

A Killer 2321

Chapter 2321: Scream of horror

After Cthulhu said so, they were ready to leave this weird cave.

Except for the strange and ancient bronze coffin in this cave, the other coffin is open, and there is nothing inside.

He glanced at the evil **** in this weird stone cave and his brothers, so he chose to leave here.

They walked step by step toward the outside of the cave.

After arriving outside the cave, the brothers were all following the evil **** in front of them.

No one knows how deep this dark and deep cave is, and no one knows how big it is.

After walking outside, I saw the ghost servant asking and asking, "Brother, shall we go inside?"

After the ghost servant asked, the evil **** glanced at the extremely dark cave and said, "Go!"

"We must find the Miss Mary of the Torrido family... because only when we find her can we find Tian'er." The Cthulhu who finished speaking then took strides to the dark place inside.

Duguxie and his brothers quickly followed.

The light of a flashlight in this deep and dark cave is indeed very useful!

Wherever the light shines, there are hard and cold stone walls.

And the more you go forward, the more you can feel the surrounding rocks...

The stones seem to be artificially carved. Some are square, while others are triangular in shape. They are placed in various directions.

Looking at these huge rocks, the brothers were puzzled.

"These rocks seem to be man-made...Master, am I right?" Tang Xiaolong asked the ghost servant while holding a flashlight against the many square rocks on the ground.

After hearing Tang Xiaolong's question, the ghost servant nodded and said: "Your guess is really good... These stones do seem to be man-made."

"Strange, why are there so many stones here? Is it impossible to build a house?" Tang Xiaolong muttered in his heart while looking ahead.

Just as they were walking toward the front, the flashlight in Tang Xiaolong's hand suddenly illuminated a strange place in front.

Besides, when Tang Xiaolong's flashlight was shining forward, he suddenly saw a huge building erected in a deep stone cave.

If you don't see it with your own eyes, no one can believe that there is such a terrifying building in such a dark and deep cave.

"Oh my God, what is this?" Tang Xiaolong in front of him couldn't help but yelled in horror while his flashlight was shooting up.

The Cthulhu, Duguxie, and the Ghost Servant in front of them also opened their horrified eyes, looking at the condescending terrifying building.

But seeing that this building is tens of meters high, and like a "pyramid", it has a triangular shape. From top to bottom, it is built with huge rocks layer by layer.

No one can imagine how such a weird building could be built in such a horrible cave.

"Hey, who built this thing?" the ghost servant asked in horror.

Xue Wuhen asked with his mouth open in front of him: "Why would such a weird building be built in this deep cave? What is this for?"

Facing everyone's questions, no one knew what was going on at the moment.

Everyone was looking at this condescending horrible building with their shocking eyes. No one knew what the building was for, let alone who built this horrible building.

Just when everyone was in horror, the blood hunter David in front of him suddenly flashed strange eyes in his eyes.

Then he walked over step by step, looking at the terrifying building in front of him, and suddenly muttered, "Is this the legendary altar?"

As this David suddenly said such a sentence, the evil ***** in front of him and his brothers all turned their heads and looked at the blood hunting David.

"What were you talking about?"

"Holy altar?" the evil ***** in front of him suddenly raised his eyes and asked David the Blood Hunter who was staring in front of him.

David blinked his eyes and looked at the condescending horror building and suddenly said, "Yes!"

"Some time ago, when our Pope the Sun was not destroyed, the professor of our Pope told us about the fact that the Gangeiro family wanted to build an altar... The professor once said that the reason why the Gangeiro family built an altar The altar is to use the altar to resurrect the most powerful demon of their Gangelo family at the moment of the blood moon."

"According to legend, when the blood moon comes, once the altar is opened, the demon will resurrect." David said slowly.

Listening to what David said, the evil ***** and the brothers frowned tightly for an instant. At this moment, none of them knew what David said was reliable or not, whether it was true.

But for the weird and terrifying building in front of him, to be honest, Cthulhu and others had an extremely suspicious attitude.

"You mean, this building was built by the vampires of the Gangaro family?" The evil ***** in front of him looked at the David and asked.

David nodded quickly and said, "It should be."

"Except for the perverted vampires of the Gangelo family who will build such a horrible structure in the world, I am afraid no one will build it..." David said there.

After hearing David say this, the evil ***** and others in front of him were taken aback.

"In that case, presumably this building should have been built by the vampires of the Gangelo family." The Cthulhu also murmured.

After all, there is a vampire from the Gangelo family in this dark cave.

And from the Count Simon of the Murkawi who had fled before, they learned that they were indeed being captured here and building something...presumably what they were building was the one in front of them.

"The altar?"

"This altar is the resurrection of the devil?" Xue Wuhen asked while asking, with doubts in his eyes, looking at the blood hunter David asking.

But seeing the blood hunter David nodded cautiously and replied, "Yes."

"However, this is just a rumor, as to whether it is true or not, no one knows..."

After hearing what David said, the evil gods at this moment raised their eyes and looked at the towering weird building.

Is this altar really a resurrection demon? None of them dared to draw conclusions too early.

Just as the Cthulhu and the brothers were blinking their eyes to look at the weird and weird altar in front of them, suddenly, a woman's scream came from behind.

The voice resembled the fairy Baihua, as well as those from Situ Ningbing, Duanmuying and the others. The voices were terrible and extremely painful, as if something had happened to them! ! !

Chapter 2322: Disappear out of thin air

When the scream suddenly came, the Cthulhu and Du Guxie in front of them were instantly astonished.

"Are the three sisters?" An exclamation came out from Du Guxie's mouth.

"Three sisters have an accident!"

"Quickly, go out and have a look!"

There was a roar, but seeing the evil ***** no longer caring about the situation inside the dark deep hole, he stretched his figure and flew quickly toward the outside of the dark hole like flying.

Duguxie and the ghost servant in front of him, as well as Tang Xiaolong and Xue Wuhen all flew towards the outside very quickly.

They wanted to hurry out to see Fairy Baihua outside the stone cave, and what happened to Situ Ningbing and the others.

Soon, the figure of the evil ***** flew out of the cave for the first time.

When Feiyan came out, there was still a shadow of people outside the empty space.

Fairy Baihua, Situ Ningbing, Duanmuying, and Ouyang Shiqing... Waiting for the girls, all disappeared!

"Sanmei..." a cry of shock came out from the evil god's mouth.

It's a pity that there are barren mountains all around, and his voice is as if thrown into the ocean.

But he said that at this time, that Duguxie and the ghost servant, Tang Xiaolong and the others also ran out of the stone cave.

After rushing out and seeing that Baihua Fairy and Situ Ningbing disappeared, the whole person was stunned.

"Where is the third sister? Where are the third sisters?"

"And what about Miss Situ, and Miss Ouyang? Why are they all gone?" Tang Xiaolong, Duguxie and the others were completely shocked there.

The surrounding area was extremely empty, and the Baihua Fairy, Situ Ningbing and others just disappeared inexplicably.

How could they disappear so quickly in such a short moment?

what's going on? Caught? Or what happened to them?

But he said that the current Cthulhu's face was extremely ugly, and he looked around there.

All around, everything was as usual, there was no trace of fighting at all... and there was no other suspicious circumstances.

Looking at everything in front of him, the evil ***** was suddenly shocked.

"How could this be? What happened to Sanmei and the others?" Cthulhu murmured there.

At this moment Tang Xiaolong suddenly said in horror, "Senior Cthulhu, Aunt Hua and Miss Situ will be taken away by the vampire?"

