A Killer 2261

Chapter 2261: The scene is out of control

The dead black knights of the Gangaro family! Li Tian finally saw the mighty army.

They took advantage of the fog to walk there.

"Unexpectedly, the Gangaluo family's army pursued so fast, and it would have caught up to us so quickly." Count Roger said slightly in that.

Li Tian dignified his brows and leaned under a huge boulder, looking at the Gangelo Family Black Knight army in front of him.

Suddenly he saw Mary, Ice Girl, Fire Girl and others who were being held in the middle.

"Mary." An exclamation came out of Li Tian's mouth.

Count Roger called out when he heard his daughter's name.

"My daughter? Where is she?" Count Roger asked quickly.

As for Li Tian, he pointed his finger at the place in front and said, "There."

Count Roger followed Li Tian's fingers and looked at him, and he really saw Mary and the Ice Girl and Fire Girl at a glance.

I saw them at this moment, their hands and feet tied with heavy chains, and then tied together, walking on the ground. All around them are the black knights of Gangaro riding on death horses.

Those black knights were still driving away Mary and the others with the poisonous whip in their hands.

After seeing the Mary and the Ice Lady, Earl Roger showed pain in his eyes, and whispered, "Mary..."

Li Tian was observing the driving in front of him.

But seeing that Mary and the others were chained by a heavy chain, and there were so many death black knights guarding them, it was completely impossible to rush in to save people.

Moreover, Li Tian could feel that each of the Gangaluo family's black knight legions was much stronger than the ugly vampires of the black yams before... It would be unwise to deal with them in this way.

Li Tian turned his head there, thinking about how to save the Mary and the Fire Girl in his mind.

"We are going to save them!" Suddenly the Count Roger said excitedly.

Li Tian grabbed him: "Don't worry!"

"There are so many people in the Gangelo family. If you rush in like this, you will undoubtedly die." Li Tian said to Lord Roger there.

Count Roger said: "But, how can I just watch the **** of the Gangelo Family take away my daughter and the only remaining members of my family..."

Listening to Earl Roger's words, Li Tian sighed helplessly, then raised his eyes and looked at the Gangelo family army in front of him.

Suddenly he said, "Let's do it! If you really want to save Mary and the Ice Girl and Fire Girl, there is only one way."

When Earl Roger heard Li Tian say this, he immediately became excited and asked quickly; "What can be done?"

But seeing Li Tianzai said: "That is, I will try to divert the attention of all of them, and then you will sneak in from behind, find a way to unlock the iron chains of Mary, and the fire woman. "

After Li Tian finished saying this, Lord Roger was taken aback.

what?

"You lead them away? No, that would be too dangerous!" Count Roger said immediately.

Yes, it is too dangerous for Li Tian to draw the attention of all the Gangelo family's army by his own power.

If it doesn't work, Li Tian will lose his life.

Although Count Roger was eager to save his daughter, he couldn't let Li Tian go to death in vain, so at this moment he refused directly.

After hearing Earl Roger's refusal, Li Tian raised his eyes and looked at him and said: "If I don't go to lead them away, who can lead them?"

Count Roger said: "But, that's too dangerous."

Li Tian smiled bitterly and said, "Don't worry, I will try my best to ensure my safety."

"Li Tian..."

Earl Roger seemed to want to say something, but seeing Li Tian turned his head and said: "Earl Roger, let's start."

As Li Tian finished speaking so stubbornly, he saw his figure suddenly jumped out, like an electric beam, rushing towards the Gangelo army a few hundred meters ahead.

When Li Tianrufei's figure rushed over, suddenly, the black knights of Gangaluo riding on the death horse felt the sound of strong wind behind.

Roar!

A neigh, yelled from the green **** flames of the death horse's mouth.

Then, I saw the black knights of the Gangelo family, turning their heads.

"There are enemies!" When the black knights saw Li Tian's figure, they shouted.

The mighty Black Knight Legion, at this moment, all turned to the rear.

But what about Li Tian? At the moment he flew over, he flew up and kicked the body of the black knight in front.

With a bang, Li Tian kicked the black knight away, kicking off the death horse.

Then his body bounced up again and pounced on the second death black knight.

Before the black knight could react, Li Tian threw him to the ground...the body fell into the chaotic death black knight army.

After Li Tian and the black knight fell from the war horse, there were roaring noises around and the terrible cry of the death horse.

In a blink of an eye, the rear became a mess.

Although the Gangelo family is large in number, they don't know how to act in such a chaotic situation.

Moreover, at the same moment, the blood axe Leimeng in the front heard the movement here and suddenly roared, "What happened behind?"

"Return to Earl Raymond, there are enemies behind us breaking into us." The death black knight under him said there.

"What?" After hearing this, Raymond Blood Axe roared immediately.

"Things looking for death!" A roar roared from the **** axe Leimeng's mouth.

Then I saw him raising his whip, and then severely beat the death horse under the mount: "You follow me!"

After speaking, the death horse under the mount leaped towards the chaotic rear, and the rest of the black knights also hurried over on the death horse.

However, it was said that there was chaos in the back area, and the scene seemed to be out of control for a while.

Li Tian went deep into it alone, and indeed disrupted all the Gangaluo family black knight army.

But seeing his figure soaring in the air, the black knight army of the Gangaro family wanted to stop him, but Li Tian's speed was too fast.

In a blink of an eye, more than a dozen black knights were already knocked down by Li Tian from the death battle.

People turn their backs!

The Fire Girl captured in the middle, and the Ice Girl Mary, they all froze together after they suddenly heard the messy fighting sounds coming from behind, and turned around and turned to look.

Chapter 2262: Bloody fight

"what happened?"

"What happened behind?" Huo Nu and the others asked in surprise.

Because the distance was too far, they couldn't see what was going on behind them at all.

At this moment, I saw more and more black knights of the Gangelo family riding behind them on their horses. The fire girl and the ice girl were all surprised.

At this moment, suddenly a figure flew up.

Mary glanced at it and screamed immediately.

"It's Li Tian!" she called out suddenly.

It turned out that Li Tian was flying in the air just now, and he happened to be seen by Mary with bright eyes.

The moment she saw Li Tian, she couldn't help the excitement and ecstasy in her heart, and she screamed.

"Ah? It's Li Tian? Did he come to save us?" Huo Nu couldn't help screaming when she heard Mary say this.

But seeing that Mary nodded vigorously and said: "It must be, Li Tian must have come to save us."

The ice girl who had been cold and frost suddenly spoke at this moment.

"He is alone? How can a person save us..."

After the ice girl suddenly said coldly, Mary, who was still ecstatic just now, and the fire girl were suddenly stunned.

Yes!

Don't forget, there are more than a hundred black knights of death from the Gangaro family? And there is the cruel blood axe, Earl Raymond.

Even if Li Tian is strong, can he be one enemy to one hundred?

Just kidding!

So Mary at this meeting, and Fire Girl were taken aback when they heard Ice Girl say this.

At this moment, he was looking at Li Tian in the back with extremely worried eyes.

I saw that Li Tian alone had completely disrupted the Gangaluo family's army, and in the back, there were continuous screams of death wars and the sound of the black knights being knocked down.

The blood axe, Earl Raymond had already rushed over at this moment.

At a glance, he saw Li Tian flying in the crowd.

"Who is that guy?" A roar roared from the mouth of the blood axe.

When he yelled, but seeing the black knights around him shook his head, it was obvious that they didn't know Li Tian.

Suddenly one of the death black knights said there, "Earl Raymond, this man does not look like a European, he looks like an Asian."

