

## A Killer 2451

Chapter 2451: Find

After hearing Cthulhu say this all of a sudden, everyone was looking at the co-pilot Xiaogao with extremely worried expressions!

But seeing that co-pilot Xiao Gao's face was extremely ugly... His mouth moved... It seemed that he wanted to say something, but he didn't know how to say it. Finally, he finally had the courage to look at the evil \*\*\*\* and they said. : "It's true...the probability of their crash is 95%!!!"

what! ! !

When the co-pilot Xiao Gao said this all at once, the brothers were all dumbfounded.

My God, that doesn't mean that Baihua Fairy and the others also crashed! The same as them?

"Because they are closely following our plane, they must be hit by a storm... and once they are hit by a storm... the plane either explodes in the sky... or crashes on the ground..." the co-pilot in front of him Xiao Gao continued to say something.

After hearing that co-pilot Xiao Gao finished saying this, the brothers were all dumbfounded.

"I...I... Third Sister and others have also crashed?" The ghost servant in front of them suddenly said in shock.

Then Tang Xiaolong was also dumbfounded, and said, "Miss Situ...Are they the same as us? They also crashed?"

After listening to them, the brothers all stayed there.

Crash! ! !

Died! ! !

The thought of these two words in my heart made my brothers feel like a knife.

Seeing the evil spirit's face full of pain and worry, he strode out of the foot of the mountain in front of him, the wind and snow blew on him, and his gray hair was blown up.

Looking at the endless snow-capped mountains, the evil \*\*\*\* in front of him suddenly turned his head and said to the brothers: "I'm going to find the third sisters!"

When the Cthulhu said these words, the brothers in front of them were stunned for a moment.

Then I heard that all the brothers said to the Cthulhu Dao in unison: "Senior Cthulhu...we will go with you!"

"Brother, let's go find the third sister and the others." The ghost servant in front of you also said there.

At this moment, they all guessed that Baihua Fairy and others' plane must have crashed!

It's just that they still don't know if Fairy Baihua and their lives are in danger...If they are not as lucky as their brothers, then it is likely that the moment the plane crashes, it has completely exploded, and then the entire plane will Will all die...

But now the Cthulhu can't control that much.

He must look for the Baihua Fairy and the others, even if he is looking for the corpse... he will find it.

So he looked at the brothers with jealousy at the moment and said: "Okay! Let's go find the third sisters!"

After the Cthulhu said it, but when he saw him, he suddenly said there: But, I only need to go with me, the Dugu and the ghost servant... Xiaolong, Qiaozhi, you two stay. "

After Cthulhu said this, Tang Xiaolong and Chen Qiaozhi were not only taken aback, they looked at the Cthulhu Dao in front of them in surprise and said, "Why, Senior Cthulhu...Why don't we go together?"

But seeing the Cthulhu saying there, "I don't want you to go, just because I want you to stay and take care of Wuhen... and this brother..." The Cthulhu in front of him said while pointing at the seriously injured co-pilot Xiao Gao. , And Xue Wuhen, whose leg was sprained, said.

Xue Wuhen injured her leg and couldn't walk at all! Even walking is extremely slow... and the co-pilot Xiao Gao, let alone one of his legs, can't walk, let alone his arm is broken...

So when Tang Xiaolong and one of Chen Qiao heard the words of the evil god, they were all stunned there.

But seeing that Xue Wuhen suddenly endured the pain and said, "Senior Cthulhu...We are fine... Let Xiaolong and Qiao Zhi go with you to find Senior Baihua and the others... One more person, more strength... ...It's easier to search in this way."

Listening to what Xue Wuhen said, then Chen Qiaozhi suddenly sighed and said, "Xiaolong, let's listen to the words of Senior Cthulhu... Such an ice world, Wuhen, and this brother are so badly injured that they must be left behind to take care of him. Otherwise, if you get into trouble, what can you do!"

That Xue Wuhen was right. The injured Xue Wuhen and the co-pilot Xiaogao in front of him must be taken care of by someone else!

After Tang Xiaolong listened carefully to what Chen Qiaozhi said, the heart that originally wanted to go slowly receded...

"Ok!"

"Let's stay and take care of Wuhen and that brother." A word came out of Tang Xiaolong's mouth.

After speaking out, the evil \*\*\*\*\* in front of him smiled.

"Ghost servant, Dugu, you two will follow me, we will find the third sister and them together." The evil \*\*\*\*\* in front of you said.

Just when the evil \*\*\*\*\* in front of him was about to take Duguxie, and the ghost servant was about to find the Baihua Fairy, suddenly the very injured co-pilot Xiao Gao, who was lying on the ground, shouted, "Wait..."

After the evil gods heard that Xiao Gao's voice, they not only turned their heads in surprise, looked at the Xiao Gao and said, "What's wrong?"

Just listen to Xiao Gaozai, the co-pilot lying on the ground, saying: "I want to tell you some... general directions..."

"The two helicopters are following us... According to the truth... even if it crashes... it is impossible to crash too far... You look for the coordinates of our fall, and look for a place within 3 miles... they If your plane falls, it must be within this range."

What did the co-pilot say, he was also a graduate of aviation school, and he knew better than Cthulhu in all aspects of longitude and latitude!

So after he said this at the moment, the evil gods and the others nodded.

After all, after listening to the co-pilot's words, they won't be blindly searching.

In this way, the evil \*\*\*\* walked toward the ice world with Duguxie and ghost servants.

"Senior Cthulhu... Senior Dugu... Master, you should be careful."

"Come back early." Tang Xiaolong in front of him said while looking at the evil \*\*\*\* who walked out of the ice and snow.

His words, the evil \*\*\*\* did not know if he heard it... I saw the voices and shadows of the three people quickly walking towards the snow, and soon disappeared.

The heavy snow is still there... the whistling north wind continues to blow here...

In front of him, Chen Qiaozhi and Tang Xiaolong stood at the foot of the mountain, looking at the heretical gods and Duguxie who disappeared in the ice and snow, not only murmured in their mouths: "I hope that Senior Fairy Baihua...they are all right..."

Chapter 2452: Discovery

Cthulhu, Duguxie, and ghost servants all left.

At this moment, only Tang Xiaolong, Chen Qiaozhi, the injured Xue Wuhen, and the co-pilot Xiaogao were left here.

The two were injured and couldn't resist the wind and cold at this moment, so Chen Qiaozhi and Tang Xiaolong moved them to the innermost part of the foot of the mountain.

"How is it? Are you two hurt in pain?" Tang Xiaolong leaned forward and said, looking at Xue Wuhen and the driver Xiao Gao.

But seeing that Xue Wuhen shook his head there, his injury was just a sprained foot, so there was no big problem.

"I'm fine." Xue Wuhen said there.

However, the situation of the co-pilot, Xiao Gao, is not optimistic...

But seeing his smashed arm, although he had stopped the bleeding, the blood on any of his arms was frozen because of the cold temperature... The whole person was now shivering in the corner, shivering.

Looking at his situation, Chen Qiaozhi said: "Xiaolong, we have to build something for him... Otherwise, his situation will be very troublesome."

Tang Xiaolong nodded and said, "Let's put on the warm clothing we brought for him."

Chen Qiaozhi said: "Yes."

So they saw that the two of them took apart the cold-proof suit they had brought from the North China Field Army, and then slowly put it on the injured co-pilot... After putting it on, he felt a little better. At least he won't be shivering from the cold.

After the two of them put on the cold-proof clothes for the co-pilot, they squatted at the foot of the mountain and waited for the evil \*\*\*\*\* and Duguxie.

...

Time passed by every minute.

In the endless ice and snow, I saw the evil god, Duguxie and ghost servants, performing light exercises and flying on the deep snow.

