

A Killer 1981

Chapter 1981: Before the war

When the men in front of him heard Earl Spike say this, they also smiled gloomily: "If they can come, that would be great. Then, let them deal with the ***** dragon!"

Earl Spike nodded slightly.

"Remember, we don't want to take action. We will clean up the mess when they are at the end of the battle and the casualties are almost the same."

"Dragon, Cthulhu, Mary, surnamed Lee, I want them all to die! They all die in the hands of my Spike." Count Spike said.

The vampire said: "Yes."

"We will be back to the family after tonight..." Earl Spike suddenly muttered while looking at the distant west.

The subordinate also looked at the distant darkness with his pale evil face, and his eyes showed longing.

...

In the innermost part of the sewer, it was a dark and damp room.

And in that room, it was a Cthulhu.

As I pushed open the door of the rust-covered room, a devilish guy was sitting in the middle of it.

His whole body exudes a black breath, covering his whole body, a strange purple-blue hair coupled with a terrifying breath all over his body makes him look unspeakable horror.

He is the devil dragon Yin.

Opposite Long Yin was the evil ***** with blood dripping from his shirt.

Cthulhu has been tortured.

There are blood stains all over his body, but his whole person is not weak, he is just tied tightly there with an iron chain.

Suddenly at this moment, Long Yin's eyes suddenly opened.

Then he slowly stood up from the ground.

Looking back at the Cthulhu in front of him, Long Yin suddenly sneered and said: "Cthulhu, don't tell me that you are so capable. You can't bear this kind of injury?"

"Twenty years ago, your feet and hands were broken, and you didn't die... Wouldn't you die now?"

Long Yin looked at the weak and bruised Cthulhu Dao at the moment.

The Cthulhu, who was bound by the iron chain, slowly opened his eyes when he heard Long Yin's voice, staring at Long Yin in front of him and said: "Child Long Yin, what's the cruel trick to me," Come again!"

Haha!

"This is Cthulhu!" Long Yin suddenly laughed wildly.

"However, I don't like to abuse a character who has lost combat effectiveness." Long Yin said.

"The one I am waiting for is your son, and the one I am waiting for is Li Tian."

"I want to fight him, I want him to die in front of you."

When he heard Li Tian's name, Cthulhu's eyes were filled with resentment.

"Long Yin evil thief, you dare to hurt Tian'er, even if I go down to eighteen levels of hell, I will never spare you." The evil **** roared, his eyes seemed to be bleeding.

What about Long Yin? The more Cthulhu was angry, the happier he was.

In that said: "All of this is no longer for you!"

"Wait... your son will come here soon! That's when I will kill! I want him to personally verify the true strength of my six magic arts." Long Yin said crazy.

...

The darkness is getting darker.

In the Bund City, only two military off-road vehicles were quickly driving towards Tongbeili.

In the car, it was the brothers who came to rescue the evil **** and Mary.

"Tongbei Li is the block in front, right?" The brothers sitting in the car suddenly looked at the dark front and said.

I saw that Brigadier Wang Zhen nodded there and said: "Yes, it should be the front."

After Brigadier Wang Zhen said that, the brothers stopped asking.

I saw the car drove quickly to the place in front. The block in front was barren and dark. Along the way, there was no bright light, except for darkness.

At this moment, the speed of the car has begun to slow down significantly.

"Here, this is Tongbei." Brigadier Wang Zhen in front of him pointed to the deserted street in front of him.

The brothers all glanced through the car window and saw the dark night, an inexplicable cold and cold air passed from them.

I saw Miss Mary the vampire who got out of the car first.

Her figure swished like a ghost and jumped out of the car in front of her.

After getting out of the car quickly, she glanced at the endless night with a pair of jewel-like blue eyes, and said, "It's on the left."

When the brothers heard what Miss Mary said, they all jumped out of the car one by one, and then each took their own weapons. After getting out of the car, they carefully watched the surrounding movement.

"Miss Mary, are you sure you are on the left?" Brigadier Wang Zhen asked in the dark.

Mary sniffed her nose and took a deep breath with the unique sense of smell unique to the blood race: "I'm sure!"

After Mary said this, the brothers listened to her.

After all, Mary is a vampire!

So the brothers and the group followed Mary in front of them and began to move to the left.

After passing through the dark alleys and reaching the middle of the deserted streets in Tongbei, there is nothing in this dark night... The only sound that can be heard is the occasional croaking of dogs and the cold breeze.

Mary led the way by herself.

She guided the direction there with the unique sense of vampire.

Suddenly when she reached the front place, Mary's eyes brightened because she had seen the so-called sewer entrance.

The sewer entrance was exactly what the vampire of the Gangelo family told Miss Mary before that.

"It's here." Miss Mary suddenly pointed her finger at the entrance of the uncovered stinky sewer.

After hearing what Miss Mary said, the brothers were taken aback for a moment, and then looked at it, but saw that the dirty sewer mouth was dark and damp, and there were bursts of tangy stench. Seeing this, they not only all 'S frowned.

"Here? Miss Mary..." Xue Wuhen asked silently.

Both Chen Qiaozhi and Brigadier Wang Zhen beside him frowned deeply.

Look carefully at this stinky sewer ditch. Apart from the foul smell inside, what remains is the rotten stagnant water. How could such a dirty sewer entrance be the place where the Gangelo family vampire stayed? What?

But seeing that Mary didn't seem to be joking at all on her face, she said seriously, "Yes, it's here."

"The vampires of the Gangelo family have always liked dark and humid places as concealment. Right now this place is the best for them, so I'm sure they are in the sewer."

When the brothers heard Miss Mary say this, to be honest, they were all dubious in their hearts.

After all, this sewer is too dirty. Who wants to drill into this dirty sewer in the middle of the night?

But she saw that Mary didn't wait for the brothers to speak, but with a whistling sound, she was the first to jump down the dirty sewer and disappeared instantly.

Chapter 1982: Before the war (2)

When the brothers saw that Mary jumped in first, at this moment you look at me, I look at you, there is a helpless look on their faces.

"What are you waiting for...jump."

Chen Qiaozhi in front of him said to the brothers.

After speaking, I saw Chen Qiaozhi pinching his nose deeply, and then slowly walking towards the side of the smelly sewer, then stretched out two feet, tried the depth of the sewer, and then moved forward. He jumped down.

With a plop, Chen Qiaozhi fell from above.

Below is the stagnant stagnant water, and Chen Qiaozhi accidentally fell into the stagnant water.

He breathed hard, struggling to get up, pinching his nose tightly.

"Qiaozhi, are you okay?" The brother above heard Chen Qiaozhi's thumping voice and asked worriedly.

But seeing Chen Qiaozhi trying hard to breathe a breath of air, shouting with his mouth open, "I'm fine..."

"It's deep down here. When you jump down, be careful." Chen Qiaozhi told the brothers.

Brigadier Wang Zhen, Xue Wuhen, and that silly man on the top all said good after hearing Chen Qiaozhi's voice, so they all slowly jumped off from above.

This Chen Qiaozhi had already jumped down at this moment, he couldn't care about slapping the dirty and smelly stagnant water on his body, because he had already seen that the underground sewer was so spacious and so deep.

The height of the sewer is almost two meters high, and the space distance is huge. Although there are pools of dead and smelly stagnant water left behind, the sewer is indeed very deep and deep, and it is almost impossible to see the innermost part of it. .

With the sound of thumping, but seeing the brothers have jumped down from the entrance of the sewer one by one.

After jumping down, they both pinched their noses depressed, and muttered in their mouths, "It smells so..."

"stinky!"

