

A Killer 2371

Chapter 2371: Slaughter (6)

Facing Li Tian's double attack, Berwick suddenly flashed a terrible despair in his eyes, because he knew that he could not stop a move anyway!

He just stretched out two hands instinctively and wanted to block, but how could he block it?

Along with Li Tian's two-handed attack, Li Tianyou grabbed Naberik's head severely, while the other left palm, which had accumulated blood energy, hit Bailey hard. Gram's chest.

There was a loud bang.

Berwick only felt that his body was about to shatter, and a strong tingling sensation came from his chest.

what

An endless scream of scream came out in his mouth.

Then Berwick spouted blood from his mouth, and his body was shaky like a piece of soft paper.

It's a pity that he couldn't even fall down because his head was held by Li Tian's right hand.

"Berrick." Antonio yelled after seeing Belick being hit hard by Li Tian.

Then Antonio wanted to rescue Naberik, and a wave of death came out of Antonio's hands and hit Li Tian. What about Li Tian? Without even looking at it, the left hand that was freed suddenly rolled out, and a powerful and powerful blood swept towards the death.

Suddenly, the breath of death not only did not get close to Li Tian's body, but all of a sudden rolled back towards Antonio.

Ah scream!

The terrible death gas rushed toward Antonio's face head-on... After the deadly poison gas met Antonio's face, Antonio's pale face suddenly rotted away.

Zizzi's rotting voice came from Antonio's face, his face burning as if it had been decayed with sulfuric acid.

In an instant, his face turned into a skeleton.

He fell to the ground in pain and screamed, and the painful voice echoed throughout the cave.

And what about Li Tian here? But he didn't even look at that Antonio, just squeezed Berwick's head with one hand.

His terrifying fingers pierced the inside of Naberik's head, and blood flowed from his fingers.

"Dare to stop me?" The choking words came out coldly from Li Tian's mouth.

But what about that Berwick? His body was convulsing violently because of excessive pain... The entire face was extremely twisted.

Looking at Antonio, who was rolling and crying on the ground, Berwick suddenly became desperate.

His blood-red eyes stared at Li Tian at this moment: "You...you...you ***** kid...the corpse king...the corpse king...will avenge us...you will definitely...not die!"

When Berwick uttered the last words viciously in front of him, infinite murderous intent suddenly appeared in Li Tian's eyes.

"go to hell."

With a loud shout, Li Tian pierced Berwick's right hand with a sudden force.

With a pop, Naberik's entire head suddenly burst, and the blood spurted in the air.

And what about Berwick's body? At this moment, he fell to the ground with a plop.
died.

Berwick is finally dead.

Throwing the blood on his hand, Li Tian didn't even look at Berwick's body, and then stepped forward to Antonio, who was rolling on the ground, covering his face and screaming in pain.

But what about Antonio?

His entire face was ruined, and only the skeleton and hideous outline remained.

"It's your bastard." Li Tian stretched out a foot and suddenly stepped on Antonio's body.

Antonio's face was destroyed, and he was already unable to speak at this moment, only to see the slight movement of the teeth of his skull and a hoarse roar in his throat.

"You ***** killed so many members of the Justice League...mutilated the Torrido family. Today, I will kill you for them."

Li Tian yelled out, and suddenly a foot slammed on Antonio's head.

With a bang, Li Tian's ***** foot stomped directly on Antonio's head.

The sound of cracking bones was heard, and then Antonio's head was crushed by Li Tian.

Antonio's body shook twice on the ground, and finally there was no movement.

Dead, he died too.

Unexpectedly, the two famous vampires died under Li Tian's hands in an instant.

Looking at the two corpses on the ground, Li Tian's eyes showed a sense of hunger and thirst, and at the same time the blood-red "Sha" in his chest became even more terrifying and scary.

This is the bloodthirsty feeling of Xue Sha.

The Fate of the Blood Fiend was born for the purpose of killing, and Li Tian can be said to have completely inherited the will of the Blood Fiend at this moment.

After Li Tian personally slaughtered Berwick and Antonio in front of him, all the more than 30 black knights of the Gangelo family who were still shrinking behind stayed.

They did not expect that Berwick and Antonio would die so quickly under Li Tian's hands.

At this moment, the eyes widened in horror, step by step back!

Li Tian slowly turned to the murderous face, and glanced at the Gangaluo family black knights who had retreated because of fear.

"It's your turn?"

"Do you still want to die?" Li Tian said, with a wicked smile at the corner of his mouth.

The smile was like he was a demon, a demon who devoured lives.

The members of the Gangeuro family in front of them couldn't help but shudder when they saw Li Tian's evil smile.

"No, no, no, we won't stop you... definitely don't stop you..." Those black knights are not stupid fools, and of course they won't be sent to death under Li Tian's hands, so they all said that.

When Li Tian heard them say this, a look of disappointment appeared in his eyes.

Then coldly glanced at the 30-odd Gangelo family black knights, and roared: "Since you don't want to die, then quickly disappear from my eyes..."

"Hurry up and get out of here, don't let me change my mind." A loud shout sounded from Li Tian's mouth.

After hearing Li Tian's words, the black knights of the Gangelo clan immediately went crazy around Li Tian's body and ran out of the cave!

They escaped!

They never dared to fight Li Tian again, and at this moment they did not go back to the dead king's side, but chose to leave the cave.

Looking at the black knights of the Gangelo family who were running away, Li Tian showed a strange smile in his last eyes.

Then he took **** steps and walked into the cave step by step.

In the depths of the stone cave, the blood moon is shrouded, the altar is built high, and the terrifying corpse king, and the ancient demon in the immortal coffin, have they been resurrected?

No one knows.

Chapter 2372: resurrection

The altar.

The blood moon shone on the immortal coffin at the top of the altar, and the golden light of the enchantment seal shrouded on the immortal coffin kept shining.

Everyone was there looking at the enchantment seal.

Can the Blood Moon unlock this legendary barrier seal?

They don't know, everyone is there with eyes wide open, waiting for answers.

Especially the corpse king Uris, his eyes were full of desire and urgency.

Suddenly, about ten minutes after the blood moon shining on the barrier seal, the barrier seal on the immortal coffin suddenly showed signs of cracking.

But seeing that the golden enchantment seal began to weaken...

It seems that Blood Moon can really unlock this legendary barrier seal.

The corpse king Uris saw that the barrier seal showed signs of weakening, and he became excited.

"Master, it is going to be resurrected, and my master is going to be resurrected soon." The muttering excitement came from the mouth of the corpse king Uris.

The black knights of the Gangelo Family below were all looking at the immortal coffin with horrified eyes.

They are all looking forward to the resurrection of the greatest ancestor of the Gangaluo family.

And what about Mary, Earl Roger, Duguxie and others who were imprisoned in iron prisons? After seeing signs of weakening of the seal barrier, they were all stunned, and they couldn't help being secretly surprised.

If the demon of the elder was born, what terrible thing would happen?

Will the doomsday prophecy really become reality?

Just as everyone looked at the immortal coffin on the altar with extremely shocking eyes, a violent sound suddenly came from above.

But after hearing a bang, the enchantment seal that originally exuded golden light suddenly fluctuated under the shining of the blood moon, and then the entire seal exploded.

The strong sense of vibration shook the corpse king back 56 meters, and the corpse king stood firm.

