

A Killer 2001

Chapter 2001: Real demon

It's over. .

Whether it's the vampire of the Gangelo family or the dead Long Yin, everything is over,

Where is Li Tian?

Situ Xuan died tragically, and Jiang Dashan also died.

The silly men who survived, Xue Wuhen, and Brigadier Wang Zhen were all seriously injured.

What about Li Tian himself? It was also completely weak and collapsed to the ground.

The only one who might be fine is the vampire Mary.

In the endless darkness, Li Tian looked at the corpse of Situ Xuan and Jiang Dashan on the ground, standing there sadly...

He did not speak, did not speak, but stood there blankly, looking at the two bodies.

There was a sad breath in the air.

What about here? Mary glanced at the grieving Li Tian and sighed deeply.

Suddenly, the evil ***** who was limp on the ground said to Mary in front of him: "Hurry up and find the key of fate."

After hearing the evil ***** say this, Mary suddenly woke up.

Yes, the key of destiny has not yet been taken, and it is still with the vampire of the Gangelo family.

But now that Spike and the last Gangelo family vampire are dead... But where is the key of fate?

After thinking about it this way, Mary said suddenly: "Then I will find the key to fate."

Cthulhu nodded.

But seeing Mary swiftly walked towards the dark room where Earl Spike and the others lived.

She wanted to find the key of destiny, because the key of destiny contained too many secrets, especially about the huge blood family.

After Mary entered the dark room quickly, she saw that the room was extremely messy. On the table in front was a transparent glassware. The glassware contained bright red human blood, which could be seen. This is indeed the place where Nagangros Spike lives.

Mary raised her eyes, looked around the room, and suddenly found the brown leather suitcase in the corner on the left.

After seeing the brown leather box in amazement, Mary's eyes suddenly revealed a light of joy.

Yes, that's the box containing the key of fate, the brown leather box that Karel had held before.

After Mary saw the brown leather suitcase, she quickly walked over, and then she reached out and caught the brown leather suitcase.

After Mary got the brown leather box, she gently placed the brown box on the table in front of her, and then slowly reached out and opened it.

After opening it, I saw that what was inside was the extremely ancient key!

The key of destiny.

Mary finally found it.

After Mary found it, her eyes showed a light of surprise, and she couldn't help sighing in her heart: "Fortunately, this key of destiny has arrived..."

Just as she spit out these words in her mouth, her eyebrows suddenly wrinkled.

Then her pale face suddenly became horrified and ugly, as if encountering some great danger, and the whole person was shocked there.

what happened?

What happened to her?

"He's here... my God... they're here!"

The horrible words suddenly came out of Miss Mary's mouth in disbelief.

What is she talking about? Who is coming to make Mary the vampire in front of her become so terrified?

It turned out that there was a terrible zombie-like breath in Mary's nose... That breath was surging from the distant darkness to this side!

Above the black sky, just after Mary spit out that sentence, a group of black crows suddenly croaked and flew towards Li Tian and Miss Mary in fear.

Those dark crows, with the breath of death fear, flew from the far west...very weird.

And what about Mary at this moment? The whole body suddenly began to tremble violently.

Her trembling was trembling because of excessive fear.

What kind of horrible thing would make this vampire Mary so terrified? So scared?

...

Where is Li Tian outside?

He still squatted weakly on the ground, looking at the Jiang Dashan and Situ Xuan's body.

His eyes were red and moist.

"I'm sorry... I'm sorry... I killed you..." Li Tian said regretfully in front of Jiang Dashan and Situ Xuan's body.

"I didn't protect my brother...I **** it!" Li Tian said in regret.

Xue Wuhen on one side looked at Li Tian with such sorrow, and persuaded Li Tiandao with red eyes: "Brother Tian...it's not your fault! It's all to blame for the **** Long Yin...he killed Dashan, and Situ Xuan."

Li Tian bowed his head in agony in front of the brothers' bodies.

Then his legs suddenly knelt in front of the bodies of Jiang Dashan and Situ Xuan.

Seeing Li Tian's actions like this, Xue Wuhen hurriedly helped Li Tian: "Brother Tian, don't do this..."

But as for Li Tian, he knelt on the ground with his legs firmly, his eyes were red, and he knelt there for a long time.

The death of the brothers in front of him, to be precise, was part of Li Tian's responsibility.

If Li Tian hadn't become enchanted, if Li Tian had arrived early, maybe Jiang Dashan and Situ Xuan would not die!

But everything is too late... Now even if it is too late to say anything... Now Li Tian only has regret and only sorry in his heart.

Just when Li Tian was very guilty here, above the dark sky, a group of crows suddenly flew towards this side from the west.

Those weird crows, their eyes are so shining in the dark... with a solemn breath of death, they flew towards Brother Ma.

Then a group of crows suddenly landed around Li Tian and his brothers.

Dense crows surrounded them all... staring at the brothers who were staring in front of those strange eyes.

The atmosphere suddenly became extremely strange.

"This...this...what's going on?"

"These crows... where did the crows come from?" Xue Wuhen said, staring at the strange densely packed crows in front of him in shock.

"Oh my god, there are so many... weird things."

Li Tian also raised his head, looking at this strange group of crows.

He was also stunned...

What exactly is going on?

Just when they were extremely puzzled, a terrible zombie aura suddenly rushed over from the west. The smell was so solemn, and it flooded towards Li Tian and the others.

The darkness is like tide, and the real demon is coming!

Chapter 2002: Uriss

The terrifying black crow surrounded Li Tian and his brothers.

That terrible zombie aura suddenly came head-on from the western area...

After suddenly feeling this weird situation, Li Tian stood up with difficulty, and looked at the western area with a pair of eyes in disbelief... But seeing that in the western area, a gloomy cloud was shrouded in the sky. The black energy was swallowing violently towards here.

Darkness is coming.

Li Tian felt it, and he felt that the real danger was coming.

Just after thinking this in his heart, suddenly the figure of Mary had suddenly jumped out of the dead Earl Spike's room.

Carrying a brown leather suitcase in her hand, she ran out and exclaimed in surprise: "Go...Quickly get out of here..."

"The Corpse King Uris is here!"

Accompanied by Mary's yelling in surprise, the brothers here were all startled.

what does she say?

Mary said from her mouth just now: The corpse king Uris? What it is?

If the brothers can understand the blood family, they must know that there are two high-ranking, murderous elders in the Gangaluo family!

Those two elders are the two ***** and brutal elders of the Gangelo family, and one of them is the zombie king Uris.

It is said that Uris is a fourth-generation vampire.

With the pure blood of the strongest generation of descendants among the blood clan, his abilities are extremely terrifying among the blood clan thirteen clan, except for the prince of the thirteen clan, almost no one can defeat the Gangelo clan. The two elders.

Now, could it be that the elder-level vampire of the Gangaro family has arrived?

The black night is getting more and more solemn, and the air seems to have been completely corroded... is full of a smell of fishy zombies.

He is here.

Just when Mary screamed, Li Tian here quickly looked at Mary and asked: "Mary, what did you say? What zombie king Uris..."

But seeing that Mary looked terrified and ugly, she quickly said: "He is the vampire elder of the Gangelo family... is a cruel ancient vampire..."

"I never thought that Uris would come here in person..." Mary said with an ugly face, while looking at the west in fear.

"Quick, quick, get out of here... or today, none of us would want to leave alive."