Even the silly man over there not only frowned depressed, and shouted that it was too smelly here.

"Shhhhhhhhhhhhhhhhhhhhh, everyone." Suddenly Mary said to the brothers.

After hearing what Mary said, the brothers closed their mouths one by one. Although they closed their mouths, they still complained in their hearts. It was too smelly.

"Follow me and don't speak loudly. This sewer is closed all around, and the sound transmission effect is particularly good. If there is any movement, the vampires of the Gangelo family will definitely hear it." Mary told the brothers in front of her .

After hearing what Miss Mary said, the brothers nodded there one by one.

I saw them follow Miss Mary in front of me like that, and began to move forward slowly.

As they continued to move forward, the brothers were surprised to find that the sewer was really deep and huge. At first they thought it was shallow and short, but now it seems they are really wrong.

And not only that, the sewers extend in all directions, connecting all the underground sewers in the Bund City, so they criss-cross. If you make a mistake, you may not be able to figure it out.

The brothers endured the stench and followed Mary like that.

But when Mary in front of her reached the three crossing sewer crossings in front, she paused slightly.

Her jewel-like blue eyes took a look there, then pointed to the gloomy sewer opening in the middle and said, "This."

The brothers didn't ask why, what did Mary say, they just followed.

So they followed Miss Mary to the dark sewer in the middle.

...

"His Royal Highness, there has been a movement... I have found a movement." A voice suddenly came from the dark and damp inside.

It was the vampire of the Gangaro family who spoke.

At this moment, I saw his figure quickly arrived in front of Count Spike.

Count Spike was sitting in a place with a cup of scarlet blood in his hand. While drinking, he sneered in the dark and said: "I've noticed it a long time ago."

"Mary, and the group of people surnamed Li are here!" A word came out of his mouth.

"His Royal Highness is really wise. I didn't expect that they would come..." The vampire of the Gangaro family was flattering there.

Earl Spike said, "Of course."

"The show is about to begin."

"Now you go to seduce Mary and the group of people surnamed Lee... Come in quickly..."

Remember, where should you go? You should know it well, right?" Earl Spike was suddenly there in front of him. Said with a smile.

The vampire under his staff smiled strangely: "The subordinates know, I will seduce them now."

After speaking, his body flashed suddenly and quickly left here.

But seeing Earl Spike drank a large cup of blood in his hand, his eyes became brighter as the blood of those people drank, and he muttered while looking at the dark entrance in front of him. : "Death is coming..."

...

Here, the brothers have followed Miss Mary through four or five sewers several hundred meters long.

They endured the extreme stench and walked slowly through the sewers where the stagnant water was silting. No one complained, no one spoke loudly.

Suddenly when they were walking forward, Miss Mary suddenly stretched out her hand and said to the brothers, "Stop!"

After hearing Mary suddenly say this, the brothers were taken aback, all stopped, and raised their eyes to look at Mary in front of them in wonder.

No one knew what was happening...and they didn't ask immediately.

I saw that Mary was listening carefully with her ears sideways...

"Come... here... they are here..."

Suddenly a strange word came out of Miss Mary's mouth.

When Miss Mary suddenly said this, the faces of the brothers changed in shock.

"What's coming?" Suddenly, Brigadier Wang Zhen asked.

But seeing that Mary suddenly turned her head, looked at him and said: "The Gangelo Family."

When she was shocked to hear what Mary said, Na Jiang Dashancang pulled out the sharp knife in his waist with a cry, and held it tightly in the palm of his hand.

Brigadier Wang Zhen in front of him also took out his gun!

The brothers stayed there with all their faces cautiously, because everyone knew that the vampire was not a vicious character that was easy to deal with.

"Everyone, be careful, they are getting closer and closer." Suddenly Miss Mary said.

Her ears had already heard the movement from the place in front, and she had already smelled her own kind of breath in her nose, which was peculiar to vampires, so she told her brothers here.

After listening, the brothers all nodded quickly, and then leaned against the dirty stone wall of the sewer, holding weapons tightly in their hands and waiting.

I saw the sound of a strong wind coming from the dark sewer in front of it, as if something was coming quickly.

The brothers were breathing, opening their eyes and waiting, waiting for the danger to come.

Chapter 1983: Something is wrong

Mary is at the front, her beautiful eyes staring at the front sewer tunnel, her two cold hands are already clenched, ready to make a fatal blow at any time.

Suddenly the movement in front seemed to be small, and Mary was not only taken aback when she felt the movement in front of her suddenly become small.

Just when she was stunned, a weird voice came over.

"Mary, I know you are coming..."

"Do you want to save the evil god? Come here, hehe."

The gloomy voice came from the dark sewer place in front.

When Mary heard the voice, she knew that it was spoken by the vampire of the Gangelo family.

At the moment he turned his head and said to the brothers: "The vampire members of the Gangelo family are right in front."

After listening, the brothers hesitated.

Wang Zhen suddenly said, "There may be a trap ahead, what should I do?"

Chen Qiaozhi condensed his brows and thought for a while and said: "Now there is no way to go back, even if there are traps, I can only break through."

After listening, Brigadier Wang Zhen nodded in favor, but saw that he turned his head and said to the four soldiers who had brought him behind him: "Prepare the lighting rod, let's move forward."

"Yes." The soldiers following him said, and then quickly took out the lighting rod from the backpack.

As I pulled away the lighting rod, with a hissing sound, the lighting rod burned...the whole dark and gloomy sewer suddenly appeared bright and bright.

Wang Zhen took a lighting stick and held it in his hand, and then closely followed Mary in front of him and started walking forward.

The brothers behind followed closely, and everyone was extremely cautious.

Mary walked in the forefront, listening to the movement in front with her sense of smell and sensitive hearing.

Weird voices came from time to time in front of them, and the voices were obviously tempting them... But even if they knew, they had no choice but to just follow.

After turning around the two dark narrow passages, I suddenly saw that the space in front became huge.

It turns out that this is the underground hub of Binjiang City. There are subway passages and extremely deep train tunnels...

After Mary and the brothers arrived here, everyone looked around with their eyes open.

Suddenly there was a noise from the subway tunnel in front. Mary glanced at her and suddenly saw the vampire of the Ganggro family.

His whole body was lying on the cold wall, his two paws were sinking into the cold wall like hooks, and he looked at Mary in front of him with a pair of vampire bloodthirsty eyes.

"Over there." Mary yelled after seeing the vampire of the Ganglo family.

Then he flew over to the subway tunnel over there in desperation.

She is fast, very fast.

When the brothers saw Mary swooping forward suddenly, they hurriedly followed her at this moment.

The vampire of the Gangelo family saw Mary chasing him, and suddenly swished towards the tunnel inside.

After Mary and her brothers rushed over, the vampire of the Gangelo family had disappeared in the dark tunnel.

"Damn it!" Mary screamed when she saw the vampire of the Gangaro family suddenly disappear.

"Go, let's chase him."

Speaking, Mary took the brothers and started walking along the tunnel in front.

This gloomy tunnel is long and cold, and no one knows when it will reach its end.

...

Sitting in a room full of rust was the enchanted Long Yin, his body covered with black magic enveloping his whole body, and in front of him was the bloodstained evil god.

At this moment, Long Yin, who was sitting upright, didn't know why, suddenly his whole body suddenly jumped up, and his eyes full of horror demon energy suddenly emitted a slaughter light at this moment.

"It's time to come, it's finally here." A word came out violently from his mouth.

The moment he said these words, the evil **** who was tied to the chains with his hands and feet suddenly felt it.

He felt someone breaking in here.