After the corpse king stood firm and looked up, the enchantment seal that had been sealed on the immortal coffin disappeared!

The enchantment seal is eliminated?

Looking at the disappearing enchantment seal, the black knights of the Gangelo family below cheered together, shouting one by one: Master, Master.

Looking at the immortal bronze coffin again, a terrible evil gas suddenly emerged from the entire coffin.

When the terrifying evil aura emerged, the eyes of the corpse king Uris suddenly became frenzied.

He knows what that evil breath means...

Suddenly, thunder was thundered above the sky, and the wind torn.

The whirring wind weirdly appeared above the immortal coffin, and this vision made everyone present couldn't help being frightened.

At this moment, with a bang, the immortal coffin that was originally placed on the top of the altar suddenly rose by itself and suspended in the air.

The corpse king Uris and the surrounding black knights of the Gangaluo family stared at the weird coffin.

Suddenly, the coffin lid tightly closed on the coffin made a creaking sound.

Along with the sound of the sound, a sound from **** came out from the coffin, and the sound was filled with the supreme eternal and immortal power.

"I...I...have been...sleeping...for thousands of years..."

"Who...would...wake me from the darkness...?"

At the moment when the voice of the ancient demon came out, the whole sky changed drastically. The moon that was glowing with blood just now was blocked by the steaming dark clouds.

The world seemed to have all turned into darkness at this moment.

He woke up.

The demon that had been sealed for thousands of years finally awakened.

The third generation: Lord Vampire! Dracula!

Legend has it that there are ancestors of the blood race with the strongest power comparable to the "God".

At the moment his eternal and immortal voice came out, all the black knights of the Gangelo family present tremblingly bowed down, and even the corpse king Uris standing on the altar hurriedly threw his legs. Kneeled to the ground with a loud sound.

"Dear Master, I interrupted your rest! It was I who awakened you from the eternal darkness."

The corpse king knelt on the ground, his head against the cold ground and said in a trembling voice.

After the voice of the corpse king Uris came out, the ancient Dracula who was in the coffin suddenly hissed.

The sound was so harsh that it pierced the eardrum and reached the heart.

Some black knights of the Gangaluo family with low strength fainted after hearing the terrible harsh sound.

"Why...what...wake up...this deity..." The voice of the ancient Dracula came from the space again.

The corpse king in front of him was sweating coldly, and said in fear: "Because...because...we want to resurrect the master, we want the master to get rid of the previous confinement!"

After the corpse king said so, the immortal coffin suddenly enveloped evil spirits.

Suddenly a frenzied breath rushed towards the corpse king. The corpse king hadn't felt what was going on. An invisible claw grabbed the corpse king's neck like a ghost and grabbed the entire body of the corpse king. In the air, then moved towards the immortal coffin.

"Damn offspring, dare to say that the deity is imprisoned?"

"Time is tens of thousands of years, the world is infinite, who can imprison me? Dracula!" A terrible voice sounded from the darkness.

The voice of this ancient demon is so violent, so fierce.

The corpse king Uris was completely like a doll in front of him! Vulnerable.

The corpse king was almost suffocated by the invisible ghost hand, twisting and struggling in mid-air, exhausting his last bit of strength and saying: "Master...sorry...I...I...I said something wrong."

When the corpse king said this sentence with a painful distorted face, suddenly, the strange breath that pinched his neck was suddenly sent away.

With a plop, the dead body king fell heavily on the stone ground.

The corpse king got up from the ground with difficulty, and then bowed down on the ground again, and stopped talking.

This master is far more terrifying than he imagined, and even more powerful.

Look at the immortal coffin suspended in the air?

"What century is this?" Dracula's demon's voice sounded in the darkness.

The corpse king Uris in front of him replied with his head down, "Return to my master, it is now in the present century. This is the 21st century."

The demon Dracula fell silent after hearing the answer from the corpse king.

"Ten thousand years of chaos, I never thought that time has passed so long... so long..." The hellish voice was filled with a sigh.

Chapter 2373: Nine Nether Snake

He was resurrected.

This legendary demon that has lived for thousands of years is finally resurrected.

I saw that the bronze coffin was suspended in the air, and suddenly the coffin lid creaked. With the coffin lid, there was a bang. With a bang, the entire coffin lid burst open.

Right now, the corpse king Uriss bowed his head and knelt deeply on the ground, not daring to make one.

As for the black knights of the Gangaro family? He even didn't even dare to look up, all knelt on the cold ground.

Only here Mary who was locked up in the iron prison, and Lord Roger Du Guxie raised their eyes one by one, looking at the coffin suspended in the air.

"The ancient demons are resurrected."

"Dracula, Dracula is resurrected." Count Roger shouted in horror with endless fear in his voice.

Mary and Firewoman in front of them all stared at the coffin with widened pupils.

boom!

A skeleton hand burning with **** flames slowly rose from the coffin.

Everyone stayed at the moment the arm that was burning with **** flames rose from the coffin.

Devil, devil, this is the common idea of everyone at the moment.

I saw the flame-burning devil's claws clutching the coffin tightly, and a strange flame suddenly emerged from the coffin, and then a monster full of hellfire rose from the coffin.

Dracula!

This monster that has survived for centuries and thousands of years has finally appeared.

But seeing the body of this monster surrounded by the flames of hell, his body is huge, at the moment of rising, it is more than two meters high, two red skeleton arms are stretched there, and the terrible body is still. There was a strange snake growing with two heads, the strange snake was as thick as an arm, with two heads and a **** head stretched out there.

Dracula's head looked even more frightening. There were two long and deformed horns on top of his head. The two horns were sharp like rhino horns and curled on top of his head. Two huge pupils were like wild animals. There were no black pupils inside. All **** was burning with purple-red **** flames, his mouth was wide, and his teeth were rusty growing sharply there.

It is Dracula.

The Lord of the Blood Race for thousands of years.

When its body appeared in the world, the situation changed tragically and the world shook.

The endless flames of **** burned all over him.

"I'm resurrected!"

"I'm back to the world again!" An indescribable harsh voice yelled from the demon Dracula's mouth.

After the demon Dracula appeared, the corpse king Uris in front of him hurriedly knelt there and said, "Welcome master!"

"Welcome Master!" As the voice of the corpse king Uris sounded, the surrounding black knights of the Gangaluo family yelled there together.

Listening to their voices, the demon Dracula in front of him suddenly turned the face that looked like a human and a beast.

The pupils, burning the flames of hell, glanced coldly at all the black knights of the Gangaro family present.

"These are my heirs? These are the descendants of my Gangelo family?" Dracula's voice sounded in the gloom.

Whenever his mouth moved, his mouth would burst out endless flames.

No one knows what the incarnation of this demon is! ! !

The two-headed strange snake on his body was also hissing, looking terrifying and frightening.

Listening to Dracula's voice, all the black knights of the Gangelo family who were kneeling on the ground replied, "Yes, my master, we are all your descendants."

After they yelled, the demon Dracula suddenly roared and laughed strangely.

"For more than a thousand years, I didn't expect my descendants of Dracula to wither more and more? It is getting more and more wasteful!" Dracula's voice sounded in the nether.

It turned out that when the demon Dracula saw the vampires of the Gangelo family, all of them were of such a low level, he was not only a little upset.

After all, more than a thousand years later, the kinship has degenerated so much!

It's no longer as powerful as the blood clan back then... and the memory in the head of the demon Dracula was only thousands of years ago.

