

A Killer 2171

Chapter 2171: Exchange blood for blood, life for life

"It's you?" The moment his figure appeared in the hall of the Forgotten Temple, Elder Archid not only called out in shock! His voice was full of shock and disbelief!

I saw Elder Alchid staring at him who walked in!

And Caso slowly turned his face away. Although his eyes could not see anything, it seemed as if his ears and his nose could feel a human, and a strange smile appeared at the corner of his mouth. He looked in that direction with his face.

he?

Li Tian! It turned out that Li Tian came here.

Originally, after Li Tian defeated the big snake girl at the second line of defense in the Twisted Forest, he came here alone! He is looking for Elder Alchid and Ka Suo who is called the prophet!

When Li Tian appeared, Elder Alchid was full of excitement! After all, Li Tian in front of them is the savior of their Toledo family, and the whole family can rely on Li Tian in front of them.

So Elder Alchid respectfully looked at Li Tian in front of him, and wondered at the same time, what did he do here?

It was said that after Li Tian walked into the Temple of Forgotten, he first raised the pale face and glanced at Elder Alchid, and Caso wearing sunglasses, and then spit out a cold word from his mouth.

"Are you the elder of the Torrido family?" His voice was as cold and sharp as his own, and he looked at the elder Alchid in front of him.

But when he saw that Elder Alchid recognized him suddenly when he heard Li Tian in front of him, he not only smiled, and then said, "It's the old man!"

After Elder Alchid admitted his identity, Li Tian then put his eyes on the blind Caso.

"Then you should be the prophet they were talking about?" Li Tian's voice continued to be cold.

Following Li Tian's words, Na Ka Suo smiled and nodded there and said, "Yes, it's me."

"Well, I finally saw you!" Li Tian said suddenly, looking at the cableway.

"I have a question I want to ask you." Li Tian said again.

When Na Ka Suo heard Li Tian suddenly say this, he was not only stunned: "Okay, you can ask..."

"Do you really think that I am the savior in your mouth? Do you really think that I can save your blood race by my own ability?" Li Tian in front of him suddenly looked at Ka Suo coldly and asked.

But after seeing that Ka Suo was suddenly asked by Li Tian, I was taken aback, because Ka Suo did not expect that Li Tian would ask himself this question suddenly, and now he not only smiled embarrassedly: "This..."

"You believe it, he is real! If you don't believe it... it won't help me to see the future."

"What matters is not the pure result, but the whole process. Do you think I am right?" Caso did not directly answer Li Tian's words, but went around the curve and explained everything to Li Tian.

How smart is Li Tian, of course he knows everything that Ka Suo wants to explain!

I saw that he didn't refute Nacasso's words, but said: "I don't care if your prediction is accurate or not, it doesn't matter to me!"

"I just want to tell you now, the reason why I chose to help you vampires and the Torrido family is because I want to repay Mary's kindness! And I want to find that **** winged monster vampire...that thing He bit me and turned me like this. It was he who turned me into something that is not human. I must find him and kill him by myself!" Li Tian said viciously.

The monster vampire with wings he was talking about was naturally the famous brutal vampire of the Gangelo family: the king of corpses, Uris!

After Elder Alchid heard Li Tian say this, of course he knew who the winged monster he was talking about was!

What about Caso? Hearing what Li Tian said, he didn't mind, he just said indifferently: "Go with your heart. This is what you do most now! You just need to follow this point. Our Justice League will not force you. ."

"If you are not willing to help us at any time, we will not force you." Caso said his final thoughts.

After Li Tian listened to it, there was no expression or expression, but he turned around silently and left.

Taking an icy step. After suddenly taking two steps, Li Tian suddenly stopped his steps.

"One more question, I want to ask you!" Li Tian suddenly turned around and said a word.

Elder Alchid and Caso around him looked at each other, then looked at Li Tiandao in front of him and said, "Please tell me..."

"I want to ask, can I turn back into a human being?" One sentence came out of Li Tian's mouth like this.

His eyes looked coldly at Elder Alcid and Na Ka Suo! Although their eyes were extremely cold, in those cold eyes, they still saw the fiery eyes behind!

There is no doubt that Li Tian wants to become human!

He can't accept his identity as a vampire!

I saw that after Li Tian asked such a sentence, Ka Suo did not speak, but Elder Alchid suddenly sighed slightly: "Actually, it can be theoretically..."

After Elder Alchid said this sentence, Li Tian's cold eyes suddenly trembled.

"Tell me, how can I return to being a human?" Li Tian asked excitedly.

Elder Alchide slowly raised his face, then looked at Li Tiandao and said, "I don't know if I should tell you this method, but since you have to know the answer, then I will tell you...you If you want to change back to a human, you must perform a blood sacrifice... because only a blood sacrifice can replace the vampire blood in your body!"

Li Tianjing asked, "What is a blood sacrifice? How can a blood sacrifice be made?"

Elder Alchid said: "If this blood sacrifice wants to be used, it will be very troublesome. It is necessary for the older generation of our blood clan to display this kind of exercise!"

"Of course, this is not the most important thing, the most important thing is yourself!"

Li Tian asked blankly: "What do you mean?"

"Because blood sacrifice Dafa is very cruel! It is a practice that harms others and oneself!"

"If the Blood Sacrifice Dafa is to be performed, it must be performed by your close relatives, because only the blood flowing from your close relatives can be exchanged with you. If you want to be a human, then you can only use all the vampire blood in your body. Take it clean, and then use the blood of your loved ones to infuse it into your body... In this way, you can become a human being!"

"To put it bluntly, it means to exchange blood with blood... life for life!"

Chapter 2172: The Wrath of the Snake Girl

When Elder Alchid explained the "blood sacrifice" method in front of him, Li Tian suddenly trembled the muscles on his face, and his eyes became painful at that moment.

How clever Li Tian is, how can he not understand the meaning of the words that Elder Alchid said just now?

What he meant was nothing more than using the life of his loved ones in exchange for his own life! ! Replace the blood in your body with the blood of your dearest person!

After knowing the only way, Li Tian turned around silently with a look of grief... and then said nothing, he took the painful and precipitated steps, step by step towards the outside of the Forgotten Temple.

No one knew what he was thinking at the moment.

...

As Li Tian walked out of the Forgotten Temple in front of him with grief step by step, Elder Archid not only looked at Li Tian's back there and then sighed deeply.

Then I saw Elder Alchid slowly turning his face, and watching Kasso said to one side: "Cassuo, the fate of the entire Justice League blood family depends on him. I hope your prediction is wrong..."

After Elder Alchid uttered such a sentence, the blind man Caso gave a weird smile, and then sat there without any words.

...

The battle of Twisted Forest has attracted Li Tian's attention!

This battle also made his "Savior" even more resounding.

On the side of the Torrido family, every vampire knight worshipped him now. But, what about the evil vampires on the other side of the twisted forest?

Heiyi! An evil and ugly vampire race that has disappeared for nearly a hundred years. This time it has committed a large-scale crime, but it has not broken through the second line of defense of the Torrido family. This is a huge shame for the evil Black Lac race in the past. !

Now permeating the east of the twisted forest, black clouds are densely covered, and thousands of ugly creeping vampires of the Heiyi tribe are staying in the twisted forest!

