

"I'll ask you again, why are you following us?" Du Guxie said coldly.

Looking at Duguxie, the foreigner not only felt a sense of fear in his heart, he replied, "That's it, don't you want to go to the Nicholas Mountains?"

When Duguxie heard, "How do you know?"

But seeing the gringy continue to say: "Didn't I just say that, when I was at the train station, I heard your conversation, so I followed you, actually? I am driving a black car."

"You have also seen that now no matter it is the train station or the bus station in Catania, there are no vehicles going to the Nicolas Mountains. If you want, I can take you there." The golden-haired foreign country Lao Dao.

After hearing the words of the golden-haired gringo, the Duguxie and Cthulhu and others in front of them finally understood why the \*\*\*\*\* would follow them sneakily.

It turned out that this guy wanted to live.

Hearing that foreign guy said so, Duguxie suddenly said, "So it's like this."

"Sorry, I just misunderstood."

The golden-haired foreigner didn't say too much. He glanced at the evil god, Fairy Baihua and the others, and said, "Well, are you still going to the Nicholas Mountains now?"

"If you want, I can take you there, but at least \$500 for each person." The golden-haired \*\*\*\*\* in front of him said loudly at the lion.

Tang Xiaolong in front of him heard that the \*\*\*\*\* foreign guy asked for so much money, and he was immediately angry.

"What the \*\*\*\*\* are you robbing? So much?"

The foreigner was afraid of Tang Xiaolong. He hurriedly backed away and said in fear: "No one in all of Italy dared to drive to the Nicola Mountains... I, I, I'm trying to get you there. Yes... Of course I have to charge more."

"If you want, I can give you a slight discount, one hundred dollars off per person, how about? Are you willing?"

The gringy backed away while talking there.

Tang Xiaolong in front of him wanted to get angry, but he was held back by the ghost servant on one side.

But the ghost servant smiled and said, "Little dragon, forget it."

When Tang Xiaolong heard the master say this, he snorted in his mouth, glared at the guy fiercely, and then closed his mouth and didn't talk too much.

I saw that Duguxie looked at the \*\*\*\*\* and said, "Well, we will give you so much money, but you must ensure that we reach the Nikolai Mountains."

"If you dare to do tricks or play tricks, I can guarantee that you will regret it for the rest of your life." Duguxie said coldly, looking at the foreign man.

After hearing Duguxie's words, the gringy nodded there quickly, and then said in his mouth: "Don't worry, I am a man who is born sincere in business, and I promise to send you to the Nikolai Mountains. "

After hearing the foreign guy say so, Duguxie nodded slowly.

Then Duguxie turned his head and looked at the Cthulhu Dao behind him and said, "Brother, let's follow him."

The evil \*\*\*\*\* nodded silently.

So just like that, Cthulhu, Duguxie and others chose to follow this guy who pulled the black cart to the Nikolai Mountains.

At this moment, the foreigner led the evil \*\*\*\*\* and brothers, and while walking forward, he said in his mouth: "You are from that country?"

"How to get to the Nicholas Mountains?"

"Do you know that a lot of things have happened in the Nicholas Mountains recently?"

"Are you traveling there? Or what?"

...

The gringy talked there like a crow along the way.

Most of the brothers in front of him couldn't understand this gringo's bird language, so they didn't bother to pay attention to him, but followed him silently.

"Hey, why don't you like talking? Do you like our country? Our country has..."

When the foreign guy turned his head and was about to chatter at Tang Xiaolong and Duguxie, Tang Xiaolong became angry at once, and then shouted: "You \*\*\*\*\* talk about some bird language that I don't understand, wait a minute. I cut your tongue and wipe it."

Accompanied by Tang Xiaolong's roar, the foreign guy finally calmed down, and he didn't talk nonsense there anymore.

Everyone couldn't help laughing as the foreigner Tang Xiaolong said so.

Chapter 2222: Go to the Nicholas Mountains

Soon, the foreigner took the Cthulhu and others to his black car. .

His black car is a medium-sized bus, quite spacious, but without a business license.

I saw that after reaching his car, the gringy pointed his car and said excitedly: "How? This is my car?"

Cthulhu and Duguxie took a look at his car and didn't bother to care about him, so they walked in.

Where is that gringo? Seeing Cthulhu, they didn't pay attention to themselves, and they also seemed a little embarrassed, spread their hands there, and then followed on to the bus.

After the brothers got on the bus, they found that the bus was really spacious and neat, but it was not bad in general.

Everyone can finally feel relieved in their hearts.

"Hey, gringo, let me ask you, how long will it take to get to the Nicholas Mountains from here?" Chen Qiaozhi in front of him, looking at the gringo, suddenly asked.

The gringy turned his head and smiled, "The fastest, it will take a day."

Chen Qiaozhi and Cthulhu, when they heard it, it would take a day, not only frowned.

"Such a long time? Gingo, you didn't fool us?" Chen Qiaozhi continued to ask.

But seeing the foreigner said, "Of course I won't lie to you. Do you know that the Nicholas Mountain Range is on the westernmost side, and we are in the south now. If we pass from here, of course it will take at least one day... In the event of an accident, if there is an accident, it may not be possible in two or three days."

Hearing what he said, Tang Xiaolong roared: "Shit, we don't care about you so much. Anyway, in a day's time, you have to pull us to the Nicholas Mountains. Otherwise, our fare will cost you a penny. Don't want it either."

Listening to Tang Xiaolong's words, the foreigner was suddenly depressed, muttering in his mouth.

The car finally started.

The gringy stepped on the accelerator, then turned the steering wheel quickly, and then the car made a beautiful sharp turn, and the car flew towards the road ahead.

I have to say that this \*\*\*\* driving a black car is really good.

let's go.

The Gringo drove his bus like that, with the evil \*\*\*\* in front of him, and Duguxie, and they drove towards the Nikolai Mountains.

On the top of the car, Cthulhu was sitting quietly at the back.

His deep eyes looked at the distant sky from beginning to end, and there was a deep worry in his eyes, watching there.

But seeing that the fairy Baihua over there saw the appearance of the evil god, and then slowly sat down towards the evil god.

"Big Brother." The fairy Baihua in front of him whispered after reaching the evil god's side.

But seeing the Cthulhu heard Baihua Fairy's voice, he slowly turned his head, glanced at Baihua Fairy in front of him and said: "Sanmei."

"Is the eldest brother worried about Tian'er?" Fairy Baihua said suddenly.

But after seeing the evil \*\*\*\* heard what Baihua Fairy said, he suddenly sighed deeply: "Hey, Tian'er has been here for almost a month. I really don't know, how is he now?"

Hearing what the Cthulhu said, the fairy Baihua also showed a trace of sadness in his beautiful eyes.

"Brother, don't worry, we will reach the Nicola Mountains soon and look for the sky."

"I believe that Tian'er will surely turn bad luck into luck, and he will definitely not have an accident."

Listening to the comfort of the Baihua Fairy, the evil \*\*\*\* gave a wry smile.

"I don't actually worry about anything else. What I worry most is the situation that Tian'er is about to be bitten by a vampire. If Tian'er..." The Cthulhu suddenly said the most fearful thing in his heart.

