

A Killer 2271

Chapter 2271: Painful torture

When he felt that Li Tian's solemn murderous aura was getting weaker and weaker, the blood axe Lei Meng smiled shamelessly.

He knew his threat had worked, so he would dare to walk toward Li Tian blatantly.

After walking to Li Tian's side, he took out the iron chain and **** Li Tian's whole body. This time, after he **** Li Tian's whole body with the iron chain, even if Li Tian had great talents, he couldn't do it again.

I saw that after the blood axe Lei Meng bound Li Tian to death, he suddenly crouched down to Li Tian's ear with a grinning smile and said, "Boy, aren't you very good? I'll call later. You know, what is life better than death!"

Listening to the extremely cruel words of this blood axe, Raymond.

Li Tian's whole body was trembling in anger, but it's a pity that he is now **** and down by the heavy iron chains. Even if he has the ability to reach the sky, he can no longer untie the iron chains on his body.

"Bring him over to me." The blood axe, Raymond, suddenly said there.

Then he saw the blood axe and Leimeng walking towards the cave alone.

The black knights under his hand grabbed Li Tian, who was covered with iron chains, and pushed him along with the blood axe and Leimeng.

Watching Li Tian being taken away by the blood axe, Leimeng, Mary and the Fire Girl in front of them, the Ice Girl suddenly became worried.

"Lee!"

"Li Tian..." They exclaimed in fear.

But Li Tian couldn't turn his head back, so he was led to the depths of the cave by the blood axe, Leimeng.

I saw that the blood axe Lei Meng took Li Tian to the innermost place.

The place seemed to be an underground prison, with a ghastly cage.

On the mottled and icy wall, there are still burning torches, and the swaying bright light shines on Li Tian's body.

After bringing him in, the blood axe Raymond pointed to a gloomy place and said, "Hang him up for me!"

Following the words of the blood axe Leimeng, several black knights under his hands suddenly hung Li Tian alive.

But seeing Li Tian is now hung up alive like a zongzi.

After hanging up, the blood axe Lei Meng gloomily walked to Li Tian, raised his wicked eyes and looked at Li Tiandao and said, "Boy, aren't you very kind? Are you not good?"

"Now I want to see how kind you are!"

The blood axe Leimen said and laughed treacherously.

"Come on, bring me the steel cone!" Leimeng Blood Axe suddenly roared.

Cone?

I saw that following the voice of the blood axe, Raymond, the black knights here took out steel cones about one meter long from the side.

The top of the steel cone is a triangular prism, extremely sharp, sharper than the sharpest blade!

At this moment, he was tightly holding the blood axe in the hand of Count Raymond.

After he held the cold and cruel steel cone, he sneered towards Li Tian: "Boy, do you know what pain is?"

"Perhaps, you don't know the pain of life is better than death... But don't worry, I will let you know it soon."

After Lei Meng, the extremely cruel blood axe in front of him, said so, Li Weather's eyes were about to bleed!

He stared at the hatred eyes, looked at the blood axe Leimeng, and roared: "Asshole."

Hearing Li Tian's curse, the blood axe Leimen not only didn't get angry, but laughed wildly there.

"Swear, swear, while you still have strength, scold as soon as possible, wait a minute, I will make you cry without crying." Blood Axe Leimeng suddenly laughed grimly.

After he said these words cruelly, he suddenly waved to the black knights behind him: "Come here and hold this kid's hands!"

With the blood axe in front of Raymond saying so, the black knights of the Gangelo family quickly walked over, and then they went to hold the two hands of Li Tian!

Li Tianjin struggled, but it was a pity that his body was dangled, and his body was **** with chains. Even if he had the ability to reach the sky, he still couldn't do anything.

I saw that as Li Tian's hands were held firmly by the black knights, the blood axe Lei Meng grinned gloomily.

Then he saw him slowly raising the sharp and cold steel cone in his hand, smiling at Li Tian and saying: "Boy, the pain is coming, you have to hold it back for me!"

Accompanied by this blood axe, Leimeng said evilly, his eyes suddenly became cold and cruel at this moment!

The sharp and cold steel cone in his hand pierced fiercely towards Li Tian's tightly grasped palm!

Flop!

Blood splashed, and Li Tian screamed in pain in the eerie black hole.

The deadly and vicious steel cone pierced Li Tian's left hand palm fiercely, penetrated Li Tian's entire left hand, and then nailed it to the wall.

Extremely cruel, extremely bloody!

The steel cone pierced Li Tian's palm, and scarlet blood flowed out of his palm.

Li Tian's painful body was trembling...convulsively, even painful sweat came out of his head.

What about the cruel blood axe, Raymond? Looking at Li Tian's painful screams and the constant gasping, he suddenly laughed happily.

"Boy, do you have any more seeds now?"

"Do you dare to **** kill the members of our Gangelo family?" Blood Axe Lei Meng faced Li Tiandao with a ferocious face.

But seeing Li Tian's left palm pierced by the steel cone, his body was trembling with pain, but he did not compromise, did not admit defeat, he clenched his teeth, because of excessive force, his teeth were all bitten out Blood stains.

He raised his blood-red eyes and looked at the blood axe Leimeng in front of him, shaking his voice, and cursing to the death: "You bastard...Don't let me Li Tian live...or...or else... ..I will peel your skin alive and twitch your muscles! Let you never turn over."

When the blood axe, Lei Meng heard Li Tian's curse oath, he sneered, and then coldly snorted: "Do you think you still have a chance?"

Following the blood axe, Lei Meng said so, he swished out the cold steel cone stuck in Li Tian's palm.

But seeing that the cold steel cone was covered with Li Tian's blood, what about Li Tian's left hand? A hole has been pierced in the entire palm, a blood hole!

After the blood axe Leimen pulled out the steel cone, he then gave a gloomy smile, and then the sharp steel cone in his hand pierced Li Tian's right palm!

OMG, this **** is going to destroy Li Tian! Spent his hands!

With a flutter, the blood splashed again.

Li Tian screamed in pain.

In a blink of an eye, the palm of his right hand was pierced by the cruel blood axe Raymond with a steel cone. The steel cone passed through Li Tian's palm and then stuck on the cold stone wall.

The blood dripped down his hands.

The painful sweat left a trace from Li Tian's forehead.

His body was convulsing violently, and his whole body was trembling with excessive pain.

Who can endure such painful torture? Who can bear it, the palms of both hands are pierced by sharp and cold steel cones?

Chapter 2272: Scrapped

Li Tian's hands are now "waste".

Because the palms of his hands were pierced by the sharp and cold steel cones.

He hurts, he hates!

His anger seemed to swallow the world, and his hatred eyes forever remembered the ***** who made him so painful, the blood axe Leimeng.

But what about Raymond, the extremely cruel blood axe? Looking at Li Tian's abolished hands, hahaha laughed quickly.

"Boy, regret it? Do you know the consequences of fighting against our Gangelo family?" He said and laughed wildly.

Li Tian didn't know if it was because he had no strength all over, or what, but seeing him lowered his head and panting, the blood could not stop flowing down the palm of his hand.

After the blood axe, Lei Meng saw that Li Tian had been tortured and scrapped, he not only pulled out the cold and vicious steel cone.

When he pulled it out with a puff, Li Tian snorted in pain, and the blood continued to trickle down the palm of his hand.

