

A Killer 2161

Chapter 2161: Fierce battle serpent

Listening to what the big snake girl said, the eyes of the fire girl in front of her gleamed.

"Smelly woman, old woman, get out now!"

"You traitor of the Buren family, come out and die!" The ice girl in front of her roared into the endless darkness in front of her.

She must give the big snake girl out.

It's never a good thing for the enemy to be dark. The Fire Girl understands this deeply. Moreover, the character to be dealt with this time is a very cruel character. A careless one, the Fire Girl and the Ice Girl in front of you have both. May be extremely severely hit.

The darkness around is still growing! Except for the dead bodies of the knights of the Torrido family, there was almost nothing left in the barren surroundings, leaving only endless ruins and withered trees and flowers.

After being scolded by the fire girl, the big snake girl hiding around suddenly disappeared, and there was no sound.

The Fire Girl looked around, waiting to speak before continuing to agitate the Big Snake Girl, but seeing the Ice Girl in front of her grabbed her.

"Sister, wait a minute!" Just listen to the ice girl with a cold face.

The fire girl in front of her stared at the ice girl and said, "What's wrong?"

The ice girl's frosty beautiful eyes cast her surroundings and suddenly said, "Be careful, that **** big snake girl is probably ready to attack."

"That dead woman has the ability to come out!" Huo Nui said unconvinced.

The ice girl said: "Sister, don't forget, that breath of death Antonio is also nearby!"

"You and I should be more careful!" The Ice Girl reminded the Fire Girl.

Hearing what Ice Girl said, Huo Nuo calmed down a bit, and the two of them looked around cautiously.

Suddenly a strange yin wind blew in the deadly and dull surroundings at this moment. With the terrible yin wind blowing, the cold wind was suddenly filled with layers of stench and rot...

The smell was extremely unpleasant, and there was a pungent smell inside the nose.

"What smell, it smells so unpleasant?" The woman in front of her could not help muttering depressed after she suddenly smelled the terrifying stench.

But what about that ice girl? A pair of cold eyes betting on the endless darkness: "Snake smell!"

"Snake?" Fire Girl was taken aback when she heard the Ice Girl in front of her say so.

At the moment when her words fell, I saw a terrible rustling sound suddenly sounded in the woods and grass on the left side...

The noise was as if something weird was approaching them.

With the sound of the "簌簌簌", the ice girl and the fire girl in front of them couldn't help turning their heads over there.

"What the **** is approaching us?" The fire girl in front of her suddenly asked in surprise.

The ice girl didn't answer, but the frosty breath all over her body became more and more serious, as if she had noticed something.

The rustling voice is getting closer! The strong and extremely fishy smell became more and more unpleasant now.

At this moment, with a sudden "shoo", a thick and sturdy snake with variegated spots suddenly jumped out of the dense forest.

My God, that big flower snake has a triangular head, with two snake eyes with terrifying and ruthless eyes.

The poison core spit out from his mouth hissed at the woman on fire and the **** ice.

The weird big snake, with terrible speed, just rushed towards the ice girl and the fire girl.

what.....

When seeing such a cruel big flower snake rushing towards them, to be honest, the ice girl and the fire girl were shocked.

The two people began to retreat physically.

"Sister, be careful!"

As the ice girl took the lead, she suddenly raised her hands, and a cloud of ice burst out of the palms of her hands.

When the terrifying and extremely cold aura rushed to the terrible big snake, the big snake looked up on the terrifying triangular head and trembled fiercely. All the cold air was instantly swallowed by the big snake.

It seemed that the cold air could not harm the serpent in front of him.

In this way, the ice girl's icy air couldn't resist the big snake at all, the fire girl hurried over to support, she wanted to use fire.

Seeing the big flower snake with the triangular head hissing towards this side, the fire girl puffed her cheeks, and suddenly a burst of fire spurted out of her mouth.

The fierce flame burned at the big flower snake.

However, although the big flower snake is not afraid of cold and temperature, it is afraid of flames. When the flame is burning at his body, the big flower snake makes a "Zizi" cry.

Its sturdy and terrifying body was trembling in the flames, and the scarlet eyes stared at the Fire Girl and Ice Girl in front of him with hatred.

Suddenly, there was a sound of "Oh", and the huge body of the big flower snake in front of him shook, and then suddenly got into the dense jungle.

It escaped?

Just as the big flower snake leaped towards the dark dense forest, the fire girl was taken aback, and hurriedly put away the flame in her mouth and said: "Quickly, go after that **** big snake!"

The ice girl felt something was wrong, and she just wanted to persuade the fire girl not to act recklessly, but it was too late, because the fire girl had already jumped towards the place in front with a fast body.

She wants to chase after the big flower snake!

Just as the fire girl hurried to chase, suddenly, where the big flower snake had escaped, a sturdy snake's tail swung over.

The fire girl never thought that the big flower snake actually lured her to come here, when she saw the thick snake tail sweeping towards her, she was stunned!

She might not be able to avoid it no matter how fast she was, because the snake's tail came too fast, too fast.

"Sister, be careful!" An exclamation called out from the ice girl's mouth.

It was a pity that when the ice girl called out, it was already too late.

But seeing the sturdy snake's tail slammed into the body of the fire girl, the fire girl wailed, and her body was knocked into flight...

The fire girl is injured!

Seeing that Fire Girl was knocked into flight, the Ice Girl wanted to go to rescue, but the snake tail of the big flower snake suddenly rose up, and then suddenly curled up the Fire Girl who was flying in the air.

The Fire Girl had already been injured, and after being caught by the snake's tail of the big flower snake, she was stunned for a moment. At the moment, the whole body was entangled by the living snake.

After the snake body entangled Huo Nu's body, it began to tighten!

It is impossible for the fire girl to break free, her delicate body is getting closer and closer, and her muscles and bones seem to be crushed alive.

She cried out in pain.

Seeing that the Fire Girl had reached such a dangerous point, the Ice Girl wanted to rescue her.

"Sister!" exclaimed, but saw that the ice girl's whole body suddenly turned into a terrible low temperature of tens of degrees below zero.

Chapter 2162: Horror of the Flower Snake

As the breath of the ice girl's body began to drop sharply, suddenly, I saw that the flowers and trees around her were all covered with frost.

No way, the temperature all over her is too cold!

And over there? The flame girl was tightly entangled by the big flower snake with its body, and it was tightening its snake body at the moment, and then the triangular head also twisted to the entangled flame girl.

The poison core hissed at the flame girl in front of him! It seemed that he wanted to swallow the fire girl into its stomach.

But what about the fire girl? The entire body was tightly entangled, unable to move at all, let alone breaking free.

Seeing that the snake snorted and was about to **** her delicate body into her belly, the ice girl suddenly screamed and moved her body.

"Damn beast..."

Accompanied by the ice girl's loud shout, an extremely cold ice temperature suddenly appeared all over her body.

The temperature of the ice instantly began to freeze everything around.

And what about the big flower snake? I was not afraid of the cold, but I was afraid of the ice.

Because the ice can freeze its body.

At this moment, I saw that the surrounding air temperature began to drop rapidly as the ice girl cast the spell, and as it dropped more and more, layers of ice ballast appeared on the disgusting body of the big flower snake.

The temperature dropped sharply, and it dropped too fast!

The flower snake had no time to attack the fire girl at the moment, and her body began to shake violently, trying to get rid of her rigid body, but the cold was getting lower and faster.