Among the three of them, the internal strength is quite high, so walking in the snow is not difficult for them, but it requires a little loss of internal strength.

I saw the three of them flying quickly on the surface of the snow... When the flying snow fell on them, it instantly turned into water vapor.

"Brother, we must have arrived at the place where our plane crashed." The Duguxie in front of him suddenly stopped and said.

After the evil \*\*\*\*\* heard him say this at this moment, he paused slightly, and then looked around...

"Yes, it's here."

The ghost servant suddenly asked, "Hey, what about the plane that we crashed?"

Cthulhu said: "It must have been completely buried by the snow... so we can't see it."

When the ghost servant heard what the evil \*\*\*\*\* said, his mind suddenly changed, and he instantly understood.

The flying snow in the sky is so big... Burying a fallen helicopter is very fast...

"Let's follow the driver's statement... Now we're going to find the three sisters in two ways... Dugu, the ghost servant, you two go to the west, I go to the east... half an hour later, whether we find it or not, you have to get here for the round, do you understand?" The Cthulhu said to the brothers in front of him.

After listening to the evil \*\*\*\*\* saying this, the Duguxie and the ghost servant nodded.

Then I heard Cthulhu Dao say: "Now start timing... Let's go."

After finishing talking, the evil \*\*\*\*\* directly displayed his light skill, and then flew over to the east very quickly.

And what about Duguxie and ghost servants? It was the same, and started flying towards the west.

Cthulhu's speed is very fast. Although it is said that Cthulhu's power has only recovered half of his power, half of his power is enough for him. At this moment, he is flying in the snow, and the whirring north wind blows on his face. Regardless, it just flew to the east very fast.

After the Cthulhu flew towards the east, but everything he saw was endless ice and snow... There was a half-person figure there! Let alone the falling helicopter... there is no shadow at all.

"Will it be buried in the snow?" Cthulhu thought in his mind. After thinking about it in his mind, the Cthulhu was in panic.

After all, the flying snow is so swift and violent...If the falling plane is buried in the snow, it will be really troublesome.

"Sanmei..." Suddenly the evil \*\*\*\* raised his dantian zhenqi, and then shouted with the "sound transmission technique".

Accompanied by his "Sound Transmission Skill" exit, howling echoes faintly echoed throughout the ice and snow!

But after he shouted, there was no sound around!

The only thing I can hear is that the whirring north wind is blowing hard...

The Cthulhu looked at the boundless ice and snow, frowned deeply at this moment, then stretched out his figure, and continued to look forward.

He must find those Baihua Fairies and them!

But it's so icy and snowy... It's so easy to find the Baihua Fairy who don't know whether they are dead or alive! ! !

Time passed by every minute.

The Cthulhu, Duguxie and Ghost Servant continued to look for them like this.

Duguxie also has ghost servants, and the two are looking for them to the west.

At this moment, they also searched for a circle without finding any clues.

"Second brother, I can't find it...this icy world, inaccessible...you can't see a ghost at all." The ghost servant panted while facing the Duguxie Dao with a white breath on his body.

Duguxie's body was also full of zhenqi, looking at the distant place at this moment: "Look, keep looking!"

"Even if we run all over the Tianshan Mountains, we have to find the Third Sisters..." Duguxie said.

Listening to Duguxie's words, the ghost servant in front of him nodded.

So they saw two people continue to move forward.

Just when the ghost servant was walking in the snow, he suddenly stepped on something hard with his feet. The snow that was originally stepped on was soft. At this moment, once he stepped on something hard, his heart slammed. .

Then loudly shouted to the Duguxie who was still walking in front of him, "Second brother, there is a situation..."

At the moment that the ghost servant screamed, the Duguxie who was flying fast was taken aback for a moment, and then his body skills turned, and the whole person flew towards the ghost servant extremely fast.

"What's wrong? What did you find?" After the Duguxie quickly flew over, he looked at the ghost servant in front of him and asked.

But seeing the ghost servant standing still, he said to the flying Duguxie at this moment: "Second brother, I stepped on something tough under my feet... I don't know what it is..."

Upon hearing that Duguxie frowned, he looked at the foot of the ghost servant and said, "Pick it open and have a look..."

So they saw the two people quickly peeling away the deep snow with their hands. When the layers of snow were peeled away, only a propeller buried by the wind and snow appeared in their eyes. ! ! ! !

Chapter 2453: Dead body

"propeller?"

At the moment they saw the pulled out propeller, the ghost servants and Du Guxie in front of them were stunned at the same time ! !

found it!

They finally found the second plane that crashed...Although they are still not sure which plane was buried in the deep ice and snow, they finally saw hope!

But at the same time, a very bad premonition rose in the hearts of both of them at the same time.

Because since the propeller is buried... then there is no doubt that the entire helicopter is buried. If this is the case, what about the people on the plane?

Isn't it all buried under the snow! Will definitely be suffocated alive! ! !

When I thought of this in my heart, the Duguxie and the ghost servants in front of them had a blank mind!

"San Jie..." Suddenly the ghost servant yelled out, and then the whole person seemed to be crazy, using both hands to desperately scratch the snow behind him!

The same goes for Duguxie!

When they were afraid of picking it out, the Baihua Fairy, Situ Ningbing, Duanmuying and other beauties had been buried alive...

They were worried and frightened.

The two people were scratching the deep snow like crazy. Because the temperature was too low, the snow layer below was frozen into ice... The fingers of Duguxie and the ghost servant were both scratched and scarlet. The blood stains came out of their hands...and then stuck to the white snow, looking like blood petals.

But they didn't care about the pain in their fingers, and at the moment they just desperately picked up the buried helicopter.

With the two people desperately grilling...but the propeller slowly appeared in their sight.

Then they continued... and saw the top of the cockpit again!

"Sister Sister...Don't die! Don't die..." Du Guxie said madly while his eyes were red.

Finally, under the unremitting efforts of him and the ghost servant, they finally pulled out a huge snow pit!

But I can see the fallen helicopter cabin!

Looking at the cabin of the helicopter... the Duguxie in front of him said to the ghost servant, "Ghost servant, please let go."

When the ghost servant heard Duguxie say this, he quickly backed away.

But seeing that Duguxie suddenly accumulated palm power in his left arm, and then used his whole body skill, his extremely thick palm slammed toward the compressed door of the cabin.

Bang!

After the tightly closed cabin door was hit by the Duguxie in front of him, the entire cabin door was knocked open.

After Duguxie shook the cabin door with his palm power, the ghost servant in front of him quickly said, "Second brother, let me go down and take a look!"

Duguxie nodded quickly.

Then I saw the ghost servant standing upright and jumping towards the cabin door.

The moment he jumped down, the ghost servant took the lead to smell the \*\*\*\* smell...

Then he shouted: "San Jie...Miss Situ..."

But there was no sound coming from the dark and buried engine room, only the smell of blood.

Just when the ghost servant wanted to walk forward, he suddenly seemed to have kicked something under his feet. Not only did he froze for a while, then he looked down. At this sight, he was froze at the moment. It was blood, a field special soldier in a military uniform... tragically died in the cabin.

It seemed that he had received a heavy blow to the head... The whole face was full of blood... The blood turned into blood clots due to the cold temperature... It stuck to the face of the dead soldier.

"The special forces of the North China Field Army?" After seeing the death of this soldier, the ghost servant in front of him was stunned.

"Isn't this plane the third sister and the others are sitting on? It's the soldiers of the North China Field Army?" The ghost servant in front of him suddenly had a question in his mind.

After thinking like this in his mind, the ghost servant quickly continued to check the situation in the cabin.

I saw 23 corpses of field special forces lying in front of them...the two corpses were also severely hit like before...the body was crooked in the cabin...then they died there.