After Mary finished speaking, Li Tian could feel her fear.

Besides, now that the brothers have all lost their fighting power, the body meridians of the Heretic God are still being sealed...Because the acupuncture points point by the Dragon Yin are unique techniques, so others cannot unlock the whole body of the Heretic God. Unless he himself broke through the restriction of the cave.

In addition to the Cthulhu, Li Tian also lost the fighting power he deserves. He is now extremely weak and can't fight people at all.

After hearing what Mary said, Li Tian immediately said: "Okay, let's get out of here soon."

"Wuhen, Qiao Zhi, help my father... Let's go!" Li Tian shouted to the brothers.

After yelling from his mouth, Xue Wuhen and Chen Qiaozhi in front of him rushed to the evil god, and quickly helped him up, and where is Brigadier Wang Zhen over here? It was supporting the seriously injured Man'er.

They began to prepare to escape, escape.

Just when Li Tian was taking his brothers to escape, suddenly the dense crows around began to scream strangely... the voice was extremely stern, yelling there while looking at Li Tian with that strange look. Bros.

Li Tian and his brothers ran while looking at those weird crows...

Suddenly the crows flew towards them... as if to stop them.

Brigadier Wang Zhen fired his gun while running, Xue Wuhen and Chen Qiaozhi also waved against those nasty crows with their hands... And Mary, also preached for Li Tian and the others.

Suddenly, they, who had been escaping towards the front place, suddenly stopped.

At the same time, the crows were all flying away...no longer attacking them.

But seeing Li Tian and the brothers' eyes, they all looked weirdly at the dark place in front...Even Mary's expression at the moment became horrified, her eyes widened and stared at the darkness ahead in disbelief. ...

What happened to them?

Why did it suddenly stop?

Do not!

It was not that they wanted to stop, but because there was a Western man with a pale face in front of him, covered in a layer of evil and darkness, standing there motionless.

He is of typical Italian race, with long hair, elegantly tied in the back, extremely tall, and wearing a black trench coat.

The pale and bloodless face revealed a cold suffocation look, and those eyes were strange blue, standing motionless there, looking at the brothers and Mary in front of him.

"They're here..." A word of fear came out from Mary's mouth.

Then she was about to run to the back with Li Tian and his seriously injured brothers, but when she turned her head back, she didn't know when a figure was standing in the back.

That figure is the same as the guy in front of him... also with a pale face, an expressionless face, staring coldly at Mary and the brothers in front of him.

Mary stayed there when the front and back roads were blocked all at once.

Suddenly she muttered desperately: "I can't leave...I can't leave..."

But Li Tian still has brothers? At this moment, his eyes were also astonished at the two weird Western men in front of him.

"Is it a vampire again?" Xue Wuhen suddenly said from his mouth.

But seeing Li Tian nodded slightly, he had already seen that the two guys in front of him were definitely vampires.

Whether it is from their extremely pale faces or from their stiff and bloodless expressions, it can be judged that they are vampires.

And Li Tian can judge that the identities of these two vampires are absolutely extremely high!

Almost like the Spike who was killed by himself, he has a very high status in the blood clan.

Li Tian's guess was not bad. The two vampires in front of him were the earls, almost the same as the dead Spike.

After Li Tian and his brothers were stopped at once, they all froze there.

Where is Mary at this moment?

With a frightened expression on his face, he slowly walked up to Li Tian's and whispered, "Li Tian...you find a way to take your father and your brothers out of here..."

After hearing this, Li Tian looked at Mary and said, "What about you?"

A bitter smile suddenly appeared on Mary's face.

"I?"

"I'm afraid I can't leave..."

Li Tianyi heard it, and immediately said: "No, you want to go, you go with us."

Chapter 2003: Cthulhu's decision

Mary said: "Don't be silly..."

"Do you know who they are in front of you?" Mary suddenly looked at the two vampires in front of her motionlessly standing in the way.

Li Tian took a look, then shook his head slightly.

Of course he didn't know.

Just listen to Mary said: "They are members of the Gangelo family... and their identity is the identity of the earl."

After listening to Li Tian, he was taken aback.

He heard Mary said before that among vampires, there is a strict hierarchy.

From the Lord to the most common vampire members, the level of strength is particularly obvious, and now these two vampires are both counts!

They are the same as Na Spike! !

"Besides, there is another elder who is known as the king of corpses among the blood clan and will appear soon..." Mary said in despair.

"Li Tian, while the corpse king Yuris hasn't appeared, you can escape here as soon as possible...I will try to stop them." Mary finally looked at Li Tiandao there.

Where is Li Tian?

How could it be possible for a woman to die for herself? Block all the dangers for yourself?

This is not his character!

He is a man, a man upright.

Even if he died, he would not do anything like that.

So he resolutely refused.

But seeing Li Tian said: "Mary, I won't go. If we want to go, we all go together! I will never leave you."

When Mary heard Li Tian say this, she was grateful in her heart, but her face did not show it. She looked at Li Tian and said, "Are you going to kill your father and your brothers?"

"You know, you just reunited with your father... Besides, there are so many brothers behind you, so many women who love you... Are you really willing to bring them all into the fire?"

Mary's words made Li Tian's heart sore.

However, Mary said it was true, and Li Tian was standing there contradictory now.

"Listen to me... get out of here..."

"Otherwise, everything is too late."

Mary said last.

After Mary finished speaking, she suddenly passed the brown leather suitcase in her hand to Li Tian, and then said: "Li Tian, help me hold the key of destiny... We must find a way to remove this evil. The key is destroyed...it must not be taken by a member of the Gangelo family...otherwise...no...the world will never be peaceful."

Mary said last.

After hearing what Mary said, Li Tian nodded finally.

"Okay, I promise you." Li Tiandao.

When Mary heard Li Tian say so, her mouth showed a warm smile.

Then she didn't say anything...slowly walking step by step towards the vampire count in front.

Li Tian here can only look at that Mary's back, heartache...

But she said that Mary had already walked towards the Count Dracula of the Gangelo Family in front of her.

When she was about two meters away from the vampire count, she stopped, and her eyes were facing the vampire count of the Gangelo family.

"I really didn't expect that the Gangaluo family would use such a big battle to come to China." Mary said in front of the Count Gangaluo vampire who looked at her as cold as stone.

The standing vampire Count Gangaro did not even look at Mary.

Just a pair of bloodthirsty eyes staring at the brown leather box in Li Tian's hands.

Vampires can sense the sacred objects of their blood family, especially important things like the key of destiny, so he immediately felt that the key of destiny was on Li Tian.

When the Vampire Count Gangaro saw the brown leather suitcase in Li Tian's hands, he suddenly walked towards Li Tian step by step.

"What are you doing?" Mary in front of her immediately stopped the vampire count.

The vampire count suddenly raised a pair of extremely killing eyes and glanced at Mary before him.

"If you don't want to die, get out of me." The cold words came out of his mouth, and his words were just like his people, stiff and rigid.

Then Mary sneered at the corner of her mouth when she heard the words of the vampire Count Gangelo in front of her.

"I want to stop you, see what you can do with me?"

As Mary spoke, the vampire count of the Gangelo family in front of him was furious.

"court death!"

The words were spoken, but seeing his figure rushing towards Mary quickly and absolutely, the whole person couldn't see his figure at all, except that he could see his body and reached the front of Mary in that blink of an eye.