Soon, the entire tail of the big flower snake was frozen and began to stiffen.

Seeing that the snake's tail began to stiffen suddenly, the head of the snake began to swing and twist violently, as if it could not bear the terrible low temperature.

It was swinging its twisted body, and the layers of ice on the snake's body began to crack.

Seeing that the extremely low ice layer began to break, the ice girl could only apply cold temperature again. As the temperature of her whole body dropped, the temperature around her had reached the extreme freezing point at this moment! ! !

And at this moment, the extremely sturdy flower snake lost its ability to move. Although its triangular head was still twisted there, its body had clearly begun to stiffen, and even the head began to swing hard.

In the end, the big flower snake was frozen like this after the ice girl exerted an extremely cold ice temperature.

Its narrow and disgusting body was completely sealed by the ice.

Seeing that after the big flower snake was frozen by ice, its body was still entwined with the fire girl, the ice girl ran over quickly at this moment.

"Sister." The ice girl in front of her shouted.

"Sister, how are you?"

I saw that the fire girl was also covered with white frost, and her face, beautiful eyes, and skin were covered with a thin layer of ice.

"I...I'm cold..." The fire girl suddenly said with a trembling corner of her mouth.

While speaking, she saw a white chill emanating from her mouth.

The Ice Girl knew that Huo Nu could not stand the extreme ice temperature, so she hurriedly said: "Sister, wait a minute, I will find a way to get you out immediately."

As the ice girl said this, she quickly ran to the side, and then used her internal force to swing the frozen snake body. After a lot of effort, this was the final release of the fire girl's restraint.

Fire Girl finally got rid of the shackles of the big flower snake.

After she rescued the Huo Girl, but seeing Huo Girl trembling all over, it was obvious that she was extremely afraid of Leng.

"It's so cold... so cold..." Huo Nu tremblingly said there.

The ice girl looked at the fire girl worriedly.

But after seeing Huo Nui resting for about a minute, I saw Huo Nu suddenly not knowing how to go around with her right hand, and a red flame suddenly appeared from the palm of her left hand.

The red flame was burning in the heart of her hand, and what about the fire girl? With the help of this flame, he started to keep warm.

Finally, the temperature of the ice on Fire Girl began to fade away.

The frost on her whole body also began to slowly melt, and the white frost on her beautiful eyes, face and nose had all disappeared.

"Sister, are you okay..." Seeing that the coldness of the fire girl's body began to fade quickly, Bing Nu asked quickly there.

But seeing Huo Nu shook her head strenuously, and then said: "I...I...I'm fine!" Even though she said so, she could still feel her beautiful body trembling.

The ice girl knew that her sister was really hurt...because the flower snake had really hurt the fire girl.

At this moment, the ice girl hurriedly supported the weak fire girl in front of her and said: "Sister, take a break first... I will deal with that **** big snake girl!"

Fire Girl didn't try her best anymore, she nodded silently.

"Ok!"

"Sister, you must be careful." Huo Nu said worriedly at the ice woman.

The ice girl nodded slightly.

Then she turned her delicate body and stared at those frosty eyes coldly looking around, she wanted to observe movement and everything around her.

And what about the fire girl? At the moment, he can only rest there, recuperating his injuries.

At this moment, suddenly in the surrounding desolate dark forest, the terrible and piercing voice of the big snake girl rang.

"The two juniors who do not know how to live or die, dare to use cold ice to freeze my flowers, they are almost looking for death!"

When the piercing sound came from the darkness, a flower shadow suddenly shot towards the ice girl, and the speed reached a terrifying level.

With the terrifying attack of Huaying, the ice girl in front of her was already fully prepared.

The footsteps flew around suddenly, and then his right hand raised, a cold and warm alluding towards the flower.

But seeing that Huaying snorted coldly: "Small bugs!!!"

Accompanied by her shrill voice, she drew her mouth, suddenly her body dodged, avoiding the white ice temperature, and then saw the shadow of the flower: three fast "hidden weapons" flew out.

The "hidden weapon" is extremely fast, unpredictable, and extremely slender, which is impossible to see at first glance.

Fortunately, the ice girl was cautious. When she saw three very thin "hidden weapons" shooting at her, her body suddenly dodged, avoiding one, and then raised her left hand, knocking out the second one, as for the third one, The ice girl wanted to catch it abruptly.

But when the ice girl stretched out her slender hand to pick up the third "hidden weapon", she suddenly discovered that the three "hidden weapons" sent were actually poisonous snakes!

And it's an extremely slender snake!

It turns out that the ***** big snake girl actually used a poisonous snake as a hidden weapon.

But seeing Bing Nu discovered this situation, she was shocked!

It's a pity that it's too late, but seeing that the slender and red poisonous snake has already flew towards the ice girl's arm...

It was a pity that the ice girl wanted to withdraw her arm, but it was too late. At this moment, she could only bite the bullet and follow the slender viper.

But seeing that slender poisonous snake, although very small, had its venom core stretched out, and the terrifying snake body suddenly wrapped around the ice girl's arm.

Chapter 2163:

As the slender snake wrapped around the ice girl's arm, the ice girl was taken aback. She only felt a cold and cautious sensation coming from her arm, and then instinctively started to wave her arm. Get rid of the poisonous snake.

But as soon as the poisonous snake was thrown off, the ice girl suddenly felt a sting like a needle in her arm!

Got bitten!

Bitten by that ***** slender snake!

The moment she bit the ice girl, the ice girl also threw the slender viper off the ground at the same time.

"Hahahaha, ignorant junior, now you have been bitten by my bone eroding snake, but within an hour, all your internal organs will rot, and then you will turn into a pool of blood..." An extremely ear-piercing smile came from the big snake girl's mouth.

But seeing that the weird woman dressed like a python skin was smiling motionlessly at the ice girl. Of course she is the big snake girl.

After the big snake girl suddenly appeared, the ice girl stood there with an ugly face.

I saw a small purple spot appeared on her slender white arm, and that small spot was bitten by the poisonous snake just now, and most importantly, her arm had begun to slowly appear numb and painful. .

After feeling such a terrible situation all of a sudden, the ice girl quickly sealed her left arm with the cold air all over!

In this way, after freezing his left arm with cold air, the circulation of venom can be briefly controlled, but there is no way to stop it! So the ice girl is still very dangerous.

"Sister... how are you?" The wounded woman asked worriedly after watching the ice girl being bitten by the terrible snake of the big snake girl.

But seeing the ice girl slowly shook her head there, she raised her cold eyes and glared at the big snake girl in front of her.

"Today, even if I die, I will die with you!" A word came out of the ice girl's mouth.

The big snake girl who was standing there squinting her eyes sneered and said, "Only you are a junior?"

"Traitor of the Buren family, I want you to die!"

A roar came out of the ice girl's mouth, accompanied by the ice girl's roar, but seeing the ice girl in front of her, ignoring the pain in her left arm, suddenly her whole body rushed towards the big snake girl.

But seeing a sneer from the corner of the big snake girl's mouth, her body flashed strangely, and she disappeared in an instant.

Then he suddenly appeared behind the ice girl.

A terrible claw suddenly grabbed towards the ice girl's back.

"Sister, be careful!" Huo Nv endured her injuries and reminded the Bing Nv Dao.

