

A Killer 2101

Chapter 2101: Katherine's words

"Kathena...what do you want?" After the knights in front of them were threatened by Katherna, they not only shouted depressedly there.

But seeing Katherine smiled slightly, twisted her hips and said: "I said, I just want to go in and see Earl Roger..."

"What, are you still afraid that I will let Roger go?"

The knights said angrily, "Just because you want to let them go? Is it possible?"

"Since I know it's impossible...what's wrong with me going in to see Earl Roger?"

"According to me, you should let me go in and see Earl Roger... We all have trouble in the province." Katherine smiled and looked at the large group of knights in front of her.

The knights caught fire in their stomachs when they heard Katherine say this.

They also knew that Katherine would never release Earl Roger...Even if it were released, it would be impossible to escape the Torrido family, so the knights after thinking about it in their minds said, "Okay. , Katherine, count you cruel!"

"We let you go in and see Roger... But I can warn you in advance... If you dare to play tricks in it, we will never let you go." The knights said.

Katherine smiled charmingly: "Oh, my brothers can rest assured!"

"I went in just to take a look at him... and I will come out soon."

"You can rest assured."

Katherine, who was talking, twisted her body and walked towards the dark prison step by step.

The knights also allowed Katherine to enter, after all, none of them wanted to be slandered by this stray woman before Earl Cliff's ears.

"Kathena, you only have 5 minutes!"

"After 5 minutes, you'd better come out as soon as possible." The knights said there, uneasy.

Black Widow Katherine said without turning her head, "I see."

After finishing talking, but seeing her tender body, she quickly flew into the innermost part of the dark prison.

...

However, after entering the dark prison, the black widow quickly passed through the narrow passage, and then walked quickly towards the innermost place.

From a distance, you can see the flash of fire in the passage in front, and you can also see the heavy iron prisons.

With a glimpse, Katherine saw Count Roger being held on the far left.

But seeing Earl Roger sitting quietly on the ground, his hands and feet were fastened with extremely heavy iron chains, and the place next to him was that of Mary. Just like Roger, Mary was also full. There is a chain tied to it. The place on the far side is the tortured inhuman Li Tian.

Li Tian lay there, his body trembling...

"Earl Roger." Suddenly the Black Widow Katherine called.

Following her voice, Count Roger, who was closing his eyes, opened his eyes in surprise.

"Kathena?" Count Roger stared in astonishment, looking at Kathena in front of him.

Where is Mary over there?

At this moment, after hearing Katherine's voice, she was stunned.

"Black Widow, why... why... come in?" Mary said very depressed.

In the family, Mary looked down on the black widow because she thought the black widow was too sloppy! But what she didn't expect was that the black widow Katherine had entered this dark prison at this moment.

What is she here for?

But seeing Katherine smile in front of her, she walked over quickly.

"Earl Roger, how are you doing?" Kathena asked, concerned.

Roger said: "We are fine!"

Mary looked at Katherine in front of her in surprise and said, "Black Widow, what are you doing here... why?"

But seeing that the black widow Katherine didn't have the time to explain to Mary too much, she just looked at Lord Roger in front of him and said: "Earl Roger...I don't have a lot of time, I just sneaked into this dark prison. ."

"I'm here just to tell Count Roger a very important thing." Katherine suddenly said there.

Roger frowned slightly after hearing Katherine's words, and said, "You said..."

"Earl Roger, Elder Nacliffe and Elder Hess have informed Elder Alchid about your affairs, and they both have already told Elder Alchid that they are going to execute you, and Mary... "Kathena in front of her spoke out all of a sudden.

When Katherine in front of her suddenly uttered these amazing words, the Earl Roger and Mary in front of her were suddenly there.

"what?"

"Kathena...what did you say? You said...I want to execute my father?" Mary said in disbelief with her eyes widened.

But seeing Katherine nodded silently.

Mary collapsed to the ground for a moment.

what?

"How could this be?"

"No, it's impossible..."

"My dad didn't betray the family at all... I didn't feel sorry for the family at all... Why? Why did my dad be executed?" Mary roared hoarsely.

But when I saw the black widow Katherine said, "All this is controlled by Elder Nahes. I heard that he and his son Cliff went to the chamber of the temple and found Elder Alchide. "

After Black Widow said so, Mary was completely confused.

"no, I can not."

"It can't be like this." Mary said painfully.

But seeing the black widow Katherine looking at the sad Mary, she didn't know how to persuade her, she blinked, and finally turned her gaze on Count Roger.

Count Roger was indifferent when he heard the news that he was about to be executed, as if nothing had happened.

He just sat motionless on the cold ground, and then raised his lonely eyes.

"Earl Roger...you have to find a way to live!" Katherine suddenly said to the Count Roger.

Count Roger suddenly showed a bitter smile at the corner of his mouth.

"Alive?"

"Unexpectedly, I, Roger, have been for the Torrido family all his life... but I ended up in this end." He sighed deeply.

Then Katherine said: "Earl Roger, we all know that you were wronged...As long as you live, one day, the family will give you justice."

As Katherine said this, she suddenly fetched a key from her sleeve.

The moment she fetched the key, she quickly threw the key into the place next to Count Roger.

Roger not only frowned when he saw Katherine throw in a key.

Then I saw Katherine lowered her voice there and said: "Earl Roger, there is only this for me to do my best...The rest is up to you."

As Katherine finished saying this, Roger looked at her slightly and said, "No matter what, thank you for your kindness."

Chapter 2102: blood

Katherine gave a beautiful smile, then turned her head and looked at Mary.

"I should go now, here, I can't stay too long!" Katherine said.

Listening to Katherine's words, Mary suddenly said: "Katherina, there is something I want to beg you for the end."

Katherine said: "What's the matter?"

"Do you have blood on your body?" Mary asked.

As Mary asked, Katsena was not only taken aback.

"Blood? Drink it?" Katherine asked curiously.

But seeing Mary nodded silently there, then glanced at Li Tian who was lying motionless on the ground.

Katherine was taken aback, and then instantly understood what Mary meant.

It turned out that the reason Mary wanted blood was because she wanted to save Li Tian, because since Li Tian was captured into the Torrido family, he hasn't sucked blood anymore...Of course he will become very weak. And now, after being tortured by Earl Cliffe, he is now facing a state of dying. If he can get the blood to replenish energy, I believe that as long as Li Tian drinks it, Li Tianding can quickly recover.

After Katherine knew what Mary wanted, she slowly escaped a tiny glassware from her left pocket.

There are about two mouthfuls of artificial blood.

After taking it out, Katherine said slightly: "I only have so much."

The words fell, but seeing her fingers strained, the glassware containing artificial blood swished towards Mary.

Mary quickly raised her hand, and then received it accurately. After receiving it, she hurriedly hid the artificial blood. She looked at Kathena in front of her and said: "Thank you....."

Katherine just smiled indifferently.

"I should go now, if I don't go, they will doubt it."

Mary and Count Roger could only nod their heads, so they saw Katharina swiftly rushing to the outside of the Dark Prison, and she left.

After Katherine was gone, that Mary looked at her father Count Roger with regret.

"Dad, what should we do now?" Mary in front of her looked at him.

Count Roger did not speak, and slowly stretched out his hand to take out the key that Katherine had slipped in.

He knew that this key could unlock the steel chains on his body...

If he could untie the chains on his body, Earl Roger would definitely be able to leave the iron prison in front of him.

But seeing Count Roger taking out the key, his face revealed a ray of disappointment.

"Mary, are you afraid of death?" Count Roger suddenly turned to look at his favorite daughter and said.

When Mary heard her father's question in a daze, she shook her head slightly.

Her eyes turned red, and she said, "Dad, I'm not afraid!"

"As long as you are there, my daughter is not afraid of anything." Mary said in front of her.

Count Roger smiled comfortedly, and said in his mouth: "Good daughter."

