

## **A Killer 2211**

Chapter 2211: Mass grave

Faced with the current situation, Li Tian, Ice Girl, Fire Girl and others were depressed.

what should I do?

The fire girl looked at those still excited members of the Torrido family and said to Count Roger, "What should I do now?"

Count Roger's face was extremely ugly, and he slowly raised his eyes to look at the Elder Archid.

Elder Alchide not only sighed deeply at this moment, then looked at the dim sky, and suddenly muttered in his mouth: "The sky is about to light...there is no time."

Yes, it is already more than 4 o'clock in the morning, and if it is another hour, it will almost dawn.

Once it's dawn, it will be difficult for vampires to leave the Forgotten Temple.

Once the second night comes, then if Li Tian and Earl Roger want to leave again, I am afraid it will be too late.

When the time comes, the whole army is wiped out.

After Elder Alchid said so, Li Tian and Earl Roger not only looked at the sky together.

They all saw that the sky was about to dawn.

Elder Alchide suddenly walked to the center of the hall at this moment and suddenly opened his loud voice and said: "Everyone is quiet, quiet."

With Elder Archid's opening, the excited members of the Toledo family finally calmed down, and they were all in Elder Archid, who raised their eyes and looked at the moment.

After everyone was quiet, they all waited for Elder Archid to speak.

I saw Elder Alchide suddenly say there: "Citizens of the Torrido family, I Alchide sincerely thank you for your kindness and loyalty to me."

"However, right now is a very moment. If those members choose to stay, then stay. If those members choose to leave with Earl Roger, please leave as soon as possible."

Elder Alcid knew that there was no way to persuade his family members.

So he must make this cruel decision. He must not sacrifice the entire Toledo because of some radical Toledo family members. Therefore, he must do this.

After Elder Alchid said so, Earl Roger, Ka Suo, Ice Lady and Fire Lady were all taken aback.

No one thought that Elder Alchid would say this in the end.

Even Li Tian was shocked there.

After Elder Alchid finished speaking, I saw dozens of radical members of the Torrido family, suddenly all running towards Elder Alchid, leaving only more than 20 family members standing motionless there. .

But seeing the dozens of knights of the Toledo family walking towards Elder Archid, after reaching Elder Archid's side, they shouted in unison: "Death to protect Toledo, protect to the death the Forgotten Temple... .."

Their voices run through the entire Forgotten Temple, echoing in the air.

That is the mighty and brave voice.

Everyone present knew that this was a suicidal act. They were going to accompany Elder Archid to die in the Forgotten Temple. Thinking of this in their hearts, Earl Roger's eyes turned red...One of the remaining members of the Toledo family All eyes are red.

They were moved.

Elder Alcid was even more tearful, and no one knew better than him what the terrible consequences would be if he stayed.

At this moment, Elder Alcid stood up slightly, then looked at Roger, and the other family members who had left with Earl Roger, and said slightly: "Roger, I will take the remaining family members I leave it to you..."

"I hope you don't let our family perish, and I hope you must lead our family's people to defeat evil." Elder Alcid said at last.

Earl Roger held Elder Alcid's hand tightly, and said with a trembling body; "Elder, don't worry! Even if I die, Roger, I will lead the people of the family to fight the evil to the end. ."

Elder Alcid smiled comfortedly after hearing Roger say so.

"Good, good, good."

"Let's go, hurry up... the sky is about to dawn." Suddenly a word came out of Elder Alcid's mouth.

After he said it, Roger's heart was cut with a knife.

His eyes looked at the dozens of family members who had stayed with Elder Archid, and he couldn't give up in his heart.

"Brothers, my brothers from the Torrido family, as long as I Roger, I will remember your feat today. I will let generations of the people of the Torrido family remember what you did today. "

Count Roger said the last words with a heartache.

Those family members who followed the elder Alcid who looked at their deaths were also there, Lord Roger who looked at them.

Elder Alcid just said to Earl Roger with teary eyes: "Let's go, let's go..."

Count Roger finally had no choice but to take the remaining twenty-odd family members, as well as Li Tian, as well as the Ice Lady, Fire Lady, Caso and Ron and Tia of the Bren family, and left!

The route they chose was to leave the passage from the back mountain of the family of the Forgotten Temple.

Because there is no vampire surveillance of the Black Yap clan.

I saw that before leaving, Earl Roger took all the family members to look at Elder Alchid, and those loyal family members. His heart was broken... He knew that, staying in the Forgotten Temple, waiting All is death... But what can Count Roger do?

Finally, in the wave of Elder Alchid, Earl Roger left with dozens of members of the Torrido family. They left the Forgotten Temple.

When walking out of the back passage of the Forgotten Temple, everyone felt heavy and sad.

Everyone was silent from beginning to end, without saying much.

In the end, the blind prophet Caso spoke up, and he asked, "Where are we going?"

After listening to that Caso suddenly said this, the Ice Girl and Fire Girl over there not only raised their eyes to look at the Count Roger.

But seeing Earl Roger took a look at the place in front and said, "Go straight along here."

"The front is a mass grave."

It turns out that this Forgotten Temple was originally in the most remote west of Italy, and if you go there, you will reach the mass grave.

The mass grave is a weird place, where corpses are everywhere, extremely gloomy, and legend has it that there are extremely evil and terrifying things.

Legend has it that an entire army was annihilated in the mass graves. It was in the 17th century. The Italian expeditionary army wanted to cross this area and fight on the frontier, but it was a pity that a team of soldiers arrived at the mass grave. After taking the post, they all disappeared...

This sensational event of the demise of the Italian army has always been the most difficult question for centuries.

And now Earl Roger is about to take his family members and Li Tian and others through the mass grave.

Although the Torrido family has survived in the Forgotten Temple for so many years, they have never set foot in that forgotten forbidden zone.

Mass graves!

Now Earl Roger and the others have nowhere to go, and there is a dark black man behind guarding them. If they want to survive, they must pass through the mass grave.

Chapter 2212: Evil spirit

"Everyone divided into two teams, and then marched side by side. We reached the mass grave as quickly as possible, and then rested there." Earl Roger said to all the vampire members while looking at the dim sky. .

After the vampire members of the Torrido family heard that Earl Roger said, they divided into two teams and marched quickly.

The sky is getting hazy, it's almost 5 o'clock in the morning, and it will start to light soon.

Once dawn, they can no longer move forward, after all, vampires are most afraid of sunlight.

In the last place are Li Tian, Ice Girl, Fire Girl, among them the human Ron, Tia, and Black Widow. Everyone looked at the distance as they walked.

Seeing through the gray sky, they saw that the front was a barren hill, with nothing but dry trees and black soil.

"How long will it take to reach the mass graves?" Li Tian asked, staring at the bright sky, looking at the Count Roger.

He had to worry about dawn.

But seeing Earl Roger glanced ahead and said: "Quickly, it will take more than half an hour."

Li Tian was silent for a while, did not speak any more, and then followed the brigade.

Time passed by every minute.

As the sky changed, they finally moved quickly to the mass grave.

"Quickly, quickly, it's almost a mass grave."

Count Roger in front said there.

At this moment, a strange dense forest has appeared, and the dense forest is the so-called mass grave.

Looking at the weird dense forest in front, layers of weird gloom surround the dense forest, like a lingering resentment.

