

A Killer 2281

Chapter 2281: Beasts

Hearing Earl Roger's words, Li Tian said in his heart: If those captured vampires rebelled with them, the effect would definitely be twice the result with half the effort.

After thinking about it, Li Tian said to the Count Roger: "Are you really sure that the captured vampires can fight with us?"

Count Roger said: "It should be certain! I believe them."

Then Li Tian pondered for a while and said, "Well, if you say that, then believe them once!"

"Well, Count Roger, you should go and inform them now... and then start to act. I will save the Ice Girl and Fire Girl first."

After Li Tian made this decision, the Count Roger in front of him nodded quickly.

Then he took Mary by his side, and the human Ron, and Tia ran towards the vampire captive of the Kawi tribe and the nohty family.

What about Li Tian? Go alone and prepare to save the fire girl, the ice girl and the black widow Katherine.

Li Tian swiftly swept forward while inquiring about the surroundings.

He was very worried about the fire girl and the ice girl in his heart now.

He knew in his heart that the abnormal guy named Blood Axe Leimeng was extremely cruel. When he thought that the ice girl and the fire girl were in the bastard's hands at this moment, Li Tian's whole body showed an extremely cold killing intent!

He quickly swept towards the darkness ahead, vowing to save the fire girl and ice girl.

...

In the huge open place in front, I saw many Gangelo family vampires standing.

The vampires of the Gangelo family are ordinary vampires. They are not at the same level as the black knights, so they can only gather outside.

And the place inside is the territory of the black knight!

On the other side, there was a huge dark room, in front of the dark room was a glimpse of an icy stone wall blocking it, and 4 black knights guarding it stood outside.

They wore black cloaks and wacky masks, standing coldly at the door of the stone wall.

But what is going on in this dark room? It is not yet clear.

Crossing this stone wall, I saw the scene in the dark room.

In the huge dark room, I saw a few swaying and shiny torches hanging on the icy wall, emitting a lot of light.

Suddenly a sly smile came from the dark room.

"Three stinky ladies, now I see who of you dare to be presumptuous in front of Lao Tzu?"

The words were spoken, but when I looked carefully inside, it was the abnormal and cruel blood axe, Raymond, with a grin on his face, facing the three in front of him who were hung by his hands and tied to the hard iron pillar. Beauty Road.

The three beauties who were trapped by chains were the Ice Girl, Fire Girl, and Black Widow Katherine. No one thought that they would be brought here.

"Shameless, bastard, let us go." The fire girl's angry cry came from a distance.

Fire Girl stared at her blood-red beautiful eyes, gritted her teeth tightly, and yelled at the blood axe there.

The blood axe gave a sneer, and suddenly stretched out his hand to pinch the tender face of the hot girl, and then sternly said with a treacherous smile: "You are more angry, right? Later I will use you to vent the fire..." He said and grinned.

When the ice girl saw that this cruel Raymond had no good intentions with the Huo Girl, she shouted angrily: "Raymond, you despicable and shameless person, let go of my sister."

When Leimen heard the ice girl yelling, he sneered: "Little Ice Girl, don't worry, I will clean up with you later!"

He said, laughing wildly.

The fire girl and the ice girl are going crazy, but there is no way.

"Raymond, one day you will die, you will go to hell! You **** of the Gangelo family, all will go to hell." Black Widow Kathena said in that vicious curse.

When the blood axe, Raymond heard it, he suddenly turned his cruel eyes to the face of the black widow Katherine.

A layer of terrifying killing intent suddenly passed from his eyes.

He waved his hand and released the dirty hand that was pinched on Huo Nvqiao's face, and then suddenly stepped towards the black widow Kathena with his venomous eyes.

"Smelly woman, do you dare to curse me?" While talking, Raymond walked fiercely towards the black widow Katherine.

The black widow Katherine was already ready to die, so she was full of fear at the moment, glaring at Raymond and said, "Yes, I Katherine cursed you as a **** forever, even if you die, You will also go to Yin Cao Hell and suffer from the cycle of reincarnation."

Listening to the vicious curse of the Black Widow Katherine, the blood axe in front of him suddenly became angry.

"you wanna die!"

Accompanied by a cold snort, he saw that a sturdy hand was pinched to the neck of the black widow Katherine in front of him!

Suddenly, Katherine's slender neck was pinched by a thick hand of Raymond.

"Kathena..." The fire girl and the ice girl screamed when they saw that Kathena was tightly pinched by the **** Raymond's neck.

But what about Katherine? But he is not afraid at all.

Although she was pinched in the neck, her eyes still stared at Raymond in anger.

What about Raymond? Among the savage eyes, the murderous intent became more and more serious.

I saw his hands getting harder and harder. Slowly, Katherine's entire face began to change drastically. Her beautiful face was completely changed at this moment. Her pupils were completely changed. As if to protrude, the body was struggling violently.

With a click, Katsena's entire neck was crushed alive by the cruel Raymond.

And what about Katherine? The moment his neck was squeezed, his head tilted and the fragrance disappeared!

"Kathena!"

The fire girl and the ice girl saw that Katherine's neck was broken, and immediately exclaimed.

The two of them screamed desperately, but it was a pity that Katherine could not make any more voices.

And what about Raymond, the cruel blood axe? After squeezing the neck of that Katherine, he laughed frantically, and then lifted the huge blood axe in his hand!

"You two **** give Lao Tzu a good look, this is the fate of offending our Gangelo family!"

Accompanied by his fierce words, the giant axe in his hand suddenly swung, and then he slashed at the neck of the black widow Katherine!

With a bang.

With a whirl, I saw that the black widow Katherine's head was chopped off by the brutal Raymond in front of her...

The blood splattered, and Kathena's head rolled to the ground.

died!

Katherine was killed alive!

Even Katherine, who is now a vampire, can't live anymore because her head has been chopped off.

Chapter 2282: Death, Li Tian

Watching this **** kill the black widow Katherine, the fire girl and the ice girl were shocked for a moment.

Endless anger filled the hearts of the two of them, they yelled and screamed, but the black widow Katherine was still dead.

Her head rolled to the ground, and the headless body was still bleeding blood... the scene was **** and cruel.

And what about Raymond Blood Axe? At this moment, holding the blood axe stained with blood in his hand, he slowly twisted the venomous face, and then looked at the ice girl and the fire girl in front of him.

"It's time for you two stinky ladies." Blood Axe said with a wicked smile.

This ice girl and fire girl have lost their minds now.

They were already unafraid of death, looking at the cruel blood axe in front of them, and only listened to the fire girl roaring there: "Bad son, you have the ability to kill me...You bastard! A beast without humanity."

Hearing the fire girl's curse, Leimen suddenly laughed strangely.

"Swear, continue to swear..."

The blood axe in front of Raymond said as he strode towards the fire girl.

The fire girl saw this cruel ***** walking towards herself with a wicked smile, and immediately exclaimed: "What do you ***** do, what are you doing?"

But in the fire girl's exclamation, I saw that the blood axe Raymond had reached her.

"What is Lao Tzu doing?"

"You will know soon."

Following the blood axe, Lei Meng showed a grim smile on his face, but saw that he suddenly dropped the blood axe in his hand.

With a squeak, after he dropped his blood axe, he saw his evil eyes cast on the plump body of the fire girl.

There was a naked beast in his eyes, and he looked up and down the flame girl's delicate body.

