

A Killer 2341

Chapter 2341: The first generation madness

After falling down, but seeing Cthulhu's forehead pale, his breath was weak and panting.

His whole body was also surging in heat. Obviously, using the Zero Degree Extreme Realm just now caused the Cthulhu to consume too much and too much internal energy.

However, Cthulhu finally stopped those two vampires.

Looking at the two big vampires enclosed by ice, the evil **** in front of him glanced at them coldly, and then slowly turned his head around to help the badly injured Duguxie.

But he said that Duguxie had damaged his meridians because of the use of the "Ba Sword Art", and fell to the ground at this moment, completely unable to move.

And the ghost servant? It is also dying.

The ghost servant who was attacked by Naberik behind him is now supported by the blood hunter David.

"Second brother, fourth brother." The evil **** in front of him slowly cried out.

Unfortunately, neither the Duguxie nor the ghost servant had the strength to answer the words of the evil god.

Just when the Cthulhu wanted to come over and see how his brothers were doing, suddenly an overwhelming "magic energy" spread from the black night sky.

As the overwhelming "magic energy" hit, suddenly a hellish soul-eating sound came from all around.

"Cthulhu, you deserve to be a Cthulhu!"

"Unexpectedly you are here..."

Accompanied by that extremely terrifying voice rang from all around, Cthulhu was taken aback.

Because the voice in the darkness sounded so familiar...but it was so fierce.

The evil spirit of the opponent shocked the Cthulhu, because the Cthulhu had never encountered a "devil head" with such a heavy demon energy in his life. Even his master "Wuji Old Man" may not have such a strong extreme. Breath.

But who is the voice in this dark night?

And how could he call his name? Does he know himself?

When the Cthulhu thought this in his mind, the Cthulhu roared, "Who?"

Then cold eyes looked around, the whole body condensed in the whole body.

When the evil **** screamed, suddenly above the black sky, black clouds enveloped and demonic energy rushed into the sky.

"Cthulhu, have you forgotten even your old friends?" Suddenly the voice sounded from in front of the Cthulhu...

The Cthulhu turned his head to take a look, but saw that on the court, I don't know when, there appeared a "devil's head" with disheveled standing motionless at a distance of ten meters from the Cthulhu.

When did he appear?

He could reach ten meters close to him... but he didn't notice it?

Gosh!

When Cthulhu thought of this, he was suddenly shocked!

According to the truth, twenty meters away from the Cthulhu, no wind and grass can escape the Cthulhu's ears... But now? This "devil's head" appeared within ten meters of the Cthulhu...but the Cthulhu didn't notice it?

too frightening!

It's weird!

Who is he? How can he possess such terrifying strength! ! !

But he said that after Cthulhu discovered this terrifying "devil", he turned his head to look at him in shock.

But seeing this terrifying guy in front of him, his devilish energy was soaring to the sky, and a black devilish energy floated all over his body... The first feeling he gave people was destruction!

"You...who are you?"

Cthulhu Zongheng has never felt fearful in his life, but when facing this "devil", an innate chill surged from the bottom of his heart.

Following the horrified question of the evil god, he saw the terrifying "devil head" with his back facing the devilish energy and said with a gloomy smile: "Do you really even recognize me?"

With the terrible voice of the demon, his body slowly turned around.

At the moment his body slowly turned around, the evil ***** in front of him was stunned.

"Yes...yes...yes...you?"

"You...you...you...this bastard...didn't...die?"

Such a terrifying voice cried out from the evil god's mouth.

His voice was incredibly unbelievable and surprised, as if everything in front of him was a dream.

What about the "weird" who turned his head too far? His face was stitched up, and on a pale and distorted face, there were very ugly scars. Those scars were stitched up with steel wires and looked ugly and terrifying.

Those eyes were completely swallowed by the devil energy, revealing terrifying gazes.

Besides, with the terrifying voice of the evil god, the "monster" who turned his head suddenly sneered and said with a hellish voice: "No...I'm dead! I was handed by your damned son. Killed!"

"However, I am now resurrected, and I am alive."

A terrible laugh screamed from his mouth.

After the Cthulhu heard him say this, he was immediately stunned.

Is he resurrected?

What an unbelievable fact! But even if it is hard to believe, this is true! After all, he is indeed standing in front of Cthulhu.

Although his face changed and the demonic energy in his body was quite different from before, the Cthulhu still recognized his identity at a glance.

He is, the big demon, Long Yin! The devil dragon Yin came back from the dead.

"Long Yin, why are you here?" Cthulhu asked in shock.

But seeing the devilish dragon Yin suddenly snorted: "Of course all this is because of your **** son."

"Tian'er?" Cthulhu asked in shock.

But seeing that Long Yin said angrily: "Yes, it's all because of him."

"Cthulhu, do you know why I was resurrected? Do you know why I was resurrected from the dead? Because I hate, because I am angry, I want to kill him... I will dig out Li Tian's heart with my own hands and send him to hell. "Long Yin laughed wildly as he said, his whole body's devilish energy shook the world with his wild laugh.

"You want to kill Tian'er because of you **** devil?" The Cthulhu heard that Long Yin said this, and suddenly furious.

That Long Yin suddenly stopped his laughter, and looked at Cthulhu Dao with fierce eyes: "Am I not worthy?"

With a roar, the devilish energy surged towards the evil god.

When the extremely powerful demon energy rushed towards the evil god, the evil spirit quickly condensed the whole body's qi to resist, but when the whole body's qi qi was condensed, suddenly the terrible devil qi of Long Yin passed through. Through the evil spirit of the evil spirit body guard.

Cthulhu couldn't resist it at all!

Even the Cthulhu himself was horrified, but his body protector couldn't resist it?

Then a frigid demonic energy suddenly invaded the body of the evil god.

Cthulhu only felt a tingling pain in his chest, and immediately the whole person took two big steps, and then his face suddenly changed.

"Cthulhu, can you still stand?" Suddenly Long Yin sneered.

Then look at the evil god... Suddenly the tall and mighty body trembled violently, and then with a "wow", a mouthful of blood came out of his mouth.

His tall and burly body became shaky at that moment...

Chapter 2342: Ominous premonition

"As expected to be a Cthulhu, I can still stand even after hitting me, haha." The devil Long Yin in front of him suddenly laughed wildly.

But what about the evil god?

Although he was not knocked down, he suffered extremely serious internal injuries.

He couldn't believe that Long Yin's current skill had reached such a terrifying level.

Long Yin's strength has completely surpassed the imagination of the evil god... and the frenzied devilish energy just now completely carried a strange **** air.

Of course the Cthulhu would not know that this Long Yin not only doubled in strength, but also turned into a vampire!

So the Cthulhu just now didn't expect that Long Yin would have such a powerful strength. If the Cthulhu knew it, he wouldn't use his body protection Qi Qi to block that move! ! !

The current Cthulhu was injured by that Long Yin with a single blow, standing there shaking his body, a drop of blood flowed from the corner of his mouth.

"The devil...your...your strength...how could...become so strong?" The Cthulhu was enduring his chest injury, and looked at Long Yin at this moment in unbelievable way.

Long Yin was full of devilish air, laughing wildly there.

"Do you think I'm the same Long Yin before?"

Hearing what Long Yin said in front of him, Cthulhu was completely shocked.

Yes, Long Yin has indeed changed! It has become too scary, and the strength has increased too much.

"Tell you, Cthulhu, in order to kill that **** Li Tian, my Long Yin will do whatever it takes."

