

A Killer 2381

Chapter 2381: Big Demon

At the moment when the two snake heads of the Nine Nether Snake were crushed, the entire space suddenly became violent!

Suddenly, a strange yin wind blew down from above the broken cave.

Whooping!

And what about the Nine Nether Snake? As the two snake heads were crushed, the snake body that was tightly wrapped around Li Tian suddenly slid down at this moment, and then fell to the cold ground.

At the moment it fell on the floor, the snake body suddenly ignited spontaneously, and then it turned into ashes!

A thousand-year-old spiritual creature, the Nine Nether Snake turned into a mass of ashes!

The Nine Nether Snake was once a symbol of the sacred sovereignty of the demon Dracula, but who could imagine that it was buried in Li Tian's hands at this moment.

died!

Looking at the Nine Nether Snake that had turned into ashes, the demon Dracula's **** flames suddenly rose up.

That is an angry fire!

"You kid, dare to kill the spirit creature of the deity... I want your whole body to turn into blood and water to pay homage to the spirit snake!" A wild roar hissed from the demon Dracula's mouth.

The demon cried out, and the whole cave was shaking violently.

The rock walls above the cave were shaking down rustlingly, as if the cave was about to collapse.

After seeing the anger of his "master", the corpse king Uris standing on the side not only retreated in fear!

After all, the ancestors of thousands of years are still extremely powerful.

At the moment when the demon Dracula became angry, his flaming right hand suddenly rose, and a terrifying **** fire swept towards Li Tian.

The speed is almost beyond words.

too fast!

The fast Li Tian couldn't avoid it at all.

With a loud bang, I saw the terrifying flames of **** hit Li Tian's body all of a sudden. Li Tian's scream of "Ah" was knocked into flight by the terrifying flames, and then fell in pain. On the ground.

"The deity wants you to pay blood for blood, and wants you to bury my spirit snake!"

As the terrifying voice of the demon Dracula sounded again, but then I saw the demon Dracula suddenly increase in **** flames.

Then the whole cave shook up, and the rocks on the rock wall rolled down one after another, like rainwater hitting the ground. Then, I saw that the surrounding air seemed to be infected by the flames of hell, and it all burned. .

Up and down the space, all fell into an endless **** of fire.

Faced with such a terrifying situation, Li Tian quickly got up from the ground at this moment.

He held a rock next to him with his hand and stared at the sea of fire and **** in front of him, his whole person was stunned for an instant.

This demon... is terrible!

"I want your life!"

The moment the hellish voice rang from Dracula's mouth, suddenly Dracula's flame-flaming arm grabbed Li Tian.

Li Tian saw the demon grabbed it, his body wanted to hide, but it was a pity that there was a sea of fire around him, he couldn't avoid it if he wanted to hide, unless he was burned alive and burned to ashes.

Of course Li Tian will not be burned to death!

So at this moment, the **** arm of the demon Dracula suddenly pinched Li Tian's neck.

Then he lifted Li Tian up in the air like a chicken.

Li Tian struggled desperately, but it was a pity that everything he did seemed so futile! Because he couldn't avoid the catch of this demon Dracula.

The flame-flaming arm grasped Li Tian's neck.

Li Tian only felt that he was going to die.

His neck was about to be broken, and the raging flame was also roasting his body.

He is dying!

In the end, he could not defeat this thousand-year-old ancient demon.

"dead!!!"

The roar of **** came from Dracula's mouth, heaven and earth, as if this demon could enslave everything.

He is ready to kill Li Tian.

The flames of his **** arm have been burning more and more, and the burning arm holding Li Tian's neck has spread to Li Tian's body!

Li Tian twisted his body in pain.

He is desperate!

At this moment, he finally understood the real taste of death.

At the moment when Li Tianpin was about to die, tears suddenly flowed from his sunken pupils.

"Father... I'm sorry! My son can't be filial to you..."

"Ningbing, my love, I am sorry for you too! Li Tian, I have let down your affection."

"Poetry, Ying...If there is an afterlife, I, Li Tian, will definitely repay your friendship!"

After chanting the last "last words" silently, Li Tian was ready to meet death.

Facing the thousand-year-old demon in front of him, Li Tian was about to "die" in the end.

But how could Li Tian die?

When the flames of **** were about to burn Li Tian's entire body, the devilish energy in the stone wall suddenly surged!

An inexplicable and terrifying demon energy suddenly surged from all directions toward the thousand-year-old demon Dracula.

Nameless Devil Qi!

When the terrifying devilish air blew towards the stone cave with a strong cold wind, only a demon shadow struck the demon Dracula with a terrifying speed and lightning!

When the thousand-year-old demon Dracula suddenly felt the devilish surging, he shouted angrily, and his huge body suddenly shook, and the flames of **** around him suddenly surged towards the devilish energy.

Boom and explosion!

The flames of **** hit the black magic energy and burst violently.

Immediately afterwards, I saw that the black shadow attacked the demon Dracula at an extraordinary speed.

Bang, bang, bang!

The three palms of the black magic shadow all hit the flame body of the demon Dracula, and what about Dracula? He didn't even evade at all!

Don't know if it is disdain? Still don't want to?

I saw that the magic shadow's three palms hit the body of the demon Dracula, and the demon Dracula screamed. The skeleton arm that originally held Li Tian suddenly flew Li Tian fiercely. With a bang, Li Tian's body was thrown away and placed on the rock wall.

Booming, a huge stone was crushed by Li Tian's body, and Li Tian fell to the ground in pain.

And look at that demon Dracula?

After flying off Li Tian, a ball of flame shot out from his body and rushed straight towards the black magic shadow.

The black demon figure did not dare to be careless, and flew out like a meteor, avoiding the flames of hell, and then flew to Li Tian's side.

"Hey, Li, don't you die so soon? To die, you also have to die in my hands, heaven and earth, only I can take your life, Long Yin alone!" Suddenly there was a familiar treacherous laugh It came out from the mouth of the black shadow man.

Li Tian, who fell on the ground in pain, was stunned at the moment he heard his voice.

Then he slowly lifted up his ruined "face" and looked at "him" in front of him in disbelief.

"Yes...yes...yes...you?"

"Long...Long Yin?" Li Tian moved his mouth and called out his name unbelievably.

The big demon, Long Yin!

Chapter 2382: Two powers join forces

My God, the big devil dragon Yin is here!

This was really beyond Li Tian's expectation. He would never have thought that when he was dying, his life's biggest "enemy" would save his life.

Long Yin?

He said that the guy covered with devilish energy was indeed Long Yin!

He stood in front of Li Tian like that, protecting Li Tian at the moment.

"Long Yin...you...you... why are you here?" Li Tian asked with a "ghost face" looking at that Long Yin painfully.

But when he said that Long Yin, he suddenly sneered: "What? Is it strange?"

Li Tian said with difficulty: "It's...!"

"Actually, it's not very strange! The reason why I saved you is because I don't want you to die in someone else's hands!"

"Didn't I already say? In this life, your life, only I can take Long Yin alone, one can kill, and no one else can!"

When Long Yin finished these words, Li Tian suddenly smiled bitterly.

"That's it!"

"Long Yin, don't worry, as long as I Li Tian is alive, I will accompany you in the last battle."

That Long Yin also smiled evilly at this moment.

Lifting his head, he suddenly looked at Li Tian's ruined face...Long Yin frowned suddenly.

"How does your face... look like this? It's too ugly, isn't it?" Long Yin suddenly looked at Li Tianzai mockingly.

But seeing Li Tian did not speak.

He just raised his hand slightly, then stroked his rotten face...

Yes, Li Tian's face is indeed ruined!

And the damage was too serious. The whole face was completely rotted because of the snake venom. Pieces of black flesh were rotten there, ugly and disgusting.