In the innermost place, there is a dead special soldier corpse...

Looking at the dead bodies of these special soldiers, the ghost servant was shocked instantly.

"It seems that this is indeed not the helicopter the third sister and the others are flying...it should be the helicopter with a few special forces..." The ghost servant in front of him thought in his heart.

Just as he was thinking like this in his mind, Duguxie's questioning voice came from above.

"Ghost servant, have you found it? Did you see the third sister and Situ Ningbing?"

After the voice of Duguxie asked, but the ghost servant in front of him replied: "Second brother, this is not the plane where the third sister and the others fell..."

The Duguxie above did not hear clearly due to the whirring north wind, and not only continued to ask: "What..."

The ghost servant then glanced at the corpses of the poor soldiers and ran towards the cabin door quickly.

After running over, he then grabbed the edge of the cabin, slid up, and flew up from above.

After flying up, the Duguxie quickly asked, "How about it? Have you seen Sanmei and Miss Situ?"

After Duguxie asked this question, the ghost servant replied: "Second brother, this plane is not the plane of the third sister and the others...It is the plane that the special forces of the North China Field Army are on."

When the ghost servant in front of him said so, Du Guxie was taken aback.

"What? What did you say?"

"Are the special forces of the North China Field Army?" Du Guxie asked in shock.

But the ghost servant replied: "Yes."

Hearing what the ghost servant said, the Duguxie in front of him was stunned.

"Oh my God, where are the three sisters? Where are they?" Du Guxie in front of him looked at the sky full of Feixue and couldn't help but wonder.

The ghost servant became silent, because he didn't know where the Baihua Fairy and the others were... even at this moment their plane could not be found! !

Duguxie raised a sad face, looked at the wind and snow in the sky at this moment, and suddenly looked at the ghost servant and asked, "Are all the special forces of the North China Field Army dead?"

When the ghost servant heard that Duguxie asked, he was taken aback and said, "I seemed to have seen the bodies of 5 special soldiers in the cabin just now..."

"The special forces, I remember, seem to be 7 people!" Duguxie said.

When the ghost servant thought about it, it was indeed the case. When he came, he checked the number of special forces, and it was indeed seven! But how come there are only 5 bodies now?

Chapter 2454: human nature

"Ghost servant, did you not find the other two corpses?" Duguxie asked in surprise.

But seeing the ghost servant in front of him replied: "I looked for it carefully, it seems that there are only 5 corpses inside..."

"Hey, that's not right!" Du Guxie said there.

The ghost servant thought for a while and blinked his eyes and said, "Are the two special soldiers left... still alive?"

After the ghost servant said this for a moment, that Duguxie was taken aback, and he thought for a while and said, "You are right... Maybe the remaining two special forces are indeed alive."

"En, it should be." The ghost servant in front of him nodded there.

Duguxie raised his head and looked at Fengxue Huhu and said, "Hey, I don't know where the Sanmei and their plane crashed!!!"

"I'm really worried now! I'm afraid of the three sisters..." When Du Guxie said this, her voice revealed endless sadness.

When the ghost servant heard Duguxie's words, he said in safety: "Second brother, Ji people have their own natural appearances. I believe that the third sister and the others will never have an accident."

That Duguxie could only nod his head at this moment.

"Forget it, let's go, we have searched a long way here... we can't go ahead and search... Let's go back and go with the big brother! Maybe the big brother found some clue." Duguxie said in front of him.

The ghost servant nodded.

Now their hopes can only be pinned on the evil god, because they did not find the plane that the Baihua Fairy and the others crashed.

But has the evil \*\*\*\* found it? Who knows!

...

The howling north wind is still blowing, and the icy snow is still blowing.

What about Chen Qiaozhi and Tang Xiaolong who are hiding from the snow at the foot of the mountain?

I saw that with the temperature getting lower and lower, but seeing Chen Qiaozhi at the foot of the mountain, they had also put on winter clothes!

No way, the temperature in the Tianshan Mountains is too low, plus Tang Xiaolong, and Chen Qiaozhi's skills are not very deep, so it is difficult to stop the terrible cold.

At this moment, I saw that they were wearing winter clothes, and then sitting curled up in the corner at the foot of the mountain! Everyone was shivering with cold.

Although the blizzard can be avoided at the foot of this mountain, but the cold wind blowing can't be avoided!

Every time the cold wind blows from the front, Tang Xiaolong and Chen Qiaozhi can't help shivering!

As for the injured Xue Wuhen and the co-pilot Xiaogao, let alone...

Xue Wuhen is a little better. After all, he just sprained an ankle, and there is nothing wrong with it, but the co-pilot Xiaogao is different...Due to the sudden drop in temperature, his entire crushed arm is completely frozen at the moment. ...Even the blood flowing out was frozen into blood crystals!

At this moment, seeing the co-pilot Xiao Gao shrinking in the corner painfully, his lips looked purple... his face was even more pale, and his body couldn't help shaking violently.

Looking at the painful co-pilot Xiaogao, Chen Qiaozhi in front of him suddenly said, "It's horrible to go on like this... You see him in that way. If he freezes again... I'm afraid he will be frozen to death alive."

After hearing what Chen Qiaozhi said, Tang Xiaolong nodded in agreement, then he looked at Chen Qiaozhi and said, "What should I do?"

"We have put on his winter clothes..."

Then Chen Qiaozhi thought for a while and said: "We have to start a fire... we have to get warm, otherwise, he will definitely freeze to death.

"Make a fire? But we don't have any firewood!" Tang Xiaolong said in front of him.

After he finished speaking, Chen Qiaozhi suddenly placed his eyes on the winter clothes over there.

There were more than a dozen sets of cold-proof clothing taken out of the cabin... Now they have worn 4 sets, and there are still eleven or two sets left. These cold-proof clothing were originally intended for the evil god, Duguxie, and Baihua Fairy and other girls. It's just that Baihua Fairy, Situ Ningbing and the other girls are nowhere to be seen... And the Cthulhu, Duguxie, and Ghost Servant have not yet returned.

The moment Tang Xiaolong saw Chen Qiaozhi's eyes on the winter clothes, he couldn't help being taken aback.

"Sick ghost, don't you want me to burn the winter clothes?" Tang Xiaolong said to Chen Qiaozhi depressed.

But seeing Chen Qiaozhi said: "There is only this way at the moment! Otherwise, he will be frozen to death alive."

When Tang Xiaolong heard this, he immediately said, "How do you do that? If you burn out your winter clothes, what about Senior Cthulhu, and my master...and Senior Baihua?"

Tang Xiaolong was right.

This Tianshan Mountain is extremely cold, and this cold-proof clothing was originally prepared for the brothers when they were going to climb the "First Peak of Tianshan Mountain, Piaoxue Peak", so if it is burned now, what about the evil \*\*\*\* and Fairy Baihua?

Then Chen Qiaozhi frowned deeply at this moment, and after a long silence, he said: "But, how can we watch a big living person freeze to death in front of us?"

Tang Xiaolong was also at a loss with Chen Qiaozhi's words.

Although Tang Xiaolong is reckless, he is a good man after all! With a kind heart, he didn't want to see Xiao Gao, the co-pilot in front of him, being frozen to death...so he was also entangled there.

"Xiaolong, we can burn a few pieces like this, leave a few sets... Senior Cthulhu, Senior Dugu, and your master, they all have relatively high skills... Presumably they should be able to withstand some wind and cold... So they shouldn't need these cold protection So I think if you burn a few sets, it should be fine..." Chen Qiaozhi.

Then Tang Xiaolong's heart slowly softened.