After seeing this bastard's eyes, the fire girl chuckled in her heart, and her pretty face paled with fright, because she suddenly felt that something very bad was about to happen.

As the Leimong approached the hanging woman step by step, an evil smile appeared on the corner of his mouth.

The ice girl saw Raymond walk towards her sister, and shouted there, "Beast, what are you doing..."

But Leimeng completely ignored the ice girl in front of him, he had already walked to the fire girl's side.

After he reached the fire girl's side, he saw his two evil hands stretched out, and then touched the fire girl's white and pink shoulders.

The fire girl was going crazy, her body was struggling, and her mouth was cursing at the same time.

"Asshole, let me go... let me go..."

But where does Raymond let go?

He looked at the fire girl, the more she struggled, the more excited he was.

Suddenly, his evil hands "hissed", and he tore open the skirt of the flame girl...

After tearing off the skirt of the hot girl, her white skin was suddenly exposed.

But seeing the woman wearing a black lace underwear inside, the deep gully squeezed there, and it became constantly ups and downs due to excessive shock...

Fortunately, she is still wearing a piece of underwear inside, otherwise she must be happy together!

However, now after the beast Leimen ripped off the skirt of the fire girl, the fire girl could not bear to cry there.

Her eyes were whimpering with tears, and her whole body was trembling slightly.

How could her body be possessed by this **** in front of her? This is more uncomfortable than killing her!

What about the ice girl? Seeing my sister being bullied like this, she yelled and struggled hard there.

The iron chain squeezed her arms and shed blood... But she still had no way to save her sister.

But what about that **** Raymond?

His eyes have become blood red, full of desire, especially looking at the two **** of white **** and **** on the chest of the fire woman, he has become even more unbearable.

The two magic hands just touched that hot female lace underwear like this.

The fire girl was about to tarnish her body when she saw his magic hand, closed her eyes tightly, and tears flowed out of her eyes.

She bit her lip with her teeth, and her entire lips seemed to be bitten and bleeding.

"Don't..." The Ice Girl exclaimed.

Unfortunately it's too late!

Because the Raymond's demonic hands are already close to the body of the fire girl...

At this critical moment, a horrible shout suddenly came from outside the dark room.

what

At the moment when the miserable cry came from outside the dark room, Lei Meng, who was about to touch the Huo Nu's delicate body, suddenly stunned, and then turned his head.

"What's the matter?" A roar came from his mouth.

Obviously, he also heard the screams from outside just now.

And here? The Fire Girl, who thought she was going to be defiled, suddenly burst into tears after seeing the Raymond pause.

And what about the ice girl? At this moment, I was staring at the exit of the dark room in a daze. At the same time, my heart was also in the dark that couldn't help. What was the scream just now?

Listening to the sound, it was obvious that the screaming sound was made by the vampires of the Gangelo family.

But how could the vampires of the Gangelo clan suddenly scream? Was it attacked?

Just when the ice girl was shocked, the blood axe, Leimeng, had already stared at her eyes, lifted his axe, and then took an angry stride toward the dark room.

He was going to see the situation and see if it was the **** good thing that disturbed him.

Just when Raymond walked to the door of the dark room, suddenly there was another screaming scream, and then Earl Raymond hadn't reacted yet, and saw a swish, from the outside of the dark room, suddenly a flesh and blood rolled in. Something fuzzy.

Take a closer look, my God, it turned out to be a ***** head!

The head is not someone else's, it is the head of the black knight who is standing guard at the gate of the Gangelo family!

After the head of such a ***** black knight of the Gangelo family was thrown in, the blood axe Raymond was immediately astonished.

He suddenly took a step back, and then tightly held the giant axe in his hands with both hands and roared, "Who?"

"Who is outside?" His yelling voice was filled with fear, screaming there.

At the same time, both eyes looked at the door of the dark room without blinking!

He couldn't imagine who broke in... who killed the black knight of his Gangaro family! ! !

Two seconds after his words fell, a gloomy cold wind blew in from outside.

Then he walked in slowly like a death ***** in hell.

His hands were covered with blood, his eyes seemed to destroy hell, and he walked in step by step with endless slaughter light.

He, ***** of death, Li Tian!

Chapter 2283: Ramon

"Li Tian?"

When Li Tian's figure suddenly appeared in this dark room, the fire girl and the ice girl bound by the chains were all shocked there. No one thought that Li Tian would recover! And it's here.

As they screamed out, the blood axe Raymond in front of him was also startled for a moment.

"It's you? You guy?"

"Why are you here?" The blood axe, Raymond, showed an expression of disbelief.

You know, he specifically ordered his men to lock Li Tian in the iron prison built by pig iron, but he never expected that Li Tian could break out.

And looking at his hands carefully, his hands were tortured by Raymond before and "wrapped", but now they are completely recovered.

What is going on here?

For the first time, Raymond Blood Axe showed horror and fear in his eyes.

But seeing that Li Tian exuding a violent breath of death, Li Tian's eyes became ***** red when he saw the lace of the fire girl in front of him was torn, revealing white skin, and the headless corpse of Catherine next to him. .

Hate, endless hatred was poked in his heart like a knife.

"You bastard, even if you are a ***** today, God can't save you."

"You will die, you will know what the true pain of death is... I will let you taste the most painful way of death in the world."

The words with the immortal curse came out angrily from Li Tian's mouth.

His murderous aura has completely filled the entire darkroom.

When the blood axe Lei Meng heard Li Tian's vicious words, he couldn't help but chuckle. He tightly held the blood axe in his hand, then suddenly couldn't help taking a step back, and then began to shout.

"Come on! Come on!"

His screams were like thrown into the sea, without any response! That's because the Gangeuro family members guarded outside have all been killed by Li Tian!

All that was flowing on the ground was blood.

Only the Black Knight Legion is still guarding the outermost place. It's a pity that the soundproofing effect in this dark room is excellent. Even if Raymond yells his voice, the Black Knight Legion of the Gangelo Family can't hear it.

When Raymond saw that no matter how he yelled, there was no response, he was desperate.

At this moment, he raised his horrified eyes and looked at Li Tian who was full of murderous aura. The huge axe in his hand was also trembling slightly.

"Boy, do you think you can really kill my blood axe Leimon with your ability?"

"Hmph, there are so many black knight legions outside of me. When we fight, you still cannot escape. If you are willing to quit Lao Tzu obediently now, Lao Tzu may leave you a way out, but if you insist on fighting I fight, don't blame me for being polite. I will not only let the Black Knights of our family kill you, but also let them take the members of the Torrido family, the members of the Murkawi family, and that nohty. A member of the family."

"You have to know that it's all because of you. It was a person who killed all the vampires of the Justice League."

That Raymond was extremely treacherous, knowing that he was afraid of Li Tian, so he wanted to threaten Li Tian with intimidation at this moment.

But is Li Tian a fool?

After hearing this vicious words from Lei Meng, he said coldly: "I said, even if God comes to save you today, you will not escape death."

Listening to Li Tian's words, Leimeng suddenly became desperate.

He tightly held the giant axe in his hand and looked at Li Tiandao in fear: "Okay, brat, this is what you forced me!"

"I will kill you by myself today!"

Raymond knew that he could only fight to the death.

So after Lei Meng said this, the giant axe in his hand suddenly rose up, and with a ***** wind, he slashed towards that Li Tian.