I saw Long Yin at this moment, suddenly staring at the evil spirit in front of him: "I said that today is the last battle, and it will be when you witness the power of my six magic arts with your own eyes, evil spirit, I want you to watch. Now, the person you care about, everything you care about dies in front of you."

Following Long Yin's words, he suddenly used both hands to tap the Cthulhu's acupuncture points.

After the Cthulhu's tendons and acupuncture points were clicked in this way, the Cthulhu's internal strength couldn't get up at all...He was like a useless person now.

And what about Long Yin? After tapping the acupuncture points of Cthulhu's whole body, he suddenly began to untie the iron chains bound up and down the Cthulhu's body.

Soon, the evil ***** was relieved from the cross.

It's a pity that although the Cthulhu got rid of the shackles of the iron chain, his whole person was almost like a waste.

Long Yin pushed the Cthulhu away in front of him, and the Cthulhu fell to the ground staggeringly.

Long Yin laughed wildly there and said: "Cthulhu, just watch it right here...My feast of killing is about to begin, hahahaha."

Accompanied by the violent laughter of the demon, his terrifying devilish energy instantly covered his whole body.

...

"Look, there is a small iron house in the front place." Inside the gloomy tunnel, Na Xue Wuhen said, pointing to the front place.

Yes, brothers and Miss Mary have indeed come.

They were lured here.

When all the brothers saw the weird and gloomy little iron house in front, everyone was not only taken aback, but stared at it.

But what about Mary? But he frowned deeply.

She muttered in that mouth, "How could this be? How could the breath of the Gangelo family members suddenly disappear?"

It turned out that she was pursuing the vampire of the Gangelo family by the smell, but what was depressing was that when she was chasing here, the vampire of the Gangelo family suddenly disappeared.

"Miss Mary, what's the matter?" After hearing Mary's muttering voice, the brothers here asked not only in wonder.

After they asked, they saw Mary saying: "No...nothing..."

"I just can't smell the vampires of the Gangaro family." Mary said again.

After listening, my brothers thought for a while.

"What's the situation with the small iron house in front?" Jiang Dashan couldn't help asking at this moment.

The brothers also blinked at the lonely gloomy iron house.

"I don't know! Go, let's go and have a look." Xue Wuhen said here.

"Don't worry, I think something is wrong." Chen Qiaozhi said suddenly and smartly.

Chapter 1984: The Demon Appears

Chen Qiaozhi didn't know why, he suddenly felt a suffocating feeling in his heart... as if the air had condensed at this moment, making his heart throbbing inexplicably.

It felt like a disaster was about to come, so he quickly stopped all the brothers in front of him.

"Do you feel something is wrong around you... The air seems to be cold... The murderous intent is heavy?" Chen Qiaozhi suddenly said to the brothers.

Because the brothers just now focused on the lonely iron house in front, they didn't notice the changes in the surrounding atmosphere. After Chen Qiaozhi said so suddenly, they were all startled at this moment!

Because they also felt that the surrounding aura seemed to be condensed...At the same time, a wave of heavy murderous aura came from the front, making their entire body not only stand upright.

"Indeed!" Na Xue Wuhen said with a breath of breath.

Suddenly the moment he just said this sentence, a terrible low and hoarse voice came out.

"It's finally here, I've been waiting for you for a long time."

With that terrible voice, the brothers were shocked and all looked up.

But seeing a huge devilish energy in the air suddenly rushed toward his face.

When the brothers who were hiding here saw the huge mass of demonic energy surging towards their faces, they couldn't help but stunned and shouted, "Quickly get out of the way!"

As Chen Qiao shouted, he took the lead in hiding, and then the brothers behind him quickly dodged the attack of the horrible devilish energy.

But seeing the terrible devilish energy, it exploded and shattered like explosives in the place where the brothers were staying just now.

Then as the devilish energy surged, a figure appeared in front of them.

Demon, Long Yin.

When the brothers saw Long Yin's figure for an instant, they were all stunned.

"It's him?"

"Is this the **** devil?"

"Is he not dead? Is he still alive?"

...

A cry of exclamation came out from the mouths of the brothers, and everyone looked at this terrifying demon Dragon Yin in disbelief.

The brothers had always thought that this devil dragon Yin was dead, in the dead kiln mine outside the suburb of Binjiang City, but he didn't expect that he was still alive... and he appeared here.

How is this going? How could this be?

"Devil Long Yin!" Chen Qiaozhi cried out in shock, looking at the devilish Long Yin in disbelief.

But what about Long Yin? After Wu Zi appeared, the whole body's devilish energy increased sharply, and he glanced at all the brothers coldly, and then said with a hoarse and terrible voice: "Is it you?"

"Unexpectedly, you guys who are not afraid of death would dare to break into here?" Long Yin laughed wildly.

Facing the demon dragon Yin in front of him, the brothers all had a chill in their hearts.

They are afraid!

No one thought that the enchanted Long Yin would appear here!

They were looking for the vampire of the Gangaluo family, but how could Long Yin be here?

Brothers of course didn't know that Long Yin had already united with the vampires of the Ganggro family.

"what happened?"

"Why is this demon here?" The brothers all asked in surprise.

But the moment Mary saw Long Yin, an angry hatred burst into her eyes, and she said: "This guy...At that time, the vampire who united the Gangaluo family to deal with the evil **** is him!"

After hearing Mary's voice, the brothers were all at a loss.

It's him?

Long Yin united the vampires of the Gangaro family? And deal with Cthulhu together?

After the brothers quickly learned the truth, they were all stunned. Their eyes were full of unbelievable... eyes full of surprise.

Long Yin has been confused with vampires! ! !

"The evil ***** that Long Yin harmed with vampires?" The brothers asked in shock.

"No wonder Senior Cthulhu will be killed... It turns out that everything is this ***** devil." Xue Wuhen suddenly furious.

Everyone of these brothers knows the terrifying strength of that surnamed Dragon, and even more knows the power of that vampire. No wonder the two of them can defeat the invincible Cthulhu that day.

Facing the shock of the brothers one by one, Long Yin didn't even look at the brothers in front of him.

He just glanced at the audience coldly, covered with demonic energy, and suddenly said, "Where is Li Tian? Where is that ***** Li Tian?"

Long Yin's opponent is Li Tian!

He did so much, everything was to fight Li Tian.

But when the brothers and Miss Mary appeared here, but when they didn't see Li Tian, that Long Yin not only roared in disappointment.

With his terrible roar, the surrounding demonic energy began to erode the air.

"The devil surnamed Long... just rely on you to want our heavenly brother to do it?"

"If our heavenly brother came, you demon would have died ten thousand times." Xue Wuhen cursed there.

That Long Yin suddenly laughed wildly when he heard it, and his devilish energy rose to the sky.

"Li Tian did not come? He dare not come?"

"It turns out that the kid surnamed Li is a tortoise with a head...His biological father is going to die soon in my hands. He dare not show up...Hahahaha!"

After Long Yin finished saying this, he suddenly turned around, twisted his face and looked at the gloomy iron house in the back, yelling: "Cthulhu, thanks to your domineering world, I didn't expect the son to be born like that. It's useless... I dare not even come out to fight with me... Cthulhu, Cthulhu, your son is too shameful to you... too shameful.

"Asshole bastard, don't scold my brother Tian." Xue Wuhen couldn't help roaring when he heard Long Yin scold Li Tian as a tortoise.

When Long Yin heard that someone scolded him behind him, his cruel eyes suddenly turned around, and a pair of bloodthirsty and killing eyes stared at Xue Wuhen coldly.

Xue Wuhen couldn't help but feel a terrible fear.