Hearing what the demon Dracula said, the knights of the Gangelo family all bowed their heads.

Suddenly, the two-headed monster snake wrapped around the demon Dracula screamed.

The two-headed monster snake had a blood-red poison core in its mouth, and the terrifying snake eyes were staring at the black knights of the Gangelo family.

Dracula saw the two-headed monster snake hissing around him, and suddenly said: "Thousands of years, after a thousand years, I didn't expect even my Nine Nether Snake to be hungry."

"Well, in that case, then I will let you try."

When the words were spoken, suddenly Dracula's skull turned around, and those eyes full of **** flames stared at the black knights of the Gangaro family over there.

Suddenly, the black knights who were being stared at were all seeming to be enchanted, looking confused, and obediently walking towards the demon Dracula.

The corpse king Uriss was immediately stunned when he saw that the black knight under him was passed by the "master".

None of them knew what happened, let alone what the "master" who had just been resurrected was going to do.

Just after the black knights of the Gangaluo family were fainted over, the "Nine Nether Serpent" on Dracula's body suddenly swished towards the black knight.

After the two-headed snake rushed past, the **** head directly sucked the neck of one of the black knights.

In a blink of an eye, the entire body of the black knight began to turn purple and black. In an instant, all the power and soul of the whole body were sucked into the stomach by the "Nine Nether Snake".

After inhaling it, in a blink of an eye, the black knight body turned into a black stiff corpse, and then fell to the ground.

died.

After the death of the first black knight, the Nine Nether Snake in front of him suddenly went to **** the second black knight.

Then, the second black knight was also sucked up.

The body turned into a dry black body, and then died.

...

In an instant, all the 45 black knights were sucked to death.

Their spirit and body power were all sucked away by the "Nine Nether Snake".

After the "Nine Nether Snake" sucked the spirits of 45 black knights, the Nine Nether Snake in front of him suddenly changed. The body of the black snake suddenly became dark and shiny, and even the body of the snake became thick. Up.

The Nine Nether Snake suddenly entangled Dracula's flame body, and after it was on the plate, it squeaked.

It seems very happy and satisfied.

After Dracula looked at his "Nine Nether Snake" and sucked the soul, he smiled with satisfaction.

Chapter 2374: Sacrifices

The black knights of the Gangaluo family never expected that their master would feed the nine nether snakes with the lives of their own members, and they were all stunned.

One by one stood there with extremely frightened eyes.

The corpse king Uris here is also sweating coldly, and he didn't expect things to become like this.

This legendary master would be so fierce and bloodthirsty.

"For thousands of years, I have been sleeping in the immortal darkness. Now, I wake up and tell me, what about the other old immortals of the Twelve Clan?" The demon Dracula in front of him suddenly spit **** flames in his mouth. Looking at the corpse king Uris with his eyes on the hole.

The twelve clan that he was talking about were immortal, obviously the ancient masters of the twelve clan blood clan who fought with him thousands of years ago.

Among them are the ancients of the Torrido family, the ancients of the Buren family, the ancients of the nijjhty family...

Thousands of years ago, the ancient lord of the twelve clan used his own blood and then summoned the enchantment seal, which sealed Dracula, the strongest ancient member of the Gangaro family in front of him... The moment Dracula was resurrected, he was the first to ask about the twelve ancestors who once had a hatred of him.

Following the question of the demon Dracula in front of him, the corpse king Uris in front of him hurriedly replied in a cold sweat, "Return to my master, the ancients of the Twelve Clan were all dead thousands of years ago. ."

"Dead?" When the demon Dracula heard the corpse king say this, he was momentarily startled.

The corpse king returned and said, "Yes, my master."

"The ancients of the Twelve Clan, they used their own blood to seal the master you...so they all died after sealing the master at that time." Corpse King Uris continued to say there.

After hearing the death of the Twelve Clan who had hatred with him, the demon Dracula suddenly hissed and laughed wildly.

The endless flames erupted with the wild laugh in his mouth, looking terrifying.

I don't know why, there is a trace of desolation in the devil's hiss and laugh!

After laughing, the demon Dracula turned his head slightly and murmured, "They died too early... They died too early..."

"Now that all the twelve old things are dead, who can fight me in the world?"

"I Dracula is destined to be lonely...Lonely in this world."

Listening to the demon Dracula saying this, the corpse king Uris in front of him and the Gangaluo family knights around were afraid to speak.

After being silent for a long time, the corpse king Uriss before him blinked, and then said to the corpse king Uris: "My master...Is there something I don't know if I should talk about it?"

The corpse king's words were full of caution, as if he was afraid of angering the demon in front of him.

After the corpse king said so, the demon Dracula in front of him roared and said, "Say it."

"My master, don't be concealed. Ever since you were sealed by the ancients of the Twelve Clan, our Gangaluo family has never recovered. We never have the dominance of a thousand years ago. Fortunately, now, Twelve The other blood races of the clan have basically been wiped out by our great Gangelo family, and only some remaining powers are fighting there..."

"Master, among these remaining powers, there is an Asian kid who is more powerful. I am thinking, if the master wants to find someone to fight, he can...can...kill that ***** Asian kid!"

After hearing the corpse king in front of him say so, the demon Dracula suddenly said: "Is such a small person worthy of a fight against the deity?"

Hearing what the demon Dracula said, the corpse king in front of him said quickly: "Yes, yes, of course that Asian boy is not worthy to fight his master, but that Asian boy tried to prevent me from resurrecting you, my master. Hateful."

"Master, you just woke up, why don't you take that kid's life to commemorate the birth of your old man?" The corpse king Uris said treacherously.

Listening to what the corpse king Uris said, the demon Dracula suddenly sneered.

"Are you unable to deal with that kid? That's why you awakened the deity from the darkness?" Demon Dracula said there very cleverly.

As soon as the corpse king heard it, he sweated coldly on his head and said quickly: "No, no, no...My master, you misunderstood! We have been looking for a chance to resurrect you since the master was sealed... ...Now the time is finally ripe, so we wake you up, Master."

When the devil Dracula heard this, he said, "Forget it, the deity doesn't care about you juniors."

"Since you have awakened the deity from the immortal darkness, then I want this world to start subverting again."

"Just like a thousand years ago..."

When the demon Dracula finished speaking, the arms of two skeletons burning with ***** flames suddenly lifted up, and all the rocks and torches around him floated up, and then exploded around him with a bang.

The powerful energy directly shattered the giant rocks around the altar.

"I want Gangaro to restore its glory thousands of years ago, and I want the whole world to tremble because of my Dracula's resurrection..." A fierce and vast voice yelled from the devil's mouth.

After the demon Dracula finished saying this, the corpse king in front of him and the Gangelo family knights all knelt down.

"Master, in order to welcome your resurrection, I deliberately captured the sacrifices of other blood races! I hope the master can enjoy their blood."

Following the cruel words of the corpse king Uris, he raised his hand slightly, facing Count Roger and Mary Dao who were locked in the iron prison over there.

The sacrifices he was referring to were of course Lord Roger and others.

After the corpse king Uris said these words so cruelly, the Count Roger, Mary, and Duguxie who were imprisoned in the iron prison were suddenly stunned.

One by one looked at the demon Dracula with horror.

Oh my God, are they going to be sacrifices? To be the "food" for that demon Dracula.

