

A Killer 2201

Chapter 2201: The Gangaro family is here

After the vampires of the Heiyi tribe left, Li Tian only breathed a sigh of relief, and then continued to follow the vampire members of the Heiyi tribe.

More than a dozen members of the Heiyi tribe dragged the leopard toward the front place, and soon reached the dense forest in front.

Li Tian originally followed closely behind, and when he glanced at it, there were so many Heiyi clan vampires in front of him.

But seeing the group of Heiyi clan vampires at a glance, they didn't look like two or three hundred, all gathered together.

Li Tian watched this astonished scene, hiding himself above a big tree, carefully observing the situation below.

I saw the two or three hundred Heiyi tribe vampires seem to be gathering... After a while, Li Tian suddenly saw the most majestic Heiyi tribe vampire lying in the middle.

Li Tianyi looked at that majestic guy, and immediately recognized him.

It turned out that it was the horror guy who rode on the unicorn before and fought against him.

After seeing it, Li Tian knew that this guy was the vampire leader of the Heiyi tribe, but seeing that the leader of the Heiyi tribe raised blood-red eyes and looked at the family members around him, he suddenly screamed.

The surrounding Heiyi clan vampires all followed it, and no one knew what they were yelling at.

Suddenly at this moment, two gloomy winds hit this side.

When Li Tian felt the gloomy breath blowing, he was taken aback, and then raised his eyes to look, only to see two extremely fast figures rushing towards the vampires of the Heiyi clan from the right side of the front.

Take a closer look, who are the two?

One of them is burly and sturdy, with a weird breath of death exuding all around him, covering his whole body, his body seems to be floating in the air, coming from a distance coldly.

Breath of Death Antonio!

And the other one? Li Tian had seen her, and had severely injured her, she was a big snake girl in a reckless suit.

Unexpectedly, these two terrible guys came.

After they arrived, the many vampires of the Heiyi tribe looked at Antonio and the big snake girl with their blood-red eyes.

"King of Heiyi...it seems that your members can't attack the Forgotten Temple either." Suddenly, the breath of death Antonio took the lead in speaking coldly.

The guy called the Heiyi King was the most majestic leader of the Heiyi Clan vampire.

After hearing Antonio say this, King Heiyi roared.

"Blame the ***** guy...Bill the ***** Easterner." Heiyi King shouted with unclear words in his mouth.

The "damn guy" he said was of course Li Tian.

If it were not for Li Tian alone with the extremely powerful ability to guard the rear of the Forgotten Temple, the vampires of the Heiyi tribe would definitely step down the entire Forgotten Temple.

Listening to King Heiyi's words, Antonio suddenly sneered.

"That Oriental again?"

"The big snake girl, the king of Heiyi, is this oriental really that powerful? It caused you to be planted twice in a row?" Antonio said with a contemptuous tone in his mouth.

Just listen to the big snake girl angrily said: "Antonio, if you speak lightly, if you have the ability, you will deal with the ***** Oriental next time, and the rest will be given to me and the king of Heiyi... if you can deal with it. That Easterner, then we must be able to beat Torrido."

After the big snake girl said so, the king of Heiyi also said, "Yes, the big snake girl is right."

"This time, that ***** Easterner killed more than 200 members of my Heiyi clan... Antonio, if you can kill that Easterner, my Heiyi king admires you."

Listening to the words of the Heiyi King and the Serpent Girl, Antonio frowned slightly.

He is not a fool, nor is he a fool.

He knew in his heart that the big snake girl and Heiyi King had the strength, and since they were unable to deal with the role, it must be an extremely cruel role.

Antonio was not a bird in his early days, so he stood there calmly, and did not answer the words of the big snake girl and the king of Heiyi.

At this moment, the big snake girl and the king of Heiyi saw that Antonio fell silent and stopped talking. The big snake girl suddenly sneered: "Antonio, why don't you say anything?"

"What? Are you scared?" The snake girl sneered.

Listening to the serpent woman speaking like this, Antonio suddenly laughed.

"I'm afraid of an unknown person?"

The big snake girl said: "Since you are not afraid, how about you next time you deal specifically with that oriental person?"

Then Antonio said, "I want to meet that guy alone...it's a pity..."

When the big snake girl heard this, she wondered: "What a pity?"

"Unfortunately, I'm afraid I don't have a chance to shoot." Antonio said suddenly.

The big snake girl looked at Antonio coldly and asked, "What do you mean? What does it mean that there is no chance for you to make a move?"

At the moment, the Heiyi King over there was also staring at Antonio with his extremely blood-red eyes open in a puzzled way.

Just listen to Antonio's sneer, and then say there: "Maybe you don't know yet, the army of the Gangelo family has reached the Nicolas Mountains..."

what?

When Antonio in front of him suddenly said this, the king of Heiyi in front of him and the big snake girl were not only shocked there.

Has the Gangelo family's army reached the Nicolas Mountains?

The Gangelo family is the most powerful family among the thirteen blood families and the most capable of fighting! The Heiyi tribe, as well as the big snake girl, and Antonio, were all ordered by the Gangaluo family before, so they came to deal with Toledo, but Gangaluo's army finally arrived.

At this moment, Li Tian, who was hidden in the dense forest, could also hear clearly.

The Gangelo family?

When he heard these words, Li Tian's eyes were red, and an endless dark killing intent appeared all over his body.

Yes, it was the **** vampire of the Gangelo family who made Li Tian this way, and it was the **** corpse king Uris who harmed him.

He was angry, and he wished to devour the corpse king Uris alive and tear it apart.

Now I didn't expect the Gangaro family to finally come.

After hearing this, Li Tian held his breath, and then continued to listen to the conversation below.

I saw the big snake girl and the king of Heiyi, and when they heard that the Gangaluo army had reached the Nicola Mountain range, their faces showed a terrifying expression.

Chapter 2202: Li Tian's shock

"Antonio, what you said is true? The Gangelo family's army has really reached the Nicolas Mountains?" Heiyi King asked ferociously there.

Antonio sneered: "Nonsense, of course it's true, do I need to make this kind of joke with you?"

When the Heiyi King and the big snake girl heard that, his face suddenly changed.

"I didn't expect Gangaro's army to come so quickly." The Serpent Girl was not only shocked in her mouth.

Antonio said coldly: "If nothing happens, Gangaro's army will arrive here before the next sunset."

The Heiyi King and the Big Snake were silent at the moment, and no one spoke.

"As far as I know, the Gangelo family has committed a massive crime this time, and they have dispatched the long-lost Black Knights of Death." Antonio said suddenly.

When he heard the words "The Black Knights of Death" in front of Antonio, the faces of the King Black and the Serpent Girl changed suddenly.

The Black Knights of Death!

Perhaps in the hearts of the younger generation of vampires, they have hardly heard of the Death Knights, but in the minds of the older generation of vampires, the Death Black Knights are their nightmare.

