

A Killer 2351

Chapter 2351: The blood moon is coming

As he spoke, he raised his face and looked around with difficulty.

At this glance, he saw Earl Roger next to him, as well as the vampires such as Mary and Firewoman.

"They...who are they?" When the ghost servant in front of him saw so many "strangers" all at once, the ghost servant not only cried out in surprise.

So Duguxie told the ghost servant about the identity of Count Roger.

When the ghost servant heard it, his eyes widened.

"What? They are the vampires of the Toledo family? The vampire family that the young master went to?" The ghost servant blinked weakly at the Count Roger and the others in horror.

Duguxie next to him nodded.

Then the ghost servant saw Mary all of a sudden.

"Mary... Are you that Miss Mary the vampire?" After seeing Mary, the ghost servant suddenly recognized her.

After recognizing the identity of Mary, Mary nodded and said: "Yes, I am Mary."

"Where is our young master?" The ghost servant asked Li Tian like Duguxie all at once.

The brothers were originally looking for Li Tian and the Italy that Mary came to. Now that they saw Mary, of course the first person to ask was Li Tian.

After the ghost servant asked, that Mary frowned.

Fortunately, Duguxie here took the words.

"Ghost servant, it's like this..." Then the Duguxie general in front of him told the ghost servant all the things Mary and Earl Roger had told Li Tian.

After hearing this, the ghost servant looked at each other, and now he almost understood it.

After listening to Li Tian's deeds, the ghost servant lay there weakly.

Now the Cthulhu is gone, there are only two of them left here, as well as the little dragon whose life and death are unknown and Xue Wuhen. Thinking of these, the ghost servant and Duguxie felt an indescribable pain in their hearts.

...

"The young master is gone, and now my elder brother is gone!" The ghost servant sat there thinking, while lamenting there.

Duguxie in front of him heard the ghost servant's sigh, his heart was bitter, and he didn't know how to persuade him.

Suddenly, Duguxie grabbed the iron fence next to her with one hand and slowly stood up.

"Miss Mary, I have something to ask you." Du Guxie asked suddenly.

After listening to Duguxie's questioning, Mary in front of her slowly turned her head, looking at Duguxie at the moment and said, "Please speak."

"I want to ask, how long have you been locked up here?" Du Guxie asked.

Then Mary said: "It has been a few days."

"Do you know why these **** vampires are shutting you up?" Du Guxie asked again.

Count Roger in front of him said angrily: "In order to kill all the blood members of our Justice League."

Hearing that Count Roger said, Duguxie frowned slightly.

Then he blinked and looked at the outside of the iron prison.

But in front of the left side, it is the condescending horror building. It is the altar built by the Gangelo family. Around the altar there are more than twenty Gangge wearing black cloaks. The Luo family black knight.

After seeing the altar, Duguxie asked: "Miss Mary, may I ask, do you know what that weird building is for?"

Upon hearing Duguxie's questioning, Mary in front of her glanced at the altar in front of her, and then replied: "That is the altar built by the **** Gangelo family vampires.

"The altar? What does the altar do?" Duguxie asked curiously.

Then Mary explained to Duguxie: "This altar was built by the Gangaro family to resurrect the ancient demon! Tomorrow, tomorrow, once the blood moon comes, the vampires of the Gangaro family will open the altar. Then resurrect that ancient terrible demon." Mary said, with a timid and scared look in her beautiful eyes.

"Resurrect the devil?" When the Duguxie and the ghost servant heard in front of them, they were stunned.

But seeing that Earl Roger explained at this moment: "Yes, it is a demon, and it is still a terrible demon that existed in ancient times a few centuries ago."

"Maybe you don't know the history of our blood clan, but I must tell you very clearly that once this demon is resurrected by the blood moon tomorrow, then the whole world will face the coming of darkness..."

"The doomsday prophecy will also become a reality."

Hearing that Count Roger said so solemnly, the Duguxie and the ghost servant in front of him were depressed.

Really? fake? That's so scary?

Does the vampire demon of the ancients really have that horror?

"The demon you mentioned will be resurrected tomorrow?" Du Guxie asked curiously.

Count Roger nodded and said: "Yes, tomorrow will be a blood moon seen in a hundred years! Once the blood moon comes, they will open the altar, and then use the legendary key of destiny to open

the immortal coffin, by then , The blood moon and moonlight shine on that demon, the ancient spell he was forbidden will be resolved, and once resolved, he will be born."

Listening to Count Roger saying so seriously, Duguxie and the ghost servant did not speak any more.

Both of them now have a sense of curiosity in their hearts. They don't know whether this Earl Roger is talking true or not... As for the truth, it must be known only by tomorrow.

...

The next day!

When Duguxie and the ghost servants were still locked in the iron cage, a large group of black knights of the Gangaluo family appeared suddenly.

The neatly organized team walked towards the altar.

Looking at that Gangelo's formation, the Duguxie and the ghost servant who were imprisoned in the iron prison were not only taken aback.

There was an unstoppable shadow in my heart: What are these **** vampires going to do?

"Could it be that the blood moon is coming? Are they ready to open the altar?" Suddenly a word came out of the Count Roger of the Torrido family over there.

After he said it, the Ice Girl and Fire Girl beside him stood up in shock.

Yes, tonight, the blood moon will come. Once it comes, the vampires of the Gangelo family will open the altar and then resurrect the demon. Presumably, they are now preparing to open the altar.

At this moment, when I saw Mary, Duguxie, the ghost servant, and Earl Roger, they all raised their eyes and looked at the mighty Gangelo family vampire without blinking.

Suddenly, the terrifying figure of the corpse king Uris appeared in their eyes.

When the figure of the corpse king Uris appeared, the Count Mary Roger here raised his angry eyes and stared at the corpse king Uris.

Chapter 2352: Immortal Coffin

The blood moon will come tonight, when the moon will be dyed red with blood, and the whole world will have strange wonders rare in a century.

The night is getting deeper and deeper.

The black knights of the Gangelo family had already lined up neatly in front of the condescending altar.

I saw that the corpse king Uris had walked out of the dark cave.

His rotten and distorted face looked more and more terrifying in the dark, and a broken blood wing behind it was grotesquely protruding.

Behind the corpse king Uriss, Count Naberik and Antonio followed.

The remaining are the black knights of the Gangaluo family, and the ugly Black Vampire.

"Let them go to the cave outside the door to guard, remember, no matter who it is, no one can enter this cave tonight. Anyone who enters, kills them!" The corpse king Uris' words sounded in the darkness.

What he meant was to let those ugly vampires of the Heiyi tribe guard the cave.

After hearing the order of the corpse king Uris, Naberik turned to the more than two hundred ugly vampires of the Heiyi tribe behind him and said, "You follow me."

When the ugly black people heard Berwick's words, they all murmured ugly words, and then they crawled one by one and followed him towards the place where the cave entrance was.

After the ugly Heiyi clan vampires had left, only the Gangaro family vampires were left here.

The corpse king Uris glanced at the altar, and suddenly strode towards the altar.

The extremely tall altar is surrounded by vampires from the Gangelo family.

But he said that after the corpse king Uris came over, he coldly glanced at the extremely tall altar, and then said: "Prepare to open the altar."

As his words uttered, the black knights of the Gangelo family around all replied in unison: "Yes!"

Then, I saw them rushing to the front quickly, and then each vampire held a torch in his hand. The blazing torch exuded a strange flame, which brightened the entire cave.