He saw the blood axe, Lei Meng shook his hand, and the cold steel cone was thrown aside by him. He looked evilly at the dying painful Li Tian, and then sneered toward this side.

"Earl Raymond, what should this guy do?" The black knights only listened to them asking after seeing Earl Raymond no longer torturing Li Tian.

Blood Axe Leimeng turned his head and glanced at Li Tian, then said coldly: "Throw him out."

After hearing Earl Raymond's words, the black knights immediately nodded and said, "Yes!"

Then I saw them untie the iron chain that Li Tian was hanging, and then dragged Li Tian whose hands had been "worn out" and walked outside.

...

Outside, but seeing that Mary, and the ice girl and the fire girl are still being driven there, carrying stones.

Although they were worried for Li Tian in their hearts, they couldn't do anything now, they could only wait there anxiously.

They moved the huge rock and walked forward with difficulty step by step.

Suddenly a giant "shrine" appeared in front of them in the front place. The altar was so magnificent and so tall.

My God, it was the first time they saw such a huge altar.

I saw this altar, and at a glance, it was not a few hundred meters high, so magnificent.

The Mary, the Ice Girl and the Fire Girl, as well as the vampires of other blood races who were captured, all carried the stones to build the shrine in front of them.

No one knows how long this altar has been built. Now it is several hundred meters high, magnificent and weird.

The altar is in the shape of a pyramid. It is a pile of huge stones.

And all of this was done by these captured vampire captives!

Looking at the magnificent altar in front of her, Mary cried out in horror: "Oh my God, what is this?"

Just when Mary was shocked, the ice girl and the fire girl beside her were all staring at her with wide-opened eyes.

"This is the altar... it is the altar where the Gangelo family is going to open the demon coffin in the blood moon!"

Suddenly a hoarse and low voice came from behind them.

I took a closer look, but behind them, I saw a shirtless captive with blood on his back and a disheveled captive with bloodstains on his back. While holding a huge stone, he was facing Mary and the Ice Girl on the other end. Tao said.

Then Mary and Firewoman saw him when they turned their heads!

"Simon? Count Simon?" The moment he saw this guy, the fire girl in front of her cried out excitedly.

It turned out that this low-pitched voice was just talking about the Earl Simon whom Huo Nu knew before!

He is the earl of the Murkawi! But he didn't expect that he was now a prisoner.

The earl, who was called Simon in front of him, immediately lowered his head after hearing the voice of Fire Lady and said, "Hush, be quiet, don't be heard by the Gangalo family bastards."

After the fire girl and Mary heard Simon say this, they quickly lowered their voices.

I saw the fire girl lower her voice and looked at Count Simon and asked: "Earl Simon, why are you here?"

Then Simon lowered his head and walked forward with the boulder, and smiled bitterly: "Our family was occupied by the Heiyi Clan... but all the remaining members were brought here, don't you know? "

After Earl Simon said so, the fire girl was slightly startled.

I saw that Mary sighed there, "Hey, I didn't expect that you Mokawi also encountered such a disaster!"

Then Earl Simon laughed self-deprecatingly and said: "Not only our family, but the blood of the Justice League, are all occupied, have you seen it? There are members of the nohty family, aren't they also captured?"

After hearing Earl Simon say so, a grief came into Mary's heart.

But seeing that Simon continued to whisper there: "It's your Torrido family? I didn't expect...you were also occupied!"

When Simon said this, Mary sighed deeply: "Hey! We can't withstand the terrifying Gangelo family attack!"

"Our Torrido family made a heavy sacrifice this time, and even our respectable elders sacrificed..." Mary said, tears shining in her eyes.

When Simon heard the words of Mary in front of him, he was not only stunned: "What? Elder Alcid also sacrificed?"

Mary nodded painfully.

Then Simon sighed deeply and said: "Hey! I didn't expect your Torrido to lose as much as our Murkawi! Do you know? Our family elders also sacrificed..." Simon said, clenching his fists. Tensioned, his face showed endless hatred.

When Mary heard Simon say so, she also sighed deeply.

"Simon, when were you caught here?" Huo Nu asked suddenly on the side.

But seeing that Simon smiled bitterly: "We have been captured for almost 2 months!"

"2 months? It's been such a long time?" Huo Nu was horrified.

Na Simon said: "Our Mokawi was the first blood race to be attacked...Of course, it was the first to be captured." Simon said angrily.

Hearing what Simon said, the fire girl continued to ask, "Simon, have you been here since you were arrested?"

Simon nodded and said, "Yes."

The fire girl solemnly asked her brows: "Then do you know which **** members of the Gangelo family want to build this weird thing?"

The fire girl said while pointing at the magnificent altar in front of her.

Chapter 2273: Altar, demon

But seeing that Simon said: "Don't you really know?"

When the fire girl heard it, she was taken aback, frowned and looked at Simon in front of her and said, "What do you mean? What do we know?"

Then Simon said solemnly: "It seems that you really don't know the situation, well, let me tell you..."

"Do you know that the blood moon is coming soon?" Hearing a word suddenly came out of Simon's mouth.

At the moment he said the bleeding moon, the faces of the fire girl and Mary not only changed suddenly.

The two of them raised their horrified eyes, and then you looked at me, I looked at you, and suddenly they were all stunned.

"Blood Moon?" Seeing the two of them together couldn't help being shocked.

I don't know why, when Mary and the Fire Girl heard the words "Blood Moon", their faces would become so ugly, as if they had heard a strange expression like a ghost.

But seeing that Simon said in a low voice: "It seems that you should know! Yes, the blood moon is coming soon, and the demon of the Gangelo family is about to be born!"

After hearing what Simon said, that Mary and the Fire Girl were astonished.

In the blood clan, everyone knows an ancient legend.

When the blood moon comes, the scorching sun will be swallowed by the darkness, and the moonlight will be covered with the color of blood, and this moment is also the day when the devil comes! In the ancient records of the blood family, it is said that on the day of the blood moon, darkness will appear in the world, and the ancient demons will also be awakened. The so-called ancient demons, in the records of the blood family chronicles, record a demon, That demon, legend is the strongest blood base of the first generation! He was bloody, violent and extremely cruel. He once ruled the entire dark world thousands of years ago. Later, because of the first blood war, the blood leaders of the other twelve clans were dissatisfied with the cruel demon rule, so they held a large-scale Rebellng against the war, this period of time is called by the blood: the day of killing demons! Since that ancient war, the blood clan used blood and life to seal the terrible and cruel ancestor, the blood clan leader of the twelve clan, and sealed the demon with blood, but did not kill him... Legend, the demon Was sealed in the immortal coffin! The immortal coffin is forged of pure gold and is extremely hard. Even the demon with the abilities of the ancients can't open the immortal coffin unless, that key! That key is called: the key of destiny! The key of destiny was forged with blood by the leaders of the twelve clans, so only the key can unlock the immortal coffin, and only the key can release the seal of the demon. For thousands of years, members of the blood clan have Know that there is a key called the key of fate, but no member knows that the key is there! After so many years, this ancient legend has been circulating among the blood races, and now, this legend is about to become true...

And the demon known as the elder is the first generation lord and founder of the Gangluo family in the heyday of the Gangluo family. Their honorific title is: Blood Lord, Dracula!