The Gangelo family, a terrifying family that conquered the darkness with violence, their most powerful family is the Black Knights of Death, the Black Knights of Death, their combat capabilities are beyond normal people's imagination. Thousands of years ago, Gangelo The reason why the family dominates the blood race is because of the existence of the Black Knights of Death.

So when the big snake girl and the king of Heiyi heard the death black knights from Antonio's mouth, their faces would suddenly change terribly.

Li Tian, who was hiding in the dense forest, couldn't help being slightly taken aback when he heard Antonio say "Black Knights of Death" underneath. At the same time, he said in his heart: "That guy said in his mouth. What exactly is the Black Knights of Death?"

I saw Antonio below that speak again: "And this time the Gangelo family not only dispatched the Black Knights of Death, but also their second elder, the corpse king Uris."

what?

The corpse king Uris is here too!

Li Tian who was hiding in the tree, when he heard the five words of the corpse king Yuris, his whole body was suddenly angry.

His mind also recalled the figure of the corpse king Uris for a moment. It was a cruel guy who was as ugly as a zombie, with terrifying wings growing on his back, and his whole body was full of the smell of a rotten corpse...

It was that hateful guy who bit Li Tian, it was Li Tian who became the **** appearance he is now!

When thinking of the corpse king Uris in his heart, Li Tian's whole body was filled with endless hatred.

He wished to slaughter the **** with wings on his back now.

After Antonio said these words, the big snake girl and the king of Heiyi were shocked.

In this way, the Gangelo family's army will soon reach the Twisted Forest. Once it arrives, the ten Toledo families may not be able to resist it.

What should I do?

Li Tian's mind was spinning there quickly.

I saw that the big snake girl below suddenly looked at the dim sky and said: "It seems that before the next dawn, the army of the Gangelo family will arrive."

Antonio sneered there and said, "Yes."

"At that time, Toledo's Forgotten Temple will definitely be flattened by the Gangelo Family..."

"Oh, by the way, and the **** Easterner that you are talking about, hehe, when that happens, I believe that even if the Easterner has great abilities, there is only one dead end." Antonio sneered.

The big snake girl gave Antonio a contemptuous look.

Of course she knew the strength of the Gangalo family vampires in her heart. If they came, what if there were two more characters like Li Tian? Torrido will still perish.

I saw the King of Heiyi on the other side looking at Antonio and said, "Then what should we do now?"

Antonio glanced at the Heiyi King, and the many vampires of the Heiyi clan said: "Take a rest... Do you still want to attack Toledo? Continue to die?"

Listening to Antonio's sarcasm in front of him, the black yams roared in that kingly mouth, but did not refute.

Indeed, although there are many vampires in the Heiyi tribe, they can never be compared with the vampires of the Gangaro family, so they can only become silent at this moment.

"Waiting for the next night, waiting for the arrival of the Gangalo family's army, and then we will step down the Forgotten Temple together." Finally, Antonio said.

When Li Tian heard this, he was about to leave.

Because he already knew the news he needed to know, the only thing he had to do now was to go back and tell the members of the Torrido family that he had heard the terrible news.

If there is any delay, I am afraid that this time, the Torrido family will really be destroyed.

I saw that after thinking this in Li Tian's mind, he suddenly turned around, and then swiftly swept away in the direction of the Forgotten Temple.

When Li Tian's figure suddenly flew away, then Antonio suddenly seemed to notice something.

"Who?"

Accompanied by an angry shout from him, his figure flew up suddenly and swiftly swept towards the place where Li Tian was hiding just now.

At the moment when he lifted his body, the Heiyi King and the Big Snake Girl rushed up quickly.

It's a pity that Li Tian's speed is too fast, even though the breath of death Antonio has a superhuman sense of smell, he still didn't see any trace.

I saw Antonio standing coldly on top of the dead tree, a pair of cold blue eyes staring around...

At this moment, the big snake girl and the king of Heiyi also rushed up. The two looked around suspiciously, and then looked at Antonio together and said, "What's wrong? What did you find?"

I saw Antonio's horrible eyes looking around. After confirming that there was no movement around him, he slowly said, "I just felt that someone was eavesdropping on our conversation!"

Following Antonio's words, the King of Heiyi and the Big Snake stunned for a moment. He looked around cautiously. After taking a look, he only heard the Big Snake say: "Is it possible? Who would dare to break into us with such courage? Site?"

After hearing the big snake woman say so, Antonio ignored her, and then swept back to where she was before.

The big snake girl and the king of Heiyi felt that Antonio was making a fuss... At the moment, standing on the dead tree, her mouth sneered and said, "Suspicious..."

After saying these words, the two of them quickly swept down from the dead tree together.

Chapter 2203: Surprise

In the dark twisted jungle, only a black shadow flew quickly in the direction of the Forgotten Temple.

There is no doubt that this figure is that Li Tian.

He wants to come back quickly to inform the members of the Torrido family that the real evil is about to come, and if there is any delay, the members of the Torrido family will definitely be wiped out.

Including Mary, including Caso and the Ice Girl and Fire Girl, will all die.

Li Tian flew very fast in the direction of the Forgotten Temple.

He must convey the news to them now.

Soon, Li Tian passed through the dark twisted forest, and then flew to the Forgotten Temple.

At the Temple of Forgotten At this moment, the members of the Torrido family were still immersed in peace, and no one thought that true evil would soon come to them.

In one room, I saw Ka Suo, Fire Girl, Ice Girl, Mary, Count Roger and others staying there.

They seem to be discussing things.

Just listen to that Earl Roger looked at the blind Caso and asked: "Mr. Caso, is there really no other way to save our family?"

"Except what Li Tian said, leave?"

But seeing Caso slowly turning his face, and then slightly supporting the black condition on the bridge of his nose with his hand, he said, "What do you think?"

After being questioned by Caso, Count Roger was suddenly depressed.

Mary on the other side looked at Earl Roger and said, "Dad, actually I think Li Tian's words are pretty good. Although he gave up the Forgotten Temple, at least we all saved our lives... Only if we are alive can we Continue to fight evil, if you die? Who can deal with the **** dark blood?"

Hearing what Mary said, Earl Roger sighed deeply: "Fool daughter, why don't I understand this?"

"But you have to know that sometimes dignity is more important than life."

"For example, the Forgotten Temple of our family." Count Roger said.

When the fire girl heard this, she sneered: "Earl Roger, according to your wishes, even if you die, should you stay in the Forgotten Temple?"

Count Roger nodded silently.

The fire girl continued to sneer and said: "I have seen fools, but I have never seen such stubborn fools as you."

"Earl Roger, I want to ask you, do you think you are dead, can your family's Forgotten Temple be kept?"

"Do you think that even if all the members of your Torrido family have sacrificed, will the Forgotten Temple that can save your family stand upright? Tell me, is there any difference? Will the Forgotten Temple still be evil The Gro family and the Heiyi clan were destroyed... As a result, not everything was destroyed?"

Facing the fire lady's questioning, Earl Roger was suddenly speechless.

In fact, he knew everything Huo Nu said in his heart, but he was still so stubborn.