He couldn't bear to watch the young co-pilot freeze to death alive. Looking at the co-pilot Xiao Gao's trembling body and the purple lips, finally Tang Xiaolong nodded. Nodded and said: "Well, sick ghost, this time I will listen to you! But I can only burn a few...I have to leave a few sets for Miss Situ and Miss Duanmu to wear..."

After hearing Tang Xiaolong say this, Chen Qiaozhi in front of him smiled slightly: "Of course I have to keep a few sets."

So Tang Xiaolong ran over slowly, and then took out the cold-proof clothes... Then he cut the cold-proof clothes with the knife he brought with him, and all the down cotton inside was exposed.

Then Tang Xiaolong was lighting the lighter, while muttering in his mouth to the little high man who fell on the ground and his whole body was frozen: "Brother, I can save your life...Hey, hope you can live Right."

As he said, he slowly pressed the lighter...the lighter jumped out of a flame, and then burned the down cotton on the winter clothes in front of him.

Chapter 2455: Snow Wolf

After the winter clothes burned all at once, a warm air flow spread across the foot of the mountain.

Then Chen Qiaozhi dragged the body of the co-pilot who had been frozen like "frozen" and slowly pulled it towards the burning fire here. After pulling the co-pilot Xiao Gao over, the Xiao Gao's body followed the fire. Slowly bake, and gradually breathe...

Xue Wuhen over there was also supported by Xiaolong, leaning over, and then also surrounded by the raging fire.

"How about? Brother, is it better?" Tang Xiaolong in front of him looked at the dying co-pilot Xiao Gao.

At this moment, Xiao Gao opened his eyes with difficulty, blinking at Tang Xiaolong, and said weakly, "Thank you...thank you...for saving my life..."

Tang Xiaolong smiled faintly, "You're welcome."

The co-pilot Xiao Gao gradually recovered his sanity under the baking of the fire... his pale face also slowly recovered.

Then Tang Xiaolong helped the co-pilot from the ground, and then let him sit against the stone wall behind him.

Just as the brothers in front of them were grilling around the fire, a weird cry suddenly came from a distance.

Oooh! Oooh!

After hearing the terrible cry, Tang Xiaolong and Xue Wuhen fought a cold war together, and suddenly jumped from the ground.

"What sound?" Tang Xiaolong called out in shock.

"Qiaozhi, did you hear it?" Tang Xiaolong then hurriedly asked Chen Qiaozhi next to him, because he was afraid that his ears were misheard.

After he said so, Chen Qiao said with an ugly face: "I heard it."

"Then what sound?" Tang Xiaolong asked in surprise.

Chen Qiaozhi's complexion in front of him became extremely ugly. He raised a pair of panicked eyes and looked at the whistling wind and snow outside: "Like...like...wolf!!!"

"what?"

When Tang Xiaolong in front of him heard Chen Qiaozhi say "wolf" all of a sudden, he almost jumped up.

"Sick ghost, are you kidding? This... this... there will be wolves in the ice and snow?" Tang Xiaolong said in that extreme shock.

But seeing that Chen Qiaozhi had absolutely no intention of joking, his face was pale and white and said, "Have you never heard of it?"

"Have you heard of it?" Tang Xiaolong asked.

Chen Qiaozhi said: "In the ice and snow, there is a kind of alien... They are called ice wolves... Legend has it that these wolves... generally live under extremely cold temperatures, and there are many in Antarctica..."

"This kind of ice wolves are carnivorous animals. They are extremely cruel. Under normal circumstances, they are in groups and groups. In the land of ice and snow, they are simply the land of their overlords." Chen Qiaozhi in front of him said word by word. .

Listening to one of Chen Qiao's words, Tang Xiaolong's whole egg was broken!

"Sick ghost, you \*\*\*\* don't scare me... I'm scared now!" Tang Xiaolong said in horror.

Then Chen Qiaozhi's eyes widened and looked into the distance, "Do I still have time to joke with you?"

When Tang Xiaolong heard this, he suddenly snorted: "Is it true?"

"We really met the ice wolves you said?"

Then Chen Qiaozhi said with an ugly face, "I'm afraid we are unlucky today..."

Just as he just finished saying this sentence, suddenly the weird "wolf howl" sound came again, and it was not just one... it seemed to be in groups.

The howling sounds of wailing, wailing, and wolves were extremely harsh... gradually coming towards them from far to near.

"Damn, the wolf cry is getting closer and closer." Tang Xiaolong in front of him was getting more and more afraid to say there.

Chen Qiaozhi in front of him couldn't calm down, blinking a pair of eyes at the moment thinking about countermeasures.

"Grass, how could those ice wolves find us?" Tang Xiaolong cursed in that mouth.

Hearing Tang Xiaolong's words, Chen Qiaozhi's eyes suddenly fell on the fire in front of him.

"Damn, I forgot!" Chen Qiao yelled in surprise, and then saw him running to the fire quickly, then raised his foot and stepped on the fire fiercely... He seemed to step on the flames...

Tang Xiaolong saw that Chen Qiaozhi was going to step on the flame like a nerve, and then he was taken aback and shouted: "Sick ghost, what are you doing?"

But seeing that one of Chen Qiao put out the fire while saying: "I finally know why those ice wolves found us!"

Tang Xiaolong asked in surprise: "Why?"

"Because of fire!" Chen Qiaozhi.

"What?" Tang Xiaolong in front of him almost called out.

But after listening to Chen Qiaozhi's explanation, "I forgot to tell you. Ice wolves belong to ice animals... Their sensory breath is one of the best in the world... Because they often live in cold regions, they are particularly sensitive to temperature. Sensitive, presumably they found us because we started a fire... the heat might have been sensed by these \*\*\*\* beasts."

After hearing what Chen Qiaozhi said, Tang Xiaolong suddenly scolded.

"Sick ghost, your uncle!"

"You're a good day, why didn't you say it earlier?"

Tang Xiaolong, who scolded so angrily, hurriedly extinguished the flames...

But can they do it in time now?

After Tang Xiaolong and Chen Qiaozhi worked together to put out the fire in front of them...they stared at the ice and snow with their eyes widened one by one...I hope the ice wolves will not find them!

However, when people should be unlucky, they can never escape!

Just when Tang Xiaolong and Chen Qiaozhi were holding a glimmer of hope, suddenly a "Woo" wolf howling sound came over.

The voice was very close, as if the ice wolves had arrived in front of them.

"Here... Nima's, those ice wolves really found us." Tang Xiaolong said as he pulled out the knife in his arms!

Holding the sharp blade tightly in one hand, while looking at the front in fear.

Where is Chen Qiaozhi at this moment? It is also the one who dare not come out, looking at the front.

The injured Xue Wuhen was also holding on to the wall at the moment, standing there... there was also an extra head in his hand!

Only the badly injured co-pilot Xiao Gao... couldn't move, leaning against the stone wall... watching the horror before him.

The cold wind was whistling and the snow was flying.

Suddenly, a snow-white "Ice Field Snow Wolf" slowly walked over from the snow.

Its body is half larger than the average Timberwolf, and its snow-white fluff is exactly the same as Flying Snow. It can't see its figure clearly in the snow and ice, only its green and bloodthirsty eyes...

It is the overlord on the ice field: the snow wolf of the ice field.

Chapter 2456: Snow Fight

When seeing this snow-white "Iceland Snow Wolf" appear, then Tang Xiaolong and Chen Qiaozhi both held their breath.

They didn't even dare to move, they all stayed.

One by one, his eyes widened and looked at the "Ice Field Snow Wolf" in front of him.

I saw the snow-white ice wolves holding those emerald green bloodthirsty eyes and looking at Chen Qiaozhi, Xue Wuhen, and Tang Xiaolong in front of them...

The wolf's mouth was sniffing there, as if smelling something.

Suddenly the bloodthirsty eyes of the ice snow wolf stared at the co-pilot Xiao Gao who was lying in the corner.

blood!