"Oh my god, could this altar be built to resurrect the legendary Demon Blood Venerable?" When the fire girl in front of her remembered the ancient blood family legend, she couldn't help but be shocked and asked. .

I saw the Earl Simon with a disheveled hair in front of him, nodding silently and saying: "Yes."

"This altar was built to resurrect that demon."

The fire woman said: "That's not right... Legend, the key of fate is needed to resurrect that ancient demon? The key of fate is the only key to open the immortal coffin? They can't open the coffin without the key!"

After the fire girl said so, Mary over there suddenly spoke.

Seeing her face was so ugly, her eyes widened suddenly, and she said in pain: "The key of fate...has...has been...taken away by the corpse king of the Gangelo family."

"What?" When Mary in front of her said so, the fire girl was horrified and looked at Mary with her extremely unbelievable eyes.

Of course she didn't know what happened to Mary and Li Tian and the others when she was in China.

I saw Mary preaching to the fire woman: "Actually, the key of fate has always been stored. The underground church of St. Petersburg is inside the court, which is the forbidden zone of God. Therefore, for thousands of years, no vampire can find the key of fate. !"

After Mary in front of her said so, the fire girl was stunned.

The key of fate is hidden in the largest church in the world: the underground inquisition of St. Petersburg Cathedral?

No wonder, any powerful vampire of the blood family could not find the key of fate.

I saw Mary in front of me and continued: "It is precisely because the key of destiny is hidden in the place closest to the gods that our kinsman has never been able to find it, but what we didn't expect is that a human being broke into St. Petersburg. The underground Inquisition..."

After Mary said this, the fire girl was shocked and asked quickly: "Who?"

"A human named Cthulhu!"

"A great human being who is not afraid of heaven and earth." Mary said respectfully.

As Mary said so, the fire girl was not only slightly surprised, of course she didn't know who the evil ***** was.

At this moment not only questioned: "Cthulhu? Is that human really that powerful?"

Mary nodded and said, "Yes, his kung fu is the most powerful human that Mary has seen so far!"

"He is Li Tian's human father!"

When Mary suddenly said such a word, the fire girl in front of her almost jumped with excitement.
what?

"What are you talking about? Is... Is it... Li Tian's human father?" The Fire Girl in front of her exclaimed excitedly.

Fortunately, the surrounding sounds are very noisy, otherwise, they would definitely be heard by the members of the Gangelo family.

But after the fire girl called out excitedly, Mary nodded silently and said, "Yes."

"That human evil ***** is indeed Li Tian's father!"

"It was him who broke into the Underground Inquisition in St. Petersburg, and then accidentally took away the ancient key of fate... and since then, the key of fate has escaped the blessing of God, the Gangelo family That's why the vampires smelled the key of fate... Therefore, the Gangaluo family soon chased Huaxia!"

"They found the key of destiny, and then snatched the key of destiny. Moreover, the ***** of the corpse king also bit Li Tian...Li Tian also turned from a human to a vampire from then on." Mary was there. Said.

When the fire girl heard it, she finally understood what all of this was going on, and she couldn't help but exclaimed: "Oh my God, everything is like this!!!"

"It turns out that the Key of Destiny appeared because of this." The Fire Girl exclaimed.

Chapter 2274: Intolerable anger

"Now that the key of fate has fallen into the hands of the Gangelo family, they must have used that key to open the demon's coffin when the blood moon comes..." Mary in front of her stared and said. .

Listening to what Mary said, the fire girl in front of her not only raised her head and looked at the condescending altar in horror.

The majestic altar of several hundred meters is almost completed, except that the top part above needs a simple rest. If there is no accident, the altar will be truly completed in a few days.

At that time, the dark vampires of the Gangelo family will use this altar to resurrect the ancient demon.

Thinking of these, Mary and the Fire Girl in front of them were not only shocked.

My God, if the ancient demon of the Gangeluo family is really resurrected, then the doomsday prophecy may really come true!

At that time the whole world may be occupied by darkness.

Just when Mary and Firewoman were so shocked in their minds, the Gangelo family members over there suddenly discovered Firewoman and Mary and others.

"Hey, you **** things, why have you stopped? Why don't you work?" As the guarded vampire of the Gangelo family uttered angrily, Mary and the Firewoman here hurriedly did not dare to continue here. Speak.

They both closed their mouths tightly, and then moved the huge stone in their hands towards the altar.

Pieces of huge stones were transported from there, and then transported to the top of the several hundred meters high altar. At the top of the altar, there were also captured vampires, and the huge altar was built there.

Just when Mary and Firewoman were moving this huge rock, suddenly there were a few vampires from the Gangelo family, dragging a blood-covered person out of the black hole on the left. .

When the blood-covered figure was dragged out by the Gangelo vampire, all the prisoners carrying the stones here turned their heads and saw his figure covered in blood.

At the moment they saw it, they all stopped working in their hands, blinking and staring.

The Fire Girl and the Ice Girl here were too far away to see clearly, so they asked in surprise, "What's wrong?"

"What's going on over there?"

As I asked, I looked on my toes.

Just as they looked past with their toes, they saw that the vampire captives of other families around them not only turned their heads and looked at Mary and the Fire Girl with weird eyes.

Mary and the Fire Girl were not only stunned when they saw these captives looking at themselves with weird eyes.

"They... they... why are they looking at us weirdly?" The fire girl in front of her said in surprise.

Mary shook her head there and said, "I don't know either."

Just as they were saying this, a thin captive vampire over there carrying a stone in his hand suddenly said to Mary and the Fire Girl, "Hey, that's yours... all over blood!"

After the captive vampire in front of them said this all at once, Fire Girl and Mary were stunned for an instant.

"Our people? What do you mean?" Huo Nu said in surprise.

And what about Mary? At this moment, I felt a little stunned, and then quickly ran forward to see the situation behind.

Just when she ran towards the front, seeing that the blood-covered figure was getting closer and closer to her.

She can also see the figure on the ground more and more clearly.

From this look, Mary was shocked there instantly.

"Lee!" An exclamation screamed from Mary's mouth.

Accompanied by her scream, the fire girl, the ice girl and the members of the Torrido family over there, as well as Rondia, they all ran towards this side.

Oh my God, who can imagine that this guy covered in blood thrown out by the Gangelo family turned out to be Li Tian!

It turned out that Li Tian suffered terrible torture after being arrested just now.

Look carefully, but see Li Tian's whole body lying on the ground limply, his two hands stretched forward as if they were abolished, look carefully at the place of the palm, my God, in the palm of their hands. There is a blood hole in each, from the palm of the hand directly to the back of the hand!

How cruel!

What a pain!

No one thought that Li Tian would be so tortured.

Mary was already running towards Li Tian who was lying on the ground covered in blood like crazy.

The Fire Girl, the Ice Girl and the vampire members of the Torrido family all rushed over!

"My God, is Li Tian?"

"Is it our savior?"

"He was tortured like this?"

...

Looking at Li Tian being tortured like that, the members of the Torrido family were completely stunned.

In an instant, endless anger and hatred rose in their hearts.

Seeing that Mary had reached the side of Li Tian, she cried and helped Li Tian from the ground.

But now Li Tian is in a state of semi-coma. After all, his hands were pierced with two blood holes by a sharp steel cone. Who can stand this ordinary person?