"Our Roger family have been working for the Torrido family for thousands of years. We have never done anything to betray the family. I don't want to betray the family because of this incident." Roger said suddenly.

Then Mary looked at Lord Roger and said, "Dad, no matter what you decide this time, I will support you."

But seeing Earl Roger smiled comfortedly.

"This time, maybe we can't escape the catastrophe... Dad just wants to tell you, I love you, my daughter." Count Roger looked at Mary and said lovingly.

When Mary heard that Earl Roger said, her eyes blushed.

In the end, Lord Roger was holding the only key that could escape, but he suddenly reached out and threw it away. The key followed his force and then flew out towards the distance. With a clang, the key I was thrown in the distance and I can never see it again.

Unexpectedly, Earl Roger would throw away the only key that could save him like this.

He is so heartfelt!

Even if he knew that Elder Nahes and Cliff were framing him, he still didn't choose to run away or betray the family.

When Mary saw what her father did, she didn't complain or say anything.

She understands her father, understands everything he does.

At this moment, Mary slowly walked to the side of the iron prison. Because of the iron chains tied to her feet, she could only reach this edge.

After arriving, she slowly took out the tiny glassware.

Then he looked at the weak Li Tian lying on the ground.

"Lee..." she yelled slowly.

Li Tian did not react at all.

When she saw that Li Tian did not respond, Mary's heart twitched, and then she slowly reached out and opened the lid of the small glassware containing artificial blood.

After opening, the breath of blood leaked out.

Although the Torrido family drinks artificial blood, this artificial blood also has a strong smell of blood.

So after uncovering the lid of the glassware at this moment, the smell of blood still wafted through the iron prison.

When the strong smell of blood suddenly wandered in the prison of the Dark Prison for a hundred years, Li Tian, who had been lying motionless on the ground, suddenly smelled the smell of blood.

A sudden roar came out of his mouth.

Then Li Tian suddenly raised his cruel head.

Those bloodthirsty eyes stared at Mary's hand in front of her, staring at the little artificial blood in her hand.

He woke up!

Li Tian was sober!

After Li Tian became sober, even Count Roger was taken aback, and said in secret: I didn't expect this guy to be tortured so badly. When he smelled blood, he would wake up so quickly?

But she said that after Li Tian was awakened, Mary was so happy that she quickly held the little artificial blood in her hand and said to Li Tiandao: "Li, here you..."

After seeing the blood, Li Tian suddenly rushed toward Mary's hand violently.

Then a hand swished away from the artificial blood in Mary's hand, and after the ***** was over, he raised his head and gurgled to drink.

He drank so fragrant! It seemed to be unusually hungry.

After drank the little bit of artificial blood quickly, he was still unwilling... licking the glass bottle with his tongue out there, as if he wanted to drink it again.

Seeing that Li Tian has gradually recovered, Mary's hanging heart can finally fall.

On the contrary, Count Roger was looking at Li Tiandao with blinking eyes.

"This guy's recovery ability is too strong..."

"It is dozens of times stronger than the members of our family." Count Roger said.

Mary said, "Dad, maybe it's because the blood flowing in Li Tian's body is the blood of the corpse king Uris."

Count Roger said: "No!"

"Although the blood of the corpse king of the Gangelo family, Uriss, is indeed extremely powerful, it is not yet so strong... And the reason why this kid can recover so fast, I guess most of the reasons are because of his body. Own reasons." Count Roger analyzed there.

Listening to the words of Count Roger in front of her, Mary was not only surprised in her heart.

Although she knew Li Tian quite well and knew that Li Tian was indeed very good, she did not expect that her father would comment on Li Tian so highly.

"Dad, Lee, is it really that strong?" Mary in front of her was horrified.

Count Roger looked at Li Tiandao: "More than that!"

"Mary, you should know that vampires are often weak in the first embrace, and now this kid has such a strong power when he first embraces...It is conceivable that once he regains consciousness, How terrible it will become!" Count Roger said.

Of course Mary knew all this, and when she thought about it at the moment, it really felt incredible.

"Now I only hope that this guy will never inherit the brutal character of the Gangelo family... If he really becomes cruel and bloodthirsty, it will be the bloodiest disaster." Count Roger said there.

Mary in front of her hurriedly said: "Dad, you can rest assured, Li, you will never become cruel and bloodthirsty."

"His heart is the kindest, and he will never kill innocent people."

Count Roger took a look at Li Tian over there and said, "Hope..."

Chapter 2103: death penalty

"The result of the family trial has come out. I heard that Earl Roger, Miss Mary, and the beast of the Gangelo family will all be executed!"

"Oh my God, is it true or not?"

"Of course it is true. I heard that Elder Alchid personally ordered..."

Inside the Forgotten Temple, I saw many family vampires talking there.

It turned out that Elder Alchid could only compromise under the intimidation of Elder Nahes and Earl Cliff.

No way, after all, the safety of the entire family is more than anything else.

From a distance, you can see the sly smiling Elder Hess coming over there, and beside him, there is Earl Cliff.

The father and son were embarrassed, smiling at the moment, while walking towards the family members here.

"Members of the Torrido family, today I want to announce a big event to everyone, and that is about Roger's betrayal of the family. Elder Alchid has agreed to execute Na Roger and others." Elder Hess was right there. Said many vampires of the Torrido family.

After hearing Elder Hess's words, the members of the Torrido family all talked about it one by one.

Some were surprised, some were shocked.

But no matter what, the decision has been made.

In the face of the family's trial, no one can be shaken.

"Everyone, be quiet first." Just listen to the Elder Hess in front of him continuing to say.

As he said, the vampires of the Torrido family became quiet one by one, and then continued to wait for his words.

But seeing Elder Nahes continued to say: "Listen, everyone, the execution time for Na Roger and others is set at 1 a.m., and then we will burn the family traitor Roger."

After the Elder Hess in front of him said this, the vampires cheered one by one.

These cold-blooded people like to watch cruel scenes, so they are very excited about it.

It is now 22:03, and in another three hours, it will be time for the execution, when Roger, Mary, and Li Tian will all be burned alive.

Time passed by every minute.

The members of the Torrido family stayed in the execution square, waiting for the moment to come.

And what about Lord Roger and Mary in that dark prison?

They can only wait and wait for death to come.

Mary said a lot to his father Roger during this period, and Earl Roger may also know that he could not escape the disaster this time, and he was pleased to talk to his daughter there.

They are not afraid of the coming death.

Only that Li Tian stayed alone at one end of the iron prison.

His originally tortured and ill-formed body has recovered a lot at this moment, and now Li Tian is curled up in a dark corner, holding the pair of bloodthirsty cold pupils and looking around blankly.

There is still no consciousness in his mind... he doesn't even know who he is.

At this moment, apart from the vampire instinct, he was a blank piece of paper and knew nothing.

Then Mary looked at Li Tian in front of him, and couldn't help but said distressedly: "Li...I'm sorry! I can't save you..."

When Li Tian heard Mary talking, he suddenly turned his cold eyes and glanced at Mary. He didn't speak, but just stayed there.

Count Roger said: "Mary, don't blame yourself, you have done enough for this guy."

"But I promised him, promised his brother and his father, to save him, to turn him back into a human." Mary said with a slightly wet eye socket.

Count Roger sighed: "Hey, maybe this is a catastrophe."

...

Time passed by every minute.

23:00 is here!

24:00 is here!

When it was almost one o'clock in the morning, I saw that the members who guarded the Dark Prison were all ready.

"Earl Roger, I'm sorry, your execution time is about to come." Only one of the strong men standing outside the iron prison was looking at Count Roger.

Count Roger sat in the prison, without moving or saying anything, to him, it was as if he hadn't heard at all.

After hearing these guys say this, Mary felt a little bit in her heart, and there was a deep despair in her beautiful eyes.

Time is up!

When the time was at 1 o'clock in the morning, suddenly the death knell of "Dang, Dang, Dang" rang.