After the Cthulhu said this, the fairy Baihua said: "Big Brother, do you mean, will Tian'er really mutate? Will he become that terrible... terrible vampire?"

When Fairy Baihua said this, her beautiful eyes trembled in horror.

But seeing the evil \*\*\*\* nodded cautiously and said, "Yes."

"When Tian'er is about to leave, it is almost like death. If he can wake up, it will definitely change."

"I really don't know, my child, what's the situation now." The Cthulhu said in agony.

When I remembered in my heart the scene where Li Tian was bitten in the neck by the corpse king Uris, Cthulhu's heart was cut like a knife.

He can't wait for the corpse king Uris to bite him.

In this case, you don't need your own son to endure that kind of pain... But even if the current Cthulhu blames himself no matter how much he blames, the pain cannot reach him.

Along the way, the evil \*\*\*\* was immersed in boundless pain, and his heart was heavy, thinking of his own son, Li Tian.

And what about Duguxie and Fairy Baihua? There was not much talk along the way, just sitting there quietly.

The car was speeding along the way.

That gringy drove quite fast.

In this way, everyone sat quietly in the car, waiting to reach the Nikolai Mountains.

But seeing the car speeding westward along the way, the strange thing is that there are no cars or villages on the road alone. This situation not only makes everyone startled.

I saw Tang Xiaolong frowning and looking out the window and said, "Hey, sick ghost, how come this road to Nicolas is so remote? There is not even a car shadow?"

Chen Qiaozhi said: "I found out early."

"It is very likely that something really happened in the Nicholas Mountains." Chen Qiao said as he raised his eyes and looked into the distance.

Then Tang Xiaolong became depressed when he heard it, and said, "The situation? What will happen there?"

But seeing Chen Qiaozhi said: "You forget the time when we were at the train station. The conductor there said that humans were slaughtered and the village was destroyed in the Nicholas Mountains... It was all caused by unknown creatures."

When Tang Xiaolong heard the words of unknown creatures, his eyes stared.

"seriously?"

Chen Qiaozhi gave him a glance, and then didn't bother to pay attention to him.

Tang Xiaolong saw that Chen Qiaozhi ignored him. After thinking for a while, he suddenly stood up from his seat and ran towards the foreign guy driving in front.

"Hey, gringo, let me ask you something." Tang Xiaolong said there.

Hearing what Tang Xiaolong said, the foreigner said in crappy Mandarin: "What's the matter?"

When Tang Xiaolong heard that this foreigner could still speak Mandarin, he was taken aback. He smiled and patted the foreigner on the shoulder and said, "I'll rub, you can speak our country?"

The foreigner was slapped by Tang Xiaolong's hand and almost broke his bones. He said embarrassingly, "I...I went to your country when I was a child. Your country is a very beautiful place, so I will say a little bit about you... Country."

The mandarin of this gringe is indeed not very good, but fortunately, he can understand it.

Chapter 2223: Painful feeling

But after seeing that this foreigner could understand his own words, Tang Xiaolong suddenly became excited.

I sat down next to the gringy and asked, "Hey, let me ask you a few things."

The foreign guy blinked his jewel-like blue eyes in surprise: "What's the matter?"

Tang Xiaolong asked there, "Tell me, why are train stations and bus stations in your country now forbidden to depart from the Nikolai Mountains?"

When the foreigner heard this, he said, "Because the western region is very dangerous now."

When Tang Xiaolong heard this, he asked depressed, "Danger? Why is it dangerous?"

The \*\*\*\*\* whispered: "You may not be very clear, but I can tell you responsibly that many people have died in the Nicholas Mountains... and many villages have been destroyed... At present, Even our country's government forces cannot solve the situation there."

Tang Xiaolong continued to ask, "Why? Did you find out what did it?"

"Who killed those people? Who destroyed the village?"

The foreign guy blinked a few times and said to Tang Xiaolong, "I told you, you might not believe it."

Tang Xiaolong smiled and said, "Just tell me, I will listen..."

The gringy then said mysteriously: "According to rumors, the murdered people in the western region and the destroyed villages were all done by dark vampires."

what?

When Tang Xiaolong heard what the foreigner said, he immediately screamed.

"What? Vampire?" Tang Xiaolong in front of him stared at the gringe who was driving.

The foreigner saw that Tang Xiaolong was so shocked, he said, "You don't believe it, do you?"

"But I tell you, what I said is true."

"Because a plane crashed in the Nicholas Mountains a month ago. At that time, our government sent several search and rescue team members to rescue. But what we never thought was that when our search and rescue team arrived, they were caught. The unknown creatures killed all of them."

"Only one of them survived."

"Moreover, he took a picture of the monster with his mobile phone and posted it on the official website. The photo showed that the monster had fangs in his mouth and his face was pale... and most importantly, he sucked human blood."

When Tang Xiaolong heard this foreign guy say this, he instantly remembered the crash of the plane on which his heavenly brother was flying.

Could it be that this foreigner was talking about the plane that Brother Tian crashed?

"Hey, let me ask you, where is the photo you mentioned? Show me." Tang Xiaolong asked quickly.

The gringy said, "I have it on my phone."

"Let me see." Tang Xiaolong called out excitedly.

Seeing that Tang Xiaolong was so excited, the foreigner slowly took out the phone from his arms and handed it to Tang Xiaolong in front of him.

After Tang Xiaolong got the phone of the foreigner, he quickly opened the photo library in the phone.

After opening it, I really saw the face of a vampire.

But in the photo, his face was pale, covered in blood, and he was standing fiercely with his sharp fangs stretched out.

Tang Xiaolong looked at it and screamed immediately.

"Brother Tian... is Brother Tian." An exclamation came out of his mouth.

It turned out that when Li Tian was killing the search and rescue team members, the only surviving member took a photo.

Following Tang Xiaolong's exclamation, the Heretic God and Du Guxie all turned their heads and looked at Tang Xiaolong suspiciously.

"Master, Senior Cthulhu, I have seen Brother Tian...This is Brother Tian." Tang Xiaolong suddenly shouted there.

While yelling in his mouth, he ran towards the ghost servant and Duguxie while holding the foreign guy's cell phone.

The Cthulhu and the ghost servants heard them, and hurriedly moved over them all.

They all looked at the gringle's cell phone.

At this look, they were all shocked there.

"Oh my god, this is indeed heaven..."

"This is Tian'er." The Cthulhu suddenly exclaimed.

He looked at the photo with an unbelievable expression in his eyes, and the ghost servants and Duguxie on one side were also stunned for an instant.

Because Li Tian in that photo is already very different from before, the Li Tian on it has completely changed into another appearance, with a pale and hideous face, and terrible blood stains all over his body, as well as the scary fangs in his mouth .

"Tian'er, Tian'er's teeth? How...how did it become like that?" Vernacular now exclaimed as soon as he saw the photo.

The ghost servants and Du Guxie glanced at each other, and their heads were instantly stunned.

"My God, how could this be?"

"Could it be that... could it be that... the young master... the young master has changed? He really became a vampire?" The ghost servant trembled in disbelief.