But seeing the ice girl turning around, an arm full of endless cold suddenly plunged into the big snake girl.

In a fast confrontation, the two attacked several moves instantly.

It is undeniable that the strength of the ice girl is indeed very high.

But to be honest, the strength of the big snake girl is much higher than that of the ice girl. Although the two have only attacked a few moves, it is already obvious that the big snake girl occupies the top and has the advantage of taking the initiative to attack.

With a cry, the poisonous big snake girl suddenly jumped toward the ice girl.

The ice girl wanted to stop her, raising her right hand with cold air, but she was suddenly avoided by the big snake girl, and then the big snake girl turned around the ice girl, and her right palm bullied the ice girl's chest.

With a bang, Ren that ice girl hadn't reacted, her beautiful body was knocked out by the big snake girl, and fell to the ground with a plop.

After the ice girl was hit hard, she fell to the ground for an instant.

She is injured!

The ice girl's face was as pale as death, and the fangs at the corners of her mouth were stretched out. She showed her vampire's hideous expression. On the left arm that was bitten by a poisonous snake, the venom purple that spread at this moment has begun to spread more and more, spread almost a large area.

"Sister!" Huojin could no longer care about her injuries at this moment.

She is going to save the ice girl! Seeing that the ice girl can't fight the **** big snake girl, what else can she do if she doesn't help?

The fire girl who shouted, then the whole person rushed towards the big snake girl.

suddenly.....

A group of fiery flames spurted from the fire girl's mouth, and the terrifying high temperature flame burned fatally towards the big snake girl.

But seeing that the big snake girl saw the raging flames burning towards her body, she snorted, and quickly dodged her body, and then easily avoided the flames of the flame girl in front of her.

And what about the fire girl? Did not attack again, hurried to the ice girl's side.

"How is it? Sister, how are you?" Huo Nu was looking at the Ice Girl with worry.

The ice girl paled her face, her delicate body trembled violently, and at the same time the venom on the left arm began to gradually spread.

"I... it's okay!" The Ice Girl stood up stubbornly and said.

Looking at the ice girl in front of her, a sad expression appeared in her beautiful eyes.

"Why don't you rest, I'll deal with her." Fire Woman said.

The ice girl said: "Sister, you can't deal with her! She is really amazing!"

Fire Woman said: "Even if you die, you can't let this **** woman cross the second line of defense of the Torrido family for half a step."

Ice Girl glanced at Huo Girl, then stretched out her trembling hand, grabbed Huo Girl's palm in front of her, and nodded slowly there.

Two such beautiful women, for the sake of the Torrido family, for justice, they decided to sacrifice their lives at all costs.

"I thought that after a thousand years, there will be a lot of new talents in the Buren family. I didn't expect that you bunch of new-born supernaturalists are just a bunch of waste... Ah, poor Buren family, sad. Supernatural beings... deserve it, the Buren family has fallen to such a withered point, it is because of you pseudo-justice fools that led to this situation, you deserve to die, you are the shame of the Buren family!" The big snake girl suddenly roared to the ice girl and the fire girl.

"What the **** are you talking nonsense?" The fire girl in front of her roared when she heard the snake girl say so.

The big snake girl squinted at the hot girl and said, "I said, you are useless, you are just a bunch of trash!"

"You mean and mean woman...you go to die!"

The fire girl couldn't bear the ridicule of the big snake girl, and with a roar, her delicate body suddenly rushed in the past as if trying to fight the big snake girl.

A ball of flame flew out, but seeing that the big snake girl didn't avoid it this time, she suddenly shielded her body with the whole body of python skin, and then the whole body was locked into the skin, and then the whole figure was like a meat ball Generally rolled over from the flames.

The fire girl didn't expect that the big snake girl would use this trick to avoid the flames that came out of her mouth. She was stunned, but unfortunately, the big snake girl's curled up body had reached the fire girl's side.

boom!

The entire giant python slammed into the fire girl, and the fire girl screamed, her body was knocked to the top of a withered tree, and then fell heavily to the ground.

Chapter 2164: he came

A scream of "Wow" came from the mouth of the fire girl.

I saw Fire Girl fell to the ground in pain, her face pale and ugly, her body trembling there, she was unable to get up anymore!

Obviously, Fire Girl is not the opponent of the terrifying Big Snake Girl at all.

Seeing that after Huo Nu received such a serious injury, the ice woman in front of her wanted to come and support, but it was a pity that the snake injury on the ice woman's arm continued to spread.

Half of her arm has turned into purple-black... and the terrifying venom is still spreading towards her entire arm! In such a situation, the horrible venom will spread all over the ice girl's body before long.

The Fire Girl and the Ice Girl are all defeated!

It is impossible for the two sisters to fight the vicious snake girl.

A whining cold wind sounded from the devastating twisted forest, as if even the cold wind was crying for them.

With a weird sly smile on the face of the big snake girl, she looked viciously at the fire girl and ice girl in front of her.

Suddenly said: "Today you ran into me unfortunately!"

The big snake girl said with a weird smile.

The triangle-headed big flower python that was frozen by the ice girl just now has completely got rid of the control of the ice. On the big snake girl's body, hiss spit out the poisonous core, staring at the ice in front of her. There are women and fire women, as if this beast is eager to eat the two sisters in front of him.

"How do you want to die?" The snake girl said with a venomous smile as she watched the seriously injured sisters Binghuo.

But seeing that the ice girl and the fire girl are no longer able to fight, seeing death in front of them, what else can they do?

Fire Girl struggled to get up, but she worked hard for a while, and she still fell there.

Although the ice girl was standing there, the venom on her arm had begun to spread. Although she tried to control the venom with cold ice, she still couldn't completely solve the terrible circulation of venom.

"Would you like to use your body's flesh to feed this flowery head?" The big snake girl suddenly smiled there.

While talking, she stroked the disgusting and terrifying flower python beside her with her hand.

The flower python spit out a poisonous core, its body twisted on the ground, its triangular head leaning upward...

The Fire Girl and the Ice Girl saw what the big snake girl said, but she couldn't answer it.

"Go, eat them!" An order suddenly came from the mouth of the snake girl.

My God, this **** terrifying woman, really wants this terrifying flower python beside her to eat the ice girl and the fire girl.

After the big snake girl said so, the flower python in front of her suddenly curled up. The cautious and disgusting body quickly rushed towards the fire girl in front of her.

Its blood basin had opened its mouth wide, and the sharp fangs and venom core stretched out there, biting at the head of the fire woman with a terrifying mouth!

Seeing this terrifying flower python bite at herself, the fire girl couldn't move even if she moved! After all, the injuries to her body were too serious.

"Sister..." How could the ice girl in front of her watch her own fire girl be eaten by that flowery snake?

She yelled with all the strength of her whole body, and then used the last cold air to prepare to rescue the fire girl. It is a pity that when her cold air was just released, the big snake girl in front of her had already reached the ice girl's side. , And then waved his hand to dissolve the ice girl's cold air.

And the ice girl? In the end there was nothing to do!

The fire girl will be swallowed alive by that giant python! She is dying!

The terrible python had already rushed to the fire girl, and the fire girl watched the terrible beast stretch its head to bite her head, but she couldn't help it!

There was a light of despair in her beautiful eyes... She knew she was going to die soon!

At this critical moment, a miracle came.

Seeing that the head of the giant flower snake bit against the fire girl, a burst of extremely strong wind suddenly came from behind the fire girl!