"What? Asian?" After hearing this, Earl Raymond before him stared with blood red eyes.

"Could it be that ******** Asian? It's that he was called the savior by the silly guys of the Torrido family?" Blood Axe Leimeng suddenly said about Li Tian's situation.

The black knights said, "It should be this guy."

After confirming Li Tian's identity, the blood axe Leimeng suddenly showed a cruel smile.

"Great!"

"I wanted to find this kid before, but he didn't expect him to come to the door by himself... Hmph, this time, even if he goes to the sky, he can't escape the palm of my Raymond."

Accompanied by the cruel voice of Earl Raymond, the blood red axe in his hand was already clenched.

The situation staring at him.

But seeing Li Tian in the black knight army, like a fish in the water, those black knights have no choice but to take Li Tian.

Li Tian saw that the time was about to reach him. The attraction here had been fully invested on him. At this moment, seeing that Li Tian shouted, he suddenly flew up, and then aimed at a black knight who leaped over. Suddenly hit it with a palm.

The vast and boundless palm power hit the chest of the black knight, and a scream came out of his mouth, and then he saw his body flew up, banging and knocking down three After the Black Knight, this fell.

Then, seeing Li Tian's dragon chant, his body suddenly rose into the air and swept towards the distant void behind him.

"He's going to run..."

"Chasing him!"

After seeing Li Tian wounding and killing more than a dozen black knights of the Gangaluo family, he actually stood up and preparing to escape. How could this black knight of the Gangaluo family be willing!

He rode a death horse and chased him angrily.

And what about Raymond Blood Axe at this moment? There was also a hideous look in the bloodred eyes, looking at the figure of Li Tianfei escaping, he roared: "Want to run? I see how you can escape my palm today!"

After speaking with a roar, his body abruptly left the death horse under the mount, and then screamed and chased Li Tian like a sharp arrow.

As expected, he is the Earl of Bloodaxe of the Gangelo family!

The skill really is unfathomable.

Following the blood axe, Lei Meng angrily chased Li Tian, the black knights here also chased Li Tian madly.

At this moment, there are only more than twenty black knights guarding the captured Mary, the Ice Girl and others.

Just when most of the black knights of the Gangelo family were chasing Li Tian, Lord Roger, who was in the dark, finally saw the opportunity, and saw his figure in the Lord Leimong, and most of them After the black knights were successfully led away by Li Tian, he shot.

A Fei Zong, his figure swept over to Mary and the others.

When his figure appeared, the black knights who were watching Mary, the Ice Girl and the Fire Girl were all taken aback.

Then shouted: "An enemy is coming!"

Then he saw that the two black knights had already rushed towards Count Roger.

Count Roger used all his abilities and punched the two black knights who came forward.

A stout fist directly hit the body of one of the black knights. The black knight groaned and flew up from the smash, while the deadly blade in the other hand pierced the Count Roger straight.

Count Roger dodged slightly, after avoiding the blow, he flew to kick the black knight.

The black knight was definitely not waiting. Seeing Earl Roger kicked him, his body flashed suddenly, and then he swung his knife again.

This time, Count Roger turned his backhand, grabbed the opponent's arm violently, and hit the black knight's head with a punch.

With a bang, the black knight was hit in the head, screamed, and carried out upside down.

After Earl Roger successfully solved the two black knights, he quickly rushed towards Mary and the others.

"Dad!" Mary exclaimed when she saw her father risking to rescue her.

The Ice Girl and the Fire Girl, who were bound by the chains, were not only surprised when they saw Count Roger coming, they shouted: "Earl Roger."

I saw that Earl Roger also saw his daughter and the captured members of his family.

While fighting the black knights, he comforted Mary and other members of the Toledo family and said, "Mary, wait for me, I will rescue you soon..."

Chapter 2263: bloody battle

At this moment, Mary and other members of the Torrido family looked at him worriedly after hearing Earl Roger say this.

I saw Earl Roger fighting the dozen black knights alone.

He just started to be extremely brave, and instantly killed 23 black knights, but those black knights fought more and more fiercely, not as simple as imagined.

Now that Count Roger single-handedly confronted the dozen or so members of the Black Knight, it seemed more and more laborious.

In his situation, the captured Mary, the Ice Girl, and the Fire Girl became more and more worried about him after seeing them.

"Earl Roger seems to be getting more and more powerless." The fire girl in front of her said with great worry.

Mary also raised her eyes to look at her father.

The black widow Katherine on the other side looked at the scene and said: "Let Count Roger go...Don't save us...The perverted black knights of the Gangelo family are too powerful."

After Black Widow Katherine and Fire Girl said so, Mary became more and more worried about her father.

She lifted her eyes to look at Count Roger who was fighting hard, shouting in her mouth: "Dad...you run away...leave us alone!"

When Count Roger heard it, he kicked a black knight and turned his head and said, "No, how can I leave you alone?"

"I must save you."

When Mary heard it, her heart was broken.

The others also looked at the Count Roger in despair.

I saw that Count Roger was still fighting hard, and at this moment he had snatched a sharp blade from his hand, fighting hard with those dozen black knights.

Clang, clang, and clanging golden Ge Tieming voices one after another.

Count Roger fought desperately, and finally slashed the head of one of the black knights who had not had time to dodge. With a click, the head of the black knight member was directly chopped off by Count Roger, and then fell to the ground and died.

But just after Earl Roger hacked the black knight to death, a black knight behind him took advantage of him and slashed him in the back.

Count Roger only felt a hot pain coming from his back, he turned around quickly, the knife in his hand was horizontal, and then the black knight was slashed to death.

Although he killed several black knights, he was also injured.

A huge blood slit was cut from his back, and bright red blood flowed out from his back, and then soaked his clothes.

Then Mary looked at the badly injured Count Roger, and shouted in pain: "Dad, don't fight, you can run away... Get out of here."

But Count Roger chose to fight desperately.

He gritted his teeth, with a steel knife in his hand, fighting fiercely with the black knights...

What about Mary and the Ice Girl and Fire Girl? Now his hands and feet were tied, he couldn't help Count Roger at all.

They could only watch, watching those **** Gangero family black knights surround the Count Roger.

•••

Let's say that after Roger started fighting behind the show, what about Li Tian?

To the east, but seeing Li Tian's figure flying fast like an arrow.

His speed is so block, so fast.

And behind him? On the other hand, it was a group of black and oppressive crowds, it was the Gangaluo family black knights chasing over.

They rode that hell's death horse, extremely fast, chasing Li Tian quickly.

Among them, the blood axe, Earl Raymond, was the fastest, and saw that he had already chased behind Li Tian.

I don't know why, the figure that Li Tian could have escaped suddenly stopped in the front place. After seeing that Li Tian stopped the figure, the blood axe Earl Leimeng rushed over quickly like lightning.

Earl Raymond the blood axe finally caught up.

Holding a huge scarlet axe, he stared at Li Tian who was standing motionless in front of him with glaring eyes.

"Boy, are you escaping quite fast?" Suddenly the blood axe Leimeng, his mouth grimly faced Li Tiandao.

Li Tian's cold eyes glanced at the blood axe Leimeng, and he didn't say much.

This made Raymond Blood Axe feel very puzzled, and yelled: "Boy, you are the Asian who helped the Toledo family before, hey, I've been looking for you, I didn't expect you to send it this time. Here comes the door..."

Li Tian continued to ignore him.

"Are you dumb? Why don't you speak?" Blood Axe Leimen not only roared when Li Tian hadn't spoken all the time.

After Leimeng Blood Axe said these words, Li Tian finally spoke.

