

A Killer 2401

Chapter 2401: Commander-in-chief missing

After the icy voice of the Cthulhu asked, Brigadier Wang Zhen's expression turned pale for a moment.

He was hesitant to speak, his expression flustered.

Looking at the expression of Brigadier Wang Zhen, the brothers were all puzzled.

The brothers have all contacted Brigadier Wang Zhen, knowing that this guy is a person with a cheerful personality, but he didn't expect how he hesitated today.

"Brigadier Wang Zhen, what happened in the military area?" The Cthulhu asked again in his cold voice.

At the moment when the cold voice of the evil ***** asked, Brigadier Wang Zhen finally raised his ugly face and looked awkwardly...

"Hey..." A long sigh yelled from the mouth of brigade commander Wang Zhen.

Then I saw him raise his head and said: "Senior Cthulhu, this is not a place to talk. Let's go to the military area... Then I will tell you from start to end about the major events that have occurred in the military area during this time."

After hearing what Brigadier Wang Zhen said, Cthulhu thought for a while, so he nodded there and said, "Okay."

"Yep!"

"I will take you into the military zone."

Brigadier Wang Zhen, who was talking, personally took the Cthulhu, and the brothers in front of him into the North China Field Military Region one by one.

Brigadier Wang Zhen brought the Cthulhu and his brothers into the reception room of the military area.

After arriving in the reception room, Wang Zhen ordered all the guards in the reception room to go out. At this moment, apart from the brothers, only Wang Zhen remained in the room.

"Well, now there is no one else here, Brigadier Wang Zhen, let's just say, what happened in the North China Field Army Military Region?" Cthulhu sat down and asked.

After the Cthulhu asked, the brothers here also raised their eyes to look at Brigadier Wang Zhen.

I saw Brigadier Wang Zhen finally speak out.

"Tell you an unfortunate news, our commander-in-chief... the commander-in-chief is missing." One sentence came out of the mouth of brigade commander Wang Zhen.

When Brigadier Wang Zhen suddenly uttered such a shocking remark, the evil ***** in front of him threw himself up from his seat.

Duguxie, Tang Xiaolong, and Fairy Baihua all stood up in shock.

"what?"

"what did you say?"

"The commander-in-chief is missing?" The evil ***** in front of him asked Wang Zhen who looked at him with an ugly expression.

But seeing Wang Zhen lowered his head and looked ashamed, he said there, "Yes, the commander-in-chief has been missing for almost two weeks."

Upon hearing this, the Cthulhu immediately asked in shock, "How is it possible?"

"Isn't he always in the military area? How could he be missing? Wang Zhen, I want you to explain things to me clearly from beginning to end." The evil ***** said angrily.

After the evil ***** screamed, Brigadier Wang Zhen in front of him replied: "In fact, we don't know what happened. The commander-in-chief just disappeared inexplicably."

"What is an inexplicable disappearance?" the evil ***** asked angrily.

Then Brigadier Wang Zhen began to tell the story from beginning to end.

"The commander-in-chief went missing one night two weeks ago... I still remember that night, after the commander-in-chief inspected the exercises for the next day in the combat staff room, he was accompanied by two guards and returned. His lounge."

"After returning to the lounge, the commander-in-chief rested early. The next day, when the guards went to call the commander-in-chief, the commander-in-chief's person suddenly disappeared." Wang Zhen said.

When the Cthulhu heard it, his brows frowned.

How could a big living person just disappear like this?

"Disappeared?"

"Has no one seen it?" the evil ***** in front of him asked.

Brigadier Wang Zhen shook his head bitterly and said, "The soldiers standing guard outside the door and the guards around the commander-in-chief did not see the commander-in-chief. They all said that the commander-in-chief was not there that night. Went out."

Upon hearing this, the Cthulhu immediately roared: "Impossible! Absolutely impossible."

"A big living person, can it be lost?"

"Have you found out that the commander-in-chief may have been hijacked?" The evil ***** in front of him said angrily.

After Cthulhu said this, Wang Zhen replied: "We originally guessed that the commander-in-chief might have been hijacked, but after careful investigation, we were missing and could not find any clues!"

"Neither the guards of the military region, the guards of the commander-in-chief, nor the cameras of the military region have seen anyone kidnapping the commander-in-chief."

After Wang Zhen finished saying this, the evil ***** and the brothers all became depressed.

too weird!

The commander-in-chief of the dignified North China Field Army disappeared?

And the whole army, no one noticed any clues? What exactly is going on?

Where has Commander Mu gone?

Frowning deeply like this, thinking about the Cthulhu for about 56 minutes, suddenly said: "He will never disappear suddenly! Absolutely not."

"Wang Zhen, I now want you to take me to the place where the commander-in-chief disappeared."
Cthulhu said in front of him.

Cthulhu absolutely doesn't believe that Old Commander Mu will be missing!

There is definitely something strange in this matter. To know the true truth, Cthulhu must investigate from the beginning, so the first thing he needs to do now is to check the situation where the commander-in-chief disappeared.

After hearing what the evil **** said, Wang Zhen immediately nodded there and said, "Okay, okay."

"Go, I will now take you to the last bedroom where the commander-in-chief rests."

As Wang Zhen said, he began to lead the way.

The Cthulhu behind him and his brothers all followed the Cthulhu and started walking towards the lounge where the commander-in-chief was last missing.

On the way, but seeing the evil **** walking hurriedly, he asked: "Did anyone ever enter or leave the rest room during the time when the commander-in-chief was missing?"

After listening to the evil **** saying this, Wang Zhen was slightly startled and said, "It shouldn't be!"

"I want to be sure! Has anyone ever been in or out?" Cthulhu said coldly.

Wang Zhen said quickly: "No! Absolutely not."

"Since the commander-in-chief disappeared, that lounge has been strictly closed...it is guarded by guards 24 hours a day...so no one will dare to enter without authorization."

Upon hearing this, the evil **** said, "Very good!"

So the group of them quickly walked towards the lounge where the old Commander Mu was last staying.

After turning two turns, I saw the commander-in-chief's lounge. Outside the lounge, there really were a dozen heavily armed guards standing.

When he saw Brigadier Wang Zhen bringing people over, the guards all saluted.

Wang Zhen said to the guards: "Open the commander-in-chief's lounge, we have to go in and check the situation."

A strong guard standing at the door said, "Yes!"

Chapter 2402: Claws

I saw the guard quickly took out the key, and then opened the commander-in-chief's lounge.

After opening, Wang Zhen led the way and said, "Senior Cthulhu, this is the commander-in-chief's lounge."

The evil ***** in front of him glanced at the lounge, and suddenly said to the many brothers around him: "You are all staying outside for the first time...Dugu, ghost servant, you two come in with me."

After the Cthulhu said so, Fairy Baihua and Tang Xiaolong were slightly startled, but they quickly understood what the Cthulhu meant.

Cthulhu is going to enter this room now to look for clues...maybe even the slightest clue can reveal the secret of the disappearance of the commander-in-chief.

And now that there are so many brothers, if they want to enter this lounge at this moment, they will probably rub the clues away...So for the sake of stability, Cthulhu let the brothers stay outside first.

After Cthulhu said so, Fairy Baihua nodded and said, "Okay, brother, we are waiting for you outside."

"Yep."

After finishing speaking, I saw the evil ***** walking in with the Duguxie and the ghost servant towards the commander-in-chief's lounge.

Wang Zhen walked in the front, he had already reached the room at this moment.

Cthulhu followed closely, and soon followed.

After walking in, the empty lounge showed up in the eyes of the evil god.

