

## A Killer 22

Chapter 22: "Master"

What about Li Tian? I was surprised too, what the \*\*\*\* was going on? Two men chasing a beautiful little girl.

Think with the ass, Li Tian will also think these two men are badass.

Can a man who bully a woman be a good man?

"Hey, what are you doing?" One of the men in suits over there looked at Li Tian and asked coldly.

Li Tian was already wondering what this was all about. After this guy asked, he just wanted to speak.

But only listened to the girl who was hiding behind her, and suddenly said, "He, he is the bodyguard I invited. If you two are acquainted, you will quickly hide away."

"what?"

Li Tian was stunned.

Secretly, what the \*\*\*\* is going on? Why did he become the bodyguard of the girl behind in a blink of an eye.

"Bodyguard?" The two men in suits could tell at a glance that the lady was lying.

Sneered and said: "Just rely on him?"

Feifei looked unhappy, and said there, "Why, do you still look down on my bodyguard?"

"You, go up and hit them." Feifei said, pushing hard behind someone.

So Li Tian was forced to become a dead ghost, leaning forward abruptly, as if he was really about to do it, and rushed toward the two guys in suits.

One of the men in a suit changed his face suddenly, his fists clenched uncontrollably, and then punched.

Judging from the physical reaction and the proficiency of his punches, this person is definitely a character who has practiced. Even if he has not practiced, he must be a character who fights often.

No, he hit Li Tian's abdomen with one punch.

The fist is quick and hard.

How could Li Tian, who had not received training, reacted, and he hadn't prepared everything at all, but the girl behind did not guard against him, and slammed his body firmly.

What about Feifei behind? He closed his eyes immediately.

I still laughed in my heart and said: Don't blame me, don't blame me, I can't help myself.

With a bang, the man in the suit hit Li Tian's abdomen with his fist, and a surprise and strange scene appeared.

What about Li Tian, who had been punched, stood there without a thing at all, and what about the guy who punched him? At this moment, a face was suddenly distorted, and then the fist was sent down unnaturally.

Then he heard a painful hum from his mouth.

The companion next to him was almost stunned, looking at the extremely ugly companion, and hurriedly asked: "What's the matter?"

At the moment, the companion was clenching his teeth with a painful trembling hand, and said in pain, "Broken."

"Huh?" The companion next to him was taken aback.

The others he punched, the others stood there intact, and he? I broke my beaten hand suddenly, Nima, what's the matter?

Where is Li Tian? The whole person was also stunned there.

real or fake? He himself was confused. Just now, the other party suddenly punched him in the abdomen. Li Tian instinctively lifted his breath. The strand in the middle of his abdomen was knocked away by the tadpole when he was reading the "broken book" on the train. It is completely instinctive.

But what was unexpected was that I had just received a punch, and I didn't know the pain at all, but the tiny energy of my body was released by myself, and the opponent broke.

"Your mother, are you kidding me?"

Li Tian was stunned.

"Brother, are you kidding? Really broken?"

Li Tian looked at the man who was gritted his teeth and asked with a painful pale face in surprise.

Hearing Li Tian's words, the man turned into a naked insult, but unfortunately his arm had indeed been broken, and the pain made him no chance to make another move. He gritted his teeth and glared at Li Tian.

What about Feifei, the eldest lady just behind? At this moment, he blinked his eyes and looked at Li Tian like a monster.

"Wow, really so powerful?"

There was a voice in the voice that couldn't believe it. Originally, he wanted Li Tian, the unlucky ghost, to block the two followers who followed him, but what Feifei didn't expect was that he would meet a "master".

"What the \*\*\*\* is your kid? What does the lady we picked up have to do with you?" The other man in a suit didn't dare to go up at the moment, so he could only stand there and say.

Li Tianyi was taken aback: "Miss?"

"Bah, baah, who knows you."

Na Feifei suddenly said there smartly.

"They are bad guys, I don't even know them." Feifei said, blinking at Li Tian.

"Miss, you..." The bodyguard was a little speechless.

"Who is your eldest lady? Really, I have nothing to do with you. If you don't want to be beaten down on the ground, you will get rid of you, or I will let my bodyguard beat you away, huh." Feifei Tao said.

When the bodyguard heard the eldest lady say this, his face was extremely ugly, and he glanced at Li Tian fiercely as if he wanted to do something, but the broken companion next to him gave him a wink and motioned him not to do it.

"Hurry up," Feifei said angrily.

No way, these two hardened bodyguards can only honestly turn around and walk towards the back, but they can't help cursing Li Tian in their hearts, and they blame this guy for breaking things.

After the two bodyguards were defeated by the sudden "master", what about the so-called "master"?

I was completely stunned there, touching my belly with my hand, I couldn't help feeling depressed and said: What the \*\*\*\* is going on? That buddy really broke his arm? No, I didn't touch him or beat him. Why did his hand suddenly break?

But the painful look on that buddy's face is not pretending, right? Could it be that he was punched by him, he was fine, and his hand was broken?

He was thinking about it with a depressed look, completely ignoring that the eldest lady Feifei behind was staring at this "master," without blinking.

"Wow, that's amazing, who are you handsome guy?"

Li Tian, who was wondering, suddenly heard a chattering voice behind him asking.

Li Tian, who turned his head around, was full of fire: "What the \*\*\*\* do I want to ask you? What the \*\*\*\* is going on? When did I become your bodyguard, why did the two of them hit me?"

Li Tian, who turned his head, cursed.

Na Feifei chuckled all of a sudden, smiling brightly, smiling forward and backward.

"Handsome guy, he has a big temper, hehe, but I like it." A certain woman said without restraint.

Li Tian had been ordered to commit peach blossoms, but when he saw this girl smiling so coquettishly, the anger in his heart suddenly disappeared by more than half.

Imagine that man can lose his temper at a big beauty? It is simply intolerable.

"Tell me, what was going on just now?" Li Tian asked Feifei, pointing at him.

Feifei stopped laughing and blinked and looked at Li Tian, which made Li Tian feel a little uncomfortable.

"Your hero saves the United States, is this something unclear?" Feifei said with a smile.
