

## A Killer 2111

### Chapter 2111: Black Yap

More than two thousand years ago, the thirteen family lord did not hesitate to sacrifice himself and sealed the strongest demon lord of the Gangelo family under the coffin with blood. But even then, the demon still did not die, he just It is sealed in the coffin and cannot be turned back forever. The only thing that can open the coffin is the ancient key of destiny. According to legend, the key of destiny was forged by the thirteen lord at that time with a blood contract. The key of fate, only that key can open the coffin...

After creating the key, in order to prevent the demon lord from resurrecting, the members of the thirteen blood clan chose to hide the key in the most sacred place in the Vatican, which is of course the Inquisition in St. Petersburg! It's the place of "gods". No vampire can step into it. Even the most powerful vampire in the world can't enter the St. Petersburg Inquisition... So for two thousand years, the Gangeuro family, the most powerful at the time, began to slow down. Decline slowly.

The whole blood family can also become balanced, but now? Never thought that the vampires of the Gangelo family had obtained the key of fate in advance? This is how to do?

After hearing all the words of Caso, the elder Alchide in front of him suddenly grew his head.

I saw that Elder Alchid had an extremely ugly face at the moment, and the whole person was sitting there restlessly, with a deep fear and anxiety on his face.

"If the members of the Gangelo family have really obtained the key of fate, then the blood family will have a thousand-year disaster." Elder Alchid suddenly sighed deeply.

Caso said on one side: "Elder, the facts have proved that disaster has come."

"Elder, maybe you don't know yet, now the Thirteenth clan is already about to move!"

"As far as I know, even the members of the Heiyi tribe, who have been hiding under the ground, have already begun activities in Eastern Europe." Kasuodao said in front of him.

When Ka Suo uttered the "Black Yap Clan", Elder Archid in front of him was instantly shocked!

"Heiyi tribe?"

"Why did they appear? Shouldn't they have already been destroyed?" Elder Alchid was horrified.

But see Naka Ropeway: "Elder, the Heiyi tribe did not perish. In the third holy war, although most of the elders and members of the Heiyi tribe were wiped out, they were not extinct. They were just wandering in Solomon, and The borderland areas of South Africa... have been looking for an opportunity, waiting for the coming of the fourth holy war, and then they will make a comeback!" Ka Cableway.

After Ka Suo said that, Elder Alcid in front of him was completely stunned.

Heiyi?

What kind of family is it?

Heiyi tribe: It is also one of the thirteen blood tribes. Obviously, the members of this Heiyi tribe are also ancient vampires! The only difference between the Heiyi tribe and the other twelve clans is that

they have an extremely ugly and distorted appearance, as well as weird limbs, like some kind of beast reptiles. The Heiyi tribe must stay away from human society in the underground. They cannot live in human society like other vampires, so they all live in muddy underground sewers, or in dirty cemeteries...or in dark and stinky corners of streets. After being embraced for the first time, they will become ugly day by day. Other blood races reject these guys who live in the sewers or catacombs, thinking that they are annoying things, and it is not necessary to stop contacting them, so the Heiyi people are in Among the thirteen blood clan is the most unique clan!

Because of their ugliness and stigma, they try to avoid being spotted when they are on the ground, which also makes them better than any other creatures in understanding the dark lanes and corners of the city. Coupled with their superb sneaking and eavesdropping skills, there is no kinetic energy in the city that escapes the eyes of the Heiyi tribe. And because of the common disability and contempt, the members of the Heiyi clan are extremely united, and there will be no fights that can be seen everywhere in other clans. Because of their unity, if you offend one of them, you will also offend all the members of the Black Lap clan, which is a very terrible thing.

The Heiyi tribe had been living in isolation before. Because they were squeezed out and discriminated against by other blood races, they could only stay away from other blood clan. It wasn't until the third blood jihad broke out that the Heiyi tribe took part in the battle, but because the Heiyi tribe advocated darkness and distortion, plus They have extremely fast action ability and dark capture ability. During the third holy war, the vampires of many clans were attacked by the Heiye clan... causing great casualties!

In the end, the other clans had no choice but to unite... They had to work together to resist the ugly members of the Heiye clan.

The war lasted for nearly 200 years, and finally the leader of the Heiyi tribe was killed...The other members of the Heiyi tribe were also killed one by one...

For the entire blood race, that period of history is extremely unbearable, and no one wants to mention it!

The Heiyi tribe is like a nightmare, existing in the whole blood tribe.

And now when Casso suddenly said that the Heiyi tribe, who had disappeared for nearly a thousand years, was suddenly coming back, and had already started activities in Eastern Europe, how could Elder Archid not be shocked?

Elder Alcid is a person who has personally experienced the third holy war. Of course, he knows the terrible Hei Ya Clan!

Now, the Heiyi clan has once again appeared... What kind of terrible disaster will the blood clan face?

"How could this be?"

"Why even the Heiyi tribe that has disappeared for nearly a thousand years appeared?" Elder Alcid showed a sense of fear that he had never had before.

But seeing that Ka Suo said there, "Elder, what I am going to say next will be even more terrifying!"

As Caso said so, Elder Alchid was suddenly depressed.

"There are more terrible things?" Elder Alchid asked incredulously.

Ka Suo nodded slowly and said, "Yes!"

"That is, the Heiyi tribe has already formed an alliance with the Gangeuro family... To put it bluntly, the current Heiyi tribe has completely become the slaves of the Gangeuro family... This time the emergence of the Heiyi tribe is the Nagange Instructed by the Luo family!"

"The Gangelo family wants to unify the entire blood clan, and want to regain the supremacy of three thousand years ago!" Caso said suddenly.

The Gangaluo family is the strongest of the thirteen blood clan, not only because they have the purest blood, but also because the Gangaluo family members are naturally warlike, they are the abnormal level of the blood family. Existence, whether it is the first generation of vampires, the second generation, or the third generation, the Gangaro family has always been the overlord thousands of years ago, because of the jihad more than 3000 years ago and the alliance of the other clans of the blood clan, The Lords sealed the demons of the Gangaluo family with their blood, which weakened the status of the Gangaluo family's overlord, resulting in the balance of the entire blood family... But the Gangaluo family has never been afraid of anyone, they I have always wanted to rise again... once again to return to the hegemony of the year, and now the opportunity has come... The key of fate has reached their hands, once they have summoned the demon lord sealed in the coffin, the whole I am afraid that the world will usher in a real dark end!

At that time, the doomsday prophecy will become a reality, the earth will become a scorched earth, and darkness will block the scorching sun...