"Is it still unclear about the outcome of the problem up to now?" Huo Nv said angrily at last.

Count Roger slowly raised his eyes and looked out the window. He was silent for a long time.

At this moment Mary, as well as the Fire Girl and the Ice Girl are all looking at Count Roger.

I saw that Count Roger was silent for about 2 minutes. He finally spoke, looking at the fire girls in front of them and saying, "Hey, even if I understand everything, what can I do?"

"Elder Alchide will never give up the family, and will never give up forgetting the temple, even if it is dead." Count Roger finally said.

After listening to Earl Roger's words, the Fire Girl and the Ice Girl finally understood. It turned out that Earl Roger was most worried about Elder Archid.

As the vampire elders of the older generation, they swore to the death to guard the honor, even if they knew it was wrong.

I saw the fire woman said: "Since it is Elder Alchide, then Lord Roger, we should convince him."

"Persuade him?" Count Roger suddenly gave a wry smile.

"Impossible, no one can convince Elder Alchid." Count Roger sighed there.

Hearing what he said, the fire girl and the ice girl were depressed.

"What should I do? Do you want to watch that Elder Alchid make a mistake and lead all the innocent members of the Torrido family to sacrifice?" The fire woman in front of her said angrily.

Count Roger did not speak, and became silent there.

At this moment, the sound of strong wind blowing suddenly sounded outside the door.

The ice girl and the fire girl are both alert people, and when they were shocked to hear the strong wind flashing past the door, they were taken aback.

But seeing Huo Nv's beautiful body flashing, she had reached the door of the room with a swish, and shouted, "Who?"

The ice girl with a cold and glamorous face also swept over at this moment at an extraordinary speed.

The moment the two beauties flew over, they blinked, but they saw a familiar figure standing by the door in amazement.

He was raising a pair of eyes and looking at the ice girl in front of him, and the fire girl.

"It's you?" Fire Girl cried out excitedly, with an incredible expression in her beautiful eyes.

The ice girl was also shocked there for an instant, looking at him with her surprised beautiful eyes.

Looking closely, it turned out that the familiar figure at the door was Li Tian who had not left.

Li Tian is back.

Li Tian glanced at the Ice Girl, and the Fire Girl, and then said nothing.

The fire girl looked at Li Tian excitedly and said, "You really haven't left?"

"Caso said that you will definitely come back, but it turned out to be true." The fire girl in front of her said in surprise.

But what about Li Tian? When he heard that Caso unexpectedly expected that he would not leave, he couldn't help but be taken aback.

It seems that the blind man named Caso is indeed a person.

"I'm in a hurry, I have to tell you." Li Tian walked quickly toward the room, and said to the Ice Girl and Fire Girl.

The two beauties blinked their eyes and looked at Li Tian. As they followed, they asked in surprise, "What's the urgent matter?"

Li Tian didn't care to answer their questions. At this moment, he had walked into the hall from the outside in three steps and two steps.

Mary and Earl Roger were startled when they saw Li Tian's figure suddenly walk in from outside.

"Li Tian?"

"You...you... didn't... didn't you go? You... why... why are you back?" Mary cried out in surprise for a moment when she saw Li Tian.

Then the whole person ran towards Li Tian, holding Li Tian tightly in front of him.

Count Roger was also gloomy looking at Li Tian who came back, and he secretly said: So he didn't leave Torrido!

Only when the blind man sitting over there heard the news of Li Tian's return, his face showed a slight smile, as if he had expected it a long time ago.

Chapter 2204: Persuade the elders

Li Tian was held tightly by Mary, and there was an indescribable taste in his heart.

He patted Mary's soft shoulder slightly, Mary let go of Li Tian in embarrassment, and then blushed and looked at Li Tian: "Why are you back again?"

But seeing Li Tian looked at Mary and smiled, "Because I don't want innocent people to die."

Hearing Li Tian's words, the hearts of Earl Roger and Mary trembled.

Then Li Tian turned his head and looked at everyone present.

"Perhaps, everyone thought I was gone before! But, in fact, I did not leave."

"I lurked into the eastern region of the Twisted Forest before, lurking into the territory of the Heiyi Clan." Li Tian looked at the big guy there.

The ice girl and the fire girl, as well as Roger and Mary, were stunned immediately after hearing Li Tian's shock.

"what?"

"You...you...you...single-handedly broke into the vampire territory of the Black Vampire?" Count Roger asked incredulously.

Too dangerous!

Who would dare to enter the terrifying place occupied by the vampires of the Black Yam tribe alone? Isn't this an obvious death?

Unexpectedly, Li Tian in front of him had created the place originally, and returned intact.

But seeing Li Tian smiled, and then continued: "I hid in the territory of the Heiyi tribe and found that they still have so many vampire members."

"And the most terrifying thing is that from their conversation, I understand that even more terrible things are coming." Li Tian said with a solemn brow.

When Li Tian said this, the faces of the Ice Girl and Fire Girl, Earl Roger and others changed suddenly.

"A more terrible thing?"

"What's the matter?" Count Roger and Mary quickly looked at Li Tian and asked.

In addition, the ice girl and the fire girl beside them also opened a pair of extremely horrified beautiful eyes at the same time, watching Li Tian in front of him, listening to his speech.

Just listen to Li Tianzai saying: "I heard them say that the army of the Gangelo family is coming soon."

what?

When Li Tian spoke like this, the Earl Roger, Mary beside him, and the Fire Girl of the Bren family were all shocked.

"The Gangelo Family?"

"Oh my God, are they here?" Count Roger said in disbelief.

They knew better than anyone the terrifying strength of the Gangelo family. So after hearing Li Tian say this, every one of his eyes showed unprecedented fear.

Just listen to Li Tiandao: "Yes."

"And I also heard from them that Gangaluo's army has reached the Nicholas Mountains. If nothing else, before the next dark night, Gangaluo's army will invade the twisted forest."

After Li Tian finished saying this, the eyes of Count Roger and the people around him suddenly showed a desperate look.

The fire **** one side said in horror: "So fast?"

Li Tian nodded and said, "Yes."

"Damn, it's really over this time." Huo Nu said with an ugly face.

The frosty ice **** the side suddenly asked Li Tiandao at this moment: "Do you know how many members of the Gangelo family have been dispatched this time?"

Li Tiandao: "I don't know how much it is, but I know that they have dispatched the Black Knights of Death...There are also vampires such as the corpse king Uris."

As Li Tian said so, everyone was speechless.

The Black Knights of Death?

The most brave and cruel army of the Gangaro family, I did not expect that the Gangluo family would deploy such a battle against the current Torrido!

And most importantly, even Uris, the terrifying second-elder corpse king of the Gangaro family, also arrived.

horrible.

The Earl Roger in front of him had already fallen into a desperate situation. He murmured there: "It's over, it's over, this time our family will really be over."

"God can't save our family anymore."

Listening to the words of Lord Roger, Li Tian suddenly said: "God really can't help you, if you want to live, unless you save yourself."

