

A Killer 2151

Chapter 2151: Caso's Prophecy

As the fire girl said so, Li Tian's face suddenly showed endless pain.

"No! I will never be like you... I won't become a ***** vampire." Li Tian suddenly exasperated.

It seems that Li Tian can't accept his identity as a vampire now.

The fire girl saw Li Tian's painful expression and continued to say: "Although you are unwilling to accept it, the fact is the truth after all! You can't change or avoid it."

Listening to Huo Nu's words like this, Li Tian's anger increased sharply! The murderous aura was also showing there.

The Fire Girl was not afraid of this, she continued to stand there and said: "Although you hate us vampires, but I also want to tell you that both human beings and us vampires are divided into likes and dislikes, and we are the so-called good Part of the vampire!"

"Now our Justice League is being invaded by darkness. If you still have a conscience and humanity, I hope you can recognize your identity and help us deal with darkness and evil together. I hope you can stand in justice. On the one hand, because we are also fighting for justice, fighting for the survival of your humanity!"

Following Huo Nu's words, Li Tian's hostility slowly began to diminish, as if he had understood something.

"I have already said everything...The rest depends on how you choose..."

After Huo Nuo finished her last sentence, she saw Huo Nuo really slowly turned around and left alone, leaving Li Tian to stay there silently.

After the fire girl came over, the ice girl glanced at her.

"How is it?" Three cold words came out from Bing Nu's mouth.

But seeing Huo Nu frowned and said: "Hey... that guy still can't recognize his identity! He is still immersed in the pain of being a vampire..."

"I guess it's that Ka Suo's prediction was wrong? Isn't he really the savior of our blood?" The Fire Girl said slightly.

It seems that the fire girl now has a huge suspicion of Li Tian!

After all, the crisis is now getting closer... It is very likely that the Torrido family's second line of defense will not be able to defend tonight! As long as the second line of defense is breached, then the entire Torrido family is truly finished.

After Huo Nuo's words, the Ice Girl in front of her slowly raised her cold eyes, then glanced at Li Tian, without saying anything, and turned away.

...

After the fire girl and the ice girl left, they saw two big beauties quickly walking in the direction of the Forgotten Temple.

After entering the Forgotten Temple, I saw Ice Girl and Fire Girl walking directly to the room on the right.

What lived on the right side was Caso who had the pupil of time.

What are the two sisters doing here at Caso?

"Ka Suo... Ka Suo!" You can hear the displeased voice of Fire Girl from afar.

Caso, who was sitting quietly in the room with a pair of heavy sunglasses slung on his face, heard the voice of Firewoman, his thick eyebrows wrinkled slightly, and then he heard the door being slammed. Pushed away rudely.

"Caso, is your pupil of time accurate or not? Are you sure that the guy with the surname Li is the savior of our blood family?" But seeing the fire woman came in, she furiously said to Caso Dao in front of her. .

Her two hands were on Xiaoman's waist, and she looked angry and cute.

The ice girl by her side followed Huo Nu, still cold and frosty.

However, after hearing what Huo Nu said, Ka Suo showed a slight smile at the corner of his mouth, and then said: "What's the matter, Huo Nu? Why is his whole body so angry?"

The fire girl heard Caso in front of her as if she was okay, she became even more angry right now, and said with her waist akimbo, "I am so angry?"

"I'm telling you, the Torrido family will soon be unable to hold it!"

"Do you know? Their second line of defense is about to collapse. Once it collapses, the entire Torrido family is really over... If it wasn't for the ice girl and I to help out, I'm afraid the Torrido family The second line of defense has already been broken!" The Fire Girl in front of her said angrily.

As the fire girl said this, Ka Suo smiled slightly and said, "Isn't that already held now?"

When the fire girl heard Caso say so, she almost jumped up.

"You guy... how can you say that?"

"Don't our two sisters care about the Torrido family?"

Na Ka Suo had no words, just smiled there.

"Didn't you say that Li is the savior of our blood clan? Does he have the ability to save our blood clan? How come the guy surnamed Li has no reaction at all, and he still hates our blood clan!" Huo Nu angrily rebuked.

But see Naka Ropeway: "What should come will always come, and what should happen will always happen!"

"Fire Girl, Ice Girl, you two sisters, remember not to worry!"

"That he hasn't arrived yet!"

Listening to Caso's words, the fire girl in front of her said angrily: "Isn't the time yet? Damn...Is it all like this now? Isn't the time yet?"

"Are you going to let the Torrido family all perish...that guy with the surname Li is willing to help?"
The Fire Woman asked.

Cassuo said: "Huo Girl, it's useless for you to be anxious now... This blood disaster has already been revealed in the prophecy..."

"Hey, you have to know, there are some things that can't be avoided..."

Hearing what Caso said, Huo Nu was really depressed!

She doesn't understand Caso now, because she already feels that Li Tiannai's identity as the savior of the blood clan is a bit unreliable...

Just as the fire girl continued to reason with Caso in front of her, she saw that Caso's sitting body shook violently, and his face became extremely ugly in an instant.

Although the fire girl was depressed, she couldn't help but stunned when she saw the weird changes of the blind Caso. She hurried forward and looked at Caso and asked, "Caso, what's wrong with you?"

The fire girl just exited, but when she saw that Ka Suo suddenly said in a cold voice: "Don't talk...Don't make any noise!"

After Ka Suo said coldly, the flame girl in front of her suddenly didn't dare to speak again.

Both she and the ice girl in front of her looked at Caso at this moment with extremely suspicious eyes.

But what about Caso? His face was extremely ugly, as if he had foreseen something extremely bad, and his body was trembling slightly.

Suddenly one of his trembling hands took off the heavy sunglasses on his face.

At the moment he took it off, his eyes with the pupil of time appeared in the eyes of the ice girl and the fire girl.

Chapter 2152: Terrible comer

But seeing that his pupil of time is so weird, there are all black pupils in his eyes, and there are two weird brown blind spots in the middle of the black pupil!

At this moment, his pupils were turning violently... as if watching something terrible.

The ice girl and the fire girl stood by and no one spoke!

Because they all know that Caso is using his pupil of time.

What did his pupil of time see? Why is Caso's face so ugly? Did his eyes see something that shouldn't be seen?

At this moment, the beautiful eyes of the ice girl and the fire girl are all placed on the face of Na Ka Suo.

But seeing that Caso was trembling all over, his black pupils were spinning violently...

Turning, turning, and suddenly Caso saw something. In the illusion, he saw a snake covered with piebald, a very long and weird snake, the snake's head was triangular, and it had cruel eyes. Staring

in front of that, the poison core in his mouth hissed, twisting his body and moving forward step by step...

After seeing the big piebald snake in his eyes, Caso trembled all over his body, and then he saw a strange situation in his eyes. He saw a man enveloped in death. , The man's hair was white, his face was cold and dry, and his eyes didn't have any human characteristics...Standing there, there was a dark air in the man's right hand...that weird The gas is filled with a breath of death... His people walked there, and there seemed to be in a state of withering...

"They are here... they are here!" A terrible roar suddenly came out from Caso's mouth in horror.

After saying this, Na Ka Suo suddenly began to have severe pain in his pupils.

