

## A Killer 2051

Chapter 2051: Danger is imminent

When he saw the red dot appearing on the luminous screen rushing towards him at an alarming speed, John was stunned for an instant.

"Aidenti, checosaequestacosa" Translation: My God, what is this?

The shocked words screamed from John's mouth.

His eyes looked at the fast-moving red dot on the screen with an unbelievable look.

You must know that this detector can detect the dynamics of the human body in a radius of several kilometers and the interference of electromagnetic waves. Judging from the current moving speed of the red dot, John can see that this thing is moving here at 100kmh per hour.

What is moving so fast?

What is horribly attacking John?

Invisibly, John felt only an inexplicable fear.

The detector was still beeping, and as the red dot got closer and closer, John felt inexplicably a deep fear flooding his whole body.

Seeing that the red dot is moving so fast, and it is very likely that it will reach him in less than ten minutes. After realizing this situation, John suddenly went crazy, hugged his detector, and started to move fast. Running towards the rear.

He was scared.

He wants to hurry back! Quickly gather with your police teammates.

Because he really didn't know what the \*\*\*\*\* was the thing displayed on the lock on the detector, and it could jump towards him at such a fast speed.

...

Where is the helicopter?

The fat policeman and the two policemen beside him still stay here leisurely, staying on one side and smoking on the other side.

But as time passed, they became a little irritable.

He just listened to the policeman with a shotgun beside him throwing away the cigarette \*\*\*\*\* in his hand, then frowned and looked into the deep forest in front of him and said in Italian: "John, how can I pay for it after going for so long? Are you not coming back?"

The Italian language of the fat policeman beside him was the accent of the western region. He only heard him smile and said, "That stupid boy is stupid. I think he will come back after a while."

"He is really stupid."

"A foreign helicopter crashed. What does it have to do with us? People die when they die. Anyway, they are not from our country." The Italian policeman with a shotgun said in disdain.

"Wait, it's rare for that silly boy to be so honest." Only the fat policeman said at last.

So the few policemen in front of them began to wait again.

As time passed by, suddenly there was the sound of running footsteps in the distance.

The fat policeman who was sitting leisurely and the two policemen beside him cautiously stood up after hearing the rapid footsteps, and at the same time clenched the shotgun in his hand.

They all looked at the dense forest in front, and suddenly saw the figure of John rushing over.

When they saw that John turned out to be running from the front, the three policemen not only sat down again depressed.

"This kid is finally back!" The fat policeman said with a smile at the big tree that was leaning on the back.

But here, I saw John who rushed back, with a pale face, after running over, he has been breathing heavily there.

"The boss... it's not good, it's not good, something is going to happen, something big is going to happen." The John said in a hurry while panting.

The fat policeman and the two guys around him were not only taken aback when they heard John say so.

"Hey, John, what's the matter? Why are you crazy?"

"Yeah, what's the matter? Did you find the wreckage of that plane?" The two police officers here asked sarcastically.

What about John? But his face was full of nervousness. He said with a pale face: "No, no, no, it's not about the wreckage of the plane, it's something else."

"I was exploring deep in the dense forest just now, and suddenly I detected an unknown thing coming towards us at an alarming speed... The speed is terrifying." John said.

"What? John, what are you kidding?" The policeman over here obviously didn't believe in John's inexplicable words.

I saw that John said: "What I said is true, if you don't believe it, come and see for yourself..."

As John said, he took out the detector in his arms.

I saw that the detector was still ringing "didididi", and the sound was harsh and unpleasant.

The three policemen who didn't believe in there, when they heard the harsh sound from the detector, they couldn't help frowning, and then they all hurried over to take a look.

From this look, I saw a red dot displayed on the detector, which was attacking them at a terrifying speed.

After seeing such a situation, the three police officers were immediately stunned.

I saw the fat Italian police officer in the lead, looking at John with his chubby fingers at the sounding detector in front of his eyes, and asked, "John, this, what's the situation?"

At this moment, the two police officers holding shotguns next to him couldn't help but looked at John with surprise.

The John frowned and said, "The red dots shown on the detector are living things, but things with life characteristics." John pointed his finger at the red dots.

"That, then, how could it hit us?" The fat policeman asked with a puzzled face.

I saw John also shook his head depressedly and said: "I don't know about this..."

"Is it a wolf? Or what animal?" The policeman with a shotgun asked.

John said: "It's not like..."

"Look, this movement speed is too fast. No animal can move at this speed." John said.

Hearing what John said, the three policemen in front of him immediately stayed there.

"Not an animal? Not a human? What could it be?" The fat policeman suddenly showed a sense of fear that he had never had before.

Yes, neither humans nor animals can move so fast in such a dense black market forest.

But now I saw that the red dot on the detector was hitting them at that amazing speed.

What terrible thing is that?

The police officers of the Italian search and rescue team in front of them did not know.

I saw that there was still a harsh "didididi" sound on the detector, and what about the red dot displayed on the luminous screen? It was also moving towards them at a terrifying speed.

What the \*\*\*\* is that red dot? Who knows what is approaching them?

Chapter 2052: It turned out to be him?

The alarm on the detector was still ringing harshly.

The four policemen in front of him stared at the red dot on the LCD screen on the detector. The red dot moved too fast.

According to the detector above, the red dot can move to them in less than ten minutes.

As the distance got closer, the harsh alarm sounded louder and louder.

An invisible sense of fear suddenly surged from all around.

I saw that the fat policeman with a blessed figure had already begun to see cold sweat on his head, wiping the sweat over there, and said, "Everyone is ready..."

"I want to see what it is, it's coming to our side."

As he spoke, he drew the gun from his waist.

Obviously, this guy is also aware of the approach of danger.

At this moment, the two policemen beside them also gripped the shotguns in their hands tightly... They glanced at the dense and gloomy Blackstone forest in front of them, and then they couldn't help taking a long breath.

In the Black Market Forest, darkness slowly poured out at this moment.

The sirens in front of me screamed like urging sounds.

Time passed by every minute.

One minute.

Two minutes.

five minutes.

...

ten minutes

The red dot on the detector has come, it has come.

Suddenly, when the red dot reached the side of the Italian policemen in front of him, the movement suddenly stopped.

The detector alarm that was screaming "didididi" just now seemed to be completely out of order at this moment, and no more movement was made.

what happened? what happened?

The policemen in front of them were stunned, even John was stunned.

"John, what's the matter?" At the moment, the fat policeman was holding a pistol in one hand, and asked the john in front of him loudly.

I saw that John shook his head suddenly and said, "I don't know either."

"What about the red dot? How could that red dot suddenly disappear?" The policeman beside him asked angrily.

John walked over and looked at the detector in front of him, and saw that the red dot on the LCD screen on the detector had indeed completely disappeared, and all that was left was blank...like the red dots just now. It's like it didn't happen.

"Could it be that this detector is broken?" John said while touching the detector at the moment with his hand.

When several policemen around him heard him say this, they suddenly cursed.

"Asshole, John, did you do it on purpose?"

But seeing that John crying and said: "No, no, I definitely didn't mean it, I don't know what happened to this detector... This detector was just purchased from Canada, it is impossible to be in trouble."

