

A Killer 201

Chapter 201 : You should thank others

"Shiqing, after returning to Jinghai City, if I want to see you play with you, don't you have any hope?" Ya-Ya pouted her small cherry mouth and said as if she was wronged.

Ouyang Shiqing next to him smiled slightly: "How come?"

"Your family is such a huge family, the Ouyang family, one of the four largest families in China! Uncle Ouyang will definitely not want to find you... Besides, you are still the future family heir... Hey, it's really like a sea." Yaya suddenly sighed there.

"Is it that serious?" Ouyang Shiqing said with a smile.

Yaya said, "Isn't it?"

"Girl, you think about it..."

Li Tian, who was inadvertently listening to their conversation with his eyes closed, couldn't help opening his eyes like an electric shock when he heard the Ouyang family, one of the four major families in China.

Four families again?

Could it be that this girl with a different temperament named Shiqing is also a woman from one of the four big families.

Ouyang family!

The first of the four major domestic families: Ouyang family, second Yuwen family, third: Situ family, fourth: Duanmu family.

Li Tian, who was going to Jinghai City to look for the Duanmu family, didn't expect to meet the Ouyang family on the train.

This made him couldn't help but look more at the girl named Ouyang Shiqing.

In addition to having an extraordinary appearance, this girl has a unique temperament and beauty. Her temperament is comparable to that of her future wife Situ Ningbing... and may be the influence of being in a big family. , Making her look like a goddess.

Makes people so afraid to touch.

The Ouyang family is one of the four largest families!

Not only because the Ouyang family is an old and strong family, but also because the Ouyang family is a first-class family in China.

I heard that the elder of the Ouyang family is in the center, with high authority, and the Ouyang family's business is in full swing, including real estate, entertainment, catering, and tourism and transportation...

This family has ancient and huge strength, and his hugeness has surpassed the comparability of ordinary people.

If you don't know the Ouyang family of the four major families in the South, it's like a physics student who doesn't know Einstein, and a history student who doesn't know who Qin Shihuang is the second person?

The Ouyang family ranks among the four major families, not only because he does have a strong influence, but also because he is indeed more famous in China than the other three families.

Even the dark Duanmu family can't compare with it!

Perhaps the Duanmu family cannot be compared with it because of its mystery. If the Duanmu family is as open as the Ouyang family in the country, I believe that the Duanmu family, known as the dark, may not necessarily be inferior to the Ouyang family. Right...

Legend has it that the four major families had deep connections since the end of the Qing Dynasty, but as for what kind of origins...no one knows.

The only thing everyone knows is that these four big families are on one side and each is king.

Jinghai City is the sphere of influence of the Ouyang Family, but it is also the sphere of influence of the Duanmu Family of the Dark Family.

Although the two are in Jinghai City, they rarely communicate.

(This is something).

But he said that after Li Tian heard about the Ouyang family, he couldn't help paying too much attention to Ouyang Shiqing.

"It's so depressed, I was in a good mood, but I didn't know that the wallet was stolen by that shameless thief... It's terrible!" Yaya said, pouting fiercely.

"Hehe, don't be angry, just pay more attention to it in the future."

When she suddenly heard that Yaya said that she had lost her wallet, Li Tian couldn't help being stunned.

At first I thought this girl was a bit familiar, as if it was the same as the picture in the purse she snatched from the thief... At this moment when she heard her say this, she immediately said, "Girl, did you lose your purse?"

Yaya suddenly heard Li Tian say this and gave him an unfriendly look.

"s?"

Li Tian didn't care about her words, and took out the pink Hermes wallet from his pocket.

"Is this wallet yours?" Li Tian took out the Hermes wallet all at once.

After taking it out, Yaya was shocked there.

She never thought that the wallet she had thought she had lost would appear on the stranger opposite.

"My wallet?" Yaya reached out and pulled over.

She quickly opened the wallet, instead of looking at the stack of new hundred-yuan bills there, she looked at the transparent jade dragon tied with a red string.

When she saw that Yulong was still there, she couldn't help becoming happy.

"Fortunately, I didn't lose it, fortunately I didn't lose it! If I lost it, my mother would have to scold me to death..." Yaya said excitedly.

Li Tian looked at Yaya's excitement, and said to himself: It seems that the gang of thieves did steal her wallet.

"Hey, why is my wallet here with you?" Yaya suddenly opened a pair of suspicious eyes and looked at Li Tiandao fiercely.

This made Li Tian couldn't help being stunned.

But still smiled and said, "I... I picked it up."

"Nonsense! My wallet was clearly stolen by a thief... Could it be that you stole my wallet?" Yaya suddenly suspected Li Tian in front of her.

Li Tian did not expect that he had done a good job now, but he would still end up as a thief, and he was depressed right now.

With a wry smile, he said, "Girl, you have found your wallet, shouldn't you be happy? Besides, if I steal your wallet, why should I return it to you?"

Hearing Li Tian's excuse, Yaya stared at him: "Maybe you are acting with a guilty conscience."

"Forget it, what do you like to think, what do you think, after all, the thing has returned to the original owner." Li Tiandao said.

For this kind of unreasonable daughter, Li Tian thinks it is better not to reason with her.

"You're a thief, you must be a guilty conscience..." Then Ya-Ya said even more unreasonably when she saw Li Tian doing this.

I couldn't help not even thanking Li Tian, and even maliciously said that Li Tian had stolen the wallet.

Li Tian is really too lazy to talk to her, isn't this? Not wanting to hear her talk, a person stood up from his seat, and then walked towards the toilet on the train.

"Hey, hello, you thief, how did you go? This lady hasn't finished talking yet?"

Yaya yelled.

The people in the surrounding cars are all looking at Li Tian, but what about Li Tian? I don't care about the eyes of those people walking towards the toilet on the train alone.

Only that Ouyang Shiqing frowned slightly and grabbed the yelling Yaya.

Chapter 202: Who made you angry with me

Ouyang Shiqing said, "Do you really think he stole your wallet?"

"Of course, the wallet is on him, isn't he who else?" Yaya was unreasonable.

"Yah, sometimes it's not that I say you, your eldest lady has really changed her temper..."

"You said that someone stole your wallet? Why did you give it back to you suddenly? Isn't this sick? Besides, what do you think of him wearing just now?" Ouyang Shiqing asked suddenly.

"A whole countryman." Yaya said contemptuously.

Li Tian did not wear very well, a cheap T-shirt, a pair of blue jeans, and a pair of sneakers underneath.

"Then girl, do you think there is more than 5,000 yuan in your wallet? Maybe it is nothing to us? But you know that for someone who is not very rich What does money mean? I believe you should understand, and there are so many bank cards in your wallet? Let's not talk about the brand of your wallet, let's talk about ZippyOrging or Hermers, just talk about your wallet The money in it, I believe that no matter whether it is a poor person or a city person, as long as it finds your wallet, it will never be given to you, and ya ya, haven't you found that your wallet hasn't even been moved by others? Huh?"

Hearing the wise analysis of Ouyang's poetry in front of me, Yaya was speechless.

Pouting, like a criticized child, he said: "Well, then, you mean I misunderstood him?"

"sure!"

"Not only is your wallet not stolen by him, but I don't even believe that he picked it up. Can you believe that someone can pick up your Hermers wallet in a crowded place like a train station?" Asked wisely.

This can not help but make Yaya startled.

"Shiqing, then you said that my wallet was neither stolen nor picked up by him? How could it get into his hands?" Yaya asked very puzzled.

Ouyang Shiqing smiled faintly.

She is a smart woman, and she never speaks about things that are generally uncertain.

So she shook her head.

"I am not sure as well."