"Tell me, where is the **** of the King Corpse?" Li Tian suddenly asked.

At the moment when he uttered such a sentence, the blood axe Raymond in front of him was taken aback.

"What are you talking about? Do you dare to insult our corpse king elder? Are you looking for death?" Blood Axe Lei Meng heard Li Tian dare to say the name of the corpse king so loudly, he couldn't help yelling at the moment.

But seeing Li Tianyin coldly said: "I advise you to tell the corpse king that the **** is there, otherwise, I will make you regret it."

After hearing Li Tian's words, Lei Meng couldn't help laughing wildly.

As the Earl of Bloodaxe of the Gangelo family, has Raymond ever been afraid of anyone? And now, Li Tian dared to speak like this in front of him, how could this blood axe Leimeng not laugh?

"regret?"

"I want to see it today, who will regret it!"

Accompanied by the roar of the blood axe, Lei Meng suddenly rushed towards Li Tian like a leopard.

The huge blood axe in his hand suddenly smashed into Li Tian's head.

The movements are quick and fast, almost like lightning.

Li Tian saw the blood axe Lei Meng pounced, and his body didn't even move. When the huge blood axe in his hand was about to reach his front door, his body suddenly dodged.

After Li Tian dodged the domineering blow of the blood axe, the blood axe turned around, acting extremely fluently, and then another axe cut.

The howling axe blade slashed at Li Tian fiercely.

Seeing his blood axe hacked, Li Tian did not choose to hide this time, but suddenly made a strange shot with his right palm.

The staunch palm technique stood out from the palm of his hand, with a bang, the palm wind directly hit the blood axe.

After Ramon's blood axe was hit, it shook slightly, and then slashed into the air.

"Damn, what kind of martial arts do you use? How could this be?" But after saying that Leimeng was missed by Li Tian's palm, Leimeng not only screamed angrily.

Of course Leimeng would not know how powerful Li Tian's internal strength was.

But he said that Li Tian didn't even pay attention to him, his body flashed, and his palms slammed towards Lei Meng very quickly.

Lei Meng was quite horrified at Li Tian's palm strength, after all, the heavy palm hit his wrist just now with fiery pain.

At this time, seeing Li Tian attacking again, his body quickly dodged.

After dodging, the axe hacked towards Li Tian like a mountain.

Chapter 2264: So scary

Li Tian flashed in a staggered step, and then turned around with his right hand, and a gorgeous hook grabbed towards Leimeng. Leimeng didn't expect Li Tian to be so fast. He was stunned before he had time to react and held it. The arm of the axe was suddenly locked by Li Tian's.

Then when he saw Li Tian's arm press hard, Lei Meng only felt that his wrist was about to be broken, and a painful roar came from his mouth, and then he saw the blood axe in Lei Meng's hand and slapped it off. Fell to the ground.

At this moment, Lei Meng was also hitting Li Tian with a ferocious fist in his left hand.

Li Tian let go of Leimeng's right arm, and then his left foot flew up, a beautiful flying leg kicked directly on Leimeng's chest.

With a bang, Leimen's huge body was kicked and flew back, and fell to the ground with a plop.

However, after the blood axe Leimeng was kicked to the ground by Li Tian, the black knights behind Earl Leimeng all screamed in shock.

"Earl Raymond!"

While shouting, they hurried to help the blood axe Raymond.

But seeing the blood axe, Lei Meng, roared, pushed away the black knights of the Gangelo family who had pulled him up, and then roared: "Get out of my way!"

Speaking of words, Raymond Blood Axe stood up again from the ground.

His face was livid, and there was an endless breath of slaughter in his eyes, and Li Tian stared in front of him like a bloodthirsty.

The black knights of the Gangaluo family behind them didn't have any orders at this moment, so they didn't dare to rush forward, they just surrounded and observed the situation.

Lei Meng never expected that he would lose under Li Tian's hands, which he never expected.

He didn't believe that Li Tian would possess such terrifying strength.

At this moment, I saw him holding up his bloodthirsty eyes and staring at Li Tiandao: "Smelly boy, what is your origin?"

Li Tian suddenly said: "I am your nemesis! I am the evil star of your **** vampires."

"Asshole!"

"I want to see how good you are..."

Accompanied by the unconvinced roar of the Count Leimong, he rushed forward again, and Zhigang's fists hit Li Tian.

Li Tian didn't dare to be careless and staggered slightly to avoid his blow.

Then he attacked with his backhand at Lei Meng. Lei Meng learned to be smart this time. He did not accept Li Tian's move, retreated and continued to attack.

Boom boom, violent fists hit Li Tian.

Li Tian dodged again and again, after dodge, the palm of his hand suddenly exerted force and attacked towards Leimeng.

Leimen stepped back, avoiding Li Tian's move.

At the moment he had just avoided the past, he saw that Li Tian suddenly pinched a sword tactic with his right hand, and then an invisible sword aura emerged from his right hand.

The sharp and weird sword aura shot towards Leimeng with a swish.

Raymond only felt that the air in front of him suddenly became sharp. He hadn't figured out what was going on. With a flutter, the extremely sharp sword aura suddenly made an extremely deep blood mark on his chest.

Jian Qi!

The moment Raymond was struck with a deep blood mark on his chest, he was instantly stunned.

Staring at an incredible pair of eyes, looking at his cracked chest...

What happened just now? Why does the air hurt yourself?

Of course Leimeng didn't know, Li Tiannai just used the Ten Jue Sword Qi!

These ten tactics sword energy was originally used to transform energy, so it was invisible and invisible...Of course Leimeng couldn't see it.

Looking at the **** chest, Raymond only felt a horror enveloped in his heart. At this time, he was no longer so rampant!

"Earl Raymond... you are injured!"

"Yes, Earl Ramon, you bleed." The black knights of the Gangelo Family in front of them couldn't help but exclaimed after seeing the blood in Earl Ramon's chest.

They had never seen Raymond injured before, and they did not expect to see it this time.

But what about Raymond at this moment? He has become madly roaring.

Suddenly shouted to all the Gangelo family members behind him: "Kill him for me, kill this **** for me!"

The roaring voice came out of his mouth. He no longer wanted to fight Li Tian alone, because he knew that he was not Li Tian's opponent at all.

At this moment, after hearing the roar of Count Leimong, all the black knights of the Gangelo family began to swarm at Li Tian.

They had sharp blades in their hands, and they jumped over one by one.

Although Li Tian's skill was superb, he had to retreat in the face of so many black knights of the Gangelo family.

He flew up, and then quickly backed away. After backing more than ten meters away, his whole body was shocked, and an invisible breath rose from all over him.

"Mo, He, Wu, Quan,"

The moment the four words came out of Li Tian's mouth, the wind and the cloud left the sky and the earth changed in shock.

Then he saw Li Tian's aura suddenly increase, and the raging violent Qi accompanied his body, sweeping like a tornado.

What about the black knights of the Gangelo Family who rushed over? Still not afraid of rushing to death.

boom! boom! boom!

After they rushed over, Li Tian stretched out his palms and shot with endless palm power.

The hard ground seemed to explode, and suddenly shattered. The surrounding ground seemed to be unable to withstand the strength of Li Tian's palm and began to shake.

And what about the black knights of the Gangelo Family rushing over? All of them were stunned by the endless qi, and some even couldn't bear such palm strength, and they fell directly to the ground and screamed.

Maha's immeasurable skill is really too powerful.

The blood axe Leimeng who was standing behind saw Li Tian using such a supreme technique, immediately his whole person was dazed.