After speaking, Long Yin suddenly raised his extremely terrifying eyes and stared at the evil **** in front of him.

"Now, although I haven't found the **** Li Tian, but I have found you..." Long Yin looked at the evil **** and suddenly laughed weirdly.

The evil **** knows that today is going to be bad!

It seems that he can only fight one round today.

Looking at Long Yin in front of him, the evil **** said angrily: "I won't let you hurt Tian'er."

"Devil, today, my father Li Kua will tell you about life and death."

The words roared out, and the evil **** in front of him suddenly took off, with endless palm power in his palms, and suddenly attacked Long Yin in front of him.

Looking at the evil **** attacking, Long Yin gave a venomous smile on his ugly face, and suddenly smiled at the corner of his mouth: "Very good!"

"Think of the evil **** who was invincible in the world, today I want you to be defeated by my Long Yin."

The words roared, and the demon head surnamed Long suddenly swept toward the evil ***** with his violent body.

The sky is full of devilish energy, and it floats with the wind.

Here is an unprecedented decisive battle.

What will happen to this battle? I'm afraid you will know the result without even thinking about it.

After all, the current Demon Dragon Yin is too strong.

He has completely changed from his previous self into two extremes, and his skill has more than doubled...

...

In the black night sky, I saw a few figures still walking in the dark.

"Senior Hua, why did I suddenly have an extremely bad premonition." In the dark night, the voice of Chen Qiaozhi suddenly came over.

The few people walking in the dark night were the Baihua Fairy, as well as the beauties such as Chen Qiaozhi and Situ Ningbing.

They are rushing back, but they still don't know the terrible situation encountered by the evil gods.

After hearing what Chen Qiaozhi said in front of him, the fairy Baihua suddenly raised his beautiful eyes and looked at the Tao of Chen Qiaozhi, "What's wrong?"

Chen Qiaozhi raised his deep eyes and looked at the eastern region and said, "I don't know why, I feel that something has happened to Senior Cthulhu..."

When the Baihua Fairy heard it, Liu's eyebrows wrinkled slightly.

"My big brother?"

Then Chen Qiaozhi nodded.

"Impossible, my elder brother is in the world, no one can beat him, who can hurt him?" Fairy Baihua said confidently in front of him.

Under the world, there are indeed very few people who have hurt the evil god, very few, so Fairy Baihua's words are very confident.

But then Chen Qiaozhi was not so calm. His left cheek trembled slightly and said, "Senior Hua is reasonable! Senior Cthulhu is indeed unmatched, but I am worried about those terrible vampires... Damn vampires are non-human."

After hearing what Chen Qiaozhi said, Fairy Baihua thought for a while and said: "Don't worry, even if it is a vampire, I believe that nothing will happen if my elder brother is there."

"What's more, the second brother and the ghost servants are all there...it shouldn't happen." Fairy Baihua said.

Listening to Fairy Baihua's words, Chen Qiaozhi did not speak any more.

But his heart was inexplicably flustered...He didn't know why, and he was jumping all the way along the way, as if something terrible was about to happen.

In the dark night, the fairy Baihua led Chen Qiaozhi and others to continue walking towards the east.

Soon, but saw that they had almost reached the outside of the cave where the evil ***** had stayed before.

"It's almost here, just ahead." The Fairy Baihua in front of him said excitedly while walking toward the front quickly.

"Senior Cthulhu, and Senior Dugu, they should be waiting for us there," said Chen Qiaozhi beside him.

So everyone hurried to the front quickly.

When they walked toward this side with fast steps, the surrounding aura suddenly became fierce, and the devilish aura filled the surroundings.

When the Baihua Fairy stepped into the realm here, he suddenly felt the weird devilish energy.

She frowned at the moment, and her heart was secretly lined: Why is the devil around so heavy?

That Chen Qiaozhi, Situ Ningbing and other beauties around him suddenly felt the fierce devilish energy around them, blinking their eyes at the moment, looking around.

"Yeah, it's too wrong... How could such a terrible devilish energy spring up all around?"

One of Chen Qiao muttered in that mouth while walking forward.

"How about Senior Cthulhu?"

"How come Senior Cthulhu, and Senior Dugu, they are no longer here..." Suddenly, Chen Qiaozhi ran forward quickly, then glanced at the fierce surroundings and suddenly shouted in horror.

Fairy Baihua and Situ Ningbing all ran over after hearing Chen Qiaozhi's cry in front of them.

"Yes, eldest brother, what about them?" Baihua Fairy was also stunned at that moment.

"Could it be that Senior Cthulhu and Senior Dugu are still in this cave, right?" Duanmuying over there shouted.

Suddenly Chen Qiaozhi looked around and said, "Something's wrong!"

"Auntie Hua, come and see, there are blood stains on the ground..." Chen Qiaozhi suddenly exclaimed.

The fairy Baihua was shocked to hear what Chen Qiaozhi said in front of him, hurried over and looked down, but saw that there were indeed blood stains on the ground.

It's just that the blood stains are purple and black, and pools of blood are flowing there.

Chapter 2343: Cthulhu disappeared

The place in front of me is not only blood stains, but also traces of fighting.

There is a thick layer of ice on the side...broken and cracked there.

It's as if this thick ice layer once frozen people.

Looking at everything in front of him, the fairy Baihua was stunned for an instant.

"Oh my God, what is going on here? Big brother, second brother, and the ghost servants?" Baihua Fairy exclaimed.

But it was dark all around, and half a figure could be seen there.

Chen Qiaozhi's eyes looked at everything around him, and his face was ugly and said: "Auntie Hua, Senior Cthulhu, they may have a battle here."

"War?" Fairy Baihua said in horror.

Chen Qiaozhi nodded quickly and said, "It should be."

"Auntie Hua, you see, there are a lot of fighting marks on this ground. These marks are created by sword energy... and the broken stones over there are clearly crushed by heavy palms!"

"If I'm not wrong, Senior Cthulhu, they might have encountered something here." Chen Qiaozhi analyzed there.

When the fairy Baihua heard what Chen Qiaozhi said in front of her, her expression became particularly ugly.

"You mean... my eldest brother and they are in trouble?" Fairy Baihua said.

Chen Qiaozhi nodded and said, "En."

"Could it be that elder brother they met a **** vampire?" the fairy Baihua asked suspiciously.

Thinking of this, a feeling of fear suddenly rose in her heart.

"Even if the Cthulhu and they met a vampire, they must have the power of the Cthulhu predecessors, there should be no problems." Chen Qiaozhi said.

Fairy Baihua said, "But where are the eldest brothers?"

"Brother, if they can defeat the vampire... but why can't they see them?" Fairy Baihua asked in surprise.

Chen Qiaozhi remained silent, because he didn't know what happened here.

Suddenly his eyes turned, and he looked towards the huge cave in front of him. The cave was the terrifying cave that the Evil God and Duguxie had entered before... There were two extremely strange caves in the cave. There is also a strangely constructed altar in the coffin.

But when Chen Qiaozhi in front of him raised his eyes and looked at the cave, he suddenly found that the cave was sealed!

Everyone knows that this cave was previously crushed by the Cthulhu with supreme palm power to break a gap, but now looking up, the cave was actually sealed...

It can be seen that the blocked rocks were only piled up, and there are still new traces on them.

After a sudden look, Chen Qiaozhi immediately shouted: "Auntie Hua, look at this stone cave... it is sealed."

