

A Killer 221

Chapter 221: found it

This time, Ouyang Hua brought more than a dozen people to the Tuwei site and place.

There are three high-end nightclubs and two discos.

But when Ouyang Hua and the others arrived, they found that Tu Wei's and entertainment venues were all empty.

Inside, all of Tu Wei's men and his hands disappeared. There was no one in the place except for the remaining waiters and the ladies sitting on the table.

This made Ouyang Hua depressed.

Secretly: That **** Tu Wei seems to be hiding?

He must know that after he assassinated the eldest lady of the Ouyang family, he would definitely come to him to settle accounts, so he was probably afraid to hide.

This bastard.

After looking for all of Tu Wei's places, Ouyang Hua in front of him did not find Tu Wei and others, so he went back to the house.

Inside the Ouyang family, but seeing Ouyang Hua with a depressed look, he was following Ouyang Zhengtian, the head of the Ouyang family, to tell the depressing things today.

"The **** Tu Wei must have hid because he was afraid of everything."

"Boss, what do you think?" Ouyang Hua looked at the boss Ouyang Zhengtian and said.

Ouyang Zhengtian smiled playfully.

"Hidden?"

"Hehe, since he wants to play the game of cat and mouse, I will play with him."

"From now on, let's talk outside, whoever wants to see Tu Wei and his people, as long as the information is accurate for us, we will be rewarded again!"

"Furthermore, I told the Taoists outside that if anyone dared to protect Tu Wei this time, he would be against the Ouyang family. I would rather see where Tu Wei was hiding this time."

Listening to Ouyang Zhengtian saying this, Ouyang Hua laughed.

"Okay, I will do it now."

"I don't believe which hole the **** is still drilling this time."

Ouyang Hua laughed and walked outside.

In the past two days, Li Tianchu went to Jinghai City and finally figured out the specific situation of the city.

From the preliminary understanding on the map in the past two days, Li Tian has found that there are four major urban areas in Jinghai City, namely, east, west, south and north.

And Jinghai City can be said to be a place where dragons and tigers are hidden, and there are many capable people.

Not to mention that the most powerful Ouyang family of the four major families is resident in Jinghai City, and there are many powerful characters in the four major urban areas alone.

However, Li Tian didn't care too much about the newcomer. The only thing he cares about now is the Duanmu Family of the Dark Family.

But after he kept asking people to inquire and understand, he was disappointed.

Because he found that people in Jinghai City knew very little about the Duanmu family...

This made Li Tian feel very surprised, wondering if the Duanmu family is in Jinghai City?

Has his future wife Situ Ningbing really arrived in this city?

He is a little skeptical!

In the past two days, Li Tian has been free, and the middle sister Liu and Dayong have also been here several times.

Through understanding, Li Tian knew that Sister Liu, and Xiaobeard Dayong were all former gangsters.

It's just a long time ago. I think that after Liu Sister and Dayong were rescued by Siye Qiu in Jinghai City, they became Siye Qiu. Although Siye Qiu had already withdrawn from the arena for so many years, But these two people remember the great favor of Fourth Master Qiu.

Every year Qiu Siye passed his birthday, the two of them would definitely go to Kyoto City in person to see the dying old man who had been out of the world for nearly two decades.

This kind of kindness may not be a big deal in the Tao, but there are indeed few kindnesses that can be remembered for decades.

In a word of Old Man Qiu, it should be: The juniors now? Do you know what morality is there? One is more cruel than the other.

Li Tian also expressed his gratitude towards Sister Liu and Dayong.

After all, I arrived at Jinghai City in a daze, but I met two such good people. Not only did they provide a good place to stay, but also bought him a new mobile phone, which was good enough for him.

So Li Tian is full of gratitude to these two people.

"Boss Tu, that kid's clue has finally been found out."

The room was dim, but a voice came out.

The figure sitting in the dim room is naturally Tu Wei.

"That kid just arrived in Jinghai City, and he was taking a bus with the eldest lady of Ouyang's family on the train. Is he background? There is no background, he is just like a worker."

"And through understanding, this kid has nothing to do with the Ouyang family."

Listening to the man with glasses in front of him reporting the news one by one, Tu Wei's face was terribly ugly.

"Damn, then why did he stop Artai at that time? Is it because Xian's hands are itchy?" Tu Wei scolded.

Tu Wei was right. The reason why Li Tian was able to stop the killer last time was purely unconscious. Maybe Li Tian came out of the train station for a few seconds, maybe Li Tian didn't see the knife in the killer's hand at that moment... Maybe his movements are a little bit slow...maybe the daughter of the Ouyang family is really afraid that it will disappear.

However, all this coincidence did not stop Li Tian. He still happened to be at that coincidence location and within the coincidence time to prevent the assassination...

"Hurry up and find this bastard! If I slaughter him personally, I won't be named Tu." Tu Wei said angrily.

The man with glasses held the glasses on the bridge of his nose slightly, and said: "The kid's trace has not been found yet, but we have found the person who helped him at the train station."

"The one who helped him?" Tu Wei was taken aback.

"Yes, after Artai missed a hit, we immediately found someone to follow the kid, but then we lost it. After we thought about it, it might have something to do with that woman." The glasses man said gloomily.

"Woman? What woman?" Tu Wei asked.

"A **** woman in the train station." The glasses man said grimly.

"Bring her out for me."

"Well, don't worry, Mr. Tu, we have almost mastered the details of this woman, and we will be able to catch her soon." The glasses man said grimly.

"Okay. I want to see if it was that **** who dared to oppose me this time."

"Boss Tu, the people of the Ouyang family have already started to take action. Yesterday I heard from Xiao Zhou and they said that Ouyang Hua had taken people to our venue and the disco and searched it all." The man with glasses looked ugly there. Say.

At the same time, there was an unknown fear in his eyes.

But Tu Wei sneered: "Go to my place for a fart? I have already run away, let's see how they deal with me."

"Boss Tu, don't take it lightly."

"What do you mean?" Tu Wei asked, squinting.

"You still don't know. Now the Ouyang family has already spoken out, and said that as long as you catch you, you will be rewarded. It also said that whoever dares to defend is against the Ouyang

family. Our old old Friend, now the **** doesn't contact us at all, and won't help at all." The glasses man said fiercely.

Chapter 222: caught

Listening to the man with glasses in front of him say this, Tu Wei's entire face suddenly became like a murderer.

The clenched fist trembled with excessive anger.

He absolutely did not expect that the Ouyang family would have made such a statement in Jinghai City. If this were the case, it would really force Tu Wei to desperate.

Imagine that a big family as powerful as the Ouyang family has already spoken out in Jinghai City. Should the one who has no eyesight help Tu Wei by then?

Isn't this looking for death?

So even the brothers who had worshipped Tu Wei before did not dare to pay any attention to him.

Tu Wei stared, his eyes full of blood red, and he suddenly roared and said, "Lao Tzu has fought with them...fought hard..."

Sister Liu and Xiaobeard Dayong work in a night place in the east of the city.

The name is 868 disco.

Sister Liu worked in 868 for more than ten years. She was not a good woman in a pure sense. She used to go down to the sea and stand on stage. Later, when she got older, she knew the owner of 868 bar, and now she is in 868 bar. As the manager of the public relations department inside.

It's the lady sitting under the hand.

The clubhouse of 868 is not very big, and the young lady in it will naturally not say a lot, only a dozen.

The ladies under her hand, as well as the waiters in the bar called her sister Liu.

Where's Dayong? I work in the customer service department. I look after the waiters. They have a very magnificent title. They are called ministers. In fact, they are nothing but waiters who take a lady to play with the guests. But Da Yong has a good temperament and is popular in bars.

After the night, the 868 clubhouse became lively.