After Tang Xiaolong said so, the evil ***** in front of him said directly: "No! Impossible!"

"Vampires cannot move around during the day. Once they appear in the sun, they will definitely die...so they are definitely not vampires!"

Tang Xiaolong thought for a while and said, "Could it be that someone else was arrested?"

"This is even more impossible!" Cthulhu said coldly.

"The skills of the third sister, I know very well, if ordinary people want to catch her in a very short time, it is impossible... But, just now, the period from when we heard the scream to when we came out, only had a few minutes Time...No one can defeat the third sister in such a short period of time, and then take away some of their girls." Cthulhu Dao.

"Furthermore, there are no traces of fighting in the surroundings, not even traces of struggling... Judging by this, the Third Sisters should not have been taken away." The Cthulhu in front of them analyzed.

After listening to Cthulhu's analysis, Tang Xiaolong and Xue Wuhen were shocked there.

"But... how about them?"

"How could they disappear for no reason?" Xue Wuhen asked aside.

The Cthulhu in front of him said with a solemn brow, "This is exactly where I am puzzled!"

"The third sister used to be extremely cautious and careful, presumably this time, something big must have happened." Cthulhu murmured there.

Duguxie on one side suddenly spoke.

"Big Brother is analyzing!"

"It's just that, I really don't understand, what happened to the three sisters... They didn't even notify us? And the scream just now, I don't know what happened?"

Listening to Duguxie's words, the evil **** frownded deeply.

To be honest, Cthulhu's mind is now full of irritability.

Because he is indeed a little confused, why did the Baihua Fairy and Situ Ningbing and other girls suddenly disappear? Are you caught? Or did they leave by themselves?

Judging from the surrounding situation, Fairy Baihua and the others do not seem to have been taken away!

But if no one took Baihua Fairy and the others, how could they just disappear out of thin air without saying a word?

What happened? Do not! Even if something happens, it will leave a signal, or leave a message to pass! Fairy Baihua would never get confused about this kind of thing. No one knew this better than Cthulhu.

So now the evil **** is completely depressed! He really didn't understand how the Baihua Fairy and Situ Ningbing and other beauties disappeared.

Looking at everything around him, the evil **** suddenly said: "From now on, everyone will go separately and look for Sanmei and others..."

"Little dragon, Wuhen, you two will follow me and look for the east."

"Dugu, ghost servant, you take David... to the west to find! Before dark, whether you find it or not, you must arrive here to gather." Just listen to the evil **** saying there.

After the Cthulhu gave this command, the Duguxie and the ghost servant in front of them nodded quickly.

In this way, they were divided into two groups, each to find the missing Baihua Fairy and others.

Fairy Baihua, Situ Ningbing, and that girl like Ouyang Shiqing, how could they disappear out of thin air?

And outside the stone cave, there was no trace left at all... This undoubtedly added a lot of difficulty to the evil gods and others who were looking for them now.

The immortal mountain range is surrounded by rolling mountains and peaks. Where did the Baihua Fairy and Situ Ningbing and other beauties go? Who can know?

In the boundless world, I saw the evil **** carrying Tang Xiaolong, and Xue Wuhen looking for the traces of the Baihua Fairy and other girls.

An hour has passed!

Two hours passed!

...

It's a pity that among these vast mountains, where are their traces?

Fairy Baihua, Chen Qiaozhi and several girls are like the air, completely evaporated! They couldn't find it no matter how they searched.

What about here?

The Duguxie, the ghost servant, and the blood hunter David are also struggling to find Fairy Baihua and the others.

But in this barren mountain, how easy is it to find someone?

Now, they have been searching for it for almost more than four hours!

The sun in the sky has also reached the west. It is already more than 3 o'clock in the afternoon, but unfortunately, they have not found any suspicious clues.

Chapter 2323: Find

Under the scorching sun, sweat fell drop by drop on the bronzed face of Duguxie.

But he didn't scream half-tired!

The ghost servant was also exhausted, but he continued to search for it. As for the blood hunting David, he could no longer walk.

His physical stamina is simply not comparable to that of Duguxie and the ghost servants, so he can only pant at the moment and walk very slowly.

Duguxie wiped the sweat from his face and glanced at the blood hunter David who was really unable to walk, so he said there, "David, find a place to rest first! I will go with the ghost servant first. Look for over there... come here later, we will look for you!"

After hearing Duguxie say this, David could only nod his head weakly and said, "Okay, okay, okay..."

In the end, David found a dark place, and then sat down dejectedly.

And what about the Duguxie here?

He took out a water bottle he carried and drank a few sips of cool water, and then said to the ghost servant, "Ghost servant, catch it!"

The ghost servant looked back and found that Du Guxie had thrown the kettle over.

The ghost servant stretched out his hand to take it, and took the kettle in his hand, then leaned back and took a few sips.

"Ghost servant, let's go look for Sanmei and the others..." said Duguxie in front of him, pointing to the mountains over there and saying.

The ghost servant nodded quickly and said, "Okay!"

So Duguxie took the ghost servant to show off his figure, and flew over to the west with extreme speed. They went to find the inexplicably missing Baihua Fairy, as well as Situ Ningbing and others.

Duguxie and the ghost servant kept looking forward along the west side.

In front of the rocks are bulging, and huge rocks are laid there one by one.

Walking seems extremely difficult.

Just as they continued to move towards the west to find the Baihua Fairy and others, the ghost servants' sharp eyes suddenly discovered the situation on a rock.

He saw a torn pink skirt corner.

But seeing the pink skirt corner, it seems to have been torn apart by a rock, and it fell into the corner.

When he saw the pink skirt corner, the ghost servant in front of him suddenly screamed: "Second brother, come on... look here."

After hearing the voice of the ghost servant, Duguxie, who was rushing in front, hurried over quickly.

Looking at the ghost servant, he asked, "What's wrong?"

But seeing the ghost servant pointing his finger at the corner of the pink torn skirt in the stone gap and saying, "Second brother, look at this."

That Duguxie raised his eyes and frowned deeply.

"It's the clothes of the third sister..." A word came out of Du Guxie's mouth.

After speaking out, the ghost servant nodded quickly and said: "It's the clothes of the third sister!"

It turned out that the pink skirt corner was the clothes Baihua Fairy was wearing. It must have been Baihua Fairy passing here, and then accidentally, the skirt corner was caught by the hideous rocks, so the skirt corner was torn apart.

Looking at the corner of the pink skirt in front of him, Duguxie raised his eyes deeply and looked at the westernmost place and said: "It seems that Sanmei and the others should be going in this direction."

At this moment, the ghost servant also raised his eyes and looked to the west, but saw that the west was extremely barren, with ferocious rocks everywhere... and there seemed to be a huge deep canyon in front of it, nestled in several big mountains. Among.

After seeing this situation, the ghost servant asked in surprise: "Second brother, third sister, why are they here?"

Duguxie shook his head and said, "I don't know."

"But I think Sanmei and the others must have discovered something." Duguxie said.

The ghost servant raised his deep eyes and looked at the murmur in the western region and said: "I hope that the third sister and the girls will not have trouble...If something happens to them, hey, how much should the young master want? Sad."

The ghost servant knows that Situ Ningbing, Ouyang Shiqing, and Duanmuying are all Li Tian's most beloved women. If something happens to them, then Li Tian is of course unhappy, so the ghost servant in front of him is there. Dao said with extreme worry.