Following Chen Qiaozhi's words, the Baihua Fairy hurried over to take a look. At this sight, she was taken aback at the moment, and she realized that the previous stone cave had been sealed alive.

Looking at the sealed stone cave, Fairy Baihua was also shocked.

"This cave...before...wasn't it smashed by the palm of the big brother before? How could it be sealed?" Fairy Baihua asked in surprise.

Chen Qiaozhi next to him: "It seems that there must be weirdness in this cave."

"Could it be that the eldest brother, and the second brother ghost servants were locked in this cave?" Baihua Fairy said suddenly.

That's what Chen Qiaozhi thought at the moment.

Because he also felt that this stone cave was a bit weird, but he couldn't tell it yet. What is the weirdness of this cave.

Hearing that Baihua Fairy said that the Heretic God and Duguxie might be locked up in the cave, Situ Ningbing and other beauties suddenly became worried.

Looking at the stone cave in front of him, suddenly the fairy Baihua said: "No matter what, we are going to open this **** stone cave now...Go in and see what's inside!"

Listening to Baihua Fairy, Chen Qiaozhi and the other girls nodded in agreement.

Yes, at the moment, everything is a huge mystery, and this mystery is now hidden in this strange stone cave.

"Auntie Hua, let me come. I will try to open this cave." Chen Qiaozhi said suddenly.

Although his skill is not very high, he is the only man among these people. At the moment, he must do the work of opening the stone cave, so he is the first to stand up.

Hearing what Chen Qiaozhi said in front of him, Fairy Baihua nodded and said, "Okay."

Then Chen Qiaozhi quickly ran towards the sealed cave.

After running over, I saw that the cave was sealed with huge rocks.

Chen Qiaozhi stretched out his hand and touched the boulder in front of him, then he was full of energy, and then pushed with both palms.

With a boom, the boulder did not move.

Looking at the motionless boulder, one of Chen Qiao in front of him had broken his egg. This Nima had just used all his energy, but unfortunately he didn't even shake the boulder! ! !

"So hard?" Chen Qiaozhi said depressed.

Then he used his whole body strength again, and then pushed the boulder fiercely.

As he tried his best to push, it's a pity that the boulder still didn't move! There is not even a slight movement!

This Chen Qiaozhi seemed to be unable to open the sealed stone cave in front of him!

Seeing that Chen Qiaozhi couldn't do it at all, the fairy Baihua said: "Qiaozhi, you step back first, I will try."

Then Chen Qiaozhi retreated depressed.

Then the fairy Baihua raised his palms and began to hit the boulder hard, but after reaching the strength of his whole body, the fairy Baihua went to hit the boulder, but the boulder that sealed the cave did not respond at all.

Fairy Baihua tried several times, but every time it was in vain, the last Fairy Baihua could only stand there helplessly.

"I can't open it, and I can't open it either." The Fairy Baihua said in dejection.

Situ Ningbing, Duan Muying and other beauties at the back were not only depressed when they saw that Fairy Baihua couldn't open this cave.

"what should I do?"

"Now they can't find even the only clue..."

"What happened to the Cthulhu? And who sealed this cave?"

The Baihua Fairy in front of her and the many girls didn't even know.

"Auntie Hua, it seems that we cannot open this cave." Chen Qiaozhi said in a low voice.

Although Fairy Baihua had unwillingness in her beautiful eyes, she still had nothing to do at this moment.

"Hey!"

"Eldest brother, second brother, ghost servants don't know what happened to them..."

"I wanted to tell them about Tian'er, but where are they now?" He moaned and said from the mouth of the fairy Baihua.

Chapter 2344: Born

Cthulhu disappeared.

Even the Duguxie, the ghost servant, Tang Xiaolong and the others have not seen a trace.

No one knows where they went or what happened to them!

The Immortal Mountains, the westernmost area, the cliffs of ten thousand feet.

Halfway up the mountainside of the ten thousand-zhang cliff, I saw that the black hole was still sealed, but the ***** aura from the cracks in the stone continued to permeate rampantly.

Inside the cave, there was a strange cry, which was fierce and painful.

Obviously, it was Li Tian who screamed out the blood evil demon star's transformation.

I looked at the stone cave carefully, but saw that the blood shadow filled it, and among the blood shadow, I suddenly saw a ***** "monster" sitting in the middle of it.

The hair was dangled there, and layers of terror and blood engulfed his body.

The word "Sha" in his chest was completely absorbed into his body at this moment.

Suddenly, his face covered by scattered hair moved slightly, and the moment he moved, his mouth exhaled a white gas.

After exhaling the white gas, his open arms slowly retracted.

As his arms were slowly retracted, the blood evil aura from his whole body began to be slightly absorbed in his body, and even the blood that permeated all around was completely collected in his body.

Cross the robbery!

The birth of the blood evil star must first go through a stage of crossing the catastrophe.

And at this stage, it is necessary to rely on the blood qi of the whole body to absorb the aura between heaven and earth.

The current Li Tian spent two whole days and one night in the rock cave on the cliff of this website to "cross the catastrophe". At this moment, he is finally done.

How terrifying has his current skill reached?

How violent is the power of the blood evil spirit? Maybe he doesn't even know it at the moment.

The only thing Li Tian knew was that his hostility was heavy and heavy, and everything he saw in his eyes wanted to destroy it.

Even if he was a human being, Li Tian had a feeling of slaughter.

After the "crossing the catastrophe" was over, he slowly stood up from the icy ground.

Then he saw his face through a faint light. His face was pale white, and in the center of his forehead, a blood-red mark appeared in the center of his eyebrows.

The imprint is a weird symbol, a symbol similar to the word "𠃉".

This symbol is the mark of the blood evil demon star, and it is also where Li Tian gathers all his skills.

In general, the **** mark in the center of the eyebrow makes Li Tian look weird and scary now.

Let's say that after Li Tian stood up, his eyes were empty and looked at the darkness around him, and the face of his favorite "her" suddenly appeared in his mind.

Situ Ningbing.

Thinking of Situ Ning's beautiful eyes like water, thinking of her love for herself... thinking of her struggling to find herself.

A sense of guilt surged from Li Tian's heart.

"Ning Bing, I'm sorry...I Li Tian I'm sorry you." A word came out of Li Tian's mouth, and there was endless pain in his voice.

"Hey, you have come here from China with all your hardships, looking for me, Li Tian...It's a pity that I am no longer a human being now!!!"

Yes, Li Tian is in pain now.

He didn't know how he should face his lovers, his brothers, and his most respected father Cthulhu.

After all, now Li Tian has become a vampire... He is no longer in the same class as humans. He can only appear in the dark and live on blood. Li Tian can no longer eat any human food!

Therefore, to be precise, Li Tian cannot live with beautiful women such as Situ Ningbing and Ouyang Shiqing.

Thinking of this, a heart-piercing sting came from Li Tian's body. The sting was even more painful than stabbing 10,000 knives in his heart.

The pain is because of hate!

He hated his identity, hated the monster corpse king who turned himself into a vampire.

"Scorpion King, I Li Tian swear, I will use your blood to calm my immortal anger." A deafening roar came from Li Tian's mouth.

His voice came out of the deep valley, out of the ten thousand-foot cliff, echoing for a long time in the dark sky.

Then Li Tian in front of him glanced around the cave with terrifying eyes.

