

## **A Killer 2241**

Chapter 2241: Immortal Mountain

Yes, everyone saw that it was the Forgotten Temple, and everyone saw the blazing flames burning there.

When Earl Roger and the members of the Torrido family behind him saw this scene, everyone's faces suddenly showed shock and fear.

"Ruined... Our family is ruined." A painful cry came from the members of the Torrido family behind.

Then, seeing those sad members of the Torrido family cry in low voices, tears of grief and despair flowed from their eyes.

"Elder, Elder Alchid died." Some members of the Torrido family continued to say there, accompanied by their voices, there was endless pain in the eyes of Count Roger in front of him. His eyes are also flushed.

He knew that Elder Alchid had already sacrificed, and his family's Forgotten Temple was completely destroyed.

Endless anger and hatred filled Count Roger's heart, and his whole body trembled violently because of the excessive anger.

The Ice Girl, Fire Girl and Ka Suo next to them, looking at the destroyed Torredo family, not only sighed slightly.

The fire continued to burn in the twisted forest.

The smoke was soaring into the sky, and the firelight seemed to illuminate the entire sky.

"All follow the order." Suddenly at this moment, Earl Roger called out to the dozens of Torrido family members who were still alive behind him with red eyes.

Hearing that Count Roger suddenly gave orders, all members of the Torrido family looked up at him at this moment.

"kneel!"

Then a loud roar came out of the Count Roger's mouth, and with his roar, his first body knelt towards the burnt down Temple of Forgotten.

At the moment when Count Roger first knelt down, the dozens of Torrido family members and Mary behind him all knelt down.

"Kneel to the sacrificed Elder Archid, and bow to our Forgotten Temple."

Count Roger's eyes were rosy and hoarse, and then he banged his head on the ground.

The knights of the Torrido family behind that also kowtowed at this moment.

Worship!

All the members of the Torrido family bowed down for the sake of the ruined Forgotten Temple, for the Elder Archid.

After kneeling and worshipping, Lord Roger slowly stood up with his blood-red eyes. He turned his head and looked at all the members of the Torrido family and said, "Although our family's temple has fallen, our Although the elders sacrificed, I believe that our righteous spirit of Toledo will be immortal. Warriors of the Toledo family, we will fight to the death against evil."

Listening to the loud voice of Earl Roger, the knights of the Torrido family in front of them suddenly burst into enthusiasm, and shouted together, "Immortality, immortality..."

The mighty voice spread throughout the canyon, shaking the sky.

Li Tian and the ice girl next to him, and the fire girl looked at the surviving knights of the Toledo family in front of them, and they were all excited.

"Earl Roger, we should go..." said Li Tian, who suddenly walked towards the Count Roger at that moment.

"If I'm not mistaken, the Gangelo family must know that we escaped from the Forgotten Temple. If not surprisingly, they should have sent people to chase us now... so we must leave here as soon as possible."

Following Li Tian's voice, Earl Roger wiped his blood-red eyes, then silently nodded and said, "Yes, we should go."

After speaking, he saw that Earl Roger turned his head slowly, and then looked at all the members of the Torrido family and said: "Everyone listens to the order, we must set off now."

After listening to Lord Roger's words, the knights of the Torrido family quickly formed two teams.

Count Roger saw that the team was ready to go, and said, "Go."

Then the group went on like this.

They walked towards the border of Italy, and if they wanted to pass the border of Italy, they had to cross the mountain of immortality.

On the mountain of immortality, everyone knows at this moment that there are foreign objects, and those foreign objects are ancient stone giants.

According to legend, those stone giants are invulnerable with swords and guns, and they are so powerful that they are like hills, and no one can be killed.

Such a stone giant, Li Tian and the Ice Girl and Fire Girl at the moment felt depressed when they heard it.

However, even so, Li Tian and Count Roger still had to pass through the immortal mountain, because it was the only place to leave Italy.

After the night came, the mighty team set off and walked quickly toward the immortal mountain in the distance.

...

What about the Forgotten Temple?

At this moment, it has been completely swallowed by the fire, and the ancient and mottled city wall and the ancient temple are all swallowed by the fire at this moment.

The fire is burning mercilessly at the Temple of Forgotten At the moment.

But seeing the ugly vampires of the Heiyi clan screaming there, their twisted faces looked at the blazing flames smiling there, and they showed sharp teeth and screamed... as if they were very happy.

And what about the army of the Gangelo family?

At this moment, seeing the Death Black Knights gathered together coldly, unmoved, neither excited by the massacre in front of them, nor excited by the occupation of Torrido, their bloodthirsty eyes were ruthless. The light of the killing, as if only bloodthirsty killing can make them happy.

Count Naberik, the Serpent, and Antonio Breath of Death, stood beside the winged corpse king Uris.

The corpse king Uris looked at the Forgotten Temple swallowed by fire with bloodthirsty eyes, and suddenly a grinning smile appeared at the corner of his mouth.

"Torrido, finally ruined." A hoarse voice roared from his mouth.

But seeing the big snake girl next to her suddenly interjected at this moment: "Elder Uris, Torrido still has a bunch of escaped rats alive..."

When the corpse king Uris heard the big snake woman say this, he snorted and said angrily: "Do you think I don't know?"

"Tell you, Toledo don't want to live alone, they will all die."

Listening to the roar of the corpse king Uris, the big snake girl hurriedly refrained from speaking too much.

"Berrick, is there any news from Raymond and the others?" The corpse king Uris suddenly looked at the pale-faced Earl Berwick and asked.

The Lei Meng he asked was the Earl Lei Meng, the blood axe. Before, the corpse king sent the blood axe Lei Meng to personally lead the team to chase Li Tian and the others. I don't know what they are now.

But see Naberik replied: "According to the news, Raymond and the others have found traces of the fleeing Torrido family members... They should be leaving the Italian border..."

After hearing Earl Berwick's words, the corpse king Uris suddenly laughed strangely with a hoarse voice.

"well."

"They finally went to the immortal mountain."

"This time, none of them will want to live again." Corpse King Uris smiled venomously.

Chapter 2242: Cthulhu, they are here

Immortal mountains.

The ancient stone giants there were originally a bunch of alien creatures with dull nature and clumsy movements. They lurked in the rock caves of the immortal mountains all year round, never causing trouble or harming humans.

It's a pity that more than two thousand years ago, those dull stone giants were once conquered by the courageous and venomous Gangelo family, so the dull stone giants began to obey since then. Order of the Nagangro family.

The stone giants became slaves of the Gangaluo family. They drove the stone giants. Two thousand years later, the group of stone giants are still listening to the Gangaluo family's orders.

And now Li Tian and Earl Roger, with the remaining living members of the Torrido family, want to pass through the immortal mountains safely and through the land of the stone giants... This seems impossible. thing.

So the corpse king Uris laughed viciously.

"The big snake girl, you said before that there is an Asian guy in the Torrido family's team, isn't it?" The corpse king Uris in front of him suddenly asked the big snake girl in the cold.

Asian?

Of course it was Li Tian.

It turned out that after the big snake girl turned with the Gangelo family army, she told Li Tian's powerful affairs to the corpse king Uris in front of her.

At this moment, after the corpse king Uris asked, the big snake girl quickly replied: "Report to Elder Uris, yes."

"That Asian is very powerful, and he is honored as a savior by the \*\*\*\*\* Torrido family."

The corpse king Uris suddenly laughed hoarsely after hearing the big snake girl say so.