After the corpse king uttered vicious words with such a grinning smile, he saw that the demon Dracula suddenly turned the flame body.

Staring at the Count Roger, Mary, and the Fire Girl and Ice Girl who were locked in the iron prison.

After taking a look, the demon Dracula suddenly said, "Humans? There are humans?"

After he uttered these words ferociously, he saw his burning eyes screaming on the Duguxie, the ghost servant, Ron and Tia.

"Blood, blood! This deity has not tasted fresh human blood for thousands of years..."

He said in a greedy voice, the coiled double-headed "Nine Nether Snake" on his body also stretched out its ugly two heads towards the Duguxie and the ghost servants in the iron prison over there.

Chapter 2375: Hellfire Dragon

"Dad, is that demon going to eat us?" Mary in front of her screamed when she saw the ancient demon Dracula floating towards them with a body of burning flames. .

Count Roger held Mary's hand tightly, then used his body to block Mary in front of him and said, "Don't be afraid...Don't be afraid, even if you die, Dad will protect you."

Although Count Roger said so, his whole body was still shaking uncontrollably.

The Duguxie here and the ghost servant also faced the demon Dracula in front of him on both sides.

They had never seen such a terrifying demon... At this moment, the two felt a sense of helpless despair in their hearts.

"Second brother, it seems that we cannot escape today." The ghost servant was facing Duguxie Dao there.

Duguxie slowly stood up and looked at the demon Dracula: "What are you afraid of, even if you die, our brothers will not succumb to these dark vampires."

The ghost servant nodded deeply on the side.

What about here?

The "blood hunt" Ron and Tia, the two brothers and sisters are closely dependent on each other.

The martial arts of the two of them are the weakest inside, so standing in the back corner, their faces showed endless horror.

The demon Dracula is here.

I saw that his burning body had approached the iron prison here.

Suddenly there was a grin on his face, and then a strange **** flame flew towards the iron fence made of pig iron from his body.

When the **** flame flew to the hard iron fence, the **** flame melted the iron fence at once.

No one thought that the flames of the devil could melt these hard iron fences! ! !

You know, this iron fence, even if Duguxie uses his full power, it is difficult to open it!

But it was melted easily by the flames of **** above the demon's body! ! !

It's too scary, too scary.

Looking at the iron fence that was melted away, the Duguxie in front of him, the ghost servant couldn't help backing back in fear.

The Fire Girl and the Ice Girl screamed in shock.

"Don't be afraid, don't be afraid..." Count Roger tried to comfort Mary and the others before he died.

However, his words have no effect at all.

Everyone's heart has popped out, they are waiting for death.

"Human blood... blood." The demon Dracula said these words grimly.

Suddenly his **** right hand opened suddenly, and a ball of flame burst out from his palm, and with a terrifying speed, it hit the Duguxie and the ghost servants.

Duguxie and the ghost servants saw the extremely fast flames attack, immediately screamed, and then used their whole body skills to avoid them.

Whoosh, whoosh.

Fortunately, Duguxie and the ghost servants were fast enough to avoid the attack of this **** flame.

Mary, Roger, and the Fire Girl and Ice Girl all escaped in a thrilling manner.

However, the "blood hunt" Ron and Tia who stood at the back of the iron fence would not have such a good life.

Because their skill is simply not enough to avoid such terrorist attacks.

I saw that **** flame hit the two deadly...Natia screamed in fright, and her beautiful face turned pale and gray at this moment...

Where's Ron?

Seeing that **** flame was about to burn to his sister, at this critical moment, he suddenly blocked Tia's body with his entire body.

"Tia, my sister... Brother can no longer protect you... From now on, you have to take care of yourself... to live..."

The moment Ron protected Nadia with his body, a word came out of Ron's mouth.

And Tia? Also completely stunned.

"Brother..." A stern cry came out of Natia's mouth, but the **** flames had already hit Ron's body. what!

With a scream, the flames of **** completely surrounded Ron's body, and in a blink of an eye, his body was completely burnt.

Where is Tia?

Seeing her brother being burned by the flames to protect herself, she burst into tears at the moment, she wanted to save her brother...and wanted to get Ron's life back.

But it was too late.

Everything is too late.

Ron, who was swallowed by **** flames, was suddenly sucked by the demon Dracula.

Then he saw his body being grasped by a skeleton arm of the demon Dracula, in the fire, but saw that Dracula stretched out rotten sharp teeth, and then bit the neck of Ron.

In the last cry of Ron, the demon Dracula sucked his blood, and his body was burned into a mass of ashes by the flames of hell.

In a blink of an eye, Ron just died tragically.

He couldn't even find the dead body, the only thing he saw was the black dust left on the ground.

"Brother." Nadia knelt on the ground crying like crazy.

How about Lord Roger and Du Guxie here? When he saw Ron just being wiped out by the demon, he was immediately confused.

"Damn devil!"

"I'm fighting with you!"

An endless roar came out from the mouth of Duguxie.

Even if he died, Duguxie would stand and die! He will never wait to be killed! So he must take the initiative.

Even if he knew that he was not the opponent of this demon at all.

The figure of Duguxie flew up, and his only left hand accumulated palm strength, and then slammed towards the demon Dracula.

But what about the demon Dracula? He didn't even look at the Duguxie in front of him. When Duguxie slapped him, the flames all over the body of the demon Dracula suddenly turned into a fire

dragon. The fire dragon opened its teeth and danced its claws and swallowed it directly towards Duguxie.

Duguxie had never experienced such a terrible attack. At the moment, the whole person was stunned. Facing the fire dragon with its teeth and dancing claws, he suddenly retreated, but the **** fire dragon swallowed towards Duguxie with a whistling sound.

Even though Duguxie used all the power of his body to avoid it, the fire dragon still rubbed his body.

I saw Duguxie who flew up and let out a painful cry, and then fell straight down from the air.

With a plop, his body fell heavily to the cold ground.

Look carefully, Duguxie's face is black, his hair and body are all burnt by the flames of hell, and there is still flames burning on his clothes.

After seeing that his clothes were still burning, he quickly rolled on the spot, and then put out the flames burning on his body.

But at this moment, the terrifying Hell Fire Dragon still attacked Duguxie.

As if to swallow Duguxie whole.

Seeing the huge fire dragon swallowing the Duguxie on the ground, the ghost servant exclaimed: "Second brother, be careful."

With a call, his body flew over, and then used the ghost fist to attack the fire dragon.

Unexpectedly, his body hadn't been close to the body of the fire dragon. The huge fire dragon swung its tail, and its fiery red tail hit the ghost servant directly.

The ghost servant screamed and his body was thrown out.

Wow, the ghost servant who was thrown in the air spit out a mouthful of blood, and hit the stone wall and fell there.

Chapter 2376: he came

After the **** fire dragon knocked down the ghost servant in front of him, it continued to swallow the Duguxie in terror.

The fire dragon swallowed Duguxie with its open flame mouth, and what about Duguxie? Can't hide anymore!

Seeing that the Hell Fire Dragon covered in flames was about to swallow the Duguxie in front of him, suddenly the Ice Girl and Fire Girl rushed over there.

They also participated in the war.

Since waiting is death, they don't die here at this moment, this is their only thought at the moment.

"Devil, our sister fights with you."

The ice girl and the fire girl rushed over together.

But seeing the ice girl in front of me is going to save that Duguxie, and the fire girl? Pounced at the demon Dracula.