The surrounding area of this cave was destroyed by Li Tian's anger, which caused a lot of collapse in the cave. The exit position was completely blocked by huge rocks. There was only a little space in the place where he stood.

Seeing all this, Li Tian suddenly raised his right hand.

As his right hand slowly lifted, a blood-red ball-shaped balloon gradually appeared from the heart of his palm, and then his palm rose, and the blood-colored ball-shaped energy banged toward the collapsed boulder that was blocking the front.

But there was a loud thunder and a click.

The boulder shattered and the sound shook the sky.

Then I saw the cave that was originally blocked by huge boulders. It suddenly broke through. The huge boulders in the cave were collided by Li Tian's great strength, and all of them burst out of the hole, and then all fell. cliff.

The moonlight reflected through the cave, shot into the dark cave, and hit Li Tian's pale face.

Li Tian glanced at the faint moonlight, then suddenly whispered, turning his whole body into a whirlwind, and then flew straight out of the cave.

With a swish, under the dark moonlight, his figure soared into the sky...

Flew straight up from the cliff.

Was born.

After the blood evil star "crossing the catastrophe", Li Tian was finally born!

After his figure flew up from the ten thousand zhang cliff, he stood in the darkness of the sky.

Under the boundless sky, Li Tian stood alone coldly, his eyes looked at the immortal mountains in the distance, and his mouth suddenly murmured, "The time for revenge is here."

The words said, his body went up and down two times, and then disappeared under the endless starry sky, the sky was dark, and he was no longer visible.

The only thing he can see is the direction he is going, which is: East.

The direction he was going was exactly where the evil ***** and Duguxie were victimized.

If the current Li Tian rushes over, maybe he can meet the Baihua Fairy, Chen Qiaozhi, and Situ Ningbing and other girls, maybe he can still meet the biggest enemy of his life!

Long Yin!

I really don't know, if Long Yin and Li Tian meet now, which one of them will win or lose!

One is the birth of the blood evil demon star, and the other is the demon-changed Long Yin. This battle is destined to shock the world.

Chapter 2345: conspiracy

"Elder Corpse King, what do you do with those ***** humans?" In the gloomy cave, Naberik was there and said to the Corpse King Yuris in the front place.

Berwick was not dead?

Yes.

The two vampires, Berwick and Antonio, were both frozen by Cthulhu with the "Zero-degree Extreme Realm", but they did not kill them.

So they are still alive right now.

After hearing what Naberik said, the corpse king Uriss suddenly smiled weirdly with that rotten and distorted face, and then turned to look at Naberik and said, "Be detained first."

Naberik heard the corpse king Uriss say so, and said slightly: "Elder, I personally think that keeping those humans is completely useless. I should kill them now, especially the leader. "

The elder corpse king suddenly turned his head and said, "Did you hold hatred that the human being defeated you?"

Berwick was told about his pain by the corpse king in front of him, and his face became embarrassed at the moment, and he remained silent.

I saw the corpse king Uriss saying: "Tell you, those humans are still useful."

Hearing the words of the corpse king Uris, Berwick asked in surprise: "Elder, what use are those humans?"

The corpse king Uris gave a grimace, his eyes turned and said: "Do you know who is the one who defeated you?"

Hearing what the King Corpse said, Berwick was taken aback, and the face of the evil ***** suddenly appeared in his mind.

Thinking of Cthulhu, this Berwick's heart was filled with endless anger.

"The subordinates don't know," Berwick replied.

The corpse king Uris sneered: "He is the father of that ***** Li Tian! His name is Cthulhu."

"Li Tian's father? Could it be that... the ***** Asian boy who hurt you the elder?" Berwick said suddenly in horror.

Hearing Berwick speaking out so bluntly, the corpse king Uris roared.

Naberik knew that he had said the wrong thing, and when his face became embarrassed.

"Elder Corpse King, I'm sorry, I said something wrong." Berwick admitted there.

The corpse king Yuris snorted coldly: "You didn't say anything wrong! That ***** Asian kid did hurt me..."

As the corpse king Uris said so, his whole body exuded a strange anger.

"My left wing, although it is broken, I swear that I will double that kid back to me!" Corpse King Uris roared.

"Not only do I want that kid to die, but I want everyone around him to die!"

"His father, his friends... all the people he knows, I want them to die in front of him one by one. Only then will the hatred in my heart be solved." The corpse king Yuris was extremely cruel Tao said.

No one would understand the anger in the heart of the corpse king Uris.

He has lived for nearly 1,500 years. In these long years, when has this monster been insulted like this? When was someone hurt like this? Even when he was in Huaxia, he had never been so seriously injured in the battle with the supreme demon "Kui". Unexpectedly, this time he would be seriously injured by Li Tian for no reason! ! ! And most importantly, when the corpse king Uris was broken off the left wing, he didn't even react...At that time, Li Tian was clearly defeated, but how could that kid suddenly become so powerful? And his whole body exudes a ***** light?

The corpse king Uris who recalled now was still annoyed and puzzled.

What about Berwick? After hearing the cruel words of the corpse king Uris, Berwick smirked in front of him, and said: "It turns out that the elders have made arrangements... so good! You can get revenge. It's really a wonderful thing to make that kid worse than life."

The corpse king Uris also laughed strangely and said: "Now you should know, why do I keep those ***** humans?"

"I know, I know, the subordinates finally know your plan for the elder." Berwick replied.

The corpse king Uris said: "It seems that those humans are looking for the Asian boy, so they came here..."

"Oh, that's how it is." Berwick blinked.

Then he said again: "But, elder, what if that kid doesn't dare to show up like a tortoise?"

"Don't worry, that kid will definitely appear." The corpse king Uris said vowedly there.

"Don't forget, these humans are friends of that kid... and his father, can he not show up?" said the corpse king Uris in front of him.

Naberik thought for a while, and said, "The elders are absolutely right."

After speaking, Berwick suddenly asked the corpse king Uris again: "Elder, which fellow?" Berwick said while blinking weird eyes there.

Zombie King Uris saw Naberik's weird expression and asked in a deep voice, "Who?"

"It's that perverted guy... Long Yin." Berwick finally said his name.

Long Yin?

When he heard Berwick say that Long Yin's name in front of him, the corner of the corpse king Uris' mouth appeared sternly.

To be honest, this time, if it weren't for the perverted Long Yin to take action, I am afraid that Berwick and Antonio would all be killed by Cthulhu.

"Elder, you brought that perverted guy back to life, right?" Berwick in front of him suddenly blinked and asked.

But seeing the corpse king Uris whistling and smiling: "Yes, you guessed it right, I resurrected him."

After hearing that the corpse king Uris had brought Long Yin back to life, Berwick said: "Elder, that guy is so abnormal...Will it cause us trouble in the future?"

Berwick was worried about it!

After all, he saw the terrifying strength of Long Yin with his own eyes! It was too terrifying, too powerful, Berwick dared to swear that he had never seen such a terrifying martial arts in his life, even the corpse king Uris in front of him could not be compared! So he is afraid, he is worried! If the abnormal Long Yin suddenly turned his head to deal with them, what should he do?

At that time, who can deal with the entire vampire family?

Listening to Berwick's words, the corpse king Uris suddenly laughed weirdly.

"This point, don't worry... Do you know why I want to resurrect him?" The corpse king Uris suddenly asked in that strange way.

Of course Naberik didn't know, so he shook his head there and said, "I don't know."

"Because I want him to kill someone... kill that ***** guy." The corpse king Uris said with endless anger in his voice.

