

A Killer 2391

Chapter 2391: Suzaku, Xuanwu

There was a sudden sound, but the old man with the "Vermilion" totem on his body suddenly flew down from the sky.

His body was light and fluttering, as calm as running through clouds and flowing water, and fell in front of Situ Ningbing, Ouyang Shiqing, and Duanmuying.

He has a round and round face, smiles, big ears, and scattered white hair on his head, looking like a fairy.

"Here, he's here..." Duan Muying yelled as she looked at the mysterious old man.

But seeing the mysterious old man squinting his eyes and looking at the three girls in front of him, he suddenly walked over with a smile.

His steps didn't seem to move, but his body was moving forward, looking strange.

Both Situ Ningbing and Ouyang Shiqing were stunned.

"Could it be that they really met a fairy today? A fairy" they thought in their hearts.

Just as they thought about this in their minds, the mysterious old man had slowly "moved" to their side.

"Beauty is like emerald, the rouge breaks the jade red, it is really jasper among the people, the chief of the flower." The mysterious old man like Maitreya Buddha in front of him suddenly looked at that Situ Ningbing, Ouyang Shiqing and that Duanmu with a smile. Sakura Road.

Obviously, this mysterious old man was complimenting the beauty of Situ Ningbing and other beauties.

After Situ Ningbing and Ouyang Shiqing heard the praise of the mysterious old man, they all raised their beautiful eyes and looked at the mysterious old man slightly.

"Old man, you...Where are you...?" Situ Ningbing asked first.

She saw that the mysterious old man was as good as Maitreya, so she felt that the old man should not be a villain.

After that Situ Ningbing asked, but seeing the mysterious old man wearing a "Vermilion" totem behind him, he just looked at Situ Ningbing in front of him with a smile, not speaking, not speaking, just smiling.

The white hair fluttered with a gust of wind.

"Sister Ningbing, is this old man a fairy?" Duan Muying quietly said to Situ Ningbing behind her back.

After all, the mysterious old man in front of him has a childlike appearance, and every move carries an immortal spirit that has come into the world.

After hearing Duanmuying's "reminder", Situ Ningbing thought for a while, then looked at the mysterious old man in front of him and continued to ask: "Old man, are you really the legendary fairy old man?"

After Situ Ningbing asked such a sentence, the old man who looked like Maitreya suddenly laughed hahaha.

The voice pierced Jiu Xiao.

"In this world, some people say that an old man is a demon, and some people say that an old man is a Buddha, but no one has ever said that an old man is a god... Hehe, interesting, interesting." The mysterious old man smiled.

When the mysterious old man said this, Situ Ningbing in front of him became depressed.

"Old man, why are you here?" Situ Ningbing looked at the fairy old man in surprise and asked.

But seeing the mysterious old man, he smiled slightly, his chubby fingers, and suddenly pointed to the cave where Li Tian died over there and said: "Because of him."

"what?"

When the old man stretched out his hand to point to the stone cave where Li Tian passed away, Situ Ningbing, Duanmuying, and Ouyang Shiqing not only screamed.

"Is it because of Li Tian?" Situ Ningbing asked in surprise.

But what about the mysterious old man? But just smiled.

"Old man, what are you doing here?" Situ Ningbing asked again.

Seeing that the mysterious old man spoke this time, he smiled slightly and said, "Heavenly secret, don't tell, don't tell..."

Situ Ningbing was even more puzzled.

When Situ Ningbing was puzzled, she saw the mysterious old man smile and said: "Girls, girls, the world's red dust, if you can break it, you can break it, so that you won't increase your pity in the future."

After the mysterious old man suddenly said such a strange word, the three girls Situ Ningbing, Ouyang Shiqing, and Duanmuying were all speechless.

What does this mysterious old man mean?

Why should the three of them cut off the red dust?

"Girls, the hour has come, and now I still ask the three of you to leave here... lest you get hurt..." The mysterious old man in front of him suddenly smiled at the Situ Ningbing, Duanmu Ying, and Ouyang Shiqingdao. .

When Situ Ningbing and the others heard this, they were stunned.

Just when they were still in a daze, the mysterious old man suddenly yelled: "Get up!"

Then, when he waved his left hand, an invisible and inexplicable energy spread towards Duanmuying, Situ Ningbing, and Ouyang Shiqing, and then a strange thing happened all of a

sudden. The bodies of the three Situ Ningbing were actually Can't help but float up with the support of a soft vigor.

Then the bodies of the three girls floated automatically and floated towards the back.

"What's going on... my body... why is it floating?" Duanmuying exclaimed.

She wanted to struggle, but unfortunately, no matter how she struggled, she couldn't get rid of the soft energy around her.

The same goes for Situ Ningbing and Ouyang Shiqing.

The three of them were in shock, their bodies floated up, and the moment their bodies floated, the smiling mysterious old man suddenly curled up, and then the three followed the mysterious old man's whistling sound, and turned toward like light. Flew away in the distance.

That Ouyang Shiqing, Duanmuying, and Situ Ningbing were completely confused.

They couldn't see anything in their eyes, they could only hear the gust of wind passing by their ears... and before they could understand what was going on, with a swish, the bodies of the three of them suddenly fell to the ground.

"This distance should be fine!"

"The old man is gone..." Suddenly the mysterious old man in front of him uttered a word, and then his figure flashed, and suddenly disappeared in front of the three women.

Gosh, the speed is so fast!

The speed was beyond the imagination of human beings, and the mysterious old man disappeared in the blink of an eye.

After the heads of Situ Ningbing, Ouyang Shiqing, and Duanmuying became clear, the mysterious old man had completely disappeared.

With endless mountains, these three girls were all at a loss.

Where are they?

Where is the mysterious old man?

At this moment, none of the three girls knew how far they had been taken, and all of them were at a loss.

Surrounded by the continuous mountains, as well as everything that was deserted, the place where Li Tiansuo "passed away" can be seen there.

"What to do? What to do?" Duanmu Ying cried out angrily.

