

A Killer 2411

Chapter 2411: Get rid of him

"Brother, you don't have to say that... it's me who is not good, it's me who teaches the son to teach this kind of sinner." The old man Wuji said with great pain.

But seeing Na Kui said: "I said, it has nothing to do with you!"

"All this is my fault!"

Listening to Kui's words, the old man Wuji did not speak any more.

Just listen to Kui said: "Wuji, you and me brothers... The reason why I sent you to come here... only because... only because... I want to tell you the truth about everything before I die!"

"The truth?" The old man Wuji looked at Na Kui in surprise and asked.

But Jian Kui nodded there and said: "Yes, the truth of everything!"

"Okay, brother, just tell me." The old man Wuji looked at that Kui.

Kui silently lifted his bald head, looked at the gray sky, suddenly a bitter smile appeared at the corner of his mouth, and then said: "Wuji, in fact, for so many years... I have been jealous of you and hate you. !"

"I'm jealous, Master and his elders treat you well... I hate that you have become the object of admiration in the world, but I have become the person who is afraid of people in the world."

When Wuji heard Kui say this, he smiled miserably, and said, "Actually, I know everything."

Kui said: "I also understand that you knew it a long time ago."

"But you have been tolerating me... forbearing me... hey!"

"For so many years...actually, I have been teaching your son's skills in secret." A word suddenly came out of Na Kui's mouth.

After Kui said so, the old man Wuji in front of him was stunned.

what?

"You teach him?"

It turned out that the master of the gate of **** was driven out of Tianshan by the old man Wuji before he was twenty! At that time, the master of the gate of **** was very vicious and vicious. After seeing the nature of his son, the old man Wuji made up his mind to never teach his son's magic skills again and let him live and die on his own. The old man Wuji once said, I There is no such wicked child in this life! Since then, the master of the gate of **** has never been back to Tianshan, nor has he seen the old man Wuji...

But I didn't expect that the master of the gate of **** would meet "Kui" by chance!

At this moment, Kui Zai recalled: "Junior Brother, when you drove him away in anger, I took him in and taught him magic skills."

"Since then, he has started to cover his face with black cloth. He said that in this life he will no longer let people see his true face, because his true face is gone from now on." Kui said.

Listening to "Kui" saying so, the old man Wuji was shocked there.

He always thought that his brother Kui was a hermit, but he didn't expect that he would teach that "evil son".

"Brother...you...you...why do you want to teach that evil man?" the old man Wuji asked inexplicably.

"Don't you know how cruel his nature is?"

Listening to the words of the old man Wuji, Na Kui also fell into deep self-blame.

"Junior Brother, it's me!"

"I was only jealous of you... I was jealous that you took the kid from Father Li Kua... Hey!" Kui said.

It turned out that "Kui" saw that the evil ***** was famous all over the world, and he was still the disciple of the old man Wuji, so he became jealous. He thought that since the old man Wuji could teach an invincible figure in the world, he could teach him too. Come out one! Therefore, he taught that ***** gate master "magic skill."

Hearing the "Kui" in front of him finally told the truth, the old man Wuji in front of him was completely shocked.

He never thought that everything was like this.

"Brother, you are wrong, you are doing wrong," said the old man Wuji.

But seeing that "Kui" eyes showed endless sadness and regret, but now regret is completely useless.

"Hey, I was wrong, I was wrong from the beginning."

"Since I saw that little doll named Li, I knew I was so wrong. I taught your son that I only wanted to deal with the evil god. I didn't expect that he would be so cruel and brutal, and would enslave the world's masters. Destroy the Li family."

"I want to stop him, but unfortunately, I can't stop it." Kui Zai in front of him said with guilt.

After hearing "Kui", the old man Wuji murmured and asked: "Then what you are like now...why is it?"

"My wicked son...how could I harm you like this?"

"Brother, with your peerless skill, even if you teach me all the martial arts, he can't hurt you like this? Tell me, what is going on?" the evil ***** in front of him asked.

At the moment when he saw "Kui"'s hands and feet all cut off, the old man Wuji was completely stunned.

He couldn't understand how his brother "Kui" could be hurt like this!

You must know that "Kui"'s skill is at the peak level, even a bit higher than the old man Wuji! Unfortunately, how could he be injured so badly?

After hearing the old Wuji question in front of him, Kui suddenly laughed bitterly.

"Hey! I take the blame for everything!"

"Some time ago, I wanted to persuade him to stop killing. Who knows that the treacherous guy actually gave me poison... He used poison to numb my nerves, and then took advantage of the mechanism to stop me, then, He cut off my hands and feet... and finally threw me here." "Kui" said that with a bitter expression in his eyes.

Listening to "Kui" saying this, the old man Wuji in front of him is extremely angry.

He hated his "evil son" hated him for being so vicious and cruel.

"This wicked man, I really should have killed him myself." The old man Wuji said angrily.

The "Kui" in front of him said slightly: "Junior Brother, it's useless to say anything now... That guy has already stolen my Demon Sect Scriptures, and during the retreat phase, he must have cultivated into Dragon Elephant Magic".

When the "Kui" in front of him suddenly said this, the old man Wuji almost jumped up in shock.

"what?"

"Brother, what are you talking about? You said that the rebellious son actually cultivated your great Prajna Longxiang magic?" The old man Wuji looked at the senior "Kui" in disbelief.

But seeing Kui smiled bitterly, nodded there and said: "Yes."

"He has practiced the Demon Sect Code."

"Junior Brother, in the world, only you can control him now... I hope you, for the common people, for the whole arena, must get rid of him." Kui Zai said in front of him.

Kui is now the end of the battle.

The reason why he can live now is all because he is protecting his heart with his whole body of qi, and once his qi is exhausted, he will inevitably die.

Chapter 2412: Three Tribulations of Blood Fiend

After the old man Wuji heard the weak voice of "Kui", the old man Wuji nodded and said: "Brother, don't worry, from today, I will start to trace the whereabouts of the **** gangster. I promise you that I will personally slaughter this rebellious son so that he will no longer harm people."

After hearing what Old Man Wuji said, the "Kui" finally blinked slightly and said: "Junior Brother, I have already said everything..."

"Perhaps, today this is the last time you and my old guys have met." Kui said this suddenly, with a very bitter smile on his mouth.

The old man Wuji in front of him also stood there sadly after hearing the words "Kui".

He didn't say too much comforting words. For the "old monsters" who have lived for hundreds of years, death may not be a terrible thing. Moreover, the old man Wuji and "Kui" are by no means fools. I saw " After Kui was so seriously injured, everyone knew that it could not be saved anyway.

So the old man Wuji didn't talk too much nonsense.

"My whole life, I didn't expect to end up like this, hehe, it's really self-inflicted, you can't live!" Kui suddenly laughed at the gray sky.

After hearing the words "Kui", the old man in front of Wuji felt very uncomfortable in his heart. Thinking of the scene when he and Kui were worshiping at the gate of longevity at the same time hundreds of years ago, not only a lot of waves appeared in his heart.

"Senior brother... don't worry, after you leave, I will definitely come to accompany you soon." The old man Wuji suddenly muttered there.

What hasn't the old man Wuji experienced in the centuries of mundane world?

If he hadn't had a few things to do with him now, he would have already lived in seclusion in the mountains, and would no longer bother with the world.

After hearing what Old Man Wuji said, Kui smiled bitterly and said nothing.

But seeing the old man Wuji looking at the "Kui", suddenly he remembered something.

"Brother, in the last few minutes, I have a question I want to ask you..." I just listened to the old man Wuji suddenly asking.

