Chapter 2: She is not an ordinary woman

Li Tian dares to use his head as a guarantee that the woman in front of him is definitely not Liao Cheng's woman. The little Liao Cheng Li Tian has lived for twenty years, and he can still see this little vision.

Although it was just a glance, Li Tian already felt that there was absolutely no woman in Liao Cheng who had her appearance.

Moreover, she was wearing a tight-fitting black leather jacket. Although Li Tian didn't know what brand the leather jacket was, it could be felt from the bright light that it was definitely Liao Cheng's most expensive leather jacket.

Looking at the strange woman in the middle of the night before him, Li Tian was taken aback, and he stayed in the dark alley: Do you want me to save the United States once today?

Is Li Tian going to be lucky?

Is it bad luck? Is lucky? I don't know.

Li Tian bent down and walked towards his residence with the mysterious strange woman in front of him...

Li Tian lived in a small house he rented for 200 yuan, so you can imagine what kind of house it should be.

After opening the rusty iron door, as Li Tian pulled the light off, the whole cabin was unobstructed.

Under the dim light bulb, a stinky smell came.

It was 40 square meters, a bed, an old table, dirty socks all over the floor, and messy clothes.

If you know the days of a single man, you can definitely guess what Li Tian's house looks like.

On a small bed that is only one meter wide, there are still piles of torn clothes as high as a mountain. Li Tian slowly hugged the woman in front of him and walked towards the bed. After gently putting the woman on the bed, he gasped next to him. Slowly sat down on a small wooden bench.

With the light of an electric bulb, Li Tian saw the true face of a woman for the first time, my God? What a beautiful face that is.

The skin is like fat, white and red, gentle like jade, crystal clear. It is more pure and flawless than the purest mutton fat jade. It has a classical and exquisite melon-seed face and a firm and straight nose. It has both the beauty of women and the heroism of men;

Slightly thin and soft cherry lips, showing a kind of almost transparent ruby red, as if it can make people intoxicated by looking at it at any time; the long black hair that is as soft as water, slopes down like a waterfall, just right Draped on the slightly shaved shoulders...

It must be a long-term exercise, which gives her an overall upright figure, which is just right. It is the most suitable model for a well-developed girl of the right age; with long legs and a thin waist, with a figure of about 1.6 meters, it is really fattening by one point. , Minus one point is thinner.

It's just that when he sees Li Tian's eyes, he feels that the woman's face is very cold, and under that beautiful face gives people a cold breath, as if there is a sense of nobility and arrogance all over his body, like an iceberg. The beauties on the scene are average, and they can only watch from a distance but not close.

"Hey, did Li Tian accumulate virtue in my previous life? I was able to save such a superb beauty?" Li Tian looked at the beauty on his bed and was dumbfounded.

Looking unblinkingly, such a beauty, even if Li Tian didn't look at it all his life.

But a huge question suddenly appeared in his mind.

"Who is this woman? How could she faint here? She is obviously not from Liao Cheng, but who is this mysterious woman?"

A series of questions suddenly came to Li Tian's heart.

Looking at Li Tian who was fainting on the bed, she couldn't help wondering why she fainted? Are you tired? Still sick?

As Li Tian approached, he suddenly saw something slimy under the mysterious woman's chest sticking to the leather jacket. Upon closer inspection, Li Tian was shocked. It turned out to be blood, scarlet blood.

"No wonder she was dizzy, it turned out to be injured."

Thinking like this, Li Tian hurriedly prepared to look at the wound, but when he glanced at the woman's high chest, he almost squirted out his nose, and his outstretched hand stiffened in the air.

"Nima, if she wakes up later, don't blame yourself. Seeing places that shouldn't be seen?" Li Tian thought to himself.

Looking at the woman's pale pretty face, Li Tian said to himself: No matter it, let's save people first.

After all, saving people is more important than anything else.

So Li Tian in front of him slowly stretched out his hand to unzip the woman's leather jacket.

When his hand touched the zipper of the woman's leather jacket, he couldn't help but tremble a little. Turning his head to the side, Li Tian, who looked like a gentleman, still murmured: "I don't watch, I don't watch..."

It's a pity that my eyes didn't seem to listen to my commands, and they still turned to the woman's clothes that were pulled apart.

As the zipper was pulled down by Li Tian, he almost leaked! !

"So big, so white."

Li Tian only felt that his throat was a little dry, and his whole body became so hot that his hands inadvertently touched the woman's skin.

When the finger touched the woman's skin, she was lying quietly on the small bed as if she was dead, but she didn't know it was subconsciously awake? Or is it for some reason? She opened her eyes in an instant, and when she suddenly realized that there was an extra hand in front of her, Senhan's murderous intent appeared in her eyes.

"You are looking for death." When the cold voice came out of her mouth, she saw her hand suddenly pinched towards that Li Tian's neck like a poisonous snake.

The speed is as fast as lightning.

Li Tian only saw the shadow of a hand, and then he felt suffocated for a while, and his two hands hurriedly struggled instinctively to pull away the woman's slender hand.

Where is the woman in front of you? Although her eyes were filled with infinite murder and resentment, her power seemed to be getting weaker and weaker. I don't know if it was because of the serious physical injury or something else... But in the end, the

strength to catch up was getting smaller and smaller. Slowly he handed it down, and his eyes became even darker, and he fainted.

Li Tian, who had walked through the gate of the ghost gate, quickly shook off the woman's hand and squatted on the ground, his neck flushed and coughing. After a few knocks, he slowly raised his face.

At this moment, all the colors in his eyes were panic.

Just now, just now, if it wasn't for my instinctive struggle, I wouldn't have been pinched to death by this crazy woman, who was she? Why is it so fierce?

Li Tian sat on the ground silently, looking at the fainted woman with incredulous eyes in his eyes.

"Fuck, it's so hard to be a good person? Almost pinched to death?" Li Tian cursed.

But when I looked back, Li Tian suddenly felt something was wrong. This woman was too weird. When he took the shot just now, Li Tian didn't even see it. Li Tian, who was famous for fighting in Liaocheng since childhood, suddenly realized that this woman is definitely not. Average woman.
