

A Killer 2251

Chapter 2251: Weird black hole

The moment Li Tian was kissed on the cheek by the hot feminine red lips, he was not only embarrassed there.

To be honest, as a man, Li Tian hasn't been kissed by a woman for a long time...

This time, in order to save the ice girl, he touched the ice girl's delicate waist with both hands, and the squeezing of her crisp breasts, which made Li Tian's blood surging. Unexpectedly, he was caught by the flame girl again. Her cherry lips kissed her cheek all at once...

Therefore, even if Li Tian is not excited in his heart, there is no way.

But seeing him standing there slightly, without speaking.

Count Roger over there, Ron and the others finally breathed a sigh of relief when they saw that the Ice Girl was unharmed.

Where is Mary, who was worried about Li Tian and weeped? When she saw that hot girl kissed Li Tian's cheek with her red lips, Mary suddenly felt a little bit in her heart, and her beautiful eyes suddenly revealed a strange color of resentment...Standing there I didn't know what to do, and didn't say hello to Li Tian again.

Li Tian has already walked over at this moment.

Seeing Mary standing on the other side, she walked over slightly.

"Mary." He called out.

Mary raised her beautiful eyes and looked at Li Tian, and then suddenly an awkward smile appeared at the corner of her mouth, and said to Li Tian, "Are you okay?"

Li Tiandao said, "I'm fine."

Mary smiled far-fetched and said, "I'm relieved if it's okay."

Finally, a false alarm passed by everyone safely.

Looking at the huge pile of rocks behind, there was an unknown sense of horror in the hearts of Earl Roger and the members of the Torrido family.

At this moment, Lord Roger looked at the situation in front of him, and said to all the members of the Torrido family: "Everyone keep going, you must pass through this immortal mountain."

After speaking, I saw him continue to walk forward.

The members of the Torrido family behind him followed the footsteps of Count Roger, and then walked forward step by step.

But what about Li Tian?

After he broke off alone, he watched the situation behind him, and at the same time protected Ron, Tia and the others.

As Count Roger walked forward step by step, he saw the mountains and rivers in front, one by one, and there was no way to go.

Looking at the completely impassable mountains in front of him, this made Count Roger and the entire Torrido family members depressed.

"No way!"

"Earl Roger, there is no way ahead." The vampire knights of the Torrido family all showed ugly faces and said as Count Roger was looking at the moment.

But what about Roger? Looking at the mountains and mountains in front of him, he was suddenly desperate.

No way!

There is no way through the Immortal Mountains at all!

This time, Earl Roger was completely desperate.

Now, if they want to pass this immortal mountain range, unless they climb over this extremely steep mountain range.

At this moment, all the members of the Torrido family raised their eyes and looked at the straight mountain range that pierced into the sky, and everyone felt a strange feeling in their hearts.

In fact, for them, it is not a big deal to climb over this steep immortal mountain range. The most important thing is that they are afraid of encountering the terrible stone giants!

If the dozens of members of the Torrido family climbed up this Immortal Mountain, the goal would be very obvious, and if they didn't, they would be discovered by the stone giants of the Immortal Mountain.

Once found, it can be really troublesome. At that time, if they wanted to pass this immortal mountain again, it would be dangerous, so at this moment, Lord Roger and the members of the Torrido family were all there, and no one knew what to do.

Just when everyone was depressed and didn't know what to do, everyone was focusing on Li Tian at this moment.

They all looked at: savior, hope Li Tian can give their best advice.

After they looked at Li Tian, Li Tian also frowned slightly.

"Li Tian, we all rely on you now... What do you say?" Count Roger looked at Li Tiandao.

All the members of the Torrido family were also looking at him.

But seeing Li Tian thought for a while, then he raised his head and looked at the huge mountain range in front of him and said, "It seems that I can only climb these mountains!"

As he spoke, he looked at the surrounding immortal mountains.

After Li Tian said so, Count Roger decisively nodded and agreed.

"Okay, we listen to you."

After Earl Roger finished speaking, he turned his head when he saw him, looked at all the members of the Toledo family and shouted: "The members of the Toledo family are instructed...From now on, we have to climb This immortal mountain."

After Roger gave the order, all the members of the Torrido family nodded.

Li Tian's method is the only way, and there is no way out of it.

After making a decision, but seeing Li Tian, he walked in the front position... He walked a few steps forward quickly, looking for the lowest mountain.

More than a hundred meters ahead, there happened to be a not very high mountain range towering over there...

After Li Tian saw it, he pointed to the mountain range and said, "Go, we crossed over that mountain range."

When Count Roger and other members heard this, they all hurried over.

Then Li Tian took the lead and climbed towards the steep mountain.

The mountain range is about 34,000 meters above sea level. It is bare, except for huge rocks and weird caves. There are almost no weeds or creatures.

Looking at such a weird mountain range, Li Tian took a look, and then took the lead to climb up the mountain.

The mountain is not particularly steep, and there are winding stone roads just for walking.

The members of the Torrido family, as well as Lord Roger and the others, followed Li Tian's footsteps step by step towards the mountain range.

Just when Li Tian took the members of the Torrido family in front of him to a height of about 100,200 meters, he saw two weird "karst caves" in the middle of the mountains in front.

The two weird karst caves are about 2 meters long, and they are inlaid with huge mountains...There are also raised triangular boulders under the two weird karst caves.

This thing looks like a human nose.

Li Tian didn't care about the two caves, and walked forward.

It was the members of the Torrido family behind that, suddenly one of them did not enter the cave looking curiously, and paused there.

As he paused, he muttered in his mouth: "What the **** is in this strange cave?"

As he was talking, he raised his eyes and stuffed his head into the dark cave to see...

The members of the Torrido family behind him also didn't bother to pay attention to him, and continued to move forward.

But he said that when the guy plunged his head into the weird cave, he couldn't see anything in the cave, and he was suddenly in the black hole when he wanted to withdraw his head. In the depths, a little light flashed out.

But I saw that the light was the same shape as the halo, flashing in circles.

what!

An exclamation came out of the member of the Torrido family.

When the member of the Torrido family saw the weird light in the black hole, he suddenly screamed, and then his body quickly backed away.

Chapter 2252: Stone giant

Just as the guy exclaimed, Li Tian, Earl Roger, and other members of the Torrido family all turned their eyes to him at this moment.

"What's wrong? What happened?" Count Roger asked quickly there.

But seeing the panicked member of the Torrido family pointing at the two black caves in front of him, he exclaimed, "He, this, there is something in this black hole..."

After he said this in a panic, Li Tian and Earl Roger in front of them both frowned and looked at the two black caves at the same time.

Really?

Is what that guy said true? Is there really something in this black hole?

At this moment, Li Tian and Earl Roger ran over, and all the members of the Toledo family over there gathered at this moment, all holding the weapon in their hands tightly, and then staring at them with a concentrated expression. Of the two dark black holes.

"Did you see clearly?"

"Are you really sure that there is something in this black hole?" Earl Roger asked the Torrido family member in that stern reputation.

But seeing that member of the Torrido family paled and said, "Really, Lord Roger, I really saw it."

"In that black hole, something flashes and flickers..."