At the moment when the terrible death knell rang, the members of the Torrido family who had been guarding the iron prison in front of them suddenly said, "The time has come."

"Earl Roger, it's time to hit the road."

While they were talking, they began to open the iron prison in front of them.

At the moment when the iron prison was opened, Earl Roger opened his eyes slightly, then gently glanced at the desperate Mary over there and smiled.

Then I saw those members of the Torrido family walk into the iron prison, and then escorted Count Roger to walk out of the iron prison.

Count Roger did not resist in the slightest, and was just as escorted by the members of the Torrido family in front of him.

Then began to charge that Mary.

After escorting Mary out, the last one was Li Tian.

When it was Li Tian's turn to **** that Li Tian, the members of the Toledo family here frowned deeply, and then they dared not approach that Li Tian prison.

To be honest, they were a little scared of Li Tian in their hearts.

After all, what Li Tian's body is flowing inside is the blood of the most cruel vampire of the Gangelo family.

At this moment, I saw that Li Tian was curled up in that corner, looking at the vampires of the Torrido family with his bloodthirsty pupils, his mouth screaming... as if he was facing an enemy. .

The several members of the Torrido family here thought for a while, and finally they had no choice but to bite the bullet and say: "Let's go, go in, don't be afraid, this beast's hands and feet are bound. It will be dangerous."

"En, en, let's go in together."

Those members of the Torrido family who were talking began to slowly walk towards the iron prison in front of them.

But seeing that Li Tian curled up in the corner was motionless, after the members of the Toledo family opened the iron prison, Li Tian suddenly roared, his body suddenly jumped, and he wanted to jump over.

When the members of the Torrido family saw Li Tian rushing forward like a beast, he was shocked immediately and quickly backed away.

It is a pity that when Li Tian's body jumped, the fine steel chains tied to his feet suddenly tripped him to the ground.

Li Tian fell to the ground and roared, his icy claws gripping the ground fiercely.

After seeing Li Tian falling to the ground, the members of the Torrido family said quickly, "Quickly, hold him down."

As they said this, only 45 members quickly ran towards Li Tian, and then pressed Li Tian to the ground while also pressing his hands and feet.

Chapter 2014: Sentence is over

Another member of the Torrido family, looking at Li Tian who was screaming at this moment, roared: "Damn beast, I let you scream!" When the words spoke, he gave a fierce punch.

A bang hit Li Tian's chest.

Li Tian yelled in pain, his eyes bursting with endless anger.

The guy saw Li Tian still screaming, his anger soared, and then he slammed his fist toward Li Tian.

"Don't hit him, please don't hit him." Seeing these family members cruelly treating Li Tian, Mary prayed there.

But seeing that Li Tian was beaten at this moment, he was breathless, but he still did not show weakness.

The guy who beat Li Tian, after hearing what Mary said, said fiercely: "Well, because this beast is about to die, I'll leave you alone."

"Go, take them out."

As the voices of the members of this family fell, but seeing the members of the Torrido family in front of them, they began to hold Li Tian in front of them, as well as Roger and Mary slowly walking out of the dark prison.

After passing through the long and narrow corridor, they reached the outside of the Dark Hell. Outside the Dark Hell, a group of knights of the Torrido family were waiting there.

After seeing them coming out, the knights slowly guarded the escorts in front of them and began to **** Roger and the others to the execution ground.

Along the way, they were all vampires from the Torrido family.

They looked at the detained Count Roger, Miss Mary, and Li Tian.

They are still talking there.

"Earl Roger..."

"That is the daughter of Count Roger, Mary."

"Hey, the poor father and daughter are going to be executed now."

"Look, look, that guy is the beast of the Gangelo family... it's him!" I suddenly heard a voice in the crowd, pointing at the detained Li Tiandao.

"The **** Gangro family beast... It's the Count Roger and Miss Mary who he has troubled."

"Yes, that's the beast."

"Kill him...Kill him."

With the roar of the members of the Torrido family, they picked up the stones on the ground and began to throw them at Li Tian fiercely.

The cold and hard stones flew towards Li Tian's head, face, and body.

He banged on Li Tian's body.

After Li Tian was hit by those stones, he couldn't help yelling... His fangs were stretched out, and the blood vessels on his face were swelling, and the whole face was distorted and terrifying.

But Li Tian was held by those members of the Torrido family, unable to move at all.

In this way, amidst a blast of abuse and criticism, the members of the Torrido family took Mary, Roger and Li Tianji to the execution ground.

But the place where the execution was seen was a huge open-air plaza. In the middle of the open-air plaza, there was a pile of blazing fireworks, and the skyrocketing fire light rose up, reflecting the entire open-air plaza extremely brightly.

And all around the open square are all vampire members of the Torrido family.

In the middle, you can see from a distance that the current elder of the Torrido family, Archid, is sitting.

Next to Elder Archid are the treacherous Elder Hess and Earl Cliff, the treacherous father and son at the moment are looking at Roger Marie and Li Tian who are being taken up with evil smiles. .

Roger, Mary, and Li Tian were escorted to the execution square in front of them amidst noisy discussions.

Then, the three of them were tied to three sturdy stone pillars, heavy fine steel chains tied to their bodies, such iron chains could not be opened at all except the key.

Burn them to death.

The most cruel execution method of the Torrido family is: fire!

They would tie members of the convicted family to this execution stone pillar, and burn them alive with flames, and burn them to ashes.

And now Mary, Roger, and Li Tian are about to be punished by this cruel: burning.

Elder Alchid, who was sitting at the front of the open square, looked at Roger, who was about to be sentenced to death, and his eyes not only showed an unbearable light.

But he has no choice. In order to calm the family turmoil and keep the Torrido family safe, he has no choice.

But after seeing the knights of the Torrido family tightly tying Count Roger, Mary, and Li Tian to the execution stone pillar, the treacherous Elder Hess smiled at Elder Archid in front of him. Said: "Elder Alchide, the time is up, is it time to execute the sentence?"

Elder Alcid sighed helplessly when he heard Na Hess saying this, then turned his head and glanced at that Roger, and muttered: "Okay! Let's execute."

As he said, there were cruel smiles in the mouths of Elder Na Hess and Cliff.

Elder Nahes bowed slightly to elder Alchide to show respect, then slowly turned his head, looked at the vampire members of the Torrido family in front of him, and said loudly, "Dear Torri Many family members, today, we all gather together to punish the traitors who betrayed the family!"

With the words of Elder Hess, there was a sudden warm applause around the open square.

Elder Nahes smiled slightly, then motioned for everyone to be quiet, and then continued to preach there: "Our Torrido family has always believed in benevolence and peace. We have survived in this world, and now Roger has openly followed The collusion of members of the Gungaro family of the beasts is the most forbidden thing in our family."

"Everyone must know that the Gangelo family's beasts are all evil and cruel. They slaughter the same kind, **** human blood, and have always been deadly enemies with our Torrido family. For thousands of years, our family has been in Gangelo. The family is antagonizing, and now Roger has betrayed the family and our beliefs, what should everyone say?" Elder Hess suddenly shouted there.

As he said, the vampires of the Torrido family coaxed and said, "Kill him!"

"Put him to death!"

The noisy voice resounded throughout the audience.

Elder Na Hess wanted this effect, but when he heard the family members start to scream frantically: When that Roger was executed, there was a sly smile in his eyes.

Said: "Since the whole family agrees that the traitor should be executed, then we will start execution now!"

"Roger, Mary, I declare that you have been sentenced to death in the name of the Torrido family!" The words came out from the mouth of Elder Hess.

Chapter 2015: Fire girl, ice girl

With his sentence ended.

The members of the Torrido family around that began to cry frantically.

Count Roger, Mary and Li Tian were tied to the stone pillar of the execution, unable to move at all. Furthermore, Roger had no intention of resisting at all. He just felt that since the family sentenced him to death, then he deserved to die.

