

A Killer 2471

Chapter 2471: Towering like a cloud

"How can I, Li Tian, be able to bear your so affectionate..." Li Tian tremblingly said.

Situ Ningbing said: "You can bear it."

"We love you, and enough."

Listening to their words, Li Tian couldn't help it anymore.

He suddenly rushed forward and hugged the beloved women in front of him tightly.

They also hugged Li Tian tightly.

At this moment, there is no jealousy, no envy, but only love.

The fairy Baihua on one side watched this scene, her eye circles were also slightly red...

Finally, love fulfilled them!

After hearing their vows of love, Li Tian finally cast aside the worries in his heart... He no longer cares about his face and his identity. Now he just wants to give to the women he loves. Hug tightly in his arms.

The deep love seems to melt the entire ice cave!

When everything finally became indifferent, I saw that Baihua Fairy looked at Li Tiandao: "Tian'er, you really have suffered during this period of time."

Li Tian looked at Fairy Baihua and said, "Auntie Hua, I'm fine!"

"It's you, for me... it's really too much suffering."

"Tian'er, promise me that I will never leave us again in this life and this world." When Baihua Fairy said this, her beautiful eyes turned red.

Li Tian hurried to the Baihua Fairy, gave Baihua Fairy a hug and said, "Auntie Hua, don't worry! I promise you."

"En, en, that's good." Fairy Baihua wiped her tears of joy.

"By the way, Aunt Hua, how did you find this place?"

"Also, why am I on the top of the Tianshan Mountain?" Li Tian questioned.

He just woke up and didn't know the cause and effect of everything.

After he asked, that Baihua Fairy told all the things. She talked about Li Tian being rescued by the mysterious old man when he was in the Immortal Mountains of Italy... Then she talked about the domestic affairs... ..

"...Finally, under the leadership of the old man Wuji, we came to Tianshan to find you, but unfortunately, our plane encountered a tragic storm midway, unfortunately, we crashed. After the crash, we were in a coma. After we were sober, It was discovered that we were saved here by those mysterious old men."

When Li Tian heard the Baihua Fairy telling everything bit by bit, he couldn't help being stunned.

He never expected that Fairy Baihua and the others would have endured so many hardships!

In order to find themselves, they almost died at the foot of Tianshan Mountain.

Thinking of this, Li Tian's heart felt like a knife cut.

"Auntie Hua, I, Li Tian, are really sorry for you..." Li Tian said in pain.

But seeing the fairy Baihua said: "Silly boy, don't say that..."

"What about my father and them? And my brothers?" Li Tian suddenly couldn't help asking at this moment.

He just heard that Baihua Fairy said that their plane had crashed...but what about the evil gods? Did their planes also crash?

When Li Tian asked this sentence, his face was full of worry.

But seeing that Baihua Fairy also looked slightly ugly, and said: "Big Brother...Big Brother...their plane...I'm afraid it's hard to escape bad luck! It must have crashed!"

"Hey, it's just that we don't know where the big brother and their plane crashed right now!" Fairy Baihua sighed.

After listening to Fairy Baihua saying this, Li Tian suddenly became worried.

"Oh my god, my father, they don't know if their lives are in danger?"

"They are also trapped in the Tianshan Mountains?"

Li Tian said in shock.

The Baihua Fairy also sighed: "I don't know what the **** is going on with the eldest brother... This vast Tianshan mountain is off the beaten track... They don't know if they can find us.

Li Tian suddenly stood up after hearing Fairy Baihua say this.

"Auntie Hua, I'm going to find my father and brothers!"

"I must not let them live in a desperate situation like Tianshan..."

"Besides, the temperature of the Tianshan Mountains is extremely low...I am really worried about them." Li Tiandao.

After Li Tian finished saying this, the Baihua Fairy thought for a while. To be honest, she was also very worried about the Heretic God and them. If it weren't for Li Tian, I'm afraid Baihua Fairy would have already left here to find the Heretic God and them.

"Tian'er, are you going to find eldest brother and them?" Baihua Fairy asked.

Li Tian replied: "Yes."

After speaking, he turned his head quickly, looking at Situ Ningbing, Ouyang Shiqing and Duanmuying in front of him, saying: "Ningbing, poetry... You stay with Aunt Hua first. In this ice cave, I am going to find my father! After I find them, I will come to you."

Then Ouyang Shiqing and Situ Ningbing were very unwilling at first, after all, they just met! But looking at the worried look of Li Tian, they could only silently say, "Okay!"

"Li Tian, how are you going?" Situ Ningbing asked Li Tian.

Li Tian glanced at the cave in front of him and said, "It seems that there is an exit in front..."

"Don't you say goodbye to those old seniors?" Situ Ningbing said again.

But seeing Li Tian said there, "It's too late...I just want to find my father now."

Having said this, he quickly ran towards the ice cave in front, Situ Ningbing and Fairy Baihua behind him could only quickly follow.

When I reached the ice cave, a whirring cold wind blew in from the front of the cave.

"This should be the exit." Li Tian said as he watched the roaring north wind coming in.

Then he walked forward step by step against the wind and snow.

When he walked to the front, he suddenly saw the ice and snow world outside...

Yes, this is indeed an exit! It's just that the moment Li Tian stood at the exit, he was stunned for an instant!

Oh my god, what is this place? Why is it so towering? Standing here, only citrus until the body is in the misty depths, and the distance is full of high snow... And under him? It's even more bottomless...

Piaoxuefeng! The first peak of Tianshan!

The height of that horror is enough to exceed Li Tian's imagination!

To be honest, even Li Tian, who is currently skilled, was a little scared when he saw such a height of Piaoxue Peak...

The wind and snow blowing from the front, Li Tianzhi felt cold!

At this moment Baihua Fairy and Situ Ningbing and the others also came over. After they came over, they blinked at the height of the terrifying Piaoxue Peak. At this moment, they were also completely shocked there.

"Oh my God, so high!!!"

"Tian'er... I can't go down here!" Fairy Baihua shouted out in horror.

Chapter 2472: Downhill

Looking at the towering "Piaoxuefeng" in front of him, Li Tian was also helpless.

"It seems that I have to find those old seniors." Li Tian suddenly said there.

The fairy Baihua thought for a while and said, "Yes."

"The seniors are unpredictable, they are almost immortal... Tian'er, you go to them and ask how to get down the mountain." Fairy Baihua said.

Listening to Fairy Baihua saying this, Li Tian nodded quickly.

"Auntie Hua, Ningbing... Stay here for now, I'll go find those mysterious old seniors." Li Tian said while looking at the girls.

After Li Tian finished speaking, the Baihua Fairy nodded quickly and said, "Okay."

So he saw Li Tian turned around and entered the ice cave, looking for the old four.

After a few turns, Li Tian finally found the old man of Sixiang.

But seeing the old four elephants in an ice cave... They seemed to heal people.

After Li Tian came in, the four old men found Li Tian.

"Little baby, you are here." The old Xuanwu and Qinglong elders turned their heads to look at Li Tianzai and said with a smile.

Li Tianhan smiled and nodded, and then shouted respectfully: "Old man..."

Then he turned his head inadvertently and saw that the "white tiger old man" and the "suzaku old man" over there were healing one person.

Li Tian took a closer look at the man, and was stunned.

"Long Yin? The big devil Long Yin?"

Li Tian never thought that the old seniors in front of him would be curing Long Yin... at this moment, he couldn't help screaming.

After hearing Li Tian's voice, the old man Qinglong glanced at Li Tiandao slightly: "Do you know this person?"