It turned out to be bloody, and it was smelled by the ice and snow wolf!

The ice snow wolf is an extremely cruel bloodthirsty creature. At the moment when he smelled the blood on the co-pilot's Xiao Gao arm, it suddenly revealed its fierce appearance!

Roar!

With a roar, its mouth opened, and a mouthful of white fangs appeared from the mouth, looking scary and terrifying.

When the "Ice Field Snow Wolf" suddenly showed its cruel face, Chen Qiao shouted loudly and said, "Kill it!"

Chen Qiaozhi understood that this cruel ice wolves must be killed, because this cruel thing would never let them go, so at this moment, he had to start first.

After Chen Qiao's roar, Tang Xiaolong lunged forward, and the blade in his hand slashed directly at the head of the ice snow wolf.

Who knew that when Tang Xiaolong slashed over, the ice snow wolf suddenly jumped and avoided Tang Xiaolong's sturdy stab!

Then with a "roar" from the side, he bit into the head of the dragon with his mouth wide open, extremely cruel.

Then Chen Qiaozhi saw the ice snow wolf biting towards Tang Xiaolong, and immediately exclaimed, "Little dragon, be careful."

At this moment, the ice snow wolf had already rushed towards Tang Xiaolong.

Tang Xiaolong didn't know what was going on, but he didn't dodge... Let the ice snow wolf pounce on him.

There was a plop, but saw that the ice field snow wolf suddenly threw Tang Xiaolong to the ground.

Just when Chen Qiaozhi and Xue Wuhen were both in shock... Suddenly they heard a scream from the mouth of the snow wolf...

Then I heard the sound of the knife being pierced into the meat.

With a snorted sound, the cruel Snow Wolf was stabbed into the stomach by Tang Xiaolong with a single knife...

Blood flowed out of the icy snow wolf's belly, and hot blood remained in Tang Xiaolong's mouth and body... Tang Xiaolong held the corpse of the ice snow wolf in both hands, flew out fiercely, and then another Yunlu got up from the ground and wiped the blood from the corner of his mouth...

"Bah, Nima's, this wolf blood...it's quite delicious." Tang Xiaolong was holding a knife in that hand, and he cursed with blood all over it.

When both Chen Qiaozhi and Xue Wuhen saw Tang Xiaolong dealt with the cruel and violent Snow Wolf, they couldn't help but stay for a while.

"Xiaolong, how are you? Are you injured?"

But seeing that Tang Xiaolong wiped the wolf blood on his body, he smiled and said: "Afraid of birds, I thought the Icefield Snow Wolf in your mouth was so powerful... I didn't expect it to be so weak... Wipe."

After Tang Xiaolong finished saying this, Xue Wuhen laughed.

He also relaxed slightly at this moment.

But what about Chen Qiaozhi? His face has become extremely ugly.

"Xiaolong, you are wrong..." Suddenly Chen Qiaozhi said there.

Tang Xiaolong was surprised: "What's wrong? Sick ghost?"

But when Chen Qiaozhi said in front of him: "The reason why the ice wolves are so powerful is that they are gregarious animals...every time they come out to hunt... they will have dozens of them, or even hundreds of them together... now we are killing them. I'm...the real danger...I'm afraid... is coming soon."

As one of Chen Qiao in front of him said so, the faces of Tang Xiaolong and Xue Wuhen who were smiling there suddenly froze.

Their expressions also changed drastically in this moment.

Because at this moment, they heard more wolves howling from the "Iceland Snow Wolf".

Aooo, aooo, the horror cry came from a distance one after another.

"The wolves are here." An exclamation came out from Chen Qiaozhi's mouth.

That Xue Wuhen and Tang Xiaolong were all dumbfounded at this moment...

Wolves?

As the howling of the wolf approached, dozens of snow-white icy wolves appeared in the eyes of the brothers.

Among them is the largest "Ice Field Snow Wolf" standing at the back... it seems to be the Wolf King!

At this moment, the dozens of ice wolves slowly approached Tang Xiaolong, and Chen Qiaozhi.

When Chen Qiaozhi and Tang Xiaolong saw so many icy snow wolves, everyone stayed... all stupid...

"Oh my God, so much!!!" Tang Xiaolong said in a low voice.

Xue Wuhen also showed a dead gray expression on his face, muttering in that: "We... what do we... do?"

Chen Qiaozhi said: "It seems that we are going to die here today."

"Dead egg... I don't believe that Tang Xiaolong's life can still be ruined in these wolves..." Tang Xiaolong cursed.

His eyes were blood red.

They would never have thought that they had encountered so many disasters as soon as they arrived in Tianshan...First it was a natural disaster crash, and now it is this \*\*\*\* iceland snow wolf...!

Roar, roar, roar!

The dozens of snow-white icy snow wolves have completely surrounded Chen Qiaozhi and Tang Xiaolong in front of them at this moment.

One by one, their mouths roared... those bloodthirsty and cruel eyes stared at the prey in front of them.

Suddenly the "Wolf King" who was the biggest at the back screamed to the sky.

That terrifying cry is the horn of battle! ! !

Following the cry of the "Wolf King", the 45 ice wolves in the front all violently rushed towards Chen Qiaozhi and Xue Wuhen in front of them.

"kill!"

Tang Xiaolong roared with red eyes there.

They have no way back now, and they can only fight with these beasts at this moment.

Accompanied by Tang Xiaolong's roar, he rushed forward, and the knife in his hand slashed at an ice snow wolf who had come forward.

The sharp blade slashed directly on the head of the snow wolf...

Woo

Screamed, but saw that the snow wolf of the iceland was hacked to death by Tang Xiaolong!

And here Chen Qiaozhi was also forced to take action.

He was holding a hand-carrying head in his hand, and he was now fighting against a pathogenic snow wolf that was approaching!

Even Xue Wuhen, who had a sprained ankle, was forced to join the battle, except for the very injured co-pilot Xiaogao.

Chapter 2457: Heavy "sniper" in the wind and snow

The wind keeps blowing and the snow keeps falling!

But at the foot of this mountain, these cruel massacres were happening. .

Dozens of icy snow wolves surrounded Tang Xiaolong, Chen Qiaozhi and the others.

These ice wolves don't seem to be in a hurry to eat Tang Xiaolong and Xue Wuhen...every time they are just a few, a few go up to deal with Chen Qiaozhi and the others, as if they are playing, they did not attack Tang Xiaolong and others ...It just surrounded Tang Xiaolong and the others.

In the \*\*\*\* field, I saw Tang Xiaolong killing frantically.

His hands and face were stained with blood...waving the blade in his hand, he slashed fiercely at the rushing ice wolves.

Where does Chen Qiaozhi still have Xue Wuhen?

Although the combat effectiveness of the two is very weak, they can only fight to survive at this moment.

Suddenly a huge ice snow wolf rushed towards Tang Xiaolong's side, and the sharp fangs snapped at Tang Xiaolong's arm at the moment it rushed!

Tang Xiaolong screamed after being bitten on his shoulder severely by the ice snow wolf because he was dealing with the ice snow wolf in front of him.

"I \*\*\*\* your mother..."

Tang Xiaolong, whose arm was bitten almost broken, ignored his injuries, and the knife in his right hand slashed directly on the head of the ice snow wolf.

With a bang, the huge wolf head of the icefield snow wolf was directly chopped over to the ground.

At this moment, Tang Xiaolong was holding the bitten arm that was bleeding straight out with one hand, while desperately waving the blade in his hand.

What about Chen Qiaozhi?

An icy snow wolf also bit his leg, and a painful cry came from his mouth.