Where's Mary?

There was a panic in her eyes, but she did not resist either.

Only that Li Tian roared there, especially when the members of the Toledo family threw stones at him, he became even more angry, roaring and struggling there, he seemed to think To get rid of the fine steel chain that bound him, but it seemed futile.

"Execution!"

With the sound of death, suddenly the knights around began to pile the wood towards Roger Marie and Li Tian!

Soon, in front of the three of them, there was a pile of dried wood more than two meters high, and the dried wood surrounded their bodies.

Once the dry wood is ignited, it will burn, and then the three of them will be burned alive on this stone pillar, and their bodies will be reduced to ashes.

After piled up the dry wood, the knights brought the torch, and then swished it at the dry wood in front of them!

With a bang, all the three piles of dry wood burned.

The flames of the fire began to burn raging.

And what about Roger, Mary, and Li Tian? Is in that sea of fire.

They were roasted by the fire, and as the fire slowly burned the dry wood one by one, their bodies were about to be swallowed by the fire.

"Burn them to death!"

"Burn them to death!"

Endless fire was burning in the open air square, surrounded by the crazy calls of the members of the Torrido family.

And what about Roger and Mary? They closed their eyes in despair.

Their skin has been burned and cracked...the clothes on their bodies have also begun to burn slowly...

Where is Li Tian over there? After being grilled by the fire, he couldn't help yelling.

His voice was harsh and painful, angry and cruel...A terrible cry filled the open square.

The fire is about to burn their bodies!

Are the three people going to be burned alive like this?

Just when the flames completely wrapped Roger, Mary and Li Tian, and when the flames were about to burn the bodies of the three of them to ashes, a sudden anger came from the air.

"stop!"

"He, can't die, can't kill!"

With that amazing sound, suddenly a beautiful body in white clothes suddenly appeared from the air.

At the moment she flew out, she was shocked to see that this person was a woman, an extremely glamorous beauty, within three meters of her whole body, filled with endless chill...

"Frozen World!"

Suddenly four terrifying words came out from her mouth.

As her mouth yelled: Bingfeng Tiandi, when there were four weird words, an extremely cold white air flow suddenly emerged from her two slender hands...

The extremely cold white air flow suddenly flew towards Roger, Mary, and Li Tian at the center of the open square.

As this extremely cold icy air flow suddenly rushed towards the raging fire over there, the blazing fire was all extinguished by the cold current.

The entire open-air plaza was also enveloped in a layer of extremely cold ice.

What about Li Tian, Roger and Mary? Fortunately, none of the three died! None of them were burned to death.

They are just injured...

What about Li Tian? Still roaring, his skin was burnt red, and his bloodthirsty eyes were full of anger.

Who?

Who is she? Why come to save Li Tian, Roger and Mary?

All the vampires of the Torrido family in the audience were stunned, all of them raised their eyes and looked at the glamorous beauty.

When this extremely glamorous beauty suddenly appeared here to save Roger Marie and Li Tian, the Elder Hess here was instantly annoyed.

"Damn it!"

"Who will make trouble with our Torrido family!"

"Kill her!"

Accompanied by a roar from Elder Hess, the vampire knights who were already ready to go, so roared and rushed at the "ice girl" with a swift stature.

The vampire knight of the Torrido family is also extremely powerful. At this moment, so many knights all rushed towards her, this "ice girl" was also slightly startled, and quickly retreated.

At this moment, a sudden anger came from behind.

"Who dares to move my sister..." With an angry voice, two figures appeared on the court quickly.

One of them has a slender body, red all over, just like fire, and the other is a man in his 40s, wearing a pair of heavy sunglasses... That glamorous red woman is holding the guy wearing glasses like this Leaped into the field.

After leaping in, the knights of the Torrido family had already pounced on the "Ice Girl".

The glamorous and flaming woman saw them rushing to the "Ice Girl" with a roar, and suddenly her body became more and more fanatical, more and more red, poof

Then I saw a fierce flame spurting out from the mouth of the glamorous woman who was all red!

Who can imagine such a terrible flame from the mouth of such a beautiful woman!

No wonder, her whole body is red! It turns out that she can control the flame!

When this terrible flame spurted out of her mouth, the vampire knights of the Toledo family were suddenly stunned, and then suddenly stepped back one by one!

Vampires were originally afraid of flames. At this moment, the flames from the fire girl's mouth were even more terrifying, so they could only retreat.

After all the knights of the Toledo family flew back, the vampires of the Toledo family that surrounded the open square suddenly showed hideous features!

The family is threatened!

They all looked at the "enemy" in front of them, ready to take action at any time.

But what about Elder Hess and Cliff next to him? Never expected to meet someone who rescued Roger and Mary at this moment... It can be described as extremely angry right now!

But seeing Elder Hess suddenly got up from his seat, he roared: "Where did you come from, dare to go to the Torrido family's territory... the whole clan members obey orders, kill these offenders, and protect Torrido. The family is in danger!"

With an order from Elder Hess in front of him, all the vampires of the Torrido family in front of him showed hideous features!

They all began to prepare for the "Fire Girl", "Ice Girl" and the weird man with glasses!

Chapter 2015: Fire girl, ice girl

With his sentence ended.

The members of the Torrido family around that began to cry frantically.

Count Roger, Mary and Li Tian were tied to the stone pillar of the execution, unable to move at all. Furthermore, Roger had no intention of resisting at all. He just felt that since the family sentenced him to death, then he deserved to die.

Where's Mary?

There was a panic in her eyes, but she did not resist either.

Only that Li Tian roared there, especially when the members of the Toledo family threw stones at him, he became even more angry, roaring and struggling there, he seemed to think To get rid of the fine steel chain that bound him, but it seemed futile.

"Execution!"

With the sound of death, suddenly the knights around began to pile the wood towards Roger Marie and Li Tian!

Soon, in front of the three of them, there was a pile of dried wood more than two meters high, and the dried wood surrounded their bodies.

Once the dry wood is ignited, it will burn, and then the three of them will be burned alive on this stone pillar, and their bodies will be reduced to ashes.

After piled up the dry wood, the knights brought the torch, and then swished it at the dry wood in front of them!

With a bang, all the three piles of dry wood burned.

The flames of the fire began to burn raging.

And what about Roger, Mary, and Li Tian? Is in that sea of fire.

They were roasted by the fire, and as the fire slowly burned the dry wood one by one, their bodies were about to be swallowed by the fire.

"Burn them to death!"

"Burn them to death!"

Endless fire was burning in the open air square, surrounded by the crazy calls of the members of the Torrido family.

And what about Roger and Mary? They closed their eyes in despair.

Their skin has been burned and cracked...the clothes on their bodies have also begun to burn slowly...

Where is Li Tian over there? After being grilled by the fire, he couldn't help yelling.

His voice was harsh and painful, angry and cruel...A terrible cry filled the open square.

The fire is about to burn their bodies!

Are the three people going to be burned alive like this?

Just when the flames completely wrapped Roger, Mary and Li Tian, and when the flames were about to burn the bodies of the three of them to ashes, a sudden anger came from the air.

"stop!"

"He, can't die, can't kill!"

With that amazing sound, suddenly a beautiful body in white clothes suddenly appeared from the air.

At the moment she flew out, she was shocked to see that this person was a woman, an extremely glamorous beauty, within three meters of her whole body, filled with endless chill...

"Frozen World!"

Suddenly four terrifying words came out from her mouth.

As her mouth yelled: Bingfeng Tiandi, when there were four weird words, an extremely cold white air flow suddenly emerged from her two slender hands...

The extremely cold white air flow suddenly flew towards Roger, Mary, and Li Tian at the center of the open square.

As this extremely cold icy air flow suddenly rushed towards the raging fire over there, the blazing fire was all extinguished by the cold current.