Although the bar is not very big, the young lady here is quite beautiful, plus sister Liu has a very sweet mouth, and there are more regular customers.

In the 868 bar, only a charming voice shouted there, "Sister Liu, I went out with Boss Wang today..."

The woman was talking about a charming woman with a low-cut black silk. The woman was about 20 years old, with heavy makeup and white flowers on her chest. There was also a deep gully that every man could not help but look at.

A fat man with his arms wrapped around him and said to Sister Liu with a smile.

Sister Liu smiled and walked out: "Cherry, take care of Boss Wang."

"Sister Liu, people know." The girl with a very beautiful name said with a smile.

"Okay, slow down then..."

When she said that, the young lady walked outside with her arms around the blessed man.

After seeing the two people go, Sister Liu put a charming smile on her face.

He took a cigarette out of his pocket, put it on his **** red lips, lit it, and took a deep breath.

Although Sister Liu is in her 30s, she is really beautiful, especially a pair of watery eyes, like foxes, seduce people.

In the early years, I heard that when Liu Jie was still going to sea, she was the number one player in the nightclub. Many bosses and guests longed for her body.

Sister Liu is now in her 30s, and she has become more plump and more charming.

Especially wearing a very small black professional attire, a miniskirt, a black waist-fitting small suit... more revealing the perfect figure vividly.

Sister Liu, who was leaning on the corridor, had a cigarette in her **** mouth, smoking bit by bit.

"Sister Liu." Only a voice suddenly came from the corridor.

Sister Liu raised her beautiful eyes and looked at the corridor, but saw a waiter in a bar walk in from the corridor.

"Sister Liu, someone is looking for you at the door." The waiter said to Sister Liu with a smile.

Hearing what the waiter in front of her said, Sister Liu was taken aback, then wiped out the cigarette **** in her hand on the corridor, and then smiled and said, "Okay, I see."

After speaking, the waiter continued to do his own work.

But after Liu Jie put out the cigarette **** in her hand, she walked to the outside.

A black Ford business sedan was parked outside.

When Liu Jie walked out of the 868 clubhouse, she blinked her eyes and looked around, and said to herself, "Who is looking for herself? Isn't there no one?"

Only the black Ford commercial car parked at the door.

Just as Sister Liu was surprised, suddenly the business car parked at the door slammed, and all the doors on the left and right sides opened.

After opening it, two men in black suits walked out from the left and right, and walked towards Sister Liu with indifferent expressions.

Sister Liu was taken aback, and a bad breath came on her face.

Can't help retreating back.

"Who are you?" Sister Liu asked with the courage.

After all, this is where she works. How many waiters are there anyway in this 868?

But as soon as she said a word, an indifferent man in a black suit at the front suddenly reached out and pulled out a black and cold pistol from his arms, and the dark and cold muzzle was aimed at Sister Liu.

Sister Liu was shocked right now.

"Don't move, don't shout, just follow us...or you will be shot to death."

The man in front strode over, grabbed Sister Liu's arm in front of him, and slammed it towards the car here.

Sister Liu's face was pale, of course she didn't dare to move, let alone yell, because the other party would pull the trigger at any time to kill her.

Two people escorted her from left to right, looking at the black business car stuffed in.

After Sister Liu was squeezed into the commercial vehicle, the door slammed shut, and then the car quickly started and drove towards the black night, and soon disappeared.

Sister Liu was arrested?

Who are the people who caught her?

Inside the car, I saw sister Liu sitting there with a pale face, facing these men with cold looks, she asked timidly, "You...who are you?"

"Why, why are you arresting me?" Sister Liu said scaredly.

The man driving in front suddenly turned his head and sneered at her grimly.

Then he ignored her and quickly took out a mobile phone from his arms. Then he dialed a phone number skillfully.

"Hey..." After the call, a strong male voice came from the other party.

"Brother Wei, this woman has been caught." Only the man who drove said.

Wei brother? When Sister Liu sitting in the back row heard this, her face suddenly became ashes.

Of course she knew who Wei Ge was? Isn't that Tu Wei?

Unexpectedly, they really found it out, and they really came to the door. Sister Liu thought with despair in her eyes.

"Okay, bring that **** back to me quickly." The other party said harshly on the phone.

The man driving here nodded: "Okay, I will bring her right away."

After speaking, he hung up with a bang.

After hanging up the phone, the man suddenly turned his head to look at Sister Liu and smiled:

"Now you know what happened? Bitch!"

Chapter 223 Abuse

When Sister Liu heard her say this, her face instantly became pale and ugly, she did not speak, her mouth was tightly taut.

"Bitch, you'll suffer later."

After speaking, the car quickly drove towards the black night sky.

After a while, the black Ford business car stopped at the door of a bungalow.

The surrounding houses are mostly bungalows, but I don't know where it is, but one thing is absolutely certain that this is definitely not the center of Jinghai City.

After stopping in front of the towering iron gate in front, the man in the car grabbed Sister Liu in front of him and pulled out of the car.

Sister Liu, who was taken out, looked at the environment in front of her, and a sense of fear suddenly rose in her heart.

I saw one of the men walking towards the shrugging iron door and knocking with his hands several times.

Then the shrugged iron gate was pulled up with a bang, and a clattering sound rang out in the dark, and then a man with a flashlight in his hand came out.

"Did someone bring it?" the man with the flashlight asked indifferently.

Several men here slammed Sister Liu in front of her violently. Sister Liu almost fell over and stood staggeringly, looking pale at the guy with the flashlight in her hand.

The guy took a flashlight and took a photo of Liu's face, the dazzling light made her a little bit unable to open her eyes.

"Take her down, Wei Ge is waiting."

After speaking, he walked towards the dark room.

Several people behind dragged Sister Liu and started walking inside.

The room didn't look very big outside, but when it got inside, it turned out to be quite big... It's just that the light inside is very dark and dark, and it's late at night, so it doesn't make people see clearly.

With sister Liu quickly passed the hall outside, she walked towards one of the lighted rooms.

At the door of the room stood two big men, shirtless, standing on the left and right.

A pair of wild beast-like eyes stared up and down the body of Liu Jie who was dragged in. Suddenly, an extremely evil smile appeared at the corners of her mouth. She saw that Jie Liu was standing upright.

After being violently pulled in from the door, he saw a man sitting there with his legs crossed in the brightly lit room. A glass of Bordeaux wine was placed next to him, and there was a white powder in front of him!

drug!

Tu Wei.

When Sister Liu saw Tu Wei, her whole body was cold and suffocated.

Next to Tu Wei stood a macho with bronze skin. A blood-red viper with stripes on his arm was harsh and eye-catching. He was naturally Artest.

"Brother Wei, this **** has been caught."

Just listen to the subordinates.

Na Tu Wei slowly raised his eyes, and suddenly looked at Sister Liu with a smile.

"Is it her?" Tu Wei fiercely turned his face to look at Artai and asked.

The Thai killer, Artai, was very angry after assassinating Ouyang Shi at the train station, except for Sister Liu, who had no contact with Li Tian at the train station? But Li Tian escaped the tracking of their people?

So Artai looked at Sister Liu with a pair of cold eyes, and then nodded coldly.

That Tu Wei stood up suddenly.

Eyeballs stared at Sister Liu tightly: "Do you know who I am?"

A word suddenly came out of his mouth.

After asking the question, Sister Liu couldn't help taking a step back, trembling and timidly replied: "Know...know."

Tu Wei smiled suddenly.

Then a fierce ear scratched and slapped the face of Liu sister, and suddenly five blood-red handprints appeared on her pale face.

Sister Liu's beautiful body was beaten to the ground, with blood stains on the corners of her mouth, and she did not dare to scream.

"You bastard, you know who Lao Tzu is? Do you dare to oppose me?" Tu Wei said suddenly furiously.