Although Li Tiannai is a vampire, he hasn't sucked blood for a long time, and the two palms that were pierced just now, because of excessive bleeding, caused Li Tian's vampire's body to become weaker and weaker, so he is now in a semi-death coma. .

"Li Tian, Li Tian, don't scare me... wake up!" Mary cried and tried to wake up Li Tian with two hands tied with iron chains.

But no matter how she fiddled with her, Li Tian in front of her was still awake!

At this moment, the fire girl and the ice girl also rushed over. When they saw Li Tian unconscious, they couldn't help shouting, "Li Tian..."

Then they all hurried over to check Li Tian's condition.

But seeing the blood holes in Li Tian's two hands were still bleeding, as if the blood in his body was almost draining.

His face pale as paper, without the slightest movement.

Looking at Li Tian who was tortured into this way, the fire girl suddenly became angry.

"You bastards...I want to avenge Li Tian!!" With the roar of Huo Nui, she ignored her hands and the iron chains on her feet. With a roar, she accumulated endless flames from her mouth, and then shouted. , A group of raging flames spouted from Huo Nu's mouth.

It burned violently towards the Gangelo family standing on the other side.

The three Vampire members of the Gangelo family standing there did not expect that flames burst out of the fire girl's mouth. The moment she was stunned, her body didn't even have time to dodge. The flames burned on them all at once, and then they went. Seeing that their whole bodies were burning up, endless screams were heard throughout the cave.

The Gangaluo family members over there even dared to resist when seeing Huo Ny, and was immediately angry.

"Catch her!"

"Grab the woman from the Burren family!" yelled, but saw many Gangelo family vampires starting to rush towards the fire girl.

Chapter 2275: riot

Following the shouts of the members of the Gangaluo family, the vampires of the Gangaluo family suddenly rushed to the burning woman.

Facing so many Gangelo family vampires, the fire girl still wanted to burst out flames from her mouth and burn these **** * to death, but her body trembled slightly at this moment.

She seems to be collapsed!

It turned out that the Fire Girl, the Ice Girl, and the vampires of the Torrido family did not drink a sip of blood after being captured, even if it was artificial blood, they were not supplemented, so the current Fire Girl and Ice Girl have completely lost their combat effectiveness.

Vampires originally relied on blood to replenish their energy. Now they don't replenish energy, it's an effect that they don't eat when they are hungry for 45 days!

The flame that erupted from the mouth of the fire girl has used up the last bit of strength in her body... Now she is collapsed, so it seems impossible to breathe fire to burn those Gangelo family bastards. Up.

Seeing so many Gangelo family members rushing towards the Huo Nu, Huo Nu's body was trembling violently.

"Sister, be careful!" Suddenly at this moment, the helpless ice girl came to the rescue!

How could she watch her sister be besieged by the **** vampires of the Gangaro family?

When Bing Nu was yelling, her whole body suddenly became cold, and the air around her began to drop sharply.

"The ice is broken!"

Following the ice girl's roar, she saw her two slender white jade hands suddenly stretched out, and a breath of suffocating chill emanated from the palms of her hands.

The cold air suddenly piled up into ice in front of the fire girl!

Gradually, a huge ice shield formed in front of the Fire Girl, and what about the vampires of the Gangelo family? Then one by one was resisted outside the ice.

After the Ice Girl used her ability, the Gangaluo family vampires over there were not only taken aback.

Then he took the weapon and slashed towards the thick ice layer...

Bang bang bang, but saw that the ice layer was chopped down one by one like crystals.

Is it only there at the moment?

The blood axe, Raymond and the black knight army were already approaching here, but Raymond hadn't let the terrifying black knights take action yet, he just raised a sneer and looked at what was happening before him coldly. all.

But the ice girl here, although she used the ability Chilling Blow, but she didn't have much energy to continue to release her chill! Because she, like Fire Girl, hasn't replenished blood for a long time...

At this moment, her face became exceptionally pale, and her delicate body was trembling uncontrollably.

And this time? The vampires of the Gangaluo family had cut a hole in the protective ice layer, and the terrifying Gangaluo family vampires immediately all rushed towards the fire girl and the ice girl.

"Grab these two Bren family women." The vampires of the Gangelo family rushed here and shouted.

But seeing that the Fire Girl and the Ice Girl had lost their abilities, they gritted their teeth and fought unarmed.

The fire girl rushed over to a vampire of the Gangelo family, and with the iron chains wrapped around her arms, she slammed the Gangelo family's face with a bang, and hit the Gangelo family. After the vampire's face was on, the vampire let out a scream, his body flew up and hit the wall.

The other two Gangelo family vampires, at this moment, rushed towards the burning woman from the side.

The fire girl didn't have much strength, so she couldn't make it hard, and she drew back quickly.

The two vampires of the Gangelo family continued to rush up after seeing the fire girl retreat.

The fire girl retreated while fighting.

At this time, the ice girl also shot. Although her hands and feet were tied with chains, she still wanted to help her sister.

She carried a crashing iron chain and rushed to meet the vampires of the Gangelo family.

The captured members of the Torrido family, the black widow Katherine, and the human Ron, Tia, as soon as the fire girl and the ice girl fought, they all rushed over to help them.

The scene suddenly became chaotic.

The captured members of the Torrido family all fought with the vampires of the Gangelo family. Although their hands and feet were still bound, they could not move or shoot at will, but they did it for the tortured Li God, and the ice girl and the fire girl who were fighting at this moment, they still chose to fight.

But those other families, such as the Murkawi, and the captured vampires of the Nohty family, stood there, motionless, just watching what happened before them.

Just in the midst of this chaos, suddenly the blood axe Leimen roared and led the terrifying Black Knight Legion towards this side.

He glanced at the scene with **** eyes, and suddenly coldly said to the Black Knight Legion behind him: "Take all the **** gang of Torrido family!"

Accompanied by the roar of the blood axe, Raymond saw a hundred or so terrifying black knights suddenly jumped into the battlefield.

The black knight's abilities are far more powerful than those of the ordinary Gangelo family members. After seeing them rushing in, they slaughtered several knights of the Torrido family alive within an instant.

In the scene now, only the black widow Katherine, the Fire Lady, the Ice Lady, and the blind Casso, Count Rondia Roger were still alive.

The remaining members of the Torrido family were basically dead.

At this moment, the fire girl and others were surrounded by the black knights of the Gangelo family, and it was difficult to fly.

Looking at so many black knights in front of them, Fire Girl knew that they were truly over this time.

Over there, Mary was still holding the fainted Li Tian tightly... and crying.

At the moment when the fire girl and others were facing death, the blood axe Leimeng suddenly came over with a grinning grin.

He slightly waved his hand at the black knights surrounding the fire girl, ice girl and others. After the black knights understood, they all stepped back a little.

But when he saw the blood axe, Raymond stared at the Fire Girl, the Ice Girl, and the Black Widow Katherine and others with cruel eyes, he suddenly said evilly: "I didn't expect you to come here. Still want to resist?"

"I'm impatient to live, right?"

After the roar came out of the **** axe Leimeng's mouth, the Fire Girl and the Ice Girl's cold eyes stared at him angrily.

As if wishing to slash this **** with a thousand swords.

The blood axe Leimeng continued: "You should all be dying. The reason why I keep you is because I think you are still useful..."

"Look at them..." the blood axe, Raymond, suddenly pointed at the nohty family and the captive vampire of the Murkawi tribe.

