

## A Killer 2131

Chapter 2131: Savior

As an extremely mighty warrior in the Torrido family, he must never fail the family's expectations.

"Damn beast, I want you to die!"

Accompanied by his thunderous roar, he barked his fangs, his terrifying body suddenly pounced towards Li Tian like a mad lion, and an iron fist struck Li Tian with destructive force.

Where is Li Tian? Stand still! Let the thunder and lightning flash, let the darkness raging.

But at this moment, his whole body burst out with endless qi, and that layer of vigorous qi suddenly enveloped his whole body layer by layer like devil qi.

"Look at that beast... what is around him...?"

"It seems...like...black air?"

"It's weird, what exactly is that thing?"

I saw that the vampires of the Torrido family were completely shocked by the terrifying qi that radiated from Li Tian's body!

They have never seen this kind of black body guard energy, and of course they don't know the profoundness and profoundness of my Huaxia Kingdom!

What about Li Tian? At the moment when he was resurrected from the dead, he seemed to have used his true skills!

No one knows how he suddenly used his skills, let alone why he suddenly awakened.

The only thing that can be seen is that the layer of protective gas around him is getting thicker and thicker, entwining his whole body like a black cloud.

That fire girl looked dumbfounded!

The frosty ice girl also frowned.

Not to mention Elder Alchid here.

Everyone is watching this final blow!

I saw the Hercules Pachi? The fist of destruction had hit Li Tian's chest, as if he was vowing to punch Li Tian in front of him.

But he completely ignored Li Tian's body protection qi.

In the horrified eyes of everyone, but seeing that Hercules' domineering iron fist suddenly hit Li Tian's chest.

Li Tian did not evade! No action!

When the body-protecting qi of the whole body was hit by the violent punch of the Hercules Pachi, a huge qi of the ring suddenly surged around the ring... But what about Li Tian? His body was motionless to meet his destructive fist.

boom!

The world has moved!

However, he didn't move, he didn't move at all.

A supreme destructive punch hit Li Tian, and Li Tiansi was unharmed, even without moving his footsteps.

The terrible scene shocked all the vampire members of the Torrido family.

They were all stunned, and no one could believe that everything they saw was true.

What they didn't even expect was the beginning of shock! Because more terrible things are yet to come...

However, at the moment when the Hercules Pachi devastated Li Tian's body, Li Tian's face became extremely distorted, and his eyes had been completely swallowed by anger.

In his eyes, there seemed to be no emotions, no mercy, and only endless killings, killing light.

Lifting those terrifying eyes, he suddenly looked at the Hercules Pachi in front of him. The moment Hercules Pachi looked at Li Tian's twin pupils, the whole person's heart suddenly chilled, and a terrifying meaning of death suddenly surged from his body. Up here.

This was a feeling of fear he had never felt before, and it was the last time he felt in his life.

Because at the moment he saw Li Tian's terrifying eyes, Li Tian's right hand palm was already raised extremely quickly.

Then Li Tian, who had accumulated all his skills, slapped his terrible palm.

The endless palm wind violently hit the Hercules Pachi in front of him.

Boom! ! !

The palm of his right hand pierced the chest of the Hercules Paqi directly as if it had just been drilled, and the entire arm passed directly through his body.

The audience was shocked! Everyone was stunned, looking at Li Tian's hand with eyes that were extremely disbelief, and watching him penetrate the palm of the body of the Hercules Paqi.

Then but see that Pachi? Suddenly the huge body began to tremble.

Looking at the pierced hole in his chest...

what.....

A scream came from the mouth of Hercules Pachi.

Accompanied by his extremely pitiful screams, suddenly his face began to be violently distorted, his body began to melt, and then the entire huge body turned into a pile of ashes. The body of a vampire will naturally turn into a pile of ashes after death

died!

Hercules Pachi was beaten to death by Li Tian!

Seeing the body of Hercules Paqi disappeared into ashes, all the members of the Toledo family were there for a moment, and then they all raised their angry eyes and stared at Li Tian on the ring.

And what about Elder Alcid? It was even more horrified!

He stared at Li Tian on the ring with those eyes, completely shocked.

The red lips of the fire girl here have already grown into an o shape, with an incredible face, a face full of admiration and admiration.

And what about Caso? At this moment, a warm smile slowly appeared at the corner of his mouth. Although he was blind, although he did not see what was happening before him, he knew that the savior of their blood family had finally appeared!

"He, he, is he really the savior of our blood?"

"Mr. Caso, you guessed it correctly? Everything became true!"

Elder Alcid suddenly muttered there.

The audience was stunned, everyone looked at Li Tian on the court with shocked eyes.

Li Tian stood in the middle of the ring, dark surrounding his body, dark clouds wrapped around him, his eyes opened, swallowing everything.

"Savior!"

"The savior of our blood has appeared!"

Among the vampires of the Toledo family members, I don't know who suddenly yelled out, and after that voice, suddenly all the members of the Toledo family in the audience cheered.

They are happy, they are excited!

They were not angry with Li Tian because of the death of Hercules Pachi, but cheered happily because their Toledo family found the savior of the blood race.

"Savior, savior!!!"

Everything on the field was overwhelmed by these three words!

On the endless square, cheers were overwhelming.

Elder Alcid's eyes finally slowly flashed an excitement, looking at the incredible Li Tian, he said in his mouth, "The prophecy has come true...Our Toledo family is saved!"

...

This battle is destined to change the fate of the blood family.

This battle also destined Li Tian to become the savior of the blood clan. At the same time, all members of the Toledo family were completely surrendered to Li Tian's feet. They saw the true power of Li Tian!

Among the Torrido family, no member now dares to say that Li Tian is a vicious beast!

No one dared to say that what was flowing in his body was the blood of the Gangelo family. In their hearts, the only thing they knew now was that Li Tian would save them and lead them to survive.

Li Tian is their \*\*\*\*\* now!

Chapter 2132: Here comes the Heiyi

However, after which battle, Li Tian fell!

No one knows why he fell, only that he slowly fell down after he killed the Hercules Paige all at once.

After the fall, Elder Alchid personally ordered people to take care of that Li Tian! He also said that Li Tian must be saved quickly anyway.

In the room, Mary still caringly guards her lover Li Tian.

There are worries in her beautiful eyes!

"Lee, wake up... wake up!" Mary called out loudly.

The place next to him is Count Roger.

He was also guarding Li Tian in front of him.

"Mary, don't worry about him, he may be at the end of his first embrace." Count Roger suddenly said.

The end of the first embrace?

Yes, every member who becomes a vampire will go through this stage. This stage is called the end time. During this stage, the mutated vampire will go into a temporary coma. After being unconscious and awake, he will become a real vampire. Then become a member of the blood family! Of course, it was also the end of the first embrace at that time. His consciousness, everything in his mind would be fully restored.

After Earl Roger said so, Mary suddenly became excited.

"Dad, what do you mean, Lee, will soon recover all his consciousness? He will remember who he is? Remember me?" Mary said.