Sister Liu fell to the ground, holding her swollen pretty face with one hand, and said miserably, "Master Wei...I don't know where I offended you... Why do you want to arrest me?"

Tu Wei suddenly smiled.

Bend down fiercely, grabbed the scattered hair of Sister Liu, and lifted it directly from the ground fiercely. Only Sister Liu's miserable cry was heard in the room.

"You **** don't admit it yet, do you?" Tu Wei angrily said.

With despair in her eyes, Sister Liu said with tears: "Master Wei, I really don't know what I did wrong."

Papa, two slaps severely slapped Liu's pretty face again.

The entire face that was originally flowery was swollen at this moment, and even the corners of his eyes were bleeding.

"Bitch, don't you admit it? Who is that kid at the train station?"

"Why are you helping him?" Tu Wei said, squeezing that sister Liu's neck fiercely.

Sister Liu's mouth was overflowing with blood, and her eyes were full of despair. At this moment, she no longer struggled, no longer tried to refute, because she already knew that she would live better in the hands of such a person.

She only wanted to avenge the kindness of the Fourth Master, so she closed her mouth tightly, and did not tell the whereabouts of Li Tian, let alone who Li Tian was.

"Bitch, can't you say?"

But Sister Liu gritted her teeth tightly and didn't say anything.

"Okay, bitch, let me see when your mouth is so hard."

Tu Wei said as he walked towards one side.

"You guys will entertain her tonight...until she said it! I don't believe in this bitch."

As Tu Weiyan said these words with a smile, the eyes of the little brothers behind him showed enthusiasm and excitement.

With a naked gaze in his eyes, she looked at the lying sister Liu on the ground.

At the moment, Sister Liu's hair is messy, coupled with the temptation of the tight-fitting skirt and black stockings... It is clearly the abuse of a uniform beauty!

I really don't know what kind of insult Sister Liu will be subjected to this night.

After Tu Wei finished speaking, he walked out of the small room in front of him.

The door of the small room was slammed shut.

There was nothing else in it except for 4 to 5 sturdy men and sister Liu who fell on the ground wearing a very seductive suit.

After Tu Wei walked out of the room, he heard the wretched laughter and the screams of Sister Liu. The room was full of torn clothes and a scream...

On such a night, in a small room, a few big and inhuman men, and a charming mature woman knocked to the ground, what will happen? Maybe if you think about it with your toes, you can also know what extremely brutal things are happening.

Tu Wei standing outside the door said with an evil smile at the corner of his mouth: "Batch!"

After cursing, he walked to other places.

Chapter 224: passionate

Dayong stayed in the 868 bar for more than an hour without seeing Sister Liu.

He couldn't help but wonder, where did Sister Liu go during working hours?

After I came to the housekeeping department and asked the ladies who were sitting on the stage under Liu's staff, the ladies on the stage shook their heads and said they didn't know where Liu was.

This made Dayong feel more and more strange.

When he felt extremely strange in his heart, a waiter told him that Sister Liu had gone out an hour ago.

Dayong frowned immediately and asked urgently: "Go out? Why didn't Sister Liu say anything?"

The waiter shook his head: "It seemed that someone was looking for her outside, so Sister Liu went out."

Dayong thought that something was wrong, and ran out quickly, but there was still sister Liu here and there.

The more he thought about it, the more irritable he became, and he quickly took out the phone in his arms and dialed the number of sister Liu.

But after he dialed Sister Liu's phone, there was no one on the other end of the phone, just a beep.

This situation increasingly makes Dayong feel wrong.

"What the **** happened?"

"Sister Liu was suddenly called out of the disco in the middle of the night? She doesn't even answer the phone now? Could something be wrong,"

With the anxious thinking of Da Yong in front of him, he suddenly became extremely irritable.

I dialed Sister Liu's phone several times, but the other party was blind.

No one answered.

This Da Yong was suddenly uncomfortable.

When he was extremely anxious, the phone rang suddenly.

Dayong saw that it was Sister Liu's phone number, and his hanging heart suddenly fell.

Sister Liu has called, and it seems that Sister Liu is okay... He comforted himself.

Quickly connected to the phone, Dayong shouted anxiously to the phone, "Sister Liu, where are you? Why did you go out alone in the middle of the night? I'm looking for you..."

While Dayong was talking, he suddenly realized that it was not Sister Liu's voice on the other end of the phone.

Because he heard a heavy gasp and a man's voice.

Right now, Dayong was completely stunned there like a lightning strike.

"Who are you? Where is Sister Liu?" Dayong exclaimed and shouted into the phone.

Suddenly a very evil smile came from the other party's phone.

"Are you talking about that bitch? That **** is excited under Lao Tzu... Haha."

Following his terribly wretched laughter, and then heard the screams of Liu Jie Sidi on the phone, the voice was so miserable, so helpless...it seemed to be suffering from great torture and ravaged of.

At this time, Dayong couldn't help trembling, and even the soles of his feet were extremely cold.

"Asshole, bastard...who are you?"

"What did you do to Sister Liu? You beasts."

In the dark, Da Yong stood on the empty road and shouted.

The man on the opposite phone smiled coldly: "Do you want to save this bitch? If you want to save, just rush in and bring that kid over to me."

When he heard the opposite phone say so, Dayong was stunned.

"who are you?"

"What do you mean? I don't understand?" Dayong said vaguely.

"Don't **** load me garlic!"

"That nosy **** at the train station, I advise you to bring it to me as soon as possible... I believe you know who we are now, if you don't bring that kid, don't blame us for being rude. By the time this **** can bear the torture, I don't know."

"Remember, before dawn, that nosy **** must be brought to me."

After speaking, the other party hung up with a bang.

"Hey, hello..." Dayong wanted to say something, but the other party had already hung up the phone coldly.

Dayong was stunned for a while.

Even his body couldn't help shaking in the dark.

"Sister Liu was arrested and arrested by them... They must have been arrested..."

"Tu Wei... that beast Tu Wei! Apparently he already knew about Sister Liu at the train station and his intervention in Li Tian, and now he comes to retaliate."

Two people like Dayong and Sister Liu are not Tu Wei's opponents...

Before Li Tian came to Jinghai City, they were just people on duty. They only helped Li Tian for the kindness of Fourth Master Qiu back then, but they didn't expect to be involved in such a thing.

Sister Liu has now been caught by Tu Wei's gang and is being abused... what should he do? How to do?

Did you really hand over Li Tian!

Can't! Absolutely not!

Standing alone on the icy night street, Dayong can be described as crazy, thinking constantly there.

In the end, he dialed Li Tian's new number.

When Li Tian was still asleep in the dead of night, his phone rang.

Li Tian got up from the bed with a grunt, then quickly took out his cell phone, and when he saw that the phone number displayed on it was Dayong, he quickly picked up the call.

"Hey, Brother Yong." Li Tian said with a smile on the phone.

But the moment he answered the phone, he felt something was wrong.

Because he clearly heard a man sobbing softly on the other end of the phone.

Li Tian was stunned at this hearing.

A Ji Ling hurriedly sat up straight, and asked urgently on the phone, "What's wrong with Brother Yong?"

Brother Yong on the other side of the phone just calmed down for a long time, and said in a trembling voice to the phone, "Sister Liu...Sister Liu... was taken away."

"what?"

Suddenly hearing Dayong say this, Li Tian was stunned as if suddenly pouring a basin of cold water over his head.

"what?"

"Sister Liu was caught? When? The **** caught it?" Li Tian stood up from the bed all of a sudden, stepped on the cold floor with both feet, a chill rushed from the soles of his feet directly to his body.

Dayong said with a trembling voice on the phone over there, "Tu Wei..."

When he heard the name of Tu Wei for the first time, Li Tian couldn't help being stunned.