"But I know that your wallet was indeed stolen by a thief... As for the thief's wallet, why did it get into his hands? I have to ask him..."

——

Li Tian did not expect that he would be a thief when he did a good deed but he was misunderstood. This incident made him very depressed.

But then after thinking about it, someone's wallet suddenly appeared on his body. It's a matter of being suspected, as long as he has a clear conscience.

Li Tian thought about it this way, after washing his hands in the bathroom, he continued to walk over here.

To tell the truth, he was prepared to be considered a thief. For that savage and willful girl, Li Tian felt that silence was the best choice.

When Li Tian returned to his seat, he didn't speak, he just sat there, he didn't even look at that Yaya or Ouyang Shiqing, his eyes closed slightly, as if he was resting.

"Hey....."

Suddenly Yaya yelled out, looking at Li Tian without much affection in his eyes.

Li Tian moved his body and slowly opened his eyes.

"What? Something?"

"Let me ask you, you really didn't steal my wallet?" Yaya asked suspiciously.

Li Tianwu smiled bitterly to himself.

"I said no, do you believe it?" Li Tian asked, opening his eyes.

Hearing Li Tian's question, he said, "Of course I don't believe it."

"Then it's over? You don't believe it if you say it. It's better not to say it. Forget it, you can think what you like, but after all you haven't lost anything, have you? I hope you won't disturb me anymore."

When Li Tian finished speaking, he moved his body, and then closed his eyes as if to rest.

"You... why are you like this?" Yaya said suddenly.

Li Tian was depressed all of a sudden and didn't want to talk to her.

"Hey....."

"Hey..." Yaya cried out.

Helpless Li Tian had to open his eyes depressed.

"I said, girl, are you sick? I finally helped you find your wallet. You don't need to say thank you, and you mistakenly think that I'm a thief, even if you treat me as a thief... Right! What is your name? Why are you bothering me?"

Li Tian said angrily all at once.

Yaya was taken aback by Li Tian.

Staring: "You..."

Just about to say a word of anger, she was slightly stopped by the girl named Ouyang Shiqing.

But I saw Ouyang Shiqing slowly turning her beautiful eyes to look at Li Tiandao in front of her and said, "Sorry...maybe Yaya misunderstood you. Thank you for helping us find our wallet."

When Li Tian heard her say this, his anger disappeared a little.

Tao said: "Well, I don't care about her..."

"Who doesn't care about who..." Yaya said a word.

It's a pity that Li Tian had closed his eyes at this moment and didn't pay any attention to her.

After this incident, Yaya stared at Li Tian with murderous eyes all the way, as if she wanted to eat Li Tian alive.

Sitting across from her, she didn't even have the mood to listen to music... sitting depressed.

What about Ouyang's poetry over there? Along the way, I was holding this book and watching quietly... calmly and demeaned.

On the contrary, Li Tian closed his eyes slightly and leaned his head lightly on the glass window. He didn't know if he was asleep... or was thinking about something.

From Kyoto City to Jinghai City, it takes about 10 hours.

This means that the enemy will stay here for at least ten hours.

The train arrives at the station, the truce... keeps walking back and forth.

Li Tian did not have time to see the mountains and rivers passing by.

It's just that his head is leaning against the glass window, his eyes closed slightly.

That Yaya looked at him with his eyes closed and seemed to be asleep. Of course, she was unwilling. In fact, she had already guessed in her heart that her wallet was probably not stolen by him, but she was still a little angry. .

Watching Li Tian sound asleep at this moment, a bad idea rose from his heart.

Isn't this? He glanced badly at Li Tian who was leaning against the car window glass, and then a wicked smile appeared at the corner of her mouth.

He stretched out his white arm and slapped it on the glass with a bang.

Originally Li Tian was leaning against the glass with his head tilted and his eyes closed. When the girl slapped the glass, he immediately sat up in shock, his eyes widening.

Where's that girl? Seeing Li Tian's embarrassment, he suddenly giggled.

"Is your girl sick?" Li Tian suddenly said angrily.

The anger that came out of her eyes, it seemed that if Yaya was not a girl, she would definitely be beaten by him.

Yaya put her smile away, looking at Li Tian who was angry, she was really scared in her heart: "Who made you angry with me."

Chapter 203: Rob the train

"I was so unlucky for him to meet such a woman on a train." Li Tian scolded secretly.

Li Tian, who really didn't want to pay attention to Yaya, stood up and walked to the smoking room in the middle section of the train.

Each train has its own smoking room.

When Li Tian walked to the smoking room, the door of the smoking room was tightly closed.

He pushed in and walked in.

Sure enough, it was smoky.

Through the diffuse smoke, he also saw four men in the smoking room, standing on the side spraying clouds of smoke.

One of them is very big and domineering. He is wearing a black T-shirt with a thick gold necklace hanging around his neck. While smoking there, he coldly looks at Li Tian in front of him.

He also carried a long black leather bag in his hand.

Among the men beside him, one of them was thin and had a pair of cold eyes, smoking a cigarette while looking at Li Tian.

The other two men are also on one side.

Li Tian who walked in didn't know why when he saw these four men, he suddenly felt that these four men did not look like good people.

Both the look in the eyes and the movements of everyone revealed a strange weirdness.

Especially the man on the far left, as if there was a fear in his eyes, the cigarette held between the **** and the index finger was constantly inhaling mouthfuls.

After Li Tian walked in, he glanced at the four men without speaking. He took out a cigarette from his pocket, held it in his mouth, and leaned to the side, watching quietly.

The four men in the middle did not speak either, and Li Tian was also silent.

This small smoking room exudes a dull and depressed feeling.

The eyes of those four people looking at Li Tian were not very friendly either.

After Li Tian finished smoking a cigarette, he slowly opened the door of the smoking room in front of him and walked out. What about the four men? But he continued to stay in the smoking room. When Li Tian went out, the door of the smoking room slammed and was closed again by the people inside.

Li Tian stood there frowning.

Why did the four smoking men just now seem like not good people? Besides, why did those four people hide in that smoky smoking room? Are you planning any conspiracy?

Li Tian thought for a while, then looked back at the smoking room again...

Did you think more about it?

Li Tian, who was thinking like this, finally felt that he might have been thinking about it.

So he walked towards the seat in his car.

But what happened to the smoking room just now after it was closed tightly?

Inside the smoking room, but seeing that after Li Tian left, the macho wearing a black T-shirt with a thick gold necklace hanging around his neck suddenly reached out and grabbed the man with fear in his eyes on the left side of his mouth. Neckline.

"Do you **** have the guts?" followed the hunk in the black T-shirt with a roar.

The man was caught by his neckline, his face pale.

"Brother Leopard... It's the first time Awen has done this job. It is inevitable to be afraid in my heart. Let him go this time." The thin man with cold eyes next to him said suddenly.

The man called Leopard wearing a gold necklace on his neck slammed the man with fear in his eyes and his name was Awen.

"Listen to Lao Tzu, I brought you out from the village, and I took you to the city to eat well-dressed, well-dressed women who sleep beautifully. Who else would you mess up this time? No, don't blame me for turning my face and not acknowledging people." Leopard brother roared.

It turned out that the three men around this Leopard were all men who came out of the mountains. They had been working hard before. Ever since they met Leopard who was a gangster in their village, they followed Leopard...

Isn't this? Hearing that Leopard brother said so, the three men next to him nodded silently.

"Brothers, we don't have to come out again after we finish this ticket... You will thank me when you are delicious and spicy in the future." Leopard brother said with a smile.

"Fuck Brother Leopard! No one can **** fuck!" the thin man said with a gloomy look.

After being motivated by him, the other two men who looked earthy and earthy, suddenly seemed to be injected with a catalyst, and became excited.