"Hey, if you are like this, it is estimated that even Cthulhu would not recognize you as his son." Long Yin said with a sneer.

When he mocked Li Tian, Li Tian suddenly stood up coldly.

"Devil, don't talk nonsense! Right now, you still think about how to deal with this thousand-year-old demon..." Li Tian in front of him raised his hateful eyes and looked at the demon Dracula.

After hearing Li Tian say this, Long Yin suddenly turned his face, and then saw the demon Dracula who had been for a thousand years.

"it's him?"

"He is the ancestor in the legend of the blood clan? Blood Lord?" Long Yin raised his demonic eyes and looked at Dracula.

At the moment Long Yin appeared so inexplicably, the corpse king Uris there was also shocked there.

He didn't expect that this **** Long Yin would actually help Li Tian?

"Asshole surnamed Dragon, how dare you betray me?"

"Have you forgotten, who resurrected you? You actually stood on the side of that **** kid?" After seeing the betrayal of Long Yin, the corpse king Uris yelled.

But what about Long Yin? After hearing the voice of the corpse king Uris, he suddenly sneered and turned his head to look at the corpse king Uris.

"Scorpion King, thank you for resurrecting my Long Yin!"

"If it weren't for you, my Long Yin wouldn't be resurrected for the second time, and if it wasn't for you, I wouldn't have become so strong... Hey, all this, I have to thank you very much!"

"Hey, it's a pity, it's a pity that although my Long Yin has been gifted by you, you will kill my Long Yin in ten days!"

"I finally resurrected, King Corpse, do you think I still want to die?" Long Yin said while looking at the King Corpse with a smile.

When the corpse king heard Long Yin say this, he almost jumped with anger.

"Asshole surnamed Long, you don't mean anything? Didn't you agree to it?" The Corpse King said furiously.

But seeing Long Yin smirked and said: "You are right. I said what I said at the beginning, but now, I still say what I said."

"Scorpion King, for the sake of you resurrecting my Long Yin, I advise you to tell me how to get rid of the **** nightmare poison? Let me live! Or... hehe..." Long Yin said, The whole body's demonic energy increased terribly.

The corpse king roared angrily: "You **** dare to lie to me!"

"I want your life!"

With a roar, the corpse king wanted to rush up.

But just when the corpse king was about to do it, suddenly a flame of **** hit the corpse king.

Demon, Dracula!

OMG, it turned out that the demon Dracula made the move, and he turned his hand at the corpse king.

I saw that the corpse king Wan did not expect that his master would do something to him, and immediately, he was taken aback by the burning flames of **** that had hit him.

With a bang, the corpse king snorted, and his body was knocked down by the terrible **** flame and flew out.

"Incompetent waste...Retreat to the deity!" A burst of shouts roared from the demon Dracula's mouth.

But seeing the corpse king Uris who was knocked down to the ground, and seeing his "master" get angry, he could only get up from the ground with difficulty, and then whispered with a grim face, "Yes, my master... "

Then the corpse king retreated like a zombie dog.

After the corpse king retreated, the demon Dracula ferociously twisted his body that was burning with **** flames.

Staring at Long Yin with those terrifying eyes.

At this moment, Long Yin stared at the thousand-year demon Dracula in front of him.

Suddenly, the person who spoke first was that Long Yin.

He was surrounded by black demonic energy, looking strange and weird.

"Demon, you are the lord of the blood race? That demon known as the elder?"

"I heard that you are very strong, you are the oldest of these vampires...right?" Long Yin suddenly said to the demon with contempt.

After the thousand-year-old demon heard what Long Yin said, the flames all over his body became more and more intense.

Obviously, he felt very angry at these words of Demon Head Dragon Yin.

Seeing the demon who was full of flames in front of him did not speak, Long Yin in front of him not only spoke again.

"Looking at your whole body burning on fire, you monster is not too hot? You said you have lived for thousands of years, why are you still alive? I think you should come from or go back..."

Long Yin said in front of him.

Listening to Long Yin's words so "presumptuously", Li Tian was worried for this guy!

After all, the demon Dracula who has been for thousands of years, Li Tian just now witnessed his power with his own eyes! More than terror can describe?

"Something to die!"

"The deity wants you all to die."

There was a wild roar, but seeing the demon Dracula suddenly evaporate, and then the endless flames around began to burn.

Several bunches of **** flames suddenly shot towards Long Yin and Li Tianfei from all around.

"Be careful!" Li Tian exclaimed.

Then his body flew vertically, avoiding the flames that were flying over.

Where is Long Yin?

The body also quickly avoided the past.

After avoiding the past, that Long Yin then turned his head and attacked the past.

He lifted his hands, two black magic energy poured out from the palm of his hand, and then saw the two terrible magic energy rushing toward the demon Dracula.

Li Tianyi saw that Long Yin actually counterattacked the demon Dracula, and was shocked!

You must know that the strength of the demon Dracula is definitely not as strong as imagined!

Not only worried about Long Yin at this moment.

"Long Yin, don't be careless, that devil is much more powerful than you think." Li Tian reminded that Long Yin.

But what about Long Yin? After hearing Li Tian's voice, a sneer appeared at the corner of his mouth and said: "The kid surnamed Li, you should take care of yourself, this old monster full of fire, leave it to me."

Long Yin, who was talking, really attacked the demon Dracula.

Chapter 2383: Combine a blow

Long Yin thought he was stronger than Li Tian!

He thought he could defeat the thousand-year-old demon with his own magic, Dracula!

But he was wrong, and he was absolutely wrong.

I saw that when Long Yin accumulated two wild devilish energy in his hands and hit the demon Dracula, the demon Dracula's **** flames began to burn violently.

Those flames gradually formed a huge vortex in front of Dracula!

The terrifying whirlpool swallowed everything around, hard rocks, debris, everything was swallowed into the sea of fire whirlpool.

Even the supreme demon energy that burst out of Long Yin's hands was quickly absorbed by the sea of fire vortex.

Long Yinwan didn't expect that his devilish energy would be absorbed by the demon Dracula. He was shocked and horrified in his heart: This demon is really amazing!

At this moment, Long Yin no longer dared to be careless, he just wanted to withdraw now, to withdraw to this fiery vortex!

After thinking about this in his mind, but seeing Long Yin screaming, his body flew upside down, the devilish energy of his whole body was enveloped under the flame and flew towards the outside of the vortex fire.

"Want to escape? Under the deity's hand, can you escape?"

The roar of ***** roared from the mouth of the demon Dracula.

At the moment he screamed out, Skeleton suddenly waved his left hand, but saw that the whirlpool of fire suddenly rolled up and turned into a wall of fire that was 56 meters wide!

The entire wall of fire smashed at that Long Yin's body in terror!

No matter how powerful Long Yin was, he couldn't avoid such a terrifying wall of flames, and saw that his black devilish body was immediately enveloped by the wall of flames.

In the sea of fire, only a painful cry came from that Long Yin's mouth.

There was a thump, and then I saw a body full of flames falling heavily from mid-air.

He is that Long Yin!

But seeing Long Yin at this moment was full of fire, he was extremely embarrassed.

At this moment, after falling heavily, this guy still flew up from the ground one by one, and then rushed to extinguish the flames all over his body.

Fortunately, Long Yin's skill was so strong that he extinguished the flames of ***** on his body with the supreme demon energy. If not, he would be burned alive by the flames.

But this is the case, Long Yin was also extremely embarrassed, and was hit by the raging fire wall just now on his body, causing Long Yin's chest to be extremely painful.

Although he was standing there at the moment, his body was trembling slightly, and the black blood flowing from his hands and arms had already indicated that it seemed that this devil dragon Yin was also badly injured by Na Dracula.