They are waiting for the opportunity, waiting for an opportunity to be ready to swallow the Justice League completely.

Now, Antonio, Breath of Death, and the Serpent Girl to support!

This makes the terrifying and perverted Heiyi tribe even more powerful.

The breath of death has crushed the entire second line of defense in the twisted forest. Under his destruction and slaughter, all the knights of the Torrido family on that second line of defense have died silently... and the number of dead has reached As many as 50 people!

The rest is handed over to the terrifying snake girl, and now the vampires of the Heiyi tribe in the twisted forest to the east, as well as Antonio, are waiting for the victory of the snake girl! Once the big snake girl kills the fire girl, and the ice girl, then the Torrido family will fall into disintegration!

But they don't know that the big snake girl has been defeated!

Here in the evil Oriental Twisted Forest, every ugly vampire of the Heiyi tribe is lying on the ground, like beasts, carrying those scarlet eyes and staring to the west, waiting!

Suddenly the sound of a strong wind came from the place in front. The moment I heard the sound, I saw these hundreds of ugly vampires of the Heiyi tribe making weird calls!

They seem to realize something.

Among them, that is in the middle, the tallest leader of the Heiyi tribe, staring at the front with his horrifying and Shenren eyes open, and suddenly muttering in his mouth and saying in the language: "I'm back... she came back!"

After it uttered these words in the unintelligible Yap language, the Black Yap clan vampires nearby all yelled one by one.

Antonio Breath of Death, who was alone on the other side, also slowly raised his cold eyes at this moment, and then glanced at the place where there was movement in front of him.

Then, when their eyes were all turned towards the past, her figure finally appeared.

The big snake girl!

It's just that the look of the big snake girl who appeared was not as good as she imagined...but her face was pale and ugly, and her body was full of terrible hostility...Even when she was walking, she felt that her stride was a bit wrong.

After the appearance of the big snake girl, all the ugly vampires of the Heiyi tribe rushed up, and then surrounded the big snake girl.

Among them, the leader of the Blackyc tribe, the vampire, quickly crawled over, and asked in a completely incomprehensible Yap, "How is it? Did you solve the two abilities? Second line of defense Has it been destroyed?"

After the leader of the Heiyi clan asked, the big snake girl groaned in her mouth, and then walked over here without saying anything.

Her behavior made the members of the Heiyi tribe feel puzzled one by one!

No one knows what the ***** this big snake girl is doing!

"What happened to her? Why didn't you answer our clan leader?"

"Yeah, why doesn't she say anything?" The vampires of the Heiyi tribe on one side began to communicate there in Yiyu! Obviously they all felt curious and puzzled about the behavior of the big snake girl at this moment.

I saw the tall leader of the Heiyi tribe, suddenly ran over quickly, reached the big snake girl's side, looked at the big snake girl with blood-red eyes and said, "Is there something wrong with you?"

The snake girl had no words, her hostility surged.

"Could it be that you haven't solved the two abilities of the Buren family?" The leader of the Black Lap family asked again.

After the leader of the Heiyi tribe suddenly asked this, the big snake girl suddenly roared from her mouth: "So what!"

"Damn Oriental, I will definitely make you regret it! Let you die under my hands." The big snake girl in front of her suddenly roared angrily.

Her voice was unpleasant and harsh, and it became even stranger in the ears of the members of the Heiyi tribe.

Damn Oriental?

Who is this big snake girl talking about?

Didn't she go to deal with the ice girl and the fire girl of the Buren family? Why is there an Oriental suddenly coming out of my mouth now? what's going on?

"Snake Girl, what are you talking about? Didn't you mean to deal with the Ice Girl and Fire Girl of the Buren Family yourself? Why are you talking about Orientals now?" the leader of the Heiyi clan asked angrily Tao.

I saw the big snake girl suddenly staring at the leader of the Heiyi tribe with her snakelike eyes:

"What do you know?"

"Two junior supernatural powers, how can I take it in my eyes? If it wasn't for a ***** Oriental who suddenly appeared halfway, the ice girl and the fire girl would have already died... !" The big snake girl angrily said.

Chapter 2173: Day comes

Listening to the big snake girl in front of her suddenly say this, the leader of the Heiyi tribe turned his mind and suddenly understood what the big snake girl was talking about!

"Do you mean that the Ice Girl and Fire Girl of the Buren Family were rescued? And they are still an Oriental?" Only the leader of the Black Clan asked.

The big snake girl snorted: "Yes!"

"It's that **** Oriental who disrupted all my plans!"

Just after the Serpent Girl finished saying this, Antonio, who had been standing aside with the breath of death, suddenly sneered at the corner of his mouth!

"Since there are people blocking the way, can't you still solve it?"

"Oriental? The Oriental in your mouth can't be dealt with by you, right?"

"You have been defeated?" Antonio's voice was harsh and sharp, and his words were as lifeless as his people.

Listening to what Antonio said, the snake girl's python body suddenly jumped from the ground and roared: "What...what nonsense?" Her fierce eyes were staring at Antonio.

But seeing the breath of death Antonio, he sneered: "What did I say, you know it better than me!"

"Hey, sometimes it's useless to be strong, only strength can tell!"

After Antonio ridiculed these words, the big snake girl was going crazy, her body was trembling violently because of excessive anger...The stench of the whole body wandered throughout the whole body as the hostility grew. In the air.

The second line of defense, after listening to what the big snake girl said, both the Heiyi tribe and Antonio knew that they still did not attack.

The members of the entire Heiyi clan became violent because of this, and they lay on the ground and roared! It seemed as if he was about to attack the second line of defense of the Torrido family.

"Tell me, who is that Oriental?" The leader of the Heiyi clan suddenly roared and asked.

The big snake girl said coldly: "What's the use of telling you...Do you think you can really defeat others?"

Roar!

After the big snake girl said so, the leader of the black yak clan had all roared around the hundreds of black yak clan members, obviously they were extremely dissatisfied with what the big snake girl said just now!

At this moment, the Breath of Death Antonio spoke suddenly.

His body full of death aura slowly walked towards this side, when he walked over, the surrounding Heiyi tribe vampires unexpectedly asked to step back unconsciously! Obviously they are all afraid of the breath of death!

"Snake Girl, speak out? Now is not the time for you to be strong... Our goal now is to destroy the entire Torrido family... Don't ruin our overall plan for an unremarkable figure, you have to know, Once the plan is ruined, the members of the Gangaro family will not let us go."

After Antonio said this, the big snake girl groaned, but after all she did not say it.

Then Antonio glanced at the big snake girl in front of him and said: "I have already said what should be said. If you want to bear the consequences, then do what you want!"

After speaking, Antonio turned and left!

The moment Antonio had just turned around, the snake girl suddenly spoke.

"and many more....."

After she uttered these two words, Antonio, who had turned around, showed a strange smile on his mouth, then slowly turned around and looked at the big snake girl in front of him.

"Say..." Antonio said.

I saw the big snake girl with an embarrassed and ugly face saying: "He is an Oriental, with the obvious physical characteristics of an Oriental!"

"Oriental?" After the breath of death Antonio heard, he not only frowned slightly.

"Are you sure?" Antonio asked curiously.

The big snake girl said coldly: "Of course, even if he turns to ashes, I still remember him!"