"That **** old man... why... why did you bring us here!"

At this moment, only Situ Ningbing kept his head calm.

Suddenly she blinked her beautiful eyes and murmured, "I think there must be something weird in it... Do you remember that mysterious old man said... They came here because of Li Tian?"

"Yes! That's what the old man said." Ouyang Shiqing suddenly said with beautiful eyes brightly in front of her.

Duanmuying said: "Ningbing, do you mean that the strange old man came to rescue Li Tian?"

Chapter 2392: Open the mountain and split the rock

Situ Ningbing frowned deeply and said: "I don't know if it can be saved. But I feel that they are definitely outsiders in the world, and absolutely anyone we have seen before must be advanced... So I think Li Tian is very promising!"

"Well, what Ning Bing said is good! Too many strange things have happened to Li Tian, presumably this time, he must be able to turn good luck." Ouyang Shiqing also said there.

After hearing what they said, Duanmuying became excited.

"So, Li Tian is not dead? He must be alive, right?"

Situ Ningbing and Ouyang Shiqing are still not sure now, just speculation.

But he said that after the mysterious "Suzaku" old man took the three daughters away, his figure suddenly flew back again.

When he flew back, he had his hands on his back, his eyes piercingly looking at the collapsed cave.

This cave is the cave where Li Tian "dead".

"It's so tragic!" A quiet word came out of the mysterious old man's mouth.

The moment he finished saying this, a black shadow flashed across the sky, and then I saw the "Xuanwu" old man also flew down from the sky.

After the old Xuanwu reached the old Suzaku's side, he also raised Long Jiong's eyes to look at the collapsed stone cave.

"It seems that the blood supreme in the legend really has a few brushes..." The old Xuanwu smiled slightly.

The "Suzaku old man" beside him smiled slightly, and narrowed his eyes. "Yes, that monster is a thousand-year-old demon, and it has an immortal body. Hehe, it's hard to deal with."

"Unexpectedly, that little baby could stand alone the thousand-year-old demon. It is really rare and rare." The old Xuanwu man in front of him exclaimed in his mouth.

The old Suzaku said: "If the thousand-year-old monster is in front of our old immortals, you say, how much success can we use to destroy it?"

The old Xuanwu man in front of him did not speak, but just smiled.

Elder Suzaku did not speak too much, looking at the collapsed cave and said: "Forget it, it's important to do the big thing first."

The old Xuanwu nodded slightly after hearing the old Suzaku say this.

Then he said: "You come or me?"

The round-faced old Suzaku smiled and said, "I won't fight with the third brother... Come on."

The old Xuanwu man laughed wildly, and the mysterious power around his body swept across his body like a violent wind.

Then, seeing the old Suzaku on the side, he stepped back a few meters.

After he stepped back, the "Xuanwu" old man in front of him flashed lightly, and then his hands were suddenly gathered in front of his chest. At the moment of gathering, all the air of the surrounding world was condensed by his hands.

All the energy was collected in both hands.

At the moment when he received the hands of the old man Xuanwu, the old man suddenly burst out a few weird words: "Angle, Kang, Di, Fang, Xin, Wei, Feishan, walking on the rocks, breaking the momentum!"

At the moment when these weird words came out of the old man's mouth, the qi accumulated in his hands suddenly condensed into a "primordial pattern", which resembled a dragon and a beast.

No one knew that this old man was using "Xuanwu power".

The ancient pattern is the incarnation of Xuanwu, and once it is displayed at this moment, the surrounding atmosphere is filled.

Suddenly, there was an explosion, and the terrifying Primordial pattern flew directly toward the collapsed mountains.

But after hearing a loud bang, the whole earth shook violently, and then I saw that the huge boulders collapsed in the cave were shattered one after another, as if an invisible effort was destroying these boulders.

The boulders shattered one after another, and the broken stones fell from above.

As the Primordial Patterns became stronger and stronger, the surrounding shaking became more and more intense, and the sound of rumbling boulders cracking sounded all around.

...

"Ningbing, Shiqing, do you feel that the earth seems to be shaking?" Suddenly an exclamation came from Mu Ying's mouth.

It turned out that the three girls felt the shaking of the ground while standing far, far away.

Ouyang Shiqing said: "Could it be an earthquake?"

boom! boom! boom!

Just when Ouyang Shiqing finished speaking, a loud noise came from a few miles from the side.

"No! It's not an earthquake! Someone is using profound skill..." Situ Ningbing suddenly woke up and said.

After Duanmuying Ouyang Shiqing heard what Situ Ningbing said in front of her, she was stunned at the moment.

"what?"

"Human skill? Oh my god, Ningbing, are you kidding... How can human skill be so powerful? Even the earth trembles for it?" Duanmuying said in disbelief.

But seeing that Situ Ningbing said with a serious face, "Maybe, their strength is something we have never seen before."

After speaking, that Duan Muying and Ouyang Shiqing were both stunned.

"Go, let's see the situation." Situ Ningbing said suddenly.

After Duanmuying and Ouyang Shiqing heard Situ Ningbing say this, they hurriedly followed her, and then hurriedly ran towards the loud noise.

They are going to see what happens!

...

Look at the two mysterious old men again?

The old Xuanwu man stood with his back on his back, spinning vigorously, and the strong wind blew on his black robe...The "Xuanwu" totem on his back exuded a strange light.

The old Suzaku standing beside him smiled.

"Third brother, for so many years, I didn't expect that your basalt skills have become more and more refined!"

The old man with a basalt totem touched the long and narrow beard on his chin and said, "My skill is far inferior to Big Brother Longteng."

Elder Suzaku smiled slightly when he heard the old Xuanwu say this and stopped speaking.

Looking down, that side of the stone cave where Li Tian died...Oh my god, a terrible scene appeared in front of him.

Who could imagine that the mountain that had collapsed at this moment was all broken into piles of small rocks...All the huge rocks were shattered.

What a skill!

Is it a human or a fairy?