Xue Wuhen was better. Although he was not attacked by the terrible wolves, his injured ankle was not easily moved. At this moment, he could only watch Tang Xiaolong and Chen Qiaozhi being cruelly "tortured" by the ice wolves. Go up and help.

In the wind and snow.

Tang Xiaolong fought hard by himself.

His blood is flowing... the knife in his hand is waving...

He is desperate.

Suddenly, when Tang Xiaolong was slashing at the ice snow wolf like crazy, an ice snow wolf suddenly roared and threw Tang Xiaolong onto the ground.

Tang Xiaolong was thrown to the ground, and the blade in his hand fell at the same time...

The fierce ice snow wolf had two cruel claws on Tang Xiaolong's body, pouch, pouch, Tang Xiaolong's body was caught with deep blood marks...

Roar!

The ice snow wolf that threw Tang Xiaolong to the ground now opened its mouth full of fangs, and suddenly bit the neck of Tang Xiaolong.

Tang Xiaolong was bitten in one hand and almost broke off, and the other hand was held by the paws of the pathogenic snow wolf... At this moment, he watched the huge blood basin of the ice snow wolf bite towards his neck. , He can do nothing.

"It's over!" This was Tang Xiaolong's last sigh.

At that moment, he closed his eyes, waiting only for death!

But at this critical moment, I never thought that a bang came out.

The bullet accurately hit the body of the ice snow wolf that pounced on Tang Xiaolong. The ice snow wolf was hit by a shot and screamed. The body suddenly fell to the ground and died.

Who shot it?

Hearing the gunshots, Tang Xiaolong, who had walked through the gate of the ghost gate, was stunned, and he got up from the ground with his incredible eyes.

At this look, he was stunned.

The shot... turned out to be... the dying co-pilot Xiao Gao who was seriously injured?

It turned out that the co-pilot Xiaogao slowly recovered his sane after the fire. Just now after seeing that Tang Xiaolong was almost killed, he had difficulty pulling out his portable gun from his pocket!

No, he saved Tang Xiaolong's life!

What about Tang Xiaolong? When he saw that it was the co-pilot Xiao Gao who had saved him, he was stunned for a moment.

"You... saved me?" Tang Xiaolong said in disbelief.

I saw the pale-faced co-pilot Xiao Gao, looking at Tang Xiaolong, a weak smile suddenly appeared...

Just at the moment when his smile appeared, there were several wolf roars suddenly...A few cruel ice wolves rushed towards the badly injured co-pilot Xiao Gao at this moment.

It turned out that when these icy snow wolves saw their companions shot to death by Xiao Gao, their hateful eyes were cast on him.

The co-pilot Xiao Gao fully reacted, even if he could react at this moment, he could not escape!

Because these ice wolves vowed to eat him.

Ah... a scream.

I saw those ice wolves suddenly rushed to the co-pilot's body, cruel fangs bit the co-pilot's body, head...

The body of the poor co-pilot was instantly torn apart by the snow wolf!

The hands, feet, and head were all torn off.

Blood flowed out of his fragmented body like water, and the cruel ice wolves were still gnawing at the co-pilot's body.

Tang Xiaolong's eyes are bleeding!

"I'm \*\*\*\* your mother! You bunch of beasts..." Tang Xiaolong, who was crazy, got up from the ground all of a sudden, and his whole body rushed towards the ice wolves.

After a bear hugged an icefield snow wolf, he directly threw the icefield snow wolf to the ground, then raised his fist and slammed at the wolf's head.

He's crazy!

It seems that the madness is gone.

When the dozens of icy snow wolves next to it saw this scene, they all roared and rushed towards Tang Xiaolong...These wolves no longer play, they are about to launch a real attack now.

Just when dozens of wolves pounced on the "crazy" Tang Xiaolong, and Xue Wuhen, Chen Qiaozhi and the others... Suddenly the whistling "gunshots" came over in the ice and snow.

The gunshot this time is completely different from the gunshot of the co-pilot Xiao Gao who died just now...

Like a heavy "sniper"!

The howling bullet passed through the wind and snow, and hit the head of the first ice wolves who pounced towards Tang Xiaolong...

Very accurate!

Nothing can be more precise!

After the terrifying heavy "sniper" shot out, the bullet penetrated the ice snow wolf's head, and then saw that the headshot of the ice snow wolf's entire huge head was directly "blasted" to pieces!

The plasma and bones sputtered.

With a snap, splashed the blood of Tang Xiaolong's face! ! !

Then came the second shot!

puff!

The heavy "sniper" fired a bullet again, the bullet flew from the wind and snow again, and then puffed at a rushing ice wolves, headshot again.

The terrifying force directly smashed the head of the icefield snow wolf! ! !

Accurate sniping, in the wind and snow, protected the "crazy" Tang Xiaolong and his brothers.

Chapter 2458: Special forces

In the endless wind and snow, no one knew who shot the "sniper".

So accurate, so terrible.

Two shots, two ice wolves were headshots.

When the third cruel icy snow wolf once again rushed towards Tang Xiaolong, the bullet flew out once again.

With a pop.

The huge force shot straight in the wind and snow... The sniper bullet with a diameter of 12.7mm once again shot through the head of the ice snow wolf.

puff! Blood splattered and the skull shattered!

The ice snow wolf didn't even have time to make a howling sound, and was directly killed by the entire heavy sniper bullet.

This time, the iceland snow wolves didn't dare to charge anymore... One by one, they screamed in a low voice, surrounding Tang Xiaolong, Xue Wuhen, and Chen Qiaozhi.

What about Tang Xiaolong, Xue Wuhen, and Chen Qiaozhi? Also all dumbfounded.

None of them knows where the terrible "sniper" in the wind and snow came from... and why should we protect them? Who on earth is protecting them in the wind and snow?

I saw two snow-covered figures lying motionless in the wind and snow about 600,700 meters from the foot of their mountain.

One of them is holding a high-powered telescope... the other is holding a domestic heavy-duty Ir2a 12.7mm heavy sniper, lying motionless in the cold wind and snow.

Through the ice and snow covering them, you can vaguely see their clothes.

Camouflage uniforms, on the shoulders also read: North China Field Army Special Forces Brigade!

It turned out to be a special force of the North China Field Army! ! !

They are not dead? There are two remaining.

No wonder the ghost servant and Du Guxie found the bodies of 5 special soldiers in the crashed engine room... It turns out that these two North China Field Army special forces escaped from the engine room and survived.

This is the elite force sent by Commander Mu! It is a special force specializing in protecting brothers!

The marksmanship is accurate and can be called the \*\*\*\*\* of sniper.

"There are dozens of iceland snow wolves ahead...can't be taken lightly! One blow is fatal...as much as possible to disperse those iceland snow wolves...save the friends of the old commander!" The low, hoarse voice was raised from that high power. The special soldier of degree sent it out.

Holding the heavy Ir2a 12.7mm heavy sniper special forces sniper tightly in his hand, he nodded slightly and said: "I have found the Wolf King!"

"Tell me the wind speed... there is still distance... I want to kill the wolf king with one shot... only if the wolf king is solved... can we save them." The special forces sniper lying motionless on the ground said slightly.

The special soldier with a high-powered telescope lying next to him began to detect the wind speed.

"Distance: 670 yards...Wind direction, three quarters strong, two points to the left..." The special forces companion next to him reported the wind speed and distance.

But seeing the sniper lying on the ground in front of him, motionless, holding the cold trigger tightly with one hand, he suddenly muttered: "I have aimed at the target..."

"Okay, shoot!"

Accompanied by an order from a companion next to him, the fingers of the sniper in front of him decisively pulled the cold trigger.

puff!

The 12.7mm large-caliber bullet shot out from the barrel of the blocking gun, and then whizzed through the wind and snow, and shot towards the strongest "Wolf King" among the wolves of the ice wolves.