"The head-shrinking turtle surnamed Li didn't dare to come, but let you guys come to die! It's sad, sigh," Long Yin said suddenly.

The brothers didn't dare to be careless at the moment, everyone knew that Long Yin's martial arts was superb.

Faced with the battle of Long Yin in this way, I am afraid the consequences are really a bit dare to imagine.

Chen Qiao's cleverness was still in front of him. He looked at the situation in front of him, and suddenly said in a low voice to the brothers in front of him: "Have you noticed that when the person surnamed Long just called out the name of Senior Cthulhu, he was At that old iron room, if I guess correctly, Senior Cthulhu should be held there."

Chapter 1985: Desperate fight

After hearing what Chen Qiaozhi said in front of him, the brothers couldn't help looking at the iron room over there.

"En, Qiaozhi is right, Senior Cthulhu should be there."

Chen Qiaozhi said: "It seems that we have to find a way to hold this perverted Long Yin... and then allocate a part of our energy to save Senior Cthulhu. As long as Senior Cthulhu can be rescued, I believe Senior Cthulhu should have the ability to fight against this perverted Long Yin. "

"En, we listen to you." Xue Wuhen faced Chen Qiaozhi.

Then Brigadier Wang Zhen couldn't help asking, "But who will deal with the terrifying dragon Yin in front of him?"

After he uttered such a sentence, the brothers all had headaches.

This Long Yin's strength is too terrifying, how can the brothers in front of him deal with it?

At this moment, the ecstasy apostle Situ Xuan suddenly stood up.

"Let me come."

Situ Xuan stood motionless and said.

One of his arms was scrapped in the last battle, and now only his right hand is left.

After the brothers heard what Situ Xuan said, they not only looked at him, but felt strange feelings in their hearts.

"Well, how are you ready to die?" The devilish Long Yin suddenly smiled and looked at the brothers in front of him.

The brothers roared: "The devil surnamed Long, don't be arrogant! If you know, let go of Senior Cthulhu as soon as possible, otherwise, I will die here again today."

"Things who don't know whether they live or die, even talk like this in front of me, I think you are looking for death."

With Long Yin's sharp roar, the devilish energy in his body suddenly increased.

Then with a casual wave of his right hand, a group of terrifying demonic energy suddenly hit Jiang Dashan in front of him.

But seeing the ecstasy apostle Situ Xuan standing at the forefront, seeing the devilish energy in the palm of Long Yin's hand, he slid his body, and his right hand suddenly rotated, and then he abruptly blocked the blow.

With a bang, Situ Xuan's devilish palm was blocked.

He stood coldly in front of the brothers, glaring at the crazy dragon Yin in front of him.

"It's you, Situ Xuan?"

"Unexpectedly, you weren't dead yet?" When Long Yin saw Situ Xuan in front of him, a slightly surprised expression appeared in his eyes.

Long Yin knows Situ Xuan?

Yes!

They were all from the gates of **** before...As the powerful characters in the gates of hell, they certainly know each other.

It's just that now Situ Xuan has abandoned evil and followed good, and what about the devil dragon? It's more evil!

"Long Yin, I didn't expect you to become so evil." Situ Xuan also looked at Long Yin in front of him.

That Long Yin suddenly laughed wildly: "Evil? What is evil? What is good?"

"Are you killing fewer people than me?" Long Yin suddenly asked Situ Xuan in front of him.

Situ Xuan used to be a ecstasy in the gate of hell. He had performed countless assassination missions. Now that Long Yin in front of him said that, Situ Xuan's heart not only showed a very ashamed expression.

Indeed, he did do a lot of evil things before and killed a lot of people, but now he has changed his evil to the righteous and embarked on the right path.

"I didn't expect that a character who used to kill people like you can now become a good person? Haha, it's really ridiculous, ridiculous." Long Yin sneered at the Situ Xuan in front of him.

Situ Xuan stood there without speaking, but what about his heart? Suddenly thought of the innocent lives that once died under his palm... His heart was dripping slightly.

The brothers in front of him all saw Situ Xuan's guilt, and said quickly: "Situ Xuan, don't listen to that demon's nonsense."

"Yeah, he is damned by such a demon, he is inexcusable and damned."

The brothers are all there to encourage Situ Xuan in front of this with words.

After Na Long Yin heard the insults from his brothers, the killing aura in his body became particularly solemn.

Suddenly he said with a raging devilish anger, "No matter what, today, none of you will want to leave here alive."

"Since the kid surnamed Li is willing to be a turtle and refuses to come out, then I will kill you all."

Accompanied by that Long Yin's crazy roar, a terrifying murderous aura suddenly emerged from his body.

The brothers here saw that Long Yin was ready to do something, and was shocked immediately.

"shot!"

Brigadier Wang Zhen took the lead to speak to the person under him.

But seeing the soldiers holding guns next to him, they started shooting at that Long Yin.

Shoo, hoo, the bullet whizzed towards that Long Yin.

I saw a ferocious laugh from the enchanted Long Yin's mouth. Suddenly, his whole body flashed, and then roared, his whole body turned into a cloud of black mist and rushed towards the front of Brigadier Wang Zhen and his gang. Soldier.

"Quickly go away... Go away."

Brigadier Wang Zhen saw that Long Yin violently attacked, and immediately exclaimed.

As he screamed, the soldiers next to him quickly began to dodge, but how could they avoid the terrible blow of Long Yin?

The black mist hit, but seeing that there were two soldiers who had not had time to escape, they were immediately enveloped by the black mist.

what

A scream of scream came out of the soldier's mouth, and then two ***** corpses flew to the side, and fell to the ground with a plop.

A closer look at the two corpses on the ground was extremely ugly. One of the soldiers' face was covered with blood, and the eyeballs were bumped there and died there, and the other was pierced in the chest and died tragically on the ground.

As soon as Brigadier Wang Zhen saw his subordinates, two of them died tragically, and his heart ached.

With a gun in his hand, he shot wildly at the body of Long Yin's devilish energy, but the speed of that Long Yin was faster than unparalleled, and the bullet could not hit his body at all.

With the death of the two soldiers here, Situ Xuan couldn't help but make a move anymore.

But seeing his body stretched, his right palm accumulated huge energy, and he suddenly roared towards Long Yin in front of him.

Long Yin was full of demons. Seeing Situ Xuan attack, he sneered: "At the gate of hell, you are not my opponent, and now you are looking for death."

Along with that Long Yin shouted, his palm suddenly turned over, and the endless demonic energy bursting from the palm of his hand suddenly rushed to Situ Xuan in front of him.

Situ Xuan didn't dare to accept this move, and then retreated suddenly. If so, he couldn't help being shaken back several steps by the terrifying demonic energy.

"How did this demon's skill reach such a terrifying state!!!" The Situ Xuan in front of him said in shock.

He never thought that Long Yin had become so terrible and so powerful now.

Although he was shocked in his heart, he could only fight his life at this moment.

Situ Xuan attacked again, and his right palm cut straight on Long Yin's neck, chest, and two vital points.

Long Yin's body dodged, and Fei Xuan kicked towards Situ Xuan. Situ Xuan flew out, avoiding that vicious leg.

Chen Qiaozhi and the brothers here saw that Situ Xuan was not an opponent to Long Yin. Chen Qiaozhi said to the brothers in front of him: "Wuhen, Dashan, you go and help Situ Xuan deal with that demon, we Go and save Senior Cthulhu."

Following Chen Qiaozhi's words, Xue Wuhen and Jiang Dashan in front of them both nodded quickly, and then the two of them flew towards Long Yin in front of them, and then began to attack.