"Savior?" The corpse king Uris muttered these words.

"Just he deserves to be a savior?"

The corpse king suddenly roared, and with his roar, his horrible skull-like claws suddenly pinched the slender neck of the big snake girl.

What about the big snake girl?

In an instant, he was almost asphyxiated and almost died of breath.

"If you dare to say the word savior again, I will let you go to \*\*\*\*\* together." Corpse King Uris pinched the snake girl's neck angrily.

What about the big snake girl? Completely stunned, he quickly replied, "The king of the dead...I know it was wrong."

The corpse king Uris roared in his mouth, then stretched out his hand and threw the big snake girl out of the sky.

With a bang, the body of the big snake girl slammed into one side of the wall, and then fell heavily to the ground, but she did not dare to go out, and after quickly getting up, she didn't dare to speak nonsense again.

Antonio and Berwick on the other side looked at the beaten snake girl, and sneered at the same time.

"A guy who was bitten by me unexpectedly became the savior in your mouth? It's ridiculous and hateful." The corpse king Uriss suddenly roared there.

what?

Bitten by the corpse king Uriss?

Antonio and the Serpent Girl in front of them were all stunned when they heard the corpse king suddenly say this.

"Elder Uris...you mean...means...that Asian guy...was...you bit him? Do you know that guy?"

"His body is flowing...your blood?" Antonio widened his eyes and looked at the corpse king Uris there.

But seeing the corpse king Uriss suddenly roared and laughed.

"What do you think?"

"Tell you, when I was in China, I didn't kill that kid personally, I just bit him... because I want him to become a vampire, and I want him to become a monster like me." The corpse king Uriss suddenly roared and laughed.

Terrible voices echoed throughout the audience.

Listening to the corpse king Uriss saying that, Antonio and the big snake girl finally understand why Li Tian is so powerful.

It turned out that the blood of the corpse king Uris was flowing in his body, no wonder Li Tian was so tough.

Thinking of all this, Antonio was not only slightly shocked.

"Elder Uris, now that \*\*\*\* Asian is currently carrying the fleeing member of the Toledo family, and is now on the run...Should we hurry up and chase now?" But Antonio suddenly asked in a low voice when he saw him.

The corpse king Uris sneered: "Don't worry, they can't escape my palm."

"Wait, they will all die soon and all go to hell." The Corpse King said cruelly.

After the corpse king Uriss said so, Antonio stopped asking too much. He is a wise man, and he will never ask too much about things that should not be asked.

...

The flames of the Forgotten Temple are still burning there, illuminating the entire sky.

In a distant place, but seeing the evil \*\*\*\* leading the brothers and the blood hunting David, he had already rushed to the twisted forest at this moment.

It's just some distance away from the Forgotten Temple.

"This is the Twisted Forest..." But after seeing that David, after leading the evil \*\*\*\*\* and them to the Twisted Forest, he pointed to the ancient forest that was silent and full of gloomy atmosphere and said.

After the Cthulhu and the brothers listened, they all raised their eyes and looked at the twisted forest.

"The Forgotten Temple of the Torrido family is just ahead." David continued.

The brothers looked at the twisted forest in front of them, and suddenly saw that in the distant place of the twisted forest, the fire was soaring into the sky, lighting up half of the sky.

"Look, there's a fire there..." An exclamation came out of Chen Qiaozhi's mouth.

Along with his words, the brothers not only raised their eyes and looked at the place where the fire was soaring to the sky, they looked carefully, and the western region of the twisted forest was indeed soaring, and the smoke was still billowing towards the sky go with.....

"What's going on? What happened there?" The brothers asked in surprise.

Now they don't even know that there is the Torrido family's lair burned by fire.

Cthulhu and Duguxie, the ghost servants also raised their eyes and looked at the distant place where the flames were soaring into the sky.

But seeing that David suddenly raised his ugly eyes and said, "Could it be that the Toledo family was really breached?"

Following his words, the evil \*\*\*\*\* in front of him hurriedly asked: "What did you just say?"

I saw that David said with an ugly face: "That...that...the place where the fire is on is the Lair of the Torrido family! It is the direction of the Forgotten Temple."

"what?"

When David said this, the brothers in front of him and the evil \*\*\*\*\* were suddenly shocked there.

No one thought that the place shining brightly would be the nest of the Torrido family.

Chapter 2243: World first

"Then you mean that the Torrido family was completely destroyed?" Cthulhu asked in horror.

David said with an ugly expression on his face. After a while, he slowly said, "Anyway, I feel... The Torrido family is in danger this time."

The brothers were shocked when they heard it.

Now that the Torrido family is destroyed, what about Li Tian? Is Li Tian still safe?

When I thought of this in my heart, the brothers and the beauties like Situ Ningbing behind were not only worried at once.

"Senior Cthulhu, is my brother in danger? What should we do now?" Tang Xiaolong asked scaredly there.

The Fairy Baihua and Duguxie over there also looked at the Cthulhu with extremely worried expressions, hoping that the Cthulhu could find a way.

But seeing the Cthulhu God was silent for a while, then he raised his solemn eyes, looked at the distant place where the fire was shining into the sky, took a look, and then suddenly said: "You stay here, I will go there to see the situation first."

As the Cthulhu suddenly said this, the brothers were all stunned.

"Brother, I will go with you." Du Guxie stood up and said to Cthulhu Dao right now.

The ghost servant and Fairy Baihua quickly stepped forward and said, "Brother, we will accompany you too..."

As they finished speaking, they shook his head decisively when they saw the evil god.

"No, I can go by myself."

Listening to the Cthulhu's refusal, the Fairy Baihua and Duguxie in front of them were suddenly puzzled.

"Big brother, why? Why don't you let me go with you?"

"Yeah, big brother, let us go with you to find the young master, right?" The brothers in front of you are all looking at the Cthulhu Dao, they hope to go.

After they finished speaking, they saw that the evil \*\*\*\*\* was still there and said: "I said, no!"

"You have to know that there are probably countless evil vampires hidden in this twisted forest...Those vampires are cruel, violent and evil. You should all know that the reason why I went alone is to be safe and stable. Go in and come out safely. If you want to accompany me, if you really encounter those \*\*\*\*\* vampires, even if I want to escape, it will be very troublesome, do you understand?"

Listening to the evil \*\*\*\*\* saying this, the brothers were instantly speechless.

Yes, there may be many evil vampires in this twisted forest now...

If the Cthulhu goes by himself, with his peerless martial arts, he should be able to retreat with his whole body, but if another person wants to go with the Cthulhu, it will be very troublesome in case he encounters an evil vampire. When the time comes, Cthulhu will definitely delay himself in order to take care of him...

So Cthulhu must do this.

In the twisted forest in front of me, if there is one person who can go in and come out safely, then there is only Cthulhu.

So when the brothers heard the evil \*\*\*\*\* say this, everyone stopped talking.

They knew in their hearts that if they followed, they would definitely drag the evil god, so they all looked at the evil god's way at this moment: "Brother, then you must be careful..."

Listening to the brothers saying so caringly, the evil \*\*\*\*\* nodded slightly.

David on the other side looked at Cthulhu in shock, "You want to go in alone?"

But seeing Cthulhu nodded and said, "What's the matter?"

David's eyes widened and said: "There are not only the ugly vampires of the Black Yap clan, but also the vampires of the Gangelo family."

The Cthulhu sneered: "So what..."

David was speechless, and looked at Cthulhu in astonishment, "Don't you...are you not scared at all?"