The entire open-air plaza was also enveloped in a layer of extremely cold ice.

What about Li Tian, Roger and Mary? Fortunately, none of the three died! None of them were burned to death.

They are just injured...

What about Li Tian? Still roaring, his skin was burnt red, and his bloodthirsty eyes were full of anger.

Who?

Who is she? Why come to save Li Tian, Roger and Mary?

All the vampires of the Torrido family in the audience were stunned, all of them raised their eyes and looked at the glamorous beauty.

When this extremely glamorous beauty suddenly appeared here to save Roger Marie and Li Tian, the Elder Hess here was instantly annoyed.

"Damn it!"

"Who will make trouble with our Torrido family!"

"Kill her!"

Accompanied by a roar from Elder Hess, the vampire knights who were already ready to go, so roared and rushed at the "ice girl" with a swift stature.

The vampire knight of the Torrido family is also extremely powerful. At this moment, so many knights all rushed towards her, this "ice girl" was also slightly startled, and quickly retreated.

At this moment, a sudden anger came from behind.

"Who dares to move my sister..." With an angry voice, two figures appeared on the court quickly.

One of them has a slender body, red all over, just like fire, and the other is a man in his 40s, wearing a pair of heavy sunglasses... That glamorous red woman is holding the guy wearing glasses like this Leaped into the field.

After leaping in, the knights of the Torrido family had already pounced on the "Ice Girl".

The glamorous and flaming woman saw them rushing to the "Ice Girl" with a roar, and suddenly her body became more and more fanatical, more and more red, poof

Then I saw a fierce flame spurting out from the mouth of the glamorous woman who was all red!

Who can imagine such a terrible flame from the mouth of such a beautiful woman!

No wonder, her whole body is red! It turns out that she can control the flame!

When this terrible flame spurted out of her mouth, the vampire knights of the Toledo family were suddenly stunned, and then suddenly stepped back one by one!

Vampires were originally afraid of flames. At this moment, the flames from the fire girl's mouth were even more terrifying, so they could only retreat.

After all the knights of the Toledo family flew back, the vampires of the Toledo family that surrounded the open square suddenly showed hideous features!

The family is threatened!

They all looked at the "enemy" in front of them, ready to take action at any time.

But what about Elder Hess and Cliff next to him? Never expected to meet someone who rescued Roger and Mary at this moment... It can be described as extremely angry right now!

But seeing Elder Hess suddenly got up from his seat, he roared: "Where did you come from, dare to go to the Torrido family's territory... the whole clan members obey orders, kill these offenders, and protect Torrido. The family is in danger!"

With an order from Elder Hess in front of him, all the vampires of the Torrido family in front of him showed hideous features!

They all began to prepare for the "Fire Girl", "Ice Girl" and the weird man with glasses!

Chapter 2106: for him?

If so many vampires really rushed forward, I am afraid that the fire girl in front of them would definitely die here.

Just as all the members of the Torrido family in front of them were about to start working on them, suddenly the Elder Alcid, who had not spoken, suddenly spoke.

"Stop!" A loud shout came out from Elder Alcid's mouth.

When Elder Archid called out, all the members of the Toledo family who were preparing to take action stopped there, and they all stared at Elder Archid in front of him.

Elder Hess and Cliff beside him were even more stunned.

I saw Hess saying there, "Elder, why stop? Why not kill these offenders?"

But seeing Elder Alcid suddenly said, "Don't you really see it... They are not the offenders, they are our friends... Because they are members of the Buren family!"

"The Buren family?" When the four words in Elder Alcid's mouth were uttered, all the vampires in the audience were taken aback.

Elder Na Hess also stayed abruptly.

The Buren family, the weirdest family among the thirteen blood clan, the members of this family can be said to be the most powerful in the entire blood family, because each vampire member of the Buren family has a special kind of strangeness. Yes, and they are all different. Even the Gangaluo family recognized as the most powerful among the blood races may not be able to beat the Buren family... But the members of this family are indeed extremely small, and they are extremely scattered, and they cannot Unity, so they are the most powerful clan of the entire blood clan, and they are also the weakest clan...

And now the glamorous beauty who can use the ice is a member of the Buren family! The Fire Girl who can control the flames is also a member of the Buren family. Like the first dead Solka who was with Mary, they all possess special abilities, and of course they are also members of the Buren family.

But when Elder Alcid suddenly recognized that these two beauties and the weird man wearing sunglasses were the weirdest clan among the blood: members of the Buren family, Hess in front of him said: "Elder, Even if they are members of the Buren family, they cannot trespass our Torrido!"

"Any stranger who trespasses in our Torrido family will be killed!"

"Please order the elders to kill them!" Hess said there.

Alchide in front of him suddenly stared at Na Hes coldly and said: "Shut up! Are you the elder? Or my elder?"

Na Hess heard Archid's anger in front of him, and was stunned. The whole face became awkward and ugly. He lowered his head and said: "Sorry, elder..."

Then Archid snorted coldly, then ignored Hess in front of him, turned around and looked at the Fire Girl and Ice Girl over there.

But he said that Roger and Mary who had come back from the dead were shocked!

They never thought that someone would come to rescue them! Moreover, among the thirteen blood clan, the weirdest and most mysterious members of the Buren family appeared to rescue them, and they were all stunned.

But it said that after Alchide stopped Na Hess, the bodies of the Fire Girl, Ice Girl and the man wearing heavy sunglasses were bent towards the Elder Alchide!

"The Buren Family: Flame Blade, meet Elder Archid!"

"The Buren Family: Frost Fury, meet Elder Archid!"

"The Buren family, the pupil of time, also pay homage to Elder Alchide." The three said in unison.

Flame Blade? Frost Fury? And the last pupil of time... these are the nicknames of the three of them, and at the same time they are the talents they possess.

After Elder Alchid heard the respectful voices of the three, the corners of his mouth smiled slightly, and he raised his hand and waved slightly: "It turns out to be the twin sisters of the Bren family!"

"The old man has already heard of your names, and I heard that one of you is good at using ice and the other is good at controlling flames. Seeing you today, it really deserves your name." Elder Alchide said kindly while smiling.

The fire girl and the ice girl smiled shyly after hearing Elder Alchid say this.

"Elder Alchide, you're overwhelmed. It's really wrong for our sisters to come here to make trouble today, but the situation is tense, so we can only take the liberty to act and ask Elder Alchide not to get angry!" Elder Kidder apologized.

Elder Alchide has high respect, and smiles slightly: "The old man will not be angry."

"The old man just wants to know, why did you come to my Torrido family not far away to prevent Roger's death this time?" Archid asked.

The vampires and knights of the Torrido family around were also listening, looking at the ice girl, the fire girl, and the guy wearing the sunglasses in front of the Bren family.

What about Hess and Cliff?

The eyes were filled with anger and hatred, looking at the three of them.

I saw that after Elder Alchid spoke so, the fire girl suddenly said: "Don't hide it from the elder, the real purpose of our sisters coming to Torrido this time is not to prevent Roger's death, but because of that guy! "

As Huo Nu said this, her slender hand suddenly pointed to Li Tian who was still roaring over there!
what?

The beast of the Gangaro family? The Burren family came for the beast?

Why?

At this moment, even Elder Alchide was depressed. He originally thought that the Bren family in front of him was coming to prevent the death of Roger, but he did not expect that they were not for Roger, but Gange from Li Tian. The cruel beast of the Luo family?

This, this, what's going on?

Not only were all the members of the Torrido family stunned, even the villain Elder Hess and Cliff beside him were stunned... They all looked at the beautiful fire girl in disbelief.

"For him? This beast of the Gangelo family?" Elder Alchid said depressed suddenly.

But seeing the fire girl smiled and nodded there.

This moment made Elder Alchide depressed, this, this, this, what the **** are the twin sisters of the Buren family doing?

They traveled all the way to the Torrido family to stop... stop killing Li Tian, the beast of the Gangaro family? Why?

