

A Killer 2291

Chapter 2291: Was Discovered and Demon 59 No. 2

Because the black knights of the Gangluo family are definitely not straw bags or rice buckets.

Isn't this? In a blink of an eye, the members of Count Simon had sacrificed three of them, but what about the black knights from the Gangelo family? Only 45 died! ! !

In this way, within an instant, the black knights that Earl Simon was carrying will definitely die here.

Looking at the dead members, Earl Simon suddenly felt despair.

Even though Li Tian and Earl Roger have attracted so many Gangelo family members, they still can't get through!

Earl Simon is slowly desperate!

He was ready to be slaughtered, and now he was just wielding the weapon in his hand desperately. After all, he could kill one more black knight of the Gangaro family.

At the moment when Earl Simon was facing despair, suddenly a shout rang out behind him.

Count Simon was shocked and turned his head to see that it was Mary who led the captives of the Kawi tribe, and all the captive members of the Nihtoy family rushed over.

It turned out that Mary saw that Earl Simon and others could not attract the attraction of the black knights of the Gangelo family, and if it was delayed, Earl Simon and the others would definitely be wiped out. Mary had no choice but to lead them. The weak Murkawi vampire and the nihtoy family member came to support

Earl Simon didn't expect Mary to come to support them, and when he saw Mary and the others, hope suddenly burned in his heart.

After all, there are dozens of captive vampires led by Mary.

After such a large group of captive vampires rushed over, the black knights of the Gangelo family guarding the exit of the cave were not only stunned.

They never expected that all the vampires they had captured before would start to resist.

Moreover, there were a large number of people. Looking at the captive vampires who came under the pressure, the faces of the black knights of the Gangaluo family changed instantly.

"Hold the exit! No matter what you kill..."

"No one can let these ***** prisoners escape!" the black knights of the Gangelo family roared.

The war really started.

I saw these vampires under the leadership of Mary, rushing desperately.

They are dead here, and there may be a chance to escape, so now they can only choose to fight.

Although these crazy vampires could not be the opponents of the black knights of the Gangalo family, they are now crowded and powerful. Compared with the black knights of the Gangalo family, they occupy an absolute advantage in terms of number.

Therefore, even the cruel black knights of the Gangelo family showed a timid look.

"kill."

"Kill the black knight of the Gangaro family."

The vampires of the Justice League shouted.

Three or five vampires hugged a black knight of the Gangelo family and pressed him down, and then they used the long fangs in their mouths to bite off the neck of the Gangelo family vampire, and then took his body All torn to pieces.

Although the black knights of the Gangaro family were brave, they were helpless in the face of these insane Justice League members.

In a blink of an eye, I saw that the black knights who had guarded the exit of the Immortal Mountain lost more than a dozen.

The black knights of the Gangelo Family who were still alive also showed a timid and panicked **** se in their eyes.

...

Ten kilometers away from the Immortal Mountains, the mighty Gangaluo family back-up Black Knight army marched forward.

I saw that this was the main force of the Gangelo family, the corpse king Uris.

The army in front of him was another earl of the Gangelo family with a pale face: Berwick.

Next to him were Antonio, Breath of Death, and the snake girl.

While the troops were moving forward, suddenly a group of weird crows flew from the immortal mountain range. Those weird crows seemed to have been frightened, one by one, yelling, Flew in the direction of the Immortal Mountains.

Looking at so many strange and terrifying black crows that suddenly appeared on the sky, Count Berwick, who was riding on the death warrior, suddenly frowned!

He raised his eyes to the flocks of dark crows, just about to say something.

Suddenly at this moment, a figure with a zombie aura flew out of Jin Se's sedan chair.

That is the monster with wings on its back: the corpse king Uris.

Moreover, after the corpse king Uris soared into the sky, he suddenly flew out of Jinse's sedan chair. His blood-red wings were fully expanded, and his whole body was floating in the air.

"Respectfully welcome the elder of the dead king."

Seeing the corpse king flying out of the sedan chair, Berwick in front of him, Antonio and the big snake girl hurriedly jumped off the death horse, and then kneeled on the ground with two legs and screamed respectfully. Say.

But what about the corpse king Uris? He didn't even look at the Earl Berwick next to him, the big snake girl and others.

He just raised those terrifying eyes and suddenly looked at the place of the Immortal Mountains, and suddenly spit out a hellish Yin Sensen voice in his mouth: "The crows are afraid of flying, it seems something has happened in the Immortal Mountains."

A word was murmured from the mouth of the corpse king Uris.

After the corpse king Uris in front of him said so, the Earl of Berwick, the snake girl and the others quickly walked over.

"Elder Uris, what's wrong? What happened?"

But seeing the corpse king raising his bloodthirsty eyes, looking at the place of the Immortal Mountains, suddenly said: "There must be something wrong with Lei Meng..."

what?

"Raymond?"

"Didn't Raymond have captured all the vampire members of the Justice League? How could something happen again?" Berwick asked in surprise.

The corpse king Uris didn't speak, but stared coldly at the place of the Immortal Mountains.

"Presumably, there has been a change there." Suddenly the corpse king Uris said again.

After the corpse king in front of him said so, Earl Berwick, Antonio and others around him all raised their eyes and looked at the direction of the immortal mountain in the darkness.

"Elder Uris, how about this? I will lead people to the Immortal Mountains as fast as possible, and then go to support Raymond and them..." Berwick said there.

But seeing the corpse king Uris shook his head slightly, suddenly said: "No!"

"You stay here, and continue to move forward with the troops... I, go alone to see the situation first." The corpse king Uris suddenly hissed there.

Chapter 2292: Gods and Demons Chapter 231

Berwick was not only shocked when he heard that the corpse king Uris was going to go to the immortal mountain alone first.

Just as Count Berwick wanted to say something, the corpse king Uris suddenly said, "Tell me my password, and the whole army will speed up!"

"Berrick, I leave it to you... I'll go to the Immortal Mountains first!"

As the corpse king said a word, suddenly the wings behind him suddenly opened.

The two huge blood wings, like bats, were less than two meters scary when they opened.

After the elder of the corpse king opened his **** wings, but then saw that his body suddenly jumped out, a blood seizure appeared, and his whole person had reached a hundred meters away.

The speed is the same as light, surprisingly fast! !

With the corpse king Uris going to the immortal mountain in advance, Earl Berwick here can only watch the elder corpse king disappear.

After disappearing, a smile slowly appeared at the corner of his mouth.

"Raymond, this idiot fellow must have caused something wrong...presumably, if Elder Corpse King went this time, then Raymond must have his good fruits."

Berwick, who was smiling so yin, led the army to move on.

The mighty Gangelo family army marched towards the place of the immortal mountain range.

...

Li Tian led dozens of black knights with one person, and finally led them to the most remote corner of the cave.

There is a thick stone wall in the front, and there is no way to move forward. In the back are dozens of black knights chasing over.

When Li Tian saw the situation, he frowned slightly. Even though he swept his body, he flew down from the death war horse. After Li Tianfei swept down the death war horse, the death war horse neighed as if it were free, and then turned towards Gunge. The black knights of the Luo family rushed over.

What about the dozens of black knights who came after him? They also paused one by one in front of Li Tian.

They swept down from the death battle, and then looked at Li Tian in front of them with extremely angry eyes.

"Boy, you finally can't escape, right?"

"Today, let's see how you died?"

The black knights who flew down from the death horse shouted one by one in shock.

Obviously, for Li Tian, they have an indescribable anger and hatred in their hearts, and they want to frustrate Li Tian's bones, cramp and pull his bones.

But seeing Li Tian standing there calmly, raising his sharp eyes, coldly glanced at the black knights in front of him, and sneered: "I didn't want to kill, helpless, it seems that I am going to break the ring today. "

When Li Tian said this, the dozens of black knights roared.