Fortunately, Mary was so alert, she suddenly dodged, avoiding the terrifying blow in the past.

But just after Mary avoided the horrific blow of the Gungro vampire, the vampire count in front of her came again... terrifying.

It has to be said that the vampire of the Gangelo family is the most powerful among the thirteen blood clan.

While fighting with the vampire, Mary said to Li Tiandao: "Li, get out of here... quickly..."

After Mary's voice called out, Li Tian looked at that Mary helplessly.

He really didn't want to abandon Mary like this, but what should he do now?

If he stays, his father and the brothers in front of him may all die!

Faced with this situation, suddenly Li Tian stubbornly stuffed the brown leather suitcase in his hand to Wang Zhen...

"Brigade Commander Wang, please send my father and my brothers out of here." Li Tian suddenly faced Wang Zhen in front of him.

When Wang Zhen heard Li Tian say this, he was stunned.

"how about you?"

Li Tian glanced at the Mary who was completely unable to fight behind and said, "I can't leave her..."

"Since you don't go...we don't go...we are all together, even if we die, we will die together." Wang Zhen said.

When Li Tian heard this, he said anxiously: "Brigade Commander Wang...Don't delay, listen to me, take my father out of here, if you don't leave, it will really be too late."

Wang Zhen wanted to try to say something. The weak evil ***** suddenly spoke. He looked at Wang Zhen in front of him and said, "Brigade Commander Wang, listen to God!"

"Let's go!"

When faced with the evil spirit suddenly saying this, Brigadier Wang Zhen was stunned.

He didn't expect Cthulhu to say this!

Cthulhu has never experienced any big storms and waves in his entire life. At this moment, Cthulhu is the only correct choice to do so. He knows that his son has a strong affection and righteousness. At this moment, he will never abandon that Mary... But the current situation Cthulhu himself has already If you lose your combat power, let alone the remaining brothers who are still alive, if you insist on staying, the result will definitely be death... So Cthulhu can only do this. Although he is very sad and reluctant, he can only do this. In order to save more lives.

After hearing the Cthulhu finally say this, Brigadier Wang Zhen nodded helplessly.

"Ok....."

Li Tian Wang Zhen Wang Zhen smiled.

What about Cthulhu? Then he touched Li Tian's hand for the last time, and said to Li Tian with great heartache: "Tian'er... take care of... take care of yourself." A word came out of his mouth.

Li Tian's eyes were flushed, and he held the Cthulhu's hand tightly, nodding his head vigorously there.

The Cthulhu knows that if they leave, Li Tian's life may be gone... but he has to go. Staying will only make more people die. The Cthulhu has never been afraid of death for more than twenty years. Years later, still not afraid of death! But he was afraid that innocent people would die! This is the case now, so he made such a painful decision.

After the decision, the brigade commander Wang Zhen took the brown box containing the key of fate and held it tightly in his hand. What about Li Tian? He turned around abruptly, facing the vampire earl standing coldly behind him.

The extremely cold looking vampire stared at the brown box like death, as if in their eyes, only the box containing the key of fate was the most important.

Chapter 2004: Brutal ***** battle

At this moment, Li Tian walked step by step towards the vampire count behind.

He will do his best to make the final battle in exchange for the brothers and his father to escape here.

When the vampire of the Gangelo family saw a human being walking towards him, his bloodthirsty eyes exuded a weird and fierce light.

Li Tian stared at him fiercely, motionless like a mountain, just blocking the vampire count in front of him.

And here is Brigadier Wang Zhen and Xue Wuhen, and Chen Qiaozhi, while supporting the badly wounded Cthulhu, and the silly man, quickly fleeing to the side.

The vampire count saw that the box with the key of fate was taken away by Wang Zhenzhi, the long fangs suddenly appeared from his mouth, and the extremely pale face instantly became extremely The twist...

With a swish of his body, he suddenly moved towards that Wang Zhen's attack.

Li Tian had already guessed that the vampire would prevent Wang Zhen and the brothers from leaving. At this moment, seeing that the vampire count suddenly rushed towards that Wang Zhen, Li Tian exhausted his physical strength and roared, and his body directly faced the vampire count. The body rushed.

The speed of the vampire count was terrifying, but Li Tian's speed was not slow either.

The two almost reached behind Wang Zhen's body one after another.

Just when the Count Vampire wanted to attack the Brigadier Wang Zhen, but seeing Li Tian shouted, his palms instantly attacked the back of the vampire, because Li Tian had silver powder on his palm, and he was facing the Count Vampire. When the body hit, the vampire count had to dodge at the moment.

But seeing the body of the vampire count suddenly flashed and disappeared into the darkness.

Then he arrived at Li Tian's back at an unexpected speed. A terrifying and cold hand grabbed Li Tian's heart.

Li Tian didn't look back, but he felt the chills coming from his back. He was shocked, and he hurried forward. The vampire count grabbed his hands and roared angrily.

Li Tian escaped the fatal move of the vampire count...it was a fluke.

However, Wang Zhen, Xue Wuhen, Cthulhu and the others, after Li Tian resisted, they had already fled far away.

So as long as Mary and Li Tian stop the two Gangero family vampires in front of them, then the brothers and the evil **** will escape here.

But can Li Tian and Mary really stop the two terrifying earls of vampires?

I saw that Mary over there had been knocked to the ground twice by the earl vampire. Fortunately, she had an immortal body to withstand, otherwise she had already died under the earl of the vampire.

But Mary was no longer the opponent of the vampire count. In a blink of an eye, he saw that the vampire count once again grabbed Mary's shoulder, snorted, and his five fingers severely left a few cruel streaks on Mary's skin. Blood stains.

Mary screamed in pain and was kicked into the air by the vampire count.

Where is this place?

Li Tian is still fighting fiercely with this vampire earl.

But because Li Tian has reached its limit, his skills are getting slower and slower at this moment, and his body's energy is also difficult to accumulate. In less than two rounds, he saw that the vampire grabbed Li Tian's back with a terrifying scratch, Li Tian could not dodge, but saw that the vampire count broke through his back.

Scarlet bloodstains appeared on Li Tian's back, and a bitter pain suddenly passed from his back.

Li Tian endured the tingling pain in his back, gritting his teeth...persistently.

He knew in his heart that the more he persisted, the brothers would have more hope of living.

After Li Tian's back was hit hard, the vampire count suddenly chased Wang Zhen.

These vampires of the Gangelo family vowed to obtain the supreme holy artifact of the blood race, the key of fate.

But just as the vampire flew towards Wang Zhen, Li Tian suddenly seemed mad, and his whole body rushed towards the body of the vampire count.

Then the whole person hugged the body of the vampire count for an instant, and then all of them rolled to the ground at once.

The vampire was thrown to the ground by Li Tian, roared, kicked and kicked on Li Tian's chin. A scream came from Li Tian's mouth, and a mouthful of blood was ejected from his mouth... The man flew upside down to the ground.

But it was Li Tian's fight with death, and Wang Zhen and Cthulhu had already begun to walk away.

Looking at his father who had gone away and his brothers, Li Tian fell weakly to the ground, with a gratifying smile on his face... He finally calmed down now...!

Even if he died, I believe Li Tian would die with a smile!

But can Wang Zhen and the Heretic God really escape?

Just when Wang Zhen was holding the brown box with the key of destiny and the evil ***** was about to flee here, suddenly a terrifying and corrosive corpse smell passed in the air.