Ah... With a painful cry, Ka Suo tightly covered his pupil of time with both hands.

"Caso, what's the matter with you?"

"Caso, what happened?" But seeing the fire girl and the ice girl in front of them, asked in unison with concern.

The current Ice Girl and Fire Girl didn't know what Ka Suo saw with the Eye of Time, so the two of them couldn't help but ask in surprise.

As the two women said this, they saw Ka Suo tightly clutching his painful eyes and moaning slightly in his mouth.

His body is still shaking uncontrollably!

This situation lasted for a few minutes, but only after seeing Ka Suo calmed down...

It was just that his face was pale and ugly, as if something terrible was about to happen.

As Caso calmed down, he took a breath, and said, "Ice Girl, Fire Girl, they are here... They betrayed the Brun family..."

The Burren family? It's the families of Ice Girl and Fire Girl, families with supernatural powers!

Who? Who betrayed the Buren family? Is it also an ability person?

After hearing the words of Caso in front of him in amazement, he saw that the fire girl and the ice girl were there together and asked, "Who? Who is here?"

"Caso, who do you say betrayed our Buren family?" The ice girl in front of her couldn't help but asked in confusion.

After the ice girl and the fire girl asked, Na Caso replied: "The big snake girl, and the breath of death: Antonio!"

When Ka Suo suddenly said two weird and weird names, the fire girl and the ice girl were both stunned!

what?

"Snake Girl? Breath of Death: Antonio is still alive? Impossible..." The Fire Girl and the Ice Girl in front of them were shocked when they heard what Caso said.

The big snake girl?

Breath of Death: Antonio?

What is the origin of these two guys? Why do the Fire Girl and the Ice Girl say they died before?

It turns out that the snake girl still has the breath of death: Antonio are all former members of the Brun family, and of course they are also supernatural beings, but the snake girl has the breath of death: Antonio, the temperament is extremely cruel, they **** human blood, Regard humans as low-level creatures... So in a long time ago, the snake girl still has the breath of death: Antonio has been expelled from the Brun family. It is said that 600 years ago, these two cruel vampires were in Eastern Europe. When I met a hunter from the Sun Cult, I was killed...More than 600 years have passed, and this big snake girl still has the breath of death: Antonio seems to have disappeared forever, never showing up again... Thinking that after nearly 600 years have passed, the big snake girl and Antonio have appeared again? And they are also on the side of evil, on the side of the Heiyi tribe and the Gangelo family.

But seeing that Caso said with an ugly face, "Oh my God, I didn't expect the two cruel guys to be alive!!!"

The fire girl and the ice girl widened their eyes and said: "Caso, can you see clearly? Are they really alive? Are they really on the side of the Heiyi Clan?"

But see the cableway: "There is absolutely nothing wrong!"

"It's really bad this time!"

"Damn, these two terrible guys are here..." Caso said with a depressed face in front of him.

The big snake girl, and the breath of death: Antonio is indeed terrifying!

These two terrifying guys are senior vampires who have lived for nearly a thousand years... and Caso has the fire girl and the ice girl. They only have a few hundred years of strength, so it is impossible to have the breath of death with the big snake girl. Antonio is a level!

And now those two terrifying guys are here... Besides, there are many members of the Black Lap clan in the Twisted Forest, and the terrifying characters from the Gangelo family behind have not yet arrived...

Can the little Torrido family in front of you really withstand this disaster?

"Caso, the snake girl and the breath of death, has Antonio already arrived here?" Only the fire girl asked in shock.

Caso nodded with an ugly face, "Yes."

"They have come!"

Fire Girl said: "What can I do?"

"If those two terrible guys, together with the members of the Black Yap clan, the Torrido family will not be able to withstand this catastrophe anyway." The Fire Woman said in front of her.

But seeing that Ka Suo was silent.

He didn't know what to do now. After he was silent for 2 minutes, he saw Caso slowly lift up his ugly face, and slowly said: "There is only one hope now. ...That's the guy named Li!"

"I hope he can help as soon as possible!"

The only hope!

Will Li Tian make a move? Can you fight the evil vampires even if you shoot? Who knows?

Chapter 2153: Leader of the Black Lap

"Fire Lady, you will inform the Count Roger of this terrible news as soon as possible...let him pay attention to the big snake girl and the breath of death Antonio!" Caso hurriedly faced the fire woman. .

After Ka Suo said this, the fire girl immediately said there: "Okay, I will go and inform the Count Roger and them!"

"it is good!"

After speaking, but seeing the fire girl rushed out very quickly!

She wanted to quickly notify Lord Roger and the members of the Torrido family of the terrible situation seen by the pupil of time used by Ka Suo.

...

After a while, she saw that the fire girl had found Count Roger.

After seeing Earl Roger, Fire Lady immediately shouted there and said: "Earl Roger, something has happened..."

After hearing the voice of Fire Lady, Count Roger turned his head suddenly, looked at Fire Lady with a panic face in surprise and asked, "Miss Fire Lady, what's wrong?"

But seeing the fire girl hurriedly said to Earl Roger: "Two extremely terrifying characters are here..."

As soon as Count Roger heard what Fire Lady said, he frowned and asked, "Miss Fire Lady, what do you mean? What two terrible characters?"

But seeing the fire girl opened her mouth: "The big snake girl, and the breath of death: Antonio, they are here..."

"Moreover, these two cruel guys are currently on the dark side, and they are on the same line with the members of the Heiyi clan."

With the words of the fire girl, Earl Roger's eyes suddenly widened!

"What? Big Snake? Antonio?" Count Roger said in shock.

He seems to know the big snake girl and Antonio's name! Of course Count Roger knows, because Count Roger is also a predecessor vampire who has survived for nearly 1300 years...so he certainly knows the former exile of the Brun family, the Serpent, and Antonio.

It's just that Count Roger didn't expect them to be alive. At this moment, he said in shock, "They...they...are still alive? Didn't they have died hundreds of years ago?"

So the fire girl uttered the words of Na Ka Suo just now.

Count Roger was stunned for an instant when he heard it!

"Oh my God... how could this be?"

"Those two terrible guys actually joined the dark Gangelo family..."

Amidst the horror of Count Roger, the younger generation of knights behind him looked at Count Roger in puzzlement and said: "Earl Roger, the big snake girl and Antonio are What role?"

"Why have we never heard of them?"

But seeing that Earl Roger sighed deeply: "Of course you won't know about them! Because they have disappeared hundreds of years ago... I didn't expect these two extremely cruel and terrifying guys to be even now. The world has reappeared."

"Earl Roger, is the girl named Big Snake and Antonio very good?" The knights all asked curiously.

There was a bitter smile on the corner of Roger's mouth!

In my heart, I thought of the third blood holy war, the big snake girl and the terrifying ability of the breath of death Antonio... Now his scalp is still a little numb!

Those two guys have terrifying abilities!

Their abilities are beyond their imagination, so even Count Roger has a look of fear on his face.

"They are more than powerful... they are inhumane!"

"Wherever you go, leave no grass, everything will be destroyed by their two terrible guys." Roger Earl said.

Listening to Count Roger saying this all at once, but seeing the knights behind him were all stunned there.