With so many black knights, can't they still deal with a Li Tian? Thinking of it, it made the black knights feel angry.

"Smelly boy, don't be crazy, let's see who died today!"

The black knights of the Gangaluo family who were talking began to constantly push towards Li Tian.

The crushed black knights flocked to Li Tian like chao, where is Li Tian? He stood still, and his murderous aura increased with the twist of his breath.

"Come on, let me kill you guys of the Gangelo family alone." Li Tian opened his hands, and the invisible breath flowed away from him.

The black knights of the Gangelo Family became angry when Li Tian said this.

"Kill, kill him!"

Roaring loudly, the black knights of the Gangelo family all rushed towards Li Tian.

The swords in his hand slashed towards Li Tian's body one by one.

Facing these ferocious black knights of the Gangelo family, Li Tian's body suddenly moved, and his body suddenly floated. In the void, his eyes were slightly closed, and the whole person stood like a sacred person. In the void, a qi from the heavens and the earth was on his arms. Then his person turned into a black shadow, and his palms shot like ghosts.

Endless palm shadows came out of the palms of his hands, and his hostility doubled.

Bang bang bang.

The horrible palm shadows slammed toward the black knight of the Gangelo family who rushed forward one after another.

The four or five black knights in front couldn't evade this weird grip at all. The body that was hit hard flew upside down, screamed, and knocked the black knight rushing from behind to the ground.

The last form of Maha Wuliang that the old man Wuji has spent hundreds of years on is: God and Demon! The change of gods and demons is in people and in heart! Li Tian had never understood the true meaning of the ninth level of the immeasurable Maha, but when Li Tian gradually transformed into a vampire, he truly penetrated the ninth floor of the immeasurable Maha. "The devil" only lies in his own heart. The heart demon is the devil, and the mind is the god. Li Tian understands. Li Tian suddenly realized from the moment he became a demon vampire, how can he become a **** without going through the way of the devil? If you don't become a god, how can you become a demon again? These few spells Li Tian can be regarded as a complete comprehension! Since he turned into a vampire, he has never used the power of the ninth level of the immeasurable Maha... and now, he will use it.

The ninth level of Maha Boundless Divine Art, even the old man Wuji hadn't learned it, but now Li Tian understood it.

The supreme palm shadow currently used by Li Tian is the infinite palm that Li Tianshen released after breaking the gods and demons.

The shadowy trace is erratic, or god, or demon!

After Li Angel came out of his gods and demons, the black knights of the Gangelo family were all shocked at this moment. Where did they face an ordinary guy? It's like a god, like a demon!

But what exactly is he? None of the black knights of the Gangelo family knew.

They just looked at Li Tian with frightened and angry eyes.

"Kill, I don't believe that so many of us can't kill him alone!"

"Kill him, kill him." The black knights of the Gangelo family went completely crazy.

They became crazy because of their excessive anger, and one by one they rushed towards Li Tian with their bloodthirsty eyes, as if they would not give up if they didn't kill Li Tian.

I saw batch after batch of Gangelo family black knights flooding towards Li Tian again.

Li Tian hovered in the void, seeing the black knights rushing forward, he swept his eyes coldly, and suddenly folded his hands together, a golden light emerged from the palms of his palms.

Then he saw Li Tian roar in his mouth, his hands suddenly falling from top to bottom.

boom!

A thunderous vibration sounded from Li Tian's palms. His palms hit the ground. When his palms hit the ground, the hard rock ground cracked and cracked. sound.

Chapter 2293: Escape from the 231st death

Suddenly, the black knights of the Gangelo Family who rushed over felt the ground as if shaking, and then the whole ground suddenly cracked. .

With a plop, some of the Gangeluo family black knights had not fully reacted, and their bodies had fallen into the crack, and a horrible cry came from their mouth.

And those black knights who reacted in time began to panic back!

No one thought that Li Tian would use his palm to shake the rocky ground alive.

When these black knights were in a mess, Li Tian's eyes were fierce.

Then the whole person suddenly flew towards the black knight.

Then his palms hit their heads fiercely.

Bang, bang, bang.

With heavy palms hitting the heads of the black knights, their mouths let out a miserable cry, and then fell to the ground one by one and died.

The skull shattered and blood spattered.

And those black knights? Seeing Li Tian rushing towards them, he no longer evades at the moment, carrying a weapon in his hand and rushing towards Li Tian.

They also fought desperately.

Li Tian was slaughtering in that **** way.

One by one, the black knights were crushed to pieces by his ruthless palms. The blood dyed his whole body red. The face, hair, and placket were all blood, and all was the Gunge who was killed by him. The blood of the black knight of the Luo family.

A terrible scene of massacre is taking place here.

And Earl Roger and them?

They also have Ice Girl, Fire Girl and others who have been forced to go.

Now Roger and others have been forced into the corner, dozens of black knights chasing them frantically

They have nowhere to go, and they can only bite the bullet in the **** battle at this moment.

"Earl Roger, we can't resist it anymore." Fire Girl said to the Earl Roger while fighting.

Count Roger is also at the end of the battle. He kicked one of the black knights and said, "Don't be afraid, even if we are dead, we will hold these Gangelo family bastards..."

The Fire Girl and the Ice Girl heard Count Roger say this, and they felt helpless despair in their hearts.

This time, maybe no one will come to rescue them again. If this is the case, they will be here and wiped out.

The desperate battle continued.

Those crazy black knights of the Gangaluo family have poured in like chao water.

The sound of shouting and killing suddenly rang.

...

In the desperate battle between Earl Roger and Li Tian, Simon and Mary finally paid off, and finally took the captive vampire and finally defeated the Gangelo family black knight guarding the exit of the Immortal Mountain. They.

Although they defeated the twenty or thirty black knights of the Gangaro family, they also lost nearly twice as many members of the Justice League vampires.

There are only twenty or so members of the Justice League remaining alive!

Looking at so many members of the Justice League who died, there was a sense of silent sadness in the eyes of Mary and the blood-covered Earl Simon.

"Run away!"

"If we don't run away, we won't have time to wait until the Gangeuro family's troops arrive." I saw Simon of the Kawi clan facing the more than 20 survivors of the Justice League covered in blood. Said the vampire.

When the vampires here heard Simon say this, they hurriedly followed him!

They opened the passage door of the Immortal Mountains, and then began to flee outside.

And Mary? She did not leave! She just stood at the exit of the cave, looking at the cave with a pair of eyes with concern.

"Miss Mary, what are you doing? Why don't you go quickly?" After Count Simon of the Kawi race rushed out, he suddenly found that Mary was still standing in the cave, not only could not help but ask for a moment.

But when Mary suddenly turned her head, she looked at Simon and said, "You go first. I'm going to find my father and Li Tian."

what?

When Mary said this, Earl Simon of the Kawi was depressed.

"Miss Mary, don't be joking...hurry up and run away!"

"If you don't leave anymore, it will be too late... The moment is to save your life." Then Simon of the Kawi tribe persuaded Mary to say.

But what about Mary? Coldly replied: "I have already said that I will not go. If you want to go, you go first. I want to find my father and Li Tian."

After the stubborn Mary finished speaking, she stepped into the cave suddenly.

"Mary, are you crazy?"

"Do you really think that guy named Li Tian and your father can survive?"

"They are surrounded by so many **** from the Gangelo family... how can they survive?" Count Simon shouted there.

When Simon said this, Mary turned her head angrily with red eyes: "What are you talking about?"

"My father and Li Tian are absolutely impossible for something to happen!"

"Fuck me... Don't talk nonsense in front of me!" Mary roared there with tears like crazy.