"Is the mass grave in front?" As the only Ron, and Tia, not only asked at this moment.

Obviously, there was a look of fear in the little beauty Dia's eyes.

The fire girl beside me looked at Tia and Ron, smiling and saying, "Yes."

"But don't worry. With us, there is nothing dirty that would dare to hurt you." The fire girl in front of her smiled.

When Nadia heard this, Nadia looked at her gratefully, and then asked, "I just heard from members of the Torrido family that there is something evil in the mass graves, is it true?"

The fire girl smiled slightly and said: "There are some, but you can rest assured, we will drive them away."

Listening to Huo Nu's words like this, Nadia was slightly relieved.

Although Tia was a "blood hunt," after all, this was the first time she came out with her brother, so she was still a little scared.

But Ron has long been accustomed to it. When he was in Eastern Europe, he had seen a lot of evil things, so he was not too afraid of the mass graves. He just raised those bright eyes and died there. Staring at the strange jungle ahead.

At this moment, Lord Roger, at the forefront, suddenly stretched out his hand to signal all the members to stop when the members were about to reach the weird jungle.

"Stop!" A loud roar came out of the Count Roger's mouth.

After Earl Roger stopped, all the vampire members of the Torrido family stopped in front of the strange dense forest.

Then Li Tian looked at the Count Roger who suddenly stopped in front of him, and couldn't help asking, "What is Count Roger doing? Why did he stop suddenly?"

"Aren't we going to the mass graves?"

Listening to Li Tian's question, I saw Ron and Tia blinking and looking ahead...

Suddenly, the black widow Katherine following behind spoke up.

"Earl Roger is borrowing the way!" Just like that, a word came out of the black widow Katherine's mouth.

After the black widow Katherine said so, Li Tian in front of him was stunned for a moment, and then frowned deeply and asked inexplicably, "Borrow? What do you mean?"

But seeing the black widow Katherine smiled slightly there and said: "Maybe you don't understand the mass grave, the mass grave is the most evil place in this area."

"There are countless ghosts wandering here... Since ancient times, many people, animals, and beasts have died here, so this place has become the darkest forbidden zone. They are evil ghosts, who I can't stop them, no one can control them..."

"Now, if we want to pass through this place and pass through the territory of evil spirits, we must borrow the way, because we vampires and these ghosts have always been well watered and never offend the river, so Earl Roger is now borrowing road."

After the words of the black widow Katherine, Li Tian finally understood what was going on.

At this moment, he raised his eyes and looked at Count Roger in front.

Ron and Tia also blinked at the front Count Roger.

I saw that Earl Roger stopped the brigade, and then walked towards the strange jungle alone.

Count Roger wants to deal with the "evil spirits" in the mass graves.

I saw that Earl Roger's footsteps step by step when he stepped into the weird dense forest, suddenly the surrounding ghost aura became weird and solemn.

what! ! !

Suddenly, a miserable cry came out from the dense forest. The sound was extremely unpleasant, like a ghost crying, harsh and unpleasant.

Hearing the weird and harsh sound, Tia not only hurriedly covered her ears.

It was the members of the Toledo family who were vampires, and Li Tian and others didn't think anything, after all, they were all vampires.

However, after the horrible ghost cry, several criss-crossing black mists drifted towards this side in the entire dense forest.

Suddenly, several strange black fogs entangled around the Count Roger.

Li Tian looked at the situation in front of him in wonder, no one knew what the black mist was.

Wrong soul!

"The evil spirit is here." A word suddenly came out of the black widow's mouth.

Evil spirit?

Is the black and weird fog the evil spirits?

Just when Li Tian was surprised, he saw that Earl Roger suddenly bowed, bent his body slightly towards the weird dense forest, and then said to the emptiness of the black mist: "All spirits Friends of the world, dear lone souls who died unjustly, today my Torrido family wants to find a place to live in the mass grave due to disasters. If friends in the spirit world give face, let our members of the Torrido family pass. ..."

As Count Roger said so, the black mist surrounding Count Roger became faster and faster.

Suddenly, before anyone thought of it, a black cat suddenly jumped out of the entangled black mist.

A cat is dark, with a strange cat shining in its eyes.

Chapter 2213: Forbidden zone for living

However, under such circumstances, a black cat suddenly appeared, and the scene did look a little strange.

Li Tian opened his eyes wide and looked at the dark and weird cat.

"Is this the so-called evil spirit, evil spirit?"

Tia, who was next to that red mouth, cried out in surprise, "Cat? Brother, is that a cat?"

But seeing the well-informed Ron, he cautiously said, "No, that's not a cat."

"It's an evil spirit, an evil spirit."

"But, it... it... is it really a cat?" Tia said silently.

But seeing Ron heard Tia say this, he quickly stopped her from saying there; "Tia, don't talk nonsense..."

Seeing that her brother's complexion became ugly, Tia hurriedly closed her mouth tightly, but she was really curious in her beautiful eyes, and blinked at the weird black cat.

At the same time, my heart was in the shadow that couldn't help: Is this clearly a cat...

But said that the black cat is a cat? Is it an evil spirit? Or something? No one knows.

Everyone is now looking up at the weird black cat.

But the moment the magical black cat jumped out, its eyes were staring, emitting a weird and cautious light, and it looked at Li Tian and the members of the Toledo family.

Then its fierce and mysterious eyes suddenly glared at the human Tia and Ron.

After looking at Nadia and Ron all at once.

Roar!

An unpleasant and terrifying weird cry came out of the black cat's mouth instantly.

Its voice is so ugly, a hundred times worse than the scream of evil spirits.

Tia and Ron were really taken aback, and they couldn't help looking at the weird black cat in front of them in surprise.

But at the moment when the mysterious black cat yelled, a row of sharp and sharp fangs appeared in its mouth, staring at Tia and Ron fiercely.

Then a squeaky voice emanated from the black cat's mouth, as if it were speaking.

But what about Count Roger, who is standing opposite the black cat? The moment he heard the sizzling voice in the black cat's mouth, his face suddenly changed.

As if he had understood the words of the supernatural black cat, he suddenly said with an extremely ugly expression, "No!"

"We must pass it all."

After Earl Roger suddenly said this strangely, Li Tian and the other members of the Toledo family were all stunned, and no one knew what was going on now.

But he said that after the Earl Roger suddenly said this, the black cat suddenly showed a terrifying expression, and then screamed "Ah woo", showing a row of terrifyingly sharp fangs in his mouth, and then his body jumped. It seemed to be rushing towards the Count Roger.

Count Roger saw this situation, his face suddenly changed, and then he stepped back suddenly.

Then the weird black cat didn't directly attack the Count Roger in front of him, but suddenly turned around and suddenly jumped into the black strange mist.

All of a sudden, disappeared in an instant.

At the moment when the weird black cat disappeared into the black mist, the weird dense forest in front suddenly exudes a gloomy atmosphere, as if there are groups of ghosts appearing...

The weird and gloomy atmosphere filled endlessly in that strange dense forest.

At this moment, the strange and quiet forest that was still quiet just now suddenly had a terrifying sight.

Li Tian, the Ice Girl, and the Fire Girl behind him were all horrified in an instant. No one knew how such a terrible situation could occur in that strange jungle.

"Dad, what's the matter?" Mary over there, after seeing this situation, hurriedly stepped forward and looked at the Count Roger and asked.