At the moment when Li Tian saw the ***** Lei Meng hacking, his body slightly dodged, and then his right hand directly out of the palm, slammed into Lei Meng's body.

Lei Meng didn't dare to take Li Tian's hand, because he had personally learned how powerful Li Tian's hand was before.

He dodges quickly and evades the past, then turns his head back with another attack.

Li Tian turned into a whirlwind and quickly avoided.

The Lemmon's great axe slammed into the cold wall with a bang, and a hole was cut out of the huge rock wall, with crushed stone chips falling from the rock wall.

That Leimeng didn't cut Li Tian's body with a loud shout, and his body jumped up again. The giant axe in his hand suddenly smashed Huashan with a force, slashing straight on top of Li Tian's head.

Li Tian stood there still like a bell, his whole body was covered with qi.

The vigorous qi gradually formed a huge barrier around Li Tian's body, but he said that Li Tian saw the blood axe and Lei Meng hit his head this time. He did not even evade. He didn't even make a shot, but stood there coldly, the qi all over his body increasing sharply with him.

"Go to hell!" When Lei Meng saw that Li Tian, the kid, didn't even move when he struck with an axe, he shouted in his mouth, and then the axe in his hand slammed at Li Tian. Hack it.

He wanted to take this opportunity to kill Li Tian with an axe.

But can he?

As his giant axe came closer and closer to Li Tian's head, the corners of his mouth laughed grimly, and his heart couldn't help but secretly lining up there at the same time: This ***** boy, you simply don't put my blood axe in your eyes. Standing without moving, isn't it the rhythm of death?

When the blood axe and the Raymond axe in front of him slashed straight on top of Li Tian's head, that Li Tian remained motionless.

Is he going to take this violent blow from Raymond?

But he said that Lei Meng's blood axe had already been chopped down, and when Lei Meng thought he was bound to win and would be able to chop off Li Tian's head alive, an accident occurred.

Suddenly, the extremely powerful body protection cover suddenly emerged from Li Tian's whole body, glowing with golden light, covering Li Tian's whole body.

With a loud bang, the blood axe Leimeng's extremely cruel giant axe slashed on the top of Li Tian's head.

However, it was completely blocked by the protective cover formed by the condensed qi!

When the axe blade was only a few millimeters away and it was about to chop Li Tian's head, suddenly, a rebound force directly slammed into the Leimeng's great axe.

With a bang, Raymond couldn't tolerate such a strong rebound force, and his body was shocked and flew upside down.

With a plop, his body slammed into the extremely hard wall, and where was the axe in his hand? It also fell from his hand to the ground at this moment, making a very crisp sound.

After Raymond fell to the ground, his face was as ugly as dead gray. He had never seen such a kung fu before!

I have never seen a person who can suddenly give out such a powerful rebound when he is completely still!

Chapter 2284: Life is better than death

Raymond now fell to the ground, his face as ugly as dead gray.

His right hand, which was holding the giant axe tightly just now, was shocked by the violent force emanating from Li Tian's whole body, and his whole right hand trembled violently!

He was completely astonished there.

What about Li Tian? After injuring that Leimen with the bounce back, he was filled with terrifying murderous aura, and then step by step towards the Leimen in front of him.

Raymond was scared.

He felt the fear of death for the first time.

He kept backing away, waving his left hand there, and yelling in surprise: "Smelly boy, do you dare to kill me? If you kill me... Even if the elder corpse king chases to the end of the world, he will kill you... kill Just all of you members of the Justice League.

What about Li Tian?

The body seemed to have been transformed into one with the ***** of death, his whole body was enveloped with a thick sense of coldness, just stepping closer to that Leimeng step by step with the steps of death.

Raymond had retreated to the corner, behind which was the stone wall, he had no way to go back now.

But seeing him stand up hard, and then glared at Li Tian with blood-red eyes: "I'm fighting with you!"

With a roar, Raymond launched the final battle of the trapped beast.

He roared like a madman and threw himself at Li Tian in front of him.

But what about Li Tian? At the moment he pounced, his right hand turned, an invisible air accumulated on the right palm, while the left hand moved forward quickly, and a huge suction was drawn from his left hand.

Before that Leimeng hit Li Tian with both fists, he was directly sucked in by the powerful suction force of Li Tian's left hand.

Then Li Tian's right palm, which had accumulated palm power, burst out.

With a bang, Lei Meng let out a scream, the whole person was hit by Li Tian's right palm and flew back, and his body fell to the ground like a sandbag!

"Asshole, how do you want to die?"

Accompanied by Li Tian's roar, he quickly flew over after that Leimeng fell.

Before Leimen could get up, Li Tian stomped his entire face with one foot!

Lei Meng struggled hard, his face twisted... but Li Tian didn't mean to let go.

His eyes have become more and more venomous, and one foot slams on the head of that Leimen, and then forcefully, forcefully.

That Leimeng was panting with pain on the ground, both hands wanted to struggle, but they just raised them, but saw Li Tian stretch out his hands.

With a click, he directly snapped off one of Raymond's arm, Raymond screamed in pain, and that hand was instantly scrapped.

At this moment, Raymond had no strength to fight back, and his whole person fell there, breathing uncontrollably.

A face was completely distorted, and the fangs in his mouth stretched out helplessly... the blood flowing from his mouth wetted the clothes on his chest.

"Asshole, do you know the pain?" Li Tian looked at the dying Raymond on the ground fiercely.

Raymond's face was ***** there suddenly laughed wildly.

"Smelly boy, do you have the ability to kill Lao Tzu? You killed Lao Tzu. All the vampires of the Justice League have to be buried with Lao Tzu... I'm worth it!"

Li Tianyi dared to speak like this when he heard that Lei Meng was about to die, and immediately snorted: "You ***** want to die? Is it that easy?"

As Li Tian's roar finished speaking, a grinning smile rose from the corner of his mouth.

When Na Leimeng saw the extremely vicious smile from the corner of Li Tian's mouth, he suddenly collapsed and looked at Li Tian with horrified eyes. He didn't know what Li Tian was going to do now...

But after seeing Li Tian sneer, he suddenly picked up the Lemmon weapon from a nearby place!
ax! Raymond's blood axe!

After the blood axe was picked up by Li Tian, cold light radiated, and a gloomy and fierce aura surged towards Leimeng.

When Leimeng saw that Li Tian actually used his own way to cure his body, his pupils were almost protruding, and the whole person was completely stunned!

He never thought that Li Tian would use his own weapons against himself!

Looking at that Li Tian took his own blood axe, that Leimeng raised his eyes in horror, looking at Li Tian in front of him.

"You...you...what do you kid do?"

"What the ***** are you doing...have the ability...you killed me directly? Come on... asshole!"
Leimen yelled in horror while cursing.

But what about Li Tian? Sneer indeed.

The blood axe in his hand slowly approached Raymond in front of him.

After approaching the Leimeng, Na Leimeng was stunned.

But Li Tian raised the axe mercilessly.

"This axe, I cut it for all the innocent Toledo family members who died under your hand!" With a roar, the blood axe in Li Tian's hand slashed towards Leimeng's leg.

With a bang, blood splattered!

The sharp blood axe directly chopped off one of Raymond's legs...

A scream came out of that horrible strange scream from Lei Meng's mouth, his scream was so painful, so terrible.

"This axe, I cut it for Katherine!"

Li Tian raised the axe again, and then the sharp axe slashed directly on the top of Leimeng's body.