Chapter 1986: Animal Way

Long Yin is no effort at all with one enemy three.

He sneered and faced the attacks from Xue Wuhen, Situ Xuan and Jiang Dashan.

But seeing that Situ Xuan was the one with the highest skill among the three. At this moment, his palm was staunchly, and every palm used his whole body energy to attack Long Yin.

Xue Wuhen relied on the shadowless body technique and continuously wandered around Long Yin's body.

And what about Jiang Dashan? It is relying on brute force.

He held a long, narrow and sharp blade in his hand, and tightly held a bright axe in his left hand, slashing against the devilish body of Long Yin.

However, although the three of them were against Long Yin in front of them, they had no chance of winning.

Because facing the terrifying Long Yin in front of him, the three of them could not be opponents at all.

After a few rounds, Situ Xuan was almost forced to breathe by the devilish energy in Long Yin's body. Not to mention Xue Wuhen and Jiang Dashan, and the two of them were almost hit hard.

What about here? Just when Xue Wuhen Situ Xuan and Long Yin, the powerful rival of the Jiang Dashan Mountain, Chen Qiaozhi quickly said to the brigade commander Wang Zhen: "Wang Zhen, let's save Senior Cthulhu."

Wang Zhen called out: "Okay!"

So Wang Zhen took the two soldiers under him, and Chen Qiaozhi in front of him, hurriedly ran towards the rusty iron house.

But he said that when Wang Zhen and Chen Qiaozhi wanted to come and rescue the evil god, Long Yin had already noticed it.

"Want to save the evil god?"

Suddenly Long Yin let out a roar, and then his whole body soared, and the terrifying demon energy burst out like a bomb.

Then accompanied by his enchanted figure, suddenly madly curled up in front of him, Chen Qiaozhi and Brigadier Wang Zhen who were preparing to save the evil god.

Brigadier Wang Zhen and one of Chen Qiao saw the demon attack, and was shocked immediately, and dodged quickly.

At the same time, Xue Wuhen, Situ Xuan, and Jiang Dashan also rushed over there.

They knew in their hearts that Chen Qiaozhi and Brigadier Wang Zhen couldn't deal with the demon Dragon Yin in front of them.

Just when the three of them flew over and tried to block Long Yin in front of him, but seeing Long Yin roared, his palms burst out, and the terrifying palm power directly shook the three of Xue Wuhen, Jiang Dashan and Situ Xuan. You have to fly back.

With a bang...

All three of them were directly shaken to the ground by the terrible palm strength.

Shocked three people with one palm! What power?

I saw Long Yin standing there in the endless devilish energy, facing the brothers, suddenly laughed wildly: "Just because you still want to save the evil **** under my hand? You can't help it!"

Listening to Long Yin's roar, Xue Wuhen and Situ Xuan on the other side slowly climbed up from the ground.

They were all shocked by the terrifying palm strength of Long Yin just now, but fortunately, there was no major problem, but the blood rolled in their chests.

"The devil surnamed Long, even if it is dead today, we will die with you."

Xue Wuhen let out a sharp roar, and suddenly attacked Long Yin in front of him.

His palms quickly attacked towards Long Yin, but seeing that as he attacked, Long Yin didn't even look at him, but with a wave of his left hand, an invisible energy suddenly blocked that Long Yin like a barrier. In front of him, then Xue Wuhen could no longer get close to his body.

But after seeing that Long Yin blocked Xue Wuhen in front of him, his right palm quickly turned, banged, and hit Xue Wuhen's chest with a heavy blow. Xue Wuhen in the mid-air screamed and his whole body fell. Fly back.

A wow blood spattered out of his mouth, and the whole person fell to the ground, breathless and panting, making it difficult to get up.

"Things that do not live or die." Long Yin suddenly burst out with a sharp roar.

Jiang Dashan here hurriedly helped Xue Wuhen, who was seriously injured and fell on the ground, worried and asked, "How are you?"

Xue Wuhen endured the pain in his chest and shook his head there.

Hardly said: "I...I...I'm fine."

When Xue Wuhen said that he was okay, Jiang Dashan was relieved, staring at the devilish Long Yin at the moment.

"This demon is too difficult to deal with..."

"Yes."

What should I do?

How to deal with the demon in front of you?

Brothers don't know anyone.

I saw that Long Yin? The eyes at this moment have increasingly revealed Slaughter's gaze.

He is about to start killing.

His face has slowly begun to become distorted, and the whole space is more and more enveloped by the devilish energy.

"It's time to start, it's time to send you to hell." Long Yin said suddenly and terribly.

As he said this, suddenly, his palms folded slightly, and the devil energy around his body quickly began to expand to the surroundings, and at the same time the terrifying gaze from his eyes became more and more gloomy.

"He, he, what effort is he using?" Jiang Dashan in front of him looked at Long Yin in surprise.

Situ Xuan in front of him also looked at the weird Long Yin in astonishment.

"Everyone, be careful." Suddenly, Situ Xuan felt a deep fear welling up from his heart.

Although he hadn't seen Long Yin's move in front of him, he had already felt it, and felt that a huge danger was approaching.

I saw that Long Yin soared with the demonic energy around his body, and his whole body suddenly seemed to become a monster.

There was a stern cry.

Suddenly, seeing the devilish qi alive, he roared, "Six Ways of Devildom and Animal Way!"

Accompanied by a terrible roar, the entire space was originally devilish, but now it has become extremely smelly, and even the cold wind has become an extremely unpleasant stench.

That Long Yin folded his hands together, his eyes turned into a terrible black, and endless demonic energy radiated from his whole body.

What about brothers?

It was all stunned.

"Six Ways of Magic? The Way of Animals?"

"What martial arts..." the brothers asked in surprise one by one.

Here Xue Wuhen, Chen Qiaozhi, and Situ Xuan were all blank, and no one knew what kind of weird martial arts this "Beast Way" was.

Just when all the brothers were shocked, they suddenly opened their hands when seeing that Long Yin Heshi.

"The fission of the earth, the release of the beast."

There was a scream.

Suddenly, the earth in the entire space burst into a roaring sound.

The entire ground seemed to have had an earthquake, and the surrounding area began to shake.

When the brothers saw the earthquake-like sensation of the whole ground, they were suddenly panicked.

"Oh my God, what happened?"

"This ground...how...how...like it's going to explode?" The brothers stood unsteadily, and they all retreated quickly, their eyes filled with panic.

There was a loud bang, and in the panic of the brothers, the entire ground began to crack... Deep cracks seemed to tear the entire ground...

Chapter 1987: Brave

When the brothers saw it, the ground was completely cracked, and they were shocked at the moment, and their bodies kept retreating. They all stared at this scene in disbelief!

They really can't believe that there is such a terrifying skill in the world.

However, they don't know that this is just the beginning.

As the whole ground cracked and shook, I saw a thunderous sound suddenly coming out of the whole trampled ground, as if there were 10,000 giant beasts running wildly there.

Whether it was Situ Xuan or Chen Qiaozhi in front of them, their eyes widened and looked at the cracks in the ground... they looked scared.

Because of the crack in the ground, it seemed like something terrible was about to emerge.

Yes, just as they stared at the wet and slippery cracked ground, a terrible cry suddenly came out.

The cry was definitely not a human being, but a certain beast.

Along with the terrifying cry, a beast with fangs and a boar-like body suddenly emerged from the fission crack in the ground...

Although its body is said to be like a wild boar, it is completely different from a wild boar, because its eyes are green, like a beast in the underworld.