"You confused me!" Elder Alchid said depressedly.

She saw the woman with a slight smile and said, "Elder, this matter is a long story. Please ask Caso to tell you one by one."

The Fire Girl in front of her said as she suddenly looked at the guy called "Caso" who was wearing sunglasses next to her.

At this moment, Archid also bet on the "Caso" body.

But seeing Naka Ropeway: "Meet Elder Archid..."

"Your name is Caso?" Elder Alchid asked in doubt.

The cableway wearing sunglasses: "Yes, elder."

Chapter 2107: The pupil of time

"What's wrong with your eyes?" Archid looked at Caso wearing a pair of heavy sunglasses, and asked strangely.

A bitter smile appeared at the corner of Caso's mouth and said, "Elder, my pupils have lost their light the moment I was born...I am blind."

"Oh! That's it!" Only then did Elder Alchide understand why this guy had such a pair of heavy sunglasses on his eyes.

It turns out that he is blind!

I saw Archid looking at the Naka ropeway and said: "Now you tell me, why did you come to my Torrido family for a beast of the Gangelo family?"

Caso responded: "Return to the elder, that's because that guy is definitely not an ordinary character!"

Elder Alchide was taken aback: "What do you mean?"

"Elder, because that guy is related to the disaster that is about to happen to the entire blood clan!" Ka Cable said.

"Disaster?" Elder Alchid frowned when he heard Caso say so.

"What disaster is there for the blood family?" Elder Alchid asked suddenly.

But seeing Kasuodao: "Maybe the elders still don't know, the blood race will soon encounter the greatest disaster in a thousand years."

After Ka Suo spoke so severely, Elder Alchid asked in shock: "Why do you say that? Do you know the seriousness of what you said?"

Naka Ropeway: "Of course Ka Suo knows!"

"Now that you know, you still say that?" Elder Alcid showed an ugly look on his face.

After all, Caso just said that the blood race is about to have the biggest disaster in a thousand years! You must know that once the war of the blood race breaks out, it will affect a huge scope!

Therefore, there are few large-scale wars between blood races, and now after Ka Suo said these words, the impact is obviously extremely serious.

I saw Naka Ropeway: "Elder, it's not convenient to talk here...Can we talk to another place?"

Ka Suo seemed to have something unspeakable.

After hearing what Caso said in front of him, Elder Alchide not only hesitated slightly.

Hess beside him suddenly stood up at this moment and said, "Elder, don't believe the words of this **** blind man!"

"Their Bren family trespassed on our Torrido family site this time, and they also disrupted our punishment scene... This serious crime is heinous... Elder, please give your order to catch these trespassers!"

After Elder Hess in front of him said this all of a sudden, Caso next to him suddenly smiled and said, "If I guessed correctly, it should be Elder Hess who spoke..."

When Na Hes heard Caso say so, he said coldly: "What about me!"

But seeing Caso smiled and said: "Elder Hess, you left the Toledo family without permission half a month ago and came back two days later. After you came back, you lied to Elder Archid without telling Elder Archid. I went to practice. Ten days ago, you executed a knight in the family because that knight accidentally broke your favorite jade wine glass. Eight days ago, you beat two The female vampire members of the family, because they refused to sleep with you, and you still called them prostitutes and bitches. Six days ago, you..."

The blind Ka Suo in front of him suddenly told the whole story of Elder Na Hess in the past fifteen days.

When the Elder Na Hess heard that Caso actually knew everything about him, the whole person was stunned, with an expression of incredible horror on his face, looking at Caso in surprise and embarrassment.

"You, you, you, what nonsense?" Elder Hess in front of him refused to admit it.

But seeing Na Ka Suo smiled slightly: "Elder Hess... Whether you admit it or not... But what I'm saying is the truth! I don't have any other skills, but I have a unique ability. That is to be able to see anything other people have done before..."

"Elder Hess, if you don't believe me, I can continue to tell you anything from a month ago, or even anything from the past year." Caso in front of him said while smiling.

Elder Nahes was stunned for an instant when he heard Caso say so all of a sudden.

"you you you....."

"Elder, he, what he said is false! What he said is false...I can't believe him." Elder Hess in front of him was frightened. , Quickly said to that Archid.

Elder Alchid snorted coldly and glared at Elder Hess before him.

Cliff next to him was also stunned and looked at Caso in front of him!

Because he knows better than anyone in his heart that what Caso, who claims to be blind just now, said is all facts!

I saw that the beautiful fire girl next to that suddenly smiled at that Yingying. While smiling, she looked at Elder Hess and said, "Oh, yes, Elder Hess, I forgot to tell you, Caso this What about the guy? It's the most peculiar existence of our Bren family. Although his eyes have been blind since he was a child, his pupils can see things that no one else can see... His pupils are the pupils of time and can see through. A person's present and future! So, Elder Hess, Caso can tell you everything you do today. If you don't believe it, you can try to let him continue now. Going on, let's see what good and bad things you have done in all these years..." The fire girl in front of her suddenly said with a smile.

The pupil of time? Can you see through a person's past and future?

After the fire girl in front of her said so all of a sudden, the elder Hess in front of her was completely stunned, his body trembling there, completely speechless.

God, can he see all the things in a life? true or false?

What about Earl Cliff? Even more confused there!

At this time, the two of them never said that Caso had wronged them.

But what about Elder Alchid? At this moment, when she heard the fire girl in front of her saying that Ka Suo's eyes are the pupil of time, she couldn't help but be shocked: "So, he is the one who owns the pupil of time?"

More than 500 years ago, there was a legend in the blood family that a peculiar child was born in the Buren family. Rumors say that the child's double pupils can see through the future... Because of this child, a member of the Gangelo family. He also personally sent a death knight to hunt down members of the Buren family in order to get the child. Unexpectedly, the kid in the blood rumors now is the blind guy named Caso in front of him.

So after Elder Alchid knew the truth, he was still quite shocked.

But seeing that after Alcid recognized Ka Suo, Ka Suo smiled slightly.

"Elder...I..." Elder Na Hess called out embarrassingly at the moment.

But seeing Elder Alchide stared at Elder Hess with a sharp face, he roared, "I will ask you to settle the account later!"

Chapter 2108: He is so ugly! ! !

After speaking, Elder Alchid no longer paid attention to Elder Hess and Nacliffe in front of him.

Caso here said to Elder Alcid: "Elder, let's talk about that guy..." Caso obviously meant Li Tian who was still tied to the stone pillar.

When Elder Alcid heard what Caso said, he immediately said: "Good, good, good!"

"Go, let's go to the temple and talk slowly!" Elder Alchide smiled.

The fire girl pointed at Li Tian who was still roaring over there, and smiled and said, "Elder Alchide, can I go and let him go?"

Archid thought for a while, and glanced at Li Tian, who was still roaring with cruel face, hesitated and said: "This..."

It can be seen that Elder Alchid is still a little worried about Li Tian, after all, Li Tian's body is flowing with the brutal blood of the Gangelo Family.

Just listen to the blind man Caso saying: "Elder, I assure you, that guy will never cause trouble!"

Listening to Caso, who has the Eye of Time, said this, the Elder Archid in front of him was finally relieved. He only heard him smile and said to the hot woman: "Well, you go and let him go... But you still Be careful, that guy is still in the initial embracing stage, his temperament is very cruel and bloodthirsty, so you have to be careful."

The fire girl smiled glamorously, and said: "Don't worry, elder!"

Then Archid smiled and said, "That's good."

"By the way, let Roger go for me too... and Mary!" Archid said.

The fire girl in front of her smiled and said, "Okay."

"Actually, this Count Roger and this young lady are innocent... They are all wronged." The fire girl suddenly turned her head and said.

Elder Alchid was a little embarrassed when said by the Fire Girl, but he turned all his hatred on Na Hess.