As he pointed, the Fire Girl and the Ice Girl in front of them all looked back at the cowardly captives of the nohty family, as well as members of the Murkawi vampires. When they saw the Fire Girl and their eyes, they all looked back. Not only bowed his head in shame.

"How good are they? They work for us like dogs, and we won't kill them!"

"What about you? You are not obedient, see... today you have died a few members of the Toledo family, hehe, if you die, you will die! Your Toledo family will really be in this world forever Disappeared!" Lei Meng Blood Axe said as he laughed.

Chapter 2276: save him?

Listening to the cruel words of the blood axe and Lei Meng in front of them, the Fire Girl and the others have nothing to do.

I saw the blood axe, Raymond, and finally the eyeballs were on the fire girl, the ice girl and the others, and suddenly said with a weird smile: "I just discovered that the two sisters in the legend of the Bren family are indeed attractive. Human, face, figure, good enough, spicy enough."

Blood Axe Lei Meng said with a wicked smile, a pair of cruel gazes slowly passed over the delicate bodies of the ice girl and the fire girl.

When the fire girl and the ice girl heard this beast talking like this, they cursed: "You shameless bastard."

Na Leimeng laughed wildly when she heard Huo Girl curse.

"Swear, swear, wait a minute, I won't let you scold you even if you want to." Blood Axe Raymond suddenly said cruelly.

"Come here, take the two ladies of the Buren family first." Suddenly, Raymond said to the black knights behind him.

Accompanied by the roar of that Leimeng, the black knights behind him suddenly strode towards the fire girl and the ice girl.

"What do you ***** want to do?" The Fire Girl and the Ice Girl, seeing those evil Gangelo family members approaching them, their faces changed in shock, and quickly backed away.

But they are surrounded by so many black knights, where can they escape?

Sure enough, in the constant struggle of the Fire Girl and the Ice Girl, they were suddenly detained by the black knight of the Gangelo Family.

Looking at the Fire Girl in front of her, and the Ice Girl being taken away, Ron, Tia, and the black widow Kathena all stepped forward to rescue them.

Unfortunately, as soon as they rushed over, they were stopped by the black knights of the Gangelo family.

The black widow Katherine bit her lip and slapped a black knight of the Gangelo family in the face.

"Asshole..."

The black knight was slapped in the face by the black widow, and turned into anger at the moment, and the sharp blade in his hand was cut at the head of the black widow Katherine.

Seeing that the black widow was about to be slashed in the head, the blood axe Raymond suddenly shouted there, "Stop!"

Under Raymond's roar, the sharp blade held in the hand of the extremely angry black knight stopped in the air, and he made a roar in his mouth, and then backed back.

But seeing that the blood axe, Raymond's evil eyes were aimed at the black widow Katherine at this moment.

Then wickedly said to the black knight who was angry just now: "Be gentle with women..."

As he said, he suddenly grabbed the black widow Katherine's wavy curly hair, Katherine moaned in her painful mouth, but she endured no sound, she just bit her lip tightly with her teeth, Staring blood-red eyes at the extremely cruel Raymond in front of him.

He said that after that Leimen grabbed the black widow's hair all at once, he laughed wildly.

Then he stretched out his hand and hugged the black widow's graceful body to the lazy waist.

"Smelly lady, I'll see how I play with you!"

Leimen, who laughed wildly, said in that evil spirit.

What about Katherine? She wanted to struggle, but it was a pity that she didn't have the strength, so she could only shout desperately at the moment... but no one could help.

In this way, along with the black widow, Katherine, was also taken away by the blood axe.

The human Ron, and Tia wanted to save Katsena, and the fire girl and ice girl, but they were beaten by the black knights.

In the end, the three poor women were taken away.

The remaining Ron, Tia, and the badly injured Count Roger were taken into an iron cage.

The iron cage is huge, and there are more than a dozen vampire captives inside it.

That Mary and the tortured half-dead Li Tian were also thrown in.

After they were thrown in, the iron cage was closed tightly.

At this moment, I saw that Mary looked desperate, and Li Tian, who had been holding his arms full of blood, Ron and Tia, was beaten by the black knights just now, and was seriously injured at this moment... Leaning in the cage, their faces also showed hopelessness.

"Li, how's it going?" Suddenly the Earl Roger endured the pain and asked Mary who was holding Li Tian next to him.

But seeing Mary shed tears, she said in the most painful way: "Lee... Lee... is going to die!"

"His blood is about to drain!"

As Mary said, she held tightly the blood hole in the palm of Li Tian's hands.

The blood hole in Li Tian's palm was still pouring blood out.

Once the blood in Li Tian's body ran out, he would definitely die! Even a vampire, he will die!

In the world, no vampire is alive without blood.

Hearing what Mary said in front of him, the Earl Roger let out a heavy sigh, and then sat in the corner without saying a word.

Suddenly Caso, the blind man over there who hadn't spoken much, said, "He must be saved!"

"If we want to leave this place alive, we must rely on him."

Listening to what Caso said, the Count Roger in front of him suddenly said in despair: "How to save? Who can save?"

After Earl Roger said so, all of them in the iron cage looked at me. I looked at you with a speechless expression on his face.

At this moment, Na Ka Suo suddenly turned to the human Ron and Tia.

Caso was originally a blind man. His blind man wore a pair of heavy sunglasses on his eyes. At this moment, when his face was pointed at Ron and Tia, the injured Ron and Tia were not only taken aback.

"What's the matter? Mr. Caso? Why... Why are you looking at us like this?" Ron asked suddenly in doubt.

But seeing that Ka Suo suddenly muttered in his mouth: "So far, if anyone can save Li Tian, then there are only you two."

When Ron heard this, he was stunned.

"What? Us? Mr. Caso, are you kidding? Although my sister and I are blood hunters, we don't know how to help the vampire..."

The beautiful Tia next to that said, "Yes, Mr. Caso... we don't know how to save him."

Tia said while looking at Li Tiandao who seemed to be about to die.

But seeing that Caso showed disapproval to Ron and Tia's words, he shook his head slightly, and then said: "No! You can save... And now, only you can save it. It's him!"

When Ron and Tia heard Caso say that, they were speechless at the moment. The two siblings look at me and I look at you. Then they raised their faces and looked at Caso in front of them.

"Mr. Caso, let's talk about it... how do we save him? As long as you can tell us how to save him, our brothers and sisters will definitely save him!" Ron said affectionately and righteously.

Chapter 2277: Human blood!

After they said so in front of them, the Count Roger, who was seriously injured in the corner, and Mary looked at Caso at the moment, hoping that Caso could really find some way.

I saw that Ka Suo moved his mouth slightly, and then murmured: "Well, let me tell you the way..."

"However, before telling you this method, I have to declare that this method is voluntary. I, Caso, and Earl Roger, and the Miss Mary present, will never persecute you brothers and sisters. "The cableway in front of him.

When Ron and Tia heard it, they were puzzled.

I couldn't help but secretly lined up: What method does Caso the prophet tell them? Why is it so mysterious?

After thinking about it, Ron couldn't help saying: "Mr. Caso, please rest assured, as long as you tell us the way to rescue Li Tian, no matter what it is, our brothers and sisters will be willing! And absolutely voluntary."

After hearing that Ron speak so righteously, a slight smile appeared on the corner of Caso's mouth in front of him.