The Cthulhu suddenly laughed wildly, the strong qi on his body shook the surrounding leaves to fall, and suddenly said in that domineering and unparalleled way: "Under the world, there is nothing that scared me."

After the Cthulhu finished speaking, he suddenly turned his head and said to the brothers: "You stay here, wait for me, and come as soon as I go."

The Cthulhu who finished speaking suddenly moved his figure, and flew into the dense forest of the twisted forest like a big Peng.

He went.

He really entered the dark, twisted forest with many vampires alone.

But he said that after the evil \*\*\*\*\* entered, David looked at the figure of the evil \*\*\*\*\* in horror, and suddenly looked back at the brothers on one side and asked, "Hey, may I ask, who is he just now?"

"Why is he so powerful?" David in front of him became more and more curious about the evil god, and his heart was filled with infinite admiration and admiration.

But seeing that Tang Xiaolong smiled and said, "He is our Cthulhu Senior!"

"It's our heavenly brother's father."

"The first evil \*\*\*\*\* in the world."

When David heard Tang Xiaolong's words like this, he was not only startled slightly: "The world is number one, evil god?"

...

Besides, the evil \*\*\*\*\* has already entered the twisted forest at this moment.

The twisted forest was filled with weeds, the gloomy old trees were growing there in rows, and the evil god's swift figure flew past these woods.

After a while, Cthulhu entered the middle area of the twisted forest.

After reaching the middle zone, an extremely unpleasant smell of rotting corpses was enveloped in the air.

The Cthulhu knows that these smells are left by the black yams vampires, and there are black mucus and blood traces in the surrounding areas...

Seeing all this, the Heretic God frowned slightly, and then stretched out his figure again and flew forward.

The flames ahead are getting brighter.

Although the Cthulhu was in the twisted forest, he could still feel the heat coming from the blazing fire ahead.

Near!

Cthulhu was getting closer and closer to the place where the Forgotten Temple was burnt down.

The soaring flames in front of the Cthulhu God can already be seen by naked eyes. He saw the endless thick smoke, and the raging fire. The fire was burning the mottled city walls, and the towering buildings, and he saw several Hundreds of Heiyi tribe vampires screamed like cheering, and a terrifying voice came from the front.

When the Cthulhu saw this scene, he slowed down, then cautiously swept his body over an old tree, and then looked at the burning flames ahead by the height of the tree.

After catching the towering ancient tree, the evil \*\*\*\* raised his eyes and looked at everything in front of him.

He saw the vampires, the ugly vampires of the Heiyi tribe, and the death black knights of the Ganggro family...

Chapter 2244: Humans are coming

"Oh my god, what happened here?" Looking at everything in front of him, the evil \*\*\*\* not only exclaimed in his mouth.

He saw the ancient and tall Forgotten Temple burned down, the huge gates, and the walls were torn down, and he saw the dense \*\*\*\* corpses of members of the Torrido family.

Looking at everything in front of him, even the Cthulhu himself was shocked violently.

"Where is God?"

"Where is my child?" The evil \*\*\*\* in front of him suddenly thought in panic.

Everything was gone, the Torrido family's territory was completely destroyed... Then what about Li Tian? Where will Li Tian be?

Could it be that Li Tian and that Mary were slaughtered by these \*\*\*\* vampires? Or did Li Tian and the others escape?

The Cthulhu didn't know, he was just looking at the flames soaring in front of the sky with great anxiety.

The flames in front were burning endlessly, and even the earth seemed to become scorching hot. There were endless Black Vampires and the Ganggro family vampires standing in front of the burned Forgotten Temple.

Just as the Cthulhu raised his eyes and looked at everything that happened in front of him, he suddenly saw him under the old tree, and suddenly two ugly vampires of the Heiyi clan burst out.

These two ugly faces of Heiyi tribe vampires seem to have discovered something. At this moment, they are sniffing their noses, smelling around the ancient tree, sniffing...

The evil \*\*\*\* saw that two ugly vampires of the Heiyi tribe suddenly appeared under the ancient tree. Not only was he taken aback, he secretly said: "Did I be discovered by these \*\*\*\* vampires?"

I saw two Heiyi tribe vampires under the ancient tree at this moment, roaring... as if they were saying something.

But because their mouths were talking in Yap language, the evil \*\*\*\* couldn't understand it at all.

The evil \*\*\*\* was hiding in the tree, looking at the two extremely ugly Heiyi vampires under the ancient tree.

Suddenly the two vampires of the Heiyi tribe seemed to have noticed the evil \*\*\*\* on the tree, and suddenly raised their heads with their distorted faces...

The moment they raised their heads, Cthulhu had to make a move.

The body of the evil \*\*\*\* flew straight down, and the two vampires of the Heiyi clan suddenly cried out strangely when they saw the evil \*\*\*\* flying down.

But it was obviously late.

But seeing the Cthulhu's endless palm power, in his palms, at the moment when he flew down, his right palm hit the head of one of the Heiyi tribe vampires directly.

With a bang, the endless palm power directly hit the head of the black yak clan vampire, but after hearing a click, the black yak clan vampire had no time to scream, his head was instantly shattered and he died tragically. Ground.

What about another vampire from the Black Yap? As soon as he saw his companion was killed, there was a scream in his mouth, then he jumped up and started to escape.

It was scared.

Cthulhu saw that the vampire of the Heiyi tribe wanted to escape, how could he give him a chance?

Right now, he got up and suddenly rushed to the vampire of the Heiyi clan who was running away.

The vampire of the Heiyi tribe screamed in that hideous mouth while running away.

The Cthulhu saw the opportunity and rushed forward, then his right palm directly grabbed the head of the black yams vampire guy, and then slammed into the next giant tree.

With a bang, black disgusting blood splashed.

The head of the Black Yap tribe vampire slammed into the thick tree trunk, and then his head broke and died.

After the Cthulhu took the action and eliminated the two \*\*\*\* Heiyi clan vampires, suddenly, there seemed to be some movement in the front place.

Cthulhu didn't dare to take risks, his body was upside down, and he quickly retreated back.

Look at the front carefully, the corpse king Uris' ears are extremely sharp, and he has heard the movement at this moment, suddenly turned to the cruel face, looked in the direction of the evil \*\*\*\* and said: "There is movement."

Accompanied by his hoarse voice, the Earl Berwick next to him and Antonio, Breath of Death, glanced at each other at this moment, then moved quickly, and then flew towards the evil god. Come.

In the blink of an eye, he saw that Berwick and Antonio had swept over.

Looking up, the corpses of the two Heiyi tribe vampires who died on the ground, their faces became ugly right now.

"Antonio, it seems that there is an expert near us..." Berwick said with a gloomy smile on his mouth suddenly.

Antonio glanced at the dark twisted forest and suddenly said: "Earl Berwick, you look at it from here, I am outflanking from here... I don't believe it, he can escape..."

When Count Naberik heard Antonio say this, a weird smile appeared on the corner of his mouth, and then he nodded slightly and said, "Okay."

Then the two of them moved out, and then one of them went forward to search for the trace of the evil god.

In the vast dark twisted forest, these two terrifying guys were looking for the trace of the evil god.

But what about the evil god?

The figure just showed up slightly, but at this moment it disappeared inexplicably.

In the vast twisted forest, there was no trace of the evil god.

Even the Earl Berwick at this moment, and the terrifying Antonio, have searched for a few laps without finding any trace of the evil god.

