

A Killer 2331

Chapter 2331: wide awake

"What happened to Ningbing under the cliff?"

"And what happened to the violent explosion sound just now?" Ouyang Shiqing suddenly questioned.

The fairy Baihua frowned deeply and said, "I'm afraid no one knows about this..."

"Maybe we won't know the truth until Ningbing wakes up."

Hearing Baihua Fairy say so, everyone didn't speak any more.

Everything now is a mystery to Fairy Baihua! None of them knew what terrible situation Situ Ningbing encountered under the cliff...Now they can only wait, waiting for Situ Ningbing to wake up.

...

The sky gradually dimmed.

Below the ten thousand-foot cliff, a terrifying suffocation was vaguely heard.

Look carefully, that evil spirit came from that strange stone cave.

But seeing that the stone cave is completely invisible at the moment due to the explosion... only some stone gaps can be vaguely seen.

From the tiny stone gap, you can still see the ***** breath permeating the hole.

There is no doubt that Li Tian, who had been transformed by the blood fiend star, was still in the cave.

Looking into the depths through the gap of the stone cave, I saw Li Tianzheng sitting upright in the middle of the cave. His hair was still loose, and his blood-colored hair covered Li Tian's face... He just sat like that.

The word "Sha" in his chest became more and more blood red with the movement of the breath.

Li Tian is now in a stage of transformation! The body of the blood evil must undergo a period of mutation before it can absorb the strong energy of the blood evil aura, so now Li Tian can only sit like this. He must rely on absorbing the spiritual energy of the day and earth to practice the blood evil body. come out.

"Ningbing...I'm sorry..." Suddenly Li Tian murmured a word in the dark stone cave.

His voice is hoarse and painful...

Because his face was covered by the blood-colored hair, he couldn't see the expression on his face clearly, but he could still hear it in his voice, and Li Tian felt very uncomfortable.

"I have become a vampire now... no longer a human... so I hope you all forget me!" Li Tian said suddenly in pain.

As he said this, the beautiful smiles of the girls like Situ Ningbing, Ouyang Shiqing, Duanmuying and others suddenly appeared in his mind...

Unfortunately, the more he recalls, the more painful he is.

The pain was like a sharp blade piercing his heart, making him tremble with pain, and the pain was unbearable!

He knows that he has become a dark vampire, and he also knows that humans cannot live with vampires! So the moment he saw Situ Ningbing just now, he could only let her go...

He was afraid of her being sad, afraid of her crying for herself!

The painful choice made Li Tian's blood qi in chaos at the moment, but seeing that blood qi became more and more weird as his mood changed...

what! ! !

A heart-piercing cry of pain came out of Li Tian's mouth, his voice pierced through the sky, and it floated far in the sky.

When the voices of the hostile people floated into the ears of the Baihua Fairy waiting for the girls above the cliff, they were all stunned.

"Gosh, what sound?"

"Auntie Hua, did you hear that? That terrible scream just now?" Ouyang Shiqing suddenly exclaimed.

Fairy Baihua looked ugly at the bottomless cliff, nodded there and said, "I heard it."

"Is that a human voice?" Duanmuying on one side asked with horrified eyes.

The fairy Baihua in front of her said, "It's not like..."

"Could it be a monster? There is a monster under this cliff?" Duanmu Ying said with a nervous expression in her voice.

At this moment, everyone has a fear in their hearts.

They all felt that there was something terrible under the cliff at this moment.

In the end, Chen Qiaozhi said, "Senior Hua, for the sake of safety, I suggest we leave here soon..."

"After all, we don't know the origin of the monster under this cliff... If something terrible waits to come up, then we are in danger."

"Besides, the sky is getting dark too! Senior Cthulhu must be anxious about us..." Chen Qiaozhi said there.

Listening to what Chen Qiaozhi said, the fairy Baihua finally looked at the darkened sky and said, "Okay! Let's get out of here..."

"Bring Ningbing, let's go meet Big Brother and the others first." Fairy Baihua said last.

Situ Ningbing was still in a coma, so she could only support her.

For the sake of safety, Fairy Baihua and the others did not dare to stay by the cliff.

In this way, they walked away.

Before leaving, Duanmuying blinked her eyes and looked back at the ten thousand zhang cliff... Somehow, Duanmuying always felt that there was something kindly under the cliff... That feeling was very strange...

"Miss...what are you doing?" Suddenly when Duanki Ying was stunned, the girl Xiaohuan at the back asked.

Duanmuying's thoughts were interrupted by the girl Xiaohuan!

She raised her head slightly, and said, "I'm fine!"

Then he sorted out his thoughts, and followed the Baihua Fairy and Chen Qiaozhi to the front.

...

The sky is getting darker and darker.

As the sky became more and more dimmed, a thick mist rose from the Immortal Mountain Range.

This weird mist is like evil, permeating the mountains of this immortal mountain range.

The Fairy Baihua in front of him took Chen Qiaozhi and the others step by step.

"Damn it, the fog is getting heavier and heavier...We are almost out of the way..." Fairy Baihua said depressedly in front of her.

Seeing that the sky was dim, and they had nothing to illuminate...In addition, the evil mist became more and more diffused, so Fairy Baihua and the others were depressed.

"Let's keep going east...should we meet Senior Cthulhu." Chen Qiaozhi cried out in front.

After hearing what Chen Qiaozhi said, Fairy Baihua nodded silently.

When they came, they went all the way to the west, and now they keep going east, of course they can't be wrong! It's a pity that this evil mist is getting heavier and heavier...As long as there is a distance of more than ten meters, there will be no shadows...

So their speed is very slow.

Just as they were walking towards the east, the fainted Situ Ningbing who was being supported suddenly choked in his mouth...

At the moment when the sound was made, Ouyang Shiqing immediately became excited.

Chapter 2332: Li Tian changed

"Ningbing woke up... Ningbing woke up..."

"Auntie Hua, Ningbing is awake." Accompanied by Ouyang Shiqing's cry, but seeing the walking fairy Baihua, Duanmuying and Chen Qiaozhi all hurried over.

"Ningbing..." they all ran over and shouted.

But seeing that fainting Situ Ningbing had indeed become conscious... she was opening her mouth... as if calling someone's name... but her eyes had not opened yet.

"Lee... Lee... Lee... God..."

Finally the name of the person she called out was heard by Fairy Baihua and the others.

Hearing Situ Ningbing's mouth yelling Li Tian's name, every girl felt inexplicably sad.

"Ningbing, wake up... wake up..." Fairy Baihua yelled in concern while supporting Situ Ningbing.

Finally, Situ Ningbing's eyes slowly opened.

At the moment she opened, her eyes were filled with unknown horror.

"Ningbing...Ningbing, you finally woke up! Great," the fairy Baihua in front of him exclaimed excitedly the moment he saw Situ Ningbing sober.

Ouyang Shiqing and other girls were also looking at her happily.

"I...Why am I here?" A weird word suddenly came out of Situ Ningbing's mouth.

Then her delicate body trembled, suddenly raised her eyes and exclaimed, "Where is Li Tian... Where is Li Tian?"