"Nonsense, seeing that there is nothing around us... Isn't it the problem that your broken detector is stumped?" The fat policeman said angrily.

"Definitely, it must be something wrong with this brat's detector." In addition, the policeman with the shotgun also accused John in front of him.

As for John, he was aggrieved.

To be honest, he didn't know what was going on right now. How could the red dot that was clearly moving very fast just disappeared inexplicably?

Could it be that the detector is faulty?

What's wrong, this detector is obviously good! John was checking the detector in his hand while muttering in his mouth.

Where are the three extremely nervous policemen over there?

Seeing that there was nothing around, all the hearts that were hanging were let go, and they couldn't help letting out a long breath.

Everyone was rejoicing there, rejoicing that what was just now was a false alarm.

But when they relaxed their vigilance, the surrounding air instantly became extremely cold... as if the temperature suddenly dropped for some reason.

These policemen obviously felt an extremely gloomy breath enveloping them, as if there was a monster staring at them in the dark.

Just when they felt an icy suffocation enveloping them for a moment, a thin and tall policeman standing on the most side glanced suddenly and found a figure standing motionless among the bushes on the right, lifting Staring at him with bloodthirsty eyes.

When he suddenly saw such a figure and such a pair of bloodthirsty pupils standing in the jungle, the policeman was stunned for a moment.

"Boss, boss... look, look here..."

"Someone, where is someone!!!" His voice said with a shock and disbelief that the fat policeman hurriedly shouted in front of him.

After the policeman said a word, the fat police officer beside him and the John not only turned their heads, they looked at him with extremely unbelievable eyes.

The guy standing among the trees with bloodthirsty eyes.

Who is he?

If you look closely, his people just stood there motionless, with blood stains all over their bodies, and scarlet blood on their faces and mouths, but the blood was not his blood, but someone else's blood.

He has an oriental handsome face, but that face is surprisingly pale and terrifying, without the slightest bloodshot eyes, and violent purple blood vessels can be seen from the corner of his bloodthirsty eyes.

He is Li Tian.

He turned out to be Li Tian who mutated into a vampire, and he didn't expect him to appear here.

However, the Italian police in front of him were stunned when they saw Li Tian.

They are all very cautious, holding guns tightly in their hands, ready to deal with sudden changes at any time.

"What does this guy do?"

"Why did it appear in the Blackstone Forest?" The fat police officer in front of him asked in a puzzled manner.

The police nearby also said they didn't know, and shook their heads there.

"Could it be the survivor of that plane?" a policeman beside him suspiciously asked.

I saw that these policemen were all speculating about Li Tian's identity. They didn't know where Li Tian emerged from, and how could he suddenly appear in this black stone forest.

"There is blood on his body!" I saw the fat policeman cautiously saying there, as he said, he clenched the gun in his hand and stared at Li Tiandao carefully.

Of course, the two policemen nearby also saw the blood stains on Li Tian's body, and at this moment, they slowly raised their shotguns.

"The blood is not his blood... it is someone else's, and his body is not injured..." a policeman beside him said.

The fat policeman said: "Everyone, be careful..."

After hearing the fat police officer say this, the police around him not only nodded one by one.

Chapter 2053: Are you killed?

"Who the \*\*\*\* is this guy? Where did it come from?" The Italian policemen here asked Li Tian with extremely puzzled eyes. .

But seeing that Li Tian was motionless, his face pale and terrible, and the purple blood vessels exposed at the corner of his eyes crawled in his skin like bugs, his bloodthirsty pupils looked unblinking like that. The four Italian policemen in front of him.

"Hey, who are you?" The fat policeman finally couldn't help but yelled out.

He spoke to Li Tiandao in Italian language.

Of course the vampire Li Tian couldn't understand the fat man's words, and he still stood there motionless.

"This guy is Asian, boss, will he not understand our words?" a tall and thin policeman next to him asked the fat police officer in front of him, reminding him.

The fat police officer thought for a while, so he asked in bad English: "canyouspeakenglish"

Li Tian still did not answer or move.

The fat police officer was helpless now.

"Why doesn't this guy understand anything? Is he dumb?" The fat police officer in front of him said depressedly.

The two tall and thin guys beside him were also staring at Li Tian in a daze at this time.

Only the thin john was looking at Li Tian in fear, and after a while, he whispered to the fat police officer beside him: "Boss, I think we should go... don't mess with him. "

When the fat police officer heard John say this, he suddenly laughed.

"What are you afraid of?"

"He's not a beast...just a person." The fat police officer in front of him said to that John contemptuously.

John's mouth moved, as if to say something, but in the end he held it back.

He just raised his eyes and looked at Li Tian in front of him.

What about Li Tian? Maintaining that posture from beginning to end, standing in that weird way, looking at them with cold pupils, as if looking at something strange.

One of the thin and tall police officers here looked at Li Tian, who was covered in blood, and suddenly felt quite interesting, so he took out his mobile phone from his arms and said in his mouth: "This guy is quite interesting. Such a place is covered in blood... I'll take a picture of him... When we go back, I can show off... I'll say that I met a terrifying murderer, haha."

The lanky policeman turned on the camera of the phone while talking, and then pointed the flash at Li Tian who was standing motionless.

He wants to take pictures of Li Tian.

The fat police officer beside him didn't stop his men, but just stood by the side.

I saw the thin and tall policeman in front of him, after aiming the flash of the phone at Li Tian, his finger gently touched the button.

With a click...

The dazzling light from the flash hit Li Tian's pale and bloodless face.

After the flash of his flash struck Li Tian's face, he saw Li Tian who was still still, and suddenly screamed out loudly. When his terrible cry came out, his hands hurriedly Of covering my face...

He seems to be afraid of light! I am afraid of glare.

Then, before the four Italian police officers here could react, Li Tian's figure suddenly disappeared.

Just now, the figure of Li Tian, who was clearly standing opposite them, suddenly disappeared in an instant.

Looking at Li Tian, who had completely disappeared in front of him, the four police officers here were suddenly taken aback.

"What about people?"

"Where is that guy? Where is he?" The thin and tall policeman who was taking pictures with his mobile phone in his hand was completely dumbfounded.

The fat Italian police officer was also stunned at the moment.

"He disappeared?"

"How can his speed be so fast? And his voice, why is it so unpleasant as a beast? Did you see where that guy went?" The fat police officer suddenly felt a gloomy fear in them for some reason. Spread all around.

The policemen around were all there shaking their heads, their faces shocked.

I saw that John's face suddenly changed, and he suddenly said to the fat police officer in front of him: "I know, I know..."

When John suddenly said this, the fat police officer beside him and another policeman quickly asked, "John, what do you know?"

John had an ugly face and suddenly said, "Do you remember the mysterious red dots displayed on the detector before?"

When John said so, the policemen in front of him nodded depressedly and said, "Remember!"

"It turns out that the extremely fast red dot is the guy just now! It's that he has a terrible astonishing speed..." John said again.

"So it's him!"

"So, this guy... is faster than the beast? Faster than the beast?" The fat police officer was completely stunned.

Thinking of the terrifying speed of moving the red dot before, a sense of danger of cold suffocation instantly enveloped his whole body.

"Isn't he a human?"

The shocked words came out of their mouths, and after they were said, everyone's face suddenly changed in shock.