The hostility of that Gang Feng shouting "whoop" was extremely terrifying.

When the extremely strong wind blew, the surrounding thick branches and trunks of trees were all shattered to pieces... Some withered trees were even more cracking, cracking, all broken.

This gang wind energy is not the skill of a vampire, let alone a supernatural ability, but a person's extremely powerful and terrifying palm power!

With the extremely strong wind hitting, the giant flower snake suddenly felt threatened. Its head was originally biting the flame girl, but at this moment it slightly lifted its triangular head and then stared. Looking at the place behind the Huo Girl! It seemed that even this cruel giant snake felt a terrible threat.

"what happened?"

"Who is messing up here?" The roaring voice suddenly came from the big snake girl's mouth.

It turns out that even this ***** woman has noticed that the situation is different...because the strong wind is very strong, she has also noticed it just now.

She stared at those evil eyes and looked at the dark place behind Huo Nu.

The ice girl was also looking surprised!

The fire girl was even more dazed, and she didn't know what was going on.

At this moment, his figure walked out of the darkness step by step.

He seems to be the ruler of darkness, and every step he takes brings a very powerful aura of destruction.

Looking at the dark twisted forest, a figure approached here step by step, and the snake girl's vicious eyes stared.

"Damn it, there really is an expert here!"

And what about the giant snake beside the big snake girl? It was he who spoiled his meal just now, and it was he who came to trouble him! I must clean him up and swallow him.

Then, the giant flowery snake screamed, and its long and narrow flowery body quickly rushed towards the dark figure that came step by step.

The terrible poison core hissed at the guy.

Seeing the giant snake rushing towards the figure walking in the darkness, but where is that figure? He didn't even dodge at all, as if he hadn't seen this giant snake at all.

What about the Fire Girl and the Ice Girl?

They are the figures who blinked their eyes stupidly and looked at that step by step in that unbelievable way?

he? Who is he?

The giant snake bite towards that figure! At this moment of effort, the figure that was walking slowly step by step suddenly moved. His body was completely invisible to how it moved. The only thing he could see was that his body was "suddenly". Flash, then disappeared suddenly.

By the time they saw him, his people had already reached behind the giant snake.

The palm flew out, and a strong internal force accumulated in the weird palms!

The exercises are natural and powerful!

The supreme palm will burst out, like a landslide and a tsunami, like a thunder and rush!

boom! ! !

The horrible palms slammed the giant snake!

Chapter 2165: Road of destruction

The big flower snake was originally thick and strong, coupled with the rugged scale protection, according to the truth, it is not afraid of the strong blow of the opponent!

But what was unexpected was that when the terrifying palm of the "dark shadow" hit the big flower snake, a scream came out of the big flower snake's mouth. .

Then I saw the black shadow rise and fall two times, followed by two palms, each of which hit the waist of the big flower snake!

The huge body of the big flower snake that was hit seemed to be unable to support that extremely powerful skill anymore!

boom.....

Its raised head fell heavily to the ground, and its sturdy body directly smashed the surrounding trees to pieces.

It fell!

The terrifying giant python, which was more than 20 meters long, was knocked down by the black shadow.

The flower snake giant python seems to be difficult to get up again... its triangular head fell heavily to the ground, panting there.

When the flower snake giant python was defeated at once, the big snake girl who was on the side was completely stunned!

How can she believe this fact?

Her flower snake python is invincible! ! ! How could it have fallen this time? Defeated?

Who is he? Who on earth is that **** shadow?

Not only was the horror of the big snake girl in front of her, but even the seriously injured ice girl and the fire girl were all taken aback!

Who?

Who saved them?

Who is that shadow?

At this moment, the injured Ice Girl and Fire Girl all blinked with unbelievable eyes staring at the dark figure not far in front.

He stood in destruction.

Everything behind him was destroyed and withered, he seemed to come from destruction to the end of destruction.

"Damn bastard, who are you? Is there any new star in the Bren family's supernatural powers?" The snake girl yelled wildly.

Her vampire fangs have been stretched out of her mouth, the face of the snake head has become hideous, and her eyes are looking at the dark figure in front of them with endless slaughter eyes!

She thinks that dark shadow is also an ability person? Also a vampire member of the Buren family?

But is he really?

After the angry voice of the big snake girl exited, the dark shadow moved slowly, and he walked towards this side step by step.

The giant python flower snake was dying and fell there.

The big snake girl stood there with a wicked air, waiting for him to come, the ice girl and the fire girl were also looking at him with beautiful eyes.

What is he?

As he approached step by step, his figure finally appeared in their sight.

He has the face of an Oriental, the characteristics of a vampire, pale skin, a pair of vampire bloodthirsty and cruel eyes, and sharp fangs stretched out there, step by step on the road to destruction.

"It's him?"

The injured Firewoman exclaimed in excitement as soon as she saw his figure, and she couldn't believe it in her voice.

After the fire girl exclaimed, what about the fire girl who has always been cold? At this moment, he couldn't help but screamed out.

"He?" Her voice was as excited as Huo Nu, revealing doubts and disbelief.

"Oh my god, did he come to save us?" Huo Nui cried out with the excitement in her heart that could hardly cover her body injury.

Of course he is Li Tian who came to the rescue!

It turned out that when Li Tian heard them talking with Earl Roger, Li Tian's heart completely changed! Originally, he could not accept the fact that he was an alien and that he was a vampire, but now he could accept it, because he saw that in this dark race, there were originally human emotions.

But when Li Tian appeared, the big snake girl looked at Li Tian fiercely with consternation and poisonous eyes!

She wants to see who has defeated her giant snake!

When she saw the strange figure of Li Tian, a strange light flashed in her eyes, and then said fiercely: "You are not a member of the Buren family, you are not a supernatural person! The same! , You are not a member of the Torrido family either!"

The vicious words came out of the big snake girl's mouth.

Unexpectedly, this big snake girl could see Li Tian's identity at a glance, and she could also observe that Li Tian was not a vampire from the Toledo family!

"Damn thing, who are you?" I saw the snake girl continue to roar there.

She hates Li Tian, and now she can't wait for Li Tian to die!

But she still didn't dare to do it rashly, because she really didn't know Li Tian's identity, and couldn't explain what Li Tian used just now was the mastery of the palms!

Of course Westerners will not know the mystery of Kung Fu in China!

When she asked fiercely, Li Tian didn't even bother to take a look at her.

He just turned his body slightly, then looked at the ice girl who fell to the ground and was seriously injured, and the fire girl.

Then slightly asked with words: "How about you guys?"

Ice Girl and Huo Girl have never heard Li Tian's voice, let alone he cares about themselves so much. When they heard Li Tian's caring words at this moment, the two injured beauties were stunned...

Huo Nv Qiao's face was full of excitement, she covered her chest with one hand, and pressed the ground with the other, shook her head and said: "I...I...I...nothing!"

She seemed to be trembling because of excessive excitement!

What about the ice girl? Although she was extremely excited, she was completely covered by her cold expression.

I saw the ice girl just said faintly: "I'm fine!" Then she stopped talking.

Li Tian knew that their vampires were recovering at an astonishing rate. At this moment, when they heard that they were all right, Li Tian naturally felt relieved!

He looked at the Ice Girl and the Fire Girl Dao and said: "Since you are all okay, leave here...here, leave it to me!"

"She, let me solve her!"