At this moment, Long Yin was trembling with his body, embarrassed, and no longer had the feeling of contempt, staring at Dracula with his eyes.

Where is Li Tian over here?

After seeing Long Yin's bleeding arms, he not only said to that Long Yin, "I told you that this demon is extremely powerful...how? You understand it?"

After Li Tian finished saying this, Long Yin snorted and remained silent in front of him.

"Long Yin, if you want to live, today, we have only one way." A word came out of Li Tian's mouth.

Li Tian's face was ruined at this moment, extremely ugly...

As his mouth moved, holding the rotting black flesh on his face, he said to Long Yin there.

What about Long Yin? After hearing Li Tian's words, he turned his face coldly, looked at Li Tian's rotting purple-black face, and said, "Let's talk...what way?"

"Buddha and demons join forces to fight him together." Just listen to Li Tianzai.

After hearing what Li Tian said, that Long Yin was taken aback and looked at Li Tian in front of him.

"Joining hands?"

"Are you really willing to join hands with me?" Long Yin sneered at Li Tiandao there.

Don't forget, he and Li Tian are enemies of the past! They both want to kill each other separately!

Now you want to join forces? Will they join forces?

But after seeing Long Yin's question, Li Tian suddenly said fiercely: "Today's battle, among the three of us, either we die or the demon die. I Li Tian still doesn't want to die, so I will follow You join forces!"

"Now only if we join forces can we have a chance to defeat this thousand-year-old demon." Li Tian said again.

Listening to Li Tian finished saying this, Long Yin thought about it carefully, and looked at the demon with endless flame exuding a dozen meters in front. He was silent for a long time, but when he saw him finally said, "Okay!"

"If this is the case, then I, Long Yin, will cooperate with you kid once!"

"Let's deal with this demon together! Kill him!"

"The two of us should be able to defeat this ***** demon." Long Yin said there.

What about Li Tian? Then he muttered in his mouth and said: "Maybe..."

At this moment, Li Tian and the big devil Long Yin are ready to join forces!

They will join hands to deal with this terrifying thousand-year demon Dracula.

I saw that Dracula, after seeing Li Tian and Na Long Yin join forces, screamed.

Strange sounds filled the entire cave.

"Come on, let this deity see what you are capable of after a thousand years..." said Dracula's body in flames.

At this moment, Long Yin took the lead in exporting.

"You immortal demon, today, I, Long Yin, will kill you."

Roaring wildly, Long Yinshu first flew over, and the endless devilish energy that had been accumulated in both palms burst out from his palms at this moment.

Whoosh, whoosh, whoosh!

The black devilish energy burst out from the palms of that Long Yin like a giant python, and attacked the demon Dracula.

After that Long Yin made the move, the demon Dracula gave a grin and waved his right hand skeleton arm, and a wall of fire suddenly blocked his huge body.

But seeing that Long Yin's black magic energy was all blocked on the wall of fire.

Puff puff!

The black demon gas turned into invisible... all was swallowed by the wall of flames.

Li Tian saw that Long Yin's magic skills could not cause any damage to the demon Dracula, and he flew up, his left hand used Xuantian fingering, and his right hand used Ten Jue Sword Qi.

Fingering with one hand, breaking the wind.

The other hand turned into sword aura, and the aura of ***** sword instantly shot towards Dracula.

Dracula saw Li Tian struck again, the flames on his body suddenly condensed, and with a puff, the terrifying flames directly slammed into that Li Tian's Qi sword.

With a bang, the two vast enthusiasm collided with each other, making a earth-shaking sound.

Then at this moment, that Dracula's huge flame body suddenly approached Li Tian and that Long Yin.

At the moment of approaching, his flame pupils with cruel eyes, two skeleton arms, went left and right to grab Na Long Yin and Li Tian.

Chapter 2384: war

Long Yin and Li Tian both knew this demon was extremely powerful, so they didn't dare to be careless at the moment, so they hurriedly evaded.

But the movements of the two were still a little slower!

No way, who made the demon Dracula move too fast.

Bang, bang, two sounds, but I saw that Dracula's two skeleton arms swept across the bodies of Long Yin and Li Tian.

A heart-piercing tingling and burning sensation came from both of them, and then two screams, Li Tian and Long Yin were both knocked out by Na Dracula at the same time.

The body fell heavily to the ground, and the hard rock walls were smashed by their fallen bodies!

Li Tian and Long Yin fell to the ground together.

The burning body of the demon Dracula is still standing there! Like the immortal Pluto, laughing wildly at that hahaha.

No one thought that the combination of Li Tian and Long Yin would be difficult to deal with this terrifying thousand-year demon.

so amazing.

At this moment, seeing Long Yin and Li Tian both climbed up from the ground with difficulty.

Both of them suffered extremely serious injuries, and their bodies were trembling slightly the moment they stood up.

"Damn devil, how could it be so powerful?" Long Yin in front of him gasped and said.

The hatred in his eyes glared at Dracula in front of him.

But what about Li Tian? He just raised his eyes and looked at the demon Dracula.

After watching for a few seconds, Li Tian suddenly spoke.

"Long Yin, the two of us must deal with this demon in close proximity!"

"With such a long-range attack, we can't break through his ***** flames at all." Li Tian cleverly said.

After hearing Li Tian's words, Long Yin suddenly thought about it.

"Yes!"

"You kid, why didn't you say it earlier?"

"This devil is covered with ***** flames, it is really difficult to deal with. It seems that you are right. We can only find opportunities to get close to this demon's body. Only by getting close to him can we kill him." Long Yin also suddenly understood at this moment Come here.

After they made this decision, they saw Li Tian say there, "I will get him away first, and then you will find a chance to get close to his body."

Long Yin said coldly, "Understood!"

Then he saw Li Tian flew up and down.

"Devil, die!" Li Tian shouted, his left palm bullied Na Dracula.

A ray of blood shadow hit Dracula, the demon Dracula didn't put Li Tian in his eyes at all, sneered, and a group of flames swish lashed towards Li Tian.

Li Tian didn't dare to take it hard, and dodged his body. The flames rubbed Li Tian's body and shot on the hard rock wall behind Li Tian.

With a bang, a huge hole was knocked out of the hard rock wall.

Then, seeing Li Tian quickly shoot a few Xuantian fingerings, Xuantian ***** broke the wind and hit Dracula.

Dracula's body shook slightly, and Xuantian's ***** was blocked.

At this moment, Li Tian entangled the demon Dracula in the periphery as much as possible.

Although the situation is extremely dangerous, Li Tian can only do this! He must now entangle this demon to give that Long Yin a chance...Only by finding a chance to bring that Long Yin close to that devil's body can they have a chance to defeat this thousand-year-old demon.

Seeing Li Tian desperately pestering the demon Dracula on the periphery at this moment, but where is Long Yin? He hadn't moved, just raised his cold eyes and kept observing the demon Dracula's every move.

He is looking for!

Find the most appropriate opportunity.

When Li Tian over there was swept by the flames of the demon Dracula, Long Yin's eyes suddenly brightened.

"Damn devil, you have finally revealed your flaws!" A horrible grin flashed from the corner of Long Yin's mouth, as he looked at Dracula's back to his body and said.

It turned out that in order to find a chance for this Long Yin, Li Tian didn't hesitate to use his body to be hit by Dracula on purpose.

At this moment, his body was hit by Dracula and fell to the ground. Dracula was about to swallow Li Tian. At this moment, Dracula's body was twisted in front of that Li Tian, thus completely turning his entire back. It was exposed to Long Yin's eyes.

How treacherous and powerful is Long Yin?

Seeing such an opportunity at this moment, how can you not grasp it?

I saw that Long Yin roared out, his body turned into a black shadow, and then attacked the demon Dracula's back at an extremely fast speed.