Kui, said: "Let's talk about it, what's the matter?"

"Brother, I want to ask, the secret of the fate of the evil star... and the secret of the blood evil robbery!!" The old man Wuji suddenly asked.

After the old man Wuji asked, the "Kui" in front of him was not only taken aback.

"Why are you asking this?" Kui in front of him looked at the old man Wuji curiously.

The old man Wuji smiled slightly and said: "Brother, maybe you don't know it? The little baby named Li has already transformed... I have seen the vision of the sky, and I have seen that the baby is the rumored blood evil star."

After the old man Wuji said so, the "Kui" in front of him was not only shocked.

"what?"

"That little baby surnamed Li is the life of the blood evil?" Kui said in shock.

The old man Wuji nodded and said, "Yes!"

"At first, I didn't think that the blood evil star really existed in the world, but when I was observing the sky that day, I saw the red light of blood evil shining on the sky. Only then did I know that the little baby is really blood evil. Star." The old man Wuji said all the things before.

After hearing "Kui", suddenly the whole person was stunned.

I saw him there with a strange expression, silent, and no one knew what had happened.

The old man Wuji looked at Na Kui and asked, "Brother, I know you have a deep understanding of the blood evil demon star...Please tell me, how exactly should that little baby's blood evil three calamities break?"

Three Tribulations of Blood Fiend?

Could it be that Li Tian's old man Baihu said on the top of Tianshan Mountain: Three Tribulations?

After hearing what the old man Wuji said, Kui was silent for a long time. After a long silence, he murmured and said, "This Blood Fiend cannot be broken by the Three Calamities! It can't be broken at all!"

Hearing "Kui" said this all of a sudden, the old man Wuji in front of him suddenly felt a bit of a heartache, and it was cold.

I saw Kui raising his eyes, looking at the endless sky, and muttering in his mouth: "The three calamities of the blood evil, the first calamity, is death, the second calamity, the death of the flesh, the third calamity... It is the ultimate calamity. Legend has it that the third calamity will fall into the void."

As the "Kui" said so all of a sudden, the old man Wuji stayed there all of a sudden.

"Brother, what is falling into the void?" The old man Wuji asked inexplicably.

Kui shook his head and said, "I actually don't know that this has fallen into the void! I only know that these words were what Master told me back then."

Their master?

The founder of the Changshengmen? It is said that their master has become immortal and ascended, and these rumors are not true or false.

After hearing what Ku said in front of him, the old man Wuji stayed there in a daze.

"Hey, is it really impossible for that little baby to escape death?" The old man Wuji sighed there.

Kui said: "Junior Brother, don't worry anymore."

"There is a destiny in the dark...His fate, maybe God has already been doomed, you and I still don't have to worry about him."

Hearing what the old man Wuji said, the old man Wuji before him thought for a while, and said, "Yes, manpower can't resist the destiny!"

"Although some people have always wanted to go against the sky, but after all? Isn't it turned into ashes and dust to return to the loess....." Wuji said.

Kui smiled lightly, without saying too much.

The old man Wuji looked at that Kui: "Brother, the last thing, do you know the secret of the top of the Tianshan restricted area?"

When Kui heard this, his face suddenly changed: "Why are you asking this suddenly?"

The old man Wuji said: "Because this is our biggest secret in China for thousands of years."

"I want to know what secrets are hidden on the top of the mountain restricted area that day." The old man Wuji continued.

Kui said: "Don't waste your energy...No one can enter the restricted area."

The old man Wuji said, "Why?"

Kui said coldly: "No why!"

"Because there are four ancient demon...no one can beat them." Kui said coldly in front of him.

When the old man Wuji heard Kui say this, he suddenly laughed.

"Brother, it seems that you have been to the top of the Tianshan Forbidden Area?" The old man Wuji said with a smile.

But seeing Kui, said: "Well, you guessed it right, I did go."

"Brother, could it be that I didn't break through the four ancient demon formations back then?" The old man Wuji asked curiously.

When the old man Wuji said this, Kui was startled slightly, and then he laughed.

"It seems that Junior Brother is the same as me. He has also been to the legendary restricted area." Kui said.

The old man Wuji faintly smiled and said, "Senior brother is right, I have indeed been there too...Hey, it seems that neither of our senior brothers can pass through the restricted area."

Chapter 2413: The death of a demon (5th

"The secret of the ancient millennium, how can no one can solve it? Hey, I am really puzzled." The old Wuji sighed there.

Kui also shook his head helplessly and said, "I don't know this either."

"Brother, when you broke through the gate of the Tianshan Forbidden Zone, did you feel that the four great demons were weird?" The old man Wuji suddenly said.

After hearing what the old man Wuji said, Kui was startled slightly: "Weird? I didn't pay attention..."

"Brother, it is true that when I broke through the gate of the restricted zone, the kung fu used by the four great demons did not look like our ancient martial arts, they looked like a different kind of magic."

"It's a pity that after I went in, I was forced to retreat by the four great demons with magical powers before I reached the fifty moves. I'm really ashamed, ashamed." The old man Wuji murmured there.

Fifty strokes?

Oh my God, can't even handle fifty moves?

When the Kui in front of him heard what Old Man Wuji said, he suddenly laughed bitterly.

"Senior brother, you may not know, brother, I went in and didn't catch the four great demons with a hundred tricks..." Kui also said ashamed.

Listening to Kui's words, the old man Wuji in front of him was also depressed.

He didn't expect that even his senior "Kui" would not be able to catch the four great devils with all the skills.

"Junior Brother, after hearing what you said, I remembered... Back then, I also noticed that the skills of the four great demons were a bit strange... I just didn't think much about it. Now that you say this, I feel it. "Qui Road in front of him.

The old man Wuji murmured: "I really don't know, what era are those four old monsters who will guard the top of the Tianshan restricted area."

Kui also murmured: "Yes, the top of the Tianshan Forbidden Area seems to have appeared before us."

"En." The old man Wuji nodded.

The two peerless old men in front of them stopped talking, and both went silent.

They were thinking in their hearts, what kind of monsters the four great demons on the top of the mountain that day were actually guarding there.

Just when the two of them were thinking like that, suddenly the "kui" coughing coughing violently.

Accompanied by his cough, suddenly, black blood was coughed out from his mouth...

"Brother..."

Seeing Nakui coughing like this, the old man Wuji in front of him hurriedly said with concern.

But seeing Nakui said: "My time is running out."

"Brother, let me help you luck!"

The words were spoken, but seeing the right hand of the Wuji old man raised his hand, a vast qi came out of his palm, and then rushed into the "Kui" body.

After bursts of powerful qi entered the "Kui" body, although Kui no longer coughed, the blood on the corners of his mouth still couldn't help flowing out.

When the old man Wuji began to input vast infuriating energy into the whole body of Kui, but when he saw that Kui suddenly said, "Brother, don't waste your innocent energy."

"My body is completely necrotic...Even if you put the whole body of qi into my body, it will only be a waste!"

Kuiyouyou's weak voice came out of his mouth.

After speaking out, the old man Wuji suddenly sighed!

He seemed to understand something... He only slightly retracted his right hand! The vast infuriating energy that was originally entered into the body of "Kui" was slowly withdrawn at this time!

It seems that the old man Wuji knew that "Kui" words were true.

Kui's body is indeed completely necrotic... Now even with any kind of qi, it is difficult to cure it again!

Therefore, the Wuji old man in front of him can only withdraw his right hand.