The face rushed toward Wang Zhen.

At this moment, the Cthulhu was supported by Xue Wuhen, and when he suddenly smelled the terrifying corpse odor in his nose, the Cthulhu suddenly changed his eyes...

Become horrified and afraid!

"Be careful!"

An exclamation screamed out of the Cthulhu's mouth.

Then, just before the brothers could react, a terrifying shadow suddenly flew towards Wang Zhen.

That shadow... was smelling like a corpse, and at the same time there was ***** air around him, and... and... the monster seemed to have a pair of wings, ***** wings.

Look carefully, but see that the monster in the darkness spreads its wings. When it flies by, the whole person swishes like a different kind of bat at the brigade commander Wang Zhen!

Wang Zhen didn't even see the figure clearly... The whole body was instantly slapped by the scented monster with wings spreading out.

Wang Zhen's huge body and the box holding the key of fate in his arms were all taken away by the winged monster!

what

Above the dark sky, there was a scream from Wang Zhen, and then the entire space suddenly condensed.

Brothers froze, Cthulhu froze.

Li Tian, who fell to the ground over there, was also shocked, with blood in his mouth.

Even Mary was completely shocked there!

Because they all heard Wang Zhen's miserable cry... They all smelled the terrifying smell of corpses in the air.

"He's here... The Corpse King Uris is here!" A terrible word murmured out of Mary's mouth.

Chapter 2005: Fight hard

Corpse King Uris!

Could it be that the ***** and brutal vampire of the Gangelo family has come?

In the dark sky full of smelly corpses, Wang Zhen's cry was so miserable...After being taken away by the monster with wings, he hovered quickly in the entire midair.

Li Tian endured the serious physical injury, spit out a mouthful of blood, and ran toward his father over there desperately at this moment.

"Wang Zhen..."

After Li Tian ran over, but hearing a bang, the corpse suddenly fell out of the air.

With a bang, the corpse fell straight in front of Li Tian.

Li Tian was stunned for a moment... He raised his sad eyes and looked at the blood-filled corpse on the ground.

But I saw that the corpse belonged to Wang Zhen.

His people are dead...On Wang Zhen's chest, a palm-sized blood hole was alive and pierced out. The blood hole was like a sharp sharp weapon plunged into his body, scarlet. His blood was pouring out of his chest.

Wang Zhen is dead.

The brown box containing the key of fate that he was holding in his arms also disappeared.

His body fell there, and he didn't even look at his brothers at the last time, and died there like this.

After seeing Wang Zhen's body, the brothers and the evil gods were all of a sudden...

What about Li Tian? He knelt on the ground all of a sudden, kneeling in front of Wang Zhen.

His fists were clenched tightly, and the clenched teeth seemed to bite and bleed... Those eyes with endless flames were full of terrifying hatred and anger.

Wang Zhen is dead! Wang Zhen is dead!

Here Mary also rushed over. After seeing Wang Zhen's tragic death, she was also stunned, especially when she saw Wang Zhen's key to fate box being snatched away, Mary was even more stunned. There.

The key of fate was taken away by the vampires of the Gangelo family! ! !

At this moment, the surrounding crowd of crows suddenly flew forward in groups... and then a terrible smell of corpses suddenly passed.

But among the dense crows, a monster with wings on its back appeared in everyone's eyes.

Hey, if you don't see it with your own eyes, who can imagine that what you see in front of you is true!

What kind of monster is he!

The horrible wings were blood-red, spreading on his back, and when they were unfolded, they were two or three meters wide.

Looking at him again, his face is like a zombie hidden in the ground for a long time, his face is dry and stiff, his skin is tightly wrinkled together, only those eyes are scarlet, looking terrible and weird.

His arms are very long and very long. When they are put down, they can reach the position of the knees. The pointed nails on the thin fingers are sharper than the blade...

Is he one of the two current elders of the Gangaro family, the corpse king Uris?

Yes.

He is the blood elder of the Gangelo family, the corpse king Uris.

The Chronicles of the Blood Race once recorded that in the Central European century, a group of primitive savages were exiled in the Balkans. Those savages made a living by killing, eating people, and drinking blood, and because these savages were eating raw human flesh, This caused the body to mutate, resulting in an essential change in their entire body. Their bodies became dry and stiff, and even their backs grew innocently with wings. These barbarians have been wandering in the Balkan Peninsula and the mountains. Later, I met an army of vampires stationed here. Because of the barbarians' brutality, they fought against the vampires. However, in the end the group of barbarians was defeated and their tribe was almost killed... but one of them survived. , And the only surviving barbarian was named Uris. Among them, Uris was bitten by a vampire... and finally Uris became a member of the blood clan, and because of this, this monster, once a barbarian with wings on its back, became even more terrifying than ordinary vampires. The monster, he lives under the eaves of the Gangelo family, becomes the executioner, becomes the maker of the killing, he is now the corpse king Uris, this cruel monster

However, when the corpse king Uris really appeared in front of everyone, everyone was dumbfounded...

No one can imagine that such a hideous ***** monster really exists in this world.

At the moment, the corpse king Uris, those **** eyes glanced at everyone present, and suddenly his mouth grumbled and laughed.

His laughter seemed to come from hell, sounding hairy and harsh.

His teeth are long and sharp.

One of his weird arms was holding the brown box in his heart at the moment.

The key of destiny was obtained by the corpse king Uris at this moment.

Everyone looking at the corpse king Uris was full of horror...full of fear, including Mary who was also a vampire.

However, only Li Tian, Li Tian is not afraid.

He hates, he is angry.

Wang Zhen was dead, he was killed by the monster with wings on his back.

Amazed, Li Tian's eyes full of hatred flames opened, glaring at the corpse king Uris in front of him.

"You beast...you demon...you killed my brother...I want you to die!"

Li Tian seemed crazy.

He lost his rationality due to excessive anger.

At this moment, seeing Li Tian's roar, he took the last trace of his body's strength and suddenly attacked the corpse king Uris like a lunatic.

He wants revenge!

Even if he died, he would fight this monster!

Because only in this way can my father and my brothers escape...Otherwise, everyone would have to die today.

Seeing Li Tian rushing towards the corpse king Uris in disregard of his own safety, he suddenly saw that corpse king Uris's face was like a zombie with an evil smile, and then he was bloodthirsty. His eyes burst open.

The two terrible scarlet wings suddenly opened up... The wings that were more than three meters long, with a terrible smell of corpse, suddenly rolled towards Li Tian.

"My God..."

"Lee!"

"Brother Heaven..."

The Cthulhu and the brothers in front of him, as well as that Mary, cried out in pain when they saw Li Tian rushing over like this.

It's a pity that everything is too late!

Because the corpse king Uris is too terrifying, and now that Li Tian's skill is less than 10%, how can he be the violent vampire elder opponent?

In everyone's eyes, Li Tian's entire body suddenly rushed towards the vampire elder, the corpse king Uris.

His palms hit the corpse king Uris, but there was no response at all. The corpse king Uris suddenly spread his wings, and horribly rolled Li Tian's body in the middle, and then Li Tian's body disappeared instantly.

And what about the corpse king Uris? After the two wings were wrapped around the Li Tian, he suddenly shook his body and flew towards the crowds of crows.

Chapter 2006: Li Tian was bitten

"My God..."

Cthulhu saw his son being swept away by the corpse king Uris, and couldn't help but screamed. .