At this moment, they all looked at the dark dense forest with horrified expressions...No one knew where Li Tian just went.

They just held the guns in their hands tightly now, and then gathered together, cautiously looking around in surprise.

Just as they were looking around in fear and horror, a rustling movement suddenly came from the bush on the left.

One of the thin and tall police officers who was extremely frightened, holding a shotgun, shot in that direction.

With a bang, a loud gunshot came.

The bullets that broke out shot straight toward the depths of the rustling dense forest.

"Damn it, who made you shoot?" The fat police officer not only furiously said after seeing his subordinates shooting at once.

After all, they are still not sure if Li Tian is dangerous?

If you shoot someone to death in this way, doesn't that mean innocent murder? So the fat police officer in front of him suddenly roared there.

After the thin and tall policeman who shot was scolded by the fat police officer, he immediately stood there with an ugly face.

"Did you kill that guy?" Just listen to another policeman with a shotgun in front of you asking.

The guy who shot the gun stood there with an awkward look, closed his mouth and said nothing.

The dense bush that was rustling just now, after the shot was shot, stopped instantly.

After finding that there was no movement here, the fat police officer thought to himself: If he really shot and killed someone, it would be a big trouble.

"Let's go and see...Did you really get killed by a gun?" The fat police officer pointed at the guy who shot the gun just now.

The policeman who shot just now knew he had made a serious mistake, so he nodded quickly, and then ran to the dense forest where he shot just now.

Chapter 2054: Do not kill me

After reaching the bush, he subconsciously took a deep breath, and then pulled the bush with his hand...

After peeling away the thick grass, I was shocked to find that the inside was empty, and the bullet just did not hit at all.

The policeman became excited when he saw that he had not killed someone by mistake.

"Boss, there is no one here... I didn't hit anyone just now..."

Just as his words were uttered, a terrifying and brutal figure on the side suddenly rushed towards his body.

The sad policeman hadn't even had time to react... his neck was snapped off by sharp teeth.

what

A \*\*\*\* scream came from the policeman's mouth, and then he saw his body fall to the ground all of a sudden, convulsing uncontrollably.

died!

The "monster" who killed him was the bloodthirsty and brutal Li Tian just now.

The fat police officer here, as well as another policeman with a shotgun, were all stunned when they saw Li Tian slam his companion to death.

"Oh my God, what is he?" John said in complete shock.

The fat police officer saw that his men had been killed alive by Li Tian, and immediately raised the gun in his hand and roared: "Shoot... shoot him quickly."

Along with his voice, he held the pistol and quickly pressed the trigger with his finger.

Bang bang bang

The bullet quickly shot towards Li Tian.

Where is the other policeman? He also quickly picked up his shotgun and shot it towards Li Tian's body.

boom

But how could their bullets hit Li Tian?

Li Tian's speed is now non-human. When the bullets were swishing towards Li Tian, Li Tian's body flashed suddenly, and then disappeared in the dense forest with a swish.

The banging bullets were still shooting indiscriminately.

But the figure of Li Tian has disappeared again.

The three remaining police officers in front of them all showed the fear of death on their faces...They all trembled in horror, leaning against each other with their backs tightly.

"Damn it, what the \*\*\*\* is that thing? It's not a human at all!" The Fat Police Officer gasped there as he changed the cartridge.

The other policeman with a shotgun beside him couldn't stop the cold sweat on his face, and what about John? Not to mention, he was already sitting on the ground limply with fright.

"Boss...I...I...Let's get out of here quickly." The policeman with the shotgun in his hand was already scared and lost confidence.

Especially after seeing the tragic death of his companion on the ground, he was even more frightened.

I saw the policeman killed by Li Tian, the blood from his neck couldn't stop flowing out, his eyes protruding, as if he couldn't catch his eyes.

What about the fat police officer? After hearing what his subordinates said, he was also scared in his heart.

So he said there, "Okay, let's cover and retreat...leave here."

As they spoke, they began to slowly back away.

But can they go?

Just when they were about to flee here, suddenly the figure of Li Tian jumped out again, this time he jumped directly at the fat police officer in front of him.

When the fat police officer saw Li Tian's terrible pounce, he saw Li Tian's grim and pale face, the pointed fangs that came out of his mouth, and the blood-red eyes...

In a panic, he quickly pulled the trigger with his fingers and fired three shots bang.

But what about Li Tian who mutated into a vampire? He didn't even evade, all the bullets hit him, but what about his whole person? He still threw himself on the fat police officer.

what

Another terrible scream was issued, and Li Tian bit the fat police officer's neck with one bite.

In an instant, the fat police officer was also bitten to death by Li Tianhuo.

At this moment, Li Tian's face and mouth were all stained with blood, which was more terrifying than wild beasts.

The remaining policeman who was holding a shotgun at last saw the fat police officer being bitten to death by Li Tian, and he was all at a loss.

"Boss..."

It's a pity that the fat police officer is dead.

At this moment, he suddenly ran away desperately...He was going to run away from the \*\*\*\* on earth.

He seemed mad and started running without looking back.

But how could he escape?

After seeing him rushing out more than ten meters, Li Tian suddenly raised his bloodthirsty and brutal eyes, and then his whole body screamed, his body straightened, and angrily chasing the guy.

In less than a few seconds, but seeing a scream from the front, Li Tian had already threw the policeman with the shotgun to the ground, bit his throat tube, and sucked his body dry at the same time. All blood inside.

Inside the \*\*\*\* Blackrock Forest, at this moment, it was all suffocating blood.

In a blink of an eye, the three policemen were all killed by Li Tian, and the only surviving John was sitting on the ground in a frightened state...Looking at Li Tian lying on the ground and sucking blood at that moment.

What about Li Tian? After sucking up that guy's blood, he straightened his body slowly.

His whole body was filled with blood. He had been shot three times just now. After sucking human blood, he had instantly recovered to his original state, and all the bullets automatically spilled out of the wound.

His face was hideous and ugly, with fangs stretched out, slowly twisting his bloodthirsty pupils, and staring at the last prey.

john.

Then he walked towards John step by step.

The limp john was dumbfounded at the moment, and he kept backing away while begging: "Don't... don't... kill me... please... don't kill me..."

...

Deep in the dense forest of the Black Rock Forest.

The sound of gunshots shocked the entire quiet Blackrock Forest.

Not far away, when Mary was looking for Li Tian there, she suddenly heard the sound of gunshots on the left.

And there was more than one sound.

"Gunshots?" The Black Rock Forest was already extremely silent, so the gunshots were familiar to Mary's ears.

After Mary Shock heard the gunshots, she was stunned for a moment.

"How come there are gunshots? Is there a human here? What happened over there?"

With Mary's mind turning like this, she flew to the place where the gunshots were shot at an alarming speed.

Her speed is so fast, quickly reaching the point of shocking the world.

In the Black Rock Forest, she can only be seen running like a wild beast.

...

"Don't kill me... please... don't kill me!"

Chapter 2055: despair

Here, I saw that John was completely frightened, and he stepped back and pleaded there.

But what about Li Tian? He has already lost his humanity, he is now a beast, a vampire crueller than any beast.

