

A Killer 2181

Chapter 2181: End the night

After hearing Duguxie's words in front of him, Fairy Baihua nodded silently.

"By the way, second brother, there is one more thing." Fairy Baihua said suddenly.

Duguxie asked, "What's the matter?"

"About Tian'er." A word came out of Fairy Baihua's mouth.

"Tianer?" Duguxie was not only taken aback after hearing this!

The fairy Baihua said, "Second brother, do you remember the address that Mary the vampire left us when she left before?"

Duguxie was taken aback: "Of course I remember!"

"Why are you asking this suddenly?"

Fairy Baihua said: "I want this address to be useful!"

Duguxie said: "Well, let me tell you, I remember that the address of the vampire girl named Mary at the time was the Nicholas Mountains, west of the area! There is a forest there named Twisted Forest, where There is also a temple in the forest, which is the same as the old castle, called the Temple of Forgotten. Listening to her, there is their nest."

After Duguxie finished speaking, Fairy Baihua said, "It seems that there is indeed a problem with the address."

When Duguxie heard Fairy Baihua say this, he was not only taken aback: "Address?"

"What's wrong with the address?"

But seeing the fairy Baihua said: "Second brother, it is true that I asked the waiter in this hotel just now. I asked them about the Nikolai Mountains and the twisted forest. I think Knowing that it's not far from here? But the waiters told me that the Nicholas Mountains are deserted and no man's land. Except for one after another extinct volcanoes, they almost never grow early, and they are inaccessible there. There is no forest at all, and there is no place to distort the forest."

After Baihua Fairy said so all of a sudden, that Duguxie suddenly became depressed.

"What? There is no place like Twisted Forest?" Du Guxie asked in shock.

Fairy Baihua nodded vigorously and said, "Yes! That's what the waiter told me anyway."

Duguxie dignified her brow and thought for a while: "Impossible, Miss Mary shouldn't deceive us!"

"Is it right, the waiter didn't know, so he was talking nonsense?" Du Guxie asked.

The fairy Baihua said: "Looking at his appearance, it shouldn't be like talking nonsense! When he talked, his expression was extremely positive. He also said that he was a tourist before, and he was most familiar with the sights of Italy. There is no place called Twisted Forest in La Mountain."

After the fairy Baihua said so, Du Guxie was suddenly depressed.

"Twisted Forest, there is no such place?"

"what happened?"

"Could it be that Miss Mary was deceiving them? How could it be possible? When Li Tian saved the Miss Mary, there is no reason why Miss Mary would deceive them?" Du Guxie thought suspiciously in her heart.

After Duguxie thought for a while, he suddenly asked the Baihua Fairy: "Does that waiter know the Forgotten Temple?"

But seeing Fairy Baihua said: "He said he hadn't even heard of this place."

"Damn it!"

"What about the Nicholas Mountains? Isn't there even the Nicholas Mountains?" Du Guxie asked again.

Fairy Baihua said this time: "This is there!"

"The Nicolas Mountains do exist, but in the westernmost part of Italy, it is a barren area, and few people live there!" Baihua Fairy said.

After listening to Fairy Baihua said this, Duguxie thought for a while and said, "Maybe the Twisted Forest is indeed in the Nicholas Mountains... It's just that the waiter doesn't know it!"

"Sanmei, don't forget, the place we are going, but the place where the vampire stays! Human beings don't know that place is normal." The Duguxie in front of him was very clever.

After hearing Duguxie's words, Fairy Baihua suddenly understood in her heart.

He smiled and said, "The second brother is right. The vampires are hidden very deeply. It is reasonable for humans to not know where they live. It seems that I have been thinking too much!"

Duguxie's bronzed face finally showed a slight smile.

"Don't worry, when the big brother comes, we will immediately set off to the Nicola Mountains to find Tian'er."

"En!" Fairy Baihua nodded in front of him.

After Fairy Baihua finished speaking, Duguxie slowly stood up from his seat, his deep eyes looked out of the blurred glass window, and the sky outside had begun to gradually dim.

"it's getting dark....."

A word came out of Duguxie's mouth, and the fairy Baihua sitting behind also slowly raised her beautiful eyes and looked at the dim sky outside the window. The night was indeed coming.

...

Night is coming!

The dim sky was instantly covered by dark clouds, and the huge black air in the western region transpired from the sky!

Such weird weather made Italian meteorologists exhausted their brain cells. No one knew what was going on in the western sky. The strange black clouds shrouded the west like demons!

Evil breeds in the darkness, and fear pervades the West.

The surrounding area of the twisted forest in the Nyula Mountain Range is all occupied by evil, and there are countless members of the Black Vampire Clan hidden there.

When the afterglow of the sun fell on the horizon, darkness came, and the layers of dark clouds that filled the sky occupied the sky like demons.

Ow... a weird scream cut through the deadly twisted forest!

The originally silent twisted forest saw the ground cracking open one by one. From the hard black ground, black skeleton arms and ugly heads and bodies emerged.

They are members of the Heiyi clan! They are evil vampires.

With the advent of night, all the vampires of the Heiyi tribe that had burrowed beneath the ground appeared.

Animal hunger exuded in their eyes, and their scarlet eyes showed extremely cruel gazes. One by one, they raised the most vicious eyes and stared at the direction of the Forgotten Temple of the Toledo Family!

Ouch! Ouch!

A terrifying roar sounded from the mouths of these monsters!

They seem to remind the Justice League vampires of the Torrido family, and they seem to be demonstrating.

This night, after all, is a night of war!

Because in any case, the vampire army of the Heiyi tribe must conquer Na Torido!

If Torrido is breached, the Justice League army of the entire blood race will be completely destroyed.

This night, whether for the evil side or the right side, will be the night of the end.

Chapter 2182: Looking for Li Tian

The Torrido family is still guarding closely!

In addition to the fact that there are fewer knights guarding both sides of the Forgotten Temple, the location behind the Forgotten Temple is heavily guarded.

The black widow Katherine is in charge of the back mountain there.

It is also one of Torrido's important fortresses, so it must be guarded strictly.

After Li Tian's help, the Torrido family finally saw a glimmer of hope in despair, and now no one in the entire Torrido family said that Li Tian is a beast! Not to mention that he is an evil member, everyone thinks that Li Tian is their savior.

As long as Li Tian is there, the Torrido family will be able to hold on!

"Night is coming, presumably the evil members of the Heiyi tribe tonight must launch a larger-scale attack." Outside the Forgotten Temple, he saw Earl Roger looking at the twisted jungle with an ugly face and said.

The knights around said: "His Royal Highness, we are not afraid of them. We have a savior. We believe we can defeat evil."

"Yes, your Royal Highness, didn't Casso, the prophet of the Burren family, have already said it? That oriental man named Li will save us! He will lead us to defeat evil."

"Yes, yes!"

...

The surrounding Torrido family knights were also roaring there, and it could be seen that they now pin all their hopes on that Li Tian!

But, what about Lord Roger? Does he also pin his hopes on Li Tian? To be honest, he didn't think so!

After all, Li Tian only shot once yesterday. As for him, will he try to save him again? No one knows this!