"Fourth old man, go find that little baby's body..." Suddenly the old Xuanwu man looked at the old man Zhuque and said.

When Old Suzaku heard this, he smiled and said, "Yes."

Then his body flashed, and he suddenly flew towards the pile of rubble like the mountain, with a bang. When the old Suzaku flew past, all the rubble was automatically scattered to the side invisibly!

Look carefully at the old Suzaku, his body vacated in the void, suddenly a hand stretched out and the dragon's claws down.

boom!

The claws of the dragon were facing downwards, and the ground cracked.

The hard stone was cut in half abruptly.

At the moment of splitting, Elder Suzaku's body suddenly turned into a black shadow, and then swooped into the cracked ground at the speed of the aurora.

So, where are these two weird "fairies" old people? Can you open a mountain and split rocks?

Chapter 2393: gone

Suddenly, the ground shook violently.

Suddenly there was a dragon chant, and then a black figure dragged two bodies wrapped in black cloth and flew out from the seam.

That was the old Suzaku with a round face.

But seeing the old man Suzaku flew out, he swished and landed on the ground, and his left and right hands were holding a "bloody" corpse!

The corpse was tightly wrapped in a "black cloth", and it was impossible to see the body clearly. Only the two corpses could be seen motionless on the old man Suzaku.

"Found it?" Suddenly the old man Xuanwu flashed and flew over.

The round-faced old Suzaku nodded slightly and said, "I found it."

"It's just that the old man didn't expect that there is a demon body here..." Old Suzaku said slightly.

The old Xuanwu at the moment heard the old Suzaku say so, he was slightly startled, "Oh? Demon?"

"Yes." The old Suzaku replied.

"Should we keep this devilish body?" The old Suzaku in front of him looked at the old Xuanwu and asked.

The old man Xuanwu glanced at the two bodies carried by the old man Suzaku, and said slightly: "Pity the common people, only life is big, keep it."

After the old man Xuanwu said this, the old man Suzaku nodded with a smile.

"Ok."

"How about the baby's body?" Old Xuanwu asked, suddenly turning his head to look at the old Suzaku in front of him.

The old man Suzaku frowned slightly at this moment: "The body is completely useless..."

"So serious?" The old Xuanwu man in front of him was surprised.

Elder Suzaku nodded and said, "Yes."

"But, but this little baby's heart is still... and extremely tenacious."

After hearing the old man Suzaku say this, the old man Xuanwu said: "It is a miracle that a guy whose body is completely abolished can't think that his heart can be beaten! It seems that this doll may really help the four of us old immortality Uncover the mystery of the worldless."

Old Suzaku smiled and nodded when he heard him say this.

"It's just that this little baby's body is a bit troublesome." Old Suzaku murmured.

The old Xuanwu asked, "What's the matter?"

"This little baby's body must have been bitten by a vampire... so his body is reflected in the inability to see the sun." Old Suzaku said.

The Xuanwu old man finally understood why the Suzaku old man in front of him had to wrap the two "bodies" with black cloth, which was to avoid being exposed to the sunlight.

When the old man Xuanwu heard the old man Suzaku say this, his brows wrinkled slightly.

"It seems to be troublesome."

"Forget it, let's take this baby back to Tianshan first... Let the boss treat him." The old Xuanwu said.

Old Suzaku didn't speak, but squinted and nodded silently.

While the two old men were talking, suddenly, Situ Ningbing, Duanmuying, and the three girls of Ouyang Shiqing appeared here.

"Hey, two old people!"

"Hey..." You can hear Situ Ningbing and Ouyang Shiqing yelling from a distance.

I saw Ouyang Shiqing, Situ Ningbing, and Duanmu Ying running towards here like crazy.

When the three girls ran over and saw the collapsed stone cave burst open, they were completely shocked!

That is definitely not human work!

Oh my God, are these two elders with childlike faces in front of them really the legendary gods?

and! And most importantly, the "things" held by these two old men...

Although the body was tightly wrapped in black cloth, Situ Ningbing, Ouyang Shiqing and Duanmuying still could see that it looked like a "human" torso!

The moment Situ Ningbing and Ouyang Shiqing in front of them felt a "human" torso, they were all at a loss!

Could it be... Could it be that the two bodies are...

"Two old people...you...Where are you sacred?" Duanmuying rushed over, blinking her bright beautiful eyes and said to the two mysterious old people.

But seeing Xuanwu, and the old man Suzaku slowly turned his head and glanced at the three girls.

Among them, the old Suzaku squinted and smiled slightly.

"Three female dolls...Don't ask the identities of the old ladies. In this world, except for ourselves, I am afraid that no one knows our identities anymore, hahahaha." Old Suzaku said, laughing wildly. .

Situ Ningbing and Duanmuying were shocked when they heard this mysterious old man say this.

Really? fake?

But now they can't take care of so much anymore. They saw Situ Ningbing taking a step forward, looking at the two bodies held in the hands of the old Suzaku, saying: "Older, since you refuse to tell us your identity, then we think Ask, who owns the two...bodies in your hands?"

Following Situ Ningbing's words, Ouyang Shiqing and Duan Muying stared at the two bodies with widened eyes.

Elder Suzaku smiled slightly and said, "They?"

"Hey, the old man can't tell you!" Old Suzaku squinted.

"Why?" Situ Ningbing suddenly questioned.

But seeing Elder Suzaku glanced at Elder Xuanwu, and then said: "I'm afraid, after telling you, you girls are too troublesome..."

"Trouble?" Situ Ningbing in front of him was even more puzzled when he heard it, and he faintly felt that the bodies held by these two weird old men should be Li Tian! !

"Senior, did you mention Li Tian?" Situ Ningbing finally asked, biting his red lips.

The old man Suzaku laughed hahahaha, but did not answer.

But what about the old Xuanwu man? As if being a little impatient, he said to the old Suzaku next to him: "Fourth, it's time to go!"

After the old Suzaku heard the old Xuanwu say this, he nodded silently and said, "Okay."

"Girls...you go..."