Listening to the ghost servant saying this, the Duguxie in front of him said: "Let's go, let's go to the front and find the three sisters... it's getting dark."

Hearing Duguxie's words, the ghost servant in front of him slightly raised his face and looked at the sky.

It is almost 4 o'clock in the afternoon.

This immortal mountain range was originally night and day break, so in about two hours, the sky will be completely dimmed.

Once the sky is dark, if they want to find the missing Baihua Fairy, and the girls like Situ Ningbing, that is undoubtedly an unlikely thing.

So after the ghost servant looked at the sky, he nodded quickly, and then followed the Duguxie in front of him to the westernmost place.

...

At the westernmost point of the Immortal Mountains, there is a deep canyon between two giant mountains.

The deep canyon is so deep that the bottom cannot be seen.

The surrounding rocks are bulging, and huge rocks are standing there hideously.

It can be described as a dangerous place, extremely dangerous.

It was in such an extremely dangerous place, but I saw a man's anxious voice coming over.

"Senior Hua, are you really sure that it is Li Tian?"

"Did you see him?"

As the voice came, but after seeing the voice, it turned out that it was the missing Chen Qiaozhi who was speaking in astonishment, and in front of her, it was the fairy Baihua, and the girls like Situ Ningbing!

God, why are they here?

Why did they come here?

Look carefully at Fairy Baihua, and the girls like Situ Ningbing, each of them has an anxious look on their pretty faces, as if they are looking for something there, while walking towards the place in front, they look around. .

"Absolutely! I know Tian'er... that is definitely Tian'er..." Fairy Baihua said affirmatively after hearing Chen Qiaozhi's words behind.

Then I saw Fairy Baihua desperately continuing to look forward.

It turned out that Baihua Fairy, Chen Qiaozhi, Situ Ningbing and other beauties were originally waiting outside the stone cave for the evil **** and others... But while they were waiting, a ****

light descended from the western sky, the **** light was like When descending towards the western sky, a figure suddenly turned into a **** light... and within a few seconds, Baihua Fairy said that the figure turned into by the **** shadow was Li Tian! That's why she let out a scream, when she screamed, she desperately came to look for Li Tian! Then when Chen Qiaozhi and Situ Ningbing heard Fairy Baihua said they saw Li Tian, everyone was so excited that they almost went crazy...so they chased to the west like crazy, but unfortunately, the chasing farther and farther. The more they chased, the more they couldn't see the blood shadow light... just like that, they kept walking westward and kept walking until they reached this deep canyon. At first they thought that after they found Li Tian, they hurried back, but unfortunately they never found Li Tian, and instead they did not go back...

But at this moment, Chen Qiao's face was worried, and the fairy Baihua who was looking in front of him said: "Senior Flower...We have been away from the cave for a long time, I guess Senior Cthulhu, they must have already left the cave , If they can't find us out of the cave, they will be very anxious, and when we leave, we forget to leave a signal..."

"Senior Hua, shall we go back first? After the round with Senior Cthulhu, we will look for Li Tian.

Chapter 2324: Bloody

Chen Qiaozhi is more careful. .

Seeing that they have all left the cave for a few hours now, the evil gods must have already left the cave! If they go out of the cave and find that Baihua Fairy and Situ Ningbing are not there, they will definitely be very anxious.

And when Chen Qiaozhi and Baihua Fairy left, they didn't leave any message at all, so Chen Qiaozhi was very worried.

After Chen Qiaozhi said so, Fairy Baihua hesitated.

She raised her beautiful eyes and looked at Chen Qiaozhi and said, "Well, let's find another half an hour... If we really can't find it, we will go back, okay?"

When Chen Qiaozhi heard Fairy Baihua say this, he secretly said: Since they have been searching for a few hours, it doesn't matter if they have been searching for another half an hour, anyway.

After thinking about it, Chen Qiaozhi nodded there and said, "Okay."

Then Chen Qiaozhi followed the Baihua Fairy in front of them and began to look forward.

"Senior Hua, is the **** figure you saw really here?" One of Chen Qiao in front of him asked as he stepped forward.

The Baihua Fairy's pretty face hesitated for a moment, and only listened to her in the dark, and then said: "Yes, the blood-colored figure came from here 100%, but..."

One of Chen Qiao was taken aback, looking at Fairy Baihua and asking, "It's just what?"

Just listen to the fairy Baihua saying: "It's just that I don't think that blood-colored figure is Tianer."

When a word came out of Fairy Baihua's mouth, Chen Qiao was stunned.

"Senior Hua... Didn't you say yes before? Why..." Chen Qiaozhi asked suspiciously.

But seeing the fairy Baihua said: "I was sure before that the figure transformed in the blood shadow really looked like Tianer... But I am not sure if it was my illusion at that time!"

Fairy Baihua has been thinking of Li Tian since he left Li Tian.

She has loved Li Tian especially since she was a child. Now Li Tian has disappeared. She misses Li Tian every day, so the hallucinations she said are very possible.

After that Baihua Fairy said so, Chen Qiaozhi in front of him was slightly startled.

"Illusion?"

After thinking about it, Chen Qiaozhi didn't say much.

At this moment, Chen Qiaozhi followed Baihua Fairy and Situ Ningbing and other girls to continue searching.

The girls such as Situ Ningbing, Ouyang Shiqing, and Duanmuying were so excited that they almost went crazy when they heard Baihua Fairy say that they were Li Tian in the image.

Looking desperately there at this moment.

But all these surroundings are surrounded by mountains, and the front is a deep canyon that cannot be seen at the bottom. In such a strange place, what is the shadow of Li Tian?

Could it be that the Baihua Fairy really has blurred his eyes, did he make a mistake?

"Li Tian, Li Tian...Where are you?" Duanmuying shouted while looking at the surrounding mountains.

Her clear voice has been surrounded by the mountains for a long time, but unfortunately, apart from the occasional mountain breeze, there is no echo at all.

After they worked so hard to find the frontmost position, they found that the place in front was a deep canyon with huge cliffs.

When they saw the bottomless cliff, Situ Ningbing and Ouyang Shiqing in front of them showed desperate expressions in their beautiful eyes.

"The front... is the cliff..."

"There is no way..." A word came out desperately from Ouyang Shiqing's mouth.

After she said it, Duan Muying and Situ Ningbing were also there in a daze.

The bottomless cliff is surrounded by hideous rocks, standing there like monsters!

Duanmuying turned her ugly face at the moment, and said to the fairy Baihua who was looking there: "Auntie Hua, there is no way...the front is a cliff."

After hearing what Duanmuying said, Fairy Baihua walked over with Chen Qiaozhi.

When I got closer, I could not see the bottom of the cliff that was really deep.

Fairy Baihua stood there with a dignified sadness on his face, and suddenly muttered in his mouth: "It seems...I was wrong...I was wrong..."

Hearing what Fairy Baihua said, the pretty faces of Situ Ningbing, Duanmuying and Ouyang Shiqing showed grief.

In the end, I saw that Baihua Fairy looked at the misty cliff, and she said sadly: "Forget it, let's go!" After she said this, Situ Ningbing and other beauties also nodded in pain.

Right now, they couldn't find Li Tian at all, so they had to go back and go round with the Cthulhu.

Just as the Baihua Fairy led Situ Ningbing, Duanmuying and Ouyang Shiqing, who had just turned around and were about to leave here, suddenly there was an earth-shattering "howl" under the cliff.

When the terrible "Howl" sound was exited, a thick blood beam suddenly rose from the bottom of the ten thousand-foot cliff.