Suddenly, Situ Ningbing seemed to be mad, and he suddenly jumped up from the ground, blinking her beautiful eyes in panic and said.

Fairy Baihua and the other girls saw Situ Ningbing all of a sudden... When this weird situation appeared, they were all taken aback!

Not only was there a hidden line in my heart: What happened to Ningbing? Why did he ask Li Tian in the first sentence when he woke up? Did she forget that Li Tian has disappeared for a long time?

But seeing that Baihua Fairy walked in front of Situ Ningbing and said to her there, "Ningbing...are you okay?"

But seeing that Situ Ningbing didn't answer Baihua Fairy's words, but raised her beautiful eyes and stared at the surroundings... After watching for a long time without seeing Li Tian's figure, she suddenly seemed to collapse and collapsed suddenly. Fell to the ground.

Her beautiful eyes are dull! The expression seemed stunned.

"Ningbing!" Looking at Situ Ningbing's strange situation, none of Baihua Fairy and the others knew what happened to her.

"Ningbing, what's the matter with you? How come you are called Tian'er's name?"

"Also, Ningbing, what happened to you under that cliff? Why did you faint?" The fairy Baihua hurriedly asked.

Next to Ouyang Shiqing, Duanmuying and Chen Qiaozhi were all looking up at Situ Ningbing... Each of them wanted to know the truth.

But what about Situ Ningbing? Faced with their questions, she did not answer.

She just sat there blankly, with an extremely painful look on her face, and said in a sad voice: "Li Tian...has changed...he has become less like him..."

"When he saw me... he didn't even want to know me... he drove me away!"

The weird words came out sadly from Situ Ningbing's mouth.

Listening to Situ Ningbing's sudden strange words, everyone was stunned.

"Ningbing, what are you talking about?"

"You said...you... have you seen Tian'er?" The fairy Baihua asked in horror.

Ouyang Shiqing and the others were also stunned for an instant.

But seeing that Situ Ningbing finally slowly raised her beautiful eyes, and then glanced at Baihua Fairy and the others in front of her.

Then he said, "Yes, I saw him! I saw Li Tian."

"What?" After Situ Ningbing uttered those words, Fairy Baihua and the others all yelled.

No one can believe this fact.

"Ningbing, did you really see Tian'er? Where is Tian'er? Where is Tian'er?" The fairy Baihua asked quickly in surprise.

And then Chen Qiaozhi hurriedly asked: "Miss Situ, where is Li Tian? Where did you see him?"

After they asked, Situ Ningbing suddenly said, "The cliff."

"Cliff?" When Situ Ningbing said so, everyone was stunned.

Situ Ningbing said: "Yes, right under the cliff."

Then Situ Ningbing in front of him accidentally fell down, as well as the fact that he was suddenly sucked into the cave by an inexplicable force after falling off the cliff... and also said that Li The matter of heaven.

After speaking like this, Fairy Baihua and other girls were all confused.

Each of them looked like they had seen a ghost, and they were stunned.

"Oh my God, are you sure what you saw is really Tianer?"

"Tian'er is really under the cliff?" Baihua Fairy asked again confirmingly.

Situ Ningbing nodded and said, "Yes."

"That is indeed him... It's just that Li Tian seems to have changed... His figure... and appearance has all changed..." Situ Ningbing thought of Li Tian's blood-colored hair and that piece of When the distorted face was extremely pale, an uncontrollable terrible feeling would rise in my heart.

After Situ Ningbing said this all at once, Fairy Baihua and the others stayed.

"Tian'er is under the cliff?"

"Oh my God, he is actually under that cliff?" Baihua Fairy said regretfully.

She regretted that she didn't go down the cliff at the time. If she went down, she would definitely be able to see Li Tian, but it would be useless for her to regret it now, after all, they had already come here.

"Ningbing, why didn't he come up? Why didn't he come out with you?" Fairy Baihua asked quickly.

Situ Ningbing showed grief in her beautiful eyes, and muttered, "Auntie Hua...I said, Li Tian has changed."

"What do you mean? What makes Tianer changed?" Baihua Fairy asked in astonishment.

But seeing Situ Ningbing said: "He has become extremely weird... and terrifying... His whole body is blood-colored... even his hair has turned blood-colored... When I entered the cave, When he first saw him, he could hardly recognize me... Later, he recognized me... Unfortunately, he didn't say much, just let me leave him... let me Go...In the end, I didn't even have a chance to say more...I passed out into a coma... and then I didn't know anything."

After listening to Situ Ningbing in front of her saying this, Fairy Baihua was shocked.

She knew in her heart that Li Tian's favorite woman was Situ Ningbing in front of her!

But Situ Ningbing actually said that after seeing her, Li Tian let her leave? why?

Chapter 2334: Vampire appears

When the Cthulhu decided to go to rest in the cave, the brothers in front of him all turned their heads and looked at the deep cave.

Suddenly the blood hunter David in front of him suddenly said, "Don't...don't go into this cave."

He said in a panic on his face, as if there was something terrible in this deep cave.

The evil ***** turned his head slowly, and then looked at the blood hunter David in front of him: "Why?"

Then David said: "Because there are vampires here..."

Cthulhu said: "Nonsense, we went in before... we didn't find a vampire member at all."

Then David explained, "That's because it was daytime when you went before... Now night is coming... Presumably the vampire hidden in this cave is about to appear."

"Know that vampires never show up during the day."

Hearing what David said, the evil ***** frowned deeply.

The Duguxie in front of him stepped forward and whispered to the evil god: "Big Brother, what he said is quite reasonable, and I also think there is something weird in this cave."

After listening to Duguxie saying the same, the evil ***** thought for a moment.

He lifted his icy eyes and glanced at the stone cave in front of him...but saw that the gloom was filled in the cave, and the strange aura burst out from inside.

"Then what do you mean?" The Cthulhu asked when looking back at the Dugu Xie in front of him.

Duguxie said, "I think we should find a place to rest outside this cave."

After hearing Duguxie's words, the evil ***** thought for a while and nodded.

"Well, in that case, let's rest outside the cave."

In this way, under the persuasion of David and Duguxie, the evil gods did not enter the cave in front of them.

They chose to rest outside the cave.

They took out the salutes they had brought from their backpacks, as well as the tent, so they set up the tent in a wide area on the side, and then rested.

The night slowly deepened.

Cthulhu and his brothers lay in a simple tent, unable to sleep.

Every one of them was thinking about their thoughts, and basically what they thought most was about the Baihua Fairies who suddenly disappeared during the day.

As the night slowly descended, cold air began to appear around this immortal mountain range.

It was quite cold here late at night.

From beginning to end, the blood hunter David did not sleep.

He kept his eyes open, lying there cautiously, because maybe only he himself knew that it was definitely not a safe place...because the terrible vampire in that cave could appear at any time.

Just when the Cthulhu and the brothers were lying there quietly, suddenly there was a weird cry from the rock cave, and the cry came from the deep hole.

At the moment this weird cry came out, the Duguxie and Cthulhu in front of them suddenly jumped from the ground.

"Have you heard? There is a strange sound..."