At the moment of taking it back, he only heard a deep sigh, looking at the "Kui" and said:

"Brother..."

Kui gave a bitter smile, shook his head, and more and more black blood came out from the corners of his mouth.

"Junior Brother...you go..." Suddenly a word came out of the "Kui" mouth.

After "Kui" suddenly said such a sentence, the old man Wuji was stunned.

"Brother, why do you want me to go?" The old man Wuji looked at that "Kui" in disbelief.

"In the world, you will be my only relatives...Can't you let me walk with you for the last few minutes?" The old man Wuji looked at Kui.

Yes.

Both of them are old people who have lived for hundreds of years!

Now, the years have changed, and the dust is so great. All the damned ones are gone, and the **** ones are dead... Now only them are left. Except for the old man Wuji, there must be no "Kui" in this world. Loved ones!

Why does he still want the old man Wuji to leave him at this moment?

But seeing that "Kui" heard the old man Wuji say this, suddenly laughed weirdly.

His laughter was worse than crying, and it echoed all over Juetianya.

"Brother, don't you understand your senior brother and my nature? I am arrogant and arrogant in my life. Before I die, I don't want you to see my last misery.

"Junior brother, thank you for not remembering your enemies... Thank you for visiting me from all the way!"

"Let's go... I want to spend the last few minutes in this Juetianya alone." Kui's voice sounded leisurely.

As he said this, black blood was constantly flowing out of his mouth.

After the old man Wuji heard the last words of "Kui", he said nothing.

The meaning of "Kui", the old man Wuji couldn't understand most.

Therefore, he glanced at that "Kui" silently.

"Brother...I listen to you."

A word came out of the old man Wuji's mouth like this. After speaking, he saw the old man Wuji turn around lonely, and then stopped looking at that "Kui".

"Brother, I...I...go away..."

When the words were spoken, his figure suddenly flashed, flying towards the body of the black giant eagle.

With a whistle, the body of the old man Wuji had fallen on the black giant eagle, and the black giant eagle whispered "croak, quack, quack"...

"Get up!" The old man Wuji finally spit out a word from his mouth.

Then the giant eagle's two huge wings moved at this moment... and flew towards the abyss below Juetianya.

What about "Kui"?

After watching the Wuji old man in front of him leave, his entire face suddenly became hideous, and then he looked up at the sky and laughed wildly.

The howl sound pierced Jiu Xiao...

boom! ! !

There was an explosion, and immediately after seeing the top of Juetianya, it burst open.

The shattered boulder rolled down from that Juetianya, and the whole body of "Kui" exploded!

This centuries-old leader of the Demon Road did not expect that in the last few minutes of his life, he chose a vigorous death method.

With a booming explosion behind, the old Wuji who had flown far away slowly turned his head from the giant eagle, looking at the billowing smoke of Jue Tianya, suddenly his old eyes were slightly moist!

Then he turned his head and drove the giant eagle, flying towards the endless sky.

Chapter 2414: Hell Gate Danger (No. 6

The gate of hell!

Occupy the most dangerous position in Hulong Mountain. .

Around him are countless deserted mountains and ridges, and on the most side, there is an unnamed deserted mound.

The nameless barren tomb is not known for its age and generation. At this moment, there are countless endless barren tombs inside. The cold wind blows through, and this nameless barren tomb gives people a gloomy feeling.

And the most horrifying "Hell Gate" in the arena is here now.

The gate of the gate of **** is a bronze gate, more than one foot high and 2 meters wide.

At the gate of the **** gate, two disciples of **** wearing black cloaks were guarded one after the other.

These guys have cold faces, covering their entire faces with a black veil. No one knows what role they are on the rivers and lakes.

The masked guy on the left is slightly taller and sturdy, standing there with a curved blade in his hand.

"Lao Zhou, when will the sect master come back?" Suddenly a word came out of his mouth.

When he asked, those venomous eyes looked at another disciple of **** who was covered by him.

The guy called Lao Zhou had thick black hair and very small eyes. He squinted and gave a very gloomy feeling when he looked at people.

After hearing the words of his companions around him, he suddenly raised his gloomy eyes and said, "This...I am afraid that no one but our sect master knows."

"Hey, the master is mysterious and unpredictable. It seems we can only wait."

"By the way, Lao Zhou, I heard that the old man captured by the sect master last time... is the commander-in-chief of the North China Field Military Region, right?" Suddenly the tall and burly fellow continued to speak out.

After hearing him say this, Lao Zhou gave a grimace and said, "Yes, that guy is indeed the commander-in-chief of the North China Field Army."

"Hey, why should our sect master arrest the commander-in-chief of a military region?"

"We don't seem to be opposing the military." The burly masked man beside him said in surprise.

Lao Zhou in front of him suddenly sneered after hearing what he said.

"No, you are wrong!"

"Do you know who is the commander-in-chief of the North China Field Military Region?" The old man in front of him sneered with his vicious eyes.

The burly and tall disciple of Hell shook his head and said, "I don't know."

"Well, let me tell you."

"Cthulhu, you always know, right?" Lao Zhou suddenly said.

When hearing the word Cthulhu, the tall and burly disciple of **** was taken aback.

"Cthulhu? Of course I know..." he said in surprise.

"He is our worst enemy at the gate of hell." The guy who covered his face with the black cloth added another sentence.

Listening to what he said, that old Zhou sneered.

"Since we know that Cthulhu is our **** gate's greatest enemy, then we should understand why our sect master arrested the commander-in-chief of the North China Field Army. I tell you, because the commander-in-chief of the North China Field Army is the father-in-law of the Cthulhu." Zhou said in that sinister way.

what?

When the masked disciple of **** heard what Old Zhou said, he immediately screamed.

"Oh my God? Really? The commander-in-chief... is the old wife of the evil god...?" he cried.

"nonsense!"

"If it weren't for the old wife of the evil god, would our sect master arrest the commander-in-chief of a military area? When have you seen our **** gate confront the military?" Old Zhou said in front of him.

After listening to his analysis, the burly and tall disciple of Hell stayed there right now.

"Oh my god, could everything be true?"

"The commander-in-chief we caught is really the old man of the evil god..."

"My dear, now I finally understand everything." He murmured there.

Lao Zhou didn't speak any more, holding a transparent "Ghost Knife" in both arms, and then with a sneer at the corner of his mouth, he leaned against the gate of the **** gate.

The two of them are the gatekeepers of the gates of hell!

While the two guys were chatting here, a "weird" neigh suddenly came out in the surrounding barren jungle.

The voice was hoarse and unpleasant, like a bird calling, but also like an eagle calling.

As soon as they heard that weird cry, the two disciples of **** who guarded the gate, all became cautious.

"what sound?"

"Lao Zhou, did you hear it?" The tall disciple of Hell looked at Lao Zhou while holding the sharp blade tightly in his hand.

But what about Lao Zhou? At this moment, he didn't have the idle expression just now, and slowly stretched out his right hand to hold his ghost knife, then raised his gloomy eyes and looked around and said: "I heard it."

"There seems to be movement around!" Suddenly a sentence came out of Lao Zhou's mouth again.

When he said this, the tall and burly disciple of **** suddenly turned his head and glanced at him.

"be careful!"

"I feel as if someone is near us!" Lao Zhou said coldly after he had made all the preparations.

The burly disciple of the door of **** said, "Could there be anyone still rushing through our door of hell?"

The two people looked around cautiously at this moment.

A cold wind suddenly blew over, shocking both of them.

"You go to the barren forest in front to check... to see what's going on?" Suddenly, Lao Zhou said to the burly disciple of Hell beside him.

