

## A Killer 2311

Chapter 2311: Resurrection of the Devil

When this terrifying corpse began to slowly resurrect, the air in the entire cave suddenly became frozen. .

A strange black aura erupted from the body of the corpse. The black aura was the aura of a demon.

The terrible black breath slowly evaporates, evaporating, and gradually filled the entire cave.

After the corpse king Uris saw this weird devilish energy, his mouth showed a hideous smile.

"Hua Xia Country does have incredible martial arts..." The Corpse King suddenly muttered in his mouth.

After he finished speaking, he blinked \*\*\*\* eyes and looked at the corpse lying in the coffin, and then suddenly said: "Get up, you have been resurrected..."

The moment the corpse king uttered a word, the corpse in the coffin suddenly swelled out with a soaring devilish energy, and then a black shadow whizzed and flew from the coffin at an astonishing speed. come out.

Then I saw that terrible group of soaring demonic energy, after rushing out of the coffin, gradually transformed into a human form.

His whole body was surrounded by demonic energy, and an unstoppable breath of darkness surged all over his body.

He was resurrected again.

Look carefully at his face, it is a hideous face stitched up with steel wires, pale and bloodless.

The muscles on his face were stiff and cold, with scars in one piece. Standing there, there was nothing but hatred and anger in his eyes.

After he was resurrected from the coffin, he stood there forever, looking at the corpse king Uris before him with a fierce and cruel gaze.

No words, no words, just like a dead body.

After seeing him resurrected, the corpse king showed a weird smile.

"You finally came alive." The corpse king looked at the corpse there with a grin and said.

The terrifying corpse that had been resurrected suddenly uttered words after hearing the words of the corpse king.

"who are you?"

"How am I alive? Am I already dead?" His voice sounded hoarse and unpleasant.

But seeing the corpse king grinning gloomily: "Because I resurrected you, I used my blood to turn you into the most powerful undead clan under the world."

After the corpse heard what the corpse king said, he suddenly asked coldly: "The undead?"

"Yes, we are the immortal clan, and you will be one of our immortal clan in the future!"

"Blood! Dark vampire." Corpse King Uris explained to the corpse there.

The moment that corpse heard the word "vampire", his devilish energy multiplied, and suddenly a terrible killing intent filled the entire cave.

"What did you say?" Cold words came from the mouth of the resurrected corpse.

His eyes flashed with extreme hostility, facing the corpse king Uris in front of him.

A sneer flashed from the corner of the corpse king Uris's mouth and said: "I said, you are already a vampire now! And your body will never die except for your head..."

After the corpse heard the corpse king Uris say so, suddenly the whole person was startled.

He then slowly raised his hands, looked at the hands covered with black devilish energy, and suddenly said, "I...I...have become a vampire?"

The corpse king smiled and said, "Yes, you are already a vampire now."

After the corpse heard these words, he suddenly roared, and the terrifying demonic energy burst out with his roar.

With a bang, the surroundings he was standing suddenly seemed to explode, all of them burst by the terrifying demonic energy around him.

"My Long Yin turned into a vampire?"

Suddenly the corpse hissed there with a terrible voice.

He couldn't tell whether his laughter was happy or painful, anyway, listening to people's ears made people feel timid.

Is he Long Yin?

Devil Dragon Yin?

Li Tian's greatest enemy ever, Long Yin?

Yes, look carefully at his face. Although his face has been deformed, the face sewn by the steel wire is hideous and ugly, but he can still be vaguely distinguished.

He is indeed the Dragon Yin who died and resurrected!

It turns out that when Long Yin was killed by Li Tian, his body was taken away by the King of Corpse!

Unexpectedly, after the corpse king brought Long Yin's corpse back, he asked his men to sew up the broken limbs of Long Yin, and then resurrected the demon Dragon Yin with his thousand-year blood.

Now Long Yin is resurrected.

His terrifying power will be revealed again, and similarly, the hatred between him and Li Tian will begin again.

"You were already dead, and you have been dead for a long, long time. I worked so hard to get your body from Huaxia Kingdom... and then resurrected you. Shouldn't you say thank you to me?" The corpse king looked at the demon head Long Yin at the moment and suddenly sneered.

But seeing that Long Yin suddenly took a cold look at the corpse king Uris, then he raised his terrifying eyes and looked around, slowly saying: "If you resurrect me, you must be asking me for something, saying Well, what do you want me to do?"

The corpse king Uris suddenly laughed after hearing Long Yin say this.

"Refreshing!" The corpse king Uris smiled after hearing this.

Then I saw that the corpse king Uris continued to say: "Do you still remember the nasty guy who killed you?"

At the moment when the corpse king suddenly said so, that Long Yin suddenly showed a terrible anger all over his body.

Then he saw that his eyes were red, red as if bleeding, and suddenly turned his terrifying face to stare at the corpse king Uris in front of him.

"You mean Li Tian?" bursts of devilish energy emerged from that Long Yin's body.

His murderous aura was so solemn and unstoppable.

The corpse king Uris in front of him slowly said, "Yes, it is him."

After suddenly talking about Li Tian, Long Yin furiously said, "What are you talking about?"

The corpse king replied: "Because, I want to give you a chance, give you a chance for revenge, I want you to defeat him and kill him."

"I know that although your body died at the beginning, the resentment in your whole body did not die. You hate, you are angry, all your anger is hidden in your soul, now, my corpse king gives you this opportunity to give you A chance to resolve your grievances, are you willing?" The Corpse King looked at that Long Yin with a weird smile.

Long Yin in front of him, his murderous look became more and more serious.

Kill Li Tian and defeat Li Tian!

These eight words just circled in that Long Yin's mind.

"I am willing...I want to kill him, kill him with my own hands!"

Chapter 2312: Blood Nightmare

Rival.

Long Yin seems to be Li Tian's lifelong enemy.

Now that the demon was resurrected by the corpse king Uris, he will carry the grievances all over his body, look for Li Tian, and then kill Li Tian.

Not for anything else, just for the hatred of the year.

"Li Tian is there now?" Long Yin suddenly asked, his voice was so excited, his expression was full of terrible killing intent.

It seems that he is now anxious to find that Li Tian, and then kill him.

The corpse king Uris replied: "He is nearby."

Hearing the corpse king said so, that Long Yin's demonic energy increased sharply.

"Where is this place?" Long Yin asked in front of him.

The corpse king Uris replied, "Oh, I forgot to introduce it to you. This is the Immortal Mountain...It's Italy."

When Long Yin heard it, the whole person was not only startled.

The corpse king smiled and said, "Don't be shocked, we have already left your country."

Then the corpse king in front of him told Long Yin all the things in front of him.

After hearing part of it, Long Yin suddenly said coldly: "I don't want to hear too much about your vampires. You just need to tell me, where is Li Tian? Where can you find him?"

When the corpse king heard Long Yin saying this, he smiled evilly, and looked at Long Yin and said, "You want to know that kid is there so much?"

"Of course!" Long Yin snorted coldly.

"Are you sure you can kill that kid now?" The Corpse King asked again.

After Na Long Yin heard that the corpse king suddenly said so, an anger suddenly surged from his body, and he turned his head and looked at the corpse king Uris solemnly.

"you do not believe me?"

The corpse king felt the devilish energy of Long Yin, and smiled faintly: "I didn't believe you, but I forgot to tell you. That kid is no longer what he used to be, and he has also become a vampire... and Strength has greatly increased."

At the moment when he heard that Li Tian had also become a vampire, Long Yin was taken aback first, and then he laughed wildly.

"What are you talking about? You said that kid Li Tian turned into a vampire?" Long Yin asked in surprise.

But seeing that corpse king Uris smiled there and said: "Yes, he was bitten by me!"

"So, he has also become a vampire." The corpse king said.