At that time, Simon of the Kawi tribe didn't expect to remind him kindly, but what was returned was Mary's curse, and he was depressed right now.

"Okay! Since Miss Mary, you insist on going to death, then I have no choice but to say, anyway, I have already said... Take care!"

After speaking, Simon of the Murkawi tribe walked out of the immortal mountain cave in front of him without looking back.

And what about Mary?

It was a person who walked step by step towards the cave of the immortal mountain.

How could she leave her father behind? And what about Li Tian?

How could she choose to live alone?

Even if she died, Mary would die with her father and Li Tian and others.

So, this is her choice.

...

In the end, Simon left the cave with more than twenty remaining Justice League members.

They finally survived.

Just after they had just escaped from the cave, a monster with wings on its back flew towards here at an astonishing speed from a distance.

His wings were moving in the air, with endless blood.

In less than a moment, I saw that the monster with its wings on its back had reached the entrance of the Immortal Mountain Range.

His body slowly landed from the air, and the huge blood-red wings slowly closed.

He is the cruel corpse king Uris.

No one thought he would come so quickly.

When the figure of the corpse king Uris appeared at the exit of the immortal mountain, he saw the hole of the immortal mountain being opened, and he also smelled suffocation from the cave. The smell of blood.

Chapter 2294: Die together

Suddenly, endless anger appeared on his rotten face, and his body flashed into the cave. .

I glanced at it, but saw all the corpses above the ground.

Among those corpses, some belonged to the black knight members of the Gangelo family, some belonged to the vampire members of the Murkawi tribe, and some belonged to the nihtoy family members...

After seeing such a scene, the corpse king Uris' eyes suddenly became ugly, and a terrifying killing intent enveloped his whole body.

Then Uris, the corpse king, walked forward step by step with gloomy steps.

Just as the corpse king Uris was walking forward, suddenly there was a cry of wailing over the pile of corpses.

Looking up, it turned out that it was a black knight whose face was half ruined and not dead... he was struggling and yelling in his mouth.

When the corpse king Uris saw that one of the black knights in his family hadn't died, he suddenly flew over.

"Elder..." Half of the black knight's face was ruined, revealing hideous blood and bones. At this moment, after seeing the figure of the corpse king Uris, he called out in horror.

The corpse king Uris raised his **** eyes and glanced at the black knight, and asked coldly, "Tell me, what happened?"

While panting, the black knight replied in pain, "Return... the elder... our captive... the Justice League... members... all resisted."

When the corpse king Uris heard it, an endless stream of anger suddenly appeared all over his body.

"Where's that fellow Raymond?" The corpse king Uris in front of him asked coldly.

But seeing the black knight replied in pain: "Earl Raymond... I don't know..."

"Asshole!" Zombie King Uris roared.

"Elder Uris...please avenge us...kill those **** Justice League members and avenge our dead knights." The black knight in front of him wailed in pain.

The corpse king Uris looked at the painful guy and suddenly snorted: "Useless waste!"

Accompanied by his roar, his feet slammed on half of the face of the still-alive black knight of the Gangelo family.

With a click.

The black knight hadn't fully reacted yet, and the whole head was crushed by the corpse king Uris.

The blood overflowed from the feet of the corpse king, extremely cruel.

After the corpse king Uriss brutally killed the member of his family, he flashed his body, he passed the piles of corpses, and then walked step by step toward the cave.

The more you go inside, the more you can hear some noise coming from the innermost place.

The corpse king Uris listened, suddenly, a cold smile appeared at the corner of his mouth, and then he swept towards the deepest part of the black hole like a sharp arrow.

...

"Kill them!"

"Kill these **** Zhengyi Alliance members."

In the deepest part of the black hole, they saw dozens of Gangero family black knights still fighting against Earl Roger.

But at this moment, I saw that Earl Roger was completely exhausted, covered in blood, and his arms, chest, and legs were all knife marks! Traces of blood flowed out of his body.

But he did not retreat, he was still fighting there.

What about here? The fire girl had fallen to the ground, her clothes had been dyed red with blood, and she fell there in pain at the moment, dying.

Ron and Tia were already unable to support them, and both fell in the corner.

And the ice girl is still fighting!

However, from the looks of it, the Ice Girl is about to die, because she is also at the end of the battle.

I saw that the ice girl was slashed on her back by the black knight of the Gangelo family rushing over from the left without paying attention. The ice girl let out a painful cry, and then suddenly turned around and slashed. Cut it on the head of the black knight.

The black knight fell to the ground with a scream and died.

And the ice girl? Because he couldn't support it, he fell down there with a plop.

That's it! Everything is over.

Faced with so many cruel black knights of the Gangalo family, no one can save them at this moment.

I saw Tia lying down in the corner, looking at her in pain and asking, "Brother, are we going to die?"

Then Ron raised his hand in pain, then gently wiped the blood on Tia's face, and said slightly, "Sister, don't worry, even if you die, your brother will guard you."

When Nadia heard her brother say this, a smile of relief appeared at the corner of her mouth, and then she nestled her entire head in Ron's arms.

Ron hugged his sister just like that, sitting quietly with desperate eyes flashing in his eyes.

They are waiting, waiting for death to come.

But what about Roger? He is crazy.

At this moment, he was covered in blood, waving the sharp blade in his hand, and shouting at the black knights of the Gangelo family who were surrounding him: "Asshole, come on... I will kill you bastards..."

The black knights of the Gangaro family surrounded him, and didn't directly pounce on them, as if they were surrounded by torturing Count Roger.

At this moment, suddenly Mary's voice came from behind.

"father!"

With a shout, Roger awakened the maddened Roger from his panic.

"Mary?" When he heard Mary's voice, Earl Roger was stunned.

Look carefully, but it was Mary who rushed over from behind.

It turned out that this silly girl returned here again for her father and for Li Tian.

When Mary appeared, the black knights of the Gangelo family immediately cast their **** eyes on Mary.

"Mary, be careful!" Earl Roger couldn't help yelling as he watched the cruel black knights rushing towards Mary.

But what about Mary? While rushing over, he yelled in that mouth: "Dad, Dad."

The black knights had already rushed towards Mary, and at the same time raised the sharp blade in their hands and slashed towards Mary.

But what about Mary? It's not a fool, avoiding their sharp edge, while flying from the front.

Count Roger saw that his daughter was in danger, and a breath of blood surged up, holding the sharp blade in his hand and slashing towards the black knights of the Gangaro family.

Finally, under their crazy hack and slash, the black knights of the Gangaro family let a ***** way!

In the end, when Mary was hit by two knives, she finally reached the Count Roger's side.

Count Roger looked at his daughter, and at that moment he didn't know if he should be surprised or worried.

"Mary, my daughter, why... why did you come here?" Count Roger asked in pain the moment he saw his daughter.

But seeing Mary with tears on her face and the scarlet blood still flowing on her arms, looking at the Count Roger: "Dad, how can I leave you?"

"Stupid daughter! My stupid daughter!" When Count Roger heard this, he felt anguish.

"Mary, you stupid daughter, don't you know you will die if you come here? Why don't you run? Don't escape?" Count Roger blamed Mary there.

Mary said with tears: "No, no, even if I die, I will die with my father!"

Hearing what Mary said, Roger felt like a knife.

However, the black knights of the Gangelo family here have surrounded Mary and the only standing Earl Roger.

The blades in their hands exuded an icy breath of death, and everyone looked at the Count Roger and Mary with grim and terrifying faces.

Chapter 2295: The King of Corpse Appears to Die 59 Chapter 2

Count Roger, Mary, the Ice Lady and the Fire Lady, and Na Ron and Tia were all surrounded.