Besides, even if Li Tian takes the shot, don't forget. Now in the Twisted Forest, there are only the Black Lap clan and two Bren clan superpowers, and there are still unknown evils and the army of the Gangro clan! As the most powerful Gangeuro family among the thirteen blood clan, no member has appeared yet. If the Gangeuro family's army arrives, will Li Tian be able to withstand it?

Listening to the knights in front of him say this, Count Roger gave a bitter smile!

He thought for a while and said: "No matter what, we will take strict precautions tonight!"

"Yes!" said the knights under their hands.

"You few led the troops to continue to guard the second line of defense. If there is a turmoil, immediately notify us!" Count Roger ordered the pair of knights under him.

After Count Roger gave the order, the knights nodded quickly, and then together led a team of men and horses to rush towards the twisted forest!

After they left, Earl Roger continued to turn his head and said to a knight beside him: "Hays!"

The man named Hayes, with blond hair and blue eyes with jewels, heard the scream of Lord Roger and immediately said, "The subordinate is here!"

"Has anything happened to the two wings of the Temple of Forgotten?" But see Earl Roger asked.

Na Hayes said: "Return to His Royal Highness, the two wings of our temple have not yet suffered any attacks."

"What about the rear? Has Katherine been attacked?" Count Roger asked again.

Na Hayes said: "Neither!"

After hearing Hayes's answer, Count Roger frowned depressed and said: "Why didn't the Hei Ya Clan attack? It's not right!"

After thinking about it, Lord Roger said: "Well, you go down, remember, notify the guards on the two wings, and Katherine in the rear. Although the evil vampires of the Blackvil have not attacked yet, they must There must be no slack! We must take strict precautions to prevent evil invasion."

As Lord Roger said so, Na Hayes said: "Yes!"

Then he quickly retreated and went to inform the guards on the two wings and Katherine in the back.

After Na Hayes left, Earl Roger felt a little calmer!

He raised his eyes and looked around, and suddenly thought of his daughter Mary. Since yesterday's evil Black Lac attack, Earl Roger has not seen Mary. Where did she go?

"Where is Mary?" Earl Roger not only thought about it with anxiety.

After thinking of his daughter, he quickly walked to one side, where there were a few guarding vampires standing there! So Count Roger asked.

"I ask you, did you see Mary?"

After Earl Roger asked this question, the two Torrido family vampires standing there were not only taken aback, and then quickly replied: "Return to the Earl, we did not see Miss Mary."

After hearing these two men say so, Count Roger's brows not only frowned deeply.

"Okay, I get it."

Then Earl Roger did not question the guard again, and walked towards the Forgotten Temple.

As I walked, I still thought to myself: Where will this girl go?

Just as Count Roger was thinking of his daughter in his heart, he suddenly saw two vampire knights rushing out of the Temple of Forgotten. The two vampire knights were excited, as if they were reporting something important.

"Earl Roger!"

Far away from Count Roger, I heard the two Torrido vampire knights shouting there.

After hearing their voices, Earl Roger not only turned his head slightly, saw the excited expressions of the two, and asked in confusion: "What's the matter? Did something happen?"

"Return to Lord Roger, we have found the savior! We have found the Easterner Li!" Only the two knight vampires said excitedly.

It turns out that Li Tian hasn't shown up much since he helped the ice girl and the fire girl. No one knew where Li Tian went that night. For the Torrido family, the current Li Tian started their The rescue god, so they were eager to find Li Tian as soon as possible. No, the members of the Torrido family began to look for Li Tian's traces in every corner of the Forgotten Temple. They finally found Li Tian. .

But he said that Earl Roger was not only excited when he heard that he found Li Tian, he quickly asked, "Is that right? He is there?"

"It's in the ruins of the backyard of the Forgotten Temple." The two vampires said knightly.

Count Roger was depressed when he heard: "Why would he stay there?"

The two vampires of the Torrido family didn't know how to answer.

"Quickly, take me to see him." Just listen to Lord Roger.

As Lord Roger said so, the two vampire knights under his command quickly said, "Okay!"

So they saw Count Roger rushing to the back of the Forgotten Temple, looking for Li Tian.

Chapter 2183: Choice

The location of the backyard of the Forgotten Temple is a deserted place.

Because the castle of the Forgotten Temple is too big, there are many idle houses lying there, and the backyard is all deserted.

Standing on the mountain in the middle of the backyard, there were layers of dead leaves, and the surrounding buildings were also covered with dust.

But in front of one of the dilapidated houses, several vampire knights of the Torrido family stood guarding there.

While standing, they padded their toes and looked into the room as if there was something worth seeing in this room.

"Still inside?" One of the toe-padded vampire knights muttered while looking into the room.

A member next to him said: "Yes."

"What is he doing?" the knight asked.

"Who knows, but our savior is indeed a bit weird." The other said there.

The knight thought for a while and said, "Don't blame it, as long as he can save our family and help us defeat evil."

"Well, it makes sense."

These vampire knights standing at the door talked one by one.

But who is in the room? Looking inside through the crack of the door, it turned out to be Li Tian!

No wonder these members of the Torrido family have to stay here. They were afraid of Li Tian's disappearance again. Don't forget, Li Tian is their savior now. They can't lose Li Tian, if it's Li Tian. If the disappearance of the shadow is eliminated, then the entire Torrido family will really be over.

I saw Li Tian sitting motionless in the room, his pale face without any emotion.

His eyes looked at a place, as if in a daze, just like that, no one knew what he was looking at.

At this moment, Count Roger rushed over with the Toledo Knight under him.

While walking this way, the knight with Count Roger pointed to the room here and said, "Earl Roger, this is it!"

Roger glanced at the several family knights standing in the doorway, and then looked at the room in front of him.

"Is he inside?" Count Roger asked.

Following Earl Roger's question, the family knights in front of him suddenly said, "Yes."

Count Roger glanced at the room in front of him, and then said to the surrounding Torrido family knightly: "You go back first!"

After Earl Roger finished speaking, the knights of the Torrido family in front of them retreated one by one. At this moment, there are only Count Roger and the lonely Li Tian in the room.

Count Roger waited until his knights had left, and then slowly stretched out his hand and pushed open the door in front of him.

The moment he pushed away, Li Tian's cold eyes shot towards him, and when he saw that it was Count Roger, Li Tian went silent and did not speak.

I saw Count Roger slowly coming over, and then looking at Li Tian in front of him: "Why are you staying here?"

A word came out of the Count Roger.

After Earl Roger said these words, Li Tian did not answer him, but continued to sit there indifferently.

"First of all, I came here to thank you! Thank you for guarding the second line of defense for our family yesterday." Count Roger said again.

After Earl Roger finished speaking, Li Tian suddenly said, "No need!"

"I help you because I owe Mary kindness!" Li Tian's words were as cold as his.

After Li Tian said this, Earl Roger smiled slightly and said: "Anyway, yesterday's battle was of great significance to our Torrido family! There is no doubt about this, so I must thank you. you."

Listening to Lord Roger's words, Li Tian fell into a cold silence again.