"Okay, let's do it with Brother Leopard... this time we will do a big vote."

As the two people in front of him said so, the man named Leopard finally showed a sinister smile.

"Let's do it later... Awen, you and Datou go in from the front and guard the door. Me and the thin monkey come from behind. If anyone **** dares to resist, you will fight me to death, if anyone dares to call Call for help and chop off their hands for me."

"I've been observing this carriage for a long time. It's all the **** rich people sitting in it... this time I'll let Laozi disperse the wealth for them."

The man called Leopard said grimly.

Rob the train?

To be precise, it was robbed of this No. 6 car.

Yes, this entire train also belongs to the VIP car in No. 6 car. Inside are rich people, such as Yaya, such as Ouyang Shiqing...

Of course except for Li Tian.

The reason why Shen Feng bought this good car for his brother Tian at that time was just to make Li Tian sit more comfortable. He did not expect to encounter such a thing today...

"Now everyone check the time and start at 19 o'clock. Remember that after we do it, we will reach a small station in less than 20 minutes... Then we can just get off the station... and leave! This barren mountain Yes, who the **** wants to arrest us is simply impossible."

Brother Leopard said sinisterly.

It turned out that this Leopard had been planning for a long time. They knew that they would arrive at a small city station at 19:20... that small city station would only stay for 5 minutes. Then if these people really get off the small station once they have robbed their money. , Will definitely fly far away, who can find them?

It seems that their plan is quite detailed.

I saw four people lowered their heads, each with an electronic watch on their wrists, and they were all at the right time, and then they were ready to do it.

It is now 18:54, which means that there are still 6 minutes for the desperadoes to start.

In Car No. 6, besides Li Tian, Yaya sitting in front of him, and Ouyang Shiqing, there were more than a dozen people.

They all sit there very leisurely.

After Li Tian finished smoking, he sat quietly in his seat.

Since I entered the smoking room just now, there was a smell of smoke all over my body, which made the girl who loves looking for trouble suddenly depressed.

"Big smoker... I don't know when I am young that smoking will cause cancer? That would be deadly." Yaya said.

Li Tian frowned and glared at the girl.

"I have cancer, what do you care about?" Li Tian replied.

"Good intentions are not rewarded... I wish you an early cancer." Yaya said.

Li Tian was too lazy to argue with her, and cursed in his heart: **** girl.

Chapter 204: Wow, robbery!

Ouyang Shi sitting next to her love book.

She is not at all different from the girl next to her. She is neither disturbed by the gaze around her nor moved by anything...

It's like an old monk enters concentration.

Li Tian looked at the girl and couldn't help but secretly said: This woman's concentration is really extraordinary.

Li Tian, who was blinking his eyes and looking at Ouyang Shiqing, suddenly raised that beautiful face that was so delicate to the bone, and stared at him.

When the two eyes were gathered together, Li Tian subconsciously stunned, and quickly turned away.

On the contrary, Ouyang Shiqing had no expression on Qiao's face.

For a poetic sentiment that has been in Harvard for half a year, studied in Japan or Korea for half a year, and then returned to the family business for a year? Even if he had his unique vision and the sword went slanting forward, he wouldn't be biased towards a character like Li Tian.

If the toad can eat swan meat, it's the same fairy tale as the painful Cinderella.

Li Tian also said that he really didn't think about the intellectual beauty in front of him... Besides, this beauty is still a famous Ouyang family woman...

After thinking about this, Li Tian shook his head slightly, and then cast his gaze to the outside of the train.

The sky was getting slightly dark, and there were green hills and trees outside, and it was clear that the train had already reached the wasteland.

Listening to the ticking of the train, Li Tian silently thought about his own thoughts.

Suddenly at this moment, the tightly closed door of Car No. 6 slammed, and the left and right sides were pushed open by tremendous force.

The dozen or so people sitting in the carriage were resting with their eyes closed, listening to music, after all, they had been on the train for 4-5 hours.

Just when this loud noise came.

Suddenly heard a wild cry: "No one is allowed to move the fuck..."

With a loud shout, four men with balaclavas on their heads suddenly appeared from the doors on the left and right.

Two on each side.

There are two men at the door of the car on the left. The man in the front is holding a sharp axe, and the man behind is guarding the door with a cold dagger in his hand.

And this on the right? A sturdy man, with a gold necklace around his neck and a headgear on his head, is holding a double-barreled shotgun in his hand...

Behind is a thin man who is also pressing against the door.

When these four people appeared in the originally quiet carriage, all of them screamed...

"Don't **** move... Don't call... Whoever screams again, I'll hack someone to death." With a loud shout, a man over there with a sharp axe said roughly. .

The car that was still chaotic just now became quiet in an instant.

Rob the train!

Everyone in this carriage could see what happened.

Everyone's face is horror apart from consternation. In the past, it could only happen on TV and movies. It was unexpected that it would be his turn today.

One by one stayed there as if they were silly.

"Wow, robbery!"

Just listen to Yaya suddenly yelling out, the voice in her voice is not afraid, but a kind of excitement?

This girl obviously likes exciting scenes, but she doesn't know that this is a real robbery.

Do the little flowers who live in the greenhouse all the year round know the sinister society? She must have thought it was a real farce?

On the contrary, there was another big beauty sitting next to her, Ouyang Shiqing frowned slightly, sitting there quietly observing everything in front of her.

Where is Li Tian? It was also stunned for a moment, and then he saw who the four guys who robbed the train were.

Isn't it the four weird people in the smoking room?

No wonder these four people looked weird when they went into the smoking room just now. When they saw themselves, they seemed to have bad eyesight as if they were approaching an enemy. I didn't expect these four people to dare to rob the train so boldly.

"I—we—we only need money, and you only need to hand over the money, and we won't hurt you." Just listen to the leopard brother wearing a black T-shirt and a gold necklace hanging around his neck. The robbery's prologue was spoken symbolically.

The man holding the axe on the other side did not forget to add: "Mobile phones, mobile phones must be kept."

"Yes, you have to use your mobile phone."

From their words, the nervousness of the robber could be felt, as if it was the first time he did such a big job.

Who knew that a gentle man with glasses sitting at the front came forward first.

From the straight face, a feeling of "very righteous" was revealed.

This is not the moment when he stepped forward, he said from his mouth: "Evil... in broad daylight, you dare to rob openly... Do you think you are lawless? If you dare to rob us, we in the car will not believe in uniforms. No way for you."

When a man with a sense of justice said this, he thought that his motivational words would arouse the applause of a car, but what he didn't expect is that the people sitting in the car are looking insanely. Hold him.

The man's face turned ugly and pale in an instant.

"Wow, hero."

Only her voice cried out.

Ya Ya.

This girl's head is like watching a TV series, squeezing her exquisite chin, looking over there happily.

The man with a sense of justice finally heard a sound of yaya, and his words became more impassioned, as if it was a few decades later that he was born late. If he was born early, then it is estimated that Dong Cunrui would not do anything to do with the explosive bag. Genus.

"I advise you to quickly correct evil and return to righteousness...While we have not called the police to go obediently...or else you will spend the rest of your life in prison." The man with a sense of justice said very "elbow".

Li Tian couldn't help frowning, wondering if that buddy was kicked by the donkey... Does he think he is preaching?

What a train robbery! He thought it was a joke?

It's a pity that he looked at a sentence and asked the rabbit to bite someone in a hurry, let alone a robber who walked upright with his legs and feet?

I saw that Brother Leopard with a long-barreled gun was originally excited, but when the second-hand man in front of him said so, the double-barreled shotgun was aimed at him all at once.

"You—what did you just say?"

"You ***** kind of say it again?"