Except for the Count Roger who was covered in blood and still insisted on standing there, the rest of the people all fell to the ground dying.

And the ferocious Gangelo family members surrounded them one by one, holding terrifying blades in their hands.

"Kill them!"

"Kill all these ***** Justice League members." The black knights of the Gangelo family roared there because of excessive anger.

Count Roger looked at the black knights of the Gangelo family, and suddenly sighed: "The way of heaven is no longer, justice will truly perish..." After a long sigh, he threw away the blade in his hand in despair. Then he fell to the ground with a plop.

It seems that Earl Roger is really ready to die.

Just after they all fell, the black knight of the Gangelo family was ready to kill them all.

Count Roger and the others did not resist anymore, because they no longer had any strength, and now they were only waiting for death.

Seeing the black knights of the Gangaro family cruelly approaching them one by one holding a sharp blade, at this moment Count Roger closed all his eyes, waiting for the final death.

At this moment, there was a violent fishy wind, and a strange smell of fishy corpse and cold came from the front.

At the moment when the strong smell of ***** corpses floated, a black crow suddenly screamed miserably and flew from the front.

The dark crow had a pair of extremely blood-red eyes. At the moment of flying, with an extremely ominous premonition, it landed on the rock wall next to it, and then the "quack, quack, quack" stranger screamed. .

But said that when such a strange crow suddenly appeared at this moment, the black knight of the Gangelo family who was going to kill the Earl Roger and the others not only changed his face, but also raised his incredible eyes to look at the strange one. crow.

"The Corpse King"

"Elder Corpse King is here..."

Suddenly, strange words came out of their mouths in horror.

Just after the dozens of black knights of the Gangelo family screamed so strangely, a smell of corpses suddenly hit their faces, and then they saw a terrifying figure with two huge wings toward it. Bound to fly by.

He looked at the front with cruel eyes, and the huge wings on his back moved slightly to bring a **** wind.

"Welcome to Elder Corpse King!"

The moment his figure appeared, all the black knights of the Gangelo family all knelt to the ground, and they worshipped the corpse king Uris.

But he said that the person who came was the corpse king Uris who came.

The moment his brutal figure appeared, the weird crow that fell on the stone wall suddenly croaked, croaked, flew towards the corpse king Uris, and then landed on the corpse king Uris. Shoulders.

He slowly fell from the void, with extremely **** eyes, and glanced coldly at the battlefield.

What about Lord Roger and them

At this moment, they were all ready to meet death, but what I didn't expect was that I saw this demon at the dying moment.

The corpse king Uris.

"The Corpse King Uris" Count Roger in front of him fell to the ground and cried in disbelief.

From beginning to end, apart from that Mary, the rest of them, including Earl Roger, have only heard the name of the corpse king Uris, but have they really seen it?

Do not! They have never seen it before.

At this moment, after seeing the terrifying face of the corpse king, Lord Roger and Na Rondia were all horrified.

No one thought that the monster with wings in front of him was the most cruel elder of the Gangelo family, the corpse king Uris!

Looking at the corpse king Uris, Count Roger and others felt an unknown fear in their hearts.

However, after the corpse king Uris came, he first raised his fierce eyes and glanced around coldly.

Then he cast his fierce gaze on the Count Roger.

"The Waste of the Torrido Family"

"Unexpectedly, even if you dare to resist my great Gangelo, roar..." A hoarse cry came from the mouth of the corpse king Uris.

After the corpse king said so mockingly, the Count Roger, who was already facing death, was afraid, but they couldn't be humiliated!

After all, it must be dead, what else to be afraid of

"The corpse king, you bastard! Do you think I Roger will be afraid of you?" Count Roger roared.

"Even if it is death today, I will fight your Gangelo family to the end."

Suddenly, the corpse king laughed hoarsely, haha, his laughter carried a smelly blood.

"Courage! How dare to speak in front of me..." The Corpse King sneered.

After he finished speaking, suddenly he saw that the corpse king turned his fierce eyes, turned his head and stared at the dozens of black knights of the Gangelo family behind him and asked coldly, "You Xing Wu... The Toledo family rat can't clean it up, so the door to the cave was opened," the corpse king Uris in front of him suddenly exasperated.

After hearing the roar of the Elder Corpse King, the black knights of the Gangelo Family hurriedly lowered their heads to admit their mistakes: "Returning to Elder Corpse King, we did not expect that these Torrido family prisoners would suddenly escape... .."

"Elder Corpse King, the real reason is actually another guy!"

"Yeah, Elder Corpse King, it's all because of that ***** kid. That kid doesn't know where he came from, but he is very powerful. He has an Asian face and wounded and killed our Gangaro family. Many members...It is because of that ***** ***** that we have suffered so much damage." The black knights of the Gangaro family suddenly said there.

After they said "him", the deadly eyes of the king of the dead showed a bloodthirsty light.

"It seems that it is him!!!" Suddenly, the King of Corpse murmured an evil smile.

"Unexpectedly, that kid really has two slaps." The Corpse King continued to laugh strangely there.

After the corpse king sneered, he suddenly raised those weird eyes and coldly placed his bets on the Count Roger.

"You!" The corpse king Uris suddenly stretched out his skull fingers and pointed coldly at Count Roger over there.

Count Roger was pointed at by the skeleton finger of the corpse king elder, and he was shocked immediately.

"Tell me, where is that Asian boy"

"If you tell me, I can make your death more comfortable!" The cold, suffocating words came from the mouth of the corpse king Uris.

Chapter 2296: Festival go to die 2231

His voice is like hell, and hearing people's ears makes people feel shuddering. ..download

But he said that Earl Roger suddenly heard that the corpse king Uriss asked, and his heart turned, and his mind instantly knew who the corpse king Uris was asking!

Of course he asked about Li Tian!

After Count Roger thought this in his heart, but seeing Count Roger panting, he stood up from the ground with difficulty, and then spit out a mouthful of blood from his mouth with a "bah".

Looking at the corpse king Uris, he laughed wildly: "Asshole, I won't tell you!"

"The King Corpse, you will die under his hands one day, do you know why because he is the savior of our blood! He will defeat you, defeat your Gangaro family, and then completely wipe out your dark power "Earl Roger laughed wildly as he said.

The corpse king Uris in front of him suddenly changed his face cruelly when he heard that Count Roger said.

The stench all over his body became heavier and heavier. When the Earl Roger finished speaking, he suddenly burst into his mouth: "Are you looking for death?"

The voice fell, but he saw his skinny right hand stretched out suddenly.

Then came a huge suction force from the skinny palm of his hand, sucking it towards Count Roger. Before Earl Roger could react, his body was suddenly sucked in.

Then the whole person was instantly pinched by the skinny claws of the corpse king Uris.

With his skinny claws, when he pinched the head of Earl Roger, there was a cracking sound from Earl Roger's head, and his skull seemed to be penetrated by the corpse king.

He hurts!

The pain is so painful!

The body wants to struggle, but how can it break free?

I saw that the five fingers of the corpse king had pierced the surface of Count Roger's head, and the blood stains from the five fingers of the corpse king Uris covered the face of the Count Roger.

"I'll give you another chance and tell me where is that Asian kid" The Corpse King pinched the head of Count Roger in front of him with one hand, and shouted coldly.

Mary here saw that her father's head was about to be crushed by the corpse king, and she screamed, "Dad!"

Then desperately rushed over, she wanted to save the Count Roger.

However, with her strength, how could she reach the front of the corpse king Uris, but when she saw that Mary had just rushed over, the corpse king's mouth made a cold snort, and the other hand suddenly lifted, and a **** breath suddenly turned towards the Mary Bashing.

Mary hadn't reacted, and then she was hit by the terrifying blood directly on her chest.