But seeing the commander-in-chief's lounge is really simple, there are only a few red lacquered wooden tables, and an antique old bed. There is also a bookshelf over there, and the bookshelves are full of different kinds of books. books.

"This is the commander-in-chief's lounge." Brigadier Wang Zhen in front of him said slightly.

Cthulhu raised his brilliant eyes and scanned the entire room.

The room is very tidy and nothing is noticeable.

After a brief glance, the Cthulhu said: "Dugu, Ghost Servant, you two will carefully search for clues in this room from now on... Remember, don't let any clues go."

After Duguxie and the ghost servant heard what the evil ***** said, they nodded quickly and said, "I see, brother."

Thus, under the leadership of the evil god, several people began to search for clues in this room.

Brigadier Wang Zhen saw the Heretic God and the others carefully searching in this room, and was following them at the moment.

But seeing Cthulhu carefully observe everything in this room.

Suddenly, he set his eyes on the wooden bed over there.

But on the red-lacquered wooden bed, there are neatly stacked quilts...

Glancing at the neat quilt in front of him, Cthulhu turned his head and said, "Brigade Commander Wang Zhen, the commander-in-chief seems to have disappeared before taking a rest."

Wang Zhen was taken aback when he heard the evil ***** say this.

"Senior Cthulhu, how do you know?"

But seeing Cthulhu pointed at the neat stack of quilts and said: "Look at this quilt, it has never been opened... and it is neatly folded. This is enough to show that the commander-in-chief has not completely rested before he disappeared."

"According to this inference, the commander-in-chief should have disappeared in the first half of the night." Cthulhu continued.

Listening to the analysis of the evil god, Wang Zhen kept nodding his head there.

But seeing the Cthulhu looked at the tables and chairs around him again, he found that none of these tables and chairs had moved.

This not only made Cthulhu depressed.

"Isn't the commander in chief really kidnapped?"

"Why are there no clues in this room?"

"How is it possible?" Cthulhu said silently in his mind.

Suddenly at this moment, Duguxie over there called out: "Brother, come and see here."

Accompanied by that Duguxie's utterance, the evil ***** ran to Duguxie and said, "What's the matter? What did you find?"

But seeing that Duguxie pointed his finger at the corner of the wall and said, "Brother, look at the wall, it seems that there are painted marks."

After Duguxie in front of him said so, the evil ***** looked intently.

I saw the most inconspicuous part of the wall, there are indeed traces of powder coating!

If you don't look carefully, you can't see it at all.

After seeing this situation, the Cthulhu suddenly frowned.

Then he quickly stretched out a hand, then touched the powder on the wall... and then put it in front of his nose and sniffed it slightly.

A strong smell of wet paint passed into the evil god's nose.

"It really was painted just now." Cthulhu said suddenly there.

"This surface layer of lime seems to have been painted on in a short time." The evil ***** in front of him said suddenly.

"And, I'm sure, the paint was applied within a week."

Wang Zhen, who was standing behind, heard what the evil ***** said, and immediately asked depressedly: "But...but... since the commander-in-chief disappeared, no one has ever entered this lounge."

Cthulhu said: "You are wrong!"

"Someone has come in here... and also wants to erase the clues." The evil ***** in front of him looked at the white wall and said.

When the evil ***** said this, Wang Zhen was stunned.

"Dugu, wipe all the paint on this wall...I believe that the clue is on this wall." Just listen to the Cthulhu Dao in front of you.

After hearing what Cthulhu said, Duguxie quickly said, "Okay, brother."

Then, seeing Duguxie and the ghost servant together, they began to slowly scrape the paint off the wall.

Their actions are very cautious...for fear of wiping out the clues.

As Duguxie and the ghost servants wiped off the white lime from the entire wall little by little, three deep marks appeared on the wall.

"Brother, there really is a clue." I saw that Duguxie couldn't help but excite the moment he saw the three deep marks.

Wang Zhen was also stunned.

He didn't expect that Cthulhu's analysis was so accurate! There was a clue on this wall, and he blinked his eyes and leaned closer to take a closer look.

"There are really marks." Wang Zhen said in surprise.

Where is Cthulhu? He didn't have time to pay attention to him, just raised his cold eyes and looked at the deep marks on the wall without blinking.

"This mark is not a sword mark... nor is it a knife mark... but a mark of some kind of sharp claw." The evil ***** in front of him said, looking at the mark on the wall.

Upon hearing the Cthulhu's analysis, the Duguxie in front of him nodded in agreement and said, "Big Brother said all right."

"This mark looks like a claw mark!"

The Cthulhu silently said: "Well, it's a claw mark! And this claw is like an extinct claw!"

Chapter 2403: Cold face

"No claws?"

When the brothers heard the evil ***** say this, their eyes widened one by one.

A few decades ago, there was a "savage and vicious" character in the arena. That person called himself a "cold-faced man", and his skills were sinister and vicious, and belonged to the master of the master.

This cold-faced man appeared several times in the rivers and lakes thirty years ago, and then disappeared for no reason.

Although this guy called the "Cold Face Man" only showed up a few times in the arena, his name is quite impressive, not because of anything else, just because this guy has "absolute claws" with one hand, and is extremely powerful.

In just a few short appearances, more than a dozen masters of Jianghu died under his absolute claws.

And now, "Absolute Yin Claw" reappears! What happened to all this?

Looking at the deep "claw marks" on the wall, Duguxie suddenly looked at the Cthulhu Dao and said, "Brother, if it is really Jue Yin Claw, doesn't it mean that... the commander-in-chief is probably the one who took away. The cold-faced man ten years ago?"

Brigadier Zhou over there also hurried over, blinking his eyes and looking at the evil **** in front of him.

But what about the evil god? Frowning deeply, looking at the deep "claw marks" on the wall, he suddenly said, "It should have been done by the cold-faced man."

But, brother, that cold-faced man disappeared more than 30 years ago... Why does he suddenly appear now? And why did he take the commander in chief? "Duguxie asked.

Cthulhu was silent for a moment, and condensed his brows for a moment.

"Perhaps, the cold-faced person was instructed."

Hearing what the evil **** said, the brothers were all taken aback.

"Instruct?"

"Who instigated it?" They couldn't help but asked suspiciously.

But see Cthulhu said: "The gate of hell."

The moment these three words came out of the evil god's mouth, the faces of Duguxie and the ghost servant in front of them suddenly changed.

"The gate of hell?"

"Damn **** gate?"

The Cthulhu Dao in front of him said: "Presumably this cold-faced person was also brought to the gate of **** by my old opponent decades ago... This time the hijacking of the commander-in-chief, it must be them."

Duguxie said with a fierce murderous aura: "Big Brother is right. In the whole country, except for the **** door of hell, no one has such courage. It must be the **** of **** door."

The gate of hell.

The terrible gate of **** is reappearing.

When the brothers said so, what about Brigadier Zhou? At this moment, he held the glasses on the bridge of his nose with his hand, looked at the Cthulhu in front of him and asked: "Senior Cthulhu, is our commander-in-chief really hijacked?"

Cthulhu turned his head and said, "Yes."

"Now everything is clear, the commander-in-chief and his old man should have been hijacked by the master of the gate of hell." Cthulhu Dao in front of him.

That week the brigade commander said: "How could this be? But...why did our guards and the surrounding camera monitoring not find the hijacker at all? And did not see the commander-in-chief at all?"

After listening to Brigadier Zhou's question, the evil ***** in front of him looked at the door, and suddenly muttered, "There is only one explanation for this situation."

Brigadier Zhou wondered and asked: "What's the explanation?"