"Lao Ge killed you with a single shot."

"Brother Leopard first calm down, calm down." The young man with an axe standing next to him saw that Brother Leopard was really angry, and quickly persuaded him.

They don't want to rob a bit of money but turn into a murder.

That very "elbow" righteous man was looking at his head with a double-barreled shotgun at the moment, his face was as pale as death for an instant, and the cold sweat on his head appeared drop by drop. He didn't expect this robber to be Robbery with real swords and guns.

Chapter 204: Wow, robbery!

The man with a sense of justice finally heard a sound of yaya, and his words became more impassioned, as if it was a few decades later that he was born late. If he was born early, then it is estimated that Dong Cunrui would not do anything to do with the explosive bag. Genus.

"I advise you to quickly correct evil and return to righteousness...While we have not called the police to go obediently...or else you will spend the rest of your life in prison." The man with a sense of justice said very "elbow".

Li Tian couldn't help frowning, wondering if that buddy was kicked by the donkey... Does he think he is preaching?

What a train robbery! He thought it was a joke?

It's a pity that he looked at a sentence and asked the rabbit to bite someone in a hurry, let alone a robber who walked upright with his legs and feet?

I saw that Brother Leopard with a long-barreled gun was originally excited, but when the second-hand man in front of him said so, the double-barreled shotgun was aimed at him all at once.

"You—what did you just say?"

"You ***** kind of say it again?"

"Lao Ge killed you with a single shot."

"Brother Leopard first calm down, calm down." The young man with an axe standing next to him saw that Brother Leopard was really angry, and quickly persuaded him.

They don't want to rob a bit of money but turn into a murder.

That very "elbow" righteous man was looking at his head with a double-barreled shotgun at the moment, his face was as pale as death for an instant, and the cold sweat on his head appeared drop by drop. He didn't expect this robber to be Robbery with real swords and guns.

Chapter 205: I am a poor ghost

But when he regretted it, it was obviously too late.

The man with an axe in his hand suddenly grabbed the righteous man by the neckline: "What did you say just now? Tell me again if you have the ability... Tell me again!"

With a roar, the man holding the axe in his hand banged his fists on the face of the righteous man in front of him.

The man's nose bleeds from the smash, his face no longer has the justice and bravery just now, but like a dead dog who has been abused, he dare not say another word.

"Cut, it turned out to be a bear, so boring."

Yaya, who was squeezing her exquisite chin from a distance, said suddenly and beautifully.

Everything that seems to happen to her is like a good show.

"I warn you again, whoever wants to play tricks, who wants to use his brains, don't blame the bullets in Lao Tzu's hands for not having eyes..."

"We only want money, we don't want to hurt others. If we are acquainted, we can quickly hand over the money we have."

Those who are sitting in the car really stop talking, look at me one by one, and I look at you, no one wants to be troublesome.

Furthermore, the opponent still has a gun.

I saw the boss wearing a black T-shirt over there, and he didn't know how to take out a big plastic bag from there.

"Pick out all the money on your body, as well as your mobile phone, gold necklace...all valuable things are not allowed to be left to me, don't force me to search, if I find it later People didn't clean it out, don't blame me for being polite." He just listened to him holding the gun in one hand, and the other hand holding the bag in front of him, speaking to the human being sitting in the car.

Those who were sitting in the car had seen the real robbery.

At this moment, they quickly took out their wallets, mobile phones, and everything in fear one by one, and threw them into the big plastic bag.

Although all of them are full of reluctance, but what can be done?

When the girl in the back saw the dozens of big masters in the car and actually took out their money obediently at the three guys in front of them, she not only glanced at her red mouth: "Hey It's really useless, and it's still a man."

The other big beauty sitting next to her, Ouyang Shiqing didn't speak from beginning to end, just sitting there quietly.

And what about Li Tian here? Even more, it seemed as if I hadn't seen the robbery here. I was still there alone looking out, watching the scenery along the road.

At this moment, when the leopard brother walked to Li Tian, he was startled with his headgear but with a pair of cold eyes.

"So it was this kid." Of course he recognized Li Tian as the one who saw them in the smoking room.

"Hey, kid, take out your wallet." The Leopard who was holding the long-barreled gun said coldly to Li Tian.

Li Tian turned his head slowly, and sincerely glanced at the brother Leopard holding the double-barreled shotgun.

"Are you talking about me?"

He unexpectedly said such a sentence, and this sentence made the leopard brother who was robbery suddenly bewildered.

And the girl behind her laughed suddenly.

"What an idiot." Yaya said with a smile.

And Ouyang Shiqing next to her was blinking at that Li Tian. She thought this person was a bit weird, because whoever saw such a scene would be surprised (except for herself and Yaya of course), but This guy has never seen it from beginning to end. He is definitely not blind, so he is definitely a little weird.

After hearing him say this, Ouyang Shiqing looked at him with interest.

After Li Tianmeng said such a sentence, the two were taken aback.

"You, don't you talk nonsense? If you don't talk to you, who else will I tell you?" The guy with the gun said excitedly.

The young man holding the axe next to him raised his hand and said, "You want money or you want your life. If you want your life, you can quickly take out your money and cell phone." Only the young youth said harshly. .

Li Tian smiled suddenly.

"Life is more important than money... It seems I still have to give you money."

"Then hurry up and pay."

"But I don't have much."

"Don't talk nonsense, pay as much as you have." Just listen to the boss's impatient voice.

"But, but..."

"But your sister!"

"Your bag, give it to me, give it to me." The young man with the axe caught a glimpse of Li Tian clutching the bag in his hand. Seeing Li Tian holding it tightly in his arms, he certainly felt that There must be money in it, so he quickly reached out and grabbed it.

It's a pity that Li Tian caught it too tightly, and the young man didn't take it away.

"If you **** don't let go, I will kill you." Just listen to the leopard brother go up and point the long barrel gun at Li Tian's head in front of him and say.

With a double-barreled shotgun against his head, Li Tian shrugged helplessly.

"Okay, here you are."

After speaking, he gave away the broken travel bag in his hand.

After the travel bag was given to the young man, the young man opened the zipper, and then turned upside down, depressed that there was no money in it.

"Let's say it, I have no money." Li Tian said with a smile.

Brother Leopard was unwilling to take Li Tian's travel bag at this time and poured out all the things in it at once.

I saw two pieces of torn clothes, plus a piece of torn jeans being poured out from inside.

Finally, an old book that looked like an antique fell out.

The book has a yellowish skin, leather...looks old and vicissitudes of life.

Li Tian picked it up with one hand at a surprisingly fast speed when his book fell out.

The Leopard brother holding the double-barreled shotgun was taken aback: "Don't move...Give me the thing in your hand!"

At this time, the entire carriage was there looking at Li Tian.

Even Ouyang Shiqing and Yaya were quite curious looking at him there...

Yaya blinked and said, "What a shabby book."

Ouyang Shiqing frowned and looked at the situation.

But seeing that Li Tian was pointed at his head with a double-barreled shotgun, it was very hard, and at this moment he had to pass the "broken book" in his hand to Brother Leopard.

After the Leopard took it over, he thought there was some money hidden here... He thought to himself that if there was no money, why would this kid care so much about this broken book,

However, after opening it, I found that there were full texts of tadpoles... The old books exuded an ancient dusty smell, which made the Leopard brother in front of him suddenly wonder.

"Nima, what kind of **** is this..."

The Leopard brother who was talking threw Li Tian's broken book on the ground, giving Li Tian a vicious look.

"Damn, what a poor man... Why are you a poor man sitting in Car No. 6? Really."

Brother Leopard complained to Li Tian that Li Tian felt wronged. What kind of carriage do I take in Nima to take care of you..