He looked at Ron in front of him and said, "That's good, that's good!"

"Mr. Caso, can you tell us now how to save Li Tian?" Ron asked quickly.

Na Ka Suo paused for a while, then spit out a strange word from his mouth.

"blood!"

When the prophet Caso suddenly uttered the word "blood", Ron and Tia in front of them were puzzled.

Because none of them knew what the word "blood" vomited from Ka Suo's mouth meant!

"Blood? What do you mean? Mr. Caso." Ron and Tia, who hadn't figured out for a long time, not only looked at Caso in confusion.

Just as Ron had just finished speaking, Ka Suo continued to speak.

"I mean, your blood!" Caso said.

"Our blood?" Ron and Tia were stunned.

Just listen to Naka Ropeway: "Yes, it's your blood!"

"Don't forget, in this dark cave, only you and your sister are humans... and only your blood can restore Li Tian."

"Li Tian is a vampire. The reason why he is falling now is not only because he was tortured like this, but also because his body didn't drink fresh blood."

"You should all know that our blood family relies on blood to survive, and can also rely on blood to restore damaged bodies. As long as there is blood, pure blood, for us to drink, then we will recover and restore everything. It will also restore all our abilities. So I want you two brothers and sisters to save Li Tian with your blood for the sake of Li Tian and the overall situation."

After he finished speaking, Caso was silent.

The humans here, Ron and Tia, were stunned for a moment when they heard Caso's words in front of them, and then suddenly stayed there at a loss.

And what about Mary and Earl Roger?

At this moment, it was like seeing the light of hope. Suddenly they placed their eyes on Ron and Tia's body, but although they all put their eyes on Ron and Tia's body, they He didn't say anything, just waiting, waiting for Ron and Tia to speak.

But what about Ron and Tia?

The two siblings were startled when they heard what Caso said, then they both stayed there.

blood?

Yes, at this moment in this immortal mountain, only Ron and Tia are humans.

Only their blood is the purest human blood.

If their blood can be drunk by Li Tian, then Li Tian will definitely recover. Not only will it recover, but even the blood holes in his two palms will recover!

To put it bluntly, Ron and Tia are Li Tian's only hope.

However, the use of blood to save Li Tian would be extremely traumatic to Ron and Tia.

How can a person waste his own blood like this? Moreover, if the blood bleeds too much, it will be very life-threatening.

So the scene before me was embarrassing.

That Mary, Roger, and the prophet Ka Suo, of course can't force this Ron and Tia, let alone force them to use blood to save Li Tian.

All of this must be made by Ron and Tia willingly.

So this time they all looked at Ron and Tia.

After Ron and Tia were silent for about two minutes, they saw the injured Li Tian and suddenly smiled and said, "Good idea!"

"I almost forgot, the blood on my sister and I is clean human blood!" Ron said and laughed there.

"Mr. Caso, I am willing to use blood to rescue Li Tian." Ron said directly there.

After Ron suddenly agreed, Mary, Count Roger, and the prophet Caso were all taken aback.

"Ron, you... are you sure you want to use your blood to save Li Tian?" Caso asked.

Then Ron said: "Of course!"

"Li Tian is our savior, and when I was in the mass grave, my sister was safe thanks to Li Tian. This love, this kindness, even if I owe him, this At that time, when he was in crisis, I, Ron, sacrificed a little bit of blood, what is it..."

"come on!"

Then Ron said straightforwardly, Mary beside him, and Earl Roger not only looked at Ron in front of him with gratitude and admiration!

They were all moved by him.

After he said it, but when he saw him, he began to lift up his arm sleeve tube, exposing his skin.

Seeing Ron's boldness, Tia next to him suddenly said, "Brother, use my blood!" Tia said there.

Ron shook his head decisively and said, "How can that work?"

"I can do it alone!"

"Brother..." Nadia seemed to want to say something, but Ron had already turned his head and didn't look at Nadia.

He lifted his arm, then found a sharp stone on the ground, and then scratched it at the vein of his arm.

哧

Scarlet blood dripped from Ron's arm.

After Ron's pure human blood dripped from his arm, he saw him put his arm into Li Tian's mouth.

That Mary had already opened Li Tian's mouth, and the scarlet blood began to flow into Li Tian's mouth drop by drop.

After the blood flowed into Li Tian's body, Li Tian's internal organs began to vibrate violently...The body that originally seemed deadly still changed instantly!

Sure enough, human blood is the greatest tonic for vampires!

Chapter 2278: ridicule

As Ron's blood slowly entered into Li Tian's body, but seeing that Li Tian had indeed started to recover, he did not directly wake up.

So Ron endured the pain, holding up his bleeding arm and dripping blood into Li Tian's mouth!

"Okay, Ron, you can't waste your blood like this anymore." Suddenly, Earl Roger over there looked at Ron, who was turning blue and sweating on his head.

Ron's face was indeed extremely ugly at the moment because of the loss of his blood, but he was still gritting his teeth there, shaking his head and saying, "I, I'm fine."

The voice of his words is very weak!

Weak as if he was about to faint.

Count Roger saw that Ron insisted on feeding Li Tian blood, and he thought for a while and suddenly stopped Ron.

"Ron, you can't go on like this anymore. If you do this, even you yourself will be in danger." Count Roger gave Ron a support.

"Brother!" Tia, who was next to him, screamed worriedly while looking at his brother whose complexion had completely changed.

Mary here also hurried over to support Ron.

But seeing Ron's face pale, he took a deep breath there, then looked at Li Tiandao and said, "What about him? Does he drink enough blood?"

Mary and Cassau said, "Enough, enough!"

"Then Li Tian hasn't woken up yet?" Ron asked.

But seeing the prophet Caso said there: "He won't wake up so quickly, he needs to wait a while!"

"Ron, don't worry, as long as Li Tian drinks human blood, he will definitely get better!"

After hearing what Caso and Earl Roger said, Ron nodded slowly and said, "Okay... Then I'll take a break!"

After he finished speaking, he covered his bleeding arm, then sat down limply on one side.

At this moment, everyone is looking at Li Tian on the ground.

I saw that Li Tian was still not sober...but his face already looked much better, at least the color of death on his face had disappeared.

"Dad, look at it, the blood is working, look at Li Tian's palm... his palm no longer bleeds, and the blood hole has begun to condense." Mary in front of her was seeing At the moment when Li Tian's palm pierced by torture changed strangely, he said to Count Roger with excitement.

When Roger, Caso, and Tia over there heard Mary say this, they hurried over to observe Li Tian's situation.

At this sight, they were all stunned.

Yes!

The blood holes in the palms of Li Tian's hands that were originally bleeding had indeed begun to coagulate at this moment, and even the blood was not left.

Looking at this scene, Earl Roger suddenly screamed.

"Great, it works!"

"Li Tian's hands are slowly recovering... If there should be no accident, his hands will be recovered immediately!" Count Roger said happily.

Then Mary was also excited and said: "Yes, yes! Dad, Li Tian is saved, Li Tian is fine."

Caso next to him smiled slightly and said, "There is nothing more suitable for treating vampire injuries than human blood!"

Seeing Li Tian's hands recovering before him, Mary and Earl Roger were all excited.

It was because Ron was bleeding too much at this moment, so he fell to the side and gasped.