After the tall disciple of Hell heard what he said, there was a slight hesitation in his expression, but in the end he said, "Okay!"

After speaking, he tightly held the sharp blade in his hand and walked towards the deserted dense forest in front.

As he walked toward the deserted jungle step by step, he felt an invisible energy permeating around him.

That vigor carries a strong murderous aura!

Just when he felt a strong murderous aura, a "neigh" suddenly came from the place in front of him.

This tall disciple of Hell was shocked and screamed...

Before the whole person realized what was going on, only a huge black giant eagle flew down from the sky.

The terrifying giant eagle was so huge that it reached the speed of a sharp arrow at the moment it fell from the sky.

"Quah, quack, quack"

The giant eagle's eyes widened, and suddenly rushed towards the disciple of hell.

Like a sharp arrow out of mystery!

When the disciple of ***** saw such a terrifying giant eagle, he was stunned.

Then he shouted "Ah" and ran away...

My God, why is there such a big vulture suddenly appeared here?

Chapter 2415: Bloodbath Hell Gate (7th

This guy wants to run?

But can he escape that terrifying giant vulture?

The moment the giant eagle flew over, a huge wing suddenly rolled towards the disciple of hell!

The disciple of the ***** disciple looked back and didn't see what was going on. His body was suddenly curled up by the wings of the giant eagle.

With a plop, his body fell heavily from mid-air, and then fell to the ground in pain.

"help me....."

"Old Zhou... Save me..."

This guy was so frightened that his face seemed to be broken at this moment. He crawled forward while looking at his companion Lao Zhou at the door of hell, calling for help.

But what about Lao Zhou? When he saw that huge black eagle appeared, he was also stunned for an instant.

What is even more surprising is that on the black giant eagle, at this moment there is a gray-robed old man standing.

The gray-robed old man was full of murderous aura, and his silver-white hair fluttered in the wind. He looked like a ***** in the mountains and forests.

Promise old man!

No one thought that this person turned out to be the old man Wuji, and his mount giant eagle!

It turned out that after seeing the death of "Kui", the old man Wuji suddenly had a murderous intent in his heart. He wanted to get rid of his sins, and he wanted to kill him. For hundreds of years, the old man Wuji hadn't even thought about it. The matter of the arena, now, he is finally going to be born, not for anything else, just to kill his own evil son

I saw the giant eagle watching the disciple of the ***** gate crawling hard towards the front, suddenly neighed, a paw lifted up, and suddenly grabbed the back of the disciple of the ***** gate, and then slammed it hard... With a sound, the body of the ***** disciple was thrown away, and then slammed into the rock wall.

With a bang, because the strength of the giant sculpture was so great, the head of the disciple of **** smashed to the stone wall... and then his head broke and died.

After seeing that he had fallen to death the disciple of hell, the giant vulture not only yelled, quack, quack.

But what about the other Lao Zhou who guards the gate of hell?

At this moment, I saw my companion, who was so easily thrown to death by the giant eagle, I was stunned.

He ran away, and he ran towards the gate of hell.

He is not a fool. Seeing this old man of Promise is coming fiercely, of course he has to go in quickly and ask the master to come out to fight.

And what about the old man Wuji here?

Glancing at the disciple of **** who was thrown to death by the giant eagle, he suddenly couldn't help but sigh slightly.

"Hey, I have been ignoring the mundane affairs of Wuji for more than three hundred years, but I can't imagine that today I will break the precept for my rebellious evil... What a sin, a sin!"

After that, the body of the old man Wuji suddenly flew down from the body of the giant eagle.

Then he looked at the giant eagle next to him, and murmured again: "Xiao Hei, in today's battle, I may bloodbath the gate of hell. I hope you leave here first."

Hearing what the old Wuji said, the giant eagle suddenly yelled a few times, as if talking to the old Wuji.

After hearing the call of the giant eagle, the old man Wuji smiled slightly and said, "Xiao Hei, are you still worried about the old man?"

"Don't worry, you go somewhere else first... After a while, you will come here again."

"Today, the old man is going to break the three-hundred-year-old ring of killing...So, I don't want you to see my hands stained with blood." The old man Wuji murmured.

After hearing the old man Wuji say this again, the giant eagle suddenly called "Quaguagua" and lit his huge head.

As if agreed.

The old man Wuji saw the giant eagle light his head, smiled slightly, and then stretched out an old hand to gently stroke the giant eagle's head...

Then the giant eagle screamed, the huge body soared into the air, and then stretched out the two huge wings, flapping and flying towards the distant sky.

The giant eagle listened very much to the words of the old man Wuji, and he flew away.

Right now, only the old man Wuji stood alone in front of the gate of hell.

A strong murderous intent came from the whole body of the old man Wuji. He looked at the three characters "Hell Gate", and his eyes showed a vicious killing intent!

At this moment, suddenly dozens of figures flew out from the gate of hell.

These dozens of figures are all black masked, holding various weird weapons in their hands.

It is not difficult to see that these people are all masters in the gates of **** from the quick shenfa that flew by them.

It's just that these masters are all covered their faces, and no one can tell who they are.

"It's this old thing... dare to break into our **** gate!"

Suddenly a word came out of Lao Zhou's mouth, and the squinting Lao Zhou was pointing at the Wuji old man at the dozens of **** disciples around him.

Among the dozens of figures, one of them was a weird man wearing a blood-red robe...without a weapon in his hand!

At the moment, standing coldly in front of the master of the gate of hell.

His eyes exude a brilliant light, and his cheekbones are extremely high. This guy is a master of the inner family! And also the leader of this **** gate.

At this moment, after hearing what Lao Zhou said, he suddenly raised his vicious eyes and glanced at the old man Wuji.

"This old gentleman...Where is the expert? How dare to break into our **** gate? Please report your name?" The weird man in a blood-red robe suddenly looked at the Wuji old man and asked.

He is smart!

At the moment he exited the gate of hell, he felt a layer of incomparable strong murderous in the surrounding air, and that murderous aura was undoubtedly transmitted from the body of the old Wuji.

He felt that the old man Wuji was a master of the world, so he didn't dare to be careless at all. At this moment, he just wanted to ask the old man Wuji's identity.

As the emanating weirdo wearing a blood-red robe asked, Old Wuji suddenly walked towards them step by step.

The intangible vigor that radiated from the whole body of the old man Wuji was like a mountain, making the dozens of **** gate masters more and more breathless.

"Hey, old sir...Don't go any further...If you get closer to our **** gate, don't blame us for killing." The emanating weirdo in the blood-red robe saw the old man Wuji walking step by step. When they came, they roared sharply.

The dozens of **** gate masters around him also condensed the energy of the whole body at this moment, ready to take action at any time.

But seeing the old man Wuji didn't pay attention to the weird words of the blood red robe, and just continued to walk towards them step by step.

"The old man only wants to find my wicked son today... the rest of the people will get out of the way... Otherwise, don't blame the old man for breaking the 300-year ring of killing... Don't let the old man wash your **** gates!" It came out from the mouth of the old man Wuji.

Chapter 2416: Two-Yi Qiankun Jue (No. 8)

Bloodbath the gate of hell!

What a tone? How terrible?

The gate of hell, which includes all the masters of the whole arena, is so strong!

And now the old Wuji is going to bloodbath the gate of hell! ! !

Where are the masters of the ***** gate? At the moment when he heard the words of Old Man Wuji, they all stayed for a while.

Oh my God, who is this old man with white hair? How dare to say such arrogant words? Is he impatient? Still really such a great skill.