Chapter 206: Amazing blow

After the robbers here determined that Li Tian did not have money, they were very humane and no longer embarrass him.

He turned his face to search for the last Yaya and Ouyang Shiqing.

"Pay for it." The Leopard brother wearing a black T-shirt said in a very cold voice.

When he said it, the girl blinked her big shining eyes and said in amazement: "Wow, what a robbery!"

On the other side, Ouyang Shiqing still had the expression of motionlessness.

The brother Leopard, who was wearing black and holding a double-barreled shotgun, was startled when Yaya said: "Nonsense, do you think it's a joke? Quickly get out the money, or I'll scratch your face." He said fiercely.

"I'm so scared..." Yaya said with a smile on her face.

The leopard brother wearing a black T-shirt didn't scare a woman at the moment? Really shy and angry.

"Do you think I dare?" He only roared and said,

Then one hand really didn't have any pity for Xiangxiyu and grabbed it.

As he was about to do it, Li Tian, who had been sitting in front of him, had already put away the indifferent smile on his face at this time. On the contrary, one of his hands was already slowly. Clenched.

Although he was extremely disgusted with that girl and couldn't stand her eldest lady's temper, but after all, he would not die.

But just as he was about to do it, a pleasant voice came from the place where he was sitting behind.

"Hold on."

The sound is tepid, but it gives people an irresistible temperament in the ears.

It was not someone else who was talking, but Ouyang Shiqing.

When Ouyang Shiqing stood up, the leopard brother holding a double-barreled shotgun was taken aback, and his cold eyes were placed on Ouyang Shiqing's face.

"Do you really want money?" I just listened to Ouyang Shiqing's sudden cold face and looked at the leopard brother holding a double-barreled shotgun in front of him.

Brother Leopard only feels that this woman in her 20s feels like a piece of ice, making the soles of his feet chill.

I saw the man with the axe in his hand coming over at this moment.

"Brother Leopard, time is almost up, let's hurry up..."

As he said this, Brother Leopard suddenly said coldly: "Nonsense, if you don't have to pay, don't blame me for doing it well."

"Skinny monkey, come here and let this girl pay."

With a roar, the thin man with an axe in his hand walked toward Ouyang Shiqing aggressively.

"Can't you dig it?" The man called the thin monkey raised the sharp axe in his hand and forced Ouyang Shiqing.

Ouyang Shiqing looked at him, without any fear on her face, and said lightly, "Don't pay."

"You look for chop."

Following the roar of the skinny monkey, he really cut his axe at Ouyang Shiqing's shoulder.

He can really do it!

Such a beautiful beauty? He didn't even have any pity for Xiangyuyu!

At the moment he shot, Li Tian pulled up abruptly, but when he got up, when his arms were about to rise, the corner of his eyes had already seen another thin white arm, which suddenly shot like an electric shot. Jump out.

Shen Lang's arm slowly retracted unconsciously.

But he said that when the delicate arm stretched out, he grabbed the thin monkey's wrist with the axe in his hand. Then, amidst everyone's shock, I saw that Ouyang Shiqing's delicate arm was just like that. With a twist, at the same time the **** buckled at the vein of the thin monkey's arm.

Ah, a cry of pain came out of the skinny monkey's mouth, and then only heard a creak, and the axe in his hand fell to the ground.

And what about the skinny monkey?

An arm was dislocated instantly.

No one had thought that this beautiful woman who had been sitting quietly in front of her could actually know martial arts?

Yes, Ouyang Shiqing does know martial arts.

"you you--"

"Believe it or not I shot you to death."

After the arm of one of the robbers was instantly dislocated by Ouyang Shiqing's expert, the leopard brother Lingwai standing next to him opened his eyes wide and held the long barrel gun at Ouyang Shiqing.

"Are there bullets in your gun?"

Only listening to Ouyang Shiqing couldn't help but snorted.

After hearing that, Brother Leopard was stunned.

How did she know that there were no bullets in her gun? Who is she?

At the moment when he was still surprised, he felt a piercing pain suddenly coming from the forearm joints, and then the double-barreled shotgun in his hand suddenly reached the hands of Ouyang Shiqing.

Hearing a click, I saw Ouyang Shiqing proficiently digging open the barrel of the long-barreled shotgun with her slender fingers, smiled and said: "In the end, don't use this empty gun to scare people, oh, yes. Yes, your gun is stuck in the barrel. It's best to sharpen it, or it will catch the bullet easily."

After the Ouyang poetry in front of him had finished speaking, Brother Leopard and the two robbers guarding the car door were all stunned.

Then I saw Ouyang Shiqing threw the double-barreled shotgun in his hand to the ground with a bang.

"Return the money to everyone, and go quickly." After Ouyang Shiqing finished her last sentence, she had quietly sat back in her chair again.

And what about the robber? One by one, as if dumbfounded, stayed there,

"Brother Leopard..."

The two robbers at the door who hadn't done anything at the moment all stared at the brother Leopard who had just been hiding with a double-barreled shotgun and said.

What about Brother Leopard? The pupils dilated violently, and a pair of eyes looked at Ouyang Shiqing in disbelief.

There was a sudden surge of fear in his eyes... fear from the bottom of my heart.

"Give...return... things to them..." Brother Leopard said suddenly, even though he couldn't stop talking.

The thin monkey who fell on the ground with a dislocated arm was completely stunned...holding the robbed finances in his hand and staying on the ground speechlessly.

And what about the passengers in the car at this time? When he saw that the robbers were completely suppressed, he quickly came over to find his own wallets, as if he was looting wildly, as if he was afraid of his money being taken away by others.

"Tsk tusk, this is the so-called man... hey!"

"What can such a man do? I am really disappointed in these men."

It was that girl who had finished speaking, with a wave of disdain in her eyes, looking at the passengers who were holding their own money.

The passengers listened to the harsh voices, but no one dared to talk too much, each of them closed their mouths tightly, like a dog with a tail between them.

"Don't get out! Do you want me to traffic the police to arrest you?"

Yaya suddenly said to the robber Leopard brother.

The robber Leopard was completely suppressed at this moment... Picking up the empty gun on the ground, and taking his brother, he ran towards the aisle, like a dog running away...

Looking at the robbers who went away, Ouyang Shiqing didn't even look at it, then slowly opened the book he was holding in front of him, and gently held the black silk glasses on the eye sockets with his slender white fingers, and continued Reading.

As if the scene just now didn't happen at all.

Chapter 207: Old books

Amazing blow!

Maybe even Li Tian didn't expect it.

I didn't expect this woman from the Ouyang family to have such an amazing power!

While thinking, Li Tian bent over and started picking up the clothes that the robber had poured out of his travel bag on the ground.

"Worry...you are still a man."

Suddenly a harsh word came to Li Tian.

It was the eldest lady who spoke naturally.

"You are not only a useless, but also a poor man." The skill of damaging people is definitely the first-class.

Li Tian, who was slowly picking up his clothes on the ground, couldn't help smiling bitterly, and didn't talk too much.

One by one, he stuffed his clothes into the backpack, and then carefully stuffed his (broken book) in, before sitting back on the chair.

"Small catcher? Fight!"

Li Tian thought of the trick that Ouyang Shiqing had just used.

"And this girl is so familiar with guns, as if that gun is a toy to her... Could this Ouyang Shiqing play guns?"

What about the girl behind?

Facing the elders in front of them almost one by one, the most unforgettable object was Li Tian, and the acrimonious words were spit out from her little red mouth.

And what about Ouyang Shiqing who is sitting next to him? Not only did it come to mind that, when she was doing it just now, she clearly saw that Li Tian's electric shot figure jumped up, but it was strange that he seemed to be going to do it at the time, but why didn't she do it? ? Could it be said that he saw his shot at that moment? Or is it just a coincidence, have you thought about it?