Count Roger glanced at Li Tiandao who was lying there: "Yes!"

"He will restore everything before, but he is going to become the same kind as us! Become a vampire!" After Earl Roger said so, Mary was half happy in her heart!

The happy thing is that Li Tian can finally recover everything he had before, but the sad thing is that Li Tian has become a member of the blood family, a vampire.

Roger saw the distress in Mary's heart, and looked at his daughter there and said, "Mary, Dad knows what you want, don't worry, now this guy has become the savior of our Torrido family, then Once waiting for him to save our family, I believe Elder Alchid will find a way to help him restore his human identity!"

When Earl Roger suddenly said this, Mary's desperate heart suddenly became excited.

"Dad, is it true? Li, can you really return to being a human?"

Roger nodded silently and said, "Yes! In theory, it should be possible!"

"As long as the blood sacrifice method is used, it should be able to help him recover as a human."

"Great, thank you Dad." Mary said excitedly, hugging the Count Roger.

Count Roger hugged the daughter in front of him and smiled slightly at the corner of his mouth.

...

"Caso, your prediction has come true. That handsome guy is really the savior of our blood race. It's great." The beautiful fire girl said excitedly in the room.

She seemed to want to hug Na Ka Suo and kiss him.

What about Caso? He was still sitting there calmly, and said indifferently, "Of course, I said, this time my prediction will never be wrong."

"Hey, fortunately your prediction is correct, otherwise we would be unlucky!"

"However, my prince charming is finally about to appear!" The fire girl in front of her said in that nymph.

She was already extremely beautiful, and her figure was even more uneven. At this moment, she started to become an idiot, more charming and beautiful.

There is no doubt that Fire Girl is beautiful, a woman like her, that man doesn't want to have a night? Don't want her beautiful legs with long sleeves to be caught overnight?

What about the glamorous ice girl next to her? There was nothing to say from beginning to end, still cold and cold!

It seemed that Li Tian's matter had nothing to do with her, but it was indeed the same as her name: The Daughter of Ice.

...

A few hundred kilometers to the east of the Forgotten Temple is the Black Rock Forest in the Nikolai Mountains.

This area is the only way to reach the Torrido family.

At this moment in the black rock forest, the hard soil suddenly cracked.

The earth seemed to be cracked by unknown monsters. As the ground cracked layer by layer, terrifying creatures burst out from the ground.

I saw the creatures that jumped out with black hideous skin, and their bodies seemed to be cracked, with layers of dirty aura.

Their heads have no hair, their faces are twisted, their eyes are blood-red, hideous and terrifying, their bodies are even more weird, their arms are very long, their fingers are like sharp heads, curled up and two legs. The bones are slightly bent, making their jumping ability and chasing ability exceptionally strong.

Heiyi!

These terrifying creatures are the ugliest and most annoying Heiyi among the blood races!

These black people are used to wandering in dirty places. They usually gather in the sewers, graveyards, or dark and humid corners. Thousands of years of transformation have made them even more ugly and completely lost. Looks like.

And this group of extremely ugly creatures in front of them is the bloodiest and most ugly clan: Heiyi clan.

Seeing this one glance, there are not thousands of Heiyi tribe members.

These vampires of the Black Yap race spread throughout the Black Rock Forest like a black tide.

Suddenly at this moment, the most powerful leader of the Heiyi tribe on the left jumped, and his ugly body reached the forefront. With his bloodthirsty eyes, he looked at the distant Nikolai Mountains and the mountains. The volcanoes, gurgling words that they don't understand.

This language is a unique language of the Heiyi people, and its name is: Yiyu!

Except for the blood race, no one can understand it.

At this moment, the ugly fellow of the Blackyc tribe who resembled a leader said: "After passing the mountains in front, you will reach the Torrido family!"

The hordes of ugly members of the Heiyi tribe in the back screamed after hearing their leader say so.

A tragic and terrifying voice enveloped the entire Blackstone Forest.

Then, seeing the leader of the Black Lac tribe waved his arm, those terrifying and ugly members of the Black Lac tribe suddenly began to rush towards the Nikolai Mountain Range at extremely fast speed like beasts.

Thousands of vampire army of Heiyi tribe began to flood into Toredó!

A \*\*\*\* war is about to begin!

Wherever the Heiyi people went, they didn't have a baby any longer, and the human villages and livestock were all killed and their blood drank.

The bad news of the slaughter kept coming from the northwest of Italy...It seemed to have become a \*\*\*\* on earth.

And how will the Torrido family meet this disaster?

How to deal with the terrifying Heiyi tribe? And the Gangelo family that hasn't arrived...

Chapter 2133: Refreshing agent

The Torrido family is now talking about Li Tian up and down.

They all knew that Li Tian was from the Chinese nation of Asia, and they also knew that Li Tian was the savior of their Torrido family.

Not only members of the Torrido family were talking about Li Tian there, but the Buren family, Ron and Tia who were the Sun Cult, were talking about Li Tian there.

None of them had seen that kind of kung fu, that kind of strength, so they all felt terrified.

In a room in the Forgotten Temple, it was Ron and Tia who lived.

"Brother, that man is amazing... Is he really the savior of their blood, as the members of the Torrido family say?" Tia looked at Ron in front of him with her beautiful eyes open.

Ron smiled and said, "I don't know about this, but that guy is really amazing. There is no doubt about this."

"Well, brother, shall we stay and fight with the Torrido family?" Tia asked.

Ron said: "Yes."

"The Torrido family is the leader of the Justice League. If the Torrido family is destroyed...we humans will probably really suffer." Ron said.

When Nadia heard her brother say this, she smiled and said, "Okay!"

"I fight with my brother." Tia said.

Ron looked at the excited sister and asked suspiciously: "Tia, didn't you say that you didn't like fighting with vampires like them? Why did you suddenly change your mind today?"

But seeing Nadia smiled mysteriously: "I don't have one! I just hope to kill more bad vampires!"

When Ron heard his sister say this, he smiled slightly, and didn't ask too much.

...

"Is that guy awake?"

In the hall of the Forgotten Temple, I saw Elder Alchid questioning Li Tian with concern.

Now Li Tian is like a "savior" to the Torrido family, so even Elder Alchid is very concerned about Li Tian.

Standing next to him were Lord Roger and the members of the Burren family.

Just listen to the Lord Roger: "Return to the elder, that Li is currently in the stage of regaining consciousness, I believe he will wake up soon, as long as he wakes up, he can restore all his previous consciousness!"

After hearing what Earl Roger had said, Elder Alchid nodded slightly and said, "It's almost time to come! The initial embrace stage must be over!"

"By the way, Roger, do you know what that guy did when he was a human?"

"Also, is his heart kind?" Elder Alchid asked.

Because Li Tian is about to regain consciousness! Elder Alchid must know what happened to Li Tian before, how could he hand over his huge family to a guy who didn't know what he was doing before? That's why Elder Alchid couldn't help asking like this.

After Elder Alchid asked, Roger frowned and said, "Actually, Mary told me something about Li!"