But everything was too late, because Li Tian had been swept into those wings by the corpse king Uris.

At the moment? I saw that after Li Tian's entire body was drawn into those wings, his body was tightly wrapped in **** wings, and it was impossible to move.

Just when he was astonished, he suddenly saw a pair of blood-red eyes staring at him unblinkingly.

Corpse King Uris!

Li Tian suddenly felt an unprecedented sense of fear in his heart.

At this moment, the corpse king Uris suddenly opened his mouth. It was a twisted mouth with long pointed fangs. At the same time, a sticky yellow liquid came out from the corners of the mouth, which looked hideous and hideous. Nauseous, he bit Li Tian's neck fiercely.

Li Tian was stunned right now.

I wanted to escape, but my body was tightly curled by the blood-colored wings, and I couldn't move at all...

that's it.....

With a puff, the long fangs of the corpse king Uris pierced into Li Tian's neck.

Bite!

Li Tian was bitten by a vampire!

After the long fangs of the corpse king Uris pierced Li Tian's neck, the entire dark sky was suddenly thundered... Then accompanied by terrible thunder and thunder, rushing raindrops from the sky Up and down.

It seemed that after Li Tian was bitten by a vampire, even God reacted.

Facing the torrential rain, the corpse king, Uris, suddenly opened his wings with a scream.

With a bang, Li Tian's body fell from the wings at the moment the corpse king Uris's wings were unfolded... There was a thump, but Li Tian's body seemed to be dead and fell straight from the air. Down.

"My God!"

"Lee!"

While watching Li Tian fall from mid-air like a dead person, Mary and Xue Wuhen flew past in shock.

As the two quickly reached Li Tian's side, they were stunned.

But seeing Li Tian's whole body lying on the ground, his face pale and panting in that violent Zen... His eyes rolled over there... the body couldn't help convulsing.

"Brother Tian... Brother Tian... Don't die!" Xue Wuhen suddenly hugged Li Tian in front of him.

The moment he hugged Li Tian, he found that Li Tian's body was so cold, and he was shocked to discover the tooth marks on Li Tian's neck...

"Toothmark?"

"Bite... Brother Tian was bitten by a vampire?"

The words of horror suddenly yelled from Xue Wuhen's mouth.

And what about Mary? Suddenly, the whole person stayed there like a silly, staring at the tooth marks on Li Tian's neck with his unbelievable eyes.

"Li, got bitten?"

"Bite in the neck by a vampire?"

"How could this happen? How could this happen?" Mary was stunned.

The evil ***** here also ran over frantically, he wanted to see his son.

After he ran over, he also saw the vampire tooth mark on Li Tian's neck...The whole person suddenly fell to the ground softly.

"Tian'er..." Cthulhu screamed in pain.

But what about Li Tian?

He was lying on the ground with dying convulsions... his eyes rolled, as if he was about to die.

But what about the corpse king Uris? He did bite Li Tian's neck, and the corner of his mouth was still stained with Li Tian's blood... At this moment, he stretched out his disgusting tongue and licked the blood of Li Tian at the corner of his mouth, and suddenly he grumbled strangely.

"Kill them all." The roaring words came out of his mouth.

His voice is terrible, and when it is in human ears, it makes people feel terrible and furry.

After he said it, the two vampire earls suddenly flew towards Mary and the Cthulhu. This was clearly a massacre.

Now Cthulhu and Mary have lost all their fighting power, and Li Tian has been bitten in the neck by a vampire, and only death is waiting for them.

Just when everyone was about to be killed alive by the two vampire counts of the Gangelo family, suddenly, a desolate anger came from the air.

"Couldn't we let people have a way out?"

"Does it have to be cut to death?" An angry feeling came from the world's desolate voice.

Immediately afterwards, in everyone's astonishment, a figure suddenly rushed towards the two great vampire counts that had come.

Of course the two vampire earls of the Gangelo family are not waiting.

Seeing that figure swept over, it also attacked at the same time.

However, they are not as powerful as the shadows.

I saw that the black shadow banged twice at the moment when he was fighting the vampire earl, but saw that the two big vampire earls were directly shocked by his strong and strong palm.

Then his figure swished over, standing between the evil **** and Mary and the others.

A deep devilish energy enveloped Mary and the others.

His arrival undoubtedly surprised everyone in front of him. Everyone looked at his dry face and his thin body, and they didn't know who he was.

But his dignified devilish energy is even heavier than Li Tian's and Long Yin's devilish energy!

Nothing else, just because he is the supreme of the magic way.

Kui!

Kui is here.

After Kui's appearance, the brothers were all shocked. Of course, they didn't know who the old man in front of them was.

The Cthulhu looked at the old man in front of him, his heart suddenly throbbed, and suddenly he thought of a figure in his mind.

"Could it be...could it be... he is... he is..." The Cthulhu did not say it, but looked at Kui in front of him with incredible eyes.

However, after Na Kui came, he took a sudden look. Li Tian, who was bitten by a vampire on his neck, suddenly couldn't help sighing: "Hey...I'm late again...I'm late again..."

He blamed himself there as he spoke.

Suddenly he turned his head to look at the evil **** in front of him and the brothers reprimanded: "What are you still doing here...please leave here?"

After Kui said coldly, the brothers suddenly understood.

"Thank you senior for your life-saving grace!"

As the brothers said, they hurriedly helped Li Tian who was bitten by the vampire, and then ran towards that side like flying.

The two great vampire counts of the Gangelo Family here saw that the evil **** and the others were about to escape, and roared, their pointed fangs stretched out, and then they chased them like a speeding bolt.

Unfortunately, it was blocked by Kui.

When Kui saw the two great vampire counts chasing after him, his dry face sneered: "Vampire monster... still want to chase?"

"Take a palm of the old man!"

With a roar from Kui, his palms attacked again.

The terrifying palm power was tightly behind the two great vampire counts, but after hearing a thud, the two vampire counts were immediately knocked out by Kui.

Chapter 2007: Li Tianzhi's death

However, when the two vampire counts were shaken back by the palm of the hand, the evil **** and Chen Qiaozhi had already escaped with this effort. .

On the scene, Kuiyi is now facing the three major vampires in front of human enemies.

Two of the vampire earls of the Gangelo family, and a monster with wings on the back, the corpse king Uris.

"You Western cold-blooded monsters don't want to stay in your own territory... It's really hateful and hateful to run to our country to kill." Kui suddenly said, coldly facing the three vampires in front of him, full of devilish energy.

The two earls of vampires whom he had just taught him, their eyes were full of anger at this moment, as if they wanted to rip off the Kui in front of them.

And what about the corpse king Uris?

He raised his bloodthirsty eyes and looked at Kui in front of him.

Suddenly, the corners of the yellow mucus's mouth showed a terrible weird smile, and the bloodthirsty eyes suddenly revealed a cruel murderous intent.

Then the two wings spread out suddenly, and then attacked the Kui in front of him like a Dapeng.

Kui is a demon old man for hundreds of years.

Skill is supreme, it can be said that no one can match, but how to deal with these vampire monsters in front of you?

But seeing that when Na Kui saw the corpse king Uris, his palms condensed, suddenly a golden light burst from his palm, and then vigorously attacked the corpse king Uris.

The corpse king Uris turned upside down in the air, evading the move that Kui had done, and then a wing swished towards Kui.