Li Tian and the Ice Girl and Fire Girl not only came over here, they all looked at the ugly Count Roger there in surprise.

But what about Count Roger?

His expression was ugly, as if he had suffered some major setback, staying there, no one knew what was going on with the supernatural black cat just now.

Is he really talking to the supernatural black cat?

"Hey, it's troublesome this time." Suddenly a word came out of the Count Roger's mouth.

After Count Roger said so, everyone around him couldn't help but stared at Count Roger with surprised eyes.

"Earl Roger, what the \*\*\*\* is going on?" The Fire Girl questioned.

The black widow Katherine over there also asked curiously: "Earl Roger, don't the evil ghosts and spirits in the mass graves let us pass?"

Count Roger slowly raised his ugly face, then glanced at everyone, then he cast his gaze on the human Ron and Tia.

Ron and Tia were not only stunned, his brother and sister looked at Count Roger curiously, wondering why Count Roger looked at them with such weird eyes.

"The evil spirits say that only the dead can pass through the mass graves, but the living cannot pass."

A word was said from the mouth of Count Roger.

After Earl Roger suddenly said this, everyone present was stunned for an instant!

what?

Mass graves only allow the dead to pass, not the living! ! !

Could it be that the evil spirits in the mass graves mean: Only vampires can pass through this strange spiritual land, and Ron, who is the only human, and the Tia brothers and sisters can't make it?

No wonder the look of Count Roger was so ugly, he would have looked at Ron and Tia with such weird eyes just now.

After hearing that Count Roger finished speaking, Ron and Tia's faces instantly turned pale and ugly.

At this moment, everyone's eyes were betting on Tia and Ron, because in the presence, except Tia and Ron were humans, all the others were vampires, including Li Tian.

This meaning is of course obvious, that is, Li Tian and Earl Roger can pass through that mass grave, only Ron and Tia can't!

"Brother, what should we do? What should we do?" The red-haired beauty Tia suddenly showed a trace of fear in her beautiful eyes and asked Ron, who was looking at her side.

But what about Ron? The whole person also stayed there, holding a pair of godless eyes looking at Count Roger and Li Tian and others present.

At this moment, Ron suddenly spoke, but he raised his eyes to look at the Count Roger in front of him and asked, "You...you...will you abandon our brothers and sisters?"

"Will you leave us?"

When Ron suddenly said this, Earl Roger said in that way: "No, how is it possible."

Chapter 2214: Angry flame

"Ron, Tia, don't worry. Our Toledo family is by no means ungrateful. You are helping us desperately in the Forgotten Temple. How can our Toledo family abandon you at this time?" That comforted the little beauty Tia Tao.

Tia blinked her beautiful eyes for a moment, then looked at Na Tia and said, "That, then, what should I do now?"

"The evil spirits of the mass graves won't let me and my brother go over at all." Tia continued with a pale face.

At this time Mary was also depressed.

The Earl Roger stood aside with a calm face, solemnly looking at the weird dense forest mass grave.

"Dad, what should I do?" Mary suddenly walked over and looked at Lord Roger in front of her.

Count Roger was silent for a while, then suddenly raised his cold eyes and looked at the mass grave in front of him.

After a long silence, Earl Roger suddenly spoke up.

"Crush! If it doesn't work, you have to fight hard." A word came out angrily from the Count Roger.

After Earl Roger said so firmly, none of the Torrido family members behind him dared to speak too much.

Although everyone knows that this mass grave is by no means a safe place, but they can't abandon Tia and Ron here, right?

After all, Ron and Tia had helped Torido.

After listening to Earl Roger's words, every member of Toledo's family of vampires also made careful preparations. Everyone raised a pair of cautious eyes at the mass grave in front of them.

"Ron, Tia, you are in the middle of the team, we will protect you."

"Those \*\*\*\* evil spirits can't hurt you." Count Roger said there.

When Count Roger said so, Ron and Tia looked at the Count Roger and said, "Thank you..."

Then the two Benguo really stood in the middle of the team, with the Fire Girl and Mary protecting them on the left, and the Ice Girl and the Black Widow Katherine on the right.

So the group began to march towards the mass grave.

When they stepped into the weird dense forest, a swish of swish suddenly appeared around them...

Then one after another miserable ghost shouts rang around.

"Everyone, concentrate, don't listen to those ghosts... Keep going." Count Roger ordered.

So the group of people slowly began to move slowly toward the dense forest of the mass grave.

Ron and Tia were standing in the middle, their faces pale at the moment, and the Ice Girl, Fire Girl, Mary, and Katherine, who looked around and protected them from the side, looked around cautiously.

Through the faint thick fog, you can see that this mass grave has many large stones, and those stones are erected like grave stones.

The surrounding area is full of weeds and ghosts.

When the Torrido family's team all marched into the mass grave, they suddenly heard the extremely ghostly laughter.

The laughter was harsh, weird and terrifying.

Just after hearing the sly laughing sound, suddenly, a huge rock flew up on its own... with extremely fast speed, it slammed into Tia here and Ron.

The speed is scary.

"Be careful." An exclamation came out loudly from the mouth of the Count Roger.

Then Katsena and the Fire Girl moved around together, and then the two of them flew over and flew straight against the hard rock.

There was a bang, but seeing that Fire Girl and Kathera shot almost at the same time, they smashed the huge stone with their slender palms.

Scraps of rocks fell from the air.

After Katherine and Firewoman smashed the flying boulder, the two stood still and stared around.

Count Roger in front of him also motioned to the family team to stop, because he also felt that the evil spirits were about to attack them.

"Everyone stay vigilant, those evil spirits are likely to attack us." Just listen to the words of Lord Roger in front of you.

When he just said such a sentence, the two vampire members of the Torrido family standing at the end suddenly heard a scream...

Then two terrifying ghost claws were exposed from the cloud and mist, and then they strangled the throats of the two members of the Torrido family... and then dragged them into the mist in an instant.

Ahhh...

A miserable cry came from the Torrido family member who had been strangled away.

Seeing that the members of the Torrido family at the back were attacked, Earl Roger was shocked.

Then shouted: "Keep the formation... ready to fight."

While shouting, he ran to the back.

After he just ran over, bang, bang, two cold bodies suddenly flew out of the mist.

Take a closer look, that is the body of the vampire of the Torrido family just now... It's just that the two people are tortured at the moment, and countless blood marks have been caught on their faces and all over the body... on the ground Reverse, wailing in pain.

"How are you?"

Count Roger looked at the two Torrido knights who fell on the ground and asked quickly.

Although the two knights were tortured in a horrible manner, they were not dead...After all, they were both vampires.

I saw one of the vampire knights, his mouth full of fangs stretched out, and roared there, "I...I'm fine...damn evil spirit...Earl Roger, let's fight them."

But seeing Count Roger assisting the members of the two families, he didn't say a word.

Obviously he didn't want to cause too much trouble in this mass grave, because now is not the time to cause trouble.

Don't forget, they are now escaping from the Gangelo family army behind that...

At this moment everyone looked at the Count Roger, waiting for his order.

But after seeing Earl Roger coming over, he glared at the mass graves in front of him: "Friends from other worlds, I Roger here to say one more thing. Today, we just want to leave here by way. If you dare to provoke me People, then, don't blame me, Roger, for being rude..."

Following the words of Count Roger, a terrifying and piercing cry suddenly came from the surrounding ghost fog.