Because it was Hess and Cliff that threatened Alchid with the safety of the family, if it weren't, Alchid would not hurt Roger.

I saw Elder Alchid turned his head and glared at Hess in front of him angrily, and said fiercely, "Hess, wait for me! When I finish meeting them, I will come to you to settle the account!"

What about Hess? Hearing what Elder Alchide said, my heart suddenly became cold, and I stood there blankly.

There was no expression on his face, as if it had been petrified.

What about Earl Cliff? Looking at his dazed father who was like a fool, he was also dumbfounded at the moment, he didn't know what to do!

They never expected that today's events would evolve into this result...

What was originally predicted, how could the guys with abilities in the Buren family come out halfway?

When Archid invited Caso in front of him to walk towards the temple, Elder Archid took a few steps and suddenly turned his head to face all the knights of the Torrido family and the vampires in the open square and said: "Today This is the end of the matter. After tomorrow, I will announce the results to you!"

"It's all gone!"

Under Alcid's words, the members of the Torrido family gradually began to disperse with an extremely curious mind!

And what about Elder Alchid? At this moment, he took the blind Caso step by step towards the hall of the Forgotten Temple.

For the blood race, this blind man Caso is a "treasure" because his eyes can predict the future. A huge war was triggered more than 500 years ago, but since then, the blood kid with the pupil of time has Disappeared... Although the Gangelo family at that time had been constantly searching, they had not found Caso for so many years. Now Caso has finally appeared, and it has appeared in the Torrido family. For the elder Alchide Said, of course, is something to be excited about

As Elder Alchide led the blind Caso towards the Temple of Forgotten, the Fire Girl and the Ice Girl beside him, the two sisters step by step came towards Li Tian who was tied to the stone pillars here. .

They didn't look at that Roger and Mary very much, as if all their attention was focused on Li Tian.

Roger and Mary were choked by the fire, but they still heard their conversation just now, and they knew in their hearts that these three people were vampires with supernatural powers in the Buren family.

Looking at the glamorous ice girl who slowly passed by and the fire girl who was full of fire, Roger said with difficulty, "Thank you... for saving me and my daughter!" "

The fire girl in front of her smiled slightly, glanced at Roger, then did not speak, and continued to walk towards Li Tian.

What about the glamorous and noble ice girl? But he didn't even look at Roger, and the glamorous and beautiful pupils were placed on Li Tian from beginning to end.

"Wow? Is he the guy who saved our blood race in the prediction?" The fire girl in front of her suddenly blinked at Li Tiandao who was looking in front of her with a pair of hot beautiful eyes.

The ice girl's cold eyes also looked at Li Tian in front of her.

But what about Li Tian who was tied to a stone pillar? Seeing two women walking in front of them, they suddenly yelled...

The roar filled the audience, and the **** eyes were staring at the Fire Girl and the Ice Girl.

His whole body was blackened by flames, and his hair was scorched. Anyway, the whole person looked so ugly and ugly.

Looking at Li Tian's roar at this moment, the fire girl said suddenly displeased: "Hey, he, he, he, too ugly..."

"I thought he would still be a handsome guy... I'm so disappointed!" Huo Nui said while her mouth was sweet.

What about the glamorous and noble ice girl? He just glanced at Li Tian coldly, and then said nothing.

Listening to their conversation, the unconscious Li Tian only knew that he was yelling, struggling and yelling.

The fire girl walked around Li Tian with lotus steps, a pair of beautiful eyes murmured in Li Tian's mouth, who was tied to the stone pillar in front of him, and said: "This guy is very ugly and has a temper. Not small....."

The ice girl suddenly said coldly: "What does ugliness and non-ugliness have to do with you?"

Ice Girl's voice is still as cold as before, without feelings, plus her pretty face that is already cold and frosty, and her words will choke to death.

The fire girl seemed to have been accustomed to the cold words of her "sister", and the corner of her charming mouth gently said, "Of course it has something to do with me!"

"If he is a little more handsome... I will let him be my prince charming... Hey, it's a pity that he is too ugly, look at him, he is all black and his hair is burnt. ..." Huo Nu complained.

The ice girl said coldly: "Nonsense, you will be roasted by the fire for a while, do you think you can still look so good?"

Fire Girl laughed when Bing Girl said this, and said to Bing Girl: "Haha, silly sister, sister is afraid of everything, but the most feared one in this life is the fire..."

The Ice Girl was immediately depressed when Huo Nu said this.

Because the fire girl could control the flames, she certainly wasn't afraid of the fire, even if the flames burned her, she would be fine.

The ice girl knew that she had said the wrong thing, so she snorted and didn't bother to pay attention to her idiot sister.

Chapter 2109: Escape

At this moment, the fire girl was pacing like that and her beautiful eyes blinked at Li Tian in front of her.

What about Li Tian? Just yelling there, as if very angry, two fierce eyes glared at the woman.

"This guy is quite fierce." Fire Girl looked at Li Tiandao.

The ice girl was too lazy to pay attention to the fire girl in front of her, and slowly walked over there and began to untie Roger and Mary who were tied to the stone pillar.

I saw that after the ice girl unlocked Roger and Mary, both Roger and Mary said to the ice girl in front of them, "Thank you!"

The ice girl didn't say a word.

Although Roger and Mary were uncomfortable by the fire, but fortunately, it was not a big problem. After a short rest, there was nothing serious. Unfortunately, the appearance of the two became a little sloppy. After all, the flame will After their clothes were burned, they became ill-formed.

After Mary got rid of the shackles, she hurried to Li Tian over there.

"Lee..." Mary ran over quickly with a cry.

It is strange to say that the moment Li Tian saw Mary, he was screamed and silenced, and at the same time the whole person became very docile.

Mary distressedly ran to Li Tian's side, then stretched out her hand to hold Li Tian's cold hands, and said distressedly: "Li... are you okay?"

Li Tian didn't speak but just stayed silently. After seeing Mary, his brutal temperament just disappeared.

But what about the fire girl next to him?

When she saw Mary running next to Li Tian, Li Tian didn't growl and became docile, he suddenly became puzzled.

"Hey, why did this guy see you? He's not fierce anymore?" Huo Nu said with her beautiful eyes open and looking at Mary before her in surprise.

Mary heard Huo Nu's words and turned her face slightly and said: "This young lady knows something...I know Li and I know him very well, so he won't be aggressive towards me."

"Oh, it turned out to be so." Fire Girl thought for a while.

"By the way, what did you call him just now?" Huo Nu asked suddenly.

Mary said: "Lee!!!"

"His name is Li?" Huo Nu asked curiously.

Mary said: "Yes, his surname is Li and his name is Li Tian."

"Li Tian..." Huo Nu felt that Li Tian's name was very strange, and she couldn't help but muttered repeatedly in her mouth.

What about Mary? At this time, he had already started to untie the fine steel chain tied to Li Tian. The Huo Girl stood aside and didn't do much. She just blinked her beautiful eyes and looked at Li Tian there.

After that Mary untied Li Tian's fine steel cord, but seeing that Li Tian who had just gotten rid of the restraints, suddenly roared in her mouth, and her bloodthirsty eyes glared at the flame girl in front of her.

The fire girl was taken aback and couldn't help backing quickly.

"What does this guy want to do?" Huo Nu asked depressedly.

But seeing Li Tian yelling, as if she was going to be against the Huo Girl, then Mary saw Li Tian doing this, and quickly grabbed Li Tian's arm and said, "Li, don't move...Don't move..."

After Li Tian heard Li Tian's words, he slowly calmed down his anger and reached Mary's side docilely.

But when she saw Mary, she said to the fiery woman: "This young lady, I'm really sorry, Li has not recovered his consciousness yet, so his temperament is a bit weird and cruel... Please forgive me."

Fire Girl glared at that Li Tian and said: "This ugly guy...no fun, not fun at all!"

"Forget it, I don't bother to be familiar with him..."