When that Long Yin heard it, he suddenly laughed happily, and his whole body's demonic energy increased sharply with his laughter.

"Li Tian, Li Tian, I didn't expect you to have this day..." Long Yin said happily while laughing.

He originally thought that he had become a monster that is not like a human or a ghost, but he did not expect that Li Tian would also become a dark vampire!

Finally, Long Yin's angry mood was satisfied.

The corpse king continued to say to the Long Yin: "Originally, I wanted to kill the stinky boy with my own hands, but I have no choice but to do another thing recently, so I revive you!"

"I want you to take revenge, find that kid and kill him! Bring his head back to me." The corpse king in front of him said cruelly to the dragon.

After hearing what the corpse king said, Long Yin slowly turned that horrible face, and glanced at the corpse king in front of him.

Suddenly Long Yin sneered and said, "Why do you hate him so much?"

"Could it be that you were also defeated by the kid surnamed Li?" Long Yin suddenly looked at the corpse king with a weird smile.

When the corpse king heard it, he was furious.

"nonsense!"

"My corpse king has never met an opponent who defeated me in his life, how could that kid?"

When the corpse king yelled so, there was a wave of weakness in his eyes.

How treacherous and clever that Long Yin was, when he noticed the timid gaze that appeared in the corpse king's eyes, he smiled grimly.

However, Long Yin did not directly dismantle the corpse king Uris.

He just looked at the broken wing on the back of the corpse queen coldly and laughed strangely.

The corpse king saw Long Yin looking at his back, his eyes filled with anger and shame.

"Well, I will help you kill Li Tian." Long Yin finally said to the king of corpses.

After hearing Long Yin say this, the corpse king nodded in satisfaction.

"well!"

"In order for you to fully kill the kid surnamed Li, I will use Blood Nightmare to make you drink it. In that case, your strength will be multiplied." The Corpse King sneered at that treacherously as he said.

"Blood Nightmare?" When Long Yin heard it before him, he was not only slightly puzzled.

To be honest, although he hated Li Tian, he hoped that he would become stronger because he was defeated by Li Tian. This time he was resurrected, Long Yin vowed that he would never lose again.

So he has to improve his strength! Improve my own abilities.

It just so happened that the corpse king in front of him said so again, this Long Yin of course was extremely happy.

But seeing the corpse king said slightly: "You don't need to care about what blood nightmare is, you just need to drink it."

After speaking, the corpse king suddenly turned around, and Long Yin didn't know what the corpse king was going to do, but he raised his icy eyes and looked at the corpse king Uris in front of him without blinking.

But after seeing that corpse king Uris turned around, he suddenly walked towards the ancient bronze coffin.

The ancient bronze coffin was sealed by the demon ancestor of the Gangelo family. Why did the corpse king Uris suddenly step forward towards the ancient bronze coffin?

After the corpse king walked to the ancient bronze coffin, he suddenly muttered in his mouth and said: "Master, I'm sorry, the subordinates will offend you..."

"It is said that this immortal coffin was once stained with the blood of the most powerful leader of the Twelve Clan, so the subordinates need to use a little of their blood nightmare."

It turns out that when this immortal coffin was sealing the ancient demon, the leaders of the other twelve blood clans were sealed with blood, so this ancient bronze coffin had blood stains from the powerful leaders of the twelve clans.

Although the years have been dazzling for thousands of years, the blood will never disappear.

And the most powerful force of the twelve clans contained in the blood is: Blood Nightmare!

Everyone knows that the blood race relies on blood to spread its power. If a vampire can possess the "blood nightmare" of the ancients, it will undoubtedly become extremely terrifying!

And now, the corpse king Uris actually wants that Long Yin to eat the blood nightmare! !

After the corpse king Uris murmured, he suddenly stretched out his pointed nails and touched the rusty lines on the ancient bronze coffin.

With the touch of his skull finger, the rusty lines on the bronze coffin suddenly seemed to be baked...

From the center of the corpse king's palm, a burst of heat energy, as the energy became stronger and stronger, a drop of scarlet blood suddenly condensed from the ancient bronze coffin.

With a click, the weird drop of blood flowed down, just in the palm of the skeleton of the corpse king Uris.

The corpse king finally took a drop of "Blood Nightmare" from the ancient bronze coffin.

"Yes, put this drop of blood in your mouth, and your strength will increase rapidly. At that time, that kid named Li will no longer be your opponent." The corpse king Yuris was suddenly there. An evil smile said to Long Yin in front of him.

After listening to what the corpse king said, Long Yin did not directly take the drop of blood, but raised his cold eyes to look at the corpse king Uris in front of him.

"Since this drop of blood has such a powerful force, why don't you drink it yourself?" Long Yin suddenly asked.

Yes!

Since this "Blood Nightmare" has the blood left by the ancients, why didn't the Corpse King eat it?

Why does he want Long Yin to eat?

After hearing Long Yin's question, the Corpse King suddenly changed his face.

Then I heard him say: "I...I want to give you a chance for revenge!"

When Long Yin heard it, he suddenly laughed wildly: "Do you think I look like a fool?" Long Yin asked suddenly.

Hearing what Long Yin said, the face of the corpse king became more and more ugly.

But seeing that Long Yinzai suddenly said coldly: "If you want me to kill the surnamed Li, you must tell me what is so strange about this drop of blood?"

After hearing Long Yin's question, the corpse king finally said helplessly: "Do you really want to know?"

Long Yin said: "Of course."

"Well, since you want to know, then I will tell you."

"Although this drop of blood is the soul left by our ancestors, drinking it can instantly become infinitely powerful, but it also has drawbacks, because after taking this drop of blood, you will have a dry body within ten days. And then die..."

Chapter 2313: Magic change

death?

Will die within ten days?

When Long Yin heard the corpse king Uriss say so, he suddenly roared, and invisible hostility filled his body.

"You said, after taking this drop of blood, you will die within ten days?" Long Yin asked suddenly.

The corpse king Uris nodded silently: "Yes."

"Although the \*\*\*\* nightmare left by the ancients has powerful power, it also has the terrifying power of backlash. Once you take this drop of \*\*\*\* nightmare, you will become extremely powerful, but at the same time There are also disadvantages." Corpse King Uris looked at that Long Yin and said.

After Long Yin listened, he stopped speaking, but coldly looked at the drop of "blood nightmare" in the palm of the corpse king.

"How? Do you dare to take this drop of blood nightmare?" Zombie King Uris suddenly looked at that Long Yin with a strange smile.

"You have to know that you are already a dead character... The reason why I resurrected you is that I want you to avenge... kill that kid."

"Don't you have resentment in your heart? Isn't there hatred? Don't you want to kill the boy named Li with your own hands?"

"If you want to kill him, you must first become stronger than ever... and this drop of blood nightmare is your best choice." Zombie King Uris said to the dragon Yin in front of him. Tao said.

After Na Long Yin heard the words of the corpse king Ji General, his whole person instantly changed.

Hatred, endless hatred filled his heart.

He wanted to kill Li Tian, so much, so much.

In order to kill Li Tian, he can do anything.

After suddenly thinking this in his mind, suddenly he heard a roar from his mouth.

"Shut up!" he yelled at the corpse king Uris.

After the corpse king Uris heard the roar of Long Yin, he stopped talking, just looked at Long Yin.

But seeing that Long Yin, his pupils stared at the drop of "blood nightmare" in the hands of the corpse king without blinking.

Suddenly he made up his mind: "Give me the \*\*\*\* nightmare..."

After Long Yin screamed, the corner of the corpse king's mouth suddenly showed a strange smile.

Then he slowly stretched out his skull finger, and then slowly stuffed it to Long Yin in front of him.