Li Tiandao: "Know! I knew each other very early."

"Oh... he was rescued with you... almost as bad as your injury!" The old man Qinglong murmured.

Li Tianyi understood it immediately.

It turns out that these mysterious old men not only saved Li Tian's life... but also saved the big devil Long Yin back in the same way.

"It's just that this person is exuding infinite demonic energy... Presumably, this person should be a person who practices magic arts." The old man Qinglong looked at Long Yin who was still unconscious.

Then Li Tiandao said: "Yes, he is the biggest demon."

"You have hatred with him?" The old man Qinglong heard the murderous aura in Li Tian's voice and asked there.

But seeing Li Tian nodded truthfully.

"Yes, senior, he and I are enemies of the past." Li Tian in front of him looked at the unconscious Long Yin.

The old man Qinglong gave a slight "Oh", then looked at that Li Tian and asked, "Then, do you want us to save him?"

The old man Qinglong who said so asked Li Tiandao who blinked his eyes at the moment.

To be honest, Li Tian hoped that Long Yin would die!

The evil facts that Long Yin has done are so many...so many that the current Li Tian can't wait to slash that Long Yin!

But Li Tian wouldn't do this at the moment, because first, Long Yin is still in a coma, if he does it now, he would be a big husband!

Second, when fighting against the demon Dracula in the Immortal Mountains, this Long Yin helped himself...

So after thinking about it this way, Li Tiandao said: "Old man, I don't care about the hatred with him for a while!"

"I think, after you treat him well, I will fight him uprightly...I Li Tian is definitely not a villain taking advantage of the danger." Li Tian looked at the unconscious Long Yin.

After hearing Li Tian say this, the old man Qinglong smiled with satisfaction.

"What a benevolent heart!"

"Yes, yes, the old man did not misread you, this little baby..."

The old man Qinglong laughed there and said, the old Xuanwu man beside him narrowed his eyes and cast an approving look at Li Tian in front of him.

"By the way, Little Wawa, have you seen those female dolls?" Suddenly the old Xuanwu man asked Li Tian with a smile there.

Li Tian couldn't help showing some embarrassment on his face after hearing the old Xuanwu's question. Fortunately, he wore a bronze mask on his face and said at the moment: "I saw it."

"Let the old man drive them away?" The old Xuanwu man continued to ask with a smile.

Then Li Tian said in embarrassment, "No...no...I hope...they...they stay here for the time being."

"Hahahaha." Hearing what Li Tian said, the old Xuanwu man touched his beard and laughed.

"Old elders, where are you guys?" Li Tian in front of him suddenly looked at the four old people and asked.

Li Tian has already realized that these four elders are definitely not idlers... Whether it is their skill... or their behaviors are beyond the scope of normal people's imagination, Li Tian couldn't help but speculate.

But after seeing Li Tian's question, the elder Qinglong, the elder Xuanwu...and so on, suddenly looked at each other.

Then everyone smiled there.

"Little baby, do you really want to know our identity?" The old man Qinglong suddenly blinked his brilliant eyes and asked Li Tian who was looking in front of him.

Then Li Tian quickly replied: "Yes! I really want to."

After the old man Qinglong heard Li Tian say this, he smiled slightly: "Well, since you want to know our identity... then follow me!"

The elder Qinglong who was talking stepped forward and walked forward.

Li Tian froze for a moment, then hesitated there.

"What's the matter?" The old man Qinglong couldn't help asking when seeing the slightly hesitant look on Li Tian's face.

But seeing that Li Tian hesitated, he said there: "It's not the old one...I am anxious to go down the mountain!"

"Down the mountain?" The Elder in front of him was not only startled after hearing Li Tian's words.

"Why?" The old man Qinglong turned his face and asked.

Li Tian told the truth: "Old predecessors, my father and my friends... In order to find me, they all came to the Tianshan Mountains, but I heard that they encountered a storm... and the planes they took were already All crashed, so I was worried about them. The Tianshan Mountains are infrequent and icy, I am worried about them, so I want to go down the mountain to find them..."

After Li Tian finished speaking, the four old men in front of him finally understood what was going on!

"So it's like this..." the old green dragon murmured.

But when Li Tian said there, "Yes, I hope the old man will send me down the mountain... I'm looking for my father and my brother."

After Li Tian said this, the old man Qinglong in front of him suddenly thought about it, and then he paused for a while and said: "Little baby, the old man didn't let you go down the mountain, but there are bigger things for you to solve... The old man asked my fourth brother to go down the mountain to find your father and your friends... What do you think?" The old man Qinglong said suddenly.

Chapter 2473: secret

The elder Qinglong meant to let the elder Xuanwu find the evil **** and them!

After Li Tian heard the words of the elder Qinglong in front of him, he was not only taken aback for a moment, but looked at the elder Xuanwu in surprise.

But seeing the round-faced Xuanwu old man looked at Li Tian and smiled slightly, and said, "Little baby, do you still have no confidence in the old man?"

Listening to the old Xuanwu man suddenly saying this, Li Tian in front of him hurriedly said: "The younger generation dare not..."

"Little baby, don't worry, I promise you, as long as your father and your friends are still alive...I will definitely be able to bring them here as soon as possible." said the old Xuanwu man in front of him.

Li Tian thinks about it, too, the mysterious elders in front of them are extremely powerful, and they know Tianshan extremely well... If they go to find their father, it will definitely be much easier than themselves! So Li Tian finally agreed, after thinking about it.

"Then trouble the old man..." Li Tian said to the Xuanwu old man.

The old man Xuanwu smiled slightly, then looked at the old man Qinglong beside him and said: Brother, then I am going down the mountain! "

The old man Qinglong nodded silently and said, "Well!"

After speaking, he saw the old Xuanwu suddenly show his figure, and his body floated out...

Looking at the disappearing figure of the old Xuanwu man, Li Tian here can finally feel relieved!

Just after the Xuanwu old man left, the Qinglong old man in front of him suddenly said to the Li Tiandao: "Little baby, now you are on your mind...it's time to talk about other things."

Listening to the old man Qinglong saying this, Li Tian in front of him said, "Old man...I listen to you."

"good."

"Come with me." The old man Qinglong murmured.

After the old man Qinglong finished saying this, then Li Tian followed him closely to the inside.

After reaching the space inside, he discovered that there is actually a cave in this ice cave... I saw that there are many ancient books in this small ice cave... The age of those books seems to have been A long, long time...Even in the innermost place, the books are still wooden slips from ancient times...

Gosh, when is this book on earth? How could it be kept for so long?

And who are these mysterious old men in front of them? Li Tian blinked his horrified eyes and thought deeply.

The old man Qinglong had already walked in at this moment, and Li Tian also wandered in to follow him.

After following, the old man Qinglong waved his sleeve slightly, and a strange force suddenly floated towards the ice stone gate...

The ice stone gate was automatically closed rumblingly at this moment.

After the stone gate was closed, Li Tian looked at the old man Qinglong in surprise.

"Little baby, it's time to tell you all the secrets." A word came out of the old man's mouth.

The words of the old man Qinglong were straightforward, making Li Tian very curious. He blinked at the old man Qinglong at the moment.

"Old man, Zi Boya, the name Qinglong, belonged to the Duke Wei of the Spring and Autumn Period and the Warring States Period! He is under the Guiguzi school, the thirty-fourth Wumen disciple!" The old man Qinglong in front of him reported to his family.

Listening to the elder Qinglong in front of him suddenly reporting himself to his family, Li Tian was stunned.

what?

"Senior...you said...what did you say?" Li Tian was completely shocked there.