The lightning-like body technique arrived behind the demon Dracula in an instant.

Although Dracula turned his back to that Long Yin, he still felt that someone was attacking him behind him.

There was a roar, ignoring Li Tian in front of him, and the huge flame body suddenly turned around.

It is a pity that although Dracula is extremely terrifying, that Long Yin is not a weak one!

But seeing that Long Yin used the power of his whole body, he swished to the back of Dracula's body, and then his horrible palms came out.

"Six Magic Skills!"

At the moment Long Yin called out, he used his own trick.

Six magic skills.

The violent black demon's aura turned the entire cave into black in an instant, and bursts of devilish aura surged across his body, and then frightened towards Dracula's body.

The demon Dracula was getting close to Long Yin at the moment, extremely angry.

Seeing that Long Yin's black devilish energy rushed toward him, and the flames all over his body were backlashing towards that Long Yin.

The terrifying flames collided with the black magic energy of Long Yin!

Two extremely strong influences are fighting together!

Long Yin stared at blood-red eyes, his body's devilish energy had already been used to the point of drying up, but it was still difficult to hurt the demon in front of him...

What about Dracula? Although he was almost attacked by Long Yin just now, he still relied on his thousand-year-old power to resolve the terrorist attack just now.

At this moment, the flames of ***** all over his body blew back towards that Long Yin.

Gradually, Long Yin's black magic energy was a little unsupportable... and little by little began to be bitten by Na Dracula!

Seeing that Long Yin's body had already begun to tremble, he was almost unable to support it.

The entire body was about to be eaten away by the flames of Dracula's body... At this critical moment, suddenly a blood-colored guy stood up behind Dracula.

Li Tian!

At this moment, Li Tian's whole body was bloody, and a blood-red "Sha" in his chest was exposed from his body.

This is his chance!

This is really the best opportunity.

Seeing that Dracula was fighting against Long Yin, what about Li Tian? Only seize this opportunity at this moment.

"Maha Boundless!"

Finally, Angel Li showed his strongest skill.

When Li Tian used the move of Immea Maha, the situation in the cave changed color, and his whole body raged wildly.

Then two bursts of blood shot directly at the body of the demon Dracula.

Dracula was already waiting to deal with that Long Yin! But I never imagined that the trick "Mah Wuliang" made by Angel Li behind it was even more terrifying than Long Yin's six magic skills...

He wants to turn back and block! Unfortunately, it's too late!

Because Li Tian is too close to him!

Moreover, Long Yin in front was also completely restraining Dracula.

I saw Li Tian's "Maha Boundless" smashed terribly on the huge body of Dracula covered in flames.

With a bang, the situation is thunderous!

Chapter 2385: Swallow

Bang, bang, bang!

After Li Tian's Maha Boundless hit the body of the demon Dracula, the entire cave seemed to explode, making a series of tremors!

Then look at that Dracula?

His skeleton body covered in flames suddenly trembled at this moment.

Was hit! The devil Dracula was finally hit by Li Tian's "Mah Blessed"!

The moment Dracula hit Dracula, the flames all over Dracula suddenly shook, and the flames that had been fighting against Dragon Yin suddenly disappeared at this moment! And what about Long Yin in front? At this moment, he suddenly tried his best to deepen his six magic skills!

The black magic energy penetrated Dracula's ***** flames, and suddenly struck Dracula's body in terror.

With a bang, endless demonic energy also hit Dracula's body from the front.

Li Tian is behind!

In front is Long Yin.

One is the Maha Wuliang, and the other is the six magic powers.

After all the heavy blows on the body of the demon Dracula, the huge body of the demon Dracula suddenly distorted.

Roar!

Endless pain burst out of the demon Dracula's mouth.

He is in pain!

This thousand-year-old demon finally got seriously injured.

When the corpse king Uris on one side saw Long Yin and Li Tian jointly wounding Dracula, he not only screamed in front of him.

"the host....."

The corpse king cried out in shock.

Just after that Li Tian and Long Yin used their peerless martial arts to hit the body of the demon Dracula, suddenly the huge body of the demon Dracula shook, and endless flames suddenly erupted from his body. come out.

Boom boom boom!

The terrible flames shook Li Tian and Long Yin around him and flew upside down, and then fell heavily to the ground.

No one thought that Dracula would be able to seriously injure both of them after being hit by Long Yin and Li Tian.

too frightening.

I saw Long Yin and Li Tian being shaken out and fell to the ground.

Look at that demon Dracula?

He was badly injured.

His flame-burning body began to tremble, and the flames on his body were not as strong as before.

"Long Yin, take this opportunity to slaughter this demon in one fell swoop, otherwise you and I will have no chance in this life." Li Tian said, panting on the ground.

Na Long Yin touched the blood on his face, raised his cruel eyes and nodded silently.

Then the two of them got up from the ground again, and then used all their power to attack the demon Dracula.

Na Dracula was double-clicked by Li Tian's Immeasurable Maha and Long Yin's six magic powers. At this moment, he was waiting to recover, but he did not expect that Li Tian and Long Yin would kill again like lunatics.

With a loud shout, two skeleton arms went to block.

But this time, Li Tian and Long Yin were smarter, and the two of them were covering each other's body skills, dodge quickly at this moment.

It was impossible for Dracula's huge skeleton arm to hit that Li Tian and Long Yin.

With a scream, Li Tian suddenly took off, and then his palm turned into an endless shadow, and he frightened Dracula's right skeleton arm.

Dracula roared, the skeleton arm suddenly turned up, and the raging flame rolled towards Li Tian.

And at the same time? Long Yin on the other side suddenly attacked Na Dracula's right arm from the side.

With a bang, Long Yin's heavy palm slammed on Dracula's right arm...

Dracula screamed in pain.

Rage wanted to kill Long Yin, but Li Tian also hit Na Dracula's right arm at this time.

With a bang, the moment that Dracula's skeleton's right hand was hit by Li Tian, it suddenly broke apart like a rotten one.

The entire right-hand skeleton arm was completely broken from the arm!

what! ! !

After the entire arm of the demon Dracula broke, flames flowed from the arm of Dracula.

As if the body of this demon was cast by flames.

After Li Tian and Long Yin broke Na Dracula's arm, they backed quickly, not daring to fight!

After all, this demon is terrifying.

"Master, my master, are you hurt?"

The corpse king Uris on one side not only exclaimed at the moment when he saw that his thousand-year master was killed by Long Yin and Li Tian together.

He never thought that the devil Dracula would be defeated!

Besides, when the corpse king Uris called out to Dracula, suddenly the demon Degu stretched out the left hand of the only skeleton, and suddenly grabbed the corpse king Uris!

The corpse king Uris would never have thought that his master would suddenly act on him, and the whole person stayed there.

"Master..." He screamed with fear in his eyes.

Unfortunately, everything is too late.

Because the demon Dracula had grabbed the corpse king Uris's neck with one hand, lifted him up, and mentioned Dracula's head.

"Master...you...what are you...what are you doing?" The corpse king Uris was gripped by Dracula's neck tightly, struggling with fear.

But seeing that demon Dracula suddenly roared out.

"The deity has just awakened from the darkness, and the body lacks energy... Now, the deity can only kill these two hateful guys if it absorbs your energy! Hey, give me all the energy!" Dracula grinned there.

When the corpse king Uris heard Dracula's words like this, the whole person was frightened and limp there.

"No, no, no, my master!"

"Don't kill me... I am your slave... I resurrected you, my master." The Corpse King Uris prayed there.

He begged, struggling with a trembling body, he wanted to get rid of the control of the demon Dracula.

But how can he get rid of it?