Hearing what the member of the Torrido family said, Count Roger frowned deeply, then raised his eyes and looked at the strange black hole.

After a few glances, then he stretched his head and looked at the black hole.

Just when Count Roger also stretched his head and looked at the black hole, suddenly, he really saw something flashing out of the black hole.

Count Roger was taken aback, and quickly withdrew, shouting: "There is something, there is something in the black hole."

"Everyone, be careful!"

Following Count Roger's exclamation, his body retreated suddenly.

After Earl Roger retreated quickly, all the members of the Torrido family beside him raised their weapons, and then stared at the two black caves.

Li Tian, the Fire Girl, and the Ice Girl were also ready for everything, looking at the two weird black holes.

In the dead silence space, everyone was breathing, not daring to vent their breath, everyone was blinking and staring at the weird black cave without moving.

No one knows what terrible things are inside that cave, let alone what the weird things that flashed in the black hole just now are?

At the moment when everyone's eyes were staring at the black hole, they suddenly lit up when they saw the two black caves.

Everyone was shocked at the moment when the two dark caves lit up.

OMG...what are those two black holes? Why did it suddenly light up?

wrong!

These two caves...like...like...

"These are the eyes?" A horrified cry came out from Li Tian's mouth.

Li Tian had been carefully observing the situation of these two black holes just now...he had always felt familiar with it. At this moment, when he suddenly saw the two black holes glowing suddenly, his heart suddenly opened up.

Because he has discovered that the two extremely symmetrical black holes in front of this are actually the "eye holes".

OMG, when Li Tian in front of him said so all of a sudden, all the members of the Torrido family present, including Roger, and the Ice Girl and Fire Girl, were all shocked! Because they also discovered that the two dark things about a meter or so were eye holes! !

And the thing that bulges under the eye hole is the nose! ! !

"So... such a big eye hole?"

Everyone was horrified.

At the same time, the first thought that popped up in their minds was: Giant! Stone giant!

God, are they standing on the face of the stone giant now? In his eyes? ,

Yes, they would never have thought that the place where they were standing right now was one of the stone giants in the Immortal Mountains.

And the two black caves just now are the eye pupils of the stone giant! ! !

However, at the moment when the black hole's eyes suddenly gushed out, suddenly, there was a loud bang.

Then Li Tian and the members of the Torrido family suddenly felt that the ground they were standing on was almost like a cracked earthquake, with a rumbling noise, and the entire mountain began to shake violently.

Facing the sound of this earthquake-like cracking, the members of the Torrido family in front of them almost couldn't stand firmly, and several members fell to the ground at once.

what happened?

Now how to do?

Everyone was holding the rocks around them in horror, staying there, not knowing what to do.

Suddenly, Li Tian yelled out, only to hear Li Tian yelling there, "Quickly get out of here! Quickly!"

Following Li Tian's exclaim, he saw that he took the lead in holding Mary next to him, and then said to Mary, "Tighten me!"

Mary was taken aback, and then stretched out her hand to hold Li Tian's arm tightly, then Li Tian flew up and down, and then flew down from the top of the mountain.

And what about Earl Roger and the Fire Girl and Ice Girl? As soon as Li Tianfei went down, he quickly stretched his figure and swept down from the top of the rumbling mountain.

After Earl Roger and Li Tian left the mountain, the members of the Toledo family began to fly down from above.

But at this moment, the mountain suddenly began to tilt violently.

There was a loud bang!

Immediately afterwards, I saw that the huge mountain actually started to move...

Those members of the Torrido family who had not had time to fly, faced the violent shaking of the mountain, suddenly screamed, fell, and then slid down from the mountain, fell heavily to the ground, and then fell from above. The giant rock was smashed to death directly and turned into a mass of plasma!

Some members of the Torrido family were flashing stature in the face of danger and flew down from the mountain... finally escaped.

But seeing that there were 3 members of the Torrido family who had unfortunately rolled down from the mountain... and then were killed alive by the falling rocks!

The other members were fine, most of them flew down from the mountain.

After Li Tian, Lord Roger, and members of the Torrido family flew down from the mountain, they all retreated quickly, and then looked at the moving mountain with extreme horror...

Gosh!

The real stone giant appeared! ! !

But seeing the movement of the mountain, accompanied by a violent roar, and the sound of rocks rolling down, I saw a huge boulder a few meters long suddenly burst out of the mountain.

OMG, that turned out to be the body of a stone giant! ! !

The moment the huge body emerged from the mountain, Li Tian, Mary, Fire Girl, Ice Girl and others were all shocked.

All of them stared wide and opened their mouths, looking at the body of the condescending stone giant in disbelief.

As the stone giant came to the fore, he then saw his head jump out of the mountain.

The huge head is a 34-meter-wide rock. There are two black holes emitting weird rays on the head. It is the eyes of the stone giant.

Then I saw the arm of the stone giant!

The moment that arm was pulled out of the rock pile, the sky and the earth shook, and the huge rock that rolled from the rock arm hit the ground, as if it was about to crack the ground.

Then look at the legs of the stone giant.

The moment the legs were pulled out frightened everyone. There should be a distance of nearly 67 meters.

Chapter 2253: Shopping stone giant

Such a terrifying and huge stone giant truly appeared in front of Li Tian and members of the Torrido family. .

Its body is like a hill, its head is all wrapped in rocks, and the light radiating from the pupils of the black hole is precisely its eyes shaking.

At this moment, he stared coldly at Li Tian, who was like an ant, and the members of the Torrido family.

"Stone giant!" An exclamation screamed out of Mary's mouth first.

She looked at the huge monster in front of her in disbelief!

too big!

horrible.

It is the first time that all the members of the Torrido family have seen such a huge monster, their eyes are straight now...the whole person is completely stunned there, looking at the rock like a hill with dementia giant.

"Is this the legendary stone giant?" Fire Girl exclaimed in surprise while blinking her beautiful eyes.

While talking, her delicate body couldn't help but began to back away at the same time!

The ice girl and other members of the Torrido family are the same, all backing...

Faced with such a huge monster, who would dare to step forward?

Li Tian and the members of the Torrido family are like an ant in front of the stone giant at this moment, unable to bear to look directly.

Just when everyone was horrified, the huge stone giant suddenly "roared" in his mouth.

The sky-shaking sound was like thunder, shook the ears of the members of the Toledo family almost exploding... They all covered their ears at the moment! He twisted his face... looked at the huge stone man in front of him with extreme fear.

The stone giant's mouth opened about 3 meters wide... it looked scary.

At this moment, after the violent stone giant's voice shook the sky, the entire Immortal Mountains echoed his violent cry.

When Li Tian and Earl Roger heard the stone giant's sudden roar, they were all startled.

Then while all the members of the Torrido family were still there, Li Tian suddenly felt an extremely dangerous breath in the air.

Suddenly, he heard him yelling there and saying, "I can't stay here...Quickly, leave this stone giant."

Along with Li Tian's words, those members of the Torrido family hadn't even understood what was going on.

But seeing the stone giant like a hill suddenly, it moved its steps.

When the huge boulder and feet stepped down from the mountain and stepped on the rocky ground, there was a loud bang, and the whole earth trembled violently! It's like an earthquake.