The old man Qinglong laughed and said: "Little baby, don't be surprised, what the old man said is true... The old man was from the Spring and Autumn Period, the guardian of the country." A sentence came out of the old man Qinglong again. .

When Li Tianyi heard it, he almost collapsed!

Spring and Autumn Period?

The dominance period of the Seven Kingdoms of China?

My God, this old man said he was from the Spring and Autumn Period... It has a history of more than a thousand years! ! !

how is this possible? how is this possible?

Li Tian couldn't believe it! ! !

"Little Wawa, you must be suspicious of the old man's words in your heart?" The old man Qinglong in front of him suddenly smiled and looked at Li Tiandao.

If the elder Qinglong in front of him had not personally said this to Li Tian, Li Tian must have thought that the old man in front of him was crazy!

But looking at the old man's serious look, Li Tian is now half-believing...

"Old predecessor...you...you...you said you were from the Spring and Autumn Period?...you...how can you...live to now?" Li Tian in front of him felt that he was dreaming.

But seeing the green dragon elder smiled slightly and said, "That's because I served the fairy grass that the master gave us from Penglai Xiandao."

"Penglai Fairy Island? Fairy Spirit Grass?" Li Tian said in surprise.

But seeing the old man Qinglong nodded slightly and said, "Yes, that's the fairy grass."

"The fairy grass is a sacred grass. After eating it, it can reach longevity... My master, his old man, gave us the fairy grass to let us four brothers open the door to the restricted area.

As the old man Qinglong said so, Li Tian became more and more confused.

What master? What fairy grass? His head is now muddy...It is impossible to tell whether the words of the old man in front of Qinglong are true or false! !

After all, all this is too mysterious! Xuan Li Tian couldn't believe it at all.

"Little baby, don't panic first... The old man shows you something and you will understand." The old man Qinglong said as he walked towards the innermost place.

After a while, I saw the old man with a green dragon holding a bamboo slip that had been stranded in both hands...

This bamboo slip is the "paper" in ancient times. Because paper was not invented in the Spring and Autumn Period, it was replaced by "bamboo slips".

At this moment, the old man Qinglong took out the "bamboo slip" and then handed it to Li Tian.

"Little Wawa, take a look...After reading it, you can know whether the words the old man said are true or false." The old green dragon muttered.

After the old man Qinglong said so at once, Li Tian quickly took the "bamboo slip" with his hands, and then blinked and looked at it.

I saw that the old "bamboo slips" were engraved with old-fashioned "seal characters". Fortunately, Li Tian knew him, so it didn't seem to be so hard!

It's just that some of the seal characters have been obliterated because they are too old... it's not very clear.

Li Tian opened his eyes and looked at... carefully distinguishing each word on it.

It says: In the 28th year of the Spring and Autumn Period, the title of the leader of the Qinglong, the imperial army from the mountain, trekking to the sky, seeking to solve the predicament of defending the country, because of the words of Guiguzi, ordered the army to open up and travel to Tianshan.

The last signature also read: Wei Hou Gong.

The ancient emperor's seal is still engraved on it, but the pattern cannot be seen clearly.

Chapter 2474: Gate to the restricted area

Seeing the words on the "bamboo slips", Li Tian suddenly stayed at that moment.

Because of the ancient text on it, Li Tian is very clear. It says: In the Spring and Autumn Period, Weiguó was under siege. Because Wei Hou Gong wanted to relieve the siege, he specially sent someone to find that generation of strange people Guiguzi... Guiguzi It is said that if you want to solve the crisis, you must go to the top of the Tianshan Mountains, so the Qinglong and other four elders were sent to Tianshan.

When he saw that scene, Li Tian suddenly screamed.

"Oh my God, senior... Are you...really... from the Spring and Autumn Period?" Li Tian said in shock.

The old man Qinglong smiled slightly and touched his gray beard and said, "Also!"

Li Tian's mouth was open, and he didn't know what to say at that moment.

"Little baby, don't be shocked. The old man can live for a thousand years only because I have a legendary master, Guiguzi."

Li Tian knows the name of "Guiguzi" in history!

According to historical records, that Guiguzi is a rare genius for thousands of years. He knows the art of war, knows strategy, is good at yin and yang, and knows heavenly skills.

His disciples are even more famous in history...

For example, the originator of military strategists, Sun Bin, and Pang Juan. The originator of strategists: Zhang Yi, Su Qin...

These are all famous people in history!

And their masters are all Mr. Guiguzi.

When Li Tian heard that, the whole person was stunned.

Just listen to the old man with the green dragon continue to say: "Master, his old man knows astronomy and geography all his life, knows the five yin and yang techniques, and even knows his past and present lives. For this reason, Duke Weiguó came to look for the master to solve the country's difficulties... but the master only said A few words: Tianshan, forbidden area, those of the Blood Fiend, solve it!!!"

"These words have troubled our four brothers for more than a thousand years... For more than a thousand years, the words of our four brothers' analyst Fu little by little... Finally, finally, our four brothers understood." When the old man Qinglong said these words, there was a slight sentimentality in his voice, as well as a slight excitement.

Hearing what the old man Qinglong said, Li Tian suddenly realized!

The words left by the old Guiguzi at that time seem to be easy to understand now, but they were extremely difficult to understand more than a thousand years ago!

So Li Tian was not only shocked there.

"Tianshan, forbidden area,? Those of the Blood Fiend..." Li Tian murmured and repeated word by word.

The old man Qinglong looked at Li Tian and said with a smile: "Little baby, now you can understand why the old ladies are looking for you? Why did they bring you here?"

Listening to the old man Qinglong saying this, Li Tian suddenly understood.

"The fate of the blood evil? Is it...Is it me?"

"My body... has a blood-red... evil character... Am I the rumored fate of the blood evil?" Li Tian said in shock.

The old man Qinglong laughed and said, "Little baby, you finally understand!"

"Yes, you are the killer of the blood fiend! The blood fiend is rare in thousands of years!"

After the old man Qinglong said so, Li Tian seemed to be in a dream state.

Everything that the old man Qinglong said to Li Tian today... is so illusory... it seems to be fake... but what the old man Qinglong said is so true!

Is it all true?

"Little baby, for thousands of years, our four elders have been looking for you! Looking for someone who is the same as you...It's a pity that I haven't found it yet. Now, I finally found it." The old green dragon smiled slightly in front of him. .

Li Tian said in surprise: "Old man...Why are you looking for me?"

"Because you are the key to opening the door to the restricted area!" said the old green dragon in front of him.

"The gate of the restricted area?" Li Tian said in surprise.

He had heard about the gate of the Tianshan restricted area, and he also heard that to open the gate of the restricted area, three ancient relics are necessary.

1. Xuanyuan Sword, 2. Fire Phoenix Picture, 3. Heavenly Book Pill Scroll

At this moment, hearing the old man Qinglong say this, Li Tian suddenly called out.

"The gate of the restricted area...isn't it rumored that...you can only open it with the three ancient relics?" Li Tian asked in surprise.

The old man Qinglong said slightly: "You are right, Xiaohua."

"The door to the restricted zone can indeed be opened by relying on those three ancient relics... but what is really needed is the Blood Fiend!"

"Thousands of years ago, our four elders had all obtained those three ancient relics... It's a pity that we are too stupid to understand the secrets of those three ancient relics... Therefore, we can only find you, because only when we find you, the blood fiend, will we have the opportunity to open the door to the restricted area."

After the old man Qinglong said so, Li Tian completely understood, it turns out that everything is like this.

