up Miss Mary as soon as possible... and then ask her what happened."

Following Li Tian's order to exit, Chen Qiaozhi nodded quickly, and ran into the house quickly and began to clean up the room.

At this time, the brothers and Li Tian slowly supported the fainted body of Miss Mary, and hurriedly supported the room.

The girls such as Situ Ningbing and Ouyang Shiqing, who were jealous of Miss Mary at the beginning, have disappeared at this moment, because they don't know what happened. How could this vampire foreign girl suffer miserably after an hour? Such a bad hand.

Besides, after Li Tian led the brothers to quickly help Miss Mary to the room, he ordered the brothers to find clean water, and then quickly cleaned Miss Mary's wound.

The silver powder in her body must be cleaned quickly...If it is not cleaned anymore, the silver powder will quickly corrode her entire body. At that time, although she has the immortal body of the blood race, she will probably be wiped out in ashes.

It was Situ Ningbing and Ouyang Shiqing who cleaned Miss Mary's wound.

After all, the other party is a female.

I saw that when Situ Ningbing and Ouyang Shiqing touched the cold body of Miss Mary, they couldn't help feeling cold.

"Oh my God, her body is so cold...like an ice cube." Ouyang Shiqing said in shock with her beautiful eyes wide open.

Situ Ningbing nodded in horror.

"Don't forget, she is a vampire... She is not a human!" Situ Ningbing said.

Ouyang Shi thought about it for a while, and could only nod silently, and then began to clean up the silver residue on Miss Mary's shoulder little by little.

But seeing that Miss Mary's entire shoulders have completely rotted, her fair skin has now turned into a disgusting black. Fortunately, Ouyang Shiqing and Situ Ningbing, the two beauties, are both characters who have seen big winds and waves, if not. , For any girl, it is probably already scared to get down.

Inside, Situ Ningbing and Ouyang Shiqing were cleaning the body wounds of the vampire Miss Mary, while outside were shocked brothers, and Li Tian, who had always been ugly.

"What happened? An hour ago, that Miss Mary was fine? Why was she suddenly injured so badly?" Xue Wuhen, who was standing there, asked in surprise.

"I don't know, who knows what happened." Tang Xiaolong here also said suspiciously.

"By the way, doesn't Miss Mary have a silver-haired ***** and a strong man? What about the two vampires?" Tang Xiaolong suddenly remembered that Carrell and Danny were questioning.

The brothers shook their heads there, saying they didn't know.

Suddenly, Li Tian, whose expression was extremely ugly, suddenly spoke up.

"From the current state of Miss Mary, I'm afraid that Carrell and Danny's two vampires are not lucky!"

Following Li Tian's cold voice, the brothers screamed out in shock.

what

"Brother Tian, you mean that the two vampires named Carrell and Danny are dead? Are they killed?" Xue Wuhen couldn't believe it.

The brothers here also looked at Li Tian with unbelievable eyes.

You know, vampires have always been immortal in the impression of brothers, but I never imagined that at this moment Li Tian would actually say that vampires would die...

Is Li Tian's guess true?

Chapter 1949: She woke up

At this moment, Li Tianzhe solemnly frowned, nodded deeply and said, "It should be already dead."

"Miss Mary was hurt so badly by the silver, I think Carrel and Danny may not have escaped the corrosion of the silver powder..." Li Tiandao.

Listening to Li Tian's analysis, the brothers were silent.

"But, Brother Tian, who the **** did they kill?" Xue Wuhen asked over there at the moment.

"Could it be the vampire of the Gangaro family?" Chen Qiaozhi suddenly guessed.

Li Tian thought for a while and said, "It should be!"

"But what puzzles me is how could the vampires of the Gangelo family use silver to deal with Miss Mary and the others? You know, the vampires of the Gangelo family are also very scared of silver..." Li Tian said My most important question came out.

Yes, vampires are afraid of silver, this is something that brothers all know!

If according to the current situation, it is said that Miss Mary was wounded with silver by the vampire of the Gangelo family, then there is no reason for the vampire of the Gangelo family not to fear silver? How can they use things that they are afraid of to deal with the same race as themselves? This unscientific.

The brothers were depressed when they heard Li Tian's analysis, because Li Tian was right.

Just when the brothers were struggling to understand, Li Tian suddenly looked at the dark night and spit out a few words from his mouth coldly.

"Unless there is a situation..." he said suddenly.

The brothers were taken aback and looked at Li Tiandao in surprise: "Brother Tian, what's the situation?"

"Yes, little boss, what's the situation?" They were all there blinking their eyes and looking at Li Tian.

Just listen to Li Tiandao: "Unless Miss Mary is injured so severely, it should be human."

"What? Humans?" The brothers almost jumped up when they heard it.

"That's not right, Brother Tian, who among human beings has the ability to hurt Miss Mary who had a vampire?" Xue Wuhen asked in disbelief.