Situ Ningbing over there, Ouyang Shiqing, and Duan Muying stayed there for an instant when they rushed to see the face of Li Tian's vampire in the photo.

"How could this be?"

"How did Li Tian become like this?" Situ Ningbing said painfully.

What about Ouyang Shiqing and Duanmuying? He was also completely dumbfounded, and Li Tian, who looked at the photo with pale face and fangs in disbelief.

"Tian'er has really changed, and he has really become a vampire." A sentence finally came out of the evil god's mouth.

When the Cthulhu said this, Duguxie and the Ghost Servant were all stunned, looking at the Cthulhu in front of them with painful eyes.

"Big Brother." They shouted.

I saw the heretical god's tall body trembling violently, and then suddenly he fell down, as if he was about to fall.

The Duguxie saw that Cthulhu couldn't bear such a heavy blow, and his body wanted to fall down, so he exclaimed, flew forward, and immediately supported the Cthulhu, and shouted, "Big Brother, Big Brother, what's wrong with you?" "

"Senior Cthulhu..." Tang Xiaolong, Xue Wuhen and Chen Qiaozhi also rushed over there, looking at the Cthulhu with worry.

But seeing the color of pain in Cthulhu's eyes, he slightly stood up to the trembling body, and then looked at the picture of Li Tian's vampire. At that moment, his heart was broken, as if a thousand swords were slashing him. Like a heart.

He really couldn't accept the fact that Li Tian became a vampire.

As Li Tian's father, how could the Heretic God bear such a big change?

He is a human, but Li Tian has become a dark vampire.

Father and son cannot recognize each other, this is the most painful thing in the world.

Chapter 2224: Quirky town

"Brother, how are you?" Inside the bus, but seeing that Duguxie was looking at Cthulhu Dao worriedly.

Cthulhu caused a brief coma due to the excitement just now, but at this time he was already healed.

"I...I'm fine."

"Big brother, don't think too much, Tian'er will definitely be fine."

"I swear by Duguxie, no matter what method I use in this life, I will change Tian'er back. He will not become a vampire, he must still be our young master." The Duguxie in front of him is facing the evil god. Tao.

Cthulhu gave a bitter smile.

Changed back?

From vampire back to human? How easy is it?

When that Mary took Li Tian away, she said that it would be even more difficult to change back into a human being.

I saw the Cthulhu sitting slightly angry, then raised his domineering eyes, looking at the vampire Li Tian in the photo, and then said: "My son will never become an evil species."

"Even if my evil \*\*\*\*\* is broken into pieces and kills the world, he will save Tian'er."

His words were like a knife, penetrating the thin air.

Every brother in the car was looking up at the domineering evil god.

After Cthulhu finished speaking, everyone was finally silent.

Now everyone is thinking of Li Tian in their hearts. They don't know what is happening with Li Tian now? What kind of vampire did Li Tian become? Is it the same as the terrifying creature in Binjiang City before? The body is cold, and then has an immortal body? Do you still have sharp fangs?

Thinking of this, their hearts feel painful.

But what about Tang Xiaolong? Unexpectedly, when I asked about the Nicholas Mountains at this moment, I accidentally saw the picture of my brother that day, and he was a hundred depressed at this moment.

He looked ugly, looking at the picture of Brother Tian on the phone, and finally stood up helplessly, and walked towards the foreign guy driving in front.

After reaching the gringy, he threw the phone to the gringy,

"Back to you."

The foreigner caught his phone, then opened his jewel-like blue eyes and said to Tang Xiaolong, who was looking in front of him: "Hey, did you just say you know the guy in the photo?"

"Is he a vampire? Is he a real vampire in the legend?" The gringle asked the Tang Xiaolong curiously.

Tang Xiaolong was depressed at the moment. Hearing the foreign guy say this, he roared, "Your uncle, shut up Laozi!"

"You have to dare to mention the word vampire, I will throw you off the car."

Accompanied by Tang Xiaolong's roar, the foreign guy who was driving was stunned for an instant.

He never imagined that Tang Xiaolong would suddenly become angry at himself like a lunatic, and at this moment he quickly closed his mouth, and didn't dare to ask too much.

After seeing Li Tian's vampire photos by the brothers and Cthulhu, the entire carriage suddenly fell into an unprecedented gloomy atmosphere.

Everyone is thinking about things in their minds at this moment.

Everyone thought that Li Tian was bitten by a vampire and could be cured, but now from this photo, they feel that they are wrong.

Perhaps Li Tianzhen has not been cured yet.

Perhaps Li Tian has really become a vampire now.

Along the way, everyone stopped talking, everyone closed their mouths and no one spoke.

Situ Ningbing sitting in front, Ouyang Shiqing, and the beautiful Duanmuying, the three beauties are all heartbroken at this moment.

They thought in their hearts, what should they do if Li Tian becomes a vampire?

They love him so much!

But who can help Li Tian?

Time passed by, and the car was driving fast.

Coming along this road, I really didn't even see a person. I occasionally passed by and saw a few villages and small towns, but there was no trace of human beings.

It's as if this area to the west is completely barren.

The car drove fast all the way, and finally after about 67 hours of driving, the \*\*\*\* said that the car was out of gas and he was going to the nearest town nearby to refuel.

So, the gringy drove the car towards the nearby town.

Duguxie sat in the car and looked at the sky. It was already past 3 o'clock in the afternoon, and it would be dark in a few hours.

Duguxie asked, "Hey, how long will it take to reach the Nikolai Mountains?"

But seeing the \*\*\*\* replied: "It's coming soon."

"We have now entered the area of the Nikolai Mountains. Have you seen the mountains in front of you?" said the gringo, pointing to the dim mountains in the distance.

Duguxie glanced through the car window, then nodded and said, "Could it be the Nicholas Mountain Range?"

"Yes... but it will take another hour or two to actually reach that place."

"You must also know that the mountain road is rugged and you cannot drive too fast."

The Duguxie in front of him nodded silently after hearing the gringy say so.

"There is a small town in the first dozen or so, I will drive the car there later, and then everyone will take a break, I also put some gas in the car, and we will set off." The gringy said to the brothers in the car .

After hearing what he said, Du Guxie nodded and said, "Okay."

So, I saw the gringle driving towards the small town.

But seeing that \*\*\*\* drove the car and quickly reached the small town in front.

From a distance, you can see the signboard of the small town hanging on the road outside. It reads in Italian: Ivor Town.

After the brothers glanced at the name of this small town, they drove into the small town.

However, he said that while the foreigner drove the car toward the town, the Cthulhu, Duguxie and others in the car looked up at the town outside the car window.

There is no figure!

There is not even a person's shadow.

But seeing the empty road, there are puddles of weird black slime... and there are many messy clothes and furniture... as if it was dropped by someone.

I saw the small town in the front place. In the small town, there are all kind of American-style courtyards...

But seeing the neat rows of houses being built there... It's a pity that no one can be seen.

"Is there no one again?"

"It's weird," said Duguxie suddenly.

But seeing that vernacular, now she blinked her beautiful eyes and looked around and said: "There is indeed something weird here."

"It's weird to see no figure in such a big town now."

I saw that in the amazement of the brothers, the \*\*\*\* had already driven the car and drove towards the empty gas station in front of the town.