"The dead pass... the living must die..." A harsh voice came from a distant and invisible.

After hearing the evil spirit say so, Count Roger suddenly became angry.

"Okay, you are forcing me."

Following the roar of Count Roger, he suddenly turned his head and shouted at the Torrido family member behind him: "Make a fire..."

Following Earl Roger's words, the members of the Torrido family suddenly took out the torches they carried with them, and then ignited them. The raging torches burned in their hands.

"Burn me..."

"Raze this damned evil place to the ground." Count Roger angered.

Chapter 2215: Evil spirit attack

This mass grave is full of weeds, weeds, and some withered trees. Once it is ignited, the mass grave will inevitably fall into a sea of flames. .

It could be seen that Count Roger was really angry.

With an order from Count Roger, the members of the Torrido family who were holding torches in front of them began to light the dry branches and barren weeds.

"Burn this place, burn it all down."

The members of the Torrido family yelled there while holding torches to light the grass.

When they lighted the weed with torches, something strange happened.

I don't know why, their flaming torches, no matter how they light up the dry grass and branches, they can't be ignited...

What's going on?

Seeing such a situation, those members of the Torrido family with torches in their hands were suddenly stunned!

"What's the matter? Can't ignite?"

"Yeah, that's weird, I can't ignite it here...what about you?" Some members of the Torrido family asked.

But seeing the members of the Torrido family behind with the torch in his hand also said depressedly: "I can't light it."

"Earl Roger, we can't light these trees and dead grass." The depressed members of the Toledo family were all there, holding torches in their hands, shouting depressedly.

The audience suddenly became quiet, all looking at the gloomy surroundings and the burning torches in their hands in doubt.

Count Roger was stunned when he heard what his men said.

Roared: "Damn it!"

"It must be those evil spirits."

"What should I do now?" The surrounding members of the Torrido family were all looking at Count Roger in front of him with ugly expressions, questioning.

Count Roger looked ugly, standing there blankly, he didn't know how to deal with the \*\*\*\* evil spirits.

I saw Li Tian still have Fire Girl and others? It is closely guarding the human Ron and Tia.

Just as Count Roger was depressed and didn't know what to do, suddenly, those members of the Torrido family who had burning torches in their hands suddenly seemed to have blown out the torches in their hands.

Shoo, swoop, swoop!

All the torches in their hands were extinguished...

what!

"Extinguished, our torch was extinguished."

"Damn it, what the \*\*\*\* did it do?"

"It's an evil spirit, it must be a \*\*\*\* evil spirit." The members of the Toledo family roared there.

After seeing all the torches extinguished silently, everyone was astonished by their colleagues. Some members of the Toledo family pulled out their sharp weapons and stared at their bloodthirsty pupils. Looking at the gloomy place around.

Count Roger was also carefully looking around...

Tia Qiao's face over there was already deeply scared.

Suddenly, a member of the Torrido family standing in the middle screamed: "Who? Who is beating me?"

As he exclaimed, there was nothingness behind him... there was nothing at all.

However, he was really caught by a cold hand just now, but he saw that the placket on his back was scratched, and the skin was deeply cracked.

But he is a vampire after all, so even though his body is broken, he is fine.

At this moment, Earl Roger felt that the surrounding situation was getting worse and worse. He could only bite the bullet and said to all the family members: "From now on, everyone will follow me together. We have passed through. Here, we must go through the mass graves."

Following Earl Roger's words, the brigade followed the Earl Roger and quickly started rushing into the mist ahead.

As they move forward, there are more and more ghost calls around them, and harsh and unpleasant sounds continue to permeate them.

Suddenly, Tia, who had been walking with ease, suddenly felt a cold paw grab her neck.

what.....

A scream came from Nadia's mouth.

I saw her body instantly grabbed by the neck by the invisible ghost claws, and then she lifted her body up.

Tia was holding her neck with both hands in pain, and then struggling hard, but no matter how hard she struggled, she couldn't get rid of that invisible ghost arm.

Seeing that Nadia was suddenly grabbed by the invisible ghost claws by the neck, after he lifted his body, he saw Nadia exclaimed: "Tiya..."

Then hurried to chase.

As for the remaining Fire Girl and Ice Girl, Mary and the others were stunned at the same time.

Because they couldn't see the "ghost claws" at all, let alone something holding Nadia, but Nadia's own body was suddenly lifted up.

"Save Tia quickly."

The fire girl in front of her, and Mary exclaimed, the two of them jumped up almost at the same time, and then went to save Nadia.

It's a pity that at the moment when Fire Girl and Mary flew up, suddenly, an invisible resistance suddenly blocked Fire Girl and Mary's body.

With a bang, the strong resistance directly shook the Huo Girl and Mary down.

The two fell to the ground in an instant.

"Damn it." The fire girl who was forced to return to the ground roared.

But he said that Nadia was about to be captured by the evil spirit... Nadia's pretty face had become pale, and she was constantly struggling in the air.

At this moment, a figure flew up suddenly, and he shot.

He finally made a move.

Li Tian.

But seeing Li Tian's figure flying up suddenly, two extremely strong resistance suddenly swept across the invisible air, and the resistance was as if two evil spirits were blocking Li Tian.

But what about Li Tian?

Although his eyes couldn't see the evil spirit in front of him, his keen sense felt that there seemed to be something strange and evil in front of him.

At this moment, Li Tian roared, and his left palm suddenly came out violently.

With a bang, the extremely powerful energy slammed into the void ahead.

what

A terrible ghost cry suddenly came from the void, but I saw a black strange shadow being shaken by Li Tian's strong palm...

When the members of the Toledo family below saw that Li Tian was able to stun the evil spirit with his palm, they were all stunned.

"Oh my God, he, he, he can actually defeat the evil spirits?" The members of the Toledo family looked at Li Tiandao with unbelievable eyes.

"Ashamed, worthy of being the savior of our family, too powerful, too powerful."

The evil spirits in the mass graves are notoriously terrifying and evil here.

Even the Torrido family seldom provoke them under normal circumstances. It was unexpected that this time Li Tian would shock an evil spirit.

According to the truth, evil spirits cannot be shaken by Li Tian's palm power, but Li Tian's palm strength accumulates energy and evaporates, and evil spirits are erratic ghost energy. It's inevitable that the palm of the hand will give Zhenfei

Chapter 2216: Stubbornly resist

However, after Li Tian used his palm to repel the evil spirit that was blocking him, he flew straight to Nadia suddenly.

The speed is amazing.

Let's just say that just when Li Tianfei was moving towards Nadia, the invisible ghost hand that was holding Tia tightly, suddenly loosened Tia's neck, and then a sharp ghost shout... A cloud of black air instantly enveloped Li Tian. past.

Then just as the black mist enveloped Li Tian, a terrible ghost claw emerged from the black gas.

The ghost claws were pale and the nails were scary.

Scratched straight towards Li Tian's head.

Li Tianshen was in the air and saw the ghost claw attacking. At the moment, his right hand shook, and a powerful force was accumulated in his right palm. When the ghost claw was about to catch his head, his right hand suddenly Attack out.

With a bang, he hit the ghost claws in the black mist.

In the middle of the air, there was a horrible cry suddenly appeared, and then he saw an evil spirit with loose hair in the black fog, and he was suddenly blown out...

