

## A Killer 24

Chapter 24: You lied to me again!

I can't help but secretly say, who said that big cities are expensive?

After arriving at the front desk, the waiter at the front desk was a girl in her 20s wearing a small black suit with watery eyes on her round face. Feifei and Li Tiandao who came over there said: "Welcome, Roman Holiday ."

Feifei has walked over now.

Faintly said: "Open two luxurious private rooms."

"Ok."

Then Feifei took out her ID card, then Li Tian saw Feifei take out her ID card from the Guerlain Santa Fe (JIALLSF) bag, and quickly took out an ID card from her jeans and handed it over.

The waiter registered quickly, and then quickly took out two keys from the front desk.

"Two luxurious private rooms, a total of 8,600 yuan."

When the young lady on the front station said these four numbers, a certain man was stunned there as if struck by lightning, and what about a certain woman? He stood there calmly, forming a strong contrast.

The waiter saw that both of them didn't pay, and thought they didn't hear clearly, and said again in standard Mandarin: "Hello, the two luxurious private rooms total 8,600 yuan per night."

This time the sound really reached their ears.

What about Feifei, can't help but look at Li Tian in wonder, and what about Li Tian? He stared at Feifei with wide-eyed eyes.

"What are you looking at? Pay for it?" Feifei said depressedly.

Feifei, a spoiled eldest young lady, has the habit of paying for her own money. She has always paid for her own money. Besides, Feifei, who came out today, did not bring her own Jucci wallet.

This is not what she said to Li Tian there.

Li Tian broke the egg at that time, 8600 yuan, Nima, you kill me.

"8600 yuan? Gosh, how can I have so much money?" Li Tian said in shock.

Feifei was suddenly embarrassed.

The waitress frowned slightly and smiled and said, "Sir, it's okay if you don't have cash. We have an automatic credit card machine. You can have a bank card."

Feifei quickly turned around and smiled awkwardly at the waiter: "Wait a moment."

The lady at the front desk nodded slightly.

Feifei hurriedly pulled Li Tian to the side: "Hey, handsome man, do you really have no money? Or are you fake?"

Li Tian wanted to squeeze this girl to death, but in such a luxurious place, he endured it hard, saying: "I add up to more than 1,000 yuan, my God, she wants 8,600 a night, where can I go to steal it? what."

Feifei suddenly fainted when Li Tian said this.

She had never expected that this time she would really be a "rubber" pauper.

"Don't have a bank card?" Feifei asked unwillingly.

"I don't have any." Li Tian said depressed.

Feifei was desperate.

"OH, Mygod."

"Are you rich?" Li Tian asked Na Feifei suddenly. ,

Feifei wanted to say that she had it.

Not to mention 8,600, what is 86,000 to Feifei? But today she ran away in a hurry and didn't bring her purse, so she was struggling.

"I, I, I didn't bring my wallet." Feifei said.

Li Tianyi was suddenly broken when he heard that the girl said he had no money.

"Eldest sister, didn't I say, find a cheaper hotel, cheaper, you might be forced to bring me here..."

Feifei didn't expect to find a guy who turned out to be a bun.

After thinking about it, she looked at Li Tian, pouting her little cherry mouth like a kid who did something wrong: "What should I do then?"

"What else can I do? Go!" Li Tian glared at her fiercely, now wishing to pinch her to death.

The waiter on the Roman holiday over there saw that Li Tian and Feifei had been discussing here, and couldn't help frowning and asking, "Mister, miss, are you still living?"

As the voice uttered, Li Tian turned his head and said awkwardly: "I'm sorry, let's not stop."

After speaking, he hurriedly fled from here, lowering his head like a thief.

And Feifei? His face flushed with shame, and he wanted to find a place to sew in and leave here as if.

The lady at the front desk saw the two people walking away in disgrace, she couldn't help but muttered, "Really, it's terrible to rush the big tail wolf here without money."

---

After leaving the house, Li Tian had a hot face, especially when he saw Feifei who followed him.

"You, stop, don't follow me from now on, okay?" Li Tian stared at Na Feifei with his finger.

Feifei felt aggrieved, and a delicate face seemed to cry.

"Man, don't you leave me?" Feifei pleaded.

"Yes, even if you say anything, I won't believe you again." Li Tiandao said.

He is now being turned around by what he thinks this girl is playing, and he is so cruel in his heart. He originally thought that this girl would help him find a cheaper place to live in, but he didn't expect to come here and spend dozens of dollars on renting. Not to mention the money for the car, and yet to find a place to go out, Li Tian, who remembered it, was of course depressed.

In fact, we can't blame Feifei, the Roman holiday in Feifei's values is really cheap.

So Feifei also felt wronged.

After speaking, Li Tianmai left, as if he was really not going to pay attention to Feifei.

Feifei, followed a few steps.

"You stop for me. From now on, the farther you are from me, the better." Li Tian said angrily.

Feifei was stunned. No one had lost her temper to her since she was a child. Today, she was reprimanded by a stranger for the first time. She stood at a distance and looked like a little pitiful. Li Tian refused to let her. She followed, she really stood far away and didn't follow.

Li Tian, who walked far away, looked back at the girl, especially when she saw the girl standing there with a small mouth, so someone felt soft.

He sighed and walked back obediently.

"I tell you, from now on you have to listen to me, don't lie to me, I will let you follow." Li Tiandao said.

When Feifei saw Li Tian ran back by herself, she suddenly showed a charming smile.

"I knew you were the one who pity and cherish jade."

Li Tian had no choice but to face this girl. Walking forward with the broken bag on his back.

Feifei followed.

One is a poor boy who has just arrived in Kyoto, and the other is a mysterious daughter. You can see surprise from the clothes alone. Such two people walking together have attracted the suspicion of many people.

"Handsome guy, what's your name?" Feifei asked Li Tian, blinking bright eyes.

"The last name is Li, the first name is Tian."

"Li Tian?" Feifei felt that the name was a little awkward, but did not say it.

"What about you? Girl?" Li Tian asked.

Feifei smiled and said, "Just call me Feifei."