The stone giant walked towards the members of the Torrido family with huge rocky legs.

Its one step, about ten meters away...horrible and scary.

If the huge stone ankle is stepped on the members of the Tored family, why can't they be trampled directly into the flesh?

Seeing this stone giant stepping forward, the members of the Torrido family were all shocked.

Then there was a shout of "Ah", and everyone started to run wild and back!

As they started running here, the stone giant suddenly started chasing him wildly.

Its huge body, although it moves slowly, but every step it takes is a full ten meters away...

In less than three or five steps, the stone giant had already chased him angrily.

At the moment when the stone giant like a hill caught up, its rocky arm suddenly swept Li Tian and others who were fleeing in front of them.

The moment the huge rock arm swept over, it was like seeing the rock wall swept toward them.

"Careful!" Li Tian ran, observing the situation from his side, and the moment he saw the rocky arm of the stone giant swept over, his body hurriedly flew.

Immediately after that Roger, Mary, and the Ice Girl and Fire Girl all flew by!

After they flew by, they were lucky to escape the violent blow of the stone giant.

But what about the members of the Torrido family who are incapable?

As soon as the rocky arm of the stone giant swept over, those members of the Torrido family fled frantically.

Some members of the Torrido family were not in danger, and they fled and fled, and they have escaped!

But what about the members of the Torrido family who have not had time to escape? I saw that after the rock arm of the stone giant swept wildly over, bang bang...

Those poor members of the Torrido family flew up from the rock arm.

Ahhhhh, screams came from their mouths.

Then they saw their bodies being blown into the air abruptly and then falling to the ground!

Some were hit to death alive, while others were fine. After being hit, they got up and continued to flee.

Facing such a terrifying and frightening stone giant's pursuit, Earl Roger only felt a deep despair pouring from his heart.

"Does God really want to destroy my Torrido family?"

"Could God not give me the Torrido family a chance?"

Count Roger murmured in pain, while speaking, looking at the members of the Torrido family who were knocked off.

In a blink of an eye, 45 members of the Torrido family have been killed by the rock giant.

The living members of the Torrido family are still fleeing desperately...They follow Li Tian and run.

But the stone giant's step distance is too big, too exaggerated...

After a step collapsed, the rock arm suddenly held a member of the Torrido family like an ant.

In a blink of an eye, the member of the Torrido family was picked up alive by the stone giant's two pillar-like stone fingers, and then lifted into the air.

Ahhh...

The member of the Torrido family who was lifted up screamed bitterly.

Li Tian and Earl Roger couldn't help turning their heads to look after hearing his screaming scream, they were stunned right now.

My God, I saw that the stone giant clamped the Torrido family member with two fingers, and then lifted it in the air, and then the blood basin opened its huge mouth. The mouth was about 3 meters wide. In an instant, it lifted the Torrido family member who was screaming in the air, and suddenly threw it into its rocky mouth.

With a whistle, the member of the Torrido family was swallowed by the stone giant.

what!

Bloody and cruel!

Facing such a brutal massacre, the eyes of Earl Roger were blood red!

The members of their Torrido family had already died. Now so many people... But what about this moment? He was still slaughtered by this damned stone giant.

At this moment, Count Roger suddenly lost his mind.

"Asshole... I want to fight with you!" A roar roared from the mouth of the Count Roger.

He couldn't manage that much anymore. Even if he died, he was going to die upright, and he didn't want to run away like this anymore.

Chapter 2254: Block

Following the roar of Count Roger, he rushed towards the stone giant like a hill like crazy.

Seeing so many members of the Torrido family sacrifice, is there still a mood for Earl Roger to run for his life?

When Elder Alchid was leaving, he personally told him that Torrido must be revitalized! But right now, with so many members of the family dead, Earl Roger can only fight, even if he knows death.

When Mary saw that her father was desperately passing towards the stone giant, she exclaimed, "Dad..."

Then desperately ran towards the Count Roger.

But at this moment, Li Tian grabbed Mary in front of him.

"Mary, don't!"

After being pulled by Li Tianji, Mary said with tears in her eyes: "No, no, I must help my father."

Listening to her cry, Li Tian looked up at the Count Roger, who was running towards the stone giant, and suddenly sighed heavily: "Mary, listen to me!"

"You flee with them...I'll save your father." Li Tian said to Mary suddenly there.

After Li Tian suddenly said this, Mary was stunned for an instant.

"Li?" Mary looked at Li Tian in surprise.

But seeing Li Tian grabbed Mary's delicate hand, and said: "Mary, time is running out... You follow the Fire Girl and the Ice Girl, as well as the living members of the Torrido family, leave here... You look for Hide somewhere first."

"Here, leave it to me! I'll help your father."

After Li Tian finished speaking, that Mary seemed to want to say something... but Li Tian stopped her.

"Go! If you don't leave, it will be too late."

"Quickly follow Huo Nu and them to leave here."

After Li Tian said this in his mouth, he suddenly squeezed his hands, and then pushed Mary's body forward.

Mary was pushed by the invisible energy from Li Tian's hands, so she suddenly dived... and then walked towards the ice girl and fire girl.

And what about Li Tian at this moment?

After arranging that Mary, he turned his head and saw the huge stone man. What about the Count Roger? Already rushed towards the stone giant like crazy.

It's just that Earl Roger was like an ant when he reached the stone giant.

But he said that after Earl Roger rushed to the stone giant, the sharp blade in his hand slashed towards the stone giant's thick rocky legs like a pillar.

With a bang, sparks flew everywhere.

After the sharp blade slashed on the rocky leg of the stone giant, the stone giant didn't even feel itching at all!

Instead, the sword in Count Roger's hand was shaken.

Count Roger saw that his weapon could not harm the huge stone giant in front of him, and he was shocked immediately.

But at this moment, the stone giant had already raised his huge ankle, and then stomped on Count Roger's body like an ant.

Count Roger drew in a hurry, relying on his extremely flexible physique before he escaped the terror kick of the stone giant.

With a bang, the stone giant didn't step on the Count Roger, but stepped on the hard ground.

The huge and hard ground was stomped deeply by the stone giant.

The stone giant saw that he did not step on the Earl Roger. At the moment, another huge rocky ankle was also lifted, and he continued to step on the body of the Earl Roger, as if he was vowing to trample on Earl Roger. No sauce.

Earl Roger stepped on the **** boulder, he only felt a feeling of suffocation in his heart, and he quickly backed away...Unfortunately, the stone giant's ankle was too big, as if it completely covered the sky, and he pressed towards it. His body stepped on.

Count Roger looked at the giant stone feet approaching his head, and felt desperate right now.

I thought: This time is really over.

But what he didn't expect was that at this moment, Li Tian's figure suddenly flew over, and then grabbed the arm of Count Roger. Count Roger only felt a powerful force coming. Then the whole body seemed to be dragged, and was pulled out from under the giant rocky feet with a whoosh.

With a bang, the rocky ankle of the stone giant stepped on the ground... and where is Earl Roger? It was extremely dangerous just now, but fortunately, Li Tian was rescued by Li Tian who had arrived in time.

After Earl Roger got up from the ground, he looked at Li Tian before him in astonishment and called out: "Li... why are you here too?"