He murmured in horror: "Oh my God, what the **** is he? Why...how is he so powerful?"

Endless qi surrounds the entire field.

Those members of the Gangeuro family who had been shaken all fell to the ground, screaming.

But even if Li Tian is so powerful, what about the black knights of the Gangaro family?

I saw dozens of terrifying black knights pouring out from behind.

Holding the cold blade in their hands, they continued to force Li Tian!

There are too many black knights of the Gangaluo family, there is only one person in Li Tian after all.

"Kill, kill him for me!"

The blood axe Lei Meng roared, as if this guy was going to kill Li Tian desperately.

After his yelling, the black knights of the Gangelo family continued to rush towards Li Tian, and Li Tian could only fight at this moment! He had to hold the Gangelo family army in front of him, otherwise, Earl Roger would have no way to save Mary and the Ice Lady!

Chapter 2265: Threat

However, could Lord Roger really have the ability to save the captured Mary, as well as the Fire Girl and Ice Girl? Can he really stand alone against a dozen black knights of the Gangaro family?

Suddenly, just as Li Tian was fighting **** battles here, he suddenly saw several Gangelo family black knights riding death horses catching up from behind.

Look carefully, there are a total of 3 black knights of the Gangelo family, and behind the death horse in the middle, there is still a corpse-like guy dragged on the ground by blood, and drove from there. come.

The guy's hands were tied with a heavy iron chain, and then the other end of the chain was pulled by a death black knight... His body was dragged on the ground, covered in blood!

"Earl Raymond!" shouted immediately after the three black knights arrived.

The blood axe Leimeng was staring at the battle with anger at the moment. He heard a voice coming from behind and turned his head sharply.

After turning his head around, he then saw the iron chains in the hands of the three black knights, and the **** guy tied to the other end of the chain.

"What's the situation?" Raimeng asked in surprise.

But seeing the three black knights there replied, "It's a guy from the Torrido family!"

"This guy wants to save the captured members of the Torrido family when you leave, Earl Raymond... It's a pity that we got caught!" The black knight said.

Hearing what he said, Leimen was taken aback, raised his eyes and looked up at the ground.

At this look, he saw his face, my God, the guy who was dragged on the ground as if he were dead, turned out to be Count Roger!

It turns out that he really didn't rescue that Mary, the Fire Girl and the others... He was actually caught by the dozen black knights of the Gangelo family?

At this moment, Earl Roger was dying, covered in blood, and because of being dragged from the ground, he was completely exhausted at this moment.

The blood axe Leimeng took a look at the situation, then looked at Li Tian in front of him, and suddenly he patted his forehead with a big hand and shouted: "Damn, these two guys actually played with Lao Tzu. Tune the tiger away from the mountain?"

Raymond, the blood axe in front of him, suddenly became smart.

He actually knew the truth.

"Damn thing, I was almost fooled by them!" Earl Raymond yelled and cursed.

"I ask you, where are the prisoners of the Torrido family? They didn't run away, did they?" Raymond asked quickly.

The black knight said: "Don't worry, count, those captives are safe, none of them escaped!"

"Very good!" Earl Raymond sneered when he heard his men say so.

Then he saw him stride towards the Count Roger, who was covered in blood on the ground, and suddenly stepped on Count Roger: "Asshole, you still want to take those prisoners from me?"

Count Roger was stepped on his body by Count Raymond's big foot, and he groaned in pain. It turned out that Count Roger was not dead!

At the moment when Leimen saw that Roger was not dead, his eyes suddenly turned, and then looked back at Li Tian who was still fighting, and suddenly a weird and evil smile appeared at the corner of his mouth.

"Come with me!" Raymond suddenly shouted there.

When the black knights behind heard this, they followed Raymond to the front.

But what about Li Tian? At this moment, surrounded by dozens of black knights, they are still fighting there. Although the black knights of the Gangaluo family are extremely fierce, today they have seen a figure ten thousand times more powerful than them. That is Li Tian. !

Li Tian can be said to be killing ghosts and slaughtering the Buddha!

Although there were many, many black knights in the Gangelo family, they couldn't get close to Li Tian's side.

No way, he is too tough now.

He no longer knows when he took out the Moon Blade!

The bright moon blade was in his hand, exuding a bright and shining color. Wherever the moon blade went, you could hear the screams of the black knight of the Gangaro family...

Then, after their bodies were stabbed by the moon blade, they instantly turned to ashes!

This Moonblade was originally a holy artifact of the Torrido family. It was dedicated to killing vampires. After being held in Li Tian's hands at this moment, it is even more invincible

Li Tian killed the black knights of the Gangelo family alone, and none of them dared to step forward.

Just when Li Tianyifu was in charge, the Earl Raymond suddenly heard a roar.

"Boy, see who this is?" A loud roar came from the side.

The red-eyed Li Tian who was killing, not only turned his head in a daze after hearing the voice of the Leimong guy.

Turning his head to see, he was immediately stunned.

My God, I saw that Earl Raymond carried a **** fellow on one of his sturdy hands... That fellow was covered in blood, as if dying, right now in his hand.

"Earl Roger?" When Li Tian saw the **** figure in the hands of Earl Raymond, he suddenly screamed.

He never thought that Earl Roger would be caught by the black knights of the Gangelo family!

The moment he saw that it was Count Roger, Li Tian was stunned for an instant, and he didn't make any more moves!

But seeing that Leimeng saw Li Tian's horrified reaction, he suddenly laughed wildly.

"Good boy, I dared to play with Lao Tzu to tune the tiger away from the mountain, huh, fortunately our Gangeuro family is not useless, otherwise, this time Lao Tzu will really suffer a lot!

Listening to Leimeng's words, Li Tian's eyes were red with anger!

The blood all over his body seemed to boil. Looking at the blood all over Roger Earl, he screamed: "Let him go!"

When Lei Meng heard Li Tian's scream, he laughed immediately: "What did you say? You said I let Lao Tzu let go? Do you think Lao Tzu is stupid?"

Li Tian covered himself with murderous aura: "If you don't let go, I want you to pay with your life today!"

Hearing Li Tian's cruel words, Leimeng was taken aback, but he was not terrified after all. Although he knew that Li Tian was powerful and terrifying enough, don't forget, he has amulets in his hands now.

"Boy, if you dare to move again, I will kill this bastard!" Raymond threatened Li Tiandao there.

Li Tian shouted angrily: "Dare you?" Invisible anger has filled his body!

Then I saw Li Tian step by step toward that Raymond like a **** of death.

Blood Axe Raymond felt a sense of horror for no reason, and suddenly pinched the Count Roger's neck and said: "Boy, if you dare to step forward, I will crush this bastard's head... and , I will let my men kill all the captured Torrido members! I want them all to die..."

After the brutal voice of the blood axe, Lei Meng, Li Tian really stopped his anger!

He was not afraid of anything, but he was afraid of Mary and the Ice Girl and Fire Girl who were insulted and suffering!

This is Li Tian's chicken ribs!

The moment Li Tian stopped, a vicious smile appeared in Leimeng's mouth, because he knew that he had grasped Li Tian's weakness.

Chapter 2266: caught

Li Tian was threatened!

Although he is full of anger at this moment, what can he do? He couldn't help but watch Count Roger die tragically here, the most important thing is that there are Mary, the Ice Girl and the Fire Girl. .

But seeing Li Tian's murderous aura at this moment, he looked at the blood axe Raymond in front of him angrily, and roared, "What do you want?"