"Don't talk nonsense, it's your honor for the deity to ***** you!" With endless laughter, I saw Dracula suddenly grabbing the body of the corpse king Uris and throwing it into his open blood bowl. !

As soon as his blood basin opened, endless flames gushed out and swallowed the corpse king Uris who was struggling and screaming.

"No, don't!" A loud shout came out of Long Yin's mouth.

What happened to Long Yin? Why are you so concerned about the life and death of the corpse king Uris?

It turned out that the blood nightmare that Long Yin ate before, the corpse king Uris told Long Yin that he would die in ten days! Now the corpse king Uris is dead... Then ten days later, wouldn't Long Yin also die? So at this time, after seeing Dracula swallowing the corpse king Uris into his mouth, Long Yin couldn't help but exclaimed.

However, everything is too late!

Because the demon Dracula had swallowed the corpse king Uris into the belly of flames.

Chapter 2386: Last battle

Seeing that the corpse king Uris was swallowed by the demon Dracula like this, Li Tian and Long Yin here were completely shocked.

How could this demon be so cruel?

He even kills members of his own race?

After looking at Dracula who swallowed the corpse king Uris, Long Yin was going crazy.

He hates, he is angry!

He originally wanted to catch the corpse king Uris and ask his ***** nightmare, how to remove it?

But what should I do now?

Will he really die within ten days?

When he thought of this in his heart, Long Yin aimed his endless hatred at the demon Dracula. If it weren't for him, the corpse king would definitely not die. If the corpse king would not die, then he would definitely tell himself how to remove the blood nightmare. The toxicity of... But now, everything is too late, because the corpse king has been swallowed into Na Dracula's stomach.

"Damn devil, it's you, you killed me!"

"I want your life." Long Yin furiously said.

When he screamed, his whole body was full of demonic energy, and then, his body turned into a sharp arrow, fatally attacking the demon Dracula.

When the black devilish energy attacked Dracula in terror, he saw that the demon Dracula suddenly turned his terrifying face.

A terrible flame burned on the twisted head.

And look carefully at those flames becoming more and more vigorous.

It turned out that after the demon swallowed the corpse king Uris, his energy surged, so it became so terrifying.

"Hoho, the deity will let you perish today."

With a loud roar, the demon Dracula suddenly waved his left hand, and a terrifying fire snake suddenly swept towards the attacking Dragon Yin.

The fire snake raged and counteracted the dragon Yin's devilish energy, and then swallowed the dragon Yin as a whole.

Long Yin dodged himself, trying to avoid the terrifying fire snake.

But the fire snake seemed to be spiritual, chasing Long Yin.

Finally, with a bang, the fire snake swallowed Long Yin completely.

With a bang, Long Yin's body shot out from the flames, and then fell to the cold ground.

Wow, a mouthful of blood sprayed out from that Long Yin's mouth, and he fell there in extreme pain.

Long Yin was defeated!

It seemed that he really couldn't resist Dracula, whose energy was soaring now.

Where is Li Tian? Seeing Long Yin's defeat, his heart suddenly choked at this moment.

This is how to do?

Originally, he thought he and Long Yin could join forces to kill this demon, but now? Everything had been shattered, and after this demon had eaten the corpse king, it had become too terrifying and terrifying.

Li Tian and Long Yin couldn't fight at all.

"The deity is resurrected, to make the doomsday prophecy become true, I want this world to burn for me, and I want the world to be scorched..." Hahahaha, the sound of wild laughter burst out from the mouth of the demon Dracula .

Doomsday prophecy!

Li Tian had heard the legend about the blood family, if this demon was resurrected, the doomsday prophecy would come true.

At that time, no one in the entire world may be able to withstand this thousand-year-old demon.

When Li Tian thought of this, a deep chill came from his heart.

"Do not!"

"No! Never let this demon leave here alive today... Never!"

"If this terrible demon is allowed to leave here alive... I'm afraid this world will not be peaceful."

After Li Tian made a decision like this, his hands suddenly opened suddenly.

The whole body's blood suddenly filled Li Tian's surroundings...The **** "Sha" in his chest also became blood-red and hideous at this moment.

"Devil, today, even if I am dead, Li Tian will not let you escape from here." A wild roar burst out from Li Tian's mouth.

Then Li Tian suddenly jumped up.

The **** qi in the two hands suddenly hit the entire rock wall.

Li Tian did not attack the demon Dracula, but hit the surrounding hard rock walls...he...what is he doing?

The demon Dracula was also slightly startled when he saw Li Tian's sudden terrifying palm hit the surrounding rocks.

Where is Long Yin who was seriously injured on the ground? But there was a sudden shock in my heart.

"The surnamed Li... the kid surnamed Li... are you... what are you doing?" Long Yin climbed up from the ground with difficulty and looked at Li Tian with shocked eyes.

What about Li Tian? I ignored the current Long Yin.

He just hit the surrounding rock walls with his endless palm power.

Bang, bang, bang!

After Gang Liezhi's palm hit the hard rock walls, the entire rock wall collapsed... Piles of huge rocks rolled down from the rock wall.

Boulders and debris fell like rain.

Suddenly, the stone wall behind could no longer withstand Li Tian's attack and exploded!

The entire back stone wall collapsed from above, and the terrible loud noise shocked the entire space.

Collapsed!

The entire back of the cave was collapsed by rocks.

This cave is sealed! It was sealed alive.

What is Li Tian doing? Why did he completely seal the entire cave?

Could it be that he wanted to trap this demon Dracula to death? Want to be in this cave with this demon Dracula?

Yes.

Li Tian must do this at this moment, because he knows that the combination of himself and Long Yin can no longer defeat this demon Dracula.

So in order to prevent Dracula from leaving the cave alive, Li Tian had to destroy the cave.

In this way, he can trap the demon in front of him.

However, after this cave was destroyed, it was difficult for Li Tian himself to escape again. By doing so, it was basically a way of perishing.

After Li Tian completely destroyed the cave at the back, he saw the huge boulders at the back collapsed one after another, sealing the cave completely.

They can't get out, and others can't get in.

This is a dead space.

Looking at the sealed space, Long Yin grabbed Li Tian's shirt and roared: "You **** boy, what are you doing? Why are you sealing the cave..."

"Don't you know, after this stone cave is sealed, you and I can't get out anymore?" Long Yin roared in front of him.

But what about Li Tian? Pushing away the badly injured Long Yin, he said coldly: "I didn't intend to go out alive."

"Today, no matter what, I, Li Tian, will kill this demon, even if I die together." Li Tiandao.

After hearing Li Tian say this, Long Yin screamed there.

"You **** want to die, don't you need to drag me to die together? You want to die, but I don't want to die..." Long Yin yelled.

Li Tian looked at Long Yin and suddenly sneered at the corner of his mouth.

"It's late! Everything is too late."

"Look, the stone cave is now completely sealed...Here, there are only three of us. Today, the three of us will fight the final battle."

Chapter 2387: End

In the sealed space, there are only three of them.

Li Tian, Long Yin, a fiery demon, Dracula.

Who is born? Who died? Or it may be the same, no one knows at this moment.

Looking at the rumbling boulder, Long Yin suddenly sat on the ground, his eyes flashed with endless despair.

The stone cave has been sealed, even if there is Da Luo Jinxian at this moment, it is impossible to rescue Li Tian and others in front of him.

What about Li Tian? Stand there without fear of life and death, covered in blood.

There is no fear of death or panic in his eyes. There are only slight regrets. He regrets that he did not see his father when he was dying... Did not see his favorite women, and My best brothers.

And what about the demon Dracula?

The burning pupils looked at the sealed stone cave and suddenly roared!

He had been sealed by darkness for a thousand years, and he had just resurrected now, but he was blocked by Li Tian and Long Yin.

And also broke one of his right-handed skeleton arms... Now it even destroyed the cave!