So he didn't care about John's plea at all, he just walked towards John in front of him step by step with a pale and bloodless face.

His fangs were stretched out there, and the blood stains on the corners of his mouth were still dripping there.

Walking towards the bloodthirsty John in a terrifying manner.

"No, no, no..."

Although John begged hard, it was too late, because Li Tian's bloodthirsty personality had already been highlighted, and his people suddenly rushed to John in front of him.

At this critical moment, suddenly no one thought that a scream came from the side at this moment.

"Lee...no!"

Accompanied by the sound of shock, but seeing that it was Mary who rushed over, she finally found Li Tian and Li Tian who was madly sucking blood here.

But he said that Li Tian, who was about to kill John to death, was suddenly stunned in the midst of Mary's scream.

After his name was called out by Mary, he subconsciously paused.

Although Li Tian has lost all his humanity after becoming a vampire, but the moment Mary called out his name, his body suddenly stopped there.

Then his distorted and pale face turned away in an instant, and his bloodthirsty eyes stared at Mary in front of him.

It seemed very angry.

Mary also saw Li Tian, she saw the blood all over Li Tian... Seeing the corpses of several policemen lying on the ground killed by Li Tian, her heart shook for a moment.

OMG, Li Tian has become like this!

His hunger and thirst, his mutation, are more terrifying and cruel than ordinary vampires.

"Li, don't kill people...Don't kill humans anymore." Mary begged Li Tiandao in front of her.

When her voice sounded, Li Tian seemed as though he hadn't heard him, he just stared at Mary coldly with those bloodthirsty pupils.

"Lee, you are not a cruel vampire... you were once a human just like them..."

"Li, you are a good person, you would never do such a cruel thing."

"Let go, don't slaughter humans anymore." Mary at the moment said while slowly walking towards Li Tian.

She tried to use words to stop Li Tian and persuade Li Tian.

But will Li Tian, who has now lost his humanity, listen to her persuasion?

At this moment, as the Mary walked towards Li Tian step by step, the bloodthirsty Li Tian just raised his \*\*\*\* eyes and looked at Mary...without moving or speaking.

As for John who was still alive, when he saw someone suddenly come to rescue him, a strong hope of survival suddenly grew in his heart.

He wants to live.

"Li, relax...Don't kill anyone!" Mary had already walked to Li Tian's side. She tried to reach out and grab Li Tian's blood-filled hands.

But the moment Mary was about to touch him, Li Tian's face instantly became extremely distorted.

Then, there was a roar in his mouth, and a hand suddenly waved.

With a bang, she directly knocked Mary away in front of her.

His strength completely surpassed Mary's strength... Seeing that Mary was shocked by Li Tianji all of a sudden, she flew back... With a thump, she fell directly to the ground.

What about Li Tian? After slamming her hand away from Mary, she suddenly turned her head to look at John in front of her, and then bit her mouth with fangs, as if vowing to eat John in front of her.

Seeing this moment when John was about to be killed by Li Tian, Mary, who was knocked to the ground by Li Tian, turned over to stop Li Tian.

"Lee, don't!"

Accompanied by that Mary's exclaim, then she slammed into Li Tian in front of her.

Li Tian didn't pay attention to Mary because he wanted to \*\*\*\* the blood of John.

But seeing Mary rushing over at this moment, the whole person instantly fell to Li Tian, and Li Tian was thrown to the ground by Mary.

After Li Tian was thrown down by Mary, the mutated Li Tian suddenly became angry.

He jumped up from the ground, and suddenly roared in his mouth with long pointed fangs. The bloodthirsty pupils stared at Mary in front of him fiercely and resentfully, and then rushed towards Mary in front of him. .

He wants to kill Mary!

Who made Mary stop his bloodthirsty! ! !

Seeing that Li Tian had completely lost her humanity, she didn't dare to fight with him, so she dodges quickly, because the now mutated Li Tian is really terrifying.

After Mary dodged Li Tian's sudden blow, Li Tian rushed towards Mary again, as if vowing to kill Mary.

Where's Mary? Relying on his flexible posture to escape, he hurriedly said to the still stupid John, "Hurry up and wait for death!!!"

The John reacted instantly after hearing Mary's voice.

Then Yi Gulu quickly got up from the ground, and then began to dash for life.

What about here? Because Li Tian was in anger now, he focused all his attention on Mary, only to see him madly rushing towards Mary, and his deadly claws grabbed Mary's head fiercely.

Mary dodges a blow, but she did not dodge Li Tian's second blow.

With a bang, Li Tianyi grabbed Mary's shoulder and snorted, but when she saw Mary's arm was instantly caught with a few \*\*\*\* deep marks.

Mary endured the pain and rolled around to avoid Li Tian's blow.

"Li, don't fight... I'm Mary..." Mary was completely scared at the moment. Faced with the bloodthirsty and violent Li Tian, her eyes also showed fear in her eyes. At this moment, she not only stepped back on that side, but also covered her. Said to Li Tian with his arm.

But what about Li Tian? How could it stop!

It was Mary who prevented him from sucking the blood of that John. Now that Li Tian is on the fire, how could he stop attacking?

There was no human gaze in Li Tian's eyes. It was a brutal killing gaze. His whole body exuded a tyrannical aura, and the whole person madly attacked Mary again.

Mary backed away while avoiding Li Tian's offensive, but Li Tian was too fierce.

Especially after mutating into a vampire now, it is extremely powerful.

I saw Mary carelessly, and was instantly caught by Li Tianyi and grabbed at the position of her chest. Her skirts were all scratched, and her pale skin was exposed.

When Mary saw that Li Tian could not be stopped, her eyes not only showed pity and despair.

She couldn't defeat Li Tian, and she couldn't control Li Tian. Now she can only watch the violent Li Tian destroy herself bit by bit.

Roar

With a scream, Li Tian suddenly threw Mary's whole body to the ground like a lion, and her terrifying claws immediately pressed Mary's hands tightly. Mary wanted to block it, but unfortunately It was too late, and the claws pressed tightly on the ground by Li Tian didn't have the slightest strength at all.

I saw that Li Tian threw Mary to the ground, his claws pressed Mary's hands, and then the long fangs in his mouth were still stained with blood, roaring.

It seemed that he was very excited after defeating Mary.

Mary was lying on the ground, her eyes completely desperate.

Chapter 2056: Who are they?

I saw Li Tian's bloodthirsty pupils staring at Marie who was pressed down in front of him with murderous eyes. Suddenly, his mouth with long pointed fangs bit against Marie's neck fiercely.

He was going to kill Mary the vampire.

Could it be that Mary would be killed alive by the mutated Li Tian?

The answer is of course: No! impossible!

I saw that when Li Tian's brutal fangs bite at Mary's neck, suddenly I saw a triangular prism dart in the jungle, which shot at Li Tian's back at an extremely alarming speed. Come.

Li Tian was killing at this moment. Besides, he was like a beast now, without wisdom at all, so even if he knew that a dart was shooting at him behind him, he didn't know to avoid it.

But seeing the swift dart pounding on Li Tian's back.

Wailing

A miserable scream came out of Li Tian's mouth. Li Tian, who was about to kill Mary, hit the extremely domineering triangular prismatic dart in his back, and his body suddenly stood up.