"Li, there is something, Roger, I want to ask you a favor!" Count Roger in front of him looked at Li Tiandao.

"This busyness is about the survival and destiny of our Torrido family, so please be sure to agree..."

After hearing Earl Roger's words, Li Tian gave him a cold look.

"Help?" Li Tian said.

Count Roger said: "Yes."

"Why should I help you? Don't you know how much I hate vampires? How much hate you?" Li Tian said.

Listening to Li Tian's words, there was a trace of embarrassment on the face of Count Roger, but he was not discouraged by Li Tian's words, but continued to say: "No, just because you are like us now. It's also a vampire."

When Count Roger spoke this sentence, Li Tian's mouth suddenly burst out with a roar! It can be seen that he really does not seem to accept this reality... He really does not want to admit the fact that he has become a vampire!

However, the fact is the fact after all, and no one can change it, not even Li Tian himself.

So he was speechless.

"If you help us, you are helping yourself. If our Justice League is destroyed, then the entire blood clan will fall into darkness. Is this the result you want to see?"

"Furthermore, as far as I know, the vampire who bit you is the corpse king Uris of the evil Gangelo family. We are the same."

When Count Roger said so, Li Tian suddenly roared, and his body suddenly rose to the ground.

"Enough!" The roar of roar came out from Li Tian's mouth.

The strong qi that erupted from Li Tian's body suddenly slammed into the body of Count Roger!

Count Roger's body automatically took a few large steps back for no reason, before squeezing his footsteps! He raised a pair of horrified eyes and looked at Li Tian in front of him. He could hardly imagine how terrifying the guy in front of him was.

"Damn King Corpse, I will kill him by myself!" An extremely angry word roared from Li Tian's mouth.

It was the corpse king Uris who turned Li Tian into a dark creature! He killed Li Tian, so Li Tian must take revenge.

What about Lord Roger? Looking at Li Tian in front of him, he knew that it was useless to say too much. It all depends on what Li Tian thinks in his heart. So he thought about it and said to Li Tiandao there: "What I should say, I have All said, whether to help our family, it depends on what you mean!" Count Roger looked at Li Tian and said at last.

After speaking, Count Roger turned directly and left the room, leaving Li Tian in front of him in the room by himself.

Chapter 2184: Mary's mind

After all, this night is hard to calm down!

Although at present, there is no evil attack in the Twisted Forest, but the gloomy environment and the rolling of the dark clouds above the head are enough to show that this evening is not a peaceful night!

At present, the location of the two wings of the Torrido family is safe. The second line of defense in the Twisted Forest and the first line of defense are now safe, except for the direction behind the Forgotten Temple!

It is the black widow Katherine who guards the back mountain of the Forgotten Temple.

This charming and coquettish woman is not only beautiful, but also extremely skilled, so Earl Roger sent Na Katherine to guard the back mountain of the Forgotten Temple.

Black Widow Katherine led 50 knights of the Torrido family, guarding the rear of the Forgotten Temple.

The 50 knights, all good at fighting, are now guarding the only exit of the back mountain like a steel warrior.

What about the black widow Katherine? At this moment, she didn't wear that **** costume anymore. She was wearing a piece of golden and bronze armor that wrapped her beautiful body, standing motionless there, like the goddess of war in ancient Greece.

"Tonight, you are going to guard it for me, and open my eyes one by one...Remember, you can't let go of any turbulence, have you heard?"

Then Katherine's voice rang out here.

The 50 knights of the Torrido family around him said in unison: "Yes!"

After Katherine finished speaking, she went to patrol the place on the left.

The location of the back mountain is the traffic fortress of the Forgotten Temple, and there is only one exit. The exit is about 45 meters wide. On both sides are towering extinct volcanoes, and the 50 Toledo family knights guarded it. Here.

According to reason, this is the weakest place of the Torrido family, because it is directly connected to the Forgotten Temple. If this is captured, then the Torrido family will really be over!

I really didn't think why the Heiyi tribe wouldn't attack from this back mountain? And chose to attack from the main entrance?

Are they too arrogant? Still feel that he will be able to attack from the main entrance, and disdain to walk the traffic fortress behind the mountain?

In any case, the location of the back mountain of the Forgotten Temple is calm, and there are no signs of attack.

The black wind was blowing here, and I saw the black widow Katherine walking towards the left side step by step.

If you look closely, there is a slender figure standing on the left. She has wavy blond hair and a sharp sword in her hand, standing there.

Mary!

It turned out that it was Miss Mary, who didn't expect Mary to be with the black widow Katherine!

However, after the black widow Katherine walked to Mary's side step by step, Mary slowly raised her beautiful face and looked at Katherine.

The black widow Katherine looked at Mary with a smile on her charming face and said, "Still thinking of him?"

When the black widow Katherine said this, there was a slight embarrassment on Mary's face: "What nonsense are you talking about..." Mary refused.

The black widow Katherine was not angry either, she just sneered: "I was thinking about it, and pretending not to admit it, hey...sad."

"You..." When Mary heard Katherine say this, she turned her head and glared at Katherine fiercely.

But seeing Katherine said: "What? Am I wrong? Don't you really think of that guy in your heart?"

Mary was uncomfortable with the pretty face that Katherine said, and she pinched the corner of her clothes with her hand.

Her tears rolled in her eyes. To be honest, she missed Li Tian very much, but she didn't expect Li Tian to become so indifferent and so decadent after he knew that he had become a vampire! She didn't care about herself at all, so it made Mary very sad and wronged!

But seeing Katherine there, smiled slightly and said: "Well, don't be angry with Miss Mary!"

"There is a piece of good news to tell you." Katherine said suddenly.

After Black Widow Katherine said this, Mary turned her head in confusion, and then stared at Katherine in front of her and said: "Good news? What good news?"

"There was news from the temple just now, do you know how our second line of defense was held?" The black widow Kathena looked at Mary there.

Mary was startled: "Nonsense, of course I know!"

"Of course it is the ice and fire twin sister of the Buren family!"

When Mary said this, Katsena sneered: "Wrong!"

"What's wrong?" Mary said depressed.

Then Katherine said: "Actually, the two sisters of the Bren family seem to be quite powerful, but they did not hold the second line of defense, because as far as I know, they have also been injured, if they were not saved by someone else. For them, they must have probably been buried in the second line of defense."

After Katherine said so, that Mary became depressed and said, "No way?"

"Why not? This news was delivered by your father himself, how could it be false!" Just listen to Katherine.

When Katherine said this, Mary was stunned. She originally thought that the second line of defense was guarded by the two sisters of the Bren family, but she did not expect someone else!

At this moment, not only was he depressed and asked, "Who is that? Who saved the Ice and Fire twin sisters? They also saved the second line of defense of our Torrido family?"

Catena in front of her heard Mary's question, and suddenly smiled mysteriously, and said: "Guess?"

While speaking, he smirked and looked at Mary before him.

When Mary saw that Katherine's weird smile, she was shocked!

"Could it be...could it be..."

"...Yes...Yes...Lee?" Unbelievable shocking words came out of Mary's mouth.