With a bang, the terrifying bullet accurately penetrated the head of the "Wolf King"... Half of the wolf king's huge body was shattered by the bullet...

The splattered blood swayed down from the sky like rain.

died!

The wolf king of the snow wolf of the ice field died.

However, the snow wolves of the ice field couldn't help screaming at the moment they saw their wolf king being "shattered" by a shot and half of his body fell into a pool of blood.

Ooo, the howling voice of wolves came out from their mouths.

Then I saw that these ice wolves, after dying the leading "Wolf King", suddenly began to flee...Sure enough, they all dispersed.

Those dozens of ice wolves fled like crazy dogs into the flying snow!

All disappeared in the endless wind and snow in an instant.

"The target has disappeared...safe!" said the special soldier who was lying in the snow and holding a high-powered telescope.

Another special soldier with a heavy sniper in his hand, after hearing what he said, sighed slightly and said, "Very good!"

"Come on, let's meet them."

As he said, they saw two special soldiers abruptly climbed up from the ice and snow, and then the heavy snipers in their hands came step by step from the snow.

Chic and awesome!

But what about Tang Xiaolong, Xue Wuhen, and Chen Qiaozhi who were rescued at the "Ghost Gate"?

Completely dumbfounded.

The three of them stared blankly at the endless wind and snow, and even ignored the pain they felt at the moment... They seemed to be stupid and looked at them silently.

Suddenly that Xue Wuhen spoke first.

"Who...who...who...save us?"

Chen Qiaozhi in front of him shook his head with a pale face and said, "No... I don't know!"

After speaking, they continued to look at the endless wind and snow with their blank faces.

In the howling wind and snow, only two figures were seen coming step by step from the wind and snow.

One of them was carrying a heavy sniper rifle, the other carrying a bag on his shoulder, holding a semi-automatic rifle in his hand, and slowly walking towards them from the wind and snow.

When they saw two figures coming from the endless wind and snow in an instant, then Chen Qiao and Tang Xiaolong were speechless.

"It's them?"

"Did they save us?" Xue Wuhen's voice was still unbelievable.

What about Tang Xiaolong and Chen Qiaozhi? It is completely stunned.

Seeing that when the two special forces members walked to them step by step, Tang Xiaolong Xue Wuhen still stood there with wide eyes.

"The 43rd Corps of the North China Field Army, first-class special forces, Wang Hao."

"The 43rd Army of the North China Field Army, first-class special forces, Liu Ziming..."

At the moment when the soldiers of the two field special forces came in, they suddenly said that Tang Xiaolong and Xue Wuhen, who were standing and looking in front of their home, said.

The resolute voice was chased by the whirring cold wind, and two 21st-century soldiers stood in the cold wind and saluted them.

"The North China Field Army special forces,?"

"Are you...the few special forces that the old commander sent to protect us?" Chen Qiaozhi in front of him finally woke up from his stupidity, and looked at the two special forces in front of him.

Chapter 2459: Bad feeling

When seeing the two heroic special soldiers, Tang Xiaolong and Xue Wuhen in front of them were shocked.

"Sorry, due to the plane crash, our team members have already sacrificed 5, and only the two of us are left! It shocked you." The two special forces in front of them looked at Tang Xiaolong and Xue Wuhen in front of them. They said.

When Tang Xiaolong and Chen Qiaozhi heard them, they were stunned for a moment before they came to understand.

"Thank you... for saving us." Xue Wuhen said, leaning against the wall.

That Tang Xiaolong was also holding tightly the arm that was almost broken by the bite of the ice snow wolf...At this moment, he gritted his teeth tightly and looked at the two in front of him with grateful eyes. Special forces.

At this time, as a gust of cold wind blew, Tang Xiaolong finally realized the pain in his arm... I saw that arm was bitten by the ice snow wolf and then bleeding continued...

At this moment, Tang Xiaolong was clutching his injured right arm, while groaning softly in his mouth.

"Your arm is seriously injured... I'll bandage it for you." I saw a special soldier with an automatic rifle looking at Tang Xiaolong and said.

Tang Xiaolong was also in unbearable pain at the moment, so he nodded there.

At this moment, the special soldiers took out some medical supplies with them, first helped Tang Xiaolong clean the wound on his arm, and then used the white gauze to help Tang Xiaolong wrap his arm.

After busying for a long time, Tang Xiaolong's injury was completely dealt with.

After dealing with Tang Xiaolong's injury, the other special soldier also treated the wound for Chen Qiaozhi.

Now the brothers finally escaped.

Looking at the dozens of icy snow wolves that were killed on the ground, everyone felt a strange feeling in their hearts.

"By the way, have you met our senior Cthulhu?" Tang Xiaolong in front of him blinked his eyes and asked not only a special soldier after he had bandaged the wound.

But seeing the field special soldier saying: "No..."

"Since our plane fell, we have been looking for you everywhere. You are the first group of people we saw." The special soldier in front of us replied.

Hearing what they said, Tang Xiaolong frowned in front of him and said: "It seems that you haven't met the Cthulhu Seniors..."

At this moment, Chen Qiaozhi blinked his eyes and looked into the distance and said, "I don't know how the Cthulhu Seniors are doing...whether I have found Aunt Hua and the others."

...

In the ice and snow, only three figures were still looking for in the deep ice and snow.

They are the evil god, Duguxie, and ghost servants.

"How? Did you find it?" You can hear the voice of the evil \*\*\*\*\* from a distance.

But seeing that Duguxie and the ghost servant who flew over there replied: "Big Brother, we can't find... Third Sisters!"

Upon hearing the words of the Duguxie and the ghost servant, an expression of extreme anxiety appeared on the face of the evil god.

"How can this be done? Will the three sisters be completely buried by the ice and snow?" The three of them stood in the endless wind and snow and worried.

"We found the wreckage of the third helicopter over there... and also saw 45 special soldiers dead inside." The ghost servant in front of us said to the evil god.

After the Cthulhu heard this, he was shocked and said: "So many dead?"

The ghost servant said: "Yes, most of it is because the plane crashed too hard and was directly killed in the cabin."

Cthulhu's heart was ups and downs after hearing this.

He can be said that the most worried thing is the Baihua Fairy and the others... because he is afraid that Baihua Fairy and Situ Ningbing and other girls should be killed, what should they do?

Just as they were talking, they suddenly heard a deafening running sound!

The sound was like a group of beasts running wild... running desperately.

"What sound?" After the ghost servant heard that sound, his entire face suddenly became frightening and asked in surprise.

The Cthulhu and the Duguxie in front of them not only turned their heads, and looked at them in a blink of an eye, but more than 300 meters in front of them, a group of snow-white ice wolves were running desperately... Their formation was scattered. It's like running away.

This batch of ice snow wolves is obviously a group of ice snow wolves driven away by Tang Xiaolong, Chen Qiaozhi and the two special forces...After the death of the "Wolf King", they fled lifelessly at this moment.

"Wolf?"

"No, that's the ice wolves." The evil \*\*\*\*\* in front of him suddenly frowned and said.

The Duguxie and the ghost servants have never seen such a rare "Iceland Snow Wolf". At this moment, after hearing the evil \*\*\*\*\* in front of them say this, they not only said in a daze, "Iceland Snow Wolf?"

"Yes, this is a kind of beast that grows in the cold zone. It is cruel and fierce, and belongs to a group of animals." The evil \*\*\*\*\* in front of him said.

The ghost servant on the other side suddenly said, "These ice wolves... why are they running forward like crazy?"

After the ghost servant suddenly said this, the Cthulhu suddenly raised his head, looking at the direction where the large group of ice wolves had escaped, and then looked in the opposite direction, suddenly he seemed to realize something.