Li Tian slowly twisted his body, stretched out his pale and cold finger, and said motionlessly at the evil snake girl opposite.

The sound is domineering and natural, like the king of destruction.

When the big snake girl heard Li Tian's words like this, Qi's whole body trembled, her sharp claws were already trapped in her flesh, she hated it! She is angry!

But she did not directly do it!

And here? When Li Tian finished speaking those two sentences, only the Ice Girl and the Huo Girl looked at Li Tian in shock.

"You, you, are you going to deal with the big snake girl alone?" Huo Nu said in surprise!

After all, the big snake girl is an old vampire who has survived for more than a thousand years, and her strength should not be underestimated! So Huo Nu was still a little worried about Li Tian.

Chapter 2166: Deadly Viper

After Huo Nu was so surprised, Li Tian did not answer her words!

Silence already represents the best default!

Fire Girl continued there, "But she is very powerful and cruel!"

Suddenly, the injured ice **** the other side looked at the fire girl and said, "Sister, don't worry! I think he can..."

"Don't forget, he will become the savior of our Righteous Blood Clan Alliance!" said Ice Girl.

After the Ice Girl said such a word, the Fire Girl in front of her was slightly stunned.

Her beautiful eyes took a caring look at Li Tian. There seemed to be so many words in her beautiful eyes that wanted to say to Li Tian, but there was no way. The time was too immature, so all her words could only be hidden in the belly.

After looking at Li Tian, the fire girl bit her teeth and said to him there: "Then you must be careful...We will return to the Torrido family first, and then immediately notify Lord Roger, He sent someone to support you!" Huo Nudao.

Hearing what Huo Nu said, Li Tian nodded silently.

Then the two beautiful sisters, Huo Nu and Bing Nu, began to support each other in the direction of the Forgotten Temple and began to retreat.

The big snake girl saw that the fire girl and the ice girl wanted to escape, and she was immediately angry!

Because the ice girl and the fire girl have long been in her bag. To put it bluntly, as long as the big snake girl raises her hands, she can kill the fire girl and the ice girl. But now, these two can already be killed. The sisters escaped under their noses? How could she be willing!

A roar burst out from the mouth of the big snake girl!

"Damn it, want to escape? Take your life!"

Accompanied by the big snake girl's roar, her python body suddenly flashed, dazzling kung fu has reached the ice girl and the fire girl, two ghostly cold vampire claws are terrifying to the ice girl. The fire girl caught it, extremely cruel.

But at the same moment that the big snake girl pounced, the figure of Li Tian also moved in an instant!

Whoosh.

I saw that Li Tian's speed was faster than that of Big Snake Girl. The speed reached an unimaginable level, and that kind of fast speed could hardly be seen clearly with the naked eye.

In this way, Li Tian's figure reached the big snake girl's side in a flash, his left palm suddenly flipped, and a vast palm force came out of his hand.

The terrifying power, accompanied by the cold breath after he became a vampire, hissed at the big snake girl.

The big snake girl saw that she was about to kill the fire girl and the ice girl with a single blow, but did not expect that at this time, that Li Tian appeared again, immediately angrily, two cold ghost claws gave up the ice girl and the ice girl Huo Nu, but suddenly turned her hands to Li Tian's face and grabbed it.

"Go to hell!"

The terrifying ghost claw grabbed Li Tian's face with a terrifying smell.

But what about Li Tian? He didn't even evade, his right hand changed his palm and cut, and cut straight the wrist of the big snake girl's left claw, and at the same time, the left hand exerted a vast palm power against the big snake girl's right grasp.

With a bang, Li Tian's right hand cut directly on the left arm of the big snake girl, and a low growl came from the big snake girl's mouth for no apparent reason! The voice was terrible, with anger and unwillingness!

But even if she was unwilling to do so, she couldn't hold back the terrifying power that came from Li Tian's palms!

With a bang, I saw that the big snake girl couldn't stand Li Tian's palm strength, her body suddenly retreated, back ten meters.

What about Li Tian? He stood in front of the ice girl and the fire girl like a **** of death, protecting them back!

The fire girl and the ice girl were surprised secretly in their hearts, not only gratefully glanced at Li Tian in front of them again, the two beauties did not say anything else, and then quickly helped each other toward the Torrido family's nest Retreat!

After the fire girl and the ice girl left, only Li Tian and the terrifying snake girl were left in the devastating twisted forest!

The angry eyes of the big snake girl seemed to be bleeding!

She has been in the dark for more than a thousand years, and has never encountered a weird vampire like Li Tian!

Even if the Big Snake was hunted down by the Sun Cult hunters among humans, she did not suffer such a heavy blow... But this time, she encountered the strangest vampire enemy in this thousand years!

What kind of vampire is he in front of him?

How could there be such a strange vampire in the Thirteen Clan?

The big snake girl's mind is spinning fast! Obviously, she was really curious about Li Tian's existence.

"Who are you? You are not a member of our blood family thirteen... Tell me, how could you mutate into a vampire? Damn Oriental!" The big snake girl roared at Li Tiandao who was looking in front of her.

Li Tian lifted up those cold, bloodthirsty pupils and glanced at the big snake girl in front of him coldly and said: "Who I am is not important! The important thing is that you now have the opportunity to get out of me..."

The cold words are just as cold and ruthless as his people!

For more than a thousand years, who dared to say such a thing in front of the big snake girl? Who dares to have the guts? But he dare?

Faced with Li Tian's words like this, the big snake girl was furious.

Her delicate body had begun to tremble because of excessive anger, and her face had become distorted, and her sharp fangs exuded a strange and hideous feeling under the moonlight.

"I'm going to kill you!"

"I want to kill you, I want to peel off your skin, and I want to throw your blood on the ground!"

Accompanied by the roar of the big snake girl, the stench of her body has become heavier.

Suddenly her five fingers opened, her hands facing up like a ghostly Yasha, and her mouth was muttering strange words at the same time.

Li Tian was taken aback, standing there looking at her coldly! Li Tian now doesn't know what this ugly big snake girl is doing.

As the big snake girl murmured the weird words in her mouth, suddenly, the whole space began to appear one after another.

The stench came on his face, and it was extremely unpleasant.

As the weird stench rushed toward my face, there was a sudden rustling movement in the surrounding withered trees, as if something weird suddenly appeared.

Li Tian cautiously looked around, his whole body's strength had been accumulated in his palms, he remained motionless, observing the surrounding situation!

Suddenly, the big snake girl spit out a weird scream!

Accompanied by that weird hissing, screaming... From the withered grass, three extremely slender snakes came out, biting towards Li Tian!

snake!

Terrible and black poisonous snake...

Chapter 2167: Dark end

The heads of the three venomous snakes are all triangular, they are the most poisonous kind of cobra in Eastern Europe!

I saw these three poisonous snakes shooting towards Li Tian like sharp arrows, hissing poison core spitting out there, as if wanting to bite Li Tian in one bite.

But Li Tian was seeing the big snake woman using her ability to control the poisonous snake and attacking herself, her body flashed suddenly, and then the terrifying power accumulated in her left palm directly slapped the three ferocious snakes!

With a bang, all three poisonous snakes were shattered by Li Tian's strong palm!

However, just after Li Tian smashed the three poisonous snakes, his hissing poison core sounded all over his body.

Li Tian looked down, his scalp was not only numb! It turns out that the ground, the grass, and the branches are already covered with dense and terrible snakes!