"Now that the danger has come, are you still waiting to die, waiting for death here?" Li Tian looked at Lord Roger.

The Ice Girl, Fire Girl, and Mary are all looking at the Count Roger before him.

I saw Earl Roger suddenly raised his head after being silent for a long time and said: "Well, let me persuade Elder Alchid... If we can, we will give up the Forgotten Temple and leave here..."

Count Roger finally made the right choice.

After Earl Roger said so, Mary shouted excitedly there, "Dad."

The fire girl over there also said happily: "Earl Roger, thank you for making the right decision. Your decision will save your family and will save many innocent members."

Li Tian did not expect Earl Roger to finally agree!

I saw that Earl Roger, after speaking, walked to Li Tian's side, and then suddenly stretched out a hand to hold Li Tian's cold arm, and raised those grateful eyes to Li Tiandao: " Thank you...thank you for not giving up our family."

"Your great kindness to Toledo will never be forgotten by our family."

Hearing that Count Roger said so, Li Tian didn't speak too much, just clenched the Count Roger's arm.

Then, but saw Earl Roger leave the room in front of him quickly, and then went to look for Elder Archid.

Count Roger wants to convince Elder Alchid... just don't know if he can convince him?

Looking at the figure of Count Roger leaving, the fire girl in front of her muttered in her mouth: "I wonder if Count Roger can persuade Elder Archid?"

Mary said on the side: "It must be possible, it must be possible, I believe my father."

The others did not speak, because no one can pack tickets now!

After all, as the vampire elders of the older generation, they regarded honor and dignity as more important than life.

Therefore, it is absolutely difficult for Earl Roger to persuade Elder Alchid.

...

When Lord Roger came to the spacious room where Elder Alcid lived, Elder Alcid was sitting on the black chair in the middle.

He held a very weird head in his hand, glowing with a weird brilliance.

This first bend is like the arc of the moon.

Its name is: Moon Blade!

The supreme thing of the Torrido family, of the Moonblade!

When Li Tianchu entered the Torrido family, the guardians guarding the Twisted Forest used the Moon Blade once, but he did not expect that the Moon Blade, which can kill vampires, was now in the hands of Elder Archid.

Chapter 2205: Accept the suggestion

The Moon Blade is a relic of ancient times. .

No one knows how many lives this first has gone through, only that it will shine with a radiant light and can stab the vampire to death, no matter who it is.

Now this ancient holy relic is in the hands of Elder Alchid.

When Earl Roger walked in and saw Elder Alchid holding the sacred object "Moon Blade" in his hand, his heart slammed for a while, and then his mouth slowly shouted: "Elder..."

Elder Alchid raised Long Jiong's eyes slightly, then glanced at the Count Roger, and said: "Roger, you are here..."

Count Roger replied, "Yes!"

"Elder, there is something I want to report to the elder." Count Roger suddenly said.

Elder Alchid said: "Please say..."

But seeing Earl Roger paused slightly, and then said: "Elder, Gangaro's army has reached the Nicholas Mountains, and as far as I know, they will invade the twisted forest before the next night."

When Earl Roger suddenly said that Ganggro's army was about to come, Elder Archid was gently touching the "moonblade" in his hand, but after hearing his thin fingers There was a momentary pause.

A strange light flashed in his eyes, and then slowly raised his head to look at Count Roger in front of him and asked, "How do you know?"

I saw Earl Roger replied truthfully: "Because...because...that Li Tian is back!"

"He didn't actually leave our family, but he broke into the territory occupied by the Black Lap tribe in the Twisted Forest and overheard it." Count Roger said.

After Earl Roger said this, Elder Alchid said: "That Li Tian is back?"

But seeing Lord Roger said: "Yes, Li Tian is in Caso's room now."

"Elder, do you want me to call him now?" Count Roger asked.

But seeing Elder Alchid suddenly waved his hand there and said, "No, no need..."

As Elder Archid said so, Earl Roger stood there.

Elder Alchid sighed suddenly: "I thought the guy named Li Tian was cold-blooded and merciless, but I didn't expect him to stay here for Torrido..."

"He is a good person." Elder Alcid in front of him suddenly sighed there.

Count Roger said, "Yes, that kid named Li Tian is really good."

"If it wasn't for our family to have this kind of trouble this time, I would really like to talk more with that kid named Li Tian..." Elder Alchide suddenly sighed there.

Count Roger was silent, not knowing what to say at this moment.

I saw Elder Alchid sigh, then said: "I didn't expect the Gangelo family army to come so quickly..."

After speaking, a desperate smile appeared on the corner of his mouth.

Then he murmured in his mouth, "Are our Torrido family really going to end it?"

Earl Roger on one side suddenly felt a pain in his heart after hearing Elder Alchid say this.

"Elder, I don't know if I should say something..." Count Roger suddenly looked at the Elder Archid and said.

After Earl Roger finished speaking, Elder Alchid nodded silently and said, "Say..."

Count Roger paused for a while, then looked at Elder Alchide in front of him, and said, "Elder, I actually thought about it carefully. I think what Li Tian said in the hall of the Forgotten Temple before. It makes sense."

When Elder Alchide heard what Earl Roger said, he was taken aback, "You mean, give up our forgotten temple?" When he said this, Elder Alchide's complexion appeared. Unsightly changes.

Count Roger was silent for a moment when he felt the ugly expression of Elder Archid's face changed, but he said, "Yes."

"Elder, I'm not Roger, I'm not afraid of death, and none of our Torrido family members are afraid of death, but, elder, the dark forces are too large now, and Gangalo's army is about to attack. Thinking, if they attack our Forgotten Temple, we will definitely be unable to resist it and will only perish... If we die, who will resist the dark and evil? Who will come to the evil Gangelo family in the future? Are there black yams fighting?"

"Besides, although we temporarily left the Forgotten Temple, at least we have kept the lifeline of the Torrido family. If we do not leave, not only the Forgotten Temple will be destroyed, but even our family will be wiped out." Earl Roger finally said what he said.

After hearing the words of Lord Roger in front of him, Elder Alchide suddenly fell silent.

He looked ugly, got up from the black chair, and then paced back and forth in the empty room.

No one knows what Elder Alchid is thinking at the moment.

Finally, after Elder Alchid thought for a long time, he finally spoke.

I saw him slowly turning his eyes to look at Count Roger in front of him, and then said: "Roger, in fact, what you said is very reasonable."

After Elder Alchid suddenly said this, Count Roger was taken aback, and then instantly became excited.

"Elder, did you agree?"

"Elder, have you accepted Li Tian's suggestion?" Count Roger looked at Elder Archid with incredible excitement.

Elder Alcid suddenly showed a bitter smile on his face.

But seeing him said: "Although I am old, my heart is not confused."

"For more than a thousand years, I, Archid, have been managing Toledo. I didn't expect that in my hands, the Toledo family would encounter an unprecedented disaster."

"Roger, let's do it, I allow the members of the family to leave the Temple of Forgotten." Just like that, a sentence came out of Elder Alchid's mouth.