Half of Raymond's body was chopped instantly and his intestines flowed out.

He is dying!

His blood seemed to have drained.

Screaming in pain, constantly screaming there.

"Kill me... let's... kill me... please..." Then Raymond finally compromised! Finally felt the real pain.

His body has been completely chopped off by Li Tian, only his head has not been damaged!

A vampire would only die if his head died, and his body would die, but now Li Tian did not directly kill Leimeng, he wanted to torture Leimeng, and tortured that **** would be worse than dead.

Now Raymond can't bear the pain completely! He can't wait for Li Tian to kill him quickly and let him stay away from the pain.

In his screams, but seeing Li Tian smile coldly.

"You bastard, now you finally know what it means to be better than death, right?"

That Raymond screamed... the whole person had lost all consciousness.

Li Tian looked at Lei Meng, who was already **** on the ground, and finally a trace of killing intent passed through his indifferent eyes!

He is about to start! This **** must be dealt with.

After all, he can't delay saving people because of this fellow Raymond!

So after thinking this in his heart, his axe slowly raised, and then aimed at that Raymond's head...

With a bang, the axe fell fiercely.

That Leimeng's head was directly smashed by the blood ax...The blood splashed on Li Tian's body.

Chapter 2285: Reunion

Raymond's head rolled out like a ball!

he died!

His death was terrible, and his body was completely chopped up by Li Tianyong's blood axe.

What about Li Tian? After killing the Leimeng in front of him, he didn't even look at Leimeng again, dropped the axe stained with blood, and then turned and walked towards the ice girl and the fire girl.

When the fire girl and the ice girl saw Li Tian's **** scene, to be honest, they both were completely stunned.

They used to think that Li Tian would not torture others in this way, but starting today, they have completely changed their minds. They know that Li Tian turned out to be cruel, hundreds of times more cruel than Raymond!

But he said that after Li Tian walked over quickly, he stretched out his hand to unlock the iron chain on the woman.

Huo Nv's skirt was torn to reveal her fair skin, and she was wearing only a pair of lace underwear inside. Li Tian thought for a while and slowly took off his coat.

Then gently wrapped it on the beautiful body of the fire girl, and then glanced at the fire girl: "Are you okay?"

Huo Nu looked at Li Tian, her eyes full of tears, and suddenly she hugged Li Tian tightly.

"Thank you...Thank you for saving me again!"

"If it weren't for you to come so in time...I...I...must be tarnished by that bastard!" Fire Girl said, holding Li Tian tightly with tears.

Li Tian was a little embarrassed at the moment, and was froze there.

The fire girl cried for a while, then let go of her hands.

Then they rescued the ice girl again.

After rescuing the ice girl and the fire girl, I saw that Li Tian was standing in front of the black widow Katherine's body, his face looked at Katherine's body ugly.

At the beginning, this black widow had also helped herself, but it was a pity that she died so miserably, thinking of this, a faint pain arose in Li Tian's heart.

The fire girl and the ice girl looked at the corpse of Katherine uncomfortably.

In the end, Li Tian unfastened the corpse of Katsena from the iron chain, and then slowly put his corpse aside, and then took the fire girl and the ice girl and left here.

"Li Tian, how did you escape? Didn't your hands become the same as before? How could you feel better all at once?" The Fire Girl and the Ice Girl asked suspiciously.

But seeing Li Tian walk forward quickly, he told the Ice Girl and Fire Girl about Ron's blood.

When they heard it, they understood what was going on. It turned out that Li Tian drank human blood.

At this moment, Li Tian had already taken the rescued Fire Girl and Ice Girl out of the dark room.

When he arrived outside, Li Tian first said there: "You follow me."

When the Fire Girl and Ice Girl heard Li Tian say this, they nodded quickly, and then followed Li Tian silently.

At the door of the dark room, four black knights of the Gangaluo family died. These four black knights were just the four members killed by Li Tianhuo. Their heads were all shattered and they died tragically to the ground.

When Li Tian looked along the stone wall and saw that there was no vampire of the Gangelo family in front, he beckoned to the fire girl and ice girl behind that.

After seeing Li Tian beckoning, the ice girl and fire girl hurriedly followed.

"Li Tian, where's Lord Roger and them?"

"How are they?" The fire **** one side asked there.

But I heard Li Tian replied there, "Earl Roger and they will come over and join us soon."

The Fire Girl and the Ice Girl didn't seem to immediately understand when Li Tian said this.

But seeing that Li Tian, he told Count Roger and the others about the Kawi and nhtoy family all the things. After speaking, the fire girl and the ice girl were not only excited.

"So, those members of the Murkawi and the nhtoy family are also ready to fight with us?" The fire girl asked happily.

Li Tian nodded and said, "Yes."

"Great!"

"If the Murkawi and the nhtoy family really resisted with us, then the chances of us escaping would be great!" Huo Nui said excitedly there.

Li Tian and the ice girl and the fire girl are waiting here.

And what about the black knight army of the Gangaro family? They are guarding at the entrance of the cave!

They still don't know that Earl Raymond was killed by Li Tian, and they are still holding on at the entrance of the cave.

That large group of troops, for Li Tian and the Fire Girl, the Ice Girl, is nothing short of a nightmare!

After all, the Black Knight Legion of the Gangaro family has an unstoppable power!

I am afraid that except for Li Tian, no one can stop the strong attack of the Black Knight Legion...

Time passed by, Li Tian, Ice Girl, Fire Girl just stayed here waiting for the arrival of Count Roger and the others.

After waiting for a long time, it was a pity that Earl Roger and the others were not seen.

Li Tian couldn't help thinking this way: What happened to Lord Roger and the others? Why haven't you come for so long?

Just as he was thinking like this in his mind, the fire girl next to him couldn't help but ask suspiciously: "Hey, why are they not here, Earl Roger? Could something happen?"

As soon as Huo Nuo's words were uttered, she suddenly heard movement from the passage in front.

After hearing the sound, Li Tian hurriedly leaned against the wall, and then opened his eyes wide to observe the situation. At this moment, the Fire Girl and the Ice Girl also found a place to cover their bodies, and then blinked and looked ahead.

Suddenly, I saw a large group of naked guys rushing here quickly.

Those shirtless and dirty guys are the vampire captive members of the Kawi and nhtoy.

And the people leading in front of them were the Count Roger, Mary, Caso and others.

"Earl Roger!" At the moment when he saw the Earl Roger, the Fire Girl and Ice Girl in front of them suddenly exclaimed with excitement.

Where is Li Tian? They also saw Count Roger that they really convinced the Kawi tribe and the vampire members of the nhtoy family.

Moreover, they didn't know how to remove all the iron chains on their hands and feet.

When he saw that Earl Roger was leading so many members of the Justice League vampires, Li Tian quickly walked out of the dark.

"Earl Roger, I am here." Li Tian shouted in a low voice.

Earl Roger was leading Mary and the others to run towards this side. Hearing Li Tian's voice, he turned his head and looked towards this side. Then he saw the Fire Girl, Ice Girl and Li Tian in front of him.

Chapter 2286: Li Tian's leadership

"Li Tian..." Count Roger yelled after seeing Li Tian here, and then hurried towards this side with everyone.

Fire Girl and Ice Girl also walked out of the dark at this time.