After these black knights appeared one by one with torches, they began to climb the extremely high altar one by one. The magnificent altar was in the shape of a pyramid. There is a stone ladder made of layers of rocks, extending to the top of the altar.

After the black knights of the Gangelo family climbed the altar with torches, they then inserted the torches around the altar, and the blazing fire illuminates the entire terrifying altar.

The altar is open!

The resurrection of the demon of the ancient century will soon begin.

The corpse king Uris below, looking at the shining altar, suddenly showed a sordid smile.

"My master... you will wake up at the moment of the blood moon tonight!"

...

Looking at this horrible scene, the horror of the Count Roger, and Mary, etc. who were imprisoned in the iron prison was there.

"Dad, the **** of the corpse king is really going to resurrect the ancient demon... What should we do? How to stop it?" Just listen to the horrified eyes of Mary staring at the sacred flame burning with strange flames. Tan Tao said.

What about Lord Roger? Hearing Mary say this, she sighed helplessly: "Hey, I can't stop it!"

"Tonight, I am afraid that even if it is God, God can't stop this huge disaster." Count Roger sighed deeply.

Hearing the voice of Count Roger sighing, everyone's face showed a wave of helpless despair.

Duguxie and ghost servants, although they don't understand the altar and the demons of the ancient century, they are all shocked when they see the battle of these Gangelo family vampires. The dark lining: What is going to happen tonight?

While they were both extremely worried, suddenly the corpse king Uris walked towards the iron prison on their side.

"Earl Roger, how are you?" The corpse king Uriss suddenly looked at Earl Roger with yellow disgusting mucus in his mouth and smiled at Roger.

Count Roger saw the corpse king Uris coming, and immediately burst into anger.

"Scorpion King, you bastard, one day you will have to die, you will go to hell." Roger cursed.

It's a pity that the corpse king really laughed wildly. He looked at Count Roger and said, "Go to hell? Is that right? Then I have to see, who will go to **** tonight."

"Do you think you guys from the Justice League want to stop our great Gangelo?"

"Things that do not live or die, the blood clan was originally the most powerful creature in the world, but it is a pity that the existence of you cowardly guys has caused the blood clan to hide in the dark cave for thousands of years..."

"Now, the opportunity for the blood family to turn over is here. Tonight, our great master will be resurrected. Once he is resurrected, the prophecy of the end will appear. At that time, the whole world will become the world of our blood family, hahahaha." The horrible laughter of the corpse king began to echo for a long time throughout the cave.

When Roger heard the King Corpse say so, he said, "You, you are wishful thinking."

"Evil can never defeat justice."

The corpse king Uris suddenly sneered: "Really?"

"Tonight, you will witness everything, and I want you to see whether it is evil or powerful as you call justice."

After the corpse king Uris said those words hoarsely, he suddenly turned his head and said coldly to the black knight of the Gangelo family behind him: "Lift the coffin!"

The moment the cold, terrifying voice uttered from the mouth of the corpse king Uris, suddenly, the black knights of the Gangelo family standing behind them quickly nodded and said, "Yes!"

Then more than a dozen black knights of the Gangelo family suddenly ran towards the front of the cave.

They went to carry the immortal coffin!

Soon, the black knights of the Gangaluo family appeared, but saw a dozen black knights of the Gangaluo family, carrying an ancient and huge bronze coffin, step by step towards this side.

There is no doubt that this coffin is the demon coffin that has been sealed for thousands of years.

When the coffin that had been sealed for thousands of years was brought out, Earl Roger, who was imprisoned in the iron prison, and Mary and others were all dumbfounded.

Chapter 2353: Wait, the blood moon comes

They had only heard of this immortal coffin that was sealed in the past. To be honest, it was the first time they saw this terrible coffin today.

"This...this...is the immortal coffin?"

"The legendary coffin sealed up?"

One by one, their pupils widened, and they looked at the immortal coffin with horror.

I saw that the bronze coffin that was carried out was covered with ancient dust, but the curse picture carved on the bronze coffin was still vaguely visible.

The bronze coffin carried a huge golden lock. The golden lock was already rusty, but it could not be opened by humans.

After the immortal coffin was lifted out, the corpse king Uris in front of him raised his eyes in awe, looked at the immortal coffin, and said to the black knights of the Gangelo family: "Take the master's coffin, Lift up the altar."

"Yes!" the members of the Gangelo family replied in unison.

After speaking, they began to carry the immortal coffin with difficulty one by one, and walked towards the extremely high altar step by step.

Soon, the black knights of the Gangelo family carried the immortal coffin to the top of the altar, and then put it down safely.

After they put them down, the corpse king Uriss suddenly flew up, and with a swish, he reached the top of the altar that was more than ten meters high.

When the corpse king Uris reached the top of the altar, he stretched out the right hand of a skeleton, then stroked the bronze coffin in front of him, and then murmured in his mouth: "Master, you are about to return to the world soon. Up."

Following the weird words from the corpse king Uris's mouth, suddenly his two skeleton claws hit the stone wall above his head.

"Boom" blasted, but seeing his two skeleton claws directly smashed the stone wall above... a huge hole was hit.

As the rock wall above his head was crushed, I saw the bright moonlight shining in from the huge hole.

Good deed, the corpse king actually pierced a hole in the stone wall with his skull claws! ! !

As the bright moonlight swayed in, the black knights of the Gangaluo family all screamed.

They are excited, they are excited.

Because they know that the moonlight turns into a blood moon tonight, and the moment the blood moon shines on the immortal coffin, the ancient demons sealed in the coffin will awaken. Once awakened, the vampires of the Gangelo family will change. Must be invincible in the world.

"Wait, the blood moon is coming soon!"

After saying a word from the mouth of the king of the dead, his figure suddenly flew down from the altar.

After flying down, he sneered at the Count Roger, who was in the iron prison, as well as Mary and the others.

"When the blood moon comes, I will make you sacrifices, and then congratulate our master on the resurrection."

The corpse king Uris who said these words cruelly suddenly roared and laughed.

My God, this cruel guy turned Lord Roger, Mary and others into sacrifices!

Count Roger and Mary, after hearing the extremely cruel words of the corpse king, suddenly yelled at them, but it was a pity that the corpse king didn't hear their voices and ignored them at all.

Just as the corpse king Uris was about to leave here, a cold voice suddenly came.

"Hey, a winged monster, I ask you, is my big brother caught by you bastard?"

With the icy voice coming, the corpse king Uris slowly turned his gloomy face, then turned his eyes to look, but it was Duguxie who was speaking.

It turned out that when Duguxie saw Naberik, Antonio, and the two **** guys following the corpse king, he was guessing the whereabouts of the evil **** in his heart, so he couldn't help asking at this moment.

As the icy voice of Duguxie uttered, the corpse king Uris in front of him suddenly turned his terrifying face and looked at that Duguxie grimly.

"Stupid human beings who do not live or die... Elder Corpse King, let me kill him." When Antonio heard that Du Guxie dared to speak such rude words to Corpse King, he immediately said angrily.

Accompanied by that Antonio said this angrily, but seeing the corpse king elder suddenly stretched out a hand and stopped Antonio in front of him.

"No!" said the corpse king.

Then Dan saw the corpse king raising his horrible eyes and casting his gaze on that Duguxie's body.

"I seem to recognize you... When you were in China, you were with that Asian boy, right?" The corpse king Yuris suddenly sneered at the weird look at Duguxie.