With a painful cry of wow, Mary's whole body was hit by the terrifying blood and flew out, her body slammed into the rock wall with a heavy thump, and several large rocks were crushed by Mary's body, her body At the same time, he fell heavily to the ground.

The whole person can no longer get up.

Looking at such a **** scene, Earl Roger felt that his heart was about to break!

But he didn't have the slightest way. His face was **** and his head was pinched by the corpse king Uris...

"You...you...you demon...I Roger...Roger...even if it is the next nine heavens...and...and...will curse you forever...The Gangaro family...all destroyed!" Count Roger's face was full of blood, and finally he cast a spiteful curse.

When the corpse king Uris heard the words of Earl Roger in front of him, a terrifying killing intent appeared all over his body.

"Well, since you are looking for death, then I will fulfill you!"

"Go to hell!"

An angry shout came from the mouth of the corpse king Uris, and then his five fingers began to slowly force.

The five fingers that penetrated the skull of Earl Roger pierced deeply into the skull of Earl Roger.

Count Roger only felt that his head was about to rupture, and blood flowed from the fingers of the corpse king Uris, and then ran into the face of Count Roger.

He is dying!

There was a crackling sound from his head.

what

At this moment, a death-like voice suddenly came from behind.

"The corpse king! Let go of Lord Roger!" A voice suddenly came from behind, and everyone was shocked there.

What about the corpse king Uris

The moment he heard the voice, he also slightly stopped the strength in his hand, and then a yin sense smile came from the corner of his mouth, and then he slowly turned his head.

And the black knights of the Gangelo family behind them all turned their heads.

Who is he behind

Look carefully, his whole body has been dyed red with blood, as if he had just been dipped in blood, his whole body was stained with scarlet blood.

He stood there like a ***** of death, motionless.

Holding his eyes of hatred, he stared at his biggest enemy, the king of corpses, Uris.

Li Tian.

"It's that brat"

"It's him! It is indeed him!"

"It's this ***** who caused our Gangeuro family to suffer such a heavy blow. Elder Corpse King is this Asian kid." The black knights of Gangeuro family screamed at the moment they saw Li Tian. Up.

They all pointed at Li Tiandao who was covered in blood.

However, it was said that Earl Roger, the dying Fire Girl, the Ice Girl, and Rondia were all shocked when they saw Li Tian's arrival.

"Lee"

"Li Tian..."

They all exclaimed one by one, and looked at Li Tian who was covered in blood in front of them with incredible eyes.

To be honest, they all thought Li Tian had sacrificed!

After all, there are dozens of black knights of the Gangelo family who are chasing Li Tian!

But no one thought that Li Tian was still standing and alive, and he came to rescue them!

Could it be said that Li Tianzhen relied on his own power to kill all the black knights of the Gangelo family who chased him

Thinking of this in my heart, the fire girl, ice girl, and all of them were shocked there.

Of course they would not know how Li Tian killed himself in blood. If they were lucky enough to go inside the cave on the far left, they would see countless corpses of the black knights of the Gangaro family. There was blood flowing there, and the dozens of powerful black knights had all died...Obviously, they were all slaughtered by Li Tian. Li Tian had already smashed his eyes and was mad at him.

Now the entire Temperament God, standing here coldly, covered in blood, facing the most powerful elder of the Gangaluo Family: Corpse King Uris.

Chapter 2297: He is "Kui"

But he said that the moment the corpse king Uris turned his face to see Li Tian, a vicious smile appeared on the corner of his mouth.

He saw Li Tian and the "prey" he had bitten with his mouth.

"Sure enough, it's you." Suddenly, the king of the dead smiled and faced Li Tiandao with a grimace.

Li Tian's eyes were red, and that originally handsome face was already showing a terrifying ferociousness at this moment, and his vampire fangs had also been stretched out of his mouth, and his pupils were red with blood at this moment, looking at his greatest enemy!

The man in front of him was the **** who turned himself into this vampire monster. It was he who bit himself in the country and caused himself to become a vampire.

All the hate, all the anger, all came to Li Tian's heart.

"You bastard! I finally found you." Li Tian gritted his teeth and looked at the corpse king Uris distortedly.

But seeing that the corpse king Uris suddenly laughed wildly after hearing Li Tian say this.

"Boy, shouldn't you thank me? It was me who turned you into an undead! It was I who turned you into a very powerful vampire... Hey, isn't this not what you want?" Uris spit out something in that mouth.

The more Li Tian listened, the more angry he was, and his whole body trembled.

"You **** turned me into a **** vampire! Li Tian will never forget this hatred!"

"Today, I will have a break with you!" Li Tian's anger suddenly increased at this moment, saying there.

But seeing that the corpse king heard Li Tian say this, he smiled gloomily.

"Boy, no matter how hard you struggle, the blood flowing into your body is the blood of our Gangaluo family. I now advise you, if you follow our Gangaluo family obediently, my corpse king promises you will definitely do it. When I get to the earl's position, I will let you follow me, how about? Is this condition tempting enough?" The Corpse King said while looking at Li Tiandao with a sneer.

When Li Tian heard it, he only felt nauseous.

"Asshole, do you think it's possible? Will Li Tian follow you, **** bastard?" Li Tian cursed there.

When the corpse king in front of him heard Li Tian's scolding, his body was violent.

"Boy, do you really want to die?" The corpse king in front of him suddenly said angrily.

The dark death crow that fell on his shoulder suddenly became a "quack, quack, quack" when the corpse king was angry.

It seemed that even this beast felt angry.

"Boy, do you know why I don't want to kill you myself?"

"Just because you were created by me, I don't want to ruin you!"

"But if you really don't want to follow my Gangelo family, don't be ruthless under the monsters. Since I can turn you into an immortal vampire, I can also turn you into ashes in an instant." The corpse king Uris issued a final statement. In that gloomy face of Li Tiandao in front of him.

Listening to the corpse king saying this, Li Tian suddenly stood there and sneered.

"Is it?"

"Do you think I, Li Tian, would really be afraid of you as a human, a ghost, a monster?"

"If you have the ability, I will make a final decision with you today!" Li Tianzai said coldly.

The king of corpses saw that he could not persuade Li Tian anyway.

The smell of corpse all over his body suddenly became heavier and heavier.

"Okay! Since you want to die, then I will fulfill you..." Accompanied by the roar of the corpse king, he had grabbed the head of Count Roger with his right hand, and suddenly flung it casually.

Count Roger's body was thrown out like a ball.

There was a plop, but he saw that Count Roger fell heavily on the rock wall, and then fell off the rock wall.

His face was bloody, and he didn't know whether it was dead or alive and fell to the ground.

When Mary saw that her father was covered with blood, she crawled from the ground and cried out, "Dad!"

But Count Roger didn't hear the slightest answer, as if he had died.

But what about this side?

I saw Li Tian and the corpse king Uris standing face to face.

Li Tian's whole body is exuding incomparable qi, but what about the corpse king Uris? It is completely different from Li Tian, his whole body is exuding a strong smell of corpse.

The disgusting and unpleasant smell smelled inside people's noses, like nausea.

"Boy, before I kill you, I have a question I want to ask you!" The corpse king Uris suddenly asked with a hoarse voice staring at Li Tian.

Li Tian snorted coldly: "Ask."

The **** eyeballs of the corpse king Uris rolled upwards, as if thinking about something. After thinking about it for a minute, he suddenly said: "Hundreds of years ago, I met a fellow in your China. An old monster like you, he is the only one that my corpse king has seen in his life. There is no dead old thing under my hands. His Chinese name is: Kui, I wonder if you have any impression?"

When Li Tian heard "Kui" in front of him, Li Tian not only frowned.

He does not know the character "Kui".

In his impression, only the "Wuji Old Man" is the legendary powerhouse!