"Fire Girl, Ice Girl, are you all okay?" Earl Roger in front of him saw that the Fire Girl and the Ice Girl were all in good health, and he immediately asked excitedly.

Fire Girl shook her head and said, "Fortunately, Li Tian saved us, we are all fine."

Count Roger was happy when he heard it.

"Great, I'm relieved to see you all right!" Count Roger said while standing there.

After seeing that both the Fire Girl and the Ice Girl were rescued, Earl Roger could finally feel relieved.

Just as Count Roger was thinking this way in his mind, he suddenly realized that there was one missing person, and when he took a closer look, he realized that the black widow Katherine was missing.

Seeing that Black Widow Katherine was not behind Li Tian and the others, Earl Roger suddenly became questioned.

"Li Tian, where's Katherine? Why isn't she with you? Where's her?" Count Roger immediately asked.

After the Earl Roger suddenly mentioned the black widow Katherine, Li Tian in front of him suddenly felt his heart, and then his face instantly became low.

And what about the fire girl and the ice girl in front of me? The two beauties also showed an ugly look in an instant.

Count Roger was a wise person, and seeing the expressions on the faces of the Fire Girl and the Ice Girl, an ominous premonition surged from his heart.

"what happened?"

"Did something happen to Katherine?" Count Roger asked in surprise.

There was Mary in front of her and Ron over there, and Tia was also staring at Li Tian and the ice girl and the fire girl with her eyes wide open.

Li Tian lowered his head and was dull, not knowing what to say to Count Roger.

But seeing that in the end the fire girl spoke, only to hear her saying in a sad voice: "Earl Roger, I'm sorry...Kathena died."

"what?"

When he heard the news of Katherine's sacrifice, Lord Roger was stunned.

"Kathena sacrificed?" Count Roger asked in disbelief.

After hearing the news of Katherine's sacrifice, Mary next to her could not hide her painful expression, and screamed there.

Li Tian sighed helplessly: "When I went, Katherine was already dead. She was killed alive by the **** Leimen."

When Count Roger heard it, his eyes were blood red.

The whole body shivered violently due to excessive anger.

"Asshole, asshole, **** asshole!"

"Raymond, I, Roger, must take your life... to make up for Katherine's life." Count Roger roared angrily.

But seeing the fire **** one side said: "Earl Roger, that **** Lei Meng has been killed by Li Tian."

"Li Tian has already avenged Katherine."

When the Fire Lady suddenly said this, the Earl Roger, the Murkawi tribe behind him, and the vampires of the nhtoy family were all taken aback there.

"What? The blood axe of the Gangelo family, Earl Raymond was killed?"

"Oh my God, was he killed?"

Those members looked at Li Tiandao like monsters and said, obviously they felt too shocked by this matter.

After all, the Gangaluo family used to be god-like existences in their hearts. The Gangaluo family was invincible, but they did not expect that a fellow of the Gangaluo family with the status of an earl could actually be in a short period of time. It was solved by Li Tian.

So these Justice League members all admire Li Tian.

They all looked at Li Tian in front of him in surprise.

Count Roger suddenly felt relieved when he heard about Raymond's death.

"Good! Kill well!"

"That **** massacrred how many people of my Toredo family, where he died, he should die."

"Hate only hate, I Roger can't kill him personally." Count Roger roared there.

The Fire Girl and Ice Girl in front of them heard Count Roger's words without saying a word.

Seeing that Earl Roger calmed down, he suddenly raised his eyes to look at Li Tian and said, "Li Tian, now you are the savior of all our Justice League vampires. From now on, all our members will obey you. Arrange, we will do what you ask us to do."

When Count Roger said so, Li Tian was slightly startled.

Frowning at the Count Roger: "This, this, I'm afraid this is wrong?"

But seeing that Count Roger said: "Why not?"

"We can only escape under your leadership... why not?"

"Are you worried about them?" Count Roger said as he suddenly pointed his finger at the Murkawi member behind and the nhoty family vampire member.

Li Tian glanced at the Mokawi, who is about a hundred or so, and the members of the Nihtoy family. He didn't say anything. To be honest, he was really not very optimistic about those members! But he couldn't speak at the moment.

Count Roger looked at Li Tian's expression and immediately understood what he meant, so he suddenly said there, "Members of the Murkawi and the Nihtoy family, what I'm telling you now is that this is the salvation of our blood. By!"

When Earl Roger said this to the members of the Kawi and the Nihtoy family, the vampires suddenly started talking.

"Savior?"

"He is the savior of our blood family? Really?" The members questioned.

But seeing Count Roger continue to say: "Believe and unbelief are with you. Anyway, I've said all Roger has said."

"Also, you heard that just now, it was Li Tian who killed the blood axe Leimeng of the Ganggro family!"

"If it wasn't him, who of you could kill that **** Raymond?"

After Earl Roger said so suddenly, the members of the Kawi and the Nihtoy family were all stunned.

They thought to themselves that this was indeed the case. Every one of them knew the power of the Gangaluo family's blood axe.

And this so-called savior could actually kill Raymond...It seems that his martial arts is definitely not low.

After thinking about it, the Murkawi and the nihtoy family members said to Lord Roger: "Earl Roger, we listen to you, we will do what you ask us to do!"

"From now on, all of us will follow our savior! Follow this Li Tian." The members screamed.

Chapter 2287: Method

After hearing them say this in unison, Count Roger smiled.

He turned his head, looked at Li Tian and asked, "Li Tian, do you have any other questions?"

Li Tian smiled slightly, shook his head and said: "Since you have to choose me, then I am obliged!"

"I, Li Tian, swear, as long as I have a breath, I will do my best to lead you out of here and set you free."

After Li Tian said this, the vampires of the Murkawi and the Nihtoy family were all excited.

In their hearts, a fire of hope has finally ignited.

"Li Tian, you decide now, you tell us what to do now? How do we break out of this ***** cave?" Count Roger in front of him looked at Li Tian and asked.

Li Tian heard Count Roger say so and looked up at the front.

He murmured in his mouth and muttered: In front of him, there are at least more than a hundred black knight army troops of the Gangelo family guarding there. The fighting power of those black knights is more powerful than those of the Mokawi in front of them. The vampire members of the family are totally much higher.

If you let them rush to the forefront, it is undoubtedly a dead end.

It seems that only one way can work.

Li Tian thought about it for a while.

Earl Roger and the vampires of the Kawi and the Nihtoy family are now focusing on Li Tian, hoping that he can think of a good way.

But seeing that after Li Tian had been meditating for about a few minutes, he slowly raised his bright eyes.

"If we want to make the smallest sacrifice and escape here, there is only one way." Li Tian suddenly stared at the big guy and said.

Count Roger, the members of the Kawi tribe and the members of the nihtoy family, after hearing Li Tian say this, all hurriedly raised their heads to look at him.

"Li Tian, what can I do?"

"Yes? What exactly is the method?" They all asked uncontrollably there.

But seeing Li Tian said slightly: "This method is to smash the other way around and sink the boat! Get the greatest success with the smallest sacrifice."

Roger and the other vampires didn't quite understand Li Tian's words, blinking at Li Tian.

"what does it mean?"

But seeing Li Tian smiled slightly and began to explain: "I mean, the Gangaluo family is very strong, and we do our best not to fight them head-on...because if we fight against them, we will surely suffer heavy casualties... ..So we must avoid their edge and try not to fight with them."