Chapter 2225: Cold body

After the gringy drove the bus in front of him to the dilapidated gas station, he stopped.

The foreign guy said, "I'll go down and come on..."

After speaking, they jumped out of the car, and at this moment the Cthulhu, and Duguxie all walked out of the bus.

But after seeing them get off the car, I don't know why, there is a rancid weird smell in the air.

The rancid smell was as if there were many rotting bodies hidden here.

"Sick ghost, the smell here is so unpleasant, did you smell it?" Tang Xiaolong suddenly asked Chen Qiaozhi in front of him.

But seeing that Chen Qiaozhi frowned and said, "I can smell it."

Chen Qiaozhi, who was saying this, also raised his eyes and looked around suspiciously at the moment. He wanted to know where the rotten breath came from.

After the Cthulhu and Duguxie came down, they also raised their eyes and looked around.

"It looks like there is no one at this gas station?"

Just listen to the ghost servant muttering in that mouth.

At this time, the Cthulhu and Duguxie had already walked towards the gas station room step by step.

When I got to the door of the gas station, I saw that the iron door was tightly closed.

Cthulhu walked to the door, then reached out his hand and knocked on the iron door lightly, yelling, "Is there anyone?"

As the sound passed in, the inside was extremely empty, and no sound came out.

The Cthulhu was taken aback, then reached out and knocked on the door, but unfortunately there was still no movement inside.

Cthulhu's brows frowned slightly, and his heart lined inwardly: Does this gas station really have no personal figure?

After thinking like this in my heart, but seeing the Cthulhu raised his hand and pushed open the iron door, the iron door was not locked. After being pushed, it opened.

Following the opening of the iron door, a rancid smell suddenly hit his face, as if something was dead in this room.

Cthulhu smelled the smell of rotting corpses, and immediately held his nose tightly.

That Duguxie also became cautious, and stood tightly behind the evil god.

"Big Brother, something seems to die in here?" Duguxie suddenly said.

The Cthulhu nodded slightly, and said, "Go in and take a look."

The Cthulhu who said this then lifted his steps, covered his nose, and walked into the dim room full of rotten smells.

After arriving in the room, but seeing that it was dark and messy, as if no one had lived in this room for a long time, Cthulhu walked to the edge of the wall, and then reached out and turned on the light switch in the room.

"Pop" After the Cthulhu \*\*\*\* pressed the light switch in that room, the entire dim room suddenly lit up, and everything in the room suddenly appeared in the eyes of Cthulhu and Duguxie.

The Cthulhu and Duguxie looked at him, and he was taken aback.

Oh my God, what terrible situation has happened here? How could it become like this?

Looking up, I saw that the whole room seemed to be completely destroyed. The glass on the wall was all shattered. The tables and chairs were all placed messily on the side. The white walls were even more scary. There are pools of blood.

The Cthulhu and Duguxie couldn't help being stunned when they saw this scene.

"What happened here?"

"How did it become like this?" Du Guxie asked in amazement.

The Cthulhu did not speak, with a silent face, and slowly walked towards the blood stain on the wall. After reaching the blood stain that had been dried and rusted away, he slightly stretched out his hand and touched the blood stain on the wall. Put it in front of the nose and sniff a little.

His face suddenly became ugly, and he said, "This is human blood."

"It seems that a terrible slaughter incident should have occurred here." The evil \*\*\*\* suddenly said coldly.

After hearing the evil \*\*\*\* say this, Duguxie looked around the room at this moment.

The Cthulhu walked forward along the blood stain, and bypassed the messy table. Suddenly the stench in front became stronger. He raised his eyes to see, my God, but saw two shriveled dead bodies lying in the front corner .

"There are corpses." A cold snort yelled from the evil god's mouth.

In the words of the evil God, the Duguxie in front of him hurriedly ran over, raised his eyes and looked over there. At this look, he was stunned at the moment.

I saw the two shriveled corpses on the ground, which had long been completely decomposed, and the extremely unpleasant smell of corpses radiated from them.

The two corpses are obviously gas station personnel, because they can clearly be seen from the clothes of their dead bodies.

It's just that the internal organs of the two corpses had already been hollowed out, and only a pair of shells remained all over, and even their heads changed shape as if they were gnawed by some beast.

The only thing left on his body was shriveled skin and flesh, and countless disgusting flies buzzing around there.

Looking at the two horrible corpses, the Cthulhu and Duguxie were stunned, and the two of them raised their eyes and stared at the two corpses in front of them unblinkingly.

"These two people were definitely not killed by humans." Suddenly a sentence came out of the evil god's mouth.

After Cthulhu said so, the Duguxie next to him also nodded in favor.

"Big Brother, then what can this cruel these innocent humans?" Du Guxie asked.

The Cthulhu raised a pair of ugly eyes, looked at the distant place suddenly, muttered in his mouth, "Something terrible."

After the Cthulhu said this, the Duguxie in front of him was not only taken aback, and did not continue to ask. He didn't know what the terrible thing was in Cthulhu's mouth, but he could still hear that the so-called terrible thing was absolutely Not average.

Apart from the two shriveled and rotting bodies, there was nothing else in the room.

After the Cthulhu and Duguxie looked at the entire room, they walked out of it.

Outside, but seeing Tang Xiaolong, Chen Qiaozhi, Xue Wuhen and Baihua Fairy and other beauties are still sitting there.

As for the \*\*\*\* who drove, he had already filled up the gas in the car at the automatic gas station.

But after seeing him filling up the gas, he suddenly said, "Where are the people at the gas station? I'll give him gas money..."

Following what he said, the Duguxie here suddenly said coldly: "No need."

When the foreign guy heard what Duguxie said, he asked, "Why?"

Duguxie said coldly: "Because the people inside are dead."

Accompanied by Duguxie's icy voice, the gringle was suddenly there, raising a pair of unbelievable eyes, and asking in horror: "You...you...are you lying to me? "

But seeing Duguxie coldly said: "If you don't believe it, go in and see for yourself."

The foreigner was dubious, and walked slowly toward the gas station room at this moment.

Chapter 2226: Extinct town

After the \*\*\*\* walked into the gas station, ten seconds later, only a scared scream came out from inside.

Then I saw the gringle rushing out of the room as if he had met a ghost.

"Dead, there are really dead."

The \*\*\*\* exclaimed as he ran out.

The brothers and the evil \*\*\*\* outside were all looking at the gringo.

After the foreign guy ran out, his face was pale, and his mouth was gasping violently.

"Let's go quickly... leave this place, there are dead people in the room, there are two dead people alive." The gringle screamed in fear with a face full of horror.

He said, but when he saw him, he ran towards the bus.

Obviously, he didn't want to stay in this place anymore.

But after he finished speaking, the evil \*\*\*\* suddenly said: "No, don't go in a hurry."

When the evil \*\*\*\* suddenly said this, the foreigner was stunned.

"What? Are you not leaving? Didn't you see the dead person in that room? Are you not afraid?" The gringy yelled depressed when he heard the evil \*\*\*\* not leaving.

But seeing that Duguxie took a cold look at the foreign guy and said, "My eldest brother says he won't go, but he won't go! Don't talk nonsense."