His face was completely distorted, and the blood vessels on his pale face loomed like worms on his face.

He was in pain, he was angry, roaring there.

And Mary?

After escaped, when she saw the flying triangular prismatic darts, her eyes suddenly showed an incredible light.

"They are here..." a strange word came out from Mary's mouth.

Then, at the moment when Mary called out, swish and swish three prismatic darts from the dense forest.

The dart shot at Li Tian with an astonishing speed.

Li Tian didn't know how to avoid...Standing stupidly.

Shoo!

Three extremely poisonous prismatic domineering darts all shot on Li Tian's chest and directly pierced into his bones.

After Li Tian was pierced into his body by a poisonous dart, he felt quite painful, and his body was shot by the dart and he couldn't help kicking back several steps. Then I don't know why, Li Tian's legs softened and his whole body suddenly kneeled On the ground.

But he did not fall.

He just supported the ground with his hands and gasped hard, his completely distorted face filled with endless anger and cruelty, and he couldn't stop breathing.

Li Tian is injured!

At the moment when Li Tian was injured and kneeled to the ground, from among the dense trees on the left, two extremely fast black shadows suddenly appeared on the field.

One man and one woman.

The woman with black hair was perm in the shape of waves and draped over her tender shoulders. Her face was as charming and enchanting as a gypsy girl, and she was beautiful with almost no flaws, but she was just a little flattering.

Her lips were very red, red like blood, but her face was very white, just like Li Tian and Mary and the others, without any blood.

The plump body is full of endless temptation, and she is wearing a black ultra-short leather skirt, revealing the two snow-white thighs, which is even more seductive.

Two snow-white hemispheres were exposed on the proud chest, and the deep gully fascinated every man.

With a faint smile on her charming face at the moment, she looked at Li Tian in front of her.

He was playing with a triangular prismatic dart in his slender hand.

Obviously, the deadly prismatic darts that hit Li Tian just now were shot by this woman.

And the guy beside this charming woman was a burly and swarthy bald head.

He is extremely large, measuring 190 centimeters in length, with a huge physique like a barbarian. On a sturdy arm, there is an unknown beast tattooed. He is wearing a black leather trench coat and standing there majestic and mighty. With.

The whole person looks like a brown bear. Because of his dark skin, his head looks like a dog bear. A pair of weird brown pupils were injured and kneeled on the ground in front of the stare. Li Tian, as if he was going to hunt Li Tian.

How did these two weird guys appear in the Black Rock Forest?

Who are they?

At this moment of shock, I saw that Mary had risen from the ground.

Mary's shoulders and the position of her chest were badly injured by Li Tian. At this moment, she endured the pain in her body, and slowly stood up straight.

"Mary, you are so weak, how long have you not tasted blood? Why can't even a first-time owner who has just mutated fight?" First-time owner: In the blood clan, it means just a mutated vampire

The charming woman with a plump body and two long white legs in a black leather skirt suddenly looked at Mary and said with a slight smile.

Her voice is very beautiful, and the words spoken are those of central and western Italy.

She actually knew Mary! ! !

And also know that Mary is a vampire? Could it be... she?

After the charming woman spoke slightly, Mary endured the pain in her body and glanced at the charming woman in front of her coldly, and suddenly said: "Why are you here? And how do you know that I am here? ?"

The charming woman giggled, her red \*\*\*\* lips curled up there, and then said: "Mary, do you really know or not?"

"Because of you, our Torrido family has now made enemies on all sides." The charming woman in front of her suddenly put her smile away and said coldly.

Mary was startled and asked angrily: "What do you mean? What's wrong with me?"

"Hmph, what you did in China, don't you think others don't know it?"

"Because of your grievances, you left the family privately, and you also dealt with the group of beasts of the Gangaluo family... The most important thing is that you also told the humans about the greatest weakness of our blood family...!!!"

When Mary heard the charming woman in front of her say so, she was shocked.

she was? How would she know this? How do you know what you told humans about the weakness of the blood race? What happened to all this? What exactly happened?

"Mary, you are so daring, you told you the secret of our blood family for thousands of years..."

"Haha, but fortunately, other blood races don't know about this now, Mary, let me tell you, this matter is still kept secret, if it is really known by other blood races, the consequences, I don't need me to say, you too I will know." The charming woman suddenly sneered there.

The secret of the blood clan for thousands of years is the secret of their weakness. It has always been kept secret by any clan of the blood clan. It must not be told to humans, because once humans know about it, they will take advantage of the blood clan's weakness and then kill the vampire. This is also the point that vampires are most afraid of, so any vampire of the blood family for thousands of years will never tell the secret, but when Mary was in Binjiang City in China, she used to deal with the murderous enemy Earl Spike. I told Li Tian and his brothers...I remember that when she told Li Tian there were brothers, Mary said that the brothers must be kept secret, but she didn't expect this news to leak out. Who leaked the wind? How would they know these things? Mary doesn't know!

Chapter 2057: Can't kill him

After the charming-looking woman in front of her uttered these words, Mary was stunned and stood there blankly. She didn't know how the secret was leaked out, let alone how they knew it, now. She just stood there, motionless.

"Mary, although you are the daughter of Count Roger, you can't act so arbitrarily. You must know that what you are affecting is the fate of our entire Torrido family." The charming woman in front of her looked at Mary in front of her. Say.

Mary did not speak, closed her mouth, and was silent there.

"Well, I have already said what should be said, and the rest will wait until you return to the family, and the elders will punish you." The charming woman sneered.

It turned out that this charming and enchanting woman was really a vampire, and she was also a member of the Torrido family.

Her name is Katherine, nicknamed Black Widow.

In the Torrido family, everyone knows the name of the black widow, not only because of her extremely beautiful and confusing appearance, but also because of her coquettishness. In the Torrido family, most male vampires have had \*\*\*\* with the black widow. relationship.

Therefore, Black Widow Katherine has a very heavyweight status in the Torrido family. Katherine not only has a devil-like figure and appearance, but also has amazing strength! The dart technique she uses is unique in the Torrido family.

Her darts are fast, accurate, and vicious!

The bald black man next to her is called: Luo Lie, nickname, Iron Hand!

This fierce man named Luo Lie is the first warrior of the Torrido family. His explosive ability has reached an astonishing level. In the Torrido family, almost no one can defeat him among the younger generation of vampires! In addition to the earl and the elders, almost Luo Lie is recognized as the first warrior.

Now that the entire two vampires are here, what are they going to do? No one knows at the moment.

Wailing

A roar and howl suddenly came out of Li Tian who was kneeling over there.

It turned out that the injured Li Tian didn't fall. Although he hit the black widow Catherine's domineering and deadly triangular prismatic dart, he still didn't fall. He roared out now.

His voice was full of anger and rage.

When he shouted loudly, his kneeling body abruptly stood up again.

After standing up, I saw Li Tian's face distorted, his fangs stretched out, and the blood vessels on his face were lying on his face. Suddenly he stretched out a hand to remove the quilt in his chest. The dart stuck in it was pulled out abruptly.

When the prismatic dart was pulled out of his body, blood flowed out of his body.

The Black Widow Katherine and Luo Lie, the iron hand, were not only stunned when they saw Li Tian's amazing performance.