Isn't this? Naberik and Antonio can only come back.

"Report to Elder Uris, that they ran away." A word came out of Count Berwick's mouth.

The corpse king Uris raised his bloodthirsty pupils and glared at Naberik, and roared: "Asshole."

Naberik was scolded by the corpse king Uris, and stood there with his head down, afraid to speak.

At this moment, the corpse king Uris, walked quickly to the two dead vampire corpses of the Heiyi clan, and suddenly his eyes became ugly.

"Humanity!"

"Humans did it." A word came out of the corpse king Uris's mouth suddenly.

After the corpse king Uris suddenly said this, Earl Berwick, Antonio, and the snake girl were completely taken aback.

"Humanity?"

"Can human beings kill us vampires?" He just listened to the unbelievable words from Antonio's mouth.

He really couldn't believe that a human could kill two vampires of the Heiyi tribe! And the most important thing is that he and Count Naberik, searching back and forth just now, couldn't find the so-called "human".

Is it human? Antonio expressed very skepticism.

But what about the corpse king Uris? Leng snorted: "Do you still doubt my judgment?"

When Antonio heard the roar of the corpse king Uris, he hurriedly said, "Subordinates dare not!"

The corpse king Uris didn't pay attention to Antonio any more, and looked at the dark twisted forest in front of him coldly, and suddenly said strangely: "It seems that those Chinese people should also be here..."

Chapter 2245:

As the corpse king Uris said so, the Earl Berwick and the Breath of Death Antonio were dumbfounded.

Because none of them knew who the corpse king Uris was referring to!

Where is Cthulhu? How could his figure disappear suddenly?

It turned out that the Cthulhu just now was very alert. After slaying the two vampires of the Heiyi tribe, he immediately plundered them with extremely fast physical skills.

He knew in his heart that these dark vampires have extremely sensitive sense of smell. Once discovered, they will quickly spread throughout the entire dark vampire race. Therefore, the evil \*\*\*\* dare not stay any longer. He knew that if he stayed any longer, he would definitely be in trouble, so he can only leave.

Fortunately, Cthulhu's speed is fast. It is absolutely impossible for anyone to escape under the hands of Count Berwick of the Gangaro family and Antonio, Breath of Death.

But at this moment, I saw that the evil \*\*\*\* had quickly escaped from the control of the Ganggro family vampire.

He has now reached the edge of the twisted forest.

The brothers were still waiting for the evil \*\*\*\* outside the twisting forest. At this moment, he suddenly heard the sound of the strong wind coming from the front, and then Duguxie suddenly said, "Big Brother is back."

Accompanied by his voice exit, he really saw the extremely fast figure of the evil \*\*\*\* rushing towards here extremely fast.

"Big Brother." When the ghost servant and Fairy Baihua saw the Cthulhu coming back safe and sound, they all cried out excitedly, and both ran towards the Cthulhu at the same time.

Tang Xiaolong and Chen Qiaozhi here all ran over after seeing the Cthulhu coming back, and they were still shouting there at the same time: "Senior Cthulhu."

Cthulhu quickly swept over, and then fell to the ground.

He raised his eyes and glanced at all the brothers.

"Senior Cthulhu, how's it going? Did you see the members of the Torrido family? Did you see my heavenly brother?" Tang Xiaolong asked impatiently.

As if desperately wanting to know the news of Li Tian.

After Tang Xiaolong asked, the other brothers were also raising their eyes and looking at the evil \*\*\*\* in front of them.

As they asked, the Cthulhu's face became dignified... After seeing the expression on the Cthulhu's face, the brothers suddenly had a bad feeling in their hearts.

"The Torrido family was destroyed." A word suddenly came out of the evil god's mouth.

After Cthulhu said so all of a sudden, all the brothers present were totally astonished.

what?

"The Torrido family is destroyed?"

"That...that...what about Brother Tian? How is Brother Tian?" Tang Xiaolong asked excitedly.

As Tang Xiaolong asked, Cthulhu continued to say: "When I went, I saw that the Torrido family had all turned into flames, and their family's sanctuary, and everything else, was completely destroyed. It's..."

"There are countless evil vampires there, as well as vampires from the Gangelo family... they have already taken Torrido."

"As for my child, Tian'er, I don't know how he is now." The Cthulhu suddenly sighed deeply there.

After Cthulhu said so, the brothers were speechless.

There are endless worries in their eyes, where you look at me, I look at you, no one knows, what should I do now?

When Situ Ningbing, Duanmuying, and Ouyang Shiqing heard that Li Tian was missing, they were also astonished for an instant.

"Then what to do?"

"Then what should we do now, Senior Cthulhu?"

"How do we find Brother God, how do we find that Mary?" The brothers said desperately.

The Cthulhu was silent, not speaking, he just raised his sad eyes, and then looked at the vast starry sky silently.

What should I do?

How to find Li Tian? And is Li Tian now dead? Still alive? Who can know?

Everyone's heart is worrying about Li Tian at this moment.

Because no one knows what Li Tian is like now!

Just as the air was filled with endless sadness, a bunch of weird fireworks resembling fireworks suddenly flashed from the distant sky in the west...The fireworks disappeared for a while, and after a while, they rose again. Up to the sky.

It was as if someone was deliberately setting off the fireworks in the far western horizon.

"Huh, look, everyone, there seems to be someone lighting a spark in the west?" Xue Wuhen, in white clothes, suddenly couldn't help but exclaimed after seeing the kind and weird fireworks on the western sky.

But seeing that the brothers turned their heads quickly after hearing the sound of Xue Wuhen, and then stared at the distant sky in the west.

puff.....

Sure enough, I saw a bunch of fireworks like fireworks blooming in the sky, and then burst.

After seeing this weird firework, the brothers were all stunned. No one knew who set the firework? And what does it mean...

Just when everyone was puzzled, the "blood hunt" David suddenly screamed.

"Oh my God, it's them... it's them." Suddenly, the David Blood Hunt almost screamed in excitement, and said there.

After seeing the excited expression of the "blood hunt" David one by one, the brothers not only looked at him in surprise.

"Hey, what did you just say?"

"Do you recognize the fireworks?" I saw Duguxie suddenly turned his face and looked at David the Blood Hunter in surprise.

The blood hunter David happily said: "I know, of course I know."

"That's the signal for help sent by our pope... it was sent by our Pope the Sun." David said cheerfully.

When this guy suddenly said this, my brothers were depressed right now.

"Hey, didn't you say that your Pope Sun was attacked by the vampire of the Gangelo family? Are all dead? How come there are still alive?" Duguxie asked in a cold voice in front of him.

Then David said, "No, no, there are two others! There are them... Ron, and the two brothers and sisters of Tia."

After David said that, the brothers were taken aback, and then remembered what David had said before: Ron and Tia.

I remember that this guy once said before that Ron and Tia were also blood hunters, and when the dark vampires attacked their Pope of the Sun, Tia and Ron had escaped because of going out.

David Wan did not expect to see the "Pope the Sun" signal for help in such a situation today.

I saw him say with excitement at the moment: "It must be them...it must be Ron and the Tia brothers and sisters."

The Cthulhu and the brothers frowned slightly after hearing what David said.

But seeing the Cthulhu coming over, looking at David and saying, "You mean, that brother and sister named Ron and Tia are over there now?" The Cthulhu said as he suddenly pointed his finger at something more than the twisted forest. Say it from the distant West.

David froze slightly and said, "It should be."