"Tu Wei, who is Tu Wei?" He couldn't help asking.

Just listen to Dayong Dao from the opposite side saying: "Tu Wei was the one who followed up at the train station to kill you last time... Now they probably have found out that Sister Liu helped you at the train station... That's why they arrested Sister Liu. "

Suddenly hearing Dayong say this, Li Tian shuddered all over.

It turns out that this is the case. It turns out that sister Liu was taken away by those **** because of herself?

"Brother Yong, where is Sister Liu now? Is she okay? Tell me?"

Dayong said to the phone: "I don't know that Sister Liu is there, but she has been arrested now..., that **** Tu Wei wants you now..."

Li Tian clenched his fists abruptly.

"He wants me?"

Yes! He really wanted himself. The last time he accidentally messed up their plan to assassinate the eldest lady of the Ouyang family at the train station last time, they held a grudge and hated their nosy behavior, so now he will attack Sister Liu. If this If everything is not her own, Sister Liu will definitely be fine, she will definitely not be arrested, and everything is because of her.

Suddenly thinking of these, Li Tian's eyes became blood red, as if he was about to swallow the world, one hand was tightly clenched like a fiery fist, and the other hand was tightly squeezing the mobile phone in his hand. The Nokia 800 was caught by his huge hand Almost all the pinched ones are almost deformed.

"Brother Yong, don't worry, since the **** wants me, I will go over. I will definitely not let Sister Liu get hurt...I will never inflict you and Sister Liu."

Li Tian said word by word.

Chapter 225: Complicated things

After Li Tian said this, Na Dayong was silent for a few seconds on the opposite phone.

"Brother Li...I can't hand you over! If I do this, I will really be inferior to a pig and dog... How can I be worthy of the old enemy who saved me."

When Dayong said this, Li Tiandao said, "Brother Yong, trust me, it's okay."

"I, Li Tian, must not let Sister Liu hurt and suffer because of myself."

"Brother Yong, don't think too much, where are you now? I'll go over immediately." Li Tian said as he began to take his own clothes.

"But..." Dayong wanted to say something more.

But it was stopped by Li Tian.

"Brother Yong, believe me! I don't want to see Sister Liu suffer in the hands of those bastards..."

When Li Tian said this, Dayong was silent for a long while.

He really can't help it!

He has just learned through the phone that Sister Liu is being inhumanely abused. If he doesn't go to save her now, he will probably really die there...

How could he watch Sister Liu die?

But on the one hand, for the promise, for the oath...

In the end, Dayong said after being silent, "Then I will come to pick you up... Let's go and rescue Sister Liu together."

After speaking, Dayong hung up the phone.

Li Tian put on his clothes quickly, and sat in the room alone, frowning thinking about all this.

After thinking about it, Li Tian couldn't help but blame himself a little bit, because he found that everything started because of himself.

If I hadn't been a hero at the time and didn't make a move, would Sister Liu be fine? She will not be tortured like this? But how could he not make a move? Did you watch that assassin succeed in assassinating Ouyang Shiqing?

Can't!

Li Tian clenched his fist tightly, the hatred in his heart filled his heart.

After waiting in the room for more than 20 minutes, Li Tian heard the sound of the car downstairs.

Li Tian looked through the window and saw Dayong's silver van parked downstairs.

After Li Tian went out quickly, he ran downstairs.

When he got downstairs, that Dayong was smoking one by one, his eyes a little red under the dim street lamp...

"Brother Yong." Li Tian hurried over and called.

Dayong smiled bitterly at the corner of his mouth.

"Brother Li...Am I doing something wrong?" Dayong said to Li Tian suddenly full of remorse.

Li Tian shook his head quickly.

"Brother Yong, don't think about it."

"You tell me, how can I get in touch with those ***** now? Get in touch with those who caught Liu Sister." Li Tian said anxiously.

I saw Dayong take out his cell phone, and then slowly dialed Liu's phone number.

After the phone rang a few times, it was suddenly picked up by a panting mad man. On the other side of the phone, a woman's hoarse screams and other men's wretched laughter could be heard. Gasps...

After hearing these voices, Dayong couldn't help trembling, it was because of excessive anger that he was shaking violently.

"Hey..." Dayong spit out a word into the phone with a trembling voice.

The other party was silent for a while, and suddenly a man's voice came out.

"Did the kid bring it? If you didn't bring it, don't waste Lao Tzu's time." said coldly there.

After speaking, Dayong glanced at Li Tian helplessly.

But seeing Li Tian nodded slightly at that Dayong, motioned for him to speak out.

Na Dayong looked at Li Tian's gaze, his face showed endless guilt.

"Bring...!" he said with a trembling voice.

"Really?" When Dayong said this on the phone, Tu Wei's men over there said with some suspicion.

Li Tian grabbed the phone in Dayong's hand and said angrily to the phone, "Asshole, I am here, Xiaoye!"

After hearing Li Tian's voice, the other party was stunned for a while, and suddenly burst into laughter.

"it is good!"

"Just bring someone!"

"Damn, I won't let you go crazy later."

"You wait for me, and I will call you," the other party was ready to hang up after speaking.

"Hey, wait, how about Sister Liu... If you ***** dare to touch Sister Liu a hair, I will make you hard to die." Li Tian snarled frantically on the phone.

It's a pity that the gloomy voice over there smiled and said: "This ***** has been tired of our brothers..."

"It's just that if she is dead or alive, it depends on whether you can come over quickly."

After speaking, he hung up the phone in front of him with a snap.

"Hey...hey..." Li Tian yelled at the phone while holding the phone in his hand, but unfortunately the other party had already hung up the phone at this moment.

He opened a pair of scarlet eyes, sitting in the car, a terrifying breath filled his body, and even Da Yong around him felt the vague murderous aura.

It seems that he is really angry.

The two of them can only sit in the car and wait for the call. Now they don't know where Liu Sister was caught, let alone where the **** Tu Wei is hiding.

Now they can only wait... passively.

A wave calmed down, and a big wave surged.

Inside the Ouyang family, just after two o'clock in the morning, they received a call from a mysterious person.

The call was made from a public phone, who can't be found? Did not tell his life.

It was just a call to the Ouyang family, and the servant answered the phone.

The other party just said a few words intermittently: Tu Wei is now hiding in an ordinary residential building in Dongcheng District. The address is: Bungalow 56 Yong'an Avenue.

After speaking, he hung up the phone.

After the servant answered the phone, he was taken aback for a moment, and quickly told the Ouyang family.

No, in the early morning, Ouyang Zhengtian, the head of the Ouyang family, sat in the chair of the master.

"What's going on?" Ouyang Zhengtian said, looking at Fang Bo, the old housekeeper who just walked in the room.

Uncle Fang told Ouyang Zhengtian about the mysterious call he had received.

Ouyang Zhengtian frowned and asked, "The other party didn't say who he is?"

Uncle Fang shook his head.

"I didn't say, I just told Tu Wei where he is hiding now."

"It seems that the person who told us the clues to Tu Wei should be someone who has hatred with Tu Wei." Ouyang Zhengtian said slowly.

Tu Wei has been in the Dao for such a long time, of course the offending people will not be a minority, and there are even more people who have enemies with him.

Although Tu Wei is now in hiding, but the tree is so big that it attracts the wind, how can so many of his subordinates not be discovered?

Isn't this? It must be his enemy who told his current address to the Ouyang family in front of him.

Chapter 226: Risk alone

After Ouyang Zhengtian got the news, the corners of his mouth suddenly sneered.

"Lao Fang, you immediately inform the third child to let him take people to Dongcheng District... Bring Tu Wei back to me."

Ouyang Zhengtian said.

Fang Bo, the old housekeeper in the room, nodded quickly, and then walked outside vigorously.