He did know the Duguxie in front of him, because in the Huaxia Kingdom, the corpse king had appeared, and it was precisely because of that time that Li Tian was bitten by the corpse king.

Listening to the corpse king Uris in front of him, Duguxie said angrily: "Damn vampire, you still remember me!"

"Asshole, tell me, my elder brother, and the young master, are they there now?" Du Guxie asked.

The corpse king laughed loudly after hearing this.

"Your big brother?"

"Could it be that **** Asian boy father?"

"Tell you, that guy called Cthulhu has become a waste!" The Corpse King suddenly said with a cruel smile.

waste?

When the Duguxie and the ghost servants in front of them suddenly heard this ***** corpse king say this, they were shocked.

"You...you...what did you say?"

"What nonsense are you ***** talking about?" The ghost servants and Duguxie in front of them shouted all of a sudden.

They still don't know that the evil god's martial arts has been abolished by that devil dragon dragon, so they couldn't help shouting at that moment.

Listening to their angry screams, but seeing the corpse king Uriss said with a strange smile: "I said, your big brother Cthulhu has now become a useless person!"

"I heard that when he was in China, he was very good, but it's a pity that he has become nothing now...hahahaha." The King of Zombie laughed strangely.

When Duguxie and the ghost servant heard it, he roared: "You bastard... nonsense!"

"Why, don't you believe it?"

"If you don't believe me, I can pull out the waste now and let you see it." The corpse king Uriss in front of you suddenly sneered.

Accompanied by the corpse king, he suddenly said to Berwick next to him: "Berik, you go and bring that waste out and let them see..."

Hearing what the King Corpse said, Berwick nodded quickly and said, "Yes, elder."

Then he moved quickly towards the side of the cave.

Chapter 2354: the most important thing

Duguxie and the ghost servant were dumbfounded when they heard that the corpse king Uris said that the evil ***** had become a waste.

They don't know if what this guy is saying is true or false, the generation of invincible evil god, is it really abolished?

I saw the corpse king Uris standing there with an evil smile at the moment, and what about Berwick? It is to bring evil spirits quickly.

Cthulhu was thrown by Long Yin in the most lateral stone cave.

Because Cthulhu's whole body skills were destroyed by the demon-head Long Yin, Long Yin didn't worry that the Cthulhu would escape.

I saw that Berwick had arrived at the cave where the evil ***** was imprisoned at the moment. After arriving, Berwick did not go in directly, but first glanced at the cave slightly, and then raised his throat. Tao said: "Long Yin, Elder Corpse King asked me to bring that evil god."

The words came out of Berwick's mouth.

It seemed that he felt a sense of fear in that Long Yin invisibly.

After Naberik's voice passed into the cave, there was no response when he saw the cave.

Berwick waited for a while and found that there was no echo inside. He was taken aback, and then he shouted: "Long Yin, are you there? Did you hear me?"

After Berwick called out again, it was a pity that there was still no answer.

"Why there is no response?"

"Could it be that Long Yin is no longer?" Belik thought in his mind.

After thinking about it this way, Berwick mustered up his courage and walked step by step towards the cave where the evil **** was imprisoned.

Although he was more afraid of the Demon Head Dragon Yin, but he couldn't defy the order of the Elder Corpse King, and he had to take the abandoned Evil God over as quickly as possible.

After Naberik walked into the cave step by step, a strange scene appeared in Naberik's eyes.
nobody!

There is no evil **** in the stone cave, and there is also the shadow of Long Yin!

The cave was empty and there was no one.

At the moment he saw this scene, Berwick was stunned.

"What about people? Where is that **** Asian?" Berwick shouted suddenly.

However, there was still no one in the empty stone cave.

Cthulhu disappeared, and along with the devil's dragon Yin also suddenly disappeared, what's the matter?

After thinking about this in his mind, Naberik suddenly ran over to the corpse king Uris with a panic expression.

"Elder Corpse King, it's okay, something has happened... something big has happened." Berwick ran over quickly while shouting with an ugly face.

The elder corpse king was originally waiting. Hearing Beirik's cry, his rotten face suddenly showed a hideous color, staring coldly at the figure that Beirik was running over.

"Berek, what happened?" The corpse king in front of him couldn't help but angrily asked when he saw the panicked Belek.

But seeing that Berwick's face changed drastically, he said helplessly: "Elder Corpse King, Demon Head Dragon Yin is gone... and the **** Asian man we caught is gone..."

what?

When Berwick had finished saying this, the elder of the corpse king in front of him suddenly roared, and his body "swizzled" like a photoelectric to reach Na Berwick, and then a cold skeleton hand grabbed directly. Naberik's neck.

Berwick only felt that his neck was about to break, and his face was twisted in pain.

"What do you **** say? You said the evil **** and the dragon is missing?" The corpse king in front of him said furiously.

But seeing that Berwick was pinched on his neck, unable to speak, he could only nod his head vigorously with a pale face, and horrified eyes appeared in his eyes.

"Why are they missing?"

"That guy named Cthulhu was obviously locked in a stone cave, how could he suddenly disappear?" The corpse king exuded a fierce aura that couldn't stop roaring.

Then, seeing his skeleton's arm waved, Berwick's body was thrown a few meters away, and then hit the hard rock wall with a "bang".

Berwick screamed when he was smashed, and vomited black blood.

However, Berwick quickly got up and looked at the corpse king Uris in front of him with a frightened face.

What about the corpse king Uris? The anger was going crazy, and the terrible breath of slaughter filled his body.

"Elder, could it be that demon-headed Dragon Yin... let go of the evil god?" The pale face in front of him suddenly said.

After he said so, the corpse king Uriss suddenly rushed up from his body and roared, "How is it possible?"

"Dragon, is on our side, how could he let go of that **** evil god?"

"Don't forget, I resurrected the dragon, how could he betray me?" The corpse king roared.

When the corpse king shouted so angrily, Berwick in front of him did not dare to interject anymore.

Although he wanted to say that the demon-headed Dragon Yin is very suspicious, he dare not say so in front of the angry corpse king at this moment.

But what about the corpse king Uris?

His whole body exudes a terrible murderous, and his whole body is immersed in anger.

"What about people? How could they disappear suddenly?"

"Could it be...could it be... really the evil **** that Long Yin let go?" Suddenly weird words came out of the corpse king Uris's mouth.

When he said it, both of his skull claws clenched tightly, as if trying to crush something.

"If he really let go of the **** evil god, my corpse king swears that he must die!" Inside the stone cave, the horrifying voice of the corpse king Yuris came.

Cthulhu has disappeared, and Long Yin has also disappeared.

what is the problem?

Is it true that as the corpse king said, the evil **** was taken away by Long Yin?

But everyone knows that the hatred between Long Yin and Li Tian is not shared. Moreover, the evil god's invincible skill has been abolished by Long Yin. Why did Long Yin choose to let the evil **** go at this time? What?

"Elder Corpse King, do you want me to send someone to chase down that **** Long Yin, and that human?" Berwick in front of him asked, looking at the extremely angry Corpse King Yuris.

But seeing that after Naberik finished saying this, the corpse king Yuris in front of him was angry and silent...

He seemed to be thinking about something.

After a long silence, the corpse king Uris suddenly raised his head and said: "No! Don't chase it now!"

"Nothing is important today... The most important thing is the resurrection of our master." The corpse king Uris said in a hoarse voice suddenly.