Kui didn't dare to be careless, so he stood up and avoided the past.

In one round, the two were evenly divided.

The war has begun.

Can the Great Demon Kui defeat the Western cold-blooded monster King Uris?

No one knows at present.

...

The brothers finally escaped with Li Tian.

After escaping from the sewer, they rushed towards the dark road like crazy.

At this moment, Xue Wuhen was carrying Li Tian who was about to die. He found that Li Tian's body was getting colder and colder, just like a dead body, and there was no breath between his breath.

The place where his neck was bitten by the vampire was eroding at the moment.

Xue Wuhen said while running, "Tian brother...Tian brother...don't die...don't die..."

Behind them were the evil gods and silly men supported by Chen Qiaozhi.

They followed all the way, with extreme sadness on their faces.

And what about Mary? It followed closely, while following, looking behind.

Finally, they saw the car in front, two military off-road vehicles.

That was the vehicle that the brothers drove when they came...

It's a pity that when I went back, there were only a few of them left!

Jiang Dashan is dead, Situ Xuan is dead... Even Brigadier Wang Zhen died there too.

Now, is Li Tian dead or alive? No one knows yet.

They quickly got into the car in front of them, and after Xue Wuhen quickly started the car, they hurried towards home.

In the darkness, only the sound of the car was speeding.

In the car, Li Tian had no breathing anymore, and his body had gradually started to get cold...

The Cthulhu was holding Li Tian tightly, his eyes were full of sadness and pain, and he held Li Tian's two hands tightly like that, without letting go.

And Mary? Sitting on the side as well, staring blankly at the wound on Li Tian's neck that was bitten by a vampire...

Finally, under the driving of Xue Wuhen, they returned quickly.

With only a hiss, the car stopped at the police station.

After stopping, Situ Ningbing and Duanmuying, who had already heard the movement of the car, ran out very quickly.

It turns out that these girls didn't fall asleep all night...They worried about Li Tian and their relatives!

Now when I heard the noise of cars outside, not only all of them ran out.

"came back....."

"Li Tian and they finally came back." With an excited cry, but seeing that Situ Ningbing, Ouyang Shiqing, and Duanmuying ran out.

But when they ran out, they saw the blood-covered brothers and the evil ***** who jumped out of the car, as well as the lifted Li Tian, but Situ Xuan was missing. Then Jiang Dashan and Brigadier Wang Zhen.

When they were shocked to see the situation of the brothers, Situ Ningbing and the others were all startled in shock.

"Li Tian..." exclaimed, Situ Ningbing in front of him ran towards the lifted Li Tian madly, Ouyang Shiqing and Duanmu Ying also flew towards that Li Tian. Come.

"What's up with him?"

"What the ***** happened to Li Tian?" They asked extremely worried.

But seeing that the evil ***** didn't pay attention to them, he just hugged his son in pain, and ran into it quickly.

Xue Wuhen over there with a sad face said to Situ Ningbing and Ouyang Shiqing, "Brother Tian is dying... he is dying... he was bitten in the neck by a vampire!"

what.....

When the girls heard the news, they were dumbfounded.

They were all dumbfounded, feeling like a knife cut in their hearts.

"How could this be?"

"How could this happen?" Situ Ningbing stood there all of a sudden, his entire head instantly stunned.

"What about the others? Jiang Dashan, Brigadier Wang Zhen, and Situ Xuan?" Duanmuying asked urgently.

But seeing Xue Wuhen suddenly burst into tears: "Situ Xuan...and Brigadier Wang Zhen...all...all sacrificed..."

When he said a word, Situ Ningbing, who was standing at the front, almost fell down. Her delicate body seemed to be unable to bear this fact. Fortunately, the little girl ring of Duan Muying next to him quickly helped Situ Ning. ice.

"Brother is dead..."

"He's dead?" Situ Ningbing in front of him was stupefied there for a moment, as if dumbfounded.

And Ouyang Shiqing and Duanmuying were also stunned for an instant.

...

I saw this place, Li Tian had been embraced by Cthulhu, and Li Tian was lying on a bed at this moment.

His face was as gray as death, his whole body was lying there motionless, and layers of erosion appeared in the area where his neck was bitten.

Cthulhu held Li Tian's hand tightly with red eyes, and said in pain: "Tian'er...don't die...don't die..."

On one side, Chen Qiaozhi also stood there in pain, facing Li Tian who had lost his breath, he didn't know what to do.

Only that Mary stood there blankly, her eyes were looking at the wound on Li Tian's neck from beginning to end, her expression was weird, there was no sadness, no pain, just staying there strangely.

"Help him...find a way to save Tian'er!" The Cthulhu suddenly turned his head and looked at the people in front of him with red eyes.

Chen Qiaozhi lowered his head, not knowing what to do.

Xue Wuhen over there also had red eyes, standing there silently.

Who can save Li Tian?

He was bitten by a vampire...

Chapter 2008: he's changed

This night is destined to be a tragic night, this night is destined to be a sad night.

Three brothers died, Jiang Dashan, Situ Xuan, and Brigadier Wang Zhen. At present, it is still unclear whether Li Tian is alive or dead.

The whole room was filled with a strong breath of sadness.

The Cthulhu was holding Li Tian's slowly getting cold hands tightly there, holding tightly there.

His mouth was calling his son's name over and over again, but it was a pity that Li Tian couldn't hear him completely.

His body began to gradually become cold... the entire pale face gradually lost its blood.

Is Li Tian really going to die!

At this moment, a cry of grief came from the other room.

"Little boss..."

As the voice came, but seeing the seriously injured Tang Xiaolong clutching his chest, he ran out with difficulty.

It turned out that Tang Xiaolong knew about Li Tian and their return.

When he came out and saw Li Tian like this, he burst into tears.

"Little boss...you can't die...you can't die..." This guy ran towards Li Tian while crying.

I saw that Li Tian's body had already begun to be completely cold, as if it had become a dead body.

When Tang Xiaolong saw this situation, he burst into tears and burst into tears.

While crying, while clenching his fists, he said madly, "You vampire...I want to avenge the little boss...I want to avenge..."

He roared from the room.

Xue Wuhen supported the crazy Tang Xiaolong with his red eyes.

...

Outside, Situ Ningbing stayed there completely.

Her brother died, Situ Xuan sacrificed like this. Now even Li Tian doesn't know whether it is alive or dead. What should she do?

She, who was strong in the past, couldn't help the pain in her heart at this moment, sobbing under the night, hiding her face in pain and crying.

That Ouyang Shiqing stayed outside with her silently, comforting her.

"Ningbing, don't be sad... people can't come back from death... I believe your brother... will... definitely go well all the way." Ouyang Shiqing looked at Situ Ningbing who was sobbing.

Situ Ningbing wiped his eyeballs, and then said: "I can't even look at the body of my brother...I'm sorry for him."

Ouyang Shiqing was not only sad when she heard this.

"Everything will be fine, I believe that everything will be fine." Ouyang Shiqing said.

Situ Ningbing turned around slightly and looked at the brightly lit room inside and said: "Go, I'm going to see Li Tian..."

Although her heart was painful, she couldn't let go of Li Tian after all.

Is Li Tian dead or alive?

No one knows at present.

When I walked in, but seeing the evil ***** still holding Li Tian's cold hand tightly there, Li Tian seemed to be dead, and his whole body was no longer angry.