And behind it, there is a monster with a body like a cow. The monster is red all over, like a blazing flame, with three pointed horns on its head, and a pair of eyes exudes terror. Green also burst out from the cracked ground.

Followed by a group of horrible monsters that the world has never seen before!

After the appearance of these monsters, they ran into the brothers fiercely.

The way of animal life originates from darkness, and Buddhism says: Animals are the birds of all things, eating meat, grass, and bones.

And Long Yin in front of him used the most violent animal way among the six magic arts.

Seeing so many terrifying monsters suddenly appeared from the ground, the brothers in front of them were completely shocked.

They all opened their eyes wide, looking at this scene that had never been imagined in shock!

This is not a dream, it is a fact.

Seeing those strange beasts rushing towards them frantically, only one of Chen Qiao's exclamations was heard: "Hurry up and avoid..."

Accompanied by his yell, the brothers stretched out and quickly dodged the impact of the monsters.

Na Xue Wuhen endured the stinging pain in her body, her body flew up suddenly, avoiding the monster that was flushed with flames...

What about Situ Xuan on the other side, and the brothers? At this time, quickly find a place to dodge.

Among them, there were two soldiers under Wang Zhen. Because they were too weak, they were hit by the strange beast...

what

With a scream of horror, only one of the soldiers screamed, and then turned to see that his body had been pierced by the monster with three horns on his head.

The blood began to flow down his body continuously, but what about the alien beast? It is a crazy run.

The other soldier, seeing that his companion was hit to death by these terrifying monsters, was shocked at the moment, and quickly took out his gun and shot at the alien beasts that rushed over.

The banging bullet hit the monsters. There was a painful neighing sound from the monsters' mouths. At the same time, a thick yellow mucus liquid came out from the place where it was hit. It seemed to be blood, but it didn't step back. He ran into him fiercely.

With a bang, the soldier did not even scream, and the whole body was trampled under his feet by groups of monsters, and he was trampled into meat sauce to death.

Seeing that there were so many terrifying monsters emerging from the ground, and rushing towards them frantically, the brothers were all dumbfounded.

"Gosh, what should I do?"

"What the **** is this?" They said one by one in horror.

Here, Brigadier Wang Zhen was closely chased by three strange beasts. Brigadier Wang Zhen rushed lifelessly, but the three strange beasts behind were chasing him desperately, as if he wanted to kill the king alive. Looks like.

As Wang Zhen ran wildly, he took a gun and shot one of the strange animals in the head.

With a scream, the strange beast was hit in the head, sputtering a thick yellow disgusting gory mucus, and then fell to the ground with a thump, but the two monsters behind were still chasing Wang Zhen lifelessly.

Seeing that Wang Zhen was about to be hit by the monster...just at a critical juncture, suddenly a huge figure rushed over.

Then I saw a steel fist that was as fierce as an iron hammer, banging on the body of one of the giant beasts with a bang, and a scream of pain came out, the monster was directly thrown into the sky and rolled to the ground. Aside.

And what about the other monster? When he saw his own kind being beaten to the side, his aquamarine eyes suddenly stopped the huge figure in front of him!

He is a silly man who is more than two meters tall, Ouyang Man!

It turned out that Ouyang Man made the move, and he saved the brigade commander Wang Zhen in front of him.

Brigadier Wang Zhen's pale and scared face saw that it was the silly man who had saved his life, and he was shocked at the moment: "Maner..."

But seeing the silly man's burly and huge body standing there like a god, clenching his fists tightly, blocking the front of the brigade commander Wang Zhen.

And that strange beast?

Look carefully, the alien beast has sharp thorns on its four feet, its head is like a bull's head, but its eyes are green, its body is as majestic as a rhino, and the heat exhaling from its mouth carries a billowing heat wave. , The silly man in front of that fierce stare.

It's like a matchup.

And what about silly men? Not flinching at all, not afraid at all.

Suddenly, seeing the strange beast, a claw struck the silly man's head suddenly, and the silly man's foot slammed on the ground, and the whole person swooped up like an arrow, grabbed by two thick arms. He took the terrifying claws of the strange beast, and then tried his best, but after hearing a click, the silly man broke a claw of the strange beast alive!

The monster screamed in pain...

The other paw wanted to attack Silly Man'er, but the Silly Man'er didn't give him a chance. One foot suddenly slammed on the other paw of the monster, and then, like a giant bear, he immediately brought the size of a rhino in front of him. The strange beast fell to the ground, and the silly man's body knelt on the fallen beast with one leg, and two fists hit the monster's head like a storm.

Bang bang bang

There was a terrible roar, and then the monster whimpered twice, fell to the ground, and was smashed to death by the silly man.

Its head was smashed by silly man, like a cracked watermelon.

Chapter 1988: Angry fight

Looking at the majestic silly beast, the two alien beasts rushing up saw their own kind dying on the ground, suddenly turned around and fled... It seemed that even these beasts felt the horror of the silly man.

Where is there?

I saw that Xue Wuhen, Jiang Dashan, Situ Xuan and others were still being chased frantically by those strange beasts.

The monsters hit them like crazy.

Jiang Dashan's hand was already severely injured. Fortunately, the piece he ran had already been hit to death by those strange beasts.

And here Xue Wuhen relied on his light work to be extremely high. Fortunately, there was no major problem. As for Situ Xuan, he fought fiercely and retreated.

In this way, after all, it is not a solution.

But seeing that there were more and more strange beasts on the cracked ground, it seemed that these strange beasts were summoned from hell, and they rushed in groups.

Kill, you can't kill!

Escape, can't escape.

In this way, we can only wait for death at last.

Seeing that the brothers were about to be dragged to death here, the vampire Mary finally shot.

She hadn't made any shots before because she had been paying attention to the vampires of the Ganglo family, but when she found that there was only this human dragon Yin, Mary finally could only make shots.

But seeing her body swish, she has reached the front of Long Yin.

"Damn it, give me the life of Karel and Danny!"

Li shouted, because Mary was overwhelmed with anger, the vampire's face suddenly appeared, her mouth showed long fangs, and her two cold hands grabbed the dragon Yin in front of her deadly.

Long Yin was using the beast way of the six magic powers. At this moment, seeing the vampire Mary grabbing him, he had to stop the six magic powers, roared, his body curled up, and the whole body attacked Mary in front of him like a crazy dragon. .

Although Mary is a vampire, she is extremely fast, but she can't resist Long Yin.

Seeing her two hands grabbing empty space, she suddenly wanted to attack the back of Long Yin, but seeing Long Yin, she suddenly turned her body, as if she had predicted that Mary would do this. A hand suddenly grabbed Mary's arm.

Mary's arm was grabbed, and she felt a fiery pain, her other hand viciously grabbed Long Yin's face in front of her.

Long Yin's head slightly twitched, and he hid, his right palm accumulated palm strength, and accompanied by the supreme demonic energy, he slammed a palm on Mary's chest. Dr. Mary the vampire groaned, and his body was shocked and flew several meters. Far away, fell to the ground.

"Mary." The brothers here couldn't help crying out worriedly after seeing Mary falling to the ground.

But seeing that Mary stood up quickly again.

She was hit by Long Yin just now, but she seemed to be fine at the moment.

Indeed, she is a vampire after all.

After seeing Mary stand up quickly again, the brothers were relieved.

But fortunately, Mary finally stopped that Long Yin's six ways of being a beast.

Now, seeing that the strange beast that emerged from the cracked ground just now has been wiped out with the Dragon Yin's cessation of power, even the cracked ground has slowly begun to heal.

The terrible scene in the way of the animal finally disappeared, and the brothers can finally breathe a sigh of relief.