After Elder Alcid said this, Roger immediately felt extremely excited in his heart.

To be honest, he thought it would be difficult for him to persuade Elder Alchid, but did not expect Elder Alchid to be so wise? I was convinced so quickly.

Count Roger was about to jump up with joy.

"Elder, thank you for making the right choice."

"Elder, your choice saved our family." Count Roger said excitedly there.

Chapter 2206: Elder's decision

But what about Elder Alchid? At this moment, he was not as excited as he thought, he just stood there slightly, and then raised his eyes and looked into the distance.

"Roger, come here." Elder Alchid suddenly said to Roger.

Roger was taken aback for a moment, and then slowly walked to the side of Elder Archid.

"Elder, what's the matter?" Count Roger asked curiously.

But seeing that Earl Roger suddenly and slowly handed the bright and shining "moon blade" to Earl Roger in front of him.

"This Moon Blade is a Thousand-Year Sacred Relic of our Toledo Family. Now I will hand it over to you, and then I want you to give it to Li Tian." A word suddenly came from the mouth of Elder Archid Said it.

After Elder Alchid in front of him said so, Roger was suddenly taken aback.

what?

To Li Tian, the Supreme Relic Moon Blade of the Torrido Family?

Count Roger looked at the elder Alchide in horror, and shouted: "Elder, this...I'm afraid...isn't it right?"

After all, this is the supreme thing of the Torrido family.

But seeing Elder Alchid smiled slightly: "What's wrong?"

"The Moonblade was originally a holy artifact of our family. It was specially used to punish evil vampires. Now I give it to our family's savior Li Tian. What's wrong?"

"Only in the hands of that Li Tian can the Moon Blade exert its greatest power and slay more evil vampires." Elder Alchide continued.

Hearing what Elder Alchid said, there was a touch of emotion in Count Roger's eyes.

Then he looked at Elder Alchid and said, "Elder, since you said so, then I will transfer Moonblade to him."

After speaking, Lord Roger raised his hands and respectfully took over the "Moonblade".

After Roger took over the Moonblade, Elder Alchid seemed to have laid a heavy burden in his heart. He looked into the distance and said: "Roger, there is one more thing I want to entrust to you."

After hearing Elder Alchid say this, Roger asked in a daze, "Elder, what's the matter?"

But seeing Elder Alchid looked at Roger and said solemnly: "From now on, I will appoint you as the 14th generation elder of the Torrido family."

After Elder Alchid said so, Roger was there suddenly.

what?

Count Roger let out a scream, obviously, he was completely shocked!

He would never have thought that Elder Alchid would say something like this. What is Elder Alchid doing?

"Elder, how can this be!"

"No, absolutely not... I, Roger, simply don't have the ability to do this great task!"

"What's more, elder, aren't you good? Why don't you continue to serve as the elder of our family?" Earl Roger asked with horror in front of him.

Following Count Roger's question, he suddenly smiled bitterly when he saw Elder Alchid.

He looked at the Lord Roger and said, "Do you really think that Archid will abandon the family's Forgotten Temple?"

A word came out of Elder Alcid's mouth like this.

what?

Elder Archid will not give up the Forgotten Temple?

What does he mean?

When Lord Roger heard what Elder Alcid said, he was stunned for an instant, and looked at Elder Alcid at the moment: "Elder...you...you...what do you mean?"

But seeing Elder Alcid saying there: "I am old, the situation has changed, I have lived for almost 1200 years..."

"This time, the disaster of the Torrido family, to be honest, is my Archid's responsibility! So I want you to take our family members out of here... and I... will use the last life, the last dignity Guarding the Forgotten Temple."

Elder Archid didn't even think about leaving! ! !

He actually wants to stay by himself, guarding the Forgotten Temple, and wants to coexist and die with the Forgotten Temple.

When Count Roger heard this, he suddenly said in amazement: "Elder, how can this be?"

"How can I, Roger, abandon the elders?"

But seeing Elder Alcid said slightly there, "This is a choice I made myself, and it has nothing to do with you."

"No, absolutely not! Elder, if you really want to stay in the Forgotten Temple, then we will not leave either. I, Roger, and all the members of the Torrido family will stay with you and defend the Forgotten Temple to the death. "Earl Roger said.

But seeing Elder Alcid's expression changed: "Roger, why are you so confused?"

"Did you forget what you just said?"

"It doesn't matter if I die, but can the lifeline of our Toledo family be broken? If the Toledo family really perishes, who will fight evil in the future? Who will fight the dark vampire?" Elder Alcid said angrily.

"If you don't promise me, you will be the sinner of my Torrido family!"

"You killed the entire Toledo clan..."

Elder Archid's words pierced into the heart of Lord Roger like a knife.

Count Roger's eyes were red, and he looked at Elder Archid and said, "But, elder..."

Before Count Roger's words were finished, the Elder Archid interrupted Roger's words.

"Roger, this is an order!"

"Don't you dare to disobey my orders?" Following Elder Alcid's roar, Roger stayed there instantly.

His body trembled violently due to excessive excitement, and he didn't know what to do.

Roger has always been the most important person in the Torrido family. He is loyal, honest, and swearing to guard the Forgotten Temple, but he did not expect that he would face such a difficult choice now.

Facing the shocking words of Elder Alchid in front of him, Earl Roger suddenly stayed there at that moment.

He stood there for a long time, for a long time, before finally raising his head and looking at Elder Alchid in front of him: "Elder, I...I...I listen to you."

In the end, Roger obeyed Elder Alchid's orders.

Not because of anything else, but because Count Roger knew what was the most important thing in the Torrido family now.

After listening to the Count Roger finally agreeing, Elder Alchid in front of him showed a smile of relief, and then looked at Count Roger and said: "Very good."

"Roger, from now on, hurry up and gather all the members of our family, and then let them reach the hall of the Forgotten Temple! I am going to announce a major event."

Chapter 2207: final decision

After Elder Alchid finally said something, Count Roger had to nod his head and agree.

Then Earl Roger left the room of Elder Archid in front of him with a heavy heart.

In Caso's room, the Ice Lady, Fire Lady, Mary and others were all waiting for Count Roger at this moment.

They were all looking forward to it in their hearts, looking forward to Count Roger to persuade Elder Archid.

Only Li Tian sat quietly in the corner alone. There was no expression on his pale face. He sat upright like that, not knowing what was thinking in his mind.

At this moment, I saw footsteps coming from outside.

After hearing the voice, the ice girl, the fire girl and Mary became excited instantly.

"Is Count Roger coming back?"

"Quickly, go out and have a look..."

Following the three of them, they ran out quickly, but seeing, the figure who walked in was indeed the Count Roger who had just walked out of Elder Archid's room.

It's just that Count Roger's complexion is really ugly.

"Earl Roger." When the Ice Girl and Fire Girl cried out when they saw Earl Roger.

Then Mary was also there looking at her father and cried out, "Dad."