Chapter 2355: Scream

Yes, nothing is more important than today's blood moon coming to resurrect the ancient demon.

Therefore, the corpse king Uris in front of him can only ignore the evil **** and the devil dragon Yin.

After hearing what the corpse king Uris said, Berwick nodded and said, "Yes, elder."

But what about the corpse king Uris?

Sen Han's eyes suddenly stared into the distance, and he muttered in his mouth: "If that **** Long Yin betrayed me, he would definitely get the cruelest retribution."

After saying this strangely, the corpse king Uris turned and walked towards the altar.

Behind Berwick saw the corpse king Uris walking towards the distance, and immediately followed him.

...

Long Yin, where did the evil **** go?

Could it be said that the demon-headed Long Yin really took the evil **** away? Taken away from this cave?

In the dark night sky, a bright moon hung high in the sky.

The Immortal Mountains were silent, and there was nothing but the occasional whistling mountain wind.

Suddenly in this dead space, in the western region, the devilish energy rushed into the sky, and the billowing devilish energy rose from the darkness, as if to cover the sky and block the sun.

At this moment, amidst the devilish energy, a black hostile figure flew up into the sky, and looked carefully, under the black figure, he was also holding onto another decadent figure.

Haven't seen what's going on, with a swish, the terrifying figure exuding invisible devilish energy has swept over.

It fell on the hard rocky ground with a bang,

Look carefully at who he is? Astonished it was the great demon: Long Yin.

And the decadent figure around him was undoubtedly the Cthulhu, the Cthulhu who was abolished by his martial arts.

I saw that Cthulhu was caught by that Long Yin, and he stretched out his hand and threw it at random. With a bang, the Cthulhu's figure was thrown out at a distance of more than ten meters, and then rolled on the ground twice before falling to the ground.

Then I heard a painful cry of pain from the Cthulhu's mouth that fell on the ground, and then a series of unstoppable coughs.

No one would have thought that the invincible evil ***** in the world would have fallen to such a point.

"Come out, and finally left the ***** stone cave." In the darkness, the fierce voice of the devil dragon Yin suddenly sounded slightly.

After speaking, he saw that the devilish Long Yin slowly twisted the terrifying and distorted face, glanced at the evil ***** who was thrown on the ground by him for more than ten meters, and then walked towards the evil ***** step by step. Come here.

"Let's go, it's time to find your ***** son!" A word came out of the devil's dragon Yin's mouth.

But what about that evil god? There was blood on the bronze forehead, long hair was draped, and the whole person fell half to the ground, breathing incessantly, while roaring in the painful hoarse: "The devil... you think... think... ...Can I threaten Tian'er with my life?"

When that Long Yin heard what the evil ***** said, he suddenly laughed wildly, and the demonic energy around his body became more and more turbulent.

Coldly shouted: "Threatening? Do you think my Long Yin needs to threaten that ***** Li Tian now?"

"Hmph, I want him to die fair and equitable under my hands. I want you to watch your son die in my hands with your own eyes." Long Yin's demonic energy screamed into the sky.

Cthulhu heard what Long Yin said, took a breath, and then got up from the ground with difficulty.

"The evil is invincible... You... You will never be Tian'er's opponent!!!"

Long Yin laughed: "Really?"

"Soon you will witness everything! The so-called Dao is one foot high and the devil is one foot high. Today, I want you to witness and testify. Is it Dao high? Or demon madness!"

After the words were finished, Long Yin fiercely waved his right hand, and a cloud of black aura condensed into a terrifying giant claw. The black shadow giant claw suddenly pinched the body of the evil god, and then whizzed, the demon head Long Yin directly took the Heretic God in front of him and flew forward.

In the darkness, the Devil's Dragon Yin was flying in the Immortal Mountains with the evil ***** like that.

Suddenly, their figures fell in the middle of a mountain range.

That mountain range is located in the middle of the Immortal Mountain Range. Although it is not the highest peak, it has a very good terrain. Standing on it, the entire Immortal Mountain Range can be seen from below.

After bringing the abolished Cthulhu here, Long Yin carried his hands on his back and stood on the top of the mountain, looking at the dark scenery of the immortal mountains below, muttering in his mouth: "Okay, this is it!" We are here, waiting for your son to appear."

This demon is waiting here for Li Tian?

No wonder he brought the Cthulhu to this mountain, because he was waiting for Li Tian to appear.

Hearing what Long Yin said, the Cthulhu who had been abolished his whole body skills suddenly understood why Long Yin had brought him here. It turned out that he was waiting here for "Tian'er."

But what about Long Yin?

After speaking, he slowly sat on the ground, and the cold wind blew over his rotten and hideous face.

"Devil, don't be foolish... Tian'er won't appear here." The Cthulhu gasped, and said to Long Yin who was sitting on the ground.

When Long Yin heard the evil ***** say this, he sneered: "Really? With you here, are you afraid of him appearing?"

The evil ***** said: "The devil, you are wrong! Tian'er didn't know about my coming to Italy from the beginning to the end... Therefore, all your heart opportunities were wasted."

When Long Yin heard this, his hostility doubled, and he cast a cold look at the evil god.

"Don't worry, he will know, he will know you are in my hands."

Suddenly, when Long Yin said this weirdly in his mouth, he suddenly levitated. At the moment he was suspended, a strange demonic energy radiated from his right hand, and then he gave the evil ***** all of a sudden. Swept in the air.

Cthulhu was shocked, but his body was invisibly grabbed.

Just when the Cthulhu hadn't understood what was going on, the black magic energy suddenly became hot and hot, like a fire, and a biting and acrid pain came out of the Cthulhu's body.

Even though Cthulhu was a generation of madmen, he couldn't hold back this kind of heart-piercing pain.

At this moment, I heard a painful cry of "Ah".

The voice was extremely stern, as if it came from the Jiuyou Hell, and it began to echo throughout the Immortal Mountain.

pain!

Unbearable pain!

The moment the harsh "screaming" sound came from the Cthulhu's mouth, the sound spread in the air, and then blew through the cold mountain breeze, floating in the air.

Presumably, any creature within a radius can hear the cry of the evil god! ! !

Chapter 2356: worried

Painful. .

Endless pain tortured the evil **** in front of him, but what about the devil dragon Yin? He was laughing wildly under the dark world.

"Cthulhu, I believe that if the **** Li Tian is in the Immortal Mountains, he must have heard your scream... The so-called father and son connect with the heart, he should feel your pain, hehe."

After speaking these words viciously, Long Yin in front of him suddenly retracted his devilish energy.

Then the painful body of the evil **** fell from midair, and fell to the ground with a bang.

He was dying, his pupils were full of bloodshot eyes, and his whole body was convulsed in that distortion because of excessive pain.

The Cthulhu seemed to have no strength to speak, so he could only fall down there at the moment.

The cold wind blows, and above this mountain range, the terrifying demon-headed Long Yin is waiting like this, the biggest enemy of this life, Li Tian.

...

The night is dark.

When the Cthulhu's cry of pain cut through the sky, suddenly he saw the area on the right side of the Immortal Mountain, at the foot of a mountain, and suddenly a shocked cry sounded.

I looked closely, but I saw a few figures lying at the foot of the mountain and resting, but when they heard the "miserable" cry, they all jumped up.

"What sound?" A woman's voice came out first.

Looking at her face through the hazy moonlight, she was shocked to see that it was Situ Ningbing and others.