But the "Kui" in this corpse king Uris's mouth is not an old man of Promise! But who exactly is "Kui" he said?

"I don't know!" Li Tian replied coldly in front of him.

After Li Tian said this, the corpse king in front of him rolled his blood-red eyes, as if he was recalling the past, and said silently: "Hey, I thought you could know that old monster... now Come, my corpse king can't fight that old monster anymore!" There was a trace of regret in the corpse king's voice.

"Huh, what happened hundreds of years ago? The Kui in your mouth may have died long ago." Li Tian said coldly.

After Li Tian said this, the corpse king suddenly said, "No, he will not die!"

"Because what he cultivates is the real magic way!"

"He is Demon Lord! He will never die!"

Li Tian was slightly startled when he heard the King of Corpse say so.

I suddenly remembered what the old man Wuji had said to him. When the old man Wuji taught Li Tian Maha Wuliang, he once said that Li Tian cultivates the way of God, and the opposite of the way of God is the way of magic!

He also said that under the heaven and the earth, there is another person who is cultivating the magic way, and he is the lord of the devil!

As for the Lord of the Demon Venerable that the old man Wuji said? Li Tian didn't know. And what about the old man Wuji? It was only vaguely speaking the words here, and then there was no more!

Li Tian now has a question in his mind: Kui, who is it? Is it true that as the corpse king in front of him said, that Kui is not dead yet?

Kui, are you really from Huaxia?

After thinking this way in his mind, Li Tian suddenly choked in his heart. He didn't know what was going on, and suddenly remembered in his mind that the old monster who was once in the endless purgatory of the **** gate was like a corpse... The old monster was chained by fine steel chains, and the whole body was embedded in the boulder.

he is?

Kui?

Chapter 2298: decisive battle

Although Li Tian thought this way in his mind, he still couldn't be sure whether the weird person he was thinking of was really the "Kui" mentioned in the mouth of the corpse king now.

So Li Tian was silent there.

What about the corpse king? Seeing that Li Tian didn't know the "kui" thing, he not only sighed up to the sky, the stench of the whole body suddenly became louder.

"Since you don't know about that old monster, forget it."

"Come on, it's time for me to kill you." The corpse king in front of him suddenly revealed a gloomy face and said Li Tiandao who stared in front of him.

Where is Li Tian?

Facing his biggest enemy at this moment, he felt unspeakable anger in his heart.

He hated the corpse king in front of him, wishing him to leave and die in front of him.

Now, it's time for the two of them to make a break.

The surrounding black knights of the Gangelo family were all standing there.

"You all retreat to me!" Suddenly, the corpse king Uriss coldly said to the black knights of the Gangelo family beside him.

After hearing the voice of the corpse king, the black knights stepped back one by one.

Here, only the Corpse King and Li Tian were left.

Li Tian's whole body was filled with qi, and a wall of fierce strength was formed all over his body.

And what about the corpse king Uris? The stench all over his body is getting more and more unpleasant and more serious.

"Boy, let's do it, I want to see how strong your Huaxia Kingdom's martial arts is..." The Corpse King sneered there.

A few hundred years ago, the corpse king went to China, where he met a peerless enemy, a supreme figure who specializes in the magic way, his name is: Kui!

In the great battle hundreds of years ago, who won? The current corpse king has long been reluctant to mention it! Not enough in his heart, he still hopes to find the old monster who specializes in the magic way, and then fight it!

now what? The corpse king faced the second master-level figure in China, Li Tian.

In this battle, which one of them wins and who loses?

"The King Corpse, today I, Li Tian, must kill you!"

Li Tian screamed, his whole body moved instantly.

Do not move like a bell, break through the thunder!

The moment Li Tian's body was flashing, three weird figures suddenly appeared all over his body...No way, his figure was too fast, as if there were several shadows moving together.

Then shockingly hit the corpse king Uris.

The gloomy pupils of the corpse king Uriss, when he saw Li Tian's blow, an evil smile suddenly appeared at the corner of his mouth, and the terrifying wings above his back suddenly fluttered.

The huge wings are two meters wide when unfolded.

Then a blood-colored wing swept toward Li Tian in front of him like a tornado, carrying a strong **** atmosphere.

Li Tian saw that the corpse king's huge blood-colored wings rolled towards him, and he did not dare to hold it, his body flew upside down in the air. After flying past, his two hands suddenly used Xuantian fingering.

The whoosh wind-breaking air shot towards the corpse king.

This Xuantian **** can accumulate energy and hurt people with qi.

When it came from the air, it was like a bullet, whizzing at the corpse king Uris.

The corpse king Uriss felt the moment Li Tian's Xuantian **** was shot, his arm suddenly opened, and then an invisible blood gas erupted from his arm, and that blood gas instantly blocked all the Xuan Tian shot by Li Tian. Day fingering.

Puff puff!

After Li Tian's Xuantian **** was blocked by the corpse king on the weird blood, all disappeared without a trace.

Li Tian saw that he could not harm the corpse king by using Xuantian fingering. Not only did his brow furrow slightly, he couldn't help but said in his heart: How could this monster be so powerful?

Just as Li Tian was secretly lining his heart, the corpse king yelled, and his violent body had already rushed towards Li Tian.

After the blood-colored wings spread, they bravely rolled toward Li Tian.

Li Tian looked at the horrible blood wings of the corpse king, and then took a few steps back, and then directly pushed out with his right backhand.

Domineering palm power hit the corpse king.

But what about the corpse king? Without avoiding, the blood-filled wings suddenly stopped forward. Li Tian's palm hit the corpse king's wings, but the corpse king did nothing at all. The entire terrifying body was still pressed against Li Tian. past.

Li Tian secretly made a bad sound.

The mountain ***** retreated quickly, and at the moment Li Tian retreated, a skeleton arm of the corpse king suddenly grabbed Li Tian's shoulder.

Fortunately, Li Tian avoided the block, otherwise he would be caught by the corpse king.

After Li Tian quickly avoided the blow, he was secretly surprised!

"This corpse king is really amazing!"

In one round, the two were evenly divided.

Although Li Tian is a little weaker, he is not afraid of the big demon king Uris in front of him.

But what about the corpse king Uris?

Looking at Li Tian in front of him with a rotten and twisted face, he suddenly laughed strangely.

"Boy, you are so much worse than the Demon Venerable hundreds of years ago... Hey, it really disappoints me." The corpse king Uris in front of him suddenly sneered in the words.

As soon as Li Tian heard this, he became angry.

At the moment of Li Tian's anger, he suddenly folded his hands slightly, and a golden gas surrounded Li Tian's body.

When the corpse king Uris looked at Li Tian, his expression became serious.

Because he already felt a powerful force coming from Li Tian's body.

At this moment, the corpse king also secretly accumulated blood all over his body, and there was a thick ***** corpse smell floating around him.

"Lawlessness, I am the only one!"

The moment Li Tian burst into mouth with the eight words, his whole person was like a King Kong, and then a golden light suddenly struck the dead king like thunder.

The eighth floor of the immeasurable Maha, I alone dominate! Unexpectedly, Li Tian actually used the last eighth layer on Maha Wuliang.

With the moment that the unparalleled golden light shot towards the corpse king Uris, the corpse king Uris didn't dare to be careless this time, and quickly retreated, and then avoided the golden light.

The golden light did not hit the corpse king Uris, but hit the hard rock wall behind, but at the moment of contact, there was a loud bang, and the huge rock wall was shaken by the golden light emitted by Li Tian. The boulders fell one after another.

The corpse king turned his head to look at Li Tian's terrifying skills, and suddenly smiled: "Very well, this is the result I want!"

"Boy, come and try my tricks!"