The blood axe Lei Meng smiled grimly and looked at Li Tiandao: "Boy, if you want them to live, just put down the weapons in your hand obediently, and then grab them! Otherwise, I will kill them one by one in front of you. All members of the Torrido family."

With the blood axe Lei Meng uttering these words so cruelly, Li Tian hated his skin and twitched his bones!

But he couldn't make a move, because once he made a move, the Earl Roger and the Fire Girl and Ice Girl would definitely die.

Helpless Li Tian finally chose to compromise.

He raised his eyes and looked at the dim sky, the sky was completely covered by black clouds.

"Does the way of heaven really change... the darkness really wants to swallow the whole creature?" Li Tian muttered desperately.

After speaking, he slowly turned his head around, and then with a "bang", he threw away the Supreme Relic of the Toredo Family in his hand: Moon Blade!

When the moon blade that exuded the bright moonlight fell from Li Tian's hands, the light on it instantly disappeared.

Become an ordinary first!

But he said that after Li Tian threw away the terrifying "moon blade" in his hand, the **** axe Leimeng showed a **** and cruel smile at the corner of his mouth. He looked at Li Tian and laughed and said, "Very good!"

But seeing Li Tian looking at the blood axe coldly, Lei Meng said, "My weapons have been laid down. If you dare to hurt the members of the Toledo family any more, I swear by Li Tian, in this life, no matter From heaven to earth, I will surely let you blood and use your life to pay for it."

When the blood axe Lei Meng heard Li Tian say this, he smiled gloomily and said to Li Tian, "Don't worry, I just want to catch you!"

After he finished speaking, when he saw the blood axe, Raymond suddenly called to the black knights under his hands, "Get me **** with an iron chain."

When a roar came out of his mouth, after he said so, the black knights walked towards Li Tian step by step with the thick iron chains with thick wrists.

They seemed to be a little afraid of Li Tian, after all, the killing of Li Tian just now was too heavy, making them all afraid of it.

Li Tian didn't move from beginning to end!

After the black knights arrived at him, the heavy iron chain finally bound his hands and feet.

After being tied up, the blood axe Raymond finally let out a sigh of relief, and saw that he suddenly pushed Count Roger, who had just threatened the blood, and then sneered towards Li Tian, who was now tied up.

"Boy, are you still crazy now?"

"I'm telling you, you offended our Gangelo family. I want you to know what regret is and what pain is... I will torture you alive and make you better than death."

Li Tian heard this guy say so, without saying anything, just staring at Count Leimong with blood-red eyes.

But seeing that Count Leimong, looking at Li Tian angrily at himself, suddenly punched Li Tian in the face.

With a bang, the vicious fist hit Li Tian's pale cheek directly.

Li Tian roared from the beating mouth, and his entire face turned purple.

"Boy, are you not convinced?"

"Lao Tzu will let you convince me someday." The blood axe Raymond said with a wild smile.

Endless laughter filled Li Tian's mind. Li Tian's hands clucked loudly due to excessive anger... It's a pity that he is now being caught, and his hands and feet are bound by heavy iron chains. It is anger, and there is no way.

After the blood axe, Lei Meng finally took a look at Li Tian, sneered and waved slightly: "Take this guy... let's go!"

After speaking, he saw that he leaped and rode on the death horse. Then Li Tian and the dying Earl Roger were taken over, and they walked towards the front place.

•••

Mary and the Ice Lady and the Fire Lady already knew the news that Count Roger was arrested.

But seeing the tears shining in Mary's eyes, she had just seen Earl Roger's injuries like that, being knocked down and slashed by the dozen black knights. Those knives were just like slashing on her heart.

Looking at Mary, who is so painful now, the Fire Girl and the Ice Girl comforted and said: "Mary, rest assured, Count Roger will be fine."

Mary remained silent but kept sobbing.

Suddenly, Gangaro's army in front rushed over.

The Fire Girl and the Ice Girl were startled and looked up.

"The **** of the Gangelo family are back..." the fire girl said in shock.

At this time, Mary and the black widow Katsena next to her couldn't help but raised their eyes to look.

"Where is Li Tian? How is Li Tian?"

"I don't know! I didn't see him."

"Li Tian should run away... he is so powerful, there should be nothing wrong with him." The Fire Girl and the Ice Girl here were all talking about it.

But just as their words were just finished, they were seen in the middle of the Gangelo family, but they saw a **** figure and another guy who was chained to his body, black The knights escorted back.

Roger, and Li Tian!

"Ah? Li Tian... Li Tian was caught?" The moment he saw Li Tian and Earl Roger, the fire girl suddenly exclaimed!

Then Mary and other members of the Torrido family looked at the situation over there in disbelief!

My God, Li Tian was indeed caught, and he saw that his hands and feet were tied with heavy fine steel chains, and he was being escorted by the black knights of the Gangelo family, walking towards this side.

The moment Li Tian was arrested, all members of the Torrido family were desperate.

Because Li Tian was their only hope... but now even this only hope has been caught!

How can they not despair?

"Li!" Mary cried out aloud when she saw Li Tian being taken over.

Li Tian slowly raised his eyes and saw Mary here.

But seeing Mary crying there and saying: "Lee, I'm sorry...we are the one who caused you!"

Li Tian looked at the crying Mary with a slight smile on his mouth, and then said to Mary, "Mary, it's okay... Trust me, we will be fine."

Mary couldn't help the pain in her heart, tears were there, and the rest of the Toledo family members looked desperately at Li Tian who was taken over...

All hopes were dashed.

Who else can save Li Tian and the members of the Torrido family?

Chapter 2267: Blood moon? the host?

Li Tian and Count Roger, who was covered in blood, were uniformly caught among Mary and the Ice Girl and Fire Girl.

Their bodies were also bound by iron chains, and then like the Ice Girls and Fire Girls, they were strung together and guarded.

After looking at the captured Li Tian and the members of the Torrido family, the blood axe Raymond smiled and said: "All the members of the Torrido family are finally caught by my Raymond! Haha." This guy laughed wildly there.

A black knight next to him said: "Earl Raymond, do we want to inform Elder Corpse King as soon as possible now?"

But seeing Raymond thought for a while, he said: "Notify!"

"If Elder Corpse King knew that I, Raymond, would have caught this Asian boy with my own hands, I would be very happy." Raymond said with a wicked smile.

After hearing Raymond's words, the black knight immediately nodded and said, "Okay!"

"Then I will deliver the message."

After speaking, the black knight quickly mounted the death horse and swept away.

After the black knight went to inform the corpse king Uris behind, Earl Raymond shouted at the team: "Go on... and advance into the Immortal Mountains."

Following the roar of the blood axe Leimeng, the mighty army of death knights continued to march towards Immortal Mountain.

•••

This Lemmon and other Black Knight Legions are riding death horses, but only Li Tian has Mary in custody, and the Ice Girl and Fire Girl are bound by iron chains with their hands and feet, and then follow them on foot.

Looking at the Gangelo family army in front of him heading towards the immortal mountain range, Li Tian, who was bound by his hands and feet, not only showed a surprised look in his eyes.

"Why do these vampires of the Gangelo family go toward the Immortal Mountains?" he asked suspiciously.

But the fire girl who saw one side replied: "We don't know, but listening to these **** black knights say, it seems they are going to do something big."

When Li Tianyi heard: "What's the matter?" Not only was he surprised.

Fire Girl shook her head and said, "I don't know what these **** guys are going to do."

After Li Tian heard Huo Nu say this, he didn't ask any more.

In this way, Li Tian and Mary were driven away and headed towards the Immortal Mountains.

•••

It was about tens of kilometers away from the Immortal Mountains, but I saw another large group of people walking forward.