The clues to Tu Wei are now completely in the hands of the Ouyang family, what will be waiting for? unknown.

And what about Li Tian here? He followed Dayong and sat in the van anxiously waiting for Tu Wei's call.

About half an hour later, the phone rang suddenly in the dark.

That Dayong quickly picked it up.

"Hey....."

"How is Sister Liu?" Dayong asked when he picked up.

Suddenly there was a sneer and said, "If you still want to see this bitch, then quickly bring that **** kid."

"What's the address?"

"Dongcheng District, Yong'an Avenue, stop at the intersection after arriving there, our people will automatically come to you, remember not to play tricks on Lao Tzu, if you dare to do tricks, I will let all the people turn this bitch. She, and then sell her to Thailand."

After saying these words coldly, the other party hung up the phone with a bang.

After hanging up the phone, Dayong in front of him was stunned.

"How? Did they tell the address?" Li Tian couldn't help looking at Dayong and asked.

Dayong looked at Li Tian, eyes full of guilt.

"Brother... I shouldn't take you... If I let Sister Liu know that I did this, I'm really a pig and dog." Dayong said suddenly with red eyes.

Li Tian held Dayong's trembling hand and looked at him: "Brother Yong, it's okay."

"Brother Yong, listen to me, I'll be fine, don't worry, let's hurry up and save Sister Liu now, if we don't save it, it may be too late."

Li Tiandao in front of him said.

Listening to Li Tian's words, Dayong nodded helplessly.

Then he didn't say a word, and stepped on the accelerator in front of him, and the van began to drive quickly toward the night.

The two people remained silent on the road.

They live in the Xicheng District of Jinghai City, and it takes about 40 minutes to get to the Dongcheng District.

Sitting in the back, Li Tian suddenly flipped through a tool box in the back. The tool box was a must-have tool box in the car. After opening it, there were screwdrivers, wrenches, and hammers in it.

Li Tian looked inside, then picked a switchblade from the toolbox.

Although the switchblade had rusted on it and hadn't been used for a long time, it was a knife after all, and it was definitely not a joke to stabbing someone on.

Li Tian hid the switchblade in his clothes, and then sat quietly.

Dayong, who was driving in front, noticed the guy hiding in Li Tian's arms just now, took a look, and said nothing.

In this way, the two drove single-handedly towards Dongcheng District.

In the early hours of this morning, there were relatively few vehicles on the streets of Jinghai City, and the courageous little van drove fast toward Dongcheng District along the way.

Soon he arrived in Dongcheng District.

Yongan Avenue.

"That's it." When Dayong stopped the car, it happened to be at a crossroads.

After stopping at the intersection, Li Tian glanced at the front. In front of this was a row of thumping residential houses. The sign at the intersection read the words Yongan Avenue.

"Where is the one who caught Sister Liu?" Li Tian couldn't help but look at the night and asked.

Dayong shook his head: "Wait, they will come soon."

After waiting for almost 5 minutes, 5-6 men in black suits suddenly walked out of the residential area.

Because the night is too dark for people to see their faces clearly, when they come from the dark night, they look like terrifying demons.

As they walked towards this side step by step, Da Yong's face became extremely scared, and the cold hairs all over his body stood upright, and his eyes looked at the few people who came by with a frightened look.

On the contrary, Li Tian calmly looked at the people who came by, with deep hatred in his eyes.

When the few people quickly arrived in front of their minivan, Li Tian and Dayong could see their faces clearly.

One of the men walking in the front is a man with glasses and evil eyes.

As he walked over, a sneer suddenly appeared at the corner of his mouth.

"Get off," he said coldly.

After speaking, Li Tian and Dayong in front of them slowly got out of the van.

When the foot just stepped on the ground, the four men behind the spectacled man suddenly walked towards them, and at the same time, Hei took out the black muzzle from his arms and pointed it at Li Tian and Dayong's head in front of him. .

Dayong was shocked right now, his eyes were full of fear, fear...

It was also the first time that Li Tian saw a real gun...The black muzzle was being pointed at his head, and he stood there afraid to move.

The man with glasses suddenly appeared at the corner of his mouth with a smile, looking at Li Tian in front of him: "Are you the kid who is nosy at the train station?"

While talking, he looked up and down Li Tian.

Li Tian didn't speak, but looked at him coldly.

"Boy, it's kind! I dare to come..."

"Where is Sister Liu? Where is she?" Li Tian asked suddenly.

The man with glasses suddenly laughed.

"You are talking about that **** woman? What a pity, what a pity, she is now having fun in bed with my brothers..."

Suddenly hearing this man with glasses say so, Li Tian suddenly became angry.

"You bastard..." He clenched his fists and wanted to shoot.

However, the man behind with the gun pointed a cold pistol at his head.

"Boy, don't move! If you move again, I will kill you with one shot."

Li Tianguo really stood there and didn't dare to act rashly. The opponent had a gun in his hand. What could he do? Is it silly to die here?

The man with glasses turned his face and suddenly became gloomy, and he squeezed Li Tian's throat: "Boy, listen to me. No one here dared to talk to me like that. If you want to live a little longer, Just give it to me honestly."

The man with glasses holding Li Tian's throat viciously said.

Li Tian's eyes were full of hatred... his mouth was tight and did not speak.

"Take them away to me."

He said that he walked toward the night, toward the ordinary residential building over there.

Most of the ordinary residential areas are still sleeping at this time. Houses are dark, and only the street lamps swaying by the roadside are shining brightly.

Li Tian was being held by these people, and his eyes carefully looked at the surrounding environment.

After reaching the front door of a low bungalow with iron rolling doors, the man with glasses stopped.

Turned his head and smiled at Li Tian and Da Yong evil, and then opened the iron rolling door, and after the iron rolling door was pulled open with a bang, then Li Tian and Da Yong were taken in.

It was dark inside. After Li Tian and Dayong were pushed in, the lights in the room suddenly lit up, and the bright light from the electric rod made Li Tian and Dayong unable to open their eyes.

The sound of footsteps inside came over here.

Chapter 227: The real black hand behind the scenes

Shaking his head, Li Tian hurriedly looked to the front, but saw a man in a suit with a sinister 40-year-old face staring at him unblinkingly.

There was another man behind him. The man had a bronze face and a blood-red ferocious snake tattooed on his right wrist.

When he saw the scarlet viper tattooed on his arm, Li Tian was stunned.

"It's him!"

"It's him, this guy assassinated Ouyang Shiqing at the train station. He was the killer wearing a baseball cap and sportswear at the time."

Li Tian recognized the Thai assassin at once.

And Artest? Of course he recognized Li Tian.

With a pair of vicious eyes open, staring at Li Tian unblinkingly, the tight muscles all over his body seemed to burst out at any time.

"Is it him?" Tu Wei, who was standing in front of Artest, suddenly turned his head to look at him and asked.

Artest stared at Li Tian, then nodded silently.

"It's him."

Two words came out of his mouth.

Na Tu Wei smiled suddenly, then turned his Yin Zing eyes to stare at Li Tian.

"So it's you, nosy bastard."

When he was talking, Tu Wei walked towards Li Tian.

Li Tian stood there, looking at Tu Wei, there was no fear in his eyes except for anger.

"Where is Sister Liu... where is she? You promised me that as long as I come, you will let her go." Li Tiandao said.

Tu Wei suddenly sneered.

"Do you think you are qualified to give me conditions?" As he said, the younger brother at the back immediately pointed his gun at Li Tian's head.

Li Tian stared at Tu Wei, "Your words don't count."

"My words don't count, what's the matter? Do you think you can go out alive today?" Tu Wei said angrily.

Then he slammed a fist on Li Tian's cheek, and slammed his cheek with a heavy fist, bleeding the corner of Li Tian's mouth.