Accompanied by the roar of the corpse king, his body suddenly floated, and the whole person suddenly rose in the air, and then his whole body also rose up, at the moment when he rose, the corpse king was thin. Both hands fell suddenly.

Chapter 2299: Blood Fiend Against the Sky

Groups of blood-colored corpse smells came out from the palms of the skeletons, and then all the turbulent blood rushed towards Li Tian.

When the unpleasant corpse-smelly and **** aura surged towards Li Tian, Li Tian only felt that all of his front had become blood.

Blood red enveloped his whole body.

Li Tian yelled, golden light filled his hands, and then the terrible mass of blood burst out like a sharp arrow.

Seeing that Li Tian was about to get rid of his blood control, the corpse king yelled, and his two wings suddenly rolled towards Li Tian.

At this time, Li Tian slapped his backhand and knocked away the offensive of the corpse king.

Contests between masters are often as fast as lightning.

At this moment, that Li Tian and the corpse king Uris have fought for more than a dozen rounds.

In these dozen or so rounds, the naked eye can hardly see it.

There was Mary who was seriously injured on the ground, and the Fire Girl. When the Ice Girl saw Li Tian fighting the corpse king, they were not only afraid of Li Tian's defeat.

The Gangaluo family black knights here, of course, didn't dare to talk too much, they all stared at the situation in front of them unblinkingly.

This shocking battle, they can only see it in hundreds of years?

Li Tian and that corpse king Uris are a blood shadow and a golden shadow!

Because Li Tian used the eighth layer of Maha Boundless: I am the only one, and the whole body is glowing with golden light, but what about the corpse king Uris? At this moment, the whole body became more and more serious.

Roar!

With a scream, a violent tremor came from the entire cave. Suddenly, the corpse king Uris burst out, turning his body into a **** whirlwind, and attacked Li Tian.

Li Tian saw that the corpse king attacked, and then retreated a few steps. Then he lifted his hands, and the invisible qi rushed from his body. Then he moved his palms against Qingtian and hit the corpse king's **** body. go with.

With a bang, Li Tian's palms hit the blood shadow body of the corpse king.

At the moment of the hit, Li Tian thought he could seriously hurt the corpse king Uris, but he did not expect that at the moment when he used supreme palm power to hit the corpse king's body, he suddenly felt weird. Strength resolved Li Tian's palm!

Upon closer inspection, it turned out that the corpse king used blood-colored wings to protect his body and resisted Li Tian's blow.

After Li Tian's palms were empty, he wanted to take back his palms, but it was obviously late at this moment.

Because the blood-colored wings of the corpse king had been completely opened, and the rotted and twisted face of the corpse king had begun to grin.

At the moment when the corpse king grinned, one of his blood-colored wings suddenly swept towards Li Tian. Li Tian wanted to escape, but the distance was too close to avoid it. Just as he moved, he was given the blood-colored wings by the corpse king. Call it directly!

With a bang, an invisible blood hit Li Tian.

Li Tian only felt that his body was shattered, and with a scream of wow, his body was hit and flew out.

Then he fell heavily to the ground.

After several mouthfuls, scarlet blood was vomited.

Seeing that Li Tian received such a heavy blow, Mary, who was seriously injured there, and the Fire Girl and Ice Girl all yelled in horror.

"Li Tian..."

They both screamed worriedly.

But the current Li Tian didn't care about talking to them, because he was hit too hard by the corpse king's blow, and now it is difficult to protect his own safety.

But he said that after the corpse king succeeded, he smiled grimly, and then flew over again.

The two **** wings suddenly attacked that Li Tian again.

Li Tian endured the tingling pain in his whole body and quickly flew up, but Li Tian just flew up, but was directly blocked by an invisible blood above his head.

Immediately afterwards, he saw the corpse king grinning, and the **** wings on the right side were like a poisonous snake, suddenly rolling towards Li Tian.

Li Tian couldn't avoid it, so his body was once again caught by the **** wings of the corpse king.

At the moment when his body was engulfed by the huge wings, Li Tian only felt as if he was being pressed by more than a thousand kilograms of force. It was completely impossible for his body to move... The whole person seemed to be locked alive. live.

At the moment when Li Tian's body was swept by the corpse king with **** wings, everyone was shocked.

Because everyone knew that Li Tian couldn't get rid of the control of the corpse king anyway.

But it was said that the King of Corpse suddenly moved forward with Li Tian's wings wrapped around him, and then his rotten and twisted face faced Li Tian who was wrapped in pain.

"Boy, do you really think you can beat me?"

"Do you think that with your strength, you can really kill me? Haha..." The Corpse King laughed wildly at Li Tian.

But seeing Li Tian's body wrapped in the **** wings, he couldn't move.

The whole body seems to be imprisoned. If you want to struggle, you can't get away.

Li Tian was squirming his body there like crazy, he had to break free, because only by breaking free of the wing of the corpse king could he live and rescue the Count Roger and the others in front of him.

The corpse king watched Li Tian struggling there, and sneered immediately, and then said coldly, "Don't struggle, even if you exhaust all your energy, you can never get rid of my **** wings."

After Li Tiandang heard the corpse king say so, a look of despair suddenly flashed in his eyes.

"Boy, how do you want to die?" The corpse king Uris swept Li Tian with his wings, rolled him in front of him, and said with his hideous face.

Then Mary and Fire Girl, when they saw that Li Tian was defeated by the King of Corpse, they all exclaimed immediately.

The black knights of the Gangelo Family here screamed in excitement.

"Long live the corpse king!"

"The corpse king is invincible in the world!"

The shouts screamed throughout the cave like thunder.

What about Li Tian?

At this moment, trapped by the corpse king in front of him, he is extremely unwilling! His body wanted to struggle, helpless, no matter how hard he tried, he couldn't break free from the shackles of the corpse king's **** wings.

"Is Li Tianming supposed to be like this?"

"Is Li Tian really going to die in the hands of this **** Corpse King today?"

Li Tian murmured in that despair.

From the **** wings of the corpse king came one after another extremely powerful force, gradually devouring Li Tian's body...

"Do not!"

"Do not!"

"No...I will never die! I will never die!" Li Tian suddenly yelled frantically.

His tears were bleeding! That is unwilling blood and tears! Angry blood and tears!

Tears of blood flowed down his eyes, he hated, at this moment, he hated the sky, hated the earth, hated everything in the world!

...

When he screamed, the entire sky outside was thundered and gusty winds emerged.

It seemed that at the moment Li Tian roared against the sky, the whole God felt Li Tian's cry.

And at this moment, in the middle of his forehead, a blood shadow descended directly from the center of his eyebrows, following his body, gradually flowing through the meridians throughout his body.

No one has seen Li Tian's entire body meridian, completely connected by that strange blood shadow.

Then those weird blood line patterns formed an ancient seal character on Li Tian's chest: Sha!

The word "sha" of the star of the evil spirit!

The ancient rumors say that those who commit the evil lone star have their own lives. Under normal circumstances, they will go against the sky. One of the blood evil stars is the most terrifying, because the blood evil stars are the most fierce among the evil stars. , Blood Fiend, Quit Killing, Quit Fury, Quit Devil, once the Blood Fiend is born, everything will rise and fall, hold the universe, and those who hold the life of the Blood Fiend will have to go through several catastrophes before the real body is born. Samsara, who would have thought that the word "Sha" appeared on Li Tian's chest! Could it be said that he is really one of the lone stars of Heavenly Devil: Blood Devil?

We must know that those who have the destiny of "Blood Fiend" can control the universe and go against the sky, but they also have weaknesses. As for this weakness? No one knows at present.

Chapter 2300: Natural change

The moment when Li Tian's body was "Blood Fiend" out of the body, there was a thunderous sensation.