"Sister, let's go and see Elder Alchide." The fire girl in front of her suddenly lost interest in Li Tian, and turned to face the glamorous ice girl beside her.

The Ice Girl didn't say a word, but silently followed the Fire Girl, and then they walked towards the most central hall of the Forgotten Temple.

In the empty open-air plaza, only Li Tian, Mary and Na Roger were left in front of him at this moment.

At this moment, Roger and Mary watched the ice girl and the fire girl leave, and the Earl Roger sighed deeply.

"Hey, fortunately, the people from the Buren family have arrived...If not, I'm afraid we won't escape today!" Roger sighed.

Then Mary nodded there too.

"Dad, maybe we should never die!" Mary said.

"Yes." Roger said with a sigh, too.

Then Mary said, "Dad, those two beautiful women, and the blind man who was there just now, who are they?"

Roger said in front of him: "The two sisters are the famous ice and fire twin sisters of the Buren family!"

When Mary heard this, she was slightly startled: "The twin sisters of ice and fire?"

Count Roger said: "Yes!"

"They are the rising stars of the Burren family... even I have seen them for the first time." Count Roger said there.

When Mary heard her father say this, she not only secretly said, "It turns out that it is."

"The Buren family has emerged in the last few hundred years, and a group of rising stars have emerged, and most of them have become stronger and stronger...but they are all wandering around and no one can find them." Count Roger continued. .

"Presumably there must be something important when they come to our family this time."

Then Mary didn't pay much attention to her father's words, she was just saying there at the moment;

"Dad, let's go home first."

Roger thought for a while and said, "Okay."

Right now, all of their bodies were toasted by the flames just now. Most of their clothes and hair were scorched, which was extremely ugly, so they had to go home and clean up.

...

"Damn the Burren family members! They broke our big business!" The most side part of the Forgotten Temple, but saw the ugly and hateful Elder Hess roaring frantically.

There was endless hatred on his face, and the whole person shivered with excessive anger.

Standing beside him was the only son of Elder Hess, Earl Cliff.

But seeing Cliff also looked at Elder Hess with an ugly face and said, "Dad, what should I do now?"

"It seems that we can't trip that Roger this time." Cliff said again.

The Elder Hess in front of him said angrily: "The **** thing, these hatreds, we will get back sooner or later!"

"However, now we must leave the family." Elder Hess said suddenly.

When Count Nacliffe heard this, he was stunned.

"Dad, what are you talking about? We leave the family? Where are we going?" Cliff in front of him asked with a puzzled face.

After Cliff asked, Elder Nahes said: "Go to other places, the family must not stay anymore!"

Chapter 2110: Blood disaster

"Dad, do you mean we are going to betray the family?" Cliff in front of him was surprised.

"Hush, you idiot, keep your voice down!" Elder Hess said cautiously, and he quickly cast his eyes around.

After confirming that there was no one around, Elder Hess was relieved.

Just listen to Earl Cliff looking at Elder Hess in shock and saying: "Dad, why should we betray the family? Why should we run away?"

"You fool, don't you understand the situation now?"

"Don't you know that the blind man of the Bren family just now has the pupil of time?" Elder Hess said with an ugly face.

It turns out that this treacherous Hess veteran is afraid of the blind Ka Suo! Fear of Ka Suo's pupil of time!

After hearing the words of Elder Hess in front of him, Earl Cliff was stunned.

"The pupil of time?"

"Dad, do you think that blind man really has the legendary pupil of time among the blood clan?" Cliff said in shock.

Of course he also knew about the time pupil of the Buren family hundreds of years ago, so he was shocked when he heard it at this moment.

I saw Earl Hess in front of me saying: "Nonsense, it can be fake!!!"

"That **** blind man can tell me anything in the past half a month. He must have a pupil that can see through the future and the past."

"In front of this **** guy, our father and son will not have any secrets... You said, can we still stay in this family?" Elder Hess said angrily.

Listening to Elder Hess saying this all at once, Earl Cliff was also depressed.

Yes, for the upright people, it is not scary to be seen secretly, but for the sinister and cunning villains, they are very depressed, because all their treacherous things are in the eyes of others!

So Cliff was stunned after hearing this.

"Cliff, I know you are reluctant to be in the family, but my child, I tell you, we can't stay in the family now... We must leave... If we don't go, I am afraid it will be too late." Hess yuan in front of him Old saying.

Cliff thought for a while, and looked at the Elder Hess in front of him and said, "Dad, where are we going then?"

Elder Hess in front of him suddenly showed a wicked smile at the corner of his mouth and said: "Child, you can rest assured about this!"

"I'm already ready!"

"This time, I will not only betray the family, but I also want the entire Torrido to fall into an impossible situation." Elder Hess suddenly said cruelly.

I really didn't expect this Elder Hess in front of him to be so evil and so cruel.

He actually wants to attack his family!

After Na Cliff heard his father's words, he was shocked. To be honest, as Hess' only son, he didn't know how many secrets his father had hidden...

"I've said everything that should be said, boy, follow me and get out of here quickly." Elder Hess said suddenly.

Cliff hesitated, but finally made up his mind and said: "Okay, Dad, I will follow you!"

After speaking, but seeing that Elder Na Hess really quickly swept toward the back of the Forgotten Temple of the Torrido family, Cliff behind him also fled with his father at this time.

...

In the middle of the hall of the Forgotten Temple, I saw Elder Alchid greeting the blind Ka Suo.

"Caso, you sit here." Elder Alchid said to Caso enthusiastically.

Na Ka Suo was not polite, moved his steps slowly and walked towards the seat next to him. After reaching the seat, he first stretched out his hand and touched the seat before sitting slowly Up.

Elder Alchid sat down slowly after seeing Caso sitting down.

"Caso, now there are no outsiders here... You can tell me the truth... What happened to our blood family? Why did you say that the blood family is about to have the biggest disaster in thousands of years when you were outside?" Elder Alchid asked.

But seeing that Ka Suo cleared his throat slightly, and then said: "Elder, you must know that the Key of Destiny has left the Vatican Inquisition, right?"

After hearing what Caso said, the elder Alchid was taken aback for a moment, and then nodded.

"I do know this."

"That key of destiny is related to the safety of our entire blood clan..."

"Elder, you should understand what will the cruel guys of the Gangaluo family do once they get the key of fate?" Caso continued to ask.

Elder Archid said: "They will summon the demon Lord!"

"Yes, elder!"

"Once the Gangelo family members get the key of destiny, they will definitely use it to summon the demon lord sealed in the Vatican coffin at the time of the blood moon!"

"The Demon Lord is the third-generation Vampire Lord, and his strength can destroy the world... and among the existing thirteen blood clan members, there is no longer any third-generation vampire, except for the fourth Except for the prince of generation, no one can contend with that demon lord." Caso said there.

"And now, when the key of destiny was already in Asia, it was snatched by the corpse king of the Gangelo family, Uris." Caso said suddenly.

"What?" When Elder Alchid heard Ka Suo say that the key of fate was stolen, where was the whole person stunned right now?

"No way?"

"Doesn't the key of fate mean that it was lost? Didn't it mean that it was stolen by an unknown person more than 20 years ago? How could it fall into the hands of the gang of beasts of the Gangelo family??" Archid said in front of him. Zi Zhen said with horror.

But seeing that Ka Suo heard Archid said in shock like this: "Hey, it seems that you really don't know Elder."

"I thought that Miss Mary would tell you these things... It seems she didn't tell you this!"

After Caso mentioned Mary, Elder Alchide was not only taken aback.

"Mary? Does Mary know these things?" Elder Alchid asked in shock.

The cableway in front of him: "Yes."

"The Miss Mary did know, but she didn't tell these things." Caso said.

Elder Alchide in front of him was completely depressed after hearing this. Why didn't Mary tell him about such a big thing?

The key of destiny is related to the safety of the blood for thousands of years!