Message to the reader:

In the new month, Huahua will work hard to write and update as much as possible. The updated content is of quality and looks more exciting. I also hope that you will be happy every day! Also, if capable friends go to the bookstore to give a reward, this month's fan rewards will have double the fan value, and they will also be at the top of the list. Those who are incapable are not forced to do so. After all, many brothers are still students... However, it is still possible to go to the bookstore to vote for a free recommendation ticket, or a monthly ticket, ha ha! It will continue to be updated in the evening, depending on the status! Huahua guarantees that no matter how much it is updated, the quality of this month is definitely the best, and it looks the most exciting. I will take everyone into an epic battle of blood races!

Chapter 2112: The beginning of the blood war

After Elder Alcid heard these terrible things from Caso before him, his whole person was completely sluggish. .

He never thought that the blood race had encountered the most terrible crisis in thousands of years!

What should I do?

How to save innocent members? How to escape from this blood disaster?

Elder Alchid sat on the chair in a daze, his expression completely dull.

"Unexpectedly, the blood race would become like this?"

"Oh my God, is the doomsday prophecy really going to come true?" Elder Alcid said blankly.

Caso sighed helplessly in front of him: "The elders, the tremere tribe, the followers ofset tribe, the Giovanni tribe, have all been destroyed in Africa and South America!"

Caso in front of him once again told an amazing truth!

what! ! !

When Caso said such a sentence in front of him, Archid in front of him sat up from the chair in shock, his face full of disbelief.

"What? What did you say?"

"The Tremere, the followers of the Set, the Giovanni, all destroyed?"

"how is this possible?"

"How could the three big families be wiped out so quickly?" Archid in front of him disappeared as if he heard the sky falling.

Tremere, followers ofset, Giovanni, these clans are all blood clans in the Justice League! They also belonged to the clan of the thirteen blood clan... but did not expect that the three big clans would be destroyed in a blink of an eye.

In every jihad for thousands of years, these three clans are on the same front with the Torrido family. It is because of them that the entire blood family can be balanced and can maintain justice. Now the tremere family, followers of set The clan, the Giovanni clan, all perished!

Gosh?

How could this be? Who destroyed these ancient blood clans? Who has such a powerful strength?

In a blink of an eye, three of the thirteen blood clans had already been destroyed! What a horror!

I saw Naka Ropeway: "Hey, since the members of the Gangaluo family discovered the key to fate, they have formed an alliance with the ugly guys of the Heiyi clan... They have been fighting against each other since then. The clan of the Alliance launched an attack and assassinated! In Africa, South America, the members of the Tremere, the followers ofset, and the Giovanni were all wiped out. Even if some were alive, they were all forced to join the Gangelo family. Of the clan..."

"Our Brun family was aware of the disaster of the blood race from the very beginning. At that time, we were traveling in Africa and South America. We wanted to try to help the Tremere tribe, the followers ofset tribe, and the Giovanni tribe. Unfortunately, we can't do anything about it. The alliance between the Yi family and the Gangelo family is too strong." Caso sighed in front of him.

Hearing Caso's words in front of him again, Archid was stunned.

His body trembled suddenly and violently, and the extremely pale old face twitched suddenly!

"My God, is it true that the blood race is going to experience the biggest disaster in thousands of years?"

"Could it be that we are thinking that the alliance is really going to fall apart?" Elder Alchid sighed there.

Except for the few big clans in the blood clan alliance, the remaining clans have always maintained a neutral attitude!

For example: Tiureg clan, and matuubhy clan...These clans are neutral, they never help any party, they always only care about themselves! These clans will not participate in the blood clan wars, they only operate in their own turf, and never cause trouble.

The remaining Gangaluo family and the Heiyi family belong to the dark family. They are extremely evil and powerful!

Oh, there is another clan that also belongs to the dark clan in the blood clan, the name of that clan is: Mo Party!

The Mo Party clan was an extremely powerful clan during the Second Holy War. The powerful force at that time can be said or even surpassed that of the Gangaro family, because the Vampires of the Mo Party clan possessed extremely abnormal strength, and Their bodies will mutate and can change into any shape. They exist in the world like demons... It's just that in the second blood war, the Mo Party received a terrible blow, the older generation in the family. The vampires were almost completely killed by the Alliance... The remaining demons were also wiped out. Since the second holy war, the demons have never appeared again.

The Demon Clan has never appeared since the Second Holy War...Neither humans nor the blood clan have heard of that Demon Clan again for thousands of years.

Except for the neutral blood clan, the only remaining ones are the Torrido family, which also has the name "Zhengyi", and the Bren family with a very small number of people!

They want to unite against the terrible Black Yap clan and the extremely powerful Gangelo clan. Can they fight it?

Elder Alchid who thought of these in his heart was in a mess!

There was despair in his eyes. When he heard that Casso preached that the Tremere, Followersofset, and Giovanni tribes in the Justice League had been completely wiped out, Elder Alchid The hope in my heart was shattered.

He knew it might be over this time!

Even his Torrido family may be massacred and extinct this time!

Deep despair emerged in the elder's eyes of Archid, and he sat there with his body trembling, motionless, his face as gray as death.

When he saw Elder Alchid not speaking, Caso knew the despair in his heart. At this moment, he saw Cassuo said slightly: "Elder Alchid...I know what you think at the moment. , You might think that our Justice League is completely over... But I want to tell you, no, our Justice League is not really over! All this is just the beginning..."

Facing the blind Ka Suo suddenly said so, Elder Alchid in front of him turned his astonished face to look at the blind Ka Suo in front of him for a moment.

"Caso, what are you talking about?"

"What do you mean by your words?" Elder Alchid asked incredulously.

Ka Suo smiled slightly and said: "I mean it is very simple, just tell the elders that the real battle begins now!"

Archid frowned and did not understand!

We need to know that the three families of Tremere, Followersofset, and Giovanni in the alliance have already perished. Can the remaining Toredo family and the Brun family resist the Black Lac family? Is there a coalition of the Gangelo family?

Of course the answer is no! ! !

Everyone knows the powerful strength possessed by the Gangaluo family. Their death knights are the most powerful among the entire thirteen clan. Back then, in the first blood holy war and the second blood holy war, they defeated the demons. Unusually brave, almost no one can urge, no one can rival, and the Gangaluo family also has two extremely perverted fourth-generation elders, the corpse king Uris, and another perverted old fellow!

Now add the evil and ugly Hei Ya clan...

This result must be even more terrifying! ! !

But Ka Suo actually said that this was just the beginning of the blood war?

Chapter 2113: unbelievable

"Caso, why do you say this is the beginning of the blood war?"