"If you are afraid, stay in the car by yourself."

Accompanied by Duguxie's cold suffocating voice, the foreigner was suddenly depressed.

To be honest, he was a little afraid of Duguxie, especially his horrible eyes that were cold to the bone. Therefore, hearing that Duguxie said at this moment, the gringy dared not talk too much, and then he was alone quickly. Get into his bus.

After the foreigner got into the car alone, but seeing the evil \*\*\*\* looking at the deserted town in front of him, he suddenly said to the people: "Let's go to the small town in front to see..."

"See if there are any living people there."

"Don't go away, everyone, be careful, this place is very evil." Just listen to the evil spirit instructing everyone there.

"Sanmei, take a few girls back into the car first." Cthulhu suddenly turned his head and said to the fairy Baihua.

The Cthulhu was worried about Situ Ningbing, Ouyang Shiqing, and Duan Muying, so he said that.

After hearing the evil \*\*\*\* say so, the fairy Baihua nodded and said, "Okay, don't worry, brother. I will take care of them."

The Cthulhu nodded, and then said nothing more, and walked step by step towards the deserted town in front of him.

And brothers? Then at this time, one by one followed the footsteps of the evil \*\*\*\* and walked towards the deserted town in front.

This small town called "Ivor" is as empty as a ghost town, with no personal shadows.

After the Cthulhu took Duguxie and his brothers into this empty town step by step, they found that every house was tightly closed, and there was no one.

On the ground, there are a lot of mottled scarlet blood in the grass.

Looking at the blood, Tang Xiaolong frowned and asked, "This blood...what's left behind?"

Chen Qiaozhi glanced at it, and then looked at the front house with the door half open.

"Go in and take a look." Chen Qiaozhi said there.

So, he took that Xue Wuhen and Tang Xiaolong to the room step by step.

The door of that room was half open. The lock on the door had been completely damaged, and there was still a large pool of blood at the door.

After Chen Qiaozhi and the others came over, after seeing the blood stains, they were not only shocked.

Then they reached out and opened the door slightly. After opening, the smell of corpses pounced on their noses.

"It smells so bad," Tang Xiaolong said while pinching his nose.

Then I looked at the room again. This room was exactly like the gas station at the entrance of the town. It was messy and there were mottled blood stains everywhere. The walls, the stalls, and the furniture in the room were all terrible blood stains.

Looking at these hideous bloodstains, the brothers were stunned.

No one knows what happened here.

"Oh my God, what happened here?" Tang Xiaolong said in horror.

But what about Chen Qiaozhi? Already stepping towards the inside.

Suddenly Chen Qiaozhi saw several dead bodies lying in the front place, and immediately shouted: "There are dead people..."

Along with his voice, Xue Wuhen and Tang Xiaolong rushed over quickly.

He looked up, but saw that the corpses of a family of three were lying in the front room.

The corpses of the family of three have long been rotten, and their internal organs have also been hollowed out. The only thing that can be distinguished is their clothes.

One man, one woman, and a 67-year-old child.

All died, and only the skin of the clothes was dry.

"What exactly did these people kill by? It's too cruel." Even Tang Xiaolong couldn't help but said in shock.

Chen Qiaozhi and Xue Wuhen in front of them also frowned deeply and did not speak.

After looking at these corpses for a while, they left the room in front of them.

That Cthulhu, Duguxie and Ghost Servant also happened to walk out of the empty room next door.

"Senior Cthulhu...Is it possible that all the people here are dead?" After seeing the Cthulhu, Tang Xiaolong walked over and asked.

The Cthulhu glanced at him and said, "Have you also found the dead body?"

Tang Xiaolong replied: "Yes."

"Just now, all three of the family in that room died. The death was extremely ugly, as if the internal organs were eaten by some beast." Tang Xiaolong said.

After listening to Tang Xiaolong's words, the evil \*\*\*\* nodded silently and said: "It seems that this town has indeed been slaughtered clean."

"The people here should all be dead."

As the Cthulhu said this all of a sudden, the brothers in front of him suddenly widened their eyes, and looked at the Cthulhu Dao in disbelief and said, "Huh? All dead?"

"Senior Cthulhu, what do you mean... such a big town, people, people, are all dead?" The brothers asked in horror.

But seeing Cthulhu's ugly face nodded there and said, "It should be."

"Since we came to this town, there hasn't even been a living thing... Can you imagine, can the people here still live?" Cthulhu said.

After Cthulhu finished saying this, the brothers were all at a loss.

"But, what the \*\*\*\* is this?"

"Why is it so cruel?" the brothers asked in surprise.

At the moment they just asked about the exit, a loud "click" suddenly came from the front town.

The sound was like fighting.

After hearing the weird sound suddenly, the brothers were all startled instantly.

Chapter 2227: Weird guy

"There is movement."

"The place in front seems to be someone." Suddenly, Tang Xiaolong screamed.

What about Cthulhu? At this time, Leng Li's domineering eyes quickly bet on the place where the sound came from, and then roared: "Go, let's go over and take a look."

Accompanied by his roar, he saw his figure swiftly vertical, and then flew towards the direction of movement.

The ghost servants behind him, Duguxie and the brothers, also displayed their body skills at the same time, and followed them very quickly.

After the Cthulhu quickly flew over, he immediately saw a motorcycle parked outside one of the empty rooms.

That motorcycle is a modified 250, which is very large and has four huge exhaust pipes.

At the rear of the motorcycle, there is also a "Flying Eagle" sign.

At this moment, Cthulhu and his brothers all saw the motorcycle parked outside after they all arrived here.

"Someone?" Tang Xiaolong said suddenly when he saw the motorcycle.

But what about Cthulhu? At this moment, he glanced at the motorcycle, and then at the room in front of him, and suddenly came quickly toward the motorcycle.

Then he reached out and touched the exhaust pipe of the motorcycle.

"hot."

"There are indeed people here." Cthulhu said coldly after touching the heated exhaust pipe of the motorcycle.

After Cthulhu said so, but seeing the eyes of the brothers, they all looked at the front room suddenly.

After looking at the room, the evil \*\*\*\* in front of him suddenly said in a low voice: "Second brother, you go to the back and guard..."

When Duguxie heard the evil \*\*\*\* say this, he nodded knowingly and said, "Yes, brother."

Then quickly stretched his body and swept towards the back of the room, it was obvious that they were going to flick back and forth.

Although no one knows who the person in that room is at this moment, in such an extremely empty town of dead people, the evil gods must be careful.

At this moment, after the Duguxie reached the rear, the evil \*\*\*\* here began to walk towards the room.

The ghost servant and Tang Xiaolong also followed closely.

Following their footsteps, they walked towards the room step by step, but saw that there were still these footprints on the stairs of this room, but there was no sound in the room.

After reaching the door of the room, Cthulhu slightly stretched his hand to push the door.

There was a squeak, but the door was pushed open.

As soon as the door of the room was pushed open, suddenly, with a swish, a strong wind shot towards the evil \*\*\*\* face to face.

But it turned out to be a silver bow and arrow.

Unusually sharp, poking the evil god's head with the howling wind.