Their eyes widened, you look at me, I look at you, their faces full of horror...

"Earl Roger, Caso asked me to inform you. Hurry up and inform your subordinates of this news...let them be careful that the snake girl has the breath of death Antonio!" The Fire Girl finally said.

Count Roger nodded slowly and said, "Okay!"

Then the fire girl left, leaving only Earl Roger standing in front of her with a confused look.

...

Besides, when the Fire Girl and Count Roger just said that the big snake girl still had the breath of death Antonio, no one stood in the corner of the Forgotten Temple without seeing a figure, listening carefully to their speech. !

Although the distance is far away, his ear power has reached an incredible level. He actually listened to all the conversations between Fire Girl and Earl Roger clearly in his ears.

Look carefully, who is he? Who is eavesdropping on the conversation between the fire girl and Count Roger?

Li Tian!

It turned out that Li Tian was "eavesdropping" there.

In fact, Li Tian is not eavesdropping, it is truly unintentional. Originally, Li Tian's internal abilities are extremely high, and his ears are excellent. In addition, after he mutated into a vampire, his hearing ability is greatly improved, so even Li Tian I didn't want to listen, but I happened to hear it.

When Li Tian heard about the "Snake Girl" and the name "Breath of Death: Antonio", Li Tian frowned slightly, and couldn't help but lining up in his heart: the two they said in their mouths What the **** is this guy?

Of course Li Tian would not know about the blood race! He has just become a vampire now, how can he know about the blood family?

However, all of this is irrelevant to the current Li Tian!

He doesn't want to participate in this blood race!

After thinking about it, Li Tian left here.

...

To the east of the Twisted Forest is the area occupied by the Heiyi tribe!

Now in the entire dark twisted forest, the vampires of the Black Yap tribe have already occupied half of the territory, and the remaining territory is the second line of defense guarded by the Torrido family, and the Forgotten Temple!

If even this place is occupied, then the Torrido family is really over!

I saw that the ugly vampires of the Heiyi tribe were densely gathered here, their faces were twisted, gathered in groups, and their horrible whispering voices could be heard in the darkness.

At this moment, I saw one of the strongest guys among the Heiyi people appeared.

This guy is as tall as two ordinary members of the Heiyi tribe, and his whole body is covered with dirty and terrible scales, like some kind of underground turtle, his head is beastly, and his blood-red eyes Exudes a terrifying and cruel light!

There is no doubt that this is the leader of the Heiyi tribe.

When his tall and ugly body suddenly appeared in the eyes of all the members of the Heiyi tribe, the members of the Heiyi tribe suddenly screamed... as if they were warmly welcoming him.

Chapter 2154: Terrible is coming

After the tallest leader of the Heiyi tribe stood up, the dense group of Heiyi tribe vampires in front of him surrounded him.

After they came around, they saw that they were communicating with those weird language.

As they continued to communicate, their mouths were still roaring.

"Our casualties are a bit heavy this time... I blame the **** Bren family." I only heard an ugly member of the Heiyi clan staring at the leader of the Heiyi clan with blood-red eyes.

The words he said were the words of the Heiyi tribe.

After he said so, but seeing the tallest black yi clan vampire leader screamed in his mouth, as if he was very angry, his pupils were filled with a cruel look like a human, using The unique Yi Yu of the Black Yap clan roared there, "I will make them pay."

His voice was roaring like a beast from hell.

When the ugly members of the Heiyi tribe around him heard him say this, they all yelled one by one.

Suddenly, seeing the tallest leader of the Heiyi tribe, he suddenly stood up. His body was two meters high, his two elongated arms were bent and sharp, his legs were strong, like beasts and people, and his face was ugly. Unbearable, the whole body is dark, just after the leader of the Heiyi clan stood up suddenly, he suddenly looked at the dark sky of the east, and a terrible smile appeared on the corner of his evil mouth.

"Our guest is here..."

Weird words came out of his mouth.

As he said so, all the dense vampires around him looked towards the dark sky of the east.

The darkness of the sky in the east is extremely dark, and above the sky, there are layers of terrifying auras constantly pouring toward the twisted forest in the west, as if evil is about to come to the twisted forest.

What kind of evil guy is coming?

...

In the east, near the place of the twisted forest, all the ground has turned black. The trees, flowers, and grasses that grew densely have all withered, and even the hard stones have all become eclipsed.

The withering condition of these plants is very strange. They are not withered normally, but as if they were corroded by a terrible aura, all withered and died...

Along the eastern area to the adjacent twisted forest, all living species here have almost died out!

My God, what is it that caused all these creatures to die and wither?

I looked carefully, but I saw a purple-black aura surging from the east.

But seeing that purple-black aura with a terrible smell of destruction and death, when it surged from the east, the whole world would become eclipsed.

Breath of death!

If an older generation of blood vampires saw such a terrible situation, they would probably know that this was a vampire member of the Buren family who was born with death.

His name is: Antonio!

He was cruel, and was born to take pleasure in killing! Moreover, he specializes in sucking human blood, so he was expelled from the Brun family and wandered around the world.

Several hundred years ago, Antonio was rumored to be killed.

But, now, Breath of Death: Antonio is resurrected again, here again! And this time he is helping out the evil camp. He will work with the Nagangro family and the Black Lap to eradicate all the Justice League.

Having said that, as the once purple-black aura rushed in, all the surrounding plants and creatures began to wither and die, and even the ground on the ground began to turn black...as if the ground was completely destroyed.

In the purple-black breath of death, I saw a guy with white hair floating there. His face showed no expression. His cold eyes were filled with a dark brown light, and his whole body was more up and down. It was enveloped in a layer of purple-black aura, and it was flying in the direction of the twisted forest extremely fast.

Antonio, this guy surrounded by the breath of death has really come.

But seeing that beside Antonio, Breath of Death, a hideous and terrifying flower snake, about a foot wide, walked with Antonio, twisting its disgusting and terrifying body.

The head of this flower snake is triangular, and the horrifying eyes give people a terrible feeling of shuddering. The length of the whole body has reached a terrible length of more than ten meters. It is difficult to imagine such a night in such a night. A terrifying flower snake crawled towards here.

The venom core spit out from the flower snake's mouth, making a hissing sound.

Behind the flower snake, I saw an odd woman wearing a cheongsam flying behind the flower snake.

Her body is like a snake, the cheongsam all over her body is exactly the same as the skin of the flower snake, as if her clothes are like the snake skin of the flower snake, her face gives people an indescribable feeling of evil, those eyes It was very small, very thin, like a poisonous snake, with scarlet lips, as if it were smeared with blood.

A straight and slender black hair is tied above her head, but she sees a weird bun in her hair!

The bun was snake-shaped and stuck to the tip of the hair.

She is the big snake girl, a terrible woman who can control and control poisonous snakes since childhood. Her temperament is exactly the same as that of Antonio, bloodthirsty and cruel, almost inhumane.

She is a ruthless character with the same name as Antonio, that is, the two of them were expelled by the Brun family more than a thousand years ago... and thus wandered.

Now these two vampires with evil powers who were expelled from the Buren family are here, and of course their camp is on the side of the Heiyi clan...

The two guys were flying, swiping in the direction of the twisted forest with extremely fast bodies.