The weird man in the blood-red robe was not only slightly moved when he heard the old man Wuji say that he would wash the gate of ***** with blood.

He also had an invisible fear in his heart.

However, the current situation is already difficult to ride a tiger. Seeing the old man Wuji approaching the gate of ***** step by step, the emanating weird man in the blood-red robe suddenly couldn't help it anymore.

"Okay! This is what you forced us."

"Go! Kill him."

A stern shout came out from the mouth of the weird man with long blood-red hair.

Then I saw the dozens of ***** gate masters who were already ready to go, suddenly like sharp arrows, they flew towards the Wuji old man.

Each of them held extremely sharp blades in their hands...Everyone showed a fierce look, as if they were preparing to kill the old man Wuji with one blow.

When dozens of figures flew towards the Wuji old man together, the scene was truly magnificent!

What about the old man of Promise?

I didn't even look at the ***** gate masters who flew over.

Suddenly, the energy in his whole body suddenly increased, and at this moment he also uttered four words: "The King Kong is not broken"

boom!

I saw that around the old man Wuji's body, a huge golden energy barrier suddenly enveloped the old man Wuji's body.

After the golden rain cover suddenly enveloped the old man Wuji, dozens of ***** gate masters had already rushed towards the old man Wuji.

The swords in his hands were also cut towards the top of the old man Wuji's head.

Knives, swords, hammers...

All weapons, no matter what they were, were all hacked towards the head of the old man Wuji.

But the old man Wuji didn't even raise his eyes, but calmly stepped forward and walked step by step.

"Bang, bang, bang, bang..."

When all the weapons were cut towards the head of the old man Wuji, suddenly their weapons were completely blocked by the golden protective cover.

The golden protective cover is like a wall! A wall that no one can cross!

All the weapons were blocked by the golden protective shield.

Stunned!

Dozens of **** gate masters couldn't believe their eyes at this moment. Oh my God, with the combined blow of so many masters, they couldn't even get close to the body of the old Wuji.

How horrible?

How terrible?

Even the emanating weirdo who wore a blood-red robe before was not only stunned at that moment, but also speechless.

Then at the moment when all the masters of the **** gate were still in a daze, suddenly the old man Wuji roared, the golden protective cover that was originally in a protective posture suddenly came out with a huge force, banging, golden light With terrible energy, surging toward those dozens of **** gate masters!

Ahhhhh!

The scream of screams suddenly came out from the mouths of the masters of the **** gate.

I saw that golden energy. At the moment when it dispersed outward, all dozens of **** gate masters were shaken out by the terrible energy... Some **** gate masters with slightly weaker martial arts were even more direct. Being shaken alive, Qiqiao bleeds and fell to the ground!

And those masters of **** gate with deep internal strength? He was just flew out, and his face was pale, and a blood surge in his chest... almost vomiting blood.

one strike!

With just one move, all dozens of masters at the gate of **** were repelled!

What about the masters of **** gate? At this moment, all of them are confused.

Holding a sharp weapon in his hand, one by one looked at the old Wuji in front of him in horror...They never dared to be careless anymore, never dared to mess around again.

And look at the old man Wuji?

He still walked towards the gate of **** step by step.

Looking closely, there was a terrible footprint on the hard rocky ground where the old man Wuji walked.

God, what an internal force this is!

"I'll say it again...I don't want to die, get out of the way...Today, the old man is only looking for my wicked man! Whoever blocks, I kill!" The choking and terrifying voice came from the mouth of the Wuji old man.

When the old man Wuji screamed again, the weird man in the blood-red robe roared: "Brothers, we have joined forces today to slaughter this old immortal!"

"We don't believe it, so many of us... can't kill this old thing!"

"Go!"

With a roar, the weird man with blood-red and scattered hair suddenly called out.

Then I saw those masters at the gates of hell, really flying towards the old man Wuji again.

The weapon in his hand also stabbed viciously towards the old man Wuji.

this moment.

The old man Wuji finally couldn't bear the anger in his heart.

At this moment, he finally broke out.

"This is what you forced the old man."

With a roar, the old man Wuji suddenly waved his right hand, and a powerful force burst out of the palm of his hand. With a bang, he was the first to hit a **** gate master who was flying towards him.

With a pop.

The masked **** gate master hadn't felt what was going on, and suddenly his entire body was directly shattered by the extremely powerful energy.

Flesh and blood fly.

Too cruel.

After killing the first disciple of the gate of hell, the hostility of the old man Wuji has become more and more serious.

And those disciples at the gates of **** are still rushing towards the old man Wuji without fear of death... They really are not afraid of death!

The old man Wuji burst out loudly: "Liangyi Qiankun Jue!"

At the moment he burst into mouth, two weird qi, one yin and one yang, suddenly accumulated in his palms.

These two weird qi is the magical skill of his fame: Liangyi Qiankun Art.

I think the reason why Cthulhu was able to dominate the martial arts back then was that he had practiced the old man Wu Ji's Liangyi Qiankun Art and Liangyi True Qi!

However, the moment the Liangyi Qiankun Art was used, the situation changed suddenly, and the terrible energy of one yin and one yang suddenly tore the air and attacked the **** gate masters who were rushing around.

Ahhhhh!

The screams of screams came from the poor masters of the **** gate.

How can they withstand the peerless skill of living in the old man Wuji for hundreds of years? How can you withstand the terrifying power of these two rites?

Along with the miserable screams, the masters of the **** gate who were hit by the Liangyi Qiankun Jue screamed and fell to the ground one by one, then vomited blood and died!

The scene suddenly got out of control.

Dozens of peerless masters of the **** gate screamed one by one...In the entire space, only the terrifying yin and yang energy of the old man of Promise was permeating.

Chapter 2417: Swear to kill the evildoer (9th

Death, echoed in the hearts of all the masters of the **** gate.

This kind of horrible feeling is something that the masters of the gate of **** have never felt before, because all the time, only the people of the gate of **** will bring death and destruction to people.

But at this moment, they did not expect that they would suffer such a disaster.

The killing continued.

Every time the old man Wuji shook his palms, a master of **** gate fell to the ground and died tragically.

The hands of the old man Wuji have been dyed red with blood...The top of the gray robe has been dyed red with blood.

The old man Wuji had already lost his eyes.

For more than three hundred years, for a whole three hundred years, Old Man Wuji had not committed any more murders... Unexpectedly, this time, he would break the precept.

The cruel killing numbs the old man Wuji.

There is only one word in his heart now: kill!

Kill, kill, kill!

More and more **** gate masters have died under his hands.

No one can stop him, and no one can stop him.

Wherever he went, there was a scream of **** gate.

Killed from the outside to the inside, as long as the **** gate master who blocked him, he will kill them all.

The weird man in the blood-red robe, at this moment, after seeing that the old man Wuji had rushed into the gate of the **** gate, he finally couldn't bear it anymore.

With a roar, both palms shot.

I saw his claws were extremely gloomy, and the moment he shot, the Yin Qi was extremely heavy, and Wuying Ghost Claw was fatally caught at the old man Wuji.

"Absolute claws!"

Unexpectedly, this master in a blood-red robe was actually the "cold man" who hijacked Commander Mu.

This "cold-faced man" was also a super master from decades ago, and once he took a shot at this moment, it was really fierce.

I saw that when the "Absolute Yin Claw" accompanied him was grabbed to the old man Wuji, the old man Wuji felt the gloomy vigor coming from his back, and then he shook his body slightly, with his right hand back palm!

An extremely powerful force is approaching the "cold-faced man."