The weird **** light soared towards the sky...

The Baihua Fairy who was about to leave, Situ Ningbing and Chen Qiaozhi were all there right now when they heard the terrifying "screaming" sound just now.

"What sound?" Chen Qiaozhi exclaimed in horror.

Then they turned their heads one by one, and at the moment they turned their heads, they were all stunned.

OMG, a beam of blood shot straight into the sky from the deep valley! Extremely weird.

But seeing the endless energy pulsing in that **** light... and it was continuously circulating from top to bottom.

It seems to be absorbing the spiritual energy between heaven and earth.

Looking at such a terrible **** light, Duan Muying and the little girl next to her suddenly screamed in surprise.

And what about Situ Ningbing and Fairy Baihua? It was all there in a daze.

"Oh my God, what the **** is this?" Chen Qiaozhi said with extremely shocked eyes looking at the pillar of blood in front of him.

Fairy Baihua also shined in her eyes. She had experienced countless miracles in her life, but she had never seen such a horrified scene, and the whole person was standing there in shock.

"Auntie Hua, this blood color... blood color... isn't it the blood color that appeared before?" Situ Ningbing said to Fairy Baihua suddenly there.

Fairy Baihua nodded vigorously and said, "Yes, yes, that's this weird **** light!!!"

It turned out that the **** light that Fairy Baihua saw before is what appears now!

No one thought of being under this deep abyss.

Chapter 2325: Cliff

At this moment, everyone's eyes were fixed on the blood glow emanating from the deep valley, and there was a sense of speechless panic in their eyes.

What is going on with this **** light?

"Could this be from Li Tian?" Situ Ningbing said suddenly.

At the moment when she said such a sentence, everyone was looking at her with surprise eyes.

"Is it possible?" Duanmuying asked suspiciously.

Ouyang Shiqing next to it was frowning deeply, looking at the bottomless cliff in front of him speechlessly, and said suspiciously: "Li Tian is at the bottom of this valley?"

Her voice was full of unbelievable and doubtful.

After she said that, everyone turned their eyes on the Baihua Fairy.

But seeing that Baihua Fairy didn't come to a conclusion arbitrarily, she just walked slowly towards the cliff in front of her.

When she reached the edge of the cliff, Fairy Baihua raised her beautiful eyes and looked down.

Gosh, it's too high! It's too steep!

The bottom of this ten thousand-foot cliff is not visible at all, and the clouds and mist in the middle place, and the **** light bursts out from the clouds and mist.

Looking at this situation, Fairy Baihua frowned deeply.

"If you want to know if the cliff is under the sky, there is only one way..." Fairy Baihua looked at the ten thousand zhang cliff, and suddenly turned to face Chen Qiaozhi and other beautiful women such as Situ Ningbing.

After Chen Qiaozhi, Situ Ningbing and other beauties heard Baihua Fairy's words, they all looked at her with doubts and asked, "What is the solution?"

Fairy Baihua said: "That is, let's find a way to go down this cliff."

After Fairy Baihua said such a sentence, all the girls in front of her were stunned.

Then Chen Qiaozhi stepped forward and said, "But, Senior Hua, this cliff is so high...we can't get down at all!"

"Besides, the surrounding area is full of hideous rocks... If we want to continue like this, it will be very dangerous." Chen Qiaozhi said worriedly there.

The other girls did not speak, they were all silent there.

Fairy Baihua looked at the deep cliff and said to Chen Qiaozhi: "If the following is Tian'er, what should we do? Did we miss the opportunity to find Tian'er like this?"

"We came to this foreign country with all the hardships, came to this weird place, just to find the heaven?"

Facing the words of Fairy Baihua, Chen Qiaozhi didn't know what to say at the moment.

He closed his mouth depressed, not knowing how to dissuade the fairy Baihua.

What Baihua Fairy has been thinking about now is Li Tian... even if it is a little opportunity, she will not miss it.

So, I saw Fairy Baihua turned her head and said to the girls: "Anyway, I am going to go down this cliff and see... As for you, if you are afraid of danger, you can wait here first."

When Fairy Baihua said so, Situ Ningbing, Ouyang Shiqing and Duanmuying immediately said, "Auntie Hua, we will go down this cliff with you."

Of course they have to go with Fairy Baihua!

Their love for Li Tian has already surpassed life and death, do they still care about the cliff in front of them?

Hearing what the girls said, the Baihua Fairy said with satisfaction: "Tian'er, it's really blessed to have you good girls with him... Hey, if he can know your affection, then he should How happy!"

Situ Ningbing and Duanmuying were also embarrassed there after hearing the words of Fairy Baihua.

In the end, I saw that Situ Ningbing lifted the Qingsi slightly with his delicate hand, looked at Baihua Fairy and asked, "Auntie Hua, how do we go on?"

Fairy Baihua looked at the cliff in front of him, and suddenly blinked his beautiful eyes and said, "Use a rope."

Upon hearing Baihua Fairy's words, the girls instantly understood what she meant.

I saw Fairy Baihua saying: "Everyone takes out the ropes from the backpacks and connects them together. Let me see how long it is."

As Baihua Fairy said so, the girls opened their backpacks.

These packages were prepared when they set off. They contained medicines, dry food, and some ropes and clothes!

Originally, when a few girls came, they almost threw away these "useless" things... Now it seems that they were the right choice for not throwing away their backpacks.

After several beauties quickly took out their backpacks, they took out the ropes from the backpack one by one.

There is no rope in Duanmuying's backpack... Only Ouyang Shiqing, Situ Ningbing, and Fairy Baihua have!

At this moment, after they took out the rope, they were connected together.

The rope is relatively long, and there is a big bundle there!

After connecting the ropes together, Fairy Baihua looked at it and said, "This length should be enough..."

Situ Ningbing and Ouyang Shiqing next to them also nodded slowly. They all felt that this length should almost reach the bottom of the cliff.

After finishing the rope, I saw Fairy Baihua said to the girls: "My plan is like this... We hold the rope one by one, and then go down this cliff..."

"Well, Auntie Hua, we listen to you." Ouyang Shiqing said there.

Hearing what they said, Fairy Baihua had a smile at the corner of her mouth, raised her face and glanced at the sky and said: "It's getting late... We all must hurry up."

After speaking, Fairy Baihua began to tie one end of the rope to a huge rock above the cliff.

The rock didn't weigh hundreds of kilograms. After climbing the rope on it, Fairy Baihua cautiously tugged, and then said with satisfaction: "Okay! We can go down."

After speaking, Baihua Fairy started to throw the remaining rope towards the cliff in front of her.

After the rope was thrown down, it passed through the wind and mist in the middle of the cliff, and then it was no longer visible.

Seeing this situation, Fairy Baihua frowned slightly: "Damn, I can't see if the rope has reached the bottom of the cliff..."

Listening to Fairy Baihua saying this, Situ Ningbing took a step forward and looked at the rope, and said, "It's okay, Auntie Hua! If the rope really can't reach the bottom of the cliff... Then we can also come up again."

Fairy Baihua thought for a while and nodded and said, "Well, that can only be done."

"Let's start! I'm the first one." Fairy Baihua said in the first place.

After all, she can't let the girls take risks first.

But just when Baihua Fairy decided to go down first, Situ Ningbing in front of her said, "Auntie Hua, I'll go down first."

Fairy Baihua looked at Situ Ningbing and said, "You?"

Situ Ningbing nodded and said, "Yes."