"Senior Cthulhu, be careful." The brothers exclaimed immediately when they saw Wu Xiaoli Arrow stabbing at the Cthulhu.

But what kind of character is Cthulhu? How can you be hurt by such a dark arrow?

However, when the evil \*\*\*\* suddenly saw a howling silver arrow shot towards him, his mouth suddenly roared, and his footsteps did not even escape. Suddenly he stretched out his hand and banded, but he saw that sharp and sharp arrow was The Cthulhu took it in his hand abruptly.

At the moment when Cthulhu caught the silver sharp arrow, a figure flashed out from the door of the room.

The figure held a silver head in his hand, and then stabbed at the evil \*\*\*\* fiercely.

He was still speaking in languages that he didn't understand at all.

As the silver head in his hand pierced towards the evil god, the evil \*\*\*\* turned his body, then his left hand backhand shot out, and the strong palm power directly hit the opponent.

With a bang, the heavy palm hit the iron gate.

The iron gate was smashed and fell down. Then he saw a foreign man with blond hair, holding a silver head in his hand, his eyes widened, and he looked at the iron that had been knocked off before him. door.

He seemed stunned.

I don't know if it was shocked by the evil god's domineering and unparalleled grip? I don't know why? Anyway, his eyes widened like that, and he stood there in a daze.

At this time, the evil \*\*\*\* and the ghost servants, as well as the brothers Tang Xiaolong, Xue Wuhen, etc., had already jumped in and surrounded this weird foreigner.

"Damn, do you dare to attack Senior Cthulhu?"

"I slaughtered you a foreigner." Tang Xiaolong roared and was about to shoot.

But suddenly he was held back by the ghost servant on one side.

"Xiaolong, wait first." After the ghost servant grabbed the excited Tang Xiaolong, he suddenly stopped him.

Tang Xiaolong clenched his fists angrily, glaring at the foreign guy there.

But seeing that foreign guy looks like 2526, with blond hair, fair complexion, and a pair of blue eyes looking at the evil \*\*\*\*\* and brothers at the moment.

"Youarethepeople" suddenly came out of the foreign guy's mouth in English.

What he meant was to ask the evil \*\*\*\*\* and brothers, are they human?

Cthulhu and Chen Qiaozhi, although they don't understand Italian language, they can understand English. When the foreigner asked this, he said coldly: "Nonsense, of course we are human."

"What about you? Who are you?" the evil \*\*\*\*\* asked with a cold snort.

The gringy became excited when he heard the cold words of the evil god.

"You... Are you... from Huaxia?" He suddenly spoke in blunt Mandarin.

After this guy said so suddenly, the brothers were taken aback for a while, and then raised their eyes to look at him.

"Yes, so what."

After the brothers said it, the foreigner got excited, and said with excitement: "Great, I finally saw a living human being."

After hearing this weird foreigner say so, the brothers in front of him were taken aback.

"What nonsense are you talking about?"

"Who are you? If you don't tell your identity, I will kill you." The evil \*\*\*\*\* in front of him suddenly said coldly.

But seeing the foreigner, he hurriedly waved his hands and said: "Don't, don't get excited... I am a human... I am a human just like you."

After hearing this foreigner say so, the evil \*\*\*\*\* roared: "Nonsense, of course I know you are human."

"What I am asking now is, who are you? What is your identity? How can you stay here?"

"Also, why are all the people in this small town killed?" the evil \*\*\*\*\* roared.

After hearing the evil \*\*\*\*\* say this, the foreigner shook his head and said: "no, no, it's not me...not me...you misunderstood, misunderstood."

"I am a blood hunter, I am not a murderer."

"The people in this small town were all killed by evil vampires, not by me." In this way, the foreigner in front of him spoke Chinese.

Chapter 2228: I am blood hunting

When he heard this blond-haired guy suddenly claiming to be a "blood hunt", the Cthulhu, Duguxie and others were all taken aback.

But seeing Cthulhu coldly asked, "What do you say you are?"

The blond-haired young man hurriedly said, "I am a blood hunter."

"It's a character who specializes in hunting vampires." The guy said.

When the brothers heard this guy say so suddenly at this moment, they looked at him in surprise.

But seeing Tang Xiaolong look at the blond-haired guy contemptuously and said: "Just you hunt for blood? You hunt vampires? Blow you?"

When the blond-haired guy heard this, he suddenly became unhappy and said, "I'm really a blood hunter."

"I am the character of the Pope the Sun..." said the road before him.

After hearing this guy's words, the evil god, ghost servants and others frowned and asked, "Pope Sun? We have never heard of it."

But when the blond-haired guy heard what the evil \*\*\*\* said, he quickly explained: "Our Pope Sun was born in Europe and has a history of thousands of years... Our survival is to kill the evil. Vampires, you haven't heard the name of our pope, but it's normal."

"You lie!" Tang Xiaolong didn't believe that he said there.

"I don't think you guys are a good thing at first sight. You stay in this room sneakily... and you also attacked our Cthulhu Senior... Do you still dare to claim to be a Sun Cult? Shit, you are a badass  
"Tang Xiaolong cursed at the blond-haired guy there.

The blond-haired foreign guy, when he heard Tang Xiaolong say this, he felt aggrieved and explained, "I'm really not a bad person."

"Moreover, the reason why I shot at you just now... is because I thought you were evil vampires."

"You have to know that this town has been completely trampled by the \*\*\*\* Black Vampire... I came here to find those evil vampires and then destroy them, but I did not expect you to come here, so I just took it rashly." The foreign guy explained.

When Tang Xiaolong heard this, of course he didn't believe it, and was about to continue speaking, but when he saw the evil god, he suddenly stopped Tang Xiaolong.

After the Cthulhu stopped Tang Xiaolong, Tang Xiaolong stopped speaking and stared at the foreign guy.

But seeing Cthulhu, he slowly raised his eyes and looked at the guy in front of him who claimed to be a "blood hunt".

Asked: "You just said that all the humans in this town were killed by vampires?"

But seeing that foreign guy nodded vigorously and said, "Yes, yes, it was the evil vampire of the Heiye tribe."

"Heiyi tribe? Vampire?" The evil \*\*\*\* in front of him frowned slightly.

When the brothers and Cthulhu were in Binjiang City, they only knew of the vampires of the Toredó family and the vampires of the Ganggro family, but they had never heard of the vampires of the Heiyi family. At this moment, I heard this claiming to be "blood hunt" The guy suddenly spoke of the name of a weird "blood clan", and the evil \*\*\*\* in front of him certainly felt very strange.

But seeing the blond-haired foreign guy saying there: "Yes, it's the ugly thing of the Heiyi people."

"The Heiyi tribe is the ugliest and most inferior vampires among the thirteen blood tribes. Their faces are ugly and twisted, and they are extremely evil. They live in underground sewers... drill in the graves, and then sneak attacks on humans... No evil is done."

Listening to what the golden-haired \*\*\*\* said, the evil \*\*\*\* and the brothers were taken aback.

I thought to myself, is this guy saying true or not?

Is it a fool? Still true.

The thirteen blood clan, the evil gods have indeed heard of it, but is the matter of the vampire of the Heiyi clan true or false? They really don't know.