Naberik looked at the hideous expression of the corpse king Uris, and was taken aback for a moment: "Does the elder want that abnormal Long Yin to kill that Li Tian?"

"Haha, yes." Corpse King Uris laughed.

"Only he can deal with that ***** kid...only he can kill him."

"The two of them were old enemies before they were alive, and after they became vampires, they are still old enemies, so I want to see them killing each other." The corpse king Uris said.

Chapter 2346: Endless rage

Thinking of the devil dragon Yin in his heart, Berwick suddenly felt a sense of horror in his heart.

Previously, Berwick saw the scene of Long Yin fighting against the evil ***** with his own eyes. That scene, Berwick can't forget in this life.

He could hardly imagine that Demon Dragon Yin was so powerful! ! !

horrible!

It's horrible!

"Elder, the power of that Devil Dragon is unfathomable. I think we still have to guard against him." Berwick said with a slight worry in his eyes.

Obviously he was also afraid that Long Yin would suddenly deal with them.

If Long Yin really turned his head to deal with the vampires of the Gangaluo family, Berwick can guarantee that even the corpse king Uris in front of him might not be able to subdue the devil dragon Yin.

After Berwick finished talking so worried, the elder corpse king in front of him showed a weird smile, and then said slightly: "Don't worry, since I can resurrect him, I can naturally control him."

"He can only live for ten days at most. After ten days, he will definitely die!" Elder Corpse King said with a whistling smile.

When Berwick in front of him heard the corpse king Uris in front of him say so, he was not only taken aback, and asked in surprise: "Ten days? Why can he only live for ten days?"

The corpse king Uris snorted coldly: "If you shouldn't ask, don't ask!"

"I just need to tell you, don't worry about that demon..."

After hearing what Elder Corpse King said, Naberik closed his mouth quickly, not daring to ask more.

It's just that he was surprised, why does that demon only live for ten days?

"Berrick, the order is passed on, and I am going to open the altar tomorrow night..." The corpse king Uris said suddenly.

After he finished speaking, evil and ugly eyes stared at the black sky, and muttered: "The blood moon will come tomorrow...When the blood moon comes, we will welcome our master to resurrection."

After the corpse king Uris had said so, Berwick nodded and said, "Yes, elder."

"Remember, before resurrecting the master, we must forbid anyone to disturb."

The corpse king Uris who finally said a word turned and walked into the deep cave.

Naberik looked at the walking figure of the corpse king Uris, and muttered: "Our great master of Gangelo is about to be resurrected... once our immortal master is resurrected... this world will be our world! Humph, when that happens, what Long Yin... what Li Tian... are all rubbish."

He muttered this, and walked towards the dark front as he stepped.

...

Inside the gloomy cave, but everywhere you see stood the black knights of the Gangaro family.

They were wearing black cloaks, with ugly and hideous masks on their faces, standing there cold...Every vampire gave people a terrifying feeling.

In the most lateral stone cave, I saw a gloomy laughter.

"Cthulhu, do you really think your skill is invincible in the world? Do you really think that no one between heaven and earth can defeat you?"

As the words came out, I looked carefully, but in the cave, I saw a terrible ghost standing motionless and sneered.

The black magical energy floated up and down his whole body...

Long Yin.

In front of Long Yin? It was the defeated evil god.

Cthulhu finally lost.

Defeated by the demon-headed Long Yin, no one could imagine how terrifying the strength of Long Yin up to now.

At this moment, the Cthulhu was sitting in the corner of the cave with a pale face. His hands and feet were not restricted, but his face was indeed pale as death.

He seemed to have been severely injured, but there were no wounds all over his body. He just sat cross-legged with difficulty, shaking all over.

"Tell you, now in the world, my Long Yin is the real number one!"

"I have defeated you, and the rest is your son... Once I defeat your son, no one in the world will be able to defeat me... Hahahaha." The violent laughter came from that Long Yin's It came out from the mouth.

The Cthulhu who was sitting cross-legged and trembling all over heard Long Yin's words, and roared: "You...you demon...don't be rampant!"

Accompanied by the evil god's roar, he seemed to want to accumulate true energy and then stood up.

But as soon as the body moved, a heart-piercing pain surged from all the meridians throughout the body. Cthulhu just felt that his whole body was broken, and he snorted with pain, and sat down again.

Cthulhu can't perform power?

But he said that Long Yin laughed wildly when he saw Cthulhu's body trembling with pain due to movement.

"What? Are you still not convinced? You were interrupted by me in thirteen meridians, and your whole body skills were abolished... Do you still want revenge?" Long Yin suddenly laughed terribly in front of him.

what?

The thirteen meridians of the Heretic God were interrupted, and the ability to reach the sky was actually abolished by Long Yin?

Yes.

No one thought that this invincible evil **** would encounter the greatest catastrophe in this life.

His skills were completely abolished by the devil's dragon Yin, and the meridians of his whole body were also alive interrupted. No wonder the current Long Yin didn't even control the evil god... just let him sit on this gloomy stone. In the corner of the hole! It turned out that Cthulhu has now become a useless person...a useless person who is inferior to ordinary people.

Hearing the devil's head Long Yin saying so, the Cthulhu's whole body was shaking violently.

There was a look of pain and despair on his resolute face. At this moment, his handsome silhouette suddenly grew older, a lot.

"Devil, you don't hesitate...you don't hesitate to...become a dark vampire...for the purpose of increasing your skill, this is the most shameful thing." The evil **** screamed angrily.

When he said this, the evil **** began to gasp violently.

It seemed that he even became strenuous to speak suddenly.

It turned out that Cthulhu already knew why the strength of this devil dragon Yin had become so strong! It turned out that he relied on the "Blood Nightmare" of the ancient vampire to become so strong.

What about Long Yin? Hearing Cthulhu's words, he suddenly laughed wildly: "Is it shameful? For my Long Yin, as long as I can become strong, even if I become a devil and become a ghost, I will not hesitate."

"Furthermore, the reason why Long Yin is where I am today is all because of your **** son?"

Suddenly, Long Yin said in a furious way.

"Look at my face... my body... was patched up with steel wires by someone else... my body was made of flesh and blood. Do you know why all this is?"

"It's all because of Li Tian, it's him who made me look like people, and ghosts don't look like ghosts! He made me look like this."

That Long Yin's suddenly ugly face said savagely.

As he roared, the devilish energy in his body began to swell extremely.

Chapter 2347: Waste

Endless anger filled Long Yin's heart.

He hated Li Tian, he felt that everything he did today was caused by Li Tian.

Hearing what Long Yin said, the Heretic God whose whole body's skills had been abolished on the icy ground suddenly laughed, and the voice was full of weird desolation.

When Long Yin saw the evil **** laughing, he was suddenly angry and asked, "What are you laughing at?"

The evil **** suddenly turned his head with difficulty and looked at the terrifying demon head Long Yin in front of him and said: "I laugh at you..."

"You really are... sad, so sad..."

Faced with such sarcasm from the evil god, Long Yin was suddenly furious.

"Do you want to die?" The words roared, and the right hand suddenly raised, and a skeleton ghost claw was reflected from the palm of the hand. The devilish ghost claw directly pinched the neck of the evil god, and the whole person was lifted in the air.

Cthulhu's whole body skills were now abolished, and at this moment, Long Yin was easily caught in the air.

His body was constantly struggling, and his face was dying as if he was about to die.

Looking at the evil **** who was about to be pinched to death, Long Yin laughed.