"That is, your North China Field Army has an inner ghost." Cthulhu said.

When the Cthulhu said this all at once, the brigade commander of that week was stunned.

what?

"Is there a ghost?" Brigadier Zhou said in front of him.

Cthulhu said: "Yes, your North China Field Army must have an inner ghost."

"Think about it for yourself, how could the commander-in-chief disappear for no reason two weeks ago? How could the commander-in-chief of such a large North China field army disappear without everyone seeing it?"

The brigade commander of that week frowned and thought about it deeply when he heard the evil ***** say this.

He suddenly felt that the evil ***** was right. Maybe the North China Field Army really had an inner ghost, because only the inner ghost was the least noticeable.

"Damn, dare to have a ghost!"

"I'm going to investigate now...I must catch that bastard." Brigadier Zhou in front of him suddenly furious.

Then he saw Brigadier Zhou in front of him preparing to investigate the ghost in a hurry.

Just when he was about to leave the room, he was stopped by the evil god.

"Hold on!" The Cthulhu's cold voice sounded behind that Zhou brigade commander.

After hearing the voice of the Cthulhu that week, the brigade commander was slightly startled, turned his head, and looked at the Cthulhu: "Senior Cthulhu, what's wrong?"

But when I saw that evil ***** was saying, "Don't check it."

"If you check in this way, it will have no effect except to stun the snake."

After facing Cthulhu's words like this, that week brigade commander stood there all of a sudden.

"What should I do then?" I just listened to Brigadier Zhou's depressed voice.

Just listen to the Cthulhu: "You leave this to us, we will find out."

After hearing what Cthulhu said, the brigade commander of that week suddenly became happy, and said excitedly: "Really?"

Cthulhu said: "Of course it is true."

"From now on, your military should not intervene in this matter...because we still don't know who is the inner ghost among them. If the wind is leaked, the inner ghost is running away, and we will be in big trouble." The Cthulhu asked the brigade commander of that week.

Brigadier Zhou nodded vigorously and said: "As long as the Commander-in-Chief can be rescued as soon as possible, Senior Cthulhu, no matter what you ask our military to do, we will agree."

"That's good." Cthulhu said.

"After we get out of this room for a while, Brigadier Zhou, you must never tell a person the secrets we discovered today." The Cthulhu in front of him once again instructed Brigadier Zhou.

Brigadier Zhou nodded quickly and said, "Okay, I've written it down."

"Well, not only do I want you to keep the clues of this room secret, but I also want to keep the information of all the guards in the commander-in-chief room that night." Cthulhu said again.

After hearing what the Cthulhu said that week, the brigade commander was stunned for a moment, then nodded decisively, and said: "Okay, Senior Cthulhu, don't worry about these small things, I will do it as soon as possible.

"good."

"Go, now we can leave this room." Cthulhu Dao in front of him.

After the Cthulhu finished saying that, the Duguxie and the ghost servant nodded silently.

Then they slowly walked out of this room under the leadership of the evil god.

After walking out of the room, outside the door, but I saw that Tang Xiaolong, Baihua Fairy and others were waiting for the Cthulhu.

After seeing Cthulhu and the others walking out of that room, they ran over quickly.

"Big brother, how is it?"

"Senior Cthulhu... have you found any clues?" The brothers in front of them all ran over and asked.

Chapter 2404: rest

After they asked about the exit, they saw the evil **** in front of them glanced at the guard standing there, and then said: "No..."

Cthulhu did not tell the truth!

Because now, except for the brothers, everyone in this North China Field Army is suspected of being an inner ghost, including the guards standing around.

So he can only say so at the moment.

After Cthulhu said so, the brothers in front of him frowned.

But seeing Fairy Baihua said with a worried face, "How can this be good? Commander Mu is so old...Where is this now?"

After hearing what Baihua Fairy said, Duguxie said slightly: "Sanmei, don't worry about it, Commander Mu has a big life, and nothing will happen."

"Let's go, let's find a place to take a short break." The Cthulhu said at the end.

After the Cthulhu finished saying this, the brothers followed the Cthulhu towards the reception room of the military area.

Along the way, they were all armed soldiers, and the evil gods didn't talk too much.

After returning to the lounge, the brigade commander that week was very wise to remove all the soldiers who were on guard in the room. After leaving, he said mysteriously, "Senior Cthulhu, is it safe now?"

The Baihua Fairy and Tang Xiaolong over there were stunned when they heard the mysterious words of the Lord Brigadier this week.

"Hey, what's going on with the brigade commander this week? How do you talk sneaky?" Baihua Fairy thought curiously in their hearts.

At this moment, but seeing Cthulhu Dao said: "En."

"Brigade Commander Zhou, you go and bring me all the information of the guards who were standing around when the Commander-in-Chief disappeared that night." Cthulhu said to Brigadier Zhou.

When Brigadier Zhou heard this, he nodded quickly and said, "Okay, I will get it now."

After speaking, Brigadier Zhou trot all the way to the data room of the military area quickly.

Right now, only Cthulhu and brothers stayed in this room.

"Big brother, what's the matter?"

"Yes, Senior Cthulhu, why is Brigadier Zhou a little sneaky?" Fairy Baihua and his brothers who have not yet figured out the situation here asked in surprise.

After the Fairy Baihua in front of them asked, they saw that Duguxie slowly explained to them: "Sanmei, it was not easy to speak just now, now I can tell you the truth."

Fairy Baihua was taken aback for a moment, and looked at Duguxie at the moment with his surprised eyes: "Second brother, what happened?"

"Commander Mu was kidnapped." A word came out of Du Guxie's mouth.

As Duguxie said this all at once, the fairy Baihua in front of him became excited.

what?

"Commander Mu was kidnapped?" Fairy Baihua asked in surprise, and Tang Xiaolong and Xue Wuhen around him opened their eyes wide.

But seeing Duguxie nodded and said: "Yes."

"Second brother, you found a clue in that lounge, right?" Fairy Baihua said.

Duguxie said: "Well, and we also feel that the person who hijacked Commander Mu should be from the North China Field Military District. There are ghosts in this army."

"Inner ghost?" Fairy Baihua was surprised.

"Yes."

"But it's hard to say who it is now, but we are sure that this inner ghost is definitely still hidden in the North China Field Army Military District." Duguxie said.

"Just now, in order to prevent the words from being heard by the inner ghost, the eldest brother deliberately deceived you. Now it's fine, it's safe here, so I told you."

Listening to Duguxie's words, the current Baihua Fairy finally understood what was going on.

Just listen to Fairy Baihua saying: "I didn't expect Commander Mu to be kidnapped... It's damned."

Duguxie and the ghost servant did not speak.

Stayed in the room for a while, but saw that the brigade commander came soon after that week.

He also held a bundle of portfolios in his arms.

After entering, I saw Brigadier Zhou said: "Senior Cthulhu, I have brought all the information..."

The brigade commander said that while putting those materials on the table.

The Cthulhu and the brothers all walked over, looking at this pile of information.

"Are these the security guards' profile files standing outside the commander-in-chief lounge that night?" Cthulhu asked.

The brigade commander replied that week: "Yes."

"OK."

"Dugu, Ghost Servant, Xiaolong... You all come over and start to check these files one by one... Any suspicious places should be found out as much as possible." The Cthulhu Road in front of him.

After hearing what the evil **** said, the brothers nodded there, and then ran over here quickly.

Holding a file of information, one person began to inquire.

Time passed by every minute.

Brothers and Cthulhu, they just checked the information of the guards on duty that night.