The front is the army of black knights from the Gangeuro family. In the middle, you can see the magnificent golden sedan chair. There are more than twenty vampire slaves carrying around the sedan chair.

There is no doubt that this is the main force of the Gangaro family! The corpse king Yuris them.

I saw the creeping Vampires of the Heiyi tribe with ugly faces in the last place.

These ugly creatures are simply the dogs of the Gangelo family!

What do the Gangelo family members tell the Heiyi people to do, they do.

I saw such a large group of vampires walking forward, and suddenly I saw a death horse in front of me flying over from a distance.

The brigade horses here saw the black knight sprinting over and riding on the death horse, and saw the pale face and vicious eyes of Earl Berwick suddenly murmured at the corner of his mouth, "Raymond and they seem to have The news came..."

Look carefully at the death knight who rushed in front of him. It was the guy that the blood axe Leimen sent to convey the message.

After the black knight riding the death horse came quickly, he pulled the horse's rein, the death horse roared, and then stopped quickly.

The black knight swept down from the Death War horse, then knelt down on one knee, and said: "Subordinates, see Elder Uris and Earl Berwick!"

After he knelt down, Count Naberik raised his hand slightly and said, "Get up."

Then the death knight stood up quickly from the ground.

"How's it going? Did Raymond and the others stop the Torrido family members who escaped?" Berwick in front of them went up and asked.

I saw the black knight replied: "Report back to Earl Berwick, Earl Raymond has captured all the members of the Torrido family who have escaped, not one!"

Hearing what the black knight in front of him said, a grinning smile suddenly appeared in Berwick's vicious eyes.

"Really? All caught?" Count Naberik continued.

The black knight replied, "Yes! All caught."

Just as the black knight had just finished saying this sentence, suddenly the golden sedan chair in the middle suddenly swished, and a monster with wings on its back flew out.

Then I heard a miserable crow cry, and a black crow fell towards the shoulder of the monster flying out of the sedan chair.

At the moment the monster with its wings swept out of the sedan chair, it suddenly spread its huge wings and swished towards this side.

When his terrifying figure swept over, Earl Berwick, Antonio, the Breath of Death, and the big snake woman hurriedly swept down from the death war horse, and then knelt down on the ground together.

"See Elder Uris!"

It turned out that Elder Uris, the corpse king, came out of the sedan chair.

After they paid homage to the corpse king Uris in front of them, the corpse king slightly raised the skeleton-like zombie arm and waved his hand slightly, and then Earl Berwick, Antonio and others stood up.

After they all stood up, the corpse king Uris put his **** eyes on the black knight who had come to report.

Then the corpse king Uris spoke. He looked at the black knight and suddenly said coldly: "You just said that Raymond caught all the members of the Torrido family who had escaped, didn't you?"

After the corpse king Uris in front of him spoke, the black knight in front of him hurriedly replied: "Thanks to Elder Uris, Earl Raymond has indeed captured all the members of the Torrido family."

"Including the Asian?" The corpse king Uris suddenly asked coldly.

The black knight said: "Yes! That Asian was just caught, and now we are also captured."

After hearing what the black knight said, the corpse king Uris in front of him suddenly smiled strangely.

"Unexpectedly, this guy Leimen still has some tricks! Even the Asian was caught, very good!" The corpse king Uris said with a smile there.

Berwick and Antonio and others were also there and nodded quickly.

"Where are people now?" Corpse King Uris then asked.

But seeing the black knight replied: "Earl Raymond has already followed the instructions of Elder Uris and brought the group of Torrido prisoners to the Immortal Mountains."

After the corpse king Uris heard what the black knight said, he smiled slightly with satisfaction, then nodded and said, "Okay."

"Raymond did a good job this time."

"Go back and tell Raymond that our brigade will rush to the Immortal Mountains tonight, and let him wait for me there." Corpse King Uris said suddenly.

As soon as the black knight heard it, he said: "Yes!" Then he stepped back.

But he said that after the black knight who reported the news retreated, the pale Count Berwick walked over quickly.

"Elder Uris, why don't you just cut off the roots of the Torrido family that came as a captive? Why should you keep them alive?" Berwick asked puzzledly.

But seeing the corpse king Uriss grinning grimly: "No, it's still useful for me to keep them."

"Useful? What use is the waste?" Berwick asked.

The corpse king Uriss suddenly stared at the dark sky with **** eyes, and muttered: "Don't forget, the blood moon is coming soon, and we are about to welcome our master!"

"I want to let him slaughter the last descendants of the Toledo family at the moment the master wakes up, so that the Toledo family will be permanently extinct."

After the corpse king Uris suddenly said so, Naberik stopped speaking.

the host?

What happened to the "Blood Moon" that the corpse king Uris just said and the owner?

I saw that after the corpse king Uris finished speaking, he slowly took out an ancient "key" from his arms.

The ancient key has been sealed for several generations, and it has mottled footprints on it, but it is still difficult to conceal its weird light.

This key is the previous key of fate.

Legend is the key of fate used to unlock the demon coffin.

After Elder Uris, the corpse king, took out the key of fate, his face showed a hideous and distorted expression, and then smiled grimly at the dark sky: "When the blood moon comes, our master will never be immortal. Awaken in the coffin... At that time, the flames will burn the entire earth, and the darkness will obscure the sun's brilliance... Our Gangaro family will regain its glory for thousands of years!

A voice full of ******** came out of the mouth of the corpse king Uris, and a gloomy cold wind blew on the deserted plain.

"Go, the whole army marches into the Immortal Mountains!"

The corpse king Uriss roared there.

Following his voice, all the Gangelo family army then mounted the death horse, and then marched toward the Immortal Mountain.

•••

Near the place of the Immortal Mountains, but I saw that Earl Raymond was taking the captive Li Tian and other members of the Torrido family toward the Immortal Mountains.

The mighty army entered from the other side of the Immortal Mountains.

Now they have reached the immortal mountain range.

The endless mountains and rivers are not far away.

Li Tian also had the captured members of the Torrido family. When he saw that Raymond had brought them to the Immortal Mountains, his brows were slightly startled.

At the same time, my heart was in the dark: Why did these vampires of the Gangelo family bring them to this immortal mountain?

Chapter 2268: slave?

The Immortal Mountains are surrounded by mountains, all of which are extremely high mountains. .

With so many black knights of the Gangelo family, how does Raymond want to enter this immortal mountain range?

But he said that Earl Raymond took all the black knights of the Gangelo family to the bottom of the most majestic mountain, which is not a few thousand meters above sea level, straight into the sky, looking at it. Not to the top.

After Earl Raymond arrived here, the captured Li Tian and the Ice Girl, the Fire Girl were all there looking in astonishment. No one knew what this fellow named Blood Axe Raymond was doing?

Seeing that the brigade stopped at the extremely high mountain, Earl Raymond suddenly spoke.

He said to the two black knights next to him: "Hello that stupid stone giant...let them open the gates of hell!"

Following the blood axe, Raymond said so, but saw the two black knights nodded quickly, and then the two rode on their horses galloping towards the front mountain.

After reaching that side, the two jointly pulled out two black strange horns from their arms.

After taking it out, they suddenly blew the horn.

The humming notes came from their mouths, loud and unpleasant, far away towards the depths of the Immortal Mountains.

At the moment when the weird note came out, but there was a loud bang from the depths of the immortal mountain range!

Then the whole earth began to shake violently, as if there was an earthquake here.

Li Tian and the captured Ice Girl, Fire Girl, Mary and the others all looked at this scene in astonishment, and couldn't help being shocked. What happened? Could it be that the huge stone giants appeared?