"I've learned cliff climbing before, so I'm familiar with this aspect... So I'll come first! After I get down, you will come down again, how about?" Situ Ningbing said.

The fairy Baihua originally disagreed, but unfortunately Na Situ Ningbing insisted on going down this ten-thousand-meter cliff first. The last fairy Baihua nodded and said in a unified way: "Okay!"

"But you promise Aunt Hua, you must pay attention to safety." Fairy Baihua said, holding Situ Ningbing's delicate hand tightly.

Situ Ningbing showed a glamorous smile, then nodded and said, "Auntie Hua, don't worry."

"I'm going down!"

In this way, Situ Ningbing decided to be the first to descend this ten thousand-foot cliff.

After Situ Ningbing decided to be the first to go down this ten thousand-foot cliff, Ouyang Shiqing and Duanmuying also cared about Situ Ningbing and said, "Be careful..."

Situ Ningbing nodded.

Then began to prepare to go down this ten thousand-foot cliff.

Chapter 2326: Weird Rock Cave

First, she held the rope tightly with both hands, and then began to descend the cliff.

Both feet were on the hideous stone, and then the body began to descend little by little, and the tightly pulled rope began to tighten continuously as her body descended.

"Ningbing, be careful." Fairy Baihua said to Situ Ningbing with concern.

Situ Ningbing had gone down two to three meters at this moment, nodded slightly, and then started to continue descending while holding the rope with both hands.

Situ Ningbing's rock climbing skills are really good.

Her movements were very flexible, and her hands and feet were also very agile. After a while, she saw that Situ Ningbing had gone down more than ten meters.

Seeing that Situ Ningbing's figure is getting smaller and smaller, the Fairy Baihua and Chen Qiaozhi on the cliff all showed concern.

However, Situ Ningbing continued to climb downward.

She held the rope tightly with her hands, and every time she dropped one meter, her body was vertical, and then both feet stepped on the rock wall. Repeatedly, Situ Ningbing soon reached the cliff. The clouds and mist in the middle are now.

After reaching the misty place in the middle of the cliff, seeing Situ Ningbing frowned slightly, she lowered her head and glanced at the misty place below, and her heart was secretly: How deep is this cliff to end? If there is not enough rope, it will be a problem!

Situ Ningbing, who was thinking this way, began to continue to decline.

Her body went down little by little, and her two hands holding on to the rope began to relax slightly.

Soon, but saw that Situ Ningbing's body had completely entered the depths surrounded by clouds.

And the Fairy Baihua and Chen Qiaozhi on the top could no longer see Situ Ningbing.

"Ningbing has reached the cloud and mist on the cliff..." said Ouyang Shiqing here.

Fairy Baihua nodded slightly with a nervous look and said, "Yes."

"I don't know if the rope can reach the bottom of the cliff..." Ouyang Shiqing said worriedly.

After she said this, the Baihua Fairy and Duanmuying fell silent, everyone did not speak, and they all looked at the cliff under the cliff with worry.

"I hope I can arrive..."

I saw that Situ Ningbing entered the cloud-filled depths, her delicate body continued to descend, and the body suspended in the air began to feel more and more stressed as she continued to descend.

Finally, after Situ Ningbing descended about 45 meters, he finally passed through this deep cloud.

After passing through the deep clouds, Situ Ningbing quickly lowered his head to look down at the cliff and the rope.

At this look, she was immediately stunned.

I saw that the cliff below was still very deep, and the rope they connected couldn't reach the bottom of the cliff at all! ! Only three-quarters of the cliff can be reached, and Situ Ningbing can no longer go down the rest of the place.

Looking at this situation, Situ Ningbing suddenly felt cold!

"What can we do about this?" Situ Ningbing held the rope with both hands, and slammed his feet on the rock wall in secret.

Just as she was thinking like this in her mind, the voice of Fairy Baihua on the cliff came down.

"Ningbing... can you hear it?" A faint voice came from the cliff.

After hearing the sound, Situ Ningbing responded vigorously, "Auntie Hua, I heard..."

The sound came from the depths of the cliff, echoing in the entire space for a long time.

When the fairy Baihua on the cliff heard the voice of Situ Ningbing, she became excited, and quickly asked, "Ningbing, have you reached the bottom of the cliff valley?" Fairy Baihua's voice came again. .

After Fairy Baihua asked so, Situ Ningbing under the cliff replied, "No..."

"The cliff is too deep, the rope can't reach the bottom at all!"

Fairy Baihua and the girls above were all depressed when Situ Ningbing said this.

"What can I do? I didn't expect this cliff to be so deep..." Ouyang Shiqing on one side frowned Liu's eyebrows deeply.

Then Chen Qiaozhi said: "Since the rope can't reach the bottom, let Miss Situ come up quickly."

The fairy Baihua thought for a while, and finally shouted at the bottom of the cliff: "Ningbing, come on!"

After the voice of Fairy Baihua passed down, there was no sound of Situ Ningbing under the cliff.

After waiting for a while, after finding that Situ Ningbing had no sound, the Baihua Fairy above was stunned.

"Ningbing...Ningbing...what's the matter with you?" Fairy Baihua quickly asked in panic there.

After a long time, suddenly the voice of Situ Ningbing came up.

"Auntie Hua, I'm fine...I just saw some weird situations."

After hearing Situ Ningbing under the cliff suddenly say this, Fairy Baihua was slightly startled, and quickly asked, "What is the weird situation?"

But Situ Ningbing under the cliff said: "I saw a huge hole on the cliff's mountain!"

"hole?"

The Baihua Fairy above them were all dumbfounded when they heard it.

"What hole?" Fairy Baihua asked quickly.

Situ Ningbing replied, "I don't know... but the blood-colored light is emitted from the deep hole."

After Situ Ningbing said so, Fairy Baihua and the others looked at the **** light soaring to the sky in horror.

None of them knew what happened to this **** light.

But what about Situ Ningbing below?

It turned out that after a closer look just now, she found that there was a huge black hole tens of meters below the cliff... and the blood-red light was refracted from that black hole.

Obviously, there is something terrible in the black hole.

"Auntie Hua, I want to go into that deep cave to see the situation..." A word came out of Situ Ningbing's mouth.

After she said that, the fairy Baihua above said, "Is it dangerous?"

Situ Ningbing glanced down at the black hole tens of meters below... Not only Liu frowned.

It turned out that the rope she was holding in her hand was only more than 20 meters long, and she couldn't reach the black hole at all... This meant that she could not reach the black hole safely.

But after seeing Situ Ningbing looking at the black hole, she said to Fairy Baihua on the cliff, "It's not dangerous, it's okay."

Situ Ningbing did not tell the truth! Because she was afraid of the Baihua fairies above.

After Situ Ningbing uttered a "lie", the fairy Baihua said with confidence: "Since it is not dangerous, you can go down and take a look... but be careful!"

Situ Ningbing in front of him replied, "Okay, I get it!"

Chapter 2327: Fell off

In this way, Situ Ningbing decided to go down to the weird black hole under the cliff.

However, Situ Ningbing continued to climb down the cliff, and soon she reached the end of the rope.

After reaching the end of the rope, Situ Ningbing glanced down at the black hole on the rock wall below, not only did Liu frown deeply!

"Damn it, there is still a distance of nearly ten meters..." she muttered.

But now the length of the rope is completely insufficient, what can we do?

Situ Ningbing glanced at the stone cave below, and she found that the cave entrance was huge, and the **** light was reflected from the cave entrance.

"What is in the cave?"