"Then tell me, why did the vampires of the Heiyi tribe suddenly attack humans here?" Cthulhu continued to ask.

But seeing the golden-haired gringer said: "That's because the war of blood has broken out now."

"The evil side is currently attacking the Justice League."

Cthulhu, they felt more and more strange when they heard it.

"War of the blood race broke out? The evil will attack the Justice League again?" Everyone of the brothers didn't understand what this guy was talking about.

But seeing the gringy in front of me saw that the brothers didn't understand, so he sighed and said, "Hey, it seems you really don't know anything."

"Well, let me tell you so briefly... In Western countries, there are a lot of dark vampires. These dark vampires have existed from ancient times to the present... They each reproduced and survived. They are divided into ten. Three clans. Among these thirteen vampire clans, some are good and some? They are evil. Among them, the Gangaro family is the most evil. They slaughter humans and have always wanted to annex the world. ...Let the darkness spread to the whole world, and the justice side? The Torrido family is the leader, and the Brun family, etc... But unfortunately, the current Justice League is in a short period of time. The evil side was wiped out...Among them, the several major clans of the Justice League have all been slaughtered by the Gangelo family and the Heiyi clan... Only the Torrido family is remaining stubbornly resisting... "

As the gringy in front of him said so, the evil gods finally believed that this guy might really be a so-called "blood hunt."

After all, he can name the "Gangelo family" and the name of the Torrido family.

"What you said is true?" Cthulhu asked.

The golden-haired gringy said, "Of course it is true."

"The villagers in this small town were all killed by the ugly vampires of the Heiyi tribe." The blond-haired man in front of him said.

Cthulhu finally understood everything when he heard it.

No wonder the death of the villagers in this small town is so ugly. The internal organs seem to be chewed clean, and even the heads have changed shape.

It turns out that the dark vampire really did it here.

But seeing the evil \*\*\*\*\* after hearing the blond-haired guy say so, he suddenly sighed: "It seems that this place was indeed attacked by a vampire... No wonder, when we were in Catania, there were still cars in the train station. The stations stopped heading here."

After Cthulhu said that, the brothers in front of him also understood everything instantly.

vampire?

All of this was done by the vampire.

When the brothers heard the word vampire, they were angry and hated.

Chapter 2229: The appearance of vampires

"By the way, who are you? How come you came to this place?" Suddenly the golden-haired gringy looked at the Cthulhu and others curiously and asked.

"You are not Italians, but Chinese, how come you came here?"

"Traveling? Or why? Do you know that vampires are inhuman? Once they bite your neck, you will undoubtedly die. Even if you don't die, you will be infected, and then become vampires just like them." The guy said to the evil \*\*\*\*\* and brothers in front of him.

After hearing this golden-haired foreign guy say so, the evil \*\*\*\*\* in front of him didn't even pay attention to him, and walked straight to the outside.

The brothers didn't bother to take care of this guy, so they all followed the evil \*\*\*\*\* and walked out.

What about the gringy? Seeing that the brothers had all gone out, they hurriedly followed out.

"Hey, hello, why don't you talk? Who are you anyway?"

"Also, your kung fu is amazing..." The blond-haired guy who claimed to be a blood hunter said to the evil \*\*\*\*\* with admiration.

Just now, this guy attacked the Cthulhu in secret, but was blocked by the Cthulhu with only one move, and the Cthulhu had just used his palm to almost injure this guy alive. If it weren't for the fact that the Iron Sect had blocked the Cthulhu's palm power, I guess this The guy who claimed to be a blood hunter had already fallen to the ground, so he admired not only the evil \*\*\*\*\* at the moment.

Seeing this foreigner follow out like a worm, Cthulhu suddenly turned his head and glanced at him coldly and said, "Do you know the territory of the Toledo vampire family?"

Suddenly hearing the evil \*\*\*\*\* in front of him ask this question, the foreigner was taken aback, then nodded there and said, "I, I know."

"You, how do you know the Toledo family? Didn't you just say that you don't know about vampires?" The gringy suddenly blinked his eyes suspiciously and asked the evil god.

But seeing Cthulhu said: "Who told you that we don't know about vampires?"

Listening to the evil \*\*\*\*\* suddenly said coldly, that foreign guy was speechless.

Yes, the Cthulhu and the brothers hadn't said much just now, and it was this guy who was talking there himself... He was suddenly a little embarrassed when he heard the Cthulhu say this.

"I want to ask you something, I hope you can tell me the truth." The evil \*\*\*\*\* in front of him suddenly looked at the \*\*\*\*\* and asked.

A smile appeared on the corner of the gringy's mouth, and then he nodded seriously and said, "Okay, you can ask..."

"Tell me, where is the Torrigo family? How far is it from this place?" Cthulhu asked suddenly.

After hearing the evil \*\*\*\*\* say this, the gringy pointed to the western area and said, "Did you see? The mountain in front is the famous Nicolas mountain range in Italy. After passing that mountain range, he almost reached the Torrigo family territory. Now, there is a forest there, its name is Twisted Forest, and the territory of the Torrigo family is inside that Twisted Forest."

After hearing the foreign guy in front of him say so, the evil \*\*\*\*\* raised his eyes and looked at the rolling mountains in the distance.

I secretly said: It seems that what this guy said should be true. I heard from the previous Mary that their family is indeed in a place called Twisted Forest... Now this gringy said so, then the Torrigo family It should be that place.

After thinking like this in his heart, Cthulhu became excited.

After all, he is about to reach the Toledo family, as long as he reaches the Toledo family, he will be able to see his son: Li Tian.

"Thank you." Just listen to the evil \*\*\*\*\* in front of you saying to the gringy.

The foreigner smiled slightly and said, "You are welcome."

"Why did you reach the Torrigo family site? Do you know that there is a war going on there?" The guy in front of him who claimed to be a blood hunt suddenly asked.

But seeing Cthulhu said: "Because we have to go."

When the foreigner heard this, he was depressed and said, "I have to go? Why?"

The Cthulhu said coldly: "If you shouldn't ask, it's better not to ask."

The \*\*\*\*\* ate behind closed doors, so he stopped asking.

The Cthulhu didn't bother to pay attention to the foreigner in front of him, so he took his steps and led the brothers to the front.

What about that gringy? Suddenly followed him like a worm.

Seeing that this foreigner actually followed up again, Tang Xiaolong asked depressedly, "Hey, why are you following us?"

The gringle smiled and said, "I forgot to tell you. Actually, I am also going to the Torrido family."

"You go to the Torrido family? A liar? What kind of medicine does your kid buy in the gourd? Why do you follow us?" Tang Xiaolong in front of him seemed quite prejudiced against this foreigner, and asked angrily.

But seeing the grievances of the foreigner said: "I am really going to go to the Torrido family."

"You may not know that our Pope Sun has been on the same front with the Justice League of the Blood Race thousands of years ago. This time the Torrido family suffered the greatest disaster in thousands of years, so as Pope Sun The blood hunters will help the Toledo family unconditionally... so I am going to the Toledo family to help and deal with the evil vampires."

"Just your little ability to deal with vampires?" Tang Xiaolong glanced contemptuously at the foreigner and said.