Then the body turned into a cloud of air, disappearing without a trace in a blink of an eye.

What about Li Tian? At this moment, even though the body moved forward and stretched out his hands, he caught the beautiful Tia who was falling toward the ground.

He put his arms around her delicate body, and then hugged her in his arms.

And what about Nadia? When he saw Li Tian come to save himself, his arms were also trembling tightly around Li Tian's neck, his head pressed against Li Tian's chest...

In this way, Li Tian saved the beautiful Tia.

After Li Tian fell down, Ron hurried to the front.

"Tia... Tia."

After he ran over, Nadia realized that he was still holding Li Tian tightly in front of him. At this moment, he not only let go of his hand, and then his face was embarrassed.

"Brother." Tia paled with fright, tears in her beautiful eyes.

Obviously, she was really frightened.

"Tia, how are you? Are you injured?" Ron, who was looking at him with worry, asked.

But seeing Tia touched her neck with her hand and said, "No...I don't!"

I looked closely, but I saw five purple paw prints on Nadia's neck.

The purple print was clearly pinched by the ghost claw just now.

Ron looked at the wound on his sister's neck distressedly, and not only said guiltily, "I'm sorry, Tia, brother, I didn't protect you."

But Nadia said with tears: "Brother, I'm fine, really."

Li Tian said with a solemn face at this moment: "Now I must leave here quickly."

"These evil spirits are not so easy to deal with." Li Tian suddenly said.

As soon as Count Roger heard it, he immediately said, "Everyone is ready, let's set off and leave this mass grave."

"Yes." The family members immediately replied after hearing the voice of Count Roger.

I saw the ghost mist in front of him at this moment, and the gloomy air was getting heavier.

The miserable ghosts screamed around from time to time.

"I'll clear the way, everyone will follow me." The fire girl yelled out of her mouth, moving forward first.

Along with the exit of her voice, she saw her whole body suddenly turn red... and then suddenly, endless flames erupted from her mouth.

The raging flame burned towards the eerie ghost fog.

In the flames, only some ghosts were screaming... and then the ghost fog that was not clear in the front disappeared in an instant, and then a clear path appeared in front of Count Roger and the others.

After seeing the road appearing, Lord Roger suddenly shouted there: "Everyone, go and leave this ghost place."

So the family members followed the Count Roger, and the flame girl at this moment, step by step towards the end of the mass grave.

And what about the back?

Only after Li Tian broke off!

But seeing that there were countless black shadows following Li Tian one by one behind him. Li Tian was not afraid, he just looked at the evil spirits who followed closely.

Suddenly, several evil spirits flew towards Li Tian with grim faces and heads scattered with unclear faces.

Li Tian's palms shook, and then a golden halo appeared from his body, and then enveloped his body.

That is Gang Qi, Jin Ba's Gang Qi protection.

No matter it was an evil spirit or some demon or ghost, it was difficult to touch Li Tian's body at this moment.

The evil spirits were extremely angry with Li Tian, and rushed towards his body one by one. Unfortunately, their bodies were all shocked when they touched the circle of Qi Qi protection body covered by Li Tian. The ghost is called...

As if they couldn't get close to Li Tian's body no matter what.

At this moment, Li Tian used his profound skill alone to break the back, and in front of him was Huo Nuo and Count Roger preaching.

After a while, I saw that Fire Girl had taken the members of the Torrido family and was about to walk out of the mass grave in front of me.

This mass grave is actually not very large, but because of the ghostly fog, it is impossible to see the direction clearly. Now there is the fire girl using flames to clear the way in front, so it will be much smoother.

Soon, they saw the exit of the mass grave under the leadership of Count Roger and Firewoman.

"Come on, everyone work harder, we are about to get out of this ghost place." Count Roger said excitedly there.

After all the family members heard the words of Lord Roger, they quickly accelerated their pace.

And what about the back?

I saw that there were more and more evil spirits, and the most vicious evil spirits flooded towards that Li Tian from all directions.

Although Li Tian used the body protection qi to block the terrible evil spirits, in the face of so many evil evil spirits, his golden qi shield became weaker and weaker.

The countless evil spirits are still hitting his body shield like a madman.

At this moment, Mary glanced at the broken Li Tian worriedly, and suddenly muttered, "Li Tian..."

Although Mary was worried about Li Tian, she could not help Li Tian.

At the moment they can only desperately get out of this place.

at last!

After Li Tian died alone, all members of the Torrido family finally escaped the mass grave safely.

What about Li Tian at the end? After seeing all the members successfully leave the mass graves, his body guard was broken at this moment.

The surging evil spirits all pounced on Li Tian at this time.

"Li Tian..." Mary called out in shock outside the mass grave.

At this moment, seeing that Count Roger was also looking at the scene there in horror, everyone looked at Li Tian with worry.

After all, so many vicious evil spirits are all surrounding Li Tian.

Chapter 2217: Fukaya

"Li Tian." Mary exclaimed.

He stepped forward suddenly, trying to rush over.

However, Earl Roger in front of him suddenly grabbed his arm.

"Mary, you can't go over... if you go in the past, not only will you not be able to help Li Tian, but it will cause him trouble." Count Roger said while pulling his daughter wisely.

It was said that Mary was being pulled by her father. Even if she wanted to help Li Tian in her heart, she had no choice but to watch that Li Tian worriedly.

The fire girl and the ice girl here are also looking up at the scene ahead.

I saw that Li Tian was completely surrounded by those ferocious evil spirits. The body guard qi in his body just now broke down. Countless evil spirits all entangled Li Tian, and they were extremely hideous. The horrible face of the ghost screamed at Li Tian.

But it was said that Li Tian's figure was soon surrounded by countless evil spirits, and in a blink of an eye, his figure was no longer visible.

Everyone was stunned for an instant after seeing Li Tian's figure suddenly surrounded by the evil evil spirits.

"Earl Roger, we have to find a way to rescue Li Tian." The Fire Girl suddenly looked at Count Roger with worry.

Nadia and Ron also yelled with extreme anxiety: "Yes, Count Roger, Li Tian can't resist it anymore. If you don't save him, it will be too late..."

As everyone said so, Earl Roger said at this time: "Okay!"

Just when he was about to let his family members to rescue Li Tian, suddenly the evil spirit that was tightly surrounding Li Tian suddenly seemed to be frightened.

what

A weird scream came from the ghost.

Then I saw the innumerable ghosts and evil spirits surrounding Li Tian, at this moment, they all dispersed.

Look at Li Tian again?

An unparalleled breath emerged from his body.

"Lawlessness, I alone dominate."

With the roar, the world was alarmed.

Countless strong energy suddenly shot at the surrounding ghosts and evil spirits like sharp arrows.

But seeing those evil spirits, screamed so much by this terrifying technique, and then all scattered Li Tian's body.

What about Li Tian? At this moment, he flew up and flew towards the outside of the mass grave.

Then Li Tian flew out from the endless evil spirits.

He escaped.

Peacefully escaped from the group of terrible evil spirits.

"Li Tian..." When Li Tian's figure fell outside the mass grave, Mary ran over and called his name worriedly.

"How are you? Are you injured?" Mary asked concerned.

Li Tian glanced at the evil spirits behind him, and slowly shook his head there and said, "I, I'm fine."

"Great!"

"You are okay, we can rest assured."