"Will Li Tian really be inside?" Situ Ningbing's beautiful eyes blinked and thought.

For Li Tian and to see his lover, Situ Ningbing suddenly rushed up.

She wants to go down!

Even if it is dangerous now, she will try.

After Situ Ningbing made this decision in her mind, she suddenly took out her unique weapon from her arms: deadly silk!

After she took out this life-threatening silk, no one knew what she was going to do.

But seeing that the deadly silk in her hand is about 2, 3 meters in length, with a sharp blade at both ends.

After Situ Ningbing took out her hand, she saw that she suddenly pierced the hard rock wall with one end of the deadly silk. After the extremely sharp blade was inserted into the rock wall, it was instantly embedded in the rock gap. in.

And what about Situ Ningbing's other hand? She loosened the rope she was holding. After loosening, she quickly grabbed the other end of the deadly silk! Then he hurriedly inserted into the stone crack as well.

Her body was relying on it now, and the sharp blades in both hands were bearing her weight.

Too bold!

However, it was said that it was too dangerous to climb on the rock wall with the sharp blade in his hand, but now Situ Ningbing can't take care of that much.

She gritted her teeth tightly, and then used all the strength of her body, and then her body began to slowly descend.

The blade in his hand was tight and taut, and then every time he dropped a little distance, he had to insert the blade into the gap in the stone... Fortunately, there are many gaps in the stone of this mountain. Otherwise, even if Situ Ningbing has great ability Going to fall.

But he said that when Situ Ningbing risked his life to climb down like this, the fairy Baihua and the others had already seen the rope suddenly loosen.

"Auntie Hua, look at the rope... why is it loose?" Ouyang Shiqing exclaimed when she saw the tight rope suddenly loosen.

Fairy Baihua pulled the rope slightly with her hand, the rope was full of weight, and her heart shook.

"Ningbing..."

"Where is the Iceman?"

"Oh my god, she didn't fall, right?" Baihua Fairy yelled out of concern.

Then I saw her hurriedly shouting at the bottom of the cliff: "Ningbing...Ningbing..."

The current Situ Ningbing was gritting her teeth on a dangerous cliff. There was no time to answer the words, so she could only close her mouth tightly and continue down.

When the fairy Baihua above saw that there was no answer to the shouts, all of them were instantly cold.

"Oh my God, did Ningbing really fall?" Duan Muying's eyes widened and said.

Fairy Baihua said with red eyes: "No...no...no! No! No!"

Fairy Baihua said excitedly, and suddenly grabbed the rope and said: "I want to go down...I want to go down to see the situation!"

"Auntie Hua, calm down first." When Ouyang Shiqing in front of them saw Fairy Baihua going down the cliff, they ran over and caught her.

Fairy Baihua said with red eyes: "Let me go down...I must save Ningbing..."

The few girls in front of them were pulling the crazy Baihua Fairy and saying, "Auntie Hua, calm down first, maybe Ningbing didn't fall!"

Fairy Baihua said: "The rope is loose...Where can she go?" Fairy Baihua said, while desperately looking at the deep cliff.

Ouyang Poetry in front of her said: "Maybe, Ningbing has entered the cave? Aunt Hua, you have also seen this cliff is extremely deep, maybe Ningbing didn't hear your voice just now... Let's Wait a while, if there is no response from Ningbing, it will not be too late for us to go down!"

After hearing Ouyang Shi say this sensibly, Baihua Fairy finally nodded silently there.

But there was still a very worried look in her beautiful eyes.

No one of them knows what the situation is.

But what about Situ Ningbing? Relying on my perseverance and perseverance, he is getting closer and closer to the cave.

Her hands were cut, and blood flowed out of her slender hands, but she couldn't care about it now, she just wanted to go down the cliff wholeheartedly.

There is still about ten meters away to reach that strange flashing.

There are still seven meters...

There are five meters...

Just as Situ Ningbing was getting closer and closer to the weird cave on the mountain, the rock under her feet suddenly loosened.

Then, after hearing a click, the rock she had stepped on actually fell, and then Situ Ningbing suddenly stepped on the air, and then the weight of her whole body fell all the way down, and then the knife blade tightly held in her hand also fell from the crack in the rock Was pulled out.

what! An exclamation screamed from the mouth of Situ Ningbing.

Then, with a bang, Situ Ningbing's delicate body instantly began to fall towards the deep cliff!

She fell!

Even though she was very careful, she still didn't expect the rock under her feet to suddenly loosen.

In this way, Situ Ningbing, with endless despair and grief and anger, fell into the deep canyon.

At this height, what else would happen besides death?

Situ Ningbing had closed her eyes in despair, all she was waiting for was death.

But at the moment when Situ Ningbing's body fell towards the cliff and reached the weird cave, a strong suction suddenly spread from the terrifying cave!

And this force of suction is also from the scary blood shadow that exudes ***** light.

When Situ Ningbing felt that his body was suddenly sucked by a huge suction force, he hadn't figured out what was going on, and his eyes suddenly went dark, and the whole body was suddenly attracted by the terrible suction force. Flew inside the cave...

Chapter 2328: "monster"

A painful cry of "Ah" came from Situ Ningbing's mouth. .

Then her body was sucked into the weird cave, and she fell on the cold rock with a plop.

Situ Ningbing only felt a pain all over his body. The pain was caused by his body falling on the stone ground. However, all the pain was extremely small trauma, so Situ Ningbing quickly ignored it.

She was horrified all over her now.

She has no idea what happened to her just now... let alone where she is now,

Slightly opened her eyes, she was shocked there all of a sudden, and only saw where she was, all around her were hard and hideous stone walls, and what about herself? It was in the cave.

Gosh! It turned out that Situ Ningbing actually fell into that huge strange stone cave! To be precise, she was sucked in by that powerful suction.

But no matter what, Situ Ningbing saved his life!

This made the current Situ Ningbing feel extremely shocked, and she couldn't understand why the intense suction just now happened? Can you save your life? Did not fall under the cliff!

But seeing that Situ Ningbing was sober, she climbed up from the ground with difficulty.

Her body is very painful, very painful, but she can't care about it now, because nothing makes her feel more incredible than the shock in her heart now.

She slowly got up from the ground, then blinked her beautiful eyes and looked around the strange stone cave.

But I saw that the cave was very deep, very deep, and that blood-colored light came from this cave.

Situ Ningbing was able to look at the blood-colored light carefully at this moment, but seeing the energy in that blood-colored light circulate continuously, as if the blood-colored light was absorbing the spiritual energy between heaven and earth.

"What the **** is this weird blood color?" Situ Ningbing asked in confusion as he looked at the blood color light.

But seeing that this **** light came from a deep cave, it was so weird, I don't know who sent it!

Situ Ningbing looked at the blood-colored light, and suddenly his heart was darkened: Since he has entered this weird cave, then take the risk to see what weird things are in this cave? Can emit such a strange and terrifying **** light.

After thinking this way in his heart, Situ Ningbing had the courage to start walking towards the stone cave step by step.

She walked slowly along the **** light like that.

In this stone cave, the light was extremely dim and it was not clear to see. At this moment, Situ Ningbing could only rely on his own consciousness to slowly move forward step by step.

The more you go inside, the dimmer the light becomes.

The cave was twisted and twisted, wet and dark inside.

No one knows what terrible things are in this cave.

After Situ Ningbing walked for about a few tens of meters, he suddenly felt a strong and extremely vicious aura rushing from the front, and that ferocious and vicious aura carried the feeling of ruining the world.