After Earl Roger said so, he told Li Tian's revenge in China.

After Earl Roger's words, Elder Alchid said slightly, "So it's like this!"

"I didn't expect this young man to have such a kind heart!"

"Yes, yes! It seems that our Torrido family really has good luck this time."

Count Roger said, "Yes."

"Let's go, let's go see that young man together..." Elder Archid in front of him suddenly said there.

The elder of the family actually wants to visit Li Tian in person! ! !

Count Roger was shocked after hearing this, so he said, "Okay."

In this way, Elder Archid in front of him took Roger, along with Caso, Fire Girl, and Ice Girl of the Buren family, to visit Li Tian who was still in a coma.

After a while, I saw that a group of people had arrived in front of Mary's door.

Count Roger walked forward quickly, knocked on the door, and shouted, "Mary."

Mary inside heard her father's voice and hurried over to open the door.

After opening the room, I was shocked to see Elder Alchid outside the door, as well as the fire woman and others, and Mary was shocked there for an instant.

"Elder..."

"See the elders." Mary said in amazement when she saw that it was the elder of the family who came here.

But seeing Elder Alchid smiled slightly and looked at Mary and said, "Mary, how is the guy you take care of? Is he awake?"

When Mary heard it, it turned out that the elder asked Li Tian.

So he hurriedly replied, "Elder, Li, is not sober yet."

"Oh, isn't it?" Elder Alcid said.

"Well, let me go and see him." Elder Alchid said as he walked in the room in front of him.

As Elder Alcid walked towards the room step by step, Lord Roger and the members of the Buren family all followed.

In the dark room, but seeing Li Tian lying motionless on the side bed.

He is still in a coma.

After Alchid walked to Li Tian's side, he found that Li Tian was still lying there, and murmured: "Almost should wake up..."

As Archid said this, he paused, then turned back to Roger and said, "Roger, if you stimulate him with a refreshing potion, maybe he will wake up soon."

After Elder Alcid said so, Roger was taken aback.

Refreshing agent? It is an extremely valuable potion in the Torrido family. This potion is extremely useful for first-time owners. It not only enables first-time owners to quickly regain consciousness, but also prevents first-time owners from having headaches when they wake up. The feeling of wanting to split, under normal circumstances, this kind of precious thing would never be used by people, but I did not expect Elder Alchid to be so generous this time.

After Elder Alchid said so, Lord Roger nodded quickly and said, "Yes, Elder."

Then he quickly left the room, and walked quickly to the storage room of the Forgotten Temple.

After a while, but seeing that Earl Roger had returned, there was already a small green bottle in his hand at this moment, and the small green bottle was filled with a refreshing potion.

"Elder, I got it." Count Roger said to the Elder Archid in front of him.

Elder Alchide glanced at Li Tiandao: "Give him a drink..."

Chapter 2134: wide awake

Count Roger said: "Yes!"

Then quickly handed the refreshing potion in his hand to his daughter Mary.

After Mary got the magic cleanser, she slowly walked over to Li Tian who was lying on the bed. She glanced at Li Tian, and then gently opened the lid of the magic cleanser.

As it opened, a faint fragrance and pleasant breath came out of the bottle, and then Mary slowly poured the refreshing agent in her hand into Li Tian's mouth, and soon the refreshing agent was poured into the bottle. Half a bottle.

After pouring into Li Tian's mouth, everyone began to look at him with their eyes open.

As time passed, everyone's eyes were staring at Li Tian in front of him.

According to the truth, once this clearing agent enters the body, within five minutes, they will almost be able to wake up, but what is depressing is that under the leadership of Elder Alchide, they waited for more than ten minutes. The sky is still silent.

"Hey, this guy is really weird? Why is he still not sober?" Archid muttered depressed in front of him.

Earl Roger in front of him and the Fire Girl and the Ice Girl behind him were all staring at Li Tian in front of him, and there was a slight worry in Mary's beautiful eyes.

At this moment, seeing Li Tian who was originally lying on the hospital bed, suddenly his body twitched violently.

"Moved... Li moved!" With Li Tian's sudden twitching, Mary in front of her suddenly exclaimed with excitement.

As Mary screamed, of course they all saw Li Tian's twitching.

"Moved, this guy did move."

"The refreshing potion is working, he is about to wake up..." Earl Roger said in front of him.

Everyone's eyes started to look at Li Tian in front of him.

But what about Li Tian lying on the hospital bed?

His mind seemed to have had a long, long dream. In the dream, he saw the blood and saw everything... His mind is extremely confused now, and some weird and complicated images are all reflected in his mind.

He saw some pale faces, he saw scarlet blood, and he saw long fangs...

Weng... With a violent Weng Ming voice in his mind, all the pictures disappeared in his mind!

Then, Li Tian faintly heard the call in his ear.

"Li, Li, Li Tian..."

That voice was Mary's voice, Li Tian still remembered it, but his head was still a little confused.

Li Tian slowly opened his eyes in the sound of calling in that ear.

"Lee!"

"Li Tian woke up..."

The moment Li Tian opened his eyes, he heard Mary's excited cry again.

Then his eyes became a little dry, and his eyes saw strange and weird faces before him.

Li Tian has never seen those faces! Don't know either!

But they are all surrounding themselves... looking at themselves strangely!

"Li, Li!" Only Mary next to her came over and grabbed Li Tian's hand, calling out happily.

Li Tian was stunned for about another minute, and suddenly opened his mouth.

"Mary..." he finally called out.

"Li, you are awake, do you remember me?" When Mary heard Li Tian calling out her name, tears of excitement flowed out.

Elder Alchid and Earl Roger and others nearby also showed smiles on their pale faces.

"Mary, this...this...where is this?"

"They...who are they?" Li Tian slowly sat up straight, looking at Elder Archid, Earl Roger and the others with a pair of horrified eyes.

Then his eyes began to observe the environment in front of him...

He felt that everything was so unfamiliar, and the surrounding furnishings were not like they were in China before.

Changed, everything has changed!

After Li Tian asked, Mary looked at Li Tian and said, "Li, you just woke up, and your mind needs a period of recovery...You will know where this is later!"

Listening to Mary saying this, Li Tian was stunned.

He looked around, watching Archid, Roger, Fire Girl, Ice Girl, and the blind Ka Suo in front of him. When he saw their faces, his mind started to explode with a violent explosion. Up.

Then a piercing pain came from his mind, and he screamed out of pain, holding his head tightly with his hands, his face twisted and painful.

"Lee!"

Seeing Li Tian's painful appearance, Mary shouted anxiously.

But what about Roger? But at this moment, he grabbed his daughter, and then pulled her over.

"Don't move him... He is now piecing together the memories in his mind..." Roger said.

When Mary heard her father say so, she hurriedly did not dare to move that Li Tian again.

But what about Li Tian? At this moment, he was holding his painful head with his hands tightly, his face was extremely ugly, as if he was enduring great pain, and at this moment, groups of images suddenly began to appear in his mind like movie screens.