After Mary guessed Li Tian's name all at once, Katsena not only smiled and said: "Miss Mary is really smart, and she guessed him all at once."

But what about Mary? The whole person stood there in surprise, silent excitement in his beautiful eyes!

To be honest, she never thought that Li Tian would help them with the Torrido family? Because of Li Tian's reaction state and his painful expression before, it is really hard to believe that he finally chose to help!

This makes Mary very pleased and very happy.

But seeing Mary asked excitedly there, "What about Li Tian now? Is he fighting with my father? Did he decide to help our Torrido family?"

Listening to Mary's question, Katsona in front of her said depressedly: "I don't know about this! But I know that all members of our family have completely put their hope on that guy! Everyone said He is the savior of our family, and only he can lead our family out of trouble."

Chapter 2185: Fog of death

When Mary heard it, of course she was happy, and said there: "It's great, it's really great."

"Li, it's finally taken."

Katherine in front of her smiled and said to Mary: "Mary, I didn't expect you to have done a great job indirectly this time. You must know that guy you brought back from China, haha."

Then Mary smiled when she heard Katherine say so, and now all she thought of in her mind was Li Tian.

"No matter what, our Torrido family will surely be able to reduce the danger this time and defeat the evil forces." Then Katherine said at last.

Time passed by every minute.

The darkness is getting darker, and the terrible night is coming.

The back of the Forgotten Temple was guarded by the black widow, and Miss Mary was among them.

It's just that after Mary now heard about Li Tian, she is now full of the figure of Li Tian...

The Torrido knights guarding the area behind the Forgotten Temple opened their eyes one by one, watching the movement around them.

There is only one passage in front of you. If the evil forces want to invade, they must pass through this narrow passage!

The night is getting darker.

Just as the pervading night was getting thicker, a weird purple-black aura suddenly rose from the passage in front, and the purple-black aura surged towards the back of the Toledo family like a thick fog.

"Mist..."

"Look at it, why is there a sudden fog in front of you?"

The knights of the Torrido family who guarded the only passage couldn't help exclaiming one by one when they saw the weird "fog".

We must know that the temperature in this twisted forest is very low, and the air is dry. Under normal circumstances, there will never be thick fog, but now how can there be a group of strange "fog" surging from the front!

And the mist looks weird, purple and black, what's the matter?

The knights of the Torrido family guarding the back mountain passage in front of them all stared suspiciously, looking at the surging purple-black mist.

"I think something is wrong!" a burly leader knight looked at the purple-black "mist" and suddenly said.

"You, go and inform Miss Katsena! Let her come and see the situation, and the rest, all back!" The burly leader vampire knight ordered there.

After he finished speaking, the Torrido family knights beside him all obeyed his orders! Then one of the members quickly went to inform the black widow Katherine of the situation here.

The turbulent purple-black mist swiftly struck towards the only passage behind the Torrido family!

Soon he reached the narrow crossing and approached the knights of the Torrido family.

Fortunately, the knights of the Toledo family were clever and kept backing away, and were not shrouded in the terrible "fog".

"Miss Katherine!"

While Katherine was still talking to Mary, she suddenly heard a rapid yelling from behind.

After hearing the sound, Black Widow Katherine turned her head quickly, and saw a Torrido family knight rushing over, running towards her in panic.

"What's the matter?" After seeing the knight's ugly face, Katherine asked immediately.

Mary by her side also hurried over, raising her eyes to look at the knight.

"Report to Miss Katherine, there is a lot of weird fog in the passage." The Torrido family knight in front of him said to Katherine.

"Fog?" When Kathera heard it, Liu brows furrowed deeply.

"The Twisted Forest is dry, where is the thick fog?" Katherine thought in her mind.

Then raised his cold beautiful eyes and looked at the knight under his men and asked, "Tell me, where did the mist come from? When did it appear?"

Just listen to the knight said: "It appeared just now. The thick fog is a bit weird, the color is purple and black, and it is rushing toward us now..."

When Katherine heard the purple-black "fog", her face suddenly changed.

"Damn it, no!"

"It's not fog...It's death!" A scream came out of Katsena's mouth.

The Torrido family knight who had reported by his side was stunned when he heard that Katherine suddenly said that it was "gas of death".

"Miss Katherine...what...what is death gas?"

Mary in front of her also looked at Katsena not quite clearly.

But what about the black widow Katherine? But she didn't have time to explain to them, because she knew better than anyone else how powerful the "gas of death" was.

"Quick, quick, come with me!"

"Evil is coming, and Breath of Death Antonio is attacking."

With the exclamation of Kathena, her body first flashed towards the front line.

That Mary and the knight of the Torrido family were also taken aback by Katherine's exclaim. They saw that the black widow Katherine had already moved and flew towards there quickly. At this moment, they Also quickly follow the past.

Ahead, at the most important Houshan Pass of the Forgotten Temple, I saw a miserable and terrifying scream.

Ah... Ah... Ah!

The scream of screams came from the front, look carefully, but saw that some of the knights of the Torrido family standing in the front had been enveloped by death, and then they fell to the ground one by one, and then held their hands. Their heads rolled and screamed on the ground, and then, purple-black blood came out of their faces, eyes, mouths, and noses.

In a blink of an eye, more than a dozen members have been killed by the breath of death.

The horror pervades this place behind the mountain.

The knights of the Torrido family who hadn't died, all realized the terrifying degree of the death aura at this moment, and their faces kept retreating in horror.

"Back! Back!"

"Don't enter the **** mist." The burly Toledo family knight roared there, backing up while looking at the terrifying scene with scared eyes.

Just as these men died tragically, the black widow Katherine arrived!

After she arrived, she saw the Torrido family knight who died on the ground at the first glance, and then she saw the surging death air.

Besides, Mary had already followed at this moment, and she was stunned when she saw a cloud of purple-black dense mist coming here and so many Toledo family corpses on the ground. , Looking at the place in front of him with a pair of unbelievable eyes.

"My God, how could this be?"

"So, then, what the **** is that terrible mist?"

At the moment she just exited, the black widow Katherine in front of her had already shouted to the more than 30 Torrido family knights who were still alive: "Calm down everyone..."

"Go back, away from the **** death breath!"

When the knights of the Torrido family saw the black widow Katherine coming, they all hurriedly backed up, and no one dared to walk towards the dense fog.

Chapter 2186: Darkness strikes

"Miss Katherine, what the **** is that **** mist?" The burly Toledo family knight looked at the strange mist and looked at the black widow Katherine with horrified eyes.

But seeing the black widow Katherine said: "This is the breath of death!"

"This is not mist at all, but the poisonous breath emitted by a terrifying guy in the Buren family!"

When the burly knight heard this, his face was startled and said, "Is it a supernatural person?"

"Yes." Black Widow Katherine said.

"Miss Katherine, what should we do now?" There was a trace of panic in the burly knight's eyes. The black widow Katherine turned her eyes, looking at the surging death air, her mind suddenly brightened.

"fire!"

"Use fire!"

After she said "fire", the burly knight beside her was not only taken aback.

"With fire?" the knight asked puzzledly.