Suddenly the arm raised, a cloud of black devilish gas came out, and with a thump, the body of the evil **** was thrown out a few meters away, with a bang, the body of the evil **** hit the rock wall, and then bounced back and fell heavily. on the ground.

With a wow, the Cthulhu squirted a mouthful of blood, and then fell there coughing and coughing, panting violently.

"Trash!" The words came out with a laugh from Long Yin's mouth.

The evil **** seemed to have no strength to speak again... panting, leaning against the corner of the wall.

"Cthulhu, I won't kill you so early, anyway, you were once invincible in the world... Hmph, I want you to live, I want you to live and watch, I kill your son Li Tian! Haha Haha." The devil Long Yin in front of him said while smiling strangely.

And what about the evil god? But he didn't have the strength to speak anymore, and fell there slumped.

...

"Mary, who are these human beings? Do you know them?" In the iron prison at the end, I saw that the prisoners were the surviving Count Roger of the Torrido family, as well as that Mary, and the Fire Lady , Bing Nu and others.

It turns out that none of them have been killed yet, and they are all alive.

I saw that Count Roger said with a horrified look at the few humans who were lying motionless looking in front of him.

Those few human beings still in the iron prison were the ghost servants, Tang Xiaolong, and Duguxie and Xue Wuhen who were captured.

It's just that they seem to be dead now, lying there without any movement.

And only Mary? Support the ghost servants there.

"Oh my God, they are Li Tian's friends... Li Tian Huaxia's brothers!" Mary in front of her suddenly exclaimed.

what?

When Mary said this, the Fire Lady, the Ice Lady and the Earl Roger in front of them were all in awe.

"What? They are Li Tian's friends? Brother?" Count Roger said in disbelief.

Mary said: "Yes, that's them."

"Unexpectedly, they came here too... Oh my God, they must be looking for Li Tian, so they were caught here by the **** of the Gangelo family." Mary said sadly.

Listening to Mary's words, the Earl Roger and the Ice Lady and the Fire Lady suddenly understood.

"Are they dead?" The fire **** one side quickly asked.

Mary hurried forward to check the injuries of Duguxie and the ghost servants.

Look carefully, but see that Tang Xiaolong and Xue Wuhen's injuries are the most serious.

The faces of the two have turned black, and the whole face is covered with a layer of death, as if they have been dead for a long time.

The Duguxie and the ghost servant are a little better. Although the two of them are lying there motionless, they can still feel their weak pulse.

"These two human beings...are they dead?" The Countess Huo stared at Tang Xiaolong and Xue Wuhen, staring at her.

Mary lifted a sad face and glanced at Tang Xiaolong and Xue Wuhen, who had a dark complexion, and suddenly said: "They seem to be caught by Antonio's death..."

"Yes, they are indeed angry with death!" Count Roger could see it now.

"It seems that Mary had just guessed right. They did encounter the vampires of the Gangelo family." The fire girl in front of her muttered.

"What should I do? Are they just waiting to die?" The fire girl in front of her looked at Tang Xiaolong and Xue Wuhen.

Count Roger said: "Antonio's breath of death... there is no antidote at all."

After hearing Earl Roger say so, Mary and others in front of them were silent for a moment.

Everyone looked at Tang Xiaolong and Xue Wuhen who were looking at the ground with sad expressions.

No one knows how to save them.

"Then let's watch... They just die like this?" The Fire Girl said in disbelief.

Count Roger closed his mouth, not knowing what to say.

Where is Mary over there? It is also sad.

She felt sorry for Li Tian's brothers... She knew that Li Tian's brothers were all good people and were very loyal, but she didn't expect that they had come to Italy so much that they encountered such an unexpected event.

"Maybe there is a way to save them." Suddenly a person said.

Look carefully, it is the blood hunter Ron and Tia who speak.

When they heard Ron and Tia talking like this, the Fire Girl and Count Roger in front of them all quickly turned their heads and looked at Ron and their brothers and sisters in disbelief.

"Ron, do you think there is a way to save these two humans?" Roger asked quickly.

Ron looked at Tang Xiaolong and Xue Wuhen, then silently nodded and said, "En."

"What way?" Mary asked in surprise.

Ron said: "When I was in Pope Sun, I heard our professor say that using holy water can eliminate the poison of death gas..."

"Holy water?" Roger and Mary in front of them were slightly startled when they heard Ron say this.

Ron said, "Yes, the blessed holy water may save the lives of both of them."

"But there is holy water here or there?" Mary in front of her said bitterly.

Ron suddenly pointed to David, who was lying on the ground in a coma, and said, "My brother has!"

he?

When he heard Ron suddenly point to David to say this, Mary and Firewoman in front of them all put their beautiful eyes on the "David" who was imprisoned with Duguxie and them.

It turned out that at the moment David was imprisoned, Ron and Tia recognized the identity of "David".

That David is also Ron and Tia's brother.

It's a pity that David seemed to have received a heavy blow to the head, bleeding, and the moment he was thrown in, he remained unconscious.

Chapter 2348: wide awake

Mary and Roger in front of them also knew that this David was the "blood hunt" of Pope the Sun, so after hearing Ron say this, they both blinked suspicious eyes and looked at the coma. The unawake blood hunting David.

"Does he have holy water?" Mary asked suspiciously.

Ron smiled and nodded, "Absolutely."

"Every blood hunter will carry holy water, but it's a pity that the holy water of Tia and I lost the holy water in the previous battle...or else I don't have to borrow my brother's holy water." Ron said.

After hearing this, Mary hurriedly said: "Then take it out quickly and save Li Tian's brothers."

Ron nodded quickly, and then quickly walked toward David.

After running to David, Ron touched David's body. After touching for a while, Ron miraculously took out a crystal bottle from David's arms.

The crystal bottle contained a transparent liquid like water.

After taking it out, Mary in front of her blinked at Ron with surprised eyes and said, "This is holy water?"

"Yes." Ron said.

Then Mary said: "Then quickly save them."

Ron nodded, then took the "holy water" and walked towards Tang Xiaolong and Xue Wuhen in front of him.

At this moment, Tang Xiaolong and Xue Wuhen's faces were already dead black, and neither of them had any breathing...Can this "holy water" really save them both? To be honest, Mary and the others didn't know at all.

However, dead horses can only be used as living horse doctors. After all, there is really no other way.

After Na Ron took the "holy water" and reached the motionless Tang Xiaolong and Xue Wuhen, he opened the holy water bottle, and then slowly dripped a few drops of liquid from the "holy water" bottle, and then entered Then Tang Xiaolong still had Xue Wuhen's mouth inside.

After taking the holy water, everyone blinked and looked at the movement of Tang Xiaolong and Xue Wuhen.

I hope they can survive.

It's a pity that Tang Xiaolong and Xue Wuhen didn't come back as quickly as imagined...the two were still lying motionless on the ground.

"Ron, does this holy water really work?" Mary asked, looking at Ron there.

Ron frowned and said, "This... I just heard that our professor once said... As for the real effect, to be honest, I have never used it like this before."

When Ron said this, there was a look of worry on Mary Qiao's face.

She was afraid that this "holy water" would not have any effect. If that were the case, then Li Tian's two good brothers could only watch and die here.

Mary, who was thinking like this in her heart, stared at Tang Xiaolong and Xue Wuhen blankly.

Tia here is guarding the unconscious David.