The Hell Fire Dragon swallowed towards the Duguxie head-on, and its wide open mouth contained endless flames of hell. The ice girl had already swallowed the past with a thud.

"Evil dragon, look here." The ice girl screamed.

At the moment she yelled, the **** fire dragon who had attacked the Duguxie in front of her heard the yelling sound, and suddenly her ugly head turned around, and she saw the ice girl at the moment she turned around.

The ice girl also used her most powerful ability at this moment, her frost technique.

She opened her hands suddenly, and the cold air emanating from her palms directly attacked the **** fire dragon.

The endless icy air turned into ice swords in the ice girl's hands, and the ice swords shot through the air, and then all shot towards the huge body of the **** fire dragon.

Whoosh whoosh!

The instant the Frost Ice Sword shot all at the Hell Fire Dragon, he saw that the Hell Fire Dragon didn't even evade, but only raised the pair of burning flames and looked at the Ice Girl in front of him bloodthirstily.

Bang, bang, bang, as the endless sword of ice shot on the body of the hellfire dragon, a terrifying cry of "Oh" screamed wildly.

Then, I saw that all the icy ice swords that had been turned into ice broke into water, and then fell from the air.

When the ice girl saw that her ice sword had no influence on the **** fire dragon, she wanted to attack the **** fire dragon again, but when she was flying, the **** fire dragon in front of her suddenly vented flames.

The endless flames suddenly burned towards the body of the ice girl.

Seeing the raging fire burning her body, the ice girl only heard a harsh and tragic call, and then the whole person was surrounded by endless **** flames.

With a bang, her body was shaken upside down, and her white clothes were burning with flames, and her black hair was burning...

Originally Yu Jie and ice-clear, she looked like a dead person at this moment.

With a plop, the body fell straight down from the air, and then fell to the ground, whether it was alive or dead.

"Ice Girl." After seeing the Ice Girl fall, Mary hurried over to help her.

But seeing the ice girl motionless, her whole body was still burning with flames, and the terrifying flames scorched her right arm, and a foul smell came out.

Besides, after the ice girl here was severely injured by the **** fire dragon, what about the fire girl?

Fire Girl's target is even more bold.

Because she was attacking the real demon, Dracula the Ancient.

Let's say that the fire girl raised her body and flew towards Dracula. Dracula didn't even look at the fire girl's figure, but the faint skeleton waved his left hand, a cloud of turquoise flames steamed out, and then the fire girl Jiaofu bumped over.

Fire Girl couldn't avoid it at all.

The weird flame hit directly on the body of the fire girl, the fire girl wailed, and the whole person was knocked down and flew away.

He fell to the ground with serious injuries, making it difficult to get up.

The Ice Girl and the Fire Girl were all defeated.

"You weak and stupid fellows, still want to survive under my hands by your ability?" Demon Dracula said in that cruelty.

It was originally the most brutal ruler of the Gangaro family in thousands of years.

To resurrect at this moment, of course, we must kill and slaughter more aggressively. Only in this way can we satisfy him!

Just when the demon Dracula finished speaking, he suddenly heard a few tragic cries in the deep black stone cave one hundred meters ahead.

Following the terrible cry, then several headless bodies were seen flying out from the depths of the cave.

Bang, bang, bang, a total of three headless corpses flew out of the sky bloody, and then all fell to the ground.

Look carefully at the three headless corpses... They turned out to be the black knights of the Gangelo family, the corpses of the black knights.

After seeing the deceased of his own family, the eyes of the corpse king Uris changed completely.

With a roar, he looked at the depths of the deep black cave with terrifying eyes, and yelled: "Damn, who is so bold? How dare to kill the members of our Gangelo family in front of my master?"

When the corpse king said this, his eyes blinked and looked at the expression of his master "Dracula".

But what about the demon Dracula? He also stared at the cruel pupils towards the depths of the dark stone cave.

Faced with the weird and panic that happened, the members of the Gangelo family were also at a loss...They didn't know what happened, let alone how their companions were killed! ! !

That Mary, Count Roger, and the badly wounded Duguxie, and the ghost servant were all raising their heads blankly at this moment, looking at the darkness.

Suddenly a figure covered in blood came out of the cave.

His whole body was covered with blood, his long hair was blood red, and his hands were covered with endless blood.

He, Li Tian!

he came.

When his figure appeared, everyone was shocked there.

"Li...Li...Li Tian?" The first person who spoke was Mary in front of her. She cried out in disbelief, looking at the blood-covered figure of Li Tian...

"Little Lord!"

"Young Master... is it really you?" The second voice was called by Du Guxie and the ghost servant.

The two of them tremblingly watched Li Tian who walked in step by step.

After their voices uttered, Li Tian slowly turned his head around, looking at the blood on the ground, looking at the injured Duguxie and the ghost servant...and all the friends and relatives around him.

He said painfully to all people: "Sorry, I am late!"

After Li Tian said these words, the Duguxie and the ghost servant cried with excitement.

They would never have thought that when they were dying, they could still see the "Young Master" they had been looking forward to and his figure.

Then I saw two people crawling on the ground with difficulty, crawling towards Li Tian little by little.

But as they crawled towards Li Tian, a terrifying evil spirit suddenly struck from behind.

But seeing that Duguxie and the body of a ghost servant, he had not climbed a distance of one meter, and was suddenly sucked by the extremely strong strange evil air, and flew back, and then fell into the cold with a thump. On the ground, then fell at the feet of the devil, Dracula.

Looking at the moment Duguxie and the ghost servant were sucked by the devil, the evil Li Tian suddenly raised his eyes burning with anger and stared at the devil who had lived for a thousand years.

Chapter 2377: ruthless

Li Tian finally appeared.

Is his appearance a blessing or a curse? No one knows at present.

At this moment, Li Tian's whole body was **** swelling, and he raised his eyes and looked at the demon Dracula over there.

The moment he saw the devil Dracula, Li Tian felt a sense of guiltiness that he had never felt before.

Li Tian has never seen such a "monster" before, and this is the first time for such a "demon"! Really the first time.

The demon Dracula in front of him was even more terrifying than he had imagined.

Looking at it, Li Tian suddenly muttered in a whisper: "Oh my God, is this the ancestor demon with a blood family for thousands of years?"

After murmured in his mouth, he suddenly saw the bronze coffin opened behind the demon Dracula, and the key of fate that had fallen on the ground.

Yes.

The key of destiny must have really opened the immortal coffin, and the ancient demon Dracula should be the demon that exudes **** flames in front of him.

However, after Li Tian recognized the demon for thousands of years, Dracula, the demon here, was also looking at Li Tian's blood-red body.

The double-headed "Nine Nether Snake" on his body stretched out there, spitting out a poisonous core and hissing at Li Tian.

"My master, this **** kid is the guy named Li Tian..."

"It's this **** kid who prevented me from resurrecting you again and again." The corpse king in front of him quickly said to the demon Dracula after seeing the **** Li Tian coming.

After speaking, the corpse king Uris gave Li Tian a fierce look.

But what about the demon Dracula?

A strange grin suddenly appeared at the corner of his mouth, and he lifted his pupils that released flames and looked at the demon Dracula.

"Darkness is resurrected. The deity wants to let the sun's brilliance be blocked by clouds and mist today, and to turn all enemies here into ashes." The mighty flame of destruction came out from the mouth of the demon Dracula.