After speaking, the old man Suzaku suddenly flew into the air with the old Xuanwu in front of him.

When Situ Ningbing, Ouyang Shiqing, and Duanmuying took a look, the two mysterious old men left after they said they were going, and they shook.

"Hey, hello, old man... please, tell us... is Li Tian alive?"

"Are you here to rescue Li Tian?" Situ Ningbing cried and asked with tears in her eyes, chasing in front of him.

But what about the old Suzaku and the old Xuanwu?

They were about to fly away, but suddenly turned around slowly in midair.

"Pepsi in life, only love is bitter, girls, please do it yourself..."

After they finished speaking, they rolled their long sleeves and shot them towards the eastern sky!

Their figures are like shooting stars, disappearing into the endless sky in a flash...

Above the vast sky, the two strange old men can no longer be seen! !

Chapter 2394: true and false?

gone. .

The two mysterious old men just left.

The wind speeds, and there is no trace.

Looking at the two mysterious old men who disappeared, Situ Ningbing, Ouyang Shiqing, and Duanmuying were all stunned.

They just stayed there, just standing there stupidly, and then looking at the place where the two old men disappeared, looking like that.

"Sister Ningbing...the two mysterious old seniors...the bodies they are holding...are they really Li Tian?" Suddenly in the cold wind, Duanmuying's voice sounded leisurely, looking at Situ Ningbing and asked. .

After hearing Duanmuying's question, Situ Ningbing was taken aback, an indescribable feeling of excitement appeared in her beautiful eyes.

"Yes, absolutely!"

"The two celestial-like old seniors... should be here to save Li Tian." Situ Ningbing said with hope rising in his heart.

Ouyang Shiqing in front of him burst into laughter when he heard Situ Ningbing say this.

"If this is the case, it would be great, great."

The endless and immortal mountains, where the cold wind is blowing.

At this moment, a yelling voice came from the wind.

"Miss Situ...Miss Ouyang...Where are you?"

He watched with the sound, but saw a few figures in the distance walking towards this side.

Situ Ningbing, Ouyang Shiqing, and Duan Muying turned their heads quickly after hearing the voice.

"Have you heard?"

"It seems that someone is calling our names." Duanmuying blinked her beautiful eyes.

Ouyang Shiqing raised her eyebrows on the side, "It seems to be the voice of Aunt Hua."

"I guess it should be Senior Cthulhu and they came to us." Situ Ningbing said.

The three girls who were talking began to rush to the place where the sound was coming from. After running for a while, they saw a few little figures coming from the front.

Look at the figure carefully, isn't it the Cthulhu and Duguxie them?

"Auntie Hua!"

"Senior Cthulhu... we are here." After the three girls heard the voice, they waved their hands while shouting at the figure of the Duguxie.

The Cthulhu who was rushing over there was looking intently and saw Ouyang Shiqing and the others.

"Brother, they are there."

"Auntie Hua, Miss Situ... They really came to Brother Tian... Brother Tian... where they were killed." Xue Wuhen, who is slightly better injured, said there.

After seeing Situ Ningbing, Ouyang Shiqing, and Duanmuying all of a sudden, the Heretic God and Duguxie spread out and rushed towards this side quickly.

Soon, they met!

Looking at the three infatuated girls in front of her, Baihua Fairy flickered with tears: "Three silly girls... why are you here alone?"

Listening to the trembling voice of Fairy Baihua, Situ Ningbing felt uncomfortable.

"Auntie Hua, we found a strange thing!" Duanmuying in front of her said impatiently.

After Mu Ying said so, the Fairy Baihua and Duguxie in front of them were not alone.

"Weird thing, what weird thing?" Fairy Baihua asked with blinking eyes.

But seeing that Duan Muying said with excitement, "Li Tian...Li Tian...it is very likely...not dead!"

Just like this, a word came out of that Duanki Ying's mouth.

When Duanmuying suddenly said such a sentence, the evil ***** in front of her, the Duguxie and all the brothers present almost jumped up.

"Miss Duanmu...you...you...what did you say?"

"You said Tian'er is not dead?"

"My ***** is not dead? Are you kidding me?"

But seeing that whether it was Cthulhu, Duguxie, and the brothers around him, they were completely astonished, and no one could believe that Duanmu Sakura was telling the truth.

At the moment when they were all shocked, they just listened to Duanmu Ying saying: "It's true."

"Li Tian... has been rescued..." Duanmuying said again.

Listening to what Duanmuying said, the evil ***** and the brothers in front of him were shocked there.

"Miss Duanmu, please be clear...what saved? What day was saved...and why do you say that?" The evil ***** in front of him was looking excitedly at that Duanmu Ying with red eyes. .

Following the Cthulhu's excited red eyes after the questioning exit, Duanmuying in front of her hurriedly pointed her finger to the place behind and said, "Senior Cthulhu, you look at this first..."

Following the end of Mu Ying stretched out her hand to point here, they all turned their heads when they saw the evil ***** and Duguxie.

My God, I saw the cave that had collapsed, completely burst open at this moment, and those huge boulders were all broken into pieces! ! !

Who?

Who shattered all these boulders that collapsed on the cave?

Who can have the skill of such a vast world?

When Cthulhu raised his eyes and looked at that scene, his whole person was completely stunned!

Who can do such magic? Even his master Wuji old man... I'm afraid not!

But everything in front of me is real, not an illusion!

The Cthulhu blinked his eyes hard, and then looked at the stone powder shattered by the force, he was completely stunned! The cave was alive and shaken a huge gap...

"Oh my God, who... who... did it?" Cthulhu asked in shock.

The Duguxie and Fairy Baihua around them all opened their eyes, and no one could believe the scene before them.

But seeing that Situ Ningbing suddenly came forward.

"Auntie Hua, Senior Cthulhu...It was two weird seniors who opened this cave."

Listening to Situ Ningbing's words all of a sudden, the Heretic God and Fairy Baihua turned their heads in disbelief, and stared at Situ Ningbing in front of them with extremely surprised eyes.