I saw that because Mary came to deal with the mad demon Long Yin in front of him, that Long Yin was angry.

He also knew that a vampire possessed an immortal body, no matter he used a knife or gun to kill Mary in front of him, only silver, and only silver could deal with the vampire.

Just like Long Yin killed Karel and Danny before... corroded the bodies of these vampires with silver powder, and then let them disappear into ashes.

After Long Yin thought this in his heart, he suddenly saw that silver powder was taken out of his arms and applied to his hands.

"Vampire, come again if you have the ability, come!"

"I want you to be the same as the two guys before." Long Yin yelled in terror.

But she said that when Mary in front of her heard the roar of Long Yin, she would do it!

She no longer cares whether there is silver powder in Long Yin's palm, she now has only vengeance, only anger in her mind.

Just when Mary was about to do something, one of Chen Qiao next to her grabbed Mary.

"Miss Mary, calm down, that demon has silver in his hands." Chen Qiaozhi reminded her there.

Xue Wuhen here also endured the injury on his chest and said, "Yes, Miss Mary, you can't go. If you go, if the silver powder erodes your body, it will only be wiped out. ."

The brothers are there to persuade Mary in front of her.

When Mary heard them say this, she forced herself to hold back the anger in her heart, and said: "But who will deal with this ***** guy?"

When the brothers heard Mary say so, they not only frowned at the moment.

In the entire scene full of devilish energy, no one of them can fight against this terrifying Long Yin, even if so many of them are combined, they cannot be Long Yin's opponent.

Just when everyone didn't know what to do, his burly tall body suddenly came over.

His body is so huge, standing there like a mountain, stepping forward bravely.

"I'll fight him."

A word suddenly roared out of his mouth.

He is a very stupid man.

When Silly Man'er stood up so suddenly, the brothers all cast their eyes on him.

"Maner?"

"Are you going to deal with the demon surnamed Long?" The brothers in front of him looked at Man'er and said in disbelief.

Silly Man'er ignored the brothers in front of him, but stood there, raising his eyes and glaring at the devilish Long Yin not far in front.

But what about Long Yin?

When seeing such a big guy actually stand up and say to deal with himself, the whole person suddenly laughed wildly.

"Do you think a fool can stop me?"

"Tell you, today all of you don't want to leave here alive, I want you all to die here." Long Yin said violently.

Following Long Yin's words, the silly man's suddenly stretched out a stout finger to Long Yin and said angrily: "You bad guy...I...I'm going to beat you! Teach you."

Silly Man'er said silly there like a child.

As soon as that Long Yin laughed, he suddenly said with murderous aura: "Okay, then let me see how capable you are as a fool."

As Long Yin said so, Silly Man'er was really angry.

He hates that others call him a fool. Although he is really stupid, he doesn't like others calling him that way.

Now that Long Yin said that he was stupid, at the moment, the whole person was like a cow, suddenly stepping on the ground, and the whole person flew towards that Long Yin, like a mad lion.

Chapter 1989: Bloody Battle with Dragon Yin

When he stepped on the ground, he made a creaking sound...

When the whole person rushed out hotly, two steel fists slammed toward that Long Yin domineeringly.

But seeing that Long Yin couldn't avoid it, he watched the man in front of him strike like that. When the silly man's steel fists hit his door, he suddenly shot.

I saw that his two hands slammed into Silly Man's Zhigang's fist.

No one would have thought that Long Yin could hold that silly man's pair of steel fists! You know how powerful that silly man's fist can kill a cow, not to mention the strength of the current man's whole body, how strong should this be?

And at this moment, was actually held by Long Yin's two hands?

The brothers stared wide-eyed and looked at the battle scene of the two unbelievably.

Moreover, after the silly man's pair of steel fists were suddenly grasped by the demon surnamed Long, the silly man roared, and the whole person was like a cow, using all his strength to resist the dragon in front of him.

Long Yin's expression with a frantic smile just now also became serious at this moment.

Because he also encountered a relatively powerful opponent: Silly Maner.

"This fool is so powerful!" Even Long Yin exclaimed in his uncontrollable heart.

But at this moment, the silly man used all his strength to fight against that Long Yin, his feet have sunk into the cold soil, the veins on his two sturdy arms are violent, and the muscles on his entire face follow his body. Moved and became trembling.

It was said that although Long Yin's devilish energy skyrocketed, he was a little helpless in the face of the unparalleled strength of the world.

But seeing Long Yin's roar, the two hands that had been grasped on Shaman's fists suddenly withdrew, and then with a wave of his right palm, a wave of violent demon energy attacked Shaman'er.

The silly man's body is huge, but his actions are extremely sensitive, and he dodges quickly.

Then he raised his fist and hit Long Yin in front of him.

Long Yin learned to be clever this time, and he no longer insisted on holding the fist of this stubborn man, his body was vertical, and he flew back.

The moment he flew back, his palms attacked Man'er again, with such a speed.

It's just that this time his palm is very weird, with a soft strength, but the strength is real in the virtual, although it looks soft, but when it hits a person, it is Very vicious.

Eroding bones and palms.

Once this bone-erupted palm hits a person's body, the person's bones will become soft, and the entire body will instantly lose the ability to fight, no matter who is hit by such a palm, it is absolutely uncomfortable.

Besides, as that Long Yin's bone-eroded palm hit the silly man in front of him, the silly man twisted his body and avoided a palm, and then his whole body slammed into the dragon in front of him with a huge body.

Long Yin didn't expect this stupid man to hit him with his body. He was stunned, then smiled, and suddenly waved his left hand, a cloud of devilish energy accumulated in his palm, and hit him with three palms. Above the silly man's huge body.

After the silly man's burly body caught Long Yin's three palms, he groaned in his mouth, and at the same time, even his body couldn't help backing a few large steps before he stood firm.

Although the silly man's got three palms of Long Yin, he still stood there, like a rock, standing upright on the ground.

But what about Long Yin?

Not only did he sneer when he saw that the silly man in front of him could still stand here even after three palms of his own.

"Well, you silly boy, can you still stand? Yes, yes, kind of interesting."

The silly man didn't speak or move, but stared at Long Yin with anger.

But what about the brothers here? After seeing that Man'er's palm, they were not only worried there.

"Man'er will be fine, right?"

"He obviously can't beat the demon surnamed Long." Xue Wuhen said worriedly here.

But seeing Chen Qiaozhi in front of him said: "Yes, we have to find a way...or we all have to die here today."

"But what should I do?" Jiang Dashan asked in front of him.

Following their words here, but seeing that silly man'er had already fought fiercely with the devil dragon Yin.

This time the silly Man'er was even more fierce, and his whole person was like the ancient warlord Xing Tian, bravely waving his fists and slamming towards Long Yin in front of him.

But that Long Yin was so powerful, his fist couldn't hit that Long Yin.

It was because that Long Yin was treacherous and vicious. When the silly man was not paying attention, he slapped his palms on the silly man's chest again. The blood in the silly man's chest was rolling, as if he was about to vomit blood at any time.

But he endured hard, endured the bruise in his chest, and tried hard to fight again.

Two steel fists slammed towards that Long Yin head and face, and Long Yin's murderous aura grew stronger and stronger.

He seemed unwilling to fight the silly man in front of him anymore, he only heard his mouth roar: "Silly boy, I won't be over with you, I will kill you now."

Accompanied by a wild roar from Long Yin, his entire body spun rapidly, and the whole body's devilish energy continued to rotate with his body, and the devilish energy became more vigorous. Then with a bang, the rapidly rotating Long Yin suddenly, both palms. Viciously hit the silly man'er, one palm hit the silly man's Tianling Gai, and the other palm hit the silly man's heart.