"Big Brother!" The moment Duguxie here jumped up from the ground, he quickly said to the Cthulhu Dao.

But seeing Cthulhu has stood up.

"I heard it, the sound seems to come from that stone cave." Cthulhu said.

He said that, but seeing the evil **** lifted the tent, and then walked out.

And that Duguxie, the ghost servant, and Tang Xiaolong and other brothers behind him all followed.

As they walked out of the tent, everyone raised their eyes and looked at the deep black rock cave over there.

But seeing a faint voice from the stone cave... the weird voice seemed to come from the deep cave.

"There is indeed movement! There is really a sound in this cave..." Xue Wuhen said over there with his eyes open.

The evil **** looked at the place of the stone cave without blinking, and suddenly muttered, "Is there really a vampire in it?"

Hearing this Cthulhu said, everyone's face became slightly tense, and then they all raised their eyes and looked into the cave.

The cave was gloomy, with strange smells coming from inside.

"Brother, do we want to go in and take a look?" I just listened to the Duguxie in front of me suddenly asking.

After hearing Duguxie's words, the evil ***** hesitated slightly.

After all, how many vampires are there in this cave? He didn't know, it might be dangerous if he went in like this.

The Cthulhu thinking about it this way contemplated it for a while, and suddenly said: "No... we still don't go in."

Just as Cthulhu said this sentence, the dark stone cave suddenly heard a weird cry of "hissing", and the cry was getting closer...as if coming out of a deep cave. Like.

At the moment when the strange whistling sound of "hissing" came out of the cave, the Cthulhu and the brothers not only frowned, and then their bodies instinctively moved back.

"What is it?" The Ghost Servant asked in astonishment.

Accompanied by the ghost servant's exclamation, the blood hunter David in front of him suddenly shouted: "It's a vampire...It's a vampire of the Heiyi clan!"

It turned out that David heard the "hissing" sound, which was exactly the "Yiyu" spoken by the vampires of the Heiyi tribe.

Having dealt with vampires for so many years, David certainly knew this voice.

So I yelled after hearing it.

The evil ***** and the brothers were all startled slightly after hearing the three words of Heiyi Clan.

Then at this moment, I saw a few swishes, swishes, and swishes from the stone cave, but saw a few ugly vampires of the Heiyi tribe, who were all black and lying on the ground, popped out of the cave. .

After they reached the cave with their hideous faces and raised their blood-red eyes, their bloodthirsty eyes suddenly reminded the Cthulhu and the others.

The vampire really appeared!

It turns out that the vampires smelled the human aura from the evil gods...that's why they came out.

But seeing the Heiyi tribe vampires rushing out at this moment, after seeing the evil ***** and the brothers, they suddenly screamed...their screams seemed to be talking and roaring.

At this moment, all of them came to the evil ***** and the brothers.

More than 20 vampires of the Heiyi tribe immediately surrounded the evil ***** and his brothers.

After the Cthulhu and Duguxie were surrounded, they looked ugly and stayed cautiously.

"Everyone, be careful with these monsters... each protect yourself." The Cthulhu looked at the Heiyi clan vampire in front of him, and said to Tang Xiaolong behind him.

Tang Xiaolong and Xue Wuhen nodded silently, then clenched their fists one by one and looked at the scene in front of them.

Cthulhu has already poured all his energy into his arms...Tonight, he is going to kill him!

Chapter 2335: Game

"kill!"

A roar came out of Cthulhu's mouth first.

Accompanied by his roar, his figure flew into the vampire of the Heiyi tribe for the first time.

The two palms full of vigor, in the instant they flew over, directly hit the head of the Heiyi tribe vampire over there.

The heads of the two vampires of the Black Yam tribe were held high... only saw a black shadow pounce on them with their scarlet blood eyes. They had not had time to escape, but saw that the vicious palms had hit their heads.

With a bang, blood splattered, two vampires of the Heiyi clan let out a scream, and the whole body suddenly fell to the ground and died.

Where is Duguxie here?

The sword has been pulled out of its sheath.

His bronze sword has long been broken, and now he has replaced it with an ordinary sharp sword, but even if the ordinary sword is in the hands of Duguxie, it exudes infinite power.

Due to the sword light, everybody saw the vampire of the Heiyi tribe being chopped into pieces!

However, even though Duguxie used the evil sword to chop the bodies of the vampires of the Heiyi tribe, they still did not die.

"Cut off their heads...otherwise they can't kill these **** vampires." When David over there saw that Duguxie was brave, but could not kill these Heiyi clan vampires, he quickly reminded him.

After hearing David's voice, that Duguxie instantly understood.

The sharp sword in his hand spun suddenly, and then the strange sword move came out.

Scrubbing, a terrifying sword stroke was directed at the heads of a few vampires from the Heiyi tribe over there...

With a chuckle, a vampire from the Heiyi tribe was chopped off with a sharp sword, his head grunting rolled on the ground, and then he fell to the ground.

After seeing that the vampire was finally killed by himself, Duguxie really understood.

It turns out that these **** vampires can only be killed by cutting off their heads.

After thinking like this in his heart, Duguxie held a sharp sword and flew over. The evil sword attacked the vampires of the Heiyi tribe viciously.

Tang Xiaolong, Xue Wuhen, and Ghost Servant over there have already taken action.

Although there are a lot of vampires of these Heiyi tribes, they are a piece of cake facing the evil god!

After a while, I saw that more than a dozen terrifying Heiyi vampires were all slaughtered.

The remaining 67 vampires of the Heiyi tribe all looked at the Cthulhu and them in horror...the bloodthirsty eyes showed scared eyes.

Ow...

A strange cry came out of the stone cave suddenly.

When the weird cry came out, the vampires of the Heiyi tribe suddenly fled towards the stone cave.

They run away like frightened beasts.

Seeing the vampires of the Heiyi tribe suddenly escape, the evil ***** and the brothers here were all excited.

"Damn vampire... How capable I thought I was? Unexpectedly, it was so useless... Kill a few and suddenly ran away?" Tang Xiaolong grinned there.

He felt in his heart that this vampire was not as terrifying as he thought!

It turned out to be so easy to kill!

Xue Wuhen here, and the ghost servants also think that vampires are simply too ridiculous! It all ran away like this...

However, the evil ***** over there was not as happy as he thought.

Because he suddenly felt a terrible breath pouring out of the cave.

The Cthulhu at this moment just raised his cold eyes and stared coldly at the deep cave.

"Xiaolong, don't take it lightly. The vampire that swiped just now is obviously not the horrible vampire before...I believe that there are still powerful vampires waiting for us." Duguxie said coldly in front of him.

Listening to Duguxie's words, Tang Xiaolong stopped speaking, raising his eyes to look at the place of the stone cave.

Suddenly, a strange gas of death surged from the cave.

When the weird death aura came over, the surrounding aura instantly changed... even a layer of purple-black aura suddenly appeared on the rock.

"Be careful, everyone!" The Cthulhu suddenly shouted when he suddenly felt a powerful death aura.

He subconsciously felt that the breath of death was terrifying...so his body suddenly flew back! In order to avoid the death breath that hits your face.