At this moment, after hearing Li Tian say that he was okay, the surrounding members of the Torrido family not only had their hanging hearts down.

Tia and Ron also walked over there quickly, looked at Li Tian and said gratefully: "Thank you...Thank you for saving our brother and sister."

Li Tian smiled faintly: "You are welcome."

Tia's face flushed, her mouth opened slightly, as if she wanted to say something, but in the end she swallowed.

What about here?

"Hey, I finally passed through this mass grave." Count Roger said with a sigh.

Surprises!

Fortunately, Li Tian was there, otherwise, Ron and Tia would have to die in this mass grave.

"The sky is about to dawn... We must quickly find a place to rest." Count Roger said suddenly, looking at the dim sky.

Li Tian and other members of the Toledo family looked at the sky at this moment, but saw that the dim sky was indeed almost bright.

It is already 5:00 in the morning.

According to reason, at this time, vampires should hide in a dark place and rest quickly, and now Earl Roger and the others have not found a place to rest.

"Earl Roger, is there any place to rest in front of you?" Just listen to Na Ka Suo asking there.

After Caso asked, Count Roger looked at the deserted place in front and said, "Everyone, come with me, I know there is a place to rest."

"Well, everyone follow Earl Roger."

"Go!"

So the group quickly followed the Count Roger and quickly looked for a place to rest.

As they followed the Count Roger, they soon reached under a valley.

The valley is so deep that you can't even see the bottom.

At this moment, Earl Roger led all the members of the Torrido family to here, and pointed to the bottomless valley and said: "This is the only place to rest."

Li Tian and the others looked up at the bottomless valley, and they were not only taken aback.

"Here?" Nadia asked, raising her surprised eyes.

Obviously, Ron and Tia, facing such a condescending deep valley, their scalp numb, after all, only the two of them are humans, not vampires.

"Tia, don't worry, we will take you down." Fire Girl smiled while looking at Natia.

Tia was embarrassed and did not speak.

I saw that Earl Roger said, "It's late, everyone, hurry up..."

After he finished speaking, but seeing Earl Roger first, his body jumped towards the bottomless valley.

He is a vampire.

So the height in front of him was not a problem at all for him. After the Earl Roger jumped down the deep valley, the rest of the Toledo family members also began to jump towards the deep valley.

At this moment, the fire girl said to Diadao: "Tia, come over and take my hand..."

Tia hesitated for a moment, then walked over slowly, and then held the icy fingers of the fire girl, the fire girl looked at Tia with a smile, and then she jumped into the deep valley.

Natia closed her eyes tightly, and then jumped down.

What about here? After seeing Tia jump down, that Ron also followed a vampire who was a member of the Torrido family and quickly jumped into the deep valley.

After a while, I saw them all safely landed in the deep canyon.

Tia and Ron were brought down smoothly.

This canyon is extremely deep, and there are countless large and small caves on both sides...

Such a hidden place, of course, cannot be illuminated by the sun, and this place will also be a place where Lord Roger and members of the Torrido family rest.

"Let's go, everyone goes over there to settle down and rest." Just listen to the order of Count Roger.

So all the members of the Torrido family walked towards the hidden cave.

Chapter 2218: Mountain of Immortality, Giants

All members of the Torrido family hid in the hidden cave.

Because only here can avoid the sun.

After all the members hid in, no one said a word, resting there.

Suddenly one of the members of the Torrido family murmured in that mouth, "I don't know how the elders are now? Hey..."

After he said something like this, the remaining members of the Torrido family were silent for an instant.

Their faces became sad and solemn, and they all stayed there, thinking of Elder Archid who had forgotten the temple in their hearts.

...

Time passed by, and the sky was indeed about to light up.

No one knows what is going on in the Forgotten Temple!

The Nicholas Mountains were still dozens of kilometers away from the extinct volcanoes, but I saw a group of dead knights marching there.

They are the armies of the Gangaro family.

Among the thirteen blood clan, the Gangaluo family is the most powerful and also the best at fighting.

Unexpectedly, Gangaluo's army really came, and it was about to reach the twisted forest.

I saw a large army of dead knights, and at first glance, there were not about 200.

Their whole bodies were covered in black clothes, and they wore golden hideous masks on their faces. The only thing that was exposed were those brutal and killing eyes.

They are the most brutal death knight army of the Gangaro family.

These army of death knights are riding death horses.

The eyes of the death horses were blood red, and the arrogance that came out of their mouths was purple, like the flames of hell.

These horses are undoubtedly some kind of monsters.

Headed toward the place of the twisted forest mightily.

The foremost place is a similar sedan chair carried by numerous vampire slaves of the Gangelo family.

The sedan chair was almost as long as the house, spacious and huge... It was carried by nearly 20 vampires of the Gangelo family.

No one knows what kind of person is sitting in that grand sedan chair!

On both sides of the sedan chair, there were two cold-looking Gangelo family fighters on each side.

One of them is a black man. His burly figure is like a bear. His eyes emit a green beastly light, and the pale fangs from his mouth stretched out... His sturdy hands also held a giant Axe, a great axe enough to open up mountains, riding a death horse.

If a member of the blood clan sees his great axe, he will definitely recognize who he is.

He is the Gangelo family, cruel and violent: Blood Axe, Earl Raymond.

The man on the other side, with blond hair, venomous and muddy eyes, and a touch of cunning and viciousness on his pale face, also rode a death horse, leisurely looking into the distance.

Although this guy didn't look as burly and violent as the blood axe Raymond next to him, his brutality was definitely not worse than that of the blood axe Raymond.

His name is: Berwick. In the Gangelo family, he is called: Earl Berwick.

The mighty Gangelo family army marched in the direction of the twisted forest.

Suddenly, a voice like a corpse came from the sedan chair being carried. The voice was harsh and unpleasant. He roared there and said, "Raymond, where is it?"

But after seeing the blood axe, Earl Raymond heard the voice of the dead body in the sedan chair, and quickly replied respectfully: "Thanks to Elder Uris, we are almost reaching the twisted forest."

Uris?

Could it be that the second elder of the Gangelo family, the corpse king Uris, sat in that sedan chair?

It was the monster that had wings on his back and turned Li Tian into a vampire: Is it the corpse king Uris?

But seeing a weird crow on the huge sedan chair, the dark crow with aquamarine eyes, looked at the person, making people shudder.

Yes, sitting in that sedan chair is Uris, the dead king of the Gangelo family.

But he said that after Earl Raymond said this, the corpse king Uris there replied slightly: "The day is about to dawn... inform the troops, step up, we will rush to the twisted forest before dawn."

After the corpse king Uris exited, Earl Raymond said quickly: "Yes!"

Then he hurried to the front to inform the death knights.

...

Far away, from the twisted forest, suddenly a death knight riding a death horse came back from the front.

He is a marching spy, a guy who inquires in advance.

He was extremely fast, and he quickly reached the team.

After reaching the Gangelo army, a man swept directly off the death horse, then knelt down on one knee, and said there: "Tell Raymond, Earl Berwick, his subordinates have already inquired about Torrey. The movement of multiple families..."

After he said this, the blood axe, Earl Raymond, suddenly waved his hand and asked with a throat there, "Tell me, what the \*\*\*\* members of the Torrido family are doing now?"

"Most of the members of the Torrido family have absconded, and only some of the family members are still in the Forgotten Temple." The death knight replied.