It turned out that they were Situ Ningbing, Duanmuying, Ouyang Shiqing, Baihua Fairy and Chen Qiaozhi.

Before they could not find the evil god, they began to search westward, but after searching for a circle, they could not find the evil **** and Duguxie. As the sky got darker, they could only find A safe place to rest, isn't this? Fairy Baihua and the others are resting at the foot of this low mountain...

But I never imagined that when they were resting, they would hear a screaming scream from the wind.

But he said that when Situ Ningbing said, Duanmuying and Ouyang Shiqing also stood up quickly.

"The cry, the cry of pain, have you heard it?" Situ Ningbing said again.

Chen Qiaozhi, who was next to him, blinked suspiciously and cautiously, and looked around and said, "I heard it! The sound seemed to come from the wind."

"Do you think that voice is very familiar?" Suddenly Baihua Fairy over there said.

Her pretty face did not know why it became weird and ugly at this moment! As if she could hear whose voice it was...

After Baihua Fairy uttered such a sentence, Chen Qiaozhi, Situ Ningbing and others were not only taken aback.

Just now they were just shocked by the strange screaming sound, so they didn't listen to the sound carefully. At this moment, they thought about the sound just now, and suddenly they also had a familiar feeling.

"Aunt Hua is right. Thinking about it carefully, the screams are indeed familiar..." Chen Qiaozhi frowned deeply and said.

Ouyang Shiqing, who was next to him, suddenly interrupted there; "According to your intentions, that screaming scream, is it someone we know familiarly?"

After Ouyang Shiqing's words were said, everyone in front of them was not only stunned.

familiar person?

Screaming screaming sound?

If it is really a familiar person, it means that someone has been injured, but whose screaming screams just now belongs to? They will not be sure for a while now.

Just when they were deeply entangled in their hearts about who made the sound, suddenly the bitter and screaming "scream" came from the cold wind again.

The voice was even more miserable and painful than the last time, it cut through the entire silent sky, and passed into the ears of Fairy Baihua and others.

The Baihua Fairy suddenly trembled violently at the moment when he heard the "sorrowful scream", and his pupils also twitched violently at that moment.

"Big Brother?" Suddenly a weird word came out of her mouth unbelievably.

When she uttered the words "Big Brother", Chen Qiaozhi's face turned pale for an instant.

"Senior Cthulhu?"

"That voice...sound...like Senior Cthulhu!!!" Chen Qiaozhi in front of him suddenly exclaimed.

Suddenly, they heard Chen Qiaozhi and Fairy Baihua in front of them, and they heard that the voice was the voice of an evil god.

When Chen Qiaozhi's screaming sound was uttered, everyone present was shocked.

Gosh?

That voice really belongs to Senior Cthulhu?

If Senior Cthulhu's screams really screamed, doesn't it mean that Cthulhu is in trouble? Cthulhu is likely to have suffered great pain early?

When I thought of this in my heart, Fairy Baihua and the capital of Chen Qiao were dumbfounded.

You must know that the Cthulhu's skill has always been an invincible existence in the world. In Chen Qiaozhi, Fairy Baihua, and the others, the Cthulhu is the invincible incarnation, but now the screams of the Cthulhu have been passed over. What does that mean? ?

"Big Brother!" Suddenly a painful cry came from the fairy Baihua's mouth.

Then I saw that Fairy Baihua seemed to be crazy, eyes red, and ran towards the place where the evil **** screamed.

"Big brother is injured, my elder brother is suffering..." Fairy Baihua shouted there as she ran wildly.

One of Chen Qiao in front of him saw that Fairy Baihua was crazy, and quickly rushed to hold Fairy Baihua.

"Auntie Hua, wait, wait." Chen Qiaozhi grabbed Baihua Fairy and said.

Behind him, Situ Ningbing, Duanmuying, and Ouyang Shiqing rushed over, looking at Fairy Baihua.

"Auntie Hua, don't worry first... Although the voice does sound like Senior Cthulhu, it does not necessarily mean Senior Cthulhu is in danger!"

"After all, Senior Cthulhu has no one in the world in martial arts, and even those **** vampires can't hurt Senior Cthulhu." Chen Qiaozhi was there to comfort Fairy Baihua.

Fairy Baihua was trembling, trying to calm herself down, but no matter how she calmed her mood, she couldn't calm herself down.

"But...but...that miserable cry... indeed belongs to my elder brother." Fairy Baihua said tremblingly there.

Chen Qiaozhi condensed his brows and thought for a while and said: "Maybe the enemy is extremely attractive!"

"Auntie Hua, this immortal mountain is full of gloom and weirdness, so I think the front is probably a trap!" Chen Qiaozhi said.

Listening to what Chen Qiaozhi said, Fairy Baihua took a deep breath.

There said: "I am not at ease, no matter what, I am not at ease."

"I have a very bad premonition in my mind... It's like the elder brother, the second brother, and the ghost servants, it seems that something terrible has happened to them." Baihua Fairy told her true thoughts.

Chapter 2357: Blood Shadow

Listening to Fairy Baihua saying this, Chen Qiaozhi also fell silent.

He heard it just now, and he also heard that the voice was indeed the voice of the evil god.

It's just that he couldn't believe it, did Cthulhu really encounter difficulties? Suffered?

If even the Cthulhu predecessors had encountered an accident, wouldn't Duguxie, Gui servant, Tang Xiaolong and others have all died?

Thinking of this in his heart, Chen Qiaozhi felt chilly! So he tried not to let himself accept the reality just now! ! He always believed that what was just now was the enemy's tempting plan.

But after seeing Fairy Baihua calmed down a bit, he said there, "No matter what, I will go to the sound place to see..."

"I want to see with my own eyes if that sound is from my elder brother." Fairy Baihua said.

After Fairy Baihua said so, the others also nodded.

"Well, if this is the case, then we will follow Aunt Hua to see the situation." Chen Qiaozhi agreed there.

Each of them was full of doubts and incomprehension, and they wanted to see the truth about the screaming voice.

This meeting, after everyone had decided, so I saw that they, under the leadership of Fairy Baihua, began to quickly run towards the place where the screams just came from.

...

In the night, Fairy Baihua ran towards the miserable voice with Situ Ningbing, Chen Qiaozhi and others.

They passed through the ferocious rocks and walked in front of the immortal mountain range.

Just as they were walking fast toward that front, suddenly a ***** breath came from the front side.

"Blood energy?" A horrified call came out of Chen Qiaozhi's mouth first.

When he called out, he turned his head abruptly, and then the whole person was stunned.

Gosh, what's the situation behind?

Look carefully, an overwhelming ***** aura surged strongly from the rear, and that ***** aura with an overbearing killing intent and hatred, when it surged from the rear, the world seemed to have turned into a terrifying blood.

At this moment, when Chen Qiaozhi was shocked and astonished, the fairies such as Baihua Fairy and Situ Ningbing all turned their heads.

Then the scary ***** scene appeared in their eyes one by one.

"This...this...what is this?"

"The whole sky is bloody?"

"What scary thing?"

Amidst the screams of each of them, suddenly they saw the extremely violent ***** breath passing through them, and then swish, I saw that amidst the terrifying and thick ***** breath, a whole body was exuding a ***** evil. The monster whizzed over them.

As the ***** "monster figure" swept past, the dignified blood also passed through the Baihua Fairy in front of him, Chen Qiaozhi and the others... and then flew to the front.

Chen Qiaozhi, Baihua Fairy, Situ Ningbing and others were all stayed.