"And he is definitely not a member of the Torrido family, nor is he a member of the Buren family... He is like a mystery, a **** guy who has never appeared in our blood family!" The snake girl continued.

After Big Snake said so, Antonio sneered, "Really?"

"You'll know when you see it in person at that time," the big snake girl said coldly.

The Breath of Death in front of Antonio said grimly: "Well, next time, just in case, I'll go personally!"

"Hey, a rat character who has never appeared before. I didn't expect that you can't even deal with the big snake girl..." Then Antonio suddenly sneered over there.

Hearing this in the ears of the big snake girl, it can be said to be extremely ear-piercing!

But the big snake girl had nothing to say, after all, she was indeed defeated!

I saw the members of the Heiyi tribe on one side, as well as the leader of the Heiyi tribe, yelled angrily when they heard that the second line of defense had not yet been captured.

There was a terrible clamor from the entire twisted forest to the east.

"Let's attack now...Tread Torrido and the entire Temple of Forgotten Temple!" The leader of the Black Lap clan roared to Antonio.

He was already impatient.

After the leader of the Heiyi clan finished saying this, he saw Antonio suddenly say: "Can't you see that the sky is about to dawn?"

As Antonio said so, the ugly vampires of the Heiyi tribe raised their heads one by one and looked at the gray sky!

It's already more than 4 o'clock in the morning!

God, it's really going to light up!

Only night is the world of vampires, but day is not!

So when the vampires of the Black Yap clan saw that the sky was about to dawn, all of them gave up their plans to attack the Toredo family!

"That's it for today!"

"Hopefully, the second night, we can spend it in the Temple of Forgotten..." Breath of Death Antonio said these words grimly, then his figure flashed, and the whole person instantly disappeared into the endless darkness.

...

The day is here!

When the afterglow of the sun slowly began to rise on the eastern horizon, it indicated that all the vampires would rest.

In the bright sky, there are no clouds in the sky, and no powerful vampire can act in the sun.

This is the human moment!

Eastern Italy, located in Catania, Italy!

Catania is an international hub center. It has a very prosperous port. It is located on the east coast of Sicily, at the southern foot of Mount Etna, on the Ionian Sea, and is the most prosperous city on the island. Agricultural product distribution center. Important seaport and railway hub. There are industries such as machinery, chemistry, food, ceramics, leather, daily chemical and sulfur smelting.

Anyway, in general, this is a bustling eastern city.

Chapter 2174: Brothers are coming

But seeing Catania's international airport, an international flight is slowly landing from above in the mighty Catania airport.

The international flight came from Asia.

I saw that after the huge fuselage landed slowly in the Catania Airport, I saw that many family and friends groups, as well as tour groups, were holding signs in English, Italian, and Chinese, etc. Waiting for the text to wait for relatives, friends!

After the cabin door opened, the passengers on the flight walked down one by one.

Some of them are Asian, some are Korean, and some are American!

After walking out of dozens of passengers, a man wearing gold glasses suddenly walked out of the cabin.

His face was slightly pale, he was of medium height, and was slightly thin. When he came out of the cabin, he didn't seem to be comfortable with the dazzling European sun. He raised his head and glanced at the dazzling sunlight above. Frowned, then said in Chinese, "This is Italy?"

Just after he exited, a hurried cry came from behind, shouting over there, pushing him: "Grass, sick ghost, are you hurrying?"

After the voice came, a familiar figure walked out of the cabin.

In a blink of an eye, it turned out to be Tang Xiaolong! It's Li Tian's brothers!

And the man with gold glasses on his face was undoubtedly Chen Qiaozhi.

I saw that Chen Qiaozhi was pushed hard by the servant. He staggered and almost fell. He turned his head and glared at Tang Xiaolong. Tang Xiaolong showed a rascal smile, and then Chen Qiaozhi didn't. Paying attention to him again, stepped down from the cabin.

After Tang Xiaolong picked it out from the cabin, he raised his eyes and glanced at the city's airport, muttering in his mouth, underestimating, "Fuck, the planes of the day and night, finally the **** arrival... "

"This is Italy!!!" There was excitement in his voice, as well as some expectations.

However, after Tang Xiaolong and Chen Qiaozhi walked out of the cabin of the international flight, they saw a handsome man in a white suit that looked like snow also walked out of it.

He has a handsome face and a white coat, which sets off the sharp-cut silhouette. There is no doubt that he is more handsome.

He is Li Tian's third good brother, Xue Wuhen!

After Tang Xiaolong, Chen Qiaozhi, and Xue Wuhen all walked out of the cabin, another character came out from behind.

His face was blue and cold, and he was wearing a bronze Chinese tunic suit. His straight body appeared staunchly.

It's just that one of his sleeves is empty, he is one-armed!

The other hand extending from the inside of the sleeve, tenacious and strong, hangs quietly there.

He is Duguxie!

Evil sword, Duguxie!

Unexpectedly, even the evil sword Duguxie also came to Italy from China.

The moment Duguxie walked out, there was not much excitement about this country in his resolute eyes, just a slight glance ahead.

"Second brother, you and your eldest brother came to this country once more than 20 years ago. This time, do you remember some places?" Suddenly a nice voice came from behind.

Look carefully, a very charming beauty is standing there.

She couldn't tell her age, her beautiful face looked like a little beauty in her twenties, and her pink neck could not tell that she was a 4050 woman! The figure is well-proportioned and full of rhyme, no matter how you look at it, it looks like a fairy.

Bai Hua Fairy.

After Fairy Baihua asked, the corner of Duguxie's mouth smiled slightly and said, "It's been so many years, I definitely don't remember..."

"I guess Big Brother can't remember either."

After Duguxie finished speaking, he walked out of the cabin with strides.

The Baihua Fairy smiled, and immediately followed immediately.

After Fairy Baihua came out, she then saw three shadows coming out from behind.

From the moment they walked out, the surrounding Yankees and Italians looked at their beautiful bodies with presumptuous eyes, and at the same time they said boldly in that mouth: "Beautiful Asian girl ..."

But they said that the three beauties didn't even glance at the ***** next to them, but walked away from them coldly. One of the pretty faces with an annoying expression on the gringy said angrily: "Get out of here, you These high-nosed guys...While this young lady hasn't lost her temper, give me a flash!"

The voice is sharp and nice!

After she finished speaking, beside her, an intellectual beauty, dressed in professional attire, a beautiful woman with a rugged figure said to her: "Sakura, don't pay attention to these stinky foreigners... all foreigners are like this. accent!"

The little beauty called "Yingmei" is naturally not someone else, but Li Tian's lover, Duanmuying.

And the one who persuaded her was the beauty of Ouyang from the Ouyang family! Ouyang Shiqing.

And in the middle, the most beautiful and coldest beauty is naturally Li Tian's favorite, Situ Ningbing!

No one thought that Li Tian's brothers and lovers would all come to Italy!

It's just that some extremely important people seem to be missing from this group of people!

Having said that, after the brothers and Duanmu Ying and others got off the plane like this, they first stood on the airport.

The fairy Baihua looked at the three beauties who came by, and asked with a smile, "How are you? Are you a little tired from the plane day and night?"

But seeing the three beauties of Ouyang Shiqing, Duanmuying, and Situ Ningbing shook their heads slightly and said: "Auntie Hua, we are not tired!"