I watched it for several hours, but there was no clue.

"Forget it, it seems that there are no clues from these materials." The Cthulhu said in front of him.

The brothers also looked downcast one by one.

Brigadier Zhou also frowned deeply.

"Well, everyone, don't check it. You have worked so hard along the way, so let's take a rest first." Brigadier Zhou said while looking at the evil **** and the others.

Hearing what Brigadier Zhou said, the brothers nodded.

After all, they really couldn't find out anything at this time.

"Senior Cthulhu, how about you live here?" Brigadier Zhou looked at the Cthulhu and asked.

Cthulhu said: "No problem."

"Yep."

"By the way, Senior Cthulhu, where is Li Tian? I haven't seen him for a long time since the last battle... How is he?" Brigadier Zhou asked.

When he asked about Li Tian, Cthulhu suddenly became strange and ugly.

The brothers also looked guilty and painful.

When Brigadier Zhou saw the reaction of the brothers, he was taken aback.

Just as he wanted to continue to inquire, but when he saw the evil ***** replied, "Tian'er is still somewhere else..."

After hearing the deep voice of the evil ***** that week, the brigade commander nodded silently and said, "Oh, that's it."

"Then you all rest, I won't disturb you for now." Brigadier Zhou said as he walked outside.

After the brigade commander left that week, the brothers slowly came to their expressions at this time.

Everyone was silent at the moment, and they were all silent. Thinking of Li Tian's affairs, everyone felt an unspeakable sense of sadness and pain in their hearts.

So they each looked for a room and prepared to rest.

The boats and cars on this road were really hard work. At this moment, the brothers all found a room, and then began to prepare to rest.

Chapter 2405: "Master" appears

The room where Cthulhu lives is the one on the far left. .

Across the side of this room is the towering fence of the military area, on which there is a layer of power grids.

After going out of this wall, there is the wilderness.

As the night slowly approached, Cthulhu washed a little and went to bed to rest.

Lying on the bed, thinking of his son in his heart, his heart began to ache.

"God, where are you? My son... don't have an accident! If something happens to you, you will regret it for the rest of your life for your father."

The murmured words came out of the evil god's mouth.

The corners of his eyes slowly moistened in the dark night.

He missed his son and Li Tian.

However, no one knows where Li Tian is.

"Wanqiu, I'm sorry for you, I'm sorry for our son..." A word came out painfully from the Cthulhu's mouth.

Wanqiu? There is no doubt that it is Li Tian's mother.

More than 20 years ago, the ***** battle caused the evil ***** to lose his wife and son.

Twenty years later, the scene reappeared, how could he not be sad? Even if he is a mastermind? Even if he dominates the arena, what can he do?

Thinking of such a sad thing in his heart, the evil god's heart was cut like a knife.

While the Cthulhu was lying on the bed recalling the painful past, suddenly, a gloomy cold wind blew in from outside.

With a bang, I saw that the originally closed window was blown open by the gloomy cool breeze.

At the moment that the window was blown open by the gloomy cool breeze, the evil ***** in front of him fluttered and sat up from the bed.

He looked at the dark room, at the squeaky windows blown by the gloomy cold wind... suddenly he felt something was wrong.

When the Cthulhu sensed something wrong, he slowly got off the bed, then put on his shoes, and looked out the dark window with his cold eyes.

Suddenly, a small voice came in from outside the window.

At the moment it came in, the evil ***** shouted: "Who?"

Then he quickly ran towards the window.

The invincible Cthulhu in the world, after being abolished by the ***** Long Yin in the Immortal Mountains of Italy, the current Cthulhu is just an ordinary person! Maybe even weaker than ordinary people!

Because his whole body is now in addition to some of the most basic physical stamina, almost can no longer exercise!

Sometimes, even running a few steps quickly, he will be short of breath and panting.

However, after the evil ***** ran to the window at the fastest speed, he raised his eyes to look at the dark night outside, and suddenly saw a very fast figure, who swished out of the power grid fence of the North China Field Army.

The grid wall is two to three feet high, and I didn't expect that the figure just flew out with a moment.

After seeing the figure flying by, the evil ***** said angrily: "Who thief, dare to come here late at night?"

When the words roared out, the evil ***** opened the door and quickly chased it out.

Helplessly, the Cthulhu's power was completely abolished, and now he can only chase it on foot.

Quickly chased out a few steps, but saw that Cthulhu's physical strength was a little weak! This made Cthulhu angrily. In the past, his own peerless magic... But now he can even pant for running a few steps... How can this not make him feel heartache?

Gritting his teeth, the Cthulhu desperately chased!

After madly chasing out a few steps, the figure had already jumped out of the fence, completely gone.

Cthulhu gritted his teeth, stood in the dark, looking at the high wall, his heart was cut at this moment.

A fence actually blocked his way!

Back then, it was ten times higher than this wall, twenty times more difficult to stop the invincible evil god, but now?

An evil fist hit the cold wall fiercely.

With a bang, stains of blood came out from his fist, and scarlet blood flowed from the back of his hand.

With a plop, the evil ***** knelt on the ground with his legs, he hated, he was angry!

Just when the Cthulhu was in extreme pain, a gloomy voice suddenly came from above the wall.

"Kuafu...Kuafu...what's wrong with you?"

Along with the weird voice, I saw that in the gloomy cold wind, I saw a gray robe figure standing motionless on the grid.

His feet are floating on the power grid...A scattered white hair is fluttering in the wind. At this moment, one hand is stroking his beard, while raising Long Jiong's eyes to look at the evil ***** below.

When the Cthulhu heard the sound, he suddenly raised his head and looked at the gray-robed man floating on the wall. The moment he saw it, he was taken aback for a moment, and then he called out for a moment. .

"Master...Master...Master?" The shocking words came out from his mouth.

Master? The master of the evil god, the old man Wuji?

When the evil ***** in front of him called out the master, he raised his eyes and saw that the gray robe figure suspended in the gloomy cold wind was not the old man of Promise?

No one thought that the old man Wuji would appear here! ! !

"Master...you...you...how could your old man be here?" the evil ***** in front of him asked in shock.

After the Cthulhu asked, the "old man of Promise" who hovered on the power grid in front of him suddenly smiled weirdly.

"I came to see you as a teacher," he said.

After listening to what he said, the evil ***** became puzzled.

"Master, your old man... isn't it... isn't it that you have been in Tianshan retreat before? How did you get out?" the evil ***** asked.

After hearing this question from the evil god, the "old man Wuji" smiled faintly: "Master missed you, so he left..."

When the Cthulhu heard it, it became more and more strange.

He didn't know what was going on, looking at the "master" in front of him, he always felt something was wrong there.

"Father Kua...I think there is something weird in your body?" The "old man Wuji" suddenly looked at the evil ***** and asked suspiciously. While asking, he stared at the evil ***** in front of him with strange eyes.

Listening to the Master's question, the evil ***** replied: "Master, the disciple is incompetent... In the Immortal Mountains of Italy, the whole body's skill is abolished."

"what?"

When the evil ***** in front of him said so, the "old man Wuji" suddenly screamed.

The voice was full of disbelief and shock.

"Your whole body skills have been abolished?" He quickly questioned.

But seeing the evil ***** nodded painfully and said, "Yes."

"Who was it? Under heaven and earth, who could use your Cthulhu's skill?" The old man Wuji asked in surprise.

The Cthulhu replied: "It's the dragon Yin who has become enchanted."

"What? It's a traitor with the surname Long..." Suddenly a roar came out of the "old man Wuji".