Listening to Li Tian's words, Earl Simon of the Kawi clan said in doubt: "But the black knights of the Gangelo family are stationed at the entrance of the cave. If we want to go out, we must fight them... Otherwise, How do we escape?"

"Yes, Earl Simon is right!" Those guys were all surprised at Li Tian's words there.

But seeing Li Tian there, he looked at Simon and said, "What you just said is right, fighting, it is necessary! But you did not understand all of my meaning, what I meant was to use a small part The power of the Gangeuro family lures the Gangeuro family's large forces to be fooled, and then takes the opportunity to divert all their firepower. Once the Gangeuro family's firepower is attracted by that small part, then the rest of the family members will not follow suit. Has it passed smoothly?"

After Li Tian said this, the members of the Murkawi tribe understood.

"Use a small amount of power to distract the Gangelo family's large forces?" Simon questioned.

Li Tian nodded.

"Who will go? Isn't who going to look for death?" The members of the other families roared there, looking reluctant.

"Yeah, this is nothing but cannon fodder...we don't do it!"

After all, the power of the black knights of the Gangelo family is obvious to all.

"I'm going!" Li Tian said directly.

After listening to Li Tian volunteering to stand up for the first time, the vampires around who were still shouting just now looked at Li Tian in shock.

Then I saw that Count Roger in front of him also stood up at the same time and said, "I am still there!"

"And our sisters!" The Fire Girl and the Ice Girl spoke at the same time.

...

At this moment, besides Na Ka Suo, the rest of Mary, Rondia, and the Fire Girl and Ice Girl all stood on the same front with Li Tian.

But Li Tiantian knows deeply that they are far from enough!

After all, the opponent is the Black Knight Legion of the Gangelo Family, and there are so many people on the opponent!

Li Tian looked at everyone and said, "I hope that members of the Murkawi and the Nihtoy family can also choose some members with stronger fighting power to do this with us, because this is our only chance to escape."

After Li Tian said this, the vampire members of the Kawi tribe and the nihtoy family members were silent at this moment.

They all hesitated.

In the end, Earl Simon of the Kawi was the first to speak. He looked at Li Tiandao and said: "Well, since you all chose to make a desperate move, then I, Simon, will accompany you!"

Simon said as he walked inside.

After Simon came over, several vampire members of the Kawi clan with relatively strong fighting power also shouted there and said, "If Earl Simon goes, we will also go..."

With that, I saw that 56 strong vampire members had also emerged from the Mokawi tribe.

Is it a member of the nihtoy family? Only 3 members came out!

The rest of the nihtoy family members all bowed their heads. Obviously, they were not willing to be cannon fodder, and they were not willing to die.

Seeing that only 3 vampire members came out of the nihtoy family, Earl Simon of the Kawi clan roared in his mouth: "Things afraid of death..."

"Deserve your family's destruction! A bunch of cowards!" Simon yelled at the nihtoy family.

Facing Simon's insult, the vampire members of the nihtoy family bowed their heads and said nothing.

What about Li Tian? At this moment, I glanced at the crowd standing on their side. At this moment, there are almost 20 people!

Although the number of people was smaller than expected, it was at least better than nothing, so Li Tian could only do it.

He looked at the member of the nihtoy family and said: "Since none of you want to choose to go, then I won't force it..."

"At present, just a couple of us are going to divert the attraction of the Gangaluo Family Black Knight Legion." Li Tian said at last.

Li Tian wants to use their power of more than two dozen people to divert the black knight army that has hundreds of people from the Gangeuro family, and then fight for the weak Mokawi and the members of the Nihtoy family to win a chance. They run away...

Chapter 2288: Peerless strength

After Li Tian made this decision, he was ready to lead these two dozen people to divert the strongest black knight army of the Gangaro family.

"Mary, you don't need to go, you take them..." Li Tian said to Mary, pointing to the weak Mokawi and members of the Nihtoy family.

When Mary heard it, she didn't want to.

"Do not!"

"I want to go with you..." Mary refused.

But listening to Li Tian smiled bitterly: "Mary, you listen to me, you don't need to go with us, you need to lead them, once I and your father divert the attraction of the Ganggro Family Black Knight Legion, I need you to lead all these members and leave here quickly...As long as you leave here, your father and I will come over and join you immediately."

After Li Tian said so, how could Mary be willing?

But seeing her pouting, her eyes flushed standing there, her face was really unwilling.

In the end, Earl Roger spoke. He looked at his daughter and said: "Mary, listen to Li Tian, his decision is right!"

"If you follow along, then what will they do? If they are targeted by the black knights of the Gangaluo family, they will be more and less fortunate, so this difficult task must be entrusted to you. "Earl Roger persuaded his daughter there.

Among these words of Count Roger, Mary stood aggrieved, and finally nodded helplessly.

"Okay! I listen to you..." Mary said last.

When Li Tian heard Mary say that, he finally let go of his heart.

"But Dad, Li Tian, you must pay attention to your safety, and you must meet us as soon as possible." Mary looked at Li Tian and the Count Roger said there.

Then Li Tian and Earl Roger looked at Mary and nodded vigorously, and said to Mary: "Don't worry, we will find you as soon as possible."

"Oh, by the way, Mary, you must avoid staying, wait until we completely distract the black knight of the Gangelo family, then you will run away... Do you know?" Li Tian finally told the Mary.

Mary nodded and said, "I see."

Listening to what Mary said, Li Tian finally showed a smile in front of him.

Then he turned around and said to the fire girl, ice girl, and Earl Roger and others beside him, "Go, let's go!"

As he said, he took the lead and quickly walked forward with Count Roger, and then Count Simon of the Kawi tribe also took his men and the three members of the Nihtoy family quickly followed.

There are less than 20 people in their group. As for the fact that under the leadership of Li Tian, can they really break through the black knight army of the Ganggro family? No one knows this at present.

After Li Tian led them to the front, he could vaguely see the Black Knight Legion of the Gangaro family in front.

"The black knights of the Gangelo family!" After that Simon and the members of the Mokawi clan saw the black knights, they not only screamed, but from their voices, you can see It can be concluded that they do have a deep fear of the Gangelo Family.

"Shhh, everyone, keep your voice down!" When Li Tian heard these guys in front of him, calling out voices one by one, he not only frowned to remind them.

When those guys heard Li Tian say this, they quickly closed their mouths one by one, and then everyone hid under the big rock wall, and then looked up to observe the situation in front of them.

Li Tian looked at the Gangaluo Family Black Knight Legion in front, and found that there were at least dozens of Black Knight Legions guarding there, and there were more black knights in front.

Upon seeing this situation, Li Tian frowned slightly.

There were more black knights in the Gangaro family than he thought at this moment.

"What should I do?" Count Simon of the Murkawi tribe behind, looking at Li Tian with an anxious expression, asked.

But seeing Li Tian taking a look at the situation in front of him, he said: "Well, let me first and Count Roger to lead away the first group of black knights of the Gangaro family, and then you attract the second group, how about?"

At that time, Earl Simon of the Kawi tribe took a look at the situation ahead and found that there were not many black knights of the Gangelo family behind, so he nodded and said, "Okay!"

After he said this, Li Tiandao said: "Then we will act first, you see the right time to attract the second batch!"

After Li Tian finished speaking, suddenly Li Tian gestured to Roger and the Ice Girl and Fire Girl beside him, but then he saw his body jump out first.