"Broken!!!" a shout of surprise came out from his mouth.

At the moment that Cthulhu suddenly screamed, the Duguxie and the ghost servant in front of him were not only taken aback.

"Big brother, what's the matter?"

"Yes, big brother, what happened?" The Duguxie and the ghost servant in front of them not only asked in surprise.

But seeing that Cthulhu's face was extremely ugly and said: "Little Dragon, Qiaozhi and the others...may be in trouble."

"What do you mean?" The Duguxie and the ghost servant were completely puzzled after hearing this.

Cthulhu pointed to the opposite direction from which the ice wolves had just fled and said: "Look, the cruel ice wolves ran in the opposite direction...Isn't it the place where Xiaolong and Qiaozhi stayed?"

When the Cthulhu suddenly said this, the ghost servants and Duguxie in front of him were stunned.

"Oh my god, big brother, you mean... Xiaolong... and Qiao Zhi and the others... have encountered these ice wolves?" The ghost servant in front of him said with his horrified eyes.

But what about that evil god? Although he didn't speak, he could tell from his face that his expression was extremely disturbed.

"Go back and have a look..."

"Let's not find the third sisters."

After the evil \*\*\*\* finished saying a word, he suddenly stretched his figure and flew quickly towards the foot of the mountain where Tang Xiaolong and the others were staying.

The Duguxie and the ghost servants also showed their body skills desperately, and then followed the evil \*\*\*\* to Tang Xiaolong and Xue Wuhen.

Chapter 2460: Cthulhu came

At this moment, the Cthulhu took the Duguxie and the ghost servants to fly by quickly, and he was extremely worried about Tang Xiaolong and Xue Wuhen, because he knew that the ice wolves were extremely cruel beasts. ... If you really met Tang Xiaolong and the others, it would be really troublesome, because Tang Xiaolong, Chen Qiaozhi and the two injured guys couldn't handle it at all. .

The Cthulhu was flying fast with his full power at the moment.

Along the way, he saw rows of footprints of icy snow wolves left on the ice and snow. After seeing these footprints, he became more and more worried, because these footprints were all from Tang Xiaolong. Passed in their direction.

"Xiaolong, Qiaozhi, don't have any trouble."

Cthulhu thought as he swiftly moved towards this side.

Soon, Cthulhu saw the foot of the snow-capped mountain where Tang Xiaolong stayed.

After seeing it, he tightened his body.

"Little Dragon... Qiao Zhi..." While flying by, the evil \*\*\*\*\* shouted the names of Tang Xiaolong and Chen Qiaozhi in the wind and snow.

When the voice of the evil \*\*\*\*\* came from the wind and snow, Tang Xiaolong and Xue Wuhen who were staying at the foot of the mountain heard them all at once.

"Someone is calling my name." Suddenly Tang Xiaolong stood up from the snow, blinking his eyes and said.

Then Chen Qiaozhi seemed to have heard it too, and at this moment he also ran over and said in a surprised way: "Could it be Senior Cthulhu who are back?"

After saying this, the two quickly ran forward.

After they ran over, they saw a black shadow flying towards them very fast, and two other figures were also following behind them.

Tang Xiaolong saw that they were the Heretic God and Duguxie.

Excitedly yelled there at the moment, "Senior Cthulhu...Master..."

The voice whirred into the north wind.

Chen Qiaozhi here also ran over quickly at this moment, staring at the figure in the wind and snow with his eyes blinking with excitement.

Getting closer and closer, the figure that rushed back was indeed the Cthulhu and Duguxie them.

After a while, I saw their silhouettes and flew in front of Tang Xiaolong and Chen Qiaozhi.

"Little Dragon, Qiao Zhi..." the evil \*\*\*\*\* in front of him shouted after flying over.

But seeing that Tang Xiaolong was looking at the Heretic God and Duguxie who finally rushed back, he said happily, "Master, Senior Heretic, you are finally back."

Looking at Tang Xiaolong and Chen Qiaozhi who were not in danger of life in front of them, the Cthulhu finally let out a sigh of relief.

"Are you all okay?" Cthulhu said.

Then Tang Xiaolong and Chen Qiao's capital said: "We are okay."

"Xiaolong, what's the matter with your arm? And Qiaozhi... what's the blood on your body and the injuries?" The Duguxie in front of them couldn't help but see the blood stains on their bodies and the injuries on their bodies. Asked.

Seeing Tang Xiaolong and Xue Wuhen, he told the story.

"Senior Cthulhu, Master... In fact, we encountered the ice wolves..." Tang Xiaolong said with his head down there.

When the evil \*\*\*\*\* heard it, his heart suddenly shook.

"Oh my god, did you really encounter the ice wolves?" the evil \*\*\*\*\* asked in shock.

Tang Xiaolong and Chen Qiaozhi nodded silently, both of them showed ugly expressions on their faces.

The Cthulhu said, "Then you...you... drove away the icfield snow wolves?" The evil \*\*\*\*\* was really surprised, because he knew that the icfield snow wolves were social animals...every time there were dozens of them. Even hundreds of them came out to hunt together...Since the dragons and the others said they had encountered the ice wolves, they would definitely not only encounter one, at least there would be dozens of them, but they did not expect that the dragons would still have Chen Qiaozhi and the others can live here safely...

After the Cthulhu asked this question, then Tang Xiaolong told them all about their encounter with the ice snow wolf and then being rescued by two special soldiers of the North China Field Army.

After speaking out, the Cthulhu and Duguxie in front of them couldn't help being taken aback.

"The special forces of the North China Field Army? They saved you?" Cthulhu asked in shock.

But seeing Tang Xiaolong nodded there.

The ghost servant suddenly said, "Could it be the two special forces that survived when the third plane crashed?"

"Well, that's them." Tang Xiaolong said in front of him.

After the Cthulhu and the others listened, they not only sighed and said, "I really didn't expect you to have such good luck! Fortunately, the two special soldiers saved you with guns..."

"Yes." Chen Qiaozhi and Tang Xiaolong also said there.

"What about the two special forces now?" The evil \*\*\*\*\* in front of him couldn't help asking.

"It's inside."

"Senior Cthulhu, Master, I will take you to find him." Tang Xiaolong who was talking in front began to lead the way for the Cthulhu and the Duguxie, looking for the two special soldiers who saved their lives.

After walking inside, they saw the two special soldiers in camouflage uniforms sitting on the snow.

The two special forces immediately stood up from the ground when they saw the Cthulhu and the others walk in, and then each saluted the Cthulhu and Duguxie to them!

Cthulhu and Duguxie looked at these two heroic special forces, and couldn't help but gratefully said, "Thank you both for saving my brother..."

The two special forces said after hearing: "The commander-in-chief has ordered that it is our duty to protect you! As long as we live, we will not let you hurt."

The voices of the two special forces entered the ears of the Cthulhu, and the Cthulhu felt very comfortable!

"By the way, can I ask you something?" Just listen to the evil \*\*\*\*\* looking at the two special soldiers and asking.

After listening, the two special forces said in unison: "Please say..."

"I want to know, are there two of you left on your plane now?" Cthulhu said.

But I saw two special soldiers there and replied: "Yes!"

"The rest of our comrades in arms have all sacrificed."

After the Cthulhu heard this, not only a sorrow appeared on his face.

"Then do you know about the second helicopter? At that time, your plane was closely following the second plane...Do you know where the second plane fell?" Cthulhu asked.

He eagerly wanted to know the safety of the Baihua Fairy and others! So I couldn't help asking these two special forces.

After the Cthulhu asked the exit, the two special forces replied, "I'm sorry, the second plane also crashed...but we don't know their exact location."

After hearing the words of the two special forces, the evil \*\*\*\* in front of him was also confused.