After Long Yin got that drop of "Blood Nightmare", his whole body was devilish.

eat? Still not eating?

If you eat it, maybe ten days later, as the corpse king said, he will die.

Don't eat it? If you don't eat it, you can't kill Li Tian.

For the hatred, for the resentment in his heart, that Long Yin's \*\*\*\* eyes suddenly flashed a firm look.

Then he didn't even think about it too much, tilted his head up, and swallowed the drop of blood in one mouthful.

After the blood nightmare followed Long Yin's neck and entered his body, a strange heat quickly spread to his whole body.

The heat seemed to make Long Yin let out an uncomfortable muffled sound when it was moving around in his body.

And what about the corpse king Uris? After seeing that Long Yin had taken this drop of blood nightmare, a sneer appeared at the corner of his mouth, and his body couldn't help taking two steps back, and then he raised his bloodthirsty eyes and looked at the changing Long Yin at that moment.

The blood nightmare entered that Long Yin's body.

But seeing Long Yin's whole body's devil qi constantly surging toward the outside, the entire space was filled with compelling devil qi. And his whole body seemed to be undergoing drastic changes, the sound of chucking joints came from his whole body, and suddenly, his body began to change suddenly.

At that moment, the extremely hideous face suddenly appeared on the surface of his skin, and then he saw even more terrifying things.

I saw a purple-black aura shrouded in his whole body, and that purple-black terrifying aura surrounded Long Yin's whole body like that.

Long Yin seemed to be bearing a huge amount of energy, and his whole body was trembling slightly.

The blood nightmare is formed by condensing the blood of the ancients of the twelve blood clan. To put it bluntly, after taking the blood nightmare, the dragon Yin in front of him has temporarily accumulated the power of the ancients of the 12 clan...

How powerful? One can imagine.

As the blood nightmare completely entered Long Yin's body, Long Yin suddenly roared in pain.

Then all the clothes he was wearing were shattered by the devilish energy, revealing the body full of scars. If you look closely, on his body, twelve weird blood-red lines wandered around him. In the whole body.

These twelve weird blood-red lines are the blood souls of the twelve ancients.

Wandering in that Long Yin's body at this moment.

Long Yin was trembling in that body, both hands opened, and bursts of energy surged in his body. what!

A terrible roar sounded from Long Yin's mouth. At the moment he called out, the twelve blood lines slowly disappeared in his body, and at this moment, Long Yin trembled. Suddenly, his body stopped.

In the entire cave, the breath suddenly seemed to condense, and everything seemed to stop.

Suddenly, a drop of water on the stone wall fell from above.

Click...

The moment the water drop fell from the air, it suddenly suspended in the air.

And at the same time, Long Yin's eyes opened.

Monsters are born, causing harm to all beings.

he's changed.

Long Yin completely changed.

His face was purple and black, his pupils became amazing and terrifying, and his arms seemed to have exploded. They were as narrow and weird as wild beasts. The arms and body all grew out of layers like scale armor. Weird skin.

In general, Long Yin has changed.

He has become no longer the same as before.

Looking at the completely changed Long Yin, the corpse king Uris suddenly laughed weirdly.

And what about Long Yin?

After the complete fading, he slowly raised his head, and a sense of satisfaction surged from his hideous face.

"From today, the world is only me, and \*\*\*\*\* is also me."

A few \*\*\*\*\* words just spit out from Long Yin's mouth.

The turbulent demon energy became more and more powerful following the words he uttered.

After the completely changed Long Yin said that weird sentence, he suddenly turned his distorted face to look at the corpse king Uris in front of him.

The moment his eyes looked at the corpse king Uris, the corpse king couldn't help feeling a sense of fear.

That fear was created invisibly, and even the king of the corpse himself did not expect...

"In the previous life, I was a man and died once! In this life, I am a demon, between heaven and earth, my Long Yin will never die again!"

The moment the extremely terrifying words came out of that Long Yin's mouth, he suddenly laughed strangely.

The moment the harsh and unpleasant sound came from that Long Yin's mouth, the corpse king Uris didn't know why, and his heart suddenly choked, and an extremely bad premonition surged from the heart of the corpse king Uris.

Because he seemed to feel that he had resurrected this demon, which was a great mistake! ! !

Then when the corpse king Uris wanted to talk about \*\*\*\* Li Tian after the change in front of him, that Long Yin suddenly increased his devilish energy, and his whole body disappeared like a wind in the whole stone cave. in.

My God, between the heavens and the earth, only a black demon shadow flashed and disappeared, and even a powerful character like the corpse king could no longer see the body of that dragon.

In this way, Long Yin disappeared.

His body disappeared in this cave like a ghost, without a trace.

Chapter 2314: Devilish

In this way, the terrible Long Yin disappeared.

It seemed that he could no longer be found between heaven and earth.

The corpse king Uris watched the demonized Long Yin disappear, and suddenly a strange look flashed in his bloodthirsty eyes.

Then he whispered in his mouth: "I hope this guy can kill that stinky boy, otherwise I will be wasting everything."

After speaking, the corpse king strode out of the dark cave in front of him.

Standing outside the cave are the vampire black knights of the Gangaro family.

At this moment, a black knight of the Gangaluo family said to the corpse king Uris who was looking at him: "Elder corpse king, the altar has been initially completed, and it will be activated in two days."

Hearing what the black knight under him said, a strange smile appeared on the corner of the corpse king's mouth.

Murmured, "Very good."

"The blood moon is coming soon... then we can welcome the resurrection of our greatest master of Gangelo." Corpse King Uris said.

After hearing what the corpse king said, the black knights under him screamed in excitement.

They are excited, they are all excited to welcome the greatest demon of the ancients in a thousand years.

Once that thousand-year-old demon is born, the world really does not know what it will become! ! !

When all the Gangelo clan screamed, the corpse king Uriss silently looked at the sky outside the cave, and suddenly said, "The sky is about to light up..."

"Notify Berwick, let all family members enter this cave and rest!"

After the Elder Corpse King uttered these words, the dark knight under him quickly nodded and then stepped back.

Heaven, it will light up soon!

Once the day breaks, vampires must hide and rest... Otherwise, they will be baked by the scorching sun and then turned to ashes.

In this way, the black knight of the Gangro family quickly went to inform Count Naberik.

...

There were still a few kilometers away from the Immortal Mountains, but I saw a group of people moving forward quickly.

The place they rushed to was the immortal mountain range.

They are the brothers of the evil god, Duguxie and Li Tian.

Ever since Cthulhu and his brothers met the Earl Simon of the Murkawi family who had fled, and the nighty family members, the Cthulhu's heart was panicked for a while.

He heard that the Torrido family had been taken over by the terrible vampires of Gangelo!

And even that Mary was arrested. Now that Mary is dead or alive, the evil gods don't know.

If something happens to Mary, what about Li Tian? What will happen to Li Tian? This is the issue that the evil \*\*\*\* is most worried about right now.

The Cthulhu, who was worried in his heart, hurriedly marched towards the place of the immortal mountain range, and Duguxie and his brothers also followed closely.

Everyone was sullen, silent, and the atmosphere was unprecedentedly tense.

Suddenly they were rushing towards the immortal mountain range, but they saw a cloud of purple-black demon energy rising into the sky from the immortal mountain range, followed by a swish, and disappeared strangely.

"Brother, look at... Devil Qi!" An exclamation exclaimed from the mouth of Du Guxie.

The Cthulhu had already turned his ugly face at this moment, looking at the weird purple-black magic energy in the immortal mountains.

And the brothers all looked over there with horrified eyes.

"Immortal Mountain Range, how could such a terrifying devilish energy appear?" The Cthulhu whispered suddenly.

The ghost servant on one side was surprised and said: "Isn't the Immortal Mountains all vampires? How can such a terrible demonic energy appear?"