All the anger made Dracula go crazy.

"The deity wants you to die! He wants you to go to hell."

The demon Dracula with a screaming roar could no longer bear the anger in his heart, and the skeleton arm attacked Li Tian and Long Yin with endless flames.

Li Tian had already made the final preparations for a desperate battle. At this moment, he was full of blood, and then rushed to the demon Dracula.

And what about Long Yin? At this moment, he also got up from the ground.

He also used his magic power to attack Nadracula.

The most tragic battle started in this sealed cave.

Two peerless masters, against the Millennium Devil.

Every move, every style is earth-shattering.

The rumbling sound rang in this sealed stone cave, and the surrounding boulders were shattered to pieces because they could not withstand the terrifying force of the three of them.

The rock fell from above and hit the ground, and the tall altar at the end collapsed.

Bloody evil spirits, black devilish energy, and the flames of the demon echoed throughout the cave.

Suddenly there was a roar of the world, and the demon Dracula's **** flames knocked away the seriously injured Long Yin.

Long Yin was knocked out, screamed, and fell to the ground heavily.

When he was about to get up, the demon Dracula suddenly rolled his left hand, and the endless flames suddenly surged towards Long Yin. Long Yin could not escape, and his body rolled to the side, but he just rolled, who knows, on the stone wall The huge boulders had already collapsed, and with a bang, endless boulders flew down from above.

I saw Long Yin looking at the falling boulder, and his whole body was stunned!

"Save...save...I..." Only three words protruded from his mouth.

Then endless boulders fell from the rock wall one after another. As the boulders fell, Long Yin's body was suddenly submerged by the rock.

He was buried in a pile of rocks!

Is it dead? Still alive?

Did a generation of great demon Dragon Yin just die like this?

...

After seeing Long Yin's body suddenly buried under the rock, Li Tian couldn't help but stunned.

Long Yin is Li Tian's enemy in the past, but now the moment he sees him buried in the rock, Li Tian's heart also has a strange wave.

However, Li Tian can no longer take care of that much now, because he still has to deal with the thousand-year-old demon in front of him.

I saw Angel Li showing his full strength and pounced on Dracula.

The demon Dracula was violent, and shouted there, "It's your turn!"

With that, a skeleton's left hand suddenly smashed towards Li Tian.

Li Tian wanted to escape, but the flame of the demon Dracula was too fierce. At this moment, Li Tian was enveloped in flames.

Then, a raging flame hit Li Tian's chest.

Like an arrow!

With a swish, a terrifying flame penetrated Li Tian's chest.

With a scream of wow, the moment the flame penetrated Li Tian's chest, Li Tian couldn't help letting out a scream in the air.

The blood was splashed in the air!

Li Tian's chest was penetrated by a huge hole, bloody.

His body fell from the midair, then fell to the ground, dying.

The blood hole in the chest, blood constantly emerged.

He looks dying.

"Damn boy, are you still alive?" With the voice of the demon Dracula sounded again.

Suddenly there was a suction from his flame body, and Li Tian's dying body was suddenly sucked in.

Then a flame turned into claws and caught Li Tian's neck.

Li Tian was lifted in the air by the "claws" and wanted to struggle, but unfortunately he was still struggling. There was no way. His blood flow was too much, and his body was really hurt too badly.

Holding Li Tian in the air, the demon Dracula suddenly opened his mouth.

"The deity swallowed you."

After speaking, he pinched Li Tian's body and threw it into his huge flame-flaming mouth.

He wants to swallow Li Tian!

It was like eating the corpse king Uris, eating it alive.

But will Li Tian be eaten?

Do not!

Do not!

At this moment, Li Tian suddenly burst into endless blood in his body, and in an instant, the entire space became bloody.

The blood color made the demon Dracula startled. At the moment when the demon Dracula was slightly careless, Li Tian suddenly screamed, using the last trace of strength in his body, and with a bang, he broke away. Claws of the demon Dracula.

At the moment of breaking free, Li Tian raised his head to the sky and roared, his blood-red hair wafting in his vigor.

"Devil, I want to die with you."

At the moment when Li Tian finished speaking for the last time, his person suddenly turned into a **** light, and that **** light gradually turned into a giant sword, a **** giant sword, and then shot at the flames of the demon Dracula's body. go with.

The blood-colored giant sword that was as fast as the speed of light, when it shot towards the demon Dracula, the demon Dracula could no longer avoid it.

I saw his body burning with flames, suddenly penetrated by the **** giant sword!

At the moment when Li Tian turned the **** giant sword through Dracula's body, the demon Dracula suddenly roared against the sky.

what

The flames of **** all over him suddenly scattered, the huge flame body collapsed in an instant, and the flames fell from his body one after another.

There was a boom.

Along with a loud noise, the thousand-year-old demon Dracula exploded.

Its explosion caused the entire cave to burst open.

boom!

A cloud of flames burst out from the sealed stone cave, and the whole cave made a boom, boom, and boom.

The endless flames of **** burst out, and the whole cave suddenly became a sea of fire!

Everything is burning, everything is exploding.

Together with that Li Tian who died together.

His figure completely disappeared into the endless sea of fire... Don't know if he was buried by the sea of fire? Still buried in this cave with the demon Dracula! ! !

Chapter 2388: Soul Broken Immortal Mountains

The cave collapsed and the flames burned.

The violent explosion made the entire immortal mountain range shake.

The flames soaring to the sky emanated from the depths of the stone cave and rushed into the sky.

There was nothing left, Long Yin, Li Tian, Devil Dracula, all were sealed in the huge stone cave.

Who can live?

"Li Tian."

"Little Lord."

...

In the endless dark night sky, only Mary, Du Guxie, and the ghost servant who had escaped to save their lives, heard the earth-shattering explosion behind them, they all screamed like crazy.

Unfortunately, everything turned into flames, everything turned into ashes.

The huge cave at the back collapsed, and even the mountain collapsed for it. The rumbling boulder rolled down from the top of the mountain, completely razing the cave to the ground!

"Explosion? How could this happen? Li Tian? Li Tian is still in the cave..." Mary was crying and ran toward the collapsed cave.

Count Roger next to him held his daughter tightly.

"Mary, don't go...it's completely collapsed...you can't go there." Roger stopped her.

But what about Mary?

Weeping, crying like crazy, "No...no..."

"I must find Li Tian... to find him."

"Li Tian won't die... definitely won't die."

Mary was struggling there, but it was a pity that Count Roger held his daughter tightly, because he knew that even now Mary's past would not help.

The mountains there had collapsed, and the whole cave had been razed to the ground. Even if Li Tian was still in the cave, there was nothing he could do, he would definitely be trapped alive.

...

Duguxie, and ghost servants?

When I saw an explosion in the cave behind that, the moment the entire mountain collapsed, I was stunned for an instant.

"Young Master!" The ghost servant suddenly exclaimed.

Tears streamed from the sockets.

And what about Duguxie? The tall body also trembled.

"Young Master..." Duguxie suddenly knelt on the ground with a painful cry.

"Did the young master sacrifice?"

"Did he sacrifice himself to save us?"

After that Duguxie knelt down in front of him, the ghost servants here, Mary, Roger, and everyone around them all knelt down.

Who of them has not owed Li Tian's kindness?

Who hasn't been rescued by Li Tian?

But now?

They were alive, but Li Tian was buried in the fire.

The fire was burning blazingly in front... The mountains collapsed all over... Everyone knelt on the ground with endless pain in their hearts.

At this moment, suddenly a string of messy footsteps ran from a distance.

Then only heard a distressed voice shout out.

"God, my son!"

I watched with the sound, but saw that the evil **** whose skill was abolished was the one who called out the sound.

he came.