"What weird two old seniors...?" But seeing the evil **** asked quickly.

I just listened to Situ Ningbing and explained there: "In fact, we don't know who the two old seniors are...just know that they are like gods..."

"God?" Hearing that Situ Ningbing said so suddenly, that Cthulhu and Duguxie not only became more and more surprised.

Situ Ningbing nodded seriously and said, "Yes."

"They are indeed like immortals... They came from the Eastern Sky with clouds and fog... They arrived here in a blink of an eye." Situ Ningbing said.

After Situ Ningbing finished saying this, the evil **** in front of him and the surrounding brothers were all confused.

Did she say true or false?

Chapter 2395: Come back home

"The two old men are extremely weird. One of them has a long white beard, a silver hair, and is wearing an old black robe with a weird basalt totem tattooed on the back of the robe. Hair, and the robe behind him is tattooed with a Vermillion Bird pattern." Situ Ningbing told all the facts.

After hearing what Situ Ningbing said, Cthulhu was immediately stunned.

"Xuanwu? Suzaku?" the evil **** murmured.

Situ Ningbing in front of him nodded silently and said, "Yes."

"The two mysterious seniors...come from the sky...and then arrive here...I wanted to ask them where they are, but the two seniors laughed and said nothing!"

Upon hearing this, the evil **** continued to ask in surprise, "Then what?"

Then Situ Ningbing said all about the two mysterious old seniors' rescue of "Li Tian".

Besides, when the two weird old men were able to open the mountain and cleave the rocks with their power, all the surrounding brothers were shocked there.

No one thought that someone in the world could have such a powerful strength! ! !

Is it a human? Or is it God?

"Oh my God, in the world, is there really such a powerful person?" Xue Wuhen's eyes widened, shouting with a shocked expression.

The Cthulhu in front of him doesn't care about this, he only cares about his son, Li Tian! He just wants to know how Li Tian is.

So he hurriedly asked Situ Ningbing, "Tell me, where is that day?"

"The two old men... really rescued Tian'er?" Cthulhu asked excitedly.

Situ Ningbing replied, "In fact, we didn't see Li Tian, but...we saw one of the old men got into the collapsed rock cave, and then raised two bodies...the two bodies wrapped tightly in black cloth by them...so it is unrecognizable."

After hearing what Situ Ningbing said, everyone was stunned.

But seeing the Cthulhu hurriedly asked: "Doesn't that mean...you can't be sure...that person is Tian'er right?"

Situ Ningbing nodded, and then said, "Senior Cthulhu, although I haven't seen Li Tian, I'm sure that the two seniors are definitely here for Li Tian."

"Moreover, I am convinced that they will be able to save Li Tian alive."

In Situ Ningbing's heart, the two elders had the ability to reach the sky, so she firmly believed that Li Tian would be alive!

This is her hope!

After Situ Ningbing's words came out, the Heretic God and the surrounding Fairy Baihua and others were all in a daze.

At this moment, they all raised their eyes and looked at the evil god.

"Senior Cthulhu."

"Big Brother."

...

One by one shouted at the evil god,

But seeing Cthulhu's bloodshot eyes suddenly brightened, he said, "Maybe, Tian'er is really alive, maybe, Tian'er was really saved by an expert this time."

After hearing the evil ***** say so, the fairy Baihua in front of him took a step forward and asked: "But big brother, who is so capable in the arena? Who can open the mountain and break the rocks?"

After the Cthulhu heard what Fairy Baihua said, his brows wrinkled deeply for an instant.

Yes, what Fairy Baihua said is not bad.

In the whole world, who can have this terrifying ability? Even his own master, Elder Wuji...cannot have this skill!

Cthulhu thought in that mind.

"Maybe, you can only know the result if you ask my master his elders after returning to China!" A word came out of the evil god's mouth.

Promise old man!

The Cthulhu didn't know how many such terrifying masters still existed in the world, so he could only go back to the country now and then ask the old man Wuji.

After the Cthulhu said this, the Fairy Baihua and Duguxie in front of them were not only startled slightly.

In the end, the fairy Baihua spoke. She looked at the Cthulhu Dao and said, "Brother, what do you mean, shall we return to China immediately?"

The Cthulhu raised his bloodshot eyes, then looked at the distant place, and muttered, "Yes."

Situ Ningbing on one side also suddenly stood up and said, "Yes, Senior Cthulhu is right. If you want to find Li Tian, you must return to China!"

"Because those two mysterious seniors...we are Chinese!"

After Situ Ningbing said so, the Baihua Fairy and Duguxie were not only taken aback.

"Return to China! Then let's return to China immediately! Anyway, after this **** place, I am so ominous..." Tang Xiaolong over there also said.

Italy!

This is a very sad place for the Cthulhu and the brothers.

Besides, the harm they have suffered here is too much, too much... Those **** vampires really caused endless torture for the brothers.

So brothers don't want to stay here anymore!

They want to leave, leave this **** place, and go home!

"Well, from now on, let's go home!"

Finally, under the roar of the evil god, he turned and looked at the cave where Li Tian had been involved...then stepped towards the east.

Duguxie and his brothers followed one by one.

The barren immortal mountains, but seeing that under the leadership of the evil god, they were ready to go home.

"Miss Situ...My celestial brother is really fine, right?" On the way, Tang Xiaolong asked after Situ Ningbing.

When Situ Ningbing thought of his favorite Li Tian in his heart, he couldn't help his heartache. At this moment, he held back tears and said, "Don't worry, Li Tian will definitely not have any trouble."

After Tang Xiaolong heard it, he nodded fiercely and nodded: "Well! My heavenly brother is blessed by God, so there will be no accidents.

In this way, they walked step by step towards the east.

To return to the country, they must first pass through this **** deserted area... This is the most remote place in Italy, the most western part, so this road is also the hardest.

But they are not afraid of hardships and dangers. They all have a hope in their hearts, the hope that Li Tian is alive, so no matter how hard and tired they are, they don't feel that they are just walking forward!