"The three big families have been wiped out, and all are over. Now we are the only ones left with Torrido and these few members of your Buren family... Could we still be able to fight the cruel Gangelo family and that? Heiyi tribe?" Archid had lost his confidence, his words were full of despair. .

But seeing the blind man Caso smiled slightly: "Yes! This is indeed the real beginning of the blood war!"

"Because there is a human being who will save our entire blood clan." Suddenly a strange word came out from Ka Suo's mouth.

After Ka Suo uttered these words again, the Elder Archid was completely taken aback.

"Caso, what are you talking about?"

"Humanity?"

"Caso, aren't you kidding me?" How could Elder Alchid believe in Ka Suo's words...

My God, he actually said that a human would save their entire blood family? Is this possible?

Humans themselves are extremely vulnerable to vampires, but now Caso actually said that humans are here to prevent this blood disaster? how could it be possible!

But seeing that Caso was waiting to speak, suddenly two delicate voices came in from outside the hall of the Forgotten Temple.

"Elder Alchide, what Caso said is right!"

"This time, the disaster of the blood race, no one can stop except that human being!"

With two nice voices coming, and in a blink of an eye, it was the flame girl who was all red and the cold and beautiful ice girl!

It turned out that these two ice and fire twin sisters walked in from the temple of oblivion outside.

After the ice girl and the fire girl walked in from outside, the elder Alchide in front of them was completely depressed.

He really didn't understand what happened to these members of the Buren family? Actually said that a human being will prevent this blood disaster? Is it credible?

"You... are you crazy?"

"Humans? Humans want to prevent the disaster of our blood race? How can it be!!!" Elder Alcid said in disbelief.

But seeing the beautiful fire girl smiled slightly and said: "Elder, whether you believe it or not, because this is a prophecy..."

"This is the prophecy that Caso saw with his pupil of time!" The fire girl suddenly said.

After Elder Alchide heard the Huo Girl say this, he immediately placed his eyes on the blind Caso in front of him in disbelief!

Ka Suo, possesses the most peculiar twin pupils among the blood! A pair of magical pupils that can see the past and the future...

About Caso's "Pupil of Time" has been circulated among the kinsmen hundreds of years ago, and there have been many disasters for this...Everyone knows the amazing ability of Caso's twin pupils...

Of course Elder Alchid knows!

Now he was staring at the blind Casso who was looking in front of him with eyes of consternation.

"Caso, is it true that what they said is true? Did you really use your pupil of time to see the ending of this blood race?" Archid asked Ka Suo Dao in front of him again uncertainly.

Caso nodded slightly and said, "Yes!"

After Ka Suo confessed, Elder Archid stayed for a while, and then stood there blankly, as if confused.

What about the Fire Girl and the Ice Girl?

He found a place at random and sat down slowly.

"Tell me, which human being can stop our blood catastrophe?" Elder Alchide in front of him suddenly asked excitedly.

After Elder Alchid asked so, the fire girl and Caso laughed together.

"Elder Alchide, do you know why we are preventing you from killing Earl Roger, Mary, and the guy who mutated into a beast of the Gangelo family this time?" The firewoman in front of her suddenly smiled and looked at Archid. The elder asked.

Elder Alchide was confused, and shook his head without understanding: "I don't know..."

"Hehe, Elder Alchide, that's because we are trying to save that guy!" Huo Nuo said smirky, and at the same time she thought of the "ugly guy" in her mind.

When Elder Archid heard this, he was startled for a moment, and then suddenly understood...

"Did you mean...is...is...him?"

"Yes...yes...that guy who mutated into a beast of the Gangelo Family?" Elder Alcid asked in disbelief with wide eyes.

The fire girl in front of her and Caso nodded together.

"Yes! It's him!"

"Elder Alchide, the only guy in the prophecy that can save our blood clan is that he! He is the savior in the prophecy!" Caso said slightly in front of him.

After Caso's words were uttered, the expression on Alchide's face could no longer be described in words!

Surprised? Too shocking?

Do not!

It should be too puzzled! Who can believe that a cruel guy bitten by the Gangaluo family is the savior of the blood race?

And that guy is still extremely cruel and inhumane. How could he have saved the entire blood clan?

"How could it be him?" Elder Alchid asked in surprise.

"Caso, did you... misread it?"

Na Ka Suo smiled awkwardly: "Elder Alchid, please rest assured!"

"Although my pupil of time can't predict that it is extremely accurate, it has not yet seen the wrong person."

"Elder, the guy in the prophecy that saves our blood clan in embarrassment is him! I promise you again." The cableway in front of him.

After Ka Suo confirmed once again, then Elder Alchid was really depressed.

Could it be true?

The guy bitten by the Gangelo family will be the savior of the blood race?

"Elder, he is our only hope. Only he can save our blood."

"So please elders must believe my words this time, because only if you believe it, we can fight against the terrible alliance of the Gangaluo family and the Heiyi family. Only in this way can the integrity of our blood family be maintained." Ka Suo looked at the Elder Alchid in front of him.

Elder Alcid was silent at the moment.

His face was ugly and hesitant, he didn't know that he should believe the words of Ka Suo at the moment? Shouldn't you believe it?

Silence, deep silence!

Archid was dull there for nearly ten minutes.

During this period, he did not say a word, neither did Ka Suo say a word, the Fire Girl and the Ice Girl in the Forgotten Temple did not say anything. They were all waiting, waiting for the Elder Alchid to finally Answer.

Chapter 2114: Test

Suddenly, after Elder Alchid was dull for about ten minutes, he suddenly raised his eyes and looked at Caso in front of him: "Caso, even if what you said is true, even if that guy is us. The savior of the blood race, but is he capable enough? Can he defeat the death knights of the Gangaluo family with his strength? And the terrible and cruel Heiye tribe?"

Elder Alcid is telling the truth.

Does Li Tian really have that ability? Can he really defeat the Gangaluo family, the most powerful family among the vampires, and the terrifying Black Vampire?

Hearing the words of Elder Alchid in front of him, Caso frowned slightly.

The Ice Girl and Fire Girl sitting here were also depressed.

But seeing Caso after thinking about it, "To be honest, Elder Alchid, this is the first time we have seen that guy!"

"Before, we didn't know his origin, or how capable he was..."

As Caso said so, Archid laughed.

"Caso, since you don't even know his ability? Why do you say he can save our huge blood?"

"What if your prediction is wrong?"

"Do you think we should put the lives of so many innocent members of the blood family on a guy who doesn't know the identity or the foundation?" Archid asked back to Ka Suo.

But seeing Caso hesitated for a while, facing Elder Archid's rhetorical question, Caso looked very anxious.