Count Roger slowly raised his eyes and glanced at Mary in front of him, as well as the Ice Girl and Fire Girl, and then walked towards the room step by step.

Looking at the ugly face of Count Roger in front of them, the Ice Girl and Fire Girl Mary not only shook their hearts at the same time, because everyone had a very bad premonition in their hearts at this time.

But they didn't talk too much, and they followed quickly.

After following up, I saw Huo Nui asked first.

"Earl Roger, how is it? Elder Alchid agrees? Is he willing to let the members of the family leave the Temple of Forgotten?"

Listening to Huo Nu's question, the Ice Girl and Mary were all looking at Count Roger in front of them.

Even Li Tian, who was sitting in the corner as cold as a rock, turned his head slowly and stared at Count Roger in front of him.

But seeing Earl Roger suddenly sighed deeply.

After hearing his sigh, everyone's hearts suddenly fell to the bottom, because everyone felt that what Earl Roger was about to say was definitely not a good thing.

"Elder Alchid agreed, he promised to let the members of the family leave." Suddenly a word came out from the mouth of Lord Roger in front of him.

At the moment they said it, the fire girl and the ice girl, Mary and the others were shocked there.
what?

They thought it was extremely bad news, but they didn't expect that Earl Roger in front of them had actually convinced the Elder Alchid, and they all screamed excitedly.

"accepted?"

"Elder Alchid really agreed?"

"Oh my God, that's great, I thought Elder Alchid didn't agree... I didn't expect him to be so wise." The fire girl in front of her said excitedly.

Mary on the other side happily said, "Dad, that's great!"

"Elder Alchid made the right choice."

Even Li Tian, who was sitting aside indifferently at this moment, was slightly startled when he heard Roger suddenly say this.

Looking at their excited expressions, Earl Roger was indeed not so happy.

"Dad, what's the matter with you? Why are you upset?" Mary looked at her father's unhappy face and couldn't help but curiously asked.

The fire **** the other side also saw the weird expression of Count Roger, and couldn't help but ask in surprise: "Yes, Count Roger, why is your face so ugly? Did you convince Elder Archid that you are not happy Huh?"

But seeing Earl Roger suddenly smiled bitterly: "Happy?"

"No! I can't be happy." Count Roger said suddenly.

Then Mary and Fire Girl were not only taken aback, they asked suspiciously: "Dad, what's the matter? Why are you unhappy?"

Li Tian and Caso over there were also listening to Earl Roger's words.

I saw Count Roger suddenly sigh deeply: "Hey, there are some things that you may not know."

"What's the matter?" Mary and Firewoman in front of them opened their mouths.

However, Earl Roger was silent for a while and said: "Although Elder Alchid has agreed to let all members of the family leave the Temple of Forgotten, but..."

Count Roger was heartbroken and couldn't say it.

The fire girl and Mary asked in surprise, "But what?"

"However, Elder Alchid himself is unwilling to leave the Forgotten Temple. He said that even if he died, he would use his life to protect the Forgotten Temple." Count Roger finally said.

Listening to Count Roger saying this all of a sudden, the Fire Girl, Ice Girl and Mary were stunned. what?

"Does Elder Archid want to stay alone?"

"Oh my God, why... why did he do this?" Mary said in surprise.

She never expected that the elder would make such a decision.

The Fire Girl and others in front of her were also shocked.

Maybe only Li Tian in the room, and Caso over there kept a shocked face, listening to Count Roger's words.

Count Roger just sighed deeply, with a look of silent grief on his face.

Finally, I saw the blind man Caso speak.

He coughed and coughed a few times, and then said: "Maybe I can understand Elder Alchid's intentions."

After Caso said this, the fire girl asked in surprise: "Caso, then you tell me why Elder Alchid did this? Why did you choose to stay here alone, and he stayed here alone, no doubt not To die?"

But see Caso said slightly: "Sometimes, death is necessary."

"This time, since Elder Alchid has made a choice, then this will be something that no one can change."

Things that no one can change?

Yes, since Elder Alchid's will is determined, who can change it?

After listening to what Caso said, everyone present suddenly fell silent, and everyone stayed there with heartache.

"By the way, since Elder Archid chose to stay in this Forgotten Temple... then who will lead Torrido in the future?"

"If this is the case, wouldn't the Torrido family have a group of dragons without a leader?" The Fire Girl suddenly asked.

Hearing what Fire Lady said, Count Roger suddenly said with a heartache: "Elder Alcid has decided to let me... let me... lead the Torrido family in the future."

what!

After hearing what Count Roger said, everyone exclaimed and all looked at the Count Roger.

Chapter 2208: Hold a meeting

But seeing that Earl Roger said: "This is what the elder meant, and I can't help it."

Listening to Count Roger saying so, everyone finally understood.

It seemed that Elder Alcid had already chosen his own path, and at the same time he had already arranged the future.

Now that Elder Alcid has made his choice, even if anyone has great abilities at this moment, I am afraid they can't be saved...

"There is one more thing..." Count Roger said, turning his head suddenly, looking at Li Tian sitting in the corner as cold as a rock.

After seeing Earl Roger's actions, everyone looked at him in surprise, wondering what exactly Earl Roger was about to say?

But when Lord Roger turned his head and looked at Li Tian, he suddenly said: "Elder Alchide finally entrusted me with one thing, and he asked me to give this thing to you... Li day."

After Count Roger finished speaking, Li Tian was not only taken aback, but looked at Count Roger in front of him in surprise.

But what about Lord Roger? After finishing speaking, he suddenly took out a strange bend from the inside of his clothes.

What about Li Tian? The whole person was taken aback, and looked at the weird head in the hands of Count Roger with his surprised eyes.

Not only questioned: "Give it to me?"

"Yes." Count Roger said.

At the first moment when Mary here saw the bright light, she cried out in shock: "Moonblade? Moonblade?"

Although the fire girl and the ice girl didn't recognize the ancient head in front of them, they were all stunned when they heard Mary scream.

"Moonblade?"

"Could it be the holy relic of the Torrido family for thousands of years?" The Fire Girl said in shock.

The ice ***** one side also spoke: "Rumors say that this moonblade can kill the strongest vampire. Its moonlight can penetrate into the vampire's body. No matter who it is, if the moonblade is pierced into the heart, It must die."

What about Li Tian? Of course, I don't know what the head that exudes the brilliance in the hands of Earl Roger at this moment is. At this moment, after hearing the words of the fire girl and the ice girl, he slightly frowned for an instant. .

Li Tian looked at the head that Count Roger had handed over, but didn't catch it immediately. He curiously asked, "Why give me this head?"

Count Roger said with a smile on his face: "This is what Elder Archid meant."

Li Tian heard Count Roger say so, did not speak, and did not reach out to pick up the Moonblade.

Earl Roger saw that Li Tian did not have the next Moonblade, and at this moment not only said: "Li Tian, you have done enough for our Torrido family, Elder Archid thank you very much... At the same time, Elder Alchid also said that if you want to kill more vampires and eradicate the dark blood, you must hold this head..."