Just when everyone was horrified, but seeing the highest mountain in the front, there was a sudden cracking sound.

When I looked up, I saw a huge crack in the middle of the huge mountain range!

As the huge crack opened more and more, it turned into a door! A strangely dark door.

Is this the gate of hell?

Li Tian and the captured Mary, the Ice Girl and the Fire Girl looked at the black gate in the extremely dark mountains in amazement.

But what about Earl Raymond? When a huge gap in the black door suddenly broke through his whole body, an evil smile suddenly appeared at the corner of his mouth. With a wave of his hand, he said to all the black knights of the Gangelo Family: "Go in!"

There was a loud roar, but the mighty Gangaluo family black knights escorted Li Tian and others toward the huge black gate.

I saw that all the black knights of the Gangelo family entered the huge black gate under the leadership of Count Leimun, but it turned out to be so spacious and huge inside!

Oh my God, it's just unimaginable.

The huge mountain range seemed to be hollowed out, extending to the innermost point. No one knew how deep and long the black hole was.

Li Tian, Mary and others were horrified. They never expected that there would be such a huge space in this immortal mountain.

What the **** is doing here? Why did the black knights of the Gangelo family bring them here?

The black knights of the Gangelo family were still walking forward.

They passed through the dark and weird deep hole, and then saw a huge light flashing in front of them. The light was red, the color of flames.

Look carefully, but a few tens of meters ahead, there is a very long and narrow bridge, a giant rock bridge.

The bridge is made of rock, about a hundred meters in length, and spans both ends.

And at the bottom of the rock bridge? It was an extremely deep gorge... and the extremely bright flame light just now emerged from this deep gorge.

My God, I saw all the burning flames under the huge rock bridge!

The raging flames were burning at the bottom of the valley, and the burst of heat surged toward the faces of the black knights of the Gangaro family.

It turns out that there is a volcano at the bottom of this valley. This volcano emits flames all the year round, and the flames at this moment are the volcanoes.

Standing on the huge rocky bridge and looking at the bottomless and blazing gorge, Li Tian and all the members of the Torrido family were shocked!

How could they not think that in the middle of this deep immortal mountain range, there is still such a different world?

This is simply ******** on earth!

The blood axe, Earl Raymond, took his black knight army, as well as the captured Li Tian and others, across this huge rock bridge.

Walking on the huge rocky bridge, it seems that the rocks under my feet are being baked hot and hot.

Li Tian and the others were brought in.

After they all crossed the huge rock bridge, there was a loud rumbling sound in front of them.

After Li Tian and Mary heard the movement in front of them, they all looked up.

But in the depths in front, you can faintly see traces of shaking figures.

Look carefully, the swaying figure turned out to be the vampire member of the Gangelo family. They stood on the rock wall one by one, holding the venomous whip in their hands, driving something there.

"Go!"

"Give me work fast."

An icy voice came from the place in front. When you look carefully, a member of the Gangelo family who is holding a venomous whip in his hand is waving and whipping at a dozen dark figures.

The sound of the whip hitting the flesh came from the front.

The dozen or so dark figures, all with heavy iron chains tied to their hands and feet, were full of flesh and blood, their hair was messy, bare feet, and shirtless, carrying stones there.

They are like slaves and captives, being driven there to work.

When Li Tian and Mary saw this scene, they were all shocked.

"Who are those people? Why are there heavy chains tied to them? And they are still carrying rocks here?" Li Tian muttered in his puzzled mouth.

Then Mary, and the Fire Girl and the Ice Girl couldn't see clearly because they were too far away. Who were the people who were being driven out in front of them.

Just as they were thinking this way, the blood axe Leimen continued to lead them forward.

Li Tian, Mary and they were detained and continued to follow in front.

After reaching the front, they were suddenly shocked.

But in this huge mountain, there are so many prisoners! ! !

It turned out that there were more than a dozen figures of the prisoners just now, and there were many more prisoners inside.

They were all tied with heavy iron chains on their hands and feet, and they were all naked, with naked bloodstains on their bodies. They were moving huge rocks towards the innermost place.

Chapter 2269: the truth

At a glance, there are almost a hundred of these prisoners!

And there are dozens of Gangelo family members inside, and they all hold vicious whips and weapons to control these working prisoners.

Those many captives did not dare to speak, so they could only work there with their heads down and the boulders.

The moment Li Tian and the others saw the scene in front of them, they were all stunned.

What is going on with these prisoners? What are they doing? How could he be caught in the huge hole of this immortal mountain range?

Just as Li Tian was puzzled, the fire girl's eyes suddenly stared at a captive with a disheveled figure in the front, but saw that the captive's hands and feet were tied with heavy iron chains, and his back was thick. One by one bloodstains, at this moment, bowing his head, his hands are holding a boulder and walking forward step by step.

The moment she saw him, the fire girl screamed in surprise.

"Earl Simon..." Suddenly a horrified word came out of her mouth.

After Huo Nu saw the guy and suddenly yelled, Li Tian and Mary not only looked at her together.

"Huo Nu, what are you talking about?" Li Tian asked quickly.

But seeing that fire girl raised her hand in disbelief, pointed at the captive with a shabby hair not far away and said, "I...I know that guy!"

"He is Simon, Count Simon!"

"It's Count Simon of the Murkawi tribe." A weird word came out of the woman's mouth.

After she said this, Mary, and the ice girl Kathena were shocked.

Murkawi?

Maybe apart from Li Tian, I don't know what the Murkawi is, the rest of the Toredo family members, as well as Ka Suo, the Ice Girl, they may all know the Murkawi.

Because the Murkawi is also one of the thirteen blood clans, and it is also a member of the Justice League!

But then the Kawi were in South America, and I heard that the Murkawi in the Justice League had been slaughtered by the Black Yap tribe. Unexpectedly, the Murkawi righteous vampires were not dead, but were arrested. Here comes it! !!

Looking at the Earl Simon of the Murkawi tribe, the Fire Girl was stunned for an instant.

"Oh my God, a member of the Murkawi tribe, unexpectedly got caught here!!!"

"These captured members are all members of the Justice League of the blood race?" Li Tian suddenly looked at the shirtless and driven slaves around him and asked.

But seeing the fire woman said: "It should be."

"There are not only members of the Murkawi tribe, but also members of the nohty family! I know the identity of the nohty family members. Look, the ones on the left are the members of the nohty family family, and they all have their own family imprints. ."

As Li Tian looked up, they really saw that the so-called nohty family members were printed with a black totem like an eagle!

They are also tied with heavy iron chains on their hands and feet, carrying huge stones there.

It was a tattoo of the nohty family, so the fire girl recognized it immediately after seeing it.

The nohty family: It is also one of the thirteen blood clans. Like the Murkawi and the Toredo family, they belong to the Justice League!

"Unexpectedly, none of our members of the Justice League were killed... So they were all arrested here." The Fire Girl murmured in horror in that mouth.

Li Tian looked at so many blood captives around him, not only frowned slightly.

"Then why the **** Gangelo family capture so many prisoners?"

"And what are they building here? Why do you want to enslave these captives to work?" Li Tian asked.

Facing Li Tian's question, Mary and Fire Girl shook their heads in confusion.

Just as they were surprised, the black knights of the Gangelo family who were holding them suddenly roared: "Shut up! Whoever speaks, I will kill anyone!"

The black knight said angrily at Li Tian and Huo Nu.

Li Tian and the Huo Girl suddenly stopped talking, and at the moment they just raised their eyes and looked at all this weirdness.