After thinking for a moment, Caso slowly raised his head, then stretched out a hand to slightly support the heavy sunglasses on the bridge of his nose, and then said: "Elder Alchide, then you say What should I do?"

"The situation of the blood race has been fully revealed at present, darkness has suddenly emerged, and justice is about to die... Elder Alchide, do you think there is any way?" Caso suddenly asked Alchide.

When asked by Caso, Archie didn't know how to answer.

He was depressed.

"I know, maybe my prediction is wrong! But this time, do we still have a choice?"

"Elder Alchide, we have no choice. We can only make a desperate move... because if we do not desperate, we will definitely be destroyed, and the blood will be shrouded in darkness forever, your Toledo family, and ours. The Buren family will all be destroyed by them..."

"Elder Alcid, do you want to wait for death like this? Or do you gamble with us?" Casso forced the elder Alcid.

After Elder Alchid heard what Caso said, he was speechless.

What Caso said was the truth.

Waiting to die! Maybe there is still a chance to survive?

Then why not choose the latter?

After Alcid weighed the pros and cons, he finally made up his mind!

"it is good!"

"Caso, I choose to believe you this time!" Elder Alchide finally said.

After Elder Alchid uttered these words, Ka Suo, Fire Girl and others all became happy.

Because they came here this time to convince the Elder Alchid in front of them.

Only by persuading him, can he resist the Gangaro family and the Heiyi family!

After all, the members of the Buren family are too rare... Now the Buren family can only rely on the numerous members of the Torrido family to resist the dark attack first!

"Elder Alchide, it would be great if you believe us."

"Yes, Elder Alchide, with the support of your members of the Torrido family, presumably, this time, we are using the alliance to defeat the Ganggro family and the hateful Heiyi tribe." The fire girl was there. Said with a smile.

But seeing that Elder Alchid was not so happy, he was silent for a while, and then slowly said, "Don't be happy too early. The reason why I choose to believe in you is because I believe ...But, I'm talking ugly ahead, if that guy can't help our blood race, if he doesn't have the ability...I will definitely choose to kill him!"

"I hope that when I kill him next time, no one will stop me... If someone wants to stop me then I will be rude!" Elder Archid said fiercely.

Obviously his words were addressed to the Fire Girl and the Ice Girl in front of him, and Caso in front of him.

Ka Suo, the Fire Girl, and the Ice Girl were all embarrassed when they heard Elder Alchid say this, but they still smiled there and said, "Okay, everything depends on you, Elder Alchid."

Alzid nodded silently, expressing satisfaction.

"Caso, since you said that guy is the savior of our blood clan, he should have very strong power!" Elder Alcid said suddenly.

When Ka Suo heard Elder Alchid say this, he was depressed, and said embarrassingly:

"This...actually, I really don't know!"

"Well, since you are not sure, then we can choose to try him!" Elder Alcid said.

Caso was depressed when he heard: "Try him?"

"How to try?"

Then Elder Alchide smiled and said: "My Torrido family members can find a few to compete with him, don't you know the result?"

Ka Suo was stunned.

"Compete martial arts?"

The Fire Girl and the Ice Girl on the other side were also stunned at the same time, and they didn't expect that Elder Archid would make such a request.

But seeing Elder Alchid nodded there with a smile.

"Yes!"

"The reason why I did this is first: for everyone's safety! You can think about it, can the lives of so many of our blood family members be weighed on a guy who doesn't know the foundation? No, absolutely not, so I hope Through this test, you can verify his abilities with your own eyes! If he really has amazing abilities, of course we will follow him without hesitation, but if he doesn't have any ability at all, even Torrido is just a little bit so If no family member can beat it, then, you say, can he save our blood?"

After Elder Alcid said so, Caso thought about it there.

But the fire girl over there suddenly smiled and spoke, and only listened to her, who was in front of Elder Alchid, said: "I think Elder Alchid's proposal is very good!"

"Actually, we don't even know how capable that ugly guy is... If we can see his abilities through a test, that will undoubtedly provide us with an extra layer of protection!"

"If he really doesn't have the ability, hey, then we can only blame the wrong person." Fire Woman said.

After hearing the fire girl say so, Na Ka Suo finally nodded in favor.

"Well, since Elder Alchid has made such a decision, then we will follow Elder Alchid's instructions!"

"Let's try... this time, let that guy compete with your members of the Torrido family to see what the savior in this prophecy has!"

Chapter 2115: Catch Hess

"Okay, that's it!"

After they all made this decision, they decided to let Li Tian compete with the members of the Torrido family after a day!

Who will compete with Li Tian? Elder Alchid has not decided yet!

Elder Alchid just said that when that time comes, he will naturally send a suitable candidate to compete with Li Tian!

After he said so, Na Ka Suo, Fire Girl and Ice Girl all agreed.

"Elder, the only thing worth noting right now is that we have to be on guard at all times against the attacks of the Gangelo Family and the Black Lap Clan." Caso said in front of him suddenly.

When Elder Alchid heard Caso say so, he was slightly taken aback.

"Do you mean that the Heiyi tribe and the Gangaluo family will attack us?"

Ka Suo nodded cautiously and said, "Yes, now that the Gangelo family and the Black Lap clan have become insidious and cunning after uniting them, they have learned to attack like the ugly monsters of the Black Lap clan."

The Heiyi people originally lived in the dark corners of human beings. They were ugly and distorted. They often lived in places that humans could not see, such as sewers, subway stations, or in graves... Shuttles through the dark alleys, so they are most familiar with attacking them. Therefore, we must definitely beware of terrorist attacks by the Heiye tribe.

Hearing Caso's words, the Elder Archid frowned cautiously.

"Will they attack us so quickly?" Elder Alcid said.

"Caso, didn't you say that the black lasses are still active in Eastern Europe? It's impossible to reach us so quickly..." Archid said in front of him.

Naka rope said: "This...I think it is always good for us to take precautions early."

"Well, since you said that, I will send members to guard the entire family's surroundings later." Elder Alcid said.

Na Ka Suo nodded.

"By the way, elder, there is one more thing, I think you have to deal with it immediately." Ka Suo suddenly said there.

Then Archid looked at the blind Caso in front of him and asked, "What's the matter?"

"It's the only veteran of your family, Hess!" Cassandra said in front of him.

When Elder Alchide heard Caso talk about Na Hess, he was not only taken aback, and asked: "Hess? What happened to him?"

"This guy has already betrayed your Torrido family, and as far as I know, he has been secretly bought by the Gangelo family. Therefore, Elder Archid, I advise you to hurry up that guy. Grab it." Caso said slightly.