"But, senior, what if I can't open the door to the restricted area?" Li Tiandao in front of him said.

Hearing what Li Tian said, but seeing the old man Qinglong suddenly laughed bitterly...

"If you can't open a **** murderer like you... Then our four elders can only end with hatred... Then we really have nothing to do! We can only be ashamed of the master for treating us four. Expected." The voice of the elder Qinglong in front of him said with a slight sigh.

After the elder Qinglong in front of him finished speaking, Li Tian said: "Old man, don't be disappointed. If the fate really wants me to open the restricted area of the mountain, Li Tian will definitely live up to everyone's expectations! I will try my best. The relic...but I can't find it...how can this be good?"

Li Tian now has only one Heavenly Book Pill scroll in his arms. Regarding the other two ancient relics, Li Tian didn't know where they were now from beginning to end... so he became depressed.

Listening to Li Tian's concern, the old man Qinglong suddenly laughed.

"Little baby, don't worry about this!"

"The old man promises you... Within three days, we will be able to retrieve the other two ancient relics!" The old man Qinglong's words were full of extreme confidence!

Listening to what the old man Qinglong said, Li Tian said excitedly, "That would be great."

"By the way, senior, where is the gate of the restricted zone?" Li Tian asked curiously.

The old man Qinglong smiled slightly and pointed his finger at his feet and said, "At the bottom of Piauxue Peak..."

what?

When the old man Qinglong in front of him said so, Li Tian was stunned.

"What? At the bottom of Piauxue Peak?"

The old man Qinglong nodded slightly and said, "Yes!"

"Although this Piauxue Peak is the first peak of the Tianshan Mountains, few people know that its bottom is even more terrifying, and it is unimaginable... and the legendary gate of the restricted area is at the bottom. "

Chapter 2475: Practice

Li Tianzai was shocked when he heard the elder Qinglong say that the moment the gate of the thousand-year forbidden zone was under his feet. .

But seeing Li Tian at this moment looked at the green dragon old man and said, "Then when will I open the door to the restricted area?"

"When the three ancient relics gather, the old man can take you down." The old man Qinglong said.

Listening to what the old man Qinglong said, Li Tian nodded silently.

"Now, all you have to do is to cultivate well in this room..." Suddenly a word came out of the old man's mouth.

When the old man Qinglong suddenly said this, Li Tian was taken aback.

"Cultivation?" Li Tian looked at the green dragon old man in surprise and asked.

But seeing the old man Qinglong in front of him smiled slightly: "Yes, it's cultivation."

"Did you see my bookshelf?" The old man Qinglong in front of him suddenly pointed his finger at the heavy old books on the ice sculpture shelf.

Li Tianyi stunned: "I saw it."

"These books are martial arts secrets collected by our four elders for so many years... Among them are from various dynasties... You can take a closer look." The old Qinglong in front of him said slightly to Li Tian.

After the elder Qinglong in front of him said so, Li Tian was startled for a moment, then raised his unbelievable pair of eyes to look at the old books in the ice room.

"Are these all martial arts secrets? And they belong to different dynasties?"

Li Tian in front of him was shocked, and quickly stepped forward to take a look.

The first thing he saw was an old book that was yellowing...The old book was in tatters, but the writing on it could still be distinguished...On the cover was: Luoying Jianpu... Yuan Dynasty, Mu Created by Chen Dao...

Next, I looked down and saw the same yellowed old cheats in the place next to me. I looked carefully, but I saw that it was a masterpiece: the King Kong palm at the end of the Sui Dynasty, the original palm of the monk Yuanzhen law.....

There is also a place next to: Yuejia Spear Technique, which is the secret book of Yue Fei, a famous general in the Northern Song Dynasty.

...

There are also some hidden weapons and other kung fu, for example, the top ten secrets of Tang Sect in Shu... and the Lei Family of Jiangnan Pili Tang: Firearms, etc.

Looking at this dazzling array of secrets, Li Tian was completely stunned at this moment.

He has been fond of martial arts since he was a child. How can he not be excited to see so many martial arts cheats! ! !

Li Tian's current skill is already considered the highest, if you choose a few more cheats here, how good is it?

But seeing the old man with green dragon looking at Li Tiandao in front of him, he said, "Little baby, you can learn the secrets here... As for the ones over there, you don't have to practice!"

The old man Qinglong in front of him pointed to the book on the right and said.

When Li Tian heard this, he asked in surprise, "Why? Old man?"

The old man Qinglong smiled slightly and said: "Because that is magic...that is practiced by people who cultivate."

After Li Tian listened, he was shocked!

No wonder the old man Qinglong shouldn't let himself practice those martial arts, it turns out that those martial arts are magic arts!

For thousands of years, all the martial arts of various schools and schools can be said to have all... and they are all the essence of the essence, and so is the magic arts over there. The old man Qinglong did not let Li Tian practice magic arts. .

Li Tian then agreed: "Old man, don't worry, I won't touch those books."

The elder Qinglong smiled and said, "Very good!"

"Then you can practice slowly here... I won't disturb you for now." The old man Qinglong in front of him said as he walked slowly outside the door.

So Li Tian was left alone in the room at this moment.

I saw Li Tian looking at the dazzling array of cheats alone, and a sense of excitement that had never happened before came from his heart!

Faced with so many peerless martial arts, where should I start to learn?

Sword spectrum, palm technique, hidden weapon, mechanism... everything!

It dazzled Li Tian...

At this moment, Li Tian tried to relax his mood first, and then took a deep breath and said, "No, I must not mess up..."

Finally, Li Tian chose a palm-handling secret book in the most corner. That palm-handling secret book was: The Broken Soul Palm created by an anonymous person in the late Ming Dynasty. "

After choosing a handwriting technique, Li Tian then picked another sword book. The book is quite shabby, and I don't know the year and month. There is no mark on it, but a name is written on it. The name of the sword book is: Absolute sword sword book!

After choosing a palm technique and a sword book, Li Tian finally picked another inner strength method, which was the inner strength method of the Wudang school.

In general, Li Tian chose three from among the many martial arts books, one palm technique, one sword book, and one profound inner power.

After choosing these three, Li Tian began to sit cross-legged in the ice room, and began to practice.

He feels that kung fu is not easy, but also refined!

Too many is bad for himself, so he doesn't have many choices!

In this way, Li Tian started cultivating in that ice room alone.

...

"Brother, did the little baby enter the library?" Inside the ice room outside, I saw the old man white tiger sitting on a wheelchair, looking at the old man Qinglong with bright eyes and asked.

The old man Qinglong nodded slightly and said, "Yes."

"The old man has told him all the secrets...I hope this time, he can finally fulfill one of our four elders' wishes. In that case, we can feel at ease even if we die..." The old man Qinglong said with emotion.

The old White Tiger and the old Suzaku nodded silently after hearing the old Qinglong say this.

"Big Brother said so!"

Just when they finished saying these words, there was a weird "boom" from the entire ice cave... and then I felt the entire ice cave tremble!

earthquake?

At the moment when he felt the entire ice cave shake suddenly, the expression of the old man who was standing in front of him changed slightly.

He just listened to the old man standing with his hands on his back, looking at the slightly shaking ice cave, and muttering in his mouth: "It seems that we have to hurry up...this Piauxue Peak will really be difficult It's a catastrophe!!!"

The old white tiger in front of him and the old Suzaku also said slightly, "Yes, brother."

"Piauxuefeng is about to collapse!"

"Hope, it can persist until we open the door of the restricted area..." The last sentence came out silently from the old white tiger's mouth.

