

A Killer 199

Chapter 199: Somewhat cooked

"Give me all the stolen things honestly..." Li Tian said, standing there looking at the two thieves with horror from their eyes.

The two thieves never thought that they would catch eagles all the year round, but they never thought that they would be blinded by the eagle this time.

The two looked at Li Tian in fear, their eyes full of unwillingness.

The money I stole so hard today? How could it be sent out in vain all at once?

But facing Li Tian, the two thieves were helpless.

"Get it out quickly."

Li Tian kicked the thief with the eyebrows and mouse eyes. The thief groaned, and then reluctantly took out the hundreds of dollars from his pocket...

"How about you?" Li Tian sneered.

The other thief unwillingly took out the stolen pink Hemers wallet.

Li Tian stretched out his hand and took it, took a look at the Hemers wallet, and looked at the money and things inside.

"Anything else?" Li Tian asked coldly.

The two thieves were speechless.

He hurriedly said with a sad face, "Big Brother, we did these two jobs today, and now the money and things are all given to you, really gone..."

Li Tian sneered: "There is no best."

"Fortunate for you two today, I have to catch the train, otherwise, I have to send you to the police station."

As Li Tian said, he picked up from the ground a purse that the thief-eyed man had thrown away.

Then slowly put the hundreds of dollars into the wallet.

I didn't even look at the two thieves and walked out of the alley.

The remaining two thieves looked bitter, and they waited until Li Tian had left before yelling: ***, it's bad luck today...

Holding the wallets stolen by the two thieves, Li Tian hurriedly walked towards the square of the train station, because he wanted to find the man whose wallet was stolen just now, and quickly return the wallet to him.

After arriving in the square, Li Tian looked around and found the man whose wallet had been stolen just now.

At this moment, I was standing at the entrance of the station with a sad face, carrying a package, and a face full of despair. Everyone there asked, "Who stole my wallet? Please give it back to me..."

Li Tian recognized him at a glance and hurried over.

"Sir, is this your wallet?" After Li Tian approached, he hurriedly took out the wallet he had just snatched from the thief and handed it to the man.

The man's eyes are blood red.

Then screamed and grabbed his wallet.

"My wallet." He took back his own wallet as if robbed.

He quickly opened his wallet and looked at it. When the bank card and cash were all in it, the man slowly turned his eyes to look at Li Tian.

"Why is my wallet with you?"

"Who are you?" The man looked at Li Tian suspiciously and said.

Li Tianyi was taken aback, thought for a while and said, "I'm an ordinary person. As for why your wallet is in my hands, I think it's because I happened to find him on the ground... I saw you looking for a wallet here. , So just ask."

He didn't tell the man that he had subdued the two thieves just now, he just wanted to return the wallet to the man so that the matter would calm down a little bit.

The man glanced at Li Tian, his eyes were suspicious, he put his wallet in his arms, didn't even say thank you, turned his head and left.

Li Tian didn't care about the man's indifference. After all, he didn't know him before... and he still had other people's wallet in his hand, so no one would doubt it. ,

Li Tian, who has done a good deed, is quite happy.

After finding a quiet place and sitting down, Li Tian took out another wallet that he had just retrieved from the thief.

A pink purse that looks quite delicate,

Li Tian certainly did not recognize the brand of this wallet as Hemers, a wallet worth 10,000 to 20,000 yuan each.

He just thinks that this wallet is very delicate, and there is a fragrance on it, it should not be surprising that it is a girl.

After opening the wallet, I immediately saw a wad of brand new hundred-yuan bills in the wallet. How many thousands of dollars? And credit cards, bank cards are full of wallets.

Li Tian frowned slightly.

"It seems that the one who lost the money should be a rich woman?" he thought to himself.

Then I saw a photo inside the wallet.

I glanced at the photo, but saw that it was a little beauty with a delicate face, but there was a hint of arrogance in the eyes of this beauty.

It seemed like Tang Feifei before that, it belonged to the kind of arrogant atmosphere unique to the rich lady.

In addition to these, there is also a transparent white jade dragon wearing a red string, crystal clear, quite eye-catching.

Li Tian looked at it and closed the wallet.

I thought, the girl who lost her wallet should be anxious now, right? But this train station is crowded with people? How can I find her?

Looking around, Li Tian was a little disappointed. There were too many people in the train station. He couldn't hold a tweeter and shout in the square: Who lost his wallet?

So he first kept the wallet in his own body.

Waiting for more than 3 hours, fast and fast, slow and slow.

The train finally arrived at three o'clock in the afternoon, and finally the sound of the train station broadcast.

The train to Jinghai City finally began to check in.

Li Tian hurriedly picked up his luggage, then lined up, checked and checked the tickets, after all he was busy with, he started walking towards the station and getting on the train.

The ticket Shen Feng bought for Li Tian was a first-class ticket.

Tickets for carriage 6.

When he found the No. 6 car, Li Tian walked in and found that there were not many people in this car. After all, this No. 6 car is a superior car, and the price of the other car is more than 100 yuan more?

Li Tian, who walked in, took the train ticket in his hand and quickly found his position.

Number 38.

His position is a position by the window, isn't it? After finding it, he put down his surname Li and sat down quietly.

There was no one on the seat next to him, and Li Tian swayed and sat in an empty seat.

Just as Li Tian was sitting down, he saw two shadows walking towards this side from the front.

Two beauties, one of them belongs to the type of a typical eldest daughter, and the other is a beautiful woman with glasses. Although she is dressed casually, she has a distinctive atmosphere. Even the one around her neck wears Yadan's The girl in Lu silk scarf is not necessarily comparable.

She is just poetic.

The eldest lady beside her was the girl who had just lost her purse in the train, still pouting her little cherry mouth, her eyes seemed unpleasant to anyone, and she was awkward.

Li Tian glanced at the two beauties who came by, and couldn't help being taken aback, because he saw that Yaya's face seemed familiar.

It seemed to resemble the photo of the beautiful woman in the wallet just now.