"Antonio, this time, the Torrido gang should be extinct?"

The white-haired man called Antonio had no feelings on his cold forehead, but he drank coldly from his mouth: "The Zhengyi League should have been dead long ago!"

"This world should have been in our control long ago..."

When the big snake girl heard Antonio's cold and cruel voice, an evil sneer suddenly appeared at the corner of her mouth and said, "Yes."

"Like human beings, I really don't know why those idiots of the Justice League keep protecting them?" Her voice was sharp and mean, and when listening to people's ears, people would have a harsh pain. .

"Don't worry, they won't escape again this time! This time, it's their moment of destruction!" Antonio spit out a few words coldly.

The big snake girl smiled evilly, holding up her viper-like eyes in the twisted forest looking west, suddenly said: "However, this time, we seem to be meeting an old person...I can feel our Burren family The members of it seem to be here too." The snake girl laughed as she said.

Chapter 2155: irony

"Antonio, do you feel the supernatural beings are also in this twisted forest?" Suddenly the big snake girl with a face like a poisonous snake squinted her small and poisonous eyes and looked at the Breath of Death in front of Antonio.

The Breath of Death Antonio's face was cold and expressionless. After hearing the words of the big snake girl in front of him, his eyes scanned the endless black twisted forest in front of him and said: "Member of the Burren family?"

The big snake girl smiled strangely, then nodded silently.

"Yes!"

"They are here too, and they are on the side of the Justice League." The snake girl said with a sly smile.

The Breath of Death in front of Antonio suddenly showed a terrifying and devastating light in his eyes, saying: "Kill! Don't leave one!"

"Damn dogma, family rules, I hate them...the expulsion, the long years of wandering...I hate them, hate them for death." Breath of Death Antonio said with endless resentment in his voice. .

After the big snake girl in front of her heard that Antonio said so, the wandering years of the previous hundreds of years flashed in a trance in her sinister and venomous eyes, and then her expression became terrible and weird, and she said: "I should hate. It should be killed!"

"The Burren family, a family that thinks it's righteous...huh... pretending to be righteous,"

"Everything should be broken!"

Breath of death said: "En."

"However, I can feel that the superpowers who came this time are not big people, but a few small characters... and they are small characters that we have never seen before." The big snake girl suddenly stared at the dark with her venomous eyes. Twisted Forest said with a weird smile.

Is it possible that the little characters she is talking about are the Ice Girl, Fire Girl, and Naka Suo?

Yes, vampires such as Orochi and Breath of Death belong to the elder-level vampires, because they have survived in this world for almost two thousand years...Since the Orochi has the breath of death hundreds of years ago, Antonio was After being expelled from the Burren family, these two terrifying and cruel vampires have already chosen darkness. They were banished, strayed, and lived a marginal life. However, the ice girl, the fire girl, and the three cloth The vampires of the Lun

family were born hundreds of years ago, and they have only survived for hundreds of years, so they don't even know the big snake girl and the breath of death.

Although they have heard the names of these two terrifying and cruel guys in the family, they have also heard about their cruel slaughter of humans, and finally they were expelled from the family, etc., but what do they look like? How powerful is it? They don't know at all.

At this moment, seeing that Breath of Death Antonio heard the serpent woman say so, he said coldly: "Whoever he is! As long as he is a member of the Buren family, none will stay..."

"And **** Torrido, slaughter them all!"

After the words were finished, he saw the breath of death flashing, and the breath of death that permeated him suddenly drifted towards the twisted forest.

And what about the big snake girl? Seeing Antonio taking the lead, he gave a weird smile at this moment, the big flower snake with a triangular head beside him also twisted that terrifying and cautious body and walked toward the dark twisted forest.

The real horror has come.

The entire space above the twisted forest was enveloped in a gloomy atmosphere.

But how terrifying to see that breath of death Antonio? Wherever I went, the grass and trees were all withered, the rows of trees that were originally green all withered, the green leaves curled and turned yellow in an instant, and then fell to the ground...The thick trunks also showed all withered. Symbolic.

To the east of the Twisted Forest, at this moment, the ugly vampires of the Heiyi tribe were all welcoming their guests.

They lifted their ugly faces and looked at the place ahead...

When they suddenly saw the purple-black death aura that looked like a vicious miasma rushing towards them, the dense and ugly members of the Heiyi tribe suddenly screamed.

Their voices seem to be calling, and they are also crying excitedly.

The tallest member of the Heiyi clan leader stood up abruptly, and his bloodthirsty and red eyes looked at the place where death surged, and said in an unintelligible Yi language: "Come, Here comes our esteemed guest..."

The voice just fell, but he saw that Antonio, who was wrapped in a purple-black death breath, was truly here.

Behind Antonio, there was still a strong and scary big snake. The big snake spit out a poisonous core. When it twisted its body, it crushed all the dry trees around. Above his body, stood a woman who was as thin as a snake.

The big snake girl.

Evil is coming.

Now that the dark forces are expanding, the Zhengyi Alliance has completely fallen into a passive beating situation!

After the snake girl and the Breath of Death Antonio came to this twisted forest, the ugly vampires of the Heiyi tribe began to roar.

I saw the big snake girl Liu's eyebrows wrinkled slightly. She didn't seem to like to be in the same company as the hideous and ugly Heiye vampires in front of her. Standing on the far side, looking at the Heiye vampires, her face showed Contemptuous expression.

And what about Antonio? Still the look of lifelessness, cold and terrible.

At this moment, the leader of the Heiyi clan slid and swept towards the big snake girl and Antonio. After swooping over, he first glanced at the big snake girl and Antonio, and then showed pale fangs in the weird With a smile.

"King Heiyi, there are so many members you brought this time. Could it be that you have brought all the family members?" At this moment, the big snake girl smiled slyly at the leader of the Heiyi clan, While speaking, her beautiful eyes glanced at the densely packed Heiyi tribe with disdain.

It turned out that the leader of the Heiyi tribe was named: Heiyi King!

After the leader named Heiyi King heard the big snake woman say this, his ugly face became ugly: "What matters to you?"

After the big snake girl heard King Heiyi say this, she sneered: "I don't care about my business, ah, but your family members will only do some shameful things... they can't attack that Toledo... ..Then it's our business!"

Said by the big snake girl, a tall and mighty Heiyi tribe vampire by the Heiyi King suddenly took a step forward, his cold limbs pressed tightly to the ground, and roared at the big snake girl in front of him. Said: "What nonsense are you talking about? Who said we can't attack Torrido?"

Accompanied by the vampire's angry shout, the big snake girl sneered: "Hehe, since you can attack, why are we still here so far?"

"And according to my observations, it seems that your family members have lost almost two hundred..."

Chapter 2156: Helpless choice

After the big snake girl in front of him said this all of a sudden, the Heiyi King suddenly twisted his face, and his throat roared, as if he was very angry.

And the numerous Heiyi clan vampires beside Heiyi King also roared, obviously they were very angry at the words of the big snake girl just now.

I saw the sturdy flower snake next to the big snake girl felt the threat around her, and suddenly raised the triangular head, the poisonous core hissed in front of the numerous Heiyi tribe vampires, as if the big snake girl didn't take it at all. The vampires of the Black Yap tribe should know things.