But seeing the black widow Katherine said: "Yes, only the heat of fire can dispel the **** poison...Hurry up, pass it on, let them make fire!"

With an order from the Black Widow, Katherine, the knight of the Torrido family quickly began to pile up dry wood, and then began to light a fire!

Soon, the raging flames rose, and the steaming smoke, as well as the billowing heat emitted by the burning fire, instantly began to dissipate all the surging death air!

Those **** poisonous breaths will never enter here again!

After seeing that the flame heat of the raging fire had indeed dispelled the strange poisonous breath, the surviving knights of the Toledo family were finally able to take a breath!

At this moment, everyone was holding the weapon in their hands tightly, looking at the empty and lonely front passage.

"Miss Katherine, great, we finally dispelled the **** fog." The Torrido family knight here said excitedly.

But what about Black Widow Katherine? She was not so happy!

Because she knew in her heart that what was just now was only the beginning of the war, and the real horror was still behind.

Katherine glanced at the passage where no abnormality appeared in front, and the knights under her hand said, "Everyone will cheer me up from now on. The evil has come... but they have not yet appeared. That's it! I believe that there will be a fierce battle waiting for us tonight, so we better not take it lightly."

As Katherine said so, all the Torrido knights said in unison: "Yes!"

"Andre, you go to arrange for the manpower to drag the dead members back." Just listen to Katherine saying to the most majestic vampire knight.

The vampire knight named Andre nodded quickly after hearing Katherine's words.

Then ran to the front, pointed to the Torrido family knights at the front, and said, "You guys, drag the dead companions back!"

"Yes!" I saw the 67 knights of the Torrido family with steel spears in their hands saying.

Then they were seen running towards the dead body of a dozen members of the Torrido family.

The corpses of those members of the Torrido family who died were so terrible, one by one was bleeding to death!

The members of the Torrido family who ran over dragged the bodies of their companions, one by one from the front.

Here, Katherine glanced at the dozen dead bodies, her eyes trembled, and then she turned to Mary next to her and said suddenly, "Mary, you can leave here."

When Mary heard the words of the black widow Kathina, she was taken aback and looked at Kathana and said, "Katherna, what do you mean?"

But seeing the black widow Katherine smiled faintly: "I don't mean anything, but I don't think you are suitable for me! You should stay with your father, Count Roger."

Mary was instantly angry when she heard that Katherine said.

"Kathena, do you look down on me too much? Do you think I'm greedy for life and fear of death?"

Listening to what Mary said, Katherine's brows not only frowned slightly.

She is actually worried about Mary, because only she knows in her heart that there will be a fierce battle waiting for them tonight. Although the war has not yet begun, their Torrido has lost more than ten knights. Once the war begins, What will the result be? No one can know.

So Katherine didn't want Mary to stay here and sacrifice.

"Mary, listen to me..."

Just when Katherine persuaded Mary in front of her, suddenly in the front place, one of the several Torrido family knights dragging the corpse suddenly let out a scream!

what.....

The miserable cry was like seeing a monster.

Katherine and Mary not only turned their heads to look at each other, but at this look, they were there in shock.

I saw that the Torrido family knight who was about to drag the corpse was grabbed by a dark skeleton arm that suddenly emerged from the ground... Then in the eyes of all the Torrido family knights, that The skeleton arm that emerged from the ground suddenly swished out of the ground.

Dark monster! Its pupils were blood-colored, barring fangs, and at the moment it popped out, it bit the Toredo family knight's neck with one bite, and then instantly threw the screaming knight to the ground!

Heiyi!

OMG, it turns out that the vampire of the Heiyi clan has arrived!

"The monster of the Heiyi tribe is here!"

"Get ready for battle!"

All the knights of the Torrido family raised their steel spears, staring at the cruel Black Vampire.

But seeing that the vampire of the Heivil family had killed the torido family knight who was caught off guard just now, his neck was grabbed by the ugly Heiyi family vampire, and his head rolled aside.

After killing the knight, the vampire of the Black Yap clan suddenly screamed, and with that distorted face, suddenly rushed towards the Torrido family here.

Whoosh...

An unparalleled strong wind suddenly burst out, and then I saw a triangular prismatic dart coming out of my hand!

Black Widow Katherine, she turned out to be the one!

Her darts are recognized as the first in the Torrido family, and they are extremely lethal.

The moment the dart was shot, the vampire of the Heiyi tribe snarled its fangs before seeing clearly what the flying shadow was. He slammed and saw that the triangular prismatic dart stuck straight into it. On top of his head, there was a pop, and his brain shot all over. Its ugly head was instantly crushed by a powerful dart!

The body instantly fell to the ground, turned into a mass of ashes, and died!

Chapter 2187: Destruction and despair

Looking at the dead members of the Heiyi clan, the knights of the Toledo family here cried out: "Okay!"

But at this moment, the ground began to crack, as if an earthquake had occurred.

At this moment, all the knights of the Torrido family had their faces changed in shock, looking at the cracked ground.

I saw ugly members of the Black Yap clan burst out from the ground, their twisted faces and blood-red eyes looked at the Toledo family knights like destruction!

The battle has finally begun!

The Black Yap finally launched a terrible offensive.

When the densely packed ugly vampires of the Heiyi tribe emerged from the ground, Kathena had already held her triangular prismatic darts tightly with both hands.

Mary beside her also drew her sword!

A weird sound blew, it was the battle horn of the Heiyi tribe! With the sound of the weird horn, hundreds of horrible and ugly vampires from the Black Yap race suddenly rushed towards the knights of the Torrido family like a gust of wind.

"kill!"

The roar also burst out from the black widow Katherine's mouth.

With her stern roar, the knights of the Torrido family who had gathered steel spears around him bravely rushed forward at this moment.

The tragic war began.

"Swish, swish, swish!"

Accompanied by the terrifying prismatic darts in the hands of the black widow Katherine, the few Heiyi vampires who rushed over were instantly pierced in their heads, and then their heads broke directly, and their bodies fell to the ground, turning to ashes!

Where is Mary here? He also rushed over, and the sharp sword in his hand was directed at one of the ugly members of the Heiyi clan who rushed over, slashing it with one sword.

The members of the Heiyi tribe twisted their ugly heads and were about to pounce on that Mary, but she did not expect that Mary's sharp sword was slashed towards it. He suddenly screamed and yelled from the mouth of the ugly Heiyi vampire. come out.

Then its head was cut off by Mary in an instant, and it rolled to the side grunting.

After the head of the vampire of the Heiyi tribe was chopped off, its headless body shook twice on the ground, then fell to the ground with a plop, and then turned to ashes.

Over there, the brave knights of the Torrido family have also battled with the dense vampires of the Black Vampire!

Although there are so many ugly vampires of the Black Yap clan, their fighting power must be the authentic knights of the Toledo family, and they are indeed much weaker.

I saw it at a glance, but most of the dead and injured were ugly vampires from the Heiyi tribe! The steel spears of the knights of the Torrido family pierced the ugly bodies of the members of the Black Yap clan, nailing them to the blood-stained ground... and then died.