Li Tian gently wiped the blood on the corner of his mouth with his hand, and his eyes were full of scarlet.

"Boy, tell me? Why the **** did you nosy at that time?" Tu Wei in front of him said as he suddenly pinched Li Tian's neck tightly.

The huge hand strength made Li Tian feel a little difficult to breathe.

"Are you from the Ouyang family? Or do you have anything to do with them?" Tu Wei asked fiercely, his eyes full of vicious murderous intent.

"It doesn't matter." Li Tiandao said,

He was telling the truth.

"Don't admit it yet?" Tu Wei uttered a furious rage and kicked Li Tian's abdomen with his foot bang.

He kicked Li Tian to the ground, and the surrounding Tu Wei brothers laughed.

On the other hand, Da Yong, who was pointed at the head with a gun, looked at Li Tian in discomfort.

I saw Li Tian being kicked to the ground, and did not give in, but slowly got up.

"It's pretty hard..."

"I see when you can be tough."

"You will serve him well for me, I will see if this kid says or not."

With these vicious words in his mouth, Li Tian in front of him was immediately punched and kicked to the ground by the younger brothers.

There was no way he could not fight back because a gun was pointed at him.

He just held his head in his hands, looking for an opportunity there, looking for an opportunity to reverse the situation.

"Don't fight..." The Da Yong in front of him really couldn't stand it, and wanted to go up and help.

But as soon as he took a step, he was kicked by someone behind him and fell to the ground with his ankle, and then he raised the gun in his hand and slammed it at his head.

Na Dayong was hit in the head bang bang, blood flowed suddenly, fell to the ground, unconscious.

Where is Li Tian over there? Watching Dayong fall, but couldn't come up to help, he was really hated and angry, being punched and kicked tightly by those people, and finally a little brother suddenly kicked Li Tian in the head. , He fainted.

At this moment, he was covered in blood, looking very embarrassed.

After he passed out, those who beat him stopped.

"Brother Wei, he's fainted." The subordinate said while looking at Tu Wei, panting.

Tu Wei glanced at the two on the ground coldly.

"Take them to the basement, don't kill him in a hurry, it's useful to keep these two people."

As soon as Tu Wei said, he turned and walked to another place.

The remaining little brother dragged his body covered in blood, and Dayong, who had fainted over there, dragged it towards the basement.

In a dimly lit room, but seeing that Tu Wei was looking at the soft group in his hand bit by bit.

Clouds sprayed from his mouth, frowning, as if thinking about something big.

The man with glasses standing next to him suddenly said, "Brother Wei, what's the matter? Look at your preoccupied look? Is it because of that kid's business just now?"

Tu Wei rolled his eyes coldly: "Am I for him?"

"Is he worthy?"

"Like that kind of little character, I just want to torture him severely, shit, dare to take care of the Ouyang family affairs at the train station! I will definitely let him die."

Following Tu Wei's words, the man with glasses closed his mouth and stopped talking.

With a cigarette in his hand, Tu Wei took a deep breath, and suddenly said meaningfully: "Actually I am worried about something else."

The man with glasses thought for a while and said, "Is it the Ouyang family?"

Tu Wei nodded.

"Yes!"

"Now they don't know that we are hiding here, but they will find us sooner or later. If they find us, it will be troublesome..." Tu Wei, who had previously said that he was going to fight the Ouyang family, is finally starting to commit crimes!

He is a little scared!

Because after all, he knew that the Ouyang family was the largest family in the country, and if a character like him played hard with the Ouyang family, sooner or later would be a dead end.

"Boss Tu, I don't know if I should say something," the man with glasses said suddenly.

Tu Wei sighed and said, "Let's talk..."

"Is it time for us to stop now? Boss Tu, it's too late! It's really late... I think the best way for us now is to leave Jinghai City as soon as possible... We definitely can't stay here anymore." The man said meaningfully.

Tu Wei's sullen face was extremely ugly. After being silent for about a minute, he suddenly took a few cigarettes between his fingers.

"Do you think Lao Tzu is really that stupid? Did you really dare to assassinate the daughter of the Ouyang family? I was not forced..." Tu Wei's strange words suddenly came out of his mouth.

When it was said, the man with glasses in the room was stunned. Even the Thai killer, Artest, couldn't help but frown slightly.

Forced? What do you mean?

The man with glasses in front of him and Na Atai couldn't help looking at Tu Wei in front of him.

Tu Wei obviously had something unspeakable, his face was ugly, his eyes suddenly remembered the person who forced him, even his eyes were scared.

Was Tu Wei really forced? Try to recall that he only owns a few places in Jinghai City. He is just a bad guy playing drugs. Would he dare to really move the Ouyang family, one of the four major families in China? Does he really have a backstage behind? As he said, he was forced.

Even if his son had two legs abolished at the beginning, would he dare to have the courage to move the daughter of Ouyang's family?

He dare not! He really dare not!

But he moved, and sent a killer to assassinate the eldest lady of the Ouyang family!

What happened to all this? Who is forcing him?

"Boss Tu...you...what do you mean? Who is forcing you...?" The man with glasses said with a pair of unbelievable eyes looking at Tu Weidao before him.

"Dark family, Duanmu family!" A few words that were scarier than **** for Jinghai City suddenly came out of his mouth word by word.

Chapter 228: Dark family

The Duanmu family known as the dark?

It was the Duanmu family that forced Tu Wei?

Really? Still fake?

When the four words of the Duanmu family came out of his mouth, the man with glasses suddenly became as pale as he heard the word devil.

The man with glasses had a stiff expression, even the muscles around his cheeks were trembling, he held the glasses on his eye sockets with his hand: "Boss Tu, you...you...are you kidding me?"

Then Tu Wei slowly turned a pair of contradictory and complicated eyes to the man with glasses, "Do you think I am joking?"

The man with glasses was struck by lightning.

"How could this be....."

"How could the Duanmu family suddenly intervene in this matter?" The glasses man asked incredulously.

Na Tu Wei suddenly sighed heavily, his expression dignified and ugly.

"From the day my son had an accident, they got involved." Tu Wei said with a sigh.

"You still remember that after my son was beaten and disabled by the little prince of the Ouyang family, I sent him to the hospital... After asking at the time, I knew that it was the little prince of the Ouyang family. Although I was angry, I was not stupid. , I know that the Ouyang family can't afford to offend, and I do blame my **** son... But when I was out of the hospital door, do you remember that I answered a strange phone?"

Listening to Tu Wei suddenly speaking, the man with glasses suddenly recalled.

He was with Tu Wei at the time. After sending his son to the hospital, Tu Wei took him out of the hospital after everything was arranged. But when he was out of the hospital, Tu Wei did receive a strange call.

When answering the phone, the man with glasses still clearly remembered that Tu Wei's face suddenly became as ugly as a ghost.

Then he turned around to answer the phone alone to a place where no one was nearby.

The call time is very short, less than a minute.

Then he remembered that Tu Wei's face changed suddenly after he got in the car, and then he said that he was going to move the daughter of the Ouyang family, and said that he knew that Ouyang Shiqing would be back by train from Kyoto City.

The clues to all of this were that the man with glasses didn't pay much attention at the time, nor did he notice why Tu Wei suddenly learned that the eldest lady of the Ouyang family would come back from Kyoto City? And even know exactly when and when to get off the train...

The man with glasses now can't help being shocked when he thinks about it.

"Boss Tu...You mean, that phone number was their phone number at the time?" The man with glasses widened his eyes and said in disbelief.

Tu Wei nodded at that with an ugly expression.

"I think you have guessed it?"

"Yes, that call is what they called me! It was the call from the Duanmu family. A woman called me. She told me everything and told me that the daughter of the Ouyang family would be back from Kyoto. , Let me send someone to kill her..." Tu Wei said helplessly, smoking a cigarette.