"This newcomer, who was hit by my narcotic dart, can he stand up? It's amazing!" Catherine, the black widow, suddenly had a pair of seductive eyes staring at Li Tiandao.

It turns out that the black widow Katherine's triangular prismatic dart suddenly has a deadly anesthetic!

This anesthetic, whether it is a human or a vampire, once invaded the body, it will instantly block blood circulation, and can instantly coma and paralyze people, but what about Li Tian in front of him?

After hitting 3 or 4 prismatic darts, not only was he not unconscious, but he was also able to stand up. Of course, the black widow Kathena was shocked.

Because this is a situation she has never seen before! And now Li Tian is just a vampire who has just mutated!

How could his ability be so powerful?

"He is a member of the Gangelo Family!" Suddenly a rough voice roared from the iron hand Luo Lie's mouth.

Not only did this Luo Lie look like a bear, but even his voice was extremely rude, almost like a bear, really tough and brave.

When he said this, those eyes were shocked and glared at Li Tian in front of him with hostile eyes.

As if he was ready to shoot Li Tian at any time.

Li Tian was bitten by the corpse king of the Gangeuro family, Uris, so he did have the blood of the Gangeuro family's vampire in his blood...Unexpectedly, the majestic Luo Lie, who was like a bear, had such eyes Keen, after observing Li Tian, he discovered Li Tian's situation at a glance.

After hearing Luo Lie's words, the black widow Katherine in front of her suddenly looked at Li Tian with interest with her charming eyes, and suddenly said, "No wonder he was in the first embrace. So strong, it turned out to be bitten by a vampire from the Gangelo family..."

"It seems that you can only send him to death!" As the black widow Katherine said so, suddenly the triangular-shaped dart in her hand was squeezed tightly, as if she was ready to shoot at any time.

"Luo Lie, go and kill him." The black widow Katherine in front of her suddenly said coldly.

After Na Luolie heard the black widow Katherine say this, the black leather trench coat that was draped on him suddenly trembled, and then shouted: "Okay!"

Then the whole person rushed towards Li Tian majestically.

At this moment, Mary suddenly dodged her body and stood in front of Luo Lie.

"Can't kill him!"

"Absolutely not..." Mary guarded Li Tiandao at the moment.

Luo Lie in front of him was blocked by Mary, and roared in his mouth, but did not rush forward.

It was the black widow, Katherine, who suddenly sneered at Mary in front of her and said: "Mary, what are you doing? Are you still planning to let the beasts of the Gangelo family a way out?"

More than a thousand years ago, because of the blood war, the Gangelo family and the Toledo family were not at the same time, so the vampires of the Toledo family at this moment will kill when they meet the vampires of the Gangeuro family. Of course, the Gangeuro family's vampires of the Luo family will kill them if they see the vampires of the Toledo family

But seeing that after Mary heard the black widow Katherine say so, she insisted on blocking there, saying: "No, he is not a vampire of the Gangelo family! He is a human... The vampires of the Toledo family got bitten..."

When the black widow Katherine cast her eyes coldly when she heard Mary say this, she said angrily: "Mary, are you stupid? Don't you know that the vampire who was embraced for the first time will inherit the blood of the bite? Since he was bitten by that group of animals from the Gangelo family... then no matter what, he will become a vampire from the Gangelo family!"

"Luo Lie, do it, kill him!" Black Widow Katherine coldly said to the bear-like iron hand Luo Lie.

Just after the black widow Katherine gave the order, Luo Lie, the iron hand, suddenly wanted to prepare.

What about Mary? He stood in front of Na Luo Lie all of a sudden, swearing not to let him move Li Tian.

"Do not!"

"I said, absolutely can't kill him!"

"If anyone dares to kill Li today, my Mary will definitely fight him hard!" Mary's eyes in front of her showed her mortal determination.

Luo Lie in front of him heard that Mary said so, and suddenly became depressed!

He looked at Mary in front of him, and then at the black widow Katherine over there, and finally stopped.

And what about the black widow Katherine? At this time, I was also depressed!

You must know that Mary's father has a very high status in the Torrido family. Although only an earl, Roger's status in the Torrido family is absolutely similar to the elder! This reason is explained later.

Chapter 2058: Take away Li Tian

Because the black widow Katherine and Nalorie were afraid of Mary's father, Earl Roger, they hesitated at this moment.

Their eyes were looking at Li Tian coldly in front of him, and they saw the black widow Kathena suddenly speak.

"Mary, I advise you not to break the rules of our Torrido family! You know, the thousand-year-old family rules are absolutely not allowed to be broken... Although your father is Count Roger... but you must never let go. The blood-sucking beast of the Gro family!" The black widow Kathena said, staring at the Mary coldly.

Mary swears not to give up, and uses her body to block the black widow Katherine and Nalorie in front of her.

Said: "I said that I can't kill him, I just can't kill him!"

"Although he was indeed bitten by a vampire of the Gangelo family, he is definitely not a cruel member of the Gangelo family... He is a good man! And he once saved my life! I must save him this time!" Mary stood there firmly and said.

Listening to Mary vowing to protect Li Tian, the charming face of the black widow Katherine looked ugly.

Luo Lie beside him also had a fire in his nose.

"Then what do you want?" Black Widow Katherine asked, staring at Mary in front of her suddenly.

I saw Mary said: "I want to take him back to the family, and ask the elders to use the method of blood sacrifice to cure the vampire venom in his body."

Then Katherine sneered when she heard that Mary was going to bring Li Tian back to the Torrido family.

"Mary, are you kidding me?"

"You actually want to bring a cruel beast from the Gangelo family into our Torrido family? And you have to trouble the elders to heal the vampire venom for him?" Black Widow Katherine said coldly.

Mary looked at the Katherine and said, "Do you think I am joking?"

When the black widow Katherine heard Mary say this, she said: "Impossible! Absolutely impossible!"

"Mary, you have to know that you are now a guilty body. If you bring another Gangelo family beast into the clan, what will be the consequences? Needless to say, you should also know that the elders will never be a gangster. The beasts of the Gro family did this." The Black Widow Kathena said.

Mary said: "You don't need to worry about these..."

"I will explain to the elders by then." Mary in front of her said.

"You..." Black Widow Katherine roared when she heard Mary say this.

But she didn't dare to rush to Li Tian in front of her, because she was really worried about what crazy things this Mary would do. After all, the status of Mary's father, Earl Roger, in the Torrido family should not be underestimated.

"Well, I don't want to argue with you too much!"

"Since you are going back with a beast of the Gangaluo family, please do it yourself... Anyway, it is not me who will be punished at that time!" The black widow Kathena said helplessly.

When Luo Lie, the bald-headed strong man next to him, heard that Katherine had compromised, he couldn't help but stunned, and asked in a rough voice: "Katherine, is it really going to bring this Gangelo family beast? Back to the family?"

Black Widow Katherine cast a cold glance at the Mary and said, "What else can I do?"

"Huh, but since someone wants to do this, terrible consequences will be waiting for her later."

"Mary, I can warn you. Although I will ask you to take this beast of the Gangelo family back to the clan now, when you return to the clan, how our clansmen will deal with him? Needless to say, you should know. ...Hehe." Katherine sneered there.