At this moment, Earl Raymond had reached the forefront.

But seeing that he had reached the frontmost place, the Gangelo family members who were holding the poisonous whip in the cave hurriedly saluted him.

"Earl Raymond!"

Raymond waved his hand slightly, and asked there, "How is the altar built?"

But the vampires of the Gangelo family replied: "Report to Earl Raymond, the altar is almost finished, I believe we will finish the altar before the blood moon comes."

After hearing the words of the vampire under him, Leimen nodded slightly, and said with a satisfied expression on his face: "Very good!"

"Elder Corpse King, I will arrive here tonight... You must urge these slaves as soon as possible to speed them up!"

After hearing Earl Raymond say this, the vampire of the Gangaro family quickly nodded and said: "Don't worry, Earl Raymond, we will definitely finish it."

After he finished saying that, the corner of the ear of Raymond's mouth showed a slight smile.

Then he suddenly pointed his hand at the captured Li Tian and other members of the Toledo family and said, "Those guys are the prisoners of the Toledo family!"

After he pointed at Li Tian and the others, the Gangaluo family vampire here raised his **** eyes and saw Li Tian and the others.

"Now, I will give them to you... You take them to work too!" Earl Raymond said suddenly.

When the vampire under him heard it, he said, "Yes."

Earl Raymond suddenly said again: "Remember, you will take good care of those guys..." Earl Raymond finished speaking, with a venomous smile on his mouth.

After Raymond finished speaking, the vampire gave a vicious smile: "Don't worry, count, that member of the Torrido family, I will definitely entertain you specially."

Earl Raymond smiled gloomily.

And because Li Tian and Mary here are too far away, they can't hear the cruel Earl Raymond, what exactly is pointing at them just now, and seeing the treacherous smiles on their mouths, Li Tian couldn't help but I thought: It seems that trouble is coming soon.

Chapter 2270: Terrible guy

At this moment, the Gangaluo family vampire with the spicy whip in his hand had already strode towards Li Tian.

After coming over, his blood-red pupils glanced at Li Tian and the members of the Toledo family, then a weird smile appeared on the corner of his mouth, and he waved his hand at the black knights and said: "Bring them here!"

Along with his voice, the black knights dragged Li Tian and the others with the iron chain.

After pulling it over, the vampire of the Gangaluo family said to Li Tian and the others: "From now on, you will start work for me. If you don't do it? I will let you die! Whoever does it? Slow? I will also let you know what pain is..."

After he cruelly said these words, he saw him grinning grinningly, pointing to the huge stones piled on the side and saying: "Let's start now... Have you seen those stones? Bring me all the stones inside! "

There are huge piles of rocks on the side.

Some of those chaotic rocks weighed tens of catties, and some weighed more than a hundred catties!

Faced with such a boulder, Li Tian and the members of the Toledo family hesitated slightly.

"Hurry up and do work for Lao Tzu!" A roar yelled from the vampire of the Gangelo family, and then he was seen holding a venomous whip and drew it towards the rest of the Toledo family members over there. .

With a bang, the vicious whip was drawn on one of the members of the Toledo family, and a deep bloodstain burst into his body instantly.

There was a cry of pain in his mouth, but he gritted his teeth to hold back.

Li Tian and other people saw the vampires of the Gangelo family so cruel, there was nothing at this moment!

After all, their hands and feet were bound by iron chains, and they couldn't break free.

In this way, Li Tian and Mary gave in.

So he bent over and moved the huge rock on the ground.

The hard rock is not a big problem for Li Tian and the other members of the Toledo family, but it is obviously a problem for Mary, the Fire Girl, and the Ice Girl and other women.

Seeing Mary at this moment moved a boulder weighing tens of kilograms with two slender hands, it was obviously difficult.

Li Tian looked at her strenuous appearance and couldn't help but walked over and said: "Mary, I will help you..."

But just when Li Tian was about to help that Mary, the vampire's vicious whip suddenly drew towards Li Tian.

With a bang, the poisonous whip hit Li Tian's face, and Li Tian's pale face was instantly beaten with a blood mark by the poisonous whip.

"you wanna die!"

A wild roar came out of Li Tian's mouth, but he saw that his body suddenly plunged like a demon on the vampire of the Gangelo family.

Although Li Tian's hands and feet were tied with chains, this did not stop him.

I saw Li Tian flying towards the vampire of the Gangelo Family like a ghost.

The vampire didn't expect that Li Tian would dare to fight back, and the speed was so fast, he was stunned there at the moment, but when he was stunned, Li Tian's hand was already grabbing his head.

With a snap, I saw Li Tian's hand pinch the head of the vampire!

Then he roared and banged like a madman, but saw that the vampire whose head was pinched by Li Tian's hands, his entire head was crushed by Li Tian abruptly, and the blood plasma was leaking from Li Tian's fingers. Sputtered out.

died!

It was slaughtered by Li Tian in just one second.

The terrible scene shocked everyone!

Not only the vampires of the Gangelo family were stunned, even the vampires of other families who were captured were all horrified, looking at the brutal Li Tian in disbelief.

However, he said that after Li Tian killed the reckless vampire, Earl Raymond here was immediately angry.

"Catch him for me!"

"Asshole..." Earl Raymond roared, and hurried towards this side.

And at this time, the black knights corps hurriedly took their weapons towards Li Tianwei.

Li Tian stood there cold, his hands were covered with the blood of the Gangelo family member just now, his eyes glared angrily, looking at the group of black knights around.

The black knight of the Gangelo family looked at Li Tian's ferocious eyes, and felt a sense of fear inexplicably.

Although there were so many of them, none of them dared to rush in front of Li Tian.

At this time, I saw that the blood axe Raymond had already rushed over.

Looking up, the dead members of his own family were furious.

"Asshole, dare to kill a member of my Gangeuro family? Tie him up for me!" A roar yelled from the **** axe Raymond's mouth.

When the surrounding black knights heard the blood axe Raymond say so, they all looked at me and I looked at you one by one, but it seemed that no one dared to step forward.

The blood axe, Raymond saw that these black knights were afraid to come forward, and immediately screamed.

"Why, don't you even dare to tie him?"

"Trash, all the **** is a bunch of trash...Could it be that he has his hands and feet tied with iron chains, don't you dare to deal with him?" The blood axe Raymond shouted at the scared black knights there.

The scared black knights lowered their heads in shame after hearing the curse of the blood axe.

"A bunch of trash!" Under the curse of the blood axe, Raymond had to consciously take it himself.

I saw that he snatched the iron chains in the hands of the black knights and walked towards Li Tian step by step at this moment.

He stared, and when he looked into Li Tian's extremely ******** eyes, a cold fear suddenly surged from Count Raymond's heart.

But seeing Earl Raymond stopped suddenly, he looked at Li Tian's terrifying eyes, and said: "Boy, if you dare to do it again, I will kill all the members of the Toledo family!"

"Don't involve so many innocent members of the Toledo family just because you are alone..." This blood axe, Raymond, is extremely despicable. Because he was afraid of Li Tian's action at this moment, he couldn't help threatening Li Tiandao again.

Li Tian is telling the truth, now he is extremely murderous!

Although he was tied with iron chains on his hands and feet, if he really kills, the blood axe Raymond still has to be afraid!

But seeing Li Tian heard this despicable Raymond say so, he turned his head and glanced at the Mary who was worried about him, as well as the Fire Girl, the Ice Girl and others, and finally his murderous aura slowly faded!

After all, he couldn't have caused Mary and the members of the Torrido family because of his momentary anger.