Who can imagine that the master Tu Wei behind the scenes assassinating the daughter of the Ouyang family turned out to be the Duanmu family, which is on par with the Ouyang family and the four major domestic families?

Why did the Duanmu family suddenly attack the Ouyang family?

Is it hatred? Or is it something else? (This is a very old hatred, later.)

"No wonder... no wonder... no wonder you were ready to deal with the Ouyang family as soon as you got in the car! Never heard you say before..." The glasses man said suddenly and clearly.

Tu Wei sighed deeply.

"Now you know? Do you think I'm really an idiot, Tu Wei? I have been on the road for such a long time. Is it because I lived on my stupidity for such a long time? I really dare to touch my little egg The big stone of the Ouyang family? Am I stupid?"

Listening to Tu Wei's words, the man with glasses thought for a while, yes, Tu boss really didn't have the guts to refuse the Duanmu family, known as the dark.

Everyone in Jinghai City knows that there are two families that cannot be offended, one is the Ouyang family, and the other is the Duanmu family.

If the Ouyang family is the leader of Jinghai City, then the Duanmu family is the devil in the dark.

They are mysterious, and they never act publicly, they only kill people.

Anyone who offends the Duanmu family will definitely not survive for three days!

Must die!

So even when Tu Wei received a call from the Duanmu family, he did not dare to refuse...Even if he was asked to deal with the Ouyang family, he did not dare to refuse.

The upright Ouyang family wouldn't at least say that they would kill people, but the Duanmu family would!

If you offend someone who lives in the Duanmu family who is extremely secretive, maybe you don't even know when you died. This is the horror of the Duanmu family, and this is why the Duanmu family is more terrifying than the Ouyang family. .

"Boss Tu...Since this matter was planned by the Duanmu family... Then they didn't call you again after you assassinated Ouyang Shiqing?" The glasses man blinked and asked.

Tu Wei shook his head with an ugly expression, "No."

"I have received a call from them since the development of this matter." Tu Weidao said.

Tu Wei still remembers that the voice of a woman who was calling him at the time was indescribably beautiful, but there was a feeling of death in his ears...

The man with glasses in front of him was depressed.

"Boss Tu, will the Duanmu family abandon us because we failed to assassinate the eldest lady of the Ouyang family?"

Listening to the words of the man with glasses, Tu Wei frowned tightly.

To be honest, this is currently Tu Wei's most worried thing.

He was also afraid that if the Duanmu family really abandoned them, he would really have no place in Jinghai City... Apart from leaving, maybe the only thing left is death.

The silent Tu Wei lit up another cigarette and smoked with a ugly expression.

Suddenly, there was a desperate feeling in his eyes, and he sternly said: "If the Duanmu family really doesn't care about me, then even if I give up this life, Tu Wei will tell the truth of the matter to the Ouyang family. People, I told them I was forced to do this by the dark family! They forced me to do this."

Listening to these words by Tu Wei, the man with glasses didn't say a word, but there were complicated eyes in his eyes, and he didn't know what he was thinking.

"Boss Tu, is it safe here?" The man in glasses suddenly said a weird thing.

Tu Wei was startled: "What do you mean?"

"There is an extremely crazy rumor about that dark family... The rumor says that if anyone dares to speak ill of the Duanmu family... or wants to deal with them, they will definitely be heard! Because they are everywhere."

Chapter 229: Escape to heaven

The man in glasses said, looking around with fear in his eyes.

Tu Wei also had an ugly expression. He blinked his eyes and looked at the closed small room. Tu Wei had also heard the rumor...

But he still smiled: "You are too timid!"

"Do you think they are really demons! Will they really hear us? Don't forget, this is our territory." Although Tu Wei said so, it was obvious that his voice did not dare to be that way. Loudly.

"Boss Tu, now things have reached this point, what about the kid who intervened in the train station to assassinate Miss Ouyang's family? Do you want me to click him?" There was a vicious killing intent in the eye of the man with glasses.

Tu Wei thought about it with a sullen expression.

"Alright!"

"Since this kid wants to be so nosy, let him die!"

"Asshole bastard, I dare to hinder my Tu Wei's things. If I can't kill him, I'll be sorry for myself." Tu Wei said coldly.

The man with glasses said: "What about the two outsiders? Did they also do it together?"

"All killed!"

After the four words came out of Tu Wei's mouth, he stopped speaking.

This guy is really poisonous!

—

In the dark basement, only a dim yellow light bulb was shining swayingly with a faint light.

Through the dim light, I saw two people covered in blood were tightly tied with a rope and hung with their hands.

These two people are obviously Li Tian and Da Yong.

Li Tian was punched and kicked by those Tu Wei's little brothers. At this moment, Jun Lang's face was bruised and the corners of his mouth still had blood stains.

On the other hand, Dayong had blood stains on his forehead.

Li Tian, who was finally in a coma, slowly woke up...he snorted.

Slowly raised his head, looked at the situation in front of him, and then saw that his hands and feet were tied with ropes. Fortunately, no one came to watch them in the basement.

"Brother Yong..." Li Tian called out with difficulty.

Na Dayong was in a coma, was called by his voice, and finally snorted, then coughed and coughed, and a mouthful of blood came out of his mouth.

Slowly opened the blood-red eyes.

"Brother Li..." He also saw Li Tian now.

Li Tian saw that there was nothing serious about Dayong in front of him, but he was seriously injured, so he relaxed.

"Brother Yong, are you okay? Can you hold it up?" Li Tian asked.

That Dayong nodded silently: "I...I'm fine..."

Although he said so on his lips, he could hear it from his pale paper face and his trembling voice. He was not as good as he thought.

"Brother Li...I'm sorry, I am the one who caused you, and I shouldn't have brought you here." said Da Yong ashamed.

Li Tian smiled faintly: "Don't blame you!"

"Wait, I will definitely let these **** get us back doubled."

Li Tian said fiercely.

Da Yong was taken aback, and said with a sad smile: "Brother Li, do you think we can go out alive?"

"This Tu Wei is notoriously cruel and cruel, in fact, I should have thought of this long ago...hey." Da Yong said with a hint of despair in his voice.

But Li Tiandao said, "Brother Yong! Don't be discouraged."

"Wait a moment, we can go out to rescue Sister Liu right away..."

After Li Tian said this all of a sudden, Da Yong was taken aback, blinking his eyes and looked at Li Tian in front of him.

"Brother Li... do you have a way to get out?"

Li Tian hissed, indicating that Da Yong's voice should be lower, and Da Yong hurriedly closed his mouth and blinked at Li Tian there.

However, Li Tian and Dayong are both tied with ropes at this moment. How could he escape?

Just when Da Yong felt strange, he suddenly saw Li Tian's body move, and then a utility knife fell from his arms.

When he saw this utility knife, Da Yong was stunned. Isn't this the rusty knife that Li Tian took out from the van's toolbox?

When the utility knife fell out of Li Tian's body, he saw that Li Tian slowly clamped the utility knife with both feet, but after all, the feet were not proficient with hands. No, it was finally caught after several clamps. Between your feet.

Dayong frowned and thought: Both Li Tian and him are tied with ropes. This Li Tian can't use two feet to cut the rope, right? how is this possible?

When he was wondering, suddenly Li Tian gritted his teeth tightly, and then his two feet slowly left the ground, bending.

Dayong grew his mouth wide and looked at Li Tian in disbelief.

But after seeing Li Tian's two legs turned over like somersaults, he then slowly cut the rope between his hands with the knife between his feet.

This is definitely a relatively difficult action.

And it was extremely wasteful of energy. Li Tiantong's red face could be seen through the weak light, and the sweat on his face was dripping with blood stains drop by drop.

Once unsuccessful, Li Tian did it the second time, the third time...