And Earl Roger, as well as the Ice Girl and the Fire Girl, were looking at the ghost servant and Duguxie.

Among these people, only Duguxie, the ghost servant, and the blood hunter David are still alive, but their injuries seem to be very serious, and they are all in a coma at the moment.

Suddenly, the body of Duguxie at the end of the iron prison on the far left suddenly moved.

The moment he moved, Earl Roger saw it all at once.

"He moved... this human being moved." A sudden exclamation yelled out of the Count Roger.

After he screamed, Mary and the Fire Girl here, and the Ice Girl rushed over together.

"Did he wake up?" Huo Nu asked curiously.

"It should be, his pulse is the strongest among several people...so he should wake up." Mary said.

Count Roger in front of him, at this moment, went to help the Duguxie who fell on the ground.

When the two cold hands that stretched out were about to support that Duguxie, suddenly Duguxie's body suddenly moved! Then I saw an angry shout coming out of Duguxie's mouth.

"Asshole, go to die..." With Duguxie's loud shout, his left hand suddenly and powerfully attacked that Roger.

Roger originally wanted to support Duguxie, but he didn't expect Duguxie to attack suddenly. He was taken aback and didn't react, but he saw Duguxie's left palm hit Earl Roger's chest directly.

Count Roger only felt a strong force coming, and then he was beaten back. Fortunately, the Duguxie was seriously injured. This palm strength only exerted about 20%, so it did not cause much to Count Roger. Impact.

However, she said that Mary screamed at the moment when Count Roger was hit by Duguxie's palm.

"Duguxie..." Suddenly Mary called out Duguxie's name.

That Duguxie who just woke up just made an instinct! He didn't know that he had been imprisoned. He thought that the enemy was dealing with him there, so he would take action. At this moment, he was shocked to hear someone call his name all at once, and Du Guxie was stunned.

Then I saw that sober Duguxie slowly raised his bloodshot eyes, staring at Mary in front of him, and the surprised Fire Girl and Ice Girl.

The moment he saw that it was Mary, Duguxie was completely stunned...

"Yes...yes...you?...Mary?...Miss Mary?" Duguxie in front of him looked at Mary in disbelief.

Since China's farewell, this Mary has left with Li Tian, and since then, Duguxie never saw this Mary again. He did not expect to see this vampire, Mary when he was sober. !

Then Mary saw that Duguxie recognized herself suddenly, and she said with tears of excitement: "Yes, yes, it's me, it's me."

The Duguxie hadn't reacted yet, and stared at Mary in surprise and said, "Oh my God, am I not dreaming? You... why are you... here?"

"What about me? Where am I?" Du Guxie asked in shock.

As he asked, he looked at the iron fence around.

But seeing that Mary quickly said to Duguxie, "It's not a dream, it's true, everything is true."

"We were all caught by the **** vampires of the Gangelo family." Mary said to Duguxie there.

After Duguxie heard Mary say this, she was taken aback and said, "Caught by a vampire from the Gangelo family?"

"Yes."

"Are you here to find Li Tian?" Mary asked quickly.

Duguxie suddenly raised his head and said, "Yes."

"You came here with Li Tian, and then you met a vampire, right?" Mary asked again.

Duguxie nodded and said, "Well, yes."

When Duguxie said that, Mary finally understood, and said: "Well, now I finally know why you were caught here."

Duguxie was confused and said, "Where is this? Why am I here?"

Mary said: "This is a lair of the Gangelo family. We were all caught here by the ***** of the corpse king."

Duguxie had a headache and suddenly thought of the previous battle!

He met the big snake girl, met Antonio, and Berwick, these three extremely powerful vampires!

Then, he beheaded the big snake girl, and in the end was seriously injured. It was the Cthulhu that made the final shot!

He dimly remembered that Cthulhu finally used the magical power of "Zero Degree Extreme Realm" to seal that Antonio and Berwick...Finally...Finally...It seemed that a more powerful demon came out!

Long Yin!

Duguxie suddenly thought of it.

Yes, it was Long Yin who had come back from the dead!

Although Duguxie was seriously injured and unconscious at the time, he still vaguely remembered the name Long Yin called by the evil god! Thinking of this in his mind at the moment, he was suddenly shocked.

Chapter 2349: the reason

He suddenly turned his head and stared at Mary and asked, "Where is my eldest brother? What about the fourth brother... Where are they? What about them?" Duguxie exclaimed while struggling to get up from the ground. .

It is a pity that his body is too weak, and as soon as he got up, he fell heavily to the ground.

Seeing that Duguxie fell heavily to the ground, Mary in front of him quickly helped him up.

"Are you all right?" Mary asked worriedly.

But seeing that Duguxie endured the serious physical injury, he continued to ask: "Tell me... tell me... where is my elder brother?"

When Mary heard Duguxie's question, her beautiful eyes suddenly blinked: "What you said...but Li Tian's father? That person called Cthulhu?"

Duguxie endured his injuries and said, "Yes, it's my eldest brother."

Mary said: "We didn't see the evil god... only you and Li Tian's brothers."

"Look, apart from the ghost servants and them, you are the only one left here." Mary pointed to the unconscious ghost servant, Tang Xiaolong and Xue Wuhen, while facing the lonely man. evil ways.

At this moment, Duguxie suddenly turned his head and saw the ghost servant, Tang Xiaolong and Xue Wuhen, suddenly became excited.

"Ghost servant, Xiaolong..."

Then he endured the sharp pain in his body and rushed towards the ghost servant.

Mary and Earl Roger next to them wanted to stop him, but it was too late.

I saw that Duguxie had reached the unconscious ghost servant, and then stretched out his hand to help the ghost servant.

"Ghost, ghost servant, wake up, wake up." Duguxie yelled with scarlet blood in his eyes.

It's a pity that the ghost servant never wakes up, just lying there with a pale face, motionless.

"Dugu, the ghost servant has suffered a very serious injury. He is now in a coma. It is estimated that he will be unable to wake up for a while..." Mary over there saw Duguxie holding the ghost servant excited and couldn't bear it. Live there and understand.

After Duguxie heard it, his heart shook, and he turned his face in pain, looking at Tang Xiaolong and Xue Wuhen over there.

"Then...what about the little dragons?" Duguxie asked in a hoarse voice.

Then Mary was silent for a while, and then said: "The two of them were caught by Antonio's death... It is very dangerous, but we have tried to heal them. If we are lucky, they should be fine."

Duguxie, who heard Mary say so, suddenly sat limp on the ground.

"How could this...how could this..." He clenched his fists tightly, his eyes filled with pain and muttered.

Mary glanced at the painful Duguxie, and said: "I know you feel uncomfortable, but it has already happened and no one can help."

Duguxie suddenly raised his blood-red eyes, looked at the iron fence around him, and said angrily: "Tell me, where are we now?"

Mary replied: "We were imprisoned by the vampires of the Gangelo family."

"The vampire of the Gangelo family?" When that Duguxie heard this, his whole body trembled violently.

Although he suffered a very serious internal injury, he still stretched out his left palm, and then with full energy, he suddenly slammed his palm against the iron fence.

With a bang, he hit the iron fence with his heavy palm, but saw that the iron fence just shook and couldn't open at all.

And what about Duguxie himself? But because of his excessive use of internal force, a trace of scarlet blood spilled from the corner of his mouth.

"Senior Dugu, don't have to work hard. This iron prison is made of stainless steel and pig iron. We can't open it." Mary said in front of him.