The cold-faced man did not dare to take this old man's move, and quickly stepped back, and after a quick step back, he saw his claws attack again.

Claw moves like electricity!

It was terrible to grab the old man Wuji's door.

But he was wrong this time, because the old man Wuji had determined to kill him.

At the moment when the "Absolute Yin Claw" of the cold-faced man once again grabbed the door of Old Man Wuji, the old man Wuji suddenly twisted his body, and a hand suddenly pointed at the "Absolute Yin Claw" of the cold-faced man. Grab it, and at the same time the energy accumulated in the arm directly shook the cold-faced person's grasp.

The cold-faced man saw the old man Wuji facing him face-to-face, and was immediately shocked, his body hurriedly wanted to hide, but it was too late for everything.

Because the hand of the old man Wuji had grabbed the claws of the cold-faced man.

"Let go!" roared, but saw the terrible Liangyi infuriating from the palm of the old man Wuji.

Then, seeing the claws of the cold-faced man clicked, his entire arm was suddenly broken.

what

A scream came from the cold-faced man's mouth.

Accompanied by his cry of pain, the other hand of Old Wuji suddenly stabbed him in the chest!

With a bang, the old man Wuji's arm penetrated the cold-faced man's chest...

The cold-faced person only felt his body chill at that moment... Suddenly his body trembled twice, and then, under the vibration of the old man's Liang Yi Zhenqi, his body flew upside down with a bang.

died!

When the cold-faced man died, his eyes were not closed, as if he didn't even know how he died.

The other masters at the gate of **** were all stunned when they saw their leader die tragically under the palm of the old man Wuji.

No one dared to fight again!

One by one raised their horrified faces, and suddenly lost the weapon in their hands... and ran away crying and crying.

They were scared crazy!

Never dare to fight anymore!

Looking at the **** gate masters who escaped, the old man Wuji did not choose to chase...

He has only one goal today, he just wants to kill his "evil son", the master of the gate of hell.

So, I saw him walking into the **** gate step by step with strides.

The gloomy gate of **** is lined with stone walls, one channel after another.

"Niezi, come out..."

A loud roar came out of the old man Wuji's mouth, and when he yelled out of anger, a powerful Liangyi Zhenqi came from the palm of his hand.

Liang Yi Zhenqi slammed into the stiff rock wall, and the hard rock wall was shattered piece by piece.

"Long Xiaotian...you get out of the old man!" The old Wuji in front of him shouted the name of his rebellious son.

Yes, the real name of the master of the gate of **** is Long Xiaotian.

Just as the old man Wuji screamed out, suddenly there was the sound of fast running footsteps in front of him.

The ear power of the old man Wuji was so good, the moment he heard the footsteps, the old man Wuji suddenly jumped into the air.

"Niezi, want to run?"

With a loud shout, the old man Wuji used the dragon's grasping hand, and suddenly grabbed a man in a black trench coat.

"No, don't kill me..." After the old man Wuji grabbed the guy, the guy screamed in fear.

The old man Wuji grabbed his body and suddenly turned it around. After a closer look, it was not his son, but a figure at the gate of hell.

At the moment he roared: "Tell the old man, where is your master? Where is my evildoer?"

The disciple of the **** disciple who was caught by the old man Wuji was so scared to death, his face was pale, his body was violently convulsed and shouted: "Don't kill me... please... don't kill me..."

"Our sect master... left the gate of **** two days ago... he has not returned yet..." the disciple of **** said in fear.

When the Wuji old man heard this, an extremely vicious killing intent came from his eyes.

"Damn it!"

With a loud shout, there was a supreme internal force in the hands of the old man Wuji.

With a bang, pinching the head of the disciple of the hell, directly crushing the head of the disciple of the hell!

The face of the disciple of **** was twisted...there was a tragic death!

With a plop, the old man Wuji threw off the corpse of the disciple of **** in his hand and looked at the empty door of hell. His blood-red eyes were full of resentment. He hated that he had given birth to a wicked son and a cruel son!

Thinking of this, an anger burst out of his body.

...The old man Wuji roared out loudly.

what! ! ! !

A loud cry came out of his mouth, and at the moment when he called out, all the terrifying infuriating anger in his whole body exploded around him.

The strong energy directly shattered all the hard stone walls inside the **** gate, and the smashed stone walls rolled down from above.

"Evil son! The old man will kill you even if he chases to the ends of the world!!!"

Chapter 2418: Old commander

The voice of the tyrant echoed throughout the empty **** gate,

The entire **** gate was bloody, and the dead masters of the **** gate were even more numerous.

Now within the gate of hell, there is no longer a living figure. The masters of the **** gate have either died under the terrifying power of the old man, or have escaped.

The gate of **** was abandoned.

No one thought that the most terrifying **** gate in the country would be flattened under the anger of the old man Wuji.

The old man Wuji was standing in the gate of **** covered with blood all over his body. His hands were really covered with blood, and even the gray robe was completely saturated with blood.

Just as the old man Wuji was about to leave the gate of hell, a voice of "help" suddenly came from the dark passage in front.

The voice was very weak, but it was still heard by the old man Wuji.

"Help..." Another weak voice came from the dark passage.

After hearing the life-saving voice, the figure of the old man Wuji flashed, and then flew quickly towards the dark passage.

"Who?"

After the old man Wuji flew over, he shouted and asked.

I saw a few ten meters in front, there was a voice: "Save me...Save me..."

The old man Wuji turned his head to look, but saw a stone cave ten meters ahead.

And the sound came from the cave.

The old man Wuji stepped forward and found that the cave was blocked by a hard rock wall... It must be a secret door.

After taking a look at the hard rock wall, Old Man Wuji raised his right hand, and the Liang Yi Zhen Qi accumulated in his hand suddenly burst out of his palm.

With a "bang", the strong palm slammed straight against the hard and heavy rock wall.

With a bang, the entire huge stone wall was shattered...

Then he saw a 60-year-old man in the cave.

Look carefully at the old man, his hands and feet are trapped by iron ropes, his expression is embarrassed, he is standing on the back of the stone wall with a military uniform on his body.

The person who looked at him carefully, this was the one who was being held in shock: the commander-in-chief of the North China Field Army: Mu Yunlong?

The old Commander Mu in front of him had a dirty face and his eyes were a bit blurred and blurred. When he saw the old man Wuji suddenly breaking through the stone wall and coming in, he was taken aback.

He raised his unbelievable eyes and looked at the white-haired Wuji old man.

"Master...help me..." Commander Mu said, looking at the old man Wuji.

The old man Wuji glanced at Commander Mu's whole body, and then asked: "Who are you? How come you are locked here?"

Old Commander Namu took a breath and replied: "I am the commander-in-chief of the North China Field Army...I was kidnapped here by these **** treacherous men. I have been locked here for many days."

"Superior, please save me... If you can save me, I, Mu Yunlong, will definitely thank you." Commander Mu said as he looked at the Wuji old man.

When the old man Wuji heard that he was the commander-in-chief of the North China Field Army, he was not only taken aback.

"You are the commander-in-chief of the North China Field Army? Could it be Kuafu's father-in-law?" the old man Wuji asked.

When the old commander Namu heard the name of the evil god, he immediately said excitedly: "It's me! It's my humble person."

"Does an expert know Kuafu?" Commander Mu asked in surprise.

The old man Wuji smiled indifferently: "Kuafu is my disciple."

what?

"Such a coincidence?" Commander Mu was shocked.

The old man Wuji smiled slightly and said, "Let's talk about it later...I will save you from here now."