However, this does not explain anything!

Because after all, there are too many ugly vampires in the Heiyi clan, and those terrifying and ugly members are coming one after another. They have distorted and terrifying faces, and they stalk their fangs toward this side without fear of death. Come!

Evil vowed to take down the Forgotten Temple of the Toledo Family this time!

...

The battlefield behind the Forgotten Temple finally started.

When the battlefield here began to break out, Lord Roger, who was in the front of the Forgotten Temple, didn't even know what was going on behind him. After all, the distance was too far.

Count Roger is still worried about the second line of defense in the Twisted Forest.

Just when Count Roger was worried, a hurried shout came from behind.

"Earl Roger, Earl Roger..." The hurried shout can be heard from a distance.

When Count Roger heard the shout, he suddenly turned his head, only to see a Torrido family knight wearing a steel helmet, covered in blood, running from the back of the Forgotten Temple.

When he saw that knight was covered with blood, Earl Roger suddenly felt a bit of a heartache.

I saw him ran towards the knight extremely fast.

"What's wrong? What happened?" After Earl Roger ran past quickly, he quickly supported the injured Torrido family knightly.

I saw that one of the knight's arms was chopped off, but he did not yell because of the pain. Instead, he endured the pain and said, "Earl Roger, it's no good, Black The evil vampires of the clan began to attack from the back mountain..."

"Now Miss Katherine and our members are working hard to resist."

As the knight said so, Count Roger's face instantly became extremely ugly.

"Tell me, how many members of the Heiyi tribe have been dispatched this time?" Count Roger asked quickly.

Just listen to the knight panting: "It's about 200,300 or so!"

"However, they continue to send more vampire members from the rear one after another." The knight said.

Listening to the knight saying this, the Earl Roger was all at once dumbfounded!

"200,300 vampires of the Black Yap clan? And are they still coming in one after another?" Count Roger muttered in that shocking voice.

To know the rear position of the Forgotten Temple, there are only 50 knights!

Now the evil Blackyc tribe has so many vampires to deal with Kathena, is it possible that the blackyc's vampires are ready to swear to seize the back of the Forgotten Temple?

"Hurry up and inform the members of the two wings of the Forgotten Temple, let them try to spare a part of their strength to support Katherine and the others!" Just listen to the orders of Count Roger in that quickly.

"Quick!" After Count Roger gave an order, the knights around me hurried to the wings of the Forgotten Temple to report!

The Torrido family itself has very few members and cannot be compared with the evil vampire at all!

Now Earl Roger only hopes that Katherine can support it for a while, and then he sends two-winged family knights to support it!

But can the two wings of the Forgotten Temple really draw out members to support the Katherine and the others?

When Count Roger was anxiously waiting for the news, a cry of horror suddenly came from the front.

"Earl Roger, it's not good! The big thing is not good." The knight rushing over is the guy that Count Roger sent out just now!

Count Roger was stunned for the moment he saw him after turning his head.

What's up with him?

Didn't he ask him to report to the two wings just now? Why did he run back in such a panic?

"What's the matter? What happened?" Count Roger stared at the member who was running wildly.

The member gasped and looked at the Count Roger in front of him with horrified eyes: "Earl Roger... the two wings have also been attacked... the vampires of the Blackyc clan also launched a terrible attack from the two wings! "

After the knight of the Torrido family said so, the Earl Roger stepped forward suddenly, grabbing the knight's collar with one hand, and roaring there, "What did you say?"

The knight turned pale with fright, he hesitated and said: "The evil Heiyi clan... also attacked from the two wings... Our members suffered heavy casualties. Quickly, they are almost unable to defend!"

After the knight of the Toledo family said so, the Earl Roger in front of him was desperate!

His tall body trembled suddenly and violently, and murmured in his mouth: "Oh my God, how could this be? How could this be...Is Torrido going to die?"

Chapter 2188: The Fury of the Torrido Family

The evil is attacking!

At present, not only the rear position of the Forgotten Temple has begun to suffer a huge attack, but even the two wings of the Forgotten Temple have suffered unprecedented attacks. It seems that this time, the terrifying Heiyi people are really ready to entrust the whole The Redo family has been devoured!

Count Roger is already like an ant on a hot pot, he doesn't know what to do at this moment!

At the moment, there are only so many members of the Torrido family. If two-winged knights are sent to support the important back mountain Katherine, then the two wings of the Forgotten Temple will definitely be breached, and Torrido will still be occupied by that time!

But if you don't send people to reinforce them, how can dozens of Torrido family knights resist hundreds of terrifying Black Lac invasions?

What should I do?

How to rescue Toledo now?

Crisis is permeating the entire Temple of Forgotten, and this time the Torrido family will face an unprecedented test.

Just when Count Roger was extremely worried, suddenly, from the hall of the Forgotten Temple, Archid, the Supreme Elder of the Torrido family, walked out with several guard knights.

Of course, Elder Alchid had already understood the current crisis situation of their family, and saw that Elder Alchid's expression was extremely ugly, and he walked quickly from the hall towards this side with extreme anxiety.

"The elder is here!"

"Elder Alchid is here."

Following the appearance of Elder Alchid, the surrounding Knights of the Torrido family suddenly screamed there.

When Lord Roger here saw Elder Archid walking out, he quickly walked over.

"Elder Alcid." Count Roger in front of him yelled after walking quickly to the elder.

But seeing that Elder Alcid came up, he asked anxiously, "How is the situation now?"

Earl Roger said with an extremely ugly face: "Report to the elders that the situation is critical now. The Forgotten Temple is being attacked by the Black Laps, and both the left and right sides have suffered huge attacks. Our family members have lost a lot. Many, if we continue in the same way, our temple might be..."

Following the words of Lord Roger in front of him, Elder Alcid said angrily: "Where are the other members of the family?"

"Report to the elder, all family members have now been dispatched!" Count Roger said.

When Elder Archid heard this, his heart suddenly became cold!

No members?

There are no extra members at all!

Is the Torrido family really going to perish in this war?

"Elder, what should I do?" The knights of the Torrido family under their hands looked at Elder Alcid in front of them with horrified faces, hoping that he could think of something.

Elder Alcid was silent, his eyes were scattered, not knowing what he was thinking.

Suddenly, Archid yelled out: "The savior... Where is the savior? Where is the oriental Li? What about him?"

A loud roar came out of Elder Alcid's mouth.

After Elder Archid called out, Lord Roger and the knights of the Torrido family in front of him were taken aback, suddenly everyone thought of Li Tian the savior.

"Yes, what about the savior? Didn't the prophecy say that he can save our family?"

"Where is that guy?"

After Elder Alcid took the lead in asking, the knights of the Torrido family in front of them all couldn't help asking. They all want Li Tian's help now.

After they asked, Count Roger frowned and said, "I know he is there!"

"Where?" Elder Alcid asked immediately.

He just listened to Lord Roger in front of him and said, "That Lee is in the backyard of the Forgotten Temple."

"Go find him! Let him help our family!" Elder Alcid ordered suddenly.

Just after Elder Archid said so, Earl Roger suddenly shouted: "Elder..."