Yes, the vampire's breath is dark and cold, and it is impossible to have such a magnificent devilish energy just now.

The devilish energy that rose to the sky just now is definitely not a vampire.

At this point, Cthulhu and Duguxie can all see it.

Looking at the terrifying devilish energy rising into the sky, the evil \*\*\*\*\* in front of him suddenly became extremely ugly in his eyes.

Looking at the turbulent demon energy there, he slowly said: "It seems that in the immortal mountains, there are not only vampires...presumably there must be other demon inside."

Listening to the evil \*\*\*\*\* saying this, Duguxie and the other brothers were frowning deeply and not speaking.

Although they didn't speak, everyone felt more and more weird about the immortal mountains in their hearts.

But he said that the group of demonic energy that soared into the sky disappeared with a swish after it suddenly appeared.

The devilish energy came suddenly, and went even more suddenly, as if it appeared out of thin air.

"Disappeared...The devilish energy disappeared..." Xue Wuhen, who was next to him, cried out.

The brothers all looked at the place where the weird devilish energy disappeared, and couldn't help but wonder.

No one knew what was going on with the terrible demonic energy just now.

The evil \*\*\*\*\* who was silent for a while said to the brothers: "Let's go... let's continue on our way."

Duguxie and the brothers behind them nodded silently, and then followed the Cthulhu one by one toward the Immortal Mountain.

As Cthulhu led the brothers to rush forward quickly, the sky slowly brightened.

I can see the slowly rising sun in the far east...

When the sun's brilliance slowly burst out of the horizon, the weird gloomy atmosphere shrouded in the Immortal Mountains began to be dissipated by the sun.

Gradually, a clear view of the immortal mountains appeared in front of the brothers.

"That's the immortal mountain range there?" Tang Xiaolong said with his mouth wide open, looking at the immortal mountain range just a few kilometers in front of him with shocked eyes.

But seeing the immortal mountains in front of them after dawn, they looked exceptionally magnificent.

The surrounding mountains are undulating and continuous. Everywhere you see, there are large and small mountains and peaks, and the mountains are bare, with no flowers or trees growing, all of them are giant undulating rocks.

Looking at the immortal mountains that are about to arrive, each of the brothers has an extremely strange feeling in their hearts.

Then I saw that they began to walk step by step towards the Immortal Mountains.

It's getting closer and closer to the Immortal Mountains.

From a distance, I could feel the \*\*\*\*\* breath coming from the immortal mountains.

The smell is extremely unpleasant, giving people a very scary feeling.

"It's almost the Immortal Mountain Range, everyone be careful." The evil \*\*\*\*\* looked at the brothers and exhorted.

He knew in his heart that there was a terrifying vampire here... and there was the unprovoked devilish energy just now, so he had to proceed with caution.

After the Cthulhu finished speaking, the brothers nodded quickly one by one, and then closely followed the Cthulhu's footsteps, walking step by step towards the Immortal Mountain.

Chapter 2315: Blood

Arrived!

They finally reached the foot of the Immortal Mountains.

The surrounding rocks were ferocious, and huge rocks fell on the ground piece by piece. Each of the raised mountains was several kilometers high.

Looking at the surrounding mountains, the evil \*\*\*\*\* frowned slightly.

"This immortal mountain range is surrounded by mountains...Where are the vampires hiding?" the evil \*\*\*\*\* murmured.

Listening to what the evil \*\*\*\*\* said, the brothers were also puzzled, because they couldn't see it, what could be hidden in such mountains.

"Yeah, shouldn't those vampires hide on this mountain?" Xue Wuhen on one side questioned that.

"No!" Suddenly David the Blood Hunter over there said.

After hearing this foreigner David say this, Na Xue Wuhen asked, "Why?"

"Because vampires are most afraid of the sun... So if they want to hide, they must hide in a dark place, or in some gloomy cave. They will never expose their bodies to the sun, because that If they do, they will inevitably die." David explained in front of him.

After listening to David saying this, Na Xue Wuhen frowned, and his mouth was lined with secretly: "Then what you said... those vampires are in the cave?"

While speaking, his eyes looked at the surrounding mountains.

Then David nodded and said, "It should be."

"And during the day, when the vampires are the weakest, they usually rest." David added.

After hearing David say this, Tang Xiaolong over there smiled and said, "Do you mean that day is the best time to deal with vampires?"

Then David said: "Yes."

"But it is extremely difficult to find the trace of that vampire... You have also seen that this immortal mountain is so big, it must be difficult to find it," said David in front of him.

Duguxie suddenly interjected at this moment: "You can rest assured about this."

"We have a day, don't believe we can't find those \*\*\*\*\* vampires..."

After they said so, the evil \*\*\*\*\* spoke slightly.

Just listen to him saying: "It seems that our first task is to find the traces of those vampires!"

In front of him, it is obvious that those vampires are hidden in this immortal mountain, but where are they hidden? Cthulhu and brothers are not very clear.

So after thinking about it, the evil \*\*\*\*\* at this moment directly instructed the brothers: "Everyone will separate from now on and start searching... and see if there are any weird caves around."

After the Cthulhu said so, the brothers nodded there one by one, and then began to look around.

Along the foot of this immortal mountain, they began to search for the trail of vampire bit by bit.

Surrounded by mountains and boulders, looking for a cave is not easy.

But no matter what, this is the only hope for the evil \*\*\*\*\* and the brothers to find Li Tian... they can only look for it at this moment.

...

In the barren immortal mountains, I saw the Cthulhu and his brothers searching there bit by bit like ants.

A few days of driving has made Fairy Baihua, Situ Ningbing, Duanmuying and other beauties exhausted enough.

However, none of them said that they were bitter or tired now. Even the delicate and delicate Duanmuying in the past, biting her teeth, carefully looked for the flashing around.

Xiang Khan fell from the pretty faces of several beauties. After they wiped the beads of sweat, they continued to search.

The sun has been getting higher and higher, scorching the evil \*\*\*\*\* and brothers ruthlessly.

The girl Xiaohuan who followed Duan Kiyong behind seemed to be exhausted, panting constantly...

When Duanmuying saw Xiaohuan's hard work, she couldn't help but said to Xiaohuan: "Xiaohuan, you go and rest first."

When Na Xiaohuan heard Duanmuying say this, she raised her hand and wiped the sweat from her red cheeks, and said: "Miss, I'm fine..."

Hearing Xiaohuan stubbornly saying this, Duanmu Yingliu brows her eyebrows horizontally: "Dead girl...Listen to me, hurry up and take a rest. Look, how tired are you?"

Listening to Duanmuying losing her temper, Xiaohuan whispered: "But...but...are you tired, miss?"

Duanmuying said: "I'm not tired! Don't worry, you go there and rest by yourself..."

Said Duanmu Ying, pointing to the shady spot of a protruding rock not far in front, facing the small ring road.

Xiaohuan is indeed very tired, very tired. The rush of the past few days has made the girl completely unable to bear it. At this moment, coupled with the scorching sun, Xiaohuan really can't support it anymore.

After thinking about it, Xiaohuan nodded there and said: "Well, miss, I will listen to you."

As she said, she took heavy steps alone, step by step towards the shady place at the foot of the mountain.

Xiaohuan walked towards the highest mountain here alone.

I don't know why, as Xiaohuan walks further here, he can smell a tangy blood...

Such a smell made Xiaohuan feel unbearable. She covered her nose, blinking her round eyes, looking at the place where the smell of blood exuded in front.

Upon closer inspection, the small ring found that the \*\*\*\* smell seemed to be coming from inside the rock.

The little ring who thought this way felt more and more weird, so he blinked his round eyes and carefully looked at the \*\*\*\* mountain.

Suddenly, there was a large pool of scarlet blood in the cracks in the front rocks...