Listening to Mary's words, Duguxie sat on the ground in pain, looking confused.

"Where is my eldest brother...what about the eldest brother?" Since Duguxie sat limply on the ground, he muttered to himself.

Here Mary and Earl Roger already knew that the eldest brother in Duguxie's mouth was Li Tian's father Cthulhu.

Mary knows that the evil ***** martial arts is superb, but he is an extremely powerful figure in the world.

After hearing Duguxie's words, Mary secretly lining in her heart: Could it be that Li Tian's father was also caught by the ***** corpse king?

However, if the Cthulhu is caught, where will he be held?

...

"Miss Mary, we entrusted the young master to you before. You said to take him back to the family and heal his vampire injury. Tell me, our young master is now? Where is he? Why is he not with you?" In the iron prison, that Duguxie finally spoke after ten minutes of grief and silence.

Duguxie has calmed down now. He knows that no matter how excited he is, there is no way he can do it. Now he must figure out the ins and outs of the matter.

After hearing Duguxie's sudden question, Mary Dang's face changed.

She hesitated for a while, not knowing what to say to the Dugu Xie in front of her.

She knew in her heart that Duguxie, Cthulhu and brothers came to the most remote western part of Italy to find Li Tian.

But what about Li Tian now?

Where are the others?

To be honest, even Mary didn't know, but Mary had promised Cthulhu and Duguxie them. She promised to cure Li Tian's vampire disease and let him become a human. How should she explain now?

How smart that Duguxie was, when he saw Mary hesitating on his face, he had a very bad premonition.

"Miss Mary, tell me, what happened to our young master?" Du Guxie asked again.

Mary finally spoke this time.

She slowly raised her beautiful eyes, looking at the Duguxie in front of her, and then said in her mouth: "I'm sorry..."

"Why do you want to say sorry? What happened to our young master?" Du Guxie suddenly asked harshly.

Count Roger hurried forward and said to Duguxie: "Hello, about Li Tian, please let us tell you slowly."

"Don't worry, it's a long story."

Listening to Count Roger saying this, Duguxie forced himself to hold back his inner anger, and then stared at Count Roger with his bloodshot eyes: "Well, I listen to you."

"That's the case, where is Li Tian now? To be honest, we don't know." Count Roger said depressed.

Listening to Earl Roger's words, the Duguxie in front of him suddenly angrily said: "What are you talking about? Our young master is gone?"

Count Roger nodded silently and said, "Yes."

"Why don't you know where our Young Master is? Mary, we have always trusted you, so we entrusted the Young Master to you at that time, but now you tell me that Young Master is gone?"
Can't help roaring anger.

Chapter 2350: Blood evil, black evil

Seeing Duguxie suddenly became angry, Mary's anxious tears were about to fall.

Just listen to the Count Roger hurriedly explaining there: "That's right, Li Tian was indeed with us before, but after a big battle two days ago, he suddenly changed and became extremely weird. Just broke out alone and left."

When Count Roger said so, Du Guxie was taken aback, and asked, "What do you mean? What makes our Young Master mutated?"

Then Count Roger hurriedly told Li Tian's battle against the corpse king Uris.

And he also told all the things about Li Tian's entry into the Torrido family before.

During this period, that Duguxie remained silent, without interjecting, he was just listening quietly.

When he heard that Li Tian broke a blood-colored wing of the corpse king Uris and fled out of the cave, Du Guxie frowned.

"According to what you mean, our Young Master escaped here?" Duguxie asked in amazement.

Mary and Earl Roger nodded slowly there.

"Yes."

"Li Tian did escape... and he was the only one who escaped..."

"To be honest, even we don't even know why Li Tian changed. He became very strange at the time, his whole body turned bloody, and an ancient Chinese seal script of your Huaxia Kingdom appeared in his body, and his power was inexplicable. It seems to have increased a lot." Count Roger said, recalling the situation at that time.

Duguxie fell silent after hearing Count Roger's words.

"The young master has changed? Has it changed?"

"And there is an ancient seal character sha in the middle of his chest?" Du Guxie was thinking there.

Suddenly, there was a bright light in his mind, and a wave of ancient past events slowly emerged in the heart of Duguxie.

Duguxie is the descendant of the first sword family in China.

The Dugu Family is a century-old martial arts family. The power of its kendo has always been the most powerful in the country. In the ancient times, the Dugu Family had several peerless wizards, one of which was named "Dugu Wudi". Legend has it that Dugu Wudi has always been the existence of the king. He was born in more than 30 years and has never been defeated. It is a pity that he was jealous of talents. When Dugu Wudi was in his thirties, he died of illness.

According to later generations, Dugu Wudi was born as a evil star and rebelled against the destiny, so it was met by the gods. When Duguxie was very young, he heard the elders of the elders of the Dugu family talk about that peerless wizard. People, later, in a sacrifice to their ancestors, Duguxie once heard that Dugu Invincible was indeed born as a evil star. It is said that on the night of sickness and death, thunder and lightning, storms and storms, in the end that Dugu Invincible was in his chest. There was a word "Sha", but his word "Sha" was black.

The ancestors of the Dugu family all said that Dugu invincible is among the evil stars, the black evil devil fate, that's why it died.

Since then, Duguxie has specially studied the destiny of the evil spirit for a period of time. He has studied metaphysics and the star gossip. Later, he learned that the lone star of the evil spirit is not single, but divided into two. Class, the two types are shared, black evil, blood evil. Among the evil stars, the black evil is the most poisonous and the worst. Blood Fiend is the most ruthless and fierce.

These two evil spirits, no matter whether they have one of them, are peerless wizards for more than a hundred years, but the black evil fate is miserable! Blood is fierce!

When Duguxie thought of this in his heart, his whole person was suddenly stunned.

"Oh my God, could it be that the young master's fate is a rare evil star in a thousand years? And it is the most fierce and terrifying blood evil?"

"If it is really the blood evil spirit, isn't it more terrifying than the lonely and invincible black evil destiny of my ancestors? Even more fierce?"

After thinking of this scene in his heart, Du Guxie was astonished.

But seeing his eyes widened, Miss Mary, who was looking at him in disbelief, and the Earl Roger waited and asked: "You...you really see a silly word appearing on the chest of the young master? And it's still bloody?"

But seeing that Earl Roger and Mary both replied, "Yes."

"Furthermore, Li Tian's whole body became blood-colored... even his hair and body became blood-colored..." Count Roger added in front of him.

After Duguxie heard it, he was completely shocked there.

"Oh my God, it's really blood evil!!! It's really the scariest blood evil body in thousands of years." Du Guxie said startled.

Count Roger and Mary in front of him heard Duguxie say this, frowning deeply, expressing their incomprehension!

None of them knew what the words in Duguxie's mouth meant.

What is blood evil?

"After that, the young master has never appeared again?" Duguxie suddenly asked.

Mary nodded and said: "Yes, it's been almost two days, he just disappeared silently like this..."

Hearing what Mary said, Duguxie hesitated, and his heart was secretly: Since Young Master has already transformed into Blood Fiend, where will he go?

Duguxie, who was thinking this way, stopped asking Mary and the others. He just sat quietly on a section of the iron prison, and then carefully thought about the causes and consequences of everything in his mind.

During that time, neither Mary nor Earl Roger bothered Duguxie again.

...

Time passed by every minute.

During this time, that Duguxie had been sitting in the corner blankly, his eyes lost, and no one knew what he was thinking about.