Li Tian nodded slightly and said, "I will deal with this **** stone giant with you."

Earl Roger showed desperation in his eyes, and then said: "This stone giant is impenetrable, covered in rocks...We can't kill him."

"Li, while it's not in danger yet, or you go quickly..."

Listening to Earl Roger's words, Li Tian in front of him did not leave.

He just stood there, then raised his eyes to look at the huge stone giant in front of him, and said to Earl Roger: "No, I promised Mary that I must take you out of here safely."

After hearing Li Tian say this, Count Roger felt extremely grateful.

"Earl Roger, let you and I hold this **** stone giant now! Then let the rest of the family members leave here safely." Li Tian said there.

When Count Roger heard this, he was full of energy and said, "Okay!"

After the two of them had finished talking, they faced the huge stone giant from left to right.

But he said that the stone giant was like a hill, and at this moment, he looked at Li Tian and Count Roger in front of him with his black hole eyes.

"Ignorant humans, go to death!"

A thunderous sound came out from the stone giant's mouth.

My God, no one thought that this stone giant could still speak?

They can still make sounds?

It's just that the sound was like thunder, rolling down, sounding hairy.

Li Tian and Earl Roger in front of them were all stunned when they heard the sound of the stone giant.

"This stone giant can still speak?" Li Tian asked in surprise.

Count Roger said there: "Yes, the stone giants of the Immortal Mountains are heavenly spirit stones, which have been transformed by spirit stones over thousands of years, so they are undoubtedly like human beings, but they are transformed from stones. "

After hearing the words of Earl Roger in front of him, Li Tian frowned slightly.

My heart lining secretly: It seems that this **** stone giant has a background!

Chapter 2255: Madness

Looking at the terrifying stone giant in front of him, Li Tian's first thought was: How to deal with it?

Just as Li Tianxin thought this way, the stone giant had already lifted a huge stone ankle and stepped on it towards Li Tian and Count Roger.

Giant feet fall from the sky!

Under such circumstances, but seeing Li Tian flying upright and quickly dodge past, the same was true for Count Roger.

After the two dodged, one of the stone giant's ankles slammed on the cold ground.

Not disliked!

The stone giant saw that his feet hadn't stepped on Li Tian and Roger in front of him. At this moment, he roared and two thick rock arms swept across the air.

The moment the terrifying rock arm swept over, there was a strong wind.

Li Tian looked at the huge rock arm that swept over, and at this moment he lifted himself up, and then his whole body soared.

After Li Tianyi soared into the sky, he suddenly flew towards the rocky arm of the stone giant.

What is he doing? Do you still want to go to the body of the stone giant?

The stone giant was huge and terrifying, but his movements appeared to be slow, so Li Tian quickly fell on his rock arm. The moment after the fall, Li Tian moved his body and his feet followed the rock arm. , And then jumped directly towards the head of the stone giant, surprisingly fast.

What about Lord Roger below?

Seeing Li Tian jumped towards the head of the stone giant, he was taken aback, and his body rolled on the spot, avoiding the vast blow of the stone giant.

But he said that after Li Tian got on the body of the stone giant, the stone giant became angry at this moment.

The huge body began to tremble violently, and the rocks piled up on it fell from the body.

Li Tian held a boulder with both hands, and then tightly grasped the boulder to prevent his body from falling down.

Seeing that he couldn't shake Li Tian off, the stone giant roared in anger, and his huge body slammed directly into the mountains on the left.

It seemed that the stone giant wanted to get into the pile of rocks, and then forced Li Tian to leave its body.

But he said that when the stone giant was about to hit the mountain next to him, Li Tian suddenly lifted his breath, and then with a dragon chant, his body flew directly onto the head of the stone giant.

At the moment when Feizong went up, Li Tian roared: "Go to hell!"

Along with his roar, his accumulated palm strength hit the head of the stone giant.

The vast palm power protruded from Li Tian's palms with a bang, and then slammed **** the head of the stone giant.

expensive! ! !

The screaming roar came from the mouth of the stone giant.

But seeing that Li Tian's powerful palms just hit the head of the stone giant, the rock on the head of the stone giant only dropped a few pieces, but other things, for the stone giant, a little bit No harm!

However, Li Tian angered the stone giant.

I saw that the stone giant in front of him roared after being knocked down by Li Tian's palms, and then his whole body slammed into the nearby mountain.

With a bang, its huge rocky body hit the mountain.

Li Tian couldn't stand firmly, his body shook suddenly when he was shaken, and then he slipped and fell from the head of the stone giant.

What about Roger below? Seeing that Li Tian was actually shaken down, he exclaimed, "Li Tian..."

But what about the head of the stone giant? But there is no trace of Li Tian!

It seemed that Li Tian had been shaken down, and it seemed that he had been smashed below by the huge rock.

How is Li Tian? Was it really shaken down?

Look carefully, it turns out that Li Tian was not shaken down just now.

It turned out that the moment he slipped down, he suddenly pulled out the moon blade in his hand! This moon blade was presented to him by Elder Alchid.

After he pulled out the "moon blade", Li Tian inserted the moon blade into the rock, and his body was now hanging in the air.

His body was floating, as if he was about to fall down at any time.

Li Tian gritted his teeth there, holding the moonblade pierced in the rock in one hand, and suddenly accumulating palm power in the other hand, and then slapped the rock in front of him heavily, and his body suddenly took off.

Li Tian actually flew to the head of the stone giant again.

The moment Roger below saw the appearance of Li Tian's figure, he was not only excited.

But what about Li Tian? After flying onto the head of the stone giant again, his face changed!

He became hideous and ugly, his eyes suddenly revealed bloodthirsty and powerful gazes at that moment, and at the same time even his fangs grew out of his mouth.

God, he turned into a vampire state.

Let's say that after Li Tian suddenly turned into a vampire state, a miserable scream came from his mouth, and then he saw blood-red weird energy accumulated in his palms...

boom! ! !

The sound of the sky came out of Li Tian's palms.

A terrible **** palm hit the stone giant's head.

Ow...

After the stone giant was hit in the head by that huge palm strength, he let out a scream, and then screamed in pain. The huge rocks on the head began to shatter one after another and rolled down from above.

But what about Li Tian? But did not stop!

He seems crazy!

With both palms waving, they hit the head of the huge stone giant in front of him with endless palm power like a beast.

One palm, two palms, three palms...

His arms are bleeding, the blood is caused by his excessive force, his eyes are red, red bloody, red scary.

When Earl Roger below looked at Li Tian who was crazy, he was not only stunned.

He seemed to see a demon even more terrifying than the stone man, digging into Li Tian's body.

There was a loud bang, accompanied by the shaking of heaven and earth.

The head of the burly and tall stone giant was smashed alive by Li Tian's endless palm.

With a click, its head began to split, and a huge rock rolled down from its head.

Then at the beginning, its hill-like body began to crack. Its body was originally a pile of rocks. At this moment, after the collapse, the rocks on the body fell from the body one after another.

Earl Roger below saw the huge boulders falling from the sky, and was dumbfounded at the moment, and his body quickly dodged!

Rumble and rumbling, the sky full of loud noises sounded, the huge rock collapsed from the stone giant's body and fell on the ground.

It fell!