Just as the contradiction was sharp, Antonio finally spoke out, Breath of Death.

"Shut up!"

"I'll be the first to attack Toledo, and I will capture them first." A cold shout came out from the breath of death Antonio's mouth.

After such a guy with a terrifying breath of death uttered these words from his mouth, the black king and the big snake girl really stopped arguing.

At this moment, the big snake girl slowly turned her evil face and looked at Antonio with a smile: "That's good!"

"Antonio... I'll beg you this time..."

"Oh, yes, as for the two junior supernaturalists, let me take care of them! I'll cover it for you..." The snake girl said with a weird smile.

When Antonio heard the serpent girl in front of her say so, she didn't say too much, she shook her body, and then quickly swept towards the dark twisted forest.

It seems that Antonio is really ready to attack!

Can this terrible guy who is born with death and oppression able to capture the second line of defense of the Torrido family?

After Antonio swept to the front position, the big snake girl here didn't even look at the dense black vibe members beside her, then turned around and took the big flower snake beside her and quickly followed Antonio.

The vampires of the Heiyi tribe didn't move out this time. They just stood there coldly, one by one with their hideous and ugly faces staring at the big snake girl and Antonio who left.

...

The Buren family is indeed the more powerful clan among the thirteen blood clan! Because they have abilities that other clan vampires can't have, this also leads to their fighting instinct!

However, the members of the Buren family are indeed extremely rare, and some abilities are not combat abilities at all, so they can't be used in the battlefield. For example, Casso, such as the previous Soldo, etc...

But members of the Buren family with powerful abilities and combat power are quite terrifying!

For example, Antonio, who is now destructive! And that big snake girl!

These two alternative evil Bren family vampires are definitely the vampires with the strongest combat effectiveness, and now, these two evil guys are still reduced to darkness, I am afraid this battle will become even more terrifying.

...

After the Torrido family's first defense against death, the second line of defense in the Twisted Forest was finally defended!

This also makes the vampire members of the Torrido family full of confidence!

I saw that the current second line of defense in the Twisted Forest has once again stationed vampire members there to hold on. Although this time there is no burly man like Luo Lie to hold on, but it has added a lot of knights, just the second line of defense Nearly fifty knights of the Torrido family have been stationed. It can be said that the second line of defense in the twisted forest is the most important defensive line of the Torrido family!

I saw with amazement that the brave and fighting knights of the Torrido family were guarding the second line of defense. They had sharp and deadly weapons in their hands, and some even painted their weapons specifically to deal with vampires: Silver agent! Once this silver potion hits the vampire, it will definitely be burned to ashes! And after it hits himself, he will die instantly...This is a defense against cannibalism! ! ! It can be seen that the Torrido family is swearing to the death to guard the second line of defense.

"Damn ugly members of the Heiyi clan, if they attack again this time, we must have them die miserably." I heard a lanky family knight who was hiding under the thick trees and said.

The guardian knight of the Torrido family is also nearby.

They also said there, "Yes, we will never let them cross our second line of defense!"

"Late night has come, everyone is ready to make all the preparations, all eyes are wide open, ears are straight, keep it for me..."

"Remember Lord Roger's words, even if we die, we must die in the second line of defense!" These brave Toredo family knights said one by one.

"Yes!"

Numerous family knights made vows secretly that they would defend the second line of defense to the death.

But even if it is death, can it really hold the second line of defense?

...

Forgotten Temple!

When Earl Roger knew that the evil side had invited the Serpent Girl, and two extremely terrifying characters like Breath of Death came to attack the Torrido family lair, Earl Roger had completely lost control.

Because Earl Roger knows deeply about Antonio, Breath of Death, and the terrifying power of the Serpent!

Is such a battle a death or a curse? What should I do? How to deal with it?

I saw Earl Roger pacing back and forth with an extremely ugly expression, his mood was extremely irritable, and he couldn't think of a way to deal with it!

The opponent is a vampire of the Brun family with powerful abilities! What should they do? How to deal with these people with abilities?

"Earl Roger, why don't we continue to let our two sisters go out to fight!" At this moment, I saw the Fire Lady who volunteered to look at Earl Roger in front of her.

The frosty beauty beside her was also standing there looking at Roger.

After hearing the words of Fire Girl, Earl Roger slowly raised his blood-red eyes and looked at Fire Girl, "But you two sisters...can...can deal with the Big Snake Girl? And the breath of death? Antonio?"

After hearing Count Roger's words, the fire girl showed a wry smile!

Because the fire girl is indeed embarrassed inside!

When they were very young, both the Fire Girl and the Ice Girl listened to the older generation of supernaturalists in the Brun family telling about the two cruel vampires, the Serpent Girl and Antonio! The older generations of the Burren family members have said that the Serpent Girl and Antonio are nightmares of war!

Once these two terrifying guys participate in the blood war, no matter whether they stand on either side, it will be a destruction!

Chapter 2157: Li Tian's choice

And now those two terrifying guys have chosen the dark forces... Needless to say, they must also know the terrible consequences.

After Earl Roger asked, the fire girl murmured: "Earl Roger, to be honest, our two sisters don't have the slightest confidence!"

"But, at this moment, besides the two of us, who else can deal with the two betrayers of the Buren family?" Fire Girl asked back.

Hearing what Fire Girl said, the Count Roger was suddenly depressed.

"Earl Roger, I know you don't worry about our two sisters, but I ask you to rest assured, this time we are fighting for the justice of the blood, and for the safety of our entire blood. If we don't fight, you The Torrido family is bound to perish. Once it perishes, the entire blood clan will be reduced to darkness. At that time, even if there is a savior, I'm afraid it will not be able to save us..."

"The world has become a doomsday, and the earth has become scorched earth...everything, Count Roger, do you want to see such an outcome?" Firewoman said again.

Listening to the words of the Fire Lady in front of her, Count Roger had no idea what to say!

He was kind in his heart. He didn't want to watch the ice and fire twin sisters die for Torrido. This was an extremely guilty thing for Count Roger. He didn't want to...

But at this moment, just as the fire girl said, if the fire girl and the ice girl are not allowed to go out to fight, the Torrido family is bound to perish, because in addition to Earl Roger, there are several very powerful vampires. Apart from being able to slightly resist the big snake girl and Antonio, the remaining family knights must have all died...

At that time, there is no doubt that the Torrido family will be over!

Choose between conscience and guilt, where would Count Roger choose?

But seeing Count Roger lowered his head deeply, he hesitated there, making a difficult choice...Finally, Count Roger slowly raised his head!

He looked at the Fire Girl and the Ice Girl in front of him, and suddenly said, "Okay!"

"For justice, for the tomorrow of our kinsman... I, Roger, please take care of the two!" After speaking, Earl Roger suddenly knelt on the ground with a thump!

His kneeling is kneeling his own guilty heart! It is the continuation of the kneeling blood!

The fire girl and the ice girl saw that Count Roger suddenly knelt down and hurriedly went over and supported the Count Roger.

"Earl Roger, you are too polite..."

"Don't worry, our two sisters will spare no effort to protect the second line of defense of your Toledo family! Even if you die, you will never let the **** dark evil invade Toledo!" The Fire Girl and the Ice Girl said in unison Tao.