Fairy Baihua smiled!

"Well, no matter what, we finally arrived in Italy, so let's find a place to settle down, and then contact the eldest brother and the fourth brother. When we get in touch, we will find Tian'er as soon as possible!" The fairy Baihua said in that way.

Big brother and fourth brother?

What Fairy Baihua said was Li Tian's father Cthulhu! Is there that shadow ghost servant?

Why did the evil ***** still have ghost servants not here? Are they behind?

After Fairy Baihua said so, everyone didn't have too many opinions, and everyone nodded there.

I heard that Duguxie suddenly said: "Then let's go and find a place to rest."

"Yep!"

After everyone answered, they carried their salutes, and walked towards the airport exit step by step.

Chapter 2175: Waiting for the evil god

After Duguxie led the crowd out of the crowded airport lobby, all the sights outside were Italian landscape language!

Those foreigners speak Italian language that they don't understand, yelling to Duguxie and the brothers there, yelling... some are traveling, some are in a hotel... etc...

Duguxie and the brothers didn't understand the language of this jiliquala anyway, and didn't bother to pay attention to them, so they avoided these people and walked quickly outside.

As Tang Xiaolong ran, he grinned and said: "What kind of bird language these high noses all say... Your sister, I don't understand a word!"

Then Chen Qiaozhi said to Tang Xiaolong: "It's normal that you don't understand your culture."

Tang Xiaolong was said by Chen Qiaozhi, and he glared at Chen Qiao and said: "Your sister, sick ghost, you look down on me..."

Chen Qiaozhi laughed and said: "You only know now!"

"I wipe you..."

The two guys quarreled there all at once.

And here? Duguxie had already brought Fairy Baihua, Xue Wuhen and other beauties came out.

Outside the airport, all taxis and public buses stopped at the airport, but the signs on these cars were all in Italian, and Duguxie couldn't understand it, so he could only turn his head to face the beautiful woman Ouyang behind. Poetry for help!

Ouyang Shiqing began her studies in Eastern Europe when she was 16 years old, Australia was 18 years old, and South Korea was 20 years old. As the most promising beauty of the Ouyang family, the mere Italian language is of course nothing to her.

"Miss Ouyang, it seems that I have to trouble you this time..." Du Guxie looked at that Ouyang poetry.

Ouyang Shiqing smiled slightly and said, "Senior Dugu, you are polite."

After speaking, I saw Ouyang Shiqing walking over quickly, and then took a look at the nearby taxis and the buses, and saw Ouyang Shiqing arrived at the bus in front and stopped.

Sitting in the bus was a blessed Italian man, about 40 years old, with a beer belly. When he saw Ouyang Shiqing walking by, he used Italian language to communicate with Na Ouyang Shiqing.

Ouyang Shiqing then responded in Italian.

Her Italian language is extremely fluent, almost exactly the same as the native Italians, and even more standard than them.

After talking for about 5 minutes, I saw that Ouyang Shiqing came over with a smile.

"Senior Dugu, Auntie Hua, I have already said hello. There is a very good hotel near this airport, and the transportation is quite convenient. Otherwise, let's live there first!"

Following Ouyang Shiqing's words, Duguxie and Fairy Baihua said, "Okay!"

Ouyang Shiqing smiled and said, "Okay, let's get on that bus now! The driver will take us to the hotel..."

After speaking, I saw Ouyang Shiqing taking the lead, and the group quickly got on the bus.

After getting on the bus, the driver drove the car around a turn, and then drove towards the center of Catania.

Along the way, Italian pop music was played in the car, and the surrounding buildings were high-rise buildings. At a glance, they were all foreigners with golden hair and high noses!

This is Italy!

Apart from Tang Xiaolong sitting in the car, the others were not in the mood to look at the scenery outside the window.

I saw that fairy Baihua said to Duguxie next to him: "Second brother, do you think the eldest brother and the fourth brother are there now? Have they entered the territory of Italy now?"

The Duguxie next to him pondered slightly, then raised his head and said, "It's almost there!"

"Big brother set out with us, but they came here across the border. We came by plane, so there should be no difference in time."

Following Duguxie's words, Fairy Baihua didn't ask more!

Cross the border?

Why did the evil **** and the ghost servant cross the border into this Italy? Why don't they fly directly to Italy with Duguxie?

It turns out that all this is due to the ghost servant's grimace mask, and his weird face prevents him from flying on the plane, so...

"Hey, I just hope that Big Brother and the others will gather with us soon, so that we can find Tian'er as soon as possible." Fairy Baihua sighed suddenly.

Her beautiful eyes are full of worry!

Of course she was worried about Li Tian who was bitten by a vampire.

After Fairy Baihua said so, Situ Ningbing, Duanmuying, and Ouyang Shiqing sitting next to him were silent.

The heart of each of them is like a knife cut. During this time, they almost stayed up all night, thinking about Li Tian every day and night, thinking about what Li Tian has become...

They love him and worry about him even more!

Now, they finally couldn't bear the suffering and came to Italy to find their favorite, but unfortunately, they don't know what the man they once loved has become now!

After talking about Li Tian's topic, a dreary atmosphere of sadness was immediately enveloped in the carriage, and even Tang Xiaolong stopped talking! Everyone kept their heads down, thinking about their thoughts.

Soon this bus came to the bustling city of Catania.

There is a quasi-five-star hotel with the English name: kodngde in front of it!

The 56-story tall building stands majestic and domineering there.

After the bus quickly reached the kodngde hotel, it stopped. The fat Italian driver driving in front said in Italian, "Gentlemen and ladies, here it is, your hotel is here!"

Then Ouyang Shiqing said, "Thank you!"

After paying the money, they led the brothers out of the car one by one.

After the brothers came out, they all blinked and looked at the tall buildings in front of them!

Ouyang Shiqing said: "It's here..."

"Wow, do we live?" Tang Xiaolong said in surprise.

Chen Qiaozhi, who was next to him, gave him a white look and said, "Are you promising? Go away."

The brothers all laughed, and then walked into the hotel together.

After entering, Ouyang Shiqing arrived at the front desk alone, then booked a few rooms, then fluently took out a platinum bank card from the wallet, swiped it slightly at the front desk, and walked over quickly.

"Let's go, our room is on the 36th floor!"

After speaking, he took the brothers to the elevator.

The brothers couldn't understand the Italian language, so they could only follow the poetry of Ouyang.

After Ouyang Shiqing took the brothers to the hotel, everyone stayed, settled down, took a bath, and rested!

The only thing they are waiting here now is the evil **** and the ghost servants! Because only after the Cthulhu and the others do they have to look for Li Tian.

In Duguxie's room, I saw Duguxie holding a phone in his hand and dialing there!

But no matter how you dialed, the message from inside was unreachable!

"Second brother, are you still unable to get in touch with the eldest brother and the fourth brother?"

In the room, the fairy Baihua suddenly walked in from the outside, looking at Duguxie who was holding the phone in his hand and said.

I saw Duguxie nodded silently and said, "Yes!"

"The cell phone that the eldest brother is holding has been in a state of no one connected!"

"Presumably, Big Brother has not entered the territory of Italy yet!"

Chapter 2176: Sea freighter

Cthulhu hasn't entered the country yet? Haven't entered Italy yet?