After speaking, the old man raised his weird eyes and looked at the ice cave in front of him...no more words.

Chapter 2476: Danger

The white Tianshan Mountains, but seeing the north wind still whistling there.

In the ice and snow, I saw a group of people walking slowly in response to the howling north wind.

Their steps are extremely heavy, coupled with the extremely thick snow, it is very difficult to walk, but they are still walking hard.

They are just brothers like the evil **** and Duguxie.

"Big Brother, are we going in the right direction?" In the endless ice and snow, I saw the ghost servant's voice.

After hearing the ghost servant's voice, the evil **** who was walking in front turned his head and said, "It's in this direction... the map is displayed well."

The ghost servant and the brothers behind them all nodded silently after hearing the evil **** say this.

"Senior Cthulhu... Let's take a break... I can't walk anymore."

Chen Qiaozhi over there suddenly said in the wind and snow.

It turned out that they had gone for almost a day and a night! During this day and night, they relied on eating simple food and drinking snow water... Constantly walking towards the front, now Chen Qiaozhi, who was exhausted from behind, could not help but speak.

After the Cthulhu heard the sound, he looked at the brothers behind.

But seeing everyone's faces showing extreme exhaustion, after seeing the brothers so exhausted, Cthulhu could only say: "Okay, let's rest where we are."

After he said so, the brothers gathered one by one, and then sat in the endless wind and snow.

The cold wind tore and whizzed...Ice and snow were rolled towards them.

"Damn it, how far is it from the Piaoxue Peak?" A word roared from Tang Xiaolong's mouth over there.

His voice was instantly blown away by the howling north wind.

Here the Cthulhu replied: "Come on, if we walk at the speed today, we should be able to see the Piaoxue Peak in two days."

When the Cthulhu said that it took two days, the brothers in front of him were suddenly depressed.

"Oh my god, it will take two more days..." Xue Wuhen over there frowned.

Walking this day and night has completely exhausted my brothers!

However, now he has to continue walking for two days and two nights?

Don't forget, it's not land here, it's the Tianshan Mountains with deep snow... Besides, the temperature here is extremely cold, and the wind is blowing from the north... just the opposite of their direction... It's too difficult to walk this way. Up.

Looking at the extremely decadent expressions of the brothers, the evil ***** in front of them was comforting the brothers and said: "Brothers, don't be discouraged, let's hold on for two more days... hold on for another two days and we will reach the snow peak."

At the moment, Duguxie and the ghost servants looked at the evil god, and they didn't know how to speak.

"The third sisters are gone... now I can't even find the corpse..." The ghost servant over there suddenly said sadly.

Such wind and snow, in the hearts of Cthulhu and the brothers, that fairy Baihua might have been sacrificed long ago!

In such a heavy snowstorm, burying an individual would be a matter of twenty minutes... Thinking of that Baihua Fairy and Situ Ningbing and others, everyone in the heart of the brothers in front of them has something unspeakable. Pain.

"The third sister will never die, she will never die." Du Guxie said with his fists tightly clenched and staring.

"Can the Third Sisters survive such a heavy snowstorm?" The ghost servant said again.

Listening to the ghost servant saying this, Du Guxie suddenly roared.

"I said, Sanmei and the others will not die! You shut up." Duguxie said angrily at the ghost servant with red eyes.

It was the first time that Ghost Servant saw his second brother angry at him. He lowered his head at the moment, and really stopped talking.

What about Cthulhu?

He was also silent, with endless pain on his face.

He was also worried about the Baihua Fairy and Situ Ningbing and other girls...

But he has found it! He took the Duguxie and the ghost servant to search for a long time, and finally searched for a long time by himself... But the vast Snow Mountain is endless, where to look for it! ! !

You can't even see a personal shadow!

That's why the last Cthulhu gave up helplessly...

Because if he gave up, it is very likely that all these brothers will accompany him to death in the snow-capped mountains, after all, they don't have much food, and because of the crash of the plane...some of those food are still missing.

So in this ice world, there is only death to stay! So Cthulhu chose to take the brothers away...

He wants to take his brothers to reach the "Piaoxue Peak" as soon as possible.

Because only when they reach Piaoxue Peak can they find the "Old Man Wuji". The place where they met with the Old Man Wuji was originally at the foot of the Piaoxue Peak.

The current Cthulhu takes the brothers to rest here... They are facing the huge wind and snow...

Suddenly while they were resting, the evil **** suddenly heard a "boom boom boom" sound.

"There is movement!" A sudden shout out of the evil god's mouth in surprise.

When he screamed, the brothers who had been sitting in the snow and ice could not help but suddenly...then they all stood up quickly.

"Big brother, what's the matter?"

"Senior Cthulhu, what did you hear?" Duguxie and the ghost servant in front of him, and all the brothers raised their eyes.

At this moment, Duguxie and the brothers have not heard the movement!

But what about Cthulhu? But his face became more and more ugly, and he saw his eyes coldly betting in the ice and snow in front.

"Dugu, ghost servant...be prepared...we are in trouble." A roar screamed from the evil god's mouth.

The Cthulhu's skill is far greater than that of Duguxie and the ghost servant...Although his skill has only recovered by half, it is enough to hear the loud noise coming from afar!

But he said that when the evil ***** screamed out, suddenly, Du Guxie and the ghost servant turned their faces together!

Then the two of them also heard the "boom boom boom" movement at this moment!

"This...this...what is this sound?" The ghost servant suddenly said in shock.

The brothers here also raised their shocking eyes one by one, looking at the depths where the north wind is raging... woof ice and snow are blowing from the gray sky!

Suddenly, a word came from the side of Duguxie's mouth.

"That voice...seems to be...like...from the soles of the feet." A shocking word came out from the mouth of Duguxie.

When that Duguxie suddenly said it in such an instant, the brothers in front of him were shocked! Everyone looked down at the snow under their feet...

Suddenly, with a bang, the deep snow that had been stepped on shook violently at this moment.

Chapter 2477: Hell Gate Master

No one thought that the deep ice and snow under their feet would sway violently at this moment. The swaying was like an earthquake, making them almost unsteady.

Faced with such a panic, everyone was completely stunned.

"What the ***** is going on?"

"Could it be that there was an earthquake?" The ghost servant and the brothers said in shock.

As they yelled out in shock, the evil ***** raised a pair of cold eyes and looked at the violently shaking feet.

He knew that this was definitely not an earthquake.

Because he heard the sound of vigor from under the ground.

This is human, it is human power.

At the moment the Cthulhu suddenly guessed it, he suddenly yelled: "Dugu, Ghost Servant... quickly disperse!"

Accompanied by his exclaim, he first grabbed the injured "Xue Wuhen" next to his ankle and flew over to the side.

The Duguxie, the ghost servant, and Tang Xiaolong, after they heard the Cthulhu's screams and shouted out, at this moment, they all stretched out one by one and then swept away.

The special forces of the two North China Field Military Regions were also extremely agile, and as soon as they jumped, they reached the place on the left.

At the moment when they all just avoided the past, a huge "pop" suddenly erupted from where they were standing, and then a deep layer of ice cracked from the ground...

With a bang, a huge layer of ice exploded directly from the ground, and the flying snow fell from the sky.

The big, the small, the ice smashed toward all the brothers like rain.

When the brothers saw the ice and snow hit them, they could only protect their heads hard at this moment... let the ice hit them.

Wow!

Broken ice and snow flew down from the sky, covering the brothers...

"Ghost servant, Xiaolong, how are you?"

The icy **** who avoided the past yelled in a loud exclamation.