As for Duguxie and the ghost servants, when they saw the evil ***** retreating in shock, they all followed him and swept back.

When they all swept back, a purple-black death gas suddenly emerged from the place where they saw the stone cave...and above the death gas, a man with a pale face was floating in the air.

He is the breath of death, Antonio.

A demon who destroys all living things wherever he reaches.

Besides, after Antonio appeared in the air outside the cave, his face had a hideous smile, looking at the evil ***** and others in front of him.

And what about Cthulhu?

It was also the whole stunned, looking at Antonio in front of him.

"Hey, is this guy a vampire?"

"His body can float in the air?" Tang Xiaolong couldn't help but say in surprise when he saw Antonio.

The Cthulhu and Duguxie looked at Antonio coldly.

At the moment when Antonio appeared, a neigh erupted in the cave.

The neighing sound is a horse cry, but what about the horse? It is a death horse from the dark hell, a monster with a green flame.

Then I saw a sinister man with a pale face riding a death horse also came out from inside.

Berwick.

Another earl of the Gangelo family: Berwick.

When Berwick came out, he first raised his blood-red eyes and glanced at the evil **** and others in front of him, and then a grimly smile appeared on the corner of his mouth: "I haven't tasted the taste of human blood for a long time...Unexpectedly, there is Humans who are not afraid of death come to die? Very good, very good." Berwick said with a weird smile.

With his evil eyes, he glanced at the evil **** and others with a beastly look.

It seems that this evil **** and others are his prey.

After Berwick and Antonio came out, another figure flashed out.

But seeing from the cave, a fishy smell came first... and then I saw a huge snake crawling out of the cave.

That flower python is not more than a meter thick, more than 20 meters long, covered with red flowers and spots, looking at Shenren!

The raised triangular head, spitting out poison core, after the hissing noise, crawling out, glared fiercely at the Cthulhu.

Look carefully, there is still a strange woman standing on the body of this big python. The woman is wearing a one-piece blood-red dress, and her vicious eyes are like snake eyes, standing on the body of the big snake.

The big snake girl.

A terrible woman who can repel snakes.

Unexpectedly, Antonio, Berwick of the Gangelo family, and the three big snake woman came out.

Chapter 2336: Duguxie is out

Breath of Death Antonio, the Serpent, and Berwick of the Gangaro family.

These three people are famous horror characters among the blood clan.

Looking at the entire blood clan, if these three terrifying guys act together, their power will be unstoppable, and now Cthulhu and his brothers are facing the three guys in front of them.

Cthulhu and Duguxie and the brothers have never seen Antonio, and the big snake girl riding a flower python, and Naberik, at the moment when they saw these three jump out of the cave, They not only frowned.

"The big snake girl of the Buren family...and Antonio?" Suddenly the blood hunter David recognized the identity of the big snake girl and Antonio, and murmured there with a shocked tone in his voice.

When the evil **** heard David suddenly whispering behind him, he turned his head and asked coldly: "David, do you know these three guys?"

The David nodded in horror and said, "Know...Know..."

"They are extremely terrifying characters among the blood! And they can also have supernatural powers, especially that Antonio... The breath he exudes is said to have the effect of destroying the world..."

"You must be careful." David in front of him suddenly said there.

Listening to what David said, the evil god, Duguxie and the ghost servants around him all put their eyes on Antonio.

But seeing that Antonio's whole body was suspended in the air, and the purple-black death aura permeated his whole body... a pair of cold eyes were staring at the evil gods and them.

Besides, it was at this time that Antonio, Breath of Death, spoke first.

"The few humans that Elder Corpse King said are these guys?" He looked at Earl Berwick in a weird voice and asked.

Count Berwick, whose face was as pale as paper, smiled weirdly and stared at the evil **** in front of them and said, "It should be them."

"well!"

"These ignorant and stupid humans are really bold enough to dare to come here... Hehe, it happened to drink their blood today." The Breath of Death Antonio said with a wild laugh.

But when he saw Naberik, he suddenly said, "Don't forget, Elder Corpse King will live."

"Alive?" Antonio asked slightly surprised.

Berwick nodded slightly and said, "Yes."

When Antonio heard Berwick say this, he snorted unhappily, "Well, since Elder Corpse King wants to live, then we will catch it."

"Snake girl, do you go first? Or should I go first?" Antonio suddenly sneered and looked at the big snake girl riding on the flower python in front of him and asked sullenly.

As Antonio in front of him spoke to the big snake girl with sarcasm, the big snake girl in front of him suddenly snorted coldly: "To deal with these human beings...I am enough!"

Hearing the big snake woman speaking so violently, Antonio in front of him suddenly sneered and said to Naberik: "Okay, since the big snake girl is enough, then we will not hinder you... Let's stand and watch. Now."

Hearing Antonio say this, the big snake girl in front of her cursed Antonio in her heart.

But she didn't say it, she just stared at the evil ***** and them coldly.

She felt that among human beings, no one could beat herself. The Cthulhu and others in front of her were definitely vulnerable... she thought with such disdain in her heart.

So the big snake girl at this meeting stepped straight forward, and the giant python in front of her also began to move forward slowly...The triangular ***** head was stretched out in that twist...about twenty meters long. The snake body curled up... with a scarlet venom core in his mouth, staring bloodthirstily at the evil gods here.

"Ignorant human beings, who are you going to come up and die first?" The big snake girl in front of her looked at the evil ***** and others in front of her with endless provocative cold eyes.

Where is the evil ***** here? Standing still like a rock, the endless qi has already surrounded his body at this moment, and it can be seen that the evil ***** is ready to take action.

At the moment when Cthulhu was about to make a move, suddenly Du Guxie beside him spoke.

"Brother, let me deal with her." A word came out of the mouth of Duguxie.

After Duguxie said these words, the evil ***** in front of him turned his head slightly and glanced at Duguxie in front of him.

"You?" Cthulhu looked at Duguxiedao.

But seeing that Duguxie's bronze face showed a smile and said, "En!"

"She, you don't need your eldest brother to take action personally, it's enough for me to deal with her." The Duguxie in front of him said abruptly.

Looking at that Duguxie, the evil ***** in front of him finally nodded slowly.

"Ok!"

He knows Duguxie's ability. Although Duguxie's hand is broken, even the most famous bronze sword is no longer in his hand, but the evil ***** feels that with Duguxie's ability, it should be able to deal with the big snake girl in front of him. .

When the Cthulhu decided to let Duguxie take action, Duguxie stepped forward.

Then the ordinary sharp sword in his hand stretched out, and the sword pointed at the big snake girl.

And what about the big snake girl?

When he saw that a guy with a broken arm was about to fight himself, he sneered immediately.

"Something to die!"

Duguxie didn't move, as the cold wind blew on his resolute face, his hand was very steady, holding the iron sword in his hand very firmly.

"Since you want to die? Then I will fulfill you."

The big snake girl yelled, her body moved abruptly, her ghost-like body swished directly, and she reached the face of Duguxie with a cold hand and viciously grabbed her face.

The speed is scary.