And the smell of blood came out of the cracks in the rocks.

After seeing this situation, Xiaohuan suddenly screamed in fear.

what.....

There was a cry from her mouth.

Along with Xiaohuan's scream, Duanmu Ying, who was looking for the cave there, and Baihua Fairy and others were taken aback.

"Little ring?"

Duanmuying was shocked when she heard the cry of her little girl, and then quickly ran towards the little ring.

The glamorous Situ Ningbing and Ouyang Poetry here, as well as the fairy Baihua rushed over after seeing what happened to Xiaohuan.

"Xiaohuan, what's the matter?" What happened to you? Duanmuying, who rushed over, panted and asked the girl Xiaohuan with concern.

But seeing Xiaohuan's face pale, he pointed at the stone gap in front of him and said, "Blood...blood..."

After that Duan Kiyang heard what Xiaohuan said, she was taken aback, then blinked her beautiful eyes and looked at the place.

But seeing the crimson blood overflowing from the crack in the stone...

And the smell of the rotten \*\*\*\* corpse also radiated from here.

## Chapter 2316: Weird situation

When Duanmuying saw the scarlet blood flowing out of the cracks in the weird stone, she couldn't help being stunned.

"How could this be?"

"How can blood flow out of this stone gap?" Duanmuying blinked her beautiful eyes while looking at the blood, whispering in her mouth.

At this moment, I saw Fairy Baihua, Situ Ningbing, and Ouyang Shiqing three beauties also quickly rushing over.

After they rushed over, they all looked at the pale ring in surprise, and then quickly asked, "What's wrong? What happened?"

After they asked, Xiaohuan lowered his head and said nothing.

It was that Duan Kiyong slowly turned her face.

"Come here and see..."

While talking, Duanmuying stretched out her hand and pointed at the \*\*\*\* stone gap in front of her.

After Situ Ningbing and Fairy Baihua hurried over, everyone saw the scarlet blood flowing out of the stone gap.

When they saw it, they all stunned slightly.

"blood?"

"How can blood flow out of this stone gap?" Situ Ningbing in front of him said in surprise in his mouth.

All of them were surprised at the moment. Everyone looked at the bleeding stone gap in front of them with beautiful eyes.

But I saw that the stone gap was very long, very long, extending to the top, and the blood stains flowed out from the gap.

Looking at this situation, but seeing that Situ Ningbing took a step forward suddenly.

Then she slowly pressed her ear to the top of the stone wall. After applying it, she raised her hand slightly, and then tapped her hand on the stone wall near the ear.

A hollow sound came out following Situ Ningbing's percussion.

After hearing such a weird sound from the stone wall, Situ Ningbing was stunned.

"There is nothing behind this stone...There is a hole here..." A word suddenly came out of the beautiful Situ Ningbing's mouth.

After she suddenly said this, the fairy Baihua in front of her and Ouyang Shiqing were all astonished.

"what?"

"Is there nothing behind this cave?" Fairy Baihua said in disbelief.

Then she also raised her hand to knock on the stone wall in front of her.

The hollow voice came out from the top of the stone wall again.

After hearing the weird sound again, the fairy Baihua in front of him was also stunned for a moment.

"Yes, it is indeed empty... I didn't expect it to be empty behind the stone." The fairy Baihua in front of him also said in shock.

After Baihua Fairy confirmed that, several beautiful girls raised their weird eyes and looked at the bleeding stone gap in front of them.

"It seems that there should be a huge hole behind this stone wall...otherwise, it won't make such a hollow sound." Fairy Baihua said.

"En, yes." The beauties next to them nodded.

"Auntie Hua, what should I do now?"

"Would you like to break this stone wall and take a look at the situation inside?" The beautiful women such as Ouyang Shiqing looked at Fairy Baihua and said.

Fairy Baihua thought for a while, her beautiful eyes stared at the blood flowing from the gap in the stone, and then she shook her head slightly and said, "No, no hurry!"

"Well, I think it's better to notify my elder brother of this matter... and then let him come and see the situation." Fairy Baihua said there.

She didn't dare to break the stone wall rashly, because after all, this immortal mountain range was a little unsafe.

Besides, if something terrible happened, the beauties around Baihua Fairy would not be able to withstand the battle, so for the sake of safety, Baihua Fairy decided to tell the evil spirits quickly.

After hearing Baihua Fairy say so, the beautiful women like Situ Ningbing in front of her nodded and said, "Okay!"

"Then I'll go find Big Brother...you wait for me here first." Fairy Baihua said.

Several beautiful women nodded in agreement.

So I saw that Baihua Fairy stretched out, and quickly swept towards the evil god.

Here, Situ Ningbing, Duan Muying and Ouyang Shiqing are waiting here.

...

But he said that the evil god, Duguxie and ghost servants were looking for them there.

At this moment, the figure of Baihua Fairy quickly swept over.

The ghost servant turned his head inadvertently and saw the figure of Fairy Baihua. After seeing this, he screamed.

"San Jie..."

"Big Brother, Second Brother, Third Sister are here." The Ghost Servant shouted, and quickly said to the Duguxie and Cthulhu Dao around him.

After hearing the voice of the ghost servant, the evil \*\*\*\*\* and Duguxie in front of them not only turned their heads together, and then they really saw the Baihua Fairy that had come.

The Cthulhu and Duguxie not only frowned slightly when they saw Fairy Baihua flying by.

Why are the three sisters here? They secretly lined up.

"Sanmei." The Cthulhu cried out after seeing the fairy Baihua who had swept over.

Fairy Baihua had already swept over quickly, and after reaching the Cthulhu and them, he said: "Big brother, second brother..."

"What's the matter, Sanmei, why are you here?" Duguxie in front of him looked at the Baihua Fairy and asked.

After the Cthulhu and Duguxie asked, Fairy Baihua said, "We have discovered the situation."

Hearing Baihua Fairy say this all of a sudden, the Cthulhu and Duguxie in front of him instantly became excited.

"what?"

"Sanmei, what did you find?" Cthulhu quickly turned his head and asked.

So the fairy Baihua preached there, "We found blood in the cracks in the stone in the front place... and the stone wall seems to be empty... there seems to be a huge hole in it."

"Blood? Hole?"

Upon hearing that Baihua Fairy said this, the Cthulhu and Duguxie were shocked instantly.

"There?" Cthulhu asked urgently.

The fairy Baihua then pointed to the place in front and said, "It's just ahead."

"Take me to see..." Cthulhu said immediately.

The fairy Baihua nodded and said, "Okay."

After speaking, Fairy Baihua took the lead and flew up, and then took the evil \*\*\*\*\* to the place where the blood was found just now.

The Duguxie behind said to the ghost servant: "Ghost, you go and inform Xiaolong, and Qiaozhi and the others... let them come quickly too."

The ghost servant responded, and then went looking for Tang Xiaolong and Chen Qiaozhi, while Duguxie followed the evil \*\*\*\*\* and the Baihua Fairy and flew away.

Soon, but seeing that Baihua Fairy brought the Cthulhu and Duguxie in front of him to the foot of the highest mountain range here.

Situ Ningbing, Ouyang Shiqing and Duanmuying were all standing there.

After seeing Cthulhu and Duguxie coming, they all stared at him.

Chapter 2317: Found a cave

"Brother, it's here..." The fairy Baihua in front of him pointed to the blood in the cracks in the stone and said to Cthulhu.

The Cthulhu and Duguxie quickly stepped forward, then raised their eyes to look, and then they really saw the blood in the cracks in the stone.

"Why is there blood here?" The Cthulhu in front of him muttered and questioned.

The fairy Baihua in front of him said, "Brother, the back of this stone wall is empty, presumably the blood should be flowing from it."