The eyes of the brothers standing next to them all turned red...They were all standing sadly.

"Tianer...don't die, don't die!"

"Tian'er, I'm sorry for you, I haven't fulfilled my responsibilities as a father in my life... I'm sorry for you and your mother..."

A line of sad words came out of Cthulhu's mouth.

This man who has gone through the vicissitudes of life and has been arrogant for decades is now here to guard his son, Li Tian, his life is full of rugged ups and downs... But he only wants to protect his son and woman, what about now? Li Tian became like this...How could he not feel sad?

Situ Ningbing and Ouyang Shiqing here suddenly understood when they heard the burly man covered in blood in front of them.

He turned out to be the Cthulhu who once shocked the world!

It turns out that he is Li Tian's father.

At this moment, Li Tian no longer has the breath of a living person. The place on his neck that was bitten by the vampire has been eroded, lying there, playing like a dead body.

Li Tian is dead?

Is he really dead?

Just when everyone was thinking about this question in pain, "Lee, not dead!" The vampire Mary who had been standing in the room suddenly said a word at this moment.

When she suddenly said a word, everyone in front of her was stunned.

"what?"

"What are you talking about?" Cthulhu said, looking at Mary with blood-red eyes open.

Xue Wuhen and the brothers here raised their eyes to look at Mary at the moment, with shock in their eyes.

But when Mary said calmly there, "I said Lee, not dead!"

"Tian'er is not dead? How do you know? Why do you say that?" Cthulhu asked suddenly.

Xue Wuhen also quickly said: "Yes, Brother Tian... Brother Tian's body is already cold... He doesn't even breathe..."

Xue Wuhen was surprised.

But when she saw Mary, she said, "What I said is the truth! Lee, not dead!"

"He just changed!" Mary suddenly added another mysterious word.

When the Cthulhu heard it, he was stunned.

"What do you mean?"

"Yes, Miss Mary, what do you mean? What's the change of Brother Tian?" Xue Wuhen asked with puzzled expression.

After they asked in surprise, they saw Mary saying there, "Although the vampire bit Li Tian's neck, he would not kill Li, because he did not bite Li's neck off, he just sucked. Li Tian's blood..."

"Although Li's blood was sucked by the corpse king Uris, he will not die, because the blood family possesses a weird power, which will not cause him to die, but will completely change him... ..Change to a member of the blood clan!"

When Mary said such words, the brothers were stunned.

"Miss Mary...what are you talking about?"

"You said Brother Tian... became... a member of your blood clan?" When Xue Wuhen heard this, she was completely stunned.

Mary sighed: "Yes."

"Even I did not expect that the corpse king Uris would be so cruel and evil. Maybe you don't know that the blood of our blood family possesses a plague-like contagious ability. Once bitten by a vampire, then the blood of the blood family will be integrated into the opponent's body, Then the other party will become as bloodthirsty as we are after a period of time, thus becoming a member of our blood family."

Just after Mary said such words, the evil ***** stood up domineering and grabbed Mary's arm. Mary only felt a needle-like tingling from her arm, but she No dodge.

"What did you say? You said Tian'er...will...will...become a vampire?" Cthulhu suddenly roared.

How could such a fact be acceptable to the evil god?

Li Tian is going to become a vampire?

Chapter 2009: Taboo

Is Li Tian really going to become a vampire?

Yes, vampires have spread the blood of the blood race in this way since ancient times. Now, Li Tian has been bitten in the neck by the corpse king Yuris. The most important thing is that their blood has been exchanged, so Li Tian is destined Will change.

When Mary told this terrible fact, everyone in the room was shocked.

No one dares to imagine this fact, no one can accept this fact.

"Li Tian...Li Tian...become a vampire?" Situ Ningbing in front of him asked dumbfoundedly.

Mary nodded helplessly, and said: "Yes."

"Although I don't want to tell you this result... but it is true."

"Now Li Tian has entered a petrified state. Once he awakens again, he will become extremely bloodthirsty... He will **** blood... He will become a dark creature like us from now on, and can only sneak in the dark. Has the power of the blood race, and the long fangs."

When Mary said that, the brothers stayed.

"Then... when will Brother Tian wake up?" Xue Wuhen asked in shock.

I just listened to Mary glanced at Li Tiandao who was lying there like a dead body: "This is not true. Under normal circumstances, he will wake up in three or five days."

"Three or five days?" The brothers were stunned.

Ouyang Shiqing in front of her suddenly asked, "Then... what if you don't let Li Tian **** blood?"

"Then he will die!" Mary said directly.

When Ouyang Shiqing heard this, his heart swelled for a while, and the delicate body suddenly fell to one side, muttering in his mouth: "How can this be... how can this be...?"

Li Tian is about to become a vampire!

He will never be human again!

Whether it is for the brothers, the evil **** as the father, or the women who love Li Tian in front of him, who can accept this fact?

"Mary, please, find a way to save Li Tian... I beg you!" Situ Ningbing knelt on the ground all of a sudden, and said to Mary.

No one loves Li Tianai more than she!

At this moment, Situ Ningbing even knelt there and begged this vampire Mary.

The brothers and the evil **** were not only stunned when they saw Situ Ningbing kneeling on the ground.

When Mary saw Situ Ningbing kneeling on the ground, she hurried to help her.

"This lady...get up quickly...get up quickly..."

Situ Ningbing looked at Mary in despair, and said, "Please save Li Tian...Don't let him become a vampire!"

"He's a human! He won't become that dark creature... I beg you."

Facing Situ Ningbing's touching begging, Mary said in pity, "Hey, even if you ask me, it's useless..."

"I also want to save him, and I don't want to hurt Li, but the facts have become like this."

"If there is a way to prevent Li Tian from becoming a vampire, then there is only one situation to try." Mary suddenly said there.

When Mary suddenly said such a word, hope suddenly ignited in the hearts of the brothers.

Situ Ningbing was even more excited.

"any solution?"

The evil **** in front of him suddenly came over and looked at Mary.

"The taboo technique of the blood race." Mary said.

The brothers and the evil **** in front of them were not only stunned when they heard Mary suddenly say this.

The taboo technique of the blood race? What do you mean?

"The taboo technique is to completely replace the blood in his body." Mary explained.

But seeing Marie frowned deeply at that willow brows and said: "This is the ancient taboo technique of our kinsmen. It takes elders and above to be able to use this taboo technique. This taboo technique is extremely dangerous. , There will be great danger."

"Furthermore, this taboo technique was previously forbidden among our blood clan...In our blood clan chronicles, it was only used once in the 14th century. Since then, we have never used taboo art again. Now." Mary said.

As Mary said so, the hope that had just ignited in the brothers' hearts was suddenly shattered.

"Dangerous? Is this taboo technique really dangerous?" Situ Ningbing asked.

Mary nodded and said: "Yes."

"Under normal circumstances, there are very few successes." Mary added.

After Situ Ningbing listened, he was stunned.

What should I do? Does it really make Li Tian a vampire like this? Or let Li Tian use which blood family's taboo technique?

In the silence of everyone, the Cthulhu suddenly opened his mouth.

He looked at Li Tian who was lying motionless on the bed, and suddenly said: "Then trouble Miss Mary...Use the taboo technique to save Li Tian!"

"My son of the Cthulhu, absolutely can't become a vampire, even if he is dead!" The Cthulhu suddenly said there.