In the video, he saw that he was bitten in the neck by the corpse king Uris... Then he saw the scarlet blood picture... He saw himself being tied to a chair on a private plane flying from China to Italy ...I saw myself biting the necks of the two pilots with my teeth, and then absorbing the blood in their bodies...Finally, the plane exploded...

Groups of images and memories began to appear in Li Tian's mind. He began to recall, recalling all the previous events...until he beat the Hercules Pachi to death with his last palm.

Blood and cruelty became himself.

When all the sparse memories in his mind appeared in his mind, Li Tian's heart suddenly shook.

"Do not....."

"Do not....."

"How could I do such a terrible thing...no, no, that's not me!" Li Tian suddenly twisted his face and cried out in pain.

In his mind he remembered the innocent humans he killed, he remembered that he drank their blood...so he was suffering, he didn't believe it.

"Li Tian, have you remembered? Have you remembered everything?" Mary looked at Li Tiandao worriedly there.

Li Tian slowly raised his painful eyes and looked at Mary there.

"Mary, tell me everything is fake? This is a dream, this is a dream, right?"

"Mary, where is my father? Where are my brothers? Where are they... where are they?"

Chapter 2135: I have become a vampire!

Li Tian suddenly roared there like crazy.

He doesn't believe this is true! Do not believe in everything.

What about Mary? Hearing Li Tian said this, I felt uncomfortable, and looked at Li Tiandao: "Li, calm down, this is not a dream... all of this is real."

"Li Tian, do you remember? You were bitten by the corpse king Uris... You were bitten in the neck by the vampire elder of the Gangelo family!" Mary told Li Tian the truth.

As Mary said so, Li Tian was stunned.

The corpse king Uris?

When he heard this name from Mary, Li Tian suddenly remembered his last fight with the vampire devil. He remembered that terrible demon had wings on his back, and his body was full of corrosive stench... his sharp Finally, his teeth pierced into his neck...

When Li Tian thought of all this in his mind, he shuddered suddenly!

Then one hand subconsciously touched his neck... This touch made Li Tian stunned, because he did have a scar on his neck, but the scar had completely recovered... Only the scar was left on it.

When he touched the scar on his neck, Li Tian suddenly felt cold.

"I was bitten....."

"I was bitten by a vampire..." The muttered painful words came from Li Tian's mouth.

Mary couldn't bear to look at him, and Elder Archid and Earl Roger were all watching Li Tian.

After Li Tian was stunned for about a few seconds, he suddenly raised his unbelievable forehead and looked at Mary in front of him: "Since I was bitten by that vampire...how did I survive?"

"Mary, you saved me, right?" Li Tian in front of him suddenly looked at Mary and asked.

Mary suddenly felt like a knife and shook her head looking at Li Tian there.

"No, Li Tian, I didn't save you! It was you who mutated..." Mary looked at Li Tian and said.

When Li Tianyi heard the words "mutation", he felt a little stunned. He raised his horrified eyes and looked at Mary in front of him and said, "Mary, what do you mean?"

"What is mutation? Tell me, what is mutation?" Li Tian asked, looking at Mary madly at once.

When Li Tian went crazy, his whole body was already showing endless hostility...

Terrible energy hung over his body.

Then Mary couldn't bear to tell herself that Li Tian became a vampire! She was afraid that Li Tian could not accept it! Because now Li Tian still doesn't know why he came alive... He doesn't know what happened.

But seeing that Earl Roger saw his daughter's intentions, he said to Mary there, "Mary, tell him the truth! After all, he will know one day sooner or later!"

After Earl Roger said so, Mary bit her lip tightly there! Slowly raised his eyes and looked at Li Tian who was eager to know the answer.

"Li, when I tell you, I hope you don't get excited!"

Li Tian couldn't understand Mary's words, didn't understand what she meant, he just wanted to know the answer in his heart.

"Tell me, tell me, what happened to everything? Why did I mutate?" Li Tianjing asked.

Mary bit her lip fiercely, and then said all of a sudden, "Lee, you are no longer human! From the moment you were bitten by the corpse king Uris, you have changed... you are now a vampire. , It is precisely because you became a vampire that all you survived!" Mary finally told Li Tian the facts in front of her.

After Li Tian suddenly heard Mary say this, the whole person was stunned.

He raised those incredible eyes and said to Mary who was looking in front of him: "Mary, what are you talking about..."

"Mary, you are kidding me, right?"

"You said... I... I... became a vampire?" Li Tian was going crazy, and he looked at Mary before him with his eyes wide open.

But seeing that Mary's eyes were red, she didn't know how to explain to Li Tian.

"Li, I'm not kidding, it's a fact!"

"Lee, you have really become a vampire! You have become our kind!" Mary said.

When Li Tian heard this, the whole person was suddenly furious, and the horror that permeated him suddenly filled the whole room.

"Do not!"

"Do not!"

"impossible....."

"How could I become a \*\*\*\* vampire? No...you are lying to me...you are lying to me..." A roar came out of Li Tian's mouth.

Li Tian didn't believe it!

He really doesn't believe that he will become an evil vampire!

At this moment, Earl Roger suddenly stood up and faced Li Tian: "Don't you believe you are a vampire? Well, since you don't believe it, then I will show you this..."

As Count Roger said so, suddenly he took out a glass bottle full of blood from his hand.

Blood!

The real blood was in front of Li Tian.

When Li Tian saw the blood all of a sudden, he suddenly felt a terrible \*\*\*\* feeling in his eyes, and at the same time his throat became hungry... He seemed to want to rush to grab the blood, and then drink it. .

"Do you really want to drink it?"

"Drink blood?"

"Is there an uncontrollable thirst urge in your throat?" Earl Roger was there all of a sudden facing Li Tiandao.

Li Tian roared, and strongly resisted the hunger and thirst in his heart!

He wanted to drink, but he tried hard to endure himself.

How could it be like this? Why would I like to drink blood? Why is my throat so hungry and eager to drink the blood? Li Tian strongly held back the bloodthirsty desire in his heart, and asked himself in fear!

Could it be...

Could it be... I really became a vampire?

Am I no longer a human?

Li Tian suddenly felt ashamed!

"I...I... Am I really changed? I really become a vampire?" Li Tian suddenly raised his \*\*\*\*\* eyes and asked Mary who was looking in front of him.

Mary raised her head in pain, looking at poor Li Tian.

Finally she nodded and said: "Yes, Li Tian!"

"You have become a vampire!"

Listening to what Mary finally said, Li Tian suddenly laughed out of voice...

"Vampire? Vampire... Am I a vampire?"

His laughter is worse than crying. He laughed loudly, sadly and terribly.

Elder Archid, the Fire Girl, the Ice Girl, Roger and Mary all around were looking at Li Tian.

Just when they were all worried and looked at Li Tian, suddenly Li Tian was screaming like crazy.

Chapter 2136: The power of destruction

what! ! !

An endless roar roared out of his mouth.

The horrible cry seemed to shake the heavens... and at the same moment, his whole body burst out of unprecedented terrible hostility. It was extremely sad and terrible. It was a terrible energy that could destroy everything !