When such a terrible and venomous palm hit the silly man, the brothers were all shocked.

"Man'er be careful..." Xue Wuhen, who couldn't help but screamed out in horror.

Chen Qiaozhi and the brothers in front of him also stared at this scene.

But what about that stupid man? When he saw Long Yin's vicious and deadly palms hit his fatal part, this silly fellow didn't even evade, he saw his body suddenly greeted him, facing the terrifying and vicious palms of Long Yin, and charged. Up.

What is he doing?

When the brothers saw that Silly Man'er rushed up like this, they were all stunned for an instant.

"Man'er is in danger!"

"No...Man'er...Go back." Chen Qiaozhi shouted.

It's a pity that it's completely too late, and the silly man's really rushed up.

His two fists furiously slammed towards Long Yin in front of him.

When Na Long Yin saw this stupid guy unavoidably evasive this trick, he suddenly showed a venomous smile on the corners of his mouth, then the devilish energy in his two palms increased, and then he fiercely hit the stupid barbarian. Come.

With a bang, Long Yin's right palm hit the silly man's chest and heart fatally, while the left palm hit the palm of the silly man's Tianling cover? However, a fist was forced by Silly Man'er.

When the silly man's hardly took a palm of the day spirit cover on the top of his head, he suddenly roared like a sky thunder, and then his right fist banged on that Long Yin's body.

The huge boxing force slammed into Long Yin's body, and Long Yin snorted in the devilish energy, and his body flew back.

Look at that stupid man? The whole person stood there blankly.

Stunned.

Chapter 1990: pain

Everyone was stunned there, looking at the scene before them speechlessly.

Over there is Long Yin whose devilish energy has increased sharply. Although he was punched by the silly man's Zhigang fist, Long Yin has a strong devilish body, so although Man'er's circle is extremely strong, But it didn't hurt that Long Yin either.

But what about Maner?

how is he?

The brothers looked at the motionless silly man with worried eyes.

The silly man stood there like a mountain, with a weird expression on his face, standing there without moving or talking.

Was he really safe and sound after just hitting the horrible palm of Long Yin?

"Maner?"

The worried brothers here couldn't help calling out.

As they called out, the silly man's body finally moved, and he slowly turned around, and his silly eyes glanced at the brothers in front of him...

Then a very weird smile appeared at the corner of his mouth.

When the brothers saw this weird smile in Man'er's mouth, all of them were startled, and an invisible premonition surged up.

Just when they wanted to ask Man'er how he was, they suddenly saw that Man'er's huge body with a smile on his mouth suddenly began to tremble...

Then he banged, his legs softened, and his whole body knelt on the ground.

Blood, scarlet blood flowed out of Man'er's mouth, and he knelt on the ground, unable to get up again!

The unparalleled strength of the world can hardly defeat the terrifying Long Yin in the end.

"Maner!"

Seeing Man'er seriously injured all of a sudden, the brothers screamed and ran to the silly Man'er quickly.

As they rushed over, a large pool of blood had already shed on the ground.

Silly Man'er knelt there, as if it was difficult to even speak, with one hand covering the position of his heart, and the other hand supporting the ground, weakly looking at the brothers: "I... I...it hurts...it hurts..."

Looking at Man'er so painfully, the eyes of Jiang Dashan and Xue Wuhen were red.

"Man'er, don't talk... You hold back the pain... hold back, you must hold back." One of Chen Qiao here comforted him while supporting the silly Man'er.

Xue Wuhen also held the other side of Silly Man's tightly and dragged it towards the back.

...

In the dark space, I saw two pairs of extremely vicious eyes staring at the situation in front of him unblinkingly.

There is no human emotion in those two pairs of bloodthirsty eyes. It's not because of anything else, just because they are not human! Not human at all.

They are vampires.

They are vampire members of the Gangaro family.

"His Royal Highness, when shall we take action?" Suddenly, only the vampire of the Gangaluo family asked ferociously.

Count Naspik shook his head slightly, and said, "No hurry."

"There are still too few people dead now. Before the time has come, these ignorant humans will soon kill each other again." Earl Spike stood there suddenly whistling.

The vampire in front of him said: "It seems that the dragon is really powerful, and so many of them can hardly be his opponent."

Count Spike coldly looked at the devilish Long Yin, and said angrily: "Don't worry, someone will come to clean him up."

"Don't forget, that Li hasn't appeared yet."

The vampire said: "His Royal Highness, but it seems that Li has not come this time?"

Count Naspik looked at the dark night, and suddenly a weird smile flashed at the corner of his mouth, saying: "Quickly, quickly, I believe him, he will definitely come."

In the endless darkness, will Li Tianzhen be like Earl Spike said, come? Come to save the brothers?

No one knows.

...

I saw that the battle here has lasted to the end.

Silly Man'er had already been defeated, and now he was seriously injured and supported by his brothers.

And what about Long Yin? He didn't suffer any injuries at all, on the contrary, the terrifying demonic nature of his body had been thoroughly aroused.

His eyes are now full of terrible killing gazes.

He wants to kill, he wants to kill crazy.

"Take it to death, you guys." A sharp roar suddenly screamed from Long Yin's mouth.

His whole person has become inhumane, and he only knows bloodthirsty to kill at this moment.

Seeing that Long Yin had completely lost his humanity, the brothers here were not only afraid.

But seeing that Situ Xuan, resisted at the forefront, and said to the brothers: "I'll stop him...you try to save Senior Cthulhu."

"Qiao Zhi, you take Man'er back."

Xue Wuhen here also rushed over after hearing Situ Xuan's words.

"I will resist this demon together with you."

"I'm coming too." Jiang Dashan at the moment also ran over.

Today, the only people on the field who can continue to fight are Na Situ Xuan, the seriously injured Xue Wuhen, Jiang Dashan and Na Wang Zhen.

Wang Zhen obviously lost to the demon dragon Yin here, so he could only put it at the back.

And the only person who can hold up the beam is currently Na Situ Xuan.

The enchanted Long Yin had already approached his brothers step by step with a step of destruction.

With each step, the brothers' hearts become heavier, because everyone knows that this is a critical moment of life and death.

"Fight, fight with this demon." I saw Xue Wuhen, who bit his head, said there.

Jiang Dashan in front of him also shouted sharply, "Yes, it's a big deal, he will die..."

With a mortal attitude, the brothers faced Long Yin, who was walking towards them step by step like a ***** of death.

"kill!"

With a scream, from the mouth of Xue Wuhen in front of him, he insisted on taking the fight with his mortal determination.

Situ Xuan beside him, and Jiang Dashan just like him.

In this way, the three of them rushed towards that Long Yin with a belief that they would die.

They are desperate, even if it is their own lives, they have to buy time so that Mary and Brigadier Wang Zhen can rescue the evil **** in front of them...

With that Xue Wuhen, Jiang Dashan and Situ Xuan rushing towards that Long Yin, Long Yin's eyes became bloodthirsty black, and his eyes were filled with endless killing.

"Things looking for death, since I want to die, I will fulfill you."

Accompanied by Long Yin's roar, his violent devilish body was intertwined with the bodies of his brothers.

The ***** battle began.

Seeing that Xue Wuhen and Situ Xuan and Jiang Dashan are delaying this time with their lives here, Chen Qiaozhi here sternly said: "Wang Zhen, Mary, go and save Senior Cthulhu..."

Wang Zhen and Mary had already made all preparations. As the ***** battle started over there, they saw Mary's body swish into the rusty iron house in front of them.