After Ka Suo said so all of a sudden, then Elder Alcid was suddenly depressed.

what?

"No, you said Hess betrayed the family?" Elder Alchid was in disbelief, after all, Elder Hess had been in the Torrido family for almost a thousand years! How could he betray the family?

But when Naka Ropeway said: "Elder Alchid, please believe me!"

"I can't be wrong, that Hess has definitely been bought by the Gangelo family... and a few months ago, Hess had already begun to secretly pass on information to the Gangelo family." Casso said.

When Alchide heard Caso say so decisively, he suddenly said: "How do you know?"

After Elder Alchid said these words, he suddenly felt that he was so stupid!

You must know that although Caso is a blind man, don't forget, he is a guy with the pupil of time... a horrible figure who can see the future and the past!

The current Elder Archid actually asked how Caso knew? This question is of course extremely stupid!

After suddenly understanding all the truth, I saw the ugly and angry face of the elder Alchid.

"Damn Hess!"

"He dared to betray our family... and even colluded with that beast, the Gangaro family!"

"Come here!" Alchid suddenly roared in the hall of the Forgotten Temple!

Following his roar, he saw two knights from the Torrido family rushing in from outside.

"Elder!" After the two came in, they bent over and cried respectfully.

But seeing Elder Alchid immediately ordered: "Catch me that \*\*\*\* Hess..."

"Hess? Elder Hess?" When the knights in the hall heard that Elder Alchid was about to capture Elder Na Hess, they were not only taken aback, but they thought they had misheard... There.

"What are you doing there? Why don't you go!" Elder Alchid roared in front of him.

It can be seen that Elder Alchid was quite angry after knowing that Nahes had betrayed the family.

After hearing the roar of Elder Alchid, the two knights quickly nodded and said: "Yes, elder!"

Then began to run down.

"Wait..." Suddenly the Elder Alchid called again.

The two knights who ran out quickly flew back: "Elder, what else is there to tell you?"

"Get me Hess' son Cliff too... Remember, don't let them run away!" Elder Alchid ordered finally.

After hearing this, the two knights said, "Yes." Then they quickly retreated!

"Asshole! I dared to do something that betrayed my Torrido family...what a \*\*\*\* thing! How could I never discover what this nasty guy did?" Elder Archid in front of him roared.

Caso said slightly in front of him: "Elder don't want to be angry... That Hess is extremely cunning. If I had the Eye of Time, I wouldn't find him colluding with the members of the Gangelo family!"

Elder Alchid nodded: "Yes, you are right!"

"Thanks to your peculiar pair of eyes!"

"Hey, I almost killed Roger and his daughter..." Elder Alchid recalled the wrong thing he had done before, and said regretfully there.

"The elders don't want to blame themselves anymore, all this is the ghost of Na Hes! After catching that guy for a while, everything will be clear." The fire girl over there smiled and said.

Elder Alchid nodded silently.

In the hall, a few of them were waiting there, waiting to capture Na Hes and his son Cliff.

...

Time passed by every minute.

But seeing that after half an hour, suddenly only two knights rushed from a distance towards the hall of the Forgotten Temple.

Their faces were pale and ugly, as if something big had happened.

Chapter 2116: Prophet

"Elder, it's not good!" The voice came, but the two knights who had just been sent to capture Hess and Cliff quickly ran back.

The Fire Girl and Ice Girl in the Temple of Forgotten, as well as Elder Nakasu and Archid, were slightly startled when they heard the voice of the knight rushing to the hall.

But seeing Elder Alchid suddenly asked, "What's wrong? What happened?"

After Alchid asked, the knight hurriedly replied, "Elder Hess is gone... he has escaped!"

"What?" When the Elder Alchid in front of him heard the words of his subordinates, he suddenly became angry.

"You said that \*\*\*\* Hess escaped?" Archid said with an angry face in front of him.

The knight said, "Yes, elder!"

"Just now we have thoroughly searched the room of Elder Na Hess, but we can't find Elder Na Hess trace at all!"

After hearing the knight under his hand say this, Archid roared and slapped his palm on the table in front of him.

"Damn bastard!"

"Where's Cliff? Did he also run away?" Elder Alchid asked suddenly.

The knight in front of him said, "Yes, even Cliff escaped, they all escaped."

After hearing what the knight said, the fire \*\*\*\* the other side suddenly sneered: "It seems that Hess and his son know that they can't stay any longer, so she ran away very smartly."

Where is Elder Alchid here? But it was so angry.

"Hess, this bastard, sooner or later I want him to die in front of me." Elder Alcid roared.

Caso in front of him said slightly to the angry Elder Alchide: "Elder, don't be angry for that kind of treacherous villain."

"For the current plan, we still have to focus on the overall situation."

Elder Alchid thought for a while, nodded in favor, and said, "Caso is right."

"Let's do this, just leave it alone about that \*\*\*\* Hess...Let's prepare for that guy's test quickly." Elder Alchide said last.

...

After the ice and fire twin sisters of the Bren family and the arrival of Caso, the pupil of time, the entire Torrido family has undergone earth-shaking changes.

First of all, the members of the Torrido family knew that Nahes and his son Cliff had escaped.

And because Hess betrayed the family, he ran away!

They don't know how Hess betrayed the family? Don't even know what happened to Elder Alchid? Why did you make such a decision?

And the problem that puzzled them the most was that Elder Alchid unexpectedly released the "beast" Li Tian with the blood of the Gangelo family in his body!

"What the \*\*\*\* happened to the elder this time? Why did you release the beast of the Gangelo family?" The vampire members in the family were all talking curiously.

"I don't know, but I'm sure that this matter is definitely related to the people from the Burren family." Another member of the Torrido family said there.

"It's strange, what did the members of the Burren family say to the elder?"

"This is not clear..."

"Hey, no matter what, our family is a bit weird this time."

"Yes, first Earl Roger was arrested and was about to be executed, and now it is Elder Hess's turn to escape... and even Earl Cliff escaped. Is it possible that Elder Hess and Cliff and the others What did the father and son really do to betray the family?"

"I think so, how else would they run away?"

...

The members of the Torrido family were discussing there one by one.

And what about Roger and Mary in the Forgotten Temple?

After nine deaths, Roger now sits quietly in his room.

He has sorted out his appearance, and has already changed another set of clothes, and is sitting motionless and quiet in the room at the moment.

There stood the most loyal subordinate of Count Roger.

At this moment, a sound of footsteps could be heard quickly coming here from far away, and he stopped after arriving at Lord Roger's room.

"Earl Roger, Hess and Cliff, the two treacherous \*\*\*\* heard that they had escaped!" The knight after arriving in the room said to the Count Roger.