With the moment when Li Tian's madness burst into the room violently, the surrounding Earl Roger immediately protected Mary, who was closest to Li Tian, and then yelled: "Be careful, everyone!"

Then I saw Roger flew back holding Mary and back! The Fire Girl, Ice Girl, and Ka Suo were all stunned by the terrifying aura of Li Tian's body... and then they all retreated quickly! Even the Elder Alchid of the Torrido family saw Li Tian's terrifying aura suddenly burst open, his body flashed suddenly, and he swiftly swept outside the door!

With a booming explosion, the entire room was wiped out in ashes!

Terrible vigor!

Power to shock the world!

Although they all left the room safely, the terrible hostility still thumped everyone's hearts.

She was covered in dust, and she stared at the destroyed house in horror with her beautiful eyes, and said, "Oh my God, he is too powerful..."

"What is he? How could he be so powerful?"

What about the ice girl with frosty face in the past? At this moment, he also showed a horrified expression, looking at the destruction with his eyes open.

Elder Alchide frowned deeply... and muttered: "Fortunately, fortunately, this guy is our companion... If he becomes our enemy, it would be terrifying!!! "

And what about Roger and Mary? Fortunately, there is nothing serious.

After this violent explosion, the vampire knights of the Torrido family who heard the movement rushed to this side!

After a while, he saw dozens of heavily armed Torrido blood knights running quickly.

Seeing the elders and the Count Rogers standing outside the ruined room, all in a daze, not only was he taken aback.

"Elder, what happened?" The knights asked quickly.

But seeing Elder Alchid, he slowly turned his head, and said to the knights in front of him: "It's nothing...you all step back!"

As Elder Alcid said so, all the knights who ran over frowned depressed, and then all said, "Yes!"

Then they all retreated.

After the knights all retreated, only Elder Alchide turned his head worriedly, looking at Roger and Mary at this moment.

"Mary, the old man wants you to do me a favor!" Elder Alchide looked at Mary carefully there.

When Mary heard that the elder wanted to help herself, she was stunned. The elder wanted to help herself? No way? Did you hear me right? Mary was slightly horrified, but she hurriedly said, "Elder, please do not hesitate to order if you have anything..."

I saw Elder Alchid pause for a while and then said: "Mary, only you in the whole family are familiar with that guy!"

"Only you can explain everything to him! So I hope you must explain it to that guy..."

"Don't make him angry anymore...Don't let him hurt members of our family!"

Listening to what Elder Alchid said, Mary realized that this was what Elder Alchid wanted to help herself!

At the moment, he said: "Elder, please rest assured!"

"I will try my best to persuade Li Tian!"

When Elder Alchid heard Mary say this, he smiled and said, "It's so good!"

"Mary, all the hope of the family lies on you...!" Elder Alchide said last.

After finishing speaking, but seeing Elder Alchide glanced at the destroyed room, he frowned and said: "I'm leaving now!" With that said, Alchide turned and left without looking at that Li Tian stayed. It seemed that even he was jealous of Li Tian.

After Elder Alchid left, the Fire Girl and the Ice Girl of the Burren family, and Na Ka Suo also left silently at this moment!

Only Count Roger and Mary remained in the clearing.

Roger glanced at the ruins in front of him, then turned to look at Mary and said: "Mary, the task the elder has given you, you must complete it!"

"After all, this is about the fate of our entire family!"

Mary looked at Count Roger and said, "Dad, don't worry! I will definitely do my best."

"Yep!"

...

In the ruined room, dust was flying there.

I saw that Li Tian was sitting motionless with pain in the middle of a pile of rocks.

His body was trembling, and his pale face was full of endless pain.

His fists were clenched tightly there, as if he couldn't bear everything now.

At this moment, but seeing that Mary walked step by step from the ruins, she walked slowly to Li Tian's.

"Lee..." Mary called out softly.

What about Li Tian? As if not heard at all.

"Li, don't do this..." Mary in front of her continued to persuade Li Tian in front of her.

After Mary said so, Li Tian suddenly raised his \*\*\*\* eyes and stared at Mary in front of him.

Mary was startled by Li Tian's terrifying eyes... She felt fear.

After Li Tian lifted those \*\*\*\* eyes, he suddenly said: "Mary, I remember everything...I remember everything."

"Now, I just want to know, my father, my brothers, my lovers, where are they?"

"Do they know that I have become... a vampire?" Li Tian said suddenly in pain.

Mary's heart twitched, and she was also uncomfortable.

Looking at Li Tiandao: "Your father and your brothers are all in China!"

"They know about you being bitten, but they don't know how you mutated..."

Li Tian asked, "Where is this place?"

"Who are those people just now?"

Mary replied: "This is the territory of our family... The Forgotten Temple in the Twisted Forest!"

"The ones just now are members of our family..."

After Li Tian listened, he said, "They are your people? Then they are also vampires, right?"

Mary nodded silently and said, "Yes, all here are members of our Torrido family!"

After hearing Mary say this, Li Tian suddenly said: "I understand!"

"Li..." Mary called to Li Tian.

But what about Li Tian? Suddenly stretched out a hand to stop Mary, and then said: "Mary, thank you for taking care of me along the way. Now, I want to be alone..."

Chapter 2137: Curious Tia

When Li Tian said she wanted to be alone, Mary thought about it and didn't say anything. Looking at the painful Li Tian at the moment, she said slightly, "Okay!"

Then Mary left alone in silence!

Li Tian stayed there alone.

There was endless pain on his face, and his ugly face stayed there motionless.

"I have become a vampire?" Li Tian asked himself in agony.

His whole body was shaking with anger, and he seemed to be unable to accept this fact.

I don't know how long Li Tian stayed, suddenly his body suddenly stood up.

The house in front of him had been completely destroyed by him, and there were ruins all around. Li Tian didn't even glance at these ruins, turned and walked towards the innermost place.

There was a transparent mirror inside, and Li Tian walked over step by step after seeing the mirror.

After arriving in front of the mirror, he saw himself and his mutated self.

The pale face, without any blood, the pupils became bloodthirsty and terrifying... The hair and eyebrows seemed to have completely transformed, and the whole person was no longer the same human Li Tian anyway.

"Is this me?" Li Tian looked at himself in the mirror, and was stunned at the moment.

The face of a vampire!

It's exactly the same as the previous Gangelo family and the Marys...

Suddenly Li Tian stretched out a hand to touch his face. The moment he touched his face, he felt that his face was so cold, there was no temperature at all, just like ice cubes.

His hands are as cold as body temperature...

what! ! !

A painful cry came out from Li Tian's mouth.

"No, no, no..." The roar has completely swallowed his sanity.

He couldn't stand his current appearance, couldn't stand the fact that he became a vampire, and suddenly a fist came out with endless energy!

boom

With a bang, a thunderous iron fist slammed on the glass mirror in front of him.

The huge glass mirror was smashed directly by Li Tian's fist, and even the hard wall behind was smashed into it deeply, and the surroundings looked like an earthquake.