But seeing Tang Xiaolong and the ghost servants here, they all grabbed the deep snow on their bodies, and responded, "Senior Cthulhu, we are all right."

After hearing that the brothers said it was all right, Cthulhu finally let go of his heart.

He turned his head at this moment and looked at the place where the ice had broken just now, but saw a deep and huge ice crack appear in front of him.

Looking at such a deep crack, the evil **** was horrified.

"Who did it?" This was the first thought that came out of him at the moment.

Just as he was thinking like this in his heart, suddenly a terrifying voice came from the crack in the ice.

"Father Li Kua, I finally found you."

When the terrifying voice suddenly came from the crack of ice, the evil **** in front of him was stunned.

"It's you? The master of the gate of hell?" A horrified voice called out from the evil god's mouth.

And what about the brothers in front of you? At this moment, everyone was stunned there!

No one thought that the voice of the master of the gate of **** would be heard here.

When the Cthulhu screamed out, he saw that a black domineering figure shot out from the huge gap in the ice.

With a swish, the black shadow flew into the sky, and the sky full of black air currents surrounded him.

He, the master of the gate of hell.

The master of the gate of hell, with a black air current, stood suspended in the wind and snow. The whirring north wind mixed with the snow, but couldn't get close to his body. I saw the master of the gate of **** in the air with his back Carrying a gleaming golden "sword", he looked at the evil gods below and the Duguxie them with sneer eyes.

"The master of the gate of hell?"

When the brothers were pulling away the ice and snow around them, and suddenly seeing the **** gate master who was floating in the air, they were all shocked there.

Even Cthulhu didn't expect that this **** terrifying **** gate master would follow here without breaking away?

What exactly is going on?

Looking at the master of the gate of **** in front of him, an invisible fear surged from everyone's heart.

Everyone looked at the master of the gate of **** with horrified expressions.

Suddenly the evil **** stood in the ice and snow, looking at the **** gate master and said: "You, how can you thief know that we are in Tianshan?"

After the evil **** said this, the master of the gate of **** suddenly burst into laughter.

"I?"

"Hmph, do you think you left the North China Field Army, I don't know?" The **** gate master in front of him suddenly smiled grimly.

Hearing the **** gate master said so, the evil **** in front of him was stunned.

This **** went to the North China Field Army?

So... the meaning is not very obvious, the North China Field Army must have encountered big trouble! Otherwise, how could this demon know that the evil **** and they arrived at Tianshan Mountain?

"You bastard!!! What have you done to my father-in-law and his old man?" Cthulhu asked in surprise.

But seeing the **** gate owner who was suspended in the air suddenly sneered and said: "Don't worry, that old thing is not dead!"

"I arrived in Tianshan only because I was looking for your **** son!"

"Father Li Kua, tell me, where is your son? Where is the heavenly book pill scroll in his hand?" the door of **** in front of him asked angrily.

Following such a grim question from the master of the gate of hell, Cthulhu said: "You devil take a rest and get the pill scroll, I won't tell you."

"Are you really not telling me?" The **** gate master suddenly said with a brutal murderous aura.

The evil **** said: "Even if you die, you will take a rest to get the book that day."

After the evil **** in front of him said this all at once, the **** gate master suddenly said grimly: "Well, since you want to die, don't blame my ruthless men..."

"Father Li Kua, today is your burial place, and I want to let your generation of evil gods' prestige fall completely from now on!"

Following the violent words of the master of the gate of hell, the evil god's expression immediately became extremely ugly.

But seeing him whispered to the Duguxie and the ghost servant beside him, saying: "Dugu, the ghost servant, while I can resist this **** now, you should run away from here soon..." Said it out of his mouth.

The Cthulhu knows that their strength is simply not enough to compete with the **** gate sect master in front of him... so he can only sacrifice one of himself in exchange for his brothers' lives! !

This is the only way, and there is no way.

But how could the Duguxie and the ghost servants agree?

"Brother, if we don't leave, how could we leave you behind?" Du Guxie was there.

Chapter 2478: Snow War

"Let's go, if you don't leave, today we alone don't want to leave here alive." The evil **** roared and said to the brothers.

So far, he alone can stop the master of the gate of hell! If the brothers don't leave, they will definitely be buried here.

But where are Duguxie and the ghost servant willing to leave?

I saw the ghost servants and Tang Xiaolong at this moment. After they heard the words of the evil **** letting them go, Tang Xiaolong and the ghost servants suddenly roared at the **** gate hanging in the air and said: "You are the uncle, you A **** thing, I fight with you today."

Tang Xiaolong and his brothers really had enough.

First, the Tianshan crisis, then the crash... the heavy snowstorm... All of this has made the brothers completely impatient.

At the moment they just want to fight!

Accompanied by the roar of Tang Xiaolong and the ghost servant, the two of them ran towards the **** gate master!

They are going to fight, even if they die.

"Xiaolong, ghost servant..." Seeing Tang Xiaolong and the ghost servant suddenly rushed up crazy.

The Cthulhu in front of him can only fly by quickly to help.

What about the sect master of the gate of **** suspended in the air? When he saw Tang Xiaolong and the ghost servant pounce at him, a vicious smile rose slightly at the corner of his mouth.

"Things that live and die."

When these cold words came out from the corner of his mouth, his hands suddenly moved.

Two black air currents burst out from the heart of his hand, and the terrifying black air current swept the surrounding wind and snow, rushing directly towards Tang Xiaolong and the ghost servant with a "wheeze".

Tang Xiaolong and the ghost servants dodged when they saw the two extremely terrifying black air currents hitting them.

But the black air current turned suddenly at the moment they were avoiding, and attacked the two again.

But seeing that Tang Xiaolong was already entangled by the black air current at this moment, only a bang, Tang Xiaolong's body screamed in the wind and snow... Then he spouted a mouthful of blood from his mouth, and his whole body falling down in the air.

"Xiaolong." Seeing that Tang Xiaolong was seriously injured, the evil **** in front of him flew over directly, and then caught Tang Xiaolong's body the moment he landed.

And the ghost servant? The skill is obviously much higher than that of Tang Xiaolong. At this moment, relying on his flexible posture, he can be regarded as avoiding the terrifying blow of the **** gate master!

After the Cthulhu saved Tang Xiaolong, he fell to the ground at this moment, looking at Tang Xiaolong who was vomiting blood in his mouth, the Cthulhu **** cried out with great worry, "Xiaolong, Xiaolong, how are you?"

Tang Xiaolong said sternly, "Senior Cthulhu... don't care about me... I will die... it doesn't matter..."

Listening to Tang Xiaolong's words, the evil **** couldn't help but feel sad.

And what about the master of the gate of **** suspended in midair?

Hahaha laughed wildly at this moment.

"Father Li Kua, today, all of you have to die."

A "death" exit, but seeing the **** gate master suddenly swayed his left hand, a black ball of strength suddenly condensed in the heart of his left hand!

Then he roared and waved his left hand, and the black energy directly rushed towards the evil god.

The horrible energy hit the evil **** at the moment, but saw a figure suddenly flew towards the evil god.

Then only heard the sound of "Cang", the sword sounded absolutely, and a blue light came out in an instant.

That blue light is a sword light.

When the vigorous Jian Jin pierced out, it thumped and blocked the black energy that was flying towards the evil god.

He, alone, with one arm and a sword stood in front of the evil god.

Duguxie.

The sword he held in his hand was the "burial sword". With a sword in his hand, Duguxie seemed to have completely changed a person.

A terrible edge is revealed all over.

What about the master of the gate of hell? After seeing that Duguxie actually blocked his offensive with a sword, the corner of his mouth suddenly sneered.