The stone giant finally turned into a pile of rocks at the moment Li Tian smashed his head, and then fell apart.

The courageous, hill-like stone giant turned into a pile of rocks at this moment.

Chapter 2256: People?

The stone giant fell.

Turned into a bunch of useless rotten rocks.

At the moment when the stone giant fell suddenly, Earl Roger hurried to Li Tian over there.

But seeing Li Tian standing there decadently, his hands full of blood, his body trembled violently, his eyes staring blood red.

"Li Tian, Li Tian, how are you doing?" Count Roger, who rushed over, asked Li Tian caringly while holding on to Li Tian at the moment.

But seeing that Li Tian didn't speak, he closed his mouth tightly, and the blood kept dripping down his arm.

"You are injured..." Count Roger looked at the blood flowing down Li Tian's arm and said with extreme anxiety.

After Earl Roger's words were uttered, Li Tian knelt on the ground with a sudden thump when he saw Li Tian's legs softened.

After Li Tian knelt to the ground all of a sudden, Count Roger was suddenly panicked.

"Li Tian, Li Tian, don't scare me..." Roger exclaimed.

But seeing Li Tian dying, the blood on his arm still kept flowing down while panting hard.

Li Tian was indeed injured. Just now, he had overutilized his body's power in order to deal with the stone giant, so he would become like this.

When Earl Roger saw Li Tian suddenly doing this, he thought about it, and quickly took out a bottle of artificial blood from his arms!

He needs to replenish Li Tian's energy!

Because Li Tian must drink blood to recover his physical fitness.

After Count Roger took out the artificial blood, he hurriedly stuffed the artificial blood in his hand toward Li Tian's mouth.

Li Tianxue's eyes were red. At this moment, after seeing the artificial blood, he suddenly choked the bottle like a wild beast, and then began to drink.

The bright red artificial blood spilled from the corner of Li Tian's mouth, followed the corner of his mouth, and then flowed onto his neck.

After Li Tian gurgled and drank the artificial blood quickly, Earl Roger looked at Li Tian, who was full of blood, and asked, "Li Tian, what do you think? Did you feel better?"

After Earl Roger asked, but seeing Li Tian was silent for a while, his ugly expression just returned slowly, and even the scarlet and terrifying eyes that had just returned to normal.

Then Li Tian blinked and said, "I...I'm much better..."

When Li Tian said this, Count Roger suddenly became excited.

"Great! You are finally all right." Count Roger said.

After speaking, Lord Roger began to slowly support Li Tian up.

After being supported, Li Tian moved his body a bit. After replenishing his blood, Li Tian's recovery speed reached an astonishing level. To be honest, even the Earl Roger in front of him was shocked, and he did not expect Li Tian to recover. So fast.

After Li Tian stood up, he looked at the huge pile of rocks in front of him.

Count Roger said there, "I didn't expect that you would defeat this terrifying stone giant..." His words were full of admiration.

But what about Li Tian? There was a bitter smile.

To be honest, he didn't even have the confidence to defeat this giant stone!

He just exhausted all his internal strength, and then kept hitting the head of the stone giant...but in the end he did not expect that this terrifying cold stone giant would be knocked down by himself.

Looking at the pile of ruins in front of him, Li Tian said silently: "Let's leave here as soon as possible."

"If we really meet another stone giant like this, then we will really finish playing..." Li Tian said dejectedly.

Just as he finished saying these words, he suddenly heard a cry of "Oh" coming from the immortal mountain range.

Then I saw a loud rumbling sound coming from the immortal mountain range...It was as if the mountain was cracking.

"What's the matter?" Count Roger in front of him suddenly screamed, raising his ugly face and looking towards the place of the immortal mountain.

But I saw a loud rumbling noise from the immortal mountain, and at the same time huge rocks rolled down from the mountain.

Li Tian was stunned for a moment after seeing such a horrified situation.

"Oh my God, shouldn't it be the stone giants appearing again?" Li Tianzhen said in shock.

After he said this, Count Roger's eyes suddenly widened.

I saw in the immortal mountain range, the loud rumbling sound was still continuing... and I could slightly feel the earth as if shaking.

When Li Tian and Earl Roger felt the earth shaking all at once, they all stayed for an instant.

"Run, get out of here..." Li Tian exclaimed.

Because he knew that the danger really came.

After Li Tian finished saying this, the Earl Roger in front of him ran forward with Li Tian without looking back.

The two moved forward, flying towards the front like flying!

Soon, seeing Li Tian and Earl Roger, they left the immortal mountain range in front of them. They fled towards the place where Mary, the Fire Girl, and the Ice Girl went.

In Li Tian and Count Roger ran for a while, suddenly Li Tian frowned suspiciously while looking at the emptiness ahead.

"Mary, how about the Ice Girl and others?"

"Why is it missing?"

Count Roger frowned when he heard Li Tian say this.

The two of them were resisting the stone giant just now, while Mary and the Ice Girl, the Fire Girl and the others fled in this direction, but now that Li Tian and Earl Roger arrived, how could they not see a single figure.

Faced with this situation, both Roger and Li Tian were both stunned.

But seeing the two of them raised their eyes, looking at the desolate darkness around them, half a figure in the dead darkness.

Mary and the Ice Girl, where did the Fire Girl go?

Looking around, Lord Roger suddenly said, "Maybe Mary and the others are in front..."

"Go, let's go ahead and have a look."

When Li Tian heard Roger say this, he nodded and followed him, and the two of them continued to look for Mary and the others.

However, after Li Tian and Earl Roger and they came to the front place, they still couldn't see that Mary, the Fire Girl, and the Ice Girl.

"What about people?"

"Where are Marys?" Li Tian asked suspiciously.

Count Roger had a very ominous premonition at this time.

"Mary and the others will never run this far... They should know that after we stop the stone giant, we will come to them for a round immediately." Li Tian said.

"Could it be that something happened?" A word suddenly came out of Count Roger's mouth. After he said that word, Li Tian and his face changed at the same time, becoming Weird and ugly.

Chapter 2257: Meet the black knight of death

Looking at the place in front of me, there are traces of Mary, Ice Girl, Fire Girl and others! !

This made Li Tian and Count Roger depressed.

Where did Mary go?

How could it suddenly disappear?

Count Roger's face was already showing endless concern. He looked around worriedly and said, "Where's my daughter? What about the members of the Torrido family... how come they're all gone? Up?"

Li Tian wanted to comfort Count Roger in front of him, but his mouth moved and he didn't know what to say.

But seeing Li Tian blinking his eyes and looking around.

Suddenly his eyes found strange traces on the ground...the traces seemed to be trampled on in a mess.

After suddenly seeing this strange trace, Li Tian said in that suddenly: "Earl Roger, come and see..."

Following Li Tian's words, the Earl Roger in front of him made three steps and two steps before he quickly walked over, then bent his waist and looked to the ground.

"What's the matter?" Count Roger asked Li Tiandao while bending down.

But what about Li Tian? He frowned deeply, then pointed his finger at the messy traces on the ground in front of him, and suddenly said, "Earl Roger, what do you think these traces... look like?"

Count Roger looked down, and saw the messy trails on the ground, messy, and extending far away.