When Mary in front of her heard Katherine say this, she couldn't help but chuckle.

For thousands of years, the Gangelo family and the Torrido family have been at odds. They killed and warned each other, so no matter which side they hated each other extremely.

Now, Mary wants to bring back to the Torrido family with Li Tianke, who has the blood of the Gangelo family. What will the consequences be like? Mary is actually still very worried.

But for Li Tian, for the evil god, she will try it after all!

Even if it is the only hope, Mary will try.

At this moment, Mary looked back slowly at that Li Tian.

Li Tian stood there with a hideous face, gasping from the distance in his mouth, his body was caught by Katsena's poisonous prismatic dart, his body was already injured at the moment, and the anesthetic was about to work.

If it were not for Li Tian to be too strong, I am afraid he would have fallen to the ground long ago.

After Mary looked at Li Tian distressedly, but seeing the dehumanized Li Tian, he screamed again at this moment, his fangs stretched out, and the blood stains all over his body looked terrifying...

After he uttered an angry roar, then the whole person pounced at Mary again terribly.

He has completely turned into a beast, an extremely cruel beast.

Just as Li Tian rushed towards Mary fiercely, the black widow Katherine shot instantly, whoosh, and three deadly triangular-shaped darts quickly shot towards Li Tian.

Bang bang bang!

Li Tian was unconscious and irrational, and of course he would not avoid the flying darts.

All three deadly prismatic darts were shot on his chest, because the prismatic darts were coated with extremely evil anesthetics. After Li Tian hit the darts again, his body could no longer support him. .

His face was constantly twisting... the whole body was shaking... and he wanted to struggle to stand there, but he had no strength, and the anesthetic instantly circulated in his blood.

Then, Li Tian fell to the ground with a thump.

He finally fell.

He was completely anesthetized by the black widow Catherine's dart.

In this way, Li Tian fell.

Looking at Li Tian who just fell to the ground, Mary walked over in distress, looked at that Li Tian, and called out: "Li..."

While crying distressedly, he went to hold Li Tian's cold hand.

At the moment, the black widow Katherine stood aside coldly, took a look at Mary and the Li Tian, and then said: "Don't worry, he is not dead yet, don't be so sad..."

With the voice of Black Widow Katherine, Mary stood up slightly.

After Mary stood up, she walked to the Katherine indifferently, and said: "No matter what, I have to thank you..."

After Mary said it, Black Widow Katherine seemed very surprised, and suddenly she giggled, her charming voice was like a silver bell.

"Yo, I didn't expect that Miss Mary would actually say thank you to these two words? I'm really flattered by Kathena!" Black Widow Kathena sneered there.

Mary snorted in front of her mouth, but she didn't pay attention to the black widow Katherine in front of her.

I saw that after Katherine had damaged the Mary in front of her, she said to the strong man Luo Lie: "Luo Lie, take that beast of the Gangelo family, let's go."

Luo Lie was taken aback, glanced at Li Tian who was lying on the ground unconscious, and said depressed: "Huh? Let me take him?"

Black Widow Katherine winked at Na Luo Lie and said, "What? Are you still asking me to carry him?"

When Na Luolie was said by the black widow Katherine, he was immediately depressed.

Looking at Li Tian who was lying on the ground, Luo Lie was 10,000 unwilling.

Chapter 2059: Black Widow Katherine

I saw that Luo Lie was full of anger, but there was no way he could do it. Now he is the only man on the court, and Mary and Katsona are all women. If he doesn't do this physical work, who else can do it?

The groaning Luo Lie finally lifted Li Tian helplessly, and then fought against his shoulders.

Luo Lie was already extremely burly, so carrying Li Tian was a piece of cake.

After putting the unconscious Li Tian on his shoulders, the black widow Katherine said coldly, "Let's go!"

The words fell, and the plump and seductive body suddenly disappeared into the dense forest of black stone.

Luo Lie, who carried Li Tian on his shoulders, saw the black widow Katherine take the lead and walked away. At this time, the entire huge body also followed, swish, and then disappeared.

Mary was the last one to leave, and she followed Katharina and Naroli, and flew towards the western part of the Blackstone Forest in the same way.

...

The Black Stone Forest covers a huge area, but if you go to the west, you can quickly reach the western part of Italy.

The western part of Italy is a desolate place, where there is no one.

After crossing the Nicolas Mountains and reaching the western part of Italy, you almost reached the vampire territory of the Torrido family.

The Torrido family's territory is in the middle of the Bra Mountains, where few people live there, and almost no one lives there, but the members of the Torrido family live there.

The name of the castle where they live is: The Lost Temple!

And now, the place Mary is about to take Li Tian to is the old nest of the Torrido family.

In the Blackstone Forest, only three extremely fast figures were rushing there, they were the black widow Katherine, the iron hand Luo Lie, and the last Mary.

The speed of the three people reached the bottom of the shocking world, passing through the Blackstone Forest.

Within a few hours, they saw that the three of them were already out of the Black Rock Forest.

However, for the vampires in front of them, the rush for a few hours was extremely exhausting, and when they were about to leave the black market forest, Kathena stopped.

After she stopped, Nalorie and Mary also stopped. After seeing the two stop, Mary here of course only stopped.

"What's the matter? Why stop?" Mary walked over and looked at the two and asked.

The black widow Katherine took a look at Mary and said, "Aren't you tired?"

When Mary heard Katherine say this, she was not only embarrassed, she was really tired after a long run. Now if nothing else, they have crossed nearly half of the Blackstone Forest...

I saw Mary was really tired! After all, the physical stamina of the vampire is also limited and needs to be supplemented with blood.

After Luo Lie on the other side heard that he was about to rest, he threw the unconscious Li Tian from his shoulder with a bang.

Li Tian's body fell to the ground like that.

This big guy is obviously unwilling to carry Li Tian. If it weren't for Katsena to ask him to do this, it is estimated that he would not take Li Tian to death, so he is full of fire.

After seeing Luo Lie throwing Li Tian to the ground heavily, Mary's eyes not only showed distress!

Although she knew that Li Tian didn't have any consciousness now, she still felt distressed.

And what about Katherine? After seeing Luo Lie throwing Li Tianji on the ground angrily, he couldn't stop giggling, and a seductive silver bell sound came from her red lips.

After laughing, I saw the black widow Katherine took out a glassware from her arms and looked carefully. The glassware was filled with blood-red liquid.

The liquid red is exactly like blood.

After taking it out, she lifted the lid, then pointed her extremely \*\*\*\*\* red lips at one end of the glassware, and began to drink.

Artificial blood!

Yes, this is the only artificial blood enjoyed by the Torrido family.

It can be said that the entire blood clan, except the Toledo family, all clan drink human blood or animal blood, but the Toledo family does not drink human blood! They say indirectly, they can be said to be human friends. Because they never hurt humans, and at some point, they will fight against vampires of other clans for humans.

Having said that, after the black widow Katherine slightly supplemented her physical stamina with artificial blood, her beautiful and flawless face instantly regained its luster.

Luo Lie over there also took out the artificial blood he was carrying, and began to drink it gruntingly.

Obviously, they are all supplementing their physical fitness!

But only Mary was embarrassed there... because she didn't carry any supplementary artificial blood at all!