The Cthulhu said coldly: "Are you sure?"

Then David hesitated for a moment, and then said: "Well, it should be certain! After all, our Pope Sun is very small, and the other partners are already dead... The only ones who survived are them. Brother and sister." David said sadly there.

Chapter 2246: signal

"According to what you said, it should be Ron and Tia who sent the signal." The evil \*\*\*\* looked at David and said.

David nodded deeply and said, "Yes."

"The firework pattern just now can only be seen by the Pope the Sun, so it is 100% that Ron and the two brothers and sisters of Tia." David in front of him said again.

After he finished speaking, the brothers looked at him suspiciously.

"Why are the people named Ron and Tia in the twisted forest?" Duguxie asked suddenly.

David frowned and said: "I don't know this very well, but I'm sure they must be in trouble."

"Because only when our pope is in trouble, the spark signal will come out." David said.

After hearing David's words, the brothers are now looking at the distant western sky.

But seeing that there is farther than the Twisted Forest, that place must pass through the Twisted Forest, and then it takes a long way to reach it, but why Ron and the Tia brothers and sisters are there?

"Did they also meet a vampire?" Just listen to Tang Xiaolong in front of him.

David frowned and said nothing, because he didn't understand the situation now.

But seeing him silent for a long time, he suddenly said, "No matter what, I have to help them."

After listening to what he said, the brothers were all looking at him.

"Where are you going?" Du Guxie frowned and asked.

David nodded and said with a solemn expression: "Yes, we are in trouble for the Pope of the Sun. As a member of the Pope, I must go."

Listening to David saying this, the brothers did not speak at this time.

The Blood Hunt David is going to help Nadia and Ron?

What about brothers?

What should they do? Are you going to follow this blood hunter David to help the guys named Ron and Tia? Or continue here, looking for Li Tian?

At this moment, the brothers' eyes are on the evil god, because now they are waiting for the evil \*\*\*\* to make a decision.

The Cthulhu did not speak, but raised his deep eyes and looked at the depths of the twisted forest, at the blazing fire...

At this moment, the blood hunter David finally spoke.

But seeing him there, looking at the brothers and saying: "I know you have other things to do, and you still need to find the character named Li Tian...so I won't bother you."

"I will help Ron and Tia alone." David said with a smile there.

Although he was smiling, the smile on his face was extremely ugly.

After speaking, he saw that David slowly twisted his body, and then he was going to leave alone.

The brothers and the Cthulhu, as well as the beauties such as Situ Ningbing and Ouyang Shiqing are all there looking at this blood hunting David, and no one knows what to say.

But what about David? After turning around, he took two steps, then slowly turned his head, looked at the brothers and said, "I am very happy with you, David... Thank you for helping us resist evil and resist dark vampires... if possible, I hope to see you again."

After speaking, David suddenly turned around, and walked towards the depths of the twisted forest alone.

His back is slightly lonely and desolate, and it looks very sad.

The signal from Na Ron and Tia was to the west of the Twisted Forest. If David wants to help Na Ron and Tia, he must pass through the twisted forest in front of him...

However, there are many dark vampires in the twisted forest now. If he walks through the twisted forest alone, will he encounter any terrifying vampires?

After the figure of David slowly disappeared into the twisted forest, the brothers in front of him not only sighed slightly.

Everyone is embarrassed to say anything, after all, they are only one-sided with that David, and now their most important thing is to find Li Tian.

Looking at the disappearing figure of David, Tang Xiaolong in front of him suddenly murmured: "That guy entered this terrifying twisted forest alone. I wonder if it would be dangerous?"

After hearing his words, the brothers did not say much.

When everyone was silent, the evil \*\*\*\* suddenly spoke.

"Go, let's go too." Just like that, a sentence came out of the evil god's mouth.

After the Cthulhu suddenly said this, the brothers in front of him were suddenly startled.

what?

"Senior Cthulhu... shall we... shall we... help that David?"

"Brother, are we really going to help that David?" Not only did Du Guxie and the brothers exclaimed together.

After the brothers asked with horrified expressions, the evil \*\*\*\* in front of them slowly nodded, and then said, "Yes."

When the brothers heard this, they were depressed.

"But, brother, what about the young master? Don't we look for the young master?" Du Guxie asked depressed.

The brothers next to that said, "Yes, Senior Cthulhu, don't we find Brother Tian?"

After they asked, the evil \*\*\*\* sighed: "My God doesn't know where it is now..."

"Now the Torrido family has been completely destroyed, and the dark vampires are all stationed in the front area... Even if I am eager to find my child, I cannot let you risk your lives with me. You may not know. In the twisted forest ahead, there are too many dark vampires, densely packed in groups, and there are several very powerful characters among them."

Listening to the evil spirits saying this, the brothers suddenly understood what was going on.

It turns out that the evil \*\*\*\* worries about the brothers in front of him, and the beauties like Situ Ningbing, whom Li Tian loves...

The Cthulhu just now has seen the densely packed Heiyi tribe vampires, and the extremely powerful Gangaluo family vampires. Although the Cthulhu is alone in the world, he faces this kind of vampire who is invulnerable and can only smash his head. He also has a tingling scalp.

Except for himself, the brothers present couldn't fight so many horrible vampires anyway, so the Cthulhu had to temporarily stop looking for Li Tian for their safety.

After understanding the real reason of the evil god, the brothers in front of him said immediately: "Senior evil god, we are not afraid, for the sake of brother, even if we die, we don't care."

"Yes, big brother, we must find the young master." That Duguxie also said.

But what about Cthulhu? But he turned his face coldly, then glanced at everyone and said, "Don't say it, I have already decided."

After the Cthulhu said that with a cold face, the brothers really didn't dare to talk too much anymore.

Then I saw Cthulhu alone chasing in the direction where David walked.

And brothers? After seeing Cthulhu questioning and chasing David, they all sighed and followed.

Chapter 2247: Chase in the dark

"Ron, what are you doing?"

In the deep canyon, I saw Count Roger and the Ice Lady, and the Fire Lady raised her horrified eyes and said to Ron who was holding fireworks in his hand.

It turned out that Ron had just released a few weird fireworks in the sky with what he was holding.

After Count Roger and the others asked, Na Ron said there, "I'm sending a signal to our pope."

"Send a signal? Your Pope?" Count Roger not only frowned slightly when he heard Ron say this.

But seeing Ron smiled there and said, "Yes."

"Before, I have told you that I have already notified our professors of the Pope Sun to them... If nothing else, our professors and other pope members now know that the Torrido family is in trouble. , I believe they will definitely come to help us when they know about it, so I send a signal to let them see where we are now."

It turned out that Ron didn't know the news that Pope Sun was attacked and wiped out by Gangaro.

The Pope of the Sun was originally very small, only a dozen in total.

Just after the Pope Sun got the news that the Toledo family had been attacked, they were ready to help Toledo, but never expected that the dark Gangelo family suddenly attacked them on the day before departure.

The Pope Sun, although he was a blood hunt for thousands of years, he faced the death knights of the Gangelo family and the terrifying corpse king Uris, they all died in battle, even the sun The old professor of the Pope was also killed.

Now the entire Pope of the Sun is left with the living David and Rondia in front of him.

It's just that Ron and Tia didn't know the terrible things that happened to their pope.

Ron still said to Roger there with hope.

After hearing Ron's words, Earl Roger nodded slightly, looked at Ron and said, "Thank you, thank you Pope Sun."

Ron said, "No... we are all here to resist evil vampires."