Situ Ningbing was originally a martial artist, and at this moment, after feeling the terrifying aura, his whole person was slightly startled.

"It's so powerful!" She said secretly, and her footsteps couldn't help but stop.

A bad premonition surged from my heart.

Situ Ningbing blinked her beautiful eyes and looked at the place where the ferocious aura was coming, suddenly there was an inexplicable fear in her heart.

Do you still go in?

If there is a monster in this weird stone cave, it will be really troublesome. If you want to save in such a stone cave by yourself, it is absolutely impossible. Situ Ningbing is secretly there. Want to say.

But then I thought about it, I have already walked here, and I am trapped in this **** cave. If I don't go in, I will be discovered by the monsters in this cave sooner or later... It's better than that Take a risk and check it out!

After making this decision, Situ Ningbing finally walked forward step by step.

The more you go forward, the more you can feel the terrifying evil spirit! !

Suddenly, Situ Ningbing walked another ten meters before finally seeing the "monster" glowing with blood.

Looking at it in amazement, I saw something glowing with blood...had a human figure, sitting cross-legged in a deep cave...and the **** light came from his chest.

The meridian points on the chest were **** and hideous. Looking carefully, those blood-red meridians and blood collaterals actually formed a word.

A "sha" word!

When Situ Ningbing saw this scene, the whole person was instantly stunned.

"Is that a human? Or a monster?"

Situ Ningbing hid on the rock with her beautiful eyes, staring in shock.

But seeing the "humanoid" monster sitting cross-legged, his entire hair was blood-red, looking scary and weird...a head of blood-colored hair was scattered on the messy head, unable to see his face clearly.

He just sat like that, on his magnificent chest, the **** light from the word "Sha" hit the sky!

It's the word "sha" that seems to attract the aura between heaven and earth...

Situ Ningbing looked at the monster more than ten meters in front, horrified in his heart, afraid to step forward!

She didn't know whether the monster in front was a human or something terrible... so she was just standing there at the moment.

However, something unexpected happened suddenly. Just when Situ Ningbing was hiding under the rock, she inadvertently touched her hand and suddenly hit the cracked rock next to her.

The rock was gently touched by her, and the whole was broken, and it fell to the ground with a click.

Although the sound is not very loud, it is exceptionally clear in such a silent and strange stone cave.

But he said that just after Situ Ningbing knocked the stone to the ground and made a noise, Situ Ningbing's heart shook.

"Not good!" She said in horror.

Then subconsciously prepare to want to escape! I want to leave here quickly...

But just when she turned around and wanted to leave here quickly, a frenzied "scathiness" rushed over.

Then I heard a roar, which was so ugly, as if it were from a wild animal.

He woke up!

He heard the voice just now!

Although Situ Ningbing didn't look back, he could feel the **** light behind him getting stronger and stronger, and that terrible "scary energy" was also pouring toward him.

Just as the roar came out, a sudden blood light attacked Situ Ningbing's body directly.

Situ Ningbing was shocked, and dodged quickly, but how could her speed dodge that terrible blow?

I saw that when the blood light attacked Situ Ningbing, the whole hideous blood light suddenly turned into a claw, and the claw was directly grasped by Situ Ningbing.

Chapter 2329: [leave here](#)

Although Situ Ningbing is not weak in martial arts, how can she avoid such a terrifying "monster"?

One did not pay attention, but saw the blood-colored claws grabbed her shoulders in an instant, and then a huge traction force grabbed Situ Ningbing's delicate body back. .

After Situ Ningbing was grabbed by the blood-colored claws on his shoulders, he only felt that his shoulders were about to shatter...there was a choke in his painful mouth, and then the body flew back involuntarily.

what

The cry of exclamation came from her mouth.

It's a pity that everything is too late, because her whole person has been captured by the "monster". But seeing that the "monster" didn't move continuously from beginning to end, his blood-colored hair covered his face, and he didn't even lift it up. He just used his blood to grab the Situ Ningbing and float it in the air...

Situ Ningbing lifted both feet off the ground, and his body was held in the air.

"It's over, I'm going to die..." After Situ Ningbing was caught, a despair suddenly grew in his heart. Thinking that she was going to die, Situ Ningbing only felt sad, but even if she was going to die, she had to see exactly what this "monster" was that killed her!

Can't you even die without knowing who killed it?

After thinking like this in his heart, Situ Ningbing suddenly mustered up his courage and turned his head around.

She wants to see exactly what this "monster" is? Why kill yourself?

The moment she turned her head abruptly, she saw his strange blood-colored hair, and then saw his outline hidden by the blood-colored hair!

When he saw the outline of his face, Situ Ningbing was suddenly shocked!

he.....?

His... outline... how does it resemble... Li Tian?

At that moment, Situ Ningbing only felt that his heart was about to jump out.

Can't believe it? Is it shock? Or is it so-called excitement?

All the feelings of this, even she herself can't tell.

She just stared blankly at the bloody-haired "monster" in front of her, staring at his silhouette.

Suddenly a cold mountain breeze blew over from the cave. The mountain breeze was shady and cool. When it blew in from the cave, the cold wind blew the blood-colored hair of the "monster" all over his head. The hidden face was suddenly exposed.

It was a "human" face.

Handsome and pale!

It's just that his eyes are tightly closed there, and the whole body is constantly absorbing the air of heaven and earth introduced by the **** light.

"Li... Heaven?" Situ Ningbing, who was about to be killed by the "monster", was suddenly blown away by the cold wind at this moment. The moment she saw his face, she screamed out suddenly. .

Oh my god, she never thought that this "monster" was her favorite man!

Is it the "Li Tian" who has been searching for so long?

All this seems to be a dream...like a fake! ! !

Yes, the "monster" exuding terrifying blood in the stone cave is exactly the "blood evil star" transformed by Li Tian.

He had been hiding in the cave in the cliff after leaving the immortal mountain.

According to legend, when the Blood Fiend was born, he had to go through a short period of transformation. During this time, he would continue to absorb the spiritual energy between the heavens and the earth to allow his powerful true energy to operate. Otherwise, his body would not be able to withstand the suddenness. The force of terror...

"Lee... God?"

When Situ Ningbing's voice screamed again, Li Tian, who closed his eyes tightly and was absorbing the spiritual energy between heaven and earth, suddenly trembled.

He heard it!

He sensed Situ Ningbing's voice.

That was the voice of his lover, the voice of the first woman in his life! ! !

His blood-colored hair was flying in the wind, his tightly closed eyes suddenly opened at this moment, and the moment his fiercely full of evil eyes opened, he was stunned to see her there!

She was held in the air by his blood like a fairy, with crystal tears on her beautiful and flawless face, staring at him there!

The teardrops are tears of excitement.

Facing each other!

At this moment, the "scary energy" in his whole body suddenly began to fade, and even the blood-red "scary" in his chest began to fade.

He seemed to recognize Situ Ningbing, as if he knew his favorite woman.

"Li Tian... it's me... ah... I'm Situ Ningbing!!!" Situ Ningbing said in tears, watching Li Tian in front of him, who was completely transformed.

She didn't know why Li Tian became such a terrible look!

I don't even know what happened to his whole person... She just looked at Li Tian affectionately there.

But what about Li Tian? At the moment when Situ Ningbing said a word, he looked at Situ Ningbing as if he was in a daze.

"Ningbing... my love?"

In the hoarse voice, Li Tian spit out Situ Ningbing's name.