After Duguxie finished speaking, he just listened to Fairy Baihua in front of him and said, "Couldn't that group of snakeheads was making trouble and wasting time?"

Duguxie said coldly: "Dare they?"

"Big Brother is so worried about Tian'er, if those snakeheads dare to play tricks in front of Big Brother, they are undoubtedly seeking their own way!" Duguxie said coldly.

Listening to the words of Duguxie in front of him, the fairy Baihua in front of him also said slightly, "Well, the second brother said it was right!"

"I believe Big Brother will arrive in Italy soon."

Duguxie was silent for a while, and said, "Actually, what I am most worried about now is Tian'er!"

After Duguxie said these words, he sighed deeply.

His resolute eyes are also full of endless worry at this moment.

After hearing that Duguxie's words, Fairy Baihua not only said, "Yes, I am also worried about Tian'er!"

"It's been a long time, Tian'er hasn't heard anything... and the most frightening thing is that the plane they were sitting on even exploded! I really don't know if Tian'er will..." Fairy Baihua said with a heartache.

It turned out that Li Tian and the others had already known about the explosion of the private jet they were on, Duguxie and Cthulhu!

They were worried about Li Tian's safety because of the plane explosion, so they came to Italy in such a short time to find Li Tian and see his safety!

After the fairy Baihua finished speaking, the Duguxie said, "Sanmei, don't worry! Haven't we checked out the plane explosion? Only two pilots died... As for Tian'er, it should be fine. "

"But what about Mary the vampire in Tian'er? Where did they go after the plane exploded?" Fairy Baihua was still worried.

Just listen to Duguxie said: "Sanmei, have you forgotten? Tian'er was bitten in the neck by that **** vampire, hey, in a sense, Tian'er may have become a vampire... that kind of weird Creatures generally don't die, so I believe Tian'er must be alive, and he must be with Mary."

Fairy Baihua finally fell silent after Duguxie's words.

Her beautiful eyes are full of concern and worry, but she can't do anything.

"Second brother, do you really think Tian'er can live? Can that vampire Mary really cure Tian'er?" Fairy Baihua asked the Duguxie finally.

Duguxie groaned for a while and did not immediately answer this sentence. After about 2 minutes of silence, he slowly raised his head, and then stared at the fairy Baihua in front of him and said: "I believe in heaven! All these years After all, he has encountered so many hardships and frustrations

along the way, how many people wanted to kill him and annihilate him, but isn't he still good now? So I think there will be absolutely nothing wrong with Tian'er this time. "

After Duguxie's words, the fairy Baihua finally found some comfort in his heart!

She lowered her beautiful face, and then stopped asking too much.

And what about Duguxie? Looking at the transparent glass, looking at the bustling scenery outside the window... I don't know what I am thinking.

...

So far, Fairy Duguxie Baihua, his brothers and many beautiful women have arrived in Catania, Italy!

Only Cthulhu and the others are left!

Dugu Xie said that the evil gods and ghost servants came across the border? Where are they now?

In the Strait of Porto Bay in Catania, the hurricane was bitter, and the sea breeze blew the huge waves one after another.

The raging waves, accompanied by violent hurricanes, are simply terrifying ghost weather! In such terrible weather, no fishing boat or cargo ship dare to set sail unless he is desperate!

The Podo Bay Strait is a gathering place for Catania's fishing boats and cargo ships. The management here is loosely managed, and because these fishing boats and cargo ships go to Asia or Africa once they go to sea, this area is rarely supervised.

The huge port of Porto Bay, where fishing boats and large cargo ships docked.

Today, due to the hurricane is too strong, the fishermen and the workers of the cargo ship have rested. Apart from the hurricane and the huge waves, there is almost no shadow in the quiet port!

But in such a spooky weather, I saw a lone Asian cargo ship swaying on the windy sea level against the hurricane about a thousand nautical miles northwest of the Bodowan Strait.

The cargo ship is from Asia, which can be clearly seen from the text on it.

The cargo ship is not very big. Compared with the general large cargo ship, this cargo ship is obviously of the medium and small category, with large containers placed on it.

The terrifying huge wave shook the cargo ship around, as if it was about to swallow the cargo ship. I really don't know why this cargo ship should sail under such harsh conditions.

The swaying cargo ship was slapped by the huge waves. On the ship, only a burly Asian man in a raincoat was seen, his hands tightly grasping the ropes on the deck, and he tried his best to face the dozen or so shirtless men below. Shouting: "Quickly, go and unload the cargo... the **** storm, our ship can't bear it."

After hearing his voice, the crew below the deck hurried to unload the useless cargo on the hull!

They must maintain the weight of the hull, because in this way, they can survive in such harsh conditions.

The man who had just called out hurriedly ran to the driver's cab.

I saw a man with a one-eyed dragon sitting in the swaying driver's cab. The man looked cold, but his venomous eyes exuded a terrifying light.

"Brother Dinosaur, the wind and waves are too big... Our boat may not be able to reach Catania securely!" The burly man in the raincoat walked in while panting while looking at the person in front of him. As the one-eyed dragon roared at dinosaur brother.

The Cyclops called Dinosaur Brother, after hearing his words, suddenly turned his vicious eyes and stared at him suddenly.

"what did you say?"

When the words were spoken, his body suddenly lurched forward, and a Kong Wu's powerful hand grabbed the man in the raincoat by the neck.

The man suddenly felt a suffocation, his body wanted to struggle, but it was a pity that this hand was too vicious, and he had no strength to break free.

"I...I...I...I made a mistake..."

The man spit out a few words from his mouth with difficulty.

His pupils were protruding there, as if he was about to be pinched to death.

After the one-eyed dragon heard his confession, he slowly let go of his hand. After he let go, the man in the raincoat squatted on the ground, then gasped vigorously.

Chapter 2177: Human trafficker

"Lao Tzu tells you, no matter what the weather is, I must make you stop the boat safely to Catania..."

"Otherwise, I will kill you!"

After the vicious words of the dinosaur brother, the man in the raincoat in front of him nodded vigorously and said, "Yes, yes, yes..."

"In the warehouse, how are those bastards?" I heard the Cyclops suddenly asked.

Inside the warehouse?

The man in the raincoat said quickly: "They are still in the warehouse."

"Very good!" A grinning smile appeared on the Cyclops' face.

"There are 218 people in this batch. If all of them are sold, we won't have to look at them for the rest of our lives..." the one-eyed dragon said, and suddenly laughed.

The man in the raincoat seemed to have something unspeakable in his mouth, but when he saw the one-eyed dragon's grin, he was so scared that he did not dare to say it.

At this moment, a huge wave came!

The swaying hull was almost overturned suddenly!

The one-eyed dragon standing in the cockpit and the man in the raincoat also couldn't stand still at this time, and fell forward with a plop!

However, fortunately, the huge waves just now did not completely overturn this small cargo ship. If it were overturned, who could survive such weather and sea?

"Damn, why such a big wave!" After the Cyclops got up from the ground, he yelled at the cockpit next to him with both hands tightly.

At the same time a pair of eyes looked at the hurricane outside and the huge waves!

There was not only a panic in his vicious eyes.

No matter how ruthless people are, can they live ruthlessly?