When Li Tian did it five times in a row, the rope tied to his left hand finally broke with a hiss.

Li Tian's feet fell on the ground, and blood-red marks were drawn from the rope on his wrists.

He really succeeded. He really cut the rope tied to one hand? Dayong's eyes were full of surprise and excitement.

"Brother Li, I didn't think you really succeeded." He said there.

As soon as I said this, I suddenly heard footsteps coming from outside the closed basement door, and there were voices of conversation.

Li Tian frowned, and then quickly untied the rope of his other hand, because it was obvious that Tu Wei's men had already arrived.

In the dark passage, I saw two men with flashlights in their hands walking towards the basement step by step.

"What about those two people?" one of the men with a flashlight asked there.

"The boss said, all killed." Another man said casually.

"Fuck, these two idiots, came to die tonight."

"Isn't it?"

"But that girl is really comfortable enough...that figure, that small waist...Damn, I really want to let Lao Tzu go and kill that girl, I still feel a little bit reluctant." One of the men said regretfully.

Is the woman he said is Sister Liu?

The man next to him laughed and said, "I think you are reluctant to bear that woman's white body..."

"You're so **** willing? Although that woman is a bit older, she's really cool to look up!"

The two wretched men walked quickly toward the basement where Li Tian and Dayong were closed while recollecting.

When he got to the basement door, one of them took out a bunch of keys from his waist, humming and tuned in his mouth, and went to open the basement door.

After the small door of the basement was opened with a bang, the scene in front of them immediately stunned two people.

Chapter 230: Looking for Sister Liu

Because one of the positions where Li Tian was supposed to be tied has become empty.

Although the other Dayong had his hands tied with a rope, he was watching the two people who walked in with a smile on his face, and he was not afraid at all.

The door of this basement room is locked from the outside. How could someone suddenly disappear?

"What about people?"

"Where is the ***** man?" The two of them just yelled out, and suddenly they saw a figure with blood-red eyes standing behind them.

Li Tian.

He tightly held the utility knife in one hand with a vicious killing intent in his eyes, and suddenly stabbed the man nearest to him with a vicious knife.

At the same time one hand was covering his mouth.

The man stabbed in the back, his mouth was covered by Li Tian, he made a scream of hysteria in his throat, and then his head crooked to the ground.

Another man suddenly found someone behind him and was shocked immediately.

Back suddenly, he quickly reached out to draw the gun in his arms.

It's a pity that his hand just took out the gun in his hand, and when he was about to shoot Li Tian, Li Tian suddenly flew up and kicked it on his wrist, and then the man with the gun in his hand banged off. Fall to the ground.

He was shocked and ready to pick it up, but Li Tian didn't give him the slightest chance.

Then his right hand directly grabbed his other wrist, and a flying attack hit the man's chest.

With a bang, the man hit by a huge force fell to the ground.

Then Li Tian hit his neck with one foot.

"Don't move, I'll break your neck if you move it again." Li Tianxue said coldly with red eyes.

After Li Tian's cold voice came out, the man in front of him was stunned, with a pale face, lying on the ground looking at Li Tian unconvinced.

Li Tian bent down and pinched the boy's neck.

"Now I ask one thing, you say one thing, if you dare not say it, don't blame me for being rude."

As Li Tian finished speaking, the kid did not speak.

"Sister Liu is there? How is she now?" Li Tian asked coldly, pinching the boy's neck.

The man never thought that Li Tian would untie the rope, and he was actually restrained under his carelessness. When he heard Li Tian asking him this, he snorted coldly, "Want to know where that ***** is? No idea! "

"When my boss sees me no longer, they will find me, and then you will not know how to die." The man said viciously.

At this moment, facing Li Tian, he was not afraid at all.

This is Tu Wei's site, and there are more than a dozen people? No wonder this kid is so rampant and not afraid at all.

But he immediately regretted it,

Because he saw Lima's eyes suddenly suffocated him with fear.

Then he didn't even think that Li Tian in front of him would suddenly do something.

Puffed out.

The utility knife in Li Tian's hand accurately pierced the man's thigh.

Then Li Tian covered the man's mouth with one hand, and pierced the thigh with a utility knife, and blood came out like a fountain...

The man screamed hoarsely in pain, but he couldn't make a sound.

The whole body was trembling violently...

Li Tian pulled out the blood-stained utility knife in his hand and looked at the man with a crazy feeling: "Now, what do you say?"

As he asked with cold, suffocating words, a trace of fear flashed in the man's eyes, and his whole body was trembling constantly.

Holding the stab wound on his thigh, he looked at Li Tian with a pale face.

"You...you...definitely die...definitely!"

Li Tian saw that this guy was inferior. He immediately shot again, raised his foot and slammed on the man's wrist. With a click, he directly slammed his arm off. The blood oozing from the palm of his hand stained the ground.

Even when Dayong, who was **** on the side, watched, he was completely stunned. When he looked at Li Tian, he felt a sense of fear.

"Just ask again, can't you tell me?"

The man was completely soft.

Panting violently at this moment... His face was as pale as white paper, and the whole body fell slumped on the cold ground, dying...

"I... I... say!"

He was completely convinced!

He spit out two words with difficulty from his mouth.

"She who was caught by you is there now? Tell me?" Li Tian asked coldly.

The man was dying and said, "Just...in...the storage room next door."

"If you dare to lie to me, I will make you better than death." Li Tian suddenly raised his arm and hit the man's head with a slam after he said these words, and the man suddenly passed out.

Li Tian stood up slowly.

Then turned around and quickly untied the rope from Dayong in front of him.

During this period, Dayong had been looking at Li Tian with a very strange look...

The look was as if looking at a stranger, afraid.

Li Tian unlocked the Da Yong in front of him.

"Go, let's save Sister Liu..."

Ready to walk towards the door after speaking.

"Brother Li..." Dayong, who has not spoken, suddenly wanted to say something.

Li Tian turned his head and looked at Dayong: "Brother Yong, what's wrong?"

Dayong looked at Li Tian, his expression was a little complicated, and the corners of his mouth moved, as if he wanted to say something, but in the end he didn't speak.

"Thank you..." Dayong finally said such a sentence.

Li Tian looked at Dayong and smiled without saying anything. He bent down and picked up the flashlights that fell from the hands of the two men killed by Li Tian. Li Tian slowly opened the small door of the basement in front of him. Go outside.

In the dark corridor outside, Li Tian first poked his head out and took a look. After making sure that there was no one outside, he walked out cautiously.

Na Dayong walked out slowly now following him.

The two of them were against the wall, and walked forward as light and light as possible.

Storage room!

Hearing that the guy killed by Li Tian knew that Sister Liu was locked in the storeroom.

Now Li Tian and Dayong walked towards the storage room step by step.

The storage room is not very far from his basement, separated by two empty abandoned rooms...

When he reached the door of the storage room step by step with a flashlight, Li Tian couldn't help his heart pounding.

He couldn't help being a little worried, and also a little scared, afraid of what would happen to Sister Liu...

When the two reached the door of the storage room, Da Yong eagerly shouted into the dark room, "Sister Liu..."

But his voice was as silent as a dead stone.

Hearing that no one responded, the two of them couldn't help feeling a little hairy...

Li Tian quickly took a flashlight and took a picture into the room...This room was full of old furniture and some unused things.

Li Tian took a flashlight and took a shot, but no one was found. When he and Dayong were disappointed, suddenly a painful groan came from the corner of the wall...

p: Some readers say that the protagonist is useless? I want to ask, was the head straight with a gun? And one is a young man from a small county seat? How much courage can you be held for the first

time? This is the first time I saw a gun, and more than a dozen people from the other party...Dear readers, I hope that when you read it, pay attention to it. The protagonist I wrote is a man, not a god! He needs to exercise step by step!