Passing through the Nunula mountain range, passing through deserted towns...

In the end, fortunately, in a small town, they rented an old car, and everyone got in the car, and they drove that old Ford car to the center of Italy.

Come back home!

Domestically, things are surging...

No one knows what earth-shaking changes have taken place in the entire country during the time when Cthulhu and Li Tian left.

Chapter 2396: Three Tribulation

Tianshan.

Thousands of miles of ice and snow cover this rolling mountain range, where snow falls all the year round, and feather-like snow falls slowly from the sky.

Everywhere you see it is white snow, and thousands of miles away.

Looking at the endless Tianshan Mountains, there is no bird or beast in sight.

This is a forbidden zone for mankind, the coldest place.

At this moment, in this inaccessible Tianshan Mountain, suddenly above the sky, two black images shot from the west like aurora.

Their speed is so fast that they can hardly be seen clearly with the naked eye.

But seeing the two black figures flying towards the highest mountain above Tianshan at this moment.

The name of the mountain is: Piaoxuefeng!

Straight and steep, the horror that towers into the clouds is simply terrifying.

I saw the two extremely fast figures. After reaching the "Piaoxue Peak", they suddenly shook their bodies, stepping on the thick blood with their feet, climbing towards the top of the "Piaoxue Peak" like a flat ground. Away.

Facing such a steep mountain, the two black-robed men stepped on Qingyun... surprisingly fast.

Soon, but saw that two black-robed figures had climbed to the top of the "Piaoxue Peak".

Looking down from the top of this "Piaoxuefeng", but below it is as small as an ant.

But at the moment when the two black-robed men reached the top of Piaoxue Peak, the whirring north wind was torn...The white snow flew down from the sky, but the snow could not reach the two black robes. Human body, when the snow reaches the two black-robed men, it will automatically become water vapor.

boom!

At the moment when the two black-robed old men reached the top of "Piaoxuefeng", suddenly the entire ice layer began to crack violently at one end.

Cracked!

At the moment when the ice layer cracked and cracked, the two black-robed old men showed no fear at all, but stood in the snow with their hands on their backs looking at the cracked ice layer.

Kakachacha, soon the entire ice layer cracked a huge crack with a width of more than ten meters!

At the moment it broke apart, suddenly from under the endless ice layer, there was a loud roar of a dragon.

"The third child, the fourth child, are you back?" The voice shook the sky like thunder.

The deep snow around Piaoxue Peak was shaken by the scream of the dragon and fell from above.

Take a closer look at the two black-robed old men called: the third and the fourth... They are astonished as the "Xuanwu old man" and the "Suzaku old man" who appeared in the Immortal Mountains a few days ago.

At this moment, the old man with round face and pearly face was still holding a "human" body wrapped in black cloth in one hand.

Besides, after the old Suzaku and the old Xuanwu heard the voice inside, the two replied in unison: "Yes, brother, we are back."

After speaking, the old Suzaku, and the old Xuanwu, swooped and flew under the cracked ice.

It turned out that the cracked ice layer was a door!

An organ door.

What kind of character can build such a hidden door on the top of Tianshan Mountain?

After the old Suzaku and the old Xuanwu flew into the secret door, the entire cracked ice layer was again rumbled and stitched together.

But after the old Suzaku and the old Xuanwu flew in?

Suddenly a scene appeared in his eyes.

My God, who can imagine that there is no cave on the top of the Tianshan Mountain? And the space is so huge.

I saw that there were pillars of ice standing in this space, and the huge pillars of ice could not be surrounded by two or three people.

These huge ice pillars are against the entire upper ice layer, and the light inside is extremely bright, and there are ice crystal carvings everywhere.

Tables, chairs, everything are made of thousands of years of ice.

It's almost like Crystal Palace here.

It's spectacular.

At the moment when the old Suzaku and the old Xuanwu flew in, from the front, suddenly an old man with silver hair sat on a wooden chair and slowly slipped over.

He seems to be a disabled person. He sits on the wooden chair. The wooden chair is carved from a thousand-year-old "oak". The wooden chair is black and red. Two wheels are drawn on the solid ice and slowly slipped over.

The old man has thick eyebrows and thick eyes, giving people a feeling that he is not angry or pretentious.

A pair of eyes were shining brightly, as if they could see through a person's heart, and a long white beard hung on his chin.

He stretched out his wrinkled old hand and stroked his white beard, while sliding towards the old man Suzaku and old man Xuanwu.

When the "disabled" old man slid towards the old Suzaku and the old Xuanwu, both of them said slightly, "Second brother..."

Obviously, the identity of the old man in a wheelchair is higher than the two of them!

Take a closer look at this "disabled" old man. It turns out that the "White Tiger" totem is tattooed on his back!

In ancient times: Qinglong, White Tiger, Suzaku, Xuanwu, Four Elephants!

The "disabled" old man in front of him is the second highest: the white tiger old man.

After hearing the voices of the two of them, the "Old White Tiger" showed a slight smile on his kind face.

"Go west this time...you two have worked hard." The old white tiger smiled and said to the two old men.

The old Xuanwu man said: "Second brother is serious."

"How? Did you find the little doll in the legend?" The old man Baihu suddenly raised his eyes and looked at the old man and asked.

"Second brother, please see."

Seeing the old man Suzaku smiled slightly, his two hand-held "body" suddenly flung forward.

But seeing the two "bodies" slowly falling towards the heavy ice, at the moment of falling, the old man Suzaku raised his left hand slightly, and then a strong wind gave Xuan the black cloth on the two bodies. Turned over.

At the moment the black cloth was uncovered, a smell of blood came over.

Look carefully, those two bodies are completely bloody!

The two bodies are human, but they are completely different, and the bones of their hands and limbs are all broken...

If it weren't for them to maintain their human form, it would be hard to see that they were human! !

The moment the old man White Tiger saw the two **** bodies, his brows were slightly frowned.

Said: "It seems that the legend is true, this little doll really has three catastrophes!"