When Li Tian's figure flew out first, Earl Roger, the Ice Lady and Fire Lady and others all followed.

They jumped out like this, and the black knights of the Gangelo family who were guarding the exit of the passage in front of them suddenly saw them.

"Damn it? Why did the captive escape?" A roar yelled from the black knights of the Gangelo family.

As they said that, dozens of black knights of the Gangaluo family had already rushed toward this side on death horses.

While rushing over, he roared there, "Grab these ***** prisoners... don't let them go."

At the moment when the mighty black knight army rushed in on death horses, Li Tianshou took the brunt and stood alone at the forefront.

After he stood on the ground, he suddenly shouted to Count Roger and the others behind him: "Everyone stands behind me!"

As Li Tian said this, even though Earl Roger didn't know what Li Tian was going to do, he still obediently stood behind Li Tian one by one.

After they all stood behind Li Tian, but seeing Li Tian waving his hands, a strong and extremely strong gas suddenly filled his whole body invisibly, and the entire space suddenly felt a torn suffocation. .

Suddenly Li Tian's arms shook, and his feet were pierced on the ground like a rock. With the waving of his arms, suddenly there was a layer of terrifying sword aura in the surrounding air.

The seventh floor of Mahe Wuliang: Ten Jue Sword Qi!

Invisible or unintentional, like gas like a sword!

"Broken!" With a wild roar, Li Tian's arms flew, and the invisible sword energy waved from his hands.

In the entire huge space, but seeing the sword aura surrounding it, the horrifying sword aura that swishes like a hidden weapon is released at will in the entire space, and some sword aura is drawn on the cold stone wall, even the hard stone. They were all chipped off the stone wall.

The entire space is now full of horrible sword energy flying, whoever is near will die.

As soon as the black knight of the Gangelo family rushing over on the death horse stepped into the range of Li Tian's sword aura, he heard a painful cry...

Then he was stabbed by the terrifying sword aura and turned his back.

The black knights of the Gangaluo family were drawn with blood stains on their bodies by the invisible sword aura, and then screamed out from the death battle horse and fell to the ground.

And what about the death horse?

I couldn't help this terrifying sharp sword aura, and was screamed and made a hell-like sound.

But fortunately, they are all vampires. Otherwise, they would have been stabbed to death by Li Tian's invisible sword aura!

In a blink of an eye, the dozen black knights of the Gangaluo family who were the first to rush over were all stabbed by the invisible sword and fell under the horse, and then screamed in pain.

"Retreat!"

"Don't rush over!"

The black knights of the Gangelo family are not fools. After seeing Li Tian suddenly using such a strange and terrifying sword aura, they suddenly stopped rushing forward!

They all stopped a few meters away from the range of Li Tian's sword aura.

One by one Li Tian stared at him with fierce and angry eyes. They couldn't wait to pull Li Tian's skin and eat Li Tian meat! But now no one dared to rush forward.

However, it is said that after Li Tian used this trick "Immeasurable Maha", he not only shocked the black knights of the Gangaluo family, but also Count Roger behind him, and the last Makawi Simon and the members of the Nihtoy family saw that their "savior" could count as one ten, and could force dozens of the extremely powerful black knights of the Gangaro family to be unable to fight back. The consternation was there.

"My God, why is he so good?"

"Who is he? Is it really a member of the Torrido family?"

"No, as far as I know, the Torrido family has never seen such a powerful person!" Simon and the vampires of the Murkawi tribe around him were shocked after seeing Li Tian's martial arts. They were all dumbfounded, one by one with unbelievable expressions staring at that far away with wide eyes.

Chapter 2289: Fight 231st, Hope of Escape

Li Tian's "Ten Jue Sword Qi" runs through the audience, and within the envelope of that sword aura, no one dared to take a step beyond the thunder pond.

And behind Li Tian was the Earl Roger, the Fire Girl and the Ice Girl, all standing safely behind him.

The black knights of the Gangelo Family saw the sword aura in front of them. Although they were extremely angry, no one dared to rush forward. No doubt, everyone was afraid of the terrifying sword aura released by Li Tian.

But Li Tian's sword aura can only exist within this range, so the black knights of the Gangaluo family cannot be injured as long as they don't jump into the sword aura range.

Now they are holding each other here.

The black knights of the Gangaluo family all guarded at the exit of the cave. Although they dared not move forward, they did not retreat.

What about Li Tian? Of course he won't be here to die, because this is definitely not the result he wants. The result he wants is to attract the hatred of the black knights of Gangalo and attract their attention.

Seeing that all the black knights' eyes were staring at Li Tian in anger, Li Tian knew that his previous goal had been half achieved.

Then, seeing Li Tian suddenly put away his ten tactics sword qi, after he took back the ten tactics sword qi, the whole space instantly returned to its original silence.

And what about the black knights of the Gangaro family? At the moment when they suddenly saw the sword qi whistling in front of them disappear, their pupils exuded a biting light, and suddenly called the doctor, desperately rushing towards Li Tian here.

"kill!"

"Kill me these ***** bastards!"

With a roar from the black knights of the Gangelo family, dozens of black knights riding death horses rushed over like a gust of wind.

After seeing a large number of black knights attracted, Li Tian quickly turned his head to face the ice girl behind him, and the fire girl said, "Everyone, get ready!"

"Each of you protect yourself..."

When Li Tian called out, his body was already flying up suddenly.

At the moment he flew up, he took the lead and rushed towards the black knight legion of the Gangaro family at an electric speed.

Ah screamed.

It was the first to be heard from the first black knight of the Gangelo family.

It turned out that Li Tian quickly slapped the black knight's head with a thunder and thunder. The black knight had not yet reacted, his head suddenly shattered, and with a scream, he rolled down from the death war. , And then died tragically to the ground.

But he said that after Li Tian killed a black knight, he jumped again and jumped on the death horse that the dead black knight fell.

After Li Tian rode on the death horse, the death horse was extremely unwilling. He roared in his mouth and made a hell-like weird noise. Then the two horses hoofs were lifted, as if to throw Li Tian off the horse. Back in general.

Li Tian's legs tightly clamped the body of the death horse, and then, with his hands tightly gripped on the temples, roared in his mouth: "Bastard, even you don't listen to me, do you?"

With a loud shout, Li Tian raised his hand and hit the death horse's back with a palm.

The Death Warhorse let out a stern cry, and then did not dare to struggle anymore, neighed, and ran forward like an arrow.

The Death Horse finally didn't dare not listen to Li Tian's words. At this moment, under Li Tian's enslavement, it could only rush toward the front desperately.

And what about the black knight army behind that? When Li Tian snatched a death horse, he ran towards the cave on the left, and shouted angrily, "Catch up with that bastard...kill him!"

"Come with me and catch him!"

There are about thirty black knights riding death horses chasing Li Tiankuang in the mighty and mighty.

Li Tian even worked on one person, attracting nearly one-third of the black knight army of the Gangelo family.

But it was said that after Li Tian took the lead in the war, the Fire Girl and the Ice Girl, as well as Roger, Tia and others all rushed out.

They were also involved in the war.

Fire Girl and Ice Girl, as the rising stars of the Bren family with abilities, also used their real strength at this moment. Although their abilities are far inferior to the previous ones, at this moment in life and death, they can only fight.