What about Duguxie? I have already experienced the extremely fast speed of that vampire...At this moment, the big snake girl who was waiting in front of her hits her, and the iron sword in her hand suddenly turned and pierced towards the big snake girl's body.

The big snake girl saw Duguxie avoiding her move, and immediately roared, and her two hands struck at Duguxie strangely again.

Duguxie's footsteps kept turning, using a few quick movements to avoid the blow of the big snake girl.

After quickly avoiding, Duguxie's sharp sword suddenly turned, the sword pointed at Yin and Yang, and the sword technique of the evil sword suddenly pierced... strange sword moves, stab the snake girl overwhelmingly.

The Serpent Girl had never encountered such a sword move before, and she was slightly astonished at the moment, and she couldn't help but quickly retreat.

Quickly avoided Duguxie's incomparable evil sword and sword moves.

While dodging Duguxie's quick sword moves, the snake girl secretly lined her heart: Why is this human being so powerful? Will the swordsmanship used be so strong?

She didn't dare to be careless now.

Chapter 2337: The power of the overlord sword

"Snake Girl, how? Can you deal with it?" Antonio's mocking cry suddenly sounded behind him.

After the big snake girl heard Antonio's sarcasm, she was extremely angry, but she couldn't refute it, because she hadn't beaten the gambler yet.

Right now, she vented all her anger and hatred on that Duguxie body.

I saw the big snake girl pounced again, and when she pounced, the terrible giant snake also rolled towards Duguxie.

But seeing the giant snake more than 20 meters long, when it pounced, it brought a stench of cold wind, and hurriedly attacked the Duguxie.

Duguxie glanced at it, and the giant snake was biting at him with its ugly head, and then turned back quickly.

And at this moment, the big snake girl attacked the Duguxie.

Duguxie's iron sword stabbed twice before repelling the big snake girl, and then stepped back.

At this moment, his eyes were coldly gazing at the giant python snake over there, and his heart lined up: This giant snake is so terrible and moves extremely fast, how should he deal with it?

While he was thinking, the evil god's brows also frowned slightly.

Of course he also saw the power of the giant snake...it really should not be underestimated.

"Master, Senior Dugu, should it be okay?" Tang Xiaolong here raised worried eyes and said to the ghost servant.

The ghost servant stood there, silent, after a long time, he mumbled: "I believe the second brother...he will definitely be fine."

When they were talking, they saw that Duguxie was already fighting fiercely with the big snake girl again.

The big snake girl was surprisingly fast, every move wanted to cause the lone lonely evil spirit and death.

Fortunately, Duguxie's skill is so strong, otherwise, she really can't resist the terrifying snake girl in front of her.

As for the giant python? But it brought a great threat to Duguxie.

But seeing the giant python attacking Duguxie from time to time, Duguxie can only rely on her body to wander, and dare not confront the big snake.

However, this avoidance is not the answer after all.

At this moment, I saw that Duguxie had fought with the big snake girl for more than 20 rounds, and suddenly "hissed", but I saw that the giant python suddenly attacked Duguxie from a strange angle, that huge body At the same time swept to Duguxie.

Duguxie is facing enemies on both sides at the moment, and his body can't avoid it...

The evil gods and ghost servants watching the battle nearby showed worried eyes in their eyes.

Moreover, just when the crisis was extremely high, Duguxie uttered a long scream and flew up and down, swiping a few sword moves in the air with the sharp sword in his hand, and then the sharp sword stabbed at the giant python.

With a bang, when Duguxie's sword stabbed towards the giant python, the giant python did not even evade.

But seeing Duguxie's iron sword pierced the giant python's body all of a sudden... but an unexpected situation happened suddenly, but after hearing a click, the iron sword in Duguxie's hand broke!

broken!

The sword in Duguxie's hand was broken.

No one thought that the giant python's skin was so hard that even the iron sword would break off abruptly, and that, with the iron sword of Duguxie, he hadn't even thought of it himself.

Then just when Duguxie was shocked, the body of the giant python swept towards Duguxie with a rumbling.

Duguxie's body was immediately hit by the giant python and flew out. With a plop, his body fell heavily to the ground.

"Second brother!"

"Senior Dugu..." Seeing Duguxie's wounded ghost servant and Tang Xiaolong not only screamed there.

Even Cthulhu's eyes showed a hint of concern.

What about Duguxie? When he was knocked to the ground by the huge body of the giant python, he got up from the ground with an ugly face, and a trace of scarlet blood overflowed from the corner of his mouth.

Raising his arm and wiping the blood from the corner of his mouth slightly, Duguxie showed a strange murderous intent all over his body.

And what about the big snake girl? At this moment, standing beside the giant python with a sneer, looking at Duguxie.

Antonio and Berwick over there also sneered at this moment.

"Ignorant humans, do they want to fight again?" The big snake girl said sarcastically to the Dugu Xie in front of her.

But even though Duguxie was injured, she didn't pay attention to the big snake girl in front of her.

He just stood there coldly, his only left hand, clutched tightly, and his murderous aura increased.

"not talking?"

"If you don't speak, you are looking for death!"

The vicious voice of the big snake girl uttered, and then she saw the big snake girl suddenly move her body, and her whole body fell on the giant python, and then her mouth suddenly groaned a weird whisper, and then she saw her giant python, Suddenly it seemed to be mad, and the entire huge body suddenly rolled towards Duguxie.

With a stench, he attacked that Duguxie.

Besides, what about Duguxie now?

He actually seemed to be stuck, standing motionless.

What's wrong with him?

Is he going to take the big snake trick?

The ghost servants in front of them, as well as Tang Xiaolong, Xue Wuhen's eyes were staring at them with shocked eyes.

Only Cthulhu suddenly looked at that Duguxie's eyes changed! Because he had noticed a bad feeling, he saw the ruthless light in Duguxie's eyes...

"Does the second brother use that shocking trick?"

"Ba Sword Jue?" Suddenly a few strange words came out of the evil god's mouth.

Tyrant Sword Art, Duguxie's most terrifying kung fu, once the Dugu family, in order to let Duguxie practice the Tyrant Sword Art, sacrificed dozens of lives in the family, which resulted in that Duguxie's cruel and terrifying sword trick. One move was called the Demon Sword by the world.

Once the Demon Sword was released, even Duguxie couldn't control it... And now, for this battle, Duguxie would use that peerless blow.

Moreover, when the Cthulhu spoke out, that Duguxie's hostility suddenly increased.

His loose hair suddenly flew up with the breath of his body, and his eyes became cold and merciless in an instant, and the sword intent from his body suddenly disappeared in terror.

What about the proud snake girl?

At this moment, she didn't expect what effort Duguxie would use, she just attacked Duguxie confidently.

What about that python?

At the same moment, the body suddenly entangled that Duguxie's body.

With a bang, Duguxie's body was suddenly curled up by the violent snake body of the big snake... At the moment of being curled up, the big snake girl sneered and said, "Suffer to death."

Then she saw her viciously stretched out her cold paw, and then grabbed it towards the head of Duguxie.