The moment he called out Situ Ningbing's name, Situ Ningbing almost fainted happily.

She looked at Li Tiandao there with tears in her eyes: "It's me...it's me..."

Just as Situ Ningbing was happy, the moment Li Tian recognized him, a bad feeling suddenly surged.

Then look at Li Tian? The look in his dull and horrified eyes suddenly changed... his eyes flashed, and suddenly a very painful look came out of his eyes.

At the moment that painful expression came out of his eyes, the **** aura all over his body began to roll violently.

The violent breath seemed to destroy the whole world.

When Situ Ningbing suddenly felt the "scary energy" in his body suddenly strengthened, he was suddenly shocked.

"Li Tian?" she exclaimed.

It is a pity that at the moment she shouted, Li Tian's pale face began to become extremely distorted.

"Get out of here... quickly... get out of here..."

Accompanied by Li Tian's roar, Situ Ningbing was shocked.

She didn't know what happened in front of her, let alone why Li Tian had to leave by herself... Situ Ningbing loved Li Tian so deeply, at this moment, she finally saw her lover, how could she leave here?

"Li Tian, what's the matter? What's the matter?"

"Don't you know me? I'm Ningbing...we are looking for you!" Situ Ningbing said astonished at Li Tianzai.

But what about Li Tian? At this moment, he has become more and more weird, his expression has become more and more painful, and the whole body that exudes endless evil aura is shaking more severely.

"Leave... quickly... quickly..."

Chapter 2330: Blood mass

Li Tian roared again.

Just as he yelled, Situ Ningbing wanted to prepare to speak again, and suddenly a terrifying blood rushed toward her delicate body.

Situ Ningbing only felt that his body was surrounded by blood for a moment, and then he hadn't figured out what was going on. The whole person was suddenly swept and flew out with a loud bang, and the **** breath around Li Tian was all over. It exploded.

The blood is filled, the rocks are flying!

The inside of the whole cave burst like this.

The extremely powerful force at the moment of the explosion, Situ Ningbing's whole body was directly stunned by the terrible energy... and then instantly lost consciousness!

She was stunned by the extremely strong energy!

What about Li Tian?

At this moment, the entire cave has all exploded, and along with the roar of explosions, all the rocks in the entire cave have fallen down. No one knows what happened to Li Tian? Don't even know where it is?

The only thing I saw was that the **** light that soared to the sky just disappeared!

The whole world instantly returned to silence.

...

Besides, when a violent explosion happened under the cliff, the worried Baihua Fairy and Ouyang Shiqing and others on the cliff were completely astonished. None of them knew what was happening under the cliff, let alone what the terrible noise was just now.

"What sound?" Chen Qiaozhi suddenly exclaimed when he heard the terrible loud noise from under the cliff.

But see that Baihua Fairy still has Ouyang poetry? All stayed.

"It's the sound of an explosion..."

"What seems to happen under the cliff?" Ouyang Shiqing in front of her worried.

Duanmuying next to her suddenly said, "What about Situ Ningbing? How is she?"

After saying Situ Ningbing's name, Fairy Baihua and Chen Qiaozhi in front of them both looked ugly.

A deep fear came from their hearts.

Just when all of them were extremely worried, a ***** cloud burst out from under the cliff!

The ***** air mass flew up from under the cliff with a gust of wind.

"Be careful!" At the moment when I suddenly saw a strange blood-colored air mass flying up from below the cliff...Chen Qiaozhi yelled in horror.

Then the Baihua Fairy, Ouyang Shiqing, and Duanmuying and other beauties quickly stepped back!

Because at this moment, no one knows what exactly this terrifying blood group is... how could it suddenly fly up from the bottom of the cliff?

At the moment when the blood-colored air mass flew up from below the cliff, it seemed to be wrapped in something, and then slowly fell on the cliff.

Chen Qiaozhi, Fairy Baihua, Ouyang Shiqing and others were all in a daze, looking at the ***** aura with unbelievable eyes.

No one dared to step forward.

After the ***** air mass hit the ground, it moved slightly.

"What is this?" Ouyang Shiqing said in horror with her beautiful eyes wide open.

Fairy Baihua also had a nervous face, and had enough energy between her hands to prevent any terrible changes.

Chen Qiaozhi and Duanmuying nearby also raised their eyes and looked at.

But after seeing the blood-colored air ball bounce slightly for a few times, it suddenly exploded...with a boom, a powerful energy rushed to the surroundings.

The Baihua Fairy and Chen Qiaozhi and others flashed back quickly.

However, the scope of the **** air mass blasting was not very large, and it did not hurt the Baihua Fairy and the others...but said that at the moment the **** air mass exploded, everyone hurried forward.

Look carefully, a delicate body is lying in the **** air mass, as the blood gas slowly dissipates due to the explosion, her figure suddenly appeared in the eyes of Fairy Baihua and their eyes.

Looking at it with amazement, the person wrapped in the **** aura just now turned out to be a person, turned out to be Situ Ningbing!

"Ice ice?"

"Oh my God, it's Miss Situ..." Chen Qiaozhi and Fairy Baihua in front of them couldn't help screaming at the moment they saw her figure after the **** air cluster exploded.

When they were shocked to see that Situ Ningbing, Chen Qiaozhi and Fairy Baihua rushed over.

They all thought that something dangerous happened to Fairy Baihua, and they never expected that Situ Ningbing would actually rise from under the cliff in this way.

Moreover, her whole body was still wrapped in blood.

What is going on all this?

Although Chen Qiaozhi and Fairy Baihua were all shocked, they were still excited about Situ Ningbing's peace, but they saw them rushing over quickly.

"Ningbing..."

Fairy Baihua ran over while looking at Situ Ningbing.

But seeing that Situ Ningbing was in a state of fainting, she had no sense of consciousness.

"Miss Situ, why are you dizzy?" The girl Xiaohuan in front of her couldn't help asking.

Duanmuying and Ouyang Shiqing also hurried over here, looking at the fainted Situ Ningbing.

I saw that Situ Ningbing didn't suffer any serious injuries, she was just unconscious.

After Chen Qiaozhi walked over, he said: "Senior Hua, the younger generation knows a little bit of medicine, let me see Miss Situ..."

After hearing what Chen Qiaozhi said, Fairy Baihua nodded and said, "Okay, okay."

Then he saw that Chen Qiaozhi hurriedly walked to the fainted Situ Ningbing, and then stretched out his hand to explore the veins of Situ Ningbing.

The Baihua Fairy and Ouyang Shiqing and other girls were all looking at Chen Qiaozhi in front of them.

After Chen Qiaozhi explored for a while, he suddenly let go.

"How is it? What happened to Ningbing?" Fairy Baihua hurriedly asked with concern.

The girls like Ouyang Poetry and Duanmuying in front of them were also Chen Qiaozhi staring in front of them with their beautiful eyes blinking.

But seeing Chen Qiaozhi said slightly: "Miss Situ...it seems to be fine! She just passed out briefly in a coma.

"Really? Are you sure?" Fairy Baihua said quickly.

Chen Qiaozhi glanced at Situ Ningbing who was lying on the ground, then slightly nodded and said: "The junior is 100% sure...Miss Situ only fainted briefly. She only needs to rest for a while, I believe she should wake up. "

After Chen Qiaozhi said so, everyone was finally relieved.

"Ningbing is fine...it is fine..." Fairy Baihua said in a relaxed voice.

Ouyang Shiqing and the other girls were relieved after hearing that Situ Ningbing was okay.