Listening to the horror of the demon, Li Tian in front of him not only slightly felt a chill from his body!

However, he was not afraid.

He has experienced many dangers, and today, he must overcome this difficulty again.

"Devil, you can't kill a single person today. I will definitely save my brothers and all the members of the Justice League."

"As for you monster from the bottom of the earth, let's go wherever you go." Li Tian said to the ancient demon Dracula without fear.

Hearing what Li Tian said so presumptuously, the double-headed Nine Nether Snake who was in front of the demon Dracula suddenly screamed miserably, and a black aura emanated from the body of the Nine Nether Snake, and its double-headed head changed. The more ferocious, the poisonous core stretched out there, as if he wanted to come up and eat Li Tian in one bite.

"Damn boy, dare to speak to our master like this? You don't want to live anymore?" The corpse king Uris took the opportunity to cheer up there.

After he finished speaking, he waved his skeleton arm and said to the Gangelo family behind him, "Kill him, let him know how powerful our Gangelo family is."

The Gangaluo family knights behind them are not only arrogant and arrogant after their masters of the ancients are resurrected, they will face the **** evil Li Tian, and are not afraid. They are hearing the king of the dead. After Uris said so, he immediately rushed towards Li Tian.

Prepare to kill Li Tian.

"kill!"

There was a roar, but seeing the black knights of the Gangelo family, they rushed towards Li Tian.

A dozen black knights raised the sharp blades in their hands and slashed at Li Tian's body fiercely.

Li Tian remained motionless like a rock, and when all of the dozen black knights of the Gangaluo family rushed over, Li Tian's body was bloody.

Even his blood-red long hair fluttered.

The whole person looks like one word: Ba!

The long, **** hair flying all over the sky is constantly intertwined with the movement of the body's breath.

Suddenly there was a scream, and endless blood burst out.

But seeing the three Gangelo family black knights who pounced first, with sharp blades in their hands, the moment they pounced, endless hostility flooded all over.

Then, the entire space seemed to be shrouded in blood.

But after hearing a bang, all the bodies of the three black knights who leaped over were penetrated by the endless breath of blood!

The moment the terrifying and strong energy penetrated their bodies, it suddenly exploded.

Puff puff!

The moment the flesh and blood burst out of the entire body, it filled the entire space.

In a blink of an eye, the three black knights of the Gangelo family all died tragically.

When the three black knights of the Gangelo family died suddenly, the eyes of the dozen black knights behind showed a look of horror. They turned their heads and glanced at the "Master" De, who was full of **** fire. Gula, Dracula didn't even look at them at all, as if there was no one in its pupils.

After the dozen or so black knights looked at "Master", they all turned their heads and continued to hate Li Tian.

"Come on, for the Gangelo family, we will kill him even if we die."

After they yelled out, they saw that they rushed towards Li Tian one by one.

More than a dozen black knights of the Gangelo family rushed to Li Tian again.

With a loud shout, Li Tian flew into the air, and flew away at the first black knight of the Gangaluo family who was the first to pounce.

With a bang, a sharp kick kicked the black knight of the Gangelo family. The black knight screamed and flew out a few meters, then knocked down several black knights and fell to the ground.

The other two black knights of the Gangelo family took advantage of the opportunity to chop Li Tian's head from behind.

But at the moment they cut over, Li Tian suddenly turned around, and a terrifying killing intent suddenly flashed in his ruthless eyes.

With a pair of palms, a burst of blood rushed out, and with a bang, I saw the horrible palms directly hit the heads of the two black knights of the Gangelo family.

Then the heads of the two black knights were smashed, and flesh and blood began to dance in the sky.

died!

Li Tian was killing mercilessly.

He was killing frantically in front of the demon Dracula, and the black knights of the Gangaluo family who rushed over were slaughtered by him because of fish.

One by one died in front of him.

The corpse king Uris seen in this thrilling murder scene was shocked, but what about the demon Dracula?

But he was completely indifferent from beginning to end.

He just raised the eyes that exude endless flames, staring at Li Tian, with a cruel smile on his mouth, looking and watching.

Chapter 2378: Dark day

More than a dozen black knights of the Gangelo family were all dead.

They just died tragically in front of the demon Dracula, and the demon Dracula didn't blink from start to finish.

As if all the dead black knights of the Gangelo family should die.

At the scene, a **** scene appeared in everyone's eyes.

The corpse king Berwick wanted to take action several times, but after looking at the demon Dracula beside him, the corpse king Uris decided to remain silent.

He didn't know why his master never shot.

At the moment, he just raised his angry eyes and stared at Li Tian over there.

But after seeing that Li Tian killed more than a dozen black knights of the Gangaluo family rushing over, he asked the Duguxie and the ghost servant, "Dugu, the ghost servant, how are you doing?"

Duguxie and the ghost servant were all seriously injured. After hearing Li Tian's question at this moment, they all hurriedly replied, "Young Master, we are all right..."

"Just fine."

"You come behind me, today, with me, no one can hurt you."

Li Tian stood there and said.

Hearing what Li Tian said, but seeing that Duguxie and the ghost servants, he got up from the ground with great difficulty, and then limped and ran behind Li Tian.

"Mary, Count Roger, Tia, come here too." Li Tian finally looked at the vampires such as Mary and said.

Mary and Earl Roger, when they heard that Li Tian did not forget them, they were not only excited. Then they supported each other and supported Tang Xiaolong, who didn't know whether it was alive or dead, and Xue Wuhen's body. He walked over behind Li Tian.

When passing by Li Tian, Mary glanced at Li Tian affectionately.

"Lee...you have to be careful of that horrible demon, it, it, is very powerful." Mary finally said.

Li Tian looked at Mary with a smile, and said, "Don't worry."

After hearing what Li Tian said, Mary didn't speak much, and helped Count Roger by her side to walk behind Li Tian step by step.

Count Roger, Fire Girl, Ice Girl, Tia... When they passed by Li Tian, they all raised their eyes and gratefully looked at Li Tian.

Then they all walked behind Li Tian's body one by one.

Now, Li Tian is their only savior, and only Li Tian can keep them alive.

After Mary, Count Roger, and the Duguxie ghost servants all reached the **** Li Tian, the corpse king Yuris was anxious.

He wished to stop now!

How could he just watch Mary and Count Roger, who had been caught by him, escape like this?

But no matter how anxious he was in his heart, he couldn't call the shots without authorization! No way, because beside him stood a demon that was a thousand times more terrifying than him, Dracula.

But it was said that Mary, Earl Roger and others all stood behind Li Tian, Li Tian finally raised his eyes and looked at the demon Dracula in front of him and the corpse king Uris.

Today, no matter what, Li Tian must defeat these two enemies!

Because only in this way can he save everyone behind him.

This battle is unavoidable and unavoidable, only battle! Fight to the end!

"Demon, come on, today I, Li Tian, will destroy your thousand-year monster first." Li Tian took the lead and said to the demon Dracula.

He didn't want to wait any longer, he wanted to fight as soon as possible.

The vigorous blood that pervades him is ready to attack at any time.

After Li Tian said a word, the demon Dracula suddenly laughed wildly.

The harsh sound shook the entire cave trembling slightly...

The Mary, Fire Girl, Ice Girl and others behind Li Tian covered their painful ears one by one! Obviously, they couldn't stand the terrible laughter.

"With your ability, do you need the deity to take action?" The demon Dracula finally spoke.