His eyes widened in disbelief and looked at the blood shadow that had flew far, far away...I was stunned right now.

"That, that, what is that?"

"No, I don't know."

"It seems to be a person..." Suddenly Ouyang Shiqing over there said.

Indeed, the terrifying blood shadow that flew past just now is indeed a personal shadow! It's just that the opponent's speed is too fast, and they can't see the figure clearly, so they can't tell.

When Ouyang Shiqing said that the blood shadow was a "human" flying past, everyone stayed for a moment.

"Who is it? Who flew to the place where Senior Cthulhu screamed?"

A word suddenly came out of Chen Qiaozhi's mouth.

When Chen Qiaozhi said this sentence, Situ Ningbing suddenly moved his mouth.

She suddenly muttered in that mouth: "Li Tian?"

When Situ Ningbing spit out the words "Li Tian", Chen Qiaozhi and Fairy Baihua turned their heads and looked at Situ Ningbing in disbelief.

"Ningbing, what are you talking about?"

"Why did you suddenly say Tian'er's name?" Fairy Baihua looked at that Situ Ningbing in shock and asked.

But seeing Situ Ningbing's beautiful eyes flashing, she said to Fairy Baihua: "Auntie Hua, have you forgotten Li Tian?"

"Before, under the ten thousand-foot cliff, I saw Li Tian in blood!"

Bloody figure?

Yes, Situ Ningbing had seen the "mutated" Li Tian when he was on the cliff of Wanzhang, his whole body was covered with blood.

When Situ Ningbing said such a sentence, Fairy Baihua and Chen Qiaozhi in front of them opened their eyes.

Could it be that?

Fairy Baihua opened her eyes in shock, and looked at Situ Ningbing in disbelief: "Ningbing, you mean, the blood-colored figure just now...is Tian'er?"

When Fairy Baihua said her voice, she saw that Situ Ningbing nodded silently and said, "Yes."

"I think Li Tian should have appeared."

When Situ Ningbing said with certainty, the fairy Baihua and the capital of Chen Qiao in front of him were immediately dumbfounded.

Is it Li Tian? The **** and hideous figure just now is really Li Tian?

"Auntie Hua, we all heard the sorrowful cry just now, and it sounds like Senior Cthulhu! The sound travels far and far. I guess Li Tian should have heard that voice too... Came here."

"Look, isn't the direction the **** shadow flies in is the direction where Senior Cthulhu screamed?" Situ Ningbing explained there.

After her words came out, Fairy Baihua and Chen Qiaozhi turned their heads, and then thought about everything, suddenly they all felt that what Situ Ningbing said was true.

Because that blood shadow indeed flew towards the place where the evil **** screamed!

Moreover, at the time when Li Tian was on that ten thousand-foot cliff before, it was indeed full of **** light.

After thinking about it all in their hearts, they were all stunned there.

"Could it be said that the blood shadow just now was indeed Tian'er? He heard the screams of his elder brother...so he also appeared?" Fairy Baihua murmured there.

After saying this, she suddenly said: "In that case, let's hurry to that place... Find God, and my elder brother."

After Fairy Baihua said so, Chen Qiaozhi and Situ Ningbing in front of them also nodded quickly, and then they rushed towards the place where the evil **** screamed.

As for the scarlet figure that flew past their heads just now, is it Li Tian?

I'm afraid no one knows now! ! !

Chapter 2358: Big Demon

"Cthulhu, do you know what Long Yin's biggest dream is in this life?" Under the dark starry sky, but seeing the devilish Long Yin standing on his back, he muttered while looking at the boundless sky.

At that moment, the Cthulhu was dying and fell to the ground. He raised his eyes with difficulty and took a look at the back of the demon-headed Long Yin, and then gasped: "What is it?"

"Defeat you, defeat the master of the gate of hell, defeat everyone in the world." Long Yin suddenly turned his head and revealed a hideous face with a smile.

Then I saw Long Yin continued: "My master Demon once told me when I was dying, if you live a lifetime, if you don't become a hero of the ages, you will also become a hero in troubled times. My Long Yin was given by the master of the gate of **** from the earliest time. Persecute and join his organization. I can't be a hero in my life, so I can only be a hero who harms thousands of years!"

Hearing this demon's arrogant words, the evil **** remained silent and did not speak.

"Before I met your son, my ultimate goal was the master of the gate of hell... I want to kill him, because only by killing him can I get the first place! It's a pity that your son Li Tian appeared. From the moment he appeared, I vowed to kill him! There is still you who are invincible in the world! Now, my Long Yin is resurrected from **** again, and I want you to see everything and see me killing your son, See me finally end you, hahahaha." The endless laughter sounded from Long Yin's mouth.

His laughter resounded like thunder in the darkness, extremely terrifying.

The evil **** heard the rampant laughter of Long Yin in front of him, and sighed inwardly.

"Yes...yes... the vampire resurrected you, right?" Suddenly the Cthulhu leaned against the cold stone wall with difficulty, then gasped and looked at Long Yin in front of him.

After the evil **** said this, Long Yin suddenly twisted the ugly face that was stitched up by steel wires, then looked at the evil **** in front of him and said, "So what?"

"You...for...for...to be stronger? To become...dark...dark vampire?" Cthulhu said.

But seeing that Long Yin sneered: "What's wrong with becoming a vampire? As long as I can return to the world, kill Li Tian and you again, I will do whatever Long Yin does..."

"What's more, I still have a thousand-year-old immortal body, roar." Long Yin said while laughing wildly.

After hearing Long Yin's frantic laughter, the evil **** in front of him could only be silent.

He now knew that this demon had not only enhanced his martial arts a lot, but had also turned his body into a dark vampire. This was enough to make people feel terrible.

"I didn't expect that your Long Yin would also be persecuted by the dark vampire..." The Cthulhu gasped and said to Long Yin in contempt.

Hearing the evil **** suddenly say this, that Long Yin suddenly steamed up with terrible devil energy, and said angrily: "Who said I was forced by those **** vampires? Under the world, who can control my Long Yin?"

Cthulhu coughed twice and sneered there, "Isn't it? Are you not enslaved by that vampire now?"

"Nonsense!" Long Yin was furious.

"I'm telling you, those **** vampires have nothing to do with my Long Yin at all!"

"If it weren't, that winged monster resurrected me, and I would have killed them all."

Listening to Long Yin saying this, Cthulhu said, "No matter what, you are all with vampires now, right?"

"What if it is?"

"What's more, my life is still in the hands of the monster with wings." Long Yin said suddenly.

After Long Yin said so, the evil **** in front of him was stunned.

what?

Long Yin's life is in the hands of the monster vampire with wings? Was he talking about the corpse king Uris? How could this be? Demon Dragon Yin's current strength has reached the extreme realm, how could he be controlled by that corpse king Uris?

Thinking of this in his heart, the evil **** in front of him suddenly became depressed. He raised his bloodshot eyes slightly, then looked at Long Yin in front of him and asked: "What are you talking about? Your life is in the hands of that corpse king. ?"

Listening to the evil **** in front of him asking this, although the demon-headed Long Yin extremely didn't want to admit it, he had no choice but to mutter and say, "Yes."

"Hahaha... I really didn't expect that your Long Yin... would be scared... You were actually controlled by that vampire corpse king..." The Cthulhu laughed sorrowfully and said while mocking Long Yin.