"This head is the sacred artifact of our Torrido family for thousands of years, no matter who it is? No matter how strong it is, if it is stabbed in the heart by the moon blade, it will definitely perish..."

"Li Tian, if you still have hatred and anger in your heart, you should catch this head, then vent your anger and hatred, and punish the evil vampire."

Following Earl Roger's words, Li Tian slowly reached out and took over the Moonblade.

Yes, Li Tian did have hatred in his heart, as well as endless anger.

All this stems from the ***** Gangro family's corpse king Uris!

It was the ***** corpse king who made Li Tian the way he is now. It was him who made Li Tian look like a human, and a ghost like a ghost...

So Li Tianhen, he wished to kill the corpse king Uris now.

Therefore, he decisively took over the Moonblade from Lord Roger.

After Li Tian took the Moonblade, he felt the first hand held in his hand, and an invisible coldness spread from that song, coming to the palm of his hand.

At the same time, after the Moon Blade reached Li Tian's hands, the bright and clean brilliance instantly became even brighter.

Earl Roger, Mary and the Fire Girl Ice Girl beside them were not only stunned when they saw Li Tian holding the moon blade, when the light of the moon blade became more dazzling.

"Look at it... That Moon Blade is so strange? It's getting brighter and brighter?" Huo Nu exclaimed there.

Mary on one side also said happily, "Yes, that's weird."

Count Roger showed a gratifying smile on his face, and murmured in that mouth: "We, the ancient relic of the Toledo family, Moonblade, must have really found its owner."

"For thousands of years, for thousands of years, Moonblade has never been so bright as today, never so dazzling as today."

Listening to the muttering voice of Count Roger, Li Tian remained unmoved.

He just looked at the head in his hand, and there was a very kind feeling in his heart.

Yes, this is the first.

This is Li Tian's real weapon.

After Li Tian received the moon blade, everyone was overjoyed.

I saw that Count Roger looked at the big guy and said: "Let's go, let's go to the hall of the Forgotten Temple, Elder Alchid said, I want to tell everyone something last."

After the Earl Roger in front of him finished speaking, Mary and the Ice Girl and the Fire Girl nodded silently.

Then everyone followed the footsteps of Lord Roger and walked towards the hall of the Forgotten Temple.

Of course Li Tian also followed.

Forgotten temples, halls.

At this moment, I saw that the members of the Torrido family had already arrived... They were all standing on both sides of the hall of the Forgotten Temple, and everyone looked at the Elder Archid standing in the center in surprise.

Because they didn't know why Elder Alchid had to convene such an important meeting suddenly.

"What happened to the elders today? Why are you suddenly holding such a big meeting?" Some of the Knights of the Torrido family were discussing in a low voice in the hall.

"I don't know, maybe the elder arranged for us to fight against the evil vampires in Heiyi." The family members guessed.

"Yes, it might be."

...

Their discussion was quite loud, but the elder Alchid who was sitting at the top didn't say anything from beginning to end, just sitting there quietly, waiting for Lord Roger and the others to arrive.

After a while, he saw that Earl Roger finally led the Mary, the Ice Lady and the Fire Lady of the Buren family, and Caso and others rushed over.

Li Tian followed behind and returned.

Chapter 2209: The horror of the Torrido family

When their figures suddenly appeared in the hall of the Forgotten Temple, there was a cry of horror in the hall of the Forgotten Temple. .

They all stared, looking at Li Tian there?

It turns out that they were shocked by Li Tian who had gone and returned. They would never have thought that Li Tian, who had left before, would come back.

"Savior?"

"The savior is back?"

"Didn't he leave our family before? Why did he come back again?" Some members of the Torrido family couldn't help yelling in that discussion.

But seeing the human Ron and Tia here, they also curiously looked at Li Tian who walked in.

"Brother, do you think it's him... isn't he already gone? Why did he come back?" Tia looked at Ron inexplicably with her beautiful eyes blinking.

Ron smiled slightly and said, "Maybe, he changed his mind."

"Really?" Tia whispered, then raised her beautiful eyes and looked at Li Tian's handsome profile.

But he said that when the Earl Roger took Mary, the Fire Girl, the Ice Girl, and Li Tian walked in from the outside, the whole Forgotten Temple became riotous.

At this moment, when I saw Elder Alchide, there was a warm smile on his face, looking at Li Tian there.

Where is Li Tian? As always, there was still no excessive expression on his pale and handsome face.

"Elder." The incoming Earl Roger, Mary and the others saluted the Elder Archid slightly.

But seeing Elder Alchid waved his hand and said, "Everyone, please sit down."

After speaking, Earl Roger sat down on the side chairs in the hall with Caso and Li Tian.

After sitting down, I saw Elder Alchid stand up, then looked at the noisy hall, and suddenly spoke.

"Everyone be quiet! Be quiet..."

After Elder Archid's opening, the noisy hall around it immediately became quiet. Everyone was looking up at Elder Archid, waiting for his speech.

After the members were quiet, Elder Alchid spoke.

"I asked everyone to come here today because I am going to hold the last conference with you." Elder Alchide said with a smile.

After Elder Alchid said this, all the members of the Toledo family were not only taken aback, they all looked at Elder Alchid in surprise.

"The last conference?"

"What does the elder mean?"

"Yeah, why did the elder say that?" Some members of the Torrido family had already heard Elder Alchid's implication, and not only asked in surprise at this moment.

I saw Elder Alchid continue to say: "Today, I will first tell you a very lucky news."

After Elder Alchid said this, the surrounding members of the Torrido family not only stunned:
"Lucky news?"

"what news?"

"Could it be that the dark evil vampire has retired?" The members of the Toledo family were all speculating wildly.

But seeing Elder Alchid still speak, he smiled and said: "The lucky news is that our savior Li Tian is back!"

"He didn't leave our Toledo, he didn't leave our family... He chose to fight with our Toledo and resist the dark and evil together."

After Elder Alchid said so, the surrounding members of the Torrido family were slightly stunned.

Every member looked at Li Tian with a surprised look at this moment.

Elder Alchid continued to say there: "For this, on behalf of all the people of the Toledo family, I thank Li Tian! Thank him for his selfless help to Toledo."

After Elder Alchid said so, then Lord Roger took the lead and quickly applauded.

Then Mary, the Fire Girl, the Ice Girl and the members of the Torrido family who were still stunned applauded warmly.

Every member of the Torrido family knows Li Tian's terrible strength.

Everyone knows that he can defeat one hundred! If Li Tian can help Toledo, then it will undoubtedly be a very lucky thing for Toledo's family members.

So they all became happy in their hearts, and they couldn't help but feel extremely happy and lucky when they came back for Li Tian the savior.

Where is Li Tian?

Hearing so many applause sounds in his ears, there was a silent touch in his heart, but his expression was still as flat as ever.

In the warm applause of everyone, Elder Alchid waved his hand slightly, indicating that everyone was still.

Then the hall returned to its former tranquility again.