He also saw Fairy Baihua, Situ Ningbing, Chen Qiaozhi and others beside him.

It turned out that after seeing the **** figure, Chen Qiaozhi and Fairy Baihua began to search for the past. After searching for the past, they discovered the badly injured Cthulhu. After finding the Cthulhu, they learned from the Cthulhu that Li Tian had come to this cave.

But now?

When they arrived, they found that everything was too late.

The mountains collapsed and the stone cave was razed to the ground.

Looking at the scene in front of them, everyone was stunned for the first time, and then stunned.

Where is Li Tian? Where is Li Tian?

Suddenly the beauties such as Situ Ningbing, Ouyang Shiqing, and Duan Muying who loved Li Tian yelled out their voices.

But Li Tian couldn't hear it anymore.

"Tian'er..." Fairy Baihua also cried out in pain, tears falling from her beautiful eyes.

But what about that evil god? The body was limp, crawling step by step, crawling towards the flashing direction that was razed to the ground.

He was always in tears, and at this moment, there is no longer the glory that was the only one in the world. At this moment, he is just a father, a poor man whose martial arts has been abolished!

Seeing the evil **** crawling towards this side in pain, Duguxie and the ghost servants quickly got up from the ground, ran towards the evil god, and then quickly helped the evil god.

"Brother, I'm sorry!"

"It's that we are not good, it's that we haven't protected the young master, it's that we deserve to die.

"Brother, you kill us..." Duguxie and the ghost servant knelt before the evil **** and begged.

Where is Cthulhu?

Just stood there stupidly.

Wrinkles on his face are vertical and horizontal, and his loose hair is fluttering with the cold wind.

Suddenly, he walked step by step towards the collapsed mountain in front of him with a difficult step. Duguxie and the ghost servant wanted to stop the evil god, but he was pushed away by the evil god.

"Don't stop me." Cthulhu roared.

The red eyes seemed to drip out of blood.

Duguxie and the ghost servants heard the roar of the evil god, and they no longer dared to step forward and knelt there.

After walking out a few steps, Cthulhu suddenly turned that face, and then looked at everyone present.

All these people were saved by Li Tian with his own lives. All these people were alive because of Li Tiancai... But now, Li Tian is "dead"...

The Cthulhu raised his eyes and looked at everyone in pain, and suddenly shouted: "You all go, let me go!"

After the Cthulhu uttered a loud shout, Duguxie, Earl Roger, and Mary were all stunned and stayed.

They wanted to comfort the evil **** and atone for their sins, but the cold eyes of the evil **** made everyone scared.

"Brother, maybe Tian'erfu's life is not dead, maybe we should try to get through the cavern...find Tian'er." The fairy Baihua said with tears in front of him.

But what about Cthulhu? But he roared: "Did you not hear me?"

"Get out of me! Get out of me all!"

Cthulhu shouted once again.

After the Cthulhu roared out this time, everyone backed down. Not only did they back down, but they all bowed their heads in shame.

Then, they stopped talking, everyone turned around silently, and then left here.

The wind continued to blow.

The dark night is still enveloping here coldly.

I saw that under the sky and night, only Cthulhu walked towards the collapsed stone cave slowly and bitterly.

The rolling boulders are still falling from the mountain, extremely dangerous.

But Cthulhu didn't care about it, just stepping closer to this cave step by step.

The stone cave had completely collapsed, and the whole had been razed to the ground. The Cthulhu stood there, standing for a long time, suddenly his body trembled and fell to the ground in the cold wind.

The endless dark night shrouded the eerie and immortal mountains.

This night, Cthulhu stayed here alone, accompanied by the collapsed stone cave.

This night, Cthulhu's heart was broken, and the scattered black hair turned gray overnight!

People are gone, hair is white, sons die and fathers are sad!

Chapter 2389: disappear

On the second day, when Duguxie, Ghost Servant and Baihua Fairy came to look for the evil god, they suddenly discovered that a white-haired man was sitting limply in front of the collapsed stone cave.

Cthulhu.

He had gray hair all night, as if a world away.

After Duguxie and the ghost servants saw the Cthulhu's hair all turn white overnight, they couldn't help screaming there.

"Big brother...your hair?"

"Big brother, how did you become like this?"

Duguxie and Fairy Baihua rushed over and exclaimed there.

I saw the Cthulhu with white hair, sitting paralyzed on the stone ground, his eyes were dim and dull, and he looked forward in a daze.

Fairy Baihua looked at the evil **** so distressed tears fell, and his heart was cut like a knife.

The Duguxie and the ghost servant stood there even more grief.

I saw Cthulhu's trembling body slowly stood up, and at the moment when he stood up, the Duguxie and the ghost servants in front of him hurriedly helped him.

"Big Brother..." They all cried out aloud.

What about Cthulhu? Looking ahead, he suddenly muttered in his mouth: "Go, get out of here."

"Leaving?" When they heard the evil **** saying this, Duguxie and the ghost servants were completely stunned.

"Brother, don't we find the young master?"

"Yeah, big brother, are we not looking for Tian'er?" The fairy Baihua and Duguxie asked in surprise.

But seeing Cthulhu suddenly turned his bloodshot eyes, he said, "Do you think you can still find Tianer?"

The moment his cold voice came out of his mouth, the Duguxie and the ghost servants in front of them were all dumbfounded.

Yes.

The stone cave in front of me has completely collapsed, and even the mountain is trampled down.

Who can move the mountain? Who can remove those boulders?

I can't find it at all.

Even the bones are hard to find.

After saying those words coldly, the evil **** in front of him suddenly walked forward with stubborn steps.

The Duguxie, the ghost servant, and Baihua Fairy looked back and fixed their eyes on the place where "Li Tian died", their eyes were red at this moment.

Then he didn't say too much, and finally left here with the evil god.

They are gone.

They know that even staying here is useless.

Because no one can move the mountains.

This is a place of sorrow, stay here, there will be nothing but endless grief.

In this way, they left.

On the side of the Immortal Mountains, inside a huge cave.

But it was Count Roger, Mary and other vampires who saw there. It turned out that they could not appear in the sun during the day, so they could only stay in the dark cave at this moment.

However, each of them had a very sad expression on their faces, especially that Mary and Roger.

They all felt guilty and sad for Li Tian's "death".

Unfortunately, they can't do anything now.

"Dad, Li Tian died to save our blood. We are sorry for him." A word came out sadly from Mary's mouth.

Count Roger tremblingly took the woman's hand, and then said: "Yes, our blood family will always owe Li Tian a huge favor."

"Hey, it's a pity, we can't pay it back." Count Roger sighed deeply in front of him.

Just when they were grieving, they saw that the white-haired evil **** brought the Duguxie and ghost servants to come here.

"Cthulhu!" At the moment when he saw the gray-haired Cthulhu, Earl Roger and Mary behind him all exclaimed.

But what about Cthulhu?

But he didn't say anything, he just walked over and glanced at all the vampires.

"We are leaving now." Just like that, a sentence came out of the evil god's mouth.

Count Roger was slightly taken aback after hearing what the evil **** said, "You are going...where are you going?"

"Leave here! Go home." Cthulhu's voice was cold.

"Go home?" Earl Roger, Mary, and the vampires such as the Fire Girl and the Ice Girl behind him were all stunned when they heard the Cthulhu said.

Yes.

Cthulhu's heart is broken.

At the moment Li Tian "passed away", his heart was completely broken.

He didn't want to stay here anymore, didn't want to see everything here, including vampires, including everyone here... because as long as he saw them, he would think of his son and Li Tian.

So he has to go and go home.

After Cthulhu finished speaking, he didn't say anything, he didn't even glance at the blood clan members, turned and walked forward.