Chapter 2406: Brother, brother

When the "old man Wuji" in front of him suddenly yelled the word traitor, Cthulhu was stunned.

"Master, what are you talking about? What traitor?" The Cthulhu in front of him asked, raising his cold eyes at the "old man Wuji" in front of him.

But seeing that the "old man Wuji" hovering over the wall heard his own slip of the tongue, he quickly laughed.

"As a teacher... I said something wrong." He said perfunctorily there.

Hearing what he said, but seeing the evil ***** suddenly stood up from the ground, raised angrily eyes and looked at the "old man Wuji" in front of him: "No, you are not my master."

"Damn, who are you?" Cthulhu is not a fool.

He felt it now that the "old man of Promise" in front of him was definitely not his master!

Because his master would never be like this, he was suspicious when he first saw the evil ***** in front of the "Old Man Wuji". Unexpectedly, just now, this fake "master" finally revealed its flaws.

"Say, who are you on earth?" The Cthulhu asked angrily.

After Cthulhu suddenly recognized the fake "Wuji Old Man", he suddenly saw the "Wuji Old Man" grinning grimly: "Kuafu, you see clearly, I am really your master!" That fake The guy still wants to deceive Cthulhu.

The Cthulhu roared: "Asshole, still want to cheat? Don't you think I can't tell?"

After the Cthulhu suddenly roared out, the "old man Wuji" in front of him suddenly laughed strangely.

Along with his smile, a gloomy and gloomy cool breeze suddenly blew around.

Then I saw that "Wuji old man" smiled and looked at Cthulhu Dao and said, "Unexpectedly, you actually saw it through."

"Well, now that you see through, I will let you see who I am."

After the "old man of Promise" suddenly said this, his body suddenly rotated, and a strange black aura surrounded his whole body. When the black aura completely disappeared, his figure slowly appeared. come out.

He wore a black robe over his body, and his black hair fell from above.

A pair of poisonous and suffocating eyes appeared in the darkness.

His face was hidden by the black mask, unable to see clearly, only his vicious eyes.

"It's you?"

When his figure appeared, the entire body of Cthulhu suddenly trembled violently.

hate! angry!

Invisibly burst out from the whole body.

Cthulhu actually knew him?

Yes, Cthulhu does know him.

Because he was the one who gathered masters from all over the world 20 years ago to kill the evil god, and he gave orders to the entire underground world in the country.

Legend has it that there are so many masters who have worked hard under him.

He is the terrifying gate of hell, the gatekeeper.

But seeing the **** gate master who showed his true body hovering on the wall, he sneered grimly: "Unexpectedly, you still know me? Junior brother..."

"You bastard...I know you even if you turn to ashes." The veins on the face of the evil ***** rose soaring.

The eyes are full of endless blood of hatred.

"Hehe, isn't it?" Hell Gate stood there with a sneer.

Enemy.

They are the biggest enemies in the world.

At the moment of meeting, Cthulhu's entire body was trembling violently because of his anger, hatred and anger intertwined with him.

"Junior Brother, it's been so many years. Forget it, you and I have not seen each other for 20 years..." The **** gate master in front of you suddenly said in a gloomy voice.

He is actually called Cthulhu Junior Brother?

Yes!

According to the truth, Cthulhu is indeed the junior of the **** gate master.

Because the master of the gate of **** in front of you is the only son of the "old man of Promise"! It was also the person who first taught martial arts to the old man Wuji, so to a certain extent, it was reasonable for him to call the evil **** to be his junior.

"For more than twenty years, if your son hadn't appeared, I would have thought you were dead..."

"Hehe, I didn't expect my father and his old man to be able to freeze your body for 20 years on the top of the Tianshan Mountains? It's incredible, incredible." The **** gate master murmured in memory there. Past events.

The eyes of the evil **** in front of him were filled with endless hatred, and he said angrily: "You wicked thief, you killed my whole family back then. If I can live, I will definitely kill you for revenge in this life."

The **** gate master laughed wildly when he heard the evil **** in front of him say this.

"Do you think you can get revenge?"

"With you now? The whole body of martial arts is abolished?" The master of Hell Gate suddenly smiled there.

When the evil **** heard the **** gate master say this, he suddenly trembled with anger, his fists were clenched tightly, and the clenched ones seemed to be bleeding, but there was no way.

He is a trash now, a trash of no use.

"I really didn't expect that a traitor in my **** gate would be able to abolish your evil god's whole body skills, hey!"

"My dad said back then, your father Li Kua is a martial arts wizard, now it seems, but so, but so?" The **** gate master in front of him sighed.

Listening to the insult of the gate of hell, the evil **** can only be silent.

Because this is indeed true.

"That **** Long Yin, one day, I will kill him by myself."

"I want that **** to know the fate of betraying my **** gate." The **** gate master in front of him said angrily.

He also hates Long Yin.

Thinking that Long Yin was just a small figure in his **** gate back then, but unfortunately, now he has become so powerful, how can this not make the **** gate master angry?

"By the way, Junior Brother, where's your son? Where is the kid surnamed Li now?" The gate of **** in front of him suddenly asked in a cold tone.

When the evil **** in front of him heard him ask Li Tian, he said angrily: "I won't tell you this bastard."

"Why? Are you afraid that I will kill him?" The master of the gate of **** sneered.

"Relax, anyway, we are also a senior brother, besides, my father and his old man, didn't he also teach that kid's skills? Hey, looking at so many affections, I will not kill him so quickly, I'm looking for him now, I just want to ask one thing." The **** gate master said.

Listening to the **** gate master saying this, the evil **** said angrily: "Do you think you are Tian'er's opponent now?"

"Hmph, you bastard, it would be a big mistake to think so."

"Tian'er, if it wasn't for an accident, it would be more than enough to kill you." Cthulhu said.

Listening to what the evil **** said, the sect master of the **** gate suddenly became gloomy.

"What did you say?" A loud roar came out from the **** gate master.

Accompanied by a roar from him, his right hand suddenly raised, and a violent energy approached the evil spirit, and then the evil spirit's body was tightly pinched by the invisible air, causing the evil spirit to be extremely painful for an instant .

The moment he pinched the evil god's throat tightly, the master of the gate of **** grinned gloomily.

His face became endlessly hideous at this moment, and he was full of anger and said: "Brother, maybe you don't know, I have already practiced the supreme magic..."

"Now in this world, no one can stop me anymore."

"From now on, I want this day, no longer can I cover my eyes, I want anyone who condemns and rejects me in this world to die."

Chapter 2407: Munemune

Cthulhu was pinched by the **** gate master with invisible air, and at this moment Cthulhu was struggling in the air in pain.

The gloomy laughter of the master of the gate of **** came out.

"Li Kuafu, I will show you my current power."

As the **** gate master said this, he suddenly grinned, and his left hand stretched out into the void, a dragon-shaped totem suddenly emerged from his palm in terror, and then the surrounding air instantly seemed to condense, and it was all by the **** gate. The doorman completely controlled it.

"Devil Sect Code?"

"You...you...you actually practiced the Demon Sect's Code: Great Prajna Longxiang Magic Technique?"

Demon Sect Zongdian, the supreme evil skill of the leader of the Demon Dao! In the ancient times, it has been revered as a must-have cheat for becoming a demon, and it is also one of the two ultimate magical skills of the Changshengmen. I never thought that the master of the **** gate actually cultivated the demon sect!

Seeing that the master of the gate of **** actually used the great prajna dragon image magic, at this moment, the evil **** was completely stunned.

Because he heard his master say that there is only one person in the world who practices the fruit demon sect, and that person has "passed" for hundreds of years.