I saw Elder Alchid's expression becoming solemn from the smile just now.

He looked at all the members of the family, and then continued: "Next, I will tell everyone a very unfortunate news."

When Elder Alchid suddenly said this, all members of the Torrido family were not only stunned.

Because none of them knew how unfortunate the news that Elder Alchid was about to tell at this moment was.

Elder Alchid first sighed slightly, and then said: "The news is... Our Torrido family is about to face the greatest disaster in thousands of years."

"Because as far as I know, the dark Gangelo family army has already reached the Nicholas Mountains and will soon invade the twisted forest..." Elder Archid said there.

As Elder Alchid said so, many members of the Torrigo family suddenly let out an exclamation in the hall.

what?

"The Gangelo Family?"

"Oh my god, even the Gangaluo army, the strongest and bloodiest, has arrived? And it will be in the Twisted Forest soon?"

"That...that... doesn't it mean that our Torrigo is doomed this time?"

"Are our Torrigo family going to perish?"

...

The moment the unfortunate news came out of Elder Alchid's mouth, the entire hall of the Forgotten Temple immediately rang out the terrified cry of the members of the Torrigo family.

Obviously, every member of the Torrigo family is afraid of the Gangelo family.

They deeply knew how terrifying and powerful the Gangaluo family was the most powerful among the thirteen blood clan.

Facing a lot of shocked and terrified voices, Elder Alchid continued to speak, only to hear him say: "Everyone, don't be afraid..."

After Elder Alchid spoke, all the family members calmed down and looked at Elder Alchid.

I saw Elder Alchid saying there: "I know that this time our family is facing unprecedented disasters and fears... But I still hope that the people of the Torrigo family will bravely face everything."

Chapter 2210: No compromise

Under the comfort of Elder Alchid, although the hall of the Forgotten Temple was temporarily quiet, the fear on each member's face increased sharply. .

Because everyone knows how terrible the **** Gangelo family vampire is.

"Elder, what should we do now?"

"Yeah, elder, if the Gangelo family's army is coming, don't we Torrigo just have to wait for destruction?" Some frightened members of the Torrigo family already panicked there.

After they asked, Elder Alchid slowly spoke up.

"I understand your feelings and know your inner fears... so I have to make the final choice now." Just listen to Elder Alchid suddenly saying there.

After Elder Alchid suddenly said this, the members of the Torrigo family in front of them all quieted down, and then all raised their eyes to the Elder Alchid who was looking in front of him, waiting for his speech.

I saw that Elder Alchid finally spoke. He glanced at all the members of the Toledo family present, and then said slightly: "My important decision is, from now on, you follow Roger to evacuate the Forgotten Temple and leave. Here."

A word came out of Elder Alchid's mouth.

After Elder Alchid said so suddenly, all the members of the Torrido family in the hall of the Forgotten Temple suddenly exclaimed one by one.

what.....

"Elder? Are we going to give up the Forgotten Temple?"

"Yes, elder, are we really going to abandon our family's nest?"

Some unwilling members of the Toledo family were shocked there.

None of them thought that Elder Alcid would make such a decision.

But seeing Elder Alchid smiled helplessly, and then said: "I know, I made this decision, many members can not understand! But I must tell you that in this situation, I must do this. ...Because only in this way, our Torrido family will not perish."

"I, Archid, have been in charge of the Toledo family for hundreds of years. I don't want the Toledo family to perish in my hands... so I want you to leave and leave here alive."

"Although the Forgotten Temple of our family will be occupied, the members of our Toledo family have not yet died, and the will of our Toledo family has not yet perished... I want you to be in the next years, no matter what method you use, By any means, we must reshape the glory of my Torrido family and seize the holy land of our family." Alchide stood there and said to all Torrido members.

After Elder Alchid's inspiring words were uttered, the entire hall of the Forgotten Temple was silent, and every member's heart was excited.

They all looked at Elder Alcid at this moment.

"Elder, we listen to you."

"Yes, all of us listen to your instructions." Just listen to the knights of the Torrido family in the hall shouting there.

Looking at the words of those members of the Torrido family in the hall, Elder Alchid smiled with satisfaction.

"Roger, I will hand over all the members of the Torrido family to you now!" Elder Alchid suddenly ordered to Earl Roger.

Earl Roger felt a sudden pain in his heart when he heard Elder Alchide say this, but he still stood up silently and looked at Elder Alchide and said, "Yes! Elder."

Elder Alcid showed a satisfied smile at the corner of his mouth.

Then he glanced reluctantly at all the members of the Torrido family, and said: "From today, all the members of the Torrido family must obey Roger's orders... he will be our Torrido. The fourteenth generation elders of multiple families.

A word was spoken from the mouth of the elder Alchid in astonishment.

When Elder Alchid suddenly said this, all the knights of the Torrido family in the hall were not only stunned.

Looking at the elder Archid with blinking surprised eyes.

"Elder, what about you?"

"Yes, elder, if you let Count Roger lead us, what will you do?" the members of the Torrido family suddenly asked there.

Elder Alchid looked at the Toledo family member who was questioning, smiled slightly, and then said: "I will stay in the Temple of Forgotten."

"what?"

"Elder, don't you go?"

"Elder, why are you staying in the Forgotten Temple?" The members of the Torrido family couldn't help screaming when they heard Elder Archid suddenly say this.

They never expected that Elder Alchid would choose to stay in the Forgotten Temple.

But seeing Elder Alchid looking at the members and replied: "The reason why I chose not to leave is because I want to defend the Forgotten Temple with dignity."

"Even though evil has occupied our family, it can never obliterate the will of our Torrido family."

After hearing Elder Alchid say this, some radical members of the Torrido family suddenly said, "Elder, if you don't go, we won't go!"

"Yes, we in Toledo have never been afraid of death, and we will also protect the Temple of Forgotten with you."

"Together to guard, and to defend the dignity of our Torrido family."

Hearing what they said, Li Tian frowned slightly over there.

It was this kind of scene that he was most depressed, but he didn't expect that this situation would happen again today.

But seeing Elder Alchid hearing his subordinates say this, he suddenly said: "This is an order."

"I order you to go." Elder Alchid said angrily.

Although he doesn't want to get angry, but at this moment he has to get angry! Because if he doesn't get angry, the lives of all members of the Torrido family will perish.

So he must do this.

But when Elder Alchid didn't expect it, some members, after hearing Elder Alchid's words, still said, "Elder, we won't leave anyway!"

"Even if we die, we won't leave you, leave the Temple of Forgotten."

Listening to what they said, Elder Alchid was suddenly depressed.

Count Roger looked at such a scene and said helplessly: "What can I do?"

Elder Alchide said: "Do you have to die here innocently with me?"

Those members of the Torrido family who swear allegiance to the death said: "Yes, die, and die in the Forgotten Temple."

"We must guard the elders, guard the Temple of Forgotten, even if we die to the end." Those stubborn members of the Toledo family said there.

Listening to their words, Lord Roger and Elder Archid were depressed. What can we do?