"Something with a disability...you dare to stop me?" the master of the gate of **** sneered.

Duguxie stood in front of the evil ***** coldly, motionless, as if he hadn't heard the words of the master of the gate of hell.

"I will let you die!"

The master of the gate of hell, who roared, suddenly roared. At this moment, both hands were accumulated, and the vastness of energy was accumulated, and then he slammed into Duguxie again in terror.

The terrifying black energy passed through the whistling north wind, hissing towards Duguxie.

Duguxie's body suddenly flew up with a "burial sword", with a bang, the leaping body was the first to chop off the strength that had come from flying, and then evaded... Another terrible vigor rubbed Duguxie's body, Shot in the endless snow and ice.

With a bang, the deep snow on the ground directly hit a huge hole.

The master of the gate of ***** used extremely deep internal strength, and then one after another shot terrible energy towards the Duguxie.

And what about Duguxie? While blocking the terrifying sword energy with the sword mang, he dodged his body.

In the howling wind and snow, the two were fighting there.

Where are the two North China Field Army special forces standing far away?

They had never seen a master as terrifying as the master of the gate of hell. At this moment when they saw the master of the gate of hell, they were all stunned.

But one of the special soldiers with a semi-automatic rifle in his hand said quickly, "Go, go up and help."

Another special soldier holding a sniper rifle nodded quickly, and then quickly climbed down on the ground.

"I'm covering...you rush up and solve him."

"Okay, I will snipe him!" After the sniper in front of him quickly climbed to the ground, he tightly grasped the heavy sniper in his hand, and then began to aim at the ***** gate master in the snow.

And what about another special soldier? It has been shot.

With the semi-automatic rifle in his hand, the sound of "tuk tuk tuk tuk tuk tuk tuk tuk tuk" was heard in the wind and snow.

The bullet madly shot towards the master of ***** gate.

But what about the master of the gate of hell? The moment I heard the gunshots, the body that was originally suspended in the air flashed suddenly and disappeared.

The special soldier who was shooting at the master of the gate of ***** was stunned.

"What about people," he said inexplicably with the gun in both hands.

Just as he spoke, the deep ice and snow on the ground suddenly broke apart, and it seemed as if something under the ground was attacking him quickly.

The special soldier was taken aback, and was shocked right now.

"Be careful!" The Heretic God and Du Guxie not only shouted in surprise when they saw the special soldier alone in front.

Unfortunately, it is too late.

Chapter 2479: Snow Battle (2)

I saw that the special soldier retreated quickly while holding the automatic rifle in his hand and shooting towards the ice and snow ground in front of him.

The gunfire of "Tuk Tuk Tuk" rang in the wind and snow.

Just as he was shooting wildly, he suddenly made a "poof", and the entire ice layer one meter in front of him burst open, and a black shadow with a black aura burst out of the ice.

The special soldier exclaimed, subconsciously preparing to pull the trigger, but it was too late!

Because his gun has been grabbed by the opponent's cold and black hand.

"Are you looking for death?"

A grim sneer came from his mouth: the master of the gate of hell.

Just when he said this, the special soldier made an uppercut and wanted to hit the **** gate master, but his kung fu and the **** gate master were so different, too much.

His fist hadn't gotten close to the body of the master of the **** gate, and the body of the master of the **** gate had already exuded endless murderous intent!

Then a black shadow flashed, with a chuckle, a terrifying arm of the master of the gate of **** directly penetrated the chest of the special soldier!

The special soldier screamed, a huge blood hole was made in his chest, and the gun he was holding fell to the ground with a "plop" at this moment.

Then there was blood in his mouth, and his eyes closed unwillingly.

died.

An outstanding special soldier died tragically under the master of the gate of hell.

"Old Liu!" Another special soldier screamed out in the wind and snow when he saw his companion tragically die under the master of the **** gate.

Then he quickly aimed at the sniper rifle, the aiming star of the sniper rifle aimed at the master of the gate of hell, his finger decisively pressed the button!

puff!

The howling bullet shot towards the **** gate master in the snow!

The strength of the sniper rifle was so strong that it pierced through the wind and snow and flew straight towards the master of the gate of hell.

When the master of the gate of **** saw a howling bullet coming towards him, he lowered his body slightly to his side, and then held the corpse of the other special soldier in his hand to block the flying bullet.

boom!

The bullet of the sniper rifle was suddenly blocked by the corpse of the special soldier. With a terrifying force, it directly exploded the corpse, and blood spattered in the air.

Even the master of the gate of **** was splashed with blood at this moment!

Looking at the blood stains on his body, the **** gate master in front of him suddenly burst into a furious voice.

"Damn thing, I want your life!"

Li Hao exited, the **** gate master in front of him suddenly flickered, shooting at the sniper lying in the snow like the speed of light.

The sniper saw that the demon was about to attack him, so he quickly aimed with a sniper rifle... It's a pity that the speed of the gatekeeper of the **** gate was so fast that his sniper rifle couldn't aim at all.

Bang, bang, bang.

The special forces sniper fired three blind snipers in the wind and snow... but they were all flashed by the **** gate master one by one.

And the master of the gate of hell? It was a murderous attack on the special sniper.

When the Cthulhu, Duguxie, and the ghost servant saw that the master of the gate of **** was killing this special soldier again, the three of them hurriedly stopped.

I saw the Cthulhu flying past, his palms fiercely attacking the main gate of hell.

Where is Duguxie? The burial sword in his hand was also glowing with blue light... the hissing sound of the sword sound... a move of blue clouds directly pierced the dark figure of the **** gate master.

The ghost servant attacked from the most lateral direction.

Seeing that the evil god, Duguxie, and the ghost servant came to rescue the special forces sniper at the same time... But what about the **** gate master? There is no plan to give up!

On the contrary, the horror and murderous aura of his whole body became heavier.

At the moment when they saw the Cthulhu and their three brothers slamming towards him, the master of the gate of **** suddenly roared.

"I want you all to die!"

The **** gate master who burst into a loud shout suddenly pulled out the sword behind him, a golden sword with a flying dragon carved on it! !

Xuanyuanjian! !

The master of the **** gate unexpectedly used an ancient weapon: Xuanyuan sword.

The moment Xuanyuanjian was pulled out by the master of the **** gate, the entire sky, the wind and clouds changed color, and even the whistling north wind seemed to have stopped at this moment!

Under the world, it seemed that Xuanyuan Sword's invincible sword aura could only be seen.

When the **** gate master was pulling out the Xuanyuan sword, all the Cthulhu, Duguxie, and ghost servants in front of him were stunned.

They looked at the ancient weapon blade in the hands of the **** gate master in horror: Xuanyuan Sword.

"Be careful!!!" Cthulhu exclaimed in the wind and snow.

But what about the master of the gate of hell? At this moment, he raised the Xuanyuan Sword in his hand high, and then cut it to the sky!

Boom!

The terrifying sword aura was overwhelmingly slashed towards the three evil **** brothers!

Destroy the sky and destroy the earth, shock the sky.

The endless sword aura slashed towards the three.

Cthulhu, Duguxie, and ghost servants, at this moment, the three of them have used all their skills to block this terrifying sword...

With a bang, Xuanyuanjian cut down directly!

The evil **** and Duguxie, the ghost servant, the three of them only felt a sharp pain in their chest... the endless sword aura directly slashed at the deep ice and snow behind them.

Boom boom boom! !

I saw that the extremely deep ice and snow was slashed by the horror of the **** gate master, and it exploded...