Roger stunned: "Hess ran away?"

"Yes!"

"I heard that at the time, Elder Alchid personally ordered that Hess and Cliff be arrested, and then the two treacherous \*\*\*\* ran away in fright."

Count Roger nodded slightly when he heard the knight under him say so, and then didn't say much.

"These two \*\*\*\*\* have always wanted to kill you, Earl. It's really bad. Fortunately, there are bad results! Now they have escaped from the family in embarrassment! That, deserve it." The knight under him was speaking for Count Roger.

But seeing that Roger said: "Forget it, I don't have to mention this matter."

"I ask you, are the Burrens still with the elders?" Count Roger asked suddenly.

Just listen to the words of the subordinates at the moment: "Yes, count."

After listening to that, Roger suddenly got up from his chair and said, "I'll go to the elder."

After Count Roger finished speaking, he really walked directly towards the hall of the Forgotten Temple.

In the hall of the Temple of Forgotten at this moment, Elder Alchid was still there to entertain the Ice Girl, Fire Girl, and Ka Suo.

"Elder." At this moment, I saw Earl Roger walk in from outside the hall of the Forgotten Temple. After entering, he respectfully shouted at Elder Archid.

When Elder Alchid saw Roger walking in, he quickly said, "Roger... I just want you to come!"

At this moment, the Fire Girl and the Ice Girl turned their heads and saw that Roger.

"Roger, come here, and I will introduce you to the members of the Buren family." Elder Alcid said to Roger.

"These two beautiful ladies are the rising stars of the Buren family, twin sisters of ice and fire."

Then Roger looked at the fire girl and the ice girl with a friendly smile and said, "Hello two ladies, thank you for saving me this time!"

The fire girl smiled sweetly and said: "You are too polite."

But after seeing Elder Alchid introduced the Fire Girl and the Ice Girl, he continued to point to the blind Caso in front of him: "This is Caso!"

"It's the guy who had a pupil that can see through the future and the past in the prophecy more than five hundred years ago." Alchide in front of him smiled and said to Roger.

The pupil of time?

When Roger heard that the blind Casona in front of him turned out to be a member of the Brun family who has the Eye of Time, he was stunned.

Of course he knows the pupil of time!

Roger is quite shocked now.

"Are you the one who has the pupil of time in the legend?" Roger looked at the blind man in front of him in shock.

Caso smiled there, then nodded silently.

After seeing Caso nodding, Roger was horrified: No wonder Elder Alchid received them like this. It turns out that this guy is a legendary prophet! ! !

Chapter 2117: Before the test

No wonder Ka Suo can tell the secret of the Elder Hess all at once!

No wonder Elder Hess was afraid to run away? It turned out that everything was because of Caso's extremely powerful prophecy. .

"Roger, you have been wronged this time, and I can't help you!" Elder Alchide put down his face and apologized to Roger.

Roger heard Elder Alchid apologize to himself, and immediately said there: "Elder, don't say that! I know you are also for the family!"

"I can rest assured if you think so." Elder Alcid said with a smile.

"Now that \*\*\*\* Hess has escaped, but don't worry, I will catch him one day, and then tear him up personally." Elder Archid said with flames in his eyes.

"Elder, what about that guy from the Gangelo family?" Suddenly Roger mentioned the "Li Tian" in front of him.

What Roger is most worried about now is the "beast" Li Tian!

Because according to the family rules of the Torrido family, Li Tian must be executed! But this time because of the arrival of the Buren family members, Li Tian is now able to survive, but how to arrange for Li Tian to be executed? Still let go, Roger didn't know before him, so he asked.

After Roger asked, Elder Alchid laughed suddenly.

Roger looked at Elder Alcid's smile, not only felt a little strange, but looked at Elder Alcid in surprise.

"Roger, what you asked is just right. Actually, I just want to tell you about that beast." Elder Alchide smiled and looked at Roger in front of him.

Count Roger was not only taken aback when he heard what Elder Alchid said.

"Elder..."

Elder Archid said: "Roger, let me tell you, do you know why these three prevented the execution of the beast this time?"

Roger was taken aback and shook his head.

Of course he didn't know why the Fire Girl, Ice Girl and Ka Suo came to the Torrido family. At this moment, he blinked and looked at the Fire Girl, Ice Girl and Ka Suo in front of him suspiciously.

But seeing Elder Alchid smiling there and saying: "That's it, the reason why these three came to Toledo this time is because of that beast."

"Ah? Because of him?" Roger in front of him heard what Elder Alchid said, not only was he immediately puzzled.

He couldn't understand how the Burren family came to Torrido for a guy with the Gangelo family flowing in his body.

"Yes."

"I've already told you just now. This is Ka Suo. He has peculiar eyes of the pupil of time. His eyes can see the future predictions and the past."

"The reason why Caso and them came to our Torrido is because his eyes predicted that our blood family might have a savior!"

"And the so-called savior is the beast." Elder Archid said.

When Earl Roger heard that Elder Alchid in front of him suddenly said this, Roger was right there in a daze!

He was really stunned!

Savior? prophecy?

My God, that guy turned out to be the savior of the blood race? how is this possible?

At this moment, even Count Roger was completely speechless. He was stunned by the elder Alchid who was generally looking at him, as well as the Fire Girl and Ice Girl in front of him and Na Ka Suo, his face was full of unbelievable.

"Elder, how is it possible?"

"That guy...how...how...is the savior of our blood clan?" Count Roger was completely stunned.

But when I saw Elder Alchid smiled, "I knew you wouldn't believe it after hearing these words."

"Actually, to be honest, I don't really believe it!"

"However, this is what Caso said, the prophecy he saw with the magical pupil of time! So I believe him, believe his words." Elder Archid said in front of him.

After Elder Alcid finished speaking, the Count Roger in front of him opened his eyes wide and stared at the blind Casso in front of him.

Ka Suo just stood there slightly, with the heavy sunglasses on his face covering his magical eyes.

"Mr. Caso, is all this true?"

"That... that... the beast is really the savior of our blood?" Earl Roger in front of him stared at Caso in front of him with his eyes widened in disbelief.

But seeing Caso nodded slightly, then smiled and said, "Yes."

"I assure you that the guy I saw with the pupil of time is definitely him!" Caso said again.

Listening to Caso's words, Roger was stunned.

How could he accept such a shocking truth for a while?

"He is the savior of our blood?"

"Oh my god, does he have that ability? Can he still resist the death knights of the Gangelo family?" Roger questioned with a full face in front of him! Obviously he didn't believe it!