But there was a smile on his face.

"Brother, how are you?" Nadia asked, looking at her brother with concern.

Ron shook his head and smiled bitterly and said, "Brother is okay..."

Tia looked at her brother with concern, and didn't know what to say at this moment.

Now everyone is there blinking and looking at Li Tian, hoping that he can wake up as soon as possible.

...

Suddenly at this moment, there was some movement outside the iron cage they were locked in.

Earl Roger and Mary turned their heads and saw that they were standing outside the iron cage with vampire captives just like them.

These vampire captives were all captured by the Gangelo family, it was Simon of the Kawi tribe, and several strong vampire captives.

After seeing the vampires of the Murkawi suddenly come to their iron cage, the faces of Count Roger and Mary suddenly became extremely difficult to look at.

You know, in the chaos just now, the Torrido family sacrificed the lives of so many members, but then none of the Kawi tribe and the vampire members of the nohty family actually helped Roger and them!

On the contrary, they just stood there.

As the Justice League of the past, how could Lord Roger not be angry?

However, after Simon of the Kawi came here, Count Roger said with an ugly face, "Why are you cowards here?"

Accompanied by that Count Roger's utterance, then Count Simon of the Kawi tribe showed a very ashamed face.

He looked at the Count Roger in front of him and said: "Earl Roger, I'm sorry...I know you must resent our Murkawi for not helping you Toredo family just now, but I still hope you can understand our suffering... ...We are also forced to be helpless! We also have no choice!"

"No way?"

"Hmph, you cowards, don't even dare to fight the darkness? You dare to say that you are forced to be helpless?" Count Roger roared.

But seeing that Earl Simon showed guilt on his face and said: "Earl Roger, our family members of the Murkawi are not cowards, we just don't want to be killed or injured again, because if we die or injured, our family will really be over!"

When the Count Roger heard this, he sneered and stared at the Simon of the Kawi: "You are so funny... ridiculous, know? You think you obeyed the beasts of the Gangaluo family, those beasts will let you go?"

"I'm telling you, the reason why the **** of the Gangelo family don't kill you is because you are still useful. Once you are useless, they will never keep you. Once the altar is built, you everyone must die!"

"Have you forgotten? The vampires of the Gangelo family never leave a living?"

As Count Roger said this, Count Simon of the Kawi tribe suddenly felt a violent concussion.

Because the words that Count Roger said are true!

As the Gangaluo family with the purest blood among the thirteen blood families, no family can compete with it. Of course, their pure blood family will definitely not let other family vampires into it!

So what Earl Roger said is right!

Chapter 2279: wake

Listening to the words of Count Roger, Earl Simon of the Murkawi tribe in front of him was completely dumbfounded.

He stood there ashamed, his mouth open, not knowing what to say at the moment.

"Earl Roger, we were wrong..." A word came out of Simon of the Kawi.

The several vampire captives of the Murkawi clan standing beside him also showed the same ashamed expressions as him.

Count Roger ignored them! There was still resentment in his heart.

"Earl Roger, we Mokawi and the Nohty family will follow you from now on." I heard that Simon said suddenly.

After he said so, the Earl Roger in front of him slowly turned his head.

Although Count Roger had great prejudice against the Murkawi and the Nohty family in his heart, it was an extraordinary period, so Count Roger finally resisted it.

He turned his head to look at Simon of the Murkawi in front of him, and then said, "Are you really planning to follow us in the future?"

Then Simon nodded there and said, "Yes."

Count Roger said, "Well, if that's the case, then forget the previous things."

"Earl Roger, do you say that the **** of the Gangalo family will kill us sooner or later?" The Simon in front of him suddenly looked at Count Roger and asked.

Count Roger nodded and said, "This will happen sooner or later."

"Hey, what should we do?" Simon in front of him suddenly asked with despair and fear on his face.

Count Roger whispered: "There is only resistance!"

"Resist?" Then Simon was taken aback when he heard it.

"Yes, although our family has suffered heavy losses, we are not dead. There are dozens of members of the Mokawi here, and there are dozens of members in the nohty family... If we add up, there will be one hundred. Many names! If we can fight together, there may be a chance! But if we don't fight, we will all die..." Count Roger in front of him said the situation to Simon.

Then Simon of the Kawi tribe, after hearing the words of Lord Roger, said: "But we are unarmed, and we have chains on our hands and feet. How can we fight the **** of the Gangaro family?"

Count Roger thought for a while and said, "This is indeed a problem!"

"But I believe it should be resolved."

Then Simon was silent for a while and said, "Then when do we start to do it?"

Count Roger said, "No hurry! We will naturally notify you when that happens."

So Simon nodded and said, "Well, anyway, from now on, our Mokawi will follow you."

"How about the nohty family? Are they sure they will follow?" Count Roger asked suddenly.

Then Simon said, "Don't worry, Lord Roger, I will get in touch with them from the Nohty family."

After hearing what Simon said in front of him, Earl Roger nodded slightly and said, "Well..."

Then the decision is made.

After Simon left, Caso in the iron cage asked Count Roger: "Earl Roger, do you think the members of the Murkawi tribe and the nohty family will follow our command?"

Count Roger was not too sure to be honest.

He thought for a while and said, "This...it's hard to say! But this is our only chance... Mr. Caso, what do you think?"

Caso thought about it slightly, and finally nodded silently.

"It seems I can only fight for it."

"The blood moon is coming soon... Never let the **** of the Gangalo family resurrect the ancient demon." Caso muttered in his mouth while looking at the huge altar in front of him. Said the Tao.

...

"Dad, Fire Girl, Ice Girl, and Katherine are they going to have an accident?" Mary who was in the iron cage in front of her suddenly asked the Count Roger with anxiety.

But seeing that Count Roger slowly stood up, his two hands tightly grasped the fence of the iron cage, his mouth angrily said: "That **** Bloodaxe Raymond doesn't know what to do with them!"

Mary was extremely worried and said, "What should I do? How can I save them?"

Count Roger also showed an extremely anxious look on his face! His hands tightly grasped the iron fence in front of him, as if he wanted to force the iron cage to break apart, but unfortunately the iron fence was made of pig iron, so hard that even Earl Roger couldn't move it.

Na Ka Suo was also worried about the Fire Girl and Ice Girl, but even if they were worried anymore, there was no way.

While they were talking, Li Tian in front of him suddenly moved.

Mary, who had been observing Li Tian next to her, cried out excitedly when she saw Li Tian move.

"He moved, Li Tian moved..." Mary in front of her screamed excitedly.

Count Roger and Ron over there, Tia quickly came to see Li Tian's situation after hearing Mary's voice.

But seeing that Li Tian had indeed recovered, he carefully looked at the palms of his hands. The hands that had been "scraped" by the steel cones were now completely restored.

The palms of both hands are intact, and I have to say that the vampire's recovery ability is really fast enough.

And what about Li Tian? At this moment, he opened his eyes slightly.

The moment he opened his eyes, Mary and Earl Roger were excited.

"Li Tian woke up... finally woke up."

"Li Tian...How are you?" Earl Roger, Mary, and the human Ron and Tia were all questioning.

But seeing Li Tian who opened his eyes slightly, he was startled for a moment, then blinked and looked around at Count Roger, Mary and the others...

"Why am I here?" Li Tian asked suddenly after taking a look at them.