Those venomous snakes are in groups, thousands, hundreds, innumerable!

And all crawling towards Li Tian, such a terrifying situation is indeed both chilling and disgusting!

Seeing tens of thousands of venomous snakes crawling towards Li Tian from all around, Li Tian only felt that his hair seemed to stand up. He had never seen so many venomous snakes...

Groups of poisonous snakes crawled towards Li Tian! What should Li Tian do now?

kill? Can't finish it!

Rush? Can't run away!

Can you just wait and die at this moment?

The big snake girl was still driving thousands of poisonous snakes, and she was still muttering words that she didn't understand in that weird whistle!

At this moment, Li Tian suddenly raised a strange sword aura!

"Ten Jue Sword Qi!" A dragon chant burst out of Li Tian's mouth! Then, seeing his body suddenly soaring at this moment, all the hordes of vipers flew towards him and bit him.

The sky seems to have been covered by the figure of the poisonous snake, there is no way, there are too many poisonous snakes!

But what about Li Tian? Just as he roared out, the sword spirit was invincible in the surrounding fishy wind!

Li Tian's whole body seemed to have become a completely airtight sword formation!

Then I saw Li Tian's two arms turned into a sword net, and he slashed towards the group of poisonous snakes!

Flutter!

The ***** wind, the sword aura.

The fishy snake body was cut to pieces, and the invincible sword energy spread around.

The invisible sword, the sword of Qi slave!

What a mighty power, what a domineering arrogance, I saw the invisible sword qi slashed towards the dense group of poisonous snakes with the waving of the sword light.

The space was completely indistinguishable. The poisonous snakes that killed many died under the invisible sword aura. I saw that Li Tian's body was covered by layers of sword nets, and every poisonous snake that rushed past was covered by the invisible sword. The net is crushed!

The dead snake corpses on the ground had already piled up a thick layer...but only under Li Tian's body did not a single poisonous snake invaded.

Li Tian's ten tactics sword aura has controlled the entire scene, and even the surrounding withered trees, flowers and plants have been completely cut off by the huge and infinite sword aura...

When the big snake girl saw Li Tian actually use such "weird kung fu", she was completely shocked there!

She has never seen such a terrible "guy!"

This guy is even more terrifying than the superpowers of the Buren family!

My God, what is his origin?

When the big snake girl saw that the poisonous snakes she had attracted were dying in groups, her heart was desperate... She suddenly turned around and flew towards the darkest twisted forest in the east!

She escaped! She wants to run away!

Li Tian saw that the big snake girl turned and fled, roared, and raised his left hand, a violent spirit burst from the palm of his hand and hit the place where the big snake girl was flying!

With a bang, there was a violent explosion behind the big snake girl!

And what about the big snake girl? At this moment, the figure suddenly disappeared in the endless twisted forest, she really escaped!

Just now Li Tian's fierce palm strength didn't know if it hit her, no matter what, the big snake girl escaped.

After the big snake girl fled, the group of poisonous snakes around that hadn't died suddenly seemed to have lost their backbone. These poisonous snakes were shocked and frightened facing Li Tian!

It turns out that even these cruel things are afraid of Li Tian!

Then, seeing the group of poisonous snakes scattered all around..., they once again grabbed into the depths of the twisted jungle, never daring to come out again.

The smell of snakes around is getting heavier and heavier! The ground and trees were all covered with the poisonous snakes that Li Tian had just killed with the invisible sword aura.

A tangy smell rushed towards Li Tian. Li Tian glanced at the dark twisted jungle. A cold wind blew in. He gently wiped the snake blood stuck on his face... and then slightly lifted the one. The pale head, staring at the moon in the sky!

There is only half of the moon left, the other half of it has been covered by dark clouds, and the other half is gradually being covered... as if swallowed!

After taking a look at the weird moonlight, Li Tian didn't speak, turned around and walked step by step towards the Forgotten Temple of the Toledo Family.

...

In the Forgotten Temple, every vampire of the Torrido family is worried about the second line of defense!

Because so far, the Torrido family has lost nearly a hundred vampire knights! If this continues, if the second line of defense can't be held, then the entire Torrido family will really be over!

The Justice League of the Blood Race will surely fall apart! Darkness will surely erode the entire blood family.

Count Roger spent the night in anxiety, and the news of the bad news has always been heard!

He was worried, worried that his family would really perish.

He is still walking back and forth constantly, holding up a pair of worried eyes and staring at the direction of the twisted jungle! He hoped that the Fire Girl and the Ice Girl could hold on to the second line of defense and be able to hold on, so that their Toledo family would have a chance to breathe.

I saw that when Count Roger was walking up and down the square at an anxious pace, the human hunter came in the distance: Ron and his sister Tia!

Ron and Tia are the only humans to participate in this war of blood races, and they also support the righteous Torrido family! And Ron and Tia have already contacted their Pope the Sun... If nothing else, in the near term, there will be more human hunters participating in the battle against evil vampires!

The only thing the Torrido family has to do now is to persevere. Only by persevering can you get help!

"Earl Roger!" As Ron and Tia hurried over, they cried out.

After hearing Ron and Tia's voice, Earl Roger not only turned his head quickly.

"What's the matter? Why are you here? Could it be that the west side was also attacked?" Count Roger said with great worry.

Chapter 2168: Good news

Now his mind is full of bad news, so he is afraid!

After seeing Ron and Tia rushing over, they said, "No! There was no attack on the west side..."

"Tia and I just heard that the second line of defense in the Twisted Forest is almost unstoppable, so I want to come and support!" Ron said in front of him.

After Ron said this, Earl Roger was a little relieved!

"It's good if the west side has not been attacked..." Roger murmured in that mouth.

Then Ron looked at him and said, "Earl Roger, how about the second line of defense in the Twisted Forest? Can you hold it? If you can't hold it, we brothers and sisters are willing to go and support!" Ron and Tia are here sincerely. Tao said.

But seeing Count Roger gratefully glanced at Ron and Tia said, "I understand your feelings! But at present, the Ice Girl and Fire Girl have gone to support the second line of defense..."

After hearing Earl Roger say this, Ron said, "Oh, it turned out that it was the Ice and Fire twin sisters of the Buren family who supported them in the past! Great... the Ice and Fire twin sisters of the Buren family all have abilities. I must be able to hold on to the second line of defense!"

When Earl Roger heard him say this, a bitter smile appeared at the corner of his mouth and said, "Hey, hope..."

"Why? Don't Earl Roger still believe in the strength of the two sisters of the Bren family?" Ron asked the Count Roger in doubt, seeing the worry on his face.

But seeing that Earl Roger said: "You may not be clear about some things! Did you know that the evil Gangaluo family and the Heiye clan have also invited supernatural powers?"

When Ron heard this, he immediately stunned: "Huh? Are you saying that their evil vampires also have supernatural powers? There are also members of the Buren family?"

Count Roger nodded silently and said, "Yes!"

"Moreover, the two guys invited are terrifying supernatural beings more than a thousand years ago... Their power is far beyond the two sisters of ice and fire... so I worry about their sisters!"

As soon as Ron in front of him heard that Earl Roger said, he was depressed!

Ron knows that vampires rely on age to grow their strength. The two sisters of Ice and Fire are obviously only a few hundred years old. Of course, they can't resist the ancient vampire powerhouse who has thousands of years of age. Now he finally understands why Earl Roger Will be so worried!