Ouyang Shiqing thought about it for a while, then she blinked at Li Tian who was packing her luggage, and then again placed her betting on the "On Justice" book she was holding.

Encountering a few inconspicuous robbers on the road, and seeing the amazing scene of Ouyang Shiqing, really made the long and boring group of animals sitting in the car not so boring.

Li Tian also thinks today is more interesting.

I didn't expect to see Ouyang Shiqing from the four major families in China on this train, and personally appreciate the power of the four major families.

I couldn't help but think of the mysterious and strange woman in Xia Xue's restaurant last time.

Duanmu Sakura!

She is a woman who has a very strong family with the entire Ouyang Poetry, and it is obvious that the women in this big family are not simple characters.

One is more stunning than one, and one is more terrifying than one, powerful.

And what about yourself? Now I was going to provoke the Duanmu family, one of the four big families. Thinking of this, Li Tian couldn't help but smile.

But for the sake of his future wife, Situ Ningbing, no matter what he was worth.

After he secretly made up his mind, he stopped thinking about it.

"Fortunately, you are still a man, you are so blind as a man's face, huh, it's really shameful that a big man let a woman help you out, shame your man's face.

The yaya at the back sat satirically at Li Tian in the left sentence and the right sentence, and what about Li Tian?

It is indifferent.

For the eldest lady in front of him... he was really used to it.

Contempt for her irony... Li Tian listened to her left ear, and his right ear directly... completely ignored.

And the big beauty sitting on the other side of Yaya, Ouyang Shiqing, has been sitting there quietly since her amazing shot just now, holding the book in both hands, watching carefully, her face She looks like a quiet and graceful look, just like she is the kind of queen in ancient times!

The train for more than a dozen hours, for the eldest lady who never takes the train or the bus, is simply suffering.

Fortunately, there was a more dramatic robbery incident on the train, otherwise this boring train incident would have killed her.

At this moment, blinking bright eyes, if there is nothing to do, I will find something to talk about...

Next to him, Ouyang Shiqing reads the book quietly, and if she doesn't talk to her, she talks to Li Tian.

Li Tian ignored her, she satirized him...

An angry Li Tian wanted to pinch this girl to death.

When it was late at night, the girl was finally sleepy.

With two white hands lying in front, he fell asleep.

Li Tian glanced at this girl, then glanced at Ouyang Shiqing, wondering: "Is this woman not sleepy at all?"

But seeing that Ouyang Shiqing really seemed not sleepy at all, he quietly read the book, and suddenly noticed that someone was looking at her, only then slowly raised those beautiful eyes and looked at Li Tian.

Li Tian was taken aback, and quickly glanced around. After all, seeing a girl in this way would be disgusting.

"Are you also in Jinghai City?"

A voice that deserved to be "natural" asked from her mouth.

Li Tianyi was shocked when he heard this wonderful voice.

Smiling and turning his head to look at Ouyang Shiqing: "Yeah."

"jobs?"

"Isn't your accent a southerner?" Ouyang Shiqing's keen observation is enough to see everything about Li Tian.

Li Tianguo really nodded.

"But I didn't go there to work, I went to find someone..." Li Tiandao said.

Ouyang Shiqing said, "Oh? Looking for someone?"

"Ok."

"relatives?"

"Well, almost." Li Tiandao said.

After Li Tian said this, Ouyang Poetry in front of him did not ask too much.

Then she turned her beautiful eyes and continued to look at her books.

This made Li Tian couldn't help being slightly disappointed...

I was bored by myself, so I couldn't help taking out the book (Tianshu Danju) in my backpack, and took it out from it.

Then he turned it over slowly and looked at it carefully.

After opening the antique yellowed old antique book, Li Tian was immersed in the tadpole text.

The first few pages of the first chapter of the tadpoles have been read by Li Tian, and now he is looking at the back and turning over... After turning to the back, his eyes are cast on the tadpole style above, and those tadpoles then begin to appear again. He looked like he was moving in that book, and then began to swim towards his whole body one by one.

When Ouyang Shiqing over there saw Li Tian pull out the "Book of Heaven Pill Volume", Liu Mei was startled.

Because she could tell that the book Li Tian was holding was an antique book.

The yellowed paper reveals the age of this book...and the traces of the years.

And that book cover is still caused by some kind of animal skin...

Ouyang Shiqing once looked through ancient documents. In ancient times, only royal nobles could make books with ancient animal skins and preserve them, but she did not expect that she would actually see such an ancient book today.

And that antique book is definitely not fake...

Chapter 208: Saeki Paper

After Ouyang Shiqing glanced at it, her beautiful eyes wrinkled lightly.

Then he looked curiously at the "Book of Heaven Pill Volume" in Li Tian's hands.

Li Tian, who was originally watching intently, looked up inadvertently at this time and found that the beautiful eyes of Ouyang Shiqing were looking at the book in his hand, and he was taken aback.

Then smiled and said to Ouyang Shiqing: "If you are bored, find a book to relieve your boredom."

Ouyang Shiqing also smiled slightly, showing two shallow dimples on the delicate melon seeds.

"I take the liberty to ask, is your book an ancient book?" Ouyang Shiqing asked suddenly.

Li Tian smiled and nodded: "Forget it."

"If I read correctly, the paper of the ancient book in your hand should have a long, long history... it seems to be from the Eastern Han Dynasty (Zao Bo paper)." Ouyang Shiqing said suddenly.

Ouyang Poetry, who has been particularly interested in ancient documents since childhood, can of course see it at a glance.

Although the Saeki paper has been lost for a long time...

Li Tian couldn't help being taken aback.

To be honest, he only knows the origin of the book in his hand, but he doesn't know the age of the book and what kind of paper it is... etc.

At this moment, when he heard Ouyang Shiqing say this, he couldn't help frowning.

"Eastern Han Dynasty (Zaobo paper)?"

He was a little surprised. He didn't expect that this book had such ancient historical relics.

"Everyone knows that the inventor of paper was Cai Lun in the Eastern Han Dynasty, but few people know who the inventor of Saeki paper was! Legend has it that after paper maker Cai Lun

invented paper, he committed suicide soon after he died because of court battles. A few decades later, in the last years of the Eastern Han Dynasty, another paper-making expert named Zuo Bo was born. And (Zao Bo Zhi) was also named!"

Zao Eki paper) is also from this source, (Zao Eki paper) is rougher and heavier than similar paper, but it is durable... it can withstand the torture of years."

"It's a pity that the literature and history are limited. In those days, only the papermaking skills of the **** Cai Lun were recorded, but the papermaking skills of (Zao Eki Paper) were not recorded... So (Zao Eki Paper) quickly disappeared... It may only be 20 years old. Year...never appear in later generations."

When Ouyang Shiqing said this, Li Tian was undoubtedly shocked there.

"Saeki paper?"

Of course Li Tian was shocked when he first heard the name of this paper.

He knew that if this (Zao Eki paper) was verified to be true, it would be invaluable!

A historical document used to fill gaps in historical sites... Zhang and Zhang are priceless treasures.

Li Tian, who heard Ouyang Shiqing say this, looked at the broken book in front of him very curiously...

"Are you really such an old one?" Li Tian said tsksly.

Feeling the ancient traces on it and the rough paper... To be honest, when he first picked up the book, Li Tian almost threw it away. Now I suddenly heard that Ouyang Shiqing said the book in his hand. The origin of it was shocked.

If she is right, the things in her hands have a history of thousands of years... Is it really so old?

Ouyang Shiqing slowly closed the book of justice in her hand, then blinked her beautiful eyes and smiled at Li Tian.