The blood axe, Raymond, when he heard his subordinates say so, suddenly roared: "What?"

"The gang of cowards from the Torrido family escaped?"

As the Raymond roared out, the death knight under him replied, "Yes, but Elder Archid of the Toledo family is still in the Forgotten Temple."

Leimeng's face was furious, his eyes were fierce, and he yelled, "Asshole, you can't let it go!"

"This time, Toledo will definitely be exterminated."

"Where are the black idiots? Didn't they stop the Toledo member who flees?" Raimeng Blood Axe roared.

But seeing that the death knight replied: "The guys from the Heiyi tribe have not captured Toledo so far, let alone stop the members who left Toledo..."

"These \*\*\*\* idiots are just a bunch of rubbish." Earl Raymond suddenly exclaimed.

"Retreat." The Blood Axe Raymond finally said to the death knight under him.

After receiving the order, the death knight quickly retreated.

At this moment, when he saw the blood axe, Raymond slowly turned his head, and replied to the corpse king Uris in the sedan chair: "Elder Uris, a part of the Toledo family coward has escaped..."

Following the exit of the blood axe Raymond, the corpse king Uris sitting in the sedan chair suddenly smiled weirdly.

"I heard."

Na Raymond asked, "Elder Uris, what shall we do?"

But seeing the corpse king Uris in the sedan chair suddenly growled with a loss-like voice: "You send a team of people and then outflank them from the path..."

"I believe that the gang of cowards who escaped definitely escaped from behind the Forgotten Temple."

"Behind the Temple of Forgotten, there is a barren wilderness, where there are few people, there is no grass, and there is only one area to go, and that is the area of the Immortal Mountain, where is the land of the stone giant."

"Raymond, you will lead a team of people to chase the escaped coward as soon as possible. I will notify the stupid stone giants, and then let them attack in two ways to kill the escaped group."

When the blood axe, Leimen heard what the corpse king elder Uris said, he said, "Yes!"

Then the horse whip, the death horse that was riding down, spit purple \*\*\*\* flames from his mouth, and then rushed forward.

"You, come with me! Let's chase after the cowardly members of the Toledo family." The blood axe Raymond waved at the dozens of death knights of the Gangelo family, and those dozens of death knights, All followed Raymond and drove forward.

They are chasing the escaped Earl Roger and them!

And it is said that there are stone giants of the Immortal Mountain in that far front...

What happened to the stone giants? How could he obey the instructions of Uris, the dead king of the Ganggro family?

Chapter 2219: Rush into the immortal mountains

Earl Roger and Li Tian hid in the valley.

This place cannot be exposed to the sun, so for Li Tian and Earl Roger, this is the best place to rest.

I saw all the family members lying in the dark cave.

But seeing Li Tian at that moment suddenly stood up from the cave, and then quickly walked towards Count Roger over there.

When Earl Roger saw Li Tian coming over, he not only sat up, but looked at Li Tian.

"What's wrong, Li, what's the matter?" Count Roger looked at Li Tian and asked.

But seeing Li Tian nodded silently, then sat down in front of Count Roger.

After Li Tian sat down, he raised his solemn eyes to look at Count Roger in front of him, and asked: "Earl Roger, there is something I want to ask."

Hearing Li Tian say this, then Earl Roger said, "Please speak."

But seeing Li Tian asked, "I want to ask, where are we going to escape? Is there a certain place in your heart?"

After Li Tian asked, Earl Roger suddenly hesitated, but saw him sigh deeply; "Actually, to be honest, I don't have a specific place to go now."

Li Tian had already guessed that Earl Roger would say this, so he came to ask the Earl Roger.

After all, there is no goal and blind escape is not the most fundamental way after all.

"Earl Roger, in this case, I am afraid it is wrong. The first thing we need to do now is to find a destination. Only in this way can we all have a goal."

After Li Tian finished speaking, Count Roger fell silent.

He thought about it for a long time, then suddenly raised his eyes and looked at Li Tiandao and said, "If we have to choose a goal, then we can only leave Italy...leave this country."

After listening to Li Tian, he thought for a while and said, "This is also okay."

"As long as there is a goal."

Count Roger heard that Li Tian agreed with his suggestion, and then went on to say: "Well, then we will make arrangements like this, and tomorrow we will start walking towards the Italian border."

Li Tian nodded silently.

But seeing that Earl Roger's face suddenly became slightly ugly.

Li Tian observed carefully, and at the moment when he saw that Count Roger's face suddenly changed strangely, he not only frowned slightly, but looked at the Count Roger and asked, "What's wrong, Count Roger?"

After Li Tian asked in front of him, Earl Roger suddenly said, "I have forgotten an important thing."

Li Tian asked in doubt, "What's the matter?"

But seeing that Count Roger frowned deeply and said: "That's it, if we want to leave Italy, we must pass through a very dangerous place."

Then Li Tianyi heard Count Roger say so, not only asked in amazement: "A dangerous place?"

"Where?"

Count Roger thought for a while and said, "The Mountain of Immortality..."

When Earl Roger said the words "Immortal Mountain", Li Tian could feel the fear and fear in his words.

But seeing Li Tianzai frowned slightly and asked, "Immortal Mountain? Is this place terrifying?"

I saw that Count Roger nodded cautiously and said, "Yes."

"The Immortal Mountain is the ultimate place to pass through the Italian border, and if we want to leave Italy, we must pass the Immortal Mountain." Count Roger said.

Li Tian questioned: "What is so terrifying about the Immortal Mountain?"

Count Roger's eyes changed slightly, and then he replied: "The Immortal Mountain is home to a group of ancient stone giants. Those stone giants are extremely tall, like hills, invulnerable...cruel and violent."

When Li Tian heard this, he was depressed.

"Stone giants?" To be honest, Li Tian had never heard of so many alien creatures in this world. At this moment, he was shocked.

But seeing that Count Roger said there: "Yes."

"The most depressing thing is that the Golem tribe has been conquered by the leader of the Ganglo family, so the Golem tribe obeyed the dispatch of the Ganglo family." The Count Roger in front of him said the most worrying problem in his heart.

After hearing the words of Lord Roger in front of him, Li Tian finally understood.

"Earl Roger, do you mean that the stone giants of the Immortal Mountain will listen to the orders of the Gangelo family?"

But seeing Earl Roger nodded silently and said, "Yes."

"The stone giants of the Immortal Mountain are a very strange race. The members of that race only admire the strong. More than a thousand years ago, Gangaluo's army conquered the stone giants, so until now, that The stone giants all obeyed the orders of the Nagangro family."

"What I am most afraid of is that Gangaluo's army will notify the stone giants, and then stop us." Count Roger said the most worrying problem in his heart to the 15th and 10th.

Li Tian was not only depressed after Earl Roger had finished saying this.

Count Roger was really worried. If the Gangaluo family had already notified the stone giants of the Immortal Mountain, then it would be really troublesome. Once the cruel and cruel stone giants blocked Count Roger and them If you keep pace, then the subsequent Gangelo family members will soon catch up with them.

After the members of the Gangelo family caught up with Lord Roger and them, it was really bad.

But after seeing Li Tian thinking about it, he looked at the Count Roger and said, "Earl Roger, do we have another way to go? Can we bypass the immortal mountain without meeting those huge stone giants? ?"