The glass mirrors were all broken.

The blood on Li Tian's fist was scratched by the glass and it was astonishingly black. Looking at the black blood on the trembling fist, Li Tian suddenly sat on the ground limply.

Suddenly he laughed bitterly.

A miserable sorrowful laughter rang throughout the room.

...

"I heard that the guy with the blood of the Gangelo family woke up?" The vampires of the Toredo family in the Forgotten Temple were talking about Li Tian there.

"Really? Really?" Some other vampires who didn't know the situation asked in horror.

"Yes."

"Just now, I heard that the elders and members of the Buren family have all gone to visit that guy."

"Huh? Even the elder went to visit that guy?"

"Of course, don't forget, he is the savior of our Torrido family! Think about it, can our elders not visit him?"

"makes sense!"

"I hope the rumors are true, and I hope that guy can really lead our Torrido family to avoid this terrible disaster!"

I saw that the vampires of the Torrido family were all talking about each other.

While they were talking, Ron and Tia here could hear them clearly.

"Brother, they're saying that the guy named Li woke up...really?" Tia was quite curious about Li Tian now, and asked Ron who couldn't help but look in front of him.

Ron said, "Since they all said that, it must be that guy who woke up."

"Brother, can I go and see that guy?" Tia suddenly looked at Ron and said.

Ron was taken aback, looking at the red-haired, charming Tia said: "Tia, why are you going to see him?"

Tia chuckled, and a pair of shallow dimples appeared on Qiao Nen's face and said, "Why not do it, I just feel curious..."

Hearing Tia's words, Ron in front of him said, "No! You can't go... That guy doesn't know who we are. I'm afraid you might be in danger if you go. After all, there is Gangero flowing in his body. The blood of family beasts."

Hearing Ron's words like this, Tia suddenly pursed the little red cherry mouth and said displeasely: "Brother, you always control me so harshly!"

"I just want to visit people in the past... Besides, there are so many Torrido family members guarding them... No matter what, I won't have any trouble..." Tia said displeasely.

Listening to the words of Tia in front of him, Ron slowly turned his face, then looked at his sister.

Since their parents died, Ron and Tia have been dependent on each other.

For so many years, Ron has been carrying the burden of his parents, protecting Tia, and restricting a lot of Tia's freedom. Thinking of this in his heart, Ron not only blames himself.

He looked at his grown-up sister, thought about it, and finally looked at Tia and said, "Tia, do you really want to see that guy?"

When Tia heard her brother's mouth softened, she said with excitement, "Of course, brother."

"Well, since you want to go, my brother will let you go! But you have to promise me that you must take good care of yourself... Don't get too close to that guy! You know?" Ron still didn't. Don't worry about that.

When Nadia heard what her brother said, she said happily at the moment: "Brother, I absolutely promise you! You can rest assured..."

Looking at the excited sister in front of him, Ron stretched out his hand and gently scratched Nadia's nose, and said, "Then you go..."

"Remember, take care of yourself and come back soon." Ron said.

Nadia was like a wild horse running off the rein. At this moment, she ran towards the place where Li Tian lived, and said, "Brother, I know."

Watching Tia leave, Ron looked back slowly.

However, Nadia was 10,000 curious about Li Tian!

Although it was the first time that she was born, she had listened to her brother and the elders of Pope Sun talked a lot about the blood family, but she had never heard of Li Tian like this!

She was full of doubts about Li Tian, especially curious about Li Tian's extremely high martial arts, so she now wants to see Li Tian to see what kind of "vampire" he is.

Chapter 2138: Tia's words

Tia quickly reached the place where Li Tian lived, and when she arrived here, she was stunned.

Because she saw that the room where Li Tian had lived was completely destroyed! And to a degree, it seems to have just been destroyed.

Looking at the ruins of the room in front of him, Nadia was suddenly depressed.

He muttered in horror, "How could this be? What about them?"

"Why did that guy's room become a pile of ruins?"

"Oh my God, could it be that he died?" Mary twitched at the thought of Li Tian's death.

Then I saw Mary walking towards the ruined room in front of her step by step.

Everything in front of her was ruined, and the room was even more ruined. Just when Nadia was curious, suddenly she heard a bleak laugh in her ears.

The voice seemed to be crying, and it seemed to be laughing... I only felt panic in people's ears.

When Nadia heard the trembling sound all of a sudden, she was stunned!

"What sound?" Tia said in horror.

Just listen to the sound coming from inside the ruins, desolate and miserable...

Tia blinked her beautiful eyes and glanced at the place in front of her. He hesitated for a moment if she wanted to go there. After Tia hesitated for about a minute, she finally decided to go over and take a look at the situation.

Tia walked towards this side step by step, and the more he walked here, the more miserable laughter he could hear.

Just after Tia came over in amazement, her beautiful eyes saw a man curled up in a corner.

He smiled sorrowfully, the ground around him was full of cracked glass... There was a wall of potholes smashed into a deep fist in front of him.

The moment Tia saw his figure, she was stunned!

"Is it him?" Tia suddenly recognized Li Tian from the back.

Just when Tia recognized it, Li Tian suddenly noticed a movement, and then his tragic laughter suddenly stopped.

Suddenly, Li Tian turned his pale and terrifying face in amazement.

The bloodthirsty and cruel pupils stared at Tia in front of him without blinking.

But what about Nadia? At the moment when Li Tian looked at her with such terrible pupils, her whole body couldn't help but shiver. No way, Li Tian's eyes were too \*\*\*\* and terrifying.

"Who are you?" Just when Tia felt cold all over, Li Tian asked coldly from his mouth.

Following Li Tian's question, Nadia couldn't help taking a step back. She was afraid! She has an inexplicable fear of Li Tian.

"I...I..." Tia gaped at this moment, looking at Li Tian not knowing how to answer herself.

I saw Li Tian slowly standing up straight, and the ferocious intentions all over his body slowly wrapped towards Tia in front of him.

Tia's pretty face was so scared that she couldn't help being pale, and her footsteps began to recede... She suddenly regretted that she shouldn't have come to this guy rashly... She regretted not listening to her brother.

Just when Tia felt dangerous and afraid, Li Tian suddenly spoke.

"Are you a human?" Suddenly an incredible word came out of Li Tian's mouth.

At the moment when he said it, he could clearly feel that Li Tian's fierceness had begun to slowly fade.

When Nadia heard that Li Tian actually recognized that she was a human, she nodded and said, "Yes, I am a human..."

"You turned out to be a human?"

"There are still humans here?" Li Tian suddenly felt incredibly incredible, and swept over to Nadia's side.

Tia stepped back subconsciously, staring at Li Tian with a nervous face, and said in fear, "You, what are you doing?" Tia said in fear with a face full of fear.

But seeing Li Tian approaching Mary in front of him step by step, there was a light of surprise in his eyes, as if meeting human Li Tian in a place like the Torrido family felt strange.