"What's the matter?" Elder Alcid was taken aback, looking at the ugly Count Roger.

Count Roger thought for a while and said with an ugly face: "That Li...may not help us!"

After hearing Earl Roger's words, Elder Alchid's eyes suddenly trembled violently, and he said angrily: "No matter how much, find him first! If he doesn't help our family, then he will die with us. Right."

With an order from Elder Alchid, the Knights of the Toledo Family in front of him rushed to find that Li Tian!

At this moment Li Tian is the only savior of the Torrido family!

Because only Li Tian can resist this dark invasion!

It was said that after several Torrido family knights quickly searched for Li Tian, Elder Archid and Earl Roger were waiting here anxiously. They hope to see Li Tian as soon as possible!

But, will Li Tian help them?

After waiting for about ten minutes, there was a scream of exclamation from the place next to him.

"Elder, it's not good..."

As the voice came, I looked carefully, and it was the few Torrido family knights who had just gone looking for Li Tian! It's just that these knights didn't bring Li Tian over.

Elder Alchid and Earl Roger turned their heads violently. When they saw the Torrido family knights rushing back, they couldn't help being stunned.

"What's the matter? What about people? Where's the Easterner Lee?" Elder Alchid asked with a horrified roar.

As he asked, the few knights rushing over there replied with extremely ugly expressions: "Elder, it's not good, there is no savior Li in the backyard...he is gone!"

what!

"Gone?" Hearing that the knight under his hand said so suddenly, Elder Archid and Earl Roger in front of them were stunned for an instant!

Gosh! How could this be?

"Why is he missing? Did he escape?" Elder Alcid yelled there.

After hearing the news of Li Tian's "escaping", the knights of the Torrido family around him suddenly yelled.

"Damn bastard!"

"The **** savior... is exactly a **** who is afraid of life and death!"

"Yeah, bastard, should have killed him long ago, burned his **** soul with flames."

The surrounding Torrido family knights couldn't bear the anger, and they all cursed at Li Tian there.

What about Elder Archid? At this moment, I also had endless hatred for Li Tian in my heart! He never expected that the final ending would become like this. At the most critical juncture, Li Tian actually left... escaped!

Despair permeated the entire Temple of Forgotten Temple, and the sound of killing around continued. The news of the death of the Knights of the Toledo family has been coming from the battlefield...

Is this time the blood of the Justice League really going to perish?

How did Li Tian really escape from Torre?

Chapter 2189: Moment of danger

The night is filling.

A terrifying evil enveloped the entire Torrido family. This sacred place for thousands of years was about to be captured.

The two wings of the Forgotten Temple are almost unstoppable. It is said that the dead Knights of the Torrido family have piled up into mountains!

At the back, Katherine, Mary, and the surviving Torrido family knights were still fighting desperately.

On the battlefield filled with gunpowder, I saw the corpses of Torrido knights lying down on the ground, dead!

The more than 50 Torrido family knights who had followed the black widow Katherine to hold on to the rear had already killed more than ten people at this moment, and all the others were brutally killed.

Now that Katherine is still slaughtering desperately! She swore to the death to guard the Forgotten Temple.

I saw her darts, every dart pierced the head of a ***** and ugly Heiyi tribe vampire who leaped over, and then killed them alive.

However, there are too many vampire members of the Heiyi clan. Kill one, and the second one will continue to pounce, and it will continue to pounce!

In this case, even if Katherine possesses no matter how powerful it is, I'm afraid she can't resist it!

I saw that the current Black Widow Katherine has been surrounded by more than a dozen ugly and cruel Black Vampires!

They raised their bloodthirsty eyes, and yelled at the Black Widow Katherine, their hideous faces glared at her, and their fangs exuded a beastly roar...

Roar!

More than a dozen terrifying Heiyi tribe vampires all rushed towards Kathena.

But fortunately, Katherine's body was flexible, and her swish body dodged to avoid the fatal blow in the past, and then both hands flew up, swishing and shooting 4 deadly darts, which penetrated 2 black darts. The heads of the vampires only heard two miserable screams, and then all the vampires of the Black Yap tribe died on the ground.

The rest of the Black Vampires didn't have the slightest fear at all, and they still attacked the black widow Kathena evilly.

Where is this place? Then Mary can't hold it!

After all, her strength was limited, and she was struggling to fight against a dozen vampires of the Heiyi tribe, and the sharp blade in her hand seemed to be unable to move!

As the two ugly vampires of the Heiyi tribe on the left rushed forward, Mary raised her right hand, and the sharp sword in her hand chopped off one of the vampires of the Heiyi tribe, but the other one "hissed" Mary's arm. It's bloody...

Mary screamed in pain, and she rolled on the spot. Regardless of the pain, she swung out the sharp sword in her hand again, snorted, and stabbed the damned Heiyi vampire to death with one sword!

The body of the Black Vampire fell on Mary's body. Mary kicked the body with a strong kick. She then jumped up, clutching her injured right arm, and began to fight and fight.

Mary's arms and thighs have been severely injured!

But she didn't care about her injury, because there was nothing more important than the safety of the family. Even if it was fate, she believed that Mary would sacrifice her life to protect Torrido.

What about the dozen or so Torrido knights remaining?

Dead and wounded, the remaining dozen knights are brave, but how can they resist the cruel vampires of the Heiyi tribe?

"Kill! Fight with these evil bastards!" A roar came from the mouth of a knight of the Torrido family with a broken arm.

He was determined to die, holding the steel spear in his hand, snorted, and pierced the head of a Heiyi clan vampire with a sharp steel spear, and the skull of the pierced Heiyi clan vampire member was pierced. , The body fell to the ground with a desperate thump! Then died!

But what about the brave Knight of the Torrido family?

After his steel spear stabbed out, it was also doomed to his death! Because all the other Heiyi clan vampires rushed towards him!

Then his body was torn apart by that terrifying member of the Heiyi clan, his head was torn off, and his body was torn to pieces... just like that, he was cruelly tortured to death!

The rest of the Toledo family knights saw the death of their companions so cruel, they could no longer bear the anger in their hearts!

"Asshole, fight with these evil bastards!"

"kill!"

Accompanied by the loud roaring sound, they made a sacrifice of destruction!

One by one, they held the steel spears in their hands, fighting fiercely with the numerous vampires of the Heiyi tribe...

Sacrifice and destruction are all over here!

They are fighting for honor, for the guard of the family.

Katherine also seemed to be unable to hold it back, her body was also seriously injured by the vampires of the Heiyi tribe. Although the darts in her hand were fierce, they could not survive the cruel and evil members of the Heiyi tribe.

And Mary? Not to mention.

Several times of danger, almost died...

"Can't keep it! We can't keep it." After Kathera used the last dart in her hand to pierce the head of a Heiyi tribe, she said desperately, looking at the corpses on the floor.

Mary over there raised the sword in her hand and was still fighting... Suddenly at this time, a terrifying Heiyi tribe vampire suddenly attacked Mary from behind!

As for Mary, there is no time to take care of the back, because in front of her there are three horrible vampires from the Black Yam attacking her.