After speaking, I saw everyone continue to hurry.

Na Ron looked at the direction of the twisted forest behind, and murmured: "I hope the members of the Pope can see the signal I have just given... God bless, I hope that the members of our Pope will help us as soon as possible."

After speaking, he respectfully closed his eyes there, and then prayed silently.

A large group of people marched in the dark sky like this.

They are the members of the Toledo family who fled, as well as Lord Roger, and Li Tian.

They formed two teams and kept moving forward.

After crossing a deep canyon, they crossed a plain, and then they saw the immortal mountains in the distance.

"It's almost immortal mountains..." Suddenly a word came out of the Count Roger's mouth.

After he finished speaking, Li Tian and the other members of the Toledo family all raised their horrified eyes and looked at the distant immortal mountain.

But seeing the immortal mountains, the mountains and rivers are extremely high, huge, and on the empty mountains, there is no tree at all, there are only endless huge rocks.

"Where is the legendary Immortal Mountain?" The Fire Girl suddenly widened her eyes and looked at the distant, bald, all-rocky Immortal Mountain in surprise.

Count Roger nodded cautiously and said, "Yes."

"Is there really a legendary giant there?" Fire Girl continued to ask curiously.

It turned out that Fire Girl didn't know the story of the stone giant clan. She had only heard the elders tell it before, but as to whether she had seen it or not, she really hadn't, so she asked about it at the moment.

Then Roger said there, "Of course."

"The Immortal Mountain is the most amazing and weird mountain in Italy. The stone giants here are hidden in ancient caves, or among the rocks... If it doesn't come out, you will never see it. their."

After hearing the words of Lord Roger, the fire girl not only opened her beautiful eyes, looked at the immortal mountains in the distance, and murmured: "I hope the giants will not block our way. We pass here safely..."

Count Roger listened to the whispering voice in the woman's mouth, and not only smiled bitterly in her mouth, he said, "Hey, hope."

After speaking, he saw Earl Roger suddenly continue to say to all the family members: "Go forward, everyone! Set out for the Immortal Mountains."

The voice fell, but seeing them and the group of people began to march in the direction of the Immortal Mountains.

...

In the dark sky, I saw a team of death horses with green flames on their mouths, and the Gangelo family death black knights wearing black cloaks and weird hideous masks running wildly.

The leader of them is the blood axe of the Gangelo family: Earl Raymond.

Na Raymond rode on a very tall death horse, waving his arms while shouting there, "Quickly chase, you must catch up with those damned Toredo family members."

The death black knights behind them rode death horses one by one, and then ran desperately, and they all followed the Earl Raymond in front of them.

Just as such a group of terrifying vampires was struggling to pursue it, they suddenly saw a death knight member of the Gangaluo family rushing from the front on their horses.

"Report to the earl, traces of the Torrido family were found ahead." A word came from the guy's mouth.

After the blood axe, Earl Raymond heard the voice of his men, he pulled the horse rope suddenly, and the death horse was pulled up by the reins, roared with a weird sharp cry from his mouth, and then rode his horse to stop there.

"What? Found clues to the \*\*\*\* Toredo family?" The blood axe in front of him suddenly shouted.

The man said: "Yes, Earl Raymond."

"It was observed that the Torrido family who had escaped were heading towards the Immortal Mountains. They seemed to be leaving Italy."

After hearing the words of his subordinates, the Earl Raymond, who was carrying a huge blood axe, suddenly laughed wildly, his face turned hideous at this moment.

"Okay!" a loud shout came out of his mouth.

After Earl Raymond yelled, he said with a weird smile: "The Elder Corpse King seems to be really good at it. I didn't expect the \*\*\*\* guys to actually take the path of the Immortal Mountains."

"Hmph, this time, I must have them all buried in the Immortal Mountains."

"Pass my word, everyone goes straight to the Immortal Mountains, and also, inform the stupid stone men of the Immortal Mountains... let them intercept the Toredó family members, remember, tell the stupid stone men that no creature is allowed Let me go!"

Chapter 2248: Giant footprint

At this moment, Li Tian and his brothers have already marched towards the immortal mountain range.

The first impression of the remote immortal mountains is the feeling of extreme barrenness. There are no trees, no flowers and plants, but huge rock masters.

Li Tian and Fire Girl followed in the footsteps of Count Roger, step by step towards the Immortal Mountains.

Now the brothers are getting closer and closer to the immortal mountain range, and I can see at a glance, huge rocks are everywhere in front of them.

Li Tian looked at the huge stone, not only frowned slightly there.

Just as they were getting closer and closer to the immortal mountain range, a huge pothole suddenly appeared in front of them.

The pothole is about 4 meters long and about 2 meters wide.

When the brothers saw this pothole, they didn't feel too strange at first.

But when they continued to walk forward, when such a pothole appeared every ten meters away, they were not only stunned.

"Hey, why are there so many weird potholes near this immortal mountain range?" But seeing the fire girl in front of her, not only blinked her beautiful eyes and asked suspiciously.

Li Tian not only blinked his eyes to look.

But seeing that the pothole seems to have just been formed, the surrounding area can still be seen faintly, the water seepage from the ground, and at the front end of the pothole, there are these five small dents.

Looking at such potholes, the fire girl smiled and said: "It's strange here, so many potholes."

"Ice Girl, look, these potholes look like our feet... so fun." Fire Girl said to the Ice Girl while smiling.

When Huo Nui suddenly said such a sentence, Li Tian in front of her was instantly stunned.

"footprint?"

Suddenly, strange words came out from his mouth in horror.

When Li Tian suddenly called out the words "footprint", the Fire Girl, Ka Suo, and Ice Girl over there not only turned their faces and looked at Li Tian curiously.

"Li, what's the matter? What are you talking about?" Fire Girl looked at Li Tiandao in surprise.

But what about Li Tian? He didn't answer her words directly, but suddenly opened his eyes wide, and hurried to the strange potholes.

The Fire Girl, the Ice Girl, and the Count Roger and the members of the Torrido family not only frowned and looked at him when they saw Li Tian running to the front pothole so affectionately and weirdly.

"What happened to the savior?"

"Yeah, what's the matter with Li Tian? He looks so weird?" Fire Girl and those members of the Torrido family who didn't understand the situation all said in confusion.

But what about Li Tian? Facing their many questions, they were too lazy to take care of them. At this moment, they just raised their horrified eyes and looked at the huge pit in front of them.

"Gosh, this turned out to be a footprint!"

"Such a big footprint." The strange words suddenly came out of Li Tian's mouth.

But seeing him look at the front with those ugly eyes, there are still many such weird potholes saying.

Then Roger saw Li Tian's weird expression, and quickly walked over, looked at Li Tian and asked, "Li Tian, what's the matter? What are you talking about?"

Following the voice of Count Roger, he saw Li Tian looking at Count Roger with an extremely ugly face and said: "Earl Roger, haven't you noticed it?"

When Roger heard Li Tian say this, he was taken aback and looked at Li Tian in surprise: "What did you find?"

That Mary still has the Fire Girl, and the Ice Girl is also running towards that Li Tian at the moment.

But seeing Mary also looked at Li Tiandao in surprise: "Li, what did you find?"

After they asked, Li Tian knew, it turned out that they didn't really see it.

So he pointed his finger there, and the giant pothole in front said: "This is not a giant pothole, this is a footprint!"

Following Li Tian's words, Earl Roger, Fire Girl, Ice Girl, and Mary were all startled.

what?

footprint?