But when she grabbed it with two cold hands, Duguxie's breath suddenly changed dramatically, and an invisible sword intent burst out of his body.

Then under the sky, there was endless sword energy.

"Ba, sword, tactic!"

The roar of the trembling world roared from Duguxie's mouth.

Then the situation between the sky and the earth changed suddenly, and then I saw the sword aura of Duguxie's body soaring sharply. With the violent soaring of the sword aura, those invisible sword auras turned into a giant sword.

When Duguxie's body turned into a giant sword, everyone was shocked.

Not only the ghost servants here, but also Tang Xiaolong and the others were shocked. Even Antonio and Berwick among the vampires were all there in shock.

Amidst everyone's horrified eyes, there was a sudden explosion.

There was a bang, and then I saw the invisible giant sword, slashing at the body of the giant snake with extreme terror.

Even though the giant snake's body was large enough, it was also stunned by the world-changing tyrant sword.

But see, the giant sword slashed angrily!

Boom! ! !

The whole earth shook violently...then I saw the giant python screaming in pain, and then its body that had been wrapped around Duguxie suddenly burst, bang, bang, bang, more than twenty The meter-long snake body, as the giant sword was cut down, its body suddenly shattered.

The body of the snake exploded, and the internal organs were flying!

The extremely smelly snake meat was fried everywhere.

And what about the python? It also turned into a pool of very smelly ground meat.

"Orochi, my Orochi..." But a terrible scream came out from the snake girl's mouth.

She couldn't believe that the big snake who had followed her for hundreds of years was actually killed by Duguxie with his Tyrant Sword Art, chopped into several segments with one sword...

Right now, he roared.

Chapter 2338: Fiasco

The big snake girl would never have thought that the flower python that had followed her for hundreds of years would be cut to pieces by the one-armed man in front of her!

Looking at her crushed flower snake body, the big snake girl suddenly screamed like crazy.

And Antonio, Breath of Death over there, and Earl Berwick were all astonished.

Although they all looked down on the big snake girl, but for this sudden change, their faces showed a terrifying light at the same time.

But what about the big snake girl? After a loud roar, she suddenly raised her blood-red eyes and looked at Duguxie over there.

"Give me the life of the big snake..." With the violent anger, when the big snake girl yelled out from the mouth of the big snake girl in front of her, her body suddenly flashed to the side of that Duguxie, and then the deadly claws were directed towards Dugu. Scratched the evil face.

But what about Duguxie?

At this moment, after using the most powerful move "Ba Sword Art", the sword aura of his whole body is still permeating there.

When she saw the big snake girl flying up and down all of a sudden, the Duguxie in front of her screamed, her body turned into a long rainbow, and her sword aura flew around suddenly.

The brushing invincible sword qi stabbed at the big snake girl who leaped like a dense rain.

what!

With a scream, the big snake girl was so angry that she completely ignored Duguxie's sword aura, and saw the dense rain-like sword aura penetrate the big snake girl's delicate body.

Wan Jian pierced through the body of the big snake girl.

The body of the big snake girl instantly became a hornet's nest...the hands, arms, body, and legs were all small sword holes.

The blood flowed out of her sword hole.

After being penetrated by this vast sword energy, the body of the big snake girl suddenly fell from the air. Her snake-eye-like eyes were full of anger and hatred, but her body was trembling violently. With.

"I...I..." The big snake girl suddenly spit out two words with difficulty, and then her footsteps suddenly moved forward.

One step, two steps, when the third step had not been taken, suddenly her body thundered.
exploded!

The violent explosion surged with a **** hostility, and then I saw the big snake girl's body being blown up by the explosive flesh and blood, and her body was broken.

The scattered fragments of limbs fell from the air like rocks.

In a blink of an eye, the snake girl was killed in this way.

She died under the "Overlord Sword Art" of Duguxie.

"Okay! Senior Dugu is awesome..." After seeing that Duguxie used the Tyrant Sword Art, after beheading the big snake girl, Tang Xiaolong and Xue Wuhen not only cried out excitedly.

The Blood Hunter David behind him also looked at the Duguxie with incredible eyes.

"Oh my god, you... what kind of character are you... on earth?"

"Unexpectedly... unexpectedly... even the big snake girl was killed by you?" David murmured in horror.

But what about the evil god? After seeing Duguxie slaying the big snake girl with a sword, the corners of his mouth not only showed relief.

This is his second brother! An evil sword shocked Duguxie both at home and abroad.

While the Cthulhu and the brothers were all excited about the victory of this Duguxie first battle, they suddenly saw Duguxie on the field, and their expression suddenly became weird.

Then his tall body suddenly convulsed, and then with a wow, a black blood spurted out of his mouth!

With a splash, his legs knelt on the ground.

"Second brother!"

"Senior Dugu..." Seeing that Duguxie knelt down on the ground, the ghost servant here exclaimed and hurriedly flew over.

At the same time, Tang Xiaolong and Xue Wuhen flew towards Duguxie.

Duguxie was injured.

It turned out that after he had used his "Overlord Sword Art" in a rage, his meridians were all damaged, so he fell to his knees at this moment.

Just as the ghost servant, Tang Xiaolong, and Na Xue Wuhen were going to rescue that Duguxie, suddenly, Antonio and Berwick among the vampires here suddenly looked at each other.

A **** killing intent suddenly burst from his eyes.

Then their bodies flashed suddenly, and they suddenly attacked Duguxie at the speed of light.

The ghost servant and Tang Xiaolong, Xue Wuhen saw the two black shadows suddenly attacking, and immediately startled, before seeing what was going on, suddenly a purple-black breath of death suddenly enveloped them.

Then Tang Xiaolong and Xue Wuhen didn't know what ghost thing this purple-black gas was. They couldn't care much about it at the moment, and plunged into the purple-black breath.

"No... it's death... I can't smell it!!!" The blood hunter David in front of him saw that Tang Xiaolong and Xue Wuhen, the two of them desperately got into the purple and black. When I was in the air of death, I couldn't help but roar in that moment.

But everything is too late.

I saw that Tang Xiaolong and Xue Wuhen both of them were completely covered by the breath of death.

After they were enveloped in the breath of death, they suddenly laughed strangely, but saw that Antonio's body floated above the purple-black breath.

"Hey, things that do not live or die... all go to death."

After he let out a weird laugh, the breath of death suddenly began to spread.

The death aura that radiated from it rushed to the surroundings...On the ground and on the rocks, a layer of withered black aura suddenly appeared.

And what about Tang Xiaolong and Xue Wuhen?

After the bodies of the two of them were wrapped in the breath of death, they disappeared for an instant.

Then, amidst the horror of the Heretic God, there was a plop, but two bodies were seen flying out of the death breath.

Bang, bang...

As the two bodies flew out like dead corpses and fell heavily to the ground, the evil **** was shocked and his figure flashed. Looking at it, he was instantly stunned.

Oh my God, I saw the two bodies on the ground, it turned out to be Tang Xiaolong and Xue Wuhen!

They seemed to be dead, and a strange purple-black aura appeared on their faces...the whole body fell there motionless.

died?

No one knows.