After seeing these strange trails suddenly, Earl Roger frowned suddenly and said: "This...this...like the footprints of a horse..."

When Li Tian heard this, he suddenly became puzzled.

"Horse's footprints?"

Count Roger suddenly turned ugly, and suddenly muttered in his mouth: "It's the footprints of a horse... but... how come there are footprints of a horse here? And there are so many? "

Count Roger said while thinking in his mind.

Li Tian looked at the traces on the ground, and suddenly he found that there was still black soil under the footprints that seemed to be burnt.

The soil seemed to be scorched and cracked after being stepped on by the footprints.

After seeing this weird situation, Li Tian bent down, then touched the scorched soil with his hand, and suddenly said, "How come these soils seem to be scorched?"

When Count Roger heard this, he squatted down to take a look.

At this look, he was stunned. Because he also saw the scorched soil under the footprint...

Oh my god, what's going on? Why is the soil under the footprints scorched?

Are they really horse tracks? How could a horse's footprint burn the dry and stagnant soil?

Count Roger's face suddenly changed after he bent over and saw the burnt soil.

"My God, are they? They are here?" A terrifying word roared from the mouth of the Count Roger.

When Li Tiandang Li Tianna Lord Roger said so, he immediately asked, "Earl Roger, what's the matter?"

But seeing Earl Roger, his face was extremely ugly. After slowly standing up, he suddenly muttered: "Death Horse...This is the footprint of Death Horse..."

"What?" What death horse did Li Tian know? At this moment, after hearing the words of Count Roger in front of him, he not only looked at the Count Roger in surprise.

But seeing Earl Roger continue to say: "The Black Knights of Death of the Gangaro family are here, and they are here. The footprints on this ground are left by the horses that their Black Knights of Death rode."

"The war horse is a creature of hell, with green flames from its mouth, and an aura of destruction all over its body... These footprints are left by the death war horse from hell. Their footprints burned the earth..."

After Li Tianyi heard Count Roger say this, he not only frowned deeply at the moment.

"Earl Roger, do you think these footprints were left by the death horse of the Gangelo family?" Li Tian asked in shock.

Count Roger replied with an ugly face, "Yes, 100%."

"They are here, they must have caught up."

"Where is Mary? Will Mary and the others meet the Gangelo family?" Suddenly the Earl Roger exclaimed in worry.

With concern in his eyes, he looked around and asked.

That Li Tian was not sure if what Earl Roger was saying at this moment was true or false. He was also looking for Mary, the Ice Girl, and the Fire Girl.

While the two were looking for it, suddenly, a terrible cry came from the far front.

When Li Tian and Earl Roger suddenly heard a terrible cry, they were immediately stunned.

"A sound?" Count Roger exclaimed.

Li Tian looked at the place where the sound was coming from, and immediately said, "Go, let's go and see."

As he said, but seeing Li Tian and Count Roger move quickly together, and then flew over to the place where the screams were made.

After Li Tian and Count Roger rushed over, he blinked and was stunned at the moment.

I saw three cruel guys wearing black trench coats and hideous masks riding black death horses, killing the knights of the Gangaro family!

The corpses of 67 members of the Toledo family have fallen on the tragic ground, and the remaining two members of the Toledo family are still fighting in that ***** battle.

In addition to the two of them on the battlefield, it was Mary, Ron, Tia, and the Ice Girl and Fire Girl who all disappeared.

From now on, I saw that the two members of the Torrido family were covered in blood, and one of them was chopped off by the Ganguro family death knight riding a death horse.

The head grumbled down from the ground, and then the headless body of the member of the Torrido family shook a few times, and then fell to the ground to death.

Another member of the Torrido family, who was still fighting, also fell to the ground, dying.

Half of his face had been shattered, revealing ***** skeletons, lying on the ground, panting.

Just when the death black knight of the Gangalo family wanted to kill him, Lord Roger rushed over like crazy.

"Asshole!"

Accompanied by his roar, his body leaped out quickly like a wolf.

How could Earl Roger not be annoyed when he saw his family members were slaughtered?

The death black knight riding on the war horse, after hearing the sound in amazement, suddenly turned around that ugly grim face.

However, at this time, Earl Roger had already rushed over, and saw his body swish over, and then the bear hugged the death black knight riding on the horse, with a bang, and the two were fighting at the same time. He fell off immediately.

Chapter 2258: Under attack

After Earl Roger threw the death black knight of the Gangalo family from the horse together, Earl Roger raised his fist and slammed the death black knight on the head like crazy. .

The death black knight was thrown to the ground by the inexplicable Count Roger. At this moment, he was slammed into the head with his fist. Before he had time to scream, he saw his head alive by the Count Roger. smash!

Died tragically to the ground.

The other two black death knights of the Gangalo Family screamed after seeing their companions being killed, and rushed over on the death horse with green flames.

The sharp blade in his hand slashed towards the Count Roger.

Count Roger dodged, avoiding past.

However, the two black death knights of the Gangaluo family are definitely not waiting. After seeing Earl Roger dodging, the two of them pulled the horse's rein, the death horse made a harsh neighing sound, and then stopped there.

The two black death knights swooped down from the horse at the same time, and then faced the Count Roger from left to right.

Count Roger stared at the blood-red eyes, glaring at the black death knight of the Gangelo Family, and roared: "Asshole, come on, kill me... you bastards."

The two black death knights in black trench coats, with beastly gleaming eyes and sharp blades in their hands, glanced at each other.

Then one of them looked at the Count Roger with cold eyes, and suddenly roared: "Another family of Torrido is looking for death?"

The other said disdainfully: "Kill him."

After the two spoke, they walked towards Count Roger step by step.

That Li Tian had been standing behind and didn't make a move. Now he was just looking at the front with his surprised eyes, these two weird guys, and the death horse they were riding.

I secretly said: So, is this a member of the most famous Death Black Knights in the Gangelo family?

God, they really caught up! Li Tian was slightly surprised in his heart.

At this moment, the two black knights of death had already taken action!

Their movements are fast, fast and violent, they really deserve to be the vampires of the Gangelo family!

But seeing one of them, his body swept over, and the sharp blade in his hand drew terribly towards the head of Lord Roger, and what about the other Death Knight? It attacked from the ground, and the sharp blade in his hand was also viciously and deadly stabbed towards the Count Roger.

The two black knights of death, one up and down, matched perfectly.

Such a terrible blow, but seeing that Count Roger had also quickly retreated, he then rushed towards the death black knight on the ground.

With a clenched fist slammed out violently, the death black knight dodged, and then the sharp blade in his hand stabbed at Roger in front of him.

Count Roger, when he saw the guy stabbing straight at him, his body flashed slightly, and then he turned in a staggered step, and a beautiful hook directly caught the death black knight's arm.

The black death knight did not expect that Earl Roger would be so fast. He was slightly taken aback at the moment, but unfortunately it was already a step too late, but he saw that Earl Roger twisted hard after capturing the black death knight's arm, but he heard a click. , The death black knight's arm was completely broken!

The death black knight uttered a painful roar from his mouth, and at this time, the Earl Roger had already taken the sharp blade from his hand, and then stabbed the death black knight's head with a vengeance!

With a snorting sound, blood splattered out of the black death knight's head...