When he said these words, Li Tian also felt a fear that he had never had before, and it surged from the bottom of his heart. He raised his eyes and looked at the demon Dracula in front of him.

"Dark days, do you think all of you can get out of here alive?" The voice of the demon Dracula sounded from ***** again.

The day of darkness is the day of the resurrection of the demon Dracula.

Today, it seems that it is indeed extremely difficult for Li Tian and the Count Roger and Mary behind him to leave this cave alive.

After the demon Dracula finished saying this, all the surrounding rocks suddenly trampled down.

It is as if a huge earthquake occurred in the entire space.

Accompanied by a thunderous roar, the surrounding rocks began to fall apart.

The Mary, Earl Roger, and others who stood behind Li Tian could hardly stand firm, their bodies swayed there.

Each face looked at the demon Dracula with extreme horror, and no one knew what was going on.

"Dugu, ghost servant, you take Mary and the others to escape here, I will resist this demon."

Li Tian burst out from his mouth.

Then his body soared into the sky, turning into a strong blood shadow light, and then shot at the demon Dracula at an incredible speed.

And what about the badly injured Duguxie and the ghost servant? After hearing what Li Tian said, although they were unwilling to escape alone in their hearts, they knew that if they stayed here, they would hurt Li Tian even more.

So before and after their thoughts, they finally decided to follow Li Tian's arrangement.

"Young Master, you are careful!"

"Lee... must go out alive."

Duguxie and Mary's caring voice sounded here.

After yelling, they helped me one by one, I helped you, and started to flee towards the dark cave.

The cruel corpse king, Uris, saw that Duguxie and the ghost servant were preparing to escape, where would they be willing?

The next roar came out from his mouth: "Want to escape? Today, none of you can get out, all of you will die here."

As the corpse king Uris roared out, his body had already attacked the Duguxie and the ghost servant like an electric light.

Just when the corpse king Uris was about to attack the seriously injured Duguxie and the ghost servant, a thick **** light swept towards him.

Li Tian!

It was Li Tian who blocked him.

It turned out that when Li Tian saw the corpse king Uris preparing to attack the Duguxie and the others, he turned sharply in the air, and then attacked the corpse king with tricks.

The corpse king Uris and Li Tian have an unshakable hatred.

He hated Li Tian and wished he died in front of him immediately.

Chapter 2379: Fatal blow

Don't forget, the blood wing behind him was broken by Li Tian himself at the time. To the king of the dead, it was even more uncomfortable than killing him. This is a living shame!

Therefore, at the moment, when the corpse king Uris saw Li Tian actually blocking him, he burst into a shout, and two terrifying skeleton claws immediately grabbed Li Tian's body.

Li Tian whirled in the air, and the blood gas around him turned into a barrier, blocking the cruel blow of the corpse king Uris.

Then with a howl, the palm of his right hand vigorously came out, attacking the corpse king Uris.

The corpse king deeply knew the power of Li Tian's palm, so he didn't dare to take it hard at the moment. He took a step back a bit, and then the only blood wing on his back suddenly rolled towards Li Tian.

Li Tian stepped back, using his hands to use ten tactics sword energy.

Swishing sword qi shot from the air, along with the **** light of his body, **** qi swords all shot towards the corpse king Uris.

The corpse king Uris had to retreat to avoid Li Tian's sharp sword energy.

After such a battle, it can be seen that the once brave and vicious corpse king Uris is no longer Li Tian's opponent.

Although the current corpse king did not suffer any harm, the slight timid light could still be seen in his **** eyes. After all, Li Tian defeated him.

After the corpse king Uris retreated, Li Tian still wanted to try to attack again.

But just when he was about to attack the corpse king Uris, a fiery flame of **** suddenly swallowed from the side towards him.

The endless flames seemed to burn Li Tian's body, and the roasted Li Tian's back was stinging.

After Li Tian felt the scorching scorching pain, he suddenly turned around and saw a huge **** flame swallowing his body.

Li Tian hurriedly turned upside down, avoiding the terrible flame.

Although the flame did not swallow him, it burned Li Tian's **** hair a lot, and his clothes were also burned...

Li Tian looked embarrassed after putting out the flames all over his body.

It finally shot.

The demon of thousands of years, the blood supreme, Dracula.

Facing this extremely dangerous demon at the moment, Li Tian had ten thousand guesses in his heart, can he win the battle? Can I go out alive today?

"When the scorching sun is shrouded in darkness, the deity's anger will make the world burn."

The arrogant cry came out from the mouth of the demon Dracula.

After he said these words, his horrible flame-burning pupils stared at Li Tian's body.

"Today, the deity must use your body first as the first step to destroy the world!"

Suddenly, the two-headed Nine Nether Snake on the body of the demon Dracula suddenly hissed and shot towards Li Tianfei.

Like a terrifying and vicious arrow!

The Nine Nether Snake is a spirit snake domesticated by the demon Dracula thousands of years ago. This Nine Nether Snake has two heads and looks terrifying and mighty.

Once it hit Li Tian at this moment, it was really as fast as lightning.

Li Tian saw the weird two-headed snake attacking him at once, and he didn't dare to be careless right now.

Although he had not touched such "foreign objects", he could still feel the weirdness of the Nine Nether Snake, so he handled it cautiously.

Seeing the Nine Nether Snake attacking, immediately used the skill, and the blood qi of the whole body condensed into a protective cover, and then blocked the attack of the Nine Nether Snake.

However, the Nine Nether Snake suddenly struck, and after hitting the rain cover of Li Tian's body, it made a loud bang.

I saw that Li Tian's blood-colored protective shield was violently shaken... Li Tian in the blood-colored protective shield suddenly frowned at this moment, and immediately used his strength to support the protective shield again, and he was also there at the same time. Uncontrollable horror: Damn, why is this two-headed snake monster so terrifying? So powerful?

I saw that Nine Nether Snake hit Li Tian's protective cover with its huge black body, bang, bang, bang.

Bloody double-headed heads stretched out of the protective shield, and the poison core hissed.

It is angry.

Li Tian used his strength to stop him at this moment. He knew that this was not a good way. Right now, he had to get rid of this **** "double-headed snake".

Li Tian saw the opportunity, taking advantage of the moment when the body of the Nine Nether Snake was lifted, suddenly dispersing the defenses of the whole body, and then, turning his right hand up a palm to viciously hit the body of the Nine Nether Snake.

But what about the Nine Nether Snake?

It is spiritual!

At the moment when Li Tian's palm hit, its body suddenly rolled, and then the entire stout tail swept across Li Tian's head.

Li Tian was taken aback, and quickly backed away.

But Rao was like this, Li Tian's forehead was still swept by the snake's tail.

There was blood on Li Tian's forehead, but there was nothing serious, it was just a bruise...

Li Tian wiped a handful of blood from his forehead, and his heart was furious.

"Don't I, Li Tian, can't even fight this **** two-headed monster?" The endless anger rising in his heart thought secretly.

Just as Li Tian was thinking to himself, the Nine Nether Snake suddenly struck again.

Both heads attacked Li Tian suddenly, Li Tian did not evade at this moment, pinched out the Xuantian **** tactics with both hands, and immediately displayed his peerless fingering.

The swish breaking wind **** shot from Li Tian's fingers.

Gang Lie's energy mixed with his blood energy shot towards the Nine Nether Snake one by one.