"This little baby has gone through the second largest calamity among the three calamities...Hey!"
The old white tiger in front of him said with a strange word.

Three Tribulations?

Does Li Tian really have three major calamities in this life?

Chapter 2399: Depressed scene

Tang Xiaolong was beaten, his body bends slightly!

He was originally an angry character, but at this moment, he was punched by these soldiers for no reason. It can be described as angry at the moment.

"You are looking for death!" Tang Xiaolong roared, ready to take action.

He doesn't care about so many, even if there are more than a dozen guns aimed at his head, he will not be afraid.

With a loud cry at this moment, he was ready to take action.

But just as he was about to fight, the Duguxie in front of him suddenly grabbed his arm, and then coldly shouted: "Little dragon, calm down."

Although Tang Xiaolong was extremely angry, he listened to the words of Duguxie very much.

At this moment, after hearing Duguxie's words, he made a muffled mouth, swallowed the anger in his heart, and looked at the soldier with his angry eyes.

"What? Do you still want to hit me?"

"Believe it or not, I shot you here today?" The burly soldier also swished out of his waist gun.

The cold muzzle was aimed at Tang Xiaolong's head.

At this moment, that Duguxie spoke slowly.

"This brother, there is no need to shoot, right...? We are just looking for someone from the North China Field Army. Do you need this?" Du Guxie asked coldly.

After Duguxie asked coldly, the soldier with the pistol glanced at Duguxie and said, "Looking for someone?"

"Huh, I told you just now that the North China Field Army is under martial law. You don't know what is good or bad, and you want to break into it... This is your own responsibility! And I tell you that the order has been issued by anyone who dares to break into the military area, Will shoot directly, even if it is killed, it does not matter."

"While I haven't changed my mind yet, you quickly get me out of the North China Field Army." The words of the soldier in front of me were bad.

When they heard the evil **** in front of them, they all became weird.

What happened to the North China Field Army? How can these soldiers be so unreasonable!

At the moment Duguxie smiled bitterly, then turned to look at the evil ***** standing there: "Big Brother? What should I do?"

The Cthulhu glanced coldly at the front of the North China Field Army, and then nodded slightly at Duguxie, as if to indicate something.

That Duguxie was so clever, after seeing the heretic ***** nod his head, he immediately knew what to do.

At the moment he said: "Okay, brother, I know what to do."

After speaking, he suddenly turned his head and looked at the burly soldier, and then asked, "I'll say it again, listen, I'm going to the North China Field Army now to find someone...if possible, please. Step aside."

Along with Duguxie's words, the burly soldier who tried the case suddenly rose in anger.

"Asshole, you don't understand me, do you?"

"It seems that you are toasting, not eating or drinking, and taking them down for me." The soldier waved his hand and prepared to let a dozen of his soldiers take down Duguxie.

The moment he just said his words, Du Guxie suddenly increased his hostility.

"This is what you forced me."

The moment the icy voice came out, suddenly, Duguxie's figure moved.

The speed was so fast, he blinked, and rushed toward the burly soldier.

The burly soldier hadn't understood what was going on. He only felt a black shadow flash in front of him, and immediately after his right hand holding the pistol, there was a sudden piercing pain.

what

With a scream, the gun in his hand was snatched by a cold hand.

At the same time the whole person? He was also tightened his neck tightly.

"If you want to live, don't move. If you move again, I will blow your head with one shot." The cold suffocating voice came from Duguxie's mouth.

But seeing that Duguxie's only right hand tightened the guy's neck tightly, and the gun in his hand was against the soldier's head.

Faced with such a shocking change, all the dozen soldiers in front of him were dumbfounded.

One by one quickly pointed their guns at Duguxie.

"Let go of our company commander... let go."

"If we don't let go, we will shoot..." the soldiers pointed their guns at Duguxie.

Duguxie sneered: "I see who of you dares to shoot? Whoever shoots, I will kill him first."

Hearing that Duguxie said that, the soldiers suddenly froze.

As for the extremely powerful "company commander" just now? At this moment, Duguxie's sudden attack made his face pale in fright. He didn't expect that the opponent, a guy with only one hand, moved so fast, and it was a bit scary.

"If you don't want him to die, just take us into the North China Field Army."

Duguxie's cold voice came out.

After Duguxie said so, those soldiers were afraid to make a decision and stood there with guns.

As for the company commander? At this moment, Duguxie pointed a gun to his head and suddenly said, "Well, since you want to enter the military area... Then I will let you in."

"But, I tell you in advance, after you go in, don't regret it."

After speaking, but seeing the company commander, he said to the soldiers around him: "Take them into the military zone."

"Yes!" After the soldiers heard the command of the company commander, they answered in unison.

So, just like this, Duguxie held a gun in his hand, pointed at the head of the company commander, and walked towards the military area of the North China Field Army with Cthulhu.

Accompanied by Duguxie and Cthulhu, the moment they entered the North China Field Army in this way, suddenly, the three-level alarm bell rang at this moment.

Drop, drop, drop!

A harsh sound came from the military area.

Then I saw 3 armored vehicles driving out of the military zone, and dozens of fully-armed special forces units followed!

Snipers, and field soldiers... all came out.

Extremely strong.

Duguxie and his brothers saw that the moment when the North China Field Army was dispatched in such a situation, they were all dumbfounded.

"Hey, what is going on with this North China Field Army?"

"Crazy them? As for such exaggeration?" Tang Xiaolong widened his eyes there, looking at the scene in front of him in disbelief and said.

Duguxie and the ghost servants were also taken aback, never expecting to alarm the North China Field Army.

I saw the armored vehicles at this moment, as well as the special forces, at the moment when they ran out quickly, they all held their guns and pointed them at the Cthulhu and Duguxie.

The cold muzzle is like a war!

Chapter 2400: Military area accident

With cold guns in their hands, the soldiers surrounded the Cthulhu and all his brothers.

Cthulhu and his brothers were depressed when they saw this situation.