My brothers are also very reasonable.

The strength of Miss Mary and other vampires, brothers have seen with their own eyes before, any human being wants to deal with Miss Mary who is a vampire is basically an unlikely thing.

"No! You are wrong!"

"Although Miss Mary and the others are vampires, they have terrifying speed, and ability to reflect, and immortality, but they also have weaknesses, for example; silver!"

"Vampires are most afraid of silver!"

"Under normal circumstances, very few humans can use silver to deal with Miss Mary and the others, but if they encounter real strong humans, then Miss Mary and the others will be more ill-fortuned..."

"For example: the previous demon dragon Yin, and the master of the gate of hell, a demon human of that level." Li Tian clenched his fist and said with blood red eyes in the dark. The two people he hated most The name taboo.

"Long Yin? Hell Gate Master?"

After Li Tian said the names of the two people he hated most, the brothers were shocked for a moment.

Because those two demon-level guys have not appeared for a long time.

Besides, isn't Long Yin already dead?

"Brother Tian... the devil surnamed Long... isn't it... isn't it in the explosives of the dead kiln mine last time, is it dead?" Xue Wuhen finally asked Li Tian cautiously in front of him.

Long Yin's name is like a curse. When the brothers heard his terrible name, they were not only afraid of three points!

Listening to Xue Wuhen's words, Li Tian suddenly laughed, but his smile seemed extremely helpless.

The brothers didn't understand why Li Tian laughed, and they all looked at him in surprise.

"Brother Tian, why are you laughing?"

But listening to Li Tiandao: "The demon surnamed Long, as long as I can't see his body for a day, I will never feel at ease!"

"Only when his body is torn apart in front of me, maybe, I will believe that he is really dead, except for this situation, I will find him in my life and kill him!" Li Tian looked at the darkness. That said in a bitter voice.

At this moment, the brothers could hardly recognize the brother Tian before him!

They found that Li Tian's aura was full of endless hostility, becoming fierce and terrifying.

"Broken! The key of destiny must have disappeared." Li Tian suddenly shouted out of surprise.

"Brother Tian, what's the matter?" The brothers looked at Li Tian in surprise and asked.

Li Tian did not answer directly, but clenched his fist tightly in the dark. After a long silence, he said, "The key of fate has been snatched away...it must have been taken by the Gangelo family. Snatch the terrible vampire away!"

Listening to Li Tian's weird words, the brothers didn't know how to ask.

...

Inside, I saw that Situ Ningbing and Ouyang Shiqing had basically processed the silver powder residue on Miss Mary's shoulder.

But Miss Mary lay there like a dead person, motionless, without breathing or heartbeat, her whole body was as cold as a dead body.

The decay of her shoulders is still continuing...

Looking at the appearance of Miss Mary in front of her, the two beauties could only express a sigh.

Just when Ouyang Shiqing and Situ Ningbing were about to leave here with a basin full of dirty silver powder in their hands, a cold hand suddenly grabbed Situ Ningbing's wrist. .

Situ Ningbing reacted very quickly. When she was grasped by that cold finger like bone marrow, her left palm subconsciously lifted up, and then she slapped her back.

But just when her palm was about to strike, she saw a face, an extremely weak and pale face with open eyes.

Mary!

It turned out that Miss Mary, the vampire, awoke!

"Ah, you, you, are you awake?" When Situ Ningbing saw that the vampire Miss Mary was holding her arm tightly, the raised palm was slightly lowered.

I saw that although Miss Mary was awake, her body was extremely weak.

The silver corrosion on her shoulders had begun to spread to the position of her chest, and soon the whole body would be completely rotted away.

I saw the painful Miss Mary the vampire. With her eyes wide open, one hand tremblingly grasped Situ Ningbing in front of her, and said with a weak voice in her mouth: "Look for... Li..."

"Find... Lee..."

After she uttered her weak words, Situ Ningbing and Ouyang Shiqing understood in an instant that this vampire Miss Mary was looking for Li Tian.

As Miss Mary said so, Situ Ningbing said: "Okay, you are waiting here!"

"Li Tian, Li Tian!"

Situ Ningbing who was talking hurriedly ran outside.

Li Tian, who was standing outside, hurried over after hearing the voice of Situ Ningbing here, and then saw Ouyang Shiqing standing there with shock on her face.

Chapter 1950: Crazy Li Tian

"What's wrong? Ningbing..."

Situ Ningbing said: "That lady vampire woke up...she woke up..."

As soon as Li Tian heard this, he didn't care much, and ran to the room with a stride.

After hearing Situ Ningbing's voice, the brothers behind him all rushed over quickly.

However, after Li Tian rushed to the room, he saw the weak and dying vampire Miss Mary.

"Mary, Mary, how are you?"

Li Tian hurried over and asked urgently.

After seeing Li Tian, Miss Mary suddenly grasped Li Tian's arm with a pale and cold hand, her fingers were so tightly grasped, and she was still trembling.