The whirring wind and snow were mixed with broken ice, covering the evil god, Duguxie, and the ghost servant all at once.

In the wind and snow, it is impossible to see whether the three evil **** brothers are dead or alive.

"Senior Cthulhu..."

"master....."

The seriously injured Tang Xiaolong and Chen Qiaozhi who were still alive here, and Xue Wuhen, who had lost his combat effectiveness, were all at once dumbfounded!

The Cthulhu, Duguxie, and Ghost Servant combined can't take the power of this demon's sword?

No way, this **** gate master is holding the ancient Xuanyuan sword! ! !

What about here?

Just when the master of the gate of ***** used the Xuanyuan sword, slashed up to the sky and buried the evil ***** and the three brothers Duguxie and the ghost servant in the ice and snow, the special forces sniper here quickly aimed at the gate of hell. Door master.

"Damn bastard, I want to avenge old Liu." The special soldier in front of him said with blood red eyes.

puff!

His finger pulled the trigger!

The bullet whizzed and flew straight towards the head of the master of the ***** gate...

Can he get rid of that ***** gate master with one shot?

If bullets can hit the body of the master of the ***** gate, he will definitely die! After all, the strength of heavy sniping is super powerful.

Chapter 2480: Snow Battle (3)

Whoosh!

The bullet that flew out was the moment it shot towards the head of the ***** gate master.

The terrifying and gloomy face of the master of the gate of ***** suddenly turned around, with an evil smile on the corner of his mouth, and suddenly smiled slightly.

With a bang, the Xuanyuan Sword in his hand rose again.

Jian Guang directly smashed at the bullet! ! !

With a bang, Xuanyuanjian directly split the flying bullet into two halves! That awesome bullet shattered to the ground like that.

The special forces sniper would never have thought that the master of the gate of ***** could split his bullet with a sword... He was completely stunned!

At the moment he was stunned, he had already seen a terrible demonic energy suddenly shooting towards him.

He wanted to avoid, but the opponent's speed was too fast...

With a bang, the black devilish energy directly wrapped around his body, ah, a miserable scream came out of his mouth.

But seeing the raging black aura completely distorted the special soldier... even the pupils and the whole body became black.

With a plop, he turned into a black body and fell to the ground when the special soldier screamed again.

died!

The whistling north wind blew his body, and the flying snow in the sky quickly buried his body completely underground.

Watching the special soldier die, Xue Wuhen, Chen Qiaozhi, and Tang Xiaolong were completely stunned.

My God, now that Cthulhu, Duguxie, and Ghost Servant are buried in the ice and snow, they don't know whether they live or die... Only three of them who have very weak combat power are left.

"It's your trash." The **** gate master suddenly sneered, looking at Tang Xiaolong and Xue Wuhen in front of them and said.

The three of them couldn't help stepping back in fear, and a look of death appeared on everyone's face.

"What to do?" Xue Wuhen said in surprise.

Chen Qiao's face was as gray as death and said: "It seems...today...this catastrophe...we...we really can't avoid it."

That Tang Xiaolong clutched his badly injured chest, wiped the blood from his mouth, and looked at the **** gate master in his blood-red eyes.

"Sick ghost, Wuhen, don't be afraid, even if we die, we will die vigorously."

"The sky is above, and I, Tang Xiaolong, in this life and this life, even if I die, I will be a ghost and fight with you asshole." Tang Xiaolong roared and said, looking at the vast sky.

"My God, the most regrettable thing about my Tang Xiaolong is that I can't see you again...If there is another life, I Tang Xiaolong will still be your good brother!!!"

A word came out of Tang Xiaolong's mouth.

He looked up at the sky, drops of cold snow sprinkled on his face, did not know that the tears left from the corner of his eyes? Still Xueshui...

"It's time to go to hell, you trash." The cruel voice yelled from the mouth of the master of the **** gate.

Then, I saw him step by step towards Tang Xiaolong, Xue Wuhen, and Chen Qiaozhi.

Tang Xiaolong turned his head and looked at the **** gate master in front of him. He suddenly roared and rushed at the **** gate master desperately.

He wants to fight!

Even if he died, he would die with dignity.

"Little Dragon..."

Looking at the body of Tang Xiaolong leaping over, Chen Qiaozhi and Xue Wuhen not only screamed out at that moment.

But everything is too late.

Tang Xiaolong's body became so fragile in the wind and snow, he just rushed towards the **** gate master in front of him.

The master of the gate of **** didn't even look at Tang Xiaolong, but with an endless grin on the corner of his mouth, the terrifying energy accumulated in his right hand became stronger...

boom!

At the moment Tang Xiaolong rushed towards the **** gate master, a terrifying right hand of the **** gate master suddenly struck Tang Xiaolong.

Tang Xiaolong's body was suddenly completely swallowed by the terrifying black aura of the **** gate master!

what!

A scream of scream came from the last Tang Xiaolong's mouth, the voice seemed so painful and desolate.

With that scream, I saw Tang Xiaolong's entire body being swallowed alive!

With a bang, then I saw Tang Xiaolong's body turned black and black and was thrown on the white snow.

Shrunk into a ball.

died!

Tang Xiaolong died tragically in the hands of the master of the **** gate, and even the corpse became out of shape! !

"Little dragon! Little dragon!"

In the wind and snow, Chen Qiaozhi and Xue Wuhen couldn't help shouting after seeing Tang Xiaolong's body.

But their voices were overwhelmed by the whirring wind... Tang Xiaolong was dead, bleak, and tragic.

"You devil, I'm fighting with you." Xue Wuhen couldn't help it anymore.

He also knows that today is bound to die, and instead of waiting to die like this, it is better to be vigorous.

He suddenly broke free of Chen Qiaozhi's arm, and then limped on one leg, jumping towards the **** gate master.

Chen Qiaozhi wanted to yell at him, but his voice was engulfed by the whirring north wind...

In the wind and snow, only Xue Wuhen's sad figure can be seen.

With his hand raised, the accumulated strength in the palm of his hand, he wanted to hit the master of the gate of hell, but how could he have a chance?

The master of the gate of **** was laughing wildly in the wind and snow.

The cruel smile seemed so terrible in the wind.

Just as Xue Wuhen limped on one leg...step by step, he jumped toward the **** gate master in front of him, the **** gate master said gloomily: "Today, I will take all of those around Li Tian All the waste is killed... I see if that **** kid can't come out."

When the terrible words were uttered, the Xuanyuan Sword in his hand was directly raised.

Then, Xuanyuanjian slashed at the lame Xue Wuhen in a terrifying way.

Poor Xue Wuhen faced the Xuanyuan Sword, before he even had time to dodge, his eyes were just looking at the Xuanyuan Sword that had been smashed down.

Xuanyuanjian fell down!

Blood splashed out from Xue Wuhen's body like cherry blossoms... With a snorted sound, a human head fell tragically from the snow.

The **** head rolled a few times in the flying snow, and then stood still.

The wind and snow were still blowing, and the head was blown by the wind and snow just like that.

Xue Wuhen, the head of this poor fellow was chopped off by the master of the gate of hell...

Xue Wuhen also died.

The snow was still falling, and the blood dyed the white snow red.

When Chen Qiaozhi saw that Xue Wuhen's head was chopped off by the **** gate master with a sword, he suddenly collapsed.

He knelt on the ground with a thump of legs.

"Wuhen..." A painful voice yelled from Chen Qiaozhi's mouth.

It's a pity that Xue Wuhen can't hear anymore... His head was thrown into the snow in the sky... When he was dying, he didn't even close his eyes.