"Mary, be careful!"

At this moment, Kathena saw Mary's danger and couldn't help screaming!

Then Katherine wanted to come and help, but it was a pity that the two Black Vampires here suddenly rushed towards her. Kathena had no choice but to protect herself at this moment!

But what about Mary?

Seeing that the Black Vampire behind Mary suddenly rushed towards her, the icy skull claws deadly grabbed Mary's head. If it really caught Mary's head, I'm afraid Mary's head would be instantly Crack and die!

Danger! The danger of death is overwhelming Mary in front of her.

She looked dying.

At this critical moment, an unparalleled energy suddenly surged from behind.

The speed of the terrifying energy is so fast and so cruel.

When the Black Vampire who grabbed Mary's head from the back was about to kill Mary, he suddenly felt something wrong in the back. When it noticed it, there was a puff, and its whole body was affected by the surging horror. The qi directly shattered the body alive!

Wow!

All the blood clots sputtered from the shattered corpse of the Heiyi tribe vampire instantly splashed on Mary's body!

At this moment, Mary was taken aback and looked back!

A familiar figure flew towards her like a "god".

His whole body was shrouded in destruction and vigor, his pale face, handsome silhouette, and those eyes that ruined the world...

He came, no one thought that he would appear here, and at such a time.

Chapter 2190: One man

On the battlefield filled with destruction and death, his figure appeared.

His appearance made all the vampires of the Heiyi tribe who had already had the advantage in a moment, staring at him with ugly and **** pupils.

Li Tian.

"Lee..." The moment Mary turned her head to see Li Tian, she almost jumped up with excitement. In her beautiful eyes, there was an unbelievable look that stared at the flying Li. day.

And where is the badly injured Black Widow Katherine over there? Also dumbfounded, he blinked his eyes and looked at Li Tian in surprise.

"He's here, this guy finally came to save us." Kathena murmured excitedly.

What about the 78 knights of the Torrido family that survived the battle of the Black Lac clan?

When they saw Li Tian's arrival, they were startled at first, and then yelled excitedly.

"The savior..."

"Our savior is here."

"Torido is saved! We are saved."

Hopeful excitement filled the entire battlefield.

The Torrido family knights who had regarded death as their hometown were full of hope the moment they saw Li Tian, that was the desire for life.

But what about Li Tian? After he arrived here, he took the lead in taking a cold glance at the battlefield in front of him, there were corpses everywhere...bloodstain everywhere.

Looking at this extremely cruel sight, Li Tian's eyes trembled slightly, and then he swiftly flew towards Mary in front of him.

After flying over, he immediately supported the glamorous and seriously injured blonde Mary:

"Mary, how are you?"

Mary's body was indeed injured, but she had forgotten the pain at the moment because she was so excited.

But she said that Mary shook her head quickly, and tears of excitement appeared in her beautiful eyes: "I, I'm fine...I'm fine."

"You are injured!" Li Tian said, looking at Mary's injuries.

Mary said: "It won't get in the way."

"Li, why are you here? Did you make a decision? How are you going to help us Torrey?" Mary looked at Li Tian and asked.

After Mary asked, Li Tian's eyes flashed with a complex expression, but he instantly recovered his calmness. He looked at Mary in front of him and said, "Yes! I made a choice."

"Since I have become like you now, then I will be a real vampire once."

"From now on, I, Li Tian, will help you Torrido."

After Li Tian uttered these words, Mary screamed in excitement for an instant: "Great, great, Li!"

Then Mary's involuntary whole body suddenly hugged Li Tianji tightly, and her gentle and tender body pressed tightly against Li Tian's chest.

Faced with Mary's initiative to hug herself, Li Tian was taken aback for a while, his expression was a little panic.

What about Mary? Just now because of excessive excitement, I was a little gaffe. After calming down at this moment, I realized that I was holding Li Tian tightly... His face was embarrassed and he quickly released his hand.

With an awkward face, Mary lowered her head shyly like a little girl of first love.

Roar!

A roar screamed from the ugly vampire of the Heiyi tribe. It turned out that those ugly and cruel members of the Heiyi tribe could not bear it at this moment. They wanted to attack Li Tian and kill all the members of the Toledo family present.

Just when the terrifying and cruel members of the Heiyi tribe were preparing to attack, Li Tian jumped up, and the strong qi accumulated in his palm suddenly pushed forward!

There was a boom.

The turbulent energy was pressing on the vampire members of the Black Yap clan, and they were all forced to retreat by the powerful and deadly qi.

The heroic posture of the tyrant stood there, one man in charge.

"Mary, Katherine, leave here with all of you!" Li Tian suddenly said loudly to Mary behind him and the black widow Katherine without looking back.

After Li Tian said this, that Mary, the black widow Katherine, and the 78 Torrido family members who were still alive behind her were not only taken aback.

"go away?"

"What does he mean?" Black Widow Katherine asked in surprise without understanding Li Tian's words.

To be honest, Mary was also at a loss at this moment, not knowing what Li Tian meant.

"Lee, you...you...let us leave here?" Mary asked in horror.

But seeing Li Tian there, he said, "Yes, all go!"

"But we are gone, who will guard here?" Mary asked puzzledly.

"I!" A cold and domineering word suddenly came out from Li Tian's mouth.

what?

He wants to guard the back of this Forgotten Temple alone? Facing hundreds of vampires of the Heiyi tribe?

Is Li Tian crazy?

"Lee, this is too dangerous for me... We can't leave you alone to guard here!" Mary said in that extremely worried voice.

You know, there are more than two hundred terrifying and cruel vampires of the Heiyi tribe! And there is no unknown horror behind, no one knows at this moment... how can Li Tian guard here alone? In the minds of Mary and others, Li Tian's approach is undoubtedly death.

The black widow and the living knights of the Torrido family around him were also there at the moment worrying about Li Tian, saying: "Yes, how can we leave you here alone? It's too dangerous..."

"Absolutely not."

...

The voices of the members of the Torrido family resounded around.

With the sound of these voices, Li Tian suddenly became angry, but seeing him suddenly raised his head, his cold eyes scanned Catena, Mary, and the members of the Torrido family in front of him and said: "I said let you Go, you will leave me!"

"Leave it to me here, I can handle it alone!"

"The two wings and the main entrance of your Forgotten Temple are also undergoing massive invasions. If you still want to protect your home and protect the Forgotten Temple, then let me go! Go elsewhere to support your family."

"Here, let me guard it alone!"

At the moment when Li Tian's domineering words were uttered, where was all the horror of Mary and Katherine in front of them.

what? The two wings and the main entrance of the Forgotten Temple were also attacked?

Is Torrido facing the biggest threat in thousands of years?

Listening to Li Tian's words, Mary and Katherna were confused for a moment. They wanted to stay and help Li Tian, and they wanted to fight with Li Tian, but what about the safety of the family? How can they ignore the safety of the family?

Complexity and contradictions are flooding them!

In the end, I saw Mary gritting her teeth, her beautiful eyes glittering with tears looking at Li Tiandao: "Okay, we listen to you!"