"To be honest, I also saw things about (Saeki paper) in historical literature. As for the real (Saeki paper), I saw it for the first time..., would you mind letting me take a look?"

As Ouyang Shiqing said so, Li Tian nodded greatly.

The so-called ignorant are not afraid.

Does Li Tian know how valuable this (Zaobo paper) is? Maybe another person might have given this thing in his hand as a treasure a long time ago, and maybe even his parents would not even look at it.

Something more antique than antique, how much can you imagine worth it?

Isn't this? After Li Tian generously handed the (Tianshu Danjuan) in his hand to Ouyang Shiqing, Ouyang Shiqing's feeling for Li Tian rose sharply.

Reaching out and gently took the "Book of Heavenly Book Pill Roll" in his hand, Ouyang Shiqing's eyes lightened and she gently stroked the traces of the years with her white fingers.

The rough cover of animal skin has turned black.

In addition to a very strange dragon-shaped pattern in the corners, there are also a few vaguely large seal characters.

The strokes of the seal characters are strange, but Li Tian doesn't recognize it anyway.

On the contrary, after Ouyang Shiqing lightly took over the book, his eyes widened for an instant, and then he looked at it with surprise.

This is just now facing the four sturdy Ouyang Shiqing who was holding guns but never showed the slightest expression of horror. Who can imagine her expression becoming surprised when she took the book in Li Tian's hand.

Could it be that she saw something?

Li Tian has been watching her expression carefully... but he didn't say a word.

When Ouyang Shiqing saw the four seal characters on the cover, her heart swelled.

Li Tian clearly saw her expression become weird in an instant...

Then Ouyang Shiqing raised those surprised eyes and looked at Li Tian. This expression was as if she saw a savage running out of Shennongjia, surprised.

Li Tian was slightly surprised, why did she look at herself with that look?

There must be a great secret hidden under the shock of Ouyang Shiqing's expression, could she see something?

"Does that book really exist? Is it (it)? How is it possible?"

Ouyang Shiqing's heart is magnificent.

"Impossible, absolutely impossible... That book is a legendary book... How could it appear here... But what is it in front of you?" Ouyang Shiqing stared at the book with her eyes wide open.

"Maybe...maybe...only the old man can solve this mystery."

Ouyang's poetic love that was thinking this way didn't even open the (Tianshu Danjuan) in front of him, and he directly handed the book to Li Tian in front of him again.

The expression on his face quickly recovered, and then smiled there and said, "Thank you, I'm finished."

Li Tian also reached out and took it.

Regarding the horrified expression on Ouyang Shiqing's face just now, although he was suspicious, he did not ask too much.

After all, she didn't even open the book, so she wouldn't recognize it by looking at the cover of the book, right? Li Tian pondered.

"My name is Ouyang Shiqing... Would you mind telling me your name?" Ouyang Shiqing suddenly stretched out a white hand, smiling at Li Tian and said.

Li Tian was stunned for a while, this big beauty took the initiative to know herself.

I couldn't help feeling a little excited, and stretched out his hand to hold the beautiful soft and boneless hand.

"My name is Li Tian."

Ouyang Shiqing smiled lightly...

"First come to Jinghai City? If you can find me in the Ouyang Family Garden in your free time... then I will treat you well." Ouyang Shiqing showed a beautiful smile.

Chapter 209 : First arrived in Jinghai

Li Tian was sincerely happy when he heard this big beautiful woman say so and nodded.

When the two of them were chatting freely, suddenly the **** the other side woke up at this time.

Blinking a pair of beautiful sleepy eyes, he glanced at Li Tian, and then at Ouyang Shiqing next to him.

"Poetry... Are you chatting with this bun?" Yaya said in surprise while rubbing her fluffy eyes.

Ouyang Shiqing frowned slightly.

"Yah, don't talk nonsense."

"Oh my god, I didn't expect that Miss Ouyang Shiqing, the number one glamorous beauty in Jinghai City, actually chatted with a stranger... You scared me, Shiqing."

The girl continued.

Ouyang Shiqing didn't bother to talk to this girl and stepped forward.

Seems to be thinking about something great.

It's Yaya, because of the robbery, Li Tian's appearance has always made her contemptuous.

So don't forget to add some oil and vinegar to Li Tian.

Li Tian has long been used to...

For this girl, there are only two words in his heart to comment on her: ignorance.

The train goes all the way...

Li Tian finally fell asleep in the middle of the night.

And what about Ouyang Shiqing? It was as if she hadn't slept all night. This girl with a different temperament seemed to have been thinking about something in her heart after seeing Li Tian's "Book of Heaven".

But what is she thinking about? Maybe no one knows.

The long-distance train ride finally passed through the suffering.

Finally, when the conductor in the train heard a clear voice, saying: According to the terminal station, there are still 40 minutes, the people in the train began to be energetic.

They all experienced a night of suffering, and now they started to talk, laugh, and talk.

After all, the next stop is the last stop.

At this moment, Ouyang Shiqing also gently closed the book she had read all night, and put it in the bag surnamed Li. What about ya? At this moment, it is also mentally abnormal, but staying up late makes the beautiful eyes of this young lady a little red...

Li Tian slept in the second half of the night, and it sounded good. He also got up this time and glanced at the southern cities passing by through the window outside the train...

It is said that the south has many mountains and rivers and beautiful scenery.

Looking at the beautiful mountains and rivers outside the train window, and the clear rivers passing by, Li Tian really likes it very much.

The South is indeed a good place out and about.

Jinghai City? Li Tian wondered, what kind of city is it?

Is it as prosperous as Kyoto City?

Li Tian, who was about to step into another new city, had a trace of anxiety and a trace of excitement in his heart.

It's like going on a date with a girl I've never seen before.

"Finally home." Yaya said happily.

"I'm back... Lauder Nightclub... I'm back... kaPP clubhouse..." This girl is as excited as a madman.

In the last forty minutes, every passenger was in high spirits, after all, did they go home?

Perhaps only Li Tian is waiting for the journey to another unknown city with excitement and expectation.

"Hey...Bad boy, I finally don't have to be with you." Yaya said while looking at Li Tian with a smile and excitement.

Li Tian didn't even pay attention to the girl in front of him, and cast his eyes elsewhere.

With the clear voice of the conductor,

Jinghai Railway Station has finally arrived.

There was a roar of the train stopping, and some impatient passengers began to sort out their surname Li, and walked towards the exit of the train, waiting in line.

It is said that this southern city has beautiful scenery. Through the window of the train, Li Tian saw skyscrapers standing there like ferocious beasts.

Sure enough, it is one of the top ten key cities in the country.

Li Tian exclaimed.

"Hey, bad guy, we have to get out of the car." With the voice of Yaya.

She picked up her Hermes bag and made a funny face at Li Tian, then stood up on her seat.

At this moment, Ouyang Shiqing also moved slightly, then blinked at Li Tiandao and said, "Goodbye..."

Just an understatement.

Li Tian also smiled and said goodbye to her.

There was a slight disappointment in his heart...maybe he didn't even know what his inner disappointment was for.

After Na Yaya and Ouyang Shiqing left their seats, the train stopped.

Li Tian also pulled his backpack on the train shelf at this time, and then walked toward the train door with his back on his back.

As the doors opened, passengers began to go out one by one.

Jinghai City...

finally reached.

Li Tian saw the huge "Jinghai City" from a distance.

The weather in Jinghai City today is a bit gloomy, and the weather in the south is like this... It always feels sentimental.

After walking out of the train door, it can be described as a sea of people.

One by one, travelers carrying big bags and some migrant workers, all started to walk towards the exit.