As the old man Wuji said so, but seeing him walk to the old commander Mu, holding the heavy iron chain tightly tied to Commander Mu's wrist with both hands, and then the arm was hardened, a strong force from two. It came from the arm.

There was a click, two clear cracking sounds.

Immediately afterwards, I saw that the extremely hard fine steel chain was like a wooden stick in the hands of the old man of Promise, and was forcibly broken.

After breaking the chain, Commander Mu said in surprise, "Thank you, Master...Thank you, Master for his life-saving grace."

The old man Wuji waved his hand slightly and said, "Don't be polite. Speaking of which, you and I still have relatives."

"Let's go, I will take you out of here now."

As the old man Wuji said, he gently grabbed a hand of the old commander Mu, and then raised his breath. The old commander Mu was lifted, and the two figures quickly swept towards the gate of hell. go with.

The old Commander Namu was pulled by the arm of the Wuji old man. At this moment, there was flying under his feet, and the wind rang from his ears.

While being dragged by the old man Wuji, he quickly flew out, while raising his eyes to look around the **** gate... I saw that the **** gate was all around the dead **** gate master corpses.

Looking at so many corpses of **** gate masters who were killed, Commander Mu was taken aback.

"Senior...those...those... evil thieves, are all the superiors killed by you?" The old Commander Mu in front of him asked with a pair of unbelievable eyes looking at the Wuji old man.

The old man Wuji nodded slightly and said, "Yes."

"The expert is really amazing."

"I just don't know, how could an expert find this remote ghost place? And why would an expert kill these thieves? Is it hatred? Or something else?" Commander Mu continued to ask inexplicably.

But seeing the old man Wuji smiled lightly and said, "I'm here, but I only want to kill one person!"

"Helpless, these people are trying to stop me... The result is that the old man has to kill!" The old man Wuji's voice came out slowly.

The old Commander Mu thought for a while and asked, "Kill someone? Who?"

The old man Wuji said: "The evil one who killed me!"

Listening to the words of the old man Wuji suddenly filled with terrible hostility, the old Commander Mu in front of him was slightly stunned.

Kill your own son?

The so-called tiger poison does not eat its seeds! Unexpectedly, the "superior" in front of him was going to kill his own son! Why is this?

"Are you wondering, as a father, why should I kill my own son?" The old Wuji in front of him suddenly asked Commander Mu.

Commander Mu smiled awkwardly: "Please give instructions from the master..."

But seeing the old man Wuji said: "Because my evil son is cruel and inhumane, and murderous. Back then, your son-in-law, the Cthulhu family, was killed by the evil son who made me! And this **** gate was created by my evil son... ... You said, such a disobedient son? How can the old man allow him to live in this world?"

When he heard the old man Wuji say this, Commander Mu was stunned.

"what?"

"My daughter... and... Kuafu... the murder of the door twenty years ago... So it was... he did it?" Commander Mu said with blood red eyes.

The old man Wuji sighed deeply and said, "Hey, it's my wicked son."

"The dust is so great, how could my Wuji give birth to that kind of cruel and inhumane son." The old man Wuji blamed himself.

Chapter 2419: Back to the military district

The old commander Namu stopped talking.

His heart was full of hatred, and his favorite daughter was wiped out by the whole family overnight... This has always been the most painful common problem in the heart of Commander Mu!

Unexpectedly, today, he finally knew the truth!

I finally figured out who did it!

However, the old man Wuji took Commander Mu's arm and swished outside the gate of hell.

Outside, the sun shone full from the gloomy clouds.

The sky had been dim, and the clouds had begun to dawn.

After arriving outside, the old man Wuji put down Commander Mu.

"Master, no matter what, I have to thank you for your life-saving grace." The old Commander Mu in front of him said while looking at the old man Wuji.

The old man Wuji waved his hand slightly, "Don't thank me!"

"Everything is actually just a causal cycle!"

"My wicked son committed a heinous crime back then, presumably, now, as a father, I have paid all the sins." The old man Wuji said, a feeling of guilt in his voice.

After hearing what the old man Wuji said, Commander Namu fell silent and stopped speaking.

"Commander Mu... Meeting is a kind of fate. Today, I Wuji will send the Buddha to the West... Now I will send you back to the North China Field Army." The old man Wuji said slightly.

Upon hearing this, the old commander Nammu looked up at the deserted mountains, surrounded by deserted hills and dense woods.

"Senior man, how do you and I get out of the barren mountains and ridges here?" Commander Mu was surprised.

Yes, it is indeed very remote here.

If you want to go out, you may not be able to find it clearly, how can you go out?

The old man Wuji smiled slightly after hearing the concerns of the old commander Mu, and said: "The old commander must not worry... the old man has his own way."

After the old man Wuji finished saying this, he looked up at the sky, and suddenly a scream came out of his mouth.

The voice shook the sky!

When the strong whistling sound of the old man Wuji pierced through the nine heavens, he suddenly heard a "neigh" from the distant sky, and then saw a huge black shadow rushing from the sky to this side. .

"Qua, quack, quack" came over.

Giant eagle!

Of course, this sound was made by the old man Wuji's mount, the giant eagle.

And just now, the old man Wuji's scream was to greet his mount, the giant eagle.

With the huge giant eagle shooting down from the sky like a small helicopter, Commander Mu was shocked on the spot.

what?

"what,?"

He screamed, screaming in fear, while backing quickly.

After all, Commander Mu had never seen such a huge giant eagle before, and was shocked at first sight at this moment.

But seeing the old man Wuji looking at the frightened Commander Mu smiled slightly and said: "Old Commander, don't be afraid. This giant eagle is the old man's mount, named Xiaohei...it won't hurt humans."

After Commander Mu heard what Old Man Wuji said, his eyes widened in disbelief at the giant eagle shooting down from the sky.

But seeing the giant eagle "swish" down all of a sudden.

At the moment when it flew down, Commander Mu couldn't help but stepped back a few steps. It was the first time he saw such a huge giant eagle.

But what about the giant vulture?

After falling down, I saw Commander Mu, and at this moment, he also called out a "quack, quack, quack".

Accompanied by its harsh voice, Commander Mu was shocked.

But when he saw the old man Wuji smiled, he looked at the giant eagle and said: "Xiao Hei, don't scare the old commander..."

After hearing the old man Wuji say so, but seeing the giant eagle yelling "quack, quack, quack" as if to answer, then turned its huge head, and then pointed its **** at it. Wuji old man on the edge.

"Old commander, please follow me, I'll take you back to the North China Field Army." The old man Wuji suddenly said.

Commander Namu glanced at the giant eagle, and then looked at the old man Wuji in surprise and asked: "Senior...how to go?"

After the old man Wuji heard what Commander Mu said, he smiled slightly, and then stretched out a hand slightly to put it on Commander Mu's arm.

"Fly by eagle."

The words said that the old man Wuji was upright, pulling the old commander Mu's arm, Commander Mu only felt his feet loose, and then the whole body followed the old man Wuji flying by.

Then the two fell on the huge body of the giant eagle steadily.

After landing, the old man Wuji said to the giant eagle, "Xiao Hei, you can fly...to the North China Field Army."

There was a "neigh" from the giant eagle's mouth, and then the two huge wings spread out.

"Hoo", but I saw the giant eagle flying towards the sky with the old man Wuji and Commander Mu.

Commander Nammu has flew in planes, in armored vehicles, in the top fighters in the country, but never in such a huge eagle!

Standing on the giant eagle at the moment, two hands firmly grasped the wings of the giant eagle, and then tightly closed his eyes...flying.