"Why do you get to such a place? Why do you humans come here? Don't you fear vampires?" Li Tian asked in shock.

But seeing that Nadia heard Li Tian say this, her beautiful eyes wrinkled slightly, and her heart was secretly lining: It seems that this guy doesn't know what he and his brother do.

After thinking about it, Tia cautiously said to Li Tiandao who was looking in front of him: "We are not afraid of vampires..."

"Because we specialize in hunting vampires." Tia said.

In Tia's words, Li Tian was even more depressed.

"What? Hunting vampires?"

Tia said: "Yes, we are hunters. We have been engaged in hunting and killing vampires since ancient times."

Listening to Tia's words, Li Tian was half-believing, looking at Tia in front of him.

"Really? Then you are here to hunt vampires?" Li Tian asked.

But seeing Nadia thought for a while, nodded and said: "Theoretically yes."

"Then are you trying to kill me now?" Li Tian's voice suddenly became cold.

Because now Li Tian is a vampire, and suddenly saw a self-proclaimed hunter standing in front of him, can there be other reasons besides this?

When Li Tian said this coldly, Nadia was slightly startled, and then hurriedly said: "No, no, you misunderstood."

"I'm not here to hunt you, I'm here to see you." Tia said.

Li Tian heard Tia say this and asked curiously: "Did not hunt me? Look at me?"

"Yes." Tia said.

"I don't understand your words more and more." Li Tian looked at him there.

As Li Tian said this, Nadia said depressedly: "Oh, this is troublesome to talk about anyway. This is the case. Although we have been hunting vampires since ancient times, we only deal with those who harm humans. Vampires, such as the Gangelo family, such as the Black Vampire family... But the Torrido family is different. They are in an alliance and are good vampires. They never harm humans... So we will not be with Torrido when we get here. The vampires of the family are enemies."

"Moreover, my brother and I stay here because the elders of the Torrido family personally asked us to help their family through this \*\*\*\*\* disaster. We are here to help. I said that, you understand. No?" Tia looked at Li Tiandao.

After Tia said that, of course Li Tian could hear clearly.

help? The disaster of the blood family?

Although Li Tian just knew all this, but basically Li Tian has almost understood the causes and consequences of everything!

After thinking about it, Li Tian looked at Nadia and asked, "I understand!"

"It seems that you are the helpers invited by the Torrido family, right?" Li Tiandao.

Chapter 2139: Fear is coming

Nadia smiled and said, "Yes!"

"I want to ask, what happened to the Torrido family? What is the catastrophe coming?" Li Tian asked.

But seeing that Nadia took a moment to look at Li Tian in surprise and said: "You, don't you know?"

Li Tiandao: "I just woke up, of course I don't know."

When Nadia heard Li Tian say this, she said, "Well, let me tell you!"

"The blood clan is now experiencing the most serious crisis in a thousand years. The dark clan has risen again, and the Justice League has been slaughtered... Now, among the four justice leagues, there are only the Torrido family and the sparsely staffed Brun family. Supporting that, once the Torrido family is destroyed again, the blood family will fall into darkness forever... and we humans will suffer great damage!"

After Tia said this, Li Tian was shocked!

"So serious?" Li Tian asked in horror.

But seeing Nadia nodded silently.

"The dark clan of the blood family? Could it be the Gangaluo family?" When Li Tian in front of him mentioned the Gangaluo family, endless flames of anger emerged from his body.

His eyes were filled with endless \*\*\*\* hostility at this moment.

But seeing Nadia said: "Yes!"

"Now not only is the Nagangro family eyeing the Tored family, but even the Black Lap clan that has been silent for thousands of years is reappearing in the world. The most frightening thing is that the Black Lap clan has already reached an alliance with the Gangluo family... ..They are now ready to attack Torrido." Tia said.

"Heiyi tribe?" Li Tian heard about the blood tribe for the first time.

"Well, yes, the Heiyi tribe is a group of extremely ugly and disgusting terrible vampires! They live in dark corners and always slaughter humans." Tia said.

Listening to Tia's words, Li Tian has roughly understood what happened to the blood clan.

And I basically understood why the vampires of the entire Torrido family all showed nervous expressions. It turned out that everything was like this.

"Thank you for telling me this." Li Tian finally looked at Nadia and said.

Tia smiled slightly. Just now she saw Li Tian's nervousness and fear, and it was gone at this moment. She felt that Li Tian was not as scary as she thought.

"you are welcome!"

"This time the blood race, you still need to save the whole righteous blood race." Tia smiled to Li Tiandao.

Li Tianyi heard Nadia say this, and was stunned there.

"I?"

"I save their blood?" Li Tian felt that Tia was joking.

But seeing Nadia blinked a pair of beautiful eyes and looked at Li Tiandao curiously: "Don't you know that you are the savior of the entire blood clan?"

"What? Savior?" Li Tian in front of him was completely depressed, because he didn't know what Tia was talking about.

Tia looked at Li Tian with a surprised face in front of him, and thought for a while to secretly add: It seems that he really doesn't know anything!

"Miss, you tell me clearly... what savior? What helps their blood? I can't understand a word." Li Tian asked depressed.

Nadia said: "My name is Tia!"

Li Tian heard Tia say this, and at this moment said helplessly: "Then...Miss Tia, please tell me something."

When Nadia heard Li Tian calling her name, she smiled sweetly, showing a pair of dimples on her beautiful pretty face, and then said: "Well, since you don't know anything, then I will all Let me tell you."

"Among the Burren family, there is a legend who can see through the future and the past. His name is Caso. His pupils are the strangest pupils of time in the world. It is his eyes that see In the future, after seeing the blood clan, he saw you in the pupil of time, and you are the prophet of their blood clan and the savior of the whole blood clan at the same time!"

"Only you can lead the entire blood clan to escape this disaster, and only you can save their blood clan." Tia said in front of him.

After Tia said so, Li Tian was completely stunned.

"See me?"

"I am the savior of their blood family? Miss Tia, are you not kidding?" Li Tian felt that Na Tia was joking! Because Li Tian didn't believe this fact at all!

Nadia said, "How could I be joking?"

"You are now the savior of the Torrido family! If you don't believe it, you can ask any member of their family to ask about it." Tia said.

After hearing Tia say this, Li Tian was stunned.

"The savior of the blood? Me? God, what an incredible thing this is?"

"Did they make a mistake?" Li Tian thought there in horror.

He himself is not willing to go with vampires, but now he wants him to come forward to save the entire blood family,? How can this make Li Tian happy in front of me?

So Li Tian was deeply depressed there at once.

He was dull, looking back at everything with his head down.

What about Nadia? Seeing Li Tian not speaking, he glanced at him, and suddenly asked, "Hey, can you tell me your name?"

Li Tian slowly raised his head: "My name is Li Tian."

"Oh, Li Tian..." Nadia muttered Li Tian's name, with a happy expression on her face.

"By the way, I heard that you were also human just like us before, right?" Tia suddenly looked at Li Tian and asked.

After Tia asked this all of a sudden, Li Tian suddenly showed a very sad expression on his face!