"Then Earl Roger, what should we do now? Can the two sisters of the Bren Family Ice and Fire defend the second line of defense in the Twisted Forest?" Ron asked.

I saw Earl Roger sighed deeply and said: "Now no one knows!"

After speaking, he fell silent.

After Ron heard that Count Roger sighed, he didn't continue to question too much!

He knows that asking himself now is purely for nothing. Everything can only be known after the battle is over!

"I hope the ice and fire twin sisters can hold on!"

"Be sure to hold on!" Ron and Tia pleaded for blessing in their hearts.

Now, there is only waiting! Waiting for the battle report ahead!

Waiting is the hardest and the most anxious!

The night passed by one minute by one, and no one knew what the second line of defense in the Twisted Forest looked like!

...

Finally, after waiting for dozens of minutes in torment, the report of the second line of defense finally came!

I saw from a distance a Torredo family knight-like speed coming towards here!

"Earl Roger!" The guy yelled Count Roger's name while running away!

Count Roger couldn't help feeling excited when he saw the informant who was finally coming to the second line of defense, and quickly greeted him.

"How? How is it?"

"Have Ice Fire and Fire Girl defended the second line of defense?" Count Roger asked quickly.

After Count Roger asked, Tia and his brother also ran over, looking at the knight of the Torrido family with a pair of nervous eyes.

I saw the knight replied: "Report Count Roger that the Ice and Fire twin sister of the Buren family is seriously injured!"

what! ! !

After hearing what the knight of the Torrido family said, Roger suddenly became desperate!

The human Ron and Nadia beside him couldn't help but exclaimed!

The ice girl and the fire girl were seriously injured! This shows what? It shows that the second line of defense of the Torrido family is really over! !

"How could this be?"

"Does God really want to destroy my Torrido family?" Count Roger suddenly sighed in despair.

Ron and Tia next to him wanted to persuade something, but they didn't know how to persuade him!

At this moment, the hearts of everyone on the court are full of loss and despair...Sorrow is all around them!

At this moment, the knight who had just mentioned that the Ice Girl and Fire Girl was seriously injured, hurriedly said: "His Royal Highness, this is not the case. Although the two sisters of the Buren family were seriously injured, the first The second line of defense, it seems, as if we are holding it!"

what?

When the knight suddenly said such a sentence, the Earl Roger almost jumped up!

He couldn't believe his ears!

Is the second line of defense held? true or false?

"You, you, what were you talking about just now?" Count Roger grabbed the collar of the knight in front of him with his hands in excitement and asked in horror.

The knight was held tightly by Count Roger, and he hurriedly repeated the words just now, only to hear him say: "...The second line of defense, we seem to be defending! The vampire member of the Blackyc clan, And the big snake girl and Breath of Death seem to have retreated..."

"Did it? The second line of defense is really kept?" Count Roger was excited to jump up and asked again.

The knight nodded quickly and said, "Yes, yes."

"Great! Great..."

Count Roger screamed all of a sudden, Ron, Tia and the many vampires of the Torrido family all screamed.

They are so excited!

This is the only good news from the battle that day!

"The two sisters of the Bren family, Ice and Fire, are really doing great!" Earl Roger said in front of them.

"Yes, I didn't expect that the two younger sisters of the Brun family would have such a great ability!" Ron and Tia also said happily.

But the knight who had just notified that said, "No, Lord Roger, it is not the two sisters of the Bren family who defeated the Black Lac clan and the terrible Serpent Girl..."

When Count Roger heard this, he was stunned: "What did you say?"

Chapter 2169: The unbelievable truth

"I said that although the two sisters of the Bren family's Ice and Fire prevented the terrible offensive of the Heiyi tribe and the Snake Girl, they did not defeat them. There were others who defeated the Snake Girl and the Heiyi Clan attack!"

"Who? Who did you say that defeated the snake girl?" Count Roger asked in front of him.

But seeing the knight shook his head depressedly and said: "I don't know this... but I dare to swear that it is not the Ice and Fire twin sisters of the Buren family that will really save our family this time, but the mysterious him!"

"Mysterious him?" Count Roger frowned deeply when he heard the words of his men.

He simply didn't believe what he said. Could there be more powerful figures in the Torrido family? impossible!

If so, how could he not know as the earl of the Torrido family?

Just when Earl Roger, Ron and Tia behind him were all depressed, suddenly a voice came from there.

"The Burren family members are back!"

"The Ice Girl and Fire Girl of the Burren Family are back!"

Following the sound, he really saw the severely injured ice girl and the fire girl, who were supporting each other, and walked from the direction of the twisted forest step by step with difficulty.

Their strides were extremely heavy, and their faces were pale and ugly. Obviously, both of them suffered extremely serious injuries in this battle!

The ice girl was even more seriously injured. I saw that the entire upper part of her left arm had turned black and purple. It was the place where the blood of the snake was sucked. Now the venom has spread in her arm, and she is struggling step by step. Coming from the direction of the twisted forest.

Seeing the return of the Ice Girl and the Fire Girl, Earl Roger and Tia rushed over.

"Ice Girl, Fire Girl, you are finally back! I am so worried about you!" Count Roger, who ran over, asked with great concern now.

"How are you? Are you seriously injured?"

But seeing that the ice girl and the fire girl shook her head strenuously and said, "We are okay..."

"You have suffered such serious injuries!"

"Ice Girl, is your arm infected?" Earl Roger in front of him knew that the ice girl's arm must have been bitten by poison.

I saw the ice girl nodded there and said: "Yes! It's the snake girl's pet viper!"

"Come on, let me quickly clear the venom for you!" Count Roger said as he pulled out a bright head from his arms!

The sharpness of the head was held in the hands of Count Roger.

Everyone was looking at Count Roger with their eyeballs. The ice girl couldn't help but hesitate when seeing Count Roger with such a sharp head, but in the end she gritted her teeth and slowly moved her left hand. The arm stretched out.

After reaching out, I saw Earl Roger gripping the ice girl's arm tightly, then slowly pierced the ice girl's arm with the blade with the swollen arm, and followed the blade into the ice girl's arm with swelling. After the place, a cloud of purple-black blood appeared from the arm, and then Earl Roger began to squeeze the black venom on the ice girl's arm with both hands!

Soon, but seeing the disgusting purple-black venom from the blade...

After all the purple and black blood on the entire arm was squeezed out by Earl Roger, the body of the ice girl finally recovered a little, but her person looked extremely weak!

"Ice Girl, I have cleaned up the snake blood from your body. You should go back and have a good rest now. I will tell my people to give you artificial blood as soon as possible, and then restore your strength!" Count Roger said there.

The ice girl nodded gratefully and said, "Thank you!"

Then he was supported by the Torrido family members beside him.

Only the fire girl is a little better, but her body also looks weak!

"Lady Huo, how about you? How are you?" Count Roger looked at Fire Lady and asked.

The fire girl blinked her beautiful eyes and said, "I'm okay..."

"Thanks to you this time. Thanks to you, our Torrido family held the second line of defense. This great favor, I will never forget Roger in my life!" Count Roger said excitedly.

Following the words of Count Roger in front of him, a bitter smile appeared on the corner of the woman's lips.

Then, just listen to her saying: "No, Lord Roger, you are wrong..."