After Li Tian asked, he saw that Count Roger shook his head depressedly and said, "No, there is no way."

"If you want to leave Italy, you can only pass through the Immortal Mountains."

After Earl Roger said so, Li Tian was depressed.

Count Roger also hesitated not knowing what to do.

Finally, after Li Tian thought about it, he said: "Since we have to walk, then we will go to the immortal mountain range."

After hearing Li Tian say this, Count Roger was suddenly taken aback and looked at Li Tian and said, "Well, then, what do you mean is that we are forcing the immortal mountain range?"

Li Tian nodded firmly there and said, "Yes."

"Now there is no way to go, I can only rush."

"Those stone giants are scary, aren't they? I'll have a good time, those stone people." Li Tian finally said.

After hearing Li Tian say this, Count Roger gave him a surprised look, but seeing that Li Tian's eyes were firm and unusual, it could be seen that this time Li Tian had really made a decision.

Chapter 2220: Human moment

The sky finally dawned.

No matter how powerful a vampire is, it is impossible to act in broad daylight, even the elders of the Gangelo Family.

So all the dark blood races have begun to hide and rest. Some of them are hidden in immortal coffins, some are hidden in the deep forest, and some are hidden in underground graves...Anyway, as long as there is no sunlight, the dark kinsmen can hide and avoid.

The moment the sun rises is a human moment.

Italy, Catania.

But I saw a group of people walking hurriedly.

If you look closely, the line has the skin of a typical Asian, with an Asian demeanor, walking towards the train station in Catania.

They are not others, it is the evil god, and Duguxie, the ghost servant them.

It turned out that the evil \*\*\*\*\* has survived from the sea. Not only did he survive, but he also saved the lives of the ghost servant and the stupid man. Then they paddled the deck and reached Catania. At the port, after landing, they found Duguxie and others

Now Cthulhu finally gathered with Du Guxie and the others.

All they have to do now is to find Li Tian.

I saw the evil \*\*\*\*\* walking in the front first, followed by Duguxie, and the ghost servant...

The last place is Tang Xiaolong, Chen Qiaozhi, Situ Ningbing, Duanmuying, Ouyang Shiqing and other beauties.

"Big Brother, this is Catania Railway Station." Seeing that Baihua Fairy blinked his beautiful eyes suddenly, he said while looking at the tall Catania Railway Station standing in front.

After hearing the words of Sanmei Baihua Fairy, the Cthulhu not only raised his eyes and glanced at it, then said slightly, "Yes, it's here."

"Let's go, let's go buy tickets." He said so, but when he saw Cthulhu, he led everyone towards the station.

The train station in Catania was extremely crowded, and there were fair-skinned foreigners everywhere, with high noses, and they were talking in unintelligible Italian, and then they were talking about it. No one knows, these foreigners What are you talking about.

When Cthulhu brought everyone to the ticket hall of the train station in Catania, there were not many people in the ticket hall.

At this moment, Ouyang Shiqing stood up and looked at the Cthulhu Dao and said: "Senior Cthulhu, let me buy a ticket... I know a little bit about the Italian language."

The Cthulhu and Duguxie both knew that Ouyang Shiqing was a talented woman, so they nodded silently.

"Buy a ticket for the Nicholas Mountains." Cthulhu said in front of Ouyang Shiqing who was telling him.

Ouyang Shi said slightly, "Okay."

As Ouyang Shiqing finished speaking, she quickly arrived at the ticket window and started lining up to buy tickets.

After a while, he was sent to Ouyang Shiqing.

But the ticket seller was a fat Italian woman. After seeing Ouyang Shiqing walking over, she asked in standard Italian language: "Hello, miss, may I ask, where are you?"

Ouyang Shiqing smiled and replied, "I bought a train ticket to the Nunula Mountain Range..."

When the obese woman who sold tickets heard Ouyang Shiqing's words, she frowned slightly and said, "Excuse me, miss, the train track in the Nunla Mountain Range has been suspended more than ten days ago."

As the conductor in front of her said so, Ouyang Shiqing was suddenly depressed.

"What? Stopped? What do you mean?" Ouyang Shi asked in surprise.

The conductor replied, "Maybe you don't know. Recently, there have been many weird news in the Nicholas Mountains. I heard that most of the people there have been slaughtered by unknown species, and the villages have been destroyed. The government has not yet Check the situation...so our trains stopped all trains to the Nicolas Mountains ten days ago."

After the conductor in front of him said so, Ouyang Shiqing's pretty face suddenly hesitated.

But seeing her in the end, she still looked at the conductor and asked, "Is there no way to go to the Nicholas Mountains?"

The bloated conductor spread his hands and said, "At least I don't know."

Ouyang Shiqing felt depressed when she heard this.

At this moment, they could only walk towards the evil \*\*\*\* depressed.

When Cthulhu, Fairy Baihua and others saw that Ouyang Shiqing did not buy a ticket, but when they came over with an ugly face, they were all taken aback, looking at Ouyang Shiqing in surprise and asked, "Poetic Love , What's the matter? How can I buy a ticket?"

Ouyang Shiqing said depressed, "Hey, all the train tickets to the Nikolai Mountains have been suspended."

"What? Stop shipping?" Baihua Fairy screamed in surprise.

Duguxie coldly snorted and asked, "Why?"

Just listen to Ouyang Shiqing explain: "I heard the conductor tell me that she said that recently a series of strange massacres took place in the Nicolas Mountains, where not only people were brutally killed, but even the village was destroyed... ...She said that it was weird, unidentified creatures that destroyed the village."

The Cthulhu in front of him, and Fairy Baihua, suddenly wondered.

"Unidentified creatures? Slaughter humans?" They all became depressed one by one.

Ouyang Shiqing nodded silently, and said, "Yes."

When Ouyang Shiqing said this, the Duguxie was immediately depressed, looking at the evil \*\*\*\*\* and asking: "Brother, what can we do? There is no train to the Nikolai Mountains right now, what should we do?"

The Cthulhu is also depressed. Here, they are not familiar with the place where they are born. They only know that Li Tian may be in the Nicholas Mountains. Now it's okay. The train to the Nicholas Mountains has been suspended. ?

The evil \*\*\*\*\* thought for a while, and finally said, "Let's go to the bus station and take a look. I don't believe it. Isn't there a car in Catania to the Nicola Mountains!"

Under Cthulhu's decision, they rushed to the largest bus station in Catania.

But when they arrived at the bus station in Catania, the staff at the bus station also told them that they could not reach the Nicola Mountains.

They also said in the same way: All the cars leading to the Nicholas Mountains have been stopped.

At this moment, Cthulhu and Duguxie were completely depressed.

Nima, the train station stops sending trains and the bus station stops sending cars. What can I do?

Cthulhu, how do they get to the Nikolai Mountains?

I saw a group of people following the evil god, and everyone was walking forward depressed.

Suddenly, Duguxie cast a cold glance at the place behind him, and suddenly whispered to the Cthulhu Dao in his mouth: "Brother, there is a guy behind us all the way following us... Do you want me to catch him Live, ask?"

Hearing Duguxie's words, he looked back carefully, but there was indeed an Italian man with blond hair following them in the back place.

But what about Cthulhu? A faint smile appeared on his face and said, "I've noticed it a long time ago."

"Wait, after you get here, you catch him, I want to see, what exactly this \*\*\*\*\* wants to do with us."