I saw that the man in the raincoat climbed up from the ground with difficulty, and said to the cyclops with horror: "Brother Dinosaur, the hurricane is too big...If we don't quickly unload the cargo, I'm afraid, today we I will be buried in this ocean!"

After the one-eyed dragon heard what he said, his hands suddenly grabbed his neckline and said, "What the **** are you talking about?"

"Since the ship is too heavy, don't you have to let them unload the cargo..."

"Throw all the containers into the sea. Throw away all the useless things on the ship!"

"If you dare to let this ship sink? I will kill you first!" The one-eyed dragon said furiously.

Obviously he was also afraid of the ship sinking. Once the ship sinks, they will definitely die.

After the one-eyed dragon said so, the guy in the raincoat in front of him ran out and started shouting at the people below, so that the crew members began to throw all the useless containers and other things on board. Throw it into the ocean.

The storm still continues.

Under the deck of this cargo ship, there is a huge cargo warehouse. Outside the cargo warehouse are two shirtless men, each of whom is holding a shotgun tightly. , Guarding the warehouse door!

At this moment, the wind and waves hit and hit the ship's hull, causing the entire ship to sway. The two men standing outside the warehouse also showed nervous expressions at this moment.

"His mother, why is there such a strange weather today..." one of the men with a shotgun said there.

The other frowned and said, "I don't know either!"

"Will our ship sink?" The man with the shotgun said comfortingly, and said that with a strange expression on his face.

After hearing what he said, the other guy beside him glared at him immediately and said: "Don't **** say those unlucky things, our boat will be auspicious, it must be fine."

Just after saying this, a huge wave came and the two almost couldn't help falling to the ground.

The huge waves came, and the hull slowly recovered to stability. At this moment, the two guys showed fear and horror in the mountains.

And at this moment, a scream of exclamation suddenly came from the tightly closed cabin!

what

"Open the door, open the door..."

"The boat is about to capsize, let us out!!!"

I saw a noise from the warehouse!

It turned out to be a person inside that warehouse? Unexpectedly, there are still people in this warehouse, and there are definitely a lot of people listening to the noise.

It turned out that what this freighter contained on the surface was cargo, but in fact it was loaded with trafficked persons! The ship was sent from the South China Sea in China to Italy. The warehouse was filled with Thais, Koreans, and Chinese people. All of them were deceived into the ship, and then sold to distant Italy, and then carried out cheap labor.

And now the people in the warehouse yelled from inside, because they also felt the ship's leaning and shaking.

As the trafficked people in the warehouse began to yell, the two big men holding shotguns outside the door raised the shotguns in their hands and banged their mouths against the iron door. Li roared: "Shut up all the ***** to Lao Tzu!"

"If anyone dares to speak any more, I will drag you out and throw you into the sea later!"

I saw the two burly men guarding the door roaring there.

After their shock exited, all the traffickers held in the warehouse closed their mouths and never dared to speak again!

The storm continues, and the waves are getting bigger and bigger!

On the rough sea, this lone ship seemed to be swept away by huge waves at any time.

How many human traffickers are there in the warehouse?

Look carefully. Behind the tightly closed iron door, there is a man huddled in the warehouse... Amazed, there are not more than 200 people in this number... There are old and young inside. , There are young strong men, and 5060 old people.

They all wore plain clothes, and some of the words spoken could be understood, some could not be understood.

Most of them are Thais, but also Vietnamese! Staying in this warehouse...it was filled with the stench of urine, messy and unpleasant!

Obviously these people are all ready to be sold to Italy!

These poor poor people stared at the iron gate one by one with scared eyes. No one knew how big and scary the storm outside was!

Among these numerous human traffickers, suddenly in the left and right corner, there was a tall and burly figure sitting motionless there.

His hair is draped over his shoulders, he looks a little haggard, his back is broad and majestic...

The poor people next to him were praying and crying, but he didn't move at all, as if the old monk was sitting there quietly, as if nothing happened around him.

There was another person sitting quietly beside him, with a weird grimace mask on his face, always keeping a distance of one meter from him, as if he was the shadow of that domineering man.

Ghost servant!

He turned out to be a shadow ghost servant!

I couldn't believe that the shadow ghost servant was on this human trafficker freighter.

And who is the domineering man beside the ghost servant? Needless to say, you can guess that he is Li Tian's father, the unparalleled evil ***** in the world!

Unexpectedly, Cthulhu and ghost servants are also on this human trafficker's freighter.

The Cthulhu is still full of a kind of sharp and worldly aura as always, his eyes are closed there, sitting firmly like a mountain.

Chapter 2178: Where's the gun?

In addition to the evil gods and the ghost servants, on the left side of the two of them, there is a giant mountain-like hunk, lying on the ground, still snoring in his mouth!

He is sleeping?

If anyone in this world can sleep in such a stench in a cabin and in front of such a huge storm, then that person is 100% a fool!

And he? He is indeed a fool!

Look carefully at the man, the huge height is beyond ordinary people's imagination, his sturdy arms, and the steel-like legs, there is no doubt that this guy is a macho among macho!

Look at his face again, a word, Han!

With a smile on the corner of his mouth, he slept with his eyes closed!

Maner!

He is the unparalleled silly man: Ouyang Man! Unexpectedly, this guy was actually on this human trafficker freighter with Duguxie and Cthulhu!

But it was said that the warehouse was swaying violently with the wind and waves outside, and everyone in the warehouse was frightened and shouted! Only the evil ***** and the ghost servant, and the stupid man who fell asleep like a pig, were indifferent.

The swaying cabin was swaying violently, and finally the ghost servant glanced at the situation in the cabin, and then turned to look at the sleeping silly man and the evil ***** beside him.

He spoke silently.

"Big brother, it seems that the waves on the sea are very strong!" Just like that, one sentence came out of the ghost servant's mouth.

Following the ghost servant's words, the evil ***** finally opened his eyes slightly, and his eyes full of light opened in an instant, revealing endless domineering aura.

Then Cthulhu glanced around the warehouse, and pondered for a moment.

"Where is this?" Cthulhu asked suddenly.

The ghost servant quickly took out a locator from his arms, this locator was taken out from the North China Field Army!

But he said that after the ghost servant took out the locator, he took a look, and then said to the evil god: "It's almost the Wave Bend Strait... The Catania is when you reach the Wave Bend Strait."

After the ghost servant finished speaking, the evil ***** gave a slight "graciousness" in his mouth.

"Coming."

"Second brother and third sister, they should have arrived in Catania?" Cthulhu said.

The ghost servant said: "It should be. According to the schedule, the second brother and the third sister are almost there."

Cthulhu said: "Let's hurry up and hurry."

"Big brother, when will the little thieves on this boat start to clean them up?" asked the ghost servant.

Little thief? Obviously what the ghost servant meant was the one-eyed dragon gang! Of course they are a bunch of little thieves in the eyes of the evil god!

But seeing the evil ***** said: "No hurry! Now I still expect them to sail this freighter safely to the Wave Bend Strait, and wait until it gets ashore."

"Okay!" Hearing this evil ***** said, the ghost servant responded.

As soon as the ghost servant's words fell, a huge wave suddenly hit the deck of the cargo ship, and the entire cargo ship suddenly began to tilt to the left!