Li Tian glanced at her trembling arm and the terrible injury on her shoulder, and he blocked it.

"Lee." Miss Mary called out weakly.

"Mary, tell me, what happened? How could you do this? And the key of fate? Is it already lost?" Li Tian anxiously asked.

He couldn't wait to know all the answers now, because he was afraid, if he didn't ask now, the vampire Miss Mary in front of him would soon die.

I saw that Miss Mary nodded in pain, and then said in an extremely weak voice: "We...we...were attacked by the Gangelo family..."

"The key of destiny...has been...taken away by...!"

As Miss Mary said so, Li Tian was stunned.

In fact, he already knew the answer in his heart, but when the truth came out, Li Tian still couldn't accept it.

"Li..." Suddenly Miss Mary's pupils dilated, and she was holding Li Tian with trembling hands.

Li Tian looked at Mary at this moment, and realized that Miss Mary seemed to have something extremely important to say to herself. He leaned down there and said, "Miss Mary, what do you want to say?"

The pupils of Miss Mary were constantly enlarged, and the whole body was constantly trembling. The silver rot that had corroded her whole body had completely begun to slowly corrupt her body.

She seemed extremely uncomfortable, but she tried her best to say something to Li Tian...

"you....."

"you....."

"Your...father...the evil god...the evil god..."

"Hurry up....."

When Miss Mary weakly said half of the sentence, Miss Mary's pupils suddenly began to shrink violently. At the same time, the whole body began to tremble constantly, and with a plop, Miss Mary's body suddenly stopped.

died?

Miss Mary the vampire really died like this?

And what about Li Tian at this moment? When he heard the word Cthulhu spit out from Miss Mary's mouth, he was stunned as if he had been struck by lightning. His eyes remained there with an expression of unbelievable expression, his expression numb, as if stupid Up.

"I... I... my father?"

"What happened to my father?"

"What's the matter with him?" Li Tian suddenly screamed like crazy.

What does the last half sentence of Miss Mary mean?

What is she going to make Li Tian fast, fast, fast?

The brothers looked at Li Tian, who was mad and red-eyed, and couldn't help looking at him worriedly.

"Brother Heaven..."

"Li Tian..."

"Little boss!"

But seeing Li Tian as if he hadn't heard the words of his brothers, the whole person seemed mad, and suddenly he grabbed the whole cold body of Miss Mary with both hands, and shook it hard, his eyes red. There roared like a beast: "Mary, Mary, you can't die, you can't die, tell me... tell me... what happened to my father? What else did you tell me?"

But Mary in front of her was still as if she was already dead. No matter how Li Tian shakes, she can't wake up!

"Brother Tian, don't be like this! Miss Mary is dead!" Xue Wuhen was there to comfort Li Tiandao.

"Yes, little boss, she's dead." Tang Xiaolong here is also saying.

Where is Li Tian?

His eyes were blood-red and looked at Miss Mary's body.

What should he do?

He only heard the first half of what Miss Mary said, but what was the second half that she was about to say?

She said what happened to her father? What happened to his father?

Is it in danger?

"No, no, no, I absolutely can't let her die! I can't let Mary die! Because I have to know the news of my father..." Suddenly Li Tian yelled like crazy.

"They are vampires, it is impossible to die like this!"

"There must be a way, there is definitely a way to cure them!" Suddenly Li Tian was walking around in the room like a lunatic, muttering to himself in a daze.

The brothers all looked at Li Tian at this moment, not knowing how to dissuade him.

So everyone can only guard him there.

"Vampire...silver..."

As Li Tian walked, he was muttering words like a madman.

He just walked back and forth like that, his head was turning very fast, and suddenly his eyes saw a scarlet blood stain on one side. The scarlet blood stain was created when the rotting wound of Miss Mary was cleaned just now. When it came to Li Tian's eyes, Li Tian's heart was shocked!

At the same time, his eyes suddenly brightened at that moment.

"blood....."

"Blood...Use blood to save Mary!" A word suddenly roared out of Li Tian's mouth like a lunatic.

The brothers were shocked when they heard Li Tian suddenly talk about blood.

"My God, what are you doing?"

"Yeah, little boss...what are you going to do? Miss Mary is dead!" The brothers next to him were there and stopped them.

Because they felt that Li Tian was crazy and his expression was a little abnormal, they were afraid of Li Tian doing something irrational.

But, at this moment, who is irrational?

"No, she won't die!"

"Her body is only corroded by silver, and the rest is average and intact. I heard Mary told me before that the derivative function of vampires is dozens or even hundreds of times stronger than humans, and the recovery speed It's also incredibly faster than a normal human...so I think her death is a suspended animation. If Mary is used to drink her with blood, I'm sure I can save her."

What Li Tian said was the fact.

The recovery function of the vampire, as well as the derivative function, is definitely faster and faster than any species in the world!