Count Roger said, "Li Tian, you were tortured by the **** Leimen in a coma, and then you were locked up here."

When Li Tian heard this, he was stunned for a moment, and then suddenly raised his hands.

When he saw that his hands had recovered and were intact as before, his eyes widened.

"my hand?"

"My hand...recovered?" Li Tian questioned in horror.

But seeing that Count Roger smiled slightly.

He pointed to Ron on the other side and said, "You have to thank Ron for this...it is he who does not hesitate to use his blood to let you drink, so your hands will recover."

Hearing that Earl Roger said so, Li Tian in front of him was stunned. He raised his unbelievable eyes to look at Ron over there.

It turned out that Ron saved himself with his human blood! No wonder I am full of energy now!

Chapter 2280: Bloody

"Ron, thank you for saving me!" Li Tian said as he looked at Ron.

Ron smiled and said to Li Tiandao: "You are welcome, you have saved our brothers and sisters many times before, so if you want to say thank you, it should be our brothers and sisters thanking you."

Listening to Ron's words in front of him, Li Tian showed a slight smile.

Li Tian's body has recovered, and compared to before, Li Tian seems more energetic, his vampire eyes are shining with energetic light, it is obvious that this is the Ron blood that was drunk by Li Tian For the sake of.

After Li Tian stood up, he first looked around the iron cage in front of him, and then he was surprised to find that the fire girl, the ice girl, and the black widow Katherine were missing in the iron cage!

"Hey, what about the Fire Girl and the Ice Girl? Why are they not here?" Li Tian couldn't help asking suspiciously after discovering this situation.

When he talked about the ice girl and the fire girl, the faces of Mary and Count Roger before him became ugly.

As soon as Li Tian saw their expressions, something was wrong.

So he quickly asked: "What's the matter?"

"Did something happen?"

After Li Tian asked anxiously, the Earl Roger in front of him suddenly sighed deeply.

"Hey! They were taken away!" When Earl Roger said so suddenly, Li Tian was stunned.

"What? Who took it away?" Li Tian asked anxiously.

But seeing that Count Roger told Li Tian the truth.

"The Fire Girl and the Ice Girl were because they saw you not tortured in a human form...so they fought with the **** of the Gangaro family, and later they were taken away by the **** Raimon."

When Li Tianyi heard the name of "Raymond", endless murderous aura suddenly appeared all over his body.

"It's that **** again! It's that **** thing again!" A huge anger suddenly filled Li Tian's body.

"I must kill him by myself!"

Cruel words came out of Li Tian's mouth.

Caso next to it murmured, "Hey, the Ice Girl and Fire Girl have been taken away for a long time, I really don't know how they are now..." Caso's voice was full of worry. The tone.

When Li Tianyi heard what Ka Suo said, he was extremely worried, so he said, "I'm going to save them!"

"I have to save them!"

After Li Tian said this, the Earl Roger looked at Li Tian and said, "But we are now locked in this **** iron cage, how can we get out?"

Li Tian raised his blood-red eyes, looked at the iron cage in front of him, and suddenly said, "Leave this to me!"

As Li Tian said so, the Earl Roger in front of him was not only startled.

But after seeing Li Tian saying that, he first observed the surrounding situation!

It just so happened that there was no vampire of the Gangelo family guarding it...The vampires of the Gangelo family were all in the outermost place at the moment.

After Li Tian saw that there were no members of the Gangeuro family, he began to act.

His hands first touched the iron fence made of pig iron... and then his arms tried hard, but the iron fence made of pig iron was too hard! The degree of hardness is beyond Li Tian's imagination.

Li Tian not only frowned slightly when he felt the iron fence was extremely hard.

"How? Isn't it difficult?" Earl Roger saw Li Tian frowning, and not only asked there.

But seeing Li Tian silently nodded there and said, "Yes, this iron cage is really hard!"

Hearing what Li Tian said, the Earl Roger, Mary and Caso over there all showed disappointment.

But at this moment, Li Tian suddenly said, "Everyone, step back."

Following Li Tian's words, Earl Roger and Mary were not only taken aback, they looked at Li Tian in surprise, wondering what he was doing now.

After they all retreated to the back of the iron cage, they saw Li Tian's hands slowly stretched out.

He clenched the iron fence made of pig iron with both hands. At the moment when he clenched, suddenly, an incomparable qi burst out from his body, and the qi burst into his arms from his whole body.

Along with the huge qi rushing from his body, Li Tian's arms suddenly increased like a surge, a huge force suddenly came, and then Li Tian began to forcefully break the iron fence.

The hard iron fence broke with Li Tian's hands, making a creaking sound, but the iron fence remained unmoved, as if Li Tianyong couldn't break the iron fence no matter how great his strength.

When he saw that he couldn't break open the iron fence with such a gas, Li Tian suddenly became angry!

His eyes suddenly became blood-red, and a **** light appeared in his pupils, and then Li Tian's arms became blood-colored...It was his vampire aura, and he actually wanted to move the vampire power in his body. Up.

After Li Tian's violent vampire aura was suddenly mobilized, his whole body began to change, and even his face became incomparably hideous!

Count Roger at the back couldn't help being shocked when he saw Li Tian's real vampire face.

"Oh my God, why does Li Tian's blood have the breath of that corpse king..." Count Roger asked in horror.

The Mary in front of her said: "Dad, Li Tian was mutated by being bitten by the **** corpse king!"

"What?" Roger never knew that Li Tian's blood was flowing from that corpse king Uris, so when he knew the truth, he was shocked.

"Li Tian was bitten by the corpse king!"

"No wonder... No wonder Li Tian is so vigorous!" Count Roger said in astonishment.

At this moment, after Li Tian was urging his vampire breath, all his fangs were exposed, his pale fangs were stretched out in his mouth, and his face was hideous and ugly.

Under Li Tian's vampire breath, the hard iron fence finally started to move!

Creak...

I saw that the iron fence made of pig iron was under Li Tian's formidable strength, and finally the iron fence began to bend... little by little!

"Mygod! Li Tian is too strong." Tia, the little beauty over there, looked at Li Tiandao at the moment with her mouth open.

After seeing Li Tian twisting the iron fence, he couldn't help looking at Li Tian with wide eyes.

"opened!"

"Li Tian broke the iron fence." Mary exclaimed there.

I saw that such a hard iron fence was really broken open by Li Tian!

It broke open a hole that was enough for people to get through.

After Li Tian broke the iron fence all at once, his face slowly returned to its original appearance, and at the same time the vampire aura all over his body began to slowly fade.

Earl Roger and Mary were all excited there.

"Okay, I'm going to save the fire girl and ice girl." Li Tian said quickly after breaking apart.

Count Roger nodded quickly and said, "Okay!"

"But, wait a moment..." Count Roger paused and said quickly.

Then Li Tian was taken aback, then turned around and said, "What's the matter?"

I saw Count Roger said: "I'm thinking, should we take this opportunity to escape?"

Listening to this Count Roger saying this all at once, both Li Tian and Rondia behind him were not only taken aback.

"Escape? Escape?" Li Tian asked suspiciously.

Count Roger nodded and said, "Yes, you may not know, I have already greeted the members of the Mokawi and the Nohty family."

When Li Tian heard it, he asked, "Could it be those vampires who were captured like us?"

Count Roger said, "Yes, it's them."