His body fell to the ground with a plop.

died.

After one of the death black knights died tragically, the other black death knight glared at Count Roger in front of him with his angry eyes.

With a roar, he rushed over, and the sharp blade in his hand slashed towards Count Roger.

Count Roger took the snatched blade and greeted him with a "clang", sparks splashed and the blades collided.

Every move of the death black knight was extremely vicious, as if he wanted to hack Count Roger to death.

And Earl Roger? As the most brave earl of the Torrido family, of course he didn't brag about it. After the two played against each other, he didn't make a few moves, but when he saw Earl Roger's blade turned, he suddenly slashed the death black knight in the chest. on.

After the death black knight was slashed, his mouth let out a scream of pain, he clutched his bleeding chest, and his eyes exuded beastly anger.

Roar!

The death black knight pounced with anger, and the sharp blade in his hand stabbed at the body of Count Roger lifelessly.

Count Roger saw him stabbing with a knife, and immediately lowered his body, and then the blade went from bottom to top, and stabbed directly into the heart of the death black knight.

The black knight of death let out a scream, but saw Earl Roger's second sword coming with the wind!

With a bang, Earl Roger chopped off the head of another black knight of death with the sharp blade in his hand!

Grumbling, but seeing the death black knight's head roll to the ground, his body convulsed a few times, and then he died there too.

...

In an instant, the three death black knights of the Gangelo family were killed by Count Roger.

Looking at the many corpses of the Torrido family members on the ground, Earl Roger's heart suddenly throbbed.

"My family..." he said suddenly in pain.

"How can this be? How can this be?" He suddenly roared.

Li Tian had also walked over at this moment, looking at the traces of the fight on the ground, and the corpses of the Toredo family members, Li Tian was also taken aback.

What happened here?

Why did members of the Torrido family sacrifice so much?

And Mary and the others? What about Fire Girl, Ice Girl, Caso and others? Where are they? Are they dead? Or what's going on? Why can't I see them?

Just when Li Tian and Count Roger were desperate, a painful groan suddenly came from the front...

"Roger...Earl..."

Seeing from the voice, but not far ahead, it turned out that it was the Torredo family member whose face was half ruined, moaning on the ground.

He is not dead!

After Li Tian and Earl Roger hurried over, they hurriedly helped the Torrido family member who was seriously injured.

Half of that member's face was shattered and the bones were exposed. The whole face looked distorted and scary. Although he could still speak in his mouth, he was dying.

"Asari!" Count Roger hurriedly helped the member of the Torrido family cried out after running over quickly.

It turns out that his name is: Asari.

But seeing the dying Asari, a light of despair appeared in those eyes.

"Asari, what's the matter with you? How could members of our family sacrifice so much?" Count Roger asked.

The dying guy said in his mouth: "Earl Roger...we...we...we were overtaken by the Gangelo Family's Black Knight Legion..."

what!

When Assari said so, Count Roger suddenly let out a scream.

Chapter 2259: caught

The death black knight army of the Gangelo family caught up.

When Count Roger heard this nightmare, he was suddenly stunned.

The dying Assari continued to say: "After we were overtaken by the damned Gangelo family members...we were slaughtered by them."

"Everyone...everyone...are arrested." Assari said painfully.

what? Caught?

Count Roger and Li Tianyi in front of him were stunned.

"what did you say?"

"Where is my daughter? Mary and the others?" Count Roger asked in surprise.

But seeing that Asari said there, "Miss Mary... and the Ice Girl and Fire Girl of the Buren family... have been taken away! They have been taken away by the Death Black Knights of the Gangaro family. ."

After hearing the bad news, the Count Roger in front of him shook violently, and then his eyes went dark and he almost fell down.

Fortunately, Li Tian's hands were quick and quick, and at this moment he quickly supported Earl Roger.

But after seeing Earl Roger recovering, his eyes showed endless pain and asked: "Mary and the others have been taken away? They were taken away by the ***** of the Gangello family?"

Then Asari nodded there and said, "Yes."

When Count Roger heard this, he muttered with extreme pain in his mouth: "Oh my God, how could this be? How could this be?"

"Earl Roger, go and rescue them... Go and rescue Miss Mary and the others!" Na Asari said, breathlessly.

"Where are they caught?" Count Roger asked quickly.

Then Casali gasped there and said, "I only know... the members of the Gangaro family are holding them... towards... towards the east..."

East direction?

Count Roger and Li Tianyi heard this, raising his eyes and looking towards the dark east.

His blood seemed to drain away, and the half of his destroyed face had already revealed a dead gray color.

"Then what do you do?" Count Roger looked at his family members concerned and said.

Then Asari shook his head painfully and said, "I can't do it anymore, Count Roger, the blood in my body has drained...I can't live anymore. Go, go and save Miss Mary and the others. That's too late."

"Our Torrido family can only rely on you...Earl Roger." Na Asari finally looked at Earl Roger and said.

Count Roger looked at the dying Asari at the moment, and his heart ached!

However, what Asari said was the truth.

He really can't live anymore!

And the most important thing now is to quickly save Mary, the Ice Girl, the Fire Girl and others...Otherwise, the Torrido family will really be completely extinct.

Count Roger looked at the dying Kassari, heartbroken.

But then Li Tian said to Earl Roger: "Earl Roger, now we still have to focus on the overall situation... This brother, indeed, can't live anymore... Let's save Mary and others as soon as possible."
."

After Li Tian finished saying this, the Earl Roger in front of him finally made a decision.

He slowly let go of the member's finger... But seeing that Asari's eyes showed a trace of despair, then he closed his eyes slightly.

Count Roger couldn't bear to take another look, turned around, and then left with Li Tian.

They are going to save Mary, the Ice Girl, and the Fire Girl.

...

To the east, it was dark.

Then where did Mary, Ice Girl and Fire Girl get caught?

Li Tian and Earl Roger looked at the dark east, both of them not only frowned deeply.

Eastern region.

I saw a team of people walking forward.

This team is the Death Black Knight Legion of the Gangelo Family. If you look closely, there are not more than a hundred members in this gang.

The death black knights wearing black cloaks, all ferocious and violent, are riding the death horse forward.

In the foremost place is the blood axe Raymond. At this moment, the blood axe Raymond's mouth is smiling, and the blood axe in his hand is still stained with unkilld blood.

"Hurry up, let those **** members of the Torrido family follow." A roar came out from the mouth of the blood axe Earl Raymond.

Follow his voice to look carefully, but see God, it turns out that in the back place, Mary and the Fire Girl and the Ice Girl were all detained.

I saw that they were strung together, and then heavy iron chains were tied to their hands and feet, and then they were driven out one by one.

Ice Girl, Fire Girl, Mary, Caso, Ron, Tia, and the Black Widow Katherine, as well as more than a dozen gray-headed knights of the Torrido family!

This is all Torrido members!

At present, they are left!

But what I didn't expect was that they were still caught up by the blood axe of the Gangelo family! Caught it.

But seeing the blood on the face of the fire girl, and the beautiful face, full of anger at this moment.

The ice girl and Mary are just like her, but now her hands and feet are locked by heavy iron chains.