The sound of thunder was rolling from the sky, and a loud rumbling sound rang over the entire head, extremely terrifying.

The severely injured Mary in front of her, and the Fire Girl Ice Girl were all stunned when they heard the terrible thunder.

"what happened?"

Even the black knights of the Gangaluo family were there one by one.

"How could there be such a huge thunder?"

"I do not know."

No one knew what was going on with that strange thunderous sound? How could God make such weird changes?

At this moment, even the corpse king Uris felt something was wrong.

Natural vision, there must be shocking changes!

A strange change suddenly appeared on the rotten face of the corpse king Uriss, and his bloodthirsty eyes looked at the top savagely.

Suddenly he vaguely felt something wrong with the blood wing on his right side.

The blood wing on the right was the blood wing that was wrapped around Li Tian. The moment the corpse king Uris felt something was wrong, he suddenly turned his head.

At the moment when he turned his head, the corpse king Uris was instantly astonished.

Gosh?

Then why did Li Tian become like this?

Looking closely, Li Tian, who was curled up by the corpse king Uriss with blood wings, turned blood red, his eyes, hair, and body all turned blood.

The blood was dripping, and it seemed to be all over Li Tian's body.

His body was like a mass of blood boiling... An extreme heat energy came out of Li Tian's body, and that heat energy seemed to possess infinite energy, and seemed to break through Li Tian's body.

And Li Tian's whole person was also shaking violently.

...

Thunder is born in the sky, and everything changes!

Far away in the country of China at the ends of the world, in the northern sky, when God is undergoing such shocking changes, a silver-haired, standing on the extreme ice of the white snow is an old man who looks like a fairy. He is in coarse linen and he is raising his head. Looking at the strange sky in the west.

He held a pair of ancient tortoise shells in his old hands. On the tortoise shells were carved Gan, Kan, Gen, Zhen, Xun, Li, Kun, Dui, Bazi.

At the moment when he saw the blood on the western sky, the two ancient tortoise shells in his hand suddenly cracked, and they suddenly shattered strangely.

Accompanied by the unprovoked shattering of the "turtle shell", the white-haired old man suddenly frowned tightly.

"Evil, evil, the world is hard to braid. I didn't expect that my old man Wuji had always wanted to use God's way to dissolve the child's **** breath, but in the end it was self-defeating! Heaven and earth change, Master, did I do something wrong? Walk from the sky?"

The white-haired fairy old man muttered to himself, and whispered while looking up at God.

However, his words were blown away by the howling cold wind, and then the cold ice and snow above the sky was blowing towards his body.

However, when those ice and snow floated to the gray-haired old man in front of them, they suddenly seemed to be blocked by something, and they just couldn't get close to the fairy-like body of the old man.

"Perhaps, only my senior can resolve the evil spirit on that child!"

"Although the magic way is fierce, but the evil star is more fierce. The evil spirits are gathered together, and maybe it can resolve the child's resentment of the reincarnation."

The fairy old man murmured.

After uttering these words, his eyes suddenly became firm.

"It seems that I Wuji still needs to go down to Tianshan once..."

"Kui, brother, where are you?"

On the top of the endless and vast Tianshan Mountains, it is inaccessible, but seeing the endless snow-capped mountains ups and downs, following the words of the fairy old man, his voice echoed all around the huge Tianshan Mountains.

Then there was a strange howl, but I saw a huge eagle flying down from the top of the sky.

The huge eagle was a few meters wide and looked terrifying. After flying over from the sky, the white-haired old man suddenly flew up, and then flew straight towards the huge eagle.

There was a swish, but seeing the white-haired fairy old man, the dazzling effort had reached the giant eagle, and then after hearing a strange whistle, the giant eagle suddenly spread its giant wings, and then swept straight towards the sky.

After a few screams, he was no longer seen.

...

Come back again.

However, after seeing Li Tian's shock, the corpse king Uris suddenly changed his bloodthirsty eyes.

Because he didn't even know what happened to Li Tian? Don't know, how could he be filled with such terrible blood? This was something he had never encountered before, and it was really weird.

Just when the corpse king Uris was horrified, one of his wings wrapped around Li Tian's body, and he suddenly felt Li Tian's hot body.

Li Tian's body is like a raging fire. As his body gets redder, the heat gets hotter.

The intense heat caused the corpse king's wings to become painful.

"Damn it, what's the matter?" The King of Zombie uttered a horror, and the wing that had wrapped up Li Tian suddenly threw Li Tian out.

He didn't dare to wrap the Li Tian with his wings anymore, because Li Tian's body was so hot! It's hot like a fire.

But he said that as the corpse king Uris' wings suddenly flicked, Li Tian's body instinctively flew out.

Then look at Li Tian, my goodness, how did his whole body become that look?

His body seemed to be burning blazingly... his face, hair, and eyes had all changed, turning into a weird blood red, hideous and weird.

A strong heat filled his body...

He closed his eyes, as if suffering endless pain, his body trembling there.

Suddenly, the clothes on the upper body ignited spontaneously innocently, as if his clothes couldn't stand his hot body and became burning. With a bang, all his coat was burned to ashes, and at this moment, he His body was exposed.

What kind of body is that?

The scars on his body are vertical and horizontal, like a totem, and the most strange thing is that there is a blood line on the several main meridian points on his chest, which connects all the main meridian points of his entire chest in series.

The blood shadow turned into a word.

"Sha?"

There were Mary and the Fire Girl and the Ice Girl over there. Rondia couldn't help screaming when he saw this scene.

Because they all saw the font connected by the blood line on Li Tian's chest: Sha.

And what about the corpse king Uris at this moment? Of course he also saw the blood-red "Sha" character exposed in Li Tian's chest.

When the corpse king Uris saw a strange font suddenly appearing on Li Tian's body, his bloodthirsty pupils were suddenly filled with endless anger.

"Boy, what are you doing?"

"Today, my corpse king must let you go to hell!" With a roar, the corpse king shot again!

The corpse king can't bear it anymore.

Because he had already felt Li Tian's weird changes, he had to attack him early to avoid changes, so he shot viciously.

But seeing that the horrible wing of the corpse king suddenly swept towards Li Tian with an endless **** breath, the wings that swept wildly carried a strong smell of corpse.

Seeing that the corpse king's extremely violent move attacked Li Tian, but Li Tian still stood motionless, his pupils were tightly closed there, and his whole body was still shaking violently. .

The King of Corpse saw that he attacked, and Li Tian didn't react at all, not only an evil and cruel smile appeared on the corner of his mouth.

"Go to death." The Corpse King roared.

Then the wings with the extremely unpleasant corpse smell swallowed towards Li Tian.

But at the moment his wings swallowed towards Li Tian, suddenly, Li Tian's eyes burst open.

The moment those pupils opened, the world changed, and those eyes looked so scary and terrifying. Those eyes looked like unique among humans!

Those were the pupils of Blood Fiend, with perish in them, with hollow eyes that ruined the world.

The moment he opened it, the word "Sha" on Li Tian's chest suddenly became **** red, as if to stand out from his body.

what! ! !

Suddenly, Li Tian yelled up to the sky like a madman.

The horrible cry of eardrum piercing with an incomparable strength, that endless strength, directly shook the rocks around his body, even the Gangaro family that was close to him. The black knights all shook up and flew out...

Then, his empty and perishing eyes looked at the body of the corpse king Uris.

The corpse king, a vampire monster that has survived for nearly two thousand years, can be said to be an immortal existence in the Gangaro family, but the moment Li Tian's hollow, perishing eyes looked at him, he suddenly felt a The feeling that the stock has never had: fear!

Then Li Tian's body moved suddenly! No one can imagine Li Tian's speed!