Hearing what Fairy Baihua said, the evil spirit frowned slightly, and then touched the stone wall in front of him with his hand.

After touching the cold stone wall, the evil \*\*\*\*\* said to Fairy Baihua and the other girls, "You guys step back."

As Cthulhu said so, Fairy Baihua and other girls slowly retreated.

At this moment, they were all raising their eyes and looking at the evil \*\*\*\*\* in front of them.

I saw that after they all retreated, the Heretic God suddenly accumulated a qi, which poured from the whole body onto both arms, and then screamed, and both palms slammed against the stone wall.

But hearing a loud roar, the hard rock wall was shaken alive.

With a click, along with the cracking of the stone wall, a deep black hole appeared in the eyes of the evil god.

And the fairy Baihua and Duguxie behind them were also shocked!

There really is a hole!

If you look carefully, this cave is extremely wide, and the place where the Cthulhu relied on the palm of his hand to open just now was just a little bit on the edge...

However, this small gap is enough to allow Cthulhu and his brothers to go in and see the situation.

However, the unpleasant smell of blood emanating from the hole was thick and scary, and an extremely unpleasant smell came out from inside.

"What cave is this?"

"do not know."

The fairy Baihua and Duanmuying behind were all talking about it.

Everyone saw the weird black hole at this moment, but no one took the lead to walk over and take a look... Everyone just stood outside the entrance of the cave and observed the situation.

At this moment, the ghost servant also led Tang Xiaolong, Chen Qiaozhi, Xue Wuhen, and the Blood Hunter David over.

After they came to look for it, everyone saw the huge cave.

But seeing that the cave was dark and swarthy, a \*\*\*\*\* breath filled it.

After seeing such a weird cave, Tang Xiaolong and Xue Wuhen's eyes widened.

"Goodbye, I didn't expect that there would be such a huge cave in this mountain..." Tang Xiaolong said in horror.

Xue Wuhen next to it also said, "Yes, this deep hole looks too weird."

"You said, will there be a vampire in this weird stone cave?" Tang Xiaolong asked suddenly.  
vampire?

When Tang Xiaolong uttered the word vampire, the expressions of everyone around him changed in amazement.

Yes, Gangaro's most powerful vampire is in the Immortal Mountains.

But now it's scorching sun, and the blood races cannot move under the sun, so they must hide in a dark and humid space, and the cave is now black and huge, and no one knows how much space there is. , And the \*\*\*\* breath emanating from this stone cave... is enough to show that there is a terrible situation in this stone cave! Could it be that the terrible vampire of the Gangelo family is in this cave?

With everyone in front of him thinking so, the blood hunter David suddenly came out.

After he walked out, I saw him say there: "If you want to know if there is a vampire in this cave... Then I have a way."

Following the words of David the Blood Hunter, everyone not only turned their heads and looked at David the Blood Hunter.

"Do you have a way?"

"What's the solution?" Tang Xiaolong and his brothers hurriedly looked at the blood hunter David and asked.

This guy is a blood hunter. He has been exposed to how to find vampires and how to deal with vampires since he was a child, so he should have a way.

After the brothers asked, David the Blood Hunter smiled, and then quickly escaped a green bottle from his arms.

When the bottle was taken out, the brothers were all taken aback.

Only the eyes of the evil \*\*\*\* shined.

Because this bottle is the blood hunting David before: the holy water bottle.

This holy water bottle is a bottle that has been blessed. Once close to the vampire, this holy water bottle will emit a green light, and now David will use this holy water bottle to detect whether there is really terrible in this cave Vampire.

After David took it out, the brothers asked, "What is this?"

So David explained it to the brothers.

After hearing what David said, the brothers looked at the little green bottle in David's hand with curious eyes.

"Can this little bottle really detect the existence of a vampire?" Tang Xiaolong asked dubiously.

David said, "Of course."

Listening to David saying this, the brothers are all looking at him now.

The evil \*\*\*\* suddenly spoke, and he said to the David: "In this case, you can use your holy water bottle to probe it."

That David nodded quickly, and then holding the little green bottle in his hand, he walked towards the dark and \*\*\*\* black hole.

When his body got closer and closer, the weird little green bottle suddenly began to shine.

After lighting up, the brothers were all shocked there.

"It's bright, it's really bright..."

Everyone said excitedly there.

However, Cthulhu's face became more and more serious.

Because he knew in his heart that since the holy water bottle was lit, it was enough to explain that there must be vampires in this cave... and there must be a lot of light.

At this moment, after seeing the light from the holy water bottle, David frowned deeply, and muttered in his mouth: "It seems that there really are vampires in this cave..."

After he finished saying this, everyone stopped talking, blinking their eyes and looking at the evil god, they were waiting for the evil god's order.

In? Still not entering?

"Can you judge the number of vampires here?" The evil \*\*\*\* in front of him suddenly looked at David and asked.

The blood hunter David showed an embarrassed look on his face and said, "This...I can't..."

Hearing David say this, the evil \*\*\*\* was also depressed.

"Brother, what do we do now? Do you want to go in?" Just listen to Duguxie looking at the evil \*\*\*\* and asking.

The Cthulhu looked at the black stone cave with the smell of blood, and was silent for a while, then suddenly raised his eyes and said, "Well, Dugu, Gui Mu, you, Xiaolong, Qiaozhi, you follow me in People, all stay outside first." A word came out of the evil god's mouth.

Chapter 2318: Found the coffin

After the Cthulhu suddenly said this, the Baihua Fairy was stunned.

"Brother, I also want to go in with you..." Fairy Baihua said immediately.

The beauties such as Situ Ningbing and Ouyang Shiqing also said, "Yes, we want to go in too."

Hearing what they said, the evil \*\*\*\* shook his head and said, "No! Don't go in yet."

"Here, it has been detected that there are terrible vampires...As for how many, none of us knows. If there are a lot of vampires here, it will be very dangerous. So, for the sake of safety, you all Waiting outside." Cthulhu said to Fairy Baihua.

Listening to Cthulhu's words, even though Fairy Baihua was full of reluctance, for the sake of the overall situation, she could only nod in silence there.

"Well, brother, we listen to you." The last fairy Baihua said helplessly.

After all, there are Duanmu Ying and Ouyang Shiqing and other girls who need the protection of Fairy Baihua.

After Fairy Baihua said so in the end, the evil \*\*\*\* decided that he took Duguxie, the ghost servant, Xue Wuhen, and Tang Xiaolong into this weird cave.

Then David finally followed.

Under the leadership of the Cthulhu, they stepped into the \*\*\*\* cave.

After the Cthulhu led everyone into this cave, they were shocked to find that the cave was far bigger than they thought.

And there was a strong smell of rot and blood inside.

After walking in, Cthulhu told the brothers behind him, "Everyone, be careful."

Duguxie and the ghost servants all nodded.

The cave was very dark, very dark, and a gloomy and humid atmosphere came from the depths of the cave.

"Xiaolong, take out the flashlight from the backpack..." the ghost servant in front of him said to Tang Xiaolong behind him.

After hearing the ghost servant say this, Tang Xiaolong nodded quickly and said, "Okay, Master."

Then he quickly took out a flashlight from his backpack.

After taking it out, I turned on the flashlight, and a bright light came out.

In this way, Tang Xiaolong was leading the way with a flashlight in his hand.

As Tang Xiaolong walked forward, he used a flashlight towards the stone wall in front...

I was shocked to find that this cave was so big and deep that the light from the flashlight couldn't be found at all.

"What a big cave." The ghost servant in front of him said in astonishment.

With a flashlight in his hand, Tang Xiaolong suddenly lighted the ground inadvertently, and suddenly found that there were scarlet blood on the ground.

At first glance, Tang Xiaolong was stunned for an instant.