"What footprints?" Count Roger asked dejectedly with his mouth open without understanding for a while.

Then Mary, and the Fire Girl, the Ice Girl did not react at the moment.

But seeing that Li Tian saw that they still didn't understand, he continued to say: "These potholes are footprints... they are huge footprints! You see, starting from the front, there will be such a footprint every ten meters Potholes, this is enough to show that this is a huge object walking past here...Look at the five dents on the front of the potholes. This is exactly the shape of a toe."

After Li Tian explained in detail to Earl Roger, Mary and the others in front of him, he was stunned when he saw Roger.

Then hurried to the giant pothole to see...

Taking a closer look at this huge pothole, Earl Roger was instantly dumbfounded.

Not only was he dumbfounded, but even Mary and Firewoman beside him were dumbfounded at the same time.

"Look at it, it's exactly the same as the footprints..."

"Oh my god, it's really a footprint, what Li Tian said is right...this pothole is indeed a footprint." The Fire Girl and the Ice Girl in front of them said suddenly.

After hearing them say this, Count Roger suddenly felt a little stunned, and even the members of the Torrido family around him were all stunned.

Because everyone saw the huge potholes at this moment, it was indeed a footprint.

Really tangible footprints.

Everyone is dumbfounded at the moment.

At the same time, the first shocked thought came out in my heart: Oh my God, if this giant pothole is really footprints, then what kind of giant monster is something with such terrifying footprints... how big should it be? !

"Giant race!"

"It must be the footprints left by the stone giants." Earl Roger suddenly became wise, and said in horror.

When the brothers heard it, they immediately understood.

Yes, here is getting closer and closer to the immortal mountain range. The immortal mountain range is home to a huge stone giant that is unparalleled in the world. The giant potholes in front of you are just footprints. In addition to the big feet of the stone giants, What giant has such a terrifying footprint?

After Earl Roger's roar, all the members of the Torrido family showed horrified eyes.

"Giant race?"

"So, there are stone giants around here?" As the members of the Torrido family said so, they immediately held the weapon in their hands with an ugly look, and then looked around cautiously.

But at a glance, there are some stone giants there.

This is a barren hill, except for the huge rock, half a stone giant can be seen there! ! !

Chapter 2249: Falling boulders

"There are 100% giants here." A word suddenly came out of Li Tian's mouth over there.

After he said it, the face of every member of the Torrido family changed color.

They looked at me one by one, and then I looked at you with a strange and ugly expression on my face, and no one knew what to do now.

"If you really want to see the huge stone giant, there is only one way." Li Tian continued to say there.

The members of the Torrido family were not only blinking at Li Tiandao at this moment: "What is the solution?"

But seeing Li Tian raising his eyes, looking at the giant footprints that appeared every ten meters in front, and then said slightly: "That is to follow these steps and find!"

After Li Tian finished speaking, those members of the Torrido family suddenly understood.

"Yes, this method is indeed a good one."

"But are we really going to find the stone giant?"

"I think it's better not to look for... the thing is so huge, it's better for us not to mess with it." Mary in front of me said quickly.

Her pretty face was so scared that she was facing Li Tiandao right now.

It was obvious that Mary was afraid of the giant stone man.

After Mary said this, she not only raised her eyes and said, "Daddy, what do you think?"

Count Roger thought for a while, then said, "Mary is right."

"The stone giants are slaves of the Gangelo family...If we really encounter them, we must be in great trouble, so we better not provoke them."

"Well, let's go quietly now... stay away from these footprints... we enter the Immortal Mountains from the side, and then leave Italy." Roger said.

As Count Roger said so, the members of the Torrido family also agreed.

"Okay, let's listen to Lord Roger."

Count Roger smiled slightly after hearing the voices of the family members: "Continue on the road."

After speaking, he saw that Earl Roger was leading the way. He did not choose to continue to follow the giant footprints... but took the members of the Torrido family to avoid these terrible giant footprints. Choose to enter the immortal mountain from the other side.

Under the leadership of Earl Roger, Li Tian and the members of the Torrido family chose another way to enter the Immortal Mountains.

On the way, I didn't see the footprints of the stone giants anymore, and everyone felt less nervous.

The group of people walked quietly towards the Immortal Mountains.

Getting closer.

Now Earl Roger led Li Tian and they could already see the bare mountains.

The huge mountains are undulating, some are unattainable, deep into the bottom of the clouds, and some are erected straight into the sky.

The empty and huge immortal mountain range is indeed a strange mountain range rare in thousands of years.

When Li Tian and members of the Torrido family approached this immortal mountain, Wei Wei could feel the dry and stagnant breath in the air.

That kind of breath makes people nervous inexplicably.

"From now on, everyone, try not to speak. Keep your voice down. We are about to enter the Immortal Mountains." Only Count Roger gave orders to the members of the Torrido family in a low voice.

The members nodded quickly after hearing the order of Count Roger.

But seeing Earl Roger continue to say: "Although the stone giants are huge and terrifying, the rumors say that the stone giants are simple and stupid...So if we enter this immortal mountain quietly, we may be able to pass safely. ."

After Earl Roger had finished saying this, the members of the Torrido family couldn't help feeling of joy.

So all the family members quietly began to march towards the immortal mountain range at this moment.

They are here!

They finally saw the tall and straight mountain.

But seeing that the mountains are all huge rocks, ferociously forested, Earl Roger took the members of the Torrido family and Li Tian quietly entered the immortal mountain range.

They did not directly enter the immortal mountain range, but walked slowly along the foot of the mountain.

But these rolling mountains are all connected, and there is no way to cross this immortal mountain, unless they climb this extremely high peak.

"Earl Roger, this is not the way for us to go like this... There is no way to cross the Immortal Mountains at the moment." The fire girl behind was just talking to Earl Roger.

Count Roger frowned deeply at this moment. In fact, he had already seen it, but he still had a glimmer of hope in his heart.

He hopes that this immortal mountain can have a trail, and only the trail that they have passed through can be...

But does the trail of hope really exist?

"Don't worry, there must be a way." Count Roger said while comforting his family members.

As a leader, he must give his subordinates hope, because only hope can motivate them!

Even if it is cheating!

Count Roger led the crowd toward the front while observing the driving around him.

Suddenly, as they walked forward along the foot of the mountain, a loud bang erupted from the mountains above their heads.

With the loud noise, all members of the Torrido family not only looked up in shock.

At this look, they were immediately confused.

I saw a huge boulder suddenly fell from the high mountain range...The boulder was rolling down along the mountain wall.

The huge rumbling stone fell from the sky.

Count Roger was stunned when he saw this terrifying situation.

Then he shouted: "Be careful, everyone, a rock has fallen..."

"Find a place to hide."

Accompanied by the exclamation of Count Roger, all the members of the Toledo family quickly started to run forward desperately.

Li Tian and the Fire Girl and the Ice Girl were behind. At this moment, they raised their eyes to look at the boulder that fell from the top of the mountain. They were also depressed at the moment, and they quickly displayed their body skills and started to move forward.

The rumbling boulder rolled down from the mountain wall. If the huge stone hits them, it will definitely smash them into meat sauce!

Even a vampire will be smashed into a ball of plasma alive...

So the vampires of the Torrido family ran away quickly.

At this moment, I saw that most members of the Torrido family successfully avoided the boulder that fell from the top, but I never expected that at this critical juncture, I found that the blind Casso of the Burren family actually fell on Behind.