Unexpectedly, the current sect master of **** gate has successfully cultivated!

"Hey, Father Li Kua, didn't expect it?"

"I'm telling you, now I have magic skills in my hands, under the heaven and earth, there is no one worthy of rivaling me."

"Now, you should tell me where is the ancient heavenly book pill scroll?" The master of the gate of **** suddenly sneered there.

The master of the gate of **** is actually for the heavenly book pill scroll?

Hearing the **** gate master said this, the evil **** roared: "Even if I die, I won't tell you."

The master of the **** gate coldly snorted: "I know that the heavenly book pill roll is in the hands of your **** son, Li Kuafu, I advise you to tell me as soon as possible, where is the kid named Li hiding?"

"I won't tell you this bastard." Cthulhu roared loudly.

The master of the gate of **** in front of him suddenly smiled.

"Don't you say it?"

"Okay! Since you don't say anything, I will kill all the people who are related to you... I want everyone around you to die in front of you, and I will see if you say it or not." The harsh words came from the mouth of the master of the gate of hell.

"Dare you?" Cthulhu shouted angrily when his eyes were red with anger.

The master of the gate of **** grinned grimly and said, "Why don't I dare?"

"Your father-in-law is still in my hands now! How about? Do you want me to kill the old commander first... and then give you a warning?" The **** gate master suddenly said.

The Cthulhu had long since guessed that the disappearance of the commander-in-chief of the North China Field Army must have something to do with the gate of hell. Now when he heard that the master of the gate of **** himself confessed, he was even more angry.

"You damned bastard... If you dare to move... Commander... a hair, I swear, this life and this life will make you unhappy." The evil spirit's eyes will be bleeding.

But how can he stop that **** gate master now?

I saw the master of the gate of **** sneer looking at the evil god, and suddenly the whole body burst.

With a bang, the body of the evil ***** flew upside down from mid-air, and with a wow, a mouthful of blood spurted from his mouth.

"Father Li Kua, Father Li Kua, what do you dare to tell me if you are a waste person?"

"Do you think you are still Li Kua's father twenty years ago?"

"Do you think you are still my dad's lover?"

The master of the gate of ***** suddenly became fierce and roared.

Cthulhu fell to the ground with blood in his mouth.

He was trembling with anger, but to no avail.

"I'm telling you, you are not even as good as a waste dog... kill you, I think I dirty my hands." The master of the gate of ***** ridiculed the evil ***** in front of him with insulting language.

"I'll give you another week. If you want to keep your relatives alive...you can ask your ***** son to call me the Heavenly Book Pill scroll as soon as possible!"

"After a week, if you dare not hand over the Heavenly Book Pill scroll, hey, don't blame me for killing you."

After speaking, the master of the gate of ***** suddenly whizzed a weird smile in the dark.

Then his figure suddenly darts, and suddenly disappears into the endless darkness.

The enemy who watched him disappeared from his front in this way... a blood of evil spirit came out from his mouth.

He was trembling with his body, his fists clenched tightly, his eyes seemed to flow out of blood.

what! ! !

A miserable and hateful cry came out of the Cthulhu's mouth.

All the hate, all the anger, cried out from his mouth.

The moment the Cthulhu's painful and hateful voice screamed, suddenly the room lights in the back area turned on.

Then I heard the sound of exclamation.

"Big Brother..."

"Senior Cthulhu..."

I watched with the sound, but I saw that Duguxie, the ghost servant and all the brothers running out of the room.

The moment they ran out, they all saw the evil ***** kneeling under the wall on the far left, with blood red eyes and blood flowing in his mouth.

At the moment they saw it, they all ran over.

"Senior Cthulhu, what's wrong?"

"Big brother, what happened?"

After the brothers in front of him ran over, they hurried to help the evil ***** on the ground.

But what about Cthulhu? Due to excessive anger, the whole body was violently convulsed, trembling...

There was blood in his mouth, and his fists trembled from excessive force.

The brothers looked at the strange expression of the evil god, and no one knew what had happened.

They wanted to ask the evil ***** what happened... but the evil ***** didn't say a word, just closed his mouth tightly with his bloodshot eyes widened.

"Quick, quick, help Big Brother into the room first." Duguxie said there quickly.

So Tang Xiaolong on this side hurriedly supported the evil ***** with Xue Wuhen... and then quickly walked towards the room.

After they helped the evil ***** and walked towards the room, the Duguxie, the ghost servant and the fairy Baihua stood under the wall.

"Second brother, what's the matter with eldest brother?" The ghost servant asked while looking at Duguxie while blinking.

Duguxie did not directly answer his words, but looked around...

"Big Brother has encountered an enemy!" A word popped out of Duguxie's mouth.

As Duguxie said so, the ghost servant in front of him suddenly exclaimed: "Huh? Enemy?"

The fairy Baihua in front of him was also looking at that Duguxie in wonder.

But seeing Duguxie staring at the dark space around him, he muttered: "Don't you feel it, the surroundings are filled with endless energy?"

Chapter 2408: anger

After Duguxie reminded him, the ghost servant and Fairy Baihua were slightly startled.

Then they all began to sense the surrounding breath.

"Yes, there is indeed a strong energy around them." Ghost servant and Fairy Baihua said at the same time.

"It seems that Big Brother did encounter an enemy." Fairy Baihua said with a worried expression on his face.

Duguxie was silent and did not speak.

He raised his eyes and looked around for a while, and suddenly said, "Hey, since his martial arts was abolished, he has always been in pain! Although he has never talked about it in front of us, I can learn from him. His sadness can be seen in his eyes..."

"Now that we are adding the young master's affairs, the eldest brother is really suffering too much."

"Tonight, we encountered something like this again... We really can't help my eldest brother! Even this little safety did not protect him."

Duguxie said with a face full of remorse.

Listening to what Duguxie said, the ghost servant in front of him and the face of the Baihuaxian also showed endless guilt.

"Yes, we deserve to die." The ghost servant over there also blamed himself.

Fairy Baihua looked at the deeply self-blaming Duguxie and the ghost servant, and suddenly said: "Second brother, fourth brother, don't blame yourself. Let's go back and see what happened to Big Brother?"

After Duguxie and the ghost servant heard Baihua Fairy say this, they nodded quickly.

Then the three of them quickly walked towards the room into which the evil ***** was helped.

After returning to the room, I saw Tang Xiaolong, Xue Wuhen, and Chen Qiaozhi all staying worried in the room, but they didn't see the evil god.

"What about Big Brother?" Du Guxie asked after walking in.

Then Chen Qiaozhi replied: "We have helped Senior Cthulhu to go in and rest... Senior Cthulhu is in a very bad state. He kept his mouth silent and looked scary."

Listening to what Chen Qiaozhi said, this Duguxie, Ghost Servant, and Baihua Fairy were all worried.

"This is how to do?"

The ghost servant in front of me suddenly said, "I want to go in and see Big Brother."

Just when the ghost servant was about to enter the room to see the evil god, Du Guxie grabbed the ghost servant.

"Do not!"

Hearing Duguxie suddenly said a "no", the ghost servant in front of him was taken aback.

"Second brother, what's the matter? Why don't you go to see Big Brother?" asked the ghost servant looking at Duguxie in surprise.

But seeing Duguxie said: "Big brother is in a very unstable state now, I think we should not go in and disturb him."

"Wait for eldest brother to rest for a while... we will go in again, that would be better." Duguxie said.

Listening to Duguxie's words, the ghost servant in front of him thought for a while, then nodded.

"Ok."