It turned out that after they left, they met the blood axe that was chasing after the Gangaluo family members. After a battle, they lost! After Mary and Caso were arrested, the Ice Girl, Fire Girl, and even if they wanted to fight again, they had no choice but to help. Finally, they were all arrested.

Now they were chained together, and then driven away, following the Gangaluo family's death black knight army on foot like slaves.

The blood axe Raymond suddenly drove the death horse that was riding down, and walked towards the bound Mary and the others from the front.

After arriving, Leimeng, the blood axe, took a sudden look. All the people present suddenly cast their eyes on the fire girl and the ice girl.

"It turns out that you two are the ice and fire twin sisters of the Buren family?" Raimeng Blood Axe said while laughing wildly there.

The fire girl, hearing this guy's wild laugh, glared at Liu's eyebrows and roared: "Asshole! Assholes of the Gangelo family, have the ability to let go of grandma, grandma aunt, I must burn you alive."

When Raymond heard that blood axe, he burst into laughter.

"Girl, I didn't expect to be arrested, but still so angry? As expected of a member of the Buren family!

The hot woman said, "You bastard, don't talk nonsense."

Blood Axe was not angry, but continued to say: "Now I will ask you... I will ask you one thing, you say something, otherwise, I will kill one of your members of the Torrido family."

Raymond Blood Axe roared.

Listening to this extremely cruel guy, the Fire Girl and Ice Girl in front of them all showed angry eyes.

It's a pity that they are now bound by chains... They can't escape anyway.

Chapter 2260: Save people

"Tell me, where is that Asian guy?" A word suddenly came out from the mouth of Earl Raymond.

The person he asked was of course Li Tian.

It turns out that this blood axe Leimeng, the person who most hopes to kill is Li Tian!

Unfortunately, when he met the members of the Torrido family, he found a bunch of women and some vulnerable Torrido knights, so Raymond, the blood axe of this society, had to ask that Li. The whereabouts of the sky.

After Raimon asked about the exit of the blood axe, but saw the fire girl "Bah".

Then to the blood axe, Lei Meng said disdainfully: "Just because you **** want to capture the savior of our blood family? You will never be able to!"

Listening to the fire girl suddenly saying this, the blood axe Raymond suddenly became angry.

Staring at the beastly gaze, he suddenly placed his bets on the flame girl, and said angrily: "Okay, you are forcing me."

"Kill me!"

A sudden roar came out of the **** axe, Lemmon's mouth, as he said, he pointed to the dozen or so members of the Torrido family held there.

Accompanied by his voice, more than a dozen poor members of the Toledo family escorted over there were suddenly cut off their heads by one of the death black knights with a sharp blade!

Then I saw one of the poor members of the Torrido family rolling down from the ground with a grunting head and suddenly died to the ground.

A poor member of the Torrido family was killed in this way.

When the fire girl saw that this blood axe, Raymond had killed the members of the Torrido family, she screamed.

"You bastard, an inhuman beast...have the ability to kill me..." Fire Girl shouted there.

And what about Raymond Blood Axe? Haha laughed wildly.

"You want to die? It's a pity, but I won't let you die! I will let you guys who pretend to be righteous, taste what it means to be better than death." Blood Axe Raymond laughed wildly there.

Accompanied by the sharp roar of this blood axe Leimen, the fiery girl wanted to be crazy.

It is a pity that they have no choice.

After the blood axe Leimeng couldn't find out the whereabouts of Li Tian for a while, he took a cold look. The ice girl and the fire girl said: "I will let you say, I don't believe it, wait until I kill it all. All of you members of the Zhengyi Alliance, I think you will not say anything when the time comes, hahahaha."

In the laughter of this guy, he rode the death horse toward the front.

Despair permeated them.

I saw that they continued to be driven like this, and began to move towards the east.

"Earl Raymond, where are we going now?" Just listen to the Black Death Knight under Count Raymond asking there.

The Blood Axe Leimeng took a look at the place in front of him, and said: "Go to the Immortal Mountains first!"

"Elder Corpse King has already said that we are going to turn with him in the Immortal Mountains."

After hearing the words of Raymond Blood Axe, the guy under him nodded and said, "Yes!"

Then under the leadership of the blood axe Leimeng, a large group of death black knights of the Gangaluo family marched in the direction of the Immortal Mountains.

...

In the back, I saw two figures rushing very fast, they were Li Tian who came to the rescue, and Earl Roger.

The two have been marching towards the east.

"Earl Roger, if you go further ahead, you will soon reach the Immortal Mountains, where is the site of the stone giant." Li Tian reminded Count Roger.

At this moment they were able to vaguely see the mountains and rivers of the immortal mountains.

But I saw Count Roger glanced at it, and then said: "Could it be that the **** of the Gangelo family, will go to the Immortal Mountains?"

"They go to the Immortal Mountains? Go round with the stone giants?" Li Tian asked in shock.

After all, the stone giant is really hard to deal with! Too huge, too powerful!

It is simply very difficult to kill the stone giant. Li Tian had personally experienced it, so after hearing it, he became depressed.

Count Roger frowned deeply and said, "No matter where they go, I must save Mary!"

Li Tian didn't speak, looking at the place to the east, and then continued to move forward and pursued quickly.

The two of them followed the footprints on the ground. The footprints on the ground were the traces of the death horse. They saw that the trace was burnt black soil. They both followed the black soil to find Mary, the ice girl, and the fire. Women.

After Li Tian and Roger chased them quickly for about a few miles, Li Tian suddenly stopped.

"Wait!" the words came out of his mouth.

After Li Tian said it, Count Roger was taken aback, paused there, and looked at Li Tian, "What's wrong?"

Li Tian did not speak immediately, but listened to the movement in the distance.

"I heard!"

"I heard their voices." Li Tian suddenly called out excitedly.

After Li Tian suddenly said so, the Earl Roger in front of him was stunned.

what?

"Have you heard?"

Li Tian nodded and said: "Yes, I heard the sound of horses stomping on the ground."

"It's just ahead, within about 1 kilometer." Li Tian said decisively in front of him.

After Li Tian said this, Earl Roger suddenly became excited.

"Then what are we waiting for? Go and save Mary and the others." Count Roger said suddenly.

Li Tian thought for a while, nodded and said, "Okay."

"go!"

So the two stretched out their bodies and continued to swift quickly towards the dark east.

After a while, I saw that they had quickly followed up. From a distance, I could hear the sound of the horse riding and the whip of the horse and the sound of the mighty war horse stomping past.

"Have you heard?" Li Tian said to Count Roger before him after hearing the voice.

Count Roger nodded and said: "I heard it!"

"We are getting closer and closer to them." Li Tiandao.

Earl Roger said with a worried expression: "Hey, I don't know how Mary and Firewoman are doing now?"

"Don't worry, I will save them, for sure."

After Li Tian finished speaking, he saw him in front, and then quickly swept to the front, the Earl Roger just behind him followed.

Finally, after Li Tian swept over, he saw the mighty Gangelo family army!

He saw the death horse that breathed green **** flames, and saw the most famous death black knight regiment of the Gangelo family...

After Count Roger followed up, he also saw the situation ahead.

"Death Black Knight Legion!" A word screamed from the mouth of the Count Roger.