"Senior Cthulhu, Master, look at this ground..." Tang Xiaolong exclaimed, while holding a flashlight to the ground.

The Heretic God and Duguxie, after hearing Tang Xiaolong's scream, they quickly looked down, but they saw the blood on the ground, blood everywhere... and there were weapons left there.

Seeing such a situation, Cthulhu suddenly frowned.

"There must have just been a fierce battle here." Suddenly the Cthulhu said there.

The brothers also saw the blood stains on the ground and the weird weapons. After seeing them, they also felt that the Cthulhu was right.

"Is it a war between vampires?" Du Guxie asked in that question.

Cthulhu didn't say a word, because he wasn't sure either.

Xue Wuhen next to him suddenly questioned: "Since there is so much blood flowing here...Why didn't you see a corpse of a vampire?"

Following Xue Wuhen's question, the blood hunter David in front of him suddenly spoke. He said to Xue Wuhen, "The corpses of vampires won't be left behind, because if their bodies die after death, they will quickly turn to ashes...so we can't see it at all."

Xue Wuhen was stunned for a moment when he heard what David said.

"So it's like this..." Xue Wuhen said in horror.

Then David nodded and said, "Yes."

With that said, everyone began to move forward.

Along the way, everything I saw was bloody, looking terrifying and scary.

Suddenly when they were walking towards the front, Tang Xiaolong discovered a huge stone cave on the side.

"Hey, there seems to be a stone cave here." Tang Xiaolong said as he took the flashlight to the side.

The Cthulhu and the brothers turned their heads and looked at the place where Tang Xiaolong's flashlight was shining. They looked carefully, and they really saw a huge stone cave on the side.

After seeing the stone cave, the evil \*\*\*\*\* said: "Go, go and take a look."

With that said, Tang Xiaolong took the flashlight and started to move forward step by step.

I don't know why, when they got closer and closer to the cave on that side, a gloomy and terrifying aura suddenly surged toward them.

After Cthulhu felt that strong gloomy breath, his body's energy had already been accumulated in his palms, and he had to make all sudden preparations.

At this moment, he just raised those cold eyes and looked at the huge cave on the side.

As they approached, they were shocked to see that there were two terrifying coffins in the huge cave.

"Coffin!" An exclamation exclaimed from Tang Xiaolong's mouth.

When Cthulhu and his brothers saw these two terrifying coffins in amazement, they were stunned for an instant.

But seeing that there are indeed two terrifying coffins in the cave.

One of them is very, very old, and the coffin is made of bronze, with a lot of rust on it... It lies flat there, and on the lid of the coffin, there is an old iron rope.

The other coffin was an ordinary coffin, and that coffin had been uncovered, and it seemed to be empty inside.

After seeing such two horrible and weird coffins, the brothers looked at each other. Not only did they carefully look at the coffin, but they also raised their inner strength to avoid a terrible situation.

"What kind of coffin is that?"

"Is it a vampire?" Tang Xiaolong said in shock.

they do not know.

In the end, the Cthulhu Dao said: "Go, go and take a look."

The Cthulhu who said that, then walked toward the two empty coffins first.

As the Cthulhu and the others got closer and closer to the two terrifying coffins, the "Holy Water Bottle" held by David who followed suddenly brightened strangely.

And its light was brighter than before... A strange green light flashed in the entire cave.

Chapter 2319: Evil spirit

But what about the blood hunting David? He was startled when he saw the "Holy Water Bottle" in his hand suddenly emit such a strange light.

To be honest, he had been blood hunting for so many years, and had never seen the "Holy Water Bottle" emit such a strange and terrifying green light, so at this moment, he suddenly felt an ominous premonition surge from his heart.

And what about the evil gods in front and Duguxie?

Suddenly, he noticed a strange green light flashing behind him. At this moment, he not only turned around and looked at the magical "Holy Water Bottle".

"What's the matter? Your bottle... why is it so bright?" Cthulhu asked in amazement.

That David's face was extremely ugly, as if he had seen a ghost, he said in a pale way: "Because...because... something terrible was found in the holy water bottle."

"A terrible thing?" When David in front of him said so, the brothers all became nervous one by one.

Only Cthulhu raised his eyes coldly, and carefully looked at the holy water bottle in front of him.

"What terrible thing?" the ghost servant behind asked in surprise.

But seeing that David said with a pale face, "Vampire!"

"And it's a very powerful, very powerful vampire." David couldn't help repeating.

When the brothers heard David say this, they were all stunned for an instant.

"My holy water bottle has never been so bright since I have been with me until now... so bright... only when you encounter a very terrifying vampire powerhouse, will it emit such a weird light..." David continued .

Listening to what David said, the brothers became nervous at the moment.

A terrifying breath was invisibly condensed in the air.

"Let's get out of here... We can't deal with such a strong vampire..." David suddenly showed a timid expression there.

Perhaps only he understood in his heart what the dazzling green light from the "holy water bottle" in his hand meant.

But at the moment he just said that, the evil \*\*\*\*\* in front of him said coldly, "No!"

"Since I'm here, why go?"

The cold words came out of the evil god's mouth.

After Cthulhu said so, David was silent for an instant.

After Cthulhu finished speaking, he suddenly strode towards the two terrifying coffins in front.

The Duguxie and the ghost servants behind them saw the evil \*\*\*\*\* stride forward, and followed closely... Tang Xiaolong and Xue Wuhen also followed closely at this moment.

What about the blood hunting David? After seeing the evil \*\*\*\*\* not listening to his own words, not only did he stay there with an ugly look.

He looked around with a pale face, and suddenly his eyes were placed on the innermost ancient coffin.

A terrifying hostility spread from inside the coffin, and the "holy water bottle" he was holding suddenly cracked with a weird crack!

what!

An exclamation came from that David's mouth.

Cthulhu heard the exclamation, turned his head suddenly, and shouted, "What's the matter?"

As he turned his head to ask, he saw that the "holy water bottle" in David's hand that was emitting a strange light just now shattered for no reason.

David looked at the "holy water bottle" in his hand, with an indescribable panic on his face.

And his eyes? It was staring at the ancient bronze coffin in the innermost part.

"it....."

"It's it..." With a pale face, David suddenly pointed his finger at the innermost bronze coffin that exuded a strange aura.

After he pointed at the bronze coffin all of a sudden, the Cthulhu and Duguxie in front of him not only turned their heads together, and then all looked at the bronze coffin with weird eyes.

But seeing that the bronze coffin is unusually huge, and has a long, long history, with rusty iron marks on it, and dust...

It's there at the moment.

The first impression of the entire coffin is: fierce!

The Cthulhu in front of him and his brothers couldn't help turning their gazes after seeing the coffin exuding weird hostility.

Cthulhu also felt a "sickness" that had never been seen before coming from the bronze coffin.

He accumulated supreme infuriating energy at this moment, and then walked towards the bronze coffin step by step.

When Duguxie and the ghost servant wanted to follow him, but seeing the evil \*\*\*\*\* suddenly said, "Don't follow me..."

Following Cthulhu's words, Duguxie and the ghost servants hesitated, and stood there without moving forward.

In this way, Cthulhu slowly approached the weird bronze coffin alone.

After approaching, the "scary aura" became heavier and heavier. Cthulhu didn't know what was inside the bronze coffin... How could such a terrifying earth-shaking "aura" emanating from it? To tell the truth, Even the master of Cthulhu, the old man Wuji couldn't radiate it, one can imagine... how terrifying things are in this coffin.

After the Cthulhu approached, he glanced at the ancient bronze coffin in front of him. Under the look, the Cthulhu suddenly felt that this ancient coffin was a little familiar...

Especially the weird iron rope on the coffin! !

"This bronze coffin, I seem to have seen it there..." a sentence suddenly came out of the Cthulhu's mouth.