After getting on the plane from Binjiang City to the Black Rock Forest for such a long time, Mary drank the blood of a wild wolf... But the long journey just now had already digested the blood of the wolf.

Mary is extremely weak now!

Although she tried hard to endure her hunger and thirst, her entire face became yellow and pale, and her body became increasingly cold.

Especially, when seeing the black widow Katherine and Na Luolie enjoying the artificial blood, Mary's throat exudes a hungry sound.

But she was still trying to endure it.

When she was in the Torrido family, she was extremely at odds with this black widow, Katherine!

Because Mary despised the black widow Katherine's debauchery, she couldn't understand her relationship with half of the male vampires of the Torrido family... So she didn't want to be with the black widow Katherine.

Just as Mary was enduring hunger and thirst, suddenly a charming voice came.

"Mary, here you are!" With the fascinating voice, I saw that Katherine's slender hand was holding the glassware with artificial blood, and then handed it to Mary in front of her.

Mary was taken aback!

She didn't expect that this Katherine would give herself her supplementary blood... Not only was it embarrassing right now.

What about Katherine, the Black Widow? Instead, he smiled and said with a charming smile:

"What? Don't you drink? You know, we go back to the family from here, it will be a long journey... If you don't drink, then you will be fainted. On the road, don't think I will help you!" Black Widow Katherine sneered there.

Mary in front of her was listening to Black Widow Katherine's words, and suddenly coldly snatched the artificial blood from Katherine's hand, and then said: "Do I need your support?"

After speaking, she grabbed the glassware with artificial blood, then raised her slender and \*\*\*\* neck, and took a sip.

Then Katherine sneered after seeing Mary drinking the artificial blood.

"Continue on the road... the day is about to dawn, I hope we can find a place to rest before dawn."

Chapter 2060: small village

After the black widow Katherine finished speaking, her figure stretched, and then disappeared into the dark dense forest.

Luo Lie over there saw the black widow Katherine flying away first. At this moment, he quickly picked up Li Tian, who was in a coma and anesthetized on the ground, and quickly followed.

Mary, Katherine, and Luo Lie continued to run around like this.

...

The darkness is gradually gone, and the sky is about to light up.

At this moment, the western region of the Nikolai Mountains is a deserted plain.

I saw that at this moment three figures that were faster than unparalleled arrived here... They were the black widow Kathena, Mary, and Naroli.

They are far away from the Black Rock Forest, and are now at the western end of the Nikolai Mountains.

After the black widow stopped, her charming eyes glanced at the sky that was about to light up, and she suddenly murmured: "It's almost dawn... It seems we need to find someone The place has a rest."

As she said, neither Mary nor Luo Lie said a word.

The black widow Katherine glanced at the endless plain in front of her with winking eyes, and suddenly said, "Let's go, there seems to be a village ten kilometers ahead."

When Mary heard the black widow Katherine say this, she was not only taken aback.

"how do you know?"

Black Widow Katherine suddenly giggled and said, "I guess."

After speaking, Katherine flew over to the endless plain ahead without looking back.

When the Mary behind heard that Katherine said this, she could only get angry, but at the moment there was no other way but to follow her.

So she and Luo Lie continued to follow the black widow Katherine and ran toward the endless plain ahead.

Are there really villages in this endless plain?

Mary didn't know, she was just following that Katherine closely now.

Soon, after they flew by for about ten minutes, they saw a small village a few hundred meters ahead.

Unexpectedly, the black widow Katherine's prediction was true, and there really was a small village.

Although the village is very small, it is very prosperous, and every house is like a single-family villa.

There are also large farms around, as well as some dairy cows and livestock.

"I guess it's correct..." When I saw that there was a village in front of Guozhen, the \*\*\*\* lips of the black widow Katherine showed a smile.

Then Mary was a little depressed, and she couldn't help but guess: How could this woman know that there is a village here?

"You guessed it this time," Mary said coldly.

The black widow Katherine ignored Mary's cold words and just smiled there.

"Let's go, it seems that we are going to rest here today." After the black widow Katherine finished speaking, she swept towards the village in front of her with an extremely fast movement.

Luo Lie and that Mary behind him also quickly followed right now.

There are only one or twenty families in this village.

Each household is a two-story attic house with independent styles, with iron fences surrounding it.

The avenue in the middle is wide and flat, extending to the front.

At this moment, Mary, the black widow, Katherine, and Lowe had already arrived outside the village. They blinked and looked at the small village in front of them, and saw that every house was tightly closed.

It's 4 o'clock in the morning, and everyone in this village must be resting.

In the dark night sky, the sky in the east is already insidiously white, and the sun is about to rise through the horizon.

The three of them glanced at the village in front of them, and suddenly found that there was a hotel about a few hundred meters ahead. Bright signs were hung outside the hotel, and there were lights in the room.

After the black widow Katherine, Mary, and Lori saw the hotel with the lights still on, they only heard the black widow Katherine say: "Let's go, let's go there and see..."

"Okay." Mary answered.

With that said, the three of them walked towards the only hotel with lights on.

The hotel was a three-story attic, and the huge and bright signs were shining outside. The Black Widow, Katherine, Mary and Lowe took a look after arriving in front of the hotel.

Then the three of them walked towards the hotel.

Pushed open the wooden hotel door, but saw that the first floor of the hotel was emitting a faint light, and there were still a few people sitting there drinking wine on this floor.

After Mary, the black widow, Katherine and Lorie came in, the Italian men on the left table instantly focused their eyes on them.

Those Italian men who looked at Catherine and Mary, drunk-eyed and dimly drunk, all of them were drunk. At this moment, at more than 4 o'clock in the morning, they suddenly saw two such big beauties in this bar. This can make the eyes of the Italian drunks in front of them straighten.

They couldn't believe it, looking at Katherine and Mary with horrified eyes.

It turns out that the first floor of this hotel is a public bar. Presumably these Italian men should be people from this village. They drink here.

Standing by the bar was an elderly woman in her 50s.

The old woman had already dozed off at the bar and fell asleep. At this moment, after hearing that the door was opened, she rubbed her eyes, opened her eyes, and saw Mary and Katherine.

"It's so late, there are still people here." The old woman murmured in her mouth while complaining.

Obviously, after Katherine and Mary came in, they interrupted the old woman to rest, and the old woman was full of reluctance.

I saw Mary, Katherine and Luo Lie after they came in, first glanced at the surrounding situation.

Then the glamorous Katherine smiled.

"Mary, Luo Lie, it seems we can only stay here today..." she said in a sweet voice.

Mary nodded, and Luo Lie did not speak.

"You stay here first, I'll go over there and ask for a few rooms." At this moment, the beautiful black widow Kathena said.

So I saw Katherine twisting her extremely seductive body and walking towards the bar step by step.

The three brawny Italian men sitting on the table here, their eyes straightened when they saw the graceful and \*\*\*\* body of the black widow... their eyes were staring at the plump buttocks of the black widow Katha. That showed evil eyes.

But what about the black widow Katherine?

With her plump and seductive body, she didn't hide her charm at all when she was stared naked by the Italian men in front of her, on the contrary, she was still smiling.

That smile almost made those brawny Italians almost crazy.