"It was not our two sisters who saved your Torrido family..." The Fire Girl suddenly said.

After hearing what Huo Nu said herself, the Earl Roger in front of him was really confused!

The words of the knight under his men might have made Count Roger question whether it would work, but now these words were personally spoken from the mouth of the fire woman!

Could it be said that the people who rescued the second line of defense of the Torrido family this time are really not the fire girls in front of them?

"Fire Lady, why don't I understand your words! Could it be that you and your sister guarded the second line of defense?" Count Roger asked in confusion.

But seeing that fire girl nodded faithfully and said: "Yes, Lord Roger!"

"The second line of defense is indeed not held by our sisters, but him!"

After Firewoman said so again, Count Roger was almost dumbfounded!

"Who? Who are you talking about? Who saved my Torrido's second line of defense?" Count Roger couldn't help asking.

The human Tia and Ron beside that are also staring at the lips of the flame girl in front of them!
Hope to hear her tell the truth!

I saw Huo Nui smiled slightly, and then she raised her beautiful eyes and looked into the distance. There was a longing in her beautiful eyes, with the shyness of a girl, and said slightly: "He, our blood The savior!"

"He alone saved the Torrido family's second line of defense, and also saved me and my sister! If it weren't for his appearance, I'm afraid that the Torrido family will really be over tonight...We two Sisters will never see tomorrow's moon again!"

Savior?

he?

When the fire girl said these few words, where was all the consternation of Count Roger and Tia beside him!

what?

"Huo Nu, what are you talking about...Li...Li...Li Tian?"

"It's the guy who has been reluctant to help before? Is it him?"

"No way, he... unexpectedly has such great ability? One person saved the second line of defense? And also defeated the legendary snake girl?"

...

All the voices are doubtful and confusing!

Obviously all of them didn't believe it, because Li Tian was so decadent and cold in their minds at the beginning, and he didn't associate with their vampires at all, but now he helped them? how could it be possible?

Chapter 2170: Terrible prophecy

Facing everyone's doubting voices, but seeing the fire girl saying there: "What I said is the truth!"

"Also, I want to tell you that Caso's prediction is correct. That Li is really the savior of our blood justice league! Only he can save our blood!"

Listening to Huo Nu saying this again, Count Roger was stunned at the moment! Not only was he stunned, all the vampires of the Toledo family present, Ron and Tia beside him were stunned!

It was Li Tian, Li Tian saved them!

My God, I didn't expect that in the final crisis, his appearance would save the Torrido family!

In the shock of everyone's doubts, Lord Roger asked, "What about him?"

"He is there now?"

Fire Girl shook her head and said: "I only know that he finally defeated the Big Snake Girl. As for where he is now? I don't know..."

Hearing what Fire Lady said, the Earl Roger was taken aback for a moment, then quickly turned his head, and said to the many Torrido knights behind him: "Give me an order. From now on, you will give me thorough Search the entire Forgotten Temple at the bottom, no matter what method is used, no matter how many people are used, I will find our savior as soon as possible! Have you heard?"

At the order of Earl Roger, all the members of the Torrido family on the court at the moment all shouted excitedly: "Yes!"

"Remember, we must treat our savior respectfully!"

"He is the future of our Justice League..."

Count Roger once again told his men.

The knights all nodded, their previous suspicion of Li Tian and their hatred, at this moment, all turned into invisible respect!

Savior!

Maybe no one believed these three words before, but now, in the Torrido family, who dares not believe it? Who dares not accept?

What about Li Tian as the savior of the blood race? Since he defeated the big snake girl, where did he go? I still do not know yet.

"Great, I didn't expect that Li would really become Toledo's savior!" Just listen to Nadia said excitedly.

Her beautiful red hair fluttered with the corner of her mouth, while floating there,

It is undeniable that Tia the hunter is indeed a little beauty!

Her brother Ron stood aside and said, "Yes! Since that Li Guo really has superhuman strength, I believe we will be able to hold on to the second line of defense this time. If the second line of defense is held, then We will be able to buy more time to wait for the people to help... If our Sun Cult volunteers come, coupled with the arrival of the Bren family supernaturalists, then our Justice League will have a chance to fight evil. Compete! When the time comes, we won't have to be afraid of the Heiyi clan, and the Gangelo family!"

Listening to Ron's words, Nadia said excitedly, "Yes, my brother is right."

Hope is flooding the entire Temple of Forgotten!

In the Torrido family now, every vampire member has a kind of hope in his heart...

All of this is due to the appearance of Li Tian.

But now, only Li Tian could not be found, which made the members of the Torrido family very depressed.

...

In the most central hall of the Forgotten Temple, I saw the prophet Ka Suo sitting there smiling!

The thick black glasses still hung on his face, covering his blind eyes, and sitting next to him was the elder of the Torrido family: Archid!

"Caso, your prediction has come true! That Oriental has really saved our family's second line of defense!"

Elder Alchid's excited voice came from the temple, and his voice was filled with indescribable joy.

But I saw Ka Suo smiling and saying: "Elder Alchid, I said from the beginning, he will definitely become the savior of our blood!"

"It's just that the time has never come!"

Elder Alchid was convinced of Caso, and only listened to him saying: "I believe you! I always believe you!"

"Caso, then since the Easterner named Li has begun to help us Torido? Then can we Torido avoid this disaster? We can defeat evil?" Elder Archid asked.

After Elder Alchid asked, Na Ka Suo frowned slightly and said, "Elder, although some things can be predicted, some things cannot be predicted to the end! For example, your current question... I cannot predict it."

Listening to what Caso said, Elder Alcid was not only disappointed.

"Elder, you must understand one thing, everything will change, and so will fate!"

"Sometimes, what I see is not the real result, and what I predict is not everything in the end. I just follow my fate to see something you can't see. As for the middle process, we still need to work hard!"

Hearing what Caso said, Elder Alcid nodded deeply.

He is also a wise man himself, and of course he can understand the meaning of these words and words of Naka Suo! So Elder Alchide remained silent, and he did not continue to question.

"At present, our confrontation with evil is only a short beginning... The real battle has not yet come! Once it comes, the earth will crack, blood will stain the ground, flames will engulf the ancient forest, and darkness will cover everything."

"Elder, we must make all preparations to deal with the greatest disaster of the blood race in thousands of years!"

Caso finally uttered these terrible words.

After he said it, Elder Alchid's heart trembled violently.

The war has just begun?

But now the Torrido family has lost nearly a quarter of the knights...

If the real war comes, can the Torrido family sustain it?

The legendary "savior" Li Tian, can it really be against the sky?

The empty hall became silent again!

Elder Alchide frowned deeply, sitting on the black chair, thinking about his thoughts.

And what about Caso? After uttering such a large amount of words, he kept that position and continued to sit.

Suddenly, at this moment, a dull sound of footsteps sounded in the empty hall!

His footsteps are so deep and powerful, and when he walks up, every step seems to crush the rocks on the ground!

Bang, bang, bang!

The sound of resolute footsteps is only shocking!

At the moment when I suddenly heard the sound of footsteps coming from the front, Elder Archid said: "Who?"

Give a loud shout, look up!

A lonely figure slowly walked in from the hall of the Forgotten Temple! His figure is lonely and lonely, but his whole body is filled with endless aura of destruction. Every step he takes, the horrible aura of his whole body shakes the surrounding air...as if he came from the land of destruction.

he came!