After the Cthulhu murmured so, his mind began to turn.

He is reminiscing, have you seen it there?

Suddenly, there was a thump in his head, because he suddenly seemed to think of something.

"The Vatican... the Inquisition underground in St. Petersburg..." Suddenly, the evil \*\*\*\*\* suddenly remembered.

More than twenty years ago, the evil \*\*\*\*\* once wielded the sword westward, one person, one sword, and the original Vatican Cathedral!

And he also entered the "Forbidden Zone" of the Vatican, the underground Inquisition.

It was also in the underground Inquisition where the Cthulhu got an ancient key... and in the deepest part of the underground inquisition, he had personally witnessed a bronze coffin sealed in a crystal coffin.

That coffin is the ancient bronze coffin in front of me.

After Cthulhu recognized the bronze coffin at once, he was shocked for an instant.

"The coffin that the Vatican placed in the underground Inquisition... How come... here?" The evil \*\*\*\*\* was suddenly puzzled.

The Cthulhu thinking in his heart felt more and more weird.

He looked at the huge bronze coffin in front of him, and suddenly he had an urge to open the ancient coffin.

The Cthulhu wanted to see, what exactly was inside this coffin locked by a chain?

What terrible thing is that exudes such a hostile spirit?

Chapter 2320: Helpless

I saw the evil \*\*\*\*\* at this moment looking at this ancient bronze pipe.

At this moment, he has recognized that this coffin is the one that was sealed in the Vatican Underground Inquisition more than 20 years ago, but he really can't understand how the ancient coffin of the Underground Inquisition got here? This is really strange.

The Cthulhu who was thinking this way, suddenly that Duguxie walked over and looked at the Cthulhu: "Big Brother...this coffin looks a little weird, what should we do now?"

Listening to Duguxie's question, the evil god's eyes suddenly stared at the ancient bronze coffin in front of him.

Then he heard him suddenly say: "I want to open this coffin."

"Open the coffin?" When Du Guxie and the brothers behind him heard the Cthulhu suddenly say this, they were not only slightly taken aback.

But seeing the evil \*\*\*\*\* nodded firmly there and said, "Yes."

"I think this coffin is so weird, so I want to open it!" Cthulhu added.

Listening to the evil \*\*\*\*\* saying this, the brothers in front of him didn't talk too much, they were all blinking at the weird ancient coffin.

Only the blood hunter David showed a look of horror in his eyes.

Because he had vaguely sensed that an extremely dangerous breath was approaching them more and more.

But he didn't speak either, because he knew in his heart that it was useless to say anything now, and the evil \*\*\*\*\* would never listen to him.

Therefore, the current Blood Hunter David can only look at the weird bronze coffin.

But he said that as the evil \*\*\*\*\* was about to open this weird bronze coffin, everyone was there looking at him.

The Cthulhu glanced at the rusty iron rope on the bronze coffin, and suddenly accumulated palm strength in his right hand to knock open the iron lock.

His power is extremely fierce. According to the truth, the Cthulhu's blow is enough to open the rusty iron lock, but when the Cthulhu's palm hit it, something strange happened instantly.

With a bang, a heavy palm hit the iron lock, but when you look carefully, the iron lock doesn't move.

There was no feeling at all for the palm that Cthulhu sent just now.

This made Cthulhu and his brothers stunned.

"So hard?" Tang Xiaolong said in shock.

Of course he understood the power of the Cthulhu's palm, but he didn't expect that the Cthulhu's heavy palm would not be able to knock the iron lock in front of him... It was weird!

Following Tang Xiaolong's exclaimed words, the Duguxie and the ghost servants in front of them were also shocked.

Of course they knew the power of their eldest brother's palm, but they didn't expect to be able to hit it.

At this moment, they all blinked at the evil god.

But he said that the evil \*\*\*\* also stood there with an extremely ugly face, his face was extremely cold, and he looked at the hard iron wire in that weird way.

"Although my palm didn't use real strength just now, it was enough to break a normal iron lock... But after my palm was hit, the iron lock didn't move at all? Is it really so hard?" The Cthulhu secretly lined that heart.

With this thought in his mind, the Cthulhu slightly stretched out his hand and stroked the ancient mottled iron lock.

Then an immense qi surged from his body up and down, and then all poured into his right arm.  
boom!

With an angry shout, the Cthulhu's infinite palm Jin once again slammed toward the rusty iron lock.

The immense strength swept through a fierce wind, terribly hitting the hard iron lock, but when the Cthulhu used the vast real strength this time, he suddenly discovered that the strange iron lock  
There was a terrible rebound force suddenly.

That strength was that Cthulhu had never encountered it before, and a \*\*\*\* aura was vaguely rushing towards Cthulhu.

The Cthulhu was taken aback, but unfortunately his palm could not be taken back. When he saw his palm hit it, but hearing a bang, the huge rebound force shook Cthulhu's entire body and flew backwards!

"Big Brother..." The Duguxie and the ghost servant couldn't help exclaiming at the moment when they saw the evil spirit being bounced flying out.

Tang Xiaolong and Xue Wuhen here were also dumbfounded at that moment.

"Senior Cthulhu..."

At the moment when all their voices screamed, they saw that the figure of the evil \*\*\*\* had fallen on the ground.

Fortunately, Cthulhu's skill is so strong. If he were changed to anyone just now, I am afraid that even if he was not shaken to death by that powerful rebound, he would be seriously injured.

But he said that although the evil \*\*\*\* landed on the ground safely, his complexion was extremely ugly.

His right hand was trembling slightly... I wonder if it was injured by the rebound force just now? Or what's the reason?

Cthulhu's eyes were ugly looking at the immovable iron lock. This time, he was truly shocked.

You know, the Cthulhu has already used at least 70% of the power of the palm just now, but it still can't be opened, and it was obviously shocked by the huge rebound...

This is really terrible!

What the \*\*\*\* is this iron lock? Why is it so hard? And it seems to have some kind of spirituality, but there will be a huge rebound force?

"Brother, how are you?" The Duguxie and the ghost servants here hurriedly went to and asked concerned after seeing the evil \*\*\*\* falling on the ground.

Tang Xiaolong and Xue Wuhen also rushed over, looked at the evil \*\*\*\* there and asked, "Senior evil god, are you okay?"

But seeing Cthulhu's face ugly, he shook his head slightly.

"I'm fine..."

After hearing what Cthulhu said, the brothers finally fell with a hanging heart.

The Cthulhu who was talking, raised his extremely ugly eyes and looked at the weird iron lock in front of him.

Suddenly the Cthulhu said: "This coffin is too weird... It seems that I can't open it."

Listening to the evil \*\*\*\* saying this, the Duguxie and the ghost servants not only frowned.

"Brother, how can this iron lock be so hard? You can't even shake your palm?" Duguxie asked in front of him.

The Cthulhu replied: "I don't know what's going on. The moment I took the shot again... I don't know why, a strange rebound force suddenly surged, and there was a terrible blood. It seems to jump out of this coffin, as if it is preventing me from opening this coffin."

Hearing what the evil \*\*\*\* said, the brothers felt more and more weird. At this moment, they were all blinking and looking at the ancient bronze coffin.

No one knows why this coffin is so weird.

"Brother, since we can't open this coffin, let's forget it..." Duguxie said to the Cthulhu Dao last.

Cthulhu thought for a while, although he was extremely curious about the coffin in front of him, no matter what skill he used, he couldn't open the iron lock, and if he didn't pay attention, he would be transmitted from the iron lock. The power of the horrible rebound hurt the evil \*\*\*\* who was thinking so, so he nodded there and said: "For now, it can only be forgotten..."

"Let's get out of here." Finally the evil \*\*\*\* said helplessly.