All of them are in that uncontrollable shadow: Is this soldier of the North China Field Army crazy? How could such a battle be dispatched?

"Who dared to go to the North China Field Military Region so boldly? I'm so impatient to live."

A cold drink came from one of the officers who served as a soldier.

The officer who spoke saw that the rank was at the rank of battalion commander, and at this moment stood out from the crowd and shouted.

Duguxie looked at the situation, and then let go of the "company commander" he was holding.

"We don't want to make trouble, we just want to find someone." After letting go, Du Guxie said to the battalion commander's soldier.

The battalion commander, wearing a straight military uniform, said coldly after hearing Duguxie's words: "Looking for someone? Whom?"

Duguxie said: "We are looking for you North China Field Army, Commander-in-Chief of the Military Region, Commander Mu Lao."

At the moment that Duguxie suddenly said this sentence, slap, slap, all the soldiers around raised their guns, and their expressions were extremely ugly, as if they were about to shoot the Dugu in front of them. Evil.

"Asshole!"

"You...you...you dare to say to find our commander-in-chief?"

"Grab me all." A roar came out of the battalion commander's mouth.

Where are the evil gods and Duguxie here? I was completely puzzled, what was going on with these soldiers, how could they have such a big reaction after mentioning the name of the old Commander Mu?

And now, do you want to catch them without asking?

Just when the soldiers were preparing to arrest all the Cthulhu, Duguxie and other brothers, suddenly, there was a voice over there.

"Brigadier Wang is here."

"Brigadier Wang is here..."

Accompanied by the sound, I saw an off-road military vehicle drove from the front.

Brigadier Wang?

It was Wang Zhen, the commander of the 38th Army Group Army of the North China Field Army.

"Salute!" Just listen to all the soldiers standing there and saluting the mighty cross-country military vehicle.

Sitting on the off-road military vehicle were the 38th Army Brigade Commander, Wang Zhen, and Brigade Commander Wang in a straight uniform.

When Wang Zhen appeared, he asked coldly when Wang Zhen took the lead.

"What's the matter?" Wang Zhen said as he ordered the off-road military vehicle to stop.

After a pause, the battalion commander who was about to catch Duguxie and Cthulhu just now reported to the brigade commander Wang Zhen: "Report to brigade commander, some guys who did not live or die even broke into the martial law of our field army, and claimed to be looking for our commander in chief."

"Who is so bold?" After the battalion commander finished speaking, Wang Zhen roared with a full face.

After Wang Zhen called out, the battalion commander by his side pointed at the evil **** and Duguxie who were surrounded by his hand, and said, "Brigade commander, that's the guy."

After he pointed his finger at the evil **** and the others, the brigade commander Wang Zhen strode towards the evil **** and them.

"Get out of the way, get out of me." Brigadier Wang Zhen shouted at the soldiers around as he walked this way.

After the soldiers gave way one by one, they saw Brigadier Wang Zhen raising his eyes towards the evil **** and Duguxie and they looked over.

At the moment he looked over, Wang Zhen was stunned.

what?

An exclamation screamed from the mouth of brigade commander Wang Zhen.

After Wang Zhen screamed, he suddenly said: "Senior Cthulhu...Dugu...Tang Xiaolong?"

"My God, it turned out to be you?" Wang Zhen almost jumped up excitedly, exclaiming there.

Where are the evil gods and Duguxie here?

They also looked at the brigade commander Wang Zhen in surprise. They heard the soldier over there calling brigade commander Wang, who did they think it was? Unexpectedly, it turned out to be Wang Zhen.

"Brigadier Wang Zhen?" Du Guxie also called out.

Then Tang Xiaolong saw that he was Brigadier Wang Zhen, and then said: "Brigadier Wang Zhen, are your soldiers in the North China Field Army crazy? Even we are arrested?"

"And also shoot us..." Tang Xiaolong in front of him shouted angrily.

Where is Brigadier Wang Zhen over here? After hearing Tang Xiaolong's angry voice, he quickly said with an apologetic smile: "I'm sorry, I'm sorry!"

"My soldiers, I really don't know it is you...you are here!"

After Wang Zhen said this, Tang Xiaolong snorted and glared at the dumbfounded soldiers around him.

And those soldiers? At this moment, all of them were stunned.

No one thought that this time they offended the big man.

And what about the aggressive battalion commander just now? With a dull expression as well, at the moment, standing behind Brigadier Wang, the pale white whispered and asked: "Brigadier Wang... who are they... who are they? Does the brigade commander know them?"

After the battalion commander asked in such a low voice, Wang Zhen was instantly angry.

"You bastard, don't you even know the friend of the commander-in-chief's grandson?"

"I tell you, these are all relatives of our commander-in-chief! Understand?"

After the brigade commander Wang Zhen scolded, the battalion commander and the surrounding soldiers were all confused.

Where is Brigadier Wang Zhen? It was the yelling at all the soldiers at this moment: "Go back to me...Isn't it shameful to be here?"

Following Brigade Commander Wang Zhen's curse, the soldiers around him quickly retreated one by one.

After the soldiers retreated, Wang Zhen hurried over to the brothers with a smile.

"Senior Cthulhu...Don't be angry. The soldiers under me really don't know that they are you... If you know, I will give them a hundred courage, and they will not dare to shoot at you! I'm sorry, I'm really sorry. "Wang Zhen said kind words to the evil ***** there.

But seeing that the evil ***** didn't get too angry after hearing the words of Brigadier Wang Zhen.

Just Wei Wei said there, "Tell me, did something happen to your military area?"

A word suddenly came out of the evil god's mouth.

At this moment, Cthulhu raised his dazzling eyes and stared at Brigadier Wang Zhen in front of him without blinking.

How clever the Cthulhu is... At this moment, I see the soldiers of the North China Field Army as a great enemy, and there is martial law around the military area... This is enough to show that the North China Field Army is definitely in trouble now!

As for what kind of big things happened, the current Cthulhu didn't know yet. He just raised his cold eyes and looked at Brigadier Wang Zhen.