Two of the crewmembers on the outside deck who didn't pay attention even had time to scream or react. They were thrown into the turbulent ocean and swept away by the huge waves in an instant!

I don't know how to die!

And what about in this warehouse? Due to the violent hull swing, the entire cargo warehouse suddenly tilted to the left. The workers and the poor people crowded in the cabin were all shocked and screamed.

Some old people and children were so scared that they started crying!

"Open the door... open the door... let us out!"

"The boat is about to capsize...let us out!"

These people screamed loudly, they were scared!

Everyone is afraid of death, and even more afraid of being held in a space and drowning!

The noise and crying suddenly came out from the warehouse. Some impatient guys had already begun to knock on the iron door violently at this time! The small iron gate was banged and banged, as if about to explode.

Amid the cries of these people, the two strong gatekeepers with guns outside finally couldn't help it!

"I let you call!"

A roar came from outside the iron gate, and then I heard the sound of taking out the key. Less than a few seconds later, the iron gate was kicked open with a bang!

Then I saw two shotguns standing motionless against the shouting crowd, and it was the two doorkeepers holding the cold shotguns.

"Scream, scream the fuck?"

"Guri, you call the soul?"

One of the tall and thin guys was holding a shotgun in that hand and cursed.

The other was leaning against him, holding the shotgun in his hand tightly.

But they said that this group of migrant workers, as well as the poor people, when they saw two cold and dark guns against their heads, they were all dumbfounded, and they didn't dare to say anything again.

"Asshole, I see who you call me, call me again, I will send you to see Prince Yan." The guy said violently.

After he finished speaking, in the crowd, an old man in his 50s who was coughing and coughing bent over and said with a frightened face: "Two brothers, where are we here? Why haven't we depended on it yet? Shore... We are bitter people and come to work. Please don't make us difficult! Don't leave us on this drifting sea..."

As soon as the old man exited, one of the men with the shotgun was angry.

"Old man, are you **** talking a lot, right?" He roared, but when he saw the guy with the gun, he grabbed the old man by the collar and pulled him over!

Then a slap in the face slapped the old man's cheek directly.

The old man staggered to the ground after being beaten, with blood from the corners of his mouth, and he groaned uncontrollably.

"Hey, how do you hit people?"

"We paid, we are here to work, and we enjoy the protection of the law..." Some young and capable lads still don't know that they are on the thief ship of human traffickers, not only in the angry injustice.

Just as they just said it, these two vicious guys had already grinned.

"legal?"

"I tell you, what is the law today!" As he said, he jumped over, and the **** of the shotgun in his hand slammed into the young man's head!

The **** of this shotgun is all steel. If it really hits the young man's head, it is estimated that the young man will be seriously injured if he is not dead!

Just when this guy slammed at the young man, a dark shadow suddenly moved, and then flashed in front of everyone, swish, the guy who was holding the shotgun in his hand, At this moment, the whole person stopped there!

Look carefully, his person stood there stiffly, with an extremely ugly expression on his face, as if he had seen a ghost...Look at the gun in his hand? I don't know when it was taken away!

gun? Where's the gun?

"Who?"

"Who the **** took my gun?" He yelled with a trembling body there for a moment.

But besides the trafficked people, there were others there, and they all raised a pair of puzzled eyes and stared at this guy who was shaking because of fear.

Chapter 2179: Huge waves

No one around saw who actually took the gun in this guy's hand?

They only saw a dark shadow flashing past like a ghost, and then the gun in that guy's hand disappeared.

The other brawny man with a gun standing beside the shocked guy was also dumbfounded at the moment, with an ugly expression, holding the gun in his hand tightly, not knowing what to do.

"It's weird, so weird!"

"It's a wicked door here, let's go..." The brawny man with the gun, already feeling something was wrong, said in fear at the moment.

On the contrary, the guy who was snatched from his shotgun was really angry, and shouted, "No, I must get my gun back! I don't believe it, **** hell today..."

As soon as his words fell, with a swish, a small thing flew towards his knee!

Bang! Hit him on the knee, and then heard a painful cry of "Ah", and one leg suddenly knelt on the ground.

"pain!"

"It hurts me to death!"

When he saw this guy being attacked inexplicably and fell to his knees, all the people around were dumbfounded...Even the guy holding the gun next to him was shocked at the moment!

"Who?"

"Who... did it?" He raised the shotgun in his hand in fear and said to the two hundred people in front of him in the warehouse.

But just as his words fell, a swish, strong wind hit his wrist holding the shotgun directly, and then, he saw a pain in his arm and the shotgun fell on with a bang. On the ground.

This guy was shocked and dumbfounded!

"ghost!"

"A ghost!"

Accompanied by a loud cry from him, he suddenly jumped out of the iron gate. He didn't even care about picking up the shotgun on the ground, and ran out of the gate.

After he ran away, the 200 numbers behind him were originally confined. At this moment, they all froze for a while, then you look at me and I look at you, all froze there.

No one knows who did the attack just now.

I saw only the Heretic God sitting in one side of the corner, the Ghost Servant, and the silly man sleeping there still sitting quietly as if not seeing the situation here.

boom!

At this moment, the violent waves hit the freighter, and the whole hull suddenly began to tilt violently.

Many people in this warehouse suddenly screamed...At the same time, some people were directly thrown to the ground.

"The boat is about to capsize!"

"The ship is falling down! Run away!"

Unbeknownst to the crowd, the person yelled out, and then more than 200 people in the cabin began to run out crazy like crazy.

Then, I saw that the crowds began to squeeze toward the small iron gate like lunatics!

Screams, crying, and crowded people suddenly filled the cabin.

And at this moment, what about the evil **** and ghost servants who were sitting still?

At this moment, the Cthulhu suddenly opened his eyes and glanced at the chaotic situation in front of him.

"Brother, it seems that the ship is really going to overturn... what should I do?" The ghost servant looked at the evil gods in front of him.

The Cthulhu body suddenly jumped into the air and stood up from the ground. He looked at the situation in front of him, then glanced at the place in front of him, and suddenly said, "Go, let's leave here."

When the ghost servant heard the evil **** say this, he said, "Okay!"

"I'll wake up Maner!"

The ghost servant who was talking quickly walked to the silly man who was still asleep and stretched out his hand to push the silly man hard.

"Man'er, wake up, wake up!"

What about the silly pigs? After being pushed abruptly by the ghost servant, he slowly woke up and rubbed his fluffy eyes with his sturdy arm and said, "What's the matter?"

Looking at the servant, the ghost servant could only smile bitterly: "It's time to get up, we are almost there."

As soon as the silly man's heard the ghost servant say this, he immediately became energetic, and a silly man rolled from the ground.

"Is it almost there?"

"Can you see my big brother?" Silly Man'er said with speechless excitement on his face.

The eldest brother he was talking about was naturally referring to Li Tian, it turned out to be a silly man thinking of Li Tian!

When the ghost servant heard the silly man's words, he felt a little bit sorrowful, and then said: "Yes, get up quickly!"

When Silly Man'er heard this, he became excited: "Okay, great, I finally want to see my big brother."

Just like that, the silly man'er was deceived by the ghost servant.

After all three of them got up, there were still many people in the crowded cabin squeezing, shouting, shouting...

The hurricane is raging outside there!