Count Roger and the members of the Torrido family next to him heard the words of the ice girl and the fire girl, and their hearts were filled with endless touch!

"Protect yourself, you must take care of yourself!" Count Roger looked at the ice and fire twin sisters.

"Lord Roger, please rest assured. Our two sisters will definitely find a way to delay time. It is true that we have notified the family. Our elder has led the older generation of supernaturalists in the family to Toledo for support. If we can hold the Serpent Girl and Antonio, then our Justice League will have hope, and we will be able to persevere to fight the evil!" The Fire Girl gave herself hope there.

Count Roger heard that Huo Nu said this, and his heart burned a little hope, but this hope was extremely slim!

Because don't forget, the most powerful member of Gangaro vampire has never appeared!

If the Gangaluo family vampires, which are called the most powerful and powerful of the thirteen blood clan, come to attack, what can they do? Even if the supernatural powers of the Buren family can come, can they resist the Gangelo family?

The answer is undoubtedly: No!

Because of the Gangaro family: The Dark Death Knight is recognized by the blood clan as the most powerful death cavalry army!

Having said that, after the Fire Girl said so, the members of the Torrido family also burned hope for life... They all hope that the supernaturalists of the Brun family will come to support and come to help...

The only thing now depends on whether the Fire Girl and the Ice Girl can hold back the situation! Can their two sisters really survive until the older generation of supernaturalists in that family come to help?

I saw Fire Lady finally looked at the Count Roger and said: "Earl Roger, if our two sisters are unfortunately killed in battle, I hope you will continue to stick to our Justice League..."

After hearing the last words of the fire woman, Count Roger suddenly felt a pain and twitching in his heart. Then Count Roger's eyes turned red. He nodded to the fire girl vigorously, and then said: "Don't worry... even if we only have one member left to fight, Torrido will fight to the death against the evil and darkness!"

After the Fire Girl and the Ice Girl heard that Earl Roger said, the corners of their beautiful lips showed a slight smile, and then their figures flashed, and then they swept towards the twisted jungle!

I saw that Earl Roger and the many vampire members of the Torrido family around him, watching the fire girl and the ice girl leave, their eyes became ruddy!

They were moved and grateful for their two sisters' spirit of not being afraid of death.

But it said that after the glamorous Fire Girl and Ice Girl left like this, they saw everything in the corner of the Forgotten Temple!

And even what they said was all heard into the ears, there is no doubt that the person is Li Tian.

However, at this moment, after listening to their words, Li Tian silently leaned against the cold wall, with his eyes open, thinking about things.

After a long time, he slowly raised his cold and pale hands and looked at it dumbly... After looking at it for a long time, he murmured a few words: "It seems that vampires also It's not cold-blooded and ruthless...it's not just killing innocent humans..."

"Hey, I, Li Tian, has become a stranger...Since I am already a vampire, then I will be a real vampire!"

As Li Tian made this firm determination in his heart at once, an unprecedented power emerged in his body in an instant!

This power is not caused by Li Tian's internal strength, but Li Tian has always refused to accept the terrifying power of body mutation!

And now, since Li Tian has already admitted his identity and compromised... then he has to accept the terrifying power of that part of his body!

After accepting the inexplicably powerful vampire power in his body, even Li Tian was shocked. He never expected that the vampire power in his body was even more fierce than the martial arts he was practicing. It was not at all. What humans can have!

Looking at his own hands, Li Tian's bloodthirsty eyes flashed with a very strange light, and then his body flashed, and the terrible speed like a light suddenly flew to chase the fire girl and the ice girl...

He also swept away in the direction of the twisted forest! !

Chapter 2158: Weird thick fog

Forgotten Temple!

When Li Tian's hiding figure flew towards the twisted forest, the blind prophet Caso in the Temple of Forgotten Temple was still discussing matters with the ruling elder of the Torrido family: Archid.

I saw Elder Alchide in the Temple of Forgotten, with an anxious and worried face. He was walking back and forth, and at the same time, his mouth was extremely worried and said: "How can this be good?"

"Unexpectedly, even the two horrible guys, the big snake girl and the death's breath, came... this time it seems that my Torrido family is really going to escape bad luck!"

Elder Alcid was talking worriedly, but what about the blind Casso? But there is no worry, just sitting there quietly.

His blind man wore those heavy sunglasses over his eyes, and there was no expression on his face.

"Caso, tell me, tell me, what should I do?" Elder Alchid couldn't help it, and he turned to look at the unconcerned blind Caso beside him.

But what about Caso the prophet? After hearing what Elder Alchid said, he said slightly: "Elder Alchid, don't worry about it. Although it's really scary to say that the serpent girl still has the breath of death, it does appear more unexpected, but I hope you can rest assured. Okay! The blood race will not perish, nor will justice."

"Caso, although you say so, but in the current situation, who can resist the great snake girl with abilities and death?"

"The second line of defense in the Twisted Forest is about to completely collapse, and the members of my family are dying one by one... Tell me? How are we going to defend? How to deal with it?" Elder Archid roared.

Ka Suo did not change his attitude because of the roar of Elder Alchid!

I saw Ka Suo just continue to say in that slight, "Elder, everything will turn for the better!"

"And you will see it soon."

When Elder Alchid heard what Caso said, he was taken aback and said, "What do you mean?"

"Could it be that someone is coming to save us?"

Ka Suo suddenly smiled mysteriously, lifted the blind man's eyes and looked towards the dark night outside, as if his blind man's eyes could see the outside, and the corner of his mouth suddenly murmured: "Yes!"

"He finally made up his mind! He finally decided to save our blood!"

"Elder Alchid, our blood is saved!"

Caso's voice was filled with speechless excitement! At the same time, the expression became very happy!

That Elder Alchid was indeed completely dumbfounded.

Who?

Who can deal with that terrifying snake girl? And Antonio Breath of Death?

"Who, Caso, who are you talking about?" Elder Archid in front of him asked in shock.

Caso smiled slightly and turned his cheerful face to look at Elder Alcide before him and slowly spit out three words: "Savior!"

After hearing the three words spoken by Caso, Elder Alchid was stunned for an instant! The decadent guy suddenly appeared in his mind.

he?

Can he?

...

Twisted forest, all battles are now on the second line of defense!

This is the most important battlefield. Once a war starts, it means a confrontation between evil and justice. At that time, whoever will be the one to die depends on the true strength.

Now, all the knights of the Torrido family in the Twisted Forest were guarding them.

Everyone's eyes were wide open, and the sharp weapons in his hands were also held tightly there, and he didn't dare to slack anymore!

The night became thicker, and a dull breath of death appeared in the sky above the second line of defense.

Suddenly at this moment, an extremely bad premonition surged from the dark place in front.

Then at the same time, I saw a purple-black inexplicable and strange gas coming from the front like a thick fog.

The weird purple-black gas was like mist and miasma, coming from there layer by layer.

When the members of the Torrido family saw such a strange "fog" suddenly appearing in the originally silent twisted forest, they couldn't help being stunned.