The Duguxie, the ghost servant, and the Baihua Fairy who followed them silently glanced at the vampires such as Count Roger, Mary, and finally they just sighed slightly and left!

They just left.

Seeing them walking away, Lord Roger said, "Hey, we are sorry for these humans."

Mary red eyes and said: "Yes, we owe them the kindness, I'm afraid we won't pay it back in this life."

"They helped us save the fate of the blood race, and saved our Torrido..."

The sound was blown away by the cold wind.

Cthulhu and Duguxie and their figures disappeared in the wind like this.

...

The seriously injured Tang Xiaolong and Xue Wuhen also slowly awakened.

Although both of them suffered extremely serious injuries, they finally survived under the persistence of vitality. When Tang Xiaolong and Xue Wuhen knew that Li Tian was "dead in battle" in the Immortal Mountains, Tang Xiaolong and Xue Wuhen began to cry.

Their cries resounded like wolves, echoing throughout the Immortal Mountains.

However, even if they cry harder, it is useless.

People are already "dead" and unable to recover. Who can do anything?

After the sad scene, no one spoke any more.

Everyone was immersed in Li Tian's "death" incident.

"Where are Miss Situ and Miss Duanmu?"

The ghost servant here suddenly screamed.

It turned out that the Heretic God, Duguxie, and Fairy Baihua have been immersed in endless sadness, almost forgetting the beauties such as Situ Ningbing.

After the ghost servant yelled, he turned his head when he saw the evil ***** and Duguxie.

Look carefully, there are also Situ Ningbing, Duanmuying, and Ouyang Shiqing...

They just disappeared.

"Where are the people? Ningbing, how about them?" Fairy Baihua also exclaimed.

Suddenly, Chen Qiaozhi said, "Is it because they can't forget... Can't forget... Li Tian... so I went to find it?"

Chapter 2390: immortal?

"Li Tian will not die, he will never die. He promised me that he will stay with me in this life and this life... He will never die."

In the cave where Li Tiansuo "passed away", three weak figures were seen desperately carrying stones there.

These three people are Situ Ningbing, Duanmuying, and Ouyang Shiqing who are in love with Li Tian.

I saw them using their delicate hands to move the collapsed stones one by one.

It turned out that they wanted to remove these collapsed stones and find Li Tian.

But the cave here has completely collapsed, and the boulder has already razed the cave to the ground. Can they find it after such a painstaking search?

All three girls had broken fingers, and bright red blood flowed from their fingers. Unfortunately, they didn't care about it. They just moved the collapsed stone with their red eyes.

Moving one by one.

The scorching sun hung high, and the dazzling sun toasted their bodies.

Their tears, mixed with sweat, fell drop by drop from their faces, and red blood kept flowing where their delicate hands were cut.

"Li Tian, you can't die..."

"Never die."

Situ Ningbing's hand was bleeding, and the whole person sat on the ground limply from exhaustion.

She gazed at the boulder in front of her with tears.

That Duan Muying and Ouyang Shiqing all sat on the ground limply, extremely sad.

At this moment, suddenly above the sky, two black shadows shot towards the mountain range like "fairies".

The speed of the two black shadows was so fast that they couldn't be described in words, only to see the black shadows flash, they had already shot over from that distance.

"Ningbing... look at... what is that?" The eldest lady Duan Muying with red and swollen eyes saw two black electric-light silhouettes shooting from above the sky, she was stunned and hurriedly stopped. Situ Ningbing said, crying out of grief.

Situ Ningbing was originally extremely sad for Li Tian's passing, but after hearing the sound of Mu Ying, she turned her head and raised her dim teary eyes to look at the scene above the sky.

With this look, when she saw the two flying black figures, she was also taken aback.

He quickly wiped the teardrops from his eyes, then raised his beautiful eyes and looked at the two figures in surprise.

"It seems...like a...person?" Situ Ningbing muttered in surprise.

Then Ouyang Shiqing was surprised: "People?"

"Can people fly in the sky?"

Yes, but seeing that the two figures are flying in, and their feet are hanging in the air, there is no way to stand on a fulcrum, but they are still rushing towards this side with a rapid body method.

The "flying" of the two black shadows is fundamentally different from the evil **** Li Tian and the others, because they are completely suspended in the air. The evil god, as well as Li Tian and the others, fly by relying on strength to support them, and they must step on their footholds. Only then can Fang perform light work, but the two black shadows are completely suspended in the air, just like that.

"immortal?"

"Could it be a fairy?" Duanmuying cried out there.

With the exclamation of Duan Muying, Situ Ningbing and Ouyang Shiqing were also completely taken aback.

Situ Ningbing's skill can be regarded as the highest among the three girls, she also knows a little bit of movement, but at this moment, after seeing the two flying figures, she was also completely shocked.

But seeing the two "fairies" black shadows above the sky, flying quickly towards them.

I looked carefully, but I saw that the two dark shadows were suddenly two people, and they were two old men in black robes.

One of them has a long white beard, a silver hair, and countless wrinkles on his face...like an ancient book, it describes the vicissitudes of his abdomen, but his eyes are gleaming, floating in the air.

His black robe has no wind, and the strong wind surrounds him.

On the back of the black robe is a weird totem of "like a turtle like a snake". If anyone can understand it, they will know that it is an ancient "Xuanwu" totem.

Xuanwu is one of the Four Elephants in ancient times!

The gods are as famous as Qinglong, Baihu, Suzaku, and Three Elephants!

The other black-robed old man standing beside him is completely different from this old man wearing a "Xuanwu" totem.

He has a round face, like Maitreya Buddha. Although there is no beard on his chubby face, he has a pearly red face.

A scattered white hair was floating in the air, with his hands slightly on his back, carefully looking down there.

Carved on his black robe is the totem of the divine beast "Suzaku", which is also suspended in the air at this moment.

Who are these two weird, fairy-like "mysterious old men"?

How come here?

"That little baby should be here..." Suddenly a dragon chant came out of the chubby round-faced old man's mouth.

The sound pierced the sky like thunder.

"Well, it is indeed here." The other old Xuanwu man suddenly murmured.

"It seems that our two old guys are a step late..." Suddenly the old "Suzaku" on the left squinted there.

"Yes, the mountain collapsed, the little baby should be crushed in the ruins."

"Will you die?" The mysterious old man with the "Suzaku" totem on his body suddenly laughed strangely.

The old Xuanwu snorted: "No!"

"If he is dead, who will open the door to the restricted area?"

"Yes, too."

Two mysterious old people, suspended in the air, spoke quietly in words that they could not understand.

"Thousand-year restricted area, just wait for this person. Now, the profound door has been opened, and the time has come. It's time to find this child." The old man wearing a black totem muttered there.

"It seems that there are a few little dolls below, fourth child, you go and take them away... lest I hurt them when I drive up the mountain." The old Xuanwu suddenly muttered and looked at the few below who were like ants. The figure said.

Of course, he was referring to Situ Ningbing, Duanmuying, and Ouyang Shiqing.

The round-faced old man wearing a Vermillion Bird Totem, after hearing the voice of the Xuanwu old man, nodded slightly and said, "Okay."

The words fell, his long sleeves rolled, and his body suddenly fell straight down towards the place where Situ Ningbing, Duanmuying, and Ouyang Shiqing stayed.

But it said that Situ Ningbing, Duanmuying below, and Ouyang Shiqing were all shocked when they saw the black shadow flying straight towards them.

"Ningbing...that...that...the shadow came over?"

"He flew towards us?" Duanmuying cried out there.

Ouyang Shiqing was also nervous at the moment, and stepped back and said: "I think we must be careful..."

Situ Ningbing stood in front of Ouyang Shiqing and Duan Muying at this time, as if protecting him.

"Don't be afraid, I am here." Situ Ningbing said, biting her lips.