Although the Nine Nether Snake is extremely spiritual, it can't avoid Li Tian's sudden strange **** right now. Moreover, the body of the Nine Nether Snake is originally very large, so it cannot avoid Li Tian's mysterious **** at this moment.

But seeing Li Tian's Xuantian **** accurately shot on the body of the Nine Nether Snake.

Puff puff.

Of course the Nine Nether Snake would also feel pain, and the hissing strange screamed at this moment.

The entire long and narrow body suddenly shrank into a ball, and even the two heads were shrunk inside the body, as if to block Li Tian's Xuantian fingering.

Li Tianyi saw that the body of the Nine Nether Snake was twisted, and immediately shouted angrily: "Beast, go to death."

The voice of yelling uttered, his palms fiercely hit the Nine Nether Snake.

Just when Li Tian thought he could succeed with a single blow, he never expected that the Nine Nether Snake that had been coiled up would suddenly stretch out its double-headed head.

The moment the horrible double-headed head stretched out, Li Tian was taken aback.

Then something unexpected happened. The double-headed heads of the Nine Nether Snake suddenly spewed black and purple venom from its mouth!

Snake venom! ! !

When the Nine Nether Snake suddenly sprayed the purple-black snake venom towards Li Tian's face, Li Tian could no longer avoid it.

Because he never thought that this double-headed monster would hit him suddenly! ! !

And it was such a fatal blow!

Chapter 2380: "grimace"

How terrible is the venom of the Nine Nether Snake?

No one knows.

The only thing that can be seen is that the terrifying snake venom of the Nine Nether Snake at this moment is shooting towards Li Tian's face!

what! ! !

A sad scream of ghost cry came from Li Tian's mouth.

pain!

Corrosive and burning tingling pain spread from Li Tian's entire face.

What about Li Tian? After being sprayed with snake venom on Li Tian's face, he collapsed to the ground with painful convulsions.

He covered his entire face tightly with his hands, screaming hysterically as if something happened to his face.

The pain and piercing pain tortured Li Tian.

But at this moment? The Nine Nether Snake didn't attack Li Tian again, just hissing strangely with his double-headed head held high, as if very proud.

And that thousand-year-old ancestor, Dracula?

He sneered with endless flames of **** all over his body.

Even the corpse king Uris standing over there was happy after seeing Li Tian being sprayed with the blood of the Nine Nether Serpent's viper.

"Master is mighty!"

"This **** kid doesn't know whether he lives or lives, and he wants to fight his master... He deserves it!" The corpse king Uris flattered the demon Dracula there.

But he said that the demon Dracula didn't even pay attention to the corpse king in front of him, just raised his eyes and looked at the painful and screaming Li Tian.

The endless screams seemed to excite Dracula.

Li Tian clutched his entire face and rolled on the ground, crying in pain.

What happened to his face?

What effect will that terrible snake venom have on Li Tian?

Finally, after the convulsive scream, Li Tian trembling body, climbed up from the ground with difficulty.

However, his hands are tightly covering his face, and no one knows what happened to his face.

The only thing he saw was the black skin between his fingers!

Suddenly, Li Tian's trembling hands covering his face slowly let go. At that moment, his face appeared in front of the demon Dracula and the corpse king Uris.

destroyed!

His face is ruined!

What horrible look did Li Tian's handsome face at this moment? Gosh! It's still a human face... it's completely the face of a "ghost".

As Li Tian moved his trembling hands away from his face, a hideous and terrifying face appeared in front of them.

The snake venom had completely corroded Li Tian's entire face, and his face was completely destroyed. At this moment, his pale face turned into a rotten purple-black... Those skins seemed to rot away piece by piece.

The pupils of his eyes seemed to be turned out, looking terrifying.

Is this still Li Tian?

Is he still handsome once?

Do not!

Not! At this moment, his face was completely useless!

I really don't know what kind of horror changes will happen when the beautiful women Situ Ningbing, Duanmuying, and Ouyang Shiqing who love him so much when they see him now? Can they still recognize that this is Li Tian! ! !

grimace!

His face is just a grimace!

When Li Tian lifted his "ghost face", the demon Dracula laughed wildly, and as he laughed wildly, the flames of **** all over him began to burn.

The corpse king Uris beside him sneered even more treacherously.

The moment Li Tian showed his "grimacing face", his whole body began to become more fierce.

That "ghost face" became more and more hideous and ugly.

His body was trembling violently...the trembling was because of pain? Or is it because of anger? No one knows.

After the demon Dracula looked at Li Tian who was "grimacing", he suddenly uttered a hoarse voice: "Nine Nether Serpent, kill him."

After he finished speaking, he saw the double-headed "Nine Nether Snake" suddenly seemed to have heard the master's command.

With a strange "hiss" at this moment, the huge body rolled towards Li Tian, and at the same time, the two heads were biting towards Li Tian at this moment.

Shocked!

What about Li Tian, whose face was ruined? At this moment, he didn't know if it was because of being stupid, or because of something... He actually faced the Nine Nether Snake straight, motionless.

The Nine Nether Snake spit out a scarlet venom core. After seeing Li Tian motionless, it "hissed" strangely, and the two heads bit towards Li Tian together.

But at the moment when the Nine Nether Snake was biting towards Li Tian, suddenly, a **** light burst out of the entire space.

The terrifying **** light made the entire space sparkle.

With the scarlet blood flashing, and suddenly in the blood, Li Tian's angry arm suddenly stretched out.

Hate and anger are completely intertwined in Li Tian's heart!

The endless anger all broke out at this moment, and with a bang, I was shocked to see Li Tian's angry arm, and it grabbed the thick and hideous head of the Nine Nether Snake in an instant!

No one thought that one of the heads of the Nine Nether Snake would be held alive by Li Tian with his hands!

At the moment when one head of the Nine Nether Snake was caught, the other head of the Nine Nether Snake suddenly screamed, and then continued to bite towards Li Tian!

Don't forget, these Nine Nether Snakes have double heads!

But he said, as the second snake head of the Nine Nether Snake bit towards Li Tian, Li Tian's other hand suddenly jumped out!

Although the Nine Nether Snake has a second head, don't forget that Li Tian also has a second hand!

So at this moment, Li Tian's left hand also grabbed the second head of the Nine Nether Snake at the same time.

After both heads were held tightly by Li Tian's hands, the sturdy body of the Nine Nether Snake suddenly entangled Li Tian's body.

What about Li Tian?

He didn't evade, nor loosened the head of the Nine Nether Snake, just clutching it tightly, and the **** breath of the whole body was filled with that terrible.

What about the Nine Nether Snake? He also tried his best to entangle that Li Tian's body!

The two sides confronted each other!

Who will lose first?

The endless **** breath filled the surroundings, and the snake body wrapped around Li Tian's body became tighter, and Li Tian's muscles and bones were creaking.

Suddenly Li Tianzhou's body was full of blood, and then when he saw him looking up to the sky and howling, the ruined "ghost face" looked up to the sky.

Ouch!

With a loud howl, the world shook.

Immediately after that, Li Tian's two hands holding the Nine Nether Snake tightly were filled with infinite power at this moment.

Puffed out.

Li Tian just crushed the two snake heads of the Nine Nether Snake with both hands.

The two snake heads were crushed in Li Tian's hands... they became blood foam... the bones and the snake blood were intertwined together, and they were completely crushed.