So I saw the brothers and Duguxie all standing in the room one by one, each with an extremely solemn expression on their faces, silent and silent.

"What kind of ***** did Big Brother meet?"

"What ***** dares to enter the North China Field Military Region at night?" the ghost servant in front of him roared.

The Duguxie and Fairy Baihua didn't speak here, because they didn't know who broke into the North China Field Military Command.

And also hurt the evil god!

However, the better thing is that the evil **** is not life-threatening, which makes the brothers more happy.

Just when the brothers stayed in the room, wondering who hurt the Cthulhu, suddenly only the figure of Cthulhu came out of the room inside.

"Big brother?"

The moment he saw the evil **** coming out, the ghost servant in front of him hurriedly shouted and said.

Duguxie and Fairy Baihua rushed to the evil god.

Then Tang Xiaolong and Xue Wuhen also exclaimed in their mouths: "Senior Cthulhu..."

"Big Brother, how are you? Is there any physical injury?" After Duguxie in front of him walked over, he quickly asked the Cthulhu.

But seeing Cthulhu's eyes were bloodshot.

The moment he walked out, his body trembled slightly. It was obvious that his forehead strength had dropped too much now.

"I'm fine..." Cthulhu finally spoke.

After hearing the evil **** speak, the brothers don't even mention how happy they are.

"Brother, did that **** hurt you?"

"Yeah, brother, who on earth broke into the North China Field Military Region?" Duguxie and Fairy Baihua both asked at the same time.

After they asked, they saw endless hatred in the eyes of the evil god.

"It's him!"

"It's the most damned bastard." An angry word came out of the Cthulhu's mouth.

When the evil **** uttered these words in a hostile manner, the Duguxie and the ghost servants in front of them all looked at the evil **** in wonder, because they didn't know who the evil **** was talking about!

"The master of **** gate!" Suddenly the evil **** said again.

When the evil **** in front of him suddenly uttered the words "master of the gate of hell", the brothers in front of him suddenly screamed.

what?

"Yes... is... he?"

"The gate of hell... the master?"

The brothers all opened their eyes wide, and all were stunned.

Master of Hell Gate!

A terrible figure who has been up and down in the country!

Unexpectedly, he would appear here.

"My God, that **** would come here?" Duguxie said in shock.

Duguxie knew the hatred between the Cthulhu and the master of the gate of hell, so when the Cthulhu said that, the Duguxie in front of him was completely shocked.

According to their previous hatred, the gate of **** would never let go of the evil god, but did not expect that this time the evil **** was only slightly injured and not dead? This really made Duguxie's heart pounding.

"Big brother, that bastard... come here... what the **** do you want?" the ghost servant in front of him asked in surprise.

Cthulhu gritted his teeth and said angrily: "He came for the heavens."

"what?"

"For the young master," the brothers in front of them screamed immediately.

Just listen to Cthulhu: "Yes."

"Why is that **** looking for Young Master?" Du Guxie asked inexplicably.

"Because Tian'er has the Heavenly Book Pill scroll among the three ancient relics in his hands, this **** wants to find Tian'er...to capture the Heavenly Book Pill scroll." The Cthulhu said angrily.

After listening to Duguxie and his brothers, they all became angry.

"Damn **** gate master... it turned out to be for Brother Tian's Heavenly Book Pill scroll."

Cthulhu said: "That bastard, now is not what he used to be... He has already practiced the magic skills in the masterpiece of the Demon Sect."

"The Demon Sect Code, I once heard my master talk about it is a rare and peerless magic skill, it is extremely terrifying, few people in the world dare to practice, what I didn't expect is that the **** **** has now successfully practiced. "The Cthulhu clenched his fists tightly, as if blood was dripping out of his eyes, he said angrily.

Chapter 2409: Jue Tianya

"Big Brother, is it terrifying what Demon Sect Code that **** has now practiced?" Duguxie looked at Cthulhu Dao.

Cthulhu shook his head and said, "Actually I don't know."

"I just heard my master mention it once that year, and since then, he has never mentioned it again... Regarding the true power of the demon sect, I actually don't really understand it, but I'm sure, it's absolutely It is an extremely powerful domineering skill." The evil **** said with a blink of an eye.

Listening to what the evil **** said, the brothers were not only worried.

"Brother, don't worry, that **** won't find Young Master." said Duguxie in front of him.

Yes, where is Li Tian? The Cthulhu and Duguxie in front of them are ignorant, so how can the master of the gate of **** know?

Listening to Duguxie saying so, but seeing the evil **** smiled bitterly.

"I am most worried about this now."

When the Cthulhu said this, the brothers suddenly puzzled.

Looking at the Cthulhu Road, he said, "Why?"

"Because the cruel guy said, if we don't tell Tian'er's whereabouts, this ***** will kill you all in one week." Cthulhu said.

what?

Kill everyone?

After hearing what Cthulhu said, the brothers were all stunned and stunned.

They all knew the skill of the master of the ***** gate.

At the beginning, the master of the gate of ***** was already extremely powerful when he did not cultivate the Demon Sect Code. Now that the Demon Sect Code has been trained, I am afraid that the brothers in front of him are no longer opponents.

Thinking of all this, the brothers were not only numb with their scalps.

"Brother, we are not afraid."

"Yes, Senior Cthulhu, we are not afraid of death, as long as we can protect Brother Tian, even if we die, it doesn't matter." But seeing Du Guxie and the brothers are all talking about righteousness.

Hearing what they said, Cthulhu showed a relieved expression.

Looking at them, he said: "Your friendship with Tian'er, my evil ***** has recorded it at this moment."

"But I definitely can't let you hurt." The evil ***** suddenly said again.

After the Cthulhu said this, the brothers looked at the Cthulhu Dao in doubt and said, "Senior Cthulhu, what are you going to do?"

But seeing the evil ***** looking at the dim sky outside the window, said: "Now, I can only find my master quickly. The current situation may only be restored by my master and his elders."

Promise old man!

Hearing what the evil ***** said, the brothers fell silent slightly.

The vast sea of people, but where to find the ethereal Wuji old man?

The sky is outside the sky, the earth is outside the earth.

Juetianya is popularly known as "China's First Cliff".

The reason why he is called "Jie Tianya" is not only because his terrain soars into the sky, but also because of the dangerous terrain of this Jie Tianya. For so many years, no climber has ever been able to climb this "Jie Tianya" peak.

Jue Tianya is surrounded by a deep ten thousand zhang canyon, extremely dangerous, surrounded by barren mountains and dense forests, and occasionally I can hear wild beasts roaring in that dense forest.

Just on the top of such a dangerous "First Cliff in the World", a "weird croak" suddenly burst out.

The sound was like the singing of a bird, and it was also like the singing of an eagle...With that weird sound, I saw a terrifying and huge black giant eagle flying from the side of Jue Tianya.

This black giant eagle looked at it, but it was not more than two meters long, and when its two wings were unfolded, it was even more terrifying.

Like a small fighter! !

No one thought that such a huge "black eagle" would appear near this "Jue Tian Ya".

Look carefully, on the black giant eagle, there is a gray robe figure standing, the gray robe figure has scattered white hair, flying from the sky like a **** on the nine heavens.

His body stood on the black giant eagle, and then flew towards the top of Juetianya.

Clouds and mists were lingering, the giant eagle passed through the layers of clouds, and then continued to whirl towards the "End of the World".

The flying speed of the giant eagle was surprisingly fast, and the giant eagle of "Jue Tian Ya" so high turned up in an instant.

A weird cry of "Qua"!

The black giant eagle in between has dragged the gray-robed old man on his body to the top position of Jue Tian Ya.