What about the ghost servant? His skills are far better than Tang Xiaolong and Xue Wuhen, so he just avoided the past when the breath of death was blowing in his face.

This would see his apprentice Tang Xiaolong, and Xue Wuhen suddenly falling to the ground as if "dead", his eyes suddenly became blood red.

"Xiaolong, Wuhen..." the ghost servant exclaimed.

When he screamed, suddenly a gruesome wind attacked him.

At the moment when the ghost servant felt a terrifying and gloomy air hitting him, his body flashed, and his two-handed ghost fist beckoned. When he shot, he was surprised to find that the figure that attacked him suddenly disappeared... ..

The ghost servant was taken aback for a moment, before he could react, suddenly there was a dark sneer behind him.

Then a piercing cold feeling surged towards his back.

The ghost servant had no time to react at all, because the opponent's movement speed was far beyond his imagination.

I saw that the horror guy who attacked him behind his back turned out to be Earl Berwick of the Gangelo family.

With a pale face and a sly smile, he appeared behind the ghost servant, and then a cold hand pierced into the ghost servant's ribs.

what!

A scream of scream came from the ghost servant's mouth...

But seeing a huge hole of blood appeared on his back, then his body fell straight down from mid-air.

Seeing that the ghost servant was attacked by Berwick from behind, the evil ***** in front of him was shocked.

"Ghost servant!"

With a cry of exclamation, the body of the evil ***** turned into a black shadow, and flew towards the body where the ghost servant fell.

But seeing the evil ***** catching the ghost servant that fell from the air, the evil god's hand touched the back of the ghost servant, and the wet blood stained the evil god's hands.

Cthulhu raised his eyes and saw that the blood in his hands was suddenly shocked.

"Ghost servant?" Cthulhu exclaimed in worry.

But what about that ghost servant? His face was pale, he opened his eyes in pain, looking at the evil god.

Chapter 2339: War

"Ghost, ghost servant, how are you?" Seeing the ghost servant in front of him was suddenly attacked by the Earl Berwick of the Gangelo family, the evil ***** in front of him immediately screamed.

But what about the ghost servant?

At this moment, his face was pale and lying in the arms of the evil god, the blood hole on his back could not stop bleeding out.

"Big Brother...Big Brother...I'm sorry...I can't save...Second Brother..." The guilt and painful words came out of the ghost servant's mouth.

After hearing the ghost servant in front of him say this, the evil ***** hurriedly comforted the ghost servant and said: "Stop talking, your injury is too serious, take a good rest! I will save the lonely one."

The evil ***** in front of him said as he held the badly injured ghost servant slightly to one side.

And the place over there was in the air of death, and Tang Xiaolong, who was like death, and Xue Wuhen, had also been pulled aside by the blood hunter David at this moment.

After the Blood Hunter pulled Tang Xiaolong and Xue Wuhen's "corpse" aside, he raised his solemn brows and looked at Tang Xiaolong and Xue Wuhen.

The faces of the two of them exuded a black breath of death... they lay motionless there.

After seeing this situation, the blood hunter David quickly took out two red pills from his arms, then quickly opened the mouth of Tang Xiaolong and Xue Wuhen, and then stuffed the red pills. Into the mouth of Tang Xiaolong and Xue Wuhen.

After stuffing it in, but seeing the blood hunter David muttering in his mouth: "Hope, this pill can help them two more lives..."

In a blink of an eye, the evil ***** and the others fell into a passive situation.

Especially after Tang Xiaolong and Xue Wuhen both fell down, and the ghost servant was seriously injured. At this moment, apart from the evil god, they no longer have any fighting power.

The Blood Hunter David was a vulnerable type...so he couldn't help the evil ***** at all.

But seeing Cthulhu glanced at the scene, a strong premonition surged from his heart.

Do you want to lose here today?

Just as the evil ***** thought this way, a gloomy voice came over.

"I didn't expect that among human beings, there are such masters..."

"It seems that the elder of the corpse king is right, and you can't take it lightly when dealing with these humans." It was the Earl Berwick of the Ganggro family. He said as he watched the breath of death Antonio .

What about Antonio?

At this moment, he also looked at the evil ***** in front of him coldly. He knew that the real master was the human in front of him who exuded a terrifying and powerful aura!

"Yes, to be on the safe side, Earl Berwick, I think, this time we will join hands to catch this human being." Breath of Death Antonio said.

Count Berwick of the Gangaro family nodded in favor and said, "En."

At this moment, these two terrible vampires are going to deal with the evil ***** alone.

But what about the evil god?

At this moment, the strong breath of the whole body was permeating, he raised a pair of cold eyes, glanced at the injured brothers, and Tang Xiaolong and Xue Wuhen, who didn't know whether they were alive or dead, suddenly muttered in his mouth. Said: "Does God really want to force me Li Kuafu?"

Along with his low, hoarse voice, his tall body suddenly turned around.

The domineering figure stood motionlessly facing Antonio, Breath of Death, and Earl Berwick of the Ganggro family.

"Come on, you dark creatures."

"My Li Kuafu has never been defeated once in my life. I hope you can let me Li Kuafu have a taste of defeat today...Hahahaha!"

A proud voice came from the Cthulhu's mouth with a big laugh.

Cthulhu, who has crossed the rivers and lakes for decades, has never been defeated? Even if the **** gate gathered the world's masters to besiege the evil god, the evil **** has not been defeated. If it weren't for the evil **** to protect his son Li Tian, to protect his lover brother, who in the world could hurt the evil god?

At this moment, when the Cthulhu's heroic voice was uttered, the Breath of Death in front of him, Antonio, and the Gangaluo Family's Berwick were all looking at the Cthulhu before him.

"It's crazy!" Berwick said in front of the Cthulhu Road coldly.

There was a sullen smile at the corner of Antonio's mouth and said, "Since he wants to die, then the two of us will fulfill him."

"on!"

A roar came from Antonio's mouth first.

But seeing the purple-black death aura all over him suddenly filled the surroundings, the terrifying purple-black aura suddenly swept toward the evil **** following the movement of his body.

Cthulhu's icy eyes looked at the purple-black aura that had attacked him, and knew in his heart that this thing could not be touched, let alone sniffed with his nose, so at this moment, the Cthulhu was seeing the purple-black death aura coming towards him. At that moment, he suddenly shouted, and the palm of his left hand suddenly swung out, and a powerful palm wind suddenly rushed out of the palm.

When the terrifying palm wind encountered the surging death breath, suddenly the palm wind blew all the death breath back.

Antonio had never thought that his death aura would be blown back by the palm wind, and he was taken aback, screamed, and his body was upside down, and then the death aura of his body suddenly converged.

"Damn it, this guy does have two things." Antonio felt the horror of the evil god, and he roared in midair at this moment.

What about Berwick?

Seeing Antonio retreating slightly, he shouted at this moment, turning his body into a black shadow and attacking the evil god.

The Cthulhu looked at the attacking Berwick, his right hand slightly changed, and the qi suddenly surrounded his body.

Naberik was worthy of being the earl of the Gangelo family. At the moment when he attacked him, his body was like a ghost, suddenly transformed into several figures, attacking the evil **** from different angles.