But seeing that after hearing Earl Roger say this, Na Ka Suo smiled slightly and said: "About your question, Earl Roger, we have already discussed with Elder Archid!"

"Because this time it's about the great safety of our blood family, for the sake of safety, I still hope to try that guy first according to Elder Alchid's method... We have to see if the savior in the prophecy is really amazing. Ability, if he has it, then it proves that my prediction is correct. If he does not have the ability, then it shows that my prediction may be wrong." Ka Suodao.

Roger in front of him asked, "Elder, what do you mean?"

Alchide smiled and said: "We will arrange a match tomorrow, let that beast play against members of our Torrido family... and then we want to see the strength of that guy!"

"In this way, you can know whether the beast is really the legendary prophet." Elder Alcid said.

When Roger heard this, he said, "This method is really good!"

"Elder, let's arrange it like this." Roger said in agreement.

Then Archid smiled slightly and said, "Okay, then let's decide."

"Caso, Fire Girl, Ice Girl, the three of you are staying in our Forgotten Temple. I will arrange someone to entertain you..." Elder Archid said politely.

"Well, okay, trouble elders." The fire women said.

Elder Alchid waved his hand in front of him: "You are polite."

In this way, Elder Archid in front of him arranged a place where the Fire Girl and the Ice Girl would rest.

The resting place was on the west side of the Forgotten Temple, which happened to be closely adjacent to Mary's room, and Count Roger lived there.

So, Roger in front of him walked towards the room with the beautiful fire girl, the cold ice girl and the blind Caso.

Chapter 2119: Ugly

After Roger took the Ice Girl and Fire Girl Caso into the room, Count Roger left.

There is a black round wooden table in the exquisite room, but on that table there is also a bottle of bright artificial blood.

There are four delicate crystal cups beside the bottle of artificial blood.

After seeing the artificial blood, the glamorous fire girl raised her beautiful eyes and walked over quickly.

"It turns out that this is the blood that the Torrido family has been drinking?" Fire Girl said as she stretched out her delicate hand and looked at the glass bottle in front of her.

The Fire Girls and the Ice Girls who are the Burren family. Although they belong to the Zhengyi Alliance, they did not drink artificial blood. They also drink human blood like other vampires, but the Fire Girls only \*\*\*\* the fast Dead human blood, they will not kill innocent people indiscriminately.

So after seeing the artificial blood at this moment, Fire Girl not only seemed a little surprised.

"The Torrido family is the most humane family among our kinsmen... They chose not to harm human beings. It is really a choice that requires courage!"

"On this basis, I Caso must admire the members of Toledo." Caso said with admiration in that voice.

The fire girl nodded slightly and said, "Caso is right..."

As the fire girl said, she opened the artificial blood glass bottle in front of her.

After opening it, she smiled and raised the glass bottle and filled three glasses of artificial blood in the delicate crystal glass.

"Come on, everyone, try the artificial blood of the Toledo family!"

"I want to see what it smells like." The fire girl in front of her was expectant, and then she raised her slender neck and drank the cup of blood-red artificial blood.

After she drank it, there was still a little blood on her lips, she stretched out her \*\*\*\* tongue and licked it, and then said: "Wow, it's really good!"

"I didn't expect the artificial blood of the Toledo family to be almost exactly the same as human blood." The fire girl exclaimed there.

After hearing what Huo Nv said, the glamorous ice girl standing next to her grabbed another cup next to her and opened her mouth to drink.

After drinking, Bing Girl's icy pretty face also showed a trace of satisfaction, but she did not speak.

What about Caso? He who finally drank the cup, after drinking it, couldn't help but exclaimed, "The fire girl is really good!"

"I didn't expect that the artificial blood of the Toledo family could have the same taste as the real human blood! Although this thing is not the same as real human blood in strength, except for power, the rest is almost the same as human blood. It's exactly the same." Caso also said in relief.

"Yeah, great!"

"I didn't expect to find something to replace human blood in this world." Fire Girl said excitedly.

Nacaso also said: "In the future, I think we can emulate their Toledo family. We no longer need to \*\*\*\* human blood, and we no longer have to feel guilty."

"Well, that's a good idea! When we finish the business, we will go back to the family, and then mention this matter to our elders." Fire Girl smiled.

"It's so decided."

Unexpectedly, the three guys would have such a change after drinking the artificial blood of the Toledo family.

I saw the glamorous fire girl spinning around in the room, feeling bored, so she said, "Hey, it's too boring."

"I'm going to find that ugly guy!" Huo Nu suddenly said.

Ugly guy? Isn't that Li Tian!

"Are you going to find that beast?" Ka Suo not only stunned when he heard the fire girl say so.

The fire girl in front of her smiled and nodded and said: "Yes, it's boring to stay here anyway, I might as well go see that ugly guy!"

"After all, they are the future saviors of our kinship!" Fire Girl smiled and walked outside.

Caso at the back said: "Fire Girl, you have to pay attention, don't forget, that beast is still in the initial embrace stage, he has not yet recovered his humanity, so don't get too close to him, lest he hurt him. you."

"Well, don't worry, that ugly guy can't hurt me yet." Huo Nui had already ran out at this time.

...

The room where Huo Nu and the others lived was very close to Li Tian and Marie's room, only a few meters away, so they walked quite quickly.

I saw Mary's place at this moment, that Li Tian was sitting motionless, right in the middle of the room.

Now Li Tian has changed his clothes, and the extremely ugly appearance of being smoked and roasted by the fire has been cleaned and changed back, and he has changed back to his previous handsome face.

It's just that his expression is still very cold, and his eyes are full of animal intent!

There are a lot of empty glassware around Li Tian!

The glassware used to contain artificial blood... Obviously all these artificial blood were drunk by Li Tian alone!

He is now like a hungry beast, so he is very hungry for blood.

Mary next to Li Tian packed up the glass bottles that Li Tian had drunk.

"Drink so much..." Mary muttered in her mouth as she packed the empty bottles there.

Then Li Tian just sat motionless, not speaking or speaking.

Just as Mary was cleaning the room, a knock on the door suddenly sounded.

After hearing the sound, Mary was taken aback, lifted her face and said, "Who?"

"It's me!" A pleasant voice came from outside the door.

After the pleasant voice came in, Mary in front of her suddenly became depressed.

"is her?"

"Why did she come here?" Of course Mary recognized that the voice was the voice of the beautiful girl with a red body. She just didn't know why that girl suddenly came here.

After thinking about it, Mary said there, "Okay, wait a moment!"

After speaking, Mary quickly walked towards the door.

After arriving at the door, Mary opened the door in front of her, but she was shocked to see the beautiful and charming fire girl standing outside the room.