He doesn't want to be a \*\*\*\*\* vampire, he wants to be a human...He still has so many brothers, lovers!

After Nadia saw his own question, when Li Tian's face became so ugly, he couldn't help but say, "Sorry, I asked the wrong thing."

But seeing Li Tian with a look of sadness in his eyes said blankly: "No, it's okay."

"I was indeed a human before..."

"It's just that I have changed now...become this \*\*\*\*\* appearance!" Li Tian hated.

Nadia looked at Li Tian, who was full of pain at this moment, not only full of sympathy and compassion.

"Don't worry, I believe you will become human one day." Tia was there to comfort Li Tiandao.

"Return to human?" Li Tian suddenly showed a bitter smile.

Can it really become human? He muttered to himself.

"It's getting late, I have to go back, or my brother will be anxious and worried." Tia in front of him faced Li Tiandao.

Li Tian did not speak.

Nadia said: "Goodbye..."

After talking about Tia, he turned and left. What about Li Tian? But standing there in a daze.

Dark clouds rolled over the dark sky, and a terrible darkness surging from the eastern region of the twisted forest was attacking the Toredo family's lair: the Temple of Forgotten.

Chapter 2140: Before the war

"No, they are here! They are already near the Torrido family!" In the Temple of Forgotten, but seeing that blind man Caso was sitting there, he suddenly showed a panic expression in that voice. Said tremblingly.

The Fire Girl and the Ice Girl next to him, after hearing the words of the prophet Caso, couldn't help but stunned for a moment. They bounced from their seats very quickly, walked to the side of Caso, and asked in surprise: "What's the matter? Caso?"

But seeing that Ka Suo's pale face was twitching there, his eyes wearing black sunglasses looked at the darkness in the distance, and his mouth murmured: "Heiyi tribe, those monsters of Heiyi tribe coming!"

what!

When he heard what Caso said in front of him, the faces of the fire girl and the ice girl in front of them showed shocked expressions.

"Caso, did you see it? Did you see the terrible cruel guys coming?" The flame girl in front of her questioned.

But seeing Caso silently nodded and said: "Yes!"

"I saw blood and fire, destruction and killing!"

"Quick, quick, go and inform Elder Alchid so that he can prepare for everything! The war has begun!" Caso hissed in front of him, shouting.

After hearing Ka Suo's words, the fire girl in front of her suddenly said: "Okay, I will notify them now!"

After speaking, she saw Huo Nui's beautiful body and flew out of the room in front of her very quickly, then walked through two corridors, and walked directly towards the central hall of the Forgotten Temple.

In the center of the Forgotten Temple, several guarding knights of the Torrido family, when they saw Fire Girl rushing to this side in such anxious way, they couldn't help but be puzzled: what happened to this beauty? Why are you so anxious?

Of course they would not know that a terrible disaster was about to fall on them.

The Fire Girl had arrived outside the hall of the Forgotten Temple at this moment.

In the empty and magnificent hall of the Forgotten Temple, I saw Elder Archid discussing matters with Lord Roger.

"Elder Alcid...it's not good...the darkness is coming!" Before the flame girl came in, the voice came in first.

Following her words, she saw that a Naruto of her delicate body had flew in.

Elder Alchide, who was discussing with Lord Roger in the hall of the Forgotten Temple, frowned slightly when he heard the fire girl rushing in such a hurry, and then raised his eyes. Looking at the Huo Girl in front of him, "Huo Girl, what's the matter? What happened?"

But seeing that fire girl's face was nervous and said eagerly: "They are here! They are already near the twisted forest..."

"Caso saw it, and Caso used the pupil of time to see the cruel guys coming!"

Following the words of the fire girl in front of her, Elder Alchide "Huo" suddenly stood up from her seat in shock.

"what?"

"Heiyi tribe? And the beasts of Gangluo family?" Elder Archid asked in surprise.

But seeing the fire woman said: "Yes, elder!"

"Caso asked me to inform the elders, please prepare for all defenses as soon as possible!" Fire Woman said.

Elder Alchid's face was extremely ugly, he never expected that the terrifying Blackyc tribe and the beasts of the Gangluo family would come so fast! It's completely beyond their previous imagination...

According to common sense, it is absolutely impossible for the Heiyi clan and Gangluo clan to come so quickly!

"It seems that the war is really about to begin." Elder Alchid murmured.

After he said such a sentence, he immediately turned his head and said to Lord Roger beside him: "Roger!"

"Subordinates are here!" The Count Roger in front of him listened to the order!

"I order you to immediately summon all the members of our family to defend against... and send members to the Twisted Forest quickly... to prevent the cruel Black Lac people from approaching our Forgotten Temple!" Elder Archid first Time ordered.

After Elder Alchid ordered, Earl Roger in front of him said loudly: "Yes!"

Then he stepped back quickly and executed the order.

And what about Elder Alchid? The face at the moment was really ugly, he frowned deeply there, pacing back and forth in the hall.

Suddenly he turned his head and looked at the Fire Girl in front of him and asked, "Huo Girl, did Mr. Caso tell us how to defend this time? How can I resist the opponent's attack?"

The fire girl shook her head depressedly: "Caso didn't say it!"

Elder Alchide not only sighed deeply after hearing the fire girl say so.

"Forget it, I hope this time, our family can resist the attack of those demons!" Elder Alchid sighed deeply at last.

...

Disaster is about to come, and war is about to begin.

When Earl Roger told the members of the Toledo family all the things in accordance with Elder Alchid, the vampire members of the entire Toledo family panicked one by one, and they were all there with fear. The faces gathered.

"The war is coming... the Black Yap Clan, and the dead knights of the Gangelo family are coming soon!" Some frightened members of the Torrido family said in a frightened voice among the crowd.

"How to do?"

"Can our family resist it?" Some scared guys began to show timid eyes.

"Even if you die, you must guard the family, guard the righteous place of the blood race!" the brave family member roared there.

"By the way, didn't the prophet of the Burren family say that the kid named Li is the savior of our family? Isn't he able to save our lives?" The members of the Toredo family don't know that. The guy suddenly said something.

After he said this, the vampires suddenly understood.

"Yes! The savior... let the savior come out... help us resist the invasion of darkness together!"

"Yes, let that guy come out and save us!"

"Savior, savior!"

Suddenly there was a roaring cry on the court!

They want Li Tian to stand up and help them!

But will Li Tian stand up? Will it really help the vampires he once hated? No one knows.

...

"Luo Lie, I want you to immediately take 20 family knights to the Twisted Forest, and then deploy tight defenses to prevent the invasion of darkness!"

"Once you notice any movement, kill it, don't leave one." In the room of Count Roger, all the crowded members of the Torrido family were more powerful.

Among them were Luo Lie, the Iron Hand, Catherine the Black Widow, and five guard knights trained by Count Roger himself.

And now Earl Roger is also giving orders to his men.

Na Luolie is majestic and burly, standing there like a mountain, after hearing the order of Lord Roger, said: "Yes!"