The entire cargo ship was completely helpless, and a huge wave suddenly hit!

With a click, I saw that the ground in front of the freighter suddenly shattered, and as it shattered, the turbulent water suddenly began to pour into the hull!

"The boat is cracked!"

"The ship is about to capsize...Run for your life!"

A loud scream came out from the mouth of the crew, and the front half of the entire freighter was completely submerged by water.

This freighter really cannot be kept!

It seems that the ship is really going to capsize!

Some crew members had been beaten into the sea by huge waves, and when a wave hit, they disappeared, and even the dead could not be found!

Some crew members are still running wildly there, hoping to live.

But such a huge wave, such a hurricane, who can survive?

As the first half of the hull began to sink, the back hull also began to sink, cracking, and the middle part also began to break. The workers who had just ran out of the warehouse were all submerged by sea water.

Dead dead, called!

The man in the raincoat standing in the cockpit at the highest point, clutching the mast with both hands, looked desperately at the storm and said: "It's over, we're really over..."

And what about that one-eyed dragon? At the moment, there was also a look of despair on his face!

He also knew that he couldn't hide from the catastrophe today! It's hard to escape today!

With a bang, the tumbling waves directly swallowed the entire cargo ship, and the turbulent waves completely overturned the cargo ship.

The ship capsized after all! Was completely swallowed by the huge waves!

It is estimated that all of the 200 people on board were dead!

The hurricane is still blowing there, the surging waves are still beating, and what about the freighter that was drifting just now? Has been drawn into the sea at this moment!

What about evil gods, ghost servants, and stupid men?

Maybe it has been swallowed by the huge waves! They may also be dead.

...

Chapter 2180: Supreme Cthulhu

The hurricane has lasted for almost half an hour!

In this half an hour, the huge waves are surging and rolling, as if there is some beast in the ocean!

However, half an hour later, the hurricane finally passed, and the huge waves gradually disappeared.

The vast expanse of the sea has once again restored the tranquility of the past!

It's just that on the surface of this quiet sea, there are many cargo ship residues, and the corpses of the poor people, one by one, floating on the sea.

died!

All dead!

The freighter also sank in the sea.

Seeing so many shockingly drowned corpses, it is really horrible!

Just under this extremely sad scene, but seeing a thunderous sound suddenly erupted in the quiet sea, and then the quiet sea, like a bomb exploded with a loud "puff", the sea was shocked. Ten meters in height!

And just as the sea shook apart, three black shadows suddenly jumped out of the dull sea!

Soar!

I looked closely, but I saw that the three figures were one of the domineering men with wet long hair, one hand in one hand, and one person, jumping out of the sea. His whole body had an air-layer passport defending his whole body, and his hands were like Holding the two people in his hands tightly like iron claws!

Cthulhu!

The invincible evil ***** in the world!

It was the Cthulhu who jumped out of the ocean, and what about the two people holding in his hands? It is also the ghost servant, and the silly man!

It turns out that Cthulhu was not drowned by the sea! They were just hit by huge waves in the sea!

Such a scene is shocking, and it is really hard to believe that such a sea and such a hurricane can still survive the evil god! ! !

I saw that when the evil ***** flew into the sky and lifted the silly man from the sea, and the ghost servant jumped out, he chose a deck floating on the sea, and then slowly fell down.

The deck fell from the freighter, and it was about 56 meters long and one meter wide, floating on the sea.

I saw that as Cthulhu lifted the ghost servant and the silly man'er to drop the deck from the air, the deck was only slightly turbulent, and then floated steadily on the sea.

And what about silly men's ghost servants? It also landed on the deck safely.

The two of them were wet and covered with water. When they landed on the deck, their faces turned blue, and the silly man was lying there spitting salty sea water from his mouth.

What about the ghost servant? Like silly Man'er, too much sea water was filled in his stomach, and he was vomiting at that moment.

Only Cthulhu stood there straight alone!

Although his whole body was wet by the sea water, he did not drink a drop of the sea water.

The icy sea breeze blew on him, and the evil **** stood motionless, his eyes looked at the devastated corpses around him and the broken raft floating on the sea... he not only sighed slightly.

"Sorry, I can't save you!" A word suddenly came out of the evil god's mouth.

His apology is to express his humility to the more than 200 innocent victims!

It's an apology to my conscience!

Although his skill is overwhelming and invincible in the world, he has no choice but to encounter such storms.

He is not a god, so he can't save everyone!

The sea breeze was still blowing in the cold, beating his body, and he stood silently in the cold wind like that, without saying a word.

...

The wind stopped! The waves are quiet!

What about silly men and ghost servants? After vomiting the sea water in his stomach, he finally recovered his physical fitness.

It's just that the endless sea, but still can't find the other shore, where is the head? Where is the docking place?

Looking at the endless sea, the ghost servant stretched out his hand and touched the locator in his arms, and he became excited.

"Great. Fortunately, the locator was not lost in the ocean! We have hope." The ghost servant said excitedly.

As he said, he quickly took out the locator in his hand and fixed the position in front of him.

"Brother, we are almost in Catania, less than a hundred nautical miles!" The ghost servant in front of him suddenly said to the Cthulhu Dao in excitement.

After hearing the ghost servant in front of him say this, the evil **** nodded slightly and said, "Okay!"

"Set the direction, let's go now."

After the Cthulhu finished speaking, the ghost servant said, "En!"

Then he positioned the direction in front of you!

They are now in the southwest. If you think about the east side, they will soon be able to see the Baldo Harbor in Catania!

"Pad eastward!" Gui Pu said.

After the ghost servant finished speaking, the Cthulhu said nothing, his left palm lifted slightly, and an extremely powerful palm energy suddenly accumulated in his left palm. Then he saw him suddenly swing his left palm. Slap on the surface of the quiet sea!

With a bang, after the huge palm strength slapped to the surface of the sea, the deck on which they were sitting, suddenly drifted towards the east because of the inertia of the forward thrust!

Take advantage of the force! It really deserves to be the invincible evil ***** in the world!

...

Catania, in that kodngde five-star hotel, Duguxie and Baihua fairies are still quietly waiting for the evil gods and ghost servants in that room!

They said before, they want to play in Catania! Then we decided to look for Li Tian!

But until now, I have not been able to contact the evil gods and ghost servants.

That Duguxie kept holding the phone in the room, but no matter how he dialed, the other party couldn't get through!

This made Duguxie very anxious, and also very worried!

However, he felt that his worries were unnecessary. After all, there was a big brother, how could something go wrong? After thinking like this in his heart, Duguxie felt that his worries were a bit redundant!

After thinking about it, he continued to wait for the evil ***** with Fairy Baihua and the others.

More than 17:00 in the afternoon, the Baihua Fairy knocked on the door to find the Duguxie.

Duguxie happened to be in the room.

The fairy Baihua who walked in opened his mouth and said, "Did they have any news, Brother?"

Duguxie frowned and shook his head: "Not yet."

"It's almost a day. According to the truth, the eldest brother should not be with us for more than 5 hours. Could it be that what happened to the eldest brother and the fourth brother?" Fairy Baihua worried.

But seeing Duguxie said: "No, there will be no problems with the big brother."

"Wait, I believe it won't be long before Big Brother will definitely contact us." Du Guxie said again.