They were all there with their puzzled eyes wide open, looking at the weird purple-black "fog", and said in wonder: "Look at it...what is that thing?" Just listen to the puzzled Toledo family The members asked curiously.

"Is it fog?" Some knights around were surprised.

"How can there be fog here? The Twisted Forest has never been foggy for hundreds of years, how is it possible?" Some clever members of the Toledo family retorted there.

It turns out that the twisted forest never generates fog, but today these weird purple-black "fogs" suddenly appear inexplicably. What's the matter?

"But this thing is not fog, what can it be?" The knights who didn't understand the situation said.

They didn't even know that this was extremely deadly!

"I have a very bad premonition!" Suddenly one of the knights of the Torrido family said with an ugly expression.

His cold hands were tightly gripping the iron spear in his hands, and his eyes stared at the thick purple-black "fog" that kept floating towards them.

After hearing what he said, the many members of the Torrido family around him became cautious one by one.

Because they also noticed that the purple-black "fog" is a bit weird, but the specifics are weird, they are still not sure.

At this moment, the purple-black "fog" suddenly got closer and closer, and when you look carefully, wherever the purple-black "fog" went, the green trees, flowers and plants all withered in an instant. Up...

As if all those flowers and trees were dead.

"Ah... my goodness, look at the trees behind... the branches... why... why are they all withered?"
Some knights of the Torredo family with better eyesight have discovered a strange situation at this moment!

Those Torrido knights who heard what he said, opened their eyes wide and looked at it! At a glance, all the trees, flowers, and green leaves actually began to wither after passing through the weird "fog" in an instant...

"Something's wrong! It's wrong!"

"Everyone is ready for all battles...Evil may be coming...!" The knights of the Torrido family suddenly foretell a terrible danger, but they are still not sure where the danger is!

The weird purple-black "fog" is getting closer and closer to them...

Ten meters!

Eight meters!

Five meters...

When the weird "fog" suddenly floated to the members of the Toledo family, some of the Toledo family knights who stood at the forefront suddenly had hallucinations in their eyes...

The weapon that was clenched tightly in the hand fell to the ground with a thump at this moment, and at the same time their bodies began to shake violently, as if they were dying, and their entire body had lost all of its strength.....

Chapter 2159: Brutal ***** battle

With a thump, I saw the first Torrido knight standing in front of his legs weakened, and the whole person suddenly fell to his knees, and then looked at his face carefully. His entire pale face was bleeding from his seven orifices. The blood that was flowing was black hideous blood, and then the body suddenly fell to the ground!

died!

When the first Torrido knight fell to the ground inexplicably, the Torrido knights standing next to him were completely confused.

"what happened?"

"What's wrong with Andre?" The Torrido family knight behind did not understand what was going on, and asked in surprise.

The knights standing beside the dead knight in front were completely stunned.

"do not know....."

"How could he fall?"

"he died!"

A shout came from the front. When they heard that the knights died for no reason, they were all horrified.

But they don't know that fear has just begun!

Just two seconds after the words fell, the Torrido family knight in the front suddenly fell down... His condition was exactly the same as that of the Torrido family knight who died. After the "mist" invaded, twisted hallucinations began to appear in his eyes, and then his limbs became sore and weak, and then the entire head seemed to explode with severe pain... Then Qiqiao fell to the ground and died.

The second one died instantly after falling.

Among the screams of all the Torrido family knights, the third, the fourth...all the dozens of Torrido family knights in the front row were all killed before they saw the enemy. .

Their deaths were extremely miserable, with purple and black blood flowing from Qi orifices, and then fell to the ground to death!

Looking at the dozens of Torrido family knights in the front row just fell to the ground and died, the dozens of Torrido family knights guarding the second line of defense behind them were completely astonished...

They all looked at the front in horror, at the thick purple-black fog, and then stepped back.

"What's the matter? Damn, who killed our members?"

"How did they die? Who can tell me," some of the Toledo family knights who couldn't stand it have begun to roar frantically!

However, in the deadly space, who will give them the answer!

Layers of terrible purple-black "dense fog" just rushed toward them.

Then a dozen knights of the Torrido family were permeated in the "dense fog", and then fell to the ground again and died...

In an instant, the members of the Torrido family guarding the second line of defense had already lost more than half!

Seeing so many companions die in front of them like this, the members of the Tored family behind who had not been enveloped by the purple-black "dense fog" all backed in horror!

They are all scared!

Because this death came so fast, no one knew what was going on.

At this moment, they just kept backing...with horrified eyes that kept backing away.

Suddenly at this moment, I don't know who in the crowd shouted: "It's fog..."

"It was this strange mist that killed our companion!"

"Everyone, avoid that ***** mist!"

After this exclamation, all the members of the Torrido family who were still alive understood instantly!

It turned out to be the ***** "fog."

Then, I saw that the knights of the Torrido family began to retreat, avoiding the surging purple-black "fog".

As the members of the Torrido family began to avoid the "fog", suddenly, from the fog, a figure with a breath of death appeared in the "dense fog"!

he!

It was this terrifying and terrifying guy who brought the terrifying "killing mist"!

It was he who destroyed everything!

The purple-black breath of death envelops him, his face has no expression, except for the cruel sense of destruction, there is almost no emotion in his eyes!

Breath of Death: Antonio!

"It's that **** guy..."

"It's the **** mist who killed the members of our family!" The knights of the Torrido family roared when they saw the thick fog, the moment Antonio appeared.

"kill him!"

"Vengeance for the members of our family!"

A roar came out from the mouths of the Toledo family knights, and then they all turned into the faces of real vampires in an instant, revealing extremely hideous faces and exposing their white and terrifying fangs.

Shoo, swoop, swoop!

I saw the knights of the Torrido family rushing towards the **** Antonio like an electric shot!

They want to kill Antonio! Because if you don't kill him, the entire second line of defense will be completely finished.

Just when these brave knights pounced on Antonio, Antonio's eyes of destruction slowly turned around, and then his two hands wrapped in endless death air were raised.

boom!

Two extremely terrifying auras burst out from the palm of the hand... the aura was stronger than the "fog" just now. When these two extremely terrifying auras erupted from the palm of the hand, those Torido who jumped over The knights of the family were immediately surrounded by the breath...

Then a scream suddenly erupted from their mouths!

Ah, ah, ah!

died!

In a blink of an eye, several of the Torrido family knights who rushed past all died in Antonio's hands.

It's terrible, so cruel!

This man who possesses destruction and death completely ignores any life!

The knights of the Torrido family, when they saw a few of the comrades who rushed over and died like this, one by one instantly became petrified!

They finally know that today they are going to die anyway! The second line of defense may really be unstoppable!

Justice is about to die!

"Don't be afraid, everyone. Even if we die today, we must die on the second line of defense. Count Roger has already told us that no evil vampires can attack our Torrido!" A voice came from the crowd. The sound came up.

After hearing his voice, the brave knights of the Torrido family all said, "Yes!"

"We fought with them..."

"Fight!"

Justice against evil!

In this way, the remaining twenty-odd Torrido knights all alive toward the breath of death: Antonio rushed over.

Their mouths roared, showing unwilling and unbearable screams.

They rushed up with weapons in their hands.