When Long Yin heard the evil ***** sneer at him like this, he was furious and let out a loud shout. The fierce demon energy bursting from around his body directly shook the evil ***** around him.

With a bang, Cthulhu's body was shaken out, and fell to the ground in the air, screamed, and spit out a mouthful of blood.

"I'm telling you, no one under the world can control my Long Yin!!!"

A demon roar screamed wildly from that Long Yin's mouth.

His whole person stood on the top of darkness, standing there coldly with endless anger.

The two terrifying palms were already tightly clenched at this moment, and he was thinking about everything in his mind.

Yes, Long Yin was indeed controlled by the corpse king.

Because according to the corpse king, he has less than ten days to live. After ten days, Long Yin will die. Thinking of these, the devilish energy in Long Yin's body began to surging.

"Do not!"

"No! Ten days later, I must not die!" Long Yin yelled in a low voice.

"That ***** corpse king is going to let me die in ten days? How can I die? I must live, I must live." Long Yin thought secretly in his heart.

At this time, Long Yin could do anything in order to live.

He has now aimed his finger at the corpse king Uris, because now only the corpse king Uris can kill him!

After thinking about this in Long Yin's mind, he suddenly turned his head coldly, took a look at the dying evil ***** on the ground, and said: "Thank you for reminding me just now! Waiting for me to solve Li Tianhui After I have you, I will find that ***** corpse king to settle the account!"

"Even if I bloodbath their vampires...I want to live."

A terrifying voice came from the mouth of the demon.

After the demon had finished speaking fiercely, he sat cross-legged on the dark mountain, the devilish dragon Yin, looking at the dark sky, muttered in his mouth and said: "Surely yours My son will soon appear...I have already smelled the blood-killing breath in the air...hehe." A swish of laughter came from that Long Yin's mouth.

The Cthulhu, who fell to the ground with serious injuries, wiped the blood from the corner of his mouth, supported the stone wall with both hands, and then glanced at the dark place... Suddenly, his eyes twitched violently.

Chapter 2359: Battle of Fate

In the dark air, a terrifying blood curtain suddenly rushed here from the front.

The blood enveloped the entire space, like a huge cloud of blood swept across.

With the horrible blood rushing in, Long Yin, the demon head sitting on the ground, suddenly jumped from the ground.

A pair of dark demon eyes looked at the horrible blood coming, and suddenly his mouth laughed.

"He is here! Your son is here, and I feel his breath." Long Yin said, laughing wildly.

And what about the evil god? At this moment, the whole was stunned.

He also saw it, saw the terrible blood coming in! It's just that he can't figure it out anyway, what's the matter with that blood... Is it true that, as the demon said, the turbulent blood is heavenly? Is it his own son?

But why did Li Tian become like this?

The Cthulhu in front of him stared at the front in disbelief with his horrified pupils, while wondering in his heart who it was?

Amidst the surging blood, a blood shadow flew towards Long Yin's mountain at the speed of light.

The speed is almost impossible to see clearly with the naked eye.

When the demon-headed Long Yin saw that the blood-colored figure had such an astonishing speed, the demon eyes twitched slightly, and a murderous instinct surged from his body.

"Very good! Unexpectedly, that kid Li Tian has also changed... and it seems that his skill is even higher than before!" Long Yin said while standing on the top of the mountain, while staring at the scarlet figure coldly.

But said that the blood-colored figure is really Li Tian?

Suddenly!

The sky changed suddenly. With the arrival of this terrible blood shadow, the originally dark sky turned red in an instant.

A stream of red light enveloped the entire mountain.

And what about that blood shadow? I don't know when he appeared at the opponent more than 20 meters away from Long Yin, standing coldly.

His whole body was filled with horrible blood, and his entire body was bloody, his hair, face, and whole body were all the color of "blood", standing motionless there.

A blast of cold wind blows and blows away his scattered long **** hair, revealing his extremely pale face.

His face was sharpened, his eyes were like torches, and he stood there.

He is indeed Li Tian!

It turned out that Li Tian had indeed sensed the screams of the evil **** before he came. How could Li Tian know the so-called father-son connection and the pain of his father? The moment he heard his father's scream in the cold wind, he rushed to this side like crazy, and now, he finally came!

"Tian'er...?" A shrill call came from the side, and of course it was Li Tian's father Cthulhu!

The moment Cthulhu saw Li Tian's face, to be honest, the whole person was completely stunned.

How could he not believe in himself and his son became like this?

I always thought that Li Tian was just an evil **** who transformed into a vampire, never expected that Li Tian's current mutation completely exceeded his imagination...

How did he become like this?

When the Cthulhu screamed, Li Tian's blood shadow trembled suddenly.

Then he slowly turned around the pale and **** face, and saw his father, Cthulhu, his father seemed to be old, and his scattered hair was mixed with a few white hairs... all over his body was bloody. In that stone wall.

A burst of heart-piercing pain came from Li Tian's chest.

"Father..." a call came from his mouth.

The moment the Cthulhu heard the words of his father, his eyes were completely red, and tears suddenly dripped from his cheeks.

"Child...My child, I finally found you." The evil **** in front of him called.

The current Cthulhu is still like the Cthulhu that once swept the world, and now he is just a father! Just a father who hasn't seen his own son for a long time.

After Li Tian heard the words of the evil god, his heart was broken!

He knows why his father came here after all his hardships, and what his life is for...

Looking at the evil god, Li Tian suddenly threw a plop and knelt on the ground with his legs:

"Father, I'm sorry... I'm tired of you."

A wild roar came out of Li Tian's mouth, accompanied by him kneeling down, and above his head, the clouds were blowing in wind! The blood suddenly appeared.

Cthulhu watched that Li Tian knelt on the ground with his legs suddenly, and couldn't help crying.

"Tian'er, get up quickly! The husband is not afraid of life and death, let alone kneel down, get up quickly!" The evil spirit looked at Li Tiandao.

Li Tian knelt on the ground for a long time without speaking or speaking.

Suddenly, the demon-headed Long Yin laughed wildly at this moment.

"The kid surnamed Li, don't you say hello to old friends?"

At the moment when the hoarse laughter of the demon dragon Yin came into Li Tian's ears, Li Tian suddenly raised his pupils and looked at the monster figure shrouded in devilish energy 20 meters away in front of him. Long Yin.

"It's you?"

"You... you... why are you... alive?"

When Li Tian lifted his hatred face, there was a slight shock in his voice, looking at the demon Dragon Yindao that was twenty meters away from him.

But seeing the demonic energy around the demon-headed dragon Yin, he said coldly: "Of course I live! I live for revenge... to kill you!"

Listening to the cry of the devil dragon Yin, Li Tian showed endless killing intent.

"God, don't listen to the **** Long Yin talking nonsense... He was resurrected by a vampire! He has become a vampire... and I don't know what method was used to double his power..." The evil **** in front of him said the dragon there. The truth about Yin's resurrection.

After Cthulhu said so, Li Tian was taken aback.

Long Yin was resurrected by a vampire? No wonder!

And what about Long Yin? After hearing the Cthulhu interjecting, he suddenly screamed: "Cthulhu, you are a waste person, dare to talk too much?"

Along with Long Yin's roar, suddenly his body burst out with a terrifying devilish energy, and suddenly the whole body swept towards the evil god.

But he said, seeing the black devilish energy curling toward the evil **** like a snake, Li Tian shouted angrily, exuding a **** ferocious vigor from the whole body, and then whizzed towards the dragon. The black magic energy hit.