But seeing the fire girl's mouth spit flames burning the black knights of the Ganglo family, wherever the flame went, the black knights of the Ganglo family screamed miserably, and some were burned to death by the raging fire and then melted. For the ashes, some had better luck. Although they were not burned to death, they were also blocked by the raging fire.

And what about the ice girl? They used their own ice air. Wherever the ice air went, the black knights of the Gangaluo family were frozen in the extremely low temperature, unable to move, and some were frozen. Frozen up.

And that Count Roger and Rondia among humans can only fight with bare hands.

Count Roger went deep into the enemy's line, grabbed the sharp blade in the hands of one of the black knights, and then took the sharp blade to start a fierce battle.

What about Nadia and Ron brothers and sisters?

Although the two of them are humans, they are blood hunters, and they know **** the vampire.

I saw Ron holding a long sword that had been soaked in holy water and wrestling with the black knights of the Gangelo family. This long sword soaked in holy water could only pierce the vampire's body. Vampires are absolutely unbearable...

And Tia? He is holding a crossbow, a deadly crossbow.

The arrows on the crossbows and crossbows are all silver. The arrows that swish out were blocked by the black knights of the Gangaro family, and some were unfortunately hit by the body, and there was an instant horror. Called, and then the whole person was turned into a mass of ashes by silver nitrate.

The swish arrow came out of Tia's hand, and for a while, the black knights of the Gangaluo family really couldn't get close to their bodies.

...

As the war on this side began, the Makawi Count Simon, who was still hiding in the dark, and the members of the Nihtoy family behind him, watched such a war, and they were all shocked there.

They never thought that Li Tian had such a powerful strength.

And the people who followed Li Tian, such as Ice Girl, Fire Girl, Ron and Tia, were all good at strength.

Looking at everything, Earl Simon of the Kawi tribe suddenly flickered in his eyes. He said excitedly: "I thought that Earl Roger and they wanted to escape by hitting the rocks with pebbles. Now it seems that we really There is hope!"

As the Simon of the Mokawi said so, the nihtoy family members behind him also showed hope of escape.

Chapter 2290: Fight for justice

Just listen to the Earl Simon looking at the battlefield there, and suddenly said: "Everyone is ready, we will be on the field in a moment."

"All the members of the Justice League, for our family, for the light, we have fought those dark forces!" Simon finally encouraged everyone there.

After he said this, the vampire members behind him were all excited and wished to rush out to fight now.

But that Simon resisted, because he knew in his heart that it was not the time to charge.

It must be Li Tian. Roger and the others have led away the other third of the Gangaluo family black knights on the battlefield...because only this one-third of the Gangaluo family black knights can be led away, and Simon will return Only the group of guys behind him could take the opportunity to draw away the last small group of Gangelo family members.

Only in this way can the weak Murkawi vampires and the Nihtoy family vampires that Mary carried by the last can escape from here.

...

But he said that Li Tian attracted nearly one-third of the Gangelo family's black knight army with one person.

They were chasing Li Tian there, and how about Li Tian? He rode death horses as far as possible to lead those black knights to the most remote corners.

Earl Roger and the Fire Girl Ice Girl here are using all their strength to attract the black knights of the Gangaro family.

Although it seems that Count Roger, the Ice Lady and the Fire Lady, can withstand the black knights of the Gangaro family at this moment, the real result is not like this, because Count Roger and the Ice Lady and the Fire Lady are now It is the end of the battle.

At this moment, it was just holding on. Once the black knights of the Gangaluo family hold on for a few more minutes, it is very likely that Earl Roger has the ice girl, and the fire girl will fall short.

Ron and Tia on this side were almost unable to support it.

But seeing that almost all the arrows in Nadia's hand had gone out, only the last one on the arrow was left.

And what about the black knights of the Gangaro family on the opposite side? It is more and more.

One by one, he leaped toward them with extremely brutal faces.

Count Roger took a look at the situation at the moment, and he murmured to himself: No, it's definitely not a way to delay it like this. The only thing to do now is to attract the attention of the black knights of the Gangaro family as soon as possible.

Count Roger, who was thinking this way, hurriedly said to the Ice Girl and Fire Girl around him: "Ice Girl, Fire Girl, let's get them away!"

After listening to the Earl Roger's words, the ice girl and the fire girl nodded again and again, and then began to retreat quickly.

The black knights of the Gangaro family saw Count Roger and the others retreating, and immediately roared.

"Kill them all!"

"Kill all these **** prisoners..."

As they shouted, the black knights of the Gangelo family rushed over like a gust of wind.

Compressed black knights came to kill.

Count Roger and the Fire Girl, the Ice Girl can only flee desperately... They attracted these black knights to another place.

In this way, after the Count Roger and the Ice Lady and the Fire Lady drew away the black knights in front of them, there were only a few dozen black knights of the Gangelo Family!

Most of the black knights have been attracted by Li Tian and Earl Roger.

Simon of the Murkawi who was hiding here and the member of the Nihtoy family behind him saw Earl Roger and they successfully attracted those members. Earl Simon finally clenched his fist tightly, and he turned his head to excitedly The vampires behind them said: "Today's battle, no matter who is dead or alive, we are all worthy, because we are fighting for justice..."

"Fight for justice!" The vampires behind them cried out excitedly.

Earl Simon heard them shouting and jumped out of the hiding place.

"Follow me, everyone! Kill all the **** of the Gangelo family and avenge the bloodstains of our destroyed family!"

With a roar, he took the remaining dozen strong members and rushed towards the black knights of the Gangelo family.

However, when Earl Simon led the last members towards the black knights of the Gangelo family, those black knights guarded by the Gangelo family at the exit of the cave were taken aback, and then they all looked at the Count Simon and them cautiously. .

"Keep the exit, don't let any of them go, any intruder, kill!" A burly black knight of the Gangelo family, wearing a hideous mask, holding a narrow and sharp blade in his hand, coldly Standing at the exit of the cave, shouted.

When the black knights under his command heard his words, they suddenly shouted, "Yes!"

Then one by one, he clenched the sharp blades in his hands, guarding the cave exit of the immortal mountains in that formation.

The black knights of the Gangelo Family in front of them had less than 40 members, but they were not panicked at all. They looked cold and indifferent, and faced the rushing Count Simon and others with cold killing intent in their eyes.

"Kill, kill these **** of the Gangaro family, and avenge our destroyed family."

Simon yelled at the front while leading his men.

The black knights guarding at the exit of the cave saw Count Simon and the others coming, and they all showed their faces.

Then with a brush, the sharp blade came out of its sheath.

The black knights in the front row rushed towards Count Simon and the others.

The sound of the slamming blade clashing... screams, and the sound of the Jin Ge Iron Horse suddenly rang out in the audience.

The final battle also began.

Earl Simon took the most people, and he dealt with the black knights of the Gangelo family the least, but even so, it can still be seen at a glance, the "strong" vampire encounter with Earl Simon To the black knights of the Gangelo family, it's not possible at all!

I saw a vampire member of the Murkawi tribe. After rushing past, he chopped off the head of the black knight member of the Gangaro family, but did not react. Then he was stabbed by the black knight on the left. With a scream, his body fell to the ground, and he didn't even have time to struggle. The entire head was instantly chopped off by the black knight of the Gangelo family.

In this way, a vampire in the Justice League was killed.

What about the remaining guys? Although he hasn't died yet, at this time, there is no longer the excitement of the previous community, but the eyes are full of panic and fear.

They were all shocked by the powerful power of the black knight!