After opening the door, Na Huo first smiled and said, "Hello."

Then Mary said politely: "Hello, may I ask, are you looking for me?"

The fire girl smiled and said: "I am here just to see that ugly guy."

"Ugly guy?" Mary in front of her was not only taken aback when she heard Huo Girl say this, but it was obvious that she would not understand the meaning of Huo Girl's words for a while.

But seeing the fire girl smiled and said: "It's the dark guy who was tied to the stone pillar with you before... the one with a very bad temper."

When Mary heard it, she suddenly understood.

"Oh, are you talking about Li?"

But seeing that after hearing Mary say this, the fire girl suddenly remembered and said: "Yes, yes, yes, it is him, his name is Li."

Chapter 2120: He has become handsome! ! !

When the fire girl in front of her said that she was looking for Li Tian, Mary felt slightly uncomfortable.

But she was still smiling and looking at the glamorous hot woman in front of her and said, "Excuse me, this lady, what are you doing with Li?"

After hearing Mary's question, the fire girl said: "It's okay, I just look at that guy."

"What's wrong? Do you mind?" Huo Nu suddenly raised her beautiful eyes and asked Mary who was looking in front of her.

Mary was embarrassed, but she said quickly, "No, no, I didn't mean that! It's just because Li is still in the early embrace stage, so..."

"Don't worry! I'm not afraid of him." Huo Nui smiled, before Mary could continue to say, Huo Nui stepped into the room in front of her.

Then Mary thought for a while and didn't stop her. After all, the fate of her father and Li Tian were all saved by the fire girl in front of her.

I saw Mary at the moment walk in with the fire girl.

The glamorous fire girl walked in the front, while walking towards the inside, while raising her beautiful eyes and looking around.

Suddenly she saw Li Tian who was sitting motionless over there. The moment she saw Li Tian in amazement, Huo Nu was taken aback.

"He, who is he?" Fire Girl asked in astonishment as if she didn't recognize that Li Tian was facing Mary in front of her.

When Mary heard the fire girl in front of her say this, she suddenly said, "He is Li!"

"Didn't you have seen Lee before!!!" Mary said depressedly.

What about the fire girl? When Mary said that the "handsome guy" in front of her turned out to be Li Tian, her head thumped.

what?

"No way....."

"Isn't he... isn't he... ugly?"

"What...how... suddenly became handsome?" The fire girl in front of her said excitedly.

When Mary heard Huo Nu say this, she frowned and said: "Li is already handsome, okay?"

That fire girl was suddenly embarrassed!

She had always thought that Li Tian was an ugly monster before, but she didn't expect Li Tian to change his clothes and wash his whole body.

The fire girl now blinked a pair of beautiful eyes and looked at that Li Tian up and down, the beautiful eyes were completely idiots.

"Unexpectedly, he is really handsome..." Huo Nu muttered in her mouth while looking at Li Tian.

When Mary heard Huo Nu complimenting Li Tian so much, she felt 10,000 in her heart and felt a little depressed standing there.

But what about Li Tian? Just motionless, just sitting like that.

His eyes were godless, and his face was pale.

"This lady, Li, is still in the initial stage of embracing, so I can't harass Li too much, I hope he should rest and rest." Mary said to the hot woman there.

Fire Woman said: "It's okay, I just play with him for a while... it won't get in the way."

Mary wondered why this fire girl was like this?

But she still said very politely: "I want to ask, why did you come to our Torrido family to rescue Li?"

As Mary asked, the fire girl simply said: "Because he is important."

Mary frowned slightly when she heard Huo Nu say this.

"Li Tian is important? What do you mean?"

Huo Nv smiled and said: "It's nothing! You'll know after tomorrow."

After the fire girl said so, Mary couldn't help asking too much, she could only wonder in her heart depressed: What the \*\*\*\* are these members of the Buren family doing?

What about the fire girl?

As if he had seen a treasure, he blinked and stared at Li Tian, then left and then again, as if he couldn't see enough.

And during this period? Then Li Tian hasn't moved!

Although Mary was extremely depressed, she was not embarrassed to say too much, so she had to let the fire girl see enough at this moment.

The fire girl was not reserved, she watched Li Tian for dozens of minutes before she left.

Before leaving, he smiled at Mary and said, "That guy is so handsome!"

When Mary heard Huo Nu say this, she almost fainted, and couldn't help thinking: Is this woman a nymphomaniac? Isn't she in love with Li Tian?

When Mary thought of this, she couldn't help feeling jealous.

But seeing that after the fire girl left, Mary walked into the room angrily.

She looked at Li Tian who was sitting still, and suddenly got angry.

"Smelly Li Tian, badass Li Tian... Do you think you have done good things?"

Mary in front of her said as she stretched out her hand to hit Li Tian who was in a daze at the moment.

I saw Li Tian sitting blankly, being beaten by Mary's light hand a few times. He slowly turned his innocent and sluggish eyes and looked at Mary in front of him, as if very aggrieved.

Mary originally wanted to find Li Tian to vent her anger, but when she saw Li Tian's eyes, she still couldn't fight.

"Hmph, you guys with flowers and weeds, don't forget, you still have a bunch of beautiful women in China... You are here now, don't provoke their vixen again! Don't forget, You are still human in the end!"

After leaving the last sentence in front of her, Mary didn't look at that Li Tian again and turned away.

In the quiet room at this moment, only Li Tian was sitting there alone, his eyes clear and confused.

Li Tian didn't recover his consciousness at all, so he didn't understand what Mary said just now. Li Tian is more stupid than a fool...so he can only know until Li Tian regains consciousness. Who he is.

However, after the jealous Mary left Li Tian's room, she returned to her bedroom angrily. When I returned, I happened to see Count Roger.

When Roger saw his daughter's angry face, he couldn't help asking, "Mary, what's the matter?"

"Who annoyed you?"

Mary said angrily: "It's all because of that stinky guy Li Tian!"

When Mary said that, Roger was taken aback: "He? That guy? What happened to him?"

But seeing Marie thought for a while, she didn't know how to tell her father. After all, it was a matter of children's love, so she was depressed and said, "Dad, there is nothing to do..."

Roger heard Mary say this and knew that Mary didn't want to say something, so he thought about it and said, "Okay! Now that you have said this, then Dad won't ask more."

"However, Dad has something to tell you now." Count Roger suddenly said to Mary.

Mary was taken aback by Lord Roger, who was looking in front of him and said, "Dad, what's the matter?"

"About that guy." Roger said.

"Lee?" Mary in front of her heard Roger say so, suddenly her heart swelled.