In the crowd, the shadows of Yaya and Ouyang Shiqing have long since disappeared.

Li Tian looked at the endless stream of people and couldn't help sighing slightly, especially the towering skyscrapers.

For the first time, Li Tian stood there and looked down at the skyscraper. He couldn't help but feel a strange feeling in his heart: Do I need to look down on such a tall building for a lifetime? He mumbled to himself.

—

At the exit, I saw two beautiful shadows standing there.

One of them was elated and excited, and of course it was the eldest girl.

At the moment, holding my Iphone5, I yelled at the phone: "Bad girl, sister, I'm back."

Ouyang Shiqing said softly: "Bo Fang."

After speaking, he followed the Yaya in front of him to the exit.

After checking the ticket, the two people walked out of the crowded train station ticket gate.

There are many people who pick up and drop off at the ticket gate, with a trace of excitement on their faces, waiting there, either looking forward to their relatives, or picking up their friends.

Only in an unobtrusive corner, a pair of vicious eyes like cobras stared at the Yaya and Ouyang Shiqing who came out of the ticket gate.

A man.

There was a man wearing a baseball cap and a loose-fitting sports attire, and the blood-red viper tattooed occasionally from his wrist was hideous and terrifying.

There was staring at Ouyang Shiqing and Yaya who came out without blinking.

Chapter 210: Killer

Who is he?

Why are you here to monitor that Yaya and Ouyang Shiqing? Nobody knows.

I saw Ouyang Shiqing and Yaya who came out standing on the railway station square where the crowd was constantly flowing.

Waiting for someone to pick them up.

In front is a bustling street, one tall building after another tall building.

The traffic is constantly flowing...

At this moment, Li Tian also walked out from the ticket gate.

Looking at the brand-new new city, Li Tian was excited from his heart.

"Jinghai City...I'm here."

Li Tian walked towards the square of the station, and from a distance he saw the two beautiful shadows, standing there like phoenixes standing on the branches.

Of course it is that Ouyang Shiqing and Yaya.

When Li Tian saw the two of them, he was inexplicably happy, maybe because of the brief encounter on the train, maybe because the two girls have beautiful and pleasing looks, which made Li Tian couldn't help walking towards them. .

The two of them stood there as if waiting for something.

As Li Tian slowly walked towards them to say hello, his gaze moved subconsciously to another man.

A man wearing a baseball cap and a loose-fitting sports clothing.

Because the breath of this strange man was terrifying... This made Li Tian who was walking towards Ouyang Shiqing and Yaya startled.

That is a unique kind of breath radiating from a person!

Killer!

Li Tian, who had dealt with Situ Ningbing, K and Xuepan, subconsciously felt that invisible murderous aura.

Then he saw the cold dagger in the hand of the baseball cap tattooed with a blood-red and ferocious snake, hidden in the sleeve, facing the Ouyang standing in the square like a lurking wolf. Poem walked straight.

Li Tian froze for a moment, then paused for a second.

Then he saw the man in the baseball cap, and the deadly dagger suddenly stabbed at Ouyang Shiqing's body with his back facing him.

A deadly and vicious knife.

"Be careful....."

A scream was suddenly screamed in the railway station square.

When this voice yelled, Ouyang Shiqing, who was 4--5 steps away from Li Tian, and Yaya then turned their heads in surprise.

At the moment when Ouyang Shiqing's eyes curled, she suddenly saw a beam of light piercing her.

The vicious and deadly dagger stabbed straight at the vital part of her body.

The opponent shot faster than lightning, and Ouyang Shiqing didn't care about being in the crowd, so she dared to attack her... was slightly surprised, and then it was too late to shot.

There is no way that the killer wearing a baseball cap was so fast, her pupils began to enlarge violently...because she could feel that she was going to die soon, the girl next to her was completely dumbfounded and her eyes widened. , His mouth is O-shaped, and he almost forgot to call his mouth and stay there...

Just when Ouyang Shiqing seemed to be about to be damaged by this vicious dagger to Zha Zhongxiang to eliminate the jade, suddenly his figure was blocked in front of Ouyang Shiqing between the electric light and flint.

It was a glimpse of the man's body, and suddenly arrived in front of Ouyang Shiqing like a protector.

"what?"

Ouyang Shiqing subconsciously screamed.

The man standing in front of her was of course not someone else, but Li Tian who had just shouted out.

Li Tian is wearing very cheap clothes.

Looking at the scene again, the moment Li Tian flew past, the dagger in the hand of the man wearing the baseball cap was already stabbed out.

With a bang, I saw the deadly blade in the killer's hand slashed across Li Tian's waist, and the sharp dagger pierced Li Tian's white T-shirt... it even scratched his skin, but it didn't. Stabbed to the vital point of Li Tian.

The killer never expected that his fatal blow would be blocked by this sudden stranger.

It was also slightly taken aback, but then a pair of eyes suddenly became cold, the dagger in his hand suddenly retracted, his mouth groaned, and the dagger in his hand swiped two moves.

The extremely pungent tricks pierced Li Tian's whole body.

But Li Tian avoided it.

The killer would not be able to solve Li Tian for a while, and there were so many people here, the dagger in his hand suddenly dropped out, and he threw it at Li Tiantou fiercely.

Li Tian twitched his body, and the cold dagger flew out on his cheek.

Looking at the assassin again, he suddenly backed away at this moment, and then quickly ran towards the crowd.

Those onlookers were suddenly shocked.

With a bang, I saw that the killer ran to the dense crowd quickly after knocking down two passersby.

When the shocked Ouyang Shiqing and Yaya just understood what happened, the assassin's figure had already ran far away, and he would definitely not be able to catch up if he wanted to chase him. Besides, there were so many people in the train station that he couldn't Looking for a stranger in the crowd.

What about the two girls in front of you?

Ouyang Shiqing's face was full of shock and indifference, watching the killer disappearing in the distance.

And ya ya? He stared at Li Tian with an expression of astonishment, as if he had seen a savage expression.

"You, you... why are you here?"

"How did you save me?"

Yaya stared at Li Tian and said.

A lot of people gathered around at this time are all there to look at Li Tian.

Li Tian's waist was slashed by the killer just now, and the white T-shirt was dyed red at this moment. He did not answer Yaya's words but instead covered his waist with his hand.

"Oh my God, Shi Qing, what is going on?"

"That person...that person...is to assassinate you?" Yaya then looked at Ouyang Shiqing in disbelief with a pair of eyes wide open.

With a trace of contradiction between Ouyang Shiqing's eyebrows, she nodded gently.

Then turned his head and looked at Li Tian: "Thank you for saving my life... If it weren't for you, I'm afraid I am now..."

"I didn't expect you... so powerful." Ouyang Shiqing added.

Ouyang Shiqing looked at Li Tian with sincere gratitude and said that the fatal blow just now, if it were not for Li Tian, Ouyang Shiqing might really be lost.

Although she knows how to martial arts, she definitely avoided the sudden attacks in the past, besides being in such a noisy train station.

Li Tian smiled faintly, covering the wound on his waist with one hand, and said: "It's okay if people are fine."

"But you have to be careful in the future...I can feel that the person just now is definitely for you." Li Tiandao said.

After speaking, Li Tian covered his waist injury while carrying a backpack and turned around to leave.

"and many more....."

Ouyang Shiqing hurriedly screamed out and chased after her.

"How is your injury...?" she asked with a caring look in her eyes.

Li Tian raised the hand covering the wound, the palm of his hand was already dyed red by his own blood, and the girl who looked at it was shocking.

"It's okay, the skin is hurt, it's not in the way." Li Tian said lightly.

But Ouyang Shiqing cared very much. After all, she was injured to save her.