But at the very top of "End of the World", weeds are desolate and withered trees stand.

Except for broken stones and a thousand-year-old pine tree, there was nothing else around.

But after seeing the giant eagle dragging the "grey-robed old man" to reach the top of "Juetianya", the gray-robed old man's figure shook slightly, and then he flew down from the giant eagle, and his feet lightly stepped on Above the End of the World.

After he fell, looking at his figure carefully, it was astonished that it was the old man Wuji.

No one thought that the old man Wuji would appear here! ! !

After the old man Wuji flew down from the giant sculpture, he squinted Long Jiong's eyes, then glanced at the barren and broken stones around him, and suddenly muttered, "Brother, I'm here."

A word came out slightly from the old man Wuji's mouth.

His voice pierced through Jiu Xiao, and it echoed slightly over the entire "Jue Tian Ya" for a long time.

At the moment when the voice of the "old man Wuji" sounded, suddenly a strange laugh came from all directions.

"Junior brother...have been absent for a hundred years, how are you?" A strange voice came from all around.

It seemed that the weird sound came from all directions.

After hearing the weird voice, Old Man Wuji reached out his hand and touched the gray beard on his chin and said slightly, "It's okay, it's okay."

"Brother, it's been gone for hundreds of years...Why don't you show up to meet?" The old man Wuji said slightly.

When the old man Wuji said this sentence, the weird voice suddenly came from all directions again.

"Junior Brother, I'm afraid that if I show up, you won't recognize me...hehe." A gloomy voice sounded.

The old man Wuji smiled slightly and said, "Senior brother laughed. You and I are in the same class. How could I not know you, brother? Please show your real body quickly."

The weird voice suddenly said, "Okay!"

"Since Junior Brother you want to see me so much, then I will come out."

The moment the weird voice finished speaking, suddenly amidst a pile of rocks ten meters in front of the old man Wuji, it suddenly cracked and cracked.

Then I saw the broken stones rolling down from above. After rolling down, I saw a human body appearing in front of the old man Wuji.

Chapter 2410: Heartache

The moment the human body appeared, the old man Wuji screamed out in surprise throughout his life.

"Brother...you...your...body?" A loud shout came out from the mouth of the old man Wuji.

Look carefully, but where is the body still?

It's simply horrible! ! !

A black body appeared in the eyes of the old man Wuji, but he saw that the thin ghost-like body was hooked on his chest bone by two iron hooks...Then the other end of the iron hook was embedded in the endless Among the rocks.

Both hands were broken at wrists!

Look at his two legs again? Qi Qi's was also cut off... only the thigh was left!

He was hooked there by the iron hook like a monster who was alive.

He has a few strands of white hair on his head, and the two eyes sunken in his eye sockets have faded and become dull.

He is Kui!

The first person in the magic way "Kui".

No one would have imagined that the first person who shocked the world would become like this, with both hands and feet cut off, and even his body was penetrated with an iron hook.

I can't believe how "Kui" can live until now! ! !

When the old man Wuji saw "Kui", he was stunned.

"Master...senior brother...you...you...how did you become like this? Who...who...harmd you?" The old man Wuji hissed suddenly.

Although it is said that these two peerless old men practiced the way of God and the way of magic, but they are brothers after all! When the old man Wuji saw the torment of Kui, his heart was like a knife cut! Stayed completely.

Even the old man Wuji never thought that "Kui," who had disappeared for hundreds of years, would suffer such a torment.

After the old man Wuji asked, but seeing the hands and legs of "Kui" whose hands and legs had been cut off alive, a bitter smile appeared on the corners of his dry mouth.

In his dilapidated eyes, there was already a light of desperate death.

"Junior Brother... don't want to pursue it!"

"Everything is God's will... Everything is God's will!" Kui said with a wry smile.

Although his face was smiling, his voice was a hundred times worse than crying.

The old man Wuji suddenly flashed his body and reached the "Kui" side.

"No, no, I want to save you! Brother...you bear it, I'll save you." The old man Wuji said angrily with red eyes.

Then both hands stretched out, ready to cut off the iron hook that hooked on Kui's body.

Just when the old man Wuji was about to do this, Kui suddenly said, "Junior Brother, don't do this... if you do, it will only make me die faster."

When the old man Wuji heard this, he stayed there with his hands, looked at the "Kui" in front of him, and asked puzzledly: "Why? Why?"

"Because my physical body is completely useless! These two iron hooks wear my lungs and heart... If you move these two iron hooks, I might die immediately. If you don't move, I can still use a trace of true energy to protect my heart and barely support my life." Kui muttered painfully.

Listening to Kui saying this all of a sudden, the body of the old man Wuji trembled slightly.

"Brother..." The old man Wuji called out.

"Unexpectedly, I haven't seen you for hundreds of years, brother...senior brother...you actually suffered such a torment." The old man Wuji said in pain.

"Kui" smiled faintly: "Our master warned me very early, very early in the year... that I will not end well in this life... It seems that the master and his elders really expected everything. ,Hey!!!"

"I wanted to go against the sky, helpless, it is hard to violate God's will, hard to violate." Kui's voice was full of resentment and regret.

"Brother, tell me, is it the **** who killed you?"

"The world is so big, who can harm you?" The old man Wuji asked bitterly.

At the same time, there are too many puzzles in his heart!

He really didn't know who caused the "Kui d" in front of him to harm him... You must know that "Kui"'s magic skills, under the heaven and earth, absolutely no one can hurt him.

But now?

He was killed like this? And the person who harmed him was clearly torturing him in pain! He was clearly able to kill Kui, but he hooked Kui's body with two iron hooks. This clearly meant Kui's painful death!

who is it?

Who is so vicious? So cruel?

But Jiankui raised his death-like eyes slightly after hearing the question of the old man Wuji, and said, "Do you really want to know the truth?"

The old man Wuji said: "Yes! Tell me, brother, I will avenge you."

Kui in front of him suddenly smiled weirdly.

"revenge....."

"No... Junior Brother, anyone in the world can repay my hatred! Only you can't repay..." Kui said.

The old Wuji in front of him was depressed when he heard it.

"Why?" The old man Wuji asked in surprise.

But seeing Kui, suddenly his mouth moved... He tried to say, but he didn't say it. There was a hesitant look in his eyes.

Finally, after he hesitated for a long time, he finally spoke.

"Yes...yes...your son!"

A word came out of Kui's mouth.

The son of the old man Wuji?

The master of the gate of hell?

The moment Kui's words were spoken in front of him, the old Wuji's body suddenly trembled.

"what?"

"Yes...yes...that wicked son?"

"It's him... it's him... that bastard?" The old Wuji in front of him said unbelievably.

Then after his body trembled a few times, he suddenly uttered a "wow", and a puff of blood spewed out of the old man Wuji's mouth, and his body trembled violently at this moment.

After seeing the old man Wuji vomiting blood, the giant eagle beside him screamed, and then stretched out a huge wing to block the shaky body of the old man Wuji.

Looking at the painful appearance of the old man Wuji, he sighed deeply: "Hey, I said earlier, don't tell you, but you want to know the truth!"

"Now my heart hurts?"

The murmured voice reached the old man Wuji's ears.

The old man Wuji wiped the blood from the corner of his mouth slightly, and then slightly compressed the blood floating in his chest.

"Brother...I'm sorry...you!"

"I never thought that the evil man would be so cruel...he would do such a damaging thing." The old man Wuji stood there and said in a painful voice.

Kui smiled bitterly in front of him: "This is not to blame you, this is my life, I deserve it."