But seeing that gringy, said: "You, you, do you look down on me?"

Tang Xiaolong laughed and said, "You just know it."

"You..." The foreigner almost jumped up.

I saw that he was waiting for Tang Xiaolong's theory in front of him, and suddenly I saw a terrible cry from the house in front of him. The cry was terrible and harsh, like a ghost crying.

"What sound?" The evil \*\*\*\* and the brothers in front of him suddenly turned their heads and exclaimed when they heard the weird cry.

But what about that golden-haired gringe? After hearing that voice, the blue jewel eyes suddenly lit up.

"It's a vampire, a vampire of the Heiyi tribe."

"The \*\*\*\* evil things finally appeared...I have been guarding them here, but I didn't expect them to finally show up." The golden-haired gringy in front of him suddenly said with excitement in his eyes.

The Cthulhu and the brothers in front of him heard this guy say this, and they looked at him suspiciously in their eyes.

"What? A vampire of the Heiyi tribe?" Tang Xiaolong looked at the foreigner in surprise and asked.

But seeing the golden-haired gringe, he nodded quickly and said, "Yes."

"I have been guarding here since last night... There are a few vampire members of the Black Lac clan lurking in this small town... I have been waiting for them to appear, and then destroy them, no I thought, they finally came out."

Chapter 2230: The Black Vampire Appears

Listening to the foreign guy in front of him suddenly saying this, the evil \*\*\*\* and ghost servants in front of them were all startled slightly.

At this moment, the foreign guy had already rushed to the room where weird screams came.

The Cthulhu and the brothers saw this guy running toward the front, and they all hurriedly followed.

None of them had ever seen the so-called vampire of the Heiyi tribe, so they all wanted to come over and see, they wanted to see what kind of evil things were killing humans.

As they ran over quickly, but seeing the gringy "hush" in his mouth, it was obvious that he was signaling the brothers to be quiet.

After seeing his gestures, the brothers also slowed down slightly, and then all raised their eyes and stared at the room where the weird cry was made just now.

I saw the golden-haired gringle, and then walked towards the room first.

Tang Xiaolong, who followed him, glanced at the foreign guy, and whispered in his mouth: "Is this guy really talking about it? Is there really a vampire here?"

Chen Qiaozhi next to him said to him: "No matter what, I will know the result later."

Tang Xiaolong thought for a while, too, so he nodded.

All behind that at the moment, following the golden-haired gringy.

But I saw that the golden-haired gringy had reached the door of the room at this moment, but the door of the room was closed, and I couldn't see the situation inside.

No one knew what terrible things were in that room.

At this moment, I saw the blond-haired foreign guy, who had already begun to push the door.

When he pushed the door, the brothers here were all looking at him with blinking eyes.

With the gentle force of his hand, the door of the room in front of him was really slowly pushed open...

The empty room was pushed aside by the gringo, but there was nothing, it was dark inside, and the situation could not be seen clearly.

"No? There is no vampire." Tang Xiaolong whispered from behind.

Chen Qiaozhi glared at him and said, "Shut up first, don't talk."

Tang Xiaolong snorted, but he obediently closed his mouth there, really stopped talking, and raised his eyes to look ahead.

And now? The golden-haired foreigner has already stepped into the room.

At the moment when he just entered the room, there was a terrible cry in the room, the sound was weird and unpleasant, and then the whole room suddenly heard the sound of crackling and fighting.

When the evil \*\*\*\*\* and the brothers heard it, they shouted, "Quickly, go in and help."

With a sharp roar, the evil \*\*\*\*\* rushed towards the room at the fastest speed.

With a swish, his figure has arrived in the room.

After the Cthulhu arrived in the room suddenly, he saw at a glance in the dark room, a few dark, hideous and weird monsters, surrounded the foreign guy with blood-red eyes.

But what about the gringy who claims to be a blood hunt? At this moment, he had already pulled out the silver head in his hand and held it against the 67 dark monsters with ugly faces.

"What the \*\*\*\*\* is this?" This was the first thought of the Cthulhu.

Although Cthulhu has experienced many ups and downs in his life, he has never seen such a weird species. They have ugly and twisted faces, their arms and legs are bare, dark and ugly, their limbs lying on the ground, their faces He was ugly, showing extremely sharp fangs, hissing there, and at the same time the blood-red eyes that exuded animality also stared at the incoming evil god.

Heiyi.

That's right, these 67 ugly monsters in front of them are the vampires of the Heiyi tribe.

It turns out that when the army of vampires of the Blackvillain was marching towards Toledo, they once destroyed the village and town, and these vampires of the Blackvillain were left behind. They have stayed in this little place since they were left behind. In town...

However, all the living people in this small town have been killed and eaten, and even all the animals have been killed by the vampire...So these ugly vampires have been hungry for so many days continuously because of excessive Hunger, they will not hesitate to look for food and blood in broad daylight.

Unfortunately, they did not dare to see the sunlight, so they could only stay in a dark room, but they did not expect that they would be discovered by the "Gringo" who claimed to be a blood hunter.

Since last night, this foreigner has been guarding the outside of the room in front of him, waiting for these \*\*\*\*\* Black Vampires to appear, but he didn't expect them to finally appear.

I saw a few ugly-faced vampires of the Heiyi tribe staring at the blood-red eyes, and disgusting things like slime flowed out of the innermost, looking at the evil \*\*\*\*\* and the foreign guy savagely.

There was a roar in their mouths, and their bloodthirsty eyes became feverish.

They saw human beings, smelled the heretic \*\*\*\*\* and the blood aura from the gringo's body. They wanted to eat the evil \*\*\*\*\* in front of them, \*\*\*\*\* up their blood, and then replenish themselves.

At this moment, but seeing Tang Xiaolong and the ghost servants, Xue Wuhen and the others also rushed in.

After seeing more humans entering the room all at once, the 67 ugly-faced vampires of the Heiyi clan let out a terrifying cry again.

And what about Tang Xiaolong and Xue Wuhen who came in? The moment he saw this Heiyi clan vampire, he was immediately dumbfounded.

"Hey, this, what kind of monster is this \*\*\*\*\* monster?" Tang Xiaolong never said that the foreigner was a lie. At this moment, he blinked a pair of extremely ugly eyes looking at the 67 Heiyi people in front of him. vampire.

Chen Qiaozhi and Xue Wuhen were also there at the same time, holding a pair of shocking eyes at the Heiyi clan vampire in front of them.

"They are vampires."

"The vampire of the Heiyi tribe."

"Be careful, don't be bitten by them, or you'll be over..." Just listen to the golden-haired gringe, holding the silver head cautiously in his hand, while speaking to the brothers there.

When the brothers heard it, they were dumbfounded.

"It turns out that this is the vampire of the Heiyi tribe?"

"They look so ugly? How come they look like beasts? Are they totally different from the vampires before?" The brothers here were puzzled.

Because of the hidden reason, the vampires of the Heiyi clan in front of them have degenerated and become like beasts walking at night. At this moment, they even act like animals, crawling on all fours.

But their speed is surprisingly fast, and ordinary vampires from other families are not as fast as them.