After he said so, the brothers next to him also began to approve: "Yes, Miss Mary... Please heal our brother..."

"Never let him become a vampire!"

Listening to the evil **** in front of him and the brothers in front of him say so, what about Mary in the end? Nodding silently there agreed!

She also wants to save Li Tian!

Because if it were not for Li Tian, Mary would have died ten thousand times...

Mary owes Li's destiny! So this time Mary must find a way to treat Li Tian no matter what.

After Mary agreed, she only listened to her saying: "If you really want to rescue Li Tian by taboo, then I will take Li Tian to our Torrido family."

When Mary said this, Cthulhu, Situ Ningbing and the brothers were all stunned.

what

"Where to go?"

"Go to your Torrido family?" The evil **** and brothers in front of them looked at Mary unbelievably and asked.

But seeing that Mary didn't mean to be joking at all, she nodded cautiously and said, "Yes."

"Why?" The Cthulhu asked in a puzzled way.

But seeing that Mary said: "Because of the taboo method, only our blood elders can use it, and only they know how to use the taboo method."

After hearing Mary say this, the brothers were speechless... they all stayed there.

Take Li Tian to the vampire family? To the Torrido family?

Where is the Torrido family? Now they don't know how to go? This became the most depressing question in the hearts of the brothers.

"My family is in the middle of the Bras Mountains in Italy. Among them is the place where our Toledo family gathers." Mary has already known what the brothers are worried about. At this moment, she can't help her Tao said.

Chapter 2010: Surprised

Foreign country, Italy?

After hearing what Mary said, the brothers couldn't help being completely stunned.

Xue Wuhen in front of him was dumbfounded and looked at Li Tiandao who was lying there like a dead body: "Could it be...Could it be...Thank you really only go abroad to get treatment?"

Mary said: "Not to go abroad, but to our family."

"Because only our Torrido family can help Li Tian." Mary said.

After listening to Mary say this, everyone stayed there and no one spoke.

Is Li Tian really going to be taken abroad by Mary in front of him?

At present, this can only be the case.

Li Tian is now like a dead person. Once he wakes up, his body will mutate and become a real vampire. This is the result that brothers and even Cthulhu and Situ Ningbing are most unwilling to see. The only way now is to send Li Tian to Mary's family. In this way, there is a chance of life.

After their final decision, Cthulhu reluctantly agreed.

He nodded silently in pain, and then said, "Okay!"

"As long as I can save Tian'er, as long as I can prevent him from becoming a vampire, I will agree to anything."

Facing the evil **** said this, Mary in front of her said: "Don't worry, I will definitely do everything possible to let our family elders rescue Li Tian."

"How to go?" Cthulhu asked.

But seeing Mary glanced at Li Tiandao who was like a dead man in the hospital bed and said: "The sooner the better! Otherwise, once Li Tian becomes a vampire, it will be a big trouble."

The evil **** here thought for a while, and felt that what Mary said made sense.

"Then let's accompany." Chen Qiaozhi over there suddenly said.

After Chen Qiaozhi finished speaking, Mary suddenly shook her head.

"No...you can't go!" Mary said seriously.

As Mary said so, the brothers and the evil **** were stunned for an instant.

"What? We can't go? Why?" The brothers in front of me asked curiously.

As they asked, but saw that Mary said, "Because our blood family is not allowed to interact with humans, this is a taboo of our blood family... Even our family must abide by this rule."

"Presumably you also know that the existence of our blood race is difficult for humans to be compatible... So we must protect our concealment... Our elders will never allow humans to enter and leave our family's territory, please Forgive me." Mary explained the reason there.

"This time, taking Li back to our family has violated the rules of the family. If you follow along, the consequences will be even more troublesome. The elders of our family will not help Li Tian."

After listening to Mary's words, the brothers were all depressed.

They can't accompany Li Tian! Could it be that Mary, the vampire in front of me, would take Li Tian away by herself? To Italy on the other side of the earth?

Of course my brothers are a little worried!

But what can they do now even if they are not at ease? Mary was right. Human beings cannot coexist with vampires. Of course, the kinsmen will not let the brothers and others enter their territory. If they follow, the consequences will only be even more disastrous.

After the brothers thought about it, they were all depressed there one by one.

"so what should I do now?"

"Should the little boss go to the other side of the earth alone?" Tang Xiaolong said in that distress.

Mary glanced at the brothers and said, "I know you are all worried about Li, but I, Mary, here assure you that if I live, I will use my life to protect Li! I will do everything possible to help. he."

Listening to Mary's words, the brothers did not speak, they finally turned their eyes on the evil god.

Because the Cthulhu, as Li Tian's father, has the most say.

Will he let Mary take Li Tian like this?

But after seeing Cthulhu thinking contradictory for about a few minutes, he finally raised his eyes and looked at Mary there.

"I believe you...I believe you can help me heal my son." Cthulhu said.

After Cthulhu made this decision, then Mary smiled.

"En!" She nodded deeply there.

In this way, after Cthulhu made up his mind, Mary was about to leave the country with Li Tian.

Can Li Tian be rescued this time? No one knows this currently.

...

Just when everyone was in the room worried about Li Tian, a loud bang suddenly came from outside.

The brothers and the evil ***** were not only taken aback when they heard the movement.

But seeing that Chen Qiaozhi was the first to say: "Wuhen, go out and have a look, what's the situation?"

Xue Wuhen nodded quickly, then opened the door very cautiously, then jumped out, looking at the dark night outside.

As he ran outside to take a look, he saw a very thin, skinny old man standing motionless, smiling at him.

His face was like a zombie, his face was yellow and stiff, and even his hair had fallen out... Only those eyes that exuded distance light were shiningly open.

he is?

When Xue Wuhen saw this old man, he couldn't help but screamed.

"Senior, is it you? You escaped unexpectedly..." Suddenly Xue Wuhen cried out excitedly.

Besides, who is the dark old man in front of him?

He is the Supreme Demon Dao who saved the life of the evil ***** and brothers, Kui!

But Jiankui's entire sallow and expressionless face instantly became ugly after hearing Xue Wuhen's words.

"Little baby, what are you talking about? Does the old man have to run away when dealing with a few evil creatures in the West?"

"Tell you Little Wawa, those things have been beaten away by the old man." Kui stood there and said angrily to Xue Wuhen in front of him.

Xue Wuhen was taken aback after hearing Kui's words.

He knew that the vampire was extremely terrifying, especially the monster with wings on his back, the corpse king Uriss, but he did not expect that the old man in front of him could defeat the evil vampire on his own...

Xue Wuhen quickly admitted her mistake there: "Sorry senior, I made a mistake..."

Na Kui didn't care about Xue Wuhen in front of him, and suddenly stepped towards the room of the brothers here.

As he walked, he said in his mouth: "Where is Kuafu that little doll? And what about Li Tian?"

In this Kui's mouth, even the Cthulhu was called a child by him.

After Kui's figure suddenly appeared in the room, the evil god, Chen Qiaozhi, and Situ Ningbing and others were all stunned there.

"It's you?"

"Old man...?"

The moment Chen Qiaozhi and the Heretic God saw Kui, they were not only surprised and shouted there.

When everyone saw Kui, there was a light of infinite shock in their eyes. The women such as Situ Ningbing and Ouyang Shiqing over there didn't know that Kui had saved the evil **** and others. At this moment, they looked at this suspiciously. Weird old man like zombies.