The two energies also hit.

One is black devilish energy, and the other is **** evil spirit.

With a bang, at the moment when the two vast energies collided, the entire space burst into an instant, and the horrifying vigor of the billowing explosion directly shattered the surrounding boulders, and then one after another from the mountain. Roll down.

"Long Yin, from now on, if you dare to touch my father's hair, Li Tian swears, even if you chase to Jiuyou Hell, I will crush you to pieces, leaving you dead without a place to be buried." The words burst out from Li Tian's mouth full of blood.

Chapter 2360: Battle of Fate (2)

Listening to Li Tian's words, the demon-headed Long Yin suddenly laughed wildly. .

"Do you think that you killed me Long Yin the first time, can you kill me Long Yin the second time?" After the words were finished, Long Yin's demonic energy suddenly skyrocketed.

The terrifying demonic energy enveloped him a few meters around him, and when he glanced at it, he could only see that his body was deeply wrapped in the black demonic energy.

But what about Li Tian?

He said coldly: "Dead!"

Li Tian just spit out a word, and then jumped into the air.

The **** light enveloped Li Tian's body, and his loose hair suddenly flew up.

"Father, today I have a battle with this demon. No matter whether you live or die, you should never interfere! This is my life and his life. One of us will fall here today."

Li Tian spoke and waved his right hand. A cloud of blood encircled the evil spirit over there. The evil spirit only felt a cloud of blood flying, and then his entire injured body was immediately dragged by the blood energy, and then slowly moved to the side to be safe. To the place.

After the Cthulhu left the battle range, he blinked at that Li Tian with bloodshot eyes.

"Tian'er, have a great fight! For my father, I want to see you kill this demon with my own eyes." Cthulhu leaned against the stone wall, looking at Li Tiandao while wiping the blood on his face.

In the black night sky, I saw Li Tian's blood shadow facing the dragon Yin whose devilish energy had soared.

This is a contest between righteousness and evil.

One is Li Tian, who is full of blood and evil aura, and the other is Long Yin, the head of the devil.

In the previous life, Long Yin was killed by Li Tian!

Can this newly resurrected Long Yin be able to take revenge and turn over? No one knows.

In the devilish atmosphere, but seeing Long Yin looking at Li Tiandao: "The kid surnamed Li, today I want you to see and see the true strength of my Long Yin! I want you to be defeated by my hands."

Along with that Long Yin's screaming exit, suddenly he saw the demon head dancing, his whole body transformed into a group of black giant pythons, and then hit the Li Tian as fast as a light.

Li Tian shouted angrily, full of blood and energy, drew a weird move on his chest with both hands, and then greeted the demon-headed Dragon Yin.

In the black sky, only a blood shadow and a cloud of black fog were fighting fiercely.

I can't see their movements clearly, I can't see their figures clearly, I can only see the strong force bursting through the air.

With a bang, the world is loud!

The two zhenqis dispersed separately, one side was devil qi, and the other was blood evil aura.

No one has the upper hand.

"Very well, the kid surnamed Li, I didn't expect your skill to increase...haha."

After laughing wildly, Long Yin's hands danced wildly in the black devil's breath, and then he burst out loudly: "Six ways are devil, Buddha and devil slaughter together!"

Accompanied by that Long Yin shouting angrily, this guy used his famous martial arts: the six magic arts!

At the beginning, when this Long Yin was cultivating the supreme six magic arts, his power was extremely powerful, but now? After Na Long Yin ate the "Blood Nightmare" of the ancient vampires, his skill doubled. At this moment, when he was displaying the six magic arts, it was really terrifying.

I saw that within ten meters of Long Yin's body, everything was enveloped by the supreme demon energy, and all the stones on the ground and flying sand flew into the air.

Then Long Yin pushed his two demon hands, and the terrifying demon energy that gathered in his body suddenly hit Li Tian.

All the stones in the black demon aura turned into a deadly "hidden weapon" and then fiercely hit Li Tian.

"Six magic powers?" Li Tian didn't dare to underestimate him after seeing that Long Yin used the six magic powers. After all, he had personally seen the power of that Long Yin six magic powers.

Now that demon's skill has doubled, and once again displayed the old six magic skills, it is really extremely powerful,

But Li Tian was not afraid of anything.

With an anger, his hands folded suddenly to protect his chest, and then the blood around him began to gather in his body in terror.

Those **** breaths gradually formed a huge protective cover around Li Tian's body, a **** protective cover.

It seems that Li Tian is ready to take the trick of the demon dragon Dragon Yin.

After Li Tian formed a protective shield on his body with a **** evil aura, that Long Yin's six magic arts had already attacked.

The overwhelming demonic energy raged towards Li Tian!

The flying sand and walking stones in the black demon aura all roared and shot towards Li Tian's body.

Li Tian stood still in the middle of the blood gas shield.

Bang bang bang, the rocks, fragments, and sand that came from whistling hit the blood evil shield one by one, and all that was blocked shattered.

The raging devilish energy devoured Li Tian's blood-colored protective shield terribly.

Li Tian's blood evil protective cover was getting redder and scarier.

Suddenly, in the dark devil energy, Long Yin laughed, his palms turned into a weird demon shadow, and then attacked Li Tian's blood evil protective cover again.

"Boy, how long do you think you can stop?"

The two palms of Long Yin carried the magic power to destroy the world, once attacked, the situation changed.

What about Li Tian? At this moment, it is impossible to change the trick, he can only recklessly fight this trick.

As Li Tianyun was full of energy, the blood evil protective cover around him had already gathered all over his body, and he just blocked the fierce blows of the demon Dragon Yin.

block?

Can the Blood Fiend Protective Shield stop Long Yin's black devil energy?

In the darkness, but hearing a loud bang, the terrifying black devil energy swallowed Li Tian's blood-colored protective shield, and then the devil energy was filled with echoes in the air.

What about Li Tian?

His figure, his Blood Fiend shield is completely invisible! It seemed to have been completely swallowed by that Long Yin.

The Cthulhu that was several tens of meters away was shocked when he saw Li Tian's figure being swallowed by the devil energy.

"My God..."

The evil expression couldn't help but screamed in fear.

When the evil **** uttered a sound, a terrible blood burst out of the black devil qi.

The **** light was extremely violent, and the moment it burst out, it violently shattered the devilish energy.

As that Long Yin's devilish energy dissipated, Li Tian's blood shadow slowly appeared in his sight.

But seeing Li Tianshen in the blood evil protective cover, his eyes coldly stared, and a trace of blood spilled from the corner of his mouth... Li Tian, with loose hair, stared at the dragon in front of him like a death god.

Although Li Tian did not fall, the blood evil protective shield around his body was shattered, and it can be seen faintly that Li Tian was injured...It must be that Long Yin just now shocked Li Tian with a fierce blow Up.

What about Long Yin? Seeing that Li Tian was only shocked by his own devilish energy, he secretly screamed, this boy Guo's true strength greatly increased, did not expect that he had just used such strength to defeat him?

At the moment Long Yin thought this way, but seeing that Li Tian suddenly yelled, his body suddenly rose into the sky.

The moment he soared into the air, the **** light once again surrounded his body.

Li Tian, who was suspended in the air, with his hair loose, looked at Long Yin below and said, "Long Yin, should you pick me up?"

After the words were finished, Li Tian suddenly looked up to the sky and shouted: "Blessed Maha!!"