The Breath of Death Antonio glanced coldly at the Torrido family knights rushing in front of him, and the light of destruction was once again added to his emotionless eyes, and then his hands wrapped around the breath of death were raised.

...

The blood is thrown in the twisted forest!

Death is also spreading in the Twisted Forest... This has become a slaughterhouse, a place where vampires fight most cruelly.

Far away, but saw two fast Jiao Ying flying towards the second line of defense.

Looking closely, the two flying figures were shockedly the twin sisters of the Ice and Fire of the Buren family: the Ice Girl and the Fire Girl!

While they were flying fast, they looked at the place ahead with beautiful eyes that were anxious and worried.

"It's not good, the war has already started..." Suddenly Huo Nui said in horror while flying.

The glamorous ice girl also raised Frost's beautiful eyes at this moment, and glanced at the front, but saw that in a place far away from the second line of defense, layers of purple and black aura wrapped in the air, like a dark cloud.

"Yes!"

"Presumably the weird mist is the breath of death used by Antonio!" The Ice Girl said in amazement.

The fire girl nodded quickly and said: "Absolutely!"

"Damn, I didn't expect those two ***** guys to come so fast!"

"Hey, I hope that the Torrido family knights who guard the second line of defense will not go to death innocently!" The Fire Girl lamented there.

While lamenting, she stepped up under her feet, and she was even faster!

"Ice Girl, let's hurry up, otherwise, I am afraid that the members of the Torrido family who guarded the second line of defense will be wiped out!" The Fire Girl worried.

The glamorous ice girl nodded silently, and at the moment she moved her figure to fly faster!

Chapter 2160: The big snake girl is coming

The ice girl and the fire girl are desperately rushing to the second line of defense.

But can the second line of defense of the Torrido family really be defended?

The original screams had begun to become silent, and the second line of defense had completely fallen into dead silence.

When the Fire Girl and the Ice Girl rushed to the second line of defense, they were the first to see the purple-black death air permeating the second line of defense.

"The breath of death?" The Ice Girl and Fire Girl in front of them screamed after seeing the purple-black gas.

But seeing the fire girl quickly said to the ice girl: "Ice girl, use the cold to dispel the **** death air...fast!"

After the fire girl said so, the ice girl in front of her nodded quickly, and then a slender hand suddenly lifted up slightly. After raising it, her slender hand suddenly appeared in the palm of her hand. Weird white gas.

Cold air!

Following the white cold air current emerging from the palm of her hand, it all rushed towards the purple-black death air pervading the second line of defense.

The cold air quickly blew past, and then it dispelled the terrifying breath of Antonio's death in a short while.

As the purple-black death air began to be dispelled, all the sights of the second line of defense appeared in the beautiful eyes of the fire girl and the ice girl.

I saw the second line of defense enveloped by the air of death, a scene of complete destruction!

My God, everything is ruined!

The dense trees, flowers and plants all around withered and died! Even the surrounding soil showed black...

Looking at the ground again, except for piles of withered leaves, all that remained were corpses!

There is no doubt that these corpses are the corpses of knights, members of the Torrido family!

They were originally the strongest guardians of the second line of defense, but now? All these dozens of knights died in the second line of defense!

The whole army is destroyed!

All members of the Torrido family in the second line of defense died there.

Looking at the corpses of all the dead members of the Torrido family, the Fire Girl and the Ice Girl in front of them were instantly shocked!

"Oh my God, all died..."

"So many knights in the Torrido family are all dead?"

"Ice Girl, we are late!" A sigh came out of the Fire Girl's mouth.

I saw the beautiful ice girl frowning and froze there!

All dead! It is so cruel that none of the living members stayed behind! Too cruel and inhumane!

"Antonio, Breath of Death! It was the cruel ***** who did it." The Fire Girl said angrily.

Apart from the pervasive breath of death, there is no trace of any members of the Black Yap clan, so you can see at a glance who killed so many knights of the Tored family.

"Damn Antonio!" The ice girl in front of her suddenly roared, her body filled with layers of terrible cold.

"What can I do now? The second line of defense is gone!" The Fire Girl said in shock.

But seeing that ice girl is also confused. They originally hoped that the knights of the Torrido family could hold on to the second line of defense for a while, but now it seems that everything is too late and it is too late, because all the trust The Knights of the Rido family are all killed.

After the fire girl asked, the ice girl did not directly answer her words, but raised her beautiful eyes like ice, staring at the twisted forest in front of her, and suddenly said: "We guard!"

After Ice Girl finished speaking, Huo Girl didn't say anything, just stood there silently.

All the corpses on the ground were the corpses of members of the Torrido family, everywhere, and the faces of every deceased were bleeding from seven orifices...The blood stains that flowed out were purple and black, hideous and terrifying!

Numerous corpses intertwined with the destroyed forest to create a picture of doomsday.

At this moment, suddenly there was a strange sound of sharp laughter in the deep forest in front of him.

The voice was as thin as a silver bell, and it sounded creepy, hovering around the bodies of the ice girl and the fire girl.

When a weird female voice suddenly sounded from the darkness, the fire girl and the ice girl quickly twisted their bodies together, and then they made all preparations, staring around in those beautiful eyes.

"Who?" a cold, bursting voice yelled from their mouths.

Along with their voices, there was no noise in the silent and deadly surrounding area, and even the weird laughter was stopped instantly.

"Who the ***** is it? Get out 1" The female fire woman Huo Lie, staring at the dark surroundings at this moment.

Although the ice girl didn't speak, her pair of beautiful eyes was also watching the fast watcher, in case there was a sudden attack.

The surroundings are still dead and dull!

In this dull atmosphere, a smell of fishy smell suddenly came from the air!

It smelled like some ugly crawling animal was approaching them.

After smelling the terrible stench all of a sudden, the fire girl suddenly wrinkled her beautiful eyes, leaning against the ice girl next to her, and said: "Ice girl, be careful! There is a supernatural person near us. I feel it."

The ice girl nodded, and it was obvious that she had noticed it too, because there was indeed a vampire atmosphere unique to members of the Buren family.

Immediately after Huo Nu's words fell, a harsh woman's voice suddenly came from the air: "Two ignorant juniors... dare to come here? Do you really want to die?"

The sound came from all directions, it was impossible to determine the direction!

The Fire Girl and Ice Girl in front of them were taken aback when they heard these words.

"Snake Girl!!"

"It's the ***** big snake girl near us!" A flash of light flashed from Huo Nu's head, and she suddenly understood who was talking just now!

"I didn't expect that I had disappeared for nearly a thousand years, and there were still two ignorant juniors who knew me... giggle!" The harsh voice of the big snake girl came from the dark surroundings again.

She finally admitted her identity, it turned out that she was really a big snake girl!

Fire Girl looked at the empty surroundings, and said angrily: "Snake girl, you stinky woman with extreme cruel heart like a snake, old woman, get out quickly... Don't hide in the dark, come out to fight with Miss Ben. !"

Under Huo Nu's anger, but saw the strange laughter of the big snake woman in the dark.

"Two juniors who don't know the heights of the sky, dare to insult me? Huh, don't you know that it is cheaper for you to call me grandma by your generation...Hahahaha!" The big snake girl did not show up, she was hiding in Said with a weird smile in the dark.