He could only hear the "huhuhu" strong wind blowing across his face.

...

North China Field Army.

Since the disappearance of the commander-in-chief, the entire military region has entered a state of tight security.

The disappearance of the head office of the North China Field Army is a major event in the army! Everyone in the current military area is nervous.

However, after the arrival of the evil gods in the past few days, the military area has eased a little bit.

Because after the Cthulhu and their investigation, at least they knew that the disappearance of the old commander was related to the gate of hell, and they also knew that the commander-in-chief might be imprisoned at the mysterious gate of hell.

The military district is now vigorously investigating the news of the **** gate's chief rudder. Once the investigation knows the exact address of the **** gate, the military district is likely to use modern weapons to directly attack the **** gate.

It's bad, even the army dare to send in!

Early in the morning, I saw the brigade commander of that week reporting to the commander of the 42nd Army's military command with documents.

Because it is said that they have received reliable information, it seems that the rudder of the gate of **** is in the area of Longhu Mountain.

After a while, I saw Brigadier Zhou swiftly walking out of the military area operations department from there, his face was full of excitement and excitement, and he quickly turned towards the evil **** and their work. Run there.

"Senior Cthulhu... Senior Cthulhu..."

You can hear the excitement of that week's brigade commander from a distance.

Chapter 2420: Dispatch an army

Cthulhu and his brothers were in the room. At this moment, after hearing the voice of the brigade commander Zhou, not only turned their heads. .

At this moment, I saw that the brigade commander of that week had already walked into the room quickly.

"Brigadier Zhou, what's the matter?" The Cthulhu who turned his head asked.

The brothers all looked at the surprised Brigadier Zhou at this time. No one knew what Brigadier Zhou meant when he came in early in the morning.

But after seeing that Zhou's brigade commander ran in, he said with an excited smile on his face: "Senior Cthulhu, I'll tell you all good news."

"What's the news?" The Cthulhu and the brothers not only froze after hearing the words of Brigadier Zhou in front of them.

Just listen to the brigade commander that week said: "Through our satellite detection these days, we have initially grasped the location of the **** Hell Gate Lair."

"It's in Longhu Mountain." Brigadier Zhou in front of him gritted his teeth.

Hearing Brigadier Zhou in front of him suddenly said the position of the rudder of the "Hell Gate", the brothers suddenly opened their eyes.

"Brigadier Zhou, is it true? Have you really found out the position of the rudder of the **** gate?" The brothers in front of them all said with excitement.

But seeing Brigadier Zhou smiled and said: "Of course it is true, when did I lie to you..."

"It's great!" The brothers said with joy all of a sudden.

"As long as we know the position of the rudder of the **** gate, we can go to rescue the old commander that Mu." The brothers in front of us said there.

I saw Cthulhu frowning slightly.

Brigadier Commander Zhou saw Cthulhu's sad face, and he said in surprise, "Senior Cthulhu, how do you look at you, as if you are not happy?"

Cthulhu turned his head and said, "I am not unhappy, but a little worried."

"Worried? What are you worried about?" Brigadier Zhou asked in surprise.

But seeing the evil ***** said: "You may not know the power of that gate of hell... Besides, the evil thief has now practiced the Demon Sect Code... I'm afraid, even if we know the position of the rudder of the gate of hell... , Also very dangerous."

There is nothing wrong with Cthulhu's worry.

After all, the master of the ***** gate's skill is too high. Even if the brothers go all right now, all of them will be defeated by the master of the ***** gate!

And Cthulhu's peerless skill has been abolished... it's no use going there!

So the evil ***** in front of him was very worried.

After hearing what Cthulhu said, the excitement of the brothers suddenly disappeared.

I just listened to that Zhou brigade commander smiled and said, "Senior Cthulhu, you are worried...you know, I have already reported to the commander of our division's combat department early in the morning. We are going to dispatch this time. The army attacked the gate of hell..."

"Hmph, a ***** gate, we don't believe that we can't kill them with modern weapons!"

"That ***** gate is not so good, let me see if they have more masters this time? Or our army has more guns!" Brigadier Zhou said domineeringly in front of him.

"If it doesn't work, we will use fighter jets to razor the entire Dragon Tiger Mountain to the ground! Then I will see those damned thieves, they won't die..."

After hearing what Brigadier Zhou said, the brothers were all stunned.

My God, the North China Field Army is going to dispatch troops?

Under normal circumstances, the military of the military region dare not fight casually. Unless the central government issues an order, it is an abuse of military power!

And now, for the old commander of the North China Field Army, they really can't care so much.

Seeing that the commander-in-chief has been missing for almost two weeks... As a senior general of the North China Field Military Region, who is not anxious? Now they have finally obtained the exact location of the "Hell Gate" under the detection of satellites, how can they not fight?

After the brigade commander said this all at once that week, the brothers all yelled.

"Really dispatching the army?"

"Brigadier Zhou, are you kidding?" The brothers at the moment were all looking at the Brigadier Zhou in surprise.

But seeing Brigadier Zhou said, "How can I make a joke at this time."

"It's true, if you don't believe it, you can go to our division headquarters now and ask the commander of our operations department."

After hearing what Brigadier Zhou said, the brothers finally believed it.

"Brother, if there is an army to fight, even one **** gate, even ten **** gates may not be the same." The Duguxie in front of him looked at the evil god.

The Cthulhu also said at this moment: "You are right."

"No matter how high a person's skill is, it will eventually be difficult to resist the power of the army... Presumably this time, the **** **** gate master would never think that we would send an army."

Listening to the words of the evil god, the brothers all cheered up. This time, they wanted to completely eliminate the gate of hell.

This time the North China Field Military Region is finally going to fight.

In the past, before Commander Mu was hijacked, the North China Field Army, although powerful, did not dare to act at will. After all, as one of the eight major military regions in the country, they could not randomly dispatch troops to do this or that.

Even if Li Tian was in trouble at the time, the old commander did not dare to send troops easily... after all, he was a soldier! A soldier with strict military discipline!

This time, the North China Field Army finally went crazy once.

Now the order has been passed to the division's command and operations department, and the only thing waiting is the order issued from above.

Once the order is given, there will be combat helicopters flying towards Longhu Mountain first, and then there will be 2 infantry battalions and a terrifying armoured armoured company marching into Longhu Mountain!

This is all a war!

wait!

The entire North China Field Army military district is waiting, they are waiting to vent their anger for the old commander, waiting to smash the **** gate in one fell swoop.

But while everyone was waiting, the air defense headquarters of the military area suddenly sounded the alarm "didididi".

Brigadier Zhou, Cthulhu and his brothers were waiting for the order with confidence, but at this moment, he suddenly heard the "Dididi" alarm from the military area air defense command.

After hearing the alarm sound, Brigadier Zhou in front of him suddenly frowned.

Where are the brothers here? Also puzzled one by one.

"What's the sound?" The brothers were all wondering.

But seeing that week, the brigade commander frowned and said: "It is the siren of the air defense command."

"What? Air Defense Command?" The brothers were surprised.

Isn't the prevention and control headquarters dedicated to defense against things in the sky? Why did Didi suddenly raise the alarm at this moment?

"It seems that something has intruded in our air defense system." Brigadier Zhou suddenly took a sentence, then turned his head and walked out of the room.

The brothers saw that Brigadier Zhou walked outside, and they all asked in surprise: "Brigadier Zhou, where are you going?"

Brigadier Zhou said without turning his head: "Go to the prevention and control headquarters, I want to see what happened."