When the Cthulhu saw that Beirik suddenly turned into several identical figures to attack him, he was slightly startled, roared, and turned back.

After retreating, several figures of Naberik attacked the evil ***** again.

The Cthulhu has one enemy and many, and he appears to be in a weak position right now. After all, the current Cthulhu cannot tell which one is Naberik's true body.

The figures of Naberik were exactly the same, but the attacking tactics were different.

Right now, Cthulhu looked extremely dangerous.

With a chuckle, Cthulhu made a negligence, and suddenly the figure of Berwick on the right side grabbed his shoulder with his cold claws...

A heart-piercing pain came from the evil god's arm. Looking closely, there was a purple-cyan wound mark on the evil god's arm.

p: People who are sick are really suffering! Hey, I've been in the hospital these few days...very helpless! Sorry book fans!

Another thing to say: The killer is about to finish the book. After he is discharged from the hospital the day after tomorrow, he will speed up the progress and strive to finish the book in one or two months! The new book is now roughly out, and I decided to write Girl Ghost 2. I hope that all ghost fans and flower fans will continue to pick up!

Chapter 2340: Cthulhu Might

Looking at the traces of his wounds, the evil ***** snorted coldly.

And what about Berwick?

He continued to attack the evil ***** in front of him, and Berwick didn't know what kind of kung fu he was using, and the phantom figure was like an entity attacking the evil ***** from different and weird angles.

Cthulhu looked at the attacking figure of Berwick, walking down his feet, his palms flew, and attacked.

But fighting like this seemed extremely difficult.

After all, Cthulhu still couldn't tell that it was the entity of Beirik.

With a loud shout, the Cthulhu used the palms of the two gods to smash one of Berwick's figures, with a thud, but saw that the body was an afterimage. After the hit, the figure of Berwick instantly turned into pieces. As a cloud of gas, it disappears without a trace.

phantom?

After Cthulhu destroyed a remnant of Berwick, the remaining three bodies of Berwick continued to attack him.

The Cthulhu attacked again, the endless Qi Qi contained in his palms vigorously shot, and the strong Qi Qi quickly smashed the two afterimages here.

But only the one on the left still left the last figure of Berwick.

There is no doubt that the figure in front of him is the real body of Na Berwick.

"That's you!" After seeing Belik's true body, the evil ***** roared and flew over, with the dragon's power in his left palm and the tiger's power in his right hand, and he attacked Naberik.

The real body, Berwick, saw the evil ***** attacking, so he didn't dare to underestimate it, and quickly backed away.

But when he just stepped back a few steps, a scorching air suddenly came to him.

Naberik gave a weird scream, and his body quickly retreated in response to the palm wind. Although he retreated all over his body, his expression became strange and ugly for a moment.

He never expected that the Heretic God in front of him would actually break several of his phantom bodies... and just now, he was almost injured by his endless palm! ! !

At this moment, Berwick was standing ten meters away, looking at the evil ***** with his vicious eyes.

"What's the source of this person? How could he be so powerful?"

Antonio also frowned and said, "I don't know."

"It seems that today, the two of us have to use our best to win this human being." Berwick said.

Then Antonio nodded and said, "Yes."

"Go on, take him down."

With Naberik's roar, he once again rushed towards the evil god.

And what about Antonio? The entire body also slammed at the evil ***** in terror.

Together, the two must not be underestimated.

The Cthulhu knew that these two vampires were not weak, so he didn't dare to be careless at this moment. He saw the two guys rushing forward and backed away, avoiding a blow.

Then Antonio saw the Cthulhu retreating, flying and chasing him, his right hand suddenly attacked, and a cloud of purple-black poisonous gas emerged from the palm of his hand, horribly rushing toward the Cthulhu's face.

Cthulhu saw the purple-black poisonous gas oncoming, and immediately used both palms to shake the purple-black death gas with his palm strength, and then attacked Antonio with a fist with his right hand.

Antonio had to step back.

At this moment, Berwick attacked the evil ***** again.

The two vampires taking turns against the evil ***** like this really made the evil ***** overwhelmed.

Soon, Cthulhu had already fought Naberik and Antonio for nearly half an hour.

For more than half an hour, three of their figures flew back and forth... they couldn't see the figure clearly, only three figures that looked like light. ,

Besides, Naberik had a terrifying face, his fangs stretched out, and there was endless hatred in his bloodthirsty eyes.

What about Antonio? He also revealed his real face of a vampire, glaring at the evil ***** there.

The skill of the two has been exerted to the limit, but so far, they are still difficult to subdue the evil ***** in front of them.

What about Cthulhu?

Although he was fighting the two vampires alone, he was still unafraid.

Suddenly an angry roar came from the heretic god's mouth, and then he saw the evil ***** suddenly flew up, and then the aura of the entire space suddenly condensed.

An extremely cold air suddenly burst out of the Cthulhu's body.

"Zero, Degree, Extreme, Boundary"

Cthulhu finally used his most terrifying trick.

This Zero Degree Extreme Realm is extremely terrifying. Once it is displayed, the surrounding temperature will drop suddenly, and the enemies in the Zero Degree Extreme Realm will all be frozen by the terrifying low temperature.

Now, it was said that after the evil ***** suddenly used the divine power of the Zero Degree Extreme Realm.

Count Naberik and Antonio felt the air around him suddenly become cold.

"what happened?"

"Why is the temperature around so cold?" Berwick exclaimed in front of him.

Antonio also raised his shocking eyes and looked around.

Looking around, after the evil ***** used the terrifying magic power of the zero degree extreme, a layer of frost suddenly appeared on the surrounding stones... the ground also began to freeze.

Inexplicably gusts of cold air broke out from the Cthulhu's body.

The world is cold!

How about Earl Berwick and Antonio? At this moment, I began to feel the limbs become stiff...The stiffness was because the surrounding temperature was too cold.

"My hand... can't move..." a sudden exclamation came from Antonio's mouth.

Look carefully at that Antonio's whole arm, my God, it has been completely frozen by the ice.

He wanted to move, but he saw the ice on his knees creaked.

Naberik was stunned when he looked back at Antonio's two arms and was completely frozen.

Then he wanted to scream, but unfortunately it was too late, because the terrifying cold continued to flood his body.

I saw his two legs were instantly frozen in there, as the extremely low cold air invaded, but I saw that Berwick's feet slowly formed layers of ice from top to bottom. .

"My...feet...my legs..." Berwick suddenly exclaimed.

God, his feet and legs were completely frozen by the ice.

What about Cthulhu?

Then continue to use the magical power of the Zero Degree Extreme Realm!

As the surrounding air dropped, Naberik and Antonio were completely sealed by ice.

Their faces, hands, and heads were all sealed by ice, and the whole person was completely unable to move anymore. In this way, the two vampires were ruthlessly sealed with ice by the evil god.

They are like ice sculptures, frozen there alive, and can no longer move.

Cthulhu used the Zero Degree Extreme Realm to restrain Berwick in front of him, and after that Antonio, his body suddenly fell from the midair.