It turned out that the Fire Girl and the Ice Girl were in panic. They forgot Ka Suo... Ka Suo was blind, so he couldn't run fast at all. Seeing that the terrifying boulder rolled down from the rock wall, it was about to be smashed. When it came to the prophet Caso, the Earl Roger, the Fire Girl, and the Ice Girl were all shocked.

"Gosh, Caso is still behind..."

"We forgot Ka Suo..." The Fire Girl said in a panic.

What about the glamorous ice girl? At this moment, seeing the prophet Ka Suo was left behind, he suddenly flew toward Ka Suo desperately.

"Sister... be careful." Huo Nu yelled immediately when she saw that Bing Nu was desperate to rescue Na Kasuo.

But when Huo Nuo's mouth called out, the ice woman's delicate body had already rushed towards Ka Suo, and he suddenly grabbed Ka Suo's arm, and then shook it hard, Ka Suo's body was flying like a fly. Flew towards the burning women.

Chapter 2250: That \*\*\*\* kiss

And what about Bing Nu herself?

She threw Caso out, but what about her? It was too late to escape. .

Because the huge boulders on the stone wall have fallen from the sky one after another.

"Sister!" An exclamation screamed from the fire woman's mouth.

"Ice Girl." Roger here was not only extremely worried, said.

However, even if they call again, it is useless, because the huge stones that have fallen from the sky have reached the top of the ice girl...

At this critical moment, with a swish, a black shadow rushed towards the ice girl at an incredible speed.

"Lee!" a sudden exclamation came out of Mary's mouth.

But it was Li Tian who saw the light-speed figure that swept toward the ice girl.

Li Tian went to save the glamorous ice girl.

He actually risked his death to save the glamorous ice girl who had rarely spoken to him...

But he said that all the members of the Torrido family were stunned when they saw Li Tian flying towards the ice girl.

Not only were they stunned, but even the Earl Roger, Fire Lady, Mary, Ron, Tia... all grew their mouths, watching this dangerous scene in horror.

But what about Li Tian? In the moment that Feizong passed, even the glamorous ice girl was stunned. Even she did not expect that Li Tian would risk his death to rescue her at this time!

The Ice Girl knew in her heart that although they were vampires with impenetrable skin, once they were hit by the boulder, they would be broken into pieces, and their whole bodies would turn into a mass of plasma...Even if they are powerful and powerful vampires There is no escape.

So even the Ice Girl herself was dumbfounded at this moment.

The moment Li Tian flew over, his ringing hand suddenly hugged the ice girl's small waist.

The moment Bing Girl's delicate body was hugged by Li Tian's hands, her whole body trembled.

To be honest, Bing Nu has lived for almost 600 years since she was a child. She has never been hugged by anyone... She has never been touched by a man... But this time, her beautiful body was suddenly given to her by Li Tian. Hugged.

But he said that after Li Tian hugged the ice girl's small waist tightly, he then yelled: "Hold me tight!"

Following Li Tian's voice, the ice girl might be out of survival instinct, perhaps for some other reason, but no matter what, she obeyed Li Tian's words, and her two delicate hands suddenly embraced that Li Tian. Then he pressed his \*\*\*\* body to Li Tian's chest.

But seeing that at this moment, Li Tian suddenly flew forward...

Then, the rumbling boulder fell from the sky.

boom! boom! boom!

The huge rocks hit the ground, like an earthquake, causing the entire ground to shake...The terrifying and chaotic boulders fell one by one from the sky, and then Li Tian and the ice girl instantly fell. To be completely buried.

Stone chips flying around...like mist, you can't see anything at all.

And Li Tian, where is the figure of the ice girl? It was completely blocked by the boulder.

"Lee!" Mary exclaimed.

What about the fire girl? Also shouting there: "Sister..."

But their shouts were as if they were sinking into the sea, and in a blink of an eye they were overwhelmed by the loud sound of falling rocks.

When all the huge boulders fell from the sky, they had already piled up like a small hill.

Diffuse stone chips are flying...No one can see the shadow of Li Tian and the ice girl.

Did they get hit by a stone? Or was it buried by the boulder? Who can know?

"Li Tian!" Mary suddenly exclaimed, and now desperately ran towards the middle of the rock.

But he was suddenly held back by Count Roger.

"Mary, don't, it's dangerous..." Earl Roger said with tears of Mary there.

Mary was stubbornly pulled, her body trembling uncontrollably, tears dripping from her eyes.

What about the fire girl? Looking at the flying stone chips and the huge pile of rocks, he was also stunned.

"Sister...my sister..." Huo Nu yelled like crazy there.

All members of the Torrido family also looked at the huge pile of rocks in front of them with desperate eyes...

They knew that maybe Li Tian and the ice girl were really hit! It's really been buried in the boulder.

Just when everyone was in despair and pain in their hearts, suddenly, a figure covered in white stone chips came out from the sky full of stone chips.

Do not!

He is not alone, because he is still holding a woman tightly in his arms.

A beautiful woman with cold eyes.

Ice girl!

My God, Li Tian was alive and saved the ice girl...

When I saw Li Tian walking out of the flying stone chips holding the ice girl, everyone present was shocked!

If there is a person who can live in such a dangerous situation as just now, then that person is destined to be Li Tian, and that person is destined to be the savior of their blood race: Li Tian!

Facing Li Tian stepping out of despair, Roger, Mary, Fire Girl, Caso, and Ron and Tia were completely confused.

"Li Tian!"

"Savior!!"

"younger sister!"

...

All the exclamations came out from their mouths, everyone's voice was so incredible, so unbelievable!

Who can believe that someone can survive the scene just now?

"Sister!" After seeing her rescued sister Bing Nv, the fire girl who exclaimed, ran towards the Bing girl crazy.

But what about the ice girl? After hearing Huo Nu's voice, I realized that my body was still tightly attached to Li Tian's chest, especially the two tempting and soft weapons on his chest were next to Li Tian Broad chest.

At this moment, the ice girl was suddenly embarrassed.

Although she is cold and glamorous, like ice, she is a female after all...

So at this moment, she quickly loosened her arms around Li Tian's neck, and quickly jumped from Li Tian's arms.

Then hugged tightly with the fire girl.

"Sister... you scared me to death, you scared my sister to death." Huo Nu was crying with excitement, holding the Ice Girl in front of her.

But seeing that the ice girl also hugged the fire girl tightly in front of her, but she didn't know why, all in her heart was the picture of Li Tian.

Even if she tried hard not to let herself think about it, the image of Li Tian still in her mind.

"Sister, are you hurt?" Huo Nu asked, looking at the Ice Girl with concern.

The ice girl shook her head awkwardly and said: "I...I don't!"

"That's great, that's really great." The fire girl said with great joy.

Then this crazy and hot girl suddenly turned her beautiful eyes to Li Tian over there.

"Li Tian?"

At the moment she called out Li Tian, this beauty suddenly ran towards Li Tian. Li Tian was taken aback for a moment. She didn't understand what was going on, but saw that hot girl's hot and \*\*\*\* cherry lips kissed her. On my cheek...

Li Tian was stunned! Startled!

Mary, Tia, Ron, and Earl Roger were all dumbfounded. No one thought that Fire Girl would kiss Li Tian's face with her \*\*\*\* red lips! ! !

But she said that just after Huo Nu's \*\*\*\* red lips kissed Li Tian's cheek, she laughed heartily.

"Thank you, thank you for saving my sister..."
